A STATUS REPORT ON THE START OF OUR NEW BEGINNING

In an issue dated May 23, 1986, we candidly acknowledged our "serious re-evaluation of BRE's impact and image in the industry" as we approached the end of our first decade. We sought and generously received the constructive criticism and comments of colleagues in the radio and record industry. And we went to work.

In the ensuing four months, we have been experiencing the excitement and frustration of our transition efforts. Going to press each week has been accompanied by the fruits of change—whether it be the addition of a new column or the installation of a new state-of-the-art in-house typesetting system.

As the process continues, some of these changes are more visible than others. We appreciate your positive response to the new typography, the return to a greater focus on our radio roots and expanded coverage of industry people and events.

But as this is being written, the re-design of our research system—an area identified by most of you as one of your greatest concerns—is drawing nearer to becoming a reality on our pages. We have been fortunate in securing the services of innovative programmers and consultants to work with our staff to create a regionalized reporting system

which will provide the most timely, accurate and accessible data about black retail and radio trends available anywhere.

No more promises. We have literally put all of the resources that this magazine could assemble—people, hardware and software—on the line to achieve our goal. To those of you who accepted us as a legitimate voice of black radio, perhaps, but a second-rate source of research, we challenge you to evaluate our new system fairly and objectively when it is fully implemented. That's all we ask; the facts will speak for themselves.

But we can share with you now our excitement about ongoing editorial directions. While the covers and contents of the industry press grow "blacker" with each issue it seems, we remain unchallenged as a source of indepth coverage of black radio's people, music and concerns.

Toward this end, our Research Editor, veteran broadcaster Graham Armstrong has considerably strengthened our ties to the national black radio community. We have brought to you cover stories and hard-hitting commentary from all sides of the industry—providing a forum for diverse industry voices such as Lynn Tolliver and Paris Eley. On a regular basis, we provide regional reports from correspondents in the midwest and southeast—and are currently looking for others to cover the entire country. College radio also joins our pages this week as a regular column designed as an information link for tomorrow's broadcasters.

BRE takes you behind the scenes where hits are made "In the Studio" with Toni Sallie and to concerts by those hitmakers. In this issue, we are starting a special report on the music publishing business (an all-important bottom line in the industry), with upcoming series scheduled on the pivotal role of A&R personnel, among others. We'll also confront head on the controversial issue of the underutilization of black radio consultants in the industry. Stay tuned for this one!

BLACK RADIO DAYTIMERS RESPOND TO U.S./MEXICO PACT

Los Angeles: Due to a new international AM treaty signed by the United States and Mexico, roughly 2,300 daytime-only AM stations may now operate full-time or at least two hours past local sunset. This move promises additional revenue for previously daytime-only stations.

In interviews conducted with radio personnel across the country, BRE staffer Graham Armstrong received a variety of responses to the new pact, ranging from enthusiasm to a cautious, wait-and-see attitude.

Mutter Evans, Owner/GM of WAAA/ Winston Salem, NC, said, "It's had a positive effect on us. We began broadcasting our new extended hours on Sept. 2nd. We've gotten good response from listeners who ask: 'When can you give us more?'" He noted that the extended hours lend his station a "definite psychological edge" in dealing with retail clients.

"We've experienced an increase in frequency of schedules (from advertisers)," he said. "Especially with concert promoters." Previously, he said, the station had experienced problems from clients who were leery of "buying a station" that signed off before they closed their own doors.

Lankford Stephens, PD/WDAO of Dayton, OH, expressed a more downbeat view. "When I learned of the pact, I immediately called our engineer, the president of my company and our Washington attorneys, only to learn that the treaty wouldn't affect us. That's because it's necessary that we protect the signal of WCAM-AM which we share frequency with. They are a clean

channel, a 50,000 watt that is protected by a type of grandfather clause which prevents us from increasing our broadcast day.

"We've approached WCAM-AM to work out some sort of compromise," he explained. "But that fell through as well."

Irene Ware, GM/WGOK of Mobile, AL, had a happier story to tell: "The pact is one of the greatest things that ever happened to us. We've had tremendous audience response. In a file of requests for our new night-time gospel show (8-midnight hosted by Mary Foxx), we've gone beyond 2,500 names already." She did caution that it is "too soon to predict" whether her station's extended hours will have an impact on advertising dollars.

E. Rodney Jones, PD/WTKL of Baton Rouge, LA, plans to definitely increase his station's broadcast day "to the maximum extended time" once he receives further FCC clarification. Jones expects the pact to help him build his "target audience of 25-50 year olds," in addition to increasing sales.

