N.Y. Telephone Contest Issue Settled

In a potentially precedent-shattering decision, the New York Public Service Commission has issued an order calling for a 24% completion rate to be instituted in all New York City radio station call-in contests, as of November 1. Since every completed call in the New York City area is charged to the caller, a 24% completion rate would mean that 1 out of every 4 callers in a call-in contest would have their calls answered by a recording device, informing them that a winner in the contest had been determined, and the callers would then be charged for the call.

The decision followed hearings in a hotly-contested case dating back to June 1976, with the New York Telephone Company pitted against the ABC, NBC, RKO, Sondering, and Storer broadcasting companies, representing stations WABC, WNBC, WXLO (99X), WWRL, and WHN. The phone company had contended that mass volume callin contests had blocked their phone systems, with most callers allowed to participate without paying for the privilege, since almost all calls except those of winners were not answered by the stations. The radio stations, on the other hand, maintained that the effect of using answering devices announcing that winners had already been selected plus the significant new risk of callers paying for their participation which the new system would create, would act as a strong discouraging factor for future call-in contests. Although the New York payment for each completed call system is a special case, the system has been spreading nationwide and is regarded as the wave of the future by most observers. Therefore, the distinct possibility that the Commission's ruling could lead to similar action in other cities may pose a major threat to radio stations' traditional phone-oriented promotions.

The phone company had contended that the blockages in the phone system had caused a situation, according to the company, where even emergency calls could not be completed. Originally, the phone company had sought a ruling for a 67% completion rate. Ray Baxter, Production Manager, Mass Calling for the New York Telephone Company, told REAR: "The 67% completion rate is the average for the New York City area. The phone company attempted to bring broadcasters up to the average." Radio

stations, on the other hand, contended that the attempt to institute an arbitrary completion rate, forcing callers to pay for calls and discouraging participation in contests, represented a form of discrimination.

Rate Up For Re-Evaluation

The 24% completion figure represents a "break-even point" for the phone company, whereby the special "choke service" instituted to handle a large volume of calls would pay for itself. The commission, Baxter stated, also "recognized the need for further cost studies" on the part of the phone company, and stipulated that the company could resubmit estimates for a future re-evaluation of the 24% completion rate. The company plans to do so "after the market stabilizes," following the adoption of the new system by area stations, with time allotted to study the system's effect on phone use. Under the 24% ruling, after a contest winner is determined, a minimum of one out of every four callers will, instead of getting the usual busy signal, have their calls answered by a recording device, informing them that a winner has been chosen. The caller will then be charged the regular rate for the call, which in the New York market will also result in a large number of toll charges for callers outside Manhattan exchanges. The recording devices will be supplied by the phone company, with radio stations supplying the messages and paying for the added lines and call directors necessary to maintain the system.

Although certain radio stations have objected to the phone company's charges and rates as discriminatory, according to the company itself the actual costs of the "special call-in service lines" are no higher than individual businesses' message rates, with an added stipulation that a minimum volume of calls be recorded, which should be no problem, Baxter says, for radio stations to "exceed three or four times over."

No Lottery Danger

One potentially dangerous implication of the new ruling was minimized by Norman Lavinthal, the Washington D.C. attorney who represented the New York radio stations in the hearings. Although at one point speculation had been raised that with callers forced to pay for their calls, the conditions of a lottery (prize, chance, and

now consideration) would be suddenly met, Levinthal emphasized that because the callers would be paying a consideration to an outside party (the phone company), and not the radio station itself, that the lottery issue was not applicable. Also, the minimal amount of cost per call was judged as an insufficient amount of consideration of a lottery, similar to a judgment several years ago noting that postcards were not sufficient consideration.

The radio stations had contended that their callers should not be forced to pay for attempting to win a call-in contest, but the commission recognized participants as an "integral cost-causative cause," and maintained that they had made a conscious decision to participate in the contest, with phone charges being no different in essence than paying for a postcard to mail in while attempting to win a contest. For the phone company, the 24% rate will, they believe, serve as a significant discouraging factor to callers, cutting down the number of repeat call-in attempts; however, Baxter opined that radio call-in contests would not suffer significantly if the prizes remained sufficiently attractive to callers.

The crucial implication of the New York decision is whether it will be adopted as a precedent in other areas. Baxter termed the decision "a viable solution to the mass call-in problem," and was of the opinion that "many people will be looking toward this decision." Similar action by phone companies across the country can be regarded as a definite possibility, with the future of call-in contest promotions appearing to be subject to drastic change and, possibly, curtailment.

Broadcast Bureau Calls For Bartell's WMJX License Denial

The FCC's Broadcast Bureau recommended that Bartell Broadcasting's application to renew its license for WMJX/Miami (96X) be denied. The recommendation came as a result of hearings on alleged distortion and falsification of newscasts by the station as part of two contest promotions. In April 1975, 96x (then WMYQ) launched a "Devil's Triangle Trip" contest, followed up by a "Find Greg Austin" promotion, which involved air personality Austin traveling to the mystery-shrouded Bermuda Triangle area with listeners asked to pinpoint his location. Apparently, to promote the "Find Austin" contest, 96X broadcast reports of Austin's disappearance during regular newscasts.

The Broadcast Bureau concluded that the station had indeed "broadcast false and misleading announcements and falsified the

news" in connection with the contests. It also found that Bartell had failed to abide by representations made to the FCC in an earlier letter of January 20, 1975, regarding the broadcast of false, misleading or deceptive matter. In addition, Bartell was cited for a rule violation as a result of "negligent supervision" of its employees.

Concluding, the Bureau stated: "Based on its past performance, Bartell cannot be expected to exercise due diligence and comply with the commission's policies, let alone its own rules and contests and promotion... Therefore it is concluded that a grant of Bartell's application for renewal of license...would not serve the public interest, convenience, and necessity. The application should be denied." An appeal from Bartell on the recommendation is expected.

