Wittberger Named Downe Broadcasting President

Russell G. Wittberger has been appointed President of the Downe Broadcasting Group (formerly Bartell Broadcasting). Interim head Robert J. Smith resumes his position as Vice President/Treasurer of the company. Along with Wittberger's appointment, Downe announced that its corporate headquarters will be moved from New York to San Diego, with Wittberger, Smith, and National Program Director Charlie Lake all basing themselves in the new location.

Wittberger had been Vice President/General Manager of Downe's KCBQ in San Diego for the last four years. He is currently visiting the Downe Group's radio outlets, including WOKY in Milwaukee, WADO/New York, KSLQ/St. Louis, WDRQ/Detroit, and WMJX/Miami in addition to KCBQ.

Russell G. Wittberger

Wittberger told R&R that former Bartell President George Wilson had been retained by Downe as a consultant to upper level management on future market expansion plans. Wittberger indicated that the company was looking to expand, with particular interest in acquiring FM facilities in Milwaukee and San Diego to supplement Downe's existing AM outlets in those cities.

Combined Communications, Sonderling Halt Trading For Important Transaction Announcements

Combined Communications Corp. and Sonderling Broadcasting Corp. both had trading of their stock halted last week as both companies held talks with unidentified com-

panies on possible acquisitions and other transactions. Trading of Combined stock was halted on the New York Stock Exchange Friday (3-10), with Combined holding ex-

Charges Dismissed In Denver Case

Criminal impersonation and conspiracy charges against KHOW/Denver Program Director Hal Moore and News Director Rodney Elliott Stambaugh were dismissed by Judge Susan Barnes Friday (3-10). The judge ruled that allegations against the pair in connection with alleged tampering with April/May 1976 Arbitron diaries "weren't sufficiently specific."

Defense attorneys for Moore and Stambaugh (known professionally as Bud Elliott) argued that the indictments handed down by a Grand Jury February 2 did not comply with a Colorado Supreme Court ruling which set specific guidelines on the "explicitness" of such charges. Judge Barnes agreed with their arguments, and stated she was "convinced" that the indictments were "insufficient" and too vague

to be pursued. "The object of the conspiracy is not sufficiently described in the indictments," her ruling stated in part, "to enable the defendants to know what charge they must meet."

Deputy District Attorney Richard Spriggs told a Denver newspaper after the ruling that his office will either return the matter to the Grand Jury, which could "reissue

more specific charges," or will file new, more specific charges directly. Sprigg said it was "highly unlikely" that the matter would be dropped. The Grand Jury, meanwhile, continued its investigation into Denver radio diary distortion instances, with charges against other Denver radio personnel still anticipated.

Doubleday Sells KRIZ To Family Life

Doubleday Broadcasting has sold its Phoenix Top 40 station, KRIZ, to Family Life Radio, a religious broadcast organization with religious-formatted stations in Arizona and Michigan. Doubleday President Gary Stevens told R&R that the sale had been completed and "the assumption is they'll go religious with it. Family Life Broadcast Ad-

ministrators Randy Carlson confirmed Stevens' assumption, stating that pending FCC approval, "the format will be very similar to what is currently on KFLT/Tucson," another Family Life religious station. "It is primarily high quality religious music," Carlson explained. "Middle-of-the-road"

Danny Davis Joins Motown As VP/Asst. To The President

Motown Records has effected an executive restructuring with Danny Davis joining the company as Vice President/Assistant to the President. Davis will oversee Motown's entire promotion department, reporting directly to President Barney Ales.

Davis was with Screen Gems Publishing for the past 11 years, most recently as Vice President/Director of National Exploitation. He is generally credited through

his promotional efforts with giving Screen Gems a uniquely high profile among radio stations for a publishing concern.

Davis told R&R: "It's high time that I put to use all the know-

Machine Gun Exits, News Team Resigns

KHJ Evolution Continues

KHJ/Los Angeles afternoon air personality M.G. "Machine Gun" Kelly exited the station "by mutual agreement" Monday (3-13), while in an unrelated development, station News Director Dave Cooke and his morning news co-anchorman Bob Morrison announced their resignations.

KHJ Program Director John Sebastian told R&R, "M.G. Kelly and KHJ have mutually agreed that his on-air style does not comfortably mesh with the current direction that the station is taking, and it would be better for both parties for him to leave the station. We certainly wish M.G. Kelly continued success in the pursuit of his movie

career." Kelly stated, "I hope they made the right decision," and stressed that he had "no hard feelings" toward KHJ. He added that the station felt, he thought, that he "had too much fun on the radio" and had "too much personality" for the afternoon air shift. He declined to announce future plans, but said he was actively pursuing his acting career.

News Director Cooke felt that "With the continuing deemphasis of news on KHJ, he and Morrison decided that they should seek positions with stations which place more importance on news," according to an official KHJ state-

Capital WNOK Purchase Approved By FCC With Conditions

The FCC has approved a petition by Palmetto Radio Corp. to sell WNOK-AM-FM-TV/Columbia, SC to Capital Communications, Inc., but Capital must divest itself of both radio stations within a year under the Commission's multiple ownership rules covering purchases of a TV station and an AM-FM combination in the same market. The FCC, which stated it considers such issues on a case-by-case basis, disagreed with Capital's contention that the company would not gain an unreasonable portion of the Columbia market by purchasing the three outlets. Capital also contended that the three stations should remain intact (they are located in the same building) and that the radio stations could not be

operated successfully if separated from the TV station. The FCC

held that Capital had failed to prove that contention as well.

WQAL/Cleveland Renewal Hearing Set On Public Affairs Grounds

The FCC called for a hearing on the license renewal application of WQAL-FM/Cleveland because of possibly insufficient public affairs programming. According to the Commission, the SJR Communications Pop/Adult outlet devoted 3.2 percent of its broadcast content to news and 0.9 percent to public affairs during its 1973-76 license term. In its new proposal WQAL-FM planned to broadcast 2.3 percent news and 0.6 percent public affairs, a reduction which

the FCC expressed a wish to discuss. The Commission also raised the possibility of occasional incorrectly-logged public affairs programming on the station.

FCC, NAB Criticized By Black Media Coalition Chairman

Both the FCC and the NAB came in for strong criticism from the Chairman of the National Black Media Coalition at the National Association of Television Program Executives (NATPE) conference last week. The NAB was criticized further by a member of the National Organization of Women (NOW)'s National Media Task Force.

tions, sloppy petitions, all are summarily dismissed by the commission whether it takes two months or two years," referring to petitions to deny license renewals for broadcast properties. Turning to the NAB, he added that "we resent the idea that they still feel threatened by us even coming to NAB conventions." Marshall earlier reportedly called

the NAB "racist."

Kathy Bonk of NOW also criticized the NAB during the NATPE sessions on license renewal, urging the NAB to join the 20th century. She also urged that stations support the Equal Rights Amendment and added that NOW would be reviewing stations' employment practice in regard to the hiring of women.

Industry Mourns Alene McKinney

Alene McKinney, Music Director of KMPC/Los Angeles for some 15 years, died in her sleep Sunday morning (3/12). She had been hospitalized a day earlier for a worsening heart condition. Ms. McKinney, who began her radio career at KFAB/Lincoln and also worked at KBIG/Los Angeles, was one of Los Angeles radio's most well-loved figures, and tributes to her memory immediately poured in from across the country. For Pop/Adult Editor Mike Kasabo's final tribute, see Page 52. Memorial services for Alene

Alene McKinney

McKinney were held Wednesday (3/15) in Glendale.

Pluria Marshall of the Black Media Coalition called the FCC a joke, adding "in terms of civil rights issues the FCC does the closest thing to nothing that I can tell." He said the Coalition would resort to media blitz tactics and other "things in the future that lawyers can't get you out of," he told broadcasters. In regard to the FCC, Marshall said "good petitions, bad petitions, neat peti-

Heard Resigns VP/GM Post At GRT

Dick Heard, Vice President/General Manager of GRT's Record Division in Nashville, has resigned. A&R Director Nelson Larkin will work with Heard and Ed De Joy, President of GRT's West Coast-based Janus label, in effecting a smooth transition.

Heard stated that he was leaving in order to give himself more time for record production and writing. He said, "I leave GRT with mixed emotions. For four years this company has been

like a family. I am sure, however, that everything will go smoothly, and I will be rooting for GRT Records all the way."

Heard, a fifteen-year music business veteran, headed GRT's Nashville operations for four years. He was responsible for acquiring distribution rights on such records as Ronnie McDowell's "The King Is Gone," Jimmy Dean's "IOU," and Meri Willson's "Telephone Man," as well as for signing Mel Street, Bobby G. Rice, and others.

