XEROK Staff Rocked

The general manager of XEROK, Ray Gardella, wanted more local commitment and involvement on a personal level, so he fired Kent Burkhart as a consultant and John Long as PD. The new PD is Ray Potter. Immediately after the termination of Long, three jocks walked out. Paul Leigh (6-10 am), Chris O'Conner (10-3 pm) and Jay Walker (3-7 pm). Also leaving is Rosaline Frank, production director.

The apparent power play by the manager was reported to R&R to have occurred without the knowledge of the station ownership. R&R could not verify this claim.

"LT. COLONKO"

Johnny Morgan, PD at KDON-Salinas, realized the lack of new Christmas product for rock stations, so he created his own. It is a Dickie Goodman-type record "Lt. Colonko and the Case Of Rudolph the Ripped Off Reindeer." The entire record was produced at the station. Requests have been phenomenal, so they pressed up 1000 to give away as prizes in an on-the-air promotion. You might want to call John for a copy. (408) 422-5363.

KKXL BOOSTS POWER

KKXL-Grand Forks has been granted a license for a 100,000 watt stereo FM. KKXL-FM will go on the air December 23 and will simulcast with the AM. Mark Renier, PD, asks for stereo albums, especially oldie hits LP's for the move into stereo.

screening of two Beatle movies. Admission price was a donation of food for the Neighbors in Need.

RATINGS

DALLAS HOOPER (total rated time periods Oct-Nov):

KLIF under Todd Wallace made a comeback with a 14.5, KNUS has 8.9, KBOX strong with a 7.6, WBAP 3.7.

PHOENIX PULSE

WEAM 50 LB. MOUND

WEAM-Washington D.C. ran an unusual promotion for Toys For Tots. It was tied in with a local ice

cream chain who produced the largest chocolate sundae ever, a 50 lb. mound of chocolate ice cream. Listeners could join in the "big eat" by donating a toy.

"12 CLUES OF XMAS"

KBEQ-Kansas City is running a Christmas promotion tied in with Warner Brothers records. Called the "12 Clues Of Christmas," it features several client record stores which have Christmas trees with albums for ornaments. Clues are given each day to find the hidden elements in each store. Prizes range from a stereo system to a complete Warners catalogue of 25 artists.

RATINGS

New October-November Hoopers are out.

Chicago saw WLS (R) with a 16.3 total rated time periods to WCFL's (R) 6.9. WBBM-FM (P) had a 2.0, WDAI (P) 3.2, WFYR (O) 1.5, WGN (M) the top rated with an 18.9, WBBM-AM (N) 12.4, WDHF (R) with 2.0, WIND (M) a 5.0, WJPC (B) 3.4 and WVON (B) 4.0, WJJD (C) 1.5.

BUFFALO

SAN DIEGO

KCBQ (R) on top with a 14.5, KPRI (P) 8.2, KGB-FM (P) 6.9, KGB-AM (R) 3.8, KSEA (R) 6.2, KSON (C) 5.0, KDEO (O) 3.1.

ARE SARDINES THE SECRET?

WSB-Atlanta did a client promotion asking listeners to complete the rhyme "I Dreamed I Was A Norway Sardine." Prize was a case of sardines. The poem: "I dreamed I was a Norway sardine, who longed for a life on the soil. My end, in fact, was a far different scene ... preserved like a Rembrandt in oil." We ask the question, does a case of sardines keep WSB number one?

CORRECTION

WPRO-Providence is still rock. A few weeks ago we mentioned that WPRO had moved to MOR. We stand corrected. The AM is personality rock, and their FM is Q-formatted.

WCLG "RIDE LINE"

WCLG-Morgantown Installed "Ride Line" for university students needing rides home for the Christmas vacation. Response was overwhelming and helped eliminate the dangers and uncertainty of hitchhiking.

LATE NEWS:

PULSES

NEW YORK SEPT-OCT

In the just released Pulse, 99X (WXLO) actually beat WABC in men and women 18-34 in the 7-12mid period, while they tied them in teens. WBL5 also beat WABC in men and women in the same time period.

Full breakout: page 26

LOS ANGELES PULSE

It's the first time KHJ has been beaten since they went rock. KLOS topped the rock competition with KDAY showing a tie with KHJ, KMPC is way ahead of KFI, and KLAC did extremely well with their Country format. KABC, the talk format, still is number one in the city, demos are almost all 35 plus, with a good chunk 50 plus.

Full breakout: page 26

Over the past years, Pulse has shown major result differences with ARB, which has caused several major radio chains as well as agencies to cancel them. Since the industry moves most off of ARB, it should be extremely interesting to match the Pulse results against the coming ARB's next week, especially in both these major market shakeups.

KDWB-Minneapolis is giving away "LIDS" on the air. What may sound like Buzz has flipped his lid is really a very clever play on words with the prize being a beanie type hat.

Continued on page 26

Warner Brothers and KKDJ-Los Angeles teamed up in a great promotion at Tower Records for Montrose's "Paper Money" LP. Paper money has been hidden in the store...which could be converted into cash or albums. The midnight promotion drew hundreds to the store (top). Above, KKDJ's Russ O'Hara (left) and Warners' Russ Palmer flank the winner of the big cash prize.

Stations this year have used hot air balloons more than ever before. The Mr. Pibb soft drink promotion in several test markets apparently went over well-enough so that the soft drink is going national, thanks mostly to radio's spreading the word. Above is WTRY's balloon and (inset) is the one from KXFM-Santa Maria.

THE FCC

(So You Can Understand It)

BY JASON SHRINSKY

LAW OFFICES OF STAMBLER & SHRINSKY

The FCC recently amended its "delegation of authority" Rules which, among other things, provides that FM applications, i.e., for new facilities, transfers and-or renewals, which propose less than 6 percent non-entertainment programming (News, Public Affairs and All Other) must be referred to the Commission for disposition. While this new Rule is procedural and does not establish a substantive public interest standard as yet, the FCC is presently contemplating an Inquiry for the purpose of reaching a decision as to the actual substantive minimum public interest standard to be applied, i.e., whether 6 percent or some other percentage should be established as a non-entertainment programming minimum. There is a great deal of speculation that the percentage may increase upward to 10 percent.

Stations in California propose at renewal time less than the now 6 percent non-entertainment programming were requested to furnish a full explanation as to how the proposed programming constituted an effective method of meeting the community problems, needs and interests.

