Mutual Replaces AFTRA Strikers

The Mutual Broadcasting System has replaced most of the AFTRA members on strike against the company, according to a statement issued Friday (3-4). Mutual asserted that the approximately 40 striking AFTRA members had "left their positions with the company" after

their walkout at Mutual headquarters in Arlington, Virginîa.

According to the union, the strike was staged because of "harassment and intimidation of employees for union activity and the unjust firing of four employees..." AFTRA has also filed a complaint of unfair labor practices with the National Labor Relations Board.

Mutual claims that a new 30-month contract with AFTRA specifically contains a no-strike clause. A spokesman for the network, which serves 750 radio stations, said "Everything is operating normally. Most of the positions have been filled."

NBC Sued Over News Service Cancellation

All-news-formatted WNUS/Springfield (Mass.) has filed suit against NBC for \$4 million citing "deceptive trade practices, breach of contract, and deceit regarding termination of its News and Information Service."

According to owner Jeff Levitan, his purchase of WNUS in November 1975 was based on NBC's assurance to him that the license agreement for NIS service could not be terminated for the initial two-year period. Thus, he claims, NBC must continue service until January 1, 1978 instead of their planned shutdown date of May 29 of this year.

WNUS is seeking \$1 million in damages plus \$3 million in damages under the Massachusetts Consumer Protection Act. The station's attorneys will be seeking a permanent injunction to force NBC to continue NIS service beyond May 29, NBC is attempting to have overturned a temporary restraining order barring the shutdown of NIS. An NBC statement asserted, "NBC believes the suit has no merit, and regrets that WNUS has taken this course, particularly since the station has not paid any of its subscriber fees since the first two months...'' Levitan confirmed that the station had not paid its fees.

WNUS was also considering filing a class action suit against NBC in concert with other similarly affected stations. NIS has provided around-the-clock live news, sports and features to 62 radio stations across the country.

FCC Extends Time On Duplication Rule The FCC announced

(3-8) that it was extending the time period for the beginning of the non-duplication rule.

The May 1, 1977 start for step one has been extended to June 1, 1977. Step 2 has been pushed to June 1, 1979 from May 1, 1979.

Norm Winer Exits WBCN, Joins KSAN/San Francisco

KSAN/San Francisco Program Director Bonnie Simmons has announced that WBCN/Boston Program Director Norm Winer will be joining KSAN to do the 6 to 10pm airshift. Wyoming Licensing Law Repealed

A two-year-old Wyoming law which prohibited the normal licensing practices of ASCAP, BMI, and SESAC, has been repealed. The law required the societies to license specific types of music, as opposed to their conventional blanket license. It also required the organizations to issue licenses to record companies, with the result that broadcasters could play records without a performance license. A major effort coordinated by ASCAP, which had ceased licensing in Wyoming, resulted in the eventual repeal, which restores licensing in Wyoming to the status quo for the rest of the U.S.

Bob McClay will be moving to mornings.

Simmons told **R&R**, "Although it's always sad to see people leave, everyone here is looking forward to Norm's joining the KSAN airstaff along with our other internal changes. We welcome the new ideas and sound that he will bring us." Winer told **R&R**, "I couldn't imagine being involved in any endeavor work ing with as creative, zany, and committed people as the 7 years spent at WBCN afforded me. Nevertheless, boy, am I excited to be going to KSAN!"

R&R Launches International Airplay Coverage

This week R&R will begin publication of the English Airplay Charts from our sister publication Radio & Record News of London. These English charts are based solely on airplay from the many new English commercial stations as well as the BBC contemporary outlets. Court Strikes Down Cross-Ownership Rule

In a decision foreshadowing drastic implications for the broadcasting industry, the U.S. Court of Appeals struck down the FCC's newspaper-broadcast cross-ownership rule, calling instead for the divestiture of existing cross-ownership situations. A three-judge panel unanimously upheld the portion of the FCC rule forbidding future formation of newspaperbroadcast combinations in the same city, but asserted that the regulation preserving most existing combinations contradicts the FCC's stand in favor of media competition. The court declared that divestiture of existing newspaper-broadcast combinations was required except in cases where it can be proved that crossownership was in the public interest. The Justice Dept. estimates that 79 present ownership combinations may be affected.

Chief Judge David Bassion wrote: "The commission has sought to limit divestiture to cases where the evidence discloses that crossownership clearly harms the public interest. We believe the opposite

ASCAP Requests Rate Hike In Court

ASCAP is petitioning in New York Federal Court to set an interim licensing fee rate pending negotiation of a new contract with the broadcast industry's radio music licensing committee. ASCAP is asking for an increase in its blanket licensing fees from the present 1.725% of the gross to 2% (the latter figure being what ASCAP received under its contract prior to the present 1972 agreement, just expired).

ASCAP contends that it rates a higher licensing fee because of its increased share of hits over the past five years; where BMI once dominated the lists, ASCAP has now, they state, pulled even. The new copyright law, which extends the lives of many of ASCAP's popular standard copyrights, is also a positive contributing factor.

RECORD NEWS BRIEFS

Neil Sodaka has signed an exclusive recording contract with Elektra/Asylum Records in the United States, it was announced by E/A chairman Joe Smith.

In other record news, Haven Records and Arista have severed distribution ties. Future plans will be announced shortly...The Nitty Gritty Dirt Band and the U.S. State Department are working out the final details of a cultural exchange that will make the band the first Rock group to tour Russia. The 25-concert tour is part of a new program that will have ten U.S. and ten Soviet groups of performing artists exchange visits. presumption is compelled, and that divestiture is **required except** in those cases where the evidence clearly discloses that cross-ownership is in the public interest" (emphasis added).

He went on to state: "The commission's obligation...would suggest the presumption that crossowned stations do not serve the public interest." The FCC had considered divestiture to be an extreme measure, he added, implying that a divested broadcaster had been "deprived of a vested right." Instead, the judge stated, a licensee does not have "an interest in the license beyond its expiration date." Divestiture, he continued, "could also be employed to increase the extent to which the broadcasting industry serves the public interest," and would increase "the likelihood that the

BUDDAH LINKS WITH RCA

Shown finalizing details of a new agreement through which Buddah product will be distributed nationally by RCA Records are: (seated from left) Art Kass, President of the Buddah Group; Ken Glancy, President, RCA Records; and (standing from left) Mel Ilbérman, Division Vice President, Domestic Operations, RCA Records; Mort Drosnes, Executive Vice President, Buddah; and Myron Roth, Division Vice President, Business Affairs, RCA Records. See story below:

Kass, Glancy Announce Details Of New Pact

All future **Buddah** records and tapes will be distributed exclusively by the **RCA Records** distribution system. Buddah's current record catalog will also be distributed by RCA. "This marks the first time in the history of the music industry that a company with its own distribution system has taken on the product of a major independent company for total distribution," said Buddah Group President **Art Kess**, making the announcement in conjunction with RCA President **Ken Giancy**.