RKO Acquires KBPI-FM/Denver

RKO has purchased Denver's longstanding AOR outlet KBPI-FM for approximately \$2.5 million, according to RKO Radio President Dwight Case. The station's format will remain AOR, representing RKO's first foray into the AOR area. "We have no designs on changing it," Case told R&R. "It matches perfect-

ly with the demographics we're trying to sell."

The KBPI purchase does not signal an end to RKO's expansion. According to Case, the new acquisition "still leaves an AM license open, and we're currently looking in four different cities." The sale is subject to FCC approval.

Cables Cut At KYSN; Sabotage Suspected

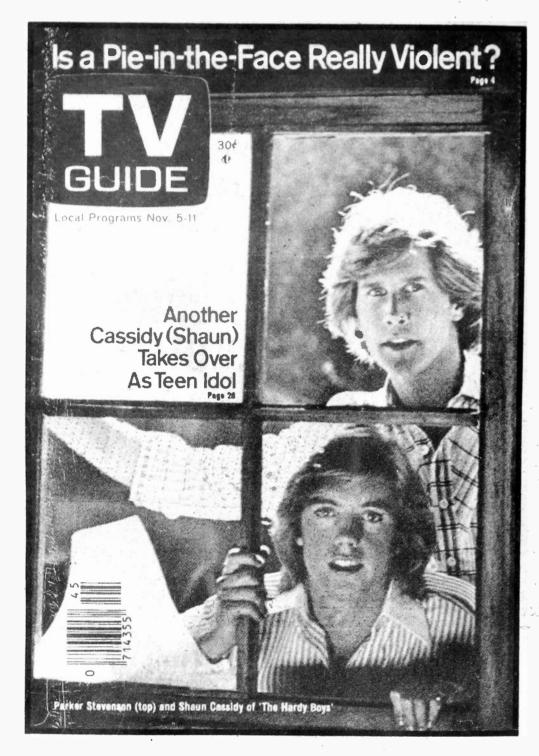

A crucial guy wire in the transmitter of KYSN/Colorado Springs was severed October 25, causing the station to go off the air for three hours. According to KYSN Program Director Marc McCoy, the damage was inflicted by "someone who knew what he was doing." Colorado Springs police are investigating the incident, as well as the FBI.

McCoy feels that sabotage is a definite possibility. "We're starting with that basic premise," he told RGR. "It's a strange coincidence that it happened in the midst of a rating period." Informal police opinion also indicates some form of sabotage, according to McCoy. The station has offered a \$1000 reward for information leading to the arrest and conviction of the

perpetrator, with ads running in local newspapers.

KYSN's engineering crew was able to put the station back on the air after three hours via an auxiliary tower. KYSN is currently broadcasting on half power pending repair of the main tower within two weeks

Klein Case Goes To Jury

The income tax evasion trial of former Beatles manager Allen Klein, underway since early October. went to the jury for a verdict Thursday (November 3). Klein has been charged with failing to declare over \$220,000 in income from the sales of promotional records in 1970-72.

Recent developments have centered around Klein's former promotion man, Pets Bennett, a witness for the prosecution in this case. Bennett testified that Klein had been aware of Bennett's sales of promotional copies of Beatles and other product, and that Klein had received money from the sales.

Bennett has already pleaded guilty to similar tax violations, and his sentencing awaits the outcome of Klein's trial.

A number of prosecution witnesses testified that they had seen either large numbers of promotional records earmarked for Bennett or large amounts of cash allegedly resulting from the sale of the records. ABCKO (Klein's company) Vice President Joel Silver stated that Bennett had given him cash on approximately a dozen occasions to hold for Klein, with the cash, according to Bennett, coming from promotional record

sales. Silver also stated that he handed the money over to Klein. Salvatore Vasi, a musician/personal manager, testified that Bennett had shown him a bag with \$8000-9000 in it, and later had witnessed Bennett giving the bag to Klein at Klein's request.

Last week, Klein denied any knowledge of Bennett's promotional record-selling activities. The defense and prosecution cases wound up this week, with the jury verdict to follow.

Beatles Lead UK Industry Britannia Awards

Two splintered acts, the Beatles and Simon & Garfunkel, were double winners in the British Phonographic Industry's Britannia Awards celebration. The awards, designed to coincide with the Queen's Silver Jubilee, honored outstanding record achievements of the last 25 years, as selected by representatives from British record companies. The Beatles won Best British Pop Group and Best British Pop Album ("Sgt. Pepper"), while Simon & Garfunkel won Best International Pop Single for "Bridge Over Troubled Water" and Best International Pop Album for their LP of the same title, one of the most successful in chart terms in British history.

Other winners included Cliff Richard for Best British Solo Artist (Male), Shirley Bassey for Best British Solo Artist (Female), and George Martin for Best British Record Producer. Procol Harum's Whiter Shade Of Pale" and Queen's "Bohemian Rhapsody" tied for Best British Pop Single, while Most Outstanding New British Record-

KGFJ Becomes New "Kat" In Town

KGFJ/Los Angeles, longtime Black-formatted mainstay in the market, is undergoing major call changes. The station has switched to call letters KKTT, but is identified almost universally as "The Kat." A new airstaff has been brought in, and the station has shifted its music emphasis considerably. "We don't have a Top 20 playlist playing over and over, said Program Director Don Mac.

"We'll be playing more older material, a broader spectrum radio approach, a lot of album cuts, old and new. We found in our audience surveys that the repetition factor was a big turnoff."

The station will also stress greater community involvement. "There's more to it than just playing the letter, identification, and style hits up on Wilshire Blvd.," Mac told R&R. "We plan to offer a forum for our listeners - access to the airwaves." The station has also equipped a complete mobile studio vehicle capable of broadcasting remotes from any location, and has air personalities out on the streets frequently. The new air lineup is as follows: Early Allen from K104/ Dallas, 6-10am; Warren Epps (WDIA/ Memphis), 10-2; Don Mac, 2-6; Deon Jackson (KLOS/Los Angeles) 6-10pm; Dercel, a KGFJ holdover, 10pm-2am; Tyrone Nelson (WPDQ/ Jacksonville), 2-6am; and Donnell Boyd (KOSM/Ontario), weekends.

