THE INDUSTRY'S NEWSPAPER

### OL. 3, NUMBER 44

This week we present a collage of promotions. At right is the Alice Cooper 35-foot high haloon that was provided to a few stations for their haunted house promotions. This picture was taken at the WQXI/ Atlanta haunted house. WSAI/Cincinnati also displayed the haloon. At the far right (top) we have Alice with Scott Shannon and the WQXI staff. The middle picture shows the WSAI staff, with PD Rohin Mitchell at the far right, in their Haunted House. The station also highlighted their promotion with television "mini cam" news coverage, and also had Dickie Goodman custom cut a "WSAI HAUNTED HOUSE" song, with Dickie appearing with the jocks in the "Jaws" room of the house. The station raised over \$250,000 for charity with this promotion. Bottom left shows Jimmy Dean visiting John Long and staff at WAPE/Jacksonville. We understand Long bought 270 pounds of sausage The"Greaseman" is in the middle. Long with the beard. Bottom right is Paul McCartney posing on the WKDA newscar during his recent Nashville visit.

## THE BIRTH OF A STANDARD

## Batdorf & Rodney "Somewhere In The Night"

Sometimes a song comes along and everything about it says that it is an instant standard. You read into its perfectly worded phrases and gentle melody line an emotional intensity that is at once both deeply personal and universal. You look at this song and say: this is really beautiful —this song deserves to be a standard!

"Somewhere In The Night" is the perfect example of such a song. Written by

Richard Kerr (writer of this year's big hit, "Mandy"), "Somewhere In The Night" has been crying out for the definitive treatment that would instantly distinguish it as one of the great songs of our time. You can \*write a whole book about a beautiful song but there's only one way it can become a classic it's got to be realized on record! Well, now it has! Batdorf & Rodney have captured the beauty and power of...

### FTC CHAIRMAN DISPUTES FAIRNESS DOCTRINE

In a speech to UCLA law students, Federal Trade Commission chairman Lewis Engman appealed to Congress to abolish the Fairness Doctrine. Engman took the stand that the Doctrine tends to restrict broadcasters from reporting news thoroughly, as broadcasters must weigh the risks of airing certain newsworthy items that may come under the Doctrine.

#### **BROADCAST CO'S INCOMES**

The first nine months of the year showed revenue increases for **Capital Cities Communications**, with more than \$25 million in gains. The acquisition of the **Fort Worth Star-Telegram**, **WBAP** and **KSCS** were partly responsible for the gains.

**Cox Broadcasting Co.** also reported dollar revenue increases for the third quarter of this year. from \$24.533,000 to \$26,670.000. Broadcasting revenues were noted as a strong influence in the upward trend.

**Starr Broadcasting** reports a fiscal 1975 loss of slightly over \$2 million, which is a turnaround from last year's profit of about the same \$2 million figure.

#### ADVERTISING SPENDING DROPS BEHIND NATIONAL ECONOMY

Although the country is basically on an upward financial trend, advertising so far this year has not shown any of the gains that other industries have. Hopefully, the past trend of advertising running about 6 months behind the national economy will again hold true, with advertising picking up again at the end of the year. Newspaper and magazine advertising has been hardest hit by the financial situation, with total space for both media way off.

#### STRIKING WORKERS OUT LONGER

Strikes by American workers in 1975 have last longer, on the average, than for any other period since 1959. The average strike lasted 20.1 days. Less strikes occurred during the first nine months of this year than for the same period in 1974.

#### HOW TO LIVE LONGER

A study by an agency of the **California Health Department**, using 7000 residents of a Northern California county as a sample base, has shown that the well known, simple health and clean principals do help people live longer. Among the rules of thumb for a long life are; eight hours of sleep for men, 7 for women. 3 meals a day with no snacks; exercise; weight watching; non-cigarette smoking and regular breakfasts. An interesting sidelight learned from the research is that moderate drinking of alcoholic beverages, 1 or 2 drinks per day, may be good for you.

### SOCIAL SECURITY TAKES A BIGGER BITE

Wage earners that earn more than \$14,000 per year will have to pay more Social Security taxes starting in 1976. Up through 1975, the first \$14,100 in wages was taxed, while next year the basis will be a \$15,300 salary. The rate of 5.85% will remain the same, with the maximum Social Security tax set at \$895.05, and \$1,208.70 for selfemployed people. Semi-retired wage earners will get a small break with no Social Security benefit payments withheld unless other earnings are above \$2,760.

#### NEW HEALTH PROGRAMS FOR WORKERS

Under new rulings by the **Department of Health**. Education and **Welfare**, employers of 25 or more employees must offer a choice of health plans, starting November 27. Workers will have a choice of the employer instigating their own plans, or membership in health-maintenance organizations.

#### CHRISTMAS MAILING DEADLINE

The U.S. Postal Service has released deadlines for mailing for holiday delivery. The following are suggested for U.S. destination mail: November 30 for surface packages to Alaska and Hawaii; December 10 for surface packages to the other 48 states, along with air mail Alaska and Hawaii packages; December 21 for all other air mail parcels. Overseas mailing schedules should be checked out with local post offices.