"The Buddah Group will remain solely responsible for the promotion, advertising and merchandising of its records," said Kass. "RCA's...distribution system will provide the conduit for getting our records in the marketplace." Buddah's promotion, field and marketing staff would, work in tandem with RCA's regional and branch managers and local salesmen, Kass added.

Kass expressed sadness at ending his relationship with Buddah's independent distributors, but cited expectations of growth working with RCA's distribution system. The Buddah move to RCA distribution bucks recent trends toward increased utilization of independent distributors over the past few years. public will be served by broadcasters with diverse views." The judge maintained that the FCC's divestiture rulings in monopoly markets were no less applicable for cities with diversely-owned media operations. "In sum," he said in negating existing FCC policy towards present cross-ownership combinations, "the commission could not have rationally concluded that the competing policies it offered justified grandfathering absent a show of harm."

The current FCC rule preserves existing combinations except in communities where the only daily newspaper is owned by the only major broadcast station. The regulation had been challenged by several major broadcasters and publishers, the National Citizens Committee for Broadcasting, and the Department of Justice.

FCC To Fight Decision

The FCC, in accord with a number of industry organizations, will appeal the court's decision shortly, it was learned. The primary basis for the appeal will maintain that the court outstripped its authority in ordering the commission to require divestiture in as many as 79 situations. The agency, it is expected, will also attack the court's contention that diversity in ownership is of paramount importance. Yet to be decided was whether the FCC will appeal directly to the Supreme Court or ask the full appeals court to review the decision.

Should the decision stand, a welter of court actions is anticipated, as vulnerable stations attempt to (Continued on page 8)

Heart, Mushroom Controversy Continues

In a new round of the Heart vs. Mushroom Records controversy (R&R 2/25) Heart's public relations firm Steinberg, Lipsman & Assoc. has sent RER a portion of the transcript from the Washington District Court preliminary hearings in Mushroom's suit to prevent Heart from exiting the label. According to the edited transcript, the court ruled that the unfinished tapes of Heart's second album "Magazine," are to be "placed back in the possession of Can-Base" (Mushroom's parent company). The group was also stopped from recording the material from the "Magazine" sessions, or any of the songs from their first album, "Dreamboat Annie," for any other company, including their new reported label affiliation, Portrait Records.

However, Mushroom was enjoined from releasing the "Magazine" tapes in their present uncompleted form, and also from issuing live tapes in their possession. Heart was not enjoined from (Continued on page 8)

The Booth American Company has announced that their WXEN/ **Cleveland** will switch to a Rock format effective March 13th. The station, currently running an ethnic oriented format, will change call letters to WZZP. The station has also installed a new tower and transmitter. Program Director of the station will be Bob Payton, most recently PD of XROK/El Paso.

Multimedia Takes Stand On Lyrics

During executive meetings in February, Multimedia Inc. discussed and agreed that all station Program Directors would make an effort in their markets to establish a code with other stations to ban from airplay any record with obscene or profane lyrics. Multimedia stations involved in the lyric review policy include WAKY/Louisville, KAAY-KEZO/Little Rock, KEEL-KMBQ/ Shreveport, WBIR-AM-FM/Knoxville, WFBC-AM-FM/Greenville, WMAZ-AM-FM/Macon, and WWNC/Ashville.

WGCL Moves

WGCL/Cleveland's new studios are slated to be ready April 1st. The station will use a new computerized board in their new home. New office address, effective immediataly, is 1500 Chester, Cleve-land, OH 44115.

WNCI's New Transmitter

New transmitter and tower facilities have been installed at WNCI/ Columbus. The station's new tower is now located in the center of town, moved from a site 30 miles north of the city.

WISN Honored

In competition with radio stations in six states, WISN/Milwaukee was honored recently at the annual meeting of the Northwest Broadcast News Association in Minneapolis, receiving first place for Editorials, and third place in Spot & Hard News Reporting, WISN was the only station in Milwaukee to receive more than one award.

\$1000 to a listenar who telephoned the station's confidential news hotline to report the whereabouts of the alleged murderer of an area police officer. The information the caller provided led to the successful apprehension of the suspect by authorities.

KNDE/Sacramento tested their listeners ability to remember facts from "Roots" for their latest contest. Callers tried to answer questions about the hit TV show, if they were correct, they won autographed copies of Alex Haley's book. The promotion was run in conjunction with an interview of Haley aired on the station.

Money Weekend

Orange County residents have a chance to win part of a \$3000 cash jackpot every weekend on KWIZ During "The Money Weekend," KWIZ places 30 phone calls to numbers randomly selected from telephone directories. Listeners who answer their phone with the phrase "I'm listening to The Money Weekend on KWIZ" win \$100 if the station is calling them.

"Obscene" Poster Giveaway

WMPS/Memphis held a timely promotion recently, giving away Farah Fawcett-Majors posters for an entire week. During the giveaway, the Memphis City Council voted the poster obscene, and a local high school student was suspended for wearing the same poster on a shirt.

> The "Lost Birthday"

WDAT/Daytona Beach celebrated the "lost birthday" for those who were born on February 29th. The station took callers' names on the air and then held a drawing of all the birthday-less listeners for a free birthday cake and prizes.

Beatle Invasion Birthday

WRJZ/Knoxville celebrated the 13th anniversary of the Beatles' invasion of the U.S. with "The Beatles Anniversary Weekend." Hourly callers received Beatles' greatest hits albums, and an entire Beatles collection was given away at the conclusion of the weekend. The station has also just launched their massive bumpersticker promotion, with over 150,000 stickers being distributed.

WLOF's Record Run

In conjunction with Coca Cola and a local record store, WLOF/ Orlando is holding a "Record Run" promotion. The station van spots bumperstickers on the street, making the drivers eligible for a weekly drawing for the finalists in the record run. Once per week for four weeks, these finalists have 3 minutes to race through the record store helping themselves to as many records as possible.

Instant Cluck-Off

WOVV/Ft. Pierce, Florida's "Instand Cluck-Off" weekend tied in with both the Henhouse Five's "In The Mood" and a bit of the "Gong Show." Listeners called in. if they were the correct number caller they instantly won a copy of the single, and if they could cluck his or her favorite tune for 10 seconds without being gonged, they also won a station T-shirt

Station Benefits

WVOT/Wilson, North Carolina raised over \$300 to benefit the city's Heart Association with their first annual Valentine's Disco. The dance and show featured a dance contest, with a grand prize of the top 100 songs of 1976. The station also donated a portable cassette recorder to the school best represented at the dance.

