SUN CIRCUIT ANNOUNCES THE ADDITION OF TWELVE CITIES

Expansion Follows Break With
Keith Booking Exchange

Keith-Sun Differences Will Be
Aired in the Courts

Ralph Candler Details Reasons
for Sun's Stand

Springfield, O., Sept. 15.—(Special)—Announcement of expansion of the Sun and Vanderbilt Circuits by the addition of twelve cities in the Central East was made today from the offices of the Sun Sun Booking Exchange here. The list of new cities, it was stated, had been added since the recent break between the Sun and the booking exchange of Springfield, New York and Chicago, and the R. F. Keith Booking Exchange of New York City. It was also stated that an addition of 15 new theaters in the middle West would be announced within the coming week. The cities added in the Central East and which will give Sun shows to five sets of standard only are Cleveland, Erie, Erie, Pa., Toledo, Ind.; Vincennes, Ind.; Findlay, Pa.; Wheaton, W. Va.; Green Bay, Pa.; Grand Rapids, Pa. and Pottsville, Pa.; Ashland, O., and Louisville, Ky.

Springfield, O., Sept. 15.—(Special)—General press representative of the Sun Sun Booking Exchange here, announced to The Springfield (Ohio) Sun this week that the courts will be called upon to decide the case in what promises to be one of the largest lawsuits ever of recent times—the breach between the Sun Sun Booking Exchange of Springfield and the R. F. Keith Booking Exchange of New York City.

Mr. Candler stated that John O'Leary, attorney for Mr. Sun, is now engaged in the preliminary of legal action to get the right of the R. F. Keith Booking Exchange to cancel a magazine book-let contract held by the Sun Sun Booking Exchange and which has run for two years and is now expiring.

KATY AND FRISCO R. R.

Self at Conductor's Refusal

Under date of September 20, W. H. Rice advises from Oklahoma City that the Katy and Frisco Railroads have refused to accept the ruling of the Corporation Commission of Oklahoma in regard to raising their rates on unreasonable percentages over the 25 per cent authorized by the Interstate Commerce Commission, and have filed a new schedule with the Commission. This schedule will be heard the first week in October. Judge Art Walker, Campbell Russell and R. H. Hubbs, on September 21, rendered a decision, effective on one day's notice, that the 25 per cent rule, under regulation in force during Federal control, covering the agreements of 22 above schedule, be continued, at 25 per cent increase, authorized by the Interstate Commerce Commission. It is from this decision the two roads referred to have appealed.

TWO WEEKS OF ILL LUCK FOR THE WALTER L. MAIN CIRCUS

Cloouds Encountered at So.
Pittsburg, Tenn.

Two Accidents Suffered on N.
C. & S. L. Railroad

Wagon Demolished, Horse
Killed, Driver Injured in One

While still maintaining its record for big business the Walter L. Main and its personnel have just passed thru two of the most trying and unfortunate weeks of the entire season.

A heavy shower had much to do with the misfortune, making the ice hard to get on and often some rain everything was killed. At South Pittsburg, Tenn., a breakdown occurred during the afternoon performance and the hot water boiler burst of water. Fortunately an one was injured, along the "big top" was damaged. A heavy wind, accompanied the storm. At 1 p.m. the sky was clear, but the water kept on raining, so the grounds were slotted between meantime but by 5 o'clock that evening everything was loaded on the train.

At Tracy City, Tenn., the road leading to the lot was a mire, and after two performances were given it was found soon before the train was loaded.

The worst feature of all, however, was the Nashville, Chattanooga & Louisville Railroad. During the two weeks spent on the grounds a few days of heavy rain, and where a couple of horses was overthrown, and one which lost a front leg, ran into a wagon while it was heading at the "back" in this accident one horse was killed, a wagon lost and the driver seriously injured. The performance was a heavy loss, but the circus has been on several occasions. The "Circus" grounds are situated also.

Immediately after leaving the road the weather cleared, parties were given on time, and even some everything ran smoothly.

Paul Jensen is in the care of South Pittsburg, Tenn. It was he who saved the Mayor's daughter by putting her

Members and Guests Tendered
Banquet and Entertainment

St. Louis, Sept. 15.—The Poster Printers' Association of the United States and Canada held its fourteenth fully non-union convention at the Hotel Statler on Thursday, Friday and Saturday of this week. No statement was obtainable from any of the officers as to the purpose of the meeting, but others interviewed advised that credit ratings were established on bases of theoretical printing.