## COFFEE BREAKS MAY BE HAZARDOUS TO YOUR HEALTH

A study by **General Foods Inc.** has shown that there may be detrimental substances in coffee other than just caffeine. The experiments by the company showed that acid secretions from the stomach lining. often the cause of peptic ulcers, are caused by decaffeinated coffee as well as regular coffee. The study did not pinpoint the substance that causes the acid secretions.

### MYTHICAL AIRLINE MAIL ORDER PUSH

Sense of humor is alive and well in the business world, as witnesses by a recent mail order drive by the mythical "Fudpucker World Airlines." The airline has been canvassing people "... possessed of a well refined sense of humor," in an attempt to drum up business for the airline that promises to deliver anything from cigarette lighters to sweatshirts all over the world. The airline uses the slogan "Navigators of the World, since it was square." On a more down to earth basis, the creative agency behind the whole thing. Lyn Sherwood Advertising/PR, also retains the creative services for college newspapers. in-flight magazines. and other ventures. DIGESTIVE AID IN MILK

A natural culture which aids the digestive system is being used y dairies in 6 states, as a milk additive. The new product is called **Nu-Trish.** Up until now, the decidedly strong taste of the culture has prohibited American dairies from using the substance, but extensive research has produced a strain of the culture which has no great taste.

#### BREWERS SPENT LESS FOR ADVERTISING

The nation's beer makers spent much less money on advertising in 1974, with all media feeling the reduction. 12 of the top 18 brewers dropped their advertising dollar spending, with the most dramatic drop made by **Carlin Brewing Co.**, whose spending in 1973 approached \$7 million, and only spent \$383,000 in 1974.

#### LOCAL APPROACH FOR EASTERN AIRLINES

Eastern Airlines has started an advertising campaign using local weather-casters or actors in a TV weather backdrop. This attempt to localize ads will hopefully create greater local acceptance of Eastern's local destination information. Printed media and radio buys will back up the airline's TV push, using the slogan "We've got the right time and the right place for you."

#### DEODORANT SWITCH TO NON-AEROSOL

Consumers are starting to switch from aerosol deudorants to the new push of the industry, roll-ons. Two reasons were cited for the shift in buying habits, the concern over aerosol side effects on the atmosphere. and the consumer's realization that roll-ons were more economical. Interesting to note that the switch to roll-ons is at the expense of aerosol powder sprays and deodorants, not anti-persperants.

#### FIRST ADVERTISING FOR NEW PONTIAC

The first major advertising push for **Pontiac's** small car entry, the **Sunbird**, begins this month, using the slogan "Another great small car from the Wide Track people." A factory strike has held up advertising until now. Network TV and radio buys, along with print advertising is planned.

#### UNITED'S FREEDOM FARE

Featuring airline fares cut down to the maximum of 30%, United Airlines will go full bore on advertising for their "Freedom Fare." Tickets for the special rate go on sale in early January, with flights scheduled to start in February. Both local as well as national spots are planned for the push.

### FTC TANGLES WITH WARRANTY

Although the actual Federal Warranty Act has already cleared Congress the Federal Trade Commission is still holding hearings to come up with specific guidelines based on broad rules set up in the Congressional bill. The bill was set up in order to protect consumers from misleading or confusing product warranties. Most manufacturers are totally confused on the issue, with some labeling their product warranties "Limited" instead of "full," until they know what specifics have to be met. NEW FOOD LABELING POSSIBLE The Food & Drug Administration has proposed new rulings on food label information. The total weight of solid food, drained of liquids, may have to be listed on cans, in order for consumers to make value comparisons. CANADIAN POSTAL STRIKE HITS

## MAIL HOUSES

Direct mailing companies, distributing magazines and such mail clients as Book of the Month Club, have been hard hit by the current Canadian mail strike. Millions of dollars of busines have been lost, with one major mailing house already laying off 100 of their 270 employees. Some companies have taken post office boxes in border U.S. cities, anticipating a long strike.

RURAL AREAS LOSE BILLBOARDS Ten years after the Highway Beautification Act, the Outdoor Advertising Association noted that over 360,000 outdoor signs have been removed, mostly in rural and scenic areas. On the whole, however, dollar volume for outdoor advertising is still on the rise. NEW MASSACHUSETTS LIQUOR

### REGULATIONS

Massachussetts' liquor dealers are now able to advertise prices of their products, as well as offer prizes as a buying stimulus. Dealers in the state have complained about former regulations restricting price advertising, because of heavy competition from neighboring New Hampshire, where liquor stores are state owned and operated.

#### MOTORCYCLE TO REDUCE EMISSIONS

The Environmental Protection Agency has proposed new guidelines for reducing air polluting emissions from motorcyles by 1978. By that time, the EPA suggests, if motorcycle's emissions are not reduced they would be equal to the 1978 rules for automobiles. Comments on the possible regulations are now being considered by the agency.

#### GOVERNMENT SELECTS AD AGENCY

The Federal Energy Administration has selected Grey Advertising to handle a possibly multi-million dollar media project on energy conservation. Although total advertising money has not been appropriated by Congress, the FEA announced that Grey would at least handle a one year public service ads campaign, and a 3 year marketing plan.

