## ACTORS' EQUITY AND THE T. M. A. MAY COME TO AN AGREEMENT

Trouble Between Organizations Likely To Be Averted

Prospect for Settlement of Difficulties Looks Bright

Equity Stands Firm for P. M. A. Form of Contract

New York, Aug. 7.—Prospects for a settlement of the difficulties which have bred the path of negotiation between the Equity and the Theatre Managers Association over the acceptance by the latter of the same form of contract that the Equity has with the Producing Managers looked better than they did last week.

Frank Gillmore, a Billboard representative today that he looked for a settlement and hoped he would have some good news to tell the Equity meeting that was called on Tuesday, August 15, at Astoria Hall. The call for this meeting was sent out this week by mail, and read as follows:

"The emergency of the situation which has arisen out of the strike here takes with the Theatre Managers Association and the Equity a preliminary meeting of the Equity to hold a series of mass meetings. The first will take place Thursday, August 15, at 8 o'clock, at 11 West 138th Street, New York City.

"FRANK GILLMORE.  
The manager of the situation at the last meeting of the Equity, was definitely shown in my conversations with the T. M. A. It is thought by those in a good position to judge that they are far behind on the P. M. A. standard form of contract.

It was learned from a good source by the Billboard that there is a preliminary settlement on the part of the T. M. A. regarding the Equity. A prominent member of the T. M. A. said this week that the T. M. A. wants to give the Equity a vote of thanks for the satisfactory work it has shown during the controversy and the contract with which it has handled the negotiations.

The Equity has so far not received any reply from the T. M. A. is announced in this issue.

## UNITED MANAGERS' PROTECTIVE ASS'N WANTS R. R. CONCESSIONS

### Will Seek To Have Party Rate Granted for Coming Season—Advance in Pullman Fares and Excess Baggage Charges a Severe Blow to Traveling Attractions

New York, Aug. 26.—The United Managers' Association is going to try to get some concessions in railroad Pullman rates for the coming year, but according to one of them, there is little hope that they will succeed. The advance of 20 per cent in Pullman fares and an increase in excess baggage charges of 50 per cent were a blow that badly hit the traveling attractions men who are to meet, it is felt.

The new rates become effective August 1st, and will mean an increase of \$1.00 on the average for every class for the season," said John J. Daniels, of the New York office of the association. "It is not impossible to try to get a concession on these fares, but the fact remains that we have a big bill on the season's horizon. We have advance rates on the Pullman fare, but at the same time we have had to cut our rates on the Pullman fare, and this has meant a loss of business to the Pullman fare."

THE "TRICK" STAGE

Foor Judgment Shown in Exposing It in "The Poor Little Ritz Girl"—Method of Remarkably Quick Change of Sets Should Be Kept Secret

The production of "The Poor Little Ritz Girl" now playing at the Casino Theatre, New York, in William A. Wittich's "trick" stage is not necessarily that strange from one act to another...

In the production, there was a permanent set and shifting sets were used for a great part of the show. These were changed so fast that they were completely invisible to the audience...

It is worth, it is felt by the artist and nearly all the audience here, one more stage scene...

The rest of the pieces for the evening of "The Poor Little Ritz Girl" will be put on tonight when the actor Ritzheim appears in a 10-minute piece...

It is anticipated that the actor Ritzheim will have a very good success in the new production...

Editor's Note—This article should be reprinted and abandoned by every circus manager in America and thousands of other people who are in the line who make some performance as given, or whose only business is to make a profit out of the profitable line of high class, such a spectacle would not be held in a school house and it should be abandoned. ### INTERCHURCH AND GARY

The love and character of the spirit as evidenced in the steadfast loyalty to the Constitution of America obtained on the second of September, 1917, is now being rekindled and revived in the hearts of the people of the United States. This revival is being accomplished through the Interchurch and Gary Movement, which is a new and noble movement in the history of our country. It is a movement that is based on the principles of democracy and the rights of the individual. It is a movement that is based on the principles of justice and the rule of law. It is a movement that is based on the principles of peace and the brotherhood of man.