KFC Aims For Unified Ad Theme

Kentucky Fried Chicken switching agencies to Young & Rubicam, is looking to establish its new "It makes you feel good inside" campaign on a national basis to reverse a slight slump. In their nationwide game of chicken, Church's Fried Chicken of San Antonio gained 10% in sales per store, while KFC dropped 5%. KFC hopes that if the new Young & Rubicam campaign proves strong enough, that the company's 900 company-owned stores (represented by McCamperickson) will also utilize the same slogan and approach. The new campaign reportedly features an uptempo song sung by a female vocalist with back-up group, with "family-oriented, Americana" visuals. KFC's kiddie-oriented cartoon symbol, Fowler the Fox (subject of an earlier R&R report), although created by KFC's outgoing agency, Leo Burnett U.S.A., will continue to be tested in some markets.

Martin's Silver Hammer

Comedian Steve Martin has been signed to play the role of "the villainous Dr. Maxwell Edison" in the upcoming "Sgt. Pepper's Lonely Heart's Club Band" movie, a role which presumably involves a silver hammer and a tendency towards braining innocent passers by with it. That's assuming that the Beatles tune "Maxwell's Silver Hammer" is the basis for the character in the first place. If not...well, excuse us.

FCC Nominee Opposes Government Censorship

Tyrone Brown. nominated to fill the last remaining FCC vacancy, told the Senate subcommittee reviewing his nomination that he opposed government regulation and censorship of programming content. He stated that public pressure, even in the area of TV violence, would eventually cause broadcasters to respond. He also suggested that a tax incentive could help encourage minority ownership of broadcast facilities. Brown expressed support of the fairness doctrine, but also registered reservations on its effects. He said he had reason to believe that he would be appointed to a full FCC term following the expiration of the term of Benjamin Hooks, the commissioner Brown was nominated to replace.

"Lone Ranger" Remake Makes Grade Hopeful

Sir Lew Grade, the famed British entertainment figure, now has \$100 million committed to a number of films in production, and has announced plans to start a big-budget remake of "The Lone Ranger." The "Ranger" will be "modernized," and will start filming in the summer of 1978. Grade will also make a family-oriented film starring the Muppets, who have risen to phenomenal popularity heights in England.

Burger Chef Goes To "Wars" On Radio

The Burger Chef chain has inaugurated a six-week midwestern radio campaign tied in to a "Star Wars" poster offer. 30 and 60 second radio spots are being used in addition to 30 second TV spots and point-of-sale materials, with commercials featuring "Star Wars" characters coming to a Burger Chef outlet in outer space to collect their posters.

Most Believable Ad Slogan

According to a consumer survey covering 10 well-known major advertising themes, Hallmark Cards "When you care enough to send the very best" received the highest believability rating. 2531 respondents were asked by R.H. Bruskin Associates of New Jersey to rate the slogans as completely true, partially true, or untrue, with Hallmark's 33-year-old slogan garnering a 62% completely true rating. Hallmark barely edged out Kodak's "Kodak makes your picture count," which notched up a 60%. Lowest of the batch? Beneficial Finance's "You're good for more," which received a 30% completely true rating, with a 31% untrue rating to match it.

Yogurt Shakes Up Radio

The connection between yogurt drinks and discomusic may appear to be slight, but the combination is being tested on West Coast radio stations and in newspaper ads. Avoset Foods is marketing "Shake 'n' Drink," a low-fat yogurt fruit drink in four flavors, stressing the need for shaking before drinking because the fruit mixture tends to settle at the bottom. To emphasize this shaking process, the company is using "shake your yogurt" theme with KC & the Sunshine Band-styled music. Avoset plans to break the new drink nationwide in 1978, pending results of the West Coast test.

Station License Revoked

WWLE/Cornwall. N.Y. has had its license revoked by a FCC administrative law judge, for making a number of misrepresentations to the agency. Judge Thomas Fitzpatrick stated that the station had undermined its trust when it filed inaccurate information regarding a transfer of control of the station.

Harte-Hanks Southern Purchase Terms Change

Harte-Hanks Communications has signed a definitive agreement to buy Southern Broadcasting Co., with terms slightly altered from those announced previously in R&R and elsewhere. The total \$57 million price stands, but \$15 million will be paid in cash at closing instead of \$16 million, with the balance to be paid in 10-year 8% notes. The purchase is still subject to Southern shareholders approval.

New Soft Drinks Ready To Pop

Procter & Gamble and Pepsi-Cola are both reportedly readying new soft drinks for test marketing purposes. The P&G brand is particularly interesting, as it supposedly utilizes carbonation at the point of use (presumably like the famous "Fizzies" of the 60's, or using a teabag-style arrangement). Pepsi's new entry is called Aspen, and is said to resemble champagne vaguely, and be similar to Pommac, a European soft drink marketed here by Dr. Pepper a decade ago. Reports of the new champagne-styled soft drink led to rumors that Coca-Cola would be developing a new wine-like beverage called 'Coke Au Vin," but this seems unlikely.

Wexler Senior VP At Warners

Jerry Wexler has been appointed Senior Vice President and A&R Consultant at Warner Bros. Records, based out of New York. Wexler, a lifelong innovator responsible in large part for establishing Atlantic Records (and a number of modern record industry techniques and attitudes along the way), was most recently a consultant for Atlantic and an independent producer. Mo Ostin. Chairman and President of Warners, said: "Jerry is the senior producer in this industry and the most complete record man I know. He adds another dimension to Warner Bros. Records not only because of his vast executive experience and intellect but also because of his New York 'presence'."

