## Pay-For-Play Radio Coming?

Performers' royalties paid by radio stations appeared to be drawing closer to reality, as a Congressionally-appointed copyright panel continued its hearings in Washington D.C. on the subject. **Sanford I. Wolff**, Executive Secretary of **AFTRA**, spoke in favor of legislation requiring radio stations broadcasting records to pay royalties to performers.

Wolff claimed that 75% of all commercial radio airtime is taken up by music, yet broadcasters were paying nothing to artists or record manufacturers whose product was being aired. "The only reason radio stations play music," said Wolff, "is to get people to listen to commercials." He also asserted that radio stations often fail to announce the names of artists and that many of the records aired are no longer available in stores.

Wolff also outlined a plan for disbursement of performers' royalties should they be instituted: "Our agreement is that 50% would go to the recording companies... and 50% to the performers" (with session musicians and background singers sharing in the proceeds as well as the artist of the record. According to Wolff, record companies "take the risks, they...pay for studio time, they hire the artists and pay the copyists and arrangers. The radio stations exploiting the product pay for nothing and take no risks at all."

### RADIO REACTION

**R&R** contacted a number of radio executives on the subject of impending performers' royalty legislation. Most expressed considerable alarm at the prospect, predicting drastic changes in the long-established relationship between the radio and record industries and possible major changes

## ELP Cuts Back Orchestra

**Emerson Lake & Palmer** have dropped the 70-piece orchestra they employed for the first 20 dates of their American concert tour and will finish the remaining 50-60 dates as a self-contained three-piece group, with one exception. According to the **Atlantic** recording act's manager, **Stuart Young**, "purely financial" reasons caused the cutback. He told **R&R** that weekly salaries, transporta-

**ALMOST ANYTHING GOES COUNTRY**—Country music stars **Barbara Mandrell**, **Charlie Pride**, and **Jerry Lee Lewis** seem to have developed a fancy for oversized peanut butter sandwiches. In reality, they were competing against a team lead by **Billy Carter** during the filming of a celebrity version of the television show "Almost Anything Goes," set to air in early September.

## Price Fixing Inquiry Subpoenas Industry Figures

Subpoenas have been sent to record retailers, distributors, and company executives requiring their testimony at a Los Angeles federal grand jury investigation into price-fixing scheduled this fall, according to a **Hollywood Reporter** story. The investigation is examining manufacture/retailer relationships involving advertising and promotion expenditures, among other areas. The Justice Department launched the inquiry after complaints alleging unfair practices in the realm of advertising and promotion relationships between certain local stores and record companies. One label in particular has been selected as the key target.

According to a Justice Department attorney, the investigation is a "very important one and has been given priority." No public announcements will be made by the Justice Department unless an indictment has been issued, which would not occur, reportedly, until witnesses had completed testimony. A number of industry figures are said to have already acknowledged their subpoenas. In addition, **NARM** members have been asked to cooperate in the investigation, supplying information on pricing, sales, and distribution, with some members expected to testify. **NARM** officials have refused to discuss the case on lawyer's advice.

## No Recall On Houston Arbitron

In response to last week's story on the Houston **Arbitron** controversy, **R&R** heard from **KMJQ**, the station which caused the uproar when they debuted second in the market. **Mike O'Shea**, National Program Director for **KMJQ** owners, the **Amaturo Company**, told **R&R** that the station had been on the air for eight weeks (not two) before the April/May **Arbitron** sweep with their new disco-styled format. According to O'Shea, the station did not identify itself as "102Q," but has exclusively used "Magic 102" as a slogan. The listing by **Arbitron** in the market

report of **KMJQ**'s wattage as 200,000 (twice the actual figure), and an incorrect dial position was a "keypunch error," according to an **Arbitron** communique to **KMJQ**. O'Shea also stated that **KMJQ** did not receive advance figures from **Arbitron**, as other Houston sources had alleged, and cited a **Radio Index** survey and a **Houston Media Audit** survey as backing up the **Arbitron** rating figures with approximately the same audience measurement. O'Shea also told **R&R** that **Arbitron** has informed **KMJQ** that the Houston market report will not be recalled, contrary to local speculation.

Some 180 industry figures attended the "roast" of **KMET/Los Angeles** midday personality **B. Mitchell Reed**, sponsored by the **Southern California Promotion Men's Unassociation** at the **Universal Sheraton** hotel. of "BMR's" days at **KFWB/Los Angeles** and **WMCA/New York** as a Top 40 jock in the 60's as well as his AOR experience. Among the roasters: **Cleve Herman**, **KFWB**; **Elliot Field**, **KPSI/Palm Springs** (ex-**KFWB**); **Bill Ballance**, **KABC/Los Angeles**; **L. # New York Radio Hit By Blackout

Last week's major blackout in New York City had a "powerful" effect on local radio stations, with staff personnel displaying considerable ingenuity in coping with the crisis conditions. Most FM stations went off the air since their transmitters are generally located in the Empire State Building. AM stations, with transmitters largely located in New Jersey,

managed to broadcast. Following a few radio tales of the blackout.

At WABC, Program Director Glenn Morgan was awaiting dinner when the blackout hit. He ran up to the station's 8th floor studios, and in one hour WABC temporarily switched to All-News, with staff members on hand keeping the public informed. Air personality George Michael served as anchor-

man for the makeshift news format, and he and all night man Chuck Leonard stayed on the air for 12 1/2 hours straight. ABC Corporate President Elton Rule based his operations at the WABC studios, in preference to his own 40th floor offices, and organized the entire ABC TV and radio news effort from WABC's facilities.