"We'll be able to offer a better variety of sales packages to clients," he said, adding that the new pact is "the best thing that could happen to daytimers."

WEA PHILLY WINS PRESIDENT'S CUP

Burbank, CA: The Warner/Elektra/Atlantic Corporation held its 15th Anniversary Sales Meeting at the Diplomat Hotel in Hollywood, Florida, on Sept. 3 - 7th. There were more than 650 attendees representing Warner Bros./Geffen; Elektra/Asylum/Nonesuch; Atlantic/Island, affiliated labels; WEA International; WEA Canada; Warner Home Video; Warner Audio Publishing; Warner Communications Inc., WEA branches and home office.

At the opening day's session, Ornetta Barber, Director of Black Music Marketing and Joe Talley, Regional Black Music Marketing Manager for The Warner/Elektra/Atlantic Corporation, presented the coveted annual award for excellence in the marketing of black music, The President's Cup, to last year's winner, the Philadelphia Branch. Rick Cohen, WEA Philadelphia Regional Branch Manager, accepted the cup on behalf of the branch.

COMMITTEE EXAMINES LACK OF AD DOLLARS TO BLACK STATIONS

Washington: The National Association of Black Owned Broadcasters, the American Association of Advertising

Agencies and the Association of National Advertisers met with Chairman Mark Fowler of the Federal Communications Commission to discuss the lack of national advertising on Black owned-and-formatted stations. At the suggestion of Fowler, an ongoing committee with representatives from NABOB, AAAA and ANA has been established to discuss the problem and ways of solving it.

The meeting was a follow-up to a hearing held by the FCC on February 12th to investigate the concerns of minority broadcasters with respect to advertising and financial issues. According to James Winston, executive director of NABOB, those problems can be traced to "the lack of blacks and other minorities in significant decision-making positions within the advertising industry (and) a lack of understanding of the black consumer market."

On October 2nd Congresswoman Cardiss Collins (D-IL) will hold a hearing of the House Subcommittee on Telecommunications, Consumer Protection and Finance at which witnesses will testify on discrimination in advertising. Representatives from NABOB, AAA and ANA are expected to testify.

More information on the hearing can be obtained by contacting James Winston (202) 463-8970.

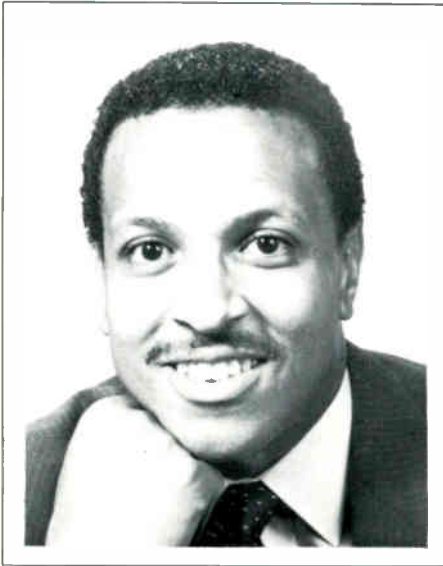

GRIFFEY PROMOTES VAN BRUNT

Los Angeles: Peter Van Brunt has been promoted to the position of vice president of business affairs of Dick Griffey Productions/Solar, Constellation Records. He will also maintain his responsibility as assistant general counsel.

"Van Brunt's extensive knowledge, experience and understanding of the recording industry has been a valued contribution to the growth of the company, domestically and internationally, since 1982," said Griffey.

SOUTHEAST REPORT

By Marc Little

WHERE IS MAD HATTER?

As you read in BRE a few weeks ago, Charles "The Mad Hatter" Merritt reportedly called in from The Family Affair and resigned as PD/morning personality of WGOK in Mobile, Alabama. That part is true, according to station manager Irene Ware. But, wait a minute. . . it's not as bad as it sounds. "The Hat" wants to move to a bigger market and Mrs. Ware understands.

"I didn't find out until he was in Atlanta (for The Family Affair) that he wanted to make a move. But I am not angry and I wish him the best of luck. In fact, if things don't work out wherever he goes, he can always come back here,"

MIDWEST REPORT

In town this week was **LISA LISA** and Columbia boss **RUBEN RODRIGUEZ** for a surprise presentation to **LEE MICHAELS**, PD/WGCI and also for a concert at the La Mirage Disco. The presentation was made after a scrumptuous dinner at Nick's Fishmarket where **FRANK CHAPLIN**, **JIM SCULLY** and **MIKE WAGGONER** of the CBS family joined in the celebration. **BARBARA PRIETO**, MD/WGCI was another prominent name on the party list.

