#### PHOENIX STATION TO CONTINUE COURT BATTLE

### Judge Rules Arbitron Can Delist KUPD

An Arizona Superior Court judge denied a temporary injunction sought by KUPD/Phoenix against Arbitron which would have pre-vented the rating firm from "delisting" KUPD in its April/May '78 market report.' Arbitron, however, has not yet determined whether to publish the Phoenix book without KUPD's ratings, and KUPD has notified R&R that it will continue the legal battle and sue Arbitron for damages if the station is delisted. The incident marks the first legal skirmish over Arbitron's controversial delisting policy, and this first round decision could help set crucial precedents.

KUPD sought the injuction after Arbitron notified the station of its intent to delist KUPD in the April/ May book on grounds of diary distortion. The promotion in question was the KUPD "Uncontest," begun April 4, in which KUPD awarded cash prizes off the air to winners drawn from a file of subjects surveyed previously by the station under the name Tri-State Data to determine listening patterns. According to the court summary, those who had named KUPD as their favorite radio station were eligible for prizes.

#### **The Case For Distortion**

Arbitron contended this contest violated its diary distortion rules, which according to company policy would make KUPD subject to delisting. Arbitron defines diary distortion as activities which "could cause survey participants to record radio or television activity in their diaries which exceeds their actual listening or viewing these activities have involved contests which reward participants on the basis of the amount of time they record listening to or viewing of the station conducting the contest." According to Arbitron, "whether or not" such contests cause actual distorted diary entries, they can cause other stations to feel that "they must adopt similar activities as a matter of 'self-defense' "; and may affect all stations' competitive position; and cause stations and advertisers to question the "validity and reliability" of audience estimates for that market, eventually leading to advertisers abandoning the broadcast media because of a belief that the estimates are unreliable.

Arbitron Vice President/General Manager Rick Aurichio explained Arbitron's position on the "Uncontest." "Over the past two years," he told R&R, "KUPD has been doing research without identifying itself, in order not to bias the results." Aurichio points out, "Then if Arbitron comes along doing research, would those people think it's Arbitron or KUPD doing the research?" He also feels that listener awareness of the financial rewards for naming KUPD as your favorite radio station could cause listeners receiving diaries to exaggerate their KUPD listening.

A lawyer for KUPD contended, however, that Arbitron's interpretation was far from accurate. "Because we said to listeners, 'You do a great deal of listening to our radio station,' to say that somewhere down the line an Arbitron book would be distorted is insane. (Continued on Page 22)

#### FCC Defers RKO's KBPI Purchase

The FCC has voted to defer RKO Radio's request to purchase KBPI/ Denver. The unanimous vote was based on pending charges against RKO's parent company, General Tire & Rubber Co., which has been under fire for alleged illegal activities including questionable foreign

payments, domestic political contributions, and secret accounts. The Commission stated that until allegations are cleared up, RKO's qualifications to operate KBPI in "the public interest, convenience, and necessity" remain questionable.

#### **REWRITE UPDATE**

#### **Spectrum Fee Schedule Unveiled**

An immediate response for any business person to proposed government changes is "what's it going to cost?" It's no different with the proposed rewrite to the Communications Act (H.R. 13015). So, Rep. Lionel Van Deerlin's staff has come up with a formula. Like most of the bill's other offerings, the staff's attitude appears to be one of "let's throw this out and see what happens." A quick poll of broadcasters on the proposed fees shows that those who will pay the most—the VHF stations in top 100 markets — aren't happy and everyone else is skeptical.

Prior indication of the subcommittee's thinking had been that fees would be based on a station's 1) frequency, 2) audience 3) number of stations in the market, and in some instances, 4) power. In the proposed schedule, AM stations with a band width 19 times smaller than FM would pay more. Based on the concept of "scarcity value," here's the proposal for radio:

	AM Fees Per		
1	I-A	\$40,800	
	I-B	10,700	
	Ц	10,700	
	II (Daytimer)	700	
	ш	350	
	III (Daytimer)	250	
	IV	211	
	FM Fees Per	Year	
	B	\$2,500	
	C	2,500	
	Α	400	

Tracy Broadcasting, owners of KKTT/Los Angeles, announced that Arnie Schorr, a 15-year veteran of the station, has exited as General Manager. Bob Sabel, formerly Sales Manager at the Black format station, has been named as his successor.

Sabel commented to R&R, "I feel very good about the new position. I have been here with Tracy Broadcasting for almost 11 years, so I am familiar with the station. I have a new PD in Walt Love and I look for some very good things

>

from him also."

Love was hired by the nowdeparted Schorr, but when asked what effect this would have on the present situation, Sable replied, "Everything is fine. Tracy Broadcasting hired him. Arnold, in speaking for 'the Kat' as GM, did have the say-so, but it was something I was very pleased with."

Schorr Exits KKTT; Sabel New GM

Sabel said the station's plans were "to offer something that's going to appeal to anyone who wants to hear good radio within our format." He added, "As of July 4th last year we've cut back to 10 commercial units per hour."

In addition, Walt Love commented, "It's great to be back in the Southern California area. Obviously, there are some changes coming. We're kind of like a little tea kettle among the giants, but I think "the Kat' can represent itself better than it has and I hope to do the best we can." Love was most recently Program Director of WVON/ Chicago.

Schorr was unavailable for comment, but reportedly will move into ownership and other facets of radio. Although the dollar amount for most radio stations isn't great, broadcasters appear suspicious since the fees could be increased. Neither representatives from NAB nor NRBA feel comfortable with the fee schedule, although the NRBA last week voiced strong support for the rewrite.

Clarification

I read your article in R&R today and I am somewhat concerned about paragraph two on page 20

where you quote me as saying:

'We're simulcasting 100 percent

of the time now and we're going to

continue. We will not be splitting

in July." The inference in that quote could be construed as somewhat defiant, which was not my intention.

I would like to clarify what our

position is with respect to the

split. As I suggested to you during

our phone conversation, we are indeed simulcasting 100 percent of

the time, and we are going to con-

to. We are hopeful that we will not

Bowen announced Monday (7-24) that Nick Hunter, former National Country Promotion Director of

termine whether SAT's (Small Aperture Terminals) satellite receptors could be a practical alternative to its present telephone line system.

R&R/Friday, July 28, 1978

Mutual, however, contended that SAT's had already been tested thoroughly last year in a five-month test series conducted by Western Union, and that the AP test would be unnecessary. The company added that Western Union, as a satellite equipment manufacturer, would "have no choice but to participate in these 'tests' for competitive reasons," and that Mutual, having contracted with Western Union for a satellite program distribution system now pending FCC approval, might have to bear part of Western Union's expenses from the AP test as translated into rate increases.

The Mutual petition stated, "It is not the intent of MBS to oppose legitimate developmental endeavors . . . However, when such

. . tests are unnecessary, (they) pose a serious potential burden to rate pavers and constitute a sham for AP to conduct, at no expense to itself, a competitive runoff among carriers and vendors." Mutual added that "any semblance of public interest is singularly lacking."

An AP official countered, "It sounds from the tone of the objection that Mutual is more interested in sandbags than satellites. It is unfortunate that this narrow vision will delay AP's effort to advance the application of satellite technology to the broadcasting and newspaper industry."

UPI has also announced plans to apply to the FCC for permission to test satellite delivery of its audio service and broadcast news wire, with RCA Americom and Western Union agreeing to provide satellite facilities

#### **Driscoll Exits Ten-Q PD Position**, **Remains On Air**

John Driscoll has "relinquished" his position as Program Director of KTNQ (TEN-Q)/Los Angeles, according to Storer National Program Director Ed Salamon, Salamon is acting PD at the station. and commented that the move will "help us make a more orderly transition" from Top 40 to Country this fall. Driscoll will retain his 10am-2pm air shift. Ron Martin, PD of Storer's KGBS-FM (which will switch from Country to Top 40 when TEN-Q converts), remains in that position.

R&R has learned that WSB/Atlanta Vice President/General Manager Elmo Ellis and Paul Considy, recently General Manager at ETNQ/Los Angeles, have been selected to appear in the pages of the 40th annual Who's Who listing, joining a select radio company. ABC Vice President of Programming Rick Skier, honored last year, was reportedly the first radio figure to gain entry into Who's Who.

#### Seven-Up Names NW Ayer New Agency, Goes For "Positive" Approach

Seven-Up has awarded its Seven-Up and Sugar-Free Seven-Up accounts to the N.W. Ayer agency, granting Leo Burnett USA (acknowledged by ad industry insiders as the favorite to gain the whole account) only its new products, including the lemonade-flavored Quirst. The company recently dissolved a 36-year relationship with the J. Walter Thompson agency, creators of the "Uncola" campaign, which is now likely to be dropped in favor of the more "upbeat attitude." Seven-Up ranks third among American soft drink companies.

#### FTC, Other US Agencies To Study Alcohol Ads' Effects

The Federal Trade Commission, along with the Bureau Of Alcohol, Tobacco & Firearms and two other government agencies, are instituting a study on the effects of ads for alcoholic beverages on consumer attitudes, the first such government study ever launched. The initial focus this fall will be on effects, if any, of advertising on young people's attitudes toward drinking. The study will also concentrate on ad themes and their impact, expecially on the young. A government statement said action against advertisers might occur if the study indicates that ads act as a "stimulus" for minors to begin drinking, or appeal to problem drinkers and alcoholics to drink excessively, or to increase the "hazardous nature of alcohol use."

#### Cosby Named Star Presenter Of Year

Bill Cosby has been named Star Presenter of the Year by Advertsing Age for his TV commercials for Del Monte, Ford, and Jell-O. The magazine cited his "unusual ability to mix light humor with product sell." Cosby has been doing spots for Jell-O and Del Monte for almost five years.

#### The G.O. Truth Crusade

Personally, I'm fed up to here with the rumors about showbusiness personalities. You know what I mean, those insidious little stories about this or that recording, movie, TV, or broadcasting figure! But how can we put a stop to it? Well, all of us at the Gary Owens Truth Foundation feel this can be thwarted by printing the rumor...then the fact.