## CBS/FM Sales Major Expansion

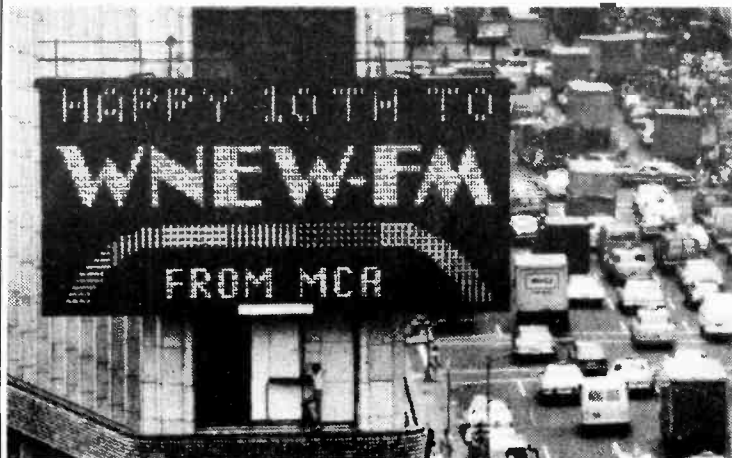

The CBS/FM sales organization has embarked on a major expansion, opening new offices in Detroit and San Francisco (in addition to existing New York, Chicago, and Los Angeles facilities), changing their name to CBS/FM National Sales, and announcing three new appointments. Roy Weinstein has been named Eastern Manager, Linda H. Snelham is Manager for Detroit, and John W. Fitzpatrick is Manager, San Francisco. General Manager Robert G. McGroarty stated that the expansion was staged in anticipation of FM radio reaching a 50% share of the total audience in the 1980's. "This expansion will allow us to give better regional service to the seven CBS-owned FM stations and to improve the quality of the additional stations we represent," McGroarty said.

### SKLAR IN "WHO'S WHO"

Rick Sklar, Vice President, ABC Radio, will be listed in the 1978-1979 edition of "Who's Who." He is the first radio programmer to be represented in the pages of the prestigious publication, for which honor R&R offers its sincere congratulations.

## MCA GIVES WNEW-FM SPECTACULAR CONGRATULATIONS

MCA Records observed WNEW-FM/New York's tenth anniversary by renting time on Times Square's spectacular Spectacolor billboard to convey their congratulations. The message-rotating, full-color billboard is the most attention-getting in town. Shown attracting some attention of his own just beneath the sign is MCA's New York Promotion Manager Barry Goodman.

## KKLS CONVERTS TO TAPE

Many radio people have found themselves snarled in red tape, but two members of the KKLS/Rapid City, S.D. air staff are obviously taping it one step further. Station officials told R&R that positive identification was impossible, but that the so-called "tapeworms" were narrowed down to five suspects: PD/morning man C.J. Stone, MD/3-6 jock Michael Kjar, and air personalities Tom Franklin, Jeff White, and T.J. Barker. When asked his opinion of his predicament, one of the reel crazy types taped up said he could "tape it or leave it," and expressed his hopes that such shenanigans would soon be "tapering off."

## Car Listening Up

Radio listening in the car has increased by two million people over the last five years, according to a study sponsored by ABC, NBC, CBS, and Mutual. The Radar 15 research revealed that more than 8 million people listen to car radios

during the average quarter hour of the combined weekday drive periods, 6-10am and 3-7pm, compared to 6 million in 1972. The in-car share of total listening was 21.2% compared to 17.6% five years ago.

## Heller New President Of ABC International

Sheldon Heller has been appointed President of ABC Records International, succeeding Steve Diener, recently-named ABC Records President. Heller was most recently Co-Managing Director of Warner Pioneer Corp. of Japan, and

previously was Managing Director of EMI Ireland. His plans for ABC International include the development of new licensee deals and increased promotion of internationally successful ABC artists.

## "CALL" GIRL COMES TO K-100

K100/Los Angeles air personality Doug DeRoo apparently gets more than he called for as GRT artist Merl Wilson of "Telephone Man" fame tells him a few things you don't ordinarily tell a phone man. DeRoo definitely got the connection...

## Northeast Secondary Radio Conference Set

The second Northeast Secondary Radio Conference is scheduled for August 26-28 in Providence, Rhode Island. Local radio, trades and record company representatives will discuss AOR radio, music, engineering, management, pro-

gramming, and other relevant topics, with a special combined radio and record meeting and a national trades meeting also slated. Registration fees are \$30 for radio people, \$40 otherwise. Further information is available from Anti/Muscolo at 213-651-2383.

## Networks, O&O's Hit \$166 Million

The Federal Communications Commission has released statistics showing the country's seven radio networks and their 34 owned and operated stations gaining revenues of \$166 million in 1976. This figure represents a 24% boost in revenue over 1975. The O&O's showed a dramatic increase in pre-tax profits as well, up 57.9% to \$13.8 million.

## McClenaghan To ABC

Former Arbitron Radio General Manager, Bill McClenaghan, most recently Vice President Sales & Administration for Shulke Radio Productions, has exited that company to become the Director of Research for ABC Radio's four networks.

## "10-4 Good Buddy," CB Takes Over

The radio industry received a bit of disheartening news when a New York research company surveyed that city's CB owners and found that 45% of the CB'ers have reduced the use of their car radios by between 10 and 50%.

## Saccarin Ad Ban Looks Dead

After some strong objections by the National Association of Broadcasters and other lobbyists, Congress has virtually eliminated the possibility that saccarin products will be banned from TV and radio advertising, until the government makes a final decision on the fate of the sugar substitute. The Food and Drug Administration may write up warnings which will be carried in the ads instead.

## Is That Dinner Business Or Personal?

Agents of the IRS have been instructed to scrutinize tax deductions on expense accounts claimed by business to make sure they are legitimate business costs. Airplanes, hunting lodges, company owned cars and apartments are expense items which will receive special attention. Company officers and employees may be taxed on any company-paid expense the agents deem as personal.

## No '78 Models in '78 May Reduce Ad Budgets

Executives of the big four automakers have expressed concern over the current delay in Congressional action to extend 1977 emission standards to the 1978 model autos before Congress adjourns early in August, which is the scheduled time for assembly lines to roll with the new '78 models. Advertising campaigns are being affected, particularly with Ford and their scheduled introduction of the new lineup during the National Football League broadcasts. Pinto and Mustang II models are currently being sold as '78's, which raises a resale value problem. All four of the big Detroit companies are seriously considering halt of production and no advertising outlay.

## Clerk Level Workers Pay Raises

The average clerical worker's paycheck was \$164 a week as of February of this year, according to a Pennsylvania management society. Salaries were up 5.8% last year for clerical employees, and top level secretaries had the highest earnings, an average of \$208 a week. Mail and file clerks brought up the rear of the statistics, earning \$125 per week.

## TV Tubes Stay Bright Despite Blackout

The three major television networks maintained fairly normal operations despite last week's massive power blackout in their New York headquarters. NBC, CBS and ABC were back on the air within six minutes of the evening blackout, CBS and NBC with auxiliary power, and ABC via a back-feed through their Los Angeles studios to Washington D.C. That network also flew their "Good Morning, America" staff to Washington so the program could be aired Thursday morning. John Wayne has signed a pact with ABC-TV for appearances in six specials and one variety program during the next two years. ABC also picked up "Phyllis" star Cloris Leachman for their network, after Leachman's CBS contract ran out. A superstar packed "Midnight Special" is set to air tonight (22). Helen Reddy will host Joan Baez, Ray Charles, Aretha Franklin, Gladys Knight, B.B. King, David Bowie, the Doobie Brothers, Bobby Darin, the Byrds and BTO.