AL HIRT (Monument ZS8 8671)

Monkey Farm (2:04) (House of Bryant/BMI — B. Bryant, F. Bryant) Almost a Spike Jones setting for the New Orleans Lip. "Monkey Farm" sounds like the sound portion of a film clip of the San Diego Zoo, or background to "Football Follies." Good AM early morning mor drive-timer. You can also dance to it, although one has the strong urge to grab a pole and scratch under the arm upon hearing it. Would go well before or after "Guitarzan." Album Oriented Rock Radio is the vehicle of contemporary mainstream music. The form that started out as an alternative has become the reflection of the establishment. These statements, of course, are highly controversial, However, they are only controversial because so many people in radio and records (whose power and influence have yet to be eroded away by the sands. of time) think that where they're at is where it's at. Be that as it may, the statements are true and those who resist their reality are wrong and out of it.

When I say "out of it", I mean being in something other than the mainstream establishment. Now, there's nothing terribly wrong with being out of it. As a matter of fact, it can be a very healthy state... if you are aware of it. After all, during the early days of AOR, when it was commonly referred to as Progressive (because an adjective made for more dramatic description than a noun), AOR broadcasters admited that they served something other than the masses. For a while in the mid-early 70's, AOR Radio had a difficult time in recognizing it's own growth and success. The problems, however, were overcome when logic dictated that any movement that starts underground to promote positive social or artistic change must eventually come out into the sunshine and claim the new establishment that it is rightfully due. It should be pointed out that unless it is assertively claimed, the old guard will be slow in giving it up.

The key to AOR's mainstream appeal is the fact that above and beyond it's superior structural sophistication, it is the only contemporary music format that recognizes the simple fact that today the masses have a universality of taste. The average AOR station plays Top 40 singles, Country, Soul, Jazz, Folk, hard and soft Rock album cuts and gets good ratings when executed properly!

You see, the only difference between the single and the album really is the different states of mind that they represent. That's all. In an effort to wind their methods down to the simple unintelligent capacities of the public, old line radio programmers have, in fact winded down their creative and communicative abilities. Now that the public has grown up, the teacher can only talk baby talk.

It is absolutely baffling to the old-line singles oriented programmers how anyone can deal withall the albums and cuts that blow through this section each week, put them all together with research, organization, and continuity and go on to pull big numbers. Without betraying any confidences, I would like to point out that many of the sharp younger Top 40 guys have admitted to me that they use the information in this section to their advantage and would like to learn more about AOR Radio so that they can employ some of it's techniques in their format or be able to jump into it should the bottom ever fall out of Top 40. They are smart.

Save your charts for future reference. You'll be amazed to see how many of the big Top 40, Pop, Soul, and Country singles were once AOR standout cuts.

AOR Radio has the unique distinction of being both mainstream and Progressive. After all, all things are relative. When surrounded by obsolesence, anything current must be considered "ahead."

When the term AOR (Album Oriented Rock) was first introduced to an industry that looked upon Progressive Rock Radio as a bastard child, many observers laughed and called it "all over the road." Well, there are all kinds of roads. Everything from unpaved trails to two lane highways to super freeways. I wonder what road they're on. Be careful changing lanes folks.

## Chart **Summary**

ELTON surged and took over the top spot. ELO came on like gangbusters. The album is doing very well on the turntables. SPRINGSTEEN picked up again. C/N inched up slightly. STARSHIP is hanging in there with the airplay heavies. Stations are still getting heavy requests and sales reports on it. FEAT was the week's highest debut. MASON and MAC are still going strong. ROD pickod up a bit. TODD shot up strong. QUICK-SILVER nudged up. PALMER maintained. CLARKE enjoyed a tremendous increase in airplay and raves. PROTHEROE debuted rather impressively. CRAWLER crawled onto the chart for the first time. WAITS is growing and spreading. SPIRIT is climbing. CAR-MEN debuted. THE DEAD bounced back onto the chart. GARY WRIGHT, a long chart veteran, came back again. MILLER was another bounce back. JANS gained some. COB-HAM and LENNON debuted. GINO maintained. TERRY debuted. The bottom of the chart was very close. It should be mentioned that ZAPPA, BB KING, EAGLES, GIL SCOTT HERON, DUKE & THE DRIV-ERS, DIRT BAND, NEW RID-ERS, and HALL & OATES almost made the chart bunched up together.

This chart is based solely on airplay and does not attempt to fabricate a trend. The artists in italics are those receiving the most rapid gain in airplay.