Let's settle these things once and for all! Rumor: Chuck Mangione heard that Liberace's swimming pool was shaped like a piano

and had his pool dug to look like a flugelhorn.

Fact: True! The Mangione pool is drained by a spit valve.

Rumor: Meat Loaf once worked under the name of Orson Welles. Fact: False! We understand it was the Mormon Tabernacle Choir that originally worked under the name of Orson Welles.

Rumor: Liz Taylor is outraged at the remake of National Velvet which is titled International Velvet. She plans her own remake which will be called Interplanetary Velvet in which she will ride a pre-stressed Clydesdale!

Fact: We don't know for sure.

Rumor: Did First Lady of the Theater Helen Hayes sit on a Wilshire Boulevard bus eating a live chicken for publicity?

Fact: That's just baloney!

Rumor: Famous Radio Guy Sonny Melendrez was picked up in Tijuana for selling uninspected chiclets!

Fact: False! Contraband Ding Dongs. Let's set some more malicious rumors straight! Gregory Peck does not sneak into Disneyland at night in order to flog a dwarf in a Donald Duck suit...that just isn't true!

It is also not true that Princess Grace carries on with Lenny & Squiggy behind the Prince's back. That is another flagrant falsehood.

Rumor: TV game show star & radio personality Wink Martindale has gotten his last three sets of capped teeth out of the Montgomery Ward Catalogue.

Fact: For Wink to deny it would jeopardize his lucrative contract with Ward's. Although he appears to be young and athletic. Wink actually wears a Montgomery Ward truss, a Montgomery Ward wig, a Montgomery Ward knee brace, a Montgomery Ward pace maker-type device, and three Montgomery Ward hearing aids (one for reading). Over 63 of Wink's body parts are Montgomery Ward replacements. All work perfectly (he says).

Rumor: Singers Pat Boone and Frank Zappa are the same person. As Pat Boone, he (Pat & Frank) once drank milk onstage during a concert and shocked his audience.

Fact: This is completely false. Pat Boone and Frank Zappa are not the same person and anyone who would think so must be crazy. We understand Pat Boone and Alice Cooper are the same person.

#### More Cleveland Cleverness

As I mentioned up front, I knew there would be necessary addendum to my award-losing column on Cleveland.

Thanks to a fact-filled note from Pat Fitzgerald of KKYX/San Antonio, we have some more greats to add to the poignant list of Clevelanders.

When Pat was kreebling on the "All-night Party Fitz Show" at WHK in 1959, Casey Kasem was on WJW; Howie Lund on WDOK; Carl Reese, Phil McLain and Ronnie Barrett were on WERE.

Although my essay was about deejays who started their careers in Cleveland, Pat reminds me that several management stars were nurtured there. The erudite Harvey Glasscock, "Mr. Metromedia" was managing the company's new acquisition WHK to be followed by the great Jack Thayer...the genius who made WHK an early rock legend (I've known Jack since he was a top Storz josh dickey at WDGY/Minneapolis). Gerry Spinn was programmer; Ken Draper came to KYW/WKYC a few years later and brought them Runyon, Martin and Howard and later Alan Douglas. Incidentally, a silly twerp working with Jim Backus at WGAR in the earlier days was a talented young man named Jack Parr.

Pat points out two of TV's great commercial voices from that market...Ray Odis and Ernie Anderson (I tap-danced into Ernie recently in Hollywood and reminded him of the wonderful "Ghoulardi" days). I believe Ernie may make a million bucks this year in voiceovers! He has already notched over 4000 TV promo spots for ABC-TV

Again. thanks to all of you former and present-day Cleveland folk for bringing me up to date. Soon we'll have a column devoted entirely to anyone who's ever visited Chicago!

REA Records Where the Magic is in the Music!

#### CBS Hits New Highs For Second Quarter, First Half; Records Up 15 Percent

CBS Inc. set new records in revenues and earnings for the second quarter and first half this year, reaching the \$1.5 billion mark in first half revenues That figure represents a 14 percent jump over last year's first half figure of \$1.31 billion. Earnings were \$93.1 million, up 6 percent from \$87.9 million last year. In the second quarter of 1978, revenues were up 13 percent from \$665.5 million to \$751.8 million; while earnings rose 8 percent, \$54.9 million to \$59.3 million. While figures for the four CBS division were available, the company reports that the CBS Records Group's revenues were up 15 percent, while the Broadcast Group's revenues increased 12 percent in the second quarter, with "good growth" in radio and TV.

#### Jazzmen On Their Minds

The Illustrated Encyclopedia Of Jazz, newly published in the U.S. and England, by Harmony Books (\$7.95), is the third in a series of comprehensive volumes on the top historical artists in various musical styles (previous volumes covered rock and country). Authors Brian Case (well-known in England for his New Musical Express jazz coverage) and Stan Britt (of the British paper Melody Maker and others) cover jazz artists from the New Orleans pioneers of the early 20th century to the most avant-garde modernists. Photos abound, and the text is opinionated, well-researched, and highly informative for radio stations and others seeking a good general survey of jazz's foremost artists.

#### WCI Sets Second Quarter, First Half **Records: Discs Main Cause**

Warner Communications Inc. reports record profits and sales for its first half and second quarter 1978, with the record division leading the way. First half earnings were up 12 percent from \$34.3 million a year ago to \$38.4 million, while revenues rose over 24 percent from \$473 million to \$587.9 million. Second quarter figures showed profits up 11 pecent from \$16.2 million to \$18 million, while sales increased over 25 percent from \$219.8 million to \$275.4 million. In the first half, the company's music division revenues were up 20 percent from \$227.1 million to \$272.2 million, almost half the total figure.

Randy Brown has been named Director, National Accounts Sales for CBS Records. Brown will coordinate and implement sales-related activities between CBS and its national accounts, reporting to Marketing National Accounts VP John Kotecki. Brown was most recently National Promotion Director for Portrait Records, and worked in both promotion and sales positions in his decade plus CBS career

#### Capitol Opens Film/Video **Production Dept**

Capitol Records has opened a new department, the Film & Video Production Center which will create trailers and video spots, multimedia presentations, and film clips intended for TV. Capitol VP, Creative & Publicity Division Dan Davis commented, "Capitol appreciates the increasing importance of audio and visual presentations in gaining maximum exposure and support for artists. The creation of this department results directly from our longstanding commitment to that ideal." Varley Smith was named Director to the department, coming from the label's Creative Director of Advertising Merchandising position, while Charles Comelli was named Manager. Pictured (I-r) are Comelli, Davis, and Smith.

#### Island/Warner Pact Official

The previously-reported distribution deal between Island and Warner Bros. Records became official last week. The agreement covers catalog as well as new product, with a new Robert Palmer single kicking the deal off. Warners Chairman Mo Ostin commented, "We're tremendously excited to be associated with Chris (Blackwell) and the Island artists. ### STREET TALK

What a week! The changes came fast and furious on the Street Talk Fun Phone, so let's have at it....Scotty Brink is in Pittsburgh at WPEZ. Scotty is acting as temporary consultant to the station as they look for a new PD. T. Morgan has resigned as WPEZ Program Director. But, Scotty won't be returning to the 9-12noon slot at KULF/ Houston, when things are settled at WPEZ. Scotty will sign a mega-dollars contract to do morning-drive at WNBC/New York! Lee Masters exits WNBC's morning show to go into ownership...full details next week.

Michael St. John has turned in his resignation as PD of WMAK/Nashville amid heavy rumors of a pending format change. Disco, maybe? Look for Michael to stay in the immediate Nashville area as PD of an as yet unnamed station.

And speaking of "as yet unnamed"...when will Ron Alexenburg's new label be named? The first release is coming in September. We hear the name Xeti may be available.

More changes...Gene Knight, Music Director of B100/San Diego, has turned in his resignation and reportedly will join XTRA-FM south of the border. Does that mean San Diego will have another FM rock signal? Bet on it!

Mason Dixon is the new Program Director of Q105/Tampa. Mason, who has been and will continue doing afternoon drive, came to Q105 in February from KCBQ and KHJ.

John Travolta, the man who made three-piece suits a Seven-Eleven item, is about to sign an exclusive recording contract with a label that goes by its three initials. Surprise! It's not RSO.

Peachtree Street Talk says the morning team of Ross Brittain and Brian Wilson at Z93 are sounding great. Funny stuff and some real competition for Gary McKee at WQXI. Ross is the managing editor of Dan O'Day's music information sheet, Galaxy. The Ross & Wilson team moved to Z93 from WJBO/Baton Rouge.

Just in case you missed it the first time around (or want to see it again) Steve Martin will be doing his "King Tut" on a repeat performance of "Saturday Night Live" tomorrow night (7-29).

Johnny O'Neil has joined KHJ/Los Angeles to do weekends and swing (big call for that in Hollywood) from 96KX/Denver.

We hear the old WWDJ call letters will return to the airwaves on Heftel's recent purchase in Indianapolis. They were rock and roll in Hackensack and they may be again in Indianapolis.

Jay Stone, formerly of WEFM/Chicago and WNBC/New York, is now working for Millennium Records. Maybe he'll get to work on their new "Good Vibrations" album project, which will be an entire album of Beach Boys tunes...done "disco."

KFWD/Ft. Worth-Dallas is being sold to Gulf-Life, Inc., and they've applied for the new calls KTXQ. The AOR station will supposedly be consulted by Lee Abrams, again. He consulted KFWD before for a time.

Speaking of the ubiquitous Burkhart-Abrams, as of August first KQ94(KEZQ)/Little Rock will drop its Beautiful Music format in favor of AOR Superstars. KQ94 is the 100,000 watt FM sister-station to KAAY.

Lee Marshall, new National News Director for Charter Broadcasting, is looking for news people to fill present and future openings within the chain. Tapes and resumes to Lee care of KCBQ/San Diego.

At K59/Honolulu, when AKU goes on vacation almost anything can happen, and usually does. Filling in for the island legend is David Steinberg, who welcomed in-studio guests Shecky Greene and Don Ho. It was quite a zoo with live phone bits from Tennessee Ernie Ford. Where does AKU go on vacation? Europe, of course.