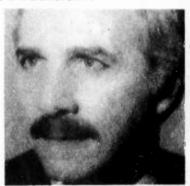

Elton, Andy, Abba Get Soviet Bullets (On Charts)

Bowing to the reader pressure, the youth-oriented Moscow newspaper Moskovski Komsomolets has inaugurated three monthly music charts—one for top Soviet songs, one for top foreign tunes, and an album Top 10. As in much of the world, Abba dominated the charts, placing their current U.S. single "Money Money Money" at No. 3 and past hit "SOS" at No. 5, as well as an album at No. 6 in the LP charts. However, Andy Williams, a big Russian favorite, topped Abba in the LP sweepstakes by placing his "Andy Williams Sings" album at No. 3, behind a Soviet release and an album by Dutch group Teach-In (similar to Abba in sound). Elton John managed a Top 10 placing for his single "Goodbye Yellow Brick Road," registering at No. 7.

Series Finale Makes ABC Weekly Champs

The sixth and final game of the 1977 World Series was a solid winner in the week's Nielsen sweepstakes, racking up a 33.9 rating with ABC. That network won the week's competition with a 21.1 rating, vanquishing a strong NBC with a score of 19.9 score, with CBS a distant third at 16.9. NBC's showing was in large part due to the success of its "79 Park Avenue" three-part series; Part I fell into last week's ratings period, but Parts II and III finished second and third for the week ending October 23. Following the Series and "79" were 4) ABC's "Charlie's Angels" 5) ABC's World Series pregame show 6) NBC's Saturday Night Movie, "Little Big Man" 7) NBC's "Little House On The Prairie" 8) a tie between two CBS entries, "All In The Family" and "Alice", and 10) ABC's "Barney Miller." Highest rated new series was ABC's "Love Boat" at 23rd, with NBC's "Rosetti & Ryan" finishing last at 65th. New shows debuting during the week were CBS' "Baby I'm Back" pilot, coming in 36th on Saturday, and NBC's revival of "CPO Sharkey," which finished 52nd.

In Arbitron's ratings week ending October 21, the World Series scored a clean sweep in Los Angeles, but surprisingly, the Yankees' victorious final game couldn't win the top spot in New York. That city's viewers gave the nod to NBC's "79 Park Avenue Part II," with the final Series contest finishing second. From there, 3) "Charlie's Angels" 4) a three-way tie between "79 Park Avenue, Part III," ABC's "What's Happening," and Game 5 of the World Series 7) Game 4 of the Series 8) ABC's "Welcome Back Kotter" and CBS' sole Top 10 entry, "All In The Family" tied, and 10) "Barney Miller" and "Love Boat."

In Los Angeles, Game 4 of the Series topped the ratings by a healthy margin, with Games 5 and then 6 following. Next, 4) ABC's Sunday Night Movie "White Line Fever" 5) "Barney Miller" 6) a four-way dead heat between "All In The Family" (again CBS' sole Top 10 contestant), ABC's Monday Night Football, "79 Park Avenue, Part III," and "What's Happening" 10) matched "Charlie's Angels," ABC's "Starsky & Hutch," and "Kotter."

CBS Scores Record Third Quarter, 9 Months Earnings

Paced by the CBS Records Group, CBS set sales and earnings records for both third quarter and nine-month periods in 1977. Net third quarter income was up 7.4% over last year to \$43.8 million, with net sales up almost 25% to \$655.4 million. Nine-month figures showed estimated net income up 14% to \$131.7 million and net sales up 24% to \$1.94 billion. CBS Chairman William S. Paley and President John D. Backe singled out the records group, stating that "earnings growth in the quarter was led by the outstanding performance of the CBS Records Group."

Could be worth keeping an eye on.

According to MCA Records, however, it is "extremely likely" that the surviving Skynyrd members will record and play again at some point in the future. The WLS "Mouseka-Mike" points the way above, with a sample of one of the three million tickets distributed around the area for the contest, where listeners call in if they hear their numbers. On the back of the Activator Card is a postcard for listeners to send in to the station, with the tickets retained so that listeners can check their numbers at all times while listening to WLS. With three million tickets out there, this is obviously no Mickey Mouse promotion.

Rock," which continues through three consecutive weekends. The special consists of a four-hour introductory chapter and 20 successive three-hour chapters. The program will deal with the emergence of Rock & Roll and will explore various sociological and cultural frameworks from which the music evolved...Back in February, KRIG/ Odessa, Tx., air personality Randy Kemp applied for the Bureau of Land Management's Adopt-A-Horse program, which is aimed at protecting wild Mustangs. ... We Crawl That ACTION!

on Epic Records

Congrats to former WQAM/Miami PD Jim Dunlap who just landed the PD gig at WIVY/Jacksonville, replacing Chuck Martin.

Jim Collins was seen in NYC late last week talking to some corporate heavies about doing national promotion for their label, which at this time has no one in the driver's seat.

Will KFRC/San Francisco MD Dave Sholin be coming to L.A. to replace Christy Wright?

Is Buck Reingold starting his own label to be distributed by RCA?

KIMN/Denver is not only running a commercial-free day but they're running commercial-free weekends and donating a certain amount of money per song they play during the weekend to a local charity. So far listener reaction has been great, as is the reaction from local charities.

Island Records has opened its new headquarters in NYC at 444 Madison Avenue. The label's new telephone number is (212)355-6550.

Rumor has it that Todd Wallace is helping out WNOX/Knoxville.

KING/Seattle PD Rob Conrad told me that all of the King Broadcasting stations played Chicago's "Does Anyone Know What Time It Is" at 2am this past Sunday when we turned back the clocks.

Dan Mason called to let me know he'll be expanding his staff at WPGC by one more jock. If you're interested in the gig send a tape and resume to Dan c/o WPGC, Box 8550, Washington D.C. 20027.

LATE MARTIMONIAL FLASH—Columbia Vice President of Promotion Bob Sherwood made a lightning proposal of marriage to Columbia's Carol Bork shortly before we went to press. With similar good taste and good timing, Carol accepted just in time for us to get the good tidings in print. The wedding takes place in January. Congratulations!