Many station owners took the quick and easy method out by merely amending their non-entertainment proposals to a minimum of 6 percent. Many FM operators in large cities broadcasting "beautiful music" formats were completely taken by surprise and extremely hesitant to raise the non-entertainment proposals less they be severely admonished by their

Broadcast Consultants or music service company. Those that immediately went forward to raise the level to 6 percent

probably waived any future opportunity to broadcast at the former lower level. Consequently, those broadcasters were elected for expedience purposes to raise the level to 6 percent or greater, albeit in their minds on a temporary basis, have effectively and permanently established a new "minimum" level for non-entertainment programming.

What is the alternative? In short, the more realistic and far reaching plan is for the broadcaster to respond directly to the Staff Inquiry and make a case for why it is in the public interest to operate with less than 6 percent programming in the non-entertainment categories. Many broadcasters have been rather reluctant to take such an affirmative approach fearing that the FCC may counter by designating the application for hearing.

However, the Staff would indeed be hard-pressed to

automatically designate an application for hearing without giving the broadcaster a second opportunity to respond following Staff consideration of the initial arguments as to why it would be in the public interest for the station to operate with a less than 6 percent non-entertainment programming commitment. One astute broadcaster has already taken the Commission to task by challenging a "public interest" letter. In responding to FCC Staff Inquiry concerning his programming proposals for KOZN at San Diego, California Heffel stated in part that:

It is essential that the FCC understand that it is both necessary and consistent with the nature of the San Diego market and the proposed music format for the market to propose a maximum of 4 percent for non-entertainment programming for Station KOZN. At the present time, the dominant beautiful music station from Mexico is operating with a heavy promotional campaign heralding that it broadcasts no news let alone any other form of non-entertainment programming. Thus, the station broadcasts uninterrupted beautiful music 24 hours per day.

There is a great need within the San Diego market for the type of beautiful music service such as the one I propose. However, it is not feasible for me to compete with more than a 4 percent non-entertainment commitment, especially since I propose to limit commercial announcements to 6 minutes per day.

I do not think that it helps any of us to bury our heads in the sand and for the FCC to take such a stand!

I would not presume to undertake a beautiful music format in San Diego with a non-competitive programming commitment nor should the FCC so order me.

As Thomas Jefferson remarked — "The will of the people is the only legitimate foundation to any government, and to protect its free expression should be our first objective."

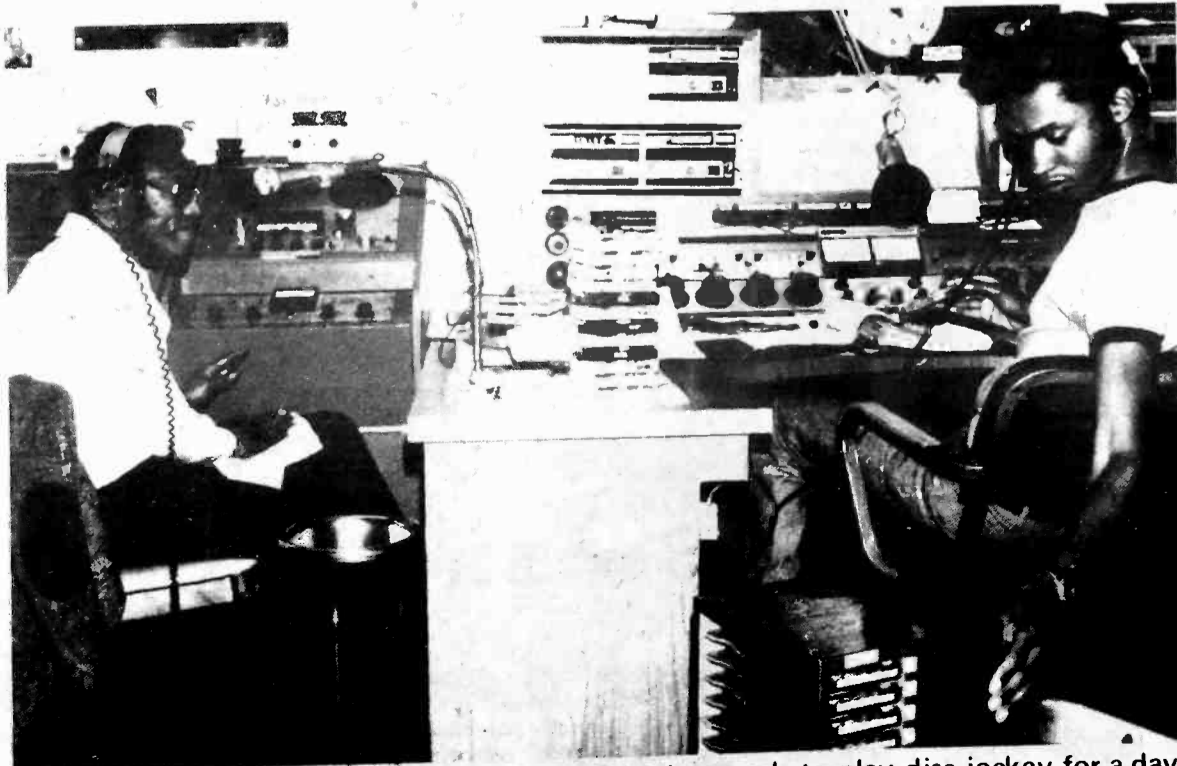

To promote their new Lalo Schifrin single, "Escape From Tomorrow" (Based on the "Planet of The Apes" TV series), 20th Century dispatched a crew of "apes" on LA's stations. (The apes are actually 20th's Tom Hayden, Ralph Tashjian, and Billy Pfordresher). At top they take on RKO's Paul Drew, and above, it's KMPC's Aline McKinney.

KING-Seattle ran the first Northwest Donut Eating Contest recently. The "eat-off" drew a crowd of 4000. Winner downed 31 donuts in 15 minutes.

RCA artists, The Hues Corporation, stopped by Z-93 on a recent visit to Atlanta. With the group is G.C.C. National PD Michael Scott (middle) and Z-93 PD Steve Rivers.

Bobby Womack stopped by KDAY-Los Angeles last week to play disc jockey for a day. With Womack (left) is PD Jim Maddox, honored as top man in his format at last week's Bill Gavin convention.