## ABC Sweeps Top 5 Shows

Nielsen returns for the week ending July 10 place ABC programming in a very strong lead, with all five of the top ranked shows from that network. ABC had a 13.6 rating, CBS 12.8, NBC 12.0. Top 10 shows were: ABC Sunday Movie "The Scalphunters," "Charlie's Angels," "Laverne & Shirley," "Barney Miller," "Happy Days," NBC Movie "Dark Victory," ABC Movie "Fantasy Island," "Fish," "Barnaby Jones," and CBS film "The Big Country."

Top 10 shows in Los Angeles according to Arbitron's Meter Service for the week of July 2-8: 1) "Charlie's Angels" and "Laverne & Shirley," 3) "Barney Miller" and "Happy Days," 5) "Fish" 6) "ABC Tuesday Night Movie" tied with "Baretta," 8) Dodger baseball game, "NBC Movie Of The Week," and "What's Happening." New York's most popular shows: 1) "Charlie's Angels," 2) "Barney Miller," "Fish," and "What's Happening," 5) "Westside Medical," 6) "Happy Days," and "Laverne & Shirley," 8) "Baretta," 9) "ABC Tuesday Night Movie," "Quincy," "Welcome Back Kotter."

## Beating The Heat

WCVS/Springfield afternoon personality "Crazy" Bob Murray decided to beat the city's recent heat wave by doing his show while sipping iced tea from a lounge chair on the station's front lawn. He invited listeners to stop by for "zero energy consumption air conditioners," which consisted of cases of root beer and ice cream sundaes. Bikini-clad listeners flocked to the scene for their freebies and a chance to help cool Bob down. Pictured are a few of the early arrivals at the event, which eventually resulted in a traffic jam in front of the studios. KGGG/Des Moines' Dave McKay held his own promotion for summertime listeners, titled the "Brown Down" suntan contest. The area's sun-bronzed listeners sent in postcards to enter the contest. Fifteen finalists joined Dave at the KGGG pool in "Broadcast Park." Each contestant worked on his tan for a two week period to vie for the grand prize of an all expenses paid weekend flight for two to "Worlds of Fun" amusement park in Kansas City. McKay is shown during his exclusive interview with the tanned winner, and during his after-contest flight into the pool.

## Best Promotions Of The Week

A heat wave and a once in a decade date brought about two recent promotions on WSGN/Birmingham. Record 105° temperatures gave the station a chance to stage giveaways of the group Hot's albums. On 7/7/77, the top seven albums in the city were given away to call in listeners each hour all day long. WAPE/Jacksonville's team of jocks will be on the beaches all summer long giving away summer themed albums, cash and much more from the custom "Summer Van." One special "Sun of a Beach" weekend also featured exclusive summer oriented music aired on the station. "Find Your Place In The Sun" was the theme for B100/San Diego's recent weekend contest. Summer records by the Beach Boys and many others were played, while listeners called in to tell B100 what their place in the sun was. Each caller was awarded an exclusive B100/A&M Records/Pablo Cruise beach towel, tying-in with the group's album title. KRKE/Albuquerque came up with a real tongue-twister for their Alice Cooper promotion. In conjunction with Alice's local concert, listeners had to call in and say "KRKE Super Duper Alice Cooper Saber Keeper Caper" in four seconds to score tickets to the show and Alice's latest LP, plus a trip backstage and the star's saber to keep for their very own. WFIL/Philadelphia's "Star Wars" promotion featured battles between superstars. Callers had to guess which of such stars as Elton John, the Beatles, etc. had "The Force" in order to win pairs of tickets to a special showing of the movie, T-shirts, LP's. "Star Wars" posters and buttons. 96X/Miami PD Joel Denver and staff recently gave away summer wardrobes consisting of 96X-Coca Cola shirts and jeans to callers, who then became eligible for a drawing to select winners of three Mo-Ped cycles. KDON/Salt Lake gave away a car stereo system every day for a week. Callers had to correct-

ly identify five different songs played in a montage...Billing themselves as the "South's original best music station," WISE/Asheville held their "Southern Rock" weekend. Each hour, listeners called in to win the "South's Greatest Hits" albums. 92Q/Nashville held a special Disco Night at Opryland for listeners, who received a \$2 discount, free parking with a 92Q decal and a free disco show staged by the "Q Crew." "More Winners and the Best Prizes" was the offer to KFXM/San Bernardino listeners in the "World's Easiest Contest." Callers were eligible for a free album every 20 minutes, and bonus prizes of \$100, given away on each jock shift. WAVZ/New Haven came up with a truly original prize for their 4th of July contest. One lucky listener won a free motel room for the night, situated in the ideal place to view the spectacular New Haven Harbor fireworks show. WSSO/Starkville celebrated the 4th by holding a "Rock & Roll Revival" all day. Playing the best Rock and Roll from the 50's and 60's, the station also featured "very old" WSSO jingles, dedications to high school