Those who made it to the midnight show at Hollywood's Starwood last Wednesday (7-19) were treated to a rare club appearance by Dr. J. & The Interns, who in reality turned out to be Aerosmith. The show was really something, according to Street Talk eye/ear witnesses. Seems the group just wanted to play a smaller club and did so unannounced.

CAUGHT (UP) IN THE ACT—Here it is! R&R's first official "Payola Photo," and imagine our collective surprise to find a fine bunch of guys like those successful KFRC/San Francisco dudes taking (dare we say it) cash! Well, actually, it's innocent enough...seems KFRC helped out during the recent Bay Area benefit for The Boarding House and the money (well, most of it) went to the cause. Pictured backstage at the concert are (I-r): Bert Keane, WB Regional Promotion; Martin Mull; Les Garland, Program Director of KFRC; Steve Martin; Dave Sholin, National Music Coordinator of RKO; and KFRC midday giant, Bob Anthony.

### WASHINGTON REPORT

#### Update

by Jonathan Hall

#### **Key Subcommittee Member Attacks Deregulation**

Rep. John Murphy (D-NY), the second ranking Democrat on the House Communications Subcommittee, attacked the deregulation provisions of the Communications Act Rewrite cosponsored by his subcommittee Chairman, Rep. Lionel Van Deerlin. Murphy had unkind words for both radio and television in his statement, calling the bill's deregulation aims "an abdication of our responsibility to bring television broad-casting closer to our better aspirations for it." He said that ratings alone would determine broadcasters' programming choices, and added that even with radio's fiercer competition, deregulation would not serve the public interest. "If classical music radio stations, for example, are squeezed out, should regulatory assistance be barred?" Murphy asked rhetorically. "And is there to be no regulatory redress if a radio station continually broadcasts racial slurs or makes unfair attacks on individuals without affording them a right to reply?" Murphy concluded that communications regulation is "in a constant muddle," but that the rewrite bill is "simply taking a gamble on deregulation."

#### Rehearing Request On "Seven Dirty Words"

R&R has learned that a move is afoot to ask the Supreme Court, which recently ruled against the Pacifica Foundation, licensee of WBAI/ New York, to rehear the "seven dirty words" case, and that NAB will support such an action as a "friend of the court." A final decision will be reached today (7/28). While attorneys for WBAI are deciding whether to ask for a rehearing, the FCC is making clear its stance. Practically speaking, they will not get upset with an occasional four letter word.

However, what has Washington communications attorneys worried is not the Commission's present posture. WBAI attorney Harry Cole says that the Court gave the FCC a lot of power, whether or not they choose to exercise it. Also, NAB attorneys met this week to review the WBAI decision as it relates to the FCC dismissal of a complaint against WGBH-TV/Boston by a group called Morality In Media Of Massachusetts, which was upset about "indecent language" heard during two BBC-produced shows aired on WGBH, a station generally held as a leader in public television. NAB Senior VP & General Counsel Erwin Krasnow is known to favor an appeal of the Supreme Court decision.

Commenting on the WBAI and WGBH decisions, Chairman Charles Ferris and Commissioner Tyrone Brown in separate appearances before broadcasters last week told their audiences not to be too concerned. Chairman Ferris was adament about using the "seven dirty words" case to avoid controversy. "For you to be safe — to only provide the conventional view," said the chairman, "is not enough to serve the overall public interest. This is the message I want most strongly to leave with you today," he emphasized. "We at the FCC are far more dedicated to the First Amendment premise that broadcasters should air controversial programming than we are worried about an occasional four-letter word."

#### **FTC Actions**

FTC's Division of Consumer Education, after results of sending 30-second scripts to the stations, says it plans to ask stations for more free time. "It's ironic," says one broadcaster who aired the material, "that on the one hand the government wants to keep us from advertising and on the other they ask us to give them freebies."

An area in which the FTC has indicated that it might block advertising is children's products. The FTC is currently in looking at the effects of it on television which could have implications for radio – one question, for example, would be how does a radio advertiser present 20 seconds of disclaimer in a 30 second spot and still sell his product? Even before becoming chairman of the FTC, Michael Pertschuk was raising questions concerning advertising to kids, so several groups (the American Association of Advertising Agencies, the American Association of National Advertisers, American Advertising Federation, and Toy Manufacturers of America) joined in asking Mr. Pertschuk to exclude himself in the inquiry. The commissioners took a vote– with Pertschuk abstaining on this one – and decided to allow their chairman to "join in all the reindeer games."

#### **New Profile Of Working Women**

NBC Radio Research Director Kathryn Lenard charts changes in profile of working women. Typically, they are married with school age children; not single and predominantly young as previously was the case. Lenard uses data to characterize today's working female as more impulsive, more willing to experiment, considerably less economy-minded and not brand-loyal.

Pictured during the NRBA's meeting with House Communications Subcommittee personnel are (I-r) Rep. Lionel Van Deerlin, co sponsor of the Communications Rewrite; NRBA President Jim Gabbert; end Subcommittee Majority Counsel Chip Shooshan.

LEGISLATIVE BATTLE ON REWRITE

#### **NRBA Meets With Van Deerlin**

Approximately a dozen board members of the National Radio **Broadcasters** Association in town last week to meet with Rep. Lionel Van Deerlin, (D: Cal) and staffers Chip Shooshan, Chuck Jackson, Edwina Dowell, and Carolyn Sachs, gave a hearty endorsement to the proposed rewrite of the Communications Act. (H.R. 13015). The reaction came amidst opposition during subcommittee hearings from FCC Commissioners, past and present, the National Cable Television Association, and others. Also on record opposing the bill are various citizen's groups. In addition to its endorsement, the NRBA plans to hold 10-12 regional meetings similar to those conducted by NAB, to emphasize parts of the proposed bill which stress deregulation for radio. NRBA Board member Don Nelson, VP & GM of WIRE/WXTZ/ Indianapolis, whose owners have 10 stations, says that he's behind the rewrite, but that convincing broadcasters will be a "tough sell."

NRBA And NAB Split Philosophically

NRBA Executive VP for Gov-

ernment Relations Abe Voron added that chances of the bill passing are only fair, but that he sees supporting it as a means to accelerate current deregulation efforts. Voron describes NAB's regional meetings as having been designed as a "campaign to kill the rewrite." Moreover, the basic difference between NAB and NRBA appears to be philosophical. Whereas the NRBA believes the contents of the rewrite bill to be negotiable and anticipates changes based on the current hearings being conducted by the subcommittee staff, the NAB is pushing for greater changes in the current law. NAB Radio Board Vice Chairman Carl Venters, President of Durham Life Broadcasting of Raleigh, N.C. feels that despite the differences with NRBA, the two organizations are "on the same track together" in their deregulation efforts. On Wednesday (7-26), Dick Chapin, President of Stuart Broadcasting Co. of Lincoln, Neb., and longtime head of NAB's Deregulation Task Force, sent a letter to Chairman Ferris offering his committee's support in championing more deregulation.

#### **Differing Opinions**

A question often arises in position disagreements between the two Washington trade associations as to how broadcast groups whose key executives belong to both organizations will swing. For example. Stan Hubbard is President of Hubbard Broadcasting Inc. in St. Paul, Minnesota and owner of eight stations. He is a supporter of NRBA and Jim Gabbert's attempts to prod deregulation. On the other hand, Hubbard agrees with the NAB stance that the proposed fees in the rewrite are a "tax" and he opposes that.

It is interesting to take a look, for comparisons sake, at how the Hubbard stations would fare given the new fees. Hubbard owns 3 TVs, 3 AMs, and 2 FMs. Its properties are located in the number 13, 17 and 79 markets. In Minneapolis/ St. Paul, the 17th market, for example, Hubbard's KSTP-TV, Channel 5, would pay close to 1.5 million dollars. Its AM there is a 50kw Class II station and would pay \$10,700. Its FM would pay \$2500. In Tampa/St. Petersburg, Hubbard's *(Continued on page 22)* 

Washington Street Talk

It's official. The FCC makes Arthur Ginsberg Chief of the Broadcast Bureau's Complaints and Compliance Division. Art, who joined the Complaints and Compliance Division 17 years ago, has been Acting Chief since Bill Ray's retirement last spring. Ginsberg will join in a legal workshop for disc jockeys at the NAB Programming Conference this month. Other panelists include Washington attorneys David Hilliard of Kirkland & Ellis, Richard Marks of Dow, Lohnes and Albertson, and John Strum of NBC, all former broadcasters, plus Dave Murray of WLAP/Lexington, who practiced law before becoming an announcer.

MORE CONVENTION NEWS: RTNDA's Sept. 20-22 conclave at the Atlanta Hilton will include radio sessions entitled: "The Future Direction of All-News", "What's New in Radio News" and "Living with a Radio Program Director Who Hates News". Also, Phil Donahue has been recruited to host a workshop. NAB has an excellent series of legal workshops on political advertising and commercial practices. Coming up: Indianapolis, (Hilton Airport Inn), July 31st and Atlanta (Sheraton Inn) Aug. 3.

"It's like running a small ad agency," says John Frykman, Mutual Broadcasting's new VP for Network Communications. John closed his Atlanta firm recently to join Mutual where he is charged with developing advertising and printed campaigns for use by Mutual's affiliates.

As seen in the Wall Street Journal: FCC Commissioner Joe Fogarty told the House Communications Subcommittee that he'd be happy to see the total number of commissioners reduced by two as long as Quello and Washburn were the ones to go. Fogarty told R&R, "It was all in fun."

John Leader

July 1978 is nearly history, which in itself is hard to believe, as summer continues to streak by. The top six markets will end their summer Arbitrons on Wednesday (8/2) and the results shouldn't be too far behind. With a few of the Apr-May results still lurking in the Beltsville computers, Summer may be moving faster for some than others.

I have heard from quite a few people in the past seven days who have lost their jobs. Now that's not big news within a business that has remained as fluid as radio has over the years, but what bothers me is the way some people get fired. Recently the jocks I have spoken with who have found themselves jobless seemed surprised to be in that unemployed situation. That can mean two things neither of them acceptable in my opinion. First: the person who was fired didn't really have a realistic understanding of what kind of a job he or she was doing in the eyes of the employer. Or, second: the employer didn't inform the person who was released that he or she was not performing satisfactorily, prior to firing them.