The staff of KSTT/Davenport provided fun and entertainment for a group of handicapped city residents and their listeners during a station sponsored basketball game. The air personalities played a team of parapalegic players, but had to play in wheelchairs to make things equal. Over 400 listeners showed up to watch the KSTT team get soundly slaughtered.

Last month, the jocks and newsmen of WPTR/Albany held their fourth annual Leukemia Radio-Thon and raised over \$40,000 for the Upstate New York chapter of the charity. The station's "fishbowl" alone contained \$4,200 in cash from listeners who stopped by the Radio-Thon

After a record breaking \$2 billion ad revenue year in 1976, radio is now looking forward to an even

bigger volume of sales in '77. Estimates from McCann-Erickson VP Robert Coan add to the bright picture for radio sales this year. Coen projects a total volume of \$2.5 billion during the year, including a 15 percent increase in network sales, 10 percent gains in local buys and between 9 and 10 percent growth in spot sales. Industry experts point to the fact that radio's cost increase has been growing at a much lesser rate than other media, pulling more and more new advertisers to radio buys.

Motown Record Corp. has amended a lawsuit against CBS Inc., CBS Records and Epic Records

in Los Angeles Superior Court, asking for \$20 million in damages relating to the Jackson Five. Also named as defendants were Jackson/Arons Enterprises and Joe Jackson and Richard Arons as individuals.

Census Report Breakout The Census Bureau's statistics for mid-decade show that 25 to 34 year olds in the U.S. increased

27.4 percent between 1970 and 1976, to more than 32 million population. 18 to 24 year olds grew 15.2 percent, citizens 65-plus also increased 14.8 percent. The largest single age group is children 5 to 13, but that demographic decreased 10.1 percent since the beginning of the 70's.

ABC Completes WMAL Buy

The American Broadcasting Co. has completed the previously announced acquisition of WMAL-AM & FM/Washington D.C. Purchase price for the facilities was \$16 million cash.

Violence Is A Hit

Research conducted by Consumer Response Corp. notes that many Americans may be "closet" violence lovers. The company used voice analysis on 150 subjects to arrive at their conclusions. 78 percent of respondents agreed that there was too much violence on TV, but voice tests proved that nearly half of them actually didn't care one way or the other. Responding to a second question: "Do you avoid watching TV shows that have excessive violence?" 68 percent said yes, but voice analysis noted that almost two thirds again really didn't care.

Moving Costs Move Up Companies that move their employees from one city to another are facing higher and higher moving

costs. The average 8000 pound move, excluding packing charges, New York to Los Angeles, now costs \$2,586, up 4 percent from 1975. East Coast moves were up the highest percentage, the average New York to Boston move was up 12 percent to \$995.

Bears Games To WBBM CBS' WBBM-AM/Chicago will air the Chicago Bears games starting with the team's 1977 schedule. The four year contract with WBBM marks the end of **WGN**'s 24 year broadcast of the National Football League team's games.

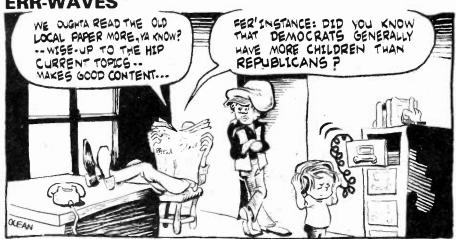

Tape Beats Records In Germany

In 1975, tape cassettes outsold records by a substantial margin in Germany, doing nearly 1/3 billion dollars in business. The biggest factor in the increase in tape sales was the volume of blank cassettes sold, three to four times as many blank tapes were sold compared to pre-recorded cassettes. Many industry speculators are predicting the demise of the phonograph record in their country by the beginning of the 1980's.

GM To Introduce Diesel The 1978 model year will see the introduction of General Motors' diesel powered engines in Oldsmobile

and Chevrolet models. The optional engine will be offered in Olds' 88 and 98 models and Chevy and GMC trucks. Volkswagen is also planning to market a diesel Rabbit soon, cutting fuel costs by nearly 25 percent. (Continued on page 8)

Lottery Statutes Involving **Savings Account Holders**

Promotional schemes and contests sponsored by savings and loan institutions have recently come under fire at the FCC. Accordingly, the Commission has issued a Public Notice reminding broadcast licenthe element of consideration has been discussed by the FCC, and dealt with in earlier R&R articles, ithas been in the context of product or retail store promotional schemes and not savings account holders.

The promotions in question usually follow the traditional form:

Anyone who has a savings account with a savings institution is eligible to participate in the contest for a prize. Prizes are awarded at random (often by a computer selection) to persons who open an account, enlarge an existing account or have on deposit on a particular date a certain amount of money."

The FCC has held that the element of consideration is present in such a promotional scheme. The FCC is of the view that the deposit of money into a savings institution for an indeterminate period of time constitutes something of sufficient value to bring it into the "consideration" category. Thus, when that deposit is coupled with (Continued on page 33)

"Random Thoughts" reflect the questions and comments of our subscribers regarding the day to day activities and occurrences in our industry. The opinions expressed do not necessarily reflect the editorial opinions of Radio & Records. Your "Thoughts" are welcome.

Since most Top 40 stations do their own studio processing, I think it would be advantageous to the record companies and to all stations if D.J. singles were pressed with two sides, one "equalized" and one side "flat."

Unless you have the absolute equipment, compressing and equalizing a song twice, which in effect is what you are doing if your station uses audio enhancers, only distorts the original product. In some records this distortion is VERYobvious. By giving radio stations a choice of "EQ" of "Flat" versions of hits, it would not only help the stations airsound quality wise, but could even conceivably help a song's image and sales. Jingle companies offer two versions of their product in this same manner...why can't record companies?

Goodbye Chocolate

One of the country's biggest chocolate product manufacturers, Hershey Foods Corp. is testing a vegetable oil product that may replace cocoa butter as the main ingredient in their milk chocolate products. The ingredient, made by Proctor & Gamble Co., would cost much less than high priced cocoa beans, and apparently has an identical taste. Tests will continue, although the FDA must approve the additive and consumer taste testing will be done before marketing.

Instant Movies From Polaroid? Several executives of the Polaroid Corp. have been hinting that their company will introduce a number

of new products, one of which may be an instant motion picture system for the public. At Polaroid's annual meeting last year, company founder Dr. Edwin Land said that manufacturing systems for the instant movies had already been set up in Austria and that the system was "looking good." Speculation is that the new product may be demonstrated at this year's annual meeting scheduled for April. Industry experts also anticipate an instant color slide system from the company.