## **Suggested Albums**

## STEELEYE SPAN

amble Gold Robin Hood

Very, very British stuff that those who are will love. The harmonies are superb. Maddy Prior's voice is sweet, clear and quite beautiful. A contemporary hand of minstrels singing songs of love and adventure that is not very commercial but good enough to overcome that handlcap. Try "Black Juck Davy" "Hard Times Of Old England" and "Dance With Me." (Chrysalis)

Highly ambitous effort hy this creative new

group. They threw everything but the kitchen

sing into it and came up with some very good

moments. The album sounds like a futuristic

West Side Story recorded in outer space

by Jay and the Americans backed up by The Tijuana Brass. "In Flight" "Latin Dippy Doo" and "Failing in Love" deserve your attention Don't miss the last minute nr so of "Lot's

Fly Away." (Capitol)

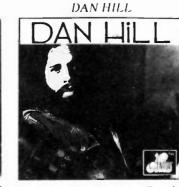

FLIGHT

was one of the two wonderful ladies Terry in ghe legendary Joy of Cooking. She proves here that she is a major soloist in her own right. "Angel of Love" "Movin' In The Night" "What It'll Do" and "Rock and Roller" are standouts "Slender Thread" is a mind blower. (Arista)

showcase classy. this package the talent of a great jazz sax man. Although it may not fit all formats it should not he overlooked. "Touch" and "Body Pulse" are but two of the tasties. (ABC)

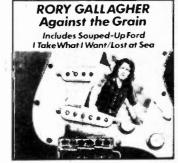

Pleasant sounding musical storyteller who writes moving lyrics that we all can relate to. This is a listening album. "Growing Up" and "Nobody's Right" are strong. (20th)

BLUE JUG

Good honest Country-Rock music from an Im pressive new group. This album is well balanced and features a good variety from Blues to funk. The lyrics are also quite noteable, "When The on Rises" is getting good reaction (Capricorn)

### RORY GALLAGHER

Airight! Rory really opened up the floodgates on this one. What a sensational Rock and Roll band. Except for "Out On The Western Plain which features some tasty acoustical work, this alhum cooks from start to finish. His guitar playing is extruordinary. "Let Me In" and "Lost At Seu" sizzle. (Chrysalis)

JULIE TIPPITTS

After a long hibernation, the AOR world welcomes the return of Julie Tippetts. Who's Julie Tippetts? Just Julie Driscol with a new name. Same talent. (RCA)

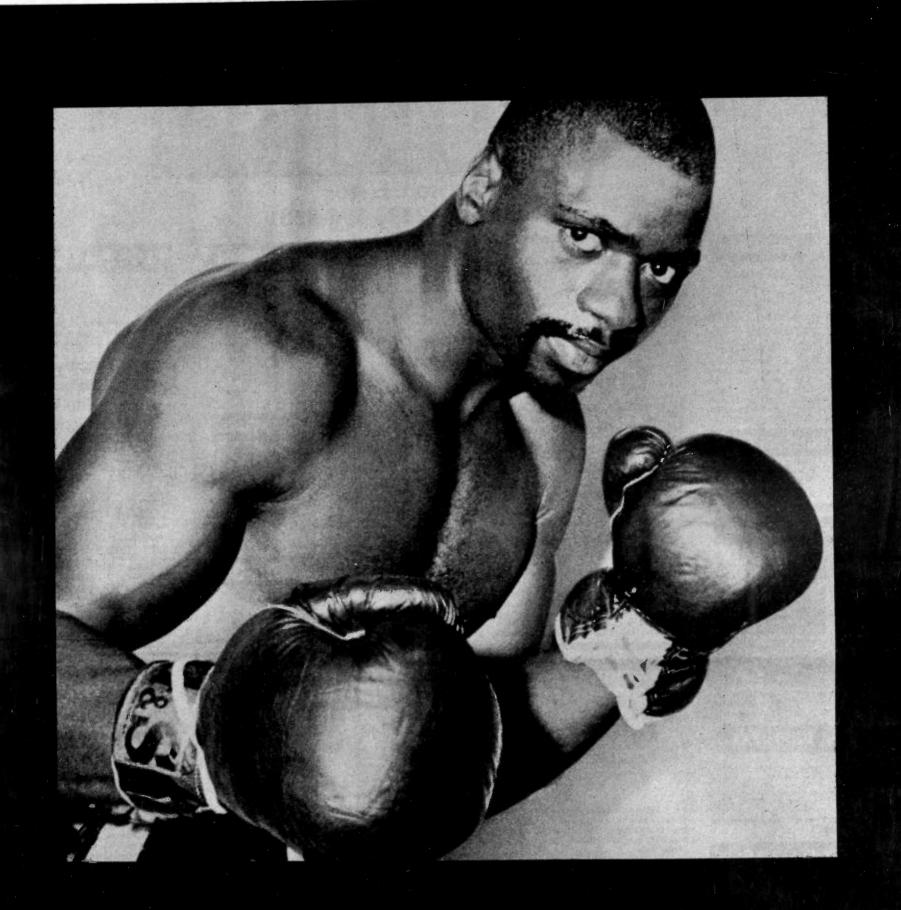

The group continues in the heavier sound direc tion that began with the last album. This time the Rock and Roll is more bluesy and basic The three man format works well for them. "Baby, What You Want Me To Do" "Sunrise Dance With The Devil" "Bar Room Crystal Ball" and "Hot Jelly Roll Blues" are good. So are the rest. (Grunt)

**DAVID RUFFIN** 

One of the great R&B voices makes for good programming that is applicable to just about all formats. The strings, horns and background voices are perfect as is the material. "Love Con Be Hazardous To Your Health" and "Walk Away From Love" are easy to program. (Motown)

A song for Rubin Carter. "Hurricane", a new single by Bob Dylan.

