McCann-Erickson Ad Guru Sees Decade Of Expansion

Local radio expected to grow at rapid pace

McCann-Erickson Director/Forecasting Bob Coen predicted at least a decade of strong growth for U.S. advertising spending as he told PaineWebber's 22nd Annual Media Conference that total ad spending should rise 6.8% in 1995 to \$159 billion. Local radio is projected to do better than average, but Coen sees smaller gains for national ad business.

"1994 was really a catch-up year," Coen said Monday (12/5). The advertising recovery should have been stronger in 1993, he

explained, but it was delayed until this year by uncertainty over Clinton administration policies.

When 1994 wraps up, Coen expects total ad spending to have gained 7.9% to reach nearly \$149 billion. He expects national radio (network and spot combined) to gain 8.5% to \$2.3 billion, and local to be up 9% to \$8 billion.

TEN QUESTIONS WITH RACHELLE CHONG

Republican Commissioner Supports EEO Efforts

She's among the few who is pleased with the FCC's EEO rules. She's careful to weigh both sides of every issue. And she has an "irrepressible" sense of humor.

The final installment in R&R's exclusive "10 Questions With ..." series featuring the FCC commissioners profiles one of the agency's two newcomers, Rachelle Chong.

Chong, the first Asian-American to serve on the Commission, was a partner in the Bay Area law firm of Graham

Chong

& James until she was named by President Clinton to fill the Republican vacancy on the panel. She was sworn in along with Susan Ness on May 23.

After six months on the job, Chong — whose expertise is in telecommunications issues — shares her opinions on several major regulatory issues facing radio and her role as a commissioner in an interview with R&R reporter Mary Ann Barton.

RADIO BUSINESS

1994: Radio's First \$10 Billion Year?

■ **Duopoly continues to spur consolidation; firms enjoy higher ad sales, earnings**

Duopoly again dominated the radio business in 1994, as the industry's massive consolidation — begun in late 1992 — continued. Radio companies enjoyed higher ad sales and stronger earnings. But those that tried to go public found that ever-fickle Wall Street had cooled to new radio stocks.

Radio advertising revenues rose impressively in 1994. According to the **RAB**, total spot sales gained 11% through the first three quarters of this year. When all is said and done, 1994 is expected to be radio's first \$10 billion year.

Station trading continued to be dominated by duopoly strategies, but sales action slowed in the latter part of the year. Would-be buyers complained this was partially because sellers had been carried away by sky-high cash flow multiples in a few high-profile deals and were insisting on unreasonable prices. One example was **Infinity Broadcasting's** deal to buy **KLUV-FM/Dallas** for \$51 million, slightly more than 11 times cash flow.

Still, big deals were being made. The largest, by far, was a winning bid by investors **Donald Tomlin** and **Gary Knapp** to buy **Park Communications** for \$711.4 million.

R&R's sources pegged the deal's 22-station radio portion at \$120 million.

While big groups had banks lining up to finance their multimillion-dollar deals, there was finally a ray of hope for small-market buyers. The U.S. Small Business Administration dropped its "opinion-molder rule" and made government loan guarantees available to radio stations and other media businesses.

Several radio companies tried to sell new public stock offerings, but **Heftel Broadcasting Corp.** was the only one to get the job done. The Spanish station/network company sold \$35 million worth of stock in August.

Paxson Communications went public this year, but not through an IPO. It bought controlling interest in financially ailing **American Network Group** (which already had

publicly traded stock), then merged the companies.

Merger Impact

Consolidation also had a major impact on the radio network business. **Westwood One** shareholders approved a deal in late January to buy **Unistar Radio Networks** for \$101.3 million and turn over management of the merged companies to **Infinity President Mel Karmazin**. **Infinity** also acquired a 25% stake in **WW1**. The merger of the second- and third-largest radio networks created a viable competitor to longtime industry giant **ABC Radio Networks**.

Despite the creation of a second radio network behemoth, new entrants lined up to challenge the two giants. **Unistar** principals **Nick Verbitsky** and **Dick Clark** announced plans to start anew with their original company name: **United Stations Radio Networks**. Then **Warner Music Group** and **Sony** — each already a giant in the record industry — teamed up to launch **SW Networks**. By the time the **NAB Radio Show** rolled around in Octo-

FCC Denies Indecency Intimidation

The FCC defended its indecency fine system last week before a three-judge federal appeals court in Washington, denying that it is intimidating broadcasters with increasingly higher fines.

Attorney **Tim Dyk** — representing a consortium that includes **NAB**, **Infinity Broadcasting**, **Evergreen Media**, and others — complained that it's unfair the FCC makes broadcasters wait years to challenge indecency fines in court. "They never have an opportunity to be vindicated," he argued.

The broadcast group appealed a May 1993 U.S. District Court's decision that found the FCC's system constitutional. Judge **Royce Lamberth** had said broadcasters don't have free speech rights as other media do.

Continued on Page 8

ber, both **United Stations** and **SW** were busy wooing affiliates.

Rep Firm Deals

The radio rep business had already run the consolidation course. However, both major rep firms pulled off other major financial deals:

• **Katz Communications** scuttled a \$73 million IPO to accept a **Donaldson, Lufkin & Jenrette** bid to buy 71% of the radio and TV rep firm for \$99.6 million.

• **Infinity President Mel Karmazin** kept both **Katz** and **Interep** in sus-

pense for weeks as both rep firms pitched proposals to take over national spot sales for the entire **Infinity** group. When the decision came down in late September, **Interep** had won the deal to establish **Infinity Radio Sales** as a boutique rep company. With IRS expected to handle \$100 million in annual sales, **Interep** is set to surpass **Katz** in total 1995 radio billings after years as No. 2.

There was even business news in the radio trade publication front. **R&R** was acquired by **Perry Media Corp.** in March, four months after being dealt to **Westinghouse Credit** in the **Westwood One** reorganization.

Capitol Countersues Infinity

Upping the ante in its Baltimore legal battle with **Infinity Broadcasting**, **Capitol Broadcasting** has countersued for more than \$1.3 million over unauthorized use of a **WSSF-FM** logo on toilet paper rolls.

Infinity had previously sued Capitol for \$500,000 over faxes offering "fire sale" rates on Infinity's **WLIF-FM** (R&R 9/2 & 10/7).

In its countersuit filed in Baltimore federal court, Capitol charged that one day after WSSF premiered with its Soft AC format last January, employees of AC WLIF distributed rolls of

toilet paper with the 'SSF logo to advertisers and agencies "in a misleading and inaccurate attempt to portray [the new] format as 'too old' and 'too soft.'"

Capitol also charged that the toilet paper distribution was just one incident in a continuing campaign of harassment in Baltimore by Infinity's **WLIF** and **WJFK-AM** against Capitol's **WWMX-FM** and **WSSF**, which recently flipped to '70s Gold as **WOCT**. Capitol says it should be awarded \$600,000 in compensatory damages, plus an additional \$750,000 in punitive damages.

An Infinity attorney said Tuesday (12/6) that a response had been filed denying Capitol's damage claims.

Multi-Market Moves Up On Nasdaq

Multi-Market Radio moved up to the Nasdaq National Market for stock trading, effective December 1. The stock continues to use the symbol **RDIOA**, under which it had previously traded on the Nasdaq Small Capitalization Market.

Multi-Market President **Michael Ferrel** said the move to the primary over-the-counter stock market was made possible by improving operations at its existing stations and an "aggressive but prudent acquisition strategy."

Multi-Market has a deal pending to acquire the entire **Southern Starr Broadcasting Group** (Nasdaq: SSBG).

Shannon, Mabry Top TM Century

Robert Shannon and Lynne Mabry have been named Exec. VPs/co-COOs of TM Century (Nasdaq: TMCI) following the resignation of P. Craig Turner as President/CEO.

Chairman and principal shareholder Marjorie McIntyre announced the dual promotions and said the search is under way for a new CEO. Shannon has been a VP of TM Century and its predecessor for nine years. Mabry joined the company in 1990 as VP/CFO.

TM Century hasn't yet announced financial figures for its fiscal year that ended September 30. However, the company said it would be reporting "break-even" results for the fourth quarter.

WNYC-FM/NYC Bidding Begins

Rothschild Inc., a Wall Street investment banking firm, has initiated efforts to sell WNYC-FM and raise cash for the financially strapped New York City government.

Major group owners have started to receive letters from Rothschild, which is handling the sell-off of various city assets. The broadcasters are being invited to sign confidentiality agreements and receive the offering book for WNYC-FM.

Not that anyone actually needs the book to make a bid. The station is currently non-commercial, so the financial section might as well be blank.

The most recent sales of cash-flowing commercial Big Apple FMs saw WRKS go to Emmis for \$68 million and WYNY to Broadcasting Partners for \$50 million.

Brazell To Expand In Russia

Metromedia International President Carl Brazell is looking to open radio stations in eight more Russian cities after tapping Michael Krafft as VP/Business Development-Russia.

Metromedia International, established last January by Brazell and billionaire broadcaster John Kluge, already owns majority stakes in three stations in Hungary and two in Moscow, and is acquiring two outlets in St. Petersburg.

"We have targeted eight additional markets in Russia, and it will be Mike Krafft's responsibility to get the stations up and running in the foreseeable future," said Brazell.

Krafft was with StoryFirst Communications, another U.S. company with Russian broadcasting investments.

ability to attract top-flight artists and to discover the best new talent."

'Perfect Marriage'

Krasnow commented, "This new label is the perfect marriage between MCA's aggressive business strategies and my current creative goals. I am committed to nurturing and shepherding the careers of influential artists from both the mainstream and the underground, and to identifying and cultivating changing musical tastes from one generation to the next." The first release is set for summer '95.

"Our new deal with Bob Krasnow is an exciting step forward for MCA Records," stated MCA Records President Richard Palmese. "We are pleased to welcome Bob to the MCA family."

Krasnow began his career as a salesman for Decca Records and later became a branch manager for King. In the '60s, he formed the Loma, Kama Sutra, and Buddha labels. He started Blue Thumb in 1974 and eventually sold it to Gulf & Western. In 1975 he joined Warner Bros. and rose to VP/Talent there by 1983, when Elektra/Asylum moved to New York and he was appointed Chairman.

FCC Denies Indecency Intimidation

Continued from Page 4

Dyk told the appeals panel that by its inaction, the FCC fosters a climate that intimidates broadcasters and operates a system of "informal censorship" — made worse by threatening speeches or "jawboning" by FCC Chairman Reed Hundt and his fellow commissioners.

However, Assistant U.S. Attor-

ney Sally Rider said the FCC is "merely applying indecency standards." She argued that the opponents "have not identified a single broadcast that was not aired." Rider also said broadcasters have a history of settling fines.

"That's not a fair argument. [The process] is dragged out, and it impacts the market," said Chief Judge Harry Edwards.

'Dream Come True'

"Kent is a mentor, and working with B/D & A president Dwight Douglas and him is a dream come true," Jeffries told R&R. "This opportunity is a win-win. While continuing to work with my current client list, I look forward to working

with the B/D & A stations and, of course, moving back to my hometown of Atlanta. I plan to spend a lot of time focusing on each radio station, assisting them with the custom tools they need to keep winning."