New Chrysler Luxury Models

Chrysler Corp. will attempt to broaden their demographic reach with two new luxury models, set for introduction in early May. First is the new Dodge Diplomat, priced at about \$6000. Second will be the Chrysler LeBaron, priced about the same. Both entries are actually intermediate sized. The new models will attempt to take part of the market of the best-selling Oldsmobile Cutlass, offering a range of luxury options. "Major" ad campaigns are in the planning stages, to be kicked off at the time of introduction of the new cars.

LETTERS:

KQXE Objects To **Being Called 'Rocker'**

Deer R&R:

We were shocked to see in your February 18 edition (Phoenix: The Shakeup...by Jey Stone) that KQXE is considered to be a "Rock" station. Nothing could be further from the truth.

Jay Stone has given credence to his mistaken opinion of our format by having it published in your publication, a widely read and well accepted source of industry information.

By circulating this misinformation we consider ourselves as having been seriously damaged, as well as Jay Stone's own KUPD AM/FM, KRIZ and KRUX, none of which stations needs to be publicized as having competition that doesn't exist.

KOXE does not Rock, does not wish to be known as a Rocker, and has no interest in competing for the Rock audience.

Since we have joined the Phoenix eirwaves, we have spent thousands of dollars in promoting KQXE as a "mass appeal contemporary." This term has been coined in all print, billboard and television media and aptly describes our format. We have purposely stayed away from all references to the word "Rock." Operators of Rock stations in this market do not consider us as such.

Martell Foundation Plans Banquet

The T.J. Martell Memorial Foundation for Leukemia Research is holding an industry banquet and show on March 26 at the Americana Hotel. At that time the Foundation will be awarding Bruce Lundvall, President of CBS Records Division, the Humanitarian Award for 1977. Shown finalizing plans for the banquet and the show are, from left, Floyd Glinert, Foundation Vice President and co-chairman for the Banquet, Joe Smith of the Foundation's Advisory Committee and Master of Ceremonies for the Banquet, Dave Rothfeld, Foundation Chairman and Banquet Chairman; and Tony Martell, Foundation President.

Betts To Arista

Clive Davis, President of Arista Records, has announced the signing of Dickey Betts and his new band, Great Southern, to an exclusive longterm worldwide agreement. The announcement ended months of speculation throughout the industry as to the label affiliation of the former member of the Allman Brothers Band. Davis also indicated that Betts was free and clear of all prior recording commitments. Pictured above at the announcement of Dickey Betts' signing with Arista Records are (left to right): Steven Massarsky, Betts' manager; Clive Davis, President of Arista Records; Dickey Betts; and Michael Klenfner, Arista Vice President, Promotion and Artist Management.

Inside: WEIGHT WATCHERS DEMAND TO BUMP WITH JOE TEX!

See page 4

 THE FICTITIOUS <u>NEWSPAPER</u>

 VOL.1, NUMBER1
 FRIDAY, MARCH 11, 1977

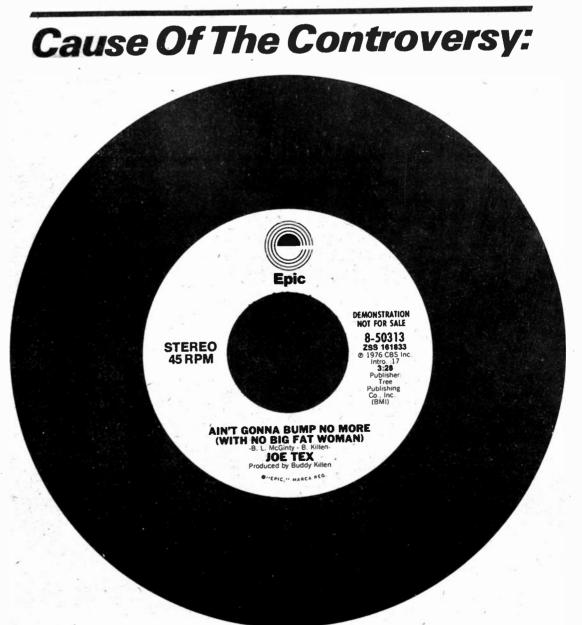

In an unexpected move, well-known singer Joe Tex announced via his latest Epic single (8-50313) that he "Ain't Gonna Bump No More With No Big Fat Woman."

The announcement marked a major change of policy for Tex, who previously had only expressed a predilection against women with skinny legs.

Tex refused comment on the matter, claiming that he had made his position perfectly clear on his debut Epic release, (already a major R&B hit, and beginning to receive strong airplay on Top-40 stations, including WQXI—deb 29, WJDX 23-19, WORD--no. 1, WFLB, KJOY, WCOS, 98Q, WTMA, WTOC, WBTR and WGNI).

Crowds of thousands of fat women crush Joe Tex's limousine after a recent concert in an attempt to get Tex to bump with them. Tex expressed sympathy with the crowd, but insisted once again that he "Ain't Gonna Bump No More With No Big Fat Woman."

. Parallel I: Major market stations (top 30 markets) that are format dominant[®] in their market and/or are the major sales influence. These stations usually play under 35 re-cords in total. Parallel II: Key stations (31-100

markets) that are format dominant in their respective markets, and influence rack buying patterns for their region. This category also will include some major market stations that are not the dominant ratings/sales influence, but have demonstrated importance in their respective markets. These stations will usuelly be programming 35 or less total current selections.

Parallel III: All other reporting stations. This parallel will also cover stations with longer playlists. It also will include secondary reporters that are not the format dom-inant station in their market but influence the market considerably. *Format dominance determined fr ab

ELVIN BISHOP Keep It Cool shakes off the chills

With hundreds of folks around the country freezin' their buns off, Elvin Bishop's advice to Keep It Cool may seem a bit unsound. But when you put this new single on your turntable, your toes will start tappin, your hands will start clappin, and in no time at all, you'll shake way past 98.6.

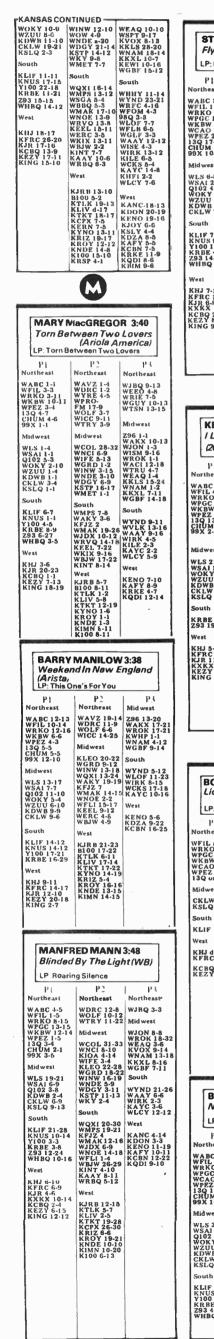

Warm up to Elvin Bishop's new single Keep It Cool (CPS 0269) from his Ip HOMETOWN BOY MAKES GOOD. On Capricorn Records and Tapes, Macon, Ga. Hot Cha!!