Lisa is very excited that her debut LP has sold gold and she thanks all of black radio for the faith they had in her record. "I didn't believe we would ever get a contract with a company, let alone have a gold record the first time out," she said. For Columbia it was especially gratifying as it took a year of on and off airplay to finally deliver the gold. Lisa is currently in the studio recording her next gold LP!

Chicago concluded hosting the world's largest free jazz fest with a

said Ware.

The plot thickens. Where is he going? I don't know, but he did say there were no hard feelings because he considers WGOK "his family." "I had eight of the best years of my life at WGOK. It was the best station I ever worked for and I thank sister Ware for the opportunity she gave me. Mobile is a fine place for radio, but I want to spread my wings," confessed Merritt. "Owner Dickie Roberds wishes me the best."

During his tenure, WWGOK went from a 1.3 to an 11.6 as a daytime-only (now 24 hours with AM stereo) facility with only 1,000 watts. From this reporter, good luck "Mad Hatter!" Now, for the answer to my original question "Where is The Mad Hatter?" Ladies and gentlemen. . . I just don't know!

AREA ACTION AT MCA

Hit-making MCA Records is still making positive moves with the announcement of a new staff member. Please join me in congratulating the addition of Promotions Representative **Novice Johnson** to **Jheryl Busby's** staff of super promo people. The Pompano Beach native will be working alongside Southeast Region Promotion Manager **Martha Thomas**, coordinating radio reports, setting up artist interviews, marketing radio promotions and parties. While I'm on the Martha Thomas subject, call her that name no longer because "Martha Thomas" no longer exists. No, she hasn't departed the earth; she just departed single womanhood. Martha is now **Mrs. Martha Frye**, wife

Sunday performance starring **GEORGE BENSON**, who performed before an estimated 200,000 persons. Opening day found the temperatures in the 40's, but that did little to prevent thousands of jazz lovers from braving the cold. **JOE WILLIAMS** warmed the crowd as he sang many old **COUNT BASIE** favorites, all while strikingly attired in a white trench coat.

LUTHER ("The Voice of America") **VANDROSS** appeared in concert at Merriville's Holiday Star. Originally scheduled for three appearances, his popularity demanded that he add three more shows to accommodate the thousands of fans eager to see him. Luther's new LP is due at the end of this month and it's said to contain several surprises, including the cover. Some of his background singers also have LP's set for release at the first of '87. That includes **AVA CHERRY** (ex-back up singer for **DAVID BOWIE**), **KEVIN WILLIAMS** (who also sings with **RAY**,

of A&M promotions rep **Keith Frye**. Pardon my belated congratulations!!

Got some correspondence from **Doc Foster** of **WQMG/Greensboro, NC**, which also serves Winston-Salem and High Point. Their newsletter is called "WQMG Powerline" (the station is billed as "Power 97") and it looks good. The station has embarked on a public service campaign with the Greensboro Drug Action Council, giving listeners information about how to get help if they're addicted to drugs and the dangers of all drugs, including the "crack" cocaine.

On the entertainment side, **WQMG** is in the middle of its **Plazazz** concerts, featuring local high-profile groups. Keep sending your newsletter, Doc, it is good reading.

Finally, heard from **WEKS/Atlanta PD Mitch Faulkner**, who sent me two **KISS/104** cards so I can qualify for prizes whenever I'm in the Georgia capital city. Now, if I could only get **KISS/104** on my radio in Jacksonville. . . .

I'd like to take this opportunity to thank all of the radio stations that have responded so well to this column. That includes the record promotion people, too. Your phone calls and letters have been very helpful. For those of you who haven't responded, please do me a favor. Don't complain when news about your station isn't included in BRE. . . Write me:

Marc Little, Urban Media Consultants, 1628 San Marco Blvd., Suite 9C, Jacksonville, FL 32207, (904) 399-8353.

GOODMAN & BROWN), **LISA FISHER** (who sings solo on the new **BOB JAMES** LP) and, of course, **ALFA ANDERSON** (lead singer for **CHANGE**). Wow, what a background!

SHORT TAKES: Congrats to **EDWARD M. DAVIS** who has been promoted to House Manager of the Holiday Star Theatre. He becomes one of the few blacks in the country to hold such a position at a theatre of this size. Congrats also to **CLIFFORD RUSSELL** of CBS Records on the birth of his first born. **LEVERT** was in town to promote their latest LP and was treated to a bash by **WBMX** at the Taste Disco. **MCA's CHUCK ARRINGTON** hosted a lavish champagne sip for **PATTI LABELLE** after her performance in Poplar Creek. Notables attending that affair were **OPRAH WINFREY**, **MAYOR WASHINGTON** and a number of sports personalities.