Prior to starting his own consulting firm, Jeffries was PD at WBSB-FM/Baltimore, WAGO-FM/Chicago, WLS-FM/Chicago, WQXI-AM & FM/Atlanta, and KEZR/San Jose, as well as VP/Programming for Coleman Broadcasting's WJQI-FM/Norfolk and WXLK-FM/Roanoke.

Does More. Costs Less.

Now that's a combination every broadcaster is looking for. You've probably heard about the DSE 7000 Digital Editor. We've been telling you about it. You've heard it from broadcast users everywhere. **But, did you know you can get a complete system starting at only \$17,950?** With 8.8 minutes of Random Access Audio? Well, you can.

The DSE is the easiest and most affordable digital workstation for radio production. Simply plug & play in 30 minutes or less. It's that fast, that easy. In fact, we hate to call it a *workstation* because there's really no work to it. With the DSE you'll have time to be more productive and creative. And, it won't break the bank. Even the call is free.

Your Country listeners don't live in the '80s... why should your weekends?

Country Music is certainly not what it used to be. At United Stations we wondered why other syndicated Country Music Programs all sounded like Country Radio **used to sound!** So, we decided to fix the situation. Now, through a unique arrangement with Rusty Walker Programming Consultants, United Stations presents the first three-hour national country chart show for the '90s.

Hosted by the lady who was the CMA's Personality of the Year during her phenomenal run as morning co-host at WGAR, Cleveland, this show delivers the sound of today. Now based in Nashville, Lucy and her production team know how to create a show that really sizzles.

Lucy Grant's Cookin' Country Music Revue delivers the week's Top 20 hits, plus a side-by-side comparison to the Top 10 hits from the same week one year ago. You get the best of Today's Country plus the mix of recent killers that you're looking for.

Neumann Becomes WNCX/Cleveland PD

Neumann

WLWQ/Columbus, OH PD Bob Neumann has been tapped as PD of Classic Rocker WNCX/Cleveland, effective January 3. He replaces Doug Podell, who departed last

month for the same post at WRIF-FM/Detroit.

"Bob is the perfect choice for the WNCX program director's chair," said VP/GM Walt Tiburski. "He's extremely qualified, experienced, and successful, has great leadership abilities, and is a radio warrior."

Neumann stated, "The opportunity to work at WNCX with the current rock 'n' roll situation in Cleveland is a great one. I'm looking forward to working with Howard Stern, the veteran airstaff, and especially Walt Tiburski."

Before his WLWQ stint, Neumann programmed WRXL/Richmond, KZSS/Albuquerque, WVBS/Wilmington, and WMJY/Long Branch, NJ.

years down the line. "I believe we're back on track, and advertising should be growing faster than the economy for perhaps more than a decade," he told the gathering of investment managers, analysts, and financial journalists.

That may sound extremely optimistic, but Coen insisted that his forecast may understate the good times ahead for advertising-supported media. He noted that media capacity is beginning to fill up, and so-called "alternative" media aren't developing fast enough to have a significant impact on the inventory pressure.

Coen forecast that national radio will grow by 6.5% in 1995. He predicted that local broadcast revenues will grow by 6.8%, with radio doing somewhat better than TV.

Radio 'Reborn'

"Radio has been reborn," Interep VP/Treasurer Debbie Schwartz declared in her first appearance at the PaineWebber conference. "The growth rates we're seeing in 1994, we haven't seen since the early '80s, and radio growth is exceeding most other media."

Schwartz said the economics of duopoly are taking more money to radio operators' bottom lines, while

improved sales approaches are providing an "integrated marketing strategy" for advertisers. "We're learning to sell the medium of radio, rather than selling against each other as we have in the past."

Gazing into her crystal ball, Schwartz said she could foresee a day when each market will have all of its radio stations housed in two or three buildings, with a few sales staffs handling large inventories from several stations. "Only the programming — the really competitive part — will remain separate."

At radio's current growth pace, Schwartz said the industry's share of the U.S. advertising market should increase from its current level of just over 7% to 9% by the turn of the century — just five years away.

WW1 Taps Biggs As VP/International

Biggs

Radio Express VP Johnny Biggs has joined Westwood One in the newly created post of VP/International, where he will oversee the international distribution of

the network's programs.

Westwood One Exec. VP Eric Weiss commented, "Johnny is one of radio's most experienced executives in global syndication. We are thrilled to have him on board to oversee our continuing plans for expansion in the international marketplace."

Prior to joining Radio Express, Biggs had formed an entrepreneurial development company with Don Bustany producing and marketing radio features. His previous experience includes stints at Events Marketing and ABC Watermark, and he has served as an air personality at KXLE/Ellensburg, WA and KPRO/Riverside-San Bernardino.

EXECUTIVE ACTION

"We've got a winning team that's dedicated to bringing the New England business community quality business news and talk. And Paula O'Connor is the icing on the cake — she's got what it takes to lead this station to the top."

Prior to joining WBNW, O'Connor was at WRKO-AM/Boston for 15 years in various positions, including PD.

Ottmar has further formalized the management staff of WBNW by appointing former WEEI-AM/Boston staffer Thomas Pappas Controller, former WHDH-AM/Boston staffer Joseph Harrington GSM, and former WHDH & WRKO staffer Carmela Masi Promotion Director.

PSY Radio Partners, which bought News/Talk KGU-AM/Honolulu just last month, has reset its management team. OM Greg Skaltsas, a four-year veteran of the station, has been promoted to Station Manager. KGU Production Director Derek Pacheco has succeeded Skaltsas as OM.

Falo, who most recently was at crosstown KSFO-AM & KYA-FM, has been LSM at KOME/San Jose and an AE at KMEL-FM/SF and KROQ/Los Angeles.

Three-year KISS-FM/San Antonio PD Virgil Thompson has been elevated to the newly created OM post for Rock-formatted KISS and co-owned Oldies KSMG-FM

Fenley New PD At WSJS/Winston-Salem

Radio Equity Partners' WSJS-AM/Winston-Salem talk host Mike Fenley has been promoted to PD. Fenley replaces Craig Cochran, who has joined co-owned WXRA-FM/Eden (Winston-Salem) as an AE.

"Mike is very capable," said WSJS VP/GM Howard Nemenz. "He's one of the most organized managers you'll find and truly dedicated to building a first-class station."

"Talk radio is not unlike music radio," says Fenley. "We play the hits

and treat callers like hit music. The station has been successful, so there aren't many wholesale changes to be made. One of our main focuses will be on strengthening afternoon drive. It's a good opportunity to grow, and we're making progress."

Fenley's radio experience includes three years spent as PD at WGLD-AM & WWWB-FM/Goldsboro, NC. His resume also includes stints at WMQX-AM & FM/Winston-Salem and WYLT-AM & WKIX-FM/Raleigh.

WWDM-FM/Columbia, SC PD Andre Carson has left the station after eight years to accept the Program/Operations Director position at Broadcasting Partners Inc.'s Charlotte trombo, Urban Gold WBAV-AM, Urban AC WBAV-FM, and Urban WPEG-FM. He replaces Michael Saunders, who left the trombo in October.

Carson

"Carson is well respected in the radio and record industries," commented President/GM Wayne Brown. "I'm pleased to have someone of his caliber join our company."

Carson said, "I'm excited about coming aboard, joining the Broadcasting Partners staff, and keeping the rich tradition of WPEG and WBAV-AM & FM alive and well."

Prior to his stint at WWDM, Carson programmed WHYZ-AM/Greenville, SC and worked at WTHB-AM & WZZW-FM/Augusta, GA and WOVB-FM/West Palm Beach.

Granger Becomes Exec. VP/GM Of Ellis Memphis AM-FM-TV Operations

Ellis Communications has appointed Mason Granger Exec. VP/GM of its WMC-AM, FM & TV/Memphis. Granger succeeds WMC-AM & FM GM Sid Mendelson — who will become an Ellis radio consultant, evaluating acquisitions and advising on training, staffing, and programming — and Joe Cooper, who had overseen all three Memphis properties before being named Ellis's VP/New Business Development. KOAT-TV/Albuquerque GSM Jeff Sales has also joined the radio/TV combo as Sr. VP/Station Manager.

Granger commented, "The company feels the stations are one entity and that there ought to be synergy among them. We will be growing that kind of partnership. In addition, I feel very confident about Memphis's future, so returning to this city is an exceedingly happy event for me."

Granger, who has been consulting Ellis for the past year, is no stranger to the WMC facilities. He worked at the TV station for 15 years as a news anchor, news director, and finally Asst. GM before leaving in 1991.

WLUP-FM (The Loop)/Chicago's Danny Bonaduce recently ran his boxing record up to 2-0 after defeating "Inside Edition" reporter Rick Kirkham at Las Vegas's MGM Grand Hotel. To support its middayer, the Loop broadcast live for two days from the site and sent 42 listeners to root for him. Weighing in at 162 lbs. Imus, Hamblin Profiled In 'People'!

Don Imus gets the headline "Mighty Mouth" and a premarital profile in *People*. "There was a question of whether I should marry her or adopt her," he says of his bride, who's 25 years his junior. "She's already practicing wiping the oatmeal off my chin. I wasn't running around looking for a younger woman, but I fell in love with her. She's interesting, funny, and smart. What was I supposed to do?"

Conservative black talker **Ken Hamblin** also scores two pages in *People*, which likens him to another rightist talker. But Hamblin, whose show airs in 54 cities, says, "Rush is in many ways the voice without experience. He is junior to me, white and middle-class. I am more authentic." The working title of Hamblin's first book, coming from **Simon & Schuster**: "Don't Feed The Blacks."

A young actor who spent 10 months in jail for using his dead-on **Casey Kasem** impersonation to charge airline tickets to the DJ's account — and then talked about the scam on **Howard Stern's** show! — also shows up in *People*. The ambitious **Brian Evans** says, "I was the only inmate getting *Variety* and the *Hollywood Reporter*."

Fame Drain

Nine Inch Nails mainman **Trent Reznor** tells *Plazm*, "When someone says, 'Hey man, what does he have to be sad about? He's a rich rock star ...' [That's] someone who has never attained any goals that they've set for themselves."

"I've always felt like I've been held accountable for being popular," says **Black Crowes** singer **Chris Robinson** (Q).

Mystic Eyes?

Globe psychic **Mystic Meg** predicts:

- A lovesick tattoo artist will write his own name on **Madonna's** butt.
- "A new dancing partner is **Janet [Jackson's]** romancing partner too, but first there's a sex change to undergo."
- **Whitney Houston** will divorce **Bobby Brown**, then fall for jailed boxer **Mike Tyson**. They'll marry by the fall — and their son will grow up to be a heavyweight champ!

Future Rock

The *National Enquirer* alleges **Michael Jackson's** face required \$50,000 worth of post-production computerized "surgery" in his \$8 million video, "History."

"The only way I could sell this idea to the **Stones** was to say, 'Look, it's never been done, and if you don't do it, I'll do it with **Aerosmith**'" — **Stephan Fitch**, President of **Thinking Pictures**, the company that put a live **Stones** show on the Internet (*People*).