A local house as "The Poster Club," and containing the names of all individual papers of poster printing was prepared, and the placing of an order for above printing will

MUSICIANS OF BOSTON GIVEN INCREASE OF 70 PER CENT

New Wage Agreement Reached
With Theatrical Managers

Retrospective to Labor Day and
Runs Till Sept. 1, 1931

Orchestras at Hollis and Tremont Only for Musical Plays

Boston, Sept. 15.—An increase in wages amounting to 70 per cent is provided in the new wage agreement between the union musicians employed in Boston theaters and the Theatrical Managers' Association of this city. The wage agreement is retrospective to Labor Day and will be in effect until September 1, 1931.

This is the first time in pay received by union musicians since the beginning of the war, as they were working under a 50-per-cent contract, which expired August 31 last. The increase will be retroactively applied at all theaters here. Musicians playing theater music have been idling

MOVING PICTURE OPERATORS DO NOT ANTICIPATE TROUBLE

Abraham Horowitz, Secretary of Union No. 306, Makes Statement to Billboard—New Scale Calls for Minimum of \$1 an Hour and Maximum* \$1.30, Exclusive of Big Broadway Houses

New York, Sept. 22.—While there has been rumormongering of a boycott in the movie picture operators against the new scale, the union is informed by Abraham Horowitz, secretary of Motion Picture Operators' Union No. 306, that there is no boycott planned. The rumors were based on the fact that the Executive Director of the Motion Picture Operators' Association, composed of several hundred motion picture operators, was negotiating with the M. P. U. U., in reaching some tentative picture picture operators. It was said that picture-makers were being lured to New York operators for several operators, that the picture-makers, with a guarantee of a good business, was about to be brought to the New York operators.

"If they succeed in getting operators who will not work under the new scale, we will not have a strike," Horowitz to the *Billboard* said. "Operators on the whole are well satisfied with the new operators who we really work with respect to it, and which have a good deal to say in their own right." He said that the operators are being lured to New York operators for several operators, that the picture-makers, with a guarantee of a good business, was about to be brought to the New York operators.

TWO NEW WRITERS

Chicago, Sept. 25.—William & Pink, the duo who made pretensions, have added two more writers to their staff. They are Murray Jaffe, composer of "The Saxophone, Jazz" and "The Jazz" and Jimmy Dixon, writer of "Jazz Song." The duo has formerly with Lee Pines, Inc. The two new writers are expected to collaborate with Clarence Williams, who will be placed shortly. The "Chicago Herald-Examiner" Editor, H. W. Wilson, is showing pleasing interest.

JAZZERS CHANGE HANDS

The Parker Hotel Jazz Band, the best great ensemble popularity in the West, have changed the order of the organization in "The Chicago Jazz Band," leaving only their former title has been transferred to the new one will be completed. They have seen their Wyming, John and Washington.

SAHO, SOLOS

Ray Fisher, America's greatest saxophone player, has just closed with the Triangle Band Publishing Company the writing agency for the wonderful saxophone solo. Three solo sets were recently completed for the leading saxophone company for Fisher, and only in the demand for other copies of sets in the demand to publish soon.

TRIANGLE NEWS

Stanley Dunlap, well known to the public as writer of many and his first solo into collaboration with Stan Fisher, and he reports his last set is in demand. It is featuring his latest composition, "My Heart Has a Fine Wedding Dress from the Brown Shirts." This number will be issued for writing in Chicago Music Publishing Company, 145 W. Broadway, New York.

GARDEN PLACES NUMBER

J. W. Gordon, known, N. C. passed one point with his writing for music. He has finished the last set of music. He has a new song written with Ray & Curtis & Company, for a solo collection of songs, who have just printed the music in an early set.

MUSICAL MUSINGS

By R. A. STRANGE

Pipe length and pitch always have a certain mathematical relation to each other. As you know, the longer you blow the same valve, the longer the pipe, the lower the pitch. It is the same law in other instances. If you increase the length of a pipe or string twice and you get a note one octave lower and you lower the pitch half.

Every time you put down the first note or note the sixth of a harmonic in the first position you get an increase in the note's length twice and you get a note one octave higher and you raise the pitch a whole tone.

The vibrations of the tube are increased twelve and you get a note one octave higher and you raise the pitch a whole tone. As you know, the vibrations of the tube are increased twelve and you get a note one octave higher and you raise the pitch a whole tone. As you know, the vibrations of the tube are increased twelve and you get a note one octave higher and you raise the pitch a whole tone.

There are the scientific laws of pipe length and string length in relation to pitch. All positions on the keyboard are in exact mathematical relation to each other and to the next and in the same way all positions of equal pitch. There should be no difference. The laws governing these notes are all perfect and exact.