FM ROCK RADIO

BY MIKE HARRISON

Way back in 1972 I was given the opportunity to write a piece for Record World which dealt with my musical predictions for 1973. A copy of that article, marked up the same way a high school English teacher critiques a composition, was sent to me in January of 1974 by Promo-Person Extraordinaire, Jan Basham to remind me of my many miscalculations.

It is very difficult to forecast what's coming (especially in the realm of a Beatles-type sensation) by analyzing "the way things are going." The old ten year cycle theory obviously no longer applies. You cannot say for example, Elton John will be the next "culture-quake" because he is getting more popular every day. Nor that dancing music will take over our lives because discotheques are re-emerging all over the country. These are observations of evolution — not spontaneous combustion.

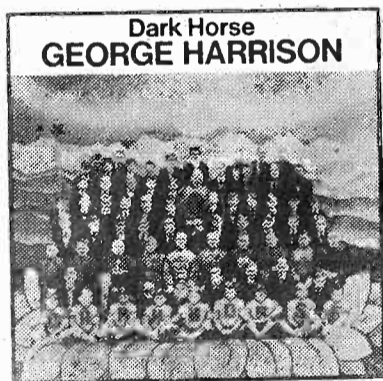

In this whole Electric-Media-Cultural Complex that we are enveloped in it always takes two elements to vibrate at exactly the same frequency, at exactly the same time for anything definitive to occur. As Bowie discussed the other night a properly pitched tone will instantaneously shatter a compatibly structured glass — or even the electrical-technical relationship between your transmitter and someone's receiver that creates sound in a box. There was something in the intangible vibrations of the sound and body of the Beatles that meshed with the frequency of the total mass subconsciousness that triggered an immediate and tangible alteration of the aforementioned EMCC.

The odds against it happening at any specific time are immense, and for anyone to actually premeditate it is just about impossible.

The difference between fads, movements and culture quakes is time. How long do you think we have to wait before our kids are inspired to take over the world?

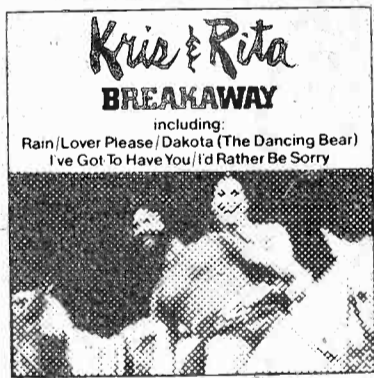

Suggested New Product:

HARRISON

DARK HORSE (APPLE)
Very strong—"Hari's On Tour" excellent instrumental cooker, "Maya Love" also good.

KRIS & RITA

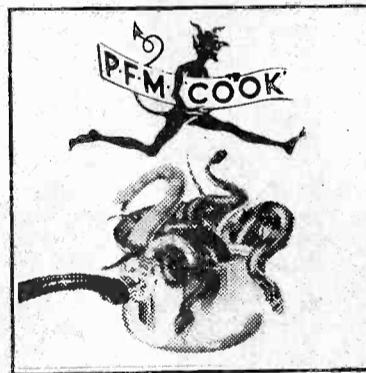

BREAKAWAY (MONUMENT)
Their love comes through on entire set. "Lover Please." "What'cha Gonna Do."

GRAND FUNK

GIRLS...BEWARE (G.F.)
Without a doubt, the best sounding Grand Funk album you'll ever hear. A must.

PFM

COOK (MANTICORE)
Strong following for this Italian group, who are proteges of ELP.

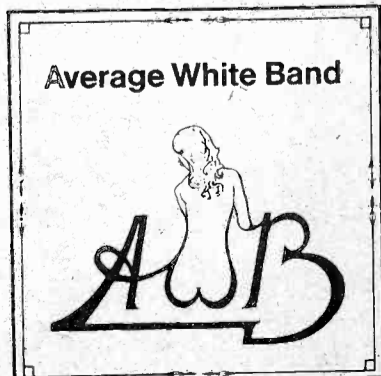

COMING THROUGH:

DEEP PURPLE

STORMBRINGER (WB)
Cut is "Can't Do It."

AWB

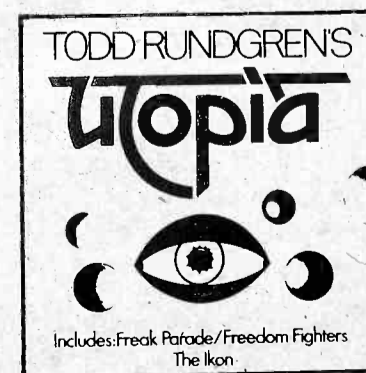

AVERAGE WHITE BAND (ATLANTIC)
Single in strongest cut.

KIKI DEE

MUSIC IN ME (ROCKET)
Selling to many that bought single and want more. Mellow side of her shows on LP.

RUNDGREN

UTOPIA (BEARVILLE)
"Freedom Fighter" is strong.

Denver is "Part of the Plan"

The Dan Fogelberg cult has begun to foster a fanatical following.

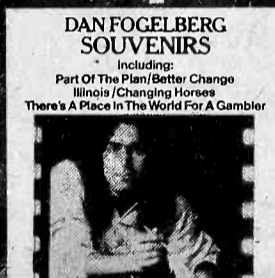

In Denver, "Part of the Plan" jumped from 32 to 27 on KTLK, from 39 to 35 on KIMN, and it's being played on KLZ-FM, KFML and KBPI.

And that's only a part of the action. The single is being aired on MOR and C&W stations, the phones are ringing off the walls at the radio stations and retail stores, and Dan, through a recent appearance in the area, has captured the audience thoroughly.

Perhaps a greater indication is that the album "Souvenirs" is the number one chart record on KTLK.

Soon the plan will be complete.

Dan Fogelberg's
single "Part of the Plan," ⁸⁻⁵⁰⁰⁵⁵
from his album "Souvenirs."

3 OF THE 4 HOTTEST SINGLES IN AMERICA TODAY ARE ON MGM RECORDS

DONNY & MARIE **"MORNING SIDE OF THE MOUNTAIN"**

(M-14765)

The follow-up to their gold single hit "I'm Leaving It (All) Up To You" is headed for a million too. Check this week's airplay additions and you'll see why Donny & Marie Osmond are this year's hottest duo. Looks like Donny & Marie are two for two.

GLORIA GAYNOR **"NEVER CAN SAY GOODBYE"**

(M-14748)

Gloria started as this year's biggest disco smash. Now it's radio's turn with giant chart jumps on all stations and unbelievable phone request action wherever it's played. Super hot.