RECORDS

## RECORD INDUSTRY NOTES

## by Candy Tusken

Ringo Starr, has signed an exclusive recording contract with ABC Records for a reported healthy price with ABC beating out several other labels in the bidding. The fate of Ringo's own label Ringo-O-Records is unknown at this time, but most likely will not be distributed by Capitol.However, Ringo's new album, which is a collection of his solo oldies such as "The No No Song," will be coming out on Capitol Records and is tentatively titled "A Blast From Your Past"... If you've been wondering about the title of John Lennon's new album (also a collection of oldies) "Shaved Fish," it's Japanese for "top of the line" or "best of" due to the fact that shaved fish are a delicacy in that country, which was probably an inside tip from Yoko Ono... Word is that the next Elton John album will probably be a live recording featuring the highlights of his just completed "Rock Of The Westies" tour... Contrary to flying. reports, Shelter is not closing its doors. In speaking to the label, they report that Leon Russell wants a release from his liabilities with the label and will probably sell his half interest to his partner, Denny Cordell. The label was emphatic that they will continue to operate and their doors will stay open... Led Zeppelin have cancelled their planned January tour due to Robert Plant's ankel (broken in six places in a recent car accident) refusing to heal as expected. Plant is out of the cast and is hobbling around on a cane with Doctors worrying about a permanent limp. However, the same bad news was once handed to Frank Zappa who spent a year in a wheel chair after an accident, but pulled through with no limps or permanent damage. Plant and Page flew off to Munich last week joining the rest of Zep to record a new album ... David Essex just completed filming a segment for the Cher show and one skit features David and Jerry Lewis dressed up as cowboys having a shootout in a saloon with a befeathered Cher who plays a chic redskin... Mick Jagger is all but set to play Paul Newman's son in the movie version of best seller "Ragtime"... / \*

#### **GREGG & CHER**

The Allmans are keeping it all in the family with the Allman Brothers set to tape a segment with Cher for her show to air sometime after the first of the year. Gregg will take a ten day break on the current Allman tour to begin recording a solo album tentatively titled "Played Up A Storm" which Gregg and Johnny Sandlin will produce in Macon. Cher and Martin Mull do a hilarious spoof of country music on her November 9th show with Cher all dolled up ala Dolly Parton with Mull looking like Henry Gibson out of "Nashville." Word is that Cher's TV show is going to offer more comedy and less Rock 'n Roll due to a slight drop in ratings which are attributed to the fact that her fans love the comedy and prefer smaller doses of rock music....Those bidding for acquisition of GRC Records do not include former Liberty founder Al Bennett with GRC Vice President Oscar Fields citing six undisclosed offers; three from the West Coast and three from the East Coast. GRC does plan on staying in business and moving it's location from Atlanta to one of the major record centers, with L.A. being mentioned as the most probable site ... James Caan, Elliot Gould and Michael Caine are being joined by George Grief in the Columbia movie 'Harry And Walter Go To New York" currently being filmed in Burbank. Greif (who is Barry White, Lamond Dozier and The Crusaders' personal manager) will portray a safecracker in the action drama... Congrats to A&M's Harold Childs who surprised everyone last week by eloping to Reno with Ode Records' Ms. Gregg Pergola. The twosome hopped a one o'clock flight and their cab driver was one of the witnesses along with the judge's wife. The happy couple were back at work the next day and plan a delayed Christmas honeymoon

#### DEPARTURES

Mike Papale, National Sales and Promotion Director for Chrysalis Records announced his resignation from that label last week effective December 1st with future plans to be revealed the first of the year. Mike has been with them for the past three years... Tom Cat Records "regretably" announced the resignation of their vice President of Marketing, Sal Forlenza who intends to pursue various other personal interests and develop a West Coast based advertising checking service D.A.F. He can be reached at (213) 454-1365... MGM/Polydor's West Coast Director of A&R John Guess, announced his departure from the label to pursue independent production activities.

Preceding their SRO engagement at Los Angeles' Roxy Theater, RCA recording artists Daryl Hall and John Oates were congratulated at a reception held before their opening. Seen here with them are [left-to-right] Mike Berniker, RCA's Division Vice President, Popular A&R; John Rosica, Division Vice President, Promotion and Merchandising; John, and Daryl.

Mercury Records held festivities in honor of the Ohio Players at the exclusive Crystal Room of the Beverly Hills Hotel providing a sketch artist, astrologer, magican and palmist for the amusement of the guests. Plenty of food and drink were on hand for the crowd who included guests AWB, 5th Dimensions Lamont Lacramore, Rams footballer Lawrence McCutcheon, Al Kooper, Brenda Sykes and some of Harold Melvin's Blue Notes. The leather and shades group from L to R are Phonodisc sales rep Leon Mann; Redd Foxx; Ohio Players' Jimmy "Diamond" Williams and Clarence "Satch" Satchell; Ohio Players Manager Elzy White and Lindy Goetz, Phonogram promotion.