Tax Evasion Indictment Against Motown Exec

Motown Executive Vice President Michael Roshkind was indicted by a federal grand jury on charges of evading payment of almost \$135,000 in federal income taxes for the years 1972 and 1973, according to a Los Angeles Times report. The two-count indictment alleges that Roshkind failed to declare some \$235,000

in income for those years. He allegedly arranged with record distributors California International Marketing Co. to hire his future wife, Dorothy Loeb, in a public relations capacity, and pay her 20 cents per Motown record sold. Ms. Loeb, who filed a joint return with Roshkind in 1973, was allegedly paid over \$235,000 in that

manner, but neither she nor Roshkind allegedly reported the income. IRS officials were expected to file a civil suit in addition to the criminal charges, to recover the \$135,000. If fraud is determined to be involved, Roshkind could face a 50 percent penalty assessment in addition.

Arbitron Introduces AM-FM Check-Off Column

Arbitron Radio will introduce an AM-FM check-off column on each page of their radio diaries beginning with the April/May 1978 survey period. Arbitron Manager of Communications Connie Anthes

told R&R, "Prior to this we just had a place to check off FM when you were listening to the FM dial, and when you listened to the AM dial you left the column blank." The new column asks listeners to check off either FM or AM in the appropriate place. "This seemed more equitable to everyone." Ms. Anthes continued. "The problem we found in the past is sometimes there was confusion in markets where sister AM and FM stations have the same call letters. Sometimes people would enter the AM when they meant the FM. This should help clarify that."

WWL News Director Captures Robber

Dan Abernathy, News Director of WWL/New Orleans, created some news of his own by capturing a would-be robber who tried to snatch Mrs. Abernathy's wallet. Abernathy and his wife, Glynis, along with WOKY/Milwaukee morning man Steve McFarland, who was visiting the couple, were watching a jazz concert when a 17-year-old youth grabbed Mrs. Abernathy's wallet from her purse. She managed to grab it back, and Abernathy and McFarland set off in pursuit of the culprit. They caught up to him a few blocks away, at which point he drew a .38-caliber revolver on them. But Abernathy told him he was under arrest, and the suspect threw the gun away. Abernathy, McFarland and other onlookers guarded him until police arrived.

Arbitron Summary Correction

In the summary published last week for Los Angeles, KRTH was inadvertently deleted from the Adults 18-49 breakdown. The correct breakdown for that demographic is: KBIG 6.1, KMET 4.3, KRTH 4.2, KLOS and KNX-FM 4.0 each, KLAC 3.5, KJOI 3.4. Additionally, in the Teens breakdown, KMET was deleted. That correct breakdown is: KHIS-FM 12.0, KLOS 11.5, KHJ 9.4, KMET 8.3, KDAY 8.0, KTNQ 7.8.

Southern California "Mix" Studio Guide Published

Northern California-based music magazine BAM, which last year published a guide to Northern California recording studio facilities under the name "The Mix," has published a Southern California guide under the same name. The new publication, distributed free by the magazine, is available at area studios, audio dealers, record stores, and radio stations, according to the publishers, and is also available by subscription (updated versions will be published twice a year) and single issue. Over 150 facilities are listed in detail. Subscription price is \$7.50, single issue price \$2.00, via "The Mix," P.O. Box 6395, Albany Branch, Berkeley, CA 94706.

Farm Life Easy On The Right Tractor

Plowing the north forty can be considerably more comfortable than in past days for farmers driving GM's Diesel Allison models with all the options. The giant tractors feature closed-circuit TV systems for watching tools work, and a computer to gauge ground speed and acres worked. In addition, it carries AM-FM stereo radio, CB equipment, air conditioning, and a refrigerator.

Small Hall Approach For Aerosmith Tour

In an unusual gesture from a band which normally plays large indoor venues or stadium dates, Aerosmith has announced a national tour in 3000-seat or smaller halls which includes appearances in many smaller markets. The intent of the band is to provide fans with the opportunity to see the group under optimum conditions, and to reward original supporters of the band in cities like Albany, Providence, and Waterbury (Connecticut). A lottery arrangement has been established in which ticket requests will be channelled to a local radio station in each town, with a drawing held for actual tickets.

Cooke's Widow Seeks "Holly" Halt

Barbara Cooke Preston, widow of the late singer Sam Cooke, has asked the Los Angeles Superior Court to halt distribution on Columbia Pictures' "Buddy Holly Story" film, claiming she owns property rights for any depiction of Cooke and has not received compensation. She asks unspecified general damages and \$500,000 punitive damages, and claims further that the movie's portrayal of Cooke is "inaccurate and untrue."

"Beatles" Merchandisers balked by Court

A group of defendants allegedly selling by mail albums promoted as Beatles performances were enjoined by a New York Federal District Court from doing so, as the recordings, titled "Beatles' Alpha-Omega," did not contain actual Beatles performances. Capitol Records had sued, and will now also receive any remaining inventory of the "Beatles" recordings along with an undisclosed sum for damages. When the Beatles first hit in America, swarms of albums featuring Beatles tracks by "groups" such as the Buggs, the Beetles, or the In-Sect hit the market, but in most cases manufacturers wisely did not attempt to pass them off as actual Beatles records.

Women Gaining In Broadcast Positions

48 percent of women employees in the broadcast industry are in higher-pay categories, according to FCC 1977 employment figures. Only 43 percent were in the same positions (which include official and managerial, professional, technical, and sales posts) in 1976. Women held 19.7 percent of official and managerial positions, 20.1 percent of professional jobs, 23.1 percent in sales, and 6.1 percent of technician posts. 90.1 percent of those holding broadcast office/clerical jobs are women.

Minority broadcast jobholders gained slightly in higher-pay position-holding, with 64 percent in such jobs as compared to 63 percent in 1976. Minorities account for 7.4 percent of official/managerial jobs, 12.2 percent of professional posts, 7.3 percent of sales spots, 13.5 percent of technicians' positions, and 22.3 percent of office/clerical situations.

Imports Up, Sales Down, Suit Heating Up For Videodiscs

Import of video recorders were up 547.5 percent in 1977, according to Dept. of Commerce statistics unveiled at the International Tape Association's convention in Tucson, with over 200,000 recorders, home and commercial, imported last year. However, a "dramatic drop"

FCC Update

Update On "Don't Say Hello" Contests

A new development has transpired with respect to Section 73.1206 of the Commission's Rules and Regulations dealing with recorded telephone conversations and a variation of the "Don't say hello" contest. Specifically, the promotion is based upon the following:

1. A station broadcasts a contest whereby persons are called at random from the telephone directory or other listing. The station, upon placing such random calls, records each such call. If the listener answers with the appropriate phrase, the station awards that person the announced prize and records the conversation from the moment the phone was answered. If the phone is not answered with the appropriate phrase, the station ceases recording and does not broadcast the call.

2. The station broadcasts, as part of its promotional announcements, something to the effect that "if you answer your telephone 'WXXX is the station that pays,' you will be presumed to be giving consent to the recording and broadcast of your voice over this radio station.

The rationale for this approach is that there is no "intent" to broadcast those conversations which begin with a "hello." There being no such "intent" to broadcast such calls, the recording of such non-winner calls is deemed by Sewell to fall outside the Rule, which states in pertinent part:

"Before recording a telephone conversation for broadcast, or broadcasting such a conversation simultaneously with its occurrence, a licensee shall inform any party to the call of the licensee's intention to broadcast the conversation...."

in sales of home video recorders since 1978 began was also reported, with specific figures not disclosed.

While video recorder industry participants discussed those possibly contradictory developments, action proceeded on a copyright infringement suit against **Betamax** filed in Los Angeles Federal District Court by **Walt Disney Productions** and **MCA-Universal**. A decision in the suit was predicted by the end of the summer. The issue in the action is the legality of videotaping off the air for home use in relation to copyright law—whether such taping is a violation and what remedy can be adopted (possibly a royalty arrangement with film companies).

A recent court decision in Buffalo ruled that videotaping off the air for subsequent non-commercial exhibition (at local schools) was an infringement of copyright. The decision could constitute a precedent for the Disney/MCA vs. **Betamax** action. Meanwhile, the **Screen Actors Guild** and the **Writers Guild of America West** will enter the suit as friends of the court supporting Disney and MCA. Representatives of the two guilds cited fear of home taping inhibiting future movie production, as well as loss of residuals. The **Producers Guild of America** is presently considering whether to join the Disney/MCA forces, while the **Directors Guild of America** has decided not to participate.

Nielsen Computer Error Causes Rating Changes

A "human error in computer programming" has caused the **A.C. Nielsen Co.** to revise the published ratings of at least 18 TV shows during the January and February reporting periods. Part II of NBC's "Midway" film was upped from a 20.3 rating to 25.2 in the most drastic revision, with programs like "Soap," "Family," and "Class of '65" also receiving retroactive boosts. Most changes were reported as minimal, however... Meanwhile, **Arbitron** completed its February TV sweep, with **ABC** winning with a 21.9 rating, compared to 23.2 at the same time last year. **CBS** finished second with a 19.5 rating (18.2 in 1977), and **NBC** had a 17.7, about the same as last year's 17.5 rating.