Thighs & Sisters

Veruca Salt's Nina Gordon describes the band's sound in Q: "Our music is like hard candy. Like the candy eggs from **Fannie Mae's** in Chicago. I call them coma eggs."

Nina Gordon

They're so sweet, they knock you out. Sweet and hard. Like my thighs."

In her Q cover story, **Madonna** says she likes her "Dick Tracy" soundtrack best of all her own records ("I love every one of those songs"), and that her fave **Dylan** tune is "Lay Lady Lay," which she'd listen to "in my brother's bedroom in the basement of our house ... and cry all the time."

Acid Humor

Dr. David Reiman of the Haight-Ashbury Free Clinics' Rock Medicine program is a specialist in post-concert injuries. He tells *Playboy*, "If you tell me the name of the band, I can tell you the kinds of injuries. You'll never see an LSD problem at a **Barry Manilow** concert."

Michael Stipe and **Tori Amos** are doing a song together for the **Marlon Brando/Johnny Depp** movie "Don Juan DeMarco." She says, "With Michael it's almost like certain parts of my brain have been blown open. It's like you're in your own little buggy going down a dirt road, then all of a sudden you're in a briar patch. You didn't know you could drive in a briar patch, but he's shown me that you can" (*Entertainment Weekly*).

Marital Extras

People visits with disgraced gospel singer **Michael English**, who's recovered from the adultery scandal that torpedoed his career in April. **Wynonna**, with whom he's cut a duet, commiserated with him about her own unwed motherhood: "We would talk about whose situation was worse, who could outdo who in the headlines."

Soul Asylum singer **Dave Pirner** ("Pookie") proposed to **Winona Ryder** ("Bunny") at Duke's, a Sunset Strip coffee shop. She said yes but declined a quickie Vegas marriage, citing her mother's wishes (*Star*).

The *Globe* reports, "**Heather Locklear** has given rocker fiance **Richie Sambora** an ultimatum: Cut all ties with ex-love **Cher** or the wedding is off!"

Michael Jackson wants a divorce because he no longer has any privacy (*Star*).

Martina Navratilova calls her dog "KD" (Q).

Honest ... our affiliates don't lie. They love Stevens & Grdnic out there!

This is the kind of stuff that goes on:

- Over the weekend the Pope smashed his pinkie finger in a car door. If you were wondering what the Pope would say when a car door slams on his finger, Ron Stevens and Joy Grdnic had the "actual recording" of the moment of impact.
- Humorist Merrill Markoe gave Ron and Joy the inside story on her break-up with David Letterman.
- Bob Schwartz, author of "The One Hour Orgasm" gave Ron and Joy 12 ways to spice up their sex life. (He also helped Ron get over that first 59 minutes and 50 seconds he's been having the most trouble with.)
- Hugh Downs told Ron and Joy about his long time secret crush on his 20/20 co-anchor Barbara Walters.
- TV star Peter Graves accepted Ron and Joy's "Mission Impossible" challenge to settle their marital spat.
- Alan Sharp told Ron and Joy why people are calling him from all over the world to bullet proof their homes.

10 QUESTIONS WITH...

Rachelle Chong
FCC Commissioner

Continued from Page 1

Q Is the FCC's definition of indecency clear?**A** It's very hard to have a bright line definition for something like indecency, because at the heart of it is a subjective decision. It really depends on the community in which the statement is made and the time it's being aired — whether children are likely to be in the audience. There are a lot of factors you must look at when you're looking at something like indecency. It seems to me the Commission's definition is as broad as possible to give latitude that is necessary to take into account the many factors that affect the decision. That might make it tough on broadcasters. They, of course, always want bright lines.

On the other hand, I think it's up to broadcasters to be responsible. They should know that if they're going to air something that could be viewed as indecent at noon, when children are listening, they're taking a risk. It's a very subjective issue.

I'm very sensitive to broadcasters' First Amendment arguments ... I don't like to regulate content. It's not what I'm here to do, and I don't really like that job. But there is a certain responsibility broadcasters must have.

Q What's the reason for the lengthy fine process, particularly in the case of Infinity?**A** There's a forfeiture collection process, Sections 503 and 504 of the Communications Act. If a broadcaster doesn't pay a forfeiture when we've issued a Notice of Apparent Liability, the act requires the Commission to issue a Notice of Forfeiture. That's where we are with most of the forfeitures against Infinity. But there is one that is final. It's now ready for the next stage in the forfeiture process: We refer it to the Department of Justice to collect the forfeiture. And apparently those cases take a while to go through that process.**Q** Do you think President Clinton has any justification for railing against conservative talk hosts?**A** Well, obviously, I don't know what the president thinks; he and I are not exactly close. It's an interesting statement by him. It's hard for me to know what's right or wrong. The president has tremendous access to the media compared to the rest of us. Given our country and the freedom of the press and speech inherent in the First Amendment, people have the right to say whatever they think. So you know, it's politics.**Q** How would you assess the FCC's performance on the EEO front?**A** I actually think we're doing a pretty good job with the current rules. My understanding is that we focus on sincere, good-faith efforts by broadcasters to recruit and find sources of minority

hires, than to recruit them actively and in a good-faith way. When we do renewal applications, we look at that very carefully, and we've been very serious about it.

We consistently keep telling broadcasters about our rules at every meeting we have with them, and I know NAB does too — just making sure they're aware of them so they can comply.

Q Some small-market broadcasters say it's difficult for them to comply with those rules.**A** I recognize that some of our rules may have disparate impacts upon small radio stations, and I always worry about that. One of my main views is that we always need to remember here at the Commission that our licensees don't just comply with our regulations, they run businesses. And that's what they should be focusing on, in addition to fulfilling their regulatory obligations.

But on the other hand, if it really is onerous for them, I wouldn't mind hearing them propose raising the limits [stations with five or fewer employees are exempt from EEO rules] and seeing from a factual point of view what that would mean. I'd like to hear compelling reasons why they think that's necessary.

On the other hand, I hope this isn't just a way to evade our rules. We simply can't have that, for obvious reasons.

Q Some minority broadcasters think the ownership limits are too high; others are pushing for those limits to go higher. What's your stance?**A** I haven't made up my mind yet. I'm very sensitive to both sides of the issue. I heard they were concerned at NABOB. On the other hand, I also am listening to the other side. They're saying look, there are many more radio and television stations than there used to be, and with so many outlets, there may not be as much of a reason to have ownership limits. Remember, the purpose of ownership restrictions was to [ensure] a diversity of voices in the community.**Q** How would you describe the working relationship between the commissioners?**A** A great thing about the current set of commissioners is that we really are very different. We come from different backgrounds, we have different strengths.

Take finances. Commissioner [Susan] Ness is terrific — she's a banker, for God's sake! So she can explain to me what a put and a call are and what financiers look at when they're [examining] a designated entity for a PCS license.

And [Chairman] Reed [Hunt] has an antitrust background. He's the king of antitrust around here. Jim Quello is "Mr. Broadcasting," forever. He not only brings his broadcast-

ing expertise but also a very deep knowledge about how this place runs, where the bodies are buried, and what the issues have been through the years. He's been very kind about taking me under his wing and trying to teach me as much as I need to know about how this place runs and what its history is. And Commissioner [Andrew] Barrett has a state regulatory background. He comes from a whole different type of regulatory state [Illinois] than my state, California. So we swap a lot of stories about state issues. He also has a great sense of humor. He always makes me laugh.

Q What strengths do you bring to this job?**A** I think it's very handy to have someone who has been a regulatory lawyer. I did two stints, one as an FCC lawyer at a private law firm [in Washington, DC] for a couple of years doing mostly mass media work.

Second, I practiced very substantially in California in front of the state utilities commission. There I was doing work in the wireless telephone area — mostly cellular, a little bit of paging, a little international work, a little satellite.

It gives me a unique view of how the federal regulatory arena interacts with the state telecom arena ... a somewhat unique view to have here at the Commission.

I'm a lawyer — someone who is very analytical and has emphasized writing in my career. Coming from a private law firm, I'm used to working very hard — long hours and weekends don't bother me, I'm used to it.

And the last thing is, I have an irrepressible sense of humor. I would like to say I've helped lighten up the eighth floor [of FCC headquarters, where the commissioners' and chairman's offices are located].

Q In what areas do you wish your background was stronger?**A** I wish I was more technical and that I'd taken more economics classes in college. It would have been helpful in this job. I rely heavily on the technical engineers and our crack economists for their help.**Q** What do you think about the FCC's impending move to the Portals?**A** I have been assiduously staying out of this one [laughs]. I haven't followed the history of this case; I understand it's a long and gory history. Frankly, to me an office is an office. Wherever we're told to go, we'll go.

In a staff memo, Emmis Radio President Doyle Rose noted, "Our sincere congratulations to both Judy and Steve on their expanded responsibilities. Both are recognized as [being] among the finest radio professionals in the business. The ratings and revenue success of Hot 97 in the last 18 months is directly attributable to their efforts."

Rose would not confirm speculation that WRKS's programming was headed in a more adult direction, but noted in the memo, "Until Monday, December 5, both Hot 97 and WRKS were similarly programmed. Although we have not unveiled our full programming plans for WRKS, all rap product has been removed from the station in an effort to minimize competition between the stations. Moreover ... Emmis intends to further enhance WRKS's long-standing commitment to the African-American community."

lieved that a number of Sire's baby bands would move with Stein to owned Elektra. The ultimate fate of the label is not yet known, but VP/Managing Director Howie Klein will remain at Warner Bros. as a VP in some capacity.

In related news, Warner Music-U.S. has bought an interest in Seattle's influential Sub Pop label, which is expected to be affiliated with Elektra.

Like Bob Krasnow, who held sway over Elektra for almost 12 years (see story, Page 1), a teenaged Stein worked for Syd Nathan at King Records. He later worked for Red Bird in New York and on his own as an indie, then formed Sire Productions in 1966. He hitched Sire to WB in 1976 and sold it outright four years later. He's currently President of the Rock and Roll Hall of Fame Foundation.

NY, L.A. Arbitrends

The latest NY Sept./Oct./Nov. Arbitrends show **Emmis CHR WQHT** inching into a tie for second. Hot AC **WPLJ** leads the market among 18-34s, and market-leading AC **WLTW** is tied for first with Gold **WCBS-FM** among 25-54s. **Howard Stern** is still solidly in front in mornings.

In L.A., Talk **KFI** — powered by a strong performance in mornings — climbs to third overall, trailing market leader **Ranchera KLAX** and CHR **KPWR**. Recent Talk convert **KMPC** shows up at .8, and Progressive sign-on **KSCA** holds at .9. **KLAX** still reigns in L.A. mornings, followed by **KFI** and **Stern** on **KLSX**.

Attorneys for **Contemporary Media** and its affiliated broadcast companies (owners of eight radio stations in Indiana and Missouri) have asked the **FCC** to hold off any decision on whether to begin license revocation proceedings resulting from the conviction of sole owner **Michael Rice** on several sodomy and sexual assault charges involving minors.

Rice, who's begun serving an eight-year sentence in Missouri, will be eligible for parole in two years. The attorneys say the radio properties are being managed by experienced employees under VP **Janet Cox**, and the stations will present "sound legal reasons" why no revocation proceeding is needed.