Capitol's Promo VP Bruce Wendell called me from Paris, France to tell me that Street Talk is read widely by Capitol/EMI people throughout Europe. Bruce said that when visiting a pub in London a few days ago, someone from the local EMI office quoted something from the column. I love it! Bruce is attending worldwide EMI meetings being held in Paris and in London.

My congratulations to Danny Wright from KCBQ and his wife Kristie on the birth of their new daughter. Also, papa is looking and can be reached at (714) 461-8427.

Is it true that a number of well known jocks have been in N.Y.C. lately auditioning for WNBC?

There is a real good-paying job open in **Buffalo** at **WGR**, which is a great sounding Pop/Adult station with huge ratings. If you are a strong personality jock, send a tape and resume to PD Larry Anderson, WGR, 464 Franklin St., Buffalo 14209.

KRTH/Los Angeles is running a promotion asking listeners to write to President Carter asking him to establish a yearly Elvis Day in memory of the man who changed American Pop music. I understand that someone from the station will deliver all cards and letters to the President in person.

Randy Thomas, formerly of WPLJ/New York, is now doing weekends at WQAM/Miamiand sounds great on the phone.

Richard Woodward is the new Music Coordinator at WRKO/Boston, replacing Carol Singer. Have you noticed that many stations are dropping the title Music Director and replacing it with Coordinator or Music Analyst since the people in those positions are really compiling the research, letting the PD make the final decision as to what gets added.

Rumor is that Jack Forsythe from 96X/Miami turned down a job at a trade magazine for several reasons—one of which was, why leave the sunny South for N.Y.C.?

Joe McCoy, formerly of WNBC, 39X and WCBS-FM, is seeking a programming or a major market jock position. Joe can be reached at (203) 734-9456. Joe and I worked opposite each other in New Haven about 10 or 11 years ago and Joe sounded really good way back then.

WSAI/Cincinnati has an opening for a newsperson with an extremely strong on-air presentation. Tapes and resumes to P.D. E. Alvin Davis.

Congrats to KBBY-FM/Oxnard-Ventura, Ca., on a very strong Spring Pulse that I just got around to seeing. The station came from almost nowhere to number two in the market. I understand the station is automated and runs the More Music automation format.

BOSTON IN NEW HAMPSHIRE—Brad Delp, lead singer of Epic's Boston, visited WFEA/Manchester, Pictured (I-r) WFEA midday jock Vince Tyler, Music Director Paul Barrette, nighttime jock Mark Andrews, Delp, and Epic Promotion Rep Lenny Collins.

MARRIAGE ON THE RIGHT TRACK—John E. Douglas, morning man at WLLL/Lynchburg, VA., woke up one morning and decided he "auto" get married, so he and his bride Karen motivated up to the Grand Prix race track in Watkins Glen, N.Y. The wedding was performed with bride and groom in matching overalls, with viewers agreeing that the overall visual effect was quite attractive. The station had tied in a contest, with listeners guessing who on the air staff was about to tie the knot, and where.

NEWS BULLETIN: Billy Carter has just hijacked a pick-up truck in Calhoun, Georgia. He's demanding an airplane, release of all the political prisoners in the Plains drunk tank, and six million dollars in plain, unmarked empties!

Just when you think you've put away a nice little nest egg, along comes inflation to turn it into an omelet!

I used to sing along with the records in the studio. But then one day (local) airport complained about the noise!

Remember, only 12 more shopping days 'til the rest of your life!

I used to work the all-night show, and a lot of people would call and tell me they enjoy making love during my show...Unfortunately, one of them was my wife!

I'm not worried about getting fired here. I've got a standing job offer from Radio Free Ugandal

The boss must've really tied one on last night. This moming for breakfast he had a raw egg and a glass of Visine!

(Show close) I've gotta get going. Tonight I'm hosting a telethon to try to raise enough money to buy a friend for Howard Cosell!

WELCH, AIDES VISIT CKLW—Continuing a seemingly endless promotional tour to the nation's radio stations, Capitol's Bob Welch stopped by CKLW/Windsor-Detroit Shown (I-r) are Capitol Detroit R&B Promotion Manager Vivian Fant, Welch, CKLW Music Director Rosalie Trombley, and Capitol Detroit Promotion Manager Craig Lambert.

AFTER THE AIRPLAY—WTRY/Troy played a major role in breaking Engelbert Humperdinck's "After The Lovin," and in appreciation, Epic Promotion Representative Debby Gould (right) presented WTRY Music Director Jeff Ryan with a commemorative gold record.

PD FOR "HIGHER"—Rita Coolidge and A&M Promotion Rep Johnny Shuler stopped by Z93/Atlanta to present Program Director Dale O'Brien with a gold record for the artist's recent hit "Higher and Higher." (L-R) O'Brien, Coolidge, Shuler.

THE KNDE MEN CAN—KNDE/Sacramento banded together with the March of Dimes for "Megawalk 77," with 2000 listeners joining in the charity exercise. (L-R) morning man the Headhunter, Program Director Mark Driscoll, and afternoon jock Chucker deliver a pep talk to the assembled walkers.

KGGO SPONSORS TEEN QUEENS—KGGO/Des Moines Program Director Dick Downes was selected to MC the "Miss Teenage Des Moines Pageant" held recently at a local shopping mall. The winner, second from right, goes on to the Miss Teenage America Pageant, but the biggest smile in the picture obviously belongs to Downes.

KFRC EXPECTS WIDE RECEPTION FOR WIDE RECEIVER—KFRC/San Francisco has added San Francisco 49ers wide receiver Gene Washington to the air staff. Washington will deliver highlights from football games and commentary on upcoming contests during the Dr. Don Rose show, 6-9am, as KFRC looks to score ratings yardage during their current officerive drive.