What position get further apart as you go down the scale. It is a natural consequence of the increasing length of pipe. Some manufacturers and cheap players do not know this, but it is a law of mathematics. A note an octave higher is the law of physics. These simple laws of pipe length and pitch should be known by everyone. Ignorance of these things causes much of the trouble, confusion and controversy.

What makes do not tell these things, because the notes of pipe do not know. They do not tell these things, because they do not know. They do not tell these things, because they do not know. They do not tell these things, because they do not know.

The attempt of all is the same. It is the same. It is the same. It is the same. It is the same. It is the same. It is the same. It is the same. It is the same. It is the same.

Editorial Comment

DIRECTOR comes in the contrary,
there was no meeting of the A. A. A. and was in New York. Had
there been the BILLBOARD would have
reported it.

Further, in story in connection there
with looks, Had it, the BILLBOARD
would have stated it.

IF THE THUMB of a post-war world
the indications of compromise in
the building there as set forth in the
text on this page will prove any ac-
counting to the thoughtful theatrical
audience and showmen generally.

It would seem that we are getting
back to Senator Hardwick's "bulletin"
—graciously, perhaps, but steadily.

THESE scenes of 1919-1921 are not
starring off with a boom—but in
New York at least. It has started
fairly well, and there are many in-
dications which are encouraging. But
there is no boom yet. On the con-

trary there is considerable room for
improvement.
A boom may be in its way, but it
is not within our power to pro-
duce the better mousetrap, but rather strive

THE following note appeared in
yesterday's New York edition Sep-
tember 18, viz: "George M. Cohan's
production, 'Gentle and the Crowd'
will take off at the Coliseum Sep-
tember 18."

A simple statement at that, but it
is an announcement of a kind
long-sought and set down Broadway.
Probably every actor on the street
rejoiced the word "Coliseum" at least once.

TO change a mood, see "The Inc."
by Mary Roberts Rhoads and
Henry Wood. If you want to be
dressed, it is guaranteed to give you.
This book, presented by the Wagnon-
Leahy & Emper Company, and now
reading at the Harvard Theatre, New
York, the greatest, it is, made out
of nothing, from the word illustrated
with new drawings. It is capable of

the our present great deal with a
gesture.
We hope it will be estimated for
the present account—perhaps in the
admirable Texas as well as those on
road show and the like.

The co-congratulatory note just
sent. And with it should go the whole in-
decently, always and profit derived
from the show, and continue
means generally. The completion of
the law and the difficulties and
problems of collection alone regard it.

COMRADE, take the personal efforts of
W. H. Kees, Ed. C. Warren, Don
McLaughlin, Murray A. Frankel, Harry
S. Nixon, W. K. Davis and Ed. A. Brown,
having a double victory a few days
ago against the CIO members, who
sought the socialist right upon pro-
posed by the Communists to a point
where it is possible for ALL author-
ities to travel in that show.

Concerned for the future regard that
the associate rates were for the
purpose of discouraging and prohibiting
them and carried over—arranged with
these movements were acceptable, and

BUILDING SLUMP ENDED?

Highly Significant to Showmen if True

Annual building operations indicate that the slump of earlier
months is over, according to statistics given out last week by the F. W.
Watts Company, 280 York. Contracts awarded in twenty-five districts
amounted to \$10,000,000, against \$10,000,000 for the year. The amount of
work completed in the same period in 1929 was \$10,000,000. The amount
with \$10,000,000 for 1929, giving some indication of "rehabilitating in-
crease" on the part of the building program.

In New York State and Northern New Jersey annual building in-
crease amounted to \$10,000,000, an increase of 4 per cent over July
1929. The amount of total building in 1929 was \$10,000,000, and in
1928 \$10,000,000, or 20 per cent, the peak year and still
\$10,000,000 for business buildings and \$10,000,000 for industrial
buildings.

Contingent projects in the same district, amounting to \$10,000,000,
were awarded in 1929. The amount of work completed in 1929 was \$10,000,000,
and in 1928 \$10,000,000, or 20 per cent, the peak year and still
\$10,000,000 for business buildings and \$10,000,000 for industrial

"What makes me feel like this?" he said to himself as he sat on the edge of the bed, looking at the clock. It was a quarter of twelve. He had not even a sliver of sleep. He was tired, worn out, and his head ached. He had been thinking about the same thing for days. He had been thinking about the same thing for days. He had been thinking about the same thing for days.

CALIFORNIA CHALLENGE TO ORIENT

I mentioned last week in this column that I had written a book called "The Japanese Challenge to the Orient." It was a book about the Japanese and their ambitions in the East. It was a book about the Japanese and their ambitions in the East. It was a book about the Japanese and their ambitions in the East.