Granted, one who has been fired may not be the best judge of the realities surrounding the termination, but we all know that people are sometimes fired without any warning that they hadn't been doing a good job. It seems to me that one of the many responsibilities of a program director is always to make his or her employees aware of where they "stand" within the success/failure spectrum. If an employee begins to become a liability, then, you, as the PD, should say so. Give the person the facts and suggest a course to remedy the situation. As the situation either improves or deteriorates, the employee should be told how you feel regarding his or her performance. If you clearly tell your employees what's expected of them and they cannot perform within your guidelines, then a termination should come as a surprise to no one.

It's never fun to fire anyone. I still have a vivid memory of the first person I had to fire. But it's easier on both parties if chances for change have been tried. In most cases the benefit of the doubt applies with equal benefit to both parties.

Speaking of being out of work...appearing next week in R&R, part one of an important feature that will help you understand just what you should and should not do when seeking new employment. Program Directors from all formats and market levels will tell you what they look for when seeking a new employee.

This week, another rock and roll legend changes format, a checklist for programmers, and a Music Director makes a career change, plus this week's usual flock of "wild and crazy" radio promotions.

#### **KAFY Stops Rocking**

It came as a real surprise when the legendary KRIZ in Phoenix switched formats from a long history as a Top 40 giant to its new religious programming. Now, another 20 year veteran of rock and roll broadcasting will switch to a Pop/Adult approach in the coming weeks, as KAFY/Bakersfield stops rocking.

The long history of rock at KAFY dates back to 1958 with a Fabulous Fifty Plus Five survey, later replaced by the Boss Thirty. During the last twenty years, some of the finest talent in California radio have passed through the studios of KAFY. However, the station will begin a new page of its history very soon as the conversion from Top 40 to Pop/Adult is completed.

Current Program Director Richard Irwin has resigned in the face of the format change and will leave the station around August 7th. I spoke with Richard regarding the Bakersfield marketplace and what had brought about the change.

The answer, as is often the case, was ratings. KERN, which has been KAFY's main Top 40 competition since 1970, made immediate inroads toward the KAFY audience. In fact, KERN took the Top 40 battle almost from the beginning and held onto a larger share of the total persons 12 plus audience. The latest April/May book saw KAFY's share drop from 11.7 to 8.7. During the same rating KERN scored a 13.4 total. AOR-formatted KKXX also took an even more substantial drop, from 11.2 to a 4.9.

took an even more substantial drop, from 11.2 to a 4.9. Richard summed up his feelings toward KAFY's slumping ratings, "In analyzing it we actually had some-excellent increases as far as cume audience is concerned, but our maintenence was just miserable. I think we over-rotated, over-played our 'powers.' We tightened up especially for the book. KERN on the other hand loosened up. About a month before the book they (KERN) went to an extremely slow rotation on their current music. In talking to the KKXX PD he seems to feel he had 'junk' on the air and I feel we were over-rotating so KERN was the alternative. That was where people had to go to listen to radio."

But as the ratings go, so go sales and there is obviously more behind the format shift than plain rating points. The station has had monetary problems in the past and General Manager Darin McGavern sees the Pop/Adult approach as a way to immediately increase revenue.

Richard explained, "The station has to make a move away from rock and roll, although demographically I was convinced we had a mass appeal Top 40 station. We had an increase of 3100 listeners in our 25-49 cume and we had already 'softened' a bit, but it was still rock, even though heavily day-parted."

The changeover to the new format will take place quickly in what was apparently a decision already considered prior to the release of the Bakersfield Arbitron. Certain mem-

bers of the current staff have chosen not to remain for the format change, including Irwin, who will remain on as PD only long enough for a complete and smooth transition to the new KAFY sound.

Stations changing formats may not be big news, but when a station that has been successfully following the same format for over two decades makes a major format shift, that is important. In the face of an ever-changing demographic majority in ths country the format change at KAFY may make very sound economic sense. The giant post-war baby boom is now firmly settled into the 25-49 demographic cell and the stations that are able to hold onto that audience are the ones who will continue to prosper.

Thanks to Richard Irwin for his very frank insights and good luck to KAFY, as they embark on a new ear. As we say here at R&R, "Pop/Adult and Top 40 are just a few pages apart!" Mike Kasabo, meet KAFY.

#### Alan Burns Offers PD Checklist

At the recent meeting of the South Dakota Broadcasters Association, WLS/Chicago Music Director Alan Burns offered the assembled General Managers some sound advice for communicating with and understanding their Program Directors.

Burns, who is a broadcasting veteran with experience as a jock, programmer and music director, felt that mutual respect was one of the keys in any successful manager/ programmer interaction. "You must respect your program director, and you must command his respect," said Burns. "If you as a manager do not admire your program director as a person and as a professional, you may need a new program director... or a new look at your own values." Burns went on to offer the audience a ten point checklist for evaluating a program director:

- 1 "Is he a man of honesty and integrity?"
- 2 "Does he help you protect your license, or does he take chances from time to time?"
- 3 "Is he concerned about your community and your station's image within the community?"
- 4 "Is he interested in, and does he work toward, increased profits?"
- 5 "Does he communicate well with you, sales, engineering and his own staff?"
- 6 "Is he concerned for the welfare of his own staff?
- 7 "Is he able to train and lead his staff?"
- 8 "Is he analytical? Does he understand why things happen?"
- 9 "Is he 'creative'; that is, does he have imagination or knack for showmanship?"10. "Is he ambitious and aggressive?"

Burns made a number of pertinent points during his talk to the broadcasters, including discussing the problems of getting a "feel" for your market. "The people with whom we are in daily contact - our friends, families, and business

in daily contact – our friends, families, and business associates – tend to be much more like us than like the rest of the population. Since, therefore, most of our intercourse is with persons like ourselves, we often assume that most people, period, are like us. That can be a dangerous assumption in a competitive radio market."

The ten points that Burns offered managers to help them evaluate their program directors may be a tough set of standards to live up to, but they are definitely worth some attention. Often the interaction between programmer and manager can make the difference between a smooth-running, successful radio station and one that continually has problems. When the manager and pro-

grammer know each other well and agree on the philosophy WLS, Music Director of the station, both of their jobs become that much easier. Incidently, Alan's remarks were not meant only for male programmers, even though his points were stated in the male gender. His ten-point checklist is equally applicable to female programmers.

#### Roxy Leaves 99X-FM

As revealed in Street Talk, Roxy Myzal, Music Director of 99X(WXLO)/New York, has left the station. In what was a very classy sendoff for Roxy held last week at the station, Program Director Bobby Rich invited all the New York City promotion people to a gala going-away party for Roxy.

I thought I would share with you the letter that Bobby sent out annoucing Roxy's new career direction:

"As most of you know our Music Director, Roxy Myzal, left 99X-FM this week after over a year in that position. Roxy is entering a new level of her career as Atlantic Records' Local Promotion Director for New York. With Roxy's departure, 99X loses not only the best set of ears in New York City but a true broadcasting professional. Roxy's expertise, knowledge of the industry and true class will be sorely missed by all of us here at 99X-FM. We salute Atlantic Records on their incredible good taste and truly wish J. Roxy Myzal continued success and always the best."

The letter was signed by Bobby Rich and his staff at 99X. A very nice sendoff for a person, who will obviously be sincerely missed. Good luck to Roxy on her new career!

#### Bits

l think Jello Jumps are starting to "catch on" again. Every week the mail brings in another promotion tied in to leaping into a giant vat of congealed gelatin in search of some buried treasure. **99KX/Pittsburgh** announced they were going to have a Jump and over 18,000 people showed up to watch! The sight was the Kennywood Amusement Park and the lure was 96 keys buried in the slimy concoction, only one of which would start a brand new Dodge Omni. One at a time the 96 contestants leaped into what turned out to be a very sticky situation. The winner, after a quick clean-up, drove off in the new car. A few statistics: the 96 cubic feed of Jello weighed over 3 tons, it was mixed in advance in 19 separate 30 gallon cans, and then "glopped" into a large "Dempsey Dumpster" in which the keys had already been placed. A mess? yes, but a great promotion for PD Bobby Christian and his 96KX crew, who officiated at the festivities.

SORT OF A SKIN-IN - 92F/M-El Paso is a relatively new station in their market, but that hasn't held them back, as they battle for some visibility witnin El Paso. Program Director Johnny Thompson sends along this photo of the recent 92F/M Sun City Sun Tan Show Off. A winner was chosen in each of the two majority genders and prizes were awarded at a ceremony held in a local shopping center. Shown (l-r) Johnny, Tony Bravo, the two winners (in their swimming ensembles), David Mendez, Ron Marks and kneeling in front, Bill Pryce and Maggie Brock. By the way the new address for 92F/M is 5411 N. Mesa, Suite 31-C, El Paso, TX. 79912.

**ROLLIN' THRU BUFFALO** — Members of Epic's Reo Speedwagon rolled into the studios of WPHD/Buffalo while on their recent concert tour. Pictured (I-r) Dean Matela, WYSL (WPHD's sister station); Gary Richrath and Kevin Cronin of Reo; John Sykes, Epic Buffalo Promotion; Harv Moore, WYSL & WPHD Program Director; and Robert W. Taylor, WPHD air personality. ZIP GETS TWINS TOGETHER — In addition to giving away hundreds of concert tickets for Barry Manilow and ELO's separate appearences in Cleveland, WZZP/Cleveland is sponsoring Zip 106 Day at Cedar Point. The WZZP jocks will man the special Zip 106 booth on the midway, giving away T-shirts and LPs, but at 3PM the real fun begins, when the station will assemble the 30 sets of twins selected in the WZZP Twin promotion for a record ride on the Gemini Roller coaster. They're hoping it will be the largest number of twins ever assembled for a coaster ride. We certainly hope so too.