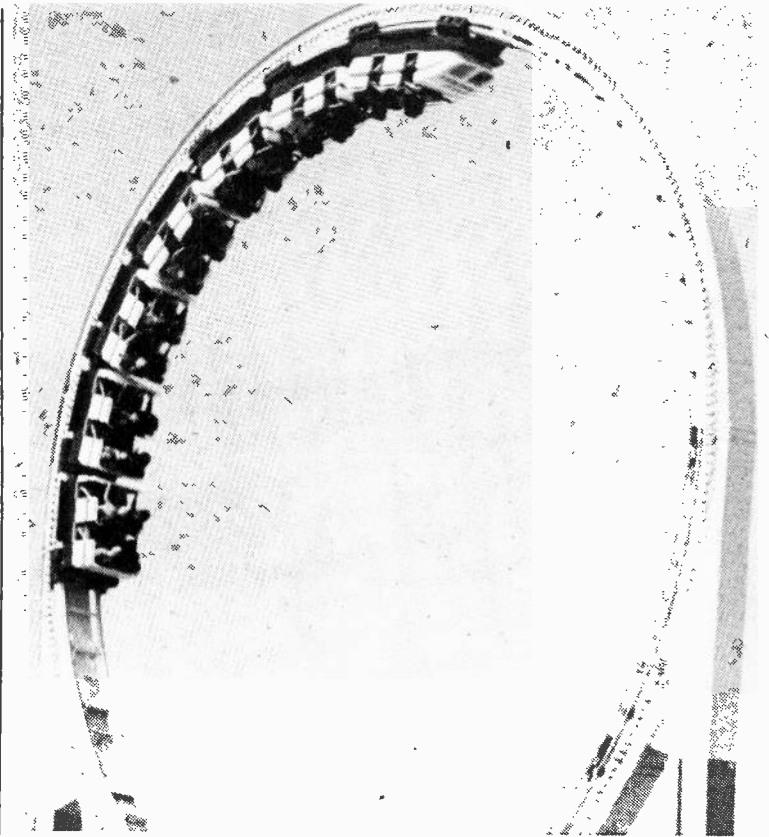

classes from those years, and phone conversations with former air personalities. Giveaways included everything from T-shirts to watermelons. Albums by such superstars as Chicago, Boston, Bay City Rollers and America were given away to callers in WRJZ/Knoxville's "Bicentennial Plus One" July 4th promotion.

Daryl Hall and John Oates recently dropped by CKLW/Detroit to present Music Director Rosalie Trombly with a gold record for the station's support of their "Rich Girl" single. Pictured (left to right) Hall & Oates Manager Tommy Mottola, Daryl Hall, Rosalie and John Oates.

## KFRC's Flanagan "Flies"

KFRC/San Francisco's afternoon personality John Mack Flanagan survived what probably turned out to be his hardest job in radio when he "survived" a ride on the huge "Tidal Wave" thrill ride at Marriott's Great America. Daredevil John Mack invited listeners to join him, after he made the first official ride alone, on the world's tallest loop rollercoaster. KFRC insured Flanagan through Lloyd's of London for a total of \$1 million for the 28 second ride. The Tidal Wave reaches speeds of 55 miles per hour. The first 2000 persons to witness Flanagan's daring feat received "I survived the Tidal Wave with John Mack Flanagan" T-shirts, and the KFRC riders received "survivor" buttons. After the ride, a smiling John gladly received the first survivor button from Great America's customer relations exec Chris Lee.

## Street Talk

by J.J. Jordan

Street talk is that Quincy McCoy will be named PD at Z93/Atlanta.

KNUS/Dallas PD Christopher Haze has resigned his position effective immediately. The station will name its new PD late this week and rumor has it that Beau Weaver is up for the gig.

Jay Stone is the new PD at KMJC/San Diego, replacing Kevin Methylene. Jay comes in from KUPD/Phoenix, and brings with him Dave Wilmont as Asst. PD. Also, Jay's wife Debbie will be Music and Research Director.

Buddy Scott is the new PD at WGBF/Evansville, Indiana. Jim Wood has been upped to Corporate PD in charge of developing new properties.

Reggie Blackwell is out as PD at WRFC/Athens. New PD is Gary Kirk.

A new syndicated documentary called *Rock & Roll Roots* is looking for five to ten-minute edited air checks from radio personalities from the years 1957 to 1973. They will be part of this special presentation and all you have to do is send a tape and a letter of authorization for its use. I'm sure not all tapes will be used, but everyone has a shot. Mail tapes to Steve Jones, Research Director, *Rock & Roll Roots, Inc.*, P.O. Box 5367, Richmond, Va. 23221. The show is being put together by Q94/Richmond.

It was nice to hear from one of the best jocks I've ever heard, J.J. Jeffrey, who has worked at such stations as WMEX, WRKO, WFIL and WLS. JJ and his partner Bob Fuller, also a former jock, have just bought themselves a new station in Dover, New Hampshire. WDNH will change call letters to WOKQ (OK 98) and will have a Country format. The station covers an area from Boston to Portland, Maine with 50,000 watts on the FM dial. JJ and Bob also own WBLM/Portland, Maine, which is AOR. Two former Top 40 jocks, and they're totally into Country, AOR and whatever it takes to be successful.

KDAY/Los Angeles PD J.J. Johnson is looking for artists to participate in the L.A. Bikeathon for the United High Blood Pressure Foundation which will take place on Saturday, July 30th. J.J. would like to have artists that the station is playing or has played in the past. Contact KDAY (213) 665-1105.

Z96/Grand Rapids is looking for a morning jock. Contact Chuck Morgan.

Congrats to Chris O'Brien on his new gig at WMET/Chicago. Chris will go by the air name Chris Alan. Bob Travis goes to WGCL/Cleveland from WFIL/Philadelphia. PD T.J. Lambert will move himself to afternoon drive from the morning show. Dude Walker, who was doing afternoon drive, exits and is looking. Dude, who is a super jock, can be reached at (216) 771-7327.

Harold Berkman of L.A.'s Music Express wanted me to mention his name...so there you go, Harold.

Congrats to the gang at WNOE/New Orleans on a super book. Ditto WNCI/Columbus. See Arbitron Summaries for the rating break outs.

If you're a Top 40 reporter and you called in and talked to a strange voice taking your report, it was probably Jerry Clifton, who stopped by and decided to find out how R&R really works by helping out with the workload.

Nice to see WSPT/Stevens Point PD Pat Martin during his L.A. visit. Pat and his lovely wife dropped by R&R and presented us with some Point Beer direct from his waters of Stevens Point, Wisconsin.

I know of a great sounding news person who is looking to move on from his present position. If anyone is looking for a major market newsman call me.

This week's photo flashback is from 1967 and shows (left) WKIX PD Ron McKay and WPRO/WTIC Operations Director Jay Clark posing for the front cover of the WTRY/Troy, New York playlist. Would you believe that right after eating the sandwich, Ron McKay turned into Mr. Atlas. You wouldn't believe it...By the way, neither Ron or Jay look the same today.

## Play-For-Pay

(Continued from page 1)

in radio programming formats.

Broadcasters pointed out that there exists between radio stations and record companies a near-per-

fect symbiosis: records are a highly suitable and appropriate form of entertainment for radio stations to broadcast, while in turn radio provides an incalculably valuable form of free advertising for recorded product. Record companies' move to extract royalties for performers (50% of which would go to the company) was looked upon as a misguided maneuver which could kill the golden egg of widespread airplay.