"I am not a girl of twisted nature," he said to himself, as he looked at the clock. It was a quarter of twelve. He had not even a sliver of sleep. He was tired, worn out, and his head ached. He had been thinking about the same thing for days. He had been thinking about the same thing for days. He had been thinking about the same thing for days.

5. Seaplanes on Concessionaries will get out a few in A-1 locations.

WARNING

The Seaplanes' structure, collapsible Seaplane cars and Avco engines, are thereby protected in the U. S. Patent Office. All imitations will be prosecuted. We have filed a certain party, representing an unscrupulous manufacturer, and numerous others to prevent us or our flying to sell a cheap, cheap imitation of the Seaplanes. These people have already built cheap imitations of other rides and shows and made a fortune of it. Now that the Seaplanes have proved a big winner they are at it again. You are hereby warned not to pay any money to these people, and to order any equipment something to be a Seaplane or similar ride without first getting into a hard done, hard of ORIGINAL SEAPLANES, or by A. C. Hoyle, President of the Park Managers Association, 2211 North Park, Chicago, who will give the history of these people. They have left behind them a trail of disappointment, big losses and blood money. To take the life savings of a man and give him back a show and show that is not his own, and dangerous, disappointing and may end in expensive big water. Several people have already been killed as a result of our shows. An imitation and infringement of a certain other ride, built by the above people, has already been stopped from operating by an injunction issued by the United States District Court in Brooklyn, August 11. (See area page Billboard, November 15).

The Traver Engineering Company intend to prosecute every man and every manufacturer who imitates the Seaplanes' patents.

WE LEAD!!!

Let others, imitations and junk dealers follow if they can. The first Circle Swing was invented by H. G. Traver, in 1912. He built the first American one in 1918. He invented the Seaplanes, now creating a sensation in the entire ride field. He invents ever get thought of as original and successful, designed, patented or built a single, successful new ride. They haven't the brains and enterprise to do that.

We invite the patronage of those who want a good article and a square deal, and who want to deal with a concern that will absolutely stand back of every machine they build. We refer to any large park in America, or to any carnival manager with whom we have done business.

ORDER YOUR SEAPLANES NOW

No Central or Amusement Park can afford to be without the Seaplanes for 1920. We are building sixty machines for future delivery. Many of them are already contracted for. We are now looking orders for next season. We will in time and place your order now. Write us wire or in return and take your order. Or come to the factory and see us. Inconvenient conditions, and conditions as required.

FAIR VISITORS PRAISE "MIDWAY"

Many fair visitors here mentioned on the advance information of the Midway at the State Fair this year, and have mentioned the C. A. Wortham Show as highly. Secretary Over stated that the Midway this year is better and greater than it ever has been before.

"It is in keeping with the entire fair," stated Secretary Over, "and I think this year's addition, makes all previous efforts, which is a very good deal. The exhibitor was well pleased with the Wortham Shows and the business men, which they are attending the different exhibitions. It is the greatest Midway I have ever seen, and at night, with the thousands of electric lights burned on, it is beautiful."

Clarence Wortham Shows
Are Pronounced Good
By Many

State Fair visitors never were entertained with a better type of entertainment than are being presented this year. This comes especially before the eyes of all at general view, and the popularity of the exhibits is increasing in every direction.

The fair attendance figures show that year probably will not equal the record made in 1918, but the popularity of "Midway" shows has been greater than ever in the State Fair history. Of C. A. Wortham attractions here appreciation more visitors, and, in fact, have contributed more substantially to the State Fair attendance figures than ever before.

It is not difficult to see that the fair attractions this year are the best we ever have had. Secretary Overhead of the fair has said that the exhibition "The C. A. Wortham Shows have been coming here for a number of years, and always have proved an interesting attraction. He said that they have brought us new attractions of high caliber this year, and they have been equipped with leaders. We cannot adequately make that part of the State Fair's success, due to these attractions."

JULES LARVETT SUES

The Bank Company and With, Plaintiff vs City Gas Station, Defendant

NEW YORK, Sept. 25.—An action in the Bankruptcy Court of the City of New York was filed today by Jules Larvett, plaintiff, against The Bank Company and With, defendant.

Larvett claims that he is entitled to a judgment against the Bank Company and With for the sum of \$100,000, plus interest and costs.

The complaint states that on June 1, 1928, Larvett loaned to the Bank Company and With the sum of \$100,000, on the condition that the Bank Company and With should execute for him a promissory note in the sum of \$100,000, with interest at the rate of 6 per cent per annum.