STILLWATER RUNS TO 98Q—Capricorn artists Stillwater visited 98Q/Vidalla, Ga., recently, along with enumber of local record stores. Program Director Scott Kerr (left) did an interview with the group, three of whom are pictured with Kerr.

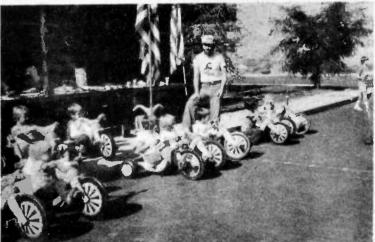

WTAC RIGHT ON THE (LASER)
BEAM—WTAC/Flint gave away
something called a "Holex Laser
Theater" during a "Star Wars" promotion. The device, held by its winners, apparently produces three-dimensional holographic pictures. Definitely a prize of the future.

LISTENERS "PHILS" UP HIS SCREEN—WPST/Trenton, N.J., gave away a \$3000 large-screen television setup as part of their "Greet Phillies Baseball Giveaway Contest." 1000 autographed Phillies baseballs were also given out. General Maneger Phil Geiger (right) awards the winner his prize.

A VAN FOR ALL SEASONS—KDWB/Minneapolis gave away four vans this past summer, including the Fantasy Van pictured. Listeners competed for the fun-truck by placing KDWB signs in visible sections of their residences.

BIG WHEELS IN LEWISTON—KRLC/Lewiston, Idaho, conducted its second annual Big Wheel Race with the Lewiston Jaycees. 217 kids ages 2-7 raced for trophies, with three Big Wheel vehicles given away in a drawing, and all contestants receiving ribbons, certificates, a burger and a soft drink. Pictured with some of the winners is Program Director Steven Alan MacKelvie.

GIVE HIM A GREAT BIG KISS—WLCS/Baton Rouge air personality Chucker just caught Guinnessmania, like many another jock, but the record he's trying to break sounds like it could be fun. Chucker will try to kiss over 3000 girls in eight hours, all for a Muscular Dystrophy Marathon. The first girl in line, incidentally, will be Chucker's wife.

Bill Todd To KRLY/Houston

Former WDAI/Chicago Program Director Bill Todd has joined KRLY/Houston as Operations Director. KRLY was recently purchased by SJR Communications, owners of WYSP/Philadelphia, WKLS/Atianta, and WKTU/New York, among others. Rumor has it the station will be consulted by Lee Abrams of Burkhart/Abrams.

KRLY, a 100,000 watt class C station, has been programming a live Soft AOR format for the past few months, but according to Todd they might change their stance after some intensive market research.

Todd told R&R, "KRLY is currently operating under an innovative form of management. There is no General Manager. Both the Sales Manager, Mike Raymond, and I will be reporting directly to SJR Communications in New York."

Todd was most recently involved with Brown Bag Productions and his wife, Rhonda Todd, will continue on with that company.

Welcome Back Tim

After a few years away from the radio side of the AOR business, Tim Powell is joining WAVA-FM/Arlington as Program Director. Tim is a former Program Director of WPLJ/New York and Music Director of KLOS/Los Angeles. He is one of the people who were significantly involved in the early evolution of the ABC-FM "Rock in Stereo" approach to AOR radio. Tim also was with WABX/Detroit and KMPX/San Francisco.

Tim most recently was with Fantasy Records serving as East Coast Regional Promotion Director, a position he has resigned to take the WAVA-FM appointment.

Joining Powell will be Donna Halper, former Music Director of WRVR/New York and WMMS/Cleveland, who will serve as MD at the 50,000 watt Arlington facility, which reportedly covers Washington D.C.

WAVA-FM has been All-News for the past 15 years and is scheduled to kick-off Powell's AOR format on or around November 15. Although no details of the format have been announced, speculation has it that it will be on the mellow side of the wide AOR spectrum with some mellow Jazz experimentation.

WAVA-FM's General Manager is Alex Sheftell and Sales Manager is Dick Tracey.

Bob Cole New KMEL PD

Bob Cole has been appointed Program Director of KMEL/San Francisco according to Century Broadcasting's National Program Director Bob Burch. Cole was most recently Music Director of the Bay Area AOR outlet under the program directorship of Thom O'Hair who recently exited. In addition to his programming duties, Cole will maintain his 10am to 2pm airshift.

David T. has been upped from weekends to fill the afternoon drive airshift (2-6pm) vacated by O'Hair. In making the appointments, Burch told R&R, "At this time I don't think it will be necessary to appoint a new Music Director. Terry Fox, the station's Creative Director, will be able to relieve Bob Cole of many of the promotional activities, leaving him time to remain in control of musical operations."

Evolution

Phil "Strider" Robinson has been upped from his position within as Production Director to become PD of KAWY/Casper...Former KFYE/Fresno MD Cecile has been named MD of KPRI/San Diego and will be doing a weekend airshift... Eric Traver has left WBUF/Buffalo and is available at 716-884-7370 or 716-882-4300. Phil Cordas is the station's new MD and continues the 7-12midnight airshift he has filled for the past couple years... WXRT/Chicago is expanding their news department with the addition of reporter Neil Parker and their sales department with the addition of Ms. Mary Jo Caliendo...Patrick J. Nugent has been named GM of KLBJ-AM-FM/Austin and will continue as Executive Vice President of the LBJ Company...Ray Sherman has moved to the 6-10pm slot at KY102/Kansas City from afternoons on KBEQ/Kansas City. Ray replaces Spike Santee who moved to a broadcast management job in Amarillo. Dick Wilson and Jay Cooper of the "Dick and Jay Morning Show" on KY102 have been promoted to the additional positions of Assistant to the PD and Director of Research and Promotion, respectively. Both have been with the station for over 3 years... Stave Gaspar is now Promotions/Research Director of KPOL-FM Los Angeles...WCPI/Wheeling has gone on the air with Drake-Chenault's syndicated AOR format. WCPI, owned by Columbia Pictures, formerly simulcast with its AM sister station, Country formatted WWVA.