STONES TOUR HOT — The current U.S. tour of the Rolling Stones is causing a lot of excitement at the radio level. Stations have been scrambling to get tickets for the sold-out shows, awarding them to listeners. Q105/Tampa was one of the few stations in Florida to come up with a pair of choice tickets for the Stones' Lakeland concert. Q105 received over 3,000 postcard entries in just three days, and the winner shown in the photo was chauffered to and from the concert in her own private Q105 limo. Shown (l-r) Bob McNeill, Program Director at Q105; Cindy Price, ticket winner and Lynn Lotkowictz, Music Research Director.

KAMP K-EARTH — KRTH/Los Angeles is helping the Los Angeles Times raise money to send deserving kids to camp this Summer by sponsoring a Kamp K-Earth promotion. KRTH listeners are being asked to donate a dollar or more to the fund. As a thank-you from the station, each listener who participates will receive a custom copy of "Almost Summer" by Mike Love's Celebration. The song in its KRTH version is unavailable at any stores and is a Southern California collector's item.

ROLLIN' ON THE RIVER — Raft races have become big radio business in the last five years with the Granddaddy of them all held by WQXI-94Q/Atlanta each Summer. KGGO-FM/Des Moines, before their recent format shift to AOR, got into the act this year after observing the Atlanta classic. Program Director Dick Downes and General manager Jeff Trumper attended the WQXI event and came back to Des Moines with immediate plans to have their own race. It was a complete success with crowd estimates well over 15,000 spectators and participants. Shown presenting Iowa Governor Bob Ray with an official VIP t-shirt is KGGO-FM GM Trumper.

WHO GOT THE WOO? — WROR/Boston has issued an urgent plea asking their listeners to help recover WROR personality Arnie "Woo Woo" Ginsburg's missing Woo. Reportedly stolen during a recent daring daylight robbery, the missing Woo has been placed in plain sight somewhere in New England. The station will accept photographs taken by listeners of what the listeners feel is the missing Woo. I could be in Woonsocket, the Hollywood Motel, or even Woolworth's. The 98 best entries will be "wooed" with a host of prizes like five pounds of skate keys and tickets to a 1976 Beach Boys concert (that never happened). Until the robbery is solved, the WROR Sunday afternoon show will be filled by Arnie "Woo" Ginsburg. Woo, what a story!

#### According To The Court

Judge Rufus C. Coulter agreed with Arbitron that diary distortion had occurred. Among his comments: "The wording of the winner announcements were such that the diary keepers could easily believe that the information which the disc jockey had was a diary similar to the one they were keeping, and therefore, if they indicated in their diary that they spent a lot of time listening to KUPD, whether they did in fact or not, they might become a winner." Judge Coulter also maintained that since KUPD announced that it had been calling listeners without telling them they were the radio station, that diary keepers could then easily believe that when Arbitron called, that it was actually KUPD in disguise and that their diaries might make them eligible for cash. He concluded, "The Court finds that Arbitron has cause to delist" KUPD, and denied the injunction sought by the station.

#### Arbitron's Pleased Reaction

Following the court decision, Arbitron issued a statement announcing the verdict and quoting certain sections of Judge Coulter's summary touching on Arbitron's Diary Distortion section of Arbitron's contracts) and the company's "cause to delist." Arbitron is planning to issue "detailed" statement which will "inform the broadcasting industry of the nature of the various promotions and contests conducted by four stations" during the April/May '78 survey period which "violated ratings distortion policy." The statement also proposes to explain Arbitron's position on each case.

"valid contractual provision" (the

#### KUPD's Undaunted Attitude

Although understandably unhappy with the judge's decision, KUPD is determined to carry on their legal battle against Arbitron and its delisting policy, and actually found some cause for encouragement in the verdict. A lawyer for the station told R&R, "We didn't put in everything we had, and that's where we got caught short. When we go back into court, we're going to have to show it was not diary distortion. But when we do, we're going to put on a lot more testimony. The judge had no background in it, he had no idea what goes on in radio and other kinds of contests. We didn't put on any expert testimony," he said, mentioning programmers and "experts in behavior sciences" who "contradict" Arbitron's would theory that the KUPD "Uncontest" would influence diary keepers to exaggerate their KUPD listening.

The lawyer concluded. "We are proceeding with the litigation. If

Excerpts From On-Air Announcements KUPD "Uncontest" — Distortion Or Not?

Before announcing his decision in favor of Arbitron, Maricopa County Superior Court Judge Rufus C. Coulter summarized testimony and exhibits in regard to KUPD's controversial "Uncontest," including two transcripts of the station's on-air promotions for the contest. As previously reported, KUPD had conducted audience surveys as Tri-State Data in order to obtain unbiased answers on listening patterns. The names of respondents who cited KUPD as their favorite station were kept on 3x5 cards, and a drawing was held. Those picked were called off-the-air and awarded cash prizes, with some of the winners' comments recorded and subsequently aired. Transcripts of two of the on-air promos follow:

1) "Throughout the past two years, the people from Stereo KUPD have spent literally thousands of hours calling people all over Phoenix and Arizona to find out things like what radio stations you listen to and why, and what music you like and don't like. And through it all, we've never let you know it was KUPD on the other end, simply because we wouldn't want to bias your answers in favor of KUPD just in case we happen to be your favorite radio station. In this way your input is tracked as accurately as possible, and used to make the sound of Stereo KUPD reflect the people's choice. But now we're adding a new dimension designed to see to it if you're a KUPD person, you'll win money without even trying. So don't call it a contest. Think of it as thousands of dollars in thanks, from FM98, KUPD."

2) "For a long time now, the KUPD people have been trying to come up with a way to say "Thanks for listening"...to pay you off with thousands of dollars in cash without playing games and kiddie contests. And now we think we've got it. It starts with the secret of Stereo KUPD. For years we've been calling hundreds of people every week researching your taste in music, and radio stations too, for that matter. But we've never let you know it was us, just to make sure we get absolutely unbiased answers. So if you listen to FM Stereo KUPD and we find out about it...and we will...you'll win cash. Hundreds and thousands of dollars in thanks...from FM98, KUPD."

Also cited in the court records were several instances of air personalities prefacing winner announcements with phrases referring to "current data" or "a record of what you've been listening to."

Does the KUPD Uncontest qualify as diary distortion by Arbitron's definition (see accompanying story)? See what you think – the implications could be important for all of radio. they do in fact delist us, we are going to sue for damages. We are going to show it was not diary distortion."

#### A Game Of Monopoly?

KUPD took some consolation in certain sections of the judge's findings, which according to the station indicated agreement with their contention that Arbitron is a monopoly. Judge Coulter wrote, "Arbitron, as a practical matter, has no competition in the radio audience survey business." Later, he added, "If a radio station is not listed by Arbitron, it is almost an impossibility for the station to obtain national advertising and the station's ability to obtain local advertising is greatly impaired."

KUPD's case is based in great part of the contention that because of Arbitron's "monopolistic" hold on the rating business, the station's billings would be severely affected by delisting. According to KUPD's legal action, Arbitron "in carrying on its monopolistic practices. conspires, contracts, combines, agrees, and acts in concert" with Phoenix radio stations and advertisers to "unlawfully restrict and limit competition among radio stations for radio advertising." The action also accuses Arbitron of making audience esimates on an 'arbitrary basis'' in "exercising its monopoly power" in Phoenix; and denying KUPD "minimum constitutional safeguards of due process . . . Arbitron has threatened to delist or eliminate KUPD from or disparage KUPD in Arbitron's semi-annual written and computer data reports of audience estimates . . . without affording KUPD a hearing in accordance with any minimum safeguards of constitutional due process." KUPD also accuses Arbitron of failing to furnish "adequate guidelines as to what constitutes Arbitron's basis for delisting a radio station for 'diary distortion.'

#### Further Complications: The Case Of The

14-Year-Old Informer

Obviously, with legal language like the above, KUPD is dead serious about tackling Arbitron on the diary distortion issue. The case, which could prove a landmark in the field of ratings litigation, also is further complicated by the unusual circumstances of KUPD's being reported to Arbitron in the first place. Betty Mogk, Station Manager at KASA/Phoenix (a religious formatted daytimer) and President of the Metropolitan Phoenix Broadcasters Association, testitied that her 14-year-old son had called her up at work, played her a cassette of a KUPD "winner promo," and said, "Mom, that sounds to me like diary distortion." Asked how a 14-year-old boy would know the term "diary distortion," Ms. Mogk replied that "we talk about work at home, and we had discussed it's a problem in the industry.

Acting on this keen-eared tip, Ms. Mogk then contacted an Arbitron representative at the NAB Convention in April 1978, informed him of the contest, and followed up with a letter containing transcripts of KUPD's promo announcements. She testified that her actions had nothing to do with her position with the Broadcasters Association. KUPD, however, seems inclined to disagree, and in any case has cited Ms. Mogk along with Arbitron as defendants in their action.

With the prospect of delisting hanging over other stations as a result of the April/May book, the KUPD decision may have considerable impact. And KUPD's de-

#### NRBA

#### (Continued from page 14)

WTOS-TV, a UHF, would pay nothing since only the top eleven UHF's in the country would pay under the proposed fees. Their Cypress Gardens, Fla. daytimer, WGTO, would pay a mere \$700 per year. In Albuquerque, the 79th market, Hubbard's KOB-TV would pay nothing, while its AM and FM would pay \$10,700 and \$2500 respectively.

Despite the wide variance in feesranging from \$700 to \$1.5 million per station per year, Stan Hubbard is philosophically opposed to paying. He refers to it as a redistribution of wealth which he characterizes as a gimmick. In his opinion, no one in government gives stations credit for the dollar value of public service time which Hubbard says conservatively equals about \$2 million a year at the Hubbard stations.

A second example is Cox Broadcasting. Jim Connor, GM of WWSH in Philadelphia, a Cox station, is one of the NRBA Board members who endorses the rewrite, while Elmo Ellis, VP of Cox's WSB-AM & FM in Atlanta says, "The more I read, the more I become concerned."