Millie Jackson

sass+class

By Michael Martinez

There was a time when a record company shipped a Millie Jackson record to radio stations, it had to sticker it with a warning that it should be auditioned before airing. Jackson's funky soul is legendary in the recording industry as her more than 20 albums to date will chronicle. And her live shows are not for the weak at heart.

To say that more than two decades in this business has mellowed this womanly singer—the one who's given us LPs like *Hard Times*, *Live and Uncensored, For Men Only* and *Live And Outrageous (Rated XXX)*—would not be quite accurate.

The gregarious Jackson still offers up musical messages like "Hot! Wild! Unrestricted! Crazy Love," her debut single for Jive Records, distributed by RCA.

"I guess the record company has to put a sticker on this record telling the DJs that they DONT have to audition this music before playing it," Jackson laughed during a recent BRE interview.

Jackson said that the single and the eight-song album, titled *An Imitation of Love*, her first new record in four years, do represent an expansion of her musical expression. She added that the iconoclastic, attention-grabbing musical antics and showmanship that distinguished her work on Spring Records have become more refined, rather than mellowed.

Perhaps it took five producers—including Timmy Allen, Jolyon Skinner, Larry Smith, Jonathan Butler and Wayne Brathwaite—to contain Jackson's unabashed *modus operandi*.

Some of the teeth may have been removed from the lyrical content, some of the extended rap messages may have been curtailed, but Jackson's earthy voice and interpretive attitude have hardly been subdued.

Jackson said, "This is the first record of mine that I haven't produced since 1973. I tried to be cooperative.

"It was rough and different and there were a few (expletives) flyin' around the studio, but everybody was professional enough to have an opinion.

"If I didn't like what they were asking me to do, if I didn't think they were getting the best of me, I would definitely let them know it," she continued.

Recording on *An Imitation of Love* started in May and took place in the States and in London, where Jive Records is headquartered. Jackson co-wrote many of the tracks with the various producers, including the title track and the single, the former having been produced by Jolyon Skinner, with help from fellow Jive artist Jonathan Butler.

Timmy Allen produced the scintillating midtempo groove of the first single, "...Crazy Love," and also worked the console on the devastating cover of Prince's classic smash, "I Wanna Be Your Lover."

Both those tracks, along with the

uniquely arranged "It's A Thang" (which Jackson also co-wrote) are pungent examples of Ms. Millie's deft skill at making a lyric sensual, humorous and always visceral.

Although the title track is a creamy ballad, she best shows her chops in this genre on the sensitive, "I Fell In Love." Songs like "Mind Over Matter" and "Love's A Dangerous Game," which features Ms. Millie in her unique rap identity, are chronicles and commentary on the male-female condition.

In fact, since Jackson began her career in 1964, when someone dared her to get up and sing in a Harlem nightclub, she has collided with social and sexual convention, exposing inherent hypocrisy and collecting an industry accolade

IRENE JOHNSON WARE TO RECEIVE HONOR

The president and staff of Roberds Broadcasting (WGOK Radio), along with a special committee of friends announced their plans for a silver anniversary celebration in honor of industry pioneer, Irene Johnson Ware. Ware, the general manager of WGOK-AM in Mobile, AL, has also hosted "The Brighter Day" program (Mon-Fri, 10AM-2PM) for the past 25 years.

The silver anniversary dinner and tribute will be held Friday, November 14th at the Mobile Hilton, 3101 Airport Blvd. at 7:30PM. Tickets are \$100 and reserved tables for ten are \$1,000. A souvenir journal commemorating Ware's achievements is also being compiled. Further information can be obtained from Dorothy or Felicia at WGOK (205) 432-8662 or (205) 456-9175.

Sounds like it's going to be a grand event for a grand lady. Be there or be square!

POPE AND BLACK UPPED AT KTWD/LITTLE ROCK

Industry veteran Shelley Pope was

promoted to general manager of Dunn Broadcasting's KTWD/Little Rock on September 8th. Pope, who has been in broadcasting for 25 years, vacated the pd/md post, which will now be handled by J.D. Black. The KTWD FM.106 lineup is as follows: 6-10AM J.D. Black (pd/md); 10-2PM Danny Dunn (v.p. of operations); 2-7PM Lee "Baby G" Green; 7-midnight Shelley Pope (gm); Midnight-6AM Dr. Lacey Jones.