Capitol Records' notorious spendthrift, Al Coury (Senior VP of A&R), is known for his costly habit of conducting business at the most posh spots in town and the occassion of signing a new group to the label is no exception to the rule. Al took the boys to a local "continental" beanery (so exclusive he wouldn't even tell US the name of the restaurant) to finalize the acquisition of Dolenz, Jones, Boyce & Hart to a long term recording contract. Shown at far left is Coury dressed to the teeth in Oleg Cassini bluejeans, Pierre Cardin Windbreaker and Gucci tennis runners with Bobby Hart, Mickey Dolenz, Tommy Boyce and David Jones at the festive luncheon. Dolenz and David Jones are former Monkee members and Boyce & Hart wrote most of the Monkee's hits.

A&M President Jerry Moss (seated in chair) took time out from his busy schedule to spend a few days deep in the Ozark Mountains with... of course, the Ozark Mountain Daredevils. Moss had flown to the Ozarks to discuss the band's newly released album the CAR OVER THE LAKE ALBUM with the band members. Producer David Anderle also joined Moss on the journey (he is discretly pictured in the back, by the door).

Chrysalis Records hosted a party for newly signed artist Rory Gallagher on the high seas off the California coast with President Terry Ellis renting a full sized yacht for the occassion. Guests dined on tons of hot hors d'oeuveres, pate and chicken curry with Warner Brothers' Mo Ostin going back for seconds. Things got a bit rocky out in the ocean, but no one fell overboard or got seasick! Shown taking the sea air (L to R) are Mo Ostin, Chairman of the Board, Warner/Reprise Records; KWST Music Director David Perry; Gallagher; KNCA Program Director, Paul Sullivan and Ellis.

## Direct From Duncan

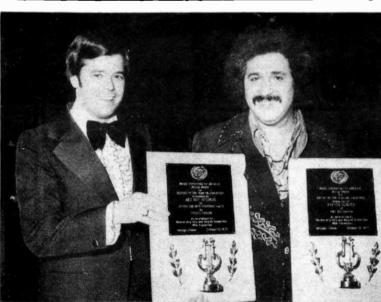

Already some excellent ideas are flowing in regarding the upcoming R&R Convention in Atlanta, February 19-22. All day Friday of the convention, concurrent seminars in ROCK AOR and COUNTRY will take place. Saturday will bring everyone together from all forms of radio. The general sessions, in the works right now, look to be the most exciting and interesting to ever be featured at a radio programming conference. Along with many great radio programming sessions, many important men and women in the record industry will take part in sessions that will help the radio industry better understand the record business. More than the usual get-together-party-atmosphere, I'm sure you'll find the R&R Convention '76 a great learning experience from whatever position you might be involved with in our industry. One area where you can help right now is for our promotional display showcase. I would like to invite your radio station to find any kind of material used for station promotions, such as, station letterheads, business cards, pens or pencils with station logos, posters, t-shirts, bumper or window stickers and so forth. I remember every radio station I ever worked at had a store room with tons of this kind of material. So, if you have a few minutes in the next month or so, dig through your store room or storage closet and get the stuff to me: JIM DUNCAN, R&R Country, 6430 Sunset Blvd., Suite 1221, Hollywood, California 90028. Send along your ideas as well. This is your convention. Thanks in advance for your help.

Right now, I'm starting to add a few more stations as reporters. I would like to thank the many stations who have asked to be a part of the reporting stations for R&R. Please realize, as much as we'd like to, we can't use every station. From time to time, we will be revising our list of reporters to gain some variety and hopefully we can pick your station up. In the meantime, thanks for your patience and interest. Our new reporters and stations include DUGG COLLINS, P.D. of KDJW, Amarillo, Texas; MICHAEL SIEGLING, P.D. of KRZY, Albuquerque, New Mexico; DAVID R. SNOW, P.D. of WWOL, Buffalo, New York; TOM MCCALL, formerly with WVOJ, Jacksonville, Florida, now P.D. of KYAL, Plaino, Texas and finally, DAVE DONAHUE, Operations Manager, and PAT DEVANY, music director of KHAK, Cedar Rapids, Iowa.

RON NORWOOD, P.D. of KGA. Spokane reports the company that owns KGA. Monroe Broadcasting Company, has just acquired KEED, a 24 hour Country facility in Eugene, Oregon... JOE LAUGHLIN, music director of KOOO, Omaha, has moved to the all-night show. He'll continue to do the music and will be available for calls on Thursdays from 12-4pm Omaha time... Air personality GARY DEE and General Manager MILT MALTZ of WHK, Cleveland, last week got very involved in a community event. A bank robber was holding six people hostage for many hours last week. Dee offered to exchange himself for the six people and Maltz offered the robber \$50,000 plus an airplane ticket to anywhere in the world. Before anything could happen, the robber gave himself up.