#### **Tobacco Issue Revisited**

A second question to be raised is to what extent does radio need television for clout and vice versa. According to Ellis, a senior broadtermination to pursue the matter in court may also have significant consequences. The issue of diary distortion and the larger question of Arbitron's "monopolistic" (in KUPD's words) hold over the rating industry are likely to gain even more importance in months to come.

casting statesman, broadcasters are "licensed to serve the public. If we cripple one (meaning radio or television)," says Ellis, "we cripple the entire industry." Abe Voron disagrees with that. He believes that the rewrite is right for radio and likens it to the time when Congress was debating the extent to which it would restrict cigarette advertising. Voron believes that in that situation, as with the rewrite, that radio can strike a better deal on its own. However, Carl Venters says that even if radio is able to get a bill through the House, it would have a tough time of it in the Senate without the support from television.

#### R&R Reflects The 'New Black Radio'

This year has brought many new things, and one many of us have been waiting for is now a reality, thanks to all your support.

In the several months I've been here at R&R, I've been extensively researching the needs of the Black Radio programmer. I've found in talking to programmers both in person and on the phone, that there's a universal feeling that existing trade and tip sheet information geared toward Black programmers was lacking a great deal. Also, numbered local and national charts were basically a direct reflection of sales. The new Black Radio is moving more into audience research, and sales is only a small portion of that research. As a result, many Black radio stations are and have been dropping the traditional numbered list, Black radio is getting more sophisticated in its programming. Many of the "new" Black radio programmers care and depend less on the national charts and sales, less so than other music formats, but they are interested in regional activity and even some individual stations and market situations similar to their own. This is why R&R will be using the regional approach, with no national charts.

Music has been another point of interest in my conversations. Many industry people feel because of the universal acceptance of Black music, the old terminology and stereo-types no longer apply. Black Radio plays popular music to a specialized audience. We feel "Black Popular Rhythms" better describes the musical attitudes of the new Black Radio and its listeners.

One of our special weekly music features will be a crossover section that will show, at a glance, the crossover patterns of the records from format to format.

R&R has always been a true reflection of what goes on in this industry, and will spearhead the thrust of the new Black Radio and the shape of things to come. We have all seen the successes of this new approach to Black Radio—its examples are cities like Houston and New York and a lot of other "best book ever" situations. The point is that this section can be a very useful tool, but it will be the responsibility of all to participate so we can educate each other and strengthen Black Radio overall. This should bring about the change that we've collectively fought so hard for. Keep in mind that as we grow with more corresponding stations, we will continue to evaluate each reporter carefully, as in the case with all R&R reporters in all formats. Many of you have said you'd rather have a smaller but more accurate sample base of music reporters, than just a bunch of call letters and numbers. Black Radio is unique in that it is more involved on a local level than probably any other format in radio; we respect that community dedication and will support its continued growth.

Finally, the purpose and function of this section will be to mirror the weekly activity of Black Radio and Black "popular rhythms." I invite each of you to call or write-participation in this section is essential. Address it to: Bill Speed, 1930 Century Park West, Los Angeles, CA 90067, (213) 553-4330.

Preliminary winners won T-shirts and albums .... WEDR/Miami recently held the "Miss Headlights" contest at the Venecia Supperclub in Miami. Over 600 people attended the affair. The winner, Ms. Daisy Carter, walked off with the grand prize. The Whispers were on hand to present the award....WVOL/Nashville sponsored the "Great Summer of '78'' promotion with giveaways. Grand prize winners had to qualify through phone promos for the instant rip-off. The preliminary prizes included tickets to concerts and T-shirts, and the grand prize winners won a \$1000 furniture set, diamonds, and tickets to the Bahamas, Hollywood and Trinidad. The campaign featured the top songs (77) of 1977 and (the next day) the top songs (78) of 1978. The phones were great!....WANT/Richmond's "Wanna make you rich" campaign continues with another great promotion. This one is "Run for the money." Listeners were asked to guess the mystery combination which were given on the air. The first person to guess the winning combination won a chance to spend 60 seconds inside a bank vault with \$10,000. Winner Mabel Cooper came out with \$5,783.... WWIN/Baltimore took on the Hartford motor coach drivers in a game of softball at Mergenthaler High School. The WWINning team was lead by fastballer Sue Woods, assistant to Don Brooks (PD)....KPRS/Kansas City recently helped the NAACP on a voter registration drive directed at young Blacks. The drive turned out 800 new registered voters. The KPRS remote unit was set up and broadcasts continued most of the day .... KUTE/Glendale, CA gave away 50,000 disco flyers (frisbees) in conjunction with a banner (call letters) on the back of an airplane. The craft scanned the beaches of Southern California. Moreover, the station sponsors a monthly disco at a local club. Listeners are invited over the air to attend the freebie disco (drinks not included).

#### **By Means Of Introduction**

Jeff

Gelb

In the past couple weeks some new faces have shown up on the AOR reporting pages. Let's take a moment for introductions: Starting on the West coast, we have added KXOA/Sacramento, under the programming aegis of Art Schroeder, who have been making ratings gains with each book. Their Soft AOR music reports will further define that end of the AOR spectrum, as already exemplified by Soft AOR reporters KNX-FM/Los Angeles and WEEI-FM/Boston, among others. Also in the West are KAZY/Denver, an Abrams Superstars station which is pushing its way right past some of the overcrowded Denver area AORs to plant itself firmly in that radio marketplace. MD Greg Gillispie is our correspondent there. In the Midwest we have added KFBQ/Indianapolis, another Superstars affiliate, whose MD Mike Tinnes will give us the paper's first indication of this large metropolitan area's AOR tastes. Turning to the South we have added KNCN/Corpus Christi, who cover a large portion of an important AOR area of the country. KNCN PD Debbi Miller and consultant Woody Roberts took their station from a 12-plus overall 1.3 a year ago to a remarkable 8.6 this book. MD Mando Camina's reports should help indicate how this excellent book came to be.

The AOR radio field is growing, thankfully, nationwide. We will continue to review our current reporter list, adding AOR stations cross-country who show continuing growth in markets of every size. And don't forget that you need not be an AOR music reporter to keep in touch about any station activities of importance to you and the AOR community in general. Address all station news to: Jeff Gelb, Radio & Records, 1930 Century Park West, Los Angeles, CA. 90067.

#### ....

This week's package of Arbitron rating results included a bumper crop of AOR success stories of which we can all be proud. The medium is indeed quite healthy and showing every indication that the future will foster even greater returns for AOR stations as we continue to show market strength and, in many cases, dominance. WVOK/Birmingham showed a healthy increase due to PD Don Keith's efforts. An interesting about-face in Rochester, New York, where WMJQ came up from second-placed AOR into a strongly-dominant position. Congrats to Al Peterson and crew (including ex-WCMF PD Bernie Kimble, who emigrated to WMJQ before the last ratings period began). In nearby Utica, PD Jeff Chard led the WOUR programming troops to a real victory as he doubled their 12-plus overall figures from the last book. Doing well in Spokane was KREM, where PD Don Adair more than doubled the station's showing. KQ98/Omaha showed excellent gains, as did WVAF/Carleston. In Grand Rapids, WLAV had one of its best books ever. WDIZ/Orlando, under GM/PD Ken Stevens, nearly tripled its last-book figures. PD Dave Brewer brought WHNN/Saginaw to the top of the area rockers. WWCK/Flint broke well into double digits (Hats off to PD Buddy Hollis and crew) as did Y102/Montgomery (under the programming aegis of Lanny West). KPAS/El Paso also bounced into two digits, with PD Chancey Blackburn and staffers more than doubling their last book's performance. KPAS employs a twenty-person research staff who were apparently right on target in applying their findings to the station's audience. In next week's column, KPAS GM Garrett Haston and PD Chancey Blackburn will "pass along" tips on organizing research teams who can help turn your station into a full-service community vehicle.

#### Update

KFMH/Muscatine was on the scene at the recent Mississippi River Jam, proceeds benefitting an area police officers' Benevolent Fund. The station did live broadcasts of Journey, Van Halen, ARS and the Doobie Bros., as well as interviews with the acts back-stage. On hand were all of the available KFMH air personalities who gave away over 4,000 albums to the assembled throng . . . WZOK/Rockford sponsored a local musical talent show after weeding out the prime talent from over forty auditioning acts. The show, which met with tremendous crowd response, was recorded for future broadcast on the station and also may become a locally-produced album ... KZEW/Dallas morning news person Chuck Moshontz recently led over 200 bicyclists on a 22-mile jaunt promoting bicycle safety. Listeners who registered as riders were eligible for bicycles, accessories and gift certificates donated by local shops . . . WMMS has been quite visible in the press lately. A New Yorker article has David Johansen quoting Kid Leo while a recent ad in the London Sunday Times for sound equipment showed Genesis Phil Collins wearing a WMMS Tenth Anniversary T-shirt. And in two recent panels of the Ohio-based "Funky Winkerbean" comic strip, one of the characters was shown wearing a similar T-shirt . . . In a benefit concert sponsored by KATT/Oklahoma City for the area's zoo, Wendy Waldman and Marc Jordan performed to help raise the amount necessary to construct a needed amphitheatre . . . ROCK 96/Fresno and KAZY/Denver need record service, all labels. Contact ROCK 96 at (209) 255-8383, and KAZY at (303) 759-5600 . . 255-8383, and KAZY at (303) 759-5600 .... Recently wed were WPLR/New Haven overnighter Cindy Bailen and WCCC/Hartford afternoon air personality Paul Anderson. It must be pretty tough for the two to refrain from giving away station secrets in the competing markets London Wavelength, U.S. distributor of the BBC Rock Hour, is releasing a six hour rock documentary of Jethro Tull this month. For more information contact them at (212) 682-5390 And in sports, it was KTIM/San Rafael over KSAN/San Francisco, 13-9, in softball action.