The following consequences were predicted. The added financial burden would cause stations to increase their commercial loads, thereby decreasing the amount of music played. Stations would be forced to resort to playing only the safest, most commercially successful artists, which would severely curtail record companies' opportunities to expose new artists. Formats like AOR, which utilize low commercial loads and a wide variety of artists, would be drastically affected. Even more ominously for record companies, the institution of performers royalties would in all likelihood cause a significant number of stations to switch to non-musical formats (Talk, News, etc.).

Some broadcasters expressed surprise at **AFTRA's** support of the new royalty plan, noting that increased royalty payments could influence marginally profitable stations to cut back costs by converting to partially or totally automated programming and dismissing numerous air personalities (represented by **AFTRA**).

Certain radio figures predicted that radio as presently constituted could not continue should performers' royalty legislation go into effect, and that the record industry

would be set back 30 years as a result.

**KLOS-FM/Los Angeles** and **Forward Communications Corporation** will be representing the broadcasters' opposition viewpoint when the next Copyright Office regional hearings take place in Los Angeles July 26, 27, and 28, with record company and **RIAA** reps speaking in favor. Further witnesses were expected to appear. More regional hearings on record performance royalties may be held, before Copyright Register **Barbra Ringer** makes her final report to Congress in January 1978. Radio industry representatives were urged to make their views on the issue, considered potentially crucial by numerous broadcast figures, known to their Congressmen and the Copyright panels before the final report falls due.

tion and hotel costs were "costing too much money," and the necessity for individually amplifying all the orchestra's instruments caused "enormous technical problems." Young said the group would not be able to recoup their financial losses on the tour until "at least the end of this year." However, the group will still employ the orchestra for a performance August 26 at Olympic Stadium in Montreal, which will be filmed and recorded for a future live album and full-length motion picture.

## Blackout

(Continued from page 3)

99X, an FM station, went off the air for 18 hours after its Empire State Building transmitter lost its power. Two engineers stayed at the station all night and most of the next day in case the power went back on. Meanwhile, Vice President/General Manager **Eric Farber** found herself trapped in an elevator in the building for an hour, and was reportedly not exactly floored by the experience.

**WNEW** Program Director **Dean Tyler** was reviewing album product at the station when his turntable gradually began decreasing from 33 1/3 rpm to zero. Imagining a power shortage in his building, Tyler turned on the station and was relieved to find WNEW play-by-play announcer **Ralph Kiner** assuring Mets fans that while parts of New York City had experienced a blackout, Shea Stadium and WNEW were operating as usual. Just at that point, the station went off the air. Two minutes later, after switching to the transmitter, WNEW came back on to find that Shea was completely blacked out and the game was cancelled. Newsmen were dispatched to the transmitter site to broadcast bulletins, with music played at intervals of fifteen minutes for the duration of the emergency.

At **WHN**, Program Director **Ed Salamon** immediately drove to the station's transmitter site in New Jersey, where a control board and turntable setup was located. News Director **Charlie Kaye** phoned in news reports from the powerless New York studios to the transmitter site, where Salamon and air personality **Lee Arnold** broadcast all night, followed by six hour shifts by **John Kenny** and **Ed Baer**. Kaye's news dispatches were sent in complete darkness thanks to battery-powered tape recorders and telephones. The station was off the air only 45 minutes, but in an amusing sidelight, Salamon discovered that the transmitter site had no cart machines. Since all WHN's music is taped on carts, Salamon was forced to drive home and bring back records from his personal collection to air between news broadcasts.

**WNEW-FM** originally went off the air, but halfway through the blackout managed to hook up a makeshift rig at their Empire State Building transmitter site. Program Director **Scott Muni** did a show, "Focusing on...the positive human interest developments" arising from the blackout. Muni added, "It was a little frightening up there looking out at all the fires in Brooklyn."

**WPLJ** went off the air in the middle of **Derek & the Dominos'** "Layla." When power was finally restored, the first record played was "Layla," and air personality **Pat St. John** outro-ed it by quipping, "That was the 18-hour-long version of 'Layla'."

**WOLFMAN JACK CONTINUES TO PROWL THE COUNTRY**—WKMI/Kalamazoo personality **Jeff Mark** and **Wolfman Jack** are pictured above during the Wolfman's guest DJ visit at the station. While in town, Wolfman emceed the Michigan Jam '77, an outdoor Rock festival which drew an estimated 35,000 fans. WKMI helped promote the event with a "Superstar Weekend" giving listeners a chance to win albums by the artists who appeared at the jam, as well as free tickets and T-shirts. And finally, much to Wolfman's delight, during his visit he helped promote the station's upcoming sixth annual "Skimping Bathing Suit Contest." WGRD/Grand Rapids was also pleasantly surprised by a visit from **Wolfman Jack** where he dropped in to do a two-man show with DJ **Rockin' Ray**. Pictured in the studio are (l to r): **Ron White**, PD, afternoon drive personality **Garry Wing**, **Wolfman**, and **Rockin' Ray**.

**MISSOURI RIVER RAFT REGATTA**—KWSL/Sioux City sponsored the largest ever Missouri River Raft Regatta with over \$3000 in prize money awarded to the first forty finishers out of a starting field of more than 140 rafts. Displaying the fact that they're not much worse for wear are **News Director Paul Gomez (R)** and **PD Doc Holliday (L)**.

## Mike Harrison

**Oh What A Night!**—The Southern California Promotion Men's Unassociation roasted KMET/Los Angeles midday air personality **B. Mitchell Reed** (7/15) at the Universal Sheraton (see page 1). Everyone had a splendid time, including the "Beamer" in spite of the fact that he was the butt of most of the evening's comedy.

I must point out, however, a comment made to me by KMET morning personality **Jeff Gonzer**: "The only thing that bothered me about the whole affair was that most of the remarks about BMR dealt with the past, his days at WMCA and KDWB, as if he were retired. It mustn't be forgotten that the man is an extremely viable and valuable broadcasting entity today."

Although it was a real thrill being exposed to the many stories and insights to the man's incredible on-the-air history, I couldn't agree with Jeff's comments more. **B. Mitchell Reed** is a shining example, to young people wishing to make careers out of being "behind the mike" artists, of eternal youth, creativity, and willingness to ride the flow of natural evolution.

We're proud to announce the addition of **WRVR/New York** to our growing family of AOR reporting stations. After months of evaluating the validity of mainstream Jazz music as an AOR form, based upon inquiries and conversations with our contributing programmers, it was apparent that the move was indeed a necessary step in this publication's reflection of the national AOR radio music scene. Although total-Jazz AOR stations are still somewhat of a novelty in relationship to the "norm," the emergence of Jazz programs and programming on AOR radio across the country is definitely on the rise and, at this point, quite prevalent. This is not to insinuate that Jazz is the "next thing." Probably not. However, there is good reason to suspect that it already is on its way toward becoming one of the "next things."