MUSIC ON TV—**CBS** has scheduled for a December six-hour documentary on rock & roll called "Solid Gold...The Birth of Rock 'N Roll," tracing the first decade of the music as seen by key participants. Producer for the ambitious project is record producer **Richard Perry**, and the six-hour scope of the show alone promises a different, more detailed treatment of the music than in previous television attempts... **Playboy** hosts their first "Midnight Special" March 17, with **Abba**, **Jay Ferguson**, and **Stargard** appearing.

ABC Wins Lackluster Week

ABC was the rating victor in the Nielsen week ending March 5, with a lower-than-average 20.5 rating taking the honors. **CBS** was fairly close at 19.5, and **NBC** lagged with a 16.9 showing. "Laverne & Shirley" continued its winning ways, with "Happy Days" right behind it in second and "Three's Company" taking third place—again, hardly unprecedented developments. **CBS**' "MASH" scored its strongest showing of the season, with a fourth place finish in its new Monday time slot. 5) was **NBC**'s "Little House On The Prairie" 6) "One Day At A Time" (another **CBS** switchover to Monday from Tuesday) 7) "Charlie's Angels" (**ABC**) 8) "60 Minutes" (**CBS**) 9) **CBS**' Tuesday Night Movie, "Magnum Force" and 10) "Barney Miller" (**ABC**). **NBC**'s "Fabulous Fifties" special finished 16th; recent **NBC** schedule additions "Quark" and "The Chuck Barris Rah Rah Show" did not do nearly so well, scoring 46th and 52nd place finishes respectively.

ABC triumphed in **Arbitron**'s sampling of the New York and Los Angeles TV markets for the week ending March 3 as well, taking the top nine positions in New York and the top eight in L.A. "Laverne & Shirley" topped all comers in New York, followed by 2) "Happy Days" 3) "Welcome Back Kotter" and "Three's Company" tied 5) "Soap" 6) a tie between "Barney Miller" and its spinoff, "Fish" 8) **ABC** Sunday Night Movie "Live & Let Die" 9) "Family" and 10) **CBS**' "MASH."

In Los Angeles, "Happy Days" was the big winner, followed by a tie for second between "Laverne & Shirley" and "Three's Company," 4) "How The West Was Won" 5) "Live & Let Die" 6) "Barney Miller," "Soap" and "Charlie's Angels" tied and 9) a three-way tie between **NBC**'s "CHiPs," "Little House On The Prairie" and **CBS**' "MASH."

CHUCK MANGIONE FEELS SO GOLD.

Not only is "Feels So Good" Chuck's first gold album, but it's on its way to becoming one of A&M's biggest of the year. And one of the big reasons why is

the single, "Feels So Good." It's the talk of the country, with lots of major market adds, huge chart jumps, and very strong store reports. All of which feels so good.

STREET TALK

Bill Garcia has resigned from KNUS/Dallas, citing real differences in "philosophical direction for the station" as the reason. Bill will remain with KNUS until a replacement is named.

Meanwhile, back in Philadelphia, Ron O'Brien, Music Director and 6-10pm jock at WFIL, has been released by the station. Ron wants a Program Director slot, but Street Talk is that Ron was at WRKO/Boston this week talking "night shift" with Harry Nelson.

Agreement will be reached soon between all parties in the very complicated Heart/Mushroom/Portrait case involving the "Magazine" LP. Word is Heart has gone into a Seattle studio to do vocal overdubs on some cuts and the album will be released by Mushroom, with a single from it coming first.

Despite the "news blackout" imposed on WEFM/Chicago, Program Director Jerry Clifton has his staff on the air and they are rocking. 6-10am is John Lodge; 10-2pm is Dave Camper; 2-6pm Don Cox from KHJ; 6-10pm Chris Edmunds and 10-2am is Brian White. Greg Budell is doing morning news for Lodge. The "news blackout" is self-imposed by General Cinema because of all the difficulties and delays in finalizing the WEFM purchase.

With M.G. Kelley out at KHJ you have to wonder why he's been seen all over Hollywood wearing a TEN-Q jacket.

Not true! Bonnie Simmons has not been fired as PD of KSAN/San Francisco. Seems she was visiting some staff friends at KLIV/San Jose and happened to answer a phone call from a promotion person. When the caller recognized her voice and asked her what she was doing at KLIV, she jokingly replied that she'd been fired at KSAN and was now working at the San Jose Top 40 station. Ten seconds later the Street Talk Fun Phone was ringing off the hook! She was only kidding!

And while we're in the Bay Area...congratulations to Les Garland and his KFRC/San Francisco staff for a super Jan-Feb book!

Is it true that Lee Abrams is coming to Denver?

Jonathan Little has received a well-deserved promotion to Program Director of WISM/Madison. R.J. Reynolds will become WISM's Music Director.

Ariola promotion man Randy Robbins and his wife Kathy are the proud parents of a 7lb 6oz girl, Jessie, born March 9th in Texas.

The longstanding rumors of 98Q/Vidalia, Ga. automating are at last coming true. Scott Kerr and his entire staff have been given notice and are looking. Sad to see what has been such a great training ground for good radio people finally succumb to economic pressure.

What's the story on the petitions being circulated around South Florida by 96X? Will the completed signatures wind up in front of the FCC?

And did you know that in 1963, while he was a student at San Fernando Valley State College in California, Mike Curb wrote the commercial jingle "You meet the nicest people on a Honda?" It's true. He was paid \$3000 for that little tune and he's been in high gear ever since.

Q102 Ex-Newsman's Parting Stunt Backfires

When Q102/WKRC newsman Art Botterell decided to resign from the station, he thought he might as well go out in style. Accordingly, Botterell coaxed a friend to come into the station wearing a police uniform, call for Botterell, handcuff him, and drag him out of the premises. The idea seemed funny enough, but an unidentified staffer at the station recognized Botterell's friend as a frequent hanger-on at the station, thought something was wrong, and called the police, suggesting that the friend was impersonating a police officer. Within five minutes an APB had been dispatched and ten police cars showed up at the station. Botterell's friend was apprehended, but plans to book him for impersonation were dropped when it was discovered he was wearing a security guard's uniform and had employment with a security firm. However, Botterell, who started the "joke" in the first place, was apprehended himself and charged with "inciting a panic," a fairly powerful punch line to his humorous attempt. Station officials were reportedly unhappy with both the incident itself and the manner in which it was blown out of proportion.

Phoenix Format Flux

Chances are excellent that you, or someone on your staff, has worked in Phoenix. Arizona's number one market has always been very fluid, serving as a springboard in many cases for moves to larger markets. Phoenix alumni are many and include John Sebastian, John Driscoll, Rich Brother Robbin, Todd Wallace, Jerry Peterson, John MacFlanagan, Jimi Fox and Rick Brady just to name a few. The positions attained by former Phoenix personnel underscore its value as an exciting radio market.

This week's developments in Phoenix prompted me to take a closer look at the market that has been a "hotbed" of Top 40 format activity for several years. At last count there were no less than ten radio stations offering 'rock' music to the Phoenix area, but the disclosure of KRIZ's sale to Family Life Broadcasting and other developments may change that.

The current Top 40 format leader in Phoenix is KUPD and KUPD-FM, who have been successfully simulcasting for a total persons 12-plus share of 9.6. KUPD ranks first in cum audience and first in teens. KUPD is second in men and women 18-34 and second in adults 18-49. Owing to the FCC simulcast decision, the two KUPD's will separate June 1. The AM will reportedly take on a new identity with the call letters KKKQ already applied for.

With the purchase of KRIZ by Family Life Broadcasting, speculation within Phoenix regarding a format shift was everywhere, even in the local papers. The confirmation of the switch to "Christian music" programming came from a Family Life representative and is outlined on page 1 of this issue. Chuck Dean, Program Director of KRIZ, told me that the staff had been informed of the pending sale and that until the finalization, KRIZ would continue to aggressively seek the Phoenix Top 40 audience.

However, still another development is in the Arizona wind regarding the final details of a sale that has already been approved by the FCC. First Media, owners of WPGC/Washington, D.C. and Z-93/Atlanta, will close their agreement to purchase KSGR-AM and KDOT-FM April 1. KSGR, a daytime AM station licensed to Scottsdale, had a very respectable 2.3 total share in the October-November ARB operating an "oldies" format. KDOT-FM is a "beautiful music" station also licensed to nearby Scottsdale. Both stations have applied for and received new call letter designation KOPA and KOPA-FM (Phoenix is located in Maricopa County, thus the "KOPA" tie-in).

Glenn Potter, President of First Media in Washington, D.C., commented on the format direction the two stations would follow after the April first closing. "We're going to simulcast. There is a fairly successful oldies format on the AM, and we'll probably end up duplicating that." Dan Mason, Group Program Director for First Media, told me. "Charles Giddins will be the General Manager for KOPA and

KOPA-FM." Mr. Giddins was formerly the General Manager of WRFC/Athens and WCGQ/Columbus, both in Georgia. Dan also commented on the possible format shift in Phoenix, "We're going to go in there with a lot of ideas that have probably never been tried in Phoenix and hopefully we'll be successful with it."