JIM STAFFORD **"YOUR BULLDOG DRINKS CHAMPAGNE"**

(M-14775)

Jim established himself as the foremost new male artist of 1974 with four hit singles from his first album. Now, Stafford is ringing in 1975 and closing 1974 in a flourish with his new hit single "Your Bulldog Drinks Champagne."

Airplay gains and requests all point to Jim Stafford's fifth consecutive hit record.

**3 OF THE 4
HOTTEST SINGLES IN
AMERICA TODAY ARE
ON MGM RECORDS**

**DONNY & MARIE
"MORNING SIDE OF THE MOUNTAIN"**

(M-14765)

The follow-up to their gold single hit "I'm Leaving It (All) Up To You" is headed for a million too. Check this week's airplay additions and you'll see why Donny & Marie Osmond are this year's hottest duo. Looks like Donny & Marie are two for two.

**GLORIA GAYNOR
"NEVER CAN SAY GOODBYE"**

(M-14748)

Gloria started as this year's biggest disco smash. Now it's radio's turn with giant chart jumps on all stations and unbelievable phone request action wherever it's played. Super hot.

**JIM STAFFORD
"YOUR BULLDOG DRINKS CHAMPAGNE"**

(M-14775)

Jim established himself as the foremost new male artist of 1974 with four hit singles from his first album. Now, Stafford is ringing in 1975 and closing 1974 in a flourish with his new hit single "Your Bulldog Drinks Champagne."

Airplay gains and requests all point to Jim Stafford's fifth consecutive hit record.

RECORD INDUSTRY NOTES

TOWER TIDBITS AND RUMORS

It's official: Ringo has a newly formed label called "Ring O' Records" to be distributed in the United States and Canada by Capitol as announced by Capitol President, Bhaskar Menon. The first album release will be offered in February which features the songs from Starr's Ringo album performed by David Hentschel on the ARP 2500 synthesizer titled "Startling Music"... Capitol has also entered into a long-term agreement with Far Out Productions including an exclusive worldwide distribution rights to Eric Burdon, Jimmy Witherspoon and other Far Out Artists to be announced at a later date. Steve Gold who is co-founder of Far Out is also War's manager-producer. The rumors on the street for months have been that War is planning a label switch in very near future and with Gold's new alliance with Capitol the implications are probable that War will be included in the package at a later date...

THE POPE'S FAVORITE RECORD

Sometime back movie star Cameron Mitchell was on a plane heading for Nashville to headline a benefit. During the three hour flight, Mitchell had an inspiration to write a poem about Jesus Christ, his simplicity of life and philosophy of love. By the time the plane landed, the poem was completed and he read it to the audience at the benefit. The poem was such a hit, that the actor began to include the reading in his many appearances throughout the world. Pope Paul heard of the poem through a Baptist Emissary to Rome and requested a copy.

Mitchell enlisted the aid of the Mormon Tabernacle Choir (300 voices!) to back him up on the narration and taped the poem for the Pope. The Pope loved the narration and sent Mitchell his Apostolic Blessing plus ordered two more copies — one for his personal collection and two for the Vatican Archives. The Mormons have since asked Mitchell for 10,000 copies of the narration for their congregation. H.L. Hunt, Jacqueline Onassis and Ethel Kennedy all have copies of the poem. Songwriter-producer Jo Saraceno heard of the tremendous response the narration has generated and is now rush-releasing it as a single with guitar background for Christmas. The record runs three minutes, fifty seconds and is entitled "Born Of A Simple Woman." Cameron told me he has natural pitch and can play piano by ear. He said "my Father was a Minister and I was the fourth voice of a girl's quartet (my sisters) for the church! Who knows, I may get into singing again! Watch out Telly Savalas!

YIDDISH ROCKER BACK IN THE SCENE

About a year and a half ago you may remember a band by the name of Kinky Friedman and The Texas Jewboys on Vanguard Records. Some titles of his songs were "Ride 'Em Jewboy," "High On Jesus" and "The Ballad Of Charles Whitman." As one might expect, people took exception to these questionable titles and the acceptance of such material was less than enthusiastic. But Kinky is back again, this time with ABC Records. He stopped by the R&R offices to talk about his plans and the new direction his current band is taking. Said Kinky "we got thrown out of a lot of places especially in The South. I was trying to inject some humor and satire into my music, and many times the response was overwhelming. The Grand Ole Opry loved us and the B'nai B'rith convention of seven states has adopted "Ride 'Em Jewboy" as their theme song. I really am a "Texas Jewboy" having been born in Rio Duckworth, Texas. I've done a lot of different things (he was a frisbee instructor in Borneo for the Peace Corps!) and started out in music with a band called "King Arthur And The Carrots." I am now headed into the "music," but plan to retain our "bonus" (which is the schtick or satiric humor) to live up the shows. ABC has released Kinky's new album and a single will be out sometime in January with a possible title of "They Ain't Making Jews Like Jesus Anymore." Continued Kinky "I believe in being creatively curde, but we want to reach the 15 year olds along with the New York intellectuals. We will expand the word Jew to include everyone in the world!" He will be on a country-wide promotion-concert tour to commence the early part of '75. ABC, in signing Kinky, feels that his new material is highly original and commercial and are planning an all-out promotion for the country-rock band.

TURKEY GETS REPRIEVE FROM RECORD EXECs

Frank Barron of Gibson and Stromberg was telling me the story of the "Turkey Shuffle" last week. It seems that someone sent a live turkey (in a cage) to Casablanca President, Neil Bogart, Neil, being the softhearted person that he is, decided not to serve the gobbler up for Thanksgiving, but sent the "problem" onto to Bob Gibson of Gibson And Stromberg as birthday present (Thanksgiving just happens to be the same day that Bob was born!) Bob evidently had made other plans for dinner and sent the grateful turkey onto the Los Angeles Zoo to join his cousins in a healthier climate...

"Roy Clark Month," which ABC Records has set for February, 1975, will be ushered in on television when the ABC/Dot artist (left) appears on "The Roy Clark Show" episode on "The Odd Couple," starring Tony Randall (center) and Jack Klugman. The program will air on the ABC Television Network January 16 (8:30 p.m. EST), the first of the new Thursday airdates for the long-running series.