There's a lesson to be learned from our very own history and it relates to any form of contemporary broadcasting "experimentation." That is, tomorrow's mainstream is today's alternative.

### Evolution

Former **KPRI/San Diego** Program Director **Kaith Allen** will take over the Program Directorship of **96 Rock/Atlanta** on August 1st. Former **KATT/Oklahoma City** Program Director **Barbara Marullo** is now doing 10pm-2am on **KWST/Los Angeles**. **Rachel Donahue** has joined the station doing weekends...**Bear Corkery** has resigned the Music Directorship of **KSFM/Sacramento** to "develop an alternative life style"... **Tom Trunnell** is the new Program Director of **KFML/Denver**...**Kate Ingram** is the new assistant to the Music Director (**Paul Wells**) at **KSJO/San Jose**.

### Color

**92 Snaps:** **WCOL-FM/Columbus** is running a photo contest in which they're inviting listeners to send in creative photos depicting their "vision" of the station. The winning photo will be used on billboards.

**Buzz:** **WVAF/Charleston** is inviting their listeners to "catch a morning buzz" on the station. Listeners must write in their favorite song and the time of morning they'd like to hear it played on the station. If the listener calls in when the record is played, they win the album and 1 lb. of Columbian (the kind you drink).

**Album Packages:** **WNOR/Norfolk** gave away 15 packages each containing 12 WEA albums plus 120 individual albums.

**Frisbee Tournament:** **WMC-FM (FM-100)/Memphis** held one in conjunction with **UA Records**. The winner got a trip to the West Coast to see an **American Flyer** concert.

**Works:** **WCCC/Hartford** ran a postcard contest in which the winner got to go to the **ELP** concert in a limo, plus an entire **ELP** library.

**WAAL/Binghampton's MD Steve Becker** reports that the station also gave away **ELP** albums.

**Infinity Volleyball:** **WILS/Lansing** held a game with a 5 foot volleyball in 95 degree weather that produced a lot of sweat and some strong arms from pushing the big ball around for three hours. There were no official teams or scoring. Just a couple of hundred people who played until they couldn't stand up.

**Evening On The Green:** **WAAF/Worcester** presented an outdoor evening which consisted of the station staff playing the police in a softball game, followed by a free concert with **Andy Pratt** and **Whistle Stop**. Grilled hot dogs and refreshments were provided by the **Polar Corporation** with proceeds benefiting the **Jimmy Fund**.

**UFO?:** **WKZL/Winston-Salem's** flew over several locations over the 4th weekend with their logos on a banner surrounded by lights. At one point the glowing plane was mistaken for a **UFO**.

**Wet Things:** **KRST/Albuquerque** ran a wet T-shirt contest and a wet jockie shorts contest. The latter was the inspiration of air personality **Marilyn Pittman**.

### Concerts & Conversation

**Presentations:** **WZZQ/Jackson** presented **Mac McAnally** for \$1.02 for the benefit of **NORML** and the **Mississippi Animal Rescue League**. They sold out 2500 seats...**WQDR/Raleigh** presented a "Rising Star" concert with **Clover** for \$1.94 at **The Pier**. Albums of the group were given away...

**Radio Concerts:** **Tracey Nelson**, **Spider John Koerner**, and **Tony Glover** on **WIBA-FM/Madison**...**Tim Moore** on **WLIR/Long Island**...**Brand X** and **Glass Onion** on **WCMF/Rochester**...**John Mayall** on **WBLM/Maine**...**John Klemmer** on **WSHE/Miami**...**Led Zeppelin** (from the Kingdome) on **KZOZ/Seattle**...**Alex Bevan** on **WMMS/Cleveland**.

**Interviews:** **Chuck Mangione** on **KFIG/Fresno**...**Four Seasons** and **Caroline Peyton** on

**WVAF/Charleston**...**Geils** and **Stephen Stills** on **KWST/Los Angeles**...**Captain Beyond**, **Judas Priest**, and **Head East** on **WSHE/Miami**...**Doobie Bros.** and **Charlie** on **WABX/Detroit**...**Greg Lake** on **WAAF/Worcester**...**Alexis** on **WKDD/Akron**...**Vassar Clements** on **WQSR/Tampa**...**Greg Lake** on **WLIR/Long Island**...**Alan White** on **KZOZ/Seattle**...**Outlaws** and **Ray Benson** on **KZAM/Seattle**...**Sonny Terry** on **WCMF/Rochester**...**Journey** on **Y95/Rockford**...**Johnny Winter**, **Joan Baez**, and **Elliott Randall** on **KWFM/Tucson**...**Clover** on **WQDR/Raleigh**...**Balcone's Fault** on **KOME/San Jose**...**Renee George** on **KTYD/Santa Barbara**...**Ben Sidran**, **Joan Baez**, and **Elliott Randall** on **KXFM/Santa Maria**...**Bill Graham**, **Frank Marino**, **Greg Rollie**, and **Dave Mason** on **KSJO/San Jose**.

## B. Mitchell Reed Roast

BMR arrived at the roast in an ambulance complete with lights flashing and siren wailing.

KMET/Los Angeles VP/IGM, **L. David Moorhead** described the size of BMR's "fuse" as he revealed a never-before-heard episode in the Beamer's explosive career.

BMR, **Mike Harrison** (C), and **Sharrison** (R) pose for the camera immediately following the roast.

MCA VP of Promotion, **Ray D'Ariano** described how BMR gave him a **WMCA "Good Guy"** sweatshirt when he was a kid growing up in **New York City**. He went on to say how heartbroken he was when "Mitch" suddenly upped and disappeared one day. He then turned and threw the shirt at BMR.

BMR howls as **A&M Los Angeles Promo Rep JAN BASHAM** awards him a "Stiff" record for his many contributions to the music industry, on behalf of the **Southern California Promotion Men's Unassociation**.

KMET/Los Angeles PD **Sam Bellamy** is pictured here "begging" any other Program Directors in the audience to "please take BMR" off her hands.

**KPSI/Palm Springs GM, Elliot Field** discussing the days when BMR worked with him as a jock at **KFWB/Los Angeles**.

**Billboard Radio Editor, Claude Hall** (L), **KABC** air personality **Bill Balance** (C), and BMR swapped a few old radio stories during the cocktail party preceding the roast.