So the stage is set in Phoenix. KRIZ will abandon their long-held Top 40 format after the sale to Family Life Broadcasting is completed this summer. KRUX continues to be more and more of a factor under Program Director Richard Ruiz. In fact, since returning to Top 40 (from their news format) in September of 1977, KRUX has come up to a 2.3 share overall. KQXE, another Top 40 station in the market, has begun simulcasting with KIOG, an automated soft rocker and they both are being billed at K-13 and K-104. The split of the KUPD stations simulcast and the entrance of First Media with KOPA should keep Phoenix a very interesting market to watch for the next several months.

Bits

GRAMMY GRABS L.A. JOCKS: KHJ's morning man Charlie Tuna hosted the pre-television Grammy ceremonies held in Los Angeles. The highlight of what did not make the telecast had to be Steve Martin accepting the Grammy for Best Comedy Album of the Year. Instead of the usual acceptance speeches, Steve took his Grammy in hand and sang "The Impossible Dream" all the way through! Then he walked off the stage.

WHAT A WAAY TO SPEND VALENTINE'S DAY: Pictured above is WAAY/Huntsville, AL. morning man, Dave Banks in the midst of setting a new world's record for the number of kisses given (or received) in an eight hour period! WAAY set up a booth at a local shopping center and charged 50 cents a kiss with all proceeds going to the Heart Fund. Joining Dave to supply smooches for male counterparts was Bev Carroway, Alabama's "Fairest of the Fair" for 1978. Incidentally, the record breaking kiss was auctioned off to a gentleman who had had open heart surgery. He purchased the 3,226th kiss for his wife for \$150. Bob Baron, Group Program Director for the Smith stations, reports that Dave was unavailable for comment following his record breaking feat, but was reportedly in satisfactory condition soaking his lips in Epsom Salts!

KFI/Los Angeles' personalities Eric Chase and Mark Taylor hosted the disco dancing which followed the Grammy presentations. The disco party was held at the Biltmore Hotel and featured a special sound system and a spectacular lazer beam light show.

LUCK OF THE IRISH: For the second consecutive year, WSGA/Savannah, GA. will be flying a lucky couple to Ireland for an eight day vacation. Listeners are being invited to mail in postcards to WSGA in order to qualify for the "Irish Sweepstakes" trip. The station will begin reading names submitted for qualifiers to call in and identify themselves and win some "green" (a one dollar bill). Those names will then go into the final drawing for the Irish vacation.

ALBUM FEATURE: Responding to listener requests, WNBC/New York has introduced a new "Album Feature" segment into its programming. Running Monday through Friday at midnight during Frank Reed's show, the "Album Feature" spotlights the leading cuts for a different album each night, interspersed with background information about the artist and album. Bob Pittman, Program Manager, said, "A lot of people have been calling and writing in to say that they'd like such an 'Album Feature.' We'll have no rule about playing either new or old albums...just, we think, a lot of good music."

Motion

John London and Ron Engelman have left their morning team show at KTLK/Denver and have relocated in the morning slot at Portland's new Top 40 outlet, KYTE. The creative duo started on KYTE last Monday (3-13).

Chuck Britton has left KDWB/St. Paul to join the air staff at WAYS/Charlotte. Michael Christian will move into Chuck's vacated 12noon-3pm shift at KDWB, but Dave Thomson, Program Director still needs another jock. Send tapes and resumes to Dave at KDWB...a knowledge of research would also be helpful.

Greg Schaffer called in from WAXC/Rochester, N.Y. to give me the the bad news that the entire staff has been given one month's notice. The Rochester rocker will apparently undergo a format shift and the present staff is being released. Greg tells me he has a whole staff ready to roll, just call him at (716) 865-4188.

Howie Castle, former PD of WIFE/Indianapolis, is seeking another programming position and can be reached at (813) 397-1380.

Scott Sherwood, one of the major air-talents, has left his Program Director's job at KXOK/St. Louis, MO. and would like to relocate. Scott can be contacted at (314) 434-9178.

THIS IS NOT A CONVENTION PICTURE—But it is a party! The WNBC/New York staff is shown gathered at their February 13th record company party. Top row (left to right) Rosemary Piezzo, secretary to the GM; Gary Epstein, Account Executive; Brenda Graham, secretary to the PD; Johnny Dark; Risa Weinreb, Advertising and Promotion Manager; Lee Masters. Center: Roz Frank, Music Coordinator. Bottom, (left to right): Batt Johnson; Buzz Brindle, Assistant Program Manager; Bob Pittman, Program Manager.

WSGA CRAMS IT—WSGA/Savannah conducted its third annual "Car Cram" in conjunction with the Ringling Bros. Barnum & Bailey Circus. The winning group, pictured atop a 1973 Chevy Impala, actually managed to fit themselves inside the same car, all 32 of them. Pictured inside the car under more comfortable circumstances are WSGA air personalities Chris O'Brien and Keith Phillips and Program Director Jerry Rogers.

ROCKIN' AT THE CHAPEL—WCHL/Chapel Hill, N.C. celebrated its 25th year on the air with song salutes, sock hops and contests. The station played the most popular songs of the years between 1953 and the present, and registered listeners to win a 1950 Chevy filled with gifts. They also took over a local drive-in with the staff serving as roller-skated carhops, who might have been shaky with the shakes but managed to deliver the goods. Above, various WCHL staffers are pictured all slicked up and ready to sock it to 'em at the station's official 50's sock hop.

Stevens indicated that Doubleday had become dissatisfied with KRIZ's weak nighttime power allotment of 250 watts, and that the company would have eventually faced the prospect of purchasing an FM station to bolster KRIZ's penetration of the market. Cleveland

Some interesting changes reflected by this book. WQAL (PA) jumped to the top 8.3 to 10.8 as WMMS (A) faded from their super 10.6 to 6.9. WHK (C) lost a bit of their Country audience, 8.7 to 6.8, but it did not go to the other Country station WDMT (C), which also dipped 2.5 to 1.8. WWWM (A) did not pick up any of WMMS' loss, as they too declined 5.0 to 4.3. WWWE (PA) now operated by Combined Communications fared well 4.4 to 6.1. WZZP (R) also did well 3.0 to 5.9. WDOK (PA) up 6.8 to 8.2, WERE (N) 5.4 to 7.9, WGAR (PA) 7.3 to 5.1, WGCL (R) 4.7 to 4.5, WJMO (B) 4.3 to 5.0, WJW (PA) 3.2 to 4.0, WLYT (R) 2.1 to 2.0, WMGC (PA) 1.2 to 2.2, WDBN (PA) 1.9 to 1.8, WKSW (BM) 5.2 to 3.7. More than a couple of Cleveland broadcasters are currently searching for a major share of audience that seems to have disappeared according to this book, at least. Adults 18-34: WMMS 15.0, WGAR 7.6, WWWM and WZZP 7.5 each. Adults 18-49: WMMS 9.6, WQAL 8.4, WWWE 7.4, WGAR and WHK 6.8 each. Adults 35-64: WQAL 15.3, WDOK 13.4, WERE 10.2, WHK 9.2, WWWE 8.2. Teens: WZZP 22.3, WGCL and WWWM 14.3, WMMS 14.0, WJMO 10.5.

Welcome back to the wonderful world of Arbitron. From the ratings results received so far, some congratulations are in order: To Bob Burch and Shelley Grafman of Century Broadcasting who have two hits so far this book in KMEL/San Francisco (congratulations to Bobby Cole and the staff) and WABX/Detroit (PD Ted Ferguson and his crew); Bill Hennes and the people at WKQX/Chicago; Frank Cody and the staff of KLOS and Sam Bellamy and the people at KMET, two Los Angeles AOR stations who have, for the second book in a row, put AOR radio on top of the L.A. rockers. For more detailed ratings results, see the summaries elsewhere in this issue. For those of you still awaiting word, best of luck.

WNEW-FM Programs Upcoming Wings Album

WNEW-FM/New York acquired a copy of the upcoming, supposedly unavailable, Paul McCartney & Wings album, "London Town," and aired it in its entirety on several occasions last week.

Music Director Tom Morrera told R&R: "I imagine we will get a cease and desist order, but we'll play it until then. I don't think we're liable for legal action until we're told to stop."

When asked where the station acquired the album, Morrera said, "To quote my boss (Scott Muni), 'it came from the 3rd floor of a 3-floor tenement on Third Avenue'...This is standard procedure for us, to get things way in advance. Scott has more connections around the world than anybody. We've done it before and I'm sure we'll do it again."

Listener reaction to the album's unveiling was mixed, according to Morrera. "We told (the listeners) that we were going to be airing a new album by a major artist. Once we started to play it and they realized it wasn't the new Bruce Springsteen album they were not as enthused about it. The people who called who were into the album we were playing enjoyed it very much."

Morrera described the sound of the new album as closer to McCartney's pre-Wings recordings than his more recent material. "There are fourteen cuts on it," he said. "The longest one is about six minutes and the shortest around three. It's pop; it's commercial, mostly up pop rockers. I think there's probably three or four very good singles on it."