Update

We heard from Michael J. Brown, Vice President of KGB-FM-AM/San Diego, informing us that the radio station and associated company Homegrown, Inc. have reached a settlement with Bartell Broadcasting in Miami in a dispute with WMJX over the use of the Homegrown Record Promotion originated at KGB. know by now, the promotion involves the creation of a record album made up of songs composed and performed by local artists. The songs are thematically tied to places and happenings in the local community. The announcement of the settlement failed to mention the dollar amount involved. KGB has just released its fifth Homegrown album which also features cover art submitted by listeners, and the station expects to sell-out all 60,000 albums produced by Christmas. Proceeds of the album sale, as with past edicions, go to the United Way. The concept of the Homegrown album began a few years back at KGB under the Program Directorship of Ron Jacobe (now in Hawaii). The station claims rights to the concept. It is advisable for any stations interested in doing similar promotions to contact KGB officals and check details...

Congratulations to DIR President Bob Meyrowitz, Exec VP Peter Keuff, and fine company upon the superb publicity, excitement, and momentum being built up in anticipation of the forthcoming North American Rock Radio Awards which will air as a twohour special on Thanksgiving (11-24) on 258 participating stations (mostly AOR) throughout the United States and Canada. Latest developments include the selection of Grace Slick, lead singer of the Jefferson Starship, and Mike Harrison, this oldeditor, as co-hosts, with the show being scripted by Ben Fong-Torres, Senior Editor of Rolling Stone. Nine awards are to be given out, with the award itself being a Tiffany designed Baccarat crystal replica of Cleopatra's needle, valued at about \$500. Nicknamed the "Crystal," it recalls the earliest sets in which the crystal was the critical component...

Best wishes to Alice Cooper, taking advantage of an interim period between concert tours, motion pictures, and recording sessions to be self-admitted to an East Coast facility and voluntarily undergo a program for alcoholism. Cooper had previously tried to overcome the problem with private therapy...PD Peter Parisi and the Gang at KADI/St Louis recently made international news by providing Scotchman Nicholas Francis with a kayak. Francis is trying to become the first person to paddle the Missouri-Mississippi River system alone. He's being sponsored by the British Cancer Research campaign in London. Francis ran into a bit of a problem when his kayak was stolen in Kansas City. Listener response to his plight was so great that KADI, in conjunction with the Phoenix Kayak Company (of Tyrner, Kentucky) and the Outdoor Store (of Bellevue, Illinois) got him a new craft...The members of Atlantic's AWB played the staff of KPOL-FM/Los Angeles in a game of soccer in Hollywood Park. AWB won 4-2 in the one-hour exhibition attended by approximately 1000 listeners and local music industry members. Soft drinks were provided free and a good time was had...Here's a weird tale from Memphis. Some hyper-"active" soul out there in radio-land calling himself "god" phoned every jock on WMC-FM (FM100) saying that Paul McCartney told him to kill Michelle, the station's night personality. Of course, the police were contacted by station officials and their special department for these type of threats began an investigation. In the meantime, "god" called again and when the jock who answered told him that he was unable to speak right now, he gladly left his name and number. So long, god.

DINGOES GO TO MILWAUKEE.—A&M's Australien Rock band the Dingoes made a visit to WQFM/Milwaukee following a club date in town. A whole new accent-The sound of Wet Willie in England!

For "Manorisms" Wet Willie brought their Georgia rock & roll sensibilities to rural England.

Recorded in a 16th Century English manor house turned studio, Wet Willie's new album was elevated to new heights by the elegant quiet and beauty of the English countryside.

It's a whole new musical accent—understood everywhere.

Chart Summary

STEELY remained the leader of the pack with hots at 87% of our reporters. RON-STADT firmly held on to number two with hots at 71% of our reporting family of stations. SKYNYRD, hot at 51% of our reporters in addition to gathering significant adds, moved up with strong airplay to number three. The DOOBS maintained. WELCH moved up nicely with hots at 53% of our reporters. SANTANA took a mighty "inner top ten" leap. ELO was the week's highest debut and most added album with adds at 44% of our reporters. The album, however, was the victim of an accidentally uncoordinated release and at the time these reports were taken many stations had not yet received it. According to UA and Jet Records sources the album won't be in the stores until the second week in November. ARMATRADING maintained. H&O moved up. **BOC** debuted impressively with adds at 42% of our reporters. **BOWIE** showed strong gains. STARCASTLE took a healthy jump. OZARKS grew with additional adds at 27% of our reporters. MONEY went up. THE BABYS bounced up. HAGAR bounced back onto the chart. L&M debuted with adds at 26% of our reporters. BROMBERG, C/N, and WINTER debuted.

This chart is based solely on airplay and does not attempt to fabricate a trend. The artists in italics are those receiving the most rapid gain in airplay.

A CHEAP TRICK TO PLAY ON A CHUM—CHUM-FM/Toronto sponsored a live over-the-air concert by Epic's Cheap Trick recently, with air personality Larry Wilson handling the MC duties. While introducing the band live over the air, Wilson was joined by a statuesque young lady who was thought to be merely showing off her Cheap Trick T-shirt. CBS Ontario promotion rep Pat Ryan, However, had arranged with the T-shirt model to shed her shirt, much to Wilson's surprise. The model attempted to put the flustered Wilson at ease, and, apparently, finally succeeded in doing so, much to the delight of the band, audience, Wilson, and CBS' official Cheap Trick prankster Ryan.

BACK-TO-BACK PLAQUE—WQ.CM/Hagerstown, Md., Music Director Steve Williams, left, presented a special plaque from A&M commemorating Supertramp's two gold albums for the summer of '77 to General Manager Gary L. Portmess.