Principals in the Capitol-Far Out pact (details in Candy Tusken's column) are standing from left: Al Coury, Senior Vice President, A&R/Promotion/Artist Development, Capitol Records, Inc. Blood, Sweat & Tears recently completed their national tour with a special engagement at Mr. Kelly's club in Chicago. The appearance was the first for the group in Chicago since David-Clayton Thomas rejoined the band as lead vocalist. The members of the group, shown above in Chicago during their stay there, are (l to r): David-Clayton Thomas (vocals), Larry Willis (keyboards), Bobby Colomby (drums), William Tillman (saxophones, flute), Tony Klatka (Trumpets, flugel horn), Ron McClure (bass), George Wadenius (guitar) and Dave Bargeron (trombone, tuba). RECORD INDUSTRY NOTES

Continued from page 16

MGM Records and Carol Douglas on Midland Records were roommates. After some checking it turns out that although they don't share the same pad, they do share the same manager: Jay Ellis in New York. The roomie rumor began because Carol and Gloria stayed at the Holiday Inn in New York together. They also flew out on the same plane to the West Coast last week with both taping The Midnight Special. Gloria went on to tape American Bandstand and Carole granted an interview with Diamond P Productions for national syndication. The two then flew back to New York together last Tuesday.

The two singers are true "soul" sisters, background wise. Both owe their current hit records (Gloria's "Never Can Say Goodbye" and Carol's "Doctor's Orders") to disco action in New York where the songs broke out. Both have been performing and singing in and around New York for years (Carol has been singing for the past eleven years and Gloria for the past three.) Both have done theatre work in the Big Apple and the two have had aspirations to be recording "stars" since they were children.

Carol became a fan of Gloria's when she heard the single "Honey Bee" which Carol bought, but the two didn't meet until both signed with Ellis. Gloria's single was written by a friend of hers, Clifton Davis, who is currently appearing in the TV series "That's My Mama." Said Gloria: "I always love the song by the Jackson Five, but I felt the time was right for a woman's version of it." Carol has had two previous singles out, but this is her first hit and also marks the first big record for Midland Records, which was just formed a few months ago by record executive, Bob Reno. The trip to the West Coast was Carol's first plane ride and she was completely thrilled by all the attention and excitement.

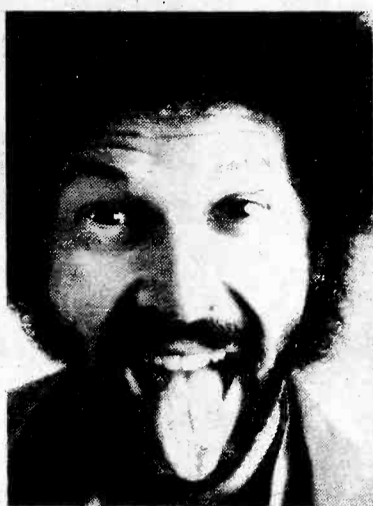

The two singers found a limosine waiting for them upon their arrival in Los Angeles, but Carol was not impressed. She explained "My dad was a mortician and I got very used to limosines!" The two singers are now back home; Carol lives in Brooklyn and Gloria lives in Manhattan, but they remain close friends and co-workers.

NEWS & NOTES

Three Dog Night have resigned with ABC Records - with the contract's length and terms a well-kept secret at this point.

More ABC news: former Famous Music President Tony Martell has been appointed to the new position of Vice President of East Coast Operations and Special Marketing. Mike Ochs, previously with Shelter and Columbia, is the label's new National Director of Press and Public Information.

NEW RELEASES: Marvin Gaye's band backs up Johnny Rivers on his new Atlantic single, "Get It Up For Love" (and you can already imagine what America's jocks will be doing with that title!) New Bad Company single due this week. It'll be the much-requested "Movin' On" from their album... UA is releasing both the sound track from the film "Lenny" and a three-record "Lenny Bruce Live At Carnegie Hall" set ... To no one's surprise, Billy Swan has gone gold with "I Can Help."

The mild-mannered young man above is Kinky Friedman, who stopped by our offices to talk to Candy Tusken last week. See RECORD INDUSTRY NOTES.

During a recent visit to Los Angeles, members of Atlantic's record group Focus visited the studios of KMET. Pictured are (from left), Colin Allen, KMET music director Shadoe Stevens, Atlantic's Tony Mandich, Thijs Van Leer and Burt Ruiter.

Following the first of their two Avery Fisher Hall appearances in New York, Warner Bros. Records' America celebrated the success of their "Tin Man" hit and the release of their newest single, "Lonely People." Lining up (left to right) were WQIV General Manager Alan Eisenberg, Dan Peek, Jerry Beckley and Dewey Bunnell of America and managers John Hartman and Harlan Goodman.

LONG AND SHORT OF IT--Marvin Deane (center) was presented with a personalized gold record for Steely Dan's "Pretzel Logic" LP last week. Flanking Deane are (left) account executive Jeff Echmier and (right) Steely Dan producer Gary Katz.

ABC President Jay Lasker (right) welcomes Tony Martell to the label. See story, RECORD INDUSTRY NOTES.

When

“Be My Baby”

by The Ronettes came out, people told Phil Spector he'd over-produced it.
It did 13 weeks on the *Billboard* chart, reaching #2 in August, 1963.

When

“River Deep Mountain High”

by Ike and Tina Turner came out, people told Phil Spector he'd over-orchestrated it.
It went to #1 in England. Today it's a classic.

When

“Then He Kissed Me”

by The Crystals came out, people told Phil Spector they couldn't hear the vocal in all that sound.
It stayed on the *Billboard* chart three months, reaching #6 in August, 1963.

When

“You've Lost That Lovin' Feelin'”

by The Righteous Brothers came out, people told Phil Spector it was too slow to be a hit.
It stayed on *Billboard's* chart for four months, going to #1 in December, 1964.

Now

“A Woman's Story”

by Cher has come out. People are saying it's too slow, over-produced and over-orchestrated
and that they can't hear the vocal in all that sound.
Phil Spector says he's made another hit record.
Who are you going to listen to this time?

Cher's single, “A Woman's Story” (SPS 0400), is on Warner/Spector Records.

LATE NEWS:

Continued from page 3

.. KRUX-Phoenix has a new PD, he's Christopher Haze, from KFJZ and XEROK. Chris just won the Gavin jock of the year award.

RUMOR: The strong story around Pittsburgh is that when Taft Broadcasting takes over KQV, which is

supposed to be this coming Monday, Joey Reynolds will be the new PD.