Pyramid Communications has asked the **FCC** for a waiver of the one-to-a-market rule to allow **Leonard Leiberman** to serve on Pyramid's board of directors. Although Pyramid itself doesn't own any TV stations, Leiberman is a director of **Outlet Communications**, which owns a Rhode Island TV station whose signal overlaps with those of Pyramid's Boston radio stations.

KGO's Owens Goin'?

KGO-AM/SF's **Ronn Owens** has been off the air since December 1, owing to contract negotiations. According to the *San Francisco Chronicle*, Owens may leave **KGO** to host a nationally syndicated, Bay Area-based radio talk show.

On November 30, Owens told listeners that if he was unable to negotiate a new contract with station management, he may be talking to them "real soon from somewhere else."

Tichenor Media System Inc. has agreed to purchase **Fort Bend Broadcasting's** **KMPQ-AM & FM/Rosenberg (Houston), TX** and **KMIA-FM/Jasper, TX** for an as-yet-undisclosed price.

When **Imago** VP/Sales & Mktg. **Jim Kelly** and Dir./Sales & Mktg. **Richard Sarbin** finish their contracts at year's end, they'll become

consultants to the label, which is adopting a more "street" approach with its 30 staffers. Pres. **Terry Ellis** tells ST he's taking "a much more hands-on approach and enjoying myself enormously."

The **Pollack Media Group's** annual confab will take a high-tech turn next March. While sessions will cover such topics as on-line, CD-ROM, digital audio, virtual reality, and direct TV, a "new media playground 2000" will showcase some of the newest interactive media.

After 14 years as R&R CHR Editor, **Joel Denver** launches Malibu-based **All Access Music Group** — a promotion, marketing, and advisory service to the radio and record communities.

Rumbles

- Look for **WOR-AM/NY** PD **Ed Walsh** to exit by year's end. Meanwhile — in what has to be the Leap O' The Year — **WVVE/New London, CT** (market No. 159) morning show producer **Ozzie Philips** moves up to market No. 1 as Exec. Producer and on-air sidekick to WOR morning star **John Gambling**.

- **KHEY-AM & FM-KPRR-FM/EI Paso** welcomes new Station Mgr. **Bill Struck**.

- **KIOA/Des Moines APD** **Jon Galow** cops the **WBTU/Ft. Wayne** PD slot.

- **WDRK/Panama City** welcomes new PD/MD/afternoon driver **Addison Wakeford** and morning team **B.C. & Bubba**. Wakeford and the wakeup team most recently held similar slots at crosstown **WTBB**.

- Urban AC **WLWZ/Greenville, SC** flips to Alternative and the "103X" moniker under former AC **WKTK/Gainesville, FL** afternoon delight **Rick Schmidt**.

- Rock **KDJK/Modesto, CA** converts to Alternative. **KRAB/Bakersfield** PD **Chris Squires** will be acting PD, and **Q101/Chicago** PD **Bill Gamble** will consult. The staff will remain intact for now with titles TBD. **Mark & Brian** are inked for mornings.

- **WRKS/NYC** weekend rap show legend **Red Alert** exits.

- **KMGX/San Fernando-L.A.** changes calls to **KYKF**, simulcasting Country with Anaheim duopoly sister **KIKF**.

- **Y-100/Philly** sports a new lineup: **The Barsky Show** (6-10am), **Lisa Berigan** (10am-3pm), **L.A. Reid** (3-7pm), ex-**KS-104/Denver** night slammer **J.B. Goode** in nights, and **Mark Summer** in overnights.

- **KDGE/Dallas** co-APD/middayer **Alan Smith** takes over mornings, replacing **Stevens & Pruett**. **Jeff K.** shifts from afternoons to middays, and co-APD **Alex Valentine** (using the *nom de aire* **Alex On The Edge**) cops the afternoon slot.

- Staff shakeup at Sports/Talk **WTEM-AM/Washington**: **Kevin Kiley** and Rich "The Coach" **Gilgalion**, and hosts **Phil Wood** and **Rob Weingarten** are o-u-t. In are ABC's **Fabulous Sports Babe** and ex-Redskins players **Rick "Doc" Walker** and **Dan Miller**.

- **WJHM-FM (102 Jamz)/Orlando** welcomes **Monica May** as Dir./News & Public Affairs and a supporting role on the **Welch & Woody** morning show. **JoJo Dancer** exits.

- New Progressive **WIII/Ithaca, NY** inks syndicated yakker **Don Imus** for mornings; PD **Dave Ashton** moves from mornings to afternoons. And ... despite what you read here last week ... afternoon delight **Sharon Steele** takes middays and **Eric Weinberg** (aka **Moon**) joins for nights — *not vice versa*.

- Oops. **Angie Handa** is the new PD at **WSUY/Charleston, SC** — not Country **WUSY/Chattanooga**, as reported last week.

- Double oops. **Kevin "Koolin'"** **Fox** will be the MD/interim PD at **WPEG/Charlotte** — *not* **WWDW/Columbia, SC**, as cited here last week.

A GLANCE BACK

CHR Is Alive And Well, Maneuvering Its Way Through Duopolies, Format Fragmentation

Yes, here it is ... the end of another year, and CHR/Top 40 is still alive. In many cases it's flourishing again.

For example, take the Top 100 markets in the Summer '94 Arbitron — 57 out of 102 (55.8%) CHR/Top 40 stations ranked in the Top 5 12+. Kudos to KPWR/Los Angeles, KHKS/Dallas, WPGC/Washington, KGGI/Riverside. KLUC/Las Vegas, WKRZ/Wilkes-Barre, KBFM/McAllen-Brownsville, KQKQ/Omaha, WNNK/Harrisburg, and KPRR/El Paso, all number one in that summer sweep.

Duopolies, further fragmentation of the format, new techniques for marketing, and surviving a bad book are just some of the major issues this column covered in 1994. Here's a look:

Duopolies

Matt Mills

VP/GM Matt Mills of Pyramid's Boston duopoly of Pop & Rhythmic CHRs WXKS (Kiss 108) & WJMN (Jam'n 94.5) addresses his biggest problem operating 30 minutes apart. "My top priority is keeping everyone happy and giving everyone enough attention. I spend Monday, Wednesday, and Friday at Kiss and Tuesday and Thursday over at WJMN."

The stations' sales departments remain separate, but that area is still a prime concern for Mills. "On the sales front, Katz is repping both stations. But locally we have to be careful that individual sales reps don't knock the other station just to get on the time buy. The idea is to take money from the other stations in the market, not from the sister station. WJMN is getting the bulk of the younger buys, while Kiss gets its share of them as well as some 25+ business."

Meanwhile, the staff of EZ Communications' Pittsburgh duopoly, CHR WBZZ (B94) & '70s Gold WQKB (The Point 100.7) is under one roof. But there are still problems to conquer. VP/GM Tex Meyer says, "The reality is that everything doubles and then some when you combine two operations like this. Time management is a priority because handling phone calls for both stations and interfacing with all staffers have really mushroomed. My workday begins at 8am; I can rarely leave before 7pm. And I've got to devote about three hours on the weekend at home for what I call 'quiet work time' so I can slow down, strategize, and look at the big picture. The key to getting things done day to day is support staff." (R&R 10/14)

Format Fragmentation

High-energy dance emerged as one of the newest musical trends in 1994. "We've made the streets come out of the speakers," says KQHT (Hot 97.7)/San Jose PD Bob Perry. "We've discovered the audience has a bigger appetite for high-energy dance music — the 'freestyle' and 'house' [genres] — than in the recent past. The return to a more rhythmic approach has made all the difference in the world for us in terms of total audience and our core demos."

Pop/Alternative also emerged with a vengeance. Spurred by huge CD sales of Pearl Jam, Stone Temple

Bob Perry

Pilots, Soul Asylum, Blind Melon, Green Day, Offspring, Counting Crows, and others, a number of stations have changed their music's texture to a pop/alternative sound.

Steve Wyrostok, now a consultant working with Guy Zapoleon, views alternative music's influence on CHR with mixed feelings. "It's a trend with two parts: The music produced by alternative artists is more mass appeal than ever, and CHR is opening its arms to this music style as a component of the format. I worry about stations moving too far too fast. A turning point will come when PDs will be forced to learn which alternative records are hits by ratings success or failure. There are only 'X' number of hits. When you go beyond them, you get into dangerous territory."

Former WHTZ (Z 100)/New York APD/MD Frankie Blue reflects on the station's successful transition last year from pop/rhythmic to pop/alternative-leaning CHR. "Z-100 cashed in on music that is exclusively ours. Before, we programmed music for which people had lost passion. And that was shared with two or three stations. Pop/alternative

'Freestyle' Vs. 'House'

"High-energy dance music" can be broken down into two main genres: "freestyle" and "house." Here are the descriptions and examples of each.

• **Freestyle** — Also referred to as "Cha-Cha" or "Latin Hip-Hop." It's more Hispanic in appeal and crosses easily to non-ethnic audiences. Examples: Johnny O's "Runaway Love" and Corina's "Temptation."

• **House** — This more well-rounded, beat-driven sound — about 126 beats per minute, also is simply called "Dance." It's almost tribal sounding, with a deep bass-line groove. Examples: Reality's "Yolanda," Robin S's "Show Me Love," and Bizarre Inc.'s "I'm Gonna Get You." (R&R 1/28/94)

18-34 Female Trends

Here's how CHR scored in the all-important 18-34 female cell in the Top 100 markets for the Summer '94 book.

SUMMER '94 RANK

	#1	#2-5	#6-10	#11+
Markets 1-25	6	9	12	1

Markets 76-100	1	2	1	1

music's popularity has given us a more unique position and allowed us to redefine Z100 and New York's Top 40." (R&R 4/8)

Database Marketing

Among what new methods have you explored recently to program and promote your radio stations? If you haven't investigated interactive database marketing — and apparently most CHR stations haven't — you could be overlooking a valuable tool.

WXKS/Boston PD Steve Rivers sees interactive database marketing as "the most efficient way of communicating with the station's core audience. Since they deliver the bulk of the quarter-hours, we formed the 'Kiss Club', which is over 100,000 card-carrying members strong. The idea is to directly market your radio station to the people already listening. I don't think there is a better way to begin the process than with database marketing."

Fairwest Direct President Reg Johns offers: "If you advertise your interactive number in a general media campaign, you'll end up with 100,000 people very quickly. But how many of them are meaningful? You want the people who listen to your station so you can convert casual listening into heavy listening. If the national average for cume is 8%, the true AQH growth isn't going to come from new cume as much as it is from making the other 92% of your listeners listen more."

Reg Johns

"Smaller markets without the funding for a complete interactive system can generate the information from listeners via faxes, holding recruitment parties, or by promoting a 'listener club' on the air and plugging the data in manually. If you do a general mailer, it will be a less pure database, so include some kind of qualifier — like the name of your morning personality or the station's positioning statement — to prove that they listen to your station."

Media Gallery President Ruth Presslaff has an idea why CHR has been slow to pick up on database

marketing. "CHR does one huge outrageous promotion after another. So database marketing may seem too subtle and is wrongly perceived as not being visible enough — especially when you're asking stations to put dollars into relationship marketing vs. the quick bang of a typical CHR promotion."