Congratulations to independent promoter WADE PEPPER on the first anniversary of his company, WADE PEPPER PROMOTIONS. Wade is truly one of the best... ABC/Dot has moved, the new address is 2409 21st Ave. South, Nashville, Tennessee, 37212. Their new phone number is (615) 385-0840... LS Records has appointed DAVE VAUGHN its vicepresident of promotions. Dave worked previously for Dot, Decca and Wooden Nickel record companies. LS records currently has a release by CRISTY LANE called "Midnight Blue," which is getting some regional activity... Composer DON ROBERTSON, who wrote such hits as "Does My Ring Hurt Your Finger," "Born To Be With You," "I Really Don't Want To Know," "Ringo" and "The Happy Whistler," has signed with Monument Records after eight years in retirement. He'll have a release very soon called "A Better Way To Say Goodbye."... ABC/Dot artist ROY CLARK is the scheduled guest on tomorrow night's ABC-TV show "Saturday Night With Howard Cosell."... Our very good friend SONNY JAMES stopped by the R&R offices last week. He was in town to tape an upcoming NBC "Midnight Special" and the syndicated "Dinah!" show... MEL TILLIS was in L.A. recently to tape "The Merv Griffin Show" and to be the special guest on "Barbi," BARBI BENTON's 30 minute musical variety pilot for CBS. The show is being produced for Independent Productions and Syndications. (If I had the opportunity you know I'd be a guest on "Barbi" anytime.)...

Freddy Fender received the Jukebox Artist and Record of the Year plaques from the Music Operators of America President Fred Collins, Jr. at their awards banquet in Chicago, October 19th.Freddy drew a standing ovation from the MOA membes for his performance of "Secret Love."

NASHVILLE — Mrs. Bob Wills, wife of the late, legendary creator of western swing music presented a special repackaged album from Epic Records combining the recordings of Bob Wills and His Texas Playboys and that of contemporary swing band Asleep At The Wheel. Pictured left to right at the presentation of the new Epic album, are Tony Garnier, from Asleep At The Wheel, Leon MacAuliffe from the Texas Playboys, Mrs. Wills, Ray Benson and Floyd Domino from Asleep At The Wheel, and Al Strickland of The Texas Playboys.

KBUL, Wichita is looking for a top notch morning jock to work with a female jock as a team. A strong production background is necessary. Send tapes and resumes to MIKE HOYER, KBUL, P.O. Box 9001, Wichita, Kansas 67212... WRCP, Philadelphia is having a weekly bluegrass show, 7-12 midnight each Sunday, with NED LACKEY. The station needs any bluegrass product you can provide... KNEW, Oakland-San Francisco has added MOON TAYLOR to its regular staff. Taylor takes over the morning drive show from BOB JACKSON, who is now on from 10pm to 2am daily. Taylor had been doing weekends on KNEW before his new assignment....RAY OTIS resigned from WHN, New York. A lady jock, formerly with 13-Q in Pittsburgh, named JESSIE, will take over the evening slot.

EMMYLOU HARRIS, whose current single. "If I Could Only Win Your Love," was written by Grand Ole Opry regulars, the Louvin Brothers, was singing the tune during the taping of the ABC T.V. network special, "The Grand Ole Opry at 50 - A Nashville Celebration," which airs Tuesday, November 11, when she saw Charlie, the surviving Louvin brother. She invited him to sing his song with her. The only problem was the Louvin had forgot the words he had written many years before. So Emmylou had to teach him the words... That reminds me of the time I lost my memory and I went to my doctor, who gave me some pills to help me remember. The problem was I forgot to take them... Let's just forget it till next week....

A fine performance by a very talented young lady. Great heights of stardom has to be very near because this gal has as much talent as any currently that category. Take a few minutes to let your ears be filled with some sweet music. Best cuts: "I Want To Lose Me In You," "Somebody Loves You" and "I'll Get Over You." Also, very strong material and arrangements on "High Time" and the RAY GRIFF composition of "What I've Been Needin."

### JERRY REED **Red Hot Picker [RCA]**

Chet and Jerry have put together another winner. Reed continues to show why he is still one of the best pickers around. The single release 'You've Got A Lock On Me" is featured, but is nowhere near the strongest cut. Best material would have to be the DICK FELLER-written 'The Coin Machine'' and ''Little Things." ### WTAE-PITTSBURGH

Ted Atkins reports that his FM facility WTAE-FM is now dico music from 7pm to 6am. Known as "Disco-96". Atkins has been very pleased with the reaction to the format.

#### KNBR-SAN FRANCISCO

Mid-day personality Mike Cleary is involved with a promotion cal "Search For A Story And A Star." The idea came about when Mike played the Hagood Hardy record "The Homecoming." The instrumental sounds like it should be the theme for a movie ... and so once an hour he opens up the phone lines and has listeners set a movie plot to go along with the theme. Some of the story lines called in have been close so far it's to X-rated, but been mostly fun. Prizes for those participating include LP's and a tape of the callers' performance.

Captain Fantastic himself showed up as a surprise guest at the recent "preview" of Neil Sedaka's latest album "The Hungry Years" at Cherokee Recording Studios here in Los Angeles. Helping Neil forget about all those hungry times is KMPC afternoon personality Gary Owens and EJ.