LUCKY NUMBER: WBLM/Lewiston-Portland made five a lucky number for their listeners recently as they celebrated their fifth anniversary as an AOR. They gave away groups of five albums all day long to listeners who called in with their WBLM reminiscences and best wishes. They also offered albums to the listener who could recall the names of all of the WBLM disc jockeys since the station's inception. So far no one has had total recall (only one WBLM staff member, a jock turned salesperson, is a five-year veteran of the station).

GUITARS OF THE STARS: WQFM/Milwaukee, in conjunction with WB Records and a local musical instrument shop, is having a drawing for a Fender Stratocaster guitar autographed by Ronnie Montrose.

2500 SKI-DOO: WMJQ/Rochester sponsored a "Magic" ski party recently, giving away 2500 ski lift passes and loading up ten busses for a ski trip to a local resort.

MIXED MEDIA: KTMS/Santa Barbara, in conjunction with First Artists Productions, is conducting a talent search for a listener to sing the theme song for an upcoming TV pilot called "California Girls." Wonder why they couldn't use the Beach Boys' classic?

SOMETHING IN THE AIR: WCCC/Hartford, in conjunction with Lifesong's Crack the Sky, invited its listeners to "crack the sky" with a personal message of their choice. Winner of the drawing had an airplane carry a banner over Connecticut skies that read, "Spring Is Here."

FREE MUSIC MONTH: To celebrate their second anniversary as an AOR, ROCK 96/Fresno is giving away concert tickets, albums and stereo gear to listeners all month long.

THE HEAVENLY EXPRESS: WAAF/Worcester has chartered a bus for call-in winners to travel to Boston for an upcoming Godz/Angels concert.

WEREWOLVES TO LONDON: WCAS/Cambridge, in conjunction with Asylum and Warren Zevon, is sponsoring a free trip to London for the listener who correctly answers the most trivia questions the station is asking on the subject of werewolves.

JOURNEY TO ROME: WMMS/Cleveland, in conjunction with Columbia Records and Journey, is offering their listeners a trip to Paris and Rome. The trip includes airfare, accommodations, sight-seeing, and \$101 (WMMS' dial position) spending money. Winning postcard will be drawn by a Journey member at the group's upcoming Cleveland concert appearance.

Update

We want your photos! The AOR section is your best opportunity to showcase your station and its promotional activities. You needn't be an R&R reporter to send us your best photographs to share with your fellow AOR programmers. Send them to me via the paper.