There sure are a lot of women in AOR radio and that's something to be proud of. AOR has done much to dispell the old saying that "radio is a man's field." AOR radio in particular is tremendously populated by not only female air personalities, but Music Directors and Program Directors. It seems like only yesterday that Allson "The Nightbird" Steele of WNEW-FM/New York was asked to do at least one interview per day about what it's like to be one of "the only women in big time radio." In fact, we even ran one such interview with her in R&R about two years ago. No doubt, Alison's pioneering paved the way for many talented people to enter the field and it seems that AOR's tremendous growth and success is largely the result of that influx.

Today, it is no longer unusual for AOR stations to have **more than one** female air personality on the air per station (the era of "tokenism" in the evolution seems to have been surmounted) and female Music Directors are hardly rare or librarians. Now Program Directorships are opening up and the future looks bright.

The "Women in Radio" issue is one that is rapidly becoming obsolete...

Getzoff Gets Off

...which doesn't necessarily mean that a little controversy doesn't pop up now and then. Carol Getzoff, host of "A Woman's Place" on WPLJ/New York and instructor of the "Women in Media" class at the New School got the "Big Apple" buzzing as she asked Stanley Siegel why he is such a "male chauvinist pig" when she appeared as a guest on his TV show, "AM New York."

According to Ms. Getzoff, "My class and I agree that Stanley has done more to distort the image of women than almost anyone else in the media." She cited the argument that Siegel often refers to any woman over 40 as "no spring chicken" and makes statements like, "When someone describes a woman as having a 'good personality' you know what they are really saying is that she's a dog." Carole wanted to know why Stanley makes frequent comparisions to women being like one species of animal or another, hoping that..."by pointing out his errant ways, it will help him to be more successful with women." Stanley replied that even though he has problems with women, he really likes them. Carole came back with the observation that if he had a better attitude toward women, they'd like him more.

Four viewer calls were taken on the program (which really sounds like hot stuff). The first three were from women who agreed with Getzoff's allegation that Stanley is a "pig" (that's an animal, isn't it?) and that they were glad someone brought it up. The fourth was from a woman who disagreed, stating that she "loves him."

NEXT ROUND: Stanley will appear on Carole's radio show, which should prove to be about as much fun as those old professional wrestling "grudge matches."

Greg Gillespie, former Music Director of WWWW/Detroit, has become MD and late night air personality at WKDD/Akron. He is available for music calls between 2:30 and 5pm...Stan Charles has resigned his PD/MD position at WKLH/Montgomery to join Y102-FM in the same city. The new MD of WKLH is Dave Brooks...WQCM/ Hagerstown has been sold and word is that the station might be taking more of a Top 40 approach during the day (with jingles, etc.) but will maintain their current programming posture at night...Alan Young has joined Y95/Rockford as Assistant PD and Music Director. He's from WLRS/Louisville...Bill Clay has been upped from Music Director to Program Director of KNAC/Long Beach.

AOR Is Not Dead In San Antonio (It's Just Been Quiet)

Now that KEXL/San Antonio is withdrawing from the AOR scene, I was contacted by Lou Roney, who simply refers to himself as a "Programming Representative" (they are not that big on titles) of KMAC-AM/KISS-FM in that Texas market. According to Lou, "We've always maintained a rather low national profile, but now that we find ourselves the only AOR outlet in this city the time has come to make our presence known." KMAC-AM covers an extremely large area of Texas from the suburbs of Dallas to Galveston. They broadcast AOR from noon to 6pm (which is simulcast on KISS-FM) and go to a form of mellow-Country AOR at night. KISS-FM is AOR from 7am to midnight. Roney describes the stations' music policies as being very open to new music...We also heard from **Trigger Black**, Program Director of KTFM/San Antonio, who also said that in spite of the fact that his station has purposefully maintained a low national profile they are still AOR. According to Trigger, "We really have tightened up a lot, but we are definitely still an AOR station."

Promotions

Mary Hartman Mary Hartman Tie-Ins: KGOT/Anchorage is doing daily MH2 updates. The 2 minute program is called the "Mary Hartman Resoap" and runs three times daily with a capsule of the last night's program. KMET/Los Angeles is running a similar "night before" update on Jeff Gonzer's morning show. This feature is promo'ed each night at the end of MH2 on KTTV (channel 11) with a voice over by Gonzer over the closing credits... Also From Alaska: KGOT is tied in with a local record store in a "Cheap Thrills Card" promotion. The bearer gets a discount on any record or tape in the store when presenting the "KGOT Cheap Thrill Card" to the cashier. The card is only available through the station. Due to the absence of many live concerts in the area, KGOT welcomes live concert

tapes from record companies or other radio stations. All tapes will be returned...WCOL-FM presented Cheep Trick and Mr. Big in a free concert...WLRS/Louisville got their first gold album for "Free For All"...WAAF/Worcester awarded a lucky listener an album per week until the year 2001 ... WLIR/Long Island presented the Winters Bros. in a live radio concert from My Fether's Place and Blue Oyster Cult from the Nassau Coliseum...DC101/Washington, D.C. gave away tickets to a local plant show...KPRI/San Diego hosted a backstage party for 50 listeners at the recent Queen concert and is about to embark upon their "Coke Sticker" promotion, 100,000 KPRI bumperstickers will be stuffed in 6-packs of Coca-Cola in the San Diego area. Stickers will be good for various music related prizes when spotted on cars or in a listener's possession. General Manager Dex Allen informed us that the station also has 50 bus sides on San Diego Transit busses and 10 rotating painted billboards ... KREM/Spokane had a "Mr Magic" promotion which tied in with the local appearance of Grover Washington Jr. in concert. Every time a GW Jr. record was played, the station took a winning caller. The callers were eligible for a drawing at a local record store conducted by a magician (with his own performance) the afternoon prior to the concert. The grand winner received a night on the town including limo, dinner, and concert. Albums and tickets were given away to the runners-up. The station also presented a '2 Generations of Brubeck" promotion on the phones in which each winner received 2 pairs of tickets to the Dave Brubeck concert. One pair for him/herself and one pair for his/her parents...KZAM/Seattle sponsored a John Dean lecture...KKXX/Bakersfield has been cruising the Southern San Joaquin Valley in a vintage automobile called the "K-K-Excalibre" giving away 1,000 AM/FM radios. The station has also been inviting listeners to send in postcards to participate in a programming survey. According to PD Jay Albright, they received 500 cards in a two week period.