THE PICTURE PAGE

Tavares: Up The Lather Of Success

Capitol recording artists Tavares were in a lather over the recent completion of their next album. For the duration of the sessions, the group decided to forego shaving as to be able to celebrate the album's completion with the removal of their newly grown facial foliage. It was one of the most "barber-ous" celebrations ever held to date. Shown are the Tavares brothers (I-r): Tiny, Butch, Chubby, Ralph and Pooch.

Dennis Gets New Downey Look

Caribou recording artist and Beach Boy Dennis Wilson received a surprise when he recently visited the Discount Records outlet in Crestwood, Missouri, a suburb of St. Louis. It was definitely a banner day as fans unfurled the message concerning Wilson's home town. Judging by Wilson's wistful expression, he appears homesick as well as appreciative. Unfortunately, it's the Carpenters who hail from Downey; the Wilsons' home is Hawthorne, many miles distant. But it's the thought that counts.

Rocket recording artists Brian & Brenda recently visited KACE/Inglewood, Ca, to drop off their newest LP. Shown atop the KACE Express are (I-r): Brian; Alonzo Miller, KACE Music Director, Brenda; and Cal Shields, KACE Program Director.

Frampton On Money

Columbia recording artist Eddie Money was right on it at his recent appearance at the Whisky in Los Angeles. Visiting with Money after the concert was Peter Frampton (r).

Jet Establishing Price

Jet recording artist Alan Price was a lucky man as he celebrated after a recent Los Angeles area concert, the opening date of his first American tour in three years. Pictured left to right Sharon Arden, Jet Records; Alan Price; David Arden, Jet Records.

Stevie On TV

While video taping a special called "Thank You" dedicated to the fans who bought his album "Songs In The Key Of Life," Stevie Wonder received an award from Pete Fellerman, Motown Label Manager in Holland, who flew to L.A. especially for the taping and presentation.

ASI WELCOMES WDGY COUNTRY-ASI Records recently welcomed WDGY/ Minneapolis to their new Country format. The combined staffs spent most of the afternoon racing around the tower field testing their riding skills. The show airs November 30th...ROY CLARK has been voted Best Country Guitarist by Guitar Player Magazine's 8th annual readers poli...MELTILLIS and BARBARA FAIR-CHILD received excellent reviews on their first stint in Las Vegas, last week at the Frontier Hotel...Tillis also made news by recording the first and second place winning songs in the recent "America's Country Good Music" songwriting contest co-sponsored by Kentucky Fried Chicken and radio stations across the nation. The winner was DEE GASKIN for her composition of "There's No Turnin" Back" and BOB PAULEY for "A Brandy Alexander With Sauteed Escargot." Ms. Gaskin won the local competition through WASK/Lafayette, Ind. and Pauley through WIRK-FM/West Palm Beach, Both winners were flown to Nashville to witness the Tillis re-

cording of their tunes... STARDUST: Hollywood it's not, but

Brentwood, Tennessee has its share of famous entertainers scattered throughout the community, basically keeping low profiles in their own backyard. Among them are DOLLY PARTON, WAYLON JENNINGS and JESSI COLTER, TOM T. HALL, CON-NIE SMITH, LYNN ANDERSON, JOHNNY RODRIGUEZ, SKEETER DAVIS, ARCHIE CAMPBELL, MARTY ROBBINS, HELEN CORNELIUS, LIT-TLE JIMMY DICKENS, MEL TILLIS, JIM ED BROWN, and EDDY ARNOLD. Because many of the superstars are not easily recognized without their \$5,000 sequined jumpsuits, many Brentwood residents, after taking a closer look at their next door neighbor, find that his sunglasses and dazed expression were disguising a famous face...Nashville Vice Officers confiscated more than \$50,000 worth of cocaine believed to be "headed for Country music people," according to Metro Vice Officer STAN BARON, after confiscating over a pound of the white powder with a ret of \$50,000 to \$100,000...DOLLY PAR-TON is still waiting for an apology from REDD FOXX for that TV skit satirizing her...

CLOSER: WENO, Nashville's first Country radio station, changed call letters to WJRB, when sale was approved and new owner MAC SAND-ERS took over operation. Former WKDA/Nashville GM JIM REGAN is the new WJRB Station Manager. Sanders plans to build a new office building, studio facilities on Music Row corner of 16th Avenue South and South St., just across from the "Country Corner."

Mike Kasabo

Congratulations to Mike Hagerty as he moves to KOLO/Reno as Music Director. Mike had been MD at one of our reporting stations...KUKI/Ukiah.

Does radio love you? Well, two different groups on two different labels think so. A&M's P.R. Battle and GRT's Gadzooks each have released a song called "Radio Loves You." It's much too early to reflect any sort of trend for either one of the releases, but we'll keep you advised as to their progress.

We've noticed the annual Oct/Nov musical slow-down because of the Arbitron rating period which is now in effect. Pop/Adults are probably a little less affected by the "tightening of playlist" syndrome than, say Rock stations, but not by much. And of course you've got to add the fact that at year's end the amount of product released by record companies also tails off considerably.

A lot of comments on the new Al Martino record "The Next Hundred Years." Many programmers liken it to the feeling and sound that Tony Orlando got with his smash "Tie A Yellow Ribbon 'Round The Old Oak Tree."

A big Country hit currently is Larry Gattin's "Love Is Just A Game" on Monument. A number of P/A's have picked up on it and are having good success...among them...WCCO, WBAL, WTMJ, WIOD and KMBZ.

New Rick Nelson jumped right on KMBZ and WNIC-FM.

Dolly Parton continues to be one of the strongest entries in the field. Her latest "Here You Come Again" is now a confirmed crossover from

the Country side of things. Check New & Active for latest play.

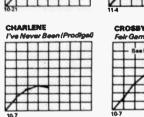

Gene Pitney trying to make it back in a big way with his latest for Epic. It's a medley of Roy Orbison's "It's Over" combined with Jimmie Rodgers' "It's Over." Both songs, as you may recall, share the same title but are completely different songs. Pitney does a good job of fusing the two...it went right on KRMG, WSB and WJAK.