KBLX WINNERS JAZZ IT UP IN SWITZERLAND

KBLX ("The Quiet Storm") sent eight very lucky people to Switzerland's fabulous Montreaux Jazz Festival recently. The station received over 36,000 responses from listeners, proving that it was a hugely successful promotion -- and the winners confirmed that it was the musical experience of a lifetime. George Benson, Miles Davis, Al Jarreau, David Sanborn, Chaka Khan and Sade are just a few of the stellar artists who performed at the glamorous venue.

Oh-so-lucky KBLX winner Anna Marie Galeazzi (c) is shown backstage at the Montreaux jazz Festival with Herbie Hancock (l) and George Duke (r).

POWER .99FM HONORED BY PHILLY MAYOR

Power .99FM has won the distinguished Mayor's Award for Excellence

for its effective use of the "Philadelphia..Get To Know Us" theme -- beating out its competition among other Philadelphia radio stations. It received a citation from Mayor Wilson Goode recognizing the station's on-going involvement and outstanding efforts in highlighting the image of the city.

Power .99FM made a significant contribution toward that end by producing/programming a continuing series of messages that promote racial harmony and it has been credited with enhancing Philly's reputation as the "City of Brotherly Love." In expressing his thanks, Mayor Goode gifted the station with a mini Liberty Bell, Philly's equivalent to the key to the city.

Congratulations to the staff and management of WUSL-Power.99FM for its successful Power Community Project '86 Campaign.

NON-COMMERCIAL RADIO: POISED FOR SUCCESS

By David C. Linton

There was a time when you turned to the far left of your FM dial and all you could hear was classical or jazz music, talk shows and classroom lessons. And once upon a time, you could only listen to those stations within a two block radius.

Today, when you turn to the left of your FM dial, you can hear a variety of formats ranging from blues to new wave to gospel to R&B. These stations' power range from 100 to 100,000 watts ERP. Yes, non-commercial radio has come of age.

There was a time when college radio meant a low-watt station operated by students void of true professional

guidance (my apologies to academia), void of music rotations, slick promotions and most of all, void of a measureable audience.

In recent years, the term "non-commercial" only means no commercials sold and "college radio" means only that the station is licensed/owned by a college or university. Yes, some are still student operated, but a rapidly growing number are professionally operated and student/volunteer assisted because they still train students for careers in broadcasting. Many of these stations are now being managed and programmed by professionals from commercial radio and its allied fields.

These stations are powerful, too, like WSSB-FM 80,000 watts, WSHA-FM 25,500 and V-91FM-WRVS, 10,000 watts.

In the area of listenership based on ratings provided by Arbitron through the Radio Research Consortium, non-commercial radio is getting an increasingly larger share of the audience. Yes, non-commercial stations are interested in shares, cumes and the rest because for them, too, the bottom line is important. Although they don't sell conventional time, they are allowed to raise funds with a variety of promotional concepts and many have operating

BLACK MUSIC '86

THE

HOWARD GEIGER
NATIONAL DIRECTOR OF BLACK
MUSIC PROMOTION
CAPITOL RECORDS

It's been a great year for Capitol's R&B division! We're very proud that we had the kind of product that brought us the success we've enjoyed. We kicked off the fall lineup with our second LP from the legendary **Tina Turner**, whose first single, "Typical Male," has been well received. The follow-up single from her *Break Every Rule* LP will be "Two People."

Another veteran act, **Frankie Beverly and Maze** is doing well for us with their *Live in L.A.* LP and we'll be releasing another single, "When You Love Someone," shortly. Moving right along with our heavy-hitters, **Freddie Jackson** - one of the industry's hottest success stories -- is heating up the airwaves this fall with "Tasty Love," the first single from his second LP *Just Like the First Time*, which will ship on October 10. And his mentor, **Melba Moore**, is doing great things for us too with her duet with Freddie, "Just a Little Bit More" from her recently shipped LP, *A Lot of Love*. And one of our newer female acts, **Melissa Morgan** is demonstrating why she's one of the hottest singers out today with the upcoming release of the fourth single from her album.

Our superstar lineup continues with **Ashford & Simpson**, the unstoppable duo who now have a top five single, "Count Your Blessings" from their *Real Love* LP, with more to come. We're also pleased about the return of **O'Bryan** who'll have an October single and November album out. There'll also be more product out from **Skyy**. **Beau Williams**, our "Star Search" kid whose

album and second single, "There's Something About You," has given him the public acceptance we knew he deserved. A change of pace for us is our rap group, **The Boogie Boys**, but we're "high" on their "Dealing With Life," single which delivers a strong anti-drugs message.