Interviews

WKKS/Pittsburgh interviewed Chuck Leavel of Sea Level, as did KOME/San Jose... KDKB/Phoenix interviewed Phil Lynott of Thin Lizzy, Billy Joel, and Pablo Cruise...KZOK (OK102½)/Seattle interviewed MMEB members Manfred Mann and Chris Thompson...WBAB/ Long Island interviewed the Stanky Brown group...WCMF/Rochester interviewed Michael Franks, Luthor Allison, and Michael Rutherford of Genesis...KZAM/Seattle interviewed Pousette Dart...WAIV/Jacksonville interviewed Justin Hayward and Andy Reed of radio station 5KA/Australia...Scarlet Rivera dropped by WCAS/Cambridge...WLIR/Long Island interviewed Bill Quateman and Renaissance...Richard Chemel asked us to mention that he is not National Album Promotion Director for Butterfly Records (as reported last week with the Firesign Theatre photo), but rather National Independent Album Promotion Director for the label. As many of you know, he works quite a few albums and labels. By the way, Firesign Theatre will be available for some AOR radio interviews. For information, contact Butterfly Records in Los Angeles.

Just A Simple Station With Basic Promotions

B.J. Crocker of WKAU/Appleton, Wisconsin reported to **RER** that their station doesn't do all that much "out of the ordinary" and then went on to mention that each day, about a half hour prior to going on the air, each jock calls about 10 people at random from the phone book and regardless of their sex or age, gets into a rap about music and then invites them to listen to his/her radio show. Also, the station, in conjunction with a snowfall forecast, invited their listeners to join the staff at a specific place and time to engage in a mass (but friendly) snowball fight! I asked B.J. if there were any injuries to which he replied, "No, but there were a lot of bruises." Finally, the station give way with the anniversary of the Boston Massacre. I wonder what they do when they get unusual.

This Looks Like A Good AOR Book

Although it is still too early to tell, the new January/February Arbitron looks very promising for AOR radio. **Bob Pittman**, PD of the new WKQX/Chicago, reports tremendous success with his station debuting with a strong number one showing in 18-24 men and women; and 18-34 men. Also, in Los Angeles, KNX-FM appears to have captured the largest quarter hour share of all Rock playing radio stations in the market. That is a major AOR radio milestone. Full details and documentation will come next week in **R&R**.

WBAL-FM Goes AOR

WBAL-FM/Baltimore which has been carrying the NBC "NIS" will be switching to a live AOR format consulted by Lee Abrams. Denise Oliver has resigned the Music Directorship of DC 101/Washington, D.C. to take over as Program Director of the new facility. According to Denise, the station will be changing call letters to WIYY. A talented air staff is needed in a hurry. Kelly Saunders will be taking over Denise's 3-8pm air shift on DC 101.

Romeo And Juliet

The competition between Albuquerque AOR's KMYR and KRST started steaming up, a bit so KMYR Program Director Judy McNutt organized an inter-station "broom hockey" game with a bit of comic relief between playing periods to promote better relations between the stations. Little did she realize that she would succeed far beyond her wildest dreams. At the game, she met KRST Music Director Bill Evans. They became friends and eventually more-than friends. Rather than try to maintain their relationship in the setting of a competitive arena, both have resigned their respective positions to embark upon a national job hunting tour with the hope of being able to work together. (505) 265-3362 is the number to call if you'd like to hire the new team. Note: Rumor has it that the McNutt/Evans romance isn't the only AOR "hot item" floating around the streets. We at Radio & Records are currently researching this trend and if it appears to be, in fact, a major movement, we will consider adding an advice to the lovelorn column to the AOR section.

It was a very stable chart with the first five positions remaining unchanged from last week and only four debuts. MAC makes it to the top again with approximately the same spread separating it from the KINKS as last week. SEGER inched up. **TUCKER** and **KANSAS** maintained impressive airplay. **GABRIEL** was one of the week's big success stories. STEWART nudged up. LEVEL, ARS, BUFFETT, and GENE-SIS were all stable. WRIGHT maintained. CRUISE picked up additional play. AMERICA enjoyed a healthy increase. LOFGREN was the week's highest debut. **BOSTON** was solid. DART increased. BEN-SON and BOWIE maintained. CARTER, HAGAR, and MILES took sizable jumps. MURPHY debuted. BTO moved up a bit. **PROCOL** debuted. RANKIN grew. RUFUS bounced back onto the chart. NITE debuted. **GARLAND JEFFRIES** and **BRUCE COCKBURN** almost made the chart in that order.

This chart is based solely on airplay and does not attempt to fabricate a trend. The artists in italics are those receiving the most rapid gain in airolav.

The word is out. With phenomenal response at radio stations, stores, and their one-of-a-kind live performances, the Kinks have the fastest-breaking album of their career. And this past week, a standout appearance on "Saturday Night Live" brought the special Kinks magic to millions of television viewers.

Sign Of The Times Congratulations to JAY HOFFER, KRAK Radio and their advertising agency CURRAN, HITOMI & ASSOCIATES on winning the 1976 Ad Award from the East Bay Advertising and Marketing Association. The award was presented to the station for their recent billboard campaign. A photo of their multi-colored billboard is shown below:

Promotions

WMC/Memphis, Program Director Bob Young is running a group of promotions he is calling the "79 Games," (they are 790 on the dial). According to Young, "I am running every possible quarter hour maintenance contest known to man." Some of the contests include: Asking callers to name the last three songs in a set. An hourly drawing of sent-in cards are made, if that person is listening they win up to \$79 of their grocery or utility bills paid.On occasion they are having a "recent winner" contest, where the name of a recent winner is called and if they are listening, they call in to win a second prize. One of the other contests include finding the numbers 79 in a two dollar bill. If someone has one they bring it to the station and exchange it for a ten dollar bill...WGEE, Green Bay is having "Wheel Of Fortune" contest. Listeners register at the station or local sponsor. Cards are picked each hour. After a name is called, the person has five minutes to call the station to win the hourly prize. They are then eligible for a weekly grand prize...KNIX, Phoenix, according to MD Charlie Ochs, has been airing a "Prize Pyramid" promotion. Contestants each hour are put on the air and must guess the amount their prize package is worth. If they are right they win the package, which might include a motorcycle, a new car, calculators or records. Clues are given throughout the day ... To raise money for the Children's Societyof Washington, KAYO, Seattle, recentlyheld a benefit basketball game pitting the "KAYO Super Jocks" against the "Terrific Truckers." Players from the Seattle Supersonics pro basketball team acted as referees...JIM CLEMENS, Program Director of WPLO, Atlanta, informs us he is still looking for a morning air personality. As part of a promotion, until they find the right person the station is using guest artist-deejays for the morning show. Some of the artists have included LARRY GATLIN, NARVEL FELTS, BILL ANDERSON and C.W. McCALL Jim says, "The response has been so good, I may never hire a morning person. I might just keep using guest artists in the morning.