.. **FACT:** Dick Casper has taken over as consultant at WINZ-Miami, a 50kw AM station and has turned it rock.

.. **KWST-Los Angeles goes rock:** John Detz, general manager of WABX-Detroit is coming to Los Angeles to take over the same position at Century Broadcastings' KWST. Detz will remain at the head of WABX and commute between both cities. John Petrie has been named

new PD at WABX, he was music director. Detz claimed that despite strong rumors and what has appeared in other publications, he has not yet hired a program director or any air staff members for KWST. Format will be progressive.

.. **CONGRATS:** to Michael Spears who has been promoted to Operations Manager at KFRC-San Francisco. Michael gets double congrats as he will be married to his Texas sweetheart, Nancy Alexander, on Christmas Eve.

.. **Correction:** a typesetting error in last week's edition showed KREM in the Spokane Pulse with a 1 in women, it should have been an 11.

And now for your reading and dancing pleasure: "My Column!" Brought to you in part by the Hollywood Chamber of Commerce. HOLLYWOOD: where they put beautiful frames in pictures and where you don't have to be happy to be gay!... Again this week, something new in the R&R Country section: We've expanded our list of current hits to a Top 40. I hope you find this more useable. As we expand our Country section, we note that some of our reporting stations are cutting back their playlists. In the next week or so, we'll be looking in to the pros and cons of shorter playlists in country music. If you have an opinion, give me a call on

the NEW country Hotline: (213) 466-0954. (Obscene phone calls after 3 PM only please.)...

Highlights of this week's Top 40: **BILLY SWAN** was aced out of the number one position, after holding that position for 3 weeks. **JOHNNY RODRIGUEZ** takes the top honor, with **LYNN ANDERSON** very close behind. By the way, to date **BILLY SWAN** has sold 1 1/4 million copies of "I Can Help." Strong entrées include **RONNIE MILSAP** (debut 23), **CONNIE SMITH** (debut 27), **BARBARA FAIRCHILD** (debut 28), and **THE STATLER BROTHERS** (debut 29)....

Would like to welcome some more new R&R Country reporters: **JACK RENO**, K000-Omaha; **CHARLIE RUSSELL**, KHEY-EI Paso; **MARY SULLIVAN**, KRMD-Shreveport; **BUD MILLER & BILL JAMES**, KSP0-Spokeane; **JAY PRICE**, KHOS-Tucson; and **MAX GARDENER**, KKYX-San Antonio. We'll have more next week, as the R&R Country get it together for 1975 ... Congrats to **KENR**, Houston and Program Director, **RIC LIBBY** and Music Director, **BRUCE NELSON** for their awards at the recent Gavin Convention in Kansas City. Also, to **BOB YOUNG & WMC**, Memphis as the Gavin Station of the Year winner and to **LARRY BAUNACH**, Vice President of ABC-DOT Records, the Gavin Country Promo man of the year...

Larry was just here last week and told me DOT just purchased the master of **FREDDY FENDER's** version of "Before the Next Teardrop Falls." Freddie is a Chicano who has recut this tune in the Johnny Rodriguez-style, 1/2 Spanish and 1/2 English. Fender is another Houston-based artist to be discovered because of strong reaction to the cut in Houston. **BRUCE NELSON** tells me this is the 10th master this year to be picked up by a major label... THE **CHARLIE MC COY MUSIC MACHINE?** This is the artist credit on the **MONUMENT** Christmas release, "Christmas Cheer." **TEX DAVIS** told me, THE **MC COY MUSIC MACHINE** is Charlie using his multiple talents on EVERY track. All the music and voices on the record are Charlie's...

From the "Oops, I goofed again for the first time Department:" **JACK DANIELS**, News Director of **KKAR**, Pomona and **BILL JAMES** of **KSP0**, Spokane caught my mention of the **FLEETWOODS** having the original version of "Tragedy." Their version was a top hit in 1961, BUT **THOMAS WAYNE** had the original out March of 1959 on **FERNWOOD** records.

KBOX, Dallas is having a "Santa's Bag" contest, giving away over \$3,000 in prizes. Listeners call in and can take the first, second or third prize mentioned on-the-air. Once they give up one or two, they can't go back and take the prizes they gave up... **PLAYBOY** records just released the debut album of **BARBI BENTON** entitled "Barbi Doll." The album was produced by **EDDIE KILROY** in Nashville. Musicians include such notables as **JOHNNY GIMBLE**, **BOBBY DYSON**, **DAVE KIRBY** and **BOBBY THOMPSON**. **PLAYBOY** had one of their "Bunnys" deliver the L.P. to me and show me a thing or two. (Guess **PLAYBOY** felt it was one way to keep me "abreast" of their product.)...

RON BARBER, News Director of **KZON** in Santa Maria is looking for a bigger market to work. If you need help call 805-922-2181... **WMAQ** in Chicago needs service on country product from ALL labels. Lee

Jack Pride, Natl. Country Promotion for Mercury Records invites all stations to win the Lester "Roadhog" Moran Bus (above). Here's how: Just send to the "Roadhog" a letter in 50 words or less telling him why you would want his bus. Send all entries to Lester "Roadhog" Moran, co-o Mercury Records, 1512 Hawkins St., Nashville, Tennessee, 37203. All entries must be on station letterhead, and postmarked no later than December 31, 1974. Lester Moran will judge the letters and all entries become the property of the "Hog." The winner of the contest, in order to receive the bus, must—at his own expense—pick up same in Staunton, Va., "as is" without any expressed or implied warranties as to condition, fitness, or purpose for which it is intended. In fact, there is no motor in the bus.

CORRESPONDENTS' CORNER

BRUCE NELSON-KENR

KENR-Houston's Music Director and 3-7 p.m. personality has just been named Music Director of the Year at the recent Bill Gavin Convention. Prior to coming to **KENR**, Bruce was PD at **WPLO**-Atlanta, **WUBE**-Cincinnati, and **WMIL**-Milwaukee.

Sherwood says he needs oldies of the 60's and 70's. **JACK RENO** at K000in Omaha needs service on New and Old product, greatest hits L.P.'s, etc. Jack's number is 402-556-6700... **MOON MULLINS** starts his new

chores at **KSON**, San Diego this week. **CHUCK WHEELER**, one of **KAYSON's** jocks, said: "San Diego was **STREAKED** this year and now it is good to know it soon will be **MOONED**." (No butts about it.) ...