#### Evolution

This was a busy week for PD changes at AOR stations cross-country. Doug Flodin is the new PD at KYNO-FM/Fresno, which has turned off the automation equipment in favor of live programming . . . Paul Riann has been appointed PD as well as MD at KLOL/Houston . . . WVUD/Dayton PD Jeff Vargo has switched to the station's sales team. The new PD is afternoon air personality Keith Wright . . . Glenn Stewart has been named PD at WBRU/Providence. He was the station's MD . Joe McLaine has exited as PD at WEZV/Allentown. No replacement has yet been set . . . Gary Martin replaced David Souza as PD at ZETA 4/Miami. He comes to the station from competing WSHE . . . WWCK/Flint PD Buddy Hollis is leaving to program WLOL/Minneapolis, a new Soft AOR going on the air in mid-August. The station's new MD is nighttimer Jeff Holbrook. Former MD Steve Barrington retains his airshift. ... WLUP/ Chicago GM Terry Chess and PD Jay Blackburn have announced their intentions to leave the station when the station's sale to Cecil Heftel becomes effective by year's end . . . Mark Bielinski has been named new PD at KPAS/El Paso, replacing dep parting Chancey Blackburn who has formed Blackburn & Blackburn, a radio research firm with husband Jay. Also leaving the station is MD Mike Preston, with no successor named yet .... WKTU/New York has switched from Soft AOR to Disco music .... ROCK 101/Anchorage has been sold to Prime Time Alaska, Inc. No format or personnel changes are expected . . . KPOL-FM/Los Angeles has been granted a call letter change to KZLA. The station remains a Soft AOR . . . WMHE/Toledo has switched from automated to live AOR programming . . . Kate Ingram has been named new MD at KSAN/San Francisco, replacing Beverley Wilshire who retains her airshift. Kate . STONES-MANIA: Several AOR stations are using the Stones tour as a jumping-off point for promotions. WPLJ/New York sent two listeners, all-expenses paid, to the Stones' appearance cross-country in Southern California's Anaheim Stadium. KSMB/Lafayette took a busload of drawing winners to the group's appearance at the Louisiana Superdome, where they joined over 80,000 other fans for the largest concert ever in the South. KAZY/ Denver did a weekend-long salute to the Stones when they came to the city. The station ran songs and excerpts from old interviews, and did extensive concert coverage the day of the show. They also gave away two hundred tux jackets whose backs had been imprinted with their logo and a Stones welcome. Meantime, KPAS/El Paso turned a Stones nonappearance in the area into a promotion. When the station learned El Paso was not on the group's list as a concert location, they mounted a full scale push to get the group to come to town. The station gave out the number for the New York-based Stones management company so listeners could call to register their votes to bring the group to town. According to KPAS GM Garrett Haston, over 5000 listeners took advantage of the opportunity to call the company and ask for a concert date. While the massive effort came too late in the tour to arrange the date, the promotion was an excellent means of unifying the station and its listeners in a common goal (more on KPAS next week).

WHNN WELCOMES BOB SEGER: With contests and promotions galore, that is, when the Detroit rocker made his appearance at a WHNN-sponsored concert in Saginaw. The most creative Seger poster won the artist a motorcycle, while three runners-up received complete Seger catalogues. Also given away on the air were 100 copies of the artist's latest Capitol album release and fifty pair of tickets to the concert.

"Plastic Bertrand in drag? In spite of the fact it's hip to be boring and predictable these days — 'Wuthering Heights' is so far into the realm of the avante garde — it demands your attention — an ear catcher'' **Bill Hard — Editor FM-QB Album Report** 

"Don't beat around the Bush – Play it" Sonny Fox – WYSP, Philadelphia

"Forget all of your pre-conceptions about what fits — try Kate Bush for your listeners" Tom Yates — Nova, Los Angeles

"A haunting melody from a beautiful 19 year old girl whom David Gilmour has injected with more than his musical personality" Chris Miller – WDVE, Pittsburg

"Listen to 'Wuthering Heights' not once but many times — if you do, it will grab you — if you don't, your karma will" **Tim Spencer — KFWD, Dallas**

#### R&R/Friday, July 28, 1978 Summary

Another top-heavy week for the chart, with the top five big guns doing battle for their spaces, all garnering tremendous airplay. STONES stayed on top with hots at 91% of our reporters. SPRINGS-**TEEN edged out SEGER with** hots at 86% of our reporters. FOREIGNER, WALSH and DYLAN held steady. MOO-**DYS** moved up as LOGGINS maintained. GILMOUR had a good week, while SGT. PEPPER made enormous airplay gains aided by adds at 53% of our reporters. PETTY inched up while CARS swerved into the top twenty. LRB held steady. STANLEY showed impressive airplay gains while UFO maintained. HA-GAR was this week's highest debut with adds at 20% of our reporters. WALDMAN is growing nicely, while MEAT LOAF resurged once again and TODD inched upwards. LE ROUX bounced back. WINTER debuted with adds at 19% of our reporters and NYRO held steady. WALTER EGAN, FANDANGO, EDDIE MONEY and CHRIS REA almost charted.

This chart is based solely on airolay and does not attempt to fabricate a trend. The artists in Italics are those receiving the most rapid gain in airplay.

IRE

David Johansen has stepped out of the shadow of the legendary N.Y. Dolls, taking his career in his own hands. Now, with the release of his new solo album, David is making music *his* way – on his terms. It's an album so devastating that it was immediately accorded the kind of reviews some performers would kill for. John Martowe's article in the *Miami News* is a typical example: "David Johansen' is a killer album, filled with turmoil, pain, lost love, coming of age, and rock & roll.... It is a wondrous album, for it is a record that is the ultimate celebration of rock & roll." Most importantly, "David Johansen" was instantly embraced by a national radio audience hungry for original music. Radio stations around the country, (including KSAN, KNAC, WMMS, WMMR, WIOQ, WRAS, WNEW-FM, WPIX-FM and WBCN), are now reg-ularly spinning selections from David's new album, with particularly heavy airplay in the Northeast, West, and Midwest. And in the performing arena, where it really counts, David Johansen is scoring his biggest triumph. Night after night with his incendiary band (now including ex-Doll and Johansen collaborator, Sylvain Sylvain), David is breaking down the final barriers, and turning former skeptics into die-hard believers. Six encores in Cleveland, standing ovations on the West Coast, major appearances in key markets scheduled for the next 40 days... David Johansen is shattering all the myths. Because hes making it on *his* terms.

it on his terms.

KNEW did a live broadcast during the event....Last week, WHN/New York broadcast Dickey Lee and Hank Williams, Jr. live from the Lone Star Cafe. Emmylou Harris and Dickey Lee stopped by the WHN studios to do a guest DJ slot. The station broadcast the Mel Tillis show from Long Island last Friday (7-21) .... WHK/Cleveland recently celebrated "National Avoid Boredom Week" by inviting listeners to call in and tell of their most boring experience. Six different winners were then selected, from their stories, to come to the station for a party in the WHK "bored" room. Along with a tour of the station, a lunch and cake, winners were given some extra gifts to help avoid future boredom .... Before this column gets any more boring, let's just sign off for another week with an invite for you to send your station news to: R&R Country, 1930 Century Park West, Los Angeles, CA. 90067

SIGN LANGUAGE IN SIOUX FALLS - Kurt Andrews, Program Director of KXRB/KIOV/Sioux Fells, South Dekota, sent along some exemples of different margues the station used to pro-mote itself. Andrews told R&R, "We have had more success with these margues, then any billboard campaign run in the city. We traded out some spots and drop-ins, in exchange for the use of their signs. A funny sidelight is, that some businesses, after seeing other merques. put up some kind of sign without ever being contacted by us!!"

best on stage and that'll have to be enough".... Gunilla "Miss Goodbody" Hutton, one of those cheesecake beauties on "Hee Haw" says on the road, people always ask if Archie Campbell is really a dirty old man. "I'd hurt his feelings if I said no!," nurse Goodbody says. GOOD NEWS: Pee Wee King is doing well after suffering a "slight stroke" while on tour, according to his wife Lydia. He should be home from the hospital in Louisville by now ... Louise Mandrell was showcased at Nashville's Exit/ In the other night. She's a carbon copy of Barbara except her dark hair. Louise says there's no sibling rivalry in her family. "Being Barbara Mandrell's little sister is about the nicest thing I can think of being called" . . Bill Anderson says James William Anderson IV sure didn't come into this world whispering like his dad. He arrived at 6:22pm June 25th, kickin' and screamin,' Bill says; oh yes, and on his granddad, James William Anderson II's birthday! ... Dolly Parton will play in the 7th annual Robert F. Kennedy Pro-Celebrity **Tennis Tournament at Forest Hills** New York August 26th (follow the bouncing ball) . . . "Gentle On My Mind" maker John Hartford buying a house in Nashville?? . . . Robert G. ... "Rose Gardener" Joe South cut an album at Woodland studios ... Tuesday night was "Jim Ed Brown Night" at Nashville's Herschel Greer Stadium, home of the Nashville Sounds baseball team (made it into first place in the Southern League standings last week) ... "Blue Suede Shoes" wearer Carl Perkins headed a Reelfoot Lake Family weekend, one of the biggest outdoor events ever staged in west Tennessee. Carl lives near Jackson, Tennessee

... The 4th annual Roy Clark Celebrity Golf Classic will be held September 15 and 16 at the Cedar Ridge Country Club in Tulsa. Scheduled celebrities include Bob Hope, Chet Atkins, Larry Gatlin, Fred

Mac Murray, Ernest Borgnine and astronauts Eugene Cernan and Ron Evans . . . For the first time in its five-year history, the American Song Festival will hold its second and third level amateur and professional country competition judging here in Nashville. Judging will take place at the Hyatt Regency, August 7-9. Category winners will be announced this fall and Grand Prize winners will be named next January at the ASF presentation in Los Angeles . . . For the past few weeks Tanya Taucker has been busy at Universal Studios in Los angeles making her movie debut. The NBC movie for television is called "Amateur Night" and features a song written in real life by Tanya and her producer Jerry Goldstein . .

**RUMORS: Johnny Rodriguez to** CBS Records from Mercury? .... Hank Locklin, one of the few successful tenor singers in country music, planning a permanent move to Ireland, where he's a legend and works a couple of months per year? . . . Hall of Famer Gene Autry's life story, to be published this fall, to deal with his lifelong bout with booze? . . . Scotty Moore, Elvis' original guitarist, to do his personal story on the early years of Elvis Presley (don't you know he's got some stories to tell!)? Tony Moon, head of the illfated 'Nashville Music Festival' held in nearby Columbia 4th of July weekend, says there are \$50,000 worth of irregularities in the handling of advance ticket sales of that event Hank Williams's Original Drift-

ing Cowboys readying a new release to follow-up their single "Rag Mop" (I watched them get a standing ovation to close a three-hour reunion show at Fan Fair this year. They are truly a powerful performing group) ... Dave Donahue, late of KHAK/Cedar Rapids, got a job?