Once you establish a database, Presslaff suggests you:

- Send birthday cards to listeners
- Launch direct mail campaigns
- Produce an annual calendar of station/local events small enough to put on a refrigerator. (R&R 7/29)

Surviving A Bad Book

Veteran PDs also offered advice on how to survive the ratings roller-coaster.

KKRZ/Portland PD Ken Benson lives by this rule: "The quickest fix in preventing one bad book from taking the station into a tailspin is to sit everyone down and lay out your observations about the station and the rest of the market. Then involve them in the big picture. And let them know you're not going to overreact or second-guess yourself."

Gannett flagship KIIS-AM & FM/Los Angeles President/GM Marc Kaye says the first step in analyzing a ratings book is not only to evaluate what went wrong, but what went right. "Patience is extremely important, especially in a fragmented major market where it may take Arbitron's methodology three to six months to reflect positive programming changes. It's a mistake to react to one down book."

"But the worst mistake is making panicky, knee-jerk decisions because of sales pressure. [And don't forget] to rally the troops. Be open and honest, but don't fail to focus on what they did right. You can't let any jock feel he's dragged the station down."

Still Looking Down From The Top

Once again, format maintains its dominant position

Country maintained its position as the nation's dominant radio format in 1994. Despite some share consolidation, the year's ratings showed no signs that Country was in any danger of giving up the crown it's held for the past few years.

Country programming continued down two tracks, with a third track showing early signs of life. Mainstream outlets struggled through some confusing times this past year. And the courting of young demos caused many to ignore the 45+ listeners responsible for loads of TSL, resulting in declining 12+ shares. Many are already adding more gold into their libraries and reaching further back for songs that test well among the 18-24, 25-34, and 35-54 cells. It'll be interesting to see whether the shift yields longer listening spans and increased shares. Displaying increasing strength was

the barely two-year-old 18-34-targeted Country format. **KYNG/Dallas**, **WYCD/Detroit**, **KKBQ/Houston**, and **KBEQ/Kansas City** continue to be major players in their respective markets. Relative young-target newcomers experiencing high debuts or solid ratings gains included **WGY/Cincinnati**, **WYCD/Detroit**, and **KTST/Oklahoma City**.

Rapid Demo Spread

Perhaps most impressive about the growth is the rapidity with which the demos have spread. **WYCD**, for instance, is tied for No. 1 25-54; **KKBQ** ranks fourth; and **KBEQ** is seventh in a market that has three other Country stations.

Equally impressive are the ratings gains in Country-Country duopolies, where the 18-34 Country outlet has managed to gain shares without cannibalizing the mainstream station to an equal degree. The fact of the matter is, many of these stations -- at least those in non-duopoly situations -- have pushed their foot in the market door as an 18-34 Country alternative, only to become more mainstream as time progressed.

Finally, in what hardly can be described as a stampede, a few stations chose to test the Gold Country waters. Most notable was **KJJO-AM & FM/Minneapolis**, which posted a pair of 3.5s in its first two books after a 1.9 and a 1.8 as "Thunder Country."

'Du-op, Du-op ...'

Duopolies continued to alter this format's landscape more than any other. At the end of 1993, 11 markets in the Top 100 played host to two FM Country stations owned by one company. As this year closes, 23 cities are home to one operator with two FM Country outlets. Among the markets joining the '94 duopoly dash were Anaheim, Columbus, OH, Fresno, Grand Rapids, Houston, Indianapolis, Little Rock,

The CRI Saga

Mobile, Oklahoma City, Sacramento, and Tulsa.

The coming year should be fascinating — as well as pivotal. As depicted elsewhere (R&R 11/25), the Country Ratings Index has slipped

six consecutive books. Will it bounce back? Has Country plateaued or peaked? Will presentation-driven, 18-34 Country stations continue to do well and proliferate? Will gold-based Country out-

lets be tried as alternatives in some markets?

As always, only time will tell. But I think we can all agree the view from up here is great — let's hope next year's recap is as positive as 1994's.

Cookin' Up A Banner Year In Country

A label explosion, a slew of TV shows, and several all-star compilations highlighted the year in country. Here's a look back at some 1994 events that continued to help push forward country music and artists.

The biggest news in Nashville: labels cropping up all over town. The year began with the rebirth of **Decca**, MCA/Nashville's little sister. And they just kept coming... **Patriot** started with a bang in April. **Polydor/Nashville** was reactivated in May. **River North Nashville** began flowing in June. **MCG/Curb** was set to go in August, and **Magnatone** opened its doors in September. The only casualties were **Capricorn**, which folded its country division in September, and the short-lived **Sun Records**, which shut down last week.

TV Goes Country

Television continued to roll out country music series and specials. **Tribune Entertainment/High Five Productions'** syndicated series "The Road," which premiered in September, spotlights country artists on a weekly basis; the weekly "ABC In Concert Country" featured live performances throughout the summer.

Reba McEntire brought her hit song to life with "Is There Life Out There," a CBS-TV movie that aired in October. **Dolly Parton** continues to struggle with the CBS sitcom "Heavens To Betsy," which has been put on hold twice and is now on its third producer. "Lorelei Lee," starring **Lorrie Morgan** as a police detective/single mother/parttime country singer, never made it on the air. And although "XXX's And OOO's" — featuring **Lari White** and **Pam Tillis** — fizzled on TV, the title song by **Trisha Yearwood** hit No. 1 in September.

THE YEAR 94 IN REVIEW

Movies 'N' Mags

A few movies captured the attention of country fans in 1994. "Maverick," starring **Mel Gibson**, **Jodie Foster**, and **James Garner**, featured cameos by **Clint Black**, **Brother Phelps**, **Carlene Carter**, **Janis Gill**, **Vince Gill**, **Waylon Jennings**, **Hal Ketchum**, **Kathy Mattea**, **Restless Heart**, and **Randy Travis**. Its **Atlantic Nashville/AG** soundtrack includes tunes by **Black**, **Gill**, **Tracy Lawrence**, **Restless Heart**, and others. If you missed it in theaters, "Maverick" was released on video last week.

Travis Tritt co-starred in "The Cowboy Way," which featured the **Gibson/Miller Band's** remake of **Willie Nelson & Waylon Jennings's** 1978 hit, "Mamas Don't Let Your Babies Grow Up To Be Cowboys." And **Randy Travis** resurfaced again in the direct-to-video release of "Texas," based on **James Michener's** novel of the same name.

Two new magazines dedicated to country music and artists hit newsstands this year, too. **New Country Music**, an interactive publication featuring CD reviews and artist profiles, debuted in February; **Country Weekly**, which features artist news and interviews, set sail last spring.

All-Star Albums

Many will remember 1994 as the Year of the Tribute Album. **BNA's** "Keith Whitley: A Tribute Album" was released in September; **MCA/Nashville's** "Skynyrd Frynds," a salute to **Lynyrd Skynyrd**, and **Arista/Nashville's** "Mama's Hungry Eyes," a tribute to **Merle Haggard**,

hit record stores in October; and **Mercury/Nashville** released its nod to the King of Rock 'n' Roll, "It's Now Or Never — The Tribute To Elvis," this week (12/6).

A pair of all-star compilations heated up record stores as well. More than 20 country and R&B artists paired up for **MCA's** duet album, "Rhythm, Country & Blues," released in March; just as many also gathered to fight AIDS with **Mercury/Nashville's** "Red Hot + Country" compilation. **Kathy Mattea**, who spearheaded the latter project, received the **Harvard AIDS Institute's** first AIDS Awareness Award last week (12/1) during the **Country CARES AIDS** benefit concert in Nashville.

'94 News

Several noteworthy events occurred in 1994, including the **Country Music Foundation's** decision to move the **Country Music Hall of Fame** downtown. Also this year, the **Desert Rose Band** called it quits; **John Berry** and **George Jones** underwent major surgery; and two "fan fairs" — the **Country Music Fan Jam** (in Ft. Worth) and the **Las Vegas Country Music Fan Festival** — debuted.

It was a big year for country clubs and restaurants, too. **Music City** saw the opening of **Gaylord's Wildhorse Saloon** and the **Nashville Country Club**, and we became one of the growing number of cities claiming a **Hard Rock Cafe**. **Los Angeles** got in on the act as well, as the **Country Star Restaurant** opened its doors this fall in **Universal City**.

Dealing With Radio's New Realities

More duopolies, more fragmentation, and a new resolve to achieve revenue parity

The duopoly era has brought widespread changes to Urban radio during the last year. Some have been warmly received ... others with trepidation.

For example, duopoly has accelerated the fragmentation process at Urban radio. "For years, Urban radio listeners usually had one choice because there was only one Black radio station. With our duopoly, we've been able to give people in this community another choice," explained **WBAV-AM & FM & WPEG-FM/Charlotte** President/GM **Wayne Brown** (R&R 10/14), who flipped **WBAV-FM** (then **WCKZ**) from CHR to Urban AC in a duopoly takeover to give Charlotte a second Urban FM. "These three stations have become a marketing tool for us. We're able to educate buyers and clients on the importance of catering to the African-American consumer."

But others weren't so positive. "I think [duopoly] is a design to take the small broadcasters out of business. It's Washington not understanding the true nature of the business," said **Hawes-Saunders Broadcasting** President/GM **Ro Nita Hawes-Saunders** (R&R 6/24). "They are injurious nationally to minorities," stated **Inner City**

Broadcasting Founder/Chairman Emeritus **Percy Sutton** (R&R 6/24), who added that he'd nonetheless like to take advantage of the rules.

In canvassing the Urban radio community on a regular basis, I've learned that management's biggest fears are primarily duopoly-related: fewer companies, fewer jobs, and continued fragmentation. But at least one Urban programmer thinks fragmentation will have the opposite effect on blacks in the industry. "There was a time when all you had was mainstream Urban," said **KPRS/Kansas City** PD **Sam Weaver** (R&R 3/18). "Now you have a number of different directions to go and ... there are more opportunities with-

in the format. You also may have more longevity in the business."

Year Of The Owner

This year's Black Music Month special focused on "Achieving The Dream: African-American Radio Ownership." And it was certainly an appropriate issue to center on, with more black broadcasters expanding their operations and becoming more powerful market forces.

Wolfe Communications Inc. President/GM **James Wolfe Jr.** acknowledged these gains as being hard-fought battles for credibility. "Radio — in particular, African-American ownership of radio — is still difficult to sell to white America. White Americans don't want to realize the economic value. There's still a discrimination factor that forces you to prove yourself over and over."

Cathy Hughes's Radio One became the proud owner of its first duopoly this year, buying **Albimar's WRKS/Washington** to pair with its **WOL-AM & WMMJ-FM**. **Broadcasting Partners Inc.** acquired duopolies in Chicago and Detroit, **Noble** created a new duopoly in St. Louis, **HMW Communications** doubled up in Greenville-Spartanburg, and **Zapis** extended its reach in Cleveland by becoming a partner in the **Zebra** group's acquisition of **WJMO-AM & FM**.