And last, but not least, we've got an exciting artist from the UK, **Jaki Graham**. There's already a lot of buzz about her single "Set Me Free," which will be released October 1.

We're happy and blessed to be able to break the hits this fall, concluding a year of outstanding success.

LARKIN ARNOLD
SR. VP/A&R
CBS RECORDS GROUP

We are very excited about our fall releases on the Epic label. At the end of September, the much-awaited **Luther Vandross** will be shipped and it's a monster. Also scheduled for fall release is **Exotic Storm**, a self-contained, self-produced group out of Minneapolis. Our expectations are very high for this group. And **Stanley Clarke** is dropping a bomb on us that is very hot!

While we don't usually release any product after October, we are making an exception for **Michael Jackson**. We expect his album (another historic collaboration with **Quincy Jones**) in late November or December.

BILL STEPHNEY
NATIONAL DIRECTOR OF PROMO-
TION AND MARKETING
DEF JAM RECORDS

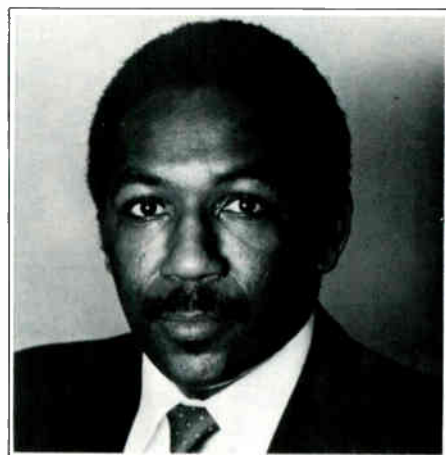

As we schedule our fall releases, Def Jam will try to remain on the cutting edge -- continuing to put out "Def Music"!

We have the **Beastie Boys** coming out with "It's The New Style," backed with "Paul Revere." Both cuts are from their upcoming LP, *License To Ill*.

Our lineup also includes new single releases from the **Original Concept** called "Bite'n My Stylee," "Chasin' A Dream" from **Tashan** and "Public Enemy #1" from **Public Enemy**. Look for new product, too, from **Davy DMX**, **Jimmy Bleu**, **Chuck Stanley** -- as well as a new single from "**Juice**" **Jones** called "Curiosity," a follow-up to his smash, "The Rain." In a word, it's all "def"!

ERNIE SINGLETON
VP/R&B PROMOTION
MCA RECORDS

Our heaviest release schedule of the year is upon us. **Sugar Babes**, three high school kids from Los Angeles, have given us some very exciting music. And excitement characterizes the rest of our fall lineup. **One Way's** scheduled album is *One Way Nine*; their single, "Don't Think About It." From **Ready For the World** in November comes "Do You

FALL RELEASES PART TWO

Get Enough." Then there's **Jodi Watley**, looking and sounding good on her post-Shalamar debut solo album. Also on his own now and debuting with us as a single act is **Bobby Brown**, formerly New Edition, as well as ex-Klique member **Howard Huntsberry**. We're pleased to welcome **Gladys Knight and the Pips** to the label on a single from the *Miami Vice III* LP. Her album may not come out until '87. The upcoming **Bobby Womack** LP done mostly in Memphis is packed with at least four singles.

Our powerhouse continues with **George Howard**, who'll make his label LP debut, *A Nice Place To Be*. And get ready for **Body**, three ladies that I guarantee will be well known to radio this time next year. We also have new product coming this fall from **Rudy Hill** out of Philadelphia, one of the best writers I've heard in a long time; **Janice McClain**, **Giorgio**, **Tyrone Brunson** and **Norwood B.** And around Christmas, our gift to radio will be a new release from **The Jets**. At MCA, the hits never stop!

MAURICE WATKINS
NATIONAL DIRECTOR OF BLACK PROMOTION
MOTOWN RECORDS

We are very happy about the product that we have in release now and what is expected that this product will do the rest of the year. We feel that we have a lineup of number one records in **Stacy Lattisaw's** "Nail It To The Wall" and **General Kane's** "Crack Killed Applejack."

Let me take this opportunity to say how much we appreciate radio's enthu-

siastic acceptance of General Kane by utilizing the record to take the message about the national "crack" epidemic directly to their communities. We are particularly gratified because we have not previously endorsed rap music, but the sincerity of the artists and the tremendous power of the message persuaded us to put the full resources of Motown behind this effort.