Facing The Music The eighth annual Country Radio Seminar will be held next week, March 18-19 at the Airport Hilton in Nashville. The scheduled Saturday night banquet and New Faces Show will feature the following "new faces:" KATHY BARNES (Republic); BOBBY BORCHERS (Playboy); RANDY CORNOR (ABC/Dot); MIKE LUNSFORD (Gusto); DALE McBRIDE (Con Brio); CHARLY McCLAIN (Epic); MEL McDANIELS (Capitol); GEOFF MORGAN (MCA); VERNON OXFORD (RCA); and MARGO SMITH (WB). Again this year's host-emcee will be ASCAP's CHARLIE MONK.

Radio Aids From CMA

The Country Music Association has just released the 1977 Broadcasters Kit and the 1977 Radio Survey. This year's Broadcasters Kit is far and away the best that CMA has released to date. It includes some very useful information including new demographic studies o Country music listeners, updated market research information, a tabulation of the top 20 Country songs since 1940, lists of booking agents, ID/jingle and commercial companies, syndicated radio programs, RIAA certified gold Country albums and singles and more. WMAQ's BOB PITTMAN wrote a very interesting piece on Country radio. KFGO's MIKE HOYER also made some very worthwhile comments on the industry. This kit is a must for your station. It can and will make you a better broadcaster. Also, available is the 1977 radio survey which breaks down Country music stations throughout the US and Canada by hours. It lists names of the station General Managers and Program Directors, and also provides the phone numbers and addresses of each. The annual survey is compiled from questionnaries sent to all commercial stations listed in the latest Broadcasters Yearbook. Both the Broadcasters Kit and Radio Survey are available to CMA member stations at no charge. Non-members can get the Radio survey for \$25.00 per copy. It certainly would be worth the annual membership fee for your station to get this valuable material every year. For more information contact: CMA, Seven Music Circle North, Nashville, Tennessee 37203. (615) 244-2840.

Recently on KCUB/Tucson, a contest was held to give away a free dinner with RCA recording artist Charley Pride. Pictured (left to right) are contest winners Leo Falb and Jean Meserve; Pride; and KCUB's midday personality Kent Lacy.

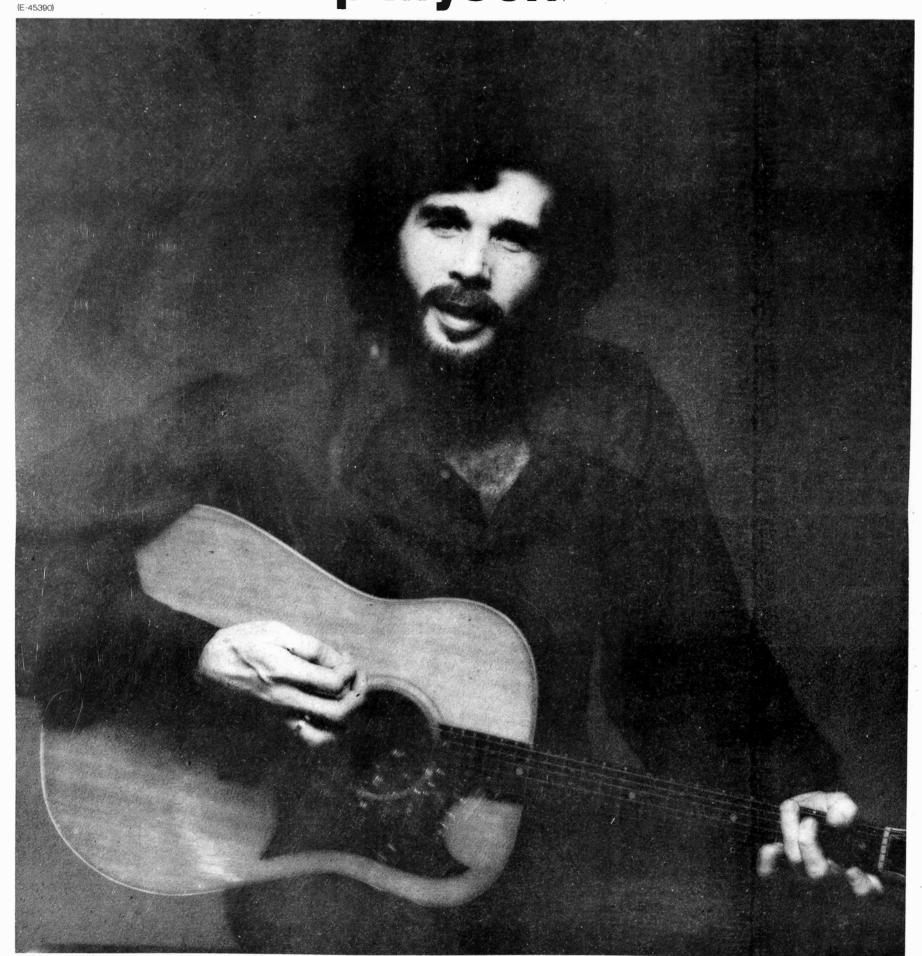

The latest recipient of a \$1000 scholarship furnished by the Country Radio Seminar is pictured with CRS founders Charlie Monk and Tom McEntee. According to Monk and McEntee (no relation to Shirley & Squirrely) five scholarship programs are underway nationwide. Funds are derived from registrations at the annual seminar. This year's event will take place at the Airport Hilton, Nashville, March 18 and 19. Pictured (left to right) Monk, Donna Blake, and Squirrely.