Our Fair Share

Although **Interep Radio Store's** "Power Of Urban Radio" presentation in New York last May appeared to spur some agency interest in Urban radio, the format still generally receives higher ratings shares than revenue shares.

"You can just about discount 30% of the advertising dollars in the market right off the top because [buyers] probably aren't going to buy an Urban station," lamented **KMJJ/Shreveport** VP/GM **John Wilson** (R&R 4/8). We have to work harder and smarter to get our dollars, even though we may have better ratings."

Others stressed that it's just a matter of educating advertisers about the viability of selling to Urban audiences. According to **WTLC-AM & FM/Indianapolis** VP/GM **Paul Major** "Black radio motivates. The Black radio audience is more likely to respond to advertising because when that message is heard, the listeners feel it's a personal invitation to respond" (R&R 5/27).

"There's no question that African-Americans offer advertisers the greatest potential of any ethnic group in the country," noted **Interep Sr. VP/Research Director Elaine Pappas** (R&R 8/5), whose company has plans for at least two more "Power Of Urban Radio" events in 1995.

RATINGS REVISITED

Another Solid Year For Urban

Urban radio continued to flex its ratings muscle in 1994, with the format maintaining a Top 5 12+ Arbitron presence in a vast majority of markets.

WGCI-FM/Chicago, with a 7.4 share in the Summer '94 book, leads the list of Urban stations winning 12+ honors in their respective markets. Others who ruled the ratings roost this year included **WVEE/Atlanta**; **WPEG/Charlotte**; **WQUE (Q93)/New Orleans**; **WOWI/Norfolk**; **WJHM/Orlando**; **WIKS/Greenville-New Bern-Jacksonville**; **KIPR/Little Rock**; **WWWZ (Z93)/Charleston**; **WBLX/Mobile**; **WDDM/Columbia, SC**; **WCDX/Richmond**; and **WHRK/Memphis**.

While falling short of the brass ring, a number of other stations racked up impressive numbers. **WUSL (Power 99FM)/Philadelphia** is currently tied for fourth 12+ and is No. 3 in the 18-34 demo. **WJLB/Detroit** retained its position as bridesmaid to perennial market leader **Talk WJR**. **KKDA-FM/Dallas** jumped from sixth to third this summer, and **KMJQ/Houston** is now ranked fourth in the market. In Ohio, **WZAK/Cleveland** advanced into fourth place, while **WIZF/Cincinnati** entered the Top 5 at No. 5. Fourth-ranked **KMJM/St. Louis** continued to get big numbers, and **WJMZ/Greenville-Spartanburg**, continued to climb, reaching a 9.0 and fourth place this summer.

DC Power Shift?

In Washington, a pair of Urban ACs dethroned Mainstream format leader **WKYS** for the first time, with both **WHUR** (No. 4) and **WMMJ** (No. 5) climbing ahead of **Kiss**. But with **KYS** now joining **WMMJ** in **Cathy Hughes's Radio One** camp, will we see another power shift in the nation's capital?

While many Urban stations had great years, one notable exception would have to be **WRKS/New York**. Ranked No. 1 12+ just last spring, it suffered a severe drop in the Winter '94 book and, in the most recent Arbitron, actually fell behind rival **WBSL**. The stage is set for a fierce battle for Gotham City supremacy.

Best of luck to everyone in '95. May we all have a winning year.

CYNDEE MAXWELL

Revisiting A Redefined Rock

■ Sales, plays per week top issues; heritage stations trade classic for new music

As the new year quickly approaches, I'll take a look back at some of the important issues faced by the format's radio and record execs in 1994.

What Is Rock?

In a recent comparison, 70% of the Rock chart's Top 10 tracks also charted on Alternative; 30% of the same artists were on the Progressive chart. One Rock outlet's playlist reflected that diversity. When WAVF (96 Wave)/Charleston, SC PD Dave Rossi asked "What is rock?" he found it was like asking "What is love?" or "What is religion?" "Depending on where you were raised or how you were brought up, everyone has his own and different answer. The overwhelming response turned out to be that rock is what our audience expects from us. At WAVF, we can play an artist like Lisa Loeb and have nothing but positive response to it. But we also can play Helmet and Neil Young with success." (R&R 8/19)

Niche Debate

The proliferation of music previously labeled Alternative gained mass acceptance this year in Rock. The pattern has continued since then with Rock's adoption of many "Alternative" bands, including Meat Puppets, Offspring, Green Day, and Smashing Pumpkins. Is there a connection between blurred music party lines and the state of the format? According to Sinton, Barnes & Associates' Tom Barnes, "We're starting to see markets unable to support five permutations of Rock or of any other format. After a foothold has been established with

a niche strategy, the only way for market share to increase is for the niche to widen its appeal.

"The key to growth in the next two to three years is to find the most viable position or unique selling proposition relative to a target demo — then begin to broaden as that position and demo will allow. In other words, service the key demographics — not the format. Format holes and vulnerabilities aren't determined by music availability (music not being played in the market) so much as they are by identifying an underserved demo."

His strategy for niche programming and effective marketing:

- Identify an underserved segment from a pre-existing market.
- Establish the validity of the hole or underserved demographic.
- Superserve the segment with the right music and texture. (R&R 10/7)

Plays Per Week

The advent of plays per week has affected music reporting more than any other event in recent history. Sharing their views:

"The biggest change I've noticed is that plays per week has improved the record industry's attention to personal selling details," says WAAF/Boston PD Ron Valeri. "The simple add is just not good enough any more. Labels are staying after records a lot more; they don't just get the add and forget about the project. With the new system, you can see when the emperor is wearing no clothes."

KISW/Seattle PD Steve Young noted, "People are realizing that the life of a record is a lot longer than the industry had been conditioned to believe and that records don't break in a week."

A&M Sr. VP/Album Promotion J.B. Brenner concurred, "Plays per week has extended the life of hit records. A lot of big records were missed in the past, but with the plays data radio can see how well records are really working. Most of the lunar rotations have bottomed out, too. The high plays per week on Alternative and current-based Rock stations is the reason for the attention they get." (R&R 8/5)

Airplay = Sales

The significant correlation between Rock airplay and sales was also a major topic of discussion. Island's Sky Daniels speculated that Rock's sales potential is "about 300,000-400,000 units on a pure Rock project uniformly supported by the format. There's been a bias against Rock from a record company's perspective for a long time. On one hand, it was well deserved because most stations averaged 15-20 plays per week on any given track, which is insufficient to stimulate sales. But the emergence of many active Rock stations with high current percentages — some as high as 70% — and hot rotation has started to challenge that old perception. This type of station breeds more active consumers interested in new music."

Geffen's Alan Oremen noted, "Records that start at Rock and cross over, or vice versa, obviously end up being the biggest records in a shorter amount of time. But there are still Rock-only success stories, like Jackyl and White Zombie. The format is healthier now than it's ever been because programmers are taking some risks and are more open to playing new music." (R&R 9/2)

Brave New World

Toward the end of the year, a change started brewing as several orthodox Rock outlets recently dropped the majority of their classic rock titles, then began adding a lot of new music and playing those currents in high rotations. Citing audience burn as the primary factor

for his outlet's transformation, KLOS/Los Angeles PD Carey Curelop said, "When Arrow [KCBS] went on the air, three stations [with Classic Rock KLSX] now were playing a fairly core rock library, which just increased the burn. And we wanted to differentiate ourselves and be more rock-driven and contemporary. Growing with your audience doesn't necessarily mean you'll just continue to play old records. The 25-34s or 25-44s are the most burnt on classic rock. So

automatically assuming you're growing with your audience by playing library records is incorrect."

WBCN/Boston PD Oedipus noted, "The real turning point for us was Woodstock. When we saw its impact, we started to adjust our format. Clearly the industry is investing in these new bands — 'heritage rock' as we once knew it is over. We're proud we played Led Zeppelin as a white-label test pressing. But while we're proud of our heritage, 'heritage' doesn't have to equal 'old.'"

Format's Vital Signs Are Strong

■ '94 was year of gains in ratings, revenue, sign-ons, and corporate support

What a spectacular year for NAC! The past 12 months witnessed tremendous format gains on every front: ratings, revenues, station sign-ons, and corporate commitment.

Ratings & Revenues

There were few ratings surprises for NAC programmers this year. The numbers continue to climb, confirming the format's ever-widening appeal. Stations in major markets such as WQCD (CD101.9)/New York, WNUA/Chicago, KKSF/San Francisco, KOAI (The Oasis)/Dallas, and KIFM/San Diego now routinely rank Top 5 25-54. The stations that pioneered the format continue to dominate the ratings story for the most part. But relative newcomers in Atlanta and Portland posted impressive gains as well.

And the number one daypart trend increases with each book. For example, WQCD's nighttime personality Holly Levis and KTWV (The Wave)/Los Angeles afternoon drive talent Don Burns hold the top-rated music radio daypart position with adults in their markets.

Revenues and profits are up, too. The number of stations experiencing million-dollar months is increasing all the time. But the real story is NAC rapidly becoming a staple for adult buys. The format is pulling more available dollars, relative to market size, with more expanded strength than last year. As KOAI GM Skip Schmidt notes, "The billing power ratio for NAC is closing fast on — even surpassing in some cases — AC and other formats."

New Sign-Ons

Another positive indication of NAC's health has been the number of stations adopting the format in the past year, many of them in major markets. New stations include Viacom's first foray in the format, WJZW/Washington; KEXZ/Seattle; KNJZ/St. Louis; KYOT-FM/Phoenix; WNOP/Cincinnati (flipped from Jazz to NAC); KJJZ/Portland; KSSJ and QBBR/Sacramento; KLJZ/New Orleans; WMTO/Panama City, FL; and WALJ/Macon, GA. Only two stations left the format: KKJY/Albuquerque and KXDC/Monterey. The choice of NAC over AC or '70s Gold speaks to the format's burgeoning mainstream appeal.

But as Broadcast Architecture Director/Programming Allen Kepler observes, "The quality of the broadcast companies investing in NAC — Pyramid, Viacom, Westinghouse, Granum, Brown, Noble, Tribune, among others — says more about the future of the format than anything."

With Pyramid's recent acquisition of WJJZ/Philadelphia, the firm became the second major radio group to own more than one NAC outlet. That represents a serious corporate

commitment; major players are making huge investments in the format.

Musical Chairs

The format did see plenty of personnel shifting among stations this year. Among them, Shirley Maldonado exited as WQCD PD for WNND/Raleigh. Stepping in for her was former WFLC/Miami PD Fleetwood Gruver. Since his March arrival, the station has been given a high approval rating by ad agencies, \$1 million+ in billing per month, and is ranked Top 5 with adult listeners. MD Steve Williams was upped to APD in September.

Monica Logan-Thomas took over the programming reins of KACD/L.A. (and the consultation of WALJ/Macon). She replaced Lawrence Tanter, who segued to station ownership with his acquisition of KQBR/Sacramento, along with partners GM Ricky Tatum and Sales Manager Mary White. In more California changes, KIFM/San Diego MD Tony Shondel shifted to programming, taking the helm of KSSJ/Sacramento. Assuming Shondel's MD position was KIFM air personality Kelly Cole. (Guided by VP/Programming Bob O'Connor, KIFM

won its second Marconi award for NAC Station of the Year at October's NAB.) And KZEL/Fresno PD J. Wiedenheimer was replaced by Mike Vasquez.