Continuing with our lineup of potential number-one records, the super-talented DeBarge family is well represented with **Chico DeBarge's** "Talk To Me"; a forthcoming single on **El DeBarge**, "Someone"; and a single and LP on **Bunny DeBarge**. Of course, our label veterans are hot right now, too. The **Temptations'** "Lady Soul" is already a top ten hit and look for **Lionel Richie's** "Love Will Conquer All" to break through very soon. **Rick James'** "Forever and a Day" is another chart contender and we're also excited about our new group, **Red Zone**, whose debut product will be released later this fall. So stay tuned to the Motown sound through 1986!

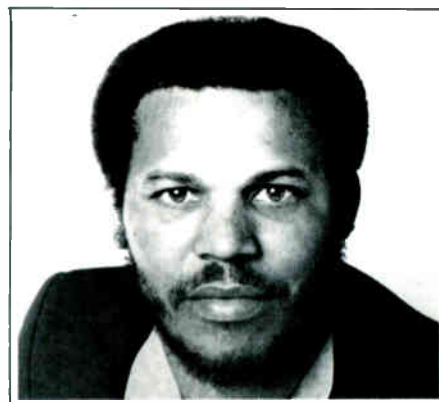

LEROY LITTLE
VP/BLACK PROMOTION
POLYGRAM RECORDS

PolyGram is extremely hot going into the fall of the year—now can you get any hotter than **Kool & the Gang?** This month, we're releasing their smash new single, "Victory," for the album *Forever*, which will be shipped in late October. And **Kurtis Blow** will remove all doubt that he's the "King of Rap" with a new LP and single, "I'm Chillin'." Look out for the **Commodores**, who'll debut on our label with an LP and single, "Going to the Bank." So if there's any doubt where the smoke is coming from this

fall, it's 810 - 7th Avenue. And where there's smoke, there's surely fire!

BASIL MARSHALL
VP/BLACK PROMOTION
RCA RECORDS

The fourth quarter is shaping up to be a very exciting time of the year for us at RCA. The **Pointer Sisters** soon-to-be-released album is called *Hot Together* and producer **Richard Perry** and the ladies have done it again in their hit-making tradition. Ms. **Millie Jackson** has already hit the street with her single, "Hot! Wild! Unrestricted! Crazy Love" from the album *An Imitation of Love*. Believe me it's hot! And the **Five Star** album already on the street has at least three more singles forthcoming.

We've also got 12" releases on **E.T.** ("Magic in the Air"), **Precious Wilson**, **Jonathan Butler**, **J.M. Silk** and look out for **Ruby Turner's** "Women Hold Up Half The Sky." With the success of our product on the streets and the new fall releases, we're gearing up for an even hotter first quarter next year.

"BARNES OPENS HOT-KISS RECORDS IN L.A."

Sidney Barnes, a 25-year veteran of the music business, recently opened Hot-Kiss Records, Inc., a Los Angeles-based label that will soon be releasing an album and single by Barnes.

Barnes has worked both sides of the fence. He was first discovered as a performer and producer while serving in the A&R department at Motown Records. Barnes claims to have brought George Clinton to Motown, where the funkmeister signed his first recording contract.

It was the beginning of a long relationship between Clinton and Barnes, who co-produced many of the artist's earliest projects.

The Chicago native later started the critically acclaimed rock/pop outfit known as the Rotary Connection, which featured the vocals of the late Minnie Riperton. He has also been associated with other Chicago-based artists such as Chaka Khan and Earth, Wind &

Fire and has toured with Lou Rawls and Deniece Williams.

Barnes told BRE that he has tapped Herb Abramson, co-founder of Atlantic Records, to serve as senior executive vice president for Hot-Kiss. He also said that Bob Monaco will serve as production consultant to the label, which plans to sign new artists in the coming months.

Barnes is currently in discussions with major labels for a distribution deal.

SHORT CUTS: Felton Pilate, who officially left PolyGram recording act Con Funk Shun during the summer, has recently finished production work on an album by San Francisco-based singer Bruce Grant and another for The Snap, whose product will be released on Blue Heron. Pilate is also preparing his own solo LP...Former USC football player and beverage marketing consultant Bernard Tarver has just released the single, "Ooh La La" under the pseudonym Mr. 45 for Xpress Records. Tarver co-wrote the tune with Wayne Henderson and Larry Wolf and was produced by Henderson. Promotion and marketing for the product is being handled by Demetra Mavis and her Front Page News Entertainment...Criminal Records president Arthur Baker recently announced the appointment of Linda Fine to general manager for the label...Alligator Records' new Rockback reissues series features Delbert McClinton's "Honky Tonkin' (I Done Me Some Good)" and Dr. John's "Gumbo."