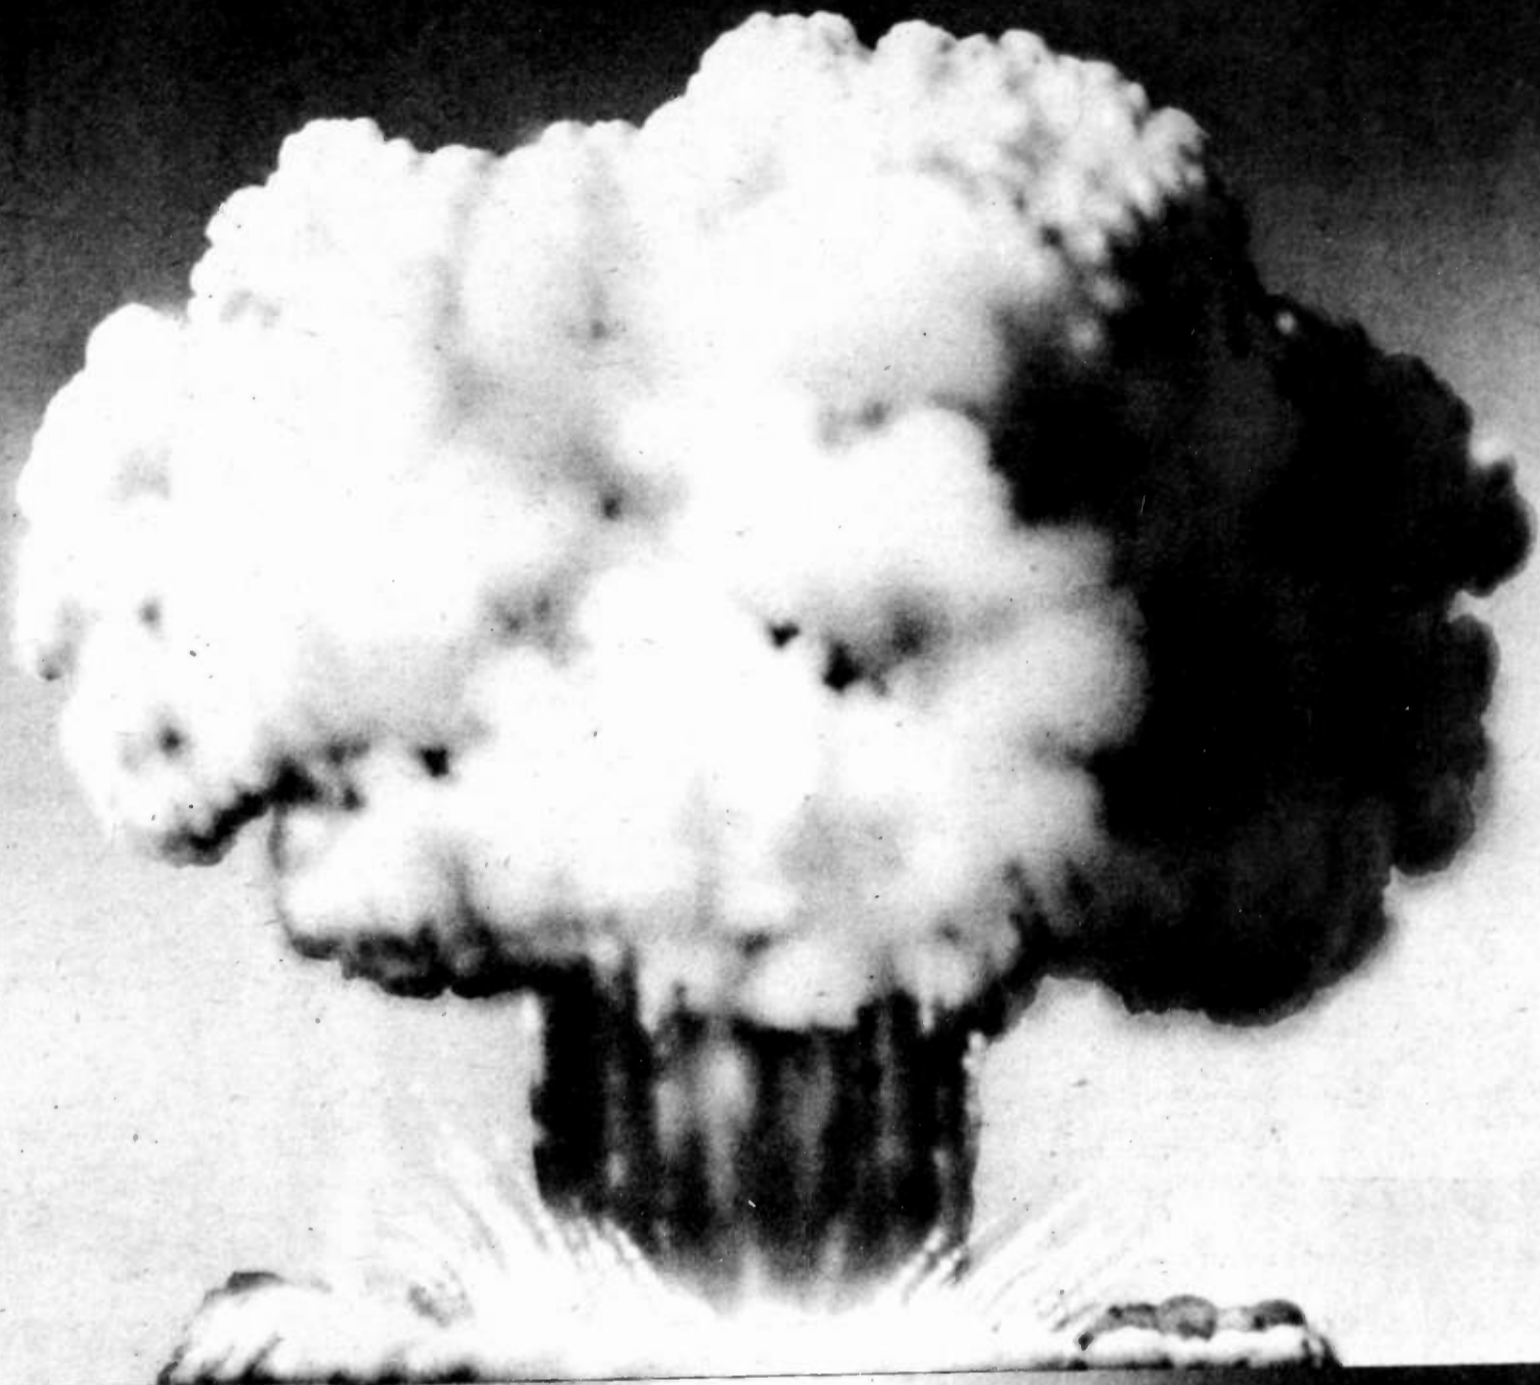

AOR stations nationwide are gearing up for this weekend's Cal Jam 2, an outdoor rock concert/festival. KMET/Los Angeles will be carrying live reports from the site throughout the concert. Nova Broadcasting Services will be feeding reports from the site to WYDD/Pittsburgh, WORJ/Orlando and WMMS/Cleveland. KOME/San Jose will be sending a busload of listeners to the concert as the grand prize in a current promotion. KSJO/San Jose is giving away tickets to the event, plus commemorative T-shirts, and airing mini-concerts of some of the artists scheduled to play at the one-day concert...FM103/Ann Arbor's all-night Jazz show "Night Train" is celebrating its third anniversary on the air with a ticket giveaway to a local appearance of Carla Bley. Show host Michael G. Nastos reports tremendous listener response to the show, which programs "traditional" Jazz music, as opposed to the current Jazz-Rock crossover material...99FM/Wheeling needs record service, all labels. Contact Tory at (304) 232-9935...Congratulations to WBRU/Providence for their part in raising \$13,000 in a recent Rhode Island leukemia radiothon...The Population Institute's Rock Project has announced a winner to its first National Condom Couplet Contest, as mentioned in an earlier Update. Judges Grace Slick, Ben Fong-Torres, Janis Ian, Frank Zappa and Chinga Chavin chose the following as the winning entry: "From using condoms you will learn no deposit means no return." The winner received a solid gold condom for her couplet...DIR Broadcasting celebrated the first anniversary of their "Live From The Bottom Line" syndicated show with a concert featuring David Bromberg and his friends, including Phoebe Snow, Loudon Wainwright III and Dion...Heard from the people at WDIX-FM, a cable outlet on Long Island which is doing very well. They service over 60,000 Suffolk County subscribers to the FM Stereo Cable Service, offering a very localized alternative to New York FM radio programming...Get well soon to Pat Simpson, MD of WHHY/Montgomery who is recuperating from health problems...Check out the new People magazine (Genevieve Bujold cover-featured) for a piece on Lee Abrams, of the Burkhart-Abrams consulting firm. It's always interesting to see how the "straight-press" treats radio industry figures.

THE FUGITIVE SPIRIT OF ROCK 'N' ROLL.

THE OUTLAWS Bring It Back Alive.

The furious energy of an Outlaws in-concert performance escapes description. It's an incredible moment of pure excitement shared by the band and the entire audience. The Outlaws never fail to reach that peak. And now at long last, they've been recorded live in a series of historic appearances, recreating the elusive magic that rock 'n' roll is all about.

The crowd wanted action, and that's what they got.

**THE OUTLAWS' "BRING IT BACK ALIVE."

BEATLEMANIA STRIKES KLOS—KLOS/Los Angeles staged a ticket giveaway for the L.A. stage presentation of "Beatlemania," in conjunction with the Playboy Club and a local clothing chain. Over 300 listeners won tickets to a special Valentine's Day performance. Pictured (l-r) are KLOS news reporter Lisa Glasberg, Joe Pecorino and Mitch Weissman of the Beatlemania quartet, KLOS air personality Joe Reiling, and the group's Leslie Fradkin and Justine McNeil.

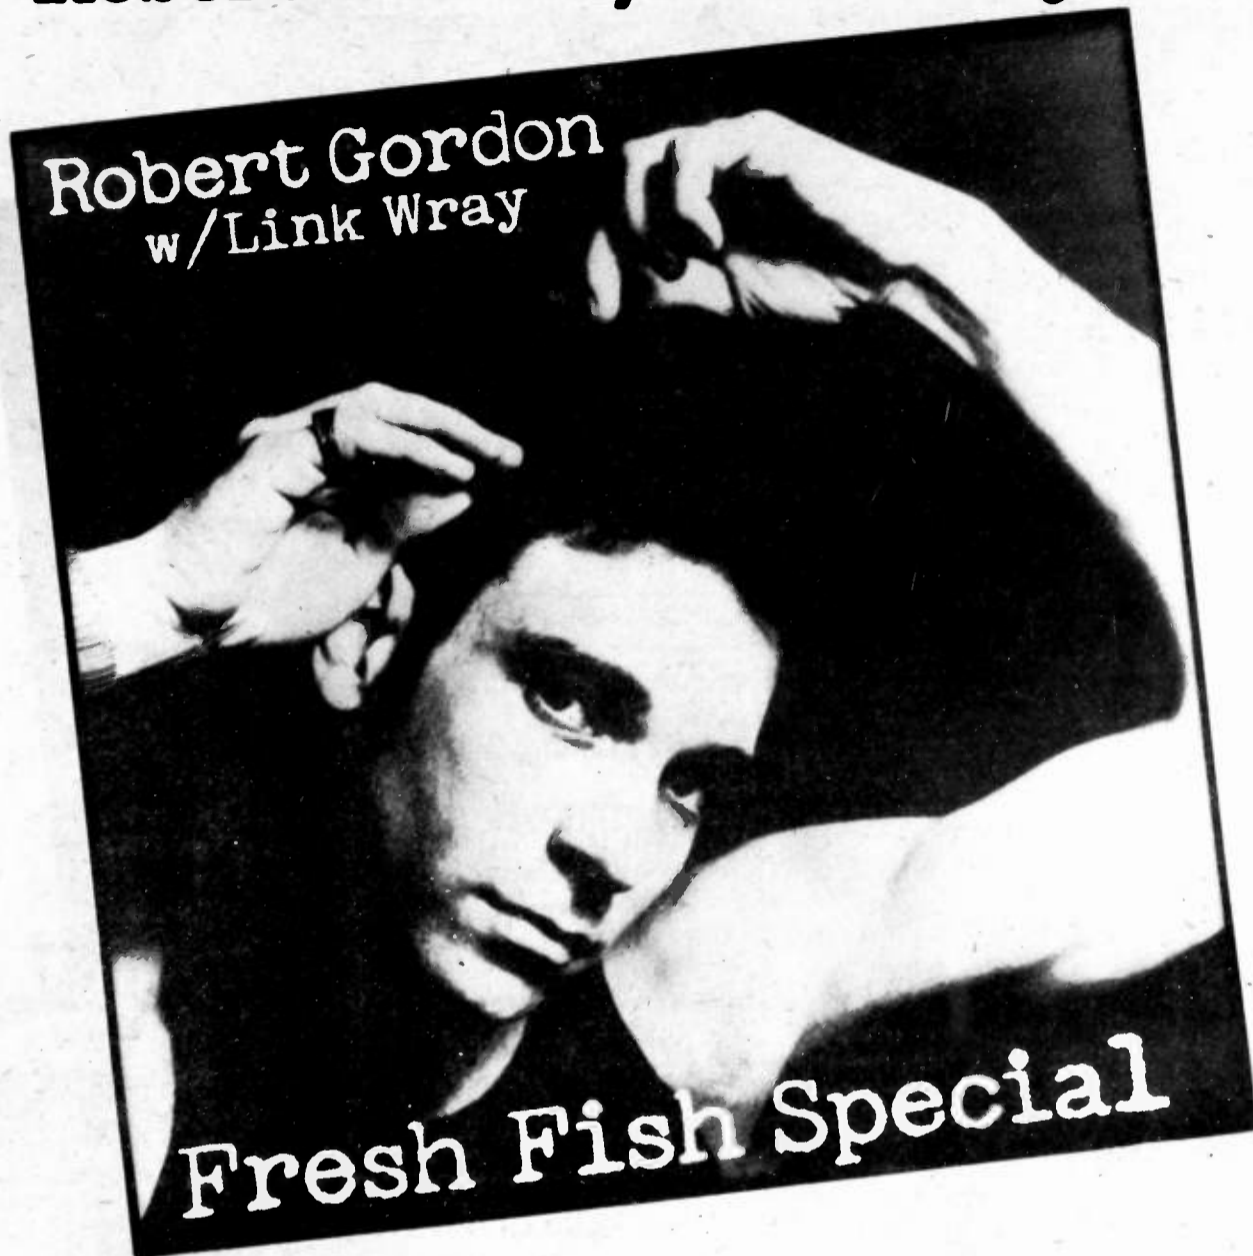

WMMB IS CRACKED—Several Cleveland area CBS notables and WMMB personnel attempted to "crack the sky" in association with the Lifesong band of the same name. Associated Labels Local Promotion Manager Frank Horowitz, Cleveland Branch Manager Rich Kudolla, and WMMB air personalities Jeff Kinzbach and Betty Korvan were among a dozen skydivers to take the 2500-foot static line formation jump. The jumpers and some of the 1000-plus spectators are pictured after being safely grounded.