At WNUA, GSM Ralph Sherman Jr. was appointed VP/GM in June. PD Lee Hansen added OM duties, as well as consulting responsibilities at WJJZ. And last month, APD/MD Michael Fischer announced his move to New York as Sony Warner Networks' Smooth FM format PD. The 24-hour, satellite-delivered NAC service is slated to debut in January.

Midyear, KOAI PD Paul Goldstein also joined Sony Warner Networks as Smooth FM Exec. Producer. KOAI MD Tom Miller was upped to PD, with Bret Michael replacing him in the record library as MD.

What's in a name? Arbitron VP/Sales & Marketing Jay Guyther announced that beginning with the Winter 1995 book, stations may designate their format as NAC in the Station Information section, rather than choosing between New Age or Jazz.

What's Ahead

Last but not least, June marked the R&R debut of a fulltime NAC Editor and weekly editorial coverage of the issues that concern the NAC radio and record communities.

With the first issue of R&R (1/6) in the New Year, you'll see our vastly expanded music chart information, which will include a Top 30 NAC Tracks Chart in addition to the Top 30 NAC Albums Chart. Since NAC is a song-driven format, we believe the new data will provide a more powerful and comprehensive programming tool.

There is no longer any question that NAC is a winner; it delivers extremely strong demos with outstand-

NOTABLE QUOTES

"The demos of NAC are right and, qualitatively, it can't be beaten."
CEO/Chairman Noble Broadcasting
John Lynch (R&R 10/14)

"NAC is both foreground and background, active and passive, conscious and subconscious. The ebb and flow, this modulation of tempo and familiarity, is crucial to the format."
Broadcast Architecture CEO Frank Cody (R&R 7/1)

"Listeners are sick of overcommercialization, value-added promotions, music repetition, and stupid DJ banter. They are looking for a quiet place to escape."
KSLX/Phoenix PD John Sebastian (R&R 7/8)

"NAC is deeply penetrating radio's emerging primetime — office hours — by creating an intoxicating atmosphere that results in very strong TSL."
SW Networks Exec. Producer Paul Goldstein (R&R 7/15)

"Research is a reality check. It can help your gut and ears, too, because you develop the ability to recognize listeners' hot buttons."
KTWV/Los Angeles APD/MD Ralph Stewart (R&R 8/19)

"The best consultants have always made it clear that the PD is directing the movie. It should never be about who made things better — only that it got done."
KIFM/San Diego VP/Programming
Bob O'Connor (R&R 9/23)

"NAC isn't as expensive to run because it's not as promotion-sensitive; people who love it really love it."
Pres./CEO Granum Communications
Herb McCord (R&R 9/30)

DINNER WITH DAVE — Sony Warner Networks hosted a dinner for format leaders. Celebrating the debut of Dave Koz's weekly, two-hour show on SW's Smooth FM format were (top row, l-r) Paxson Comm. VP Bill Pasha and OM John Frost, SW's Ron Rivlin and SW VP Gary Fisher, consultant Alan Mason; (middle row, l-r) consultant Tim Moore, ex-WNND/Raleigh PD Shirley Maldonado, SW VP Corinne Baldassano, KACD/L.A. PD Monica Logan-Thomas, WNWV/Cleveland PD Steve Hibbard, SW VP Matt O'Connell; (front row, l-r) SW President/CEO Susan Solomon, SW's Paul Goldstein, Koz, WQCD/NY PD Fleetwood Gruver, SW's Irene Minette and Joyce McDonald.

ing qualitative aspects. Paul Goldstein describes NAC as "mass appeal with class appeal." It is also the only format to enjoy increasing TSL.

NAC's forward momentum is strong and persuasive. But will it endure? It will:

- If operators, managers, and programmers adopt the attitude that this format can now take its rightful place among others who have attained maturity;
- If management maintains that relevance by staying in touch with their listeners' needs;
- If PDs program with a sense of boldness and adventure, using research and charts as tools rather than rules;
- If stations learn from the complacency and musical constipation that are the hallmark of other formats, and stay ahead of the curve;
- If stations embrace, rather than resist, change.

SHAWN ALEXANDER

More Stations; Higher Ratings

■ **Tighter playlists, outpacing Rock rivals also among the year's trends**

One of Alternative's biggest developments in 1994 — outside its astonishing growth — was the widespread acceptance of tighter playlists and higher rotations. The outcome for many stations utilizing this tactic was higher ratings.

Tighter Playlists

To help build familiarity and cume, CHR formatics became a prominent programming philosophy. **KTCL/Ft. Collins-Denver PD** John Hayes said, "The higher you rotate them as currents, the more familiar and comfortable they'll be when they become recurrent and, ultimately, gold" (R&R 1/28).

"We play 21 [current] songs and expose them with three to five plays a day," **XHRM (The Flash)/San Diego PD** Sherman Cohen noted. "I usually give a song about 300 plays before it becomes a recurrent. We play 37 songs five times or more per week. And we're playing the hits; I'm not looking for trendy fly-by-night songs" (R&R 6/24).

After signing on in February, **WRXQ/Memphis PD** Tony Williams admitted, "We use the same philosophy as Top 40, but we're doing it with Alternative music. We're playing the hits, rotating them often, and staying with the ones that are working" (R&R 5/27).

Success Abounds

The format's strength intensified in markets of all sizes. Some of the biggest ratings triumphs occurred in Los Angeles, Atlanta, Minneapolis, Denver, Washington, San Jose, Salt Lake City, Madison, Santa Barbara, and Champaign, IL. Stations in large and small markets experienced equal success. Here are a few highlights:

KDGE/Dallas cracked a three share for the first time in its six-year history. "The station research and my

own gut instinct told me our musical position was more narrow in its appeal than it needed to be in this particular marketplace," said PD **Joel Folger**. "The currents really aren't that much different, but we play them more often. Our quickest rotation has been narrowed down from five to four hours, and we're keeping our hit records longer" (R&R 2/11).

KJEE/Santa Barbara scored immediate results in its first book (Spring '94): 5.6 12+ and No. 1 18-34. PD/MD **Heather Luke** reasoned, "People in Santa Barbara were tired of the same old stations, and there was a tremendous hole for this music. Alternative is really big now — not just stations, but the whole industry is growing. We couldn't have come on at a better time" (R&R 9/16).

As the year comes to a close, **KXRK (X-96)/Salt Lake City** is riding a trend of five straight up books. VP/Operations & Programming **Mike Summers** noted, "We've had the luxury of most competition [avoiding] our product for a long time. Rock and CHR stations haven't dealt with much of anything that had to do with us" (R&R 11/11).

Alternative Defeats Rockers

Another milestone was the number of Alternative stations that leaped ahead of their Rock competition. **KITS (Live 105)/San Francisco** VP/Programming **Richard Sands** acknowledged, "We're taking more listeners away from Rock stations. For example, typical Rock listeners might think that Live 105 is the station for weird music. If you asked,

"Did you know we play Pearl Jam, Stone Temple Pilots, and Billy Idol?" they would say "no" because in their minds those are not artists we play. Now with Rock stations playing these artists, when listeners scan down the dial or see our TV commercial, they realize Live 105 isn't so weird" (R&R 8/19).

WKQX (Q101)/Chicago PD **Bill Gamble** remarked, "[Alternative] is the most popular music out right now, so there's a blurring from CHR and Rock in a lot of markets. If you look at most markets, the dominant Rock station in more markets than not is the Alternative station. I think Alternative snuck up on people.

"Everybody likes to use the line 'Rock Of The '90s.' Finally it's starting to make some sense — that's what Alternative radio is. Mainstream AORs sound pretty old playing **Deep Purple**, **Lynyrd Skynyrd**, and **CS&N** mixed in with a Pearl Jam cut once and a while. We're the Rock station. Rock isn't necessarily

screaming guitars over and over."

XTRA-FM (91X)/San Diego OM **Kevin Stapleford** pointed out, "AOR was once the viable, exciting format for breaking bands — [but] it doesn't have the monopoly on that in a lot of markets anymore. Alternative stations are really viable in terms of being able to surpass AOR on the basis of just playing better music. AOR helped develop bands like **Soundgarden** and **Pearl Jam**, but there aren't that many over the past five or six years. Without Alternative stations, these bands wouldn't be as big as they are today. **MTV** helped, too."

Talkin' 'Bout An Evolution

A few noteworthy Alternative evolutions unfolded in '94: **WMMS/Cleveland**, **WRZX/Indianapolis**, **WLUM/Milwaukee**.

All eyes remain focused on Alternative-leaning CHR **WHYT/Detroit**. About 50% of the station's playlist are songs on **R&R's** Alternative chart. Stay tuned!

Dawn Of A New Progressive Era

Format earns new respect; finds new faces, faces new challenges

In 1994, Progressive radio came of age. R&R initiated weekly charts and column coverage of the format for the first time, new converts showed up in a number of major markets, and the format appeared to finally forge its own identity.

So what was Progressive in 1994? KOTR/San Luis Obispo, CA owner Bruce Howard and PD Drew Ross's explanations seemed to define it best (R&R 9/9). "A real intuitive music station that's programmed by the DJs," said Ross. "We have over 10,000 pieces of music, but people still bring in their own collections. Each person brings something unique, so it isn't homogenized radio. It's almost like we're talking one-to-one to our listeners. We've all developed the sound of the station and refined it. It isn't based on charts."

Howard pointed out that the format must be done by those who have a passion for the music. "It's something that has to be in their blood or it won't work. The humanness of the DJs is a critical part of the station's sound."

Getting The Word Out

With all of the stations entering the format this year, one of the key issues facing Progressive was how to

market a format that, by nature, generally avoids hype. "Let's take a lesson from the politicians who get people out to the polls," said consultant Dennis Constantine (R&R 11/25). "Stations can use a lot of the

THE YEAR 94 IN REVIEW

same techniques to get people to vote for radio listening."

One avenue exploited by KSCA/Los Angeles Marketing Director Robert Lyles was to use the format's unique nature as a media hook (R&R 7/29). The first step was to issue a press release stating that the station, which flipped from AC on July 1, was L.A.'s first Progressive station. "It's important to get as much publicity as possible — it's the best form of advertising, since you don't have to pay for it. We're an exclusive format in this market, featuring a lot of music that hasn't been heard here before. All the major papers did a story the day we signed on, and some have done follow-ups. Everything has been positive.

"I called the TV stations, too. The Channel 5 morning news covered us the day we signed on. PD Mike Morrison and air personality Nicole Sandler went over and talked about the new format and brought over CDs and T-shirts for the staff. It was great exposure. Channel 5 and Channel 13 were at our studios when we signed on, and they did stories during their evening news."

Designing Promotions

The format's eclectic nature also provides a natural jumping-off point

for designing promotions as well. KSGR/Austin PD Jody Denberg outlined some of the station's music-based promotions (R&R 8/19). "We named June 'Music Month' and highlighted different songs from an artist every hour, emphasizing the depth of our library and showing we weren't just playing the hits. Two or three times a year we do 'Select-A-Set Weekends.' We put an ad in the newspaper that serves as an entry form; listeners choose five songs they think would sound good on the station. Then, for an entire weekend, every set is culled from the Select-A-Set entries. With close to 1000 entries coming in, it's a major promotion.