THERE NEVER SEEMS TO BE ENOUGH FOR MELBA MOORE TO DO

When you look at Melba Moore's eyes you can sense a vast reservoir of energy ready to emote in creative splendor. Her diminutive but well-packaged stature belies this energy, which prodded her to become a respected and acclaimed stage, film, television and, more vividly, a recording artist.

Her current Capitol Records single "Love The One I'm With," a duet with producer Kashif, is now a chart staple and the LP, from which this song is culled, *A Lot of Love*, is aptly titled for this passionate performer.

Her reaction to all the opportunities coming her way; "I prayed that I could do all these things; I still pray, and even dream that I'm praying these things are happening."

Moore is not new to recording success. Her 1984 release for the label, "Read My Lips," earned her a Grammy nomination last year, the culmination of her decade of involvement in the record business.

A Lot of Love reflects her diversity in this medium, with the current single pushing people to the dance floor; her solid rhythmic tune "You Trip Me Out" (also produced by Kashif) is highly-lauded by the label, and so is the sexy duet she performs with Hush Productions management and labelmate Freddie Jackson on "A Little Bit More."

Other producers on this current LP for Moore include Gene McFadden, Paul Laurence, Howard King and Chad, Vaneese Thomas, Ernie Boccia, Wayne Warnecke and Ranhl Harris.

Moore's vocal abilities aren't confined to vinyl or cassette; she is slated for a major tour in coming weeks, on which she will be joined by Jackson.

She'll also appear with Jackson on

a one-hour variety special titled "Melba & Friends," which will also feature Joe Cocker.

Always one to add her special presence to a project, Moore said of the TV special (set for cablecast), "The show reveals more personality than most variety shows; it's a chance to see artists as individuals."

The beat continues for Moore. She

budgets ranging anywhere from \$100,000 to \$1 million dollars.

They boast of IBM, Xerox, Merrill Lynch and the "mom and pop" stores that can't afford 30 seconds on the local commercial outlet as their sponsors or underwriters. Recent FCC deregulations have even given non-commercial radio the green light to actually sell time to certain concerns.

The aforementioned developments—coupled with responsive programming like local news, coverage of community activities and an aggressive playlist—these stations are quickly re-establishing the standard of what radio used to be before the "more music, less talk" syndrome and the introduction of full-time satellite radio.

Finally, the college radio stations still have students active in their operations who buy the music. They are the best indicator of what's "fresh" musically, and therefore, are a valuable asset to the program or music director. I ask then, "Why are college stations having difficulty with something so basic as record service—not to mention promotions?"

The answer I believe lies with the industry's lack of acknowledgement of what these stations are doing and the stations' lack of aggressiveness in marketing themselves to the industry. Through this column we intend to bridge the gap between commercial radio, the record industry and college radio, which is the starting point for the future of our industry.

or two along the way.

In 1972, she was named Most Promising Female Vocalist by the now-defunct National Assn. of Television and Radio Artists (NATRA) and a year later, with the release of her single, "It Hurts So Good," from the film soundtrack to "Cleopatra Jones," Jackson earned Best Female R&B Vocalist honors from Cash Box magazine.

She earned gold albums for *Caught Up*, *Get It Out Cha System* and all co-produced with Spring Records' Brad Shapiro.

Her presence on vinyl helped propel her into a consistent, active tour schedule which still keeps her on the road more than seven months out of the year.

She also developed her own multifaceted business complex, Keishval Enterprises, which houses her management firm, publishing arm (Double AK-Shun Music) and her production company.

Jackson remained active on the tour circuit and in 1985, while sojourning the British Isles, she recorded the record

"Act Of War, Part One" with Elton John. The record made a strong showing on the national charts and the video of the tune was aired widely in the U.K. and U.S.

It was about that time Jackson more vigorously considered signing with a record company.

"I had been contacted by some labels," she recalled, "but I didn't want to sign with a big company; nobody knows you at big companies," she continued, adding "I wanted to be with a small company because if I have a beef then I want to be able to take it up with the company president without having my contract torn up on the spot."

She said that, "Jive is a small label, and I thought it would be good to come to the U.S. market as an import.

"I like Britain because they have A chart, not a black chart, pop chart, a dance chart, a reggae chart, a country chart. I like being on *THE* chart."

It's clear that "The Queen of Sass and Class" is poised to have a "Hot! Wild! Unrestricted! Crazy Love" affair with the listening public.