DATELINE: The sixth annual Country Music Fan Fair firmed for June 6-12 at Nashville's Municipal Auditorium. Over 25 hours of top-name live Country entertainment, bluegrass and oldtime fiddle concerts, a slow-pitch softball tournament, photo and autograph sessions with stars, and flashy exhibits by fan clubs and record companies. Included in the registration fee will be tickets to Opryland and the Country Music Hall of Fame and some heavy meals from the famous Odessa Chuck Wagon...This year's registration is \$30. Send to Fan Fair, Box 2138, Nashville, TN 37214...LORETTA LYNN turned down le for t additional com Company and her office denies a Wall Street Journal report last week that it was because of protests from the Mine Workers' Union...ASCAP, the American Society of Composers, Authors and Publishers' membership meeting in Nashville is next Wednesday at the Hyatt Regency here, hosted by ASCAP President STAN-LEY ADAMS and Executive Diractor ED SHEA...FLIP WILSON was on hand here Wednesday night to boost Public Television's Festival '77...HAL HOLBROOK brought "Mark Twain" to town the other night at the Opry House and he brought the audience to it's feet in a standing ovation. 25th according to Arbitron Television Meter Service: 1) "Happy Days" tied with "Laverne & Shirley," 3) ABC Friday Night Movie, 4) "Donny & Marie," 5) five-way tie with ABC Sunday Night Movie, "Barney Miller," 'Charlie's Angels," Neil Diamond special, and "Welcome Back Kotter." Tied for 10th place were: "Baretta," "Bionic Woman," "Six Million Dollar Man" and "What's Happening!" In New York, the top 10 were: 1) "Happy Days,"-2) "Laverne & Shirley," 3) "Welcome Back Kotter," 4) ABC Friday Night Movie, 5) "What's Happening!" 6) "Charlie's Angels," 7)" The Grammy Awards," 8) "Barney Miller," and a four-way tie for 9th place, ABC Sunday Night Movie, "All In The Family," "Bionic Woman," and "The Jeffersons."

Other TV News

ABC recording artist B.B. King will make a special featured guest appearance on NBC's "Sanford and Son." The show will air March 18...The new "Sha Na Na" series will debut in September on NBC, featuring the group of the same name...CBS will begin airing their "Nashville" series on March 30, replacing "Sonny & Cher" ... National Subscription TV's KBSC/Los Angeles has received FCC approval to start broadcast operations... Demond Wilson will no longer be the son of "Sanford & Son" next season, due to Wilson's high salary demands. The series will try out a new format that doesn't necessitate Wilson's character.

FCC (Continued from page 6)

sees of their responsibility to avoid the broadcast of lotteries. While a promotion which awards a prize to the account holder or the happening of an event or contingency, the entire transaction is a lottery. The FCC has now held that the deposit of money into a savings account is not any different than the investment in a bond for "con sideration" purposes. The FCC has further ruled that they do not see the random computer selection as any less a form of gaming than the spinning of a wheel. Consequently, the FCC now holds that in both instances, bond investment or savings account holding, there is "an appeal to the cupidity of the public and the spirit of gambling to which the statute was directed." Every broadcaster must now be aware that when the advertisement broadcast has for its purpose the promotion of a scheme which awards a prize to a savings account holder, drawn for and distributed by chance, such broadcast is in violation of the Federal lottery laws and the Rules and Regulations of the Federal Communications Commission.

The FCC has gone to great lengths to remind licensees of their responsibility to "exercise reasonable diligence to make sure that promotions advertised over their facilities are not lotteries." The Commission has now gone so far as to state that broadcasters "may not always rely solely on the wording of the proposed advertisements or in other representations of the advertiser." Therefore, it is incumbent upon each broadcaster to take all reasonable steps to insure that announcements regarding each promotion are not otherwise false or misleading, in that the advertisements provide an accurate description of the contest and, of equal importance, fully sets forth the pertinent rules so that the public will not be misled.

Lou Hildreth (center) is shown discussing the agenda for the 1977 Gospel Radio Seminar with committee members Matt Steinhauer and R&R Columnist Biff Collie. The gathering of DJ's, salesmen and managers was held May 6-7 at the Nashville Airport Hilton. This year's theme was "Realizing Your Potential."

Biff Collie (Continued from page 27)

WEBB PIERCE planted a sign at the idle bus ramp in front of his place which reads: "The City of Oak Hill and its mayor PAUL SIMPSON have a temporary court order stopping tours from coming up to the house. I think this is in violation of my constitutional rights and I hope it will be reformed. I am very sorry. (signed) Webb."

COUNTRY STYLE magazine quotes a superstar lady as saying: "Her hair is out of the sixties, her clothes are out of the 50's, and her shoes from the 40's. Put them together and what have you got? DOLLY PARTONI" She was a hit again with JOHNNY CARSON. Hope she does not have to have throat surgery to correct that problem she's had lately.

CLOSER: TOM T. HALL called his songwriting course at nearby Middle Tennessee State University: "A study in primitive monophonic poetical composition."

ROD STEWART "The First Cut Is The Deepest" (WB) Add WBT, WIBW, KRKK WSBA.

First we'd like to congratulate Jack London on his promotion to Program Director of KDWN/Las Vegas. Many of you might recall that Jack assisted Jim Duncan for awhile in the Country section of RER.

The Atlanta Rhythm Section continues to show a good number of hot reports from P/A stations...WASH, WREC, WIP, KKYK, WGAR, WSM, WCHV.

"Make Way Miami" by **Baby Face** on ASI getting a lot of early airplay attention...latestadds include WJNO, WGY and KWAV.

The William Bell record "Trying To Love Two" on Mercury jumps 10-7 at tight listed K149 and was added to WBEN, WASH, and WCHV.

"Daybreak" by **Randy Bishop** on **A&M** is starting to show some good airplay signs...latest adds are WIP, WSAV, KRKK, WKIQ, and KKYK.

A lot of comments on the lasting power of the **Mary MacGregor** record "Torn Between Two Lovers." It first appeared in the Pop/Adult New & Active section on October 22nd of last year, and is still charted at number seventeen this week. Also interesting to note that the record has, in this issue, reached the top spot on the Country chart.

The new Yvonne Elliman record "Hello Stranger" went right on a couple of East Coast biggies...WASH and WBAL

The new **Firefall** "Cinderella" getting a lot of good comments from programmers and went on KHOW and KMRJ. It's also reporting hot at WYMC.

Bobby Goldsboro, like Engelbert Humperdinck and Tom Jones before him, was cold for awhile but now seems to be enjoying a warming trend with his latest "Me And The Elephants." After just one week of play it's reporting hot at WTMJ, KMBZ, KMRJ, WYMC and KUKI. See New & Active for latest new airplay.

Another one that's been heating up the past several weeks is the Hall & Oates record "Rich Girl." Now reporting hot at KMPC, KUKI, KEX, WASH, WTAE, WGAR, KTNT, K149, KRKK.

Quincy Jones has apparently captured the magic of "Roots." Check New & Acitve for latest airplay.

Almost every programmer I talked to this week raved about the **Barry Manikow** TV special broadcast on ABC. General consensus was that it was the most creative "music special" to come along in recent memory.

€

Here's one I picked up on the phone this week: In order to upgrade his image, Uganda's Idi Amin will co-star at a major Las Vegas hotel with Steve Allen in a comedy revue...they will be billed as Steve & Idi.