"We give away trips to the New Orleans Jazz and Heritage Festival and the Chicago Blues Festival, but one of our most successful promotions is called 'Give Austin To A Friend' ... a drawing for two round-trip tickets to Austin from anywhere in the United States. We're so into Austin and sharing it with people that it really makes a great prize. We also pay for accommodations and give them concert tickets. We invite 600 listeners to our annual anniversary party at the Austin City Limits studios. Last year we had the Subdudes, Jimmie Dale Gilmore, and Toni Price. The show is recorded, so a week later everyone gets to hear it on the radio."

Mirror Interests

Just as importantly, SBR Radio consultant Dave Rahn noted (R&R 10/28), promotions must also mirror the diverse interests of the format's audience. "Come up with an event that matches the lifestyle and marketing needs of the radio station — something the station would be very excited about owning and being a part of. Then make a list of all the appropriate sponsors you could go out and tap for this. Now you can go up to Coca-Cola and say, 'We have an event that appeals to 18-30-year-old males.

"You want to conceive events that appeal to your target market and your community. Things that would be cool to talk about on the air. And things to which you are willing to commit for more than one year. That's where radio really misses the boat a lot of the time. They do promotions — sometimes very good promotions — once. And then they never develop the property. The real opportunity is to develop the properties we create and turn them into something more than just a disposable, one-time, 'did it for the buy' kind of thing."

For The Record

KBCO/Denver should have been listed in the "Top Dogs 12+" with a 4.5, not WXRT/Chicago (R&R 11/25).

Hot AC/Adult CHR Come Of Age

■ But several ACs flip to '70s, and FSA disappears

In this pivotal year of development and transition for the format, this publication brought you news about a variety of formatic and personnel changes. But in '94, R&R also made industry news.

With the April 22 debut of the Hot AC/Adult CHR chart, our format contributed to R&R's expansion.

Among the 38 charter panelists were such major-market newcomers as WPLJ/New York, KYSR/Los Angeles, and KIOI/San Francisco.

Sleepless Over '70s

AC's ranks thinned out in '94, and '70s Oldies was clearly the big beneficiary. Several programmers observed that this new format craze created pitfalls for AC competitors. Among them was Jack Taddeo Communications President Jack Taddeo: "In many cases, there's not much an AC can do to counterprogram '70s Oldies. It's very frightening to see how some people are reacting."

"Some reactions are very subtle, but you can tell there's been discussion inside the station regarding how to

-Jack Taddeo

react. To add '70s music [haphazardly] to a Hot AC or Soft AC to try to protect against a '70s-driven Oldies station is a mistake" (R&R, 5/20).

KVIL/Dallas PD Bill Curtis concurred: "Ongoing sleepless nights shouldn't be spent on anything but your own station," he remarked (R&R, 11/4). "Some owners, GMs, and PDs spend too much time and energy focusing on new competitors and become obsessed with it. Their mentality is to always react; sometimes that's the worst thing you can do."

Lite AC WLTE/Minneapolis PD Gary Nolan added, "I can't play much of that '70s music, because it doesn't match what we're doing. These '70s stations will take [audience] from Classic Rock, AC, and traditional Oldies stations" (R&R, 11/4).

Full-Service Out Of Gas?

A stunning majority of AM Full-Service powerhouses in the Top 100 markets have gone all-Talk. AC once boasted giants like WBZ/Boston, WJR/Detroit, KMOX/St. Louis, KDKA/Pittsburgh, WCCO/Minneapolis, and a host of others. But music's been gone from some of these stations for several years now.

When Clear Channel's WRVA/Richmond yanked its "Overnight Truckin' Show" in April, it marked yet another Top 100 market Full-Service outlet's move to all-Talk. According to seven-year PD Tim Farley, "It would've been wrong for us to continue doing Full-Service. People didn't tune to us for music, and it became tougher and tougher to find the right two or three songs to play each hour. The only people we lost were those who wanted music — we could never have satisfied them anyway."

Tim Farley

Farley says the lack of music in middays and afternoon drive hasn't hampered his station. "Our air personalities are at their best when there's no music. Music on FS stations is a relief factor that gets you from one event to another. FS's big attraction is the warm and fuzzy relationship the station has with its audience. We're doing lots of open phones where people can have some angry discussions or talk about their favorite chicken soup recipes."

Focus On Marketing

Personality remains an important ingredient on WRVA, which celebrates its 70th birthday next year. "You can't do shotgun news here," explains Farley. "[WBZ/Boston] does its news in a snap-snap/story-story fashion. We're still laid-back and jovial, and we chat about things."

Farley warns Top 50 Market FS PDs, "Unless you have a unique situation, it will be very difficult to continue doing Full-Service. You must focus on marketing — it's hard to get people to remember what you're all about. We might have been able to get away with keeping the format on a bit longer, but it wouldn't have been easy."

Format Stays Steady In Turbulent Year

■ Talk held its own with loyal listeners, despite baseball strike, media criticism

It would be safe to say Talk radio encountered some rocky moments during 1994. However, the format continues to thrive despite challenges, including media criticism, the baseball strike, and even a few jabs from President Clinton.

The past year saw several prevailing trends in the format. For example, Talk was front and center in politics, with the general media suggesting the format's hosts have become heavyweight opinion-molders, who can make or break candidates.

Pushing Listeners' Buttons

The year's hot political topics and candidates received their share of attention from talkers. While some Talk PDs were hesitant to admit their hosts could make or break a candidate or issue, they did agree hosts wield some influence. As **WBAP/Dallas** OM **Tyler Cox** said, "Talk listeners and callers are pretty informed, intelligent people who have already made up their minds. We do try to reflect what people are think-

ing, and that may help some people who are sitting on the fence crystallize their opinions." (R&R 11/11)

This past summer when the President complained about Talk radio's inability to convey accurate information about issues, including his health care reform plan, he elicited little sympathy from programmers.

His obvious concern did prove what a heavy impact the format can deliver.

As usual, controversy and Talk radio went hand-in-hand in '94. And while that might make advertisers wary of the format, it can also be a bonanza for others. **WFLA/Tampa** OM **Gabe Hobbs** suggested that controversy is what makes the format work. "The passion, emotion, and intensity [advertisers] hear in our programming make for active listening that carries over to their spots." (R&R 3/25)

Most programmers stand behind their hosts when things get hot. Take the brouhaha over **WABC/NY** host **Bob Grant** and his portrayal in *New York* magazine as a venomous racist hater. How did PD **John Mainelli** feel about the spotlight on his station and host? "I'm loving it," he admitted. "I love to defend what we do because I believe in it. I don't know that all publicity is good publicity. But this will certainly make more people aware of what we do. And I think that's good." (R&R 11/4)

O.J. & Baseball: The Fall

The tragedy of the summer's double-murder of **Nicole Brown-Simpson** and **Ronald Goldman** presented near-endless fodder for the media. Via caller interaction and trial coverage, Talk radio was again front and center seeking a balance between satisfying the country's obsession with **O.J. Simpson** and covering other local and world issues.

Because of the actual sound quality, **WBAL/Baltimore** Station Manager **Jeff Beauchamp** decided 100% radio coverage of the pre-trial hearings was not the way to go. His solution: "We'll assign a staffer

So, What Are You Doing For Christmas?

Christmas presents a unique annual programming challenge for Talk radio stations. Here's a look at how some stations will handle the holiday that celebrates two concepts not usually associated with the Talk format — peace and goodwill.

• **WLS-AM & FM/Chicago** OM **Drew Hayes** says his stations will do some special Christmas programming while doing their best to uphold the spoken-word spirit of the format. On Christmas Eve the stations will air **ABC Radio's** "Mrs. Bush's Storytime" followed by the radio play "A Christmas Carol." Overnight will feature repeats of notable WLS shows from '94.

• **WXYZ/Detroit** will carry holiday music from the **Christmas Music Network** beginning at 3pm Christmas Eve through 9pm Christmas night. According to GM **Michael Packer**, it's no big deal for a Talk station to abandon the spoken word for a few hours.

• **WTMJ/Milwaukee** PD **Steve Wexler** says the station will broadcast football games on Christmas Eve and Christmas night. In between, it will carry the Christmas Music Network.

• **KMOX/St. Louis's** holiday highlights include a special holiday edition of the station's nightly sports talk show on Christmas Eve. Then after an overnight of Christmas music, it runs an early morning newsblock that includes numerous holiday features. From 9am-noon, KMOX airs its traditional live broadcast from sportscaster **Jack Buck's** home.

• **WMAL/Washington** attempts to provide a little something for everyone by offering a mix of special holiday programming and regular talk shows. The centerpiece of the station's lineup is "Christmas Eve at the Kennedy Center," a program of live local music hosted by WMAL personalities.

• **WGR/Buffalo** is offering its NHL-starved listeners a Christmas gift of hockey. Following its broadcast of Christmas Eve church services, the station will air a marathon replay of memorable Buffalo Sabres games.

to monitor the trial broadcast in the newsroom. This way, we can be talking about hot topics and go to the newsroom for an O.J. update. It's the best of both worlds." (R&R 8/26)

Hot issues such as the Simpson trial, local elections, and flamboyant talk hosts held the format in good stead — especially during the baseball strike. Affected stations turned to other sports to make up for lost revenues and made the best of a situation that went from a strikeout to a shutout. **GSM Steve Youlios** said **WGST/Atlanta** was able to convert a significant amount of its at-risk revenue: "We did a lot of special strike programming," he explained. "If I were an advertiser with \$250,000 to spend — and it was getting to March with no settlement to the strike — I don't know how comfortable I'd be

committing to something that may not start on time." (R&R 9/30)

White Male Dominance?

Inside Talk radio, rumblings were heard about the format's predominantly middle-class, white male profile. The lack of female Talk hosts has been attributed, in part, to audience bias and the confrontational nature of the job. **WWRC/Washington News & Programming Director Peter Laufer** feels Talk radio isn't putting out the effort to find qualified women. "It's absurd to suggest that among 50% of our population there is no one capable of going on the air, generating excitement, and bringing home the ratings we need. Programmers who say they can't find female talk hosts just aren't looking in the right places." (R&R 2/18)

SWEET 16 — **KABC-AM/Los Angeles** talk host **Michael Jackson** (l) helped **Rhino Entertainment** co-founders **Richard Foos** (r) and **Harold Bronson** celebrate **Rhino's** 16th anniversary with an interview on the morning show.

VOICEOVER SERVICES

HE IS NOT THE VOICE OF GOD

A lot of voice-over guys would be bothered by that...But who cares about a bunch of voice-over guys?

I read 'em like you want 'em. Warm-edgy, slow-fast, hard-soft, funny-serious, staged-conversational. REAL. My price is right. And I do your work 'til it's just what you want. I am market exclusive and only interested in a

handful of clients. Too many stations = slipshod service...and that won't cut it for either one of us. The Voice of God, I'm not. But if you want a Real Voice with Impact and all the service you can handle, call for a demo and let's get started.