CATCHING THE DETECTIVE—Backstage at the Santa Monica Civic following a performance by Swan Song's Detective, a number of industry figures gathered. Pictured (l-r, rear) are Atlantic West Coast Regional Sales Manager Tom Davies, West Coast Regional Pop Marketing Director Barry Freeman, KWST/Los Angeles Program Director Paul Sullivan, West Coast Artist Relations Director Tony Mandich, and promotion rep Jeff Laufer. Front row (l-r): West Coast Trade Liaison Jess Levitt, Detective's Michael Des Barres, West Coast A&R Director John David Kalodner (and guitar), radio consultant Tom Yates, Vice President/West Coast General Manager Bob Greenberg, group's Bobby Pickett, promotion rep Steve Rowland, group's Michael Monarch, Swan Song's Sam Aizer, sales rep Ted Incardonia, and group's Jon Hyde.

EMERSON'S WORCESTER BOOSTERS—Keith Emerson of ELP visited the studios of WAAF/Worcester. Pictured there (l-r) are Atlantic promotion rep Tony Chalmers, WAAF Promotion Director Ilyse Gottlieb, Assistant Program Director Paul Lemieux, Emerson, Program Director Lee Arnold, Atlantic NE Regional Album Promotion/Artist Development Manager Steve Leeds, and air personality John Duncan.

A LITTLE BTO IN NEW ORLEANS—Mercury's BTO played the Warehouse in New Orleans, scene of some of their earliest successes. WRNO-FM Program Director Mike Costello was there along with a host of Phonogram/Mercury executives. Pictured (l-r, top) are National Promotion Director Jim Taylor and promoter Don Fox. In the front row (l-r), Executive Vice President/General Manager Charles Fach, Mike Costello, BTO manager Bruce Allen, the four members of the band, and Ray Compton of the promoter's organization.

Will the real Stiff please stand up.

Surprise! Everyone of them is a genuine Stiff.

And they're everything you'd expect from a bunch of Stiffs. And more. Their album "Stiffs Live" captures all the excitement and frenzy they created on their explosive tour through England. It chronicles five of the most vital and diverse rock talents

that Britain has produced in the last decade, with incredible performances by Elvis Costello, Ian Dury, Nick Lowe, Wreckless Eric, and Larry Wallis.

There they are. Stiffs with clout. And every one of them standing on his own.

News Notes

As you will read in the Biff Collie column this week the CMA has been invited to meet with the President of the United States at a special reception during the April board meeting in Washington D.C. Naturally, as a board member, I feel a great deal of pride to be able to participate in this great honor...Tommy Charles, former PD of WMPS/Memphis and WSUN/St. Petersburg, has been named Program Director of

Tommy Charles

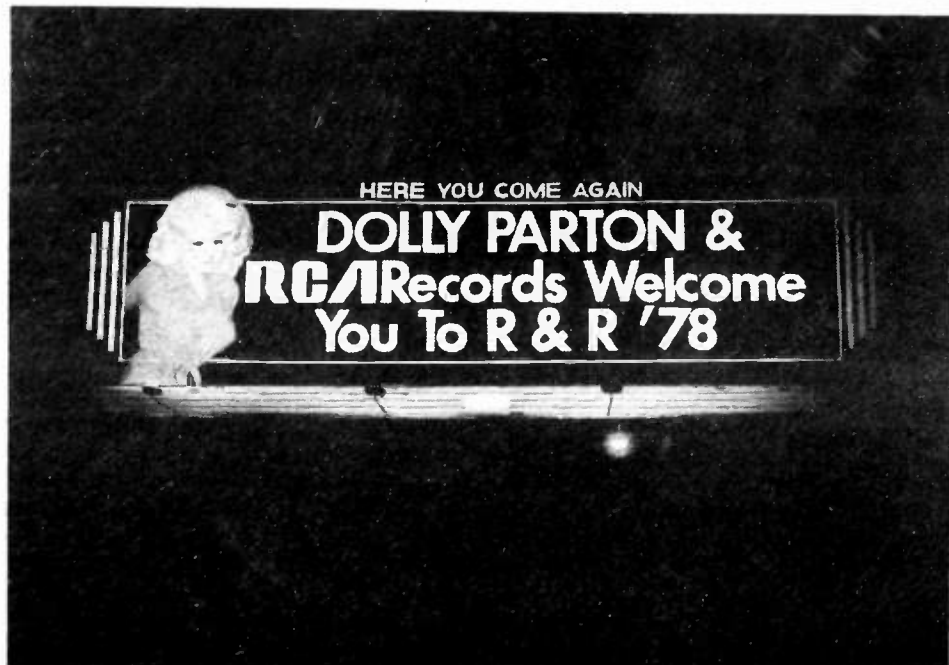

Bob Grayson

WWOK/Miami. Ron Tatar will continue to handle the music...Former WPLO/Atlanta air personality Bob Grayson has joined WAME/Charlotte as PD. Pat McGowan has been appointed to take over the music chores...Michael Owens, VP of the Buck Owens stations, has moved from Bakersfield to Phoenix to take over as GM of KNIX AM & FM. He held the same position at KUZZ/Bakersfield for the past six years. Former KNIX GM Vic Mariani has been named Director of National and Regional Sales for KNIX AM & FM, KUZZ and KKXX-FM...Larry Gorgan, GM of WFMS/Indianapolis, has been named a VP of the Susquehanna Broadcasting Company station...Captain Willie, formerly Bill Carr of KENO/Las Vegas, has joined KRAM in Vegas to do an air shift...Jo Henderson, former PD of KSUZ/Port Arthur, Texas, replaces "Country Lovin'" Liz as evening personality on KLVI/Beaumont. Liz has moved to New York to pursue a career in dancing...Dave Hume, from KGBS-FM/Los Angeles, is the new PD of KBMI/Las Vegas. The station needs

help with Country product: P.O. Box 15223, Las Vegas, 89114...Albany, New York has a new Country station. GM Bob Badger has informed us WABY has made the switch effective immediately...WHN/New York PD Ed Salamon has crossed over. He will be consulting Storer's Pop/Adult station in Miami, WGBS...Ken Wells takes over the PD job at WIXZ/Pittsburgh. He had been with the station for the past year doing the afternoon show. He remains on the air. Steve Ott has joined the station from WEEP to do mid-days...Marshall Walzer has moved from the sales department to Promotion Director of WWJO/St. Cloud...Barry Mardit, who is still doing the afternoon drive shift, is the new PD of WFEC/Harrisburg...Happy to report WMAQ-WKQX PD Bill Hennes is doing well after being hospitalized for a kidney stone the day after the R&R Convention. When I last saw Bill in Dallas, he and his GM Burt Sherwood were jumping for joy in the Fairmont Hotel lobby after hearing the great news about the Chicago Arbitron...It was good to see so many Country stations again on the upswing in this latest rating.

R&R Convention Footnote

Even though the R&R Convention '78 is just a memory now, I found a couple more pictures you might be interested in seeing. The first shot features a billboard RCA Records had erected to salute the convention and Dolly's appearance. The second picture was taken at the RCA Hospitality Suite, in the back bedroom. On the bed you will find: Charley Pride; Dave & Sugar; RCA's Joe Galante and Wayne Edwards; Ed Chandler, KSON/San Diego; Marty Sullivan, KRMD/Shreveport; Ed Salamon, WHN/

New York; Chris Collier, KCKN/Kansas City; Randy Michaels, WDAF/Kansas City; John Randolph, KTOW/Tulsa; Cindy Rose, CMA, Nashville; Frank Mull, independent promoter; Dr. Richard Peterson, Vanderbilt University; R&R's Jim Duncan; and a

couple unidentified hitch-hikers. (Question: What were all of those people doing on a bed at the R&R Convention? You'll just have to make plans to be with us here in Los Angeles next year for R&R Convention '79 to find out the answer to what you missed).

PIE-IN-THE-EYE—WIRE/Indianapolis air personality Ken Speck took part in a fund-raiser for Muscular Dystrophy in a very unusual way. An auctioneer took bids from the crowd at a local shopping mall for the opportunity to smash Speck in the face with a cherry pie. (The results are pictured).