**KFWB/Los Angeles Sports Director Cleve Herman** (L) and BMR shared a few memories about the days they worked together at the station when it was a **Rocker**.

## Comparative Ads Turn The Tables

Advertising agency **Ogilvy and Mather** has completed a second survey on the effects of comparative ads, and has found that they may in fact help out the advertiser's competition as much as their own. This survey studied the effects of such ads on men, concluding that comparative TV ads provide little advantage for the advertiser or consumer. 25% viewing the spots found them confusing.

## Miller Introduces Second Low-Cal Beer

The successes of lower calorie beer by major manufacturers has made **Miller Brewing** decide to market a second even lower calorie brew, "Players." Test marketing is now in the works in Sacramento, Tucson and Lincoln, with ad support planned after distribution is in full swing. Theme for the campaign is "better half," drawing attention to Player's half-the-calories recipe.

## Big Increases For White Collar Jobs

One of the largest increases in white collar workers' pay was noted in the past year, according to **Labor Department** statistics. Professional, administrative and technical job pay rates rose 7.1% during that time period, the second largest increase since the Department started tracking such figures. Chief accountants' salaries rose the most, up 10.5%, lowest of the white collar increases were for attorneys and computer operators, up 5.4%.

## ACT Protests Rippy Promotion

**Action for Children's Television** has filed a formal complaint with the **FTC** against **Jack In The Box** objecting to the current "Be in a TV commercial with Rodney Allen Rippy Sweepstakes" ad campaign. ACT argues that use of the sweepstakes promotion "to entice young viewers to consume food products" is in violation of the Federal Trade Commission Act. A temporary injunction is sought against Jack In The Box's parent company, **Relston Purina**, from airing the 30 second spot currently being used in the California ad push.

## They'll Still Deliver, But It's Going To Cost More

The **Postal Service** is proposing a new "citizen's rate" for first class letters, at President Carter's suggestion. The present 13 cent rate would remain for an indefinite period, but other rates would increase. Personal use mail would have to meet certain requirements to retain the 13 cent rate. Set for increases are Registered mail, up to \$3.30 from \$2.10; post office boxes would raise proportionate to their size, largest boxes up from \$30 to \$50 semi-annually. Special Delivery letters up to \$2.10, from \$1.25; Certified mail increases 30 cents to a total of 90 cents. Insurance on mail also increases according to the parcel's value.

## NABET Strike Update

**AFL-CIO** President **George Meany** has been asked to act as a mediator in the months long **NABET** strike against **ABC**. Until Meany directly contacts them, ABC has said that they will not comment on the possibility of his intervention. In other news of the strike, NABET has released what they say is court testimony from ABC executives on how the strike has affected their operations. The testimony held that electronic news gathering capabilities have been drastically hurt since the start of the strike, and that ratings on ABC's Monday Night Baseball were far below normal because of the reduction in technical equipment used in the games' transmissions. Other sports events were likely to be hurt by the strike, the network said. Picketing has prevented coverage of at least three nationally important news items in the past few weeks as well.

## McDonald's "Glasses To Go" To Go

**McDonald's** restaurant chain has announced the discontinuation of its "Glasses To Go" promotion. The decision was made due to public confusion over the glasses' safety because of the lead content in paint used on the outside of the items. Although the **FDA** and independent testing authorities found no evidence of public health hazards from the glasses, McDonald's President **Edward Schmitt** has asked all McDonald's to refrain from distributing them until the proper government agencies can establish a definite code regarding decorative glasses.

## Goodbye Movie Houses?

A research and consulting firm has said that they predict movie theaters will be obsolete by 1985, the victims of big screen entertainment now available for the home. Numerous theater companies are disputing the firm's prediction, while they do admit that home video systems will take a bite out of their business, the eight year prophecy seems a bit radical to them.

# COUNTRY

## Direct From Duncan

by Jim Duncan, Country Editor

Sure enjoyed my trip to Seattle last week for the CMA board meetings. This was my first chance, in person, to listen to radio in the great Northwest. Both stations KAYO and KMPS have very listenable radio stations. It is very understandable why they are so close to each other in the ratings. Also, had a chance to listen to KMO/Tacoma for awhile on my drive to the hotel from the airport. They are also very respectable. It was certainly a pleasure to get to know many of the staffs of each station in Seattle during my visit. I would like to thank RON NORWOOD, PD of KMPS, and his lovely wife for a delightful dinner. Enjoyed my lunch with you too, BEN PEYTON, PD of KAYO. I'll be running some pictures we took at each station during the trip next week. Seattle is a beautiful part of the country, and if you ever get a chance to go there, don't pass it up. Special thanks to RCA's CARSON SCHREIBER for acting as my tour host of the area. I don't know if he planned it this way or not, but the first seven records I heard on the Seattle and Tacoma stations were RCA records. (I swear, he must have had a tape recorder hidden somewhere in that car!?!). You will find the complete information on the CMA's activities in Seattle in this issue...

### CMA In Seattle

The third quarterly board meeting of the Country Music Association met last week in Seattle, Washington, at the Washington Plaza Hotel. CMA President DAN MCKINNON called the meeting to order and CMA Board Chairman NORM WEISER presided over the session.

CMA Director BUD WENDALL reported over 13,000 persons attended the recent Fan Fair held in Nashville. Next year's event will be held June 5-11. FRANCIS PRESTON, the Long Range Committee Chairman, brought the board up-to-date on the success of the CMA show recently at IMIC in Amsterdam. Performers included RONNIE MILSAP, TAMMY WYNETTE, and CHARLIE RICH. Ms. Preston also announced CMA will produce a show at Mus-Expo '77, scheduled October 28-November 1 in Miami Beach. During the International Committee report, WESLEY ROSE presented a five minute video tape which capsulized this year's International Show at Fan Fair.

According to IRVING WAUGH, Chairman of the Television Committee, this year's CMA Awards Show will be held again at the Grand Ole Opry. The show will air on the CBS-TV network 8:30-10pm. (Central Time) and will feature as host JOHNNY CASH.

Three new audio-visual cassette presentations will be available in mid-August. They were prepared by three different CMA committees: Broadcasting, DON NELSON, WIRE/Indianapolis; Record Merchandising, CHIC DOHERTY, MCA, Nashville; and Public Relations, GAYLE HILL, Gayle Hill and Company. These presentations were prepared for distribution to CMA organizational members upon request.