Biff Collie INSIDE NASHVILLE

Thanks for many good wishes re: Biff leaving Capitol. It was a warm association. Frank Jones is one of the special people in our business. **Bill Williams'** credits speak eloquently of his ability and productivity. I look forward to working with them in promotion my Capitol product (**Charlie Walker** and **Stoney Edwards**.) But I'm like a kid with a new toy about my freedom to work on my own time in my syndicated radio show "Inside Nashville," a special radio project which will surface shortly to become (I think) a giant step for Country radio. **Bob Best**, Washington D.C. entrepreneur-promoter, lobbyist-booker has a project I hope to participate in TV-wise, custom work for special talents I believe in, and doing some special promotion on my own independently-produced artists' sessions. Again, thanks for asking. Special thanks to **Charlie Douglas** (WVL), **Jim West** (T.M. Productions-Dallas), **John Denny** (Cedarwood), **Paul Wyatt** (Hermitage Music Publishing-Nashville), **Audie Ashworth**, **Bob Wilson** (R&R), my wife, and God!

Charlie McCoy's wife **Susan** and her sister **Jerrie McCluskey** opened "Rivergate Flower World" ... Four music TV specials will be filmed here in January (two country, two rock) for "In Concert" on ABC-TV. They'll be done at the Opry House. No guests or air dates have been publicly discussed as yet, but BC people were here last week and this week casing the Opry House. Interestingly, "In Concert" is not seen in Nashville currently, but **WNGE**, local ABC affiliate says they'll run these specials. (That's sweet)... **Don Kirshner** produces the series... **Bill Walker** went to court to get his share (and then some) of the **Donna Fargo** giants from her big year. Bill was, according to **Stan Silver**, **Donna's** husband-manager, the arranger-director on the session; Bill contended he was the co-producer, at least... **Henry Hurt**, head of the local foocoe of N.Y. publisher **Chappel Music**, last week named VicePresident of that firm, sign of success in his Nashville job... that

Moscow-Russian musical tour **Ernie Ford** and **Opryland** company took this Fall shows for sure on January 9; will be called "Tennessee Ernie's Nashville-Moscoe Express"...

Roy Clark is taking his longest vacation in four years, from now till January, with his wife **Barbara**, in Florida. Good for him! ... that settlement **Bill Walker** got on the "Happiest Girl" session pleased him more for the principle, he said, than cash (estimates range up to \$60,000)... didja see **Charlie Walker**, **Darrell Roy's** assistant coach" for the Thanksgiving traditional between Texas and Texas A&M. He sat on the bench with his old friend **Darrell**. **Charlie** asked **Darrell** before the game if he should get a photographer to come down and take some pictures of him on the bench... P.S. Texas stole a bowl bid away from A&M with a whopping win...

Charley Pride will sing with **Oral Roberts** on his Christmas special this year... It's finally happening! When **Don Gibson** first recorded it in '62 I said it would be a giant standard Pop-Country hit song. **Ronnie Milsap** is making my prediction-come true ... the song unquestioned is "Legend In My Time" ... **Time Magazine's** article about **Merle Haggard** dubbed him "King of Country Music." Did he receive congratulation from **Roy Acuff?** ... **Tommy Cash's** first session for **Elektra** with producer **Pete Drake** adds another name to the **Drake** roster.

Bill Monroe celebrated his 35th year at the Grand Old ... **Minnie Pearl** talked yesterday at **Richland Country Club**, the subject "Christmas at **Grinder's Switch**," not co-incidentally the name of a book of hers published some years ago. **Minnie** is in fact big in civic circles in Nashville as **Mrs. Henry Cannon**. She told me, if a country star had fallen out the tenth floor window at the old **Andrew Jackson** hotel in 1942, it wouldn't have even gotten in the paper, much less on the front page. Yep, times have changed!

POP NOTES

BY MIKE KASABO

Belated congratulations to all the Bill Gavin Award winners. I especially like ... **Dean Tyler**-WIP Program Director Of The Year, **Stan Spero**-KMPC Station Manager Of The Year, **LaVerne Drake**-KNBR Music Director Of The Year, **Gary Owens**-KMPC Disc Jockey Of The Year, **WIP**-Station Of The Year, **KHOW**-Bill Gavin Personal Award.

Bill Rhodes-KMEN running a "Christmas Card Designing" contest. Listeners simply send in an original Christmas card design.

Jack Popejoy, Program Director **KIIS**, has created "The Twelve Days Of Christmas" contest. Designed to give away 78 major presents. Total value of the prizes exceeds \$17,000!! Plus a free electrocardiogram for members of **KIIS** management.

Barry Manilow jumped into the top slot this week, racing past **Helen Reddy** and **Neil Sedaka** which are both still strong. **Gloria** proving to be a top **Gaynor** among the rest of the hottest.

Newer side showing strenght ... **Paul McCartney's** "Sally G," **Carol Douglas'** "Doctor's Orders," **Michael Holm's** "When A Child Is Born" showing giant strength on the phones at **KIIS**, **K101**, **WIP**.

Charlie Martin **KHOW** reports hot action already on the **Jack Jones** single.

After a relatively show start, "Lucy In The Sky With Diamonds" from **Elton John** is now reflecting the wide acceptance he's used to.

Al Martino's "To The Door Of The Sun" getting strong reaction from **WIP**.

Roy Rogers' "Hoppy, Gene & Me" proving to be a pleasant surprise. Many stations are reporting solid action in just a few short weeks.

Marilyn Sellars' "He's Gone" getting good play ...not to be outdone, **Charlie Allan** **WGN's** resident genius, put the record on last week...

Don Smith **WSM** reports preferred listener reaction to the album version of the **Righteous Bros.** "Dream On." Station has logged a goodly number of phone calls to that effect.

R&R WITH R&R THIS WEEKEND.