CLOSER: My favorite song of the week: "There's a time and a place for everything, so sweetheart, don't you think it's time we found a place?"

KUGR TWO — The town of Green River, Wyoming, helped celebrate the second anniversary of KUGR (Pronounced ''cougar') Radio with a special morning parade and a party afterwards at the park. Later that night Barbara Fairchild, Roy Head and Doug Kershaw performed to a sell-out crowd. At the party KUGR air personalities gave away albums and KUGR belt buckles. Pictured prior to the parade are the KUGR-ettes and night jock Don Allen, along with PD Dave Hayduk.

#### Transition

Two very fine P/A programmers resigned their positions last week, citing down books as at least partial reasons for their departures. Chris Rathaus exits WDAE/ Tampa after having a great deal of success over the past year and a half until the latest Arbitron. WCMB/Harrisburg PD Edd Thompson is also a victim of the numbers game, and will move on to other interests in Kansas City....Don Stephens to WSB/ Atlanta as announcer/newsman coming from across town at WLTA....Tim McFadden leaves his Assistant MD position at WGAR/Cleveland to become RCA's Country Regional Promotion Manager out of Nashville.

#### **Give Me A Break!**

Can you pronounce Llanfairpwllgwyngyllgogerychwyrndrobwllllantysiliogogogoch? Of course you can't and neither can Corinne Rowlands and she is Welsh born and bred. Because she can't, Corinne, 43, had to give up her traffic reporting job with the British Broadcasting Corp.

Rowlands, who doesn't speak Welsh, has trouble with other local place names such as Penrhiwceibwr, or Machynlleth. Even relatively simple ones like Pwlldu (which the Welsh pronounce Pooth-Dee) cause her some problems. Welsh-speakers, who don't believe their language should be taken lightly, have been complaining about her pronunciation, thereby causing her to quit.

#### Color

JOCK PULLS FOR DAIRY MONTH: WMAZ/Macon personality and Director of Operations Bill Powell recently milked his way to victory in a milking contest. The event, held in conjunction with American Dairy Month, was a first for Powell who, as witnessed by this photograph, thought the whole idea was utterly delightful.

MORE ON MILK: KVI/Seattle also got involved with the June salute to dairies by asking listeners to build a floating craft with the flotation element made from used milk cartons. Several of the station's personalities were on hand and broadcast the event of the "Milk Carton Derby" on their shows. It was capped off with a race between the entries. A number of prizes were awarded.

AT THE ZOO: KSL/Salt Lake City recently donated a female giraffe to that city's Hogel Zoo and held a day-long remote there with a promotion called "Name the Giraffe." The baby female was purchased by KSL from the Denver Zoo for the purpose of eventually having intimate companionship with the existing male. Listeners are asked to submit names for both animals and the winners will receive a savings account of \$250 at a local bank. In case you're wondering, the price tag on the giraffe was \$5000.

SAFETY FIRST: WLW/Cincinnati is currently holding a "Safety Slogan" contest whereby listeners submit what they think will be a thought-provoking safety slogan. It must be said in ten words or less, and the winner will receive a leased car for one full year at no charge. CAR WARS: WISN/Milwaukee and their FM sister WLPX will stage a "grudge race"

CAR WARS: WISN/MIlwaukee and their rin sister will a will stage a group rate with full-blown stock cars. Both stations are giving away tickets for the event which will be held at a race track in the area. Each station will send in three fearless air personalities for the quarter-mile race.

LUCK TRUCK: WCBM/Baltimore is sending the station van all over the area and giving residents a chance to win a prize. The van will cruise around, stop in front of a house and then on the air the announcer will identify the family, give the address and name a prize. Those inside have six minutes and eight seconds to come out and correctly name the prize to be a winner. The names are pulled from the phone book, but listeners can increase their chances of being visited by sending in postcards, which will be drawn frequently.

TEE FOR TRIP: WKIQ/Bowling Green is holding its first annual "WKIQ Putt-Putt Golf Open." Listeners are invited to come out to an area course and chip in five bucks for a qualifying round. Those who make the cut will then be entered in the final, which consists of thirty-six holes. The man and woman with the best score in the two-day event will each receive a brand new set of expensive golf clubs. In addition, the man will be sent to play a round of golf at the prestigious Firestone Country Club in Akron, while the lady will be treated to the same at King's Island Country Club in Cincinnati.

MATCH THE CACHE: WIBW/Topeka offering listeners a chance at a week's cruise in the Caribbean plus a \$500 wardrobe. Clues are given as to the location of a treasure chest. These clues must be matched to a map that listeners can pick up at participating merchants in the area. The clues will allow the people to figure out where the treasure chest is and first one to call in the correct location wins the trip and clothing.

TAKING STOCK THIS SUMMER: WHDH/Boston morning ace Jess Cain will be doing summer stock for three weeks in August. Cain, who has previous acting experience, will play the male lead in a play called "Same Time Next Year." Station is tying in with his stage endeavor by inviting listeners and station clients to see his performance.

#### This Ranger Is No Stranger

The Lone Ranger originated in Detroit on January 30, 1933 with a hearty "Hi Yo Siler." Now, forty-five years later the masked hero and his faithful Indian friend, Tonto, will ide the airwaves again to introduce Golden West Broadcasting's new Detroit FM stereo peration, WTWR/FM 92.

**Mike Kasabo** 

Lone, as he is known to his friends, is the central figure of a two week 24-hour-a-day Gollen Age of Radio Festival which will wind up Monday (7-31) to make room for the station's

Pop/Adult format. The festival will trace the fifty-five year evolution of radio from 1923 through the deditation of Detroit's new WTWR "The Tower", which will broadcast from the top of the Plaza

Hotel. Sharing the spotlight are other shows from the past including "Our Miss Brooks", "The Shadow", "Gene Autry", "Jack Benny", "Fred Allen", "Bob Hope". VP & GM Vic Ives says, "It is an appropriate setting for Detroit's newest radio station to be introduced with a significant broadcast event such as our festival, in a city which was the cradle of such long-lived radio creativity. We hope our new station, which begins regular programming at the conclusion of the festival, will make as favorable a contribution to contemporary radio as those who have preceeded us in Detroit during the former golden age."

#### **On Top With Pop/Adult**

As we receive the final batch of Arbitron's Spring Sweep for 1978 we note that generally speaking Pop/Adults have fared very well ... WOWO/Ft. Wayne increased 25.1 from 23.5 to maintain the top position in the market helped by an outrageous 48.6 in morning drive with adults 25-49. WPTF/Raleigh-Durham (calls stand for We Protect The Family) still No. 1 overall dispite dropping 18.8 to 15.6. KRNT/Des Moines jumped its way to overall No. 1 status 10.5 to 14.8. KAKE/Wichita up a little 10.4 to 11.1 in a highly competitive market that shows six stations with double digit numbers. Station also scored 16.0 (No. 1) in adults 25-49.

#### Update

In a bizarre series of events last week, WSAR/Fall River, MD Mark Williams fielded a call during the station's sports talk show from a woman bent on suicide. Police were contracted and tied onto the line when suddenly a telephone supervisor cut into the conversation asking Williams if he was the party that wanted the call traced. The woman hung up before a trace could be made, but called back briefly and then later actually came to the station, sought out Williams and said: "Thank you, I'm not going to do anything" and then ran into the night .... This chart is based solely on airplay statistics compiled weekly from our reporting stations. Black circled numbers indicate significant upward movement from at least 60% of our reporters

CHART SUMMARY: Barry Manilow still on top with "Copa" just fighting off the 5-2 surge by the Commodores. Barbra Straisand rem steady at No. 4, while Frankle Valli (10-5), Toby Beau (8-6), and Rita Coolidge (11-7) all have their collective eyes on the top spot. Olivia Newton-John, last week's Breaker, is enjoying her most successful P/A entry In a long time, smashing her way into the top ten with a fourteen point jump, 24-20. Pablo Cruise moving nicely 22-13. Only two-point jumps for Jefferson Starship 16-14 and Gene Cotton & Kim Carnes 17-15, but both are hot in many areas. Breakers this week are Chris Rea in only his second week on the P/A chart, soaring 36-24, and Andy Gibb debuting at a lofty No. 26. Two other notable moves are registered by Johnny Mathis & Denice Williams 37-30 and Walter Egen going 40-32. Four new entries this week fill up the 37 to 40 slots, and are in order Atlanta Rhythm Section, Willie Nelson, Exile and Jackson Browne.

Radio & Records 

30 TASTE OF HONEY/Boogie Oogie (Capitol) This chart is based solely on airplay statistics compiled weekly from our Fop 40 reporting stations. Black circled numbers indicate significant upward movement from at least 60% of our reporters.

CHART SUMMARY: Overall activity down slightly from last week with on-ly two new Breakers qualifying; Exile and E.C. King. Frankie Valli made it MOST ADDED Earth, Wind & Fire Little River Band to the top with the most number one reports, edging the Stones down to two. You'll notice the Stones retained their black circle indicating their pos-Exile itive upward momentum is continuing. Their one point drop does not in Travolta & Newton-John dicate the record is coming down, it only means Valli was stronger this week. Commodores solid at number three, Pablo Cruise and Donne Summer complete the very strong top five. Manilow up one to seven, Joe HOTTEST Walsh and Foreigner made excellent gains into the top ten. Toby Beeu still moving well, Walsher Egan up four. Glbb and Olivie with the biggest jumps Commodores this week. Earth, Wind & Fire showed up most added with Little River B. Frankie Valli right behind. Next week's top chart spot should be a battle between this **Rolling Stones** eek's top three again. Taste Of Honey came on at 30 on the strength Foreigner of its major market chart gains, see parallels.