TANDY RICE, Chairman of the Talent-Buyers Seminar committee, reported that plans are underway for this year's event. Again it will be held the week before this year's CMA convention in October.

Judging for the 1976-1977 Country Music Month contest will take place shortly after the August 15 entry deadline. As has been mentioned before, the winning Country radio

station from each category, small, medium and large markets, will be offered transportation to Nashville, accommodations for a station representative, as well as the author and spouse of the station's joke, during three days in October to attend the taping of "Hee-Haw." Each station will get to perform a joke on the syndicated television series as the grand prize of the competition.

Also discussed during the CMA's meeting in Seattle were reports from CHARLIE SCULLY, Membership; HUTCH CARLOCK, Anti-Piracy; JIM FOGELSONG, Music City Golf Tournament; DAN MCKINNON, Founding President's Award; RALPH PEER, Insurance Committee; FRANK JONES, Country Music Foundation; FRANCIS PRESTON, Meetings and Arrangements Committee; BUD WENDALL, Artist-DJ tape sessions; and R&R's Country Editor JIM DUNCAN

During the past Fourth of July holiday weekend, members of the WDEE/Detroit staff, (and a couple other familiar faces), got into their T-shirts and promoted Sonny James' latest Columbia album, "Sonny James In Person, In Prison." Listeners of the "Big-D" had a chance each hour during that weekend to call in to win a shirt and an album or eight track tape.

## Inside Nashville

JOE JOHNSON, whose 4 Star Music Company is in Chapter 11 bankruptcy, says he is in the process of putting together a new company; 4 Star Productions, incorporating two other companies Johnson owns, 4 Star Records and Kemper Music, which are not involved in the legal and financial tangle surrounding 4 Star Music. "The new production company will operate until the bank comes across with a settlement or until we win the case," Joe said, concentrating on development of new artists. His new partner, CHARLES AMMERMAN, describes his recent \$225,000 investment as a "downpayment with more capital available on an as-needed basis." Ammerman is a businessman from Fairfield Illinois whose major interests are in Nationwide Trucking.

He is co-owner of A&M Truck Brokers in Los Angeles.

DATeline: JOHNNY "K", former WENO PD and for the past year on the promotion staff at JOE & BETTY GIBSON's Nationwide Sound Distributors here, moves to the promo department for EARL RICHARD's R.P.A. (Records Production of America). ITEM: MOE BANDY, in town for sessions with producer RAY BAKER, guested at WEBB PIERCE's Rhinestone Cowboy Club Thursday night, followed by DON KING on Saturday night. WENO hosted the premier of a new film called "Stars Beyond The Stars" spotlighting deceased Country stars at Nashville's Hermitage Landing. HANK WILLIAMS JR. was among the honored guests with his new wife BECKY...Vice President WALTER MONDALE

## CMA In Seattle

(Continued from page 36)

made a report for the DJ Committee. The main plea from his committee was for the nominees of the D.J. of the Year awards be given mention on the nationally televised awards show in October. IRVING WAUGH of the Television Committee informed the board he had received approval from the producers of the show to have the names mentioned on this year's show. Other reports were given by TOM COLLINS, Treasurer, and JOE TALBOT of the Finance Committee.

Tuesday evening following the various committee meetings, members of the board took a boat trip across Puget Sound to an island, which is an Indian reservation. Steamed clams and fresh barbequed salmon were the highlights of the four hour cruise. At lunch on Wednesday, the board was hosted to a reception at the hotel by JACK ROBERTS and MARLIN PAYNE of the Jack Roberts Talent Agency. On hand were representatives of the Country radio community, as well as, members of the local press. Entertainment was provided by PAT ROBERTS and the EVERGREEN DRIFTERS. During the luncheon, CMA President DAN MCKINNON was presented the "Key To The City" by City Council President SAM SMITH.

During the stay in Seattle, CMA officer and R&R Country Editor, JIM DUNCAN visited Country stations KAYO and KMPS.

Bill Collins, midday man on KNEW/Oakland-San Francisco, is pictured with a group of his listeners he recently had to lunch. Listeners were asked to send in a card if they wanted lunch with Collins. Each winner had lunch with him, while he was on the air. The show was broadcast from KNEW's conference room. The food was catered and each winner also received a variety of gifts from KNEW sponsors.

RCA's Ronnie Milsap recently performed in the Philadelphia area. Nick Reynolds, Music Director of WRCP/Philadelphia, and fellow resident Pal Rakes, who records for Warner Brothers, are pictured back stage after Milsap's concert. Shown (left to right) are Milsap, Reynolds and Rakes.

## POP/ADULT NOTES

MIKE KASABO

\* Stephen Bishop's "On And On" first appeared in the Pop/Adult section way back in the April 8th edition under New & Active. Now almost three and a half months later, it is showing somewhat of a revival in terms of new airplay...see above.

Carole King's initial single release for Capitol "Hard Rock Cafe" appears to be off to a great start...see New & Active.

It was a pleasure to meet Meri Wilson last week...she took time out of a heavy radio promotional schedule to drop by for a brief visit and picture taking session. Meri even brought her own telephone.

Johnny Mathis had a strong week with "Ariane"...see New & Active.

I've almost lost count of the available versions of "Star Wars," but so far the 20th Century release is in the lead.

Charlie Rich's "Rollin' With The Flow" showing hot activity at a number of heavy-weight stations...WIOD, KHOW, WTMJ and KMBZ.

Johnny Rivers tops this week's New & Active list. Many programmers feel that it's been too long between hits for Rivers, and at the rate he's picking up stations, it appears that his slump is over.

Kenny Rogers, who just came out of his draught, is starting to score early with his latest... "Daytime Friends." Check New & Active.

Congrats to James Taylor, the "Handy Man," for coming in as this week's "Hottest."

New Jim Weatherly went right on WHIO, KMBZ and WHIZ.

Alice Cooper continues to add stations...WBZ, KHOW, WHOK, K96 and WAKR.

Kenny Loggins showing strength as a solo act with his release "I Believe In Love." Action noted at WGGA, WGST, KUKI, WSM, WLW, 14RKO.

Barry Manilow's live cut of "Daybreak" is starting to show some good signs...notably at WNEW, WTRX and WJAK.

The Sanford-Townsend Band single "Smoke From A Distant Fire" keeps getting more and more P/A exposure. Several programmers commented that the lead vocalist sounds amazingly like Van Morrison.