WINTER WINNERS IN WASHINGTON—This winter promotion for 98M2Q/Washington D.C. involved listeners submitting their monthly utility bills. Once per hour the station called a name on the air. Danny Thomas was featured on the 16-hour "Big Band Radiothon" Sunday on Nashville's WAMB Radio, benefitting St. Jude Children's Hospital in Memphis. Reviews on the 3-hour live PBS television special from the Grand Ole Opry Saturday night have been sensational. A CBS official from New York reportedly called PBS afterward and asked "Where can we book that show you had on the air?"... Movie attendance here dropped over 30 percent this winter (snow-bound?)... Charlie Daniels sent Floyd Huffman, crippled by polio since age 3, a new Epiphone guitar when he heard that Huffman's guitar was destroyed in a bar-room brawl... Ronnie McDowell benefit-concerted at Portland, Tennessee High School... New members of the Tennessee Veterinary Medical Association's Auxiliary are Tom T. and Dixie Hall, Top Billing boss Tandy Rice, and local lawyer John Lentz (he represents a number of stars)... Jimmie C. Newman added a costume to the Country Music Hall of Fame collection last week. Nudie made it for him in 1954... Arlo Guthrie deplaned at Metro Airport and was met by Sheriff Fat Thomas' paddy wagon (to rush him to a tardy interview)... Barbara Mandrell was rushed to Parkview Hospital with viral pneumonia with a temperature of 105 and went a week with neither phone calls or visitors. She is home now.

house he bought in suburban Brentwood because it was slip-sliding away down the hill (really!)... Loretta Lynn's quote in the March 21st issue of "US" magazine attributes her former dependence on drugs to pressures induced by her career and family responsibilities. She's been in psychiatric therapy for three years now, she says... Remember Tommy Sands? He's back in the States from almost ten years in Hawaii, after having a Christian experience that, he says, has given him a new lease on life, a new wife, a new son, and a new record contract. "But best of all," Tommy told Copley news service writer Nancy Anderson, "I have a new friend. The Lord."... Is it true that the new chart-climber Bobby Hood has 1,000 Honda street bikes?... Charlie Lamb, longtime trade journalist and man-about music behind the desk, is emerging as a talent after 40 years in the business. Last week he videotaped a commercial session with "Hee Haw"'s Lulu Roman.

Competitors' Call Letter Use Uncalled For?

WRTN/Westchester, NY, has been playing big band sounds and traditional middle-of-the-road artists, but they took an untraditional approach to promoting their format. One of the promos used by the station read, "We're today what WNEW used to be," referring to the longtime New York City Pop/Adult powerhouse's past style of programming.

WNEW itself was less than totally delighted with unsolicited cross-plug. General Manager Mel Karmazin sent WRTN a note terming the use of WNEW's call letters as a relatively insignificant matter, but indicating WNEW's general disapproval. Karmazin felt that WRTN was using the WNEW call letters to call attention to itself (WRTN, by the way, is owned by a former Metromedia employee, Bill O'Shaughnessy. Metromedia, of course, owns WNEW). The upshot was a call from Karmazin to O'Shaughnessy suggesting that the use of the call letters be discontinued, with WRTN reportedly agreeing to do so.

Alene McKinney: A Friend To The Industry

From her beginning at KFAB/Lincoln where she worked gigs with Johnny Carson to the many years at KMPC/Los Angeles, Alene McKinney touched many people that will never forget her.

Count me in!

WHAT'S FAIR IS FAIR: KCRA/Sacramento is running the station's third annual "Show-Me-How Fair And Energy Expo." The promotion will be held at the Cal-Expo state fair grounds, in conjunction with a "build & save" store for the purpose of showing people how to save money by building and repairing items around the house, rather than calling in outside help. The four-day exhibit will feature over a hundred different ways to do-it-yourself and save...from gardening hints to a police demonstration of how to secure your home from break-ins. Coupons are given out to all who attend the Fair/Expo as a discount for the purchase of any building materials people might need. Station hopes to pass last year's attendance of 204,000.

A SPORTING CHANCE: WGAR/Cleveland is giving listeners a chance to win a fully-loaded new Ford van, called the WGAR Fun Machine. The contest is a tie-in with the 1978 Sports Show being held at the Cleveland Convention Center. Ten semifinalists will receive a Shakespeare rod & reel with the final drawing to be made March 19 for the WGAR Fun Machine van.

PROMOTIONAL GAS: WSBA/York offered listeners an opportunity to fill up with ten gallons of gas and pay only the tax on it, which works out to just

Marion's adults say:

WDIF IS NO.1 WITH US

Jim Roberts, Music Director of WDIF/Marion sends along this excellent promotional visual.

91 cents. Sounds simple enough, but wait...A Country station in town got wind of the specific gas station at which the promotion was being held and told their listeners of the situation before WSBA announced the station's location. PD Bill Campbell quickly switched to another gas station leaving a mile long trail of cars at the suddenly "wrong" gas station. For Country music lovers, this one backfired.

NET-WORK: WFTL/Ft. Lauderdale tied in a promotion in conjunction with the Grand Prix tennis tournament recently. Station staged an exhibition match between tennis' greatest hustler, Bobby Riggs, and morning man Mike Carlton and afternoon man Terry Gross.

A SNAKE IN THE RACE: KVI/Seattle is staging its first annual St. Patrick's Day Snake Race today, March 17th. As PD Mike O'Shea explains, legend has it that St. Patrick drove the snakes out of Ireland. In memory of this, station personalities will each enter a snake while listeners are being invited to guess the first, second and third place winners. Whoever comes closest to getting all three positions correct will win their weight in green at \$1 per pound.

NOT EVERYONE LOVES A RAIN SONG: Rick Glasby, PD, WDAT/Daytona Beach, gives us a great example of radio's flexibility. On February 28th the station's play-by-play announcer Bill Wise began a broadcast of a local basketball game, when suddenly the gym roof started to leak, because of extremely heavy rain. It got so wet that officials decided to move the game to another gym across town for the second half. WDAT staff members scurried up and down roofs, moving all their broadcast equipment while evening personality Mike Roberts became the half-time feature by doing his regular show. Half an hour later and all the way across town the game resumed as Wise picked up play in the second half without missing a shot. By the way, the local favorite, Warner, won by a point and now goes to the state playoffs.

BLUE EYES SINGING IN THE WEST: WNEW/New York is ending a dreary winter with a touch of class by sending two lucky listeners to the opening of Frank Sinatra's engagement at Caesar's Palace in May. It's a simple postcard contest with all expenses paid plus \$250 in spending money. Besides the two grand prize winners, WNEW will also treat several others to a dinner at Jilly's restaurant the same night as Sinatra opens in Vegas.

Lauderdale is celebrating the city's 67th birthday by roping off an area near a shopping center and staging a street dance...Congratulations to KVI/Seattle Sports Director Bob Robertson for being named Washington State Sportscaster of the Year for the 12th time in 15 years...Fred Winston, WFYR/Chicago morning man, shared honorary Ringmaster duties with station News Director Lyle Dean recently at the Medina Shrine Circus...WNEW/New York personality Jonathan Schwartz had a very special guest recently: his dad Arthur who is a composer...KGIL/San Fernando has acquired the rights to broadcast games of the Los Angeles Skyhawks soccer team...A recent phone survey of the Akron market revealed that during the late January blizzard, 87 percent of the people surveyed used radio for news and information with a whopping 51.3 percent using radio exclusively....

Transition

Ron Reynolds has been named Program Director of KYUU-FM/San Francisco while maintaining Music Coordinator duties for both KYUU-FM and AM sister KNBR....Tom Brown from WCAU/Philadelphia to KYUU-FM in the afternoons and Liz Bentley to KYUU-FM from KOLO/Reno to do nights...Dave Shult to KSLM/Salem from KFLY/Corvallis as Music Director....John Jenkins named new Music Director at KXYZ/Houston....John Katz resigned his Program Director position last week, and no replacement has yet been named. Charities

WMAL/Washington, D.C. solely represented their city in the Leukemia Radiothon, among the 75 or so other radio stations in the country. 24 hour special broadcast hosted by their night personality Bill Mayhugh, raising \$100,223 (all pledges not counted yet, figure as of 2/27) which makes them the greatest contributor of any single radio station in history for the fifth consecutive year (they've been doing it for five years). All funds go to leukemia, none for expenses, etc. There was a 104 percent return on pledges.

KFMB/San Diego is running their annual "Leukemia Radiothon" via remote from fashionable Harbor Island. All station personalities will participate, along with several Hollywood stars and TV personalities. Station hopes to top last year's total of \$51,000.

Gene Rump, KAKE/Wichita personality and local TV star, is currently involved in fund-raising activities for various organizations in the area by performing "magic tricks" at business and commercial establishments. Gene is no stranger to magic...he's been fooling me for years.

WFDF/Flint morning personality Dan Hunter has been collecting pennies from listeners to buy gifts for hospitalized children in the area. Hunter began collecting in December of 1976, and has just passed the 2 million mark in pennies. That works out to be \$20,000.

CHART SUMMARY: Bee Gees go eight straight weeks with the number one song as "Night Fever" tops the chart for the second week (previously, "Stayin' Alive" went six weeks in a row at 1). Barry Manilow made a run at the top but the Gibb Brothers held him off. Look for Barry to try it again next week. Eric Clapton has his eyes on the top and "Sally" could be his first number one since "I Shot The Sheriff." Kansas easily went top five this week. Welch, Elliman, Raydio and Gates all coming home nicely with good jumps nationwide. England Dan & John Ford Coley are living up to their explosive first ten days, moving to number 15. ELO and Jackson Browne gaining strength. Natalie Cole becomes a Breaker and takes a healthy eight point jump. Andrew Gold still building with a move up to 23. Finally, Gene Cotton debuts at 29, building from his Southern base to Breaker status.