I Write The Songs (Arista) Off and running. Add WMAL, WIP, KMBZ, WGN, WFIR, WBAL, KNBR. KFI, KAKE, WASH and many more.

**GLEN CAMPBELL** 

**Country Boy (Capitol)** 

Big increase in airplay. Adds include KRNT, WMAL, WFIR, WDAE, WMBR, KULF, KXLY, WKBC-FM, WTRX.

## **BATDORF & RODNEY**

Somewhere In The Night (Arista) Strong initial airplay support for the duo. Adds include WMAL, WEEI-FM, WGN, KWAV.

## GLADYS KNIGHT Part Time Love (Buddah)

Another big week. Add WFIR, KNBR, WASH, KULF, KXLY, WKB^-FM

HAMILTON, JOE FRANK & REYNOLDS "Winners & Losers" [Playboy] Add WIP, KULF, on 50% of our reporting stations. EVIE SANDS "Yesterday Can't Hurt Me" [Haven] On KXLY, KRMG, WIP. MIKE CURB "Fools Rush In" [Capitol] Add WSB, WFIR, KFI. DAVID GEDDES "The Last Game Of The Season" [Big Tree] Add WGN, KNBR, WNHC. JUDY COLLINS "Angel, Spread Your Wings" [Elektra] Went right on KNBR, KFI, WASH. JANIS IAN "In The Winter" [Columbia] Add KEX, KRNT. DIONNE WARWICK "Once You Hit The Road" [WB] Add KNBR, KFI. HAGOOD HARDY "The Homecoming" [Capitol] Add WFIR, WKBC-FM, reporting hot at WIP.

I wonder how many of you have noticed that **Dionne Warwick** has dropped the "e" from her last name? At least that is what the label copy suggests. If you recall **Dionne** added the extra "e" to her name in the late 1960's after consulting her numerologist. Anyway her new Warner Bros. release "Once You Hit The Road" appears to be off to a strong start.

A couple of items from the Country side are starting to show some strength with Pop programmers. The most unusual of the two is a release on the Antique label by Zoot Fenster. The song is "The Man On Page 602." If it's possible get a copy of the current issue of the Sears & Roebuck catalogue and simply turn to page 602 and you'll understand what all the commotion is about. The other situation involves a cover battle between David Geddes and Kenny Starr Both artists have released a song dealing with a tragic look at life. Geddes version appears to have an edge probably due to his recent big entry. However, Starr looks strong in the South and Midwest at this point. So the race is on... and we'll keep you advised.

KXLY. Spokane, reports immediate phone action on the new Evie Sands record "Yesterday Can't Hurt Me." It also went right on WIP and KRMG.

**Bing Crosby** may not be the subject of a Solid Gold Weekend by the majority of Pop stations, but his latest UA release "That's What Life Is All About" is showing healthy signs at two powerful stations... WSB and KFI. The song which has a holiday-reflective type feeling was a big success in England earlier this year.

Dave Darin, KCRA, reports excellent phone action on a cut from Paul Delicato's album. The track "Heart Of My Heart" is similiar in nature to his recent entry "Ice Cream Sodas."

Neil Sedaka's 'Breaking Up Is Hard To Do' looking stronger every week. Latest adds include KMPC, KRMG and WKBC-FM.

Good play noted on the Vance Or Towers album cut "Presence Of Her Absence." It's on A&M.

Steve Bell, KMBZ reports huge phone calls for the new C.W. McCall record "Convoy."

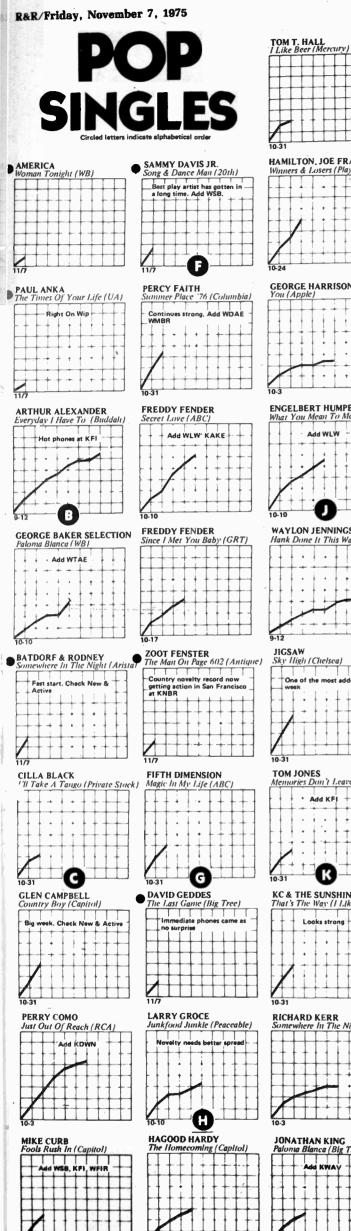

Willie Nelson's "Blue Eyes Crying In The Rain" continues to be one of the biggest cross-over records of the year. Hot reports grow each week. Latest key add is WASH.

We note action on a JIM CROCE album cut "Old Man River" at KCRA and KMBZ.