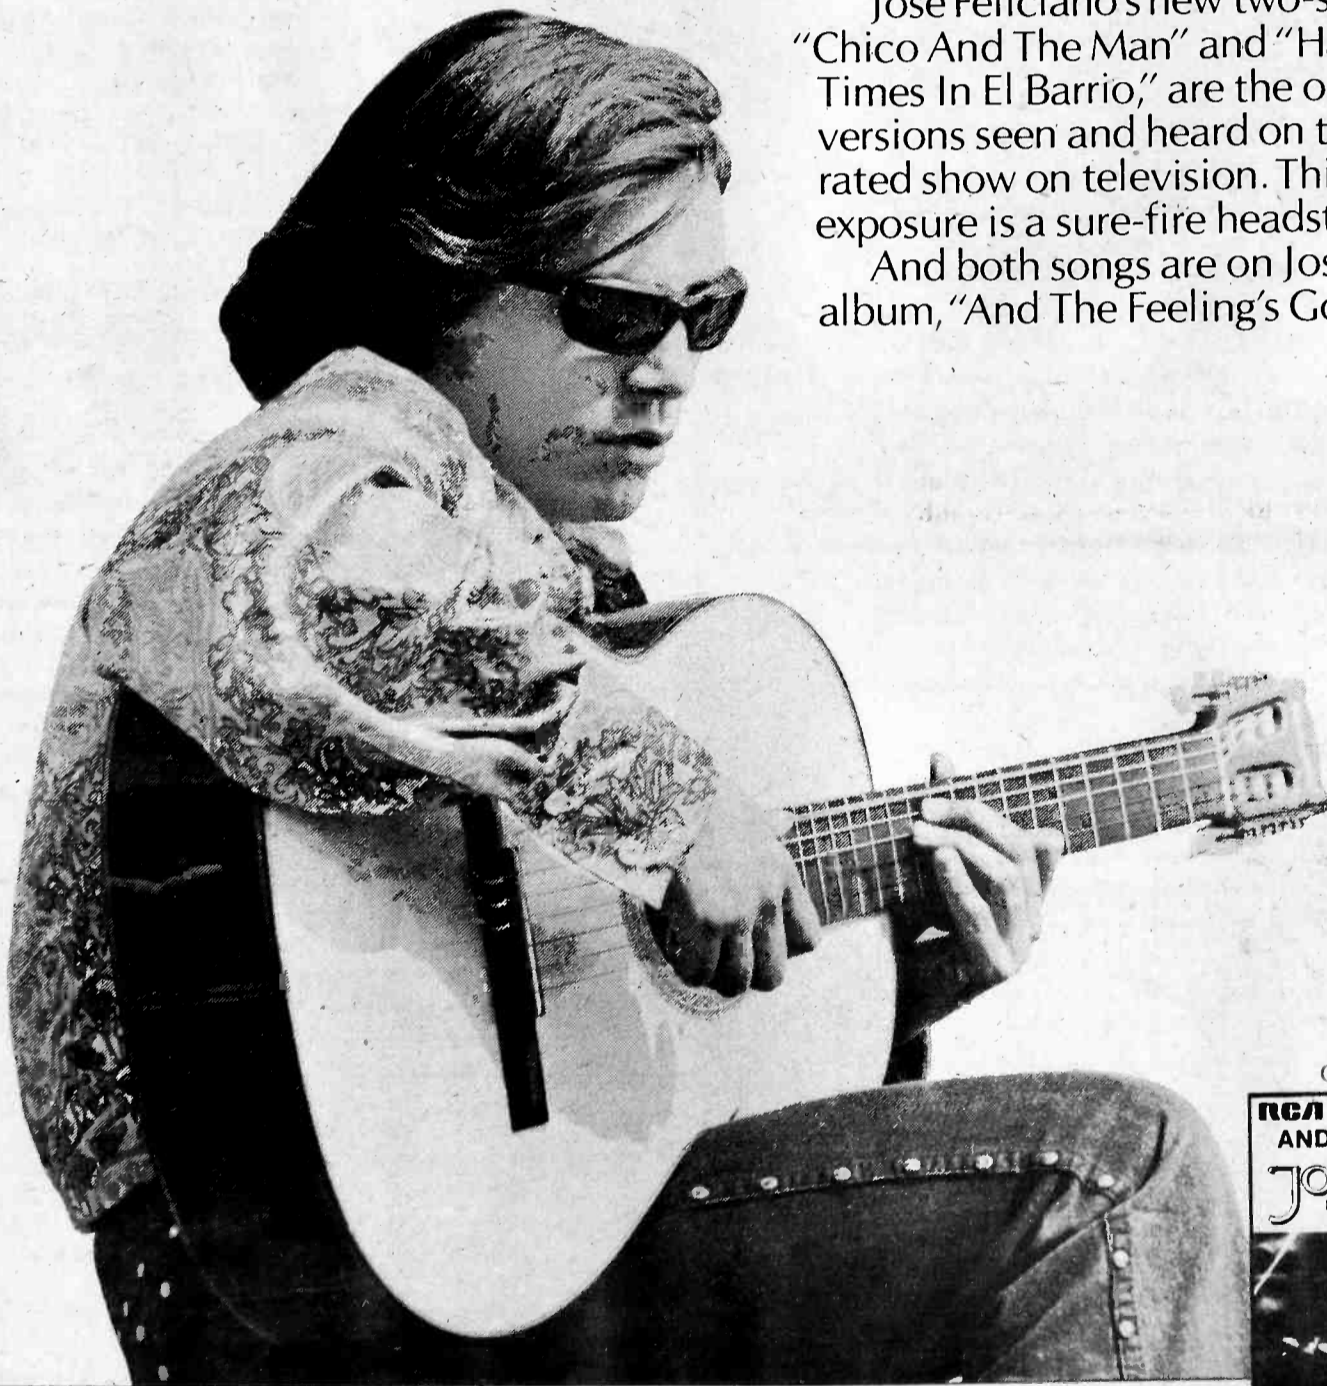

KNBR-San Francisco introduced their great new T-Shirts at a special "KNBR T Party," attended by 2000 listeners. In photo above, Carter B. Smith checks out the T-Shirt of famed tattoo artist Lyle Tuttle, whose shirt is a replica of his body art! (Have we finally found "the Ultimate T-Shirt?")

Jose's "Chico" is TV's Numero Uno.

PB-10145

Jose Feliciano's new two-sided single, "Chico And The Man" and "Hard Times In El Barrio," are the original versions seen and heard on the top-rated show on television. This kind of exposure is a sure-fire headstart.

And both songs are on Jose's latest album, "And The Feeling's Good."

RCA Records and Tapes

Graphs reflect audience response computed by a combination of sales, airplay and requests. The lower the graph position the less airplay, sales and requests being reported. The higher the position, the more active the record. We feel that a visual aid explains the whole picture better than assigning arbitrary numbers in a longer list.