The spirit of this movement is embodied in the words of the poet, John Dryden, who said: "The spirit of the law is the spirit of the people." This spirit is the spirit of democracy, and it is the spirit that has made our country what it is today. It is the spirit that has made us a land of freedom and opportunity for all.

The Interchurch and Gary Movement is a movement that is based on the principles of democracy and the rights of the individual. It is a movement that is based on the principles of justice and the rule of law. It is a movement that is based on the principles of peace and the brotherhood of man. It is a movement that is based on the principles of love and the character of the spirit.

"What we need most of all to make the State Fair of Minnesota a big success and to put it in the same class as your Regina Fair is a midway of the standard of the Johnny J. Jones Exposition." This statement was made to The Post by Larry C. Hodgson, Mayor of St. Paul, who was the guest of Americans here on Tuesday. Mayor Hodgson said that in all his travels he had never seen a midway that could compare both in size and quality with the Johnny J. Jones Show. He went around the entire midway during his visit here, saw all the side-shows, bought ice cold drinks from the vendors and went away more satisfied than he had ever expected or hoped to be.

The above article appeared "boxed" on the front page of the Regina Daily Post, July 30, 1920.

# McLAUGHLIN

Has been selected from among the entire field as the ONE man in the whole world to fill the engagements of the famed LOCKLEAR.

McLAUGHLIN provided the greatest thrill in aviation's history when flying over the heads of ONE MILLION persons who were watching the great Elks' parade down Michigan Boulevard, Chicago, in July, he performed the most astounding feats of aerial acrobatics. He hung by his toes from a trapeze, and, while the crowd was spellbound by his sheer daring, set loose and dropped twenty feet before an invisible rope caught him. Then he hung by his teeth, spinning around with arms and legs outstretched. He scurried over all parts of the plane, doing a three-fingered hand-stand on the top wing and on the fuselage of the plane.

This performance, closely following McLAUGHLIN'S moving picture stunt of CHANGING PLANES WITHOUT ROPE LADDER WHILE BLINDFOLDED, caused him to be the most sought after celebrity in the history of the amusement business. Booking agents and promoters bombarded him with offers. But he had come to Chicago with the San Antonio Lodge of Elks as a sporting proposition and was not interested in entering the professional daredevil field. He has been performing his wonderful stunts during the past year at Kelly Field, San Antonio, just as a diversion.

After the deplorable accident to Locklear Mr. Pickens sought McLAUGHLIN and told him that, in his opinion, McLAUGHLIN was the only man who could make good with the public where Locklear was expected. So McLAUGHLIN agreed to make a tour of the State Fair Circuit and fill the Locklear contracts.

With great respect for the ability of all other plane changers and aerial acrobats, McLAUGHLIN'S WONDERFULLY DEVELOPED GYMNASTIC PROWESS ENABLES HIM TO PERFORM FEATS NO OTHER MAN EVER SUCCEEDED IN DOING ON AN AIRPLANE.

Every week of McLAUGHLIN'S time is filled. But he will have some odd days and Sundays in some weeks for which he can be secured, filling such time in between State Fair jumps. He will play these dates on a percentage (sending in a bustling advertising and press corps to spread the glad news of his appearance) or will make a flat price.

The McLAUGHLIN act will be staged under the personal supervision of Mr. Pickens, who will travel with the combination. It was Mr. Pickens who directed the affairs and exhibitions of Mr. G. H. Curtis, Lincoln Beachey, Delloyd Thompson, Katherine Simson and Locklear and many other famous aviators. Mr. Pickens, the pioneer in management of aviation exhibitions, has always directed only the BEST. He now proposes McLAUGHLIN the last word in sensational accomplishment in aviation from the exhibition standpoint.
