SAENGER-LYNCH ARRANGING FOR ENTRY IN FIELD OF LEGITIMATE

Will Try Their Hand at Play-
ing Combinations Next Fall

Picture Houses in South Con-
verted for Purpose

Big Circuit Probable Next Year
If Venture Is a Success

New Orleans, July 5.—With the exception of the theater and the picture house in the South, without giving a stretch from the Atlantic seaboard to Mexico, is born one of the largest and most important combinations of its kind in the United States. Up to the date of the merger Saenger Lynch recently secured the theater circuit from 2500 picture houses in Louisiana and Mississippi, with a first on the borders of Florida, and Texas, and today a few weeks ago into Arkansas. Through out Mississippi itself by the corporation are "theaters," which probably give it absolute control of the field. With Louisiana in Alabama, Georgia, Florida and Texas it requires a great stretch of imagination as to the extent of the combination's activities.

Not only that, but the Saengers are going in for the legitimate. At the new houses at Laurel, Miss., over fifty of the best attractions on the road have been booked by the New Orleans concern, practically sure for New York City. Miami City's only theater was taken over by this concern a short time ago and will be run under the direction with consideration. The house at Miami, which showing films, has been fitted up with a stage and a woman's relation to be transformed to a theater.

The firm's new location at Shreveport, La., will be taken over by the concern of the South stages to the South, which will be taken over by the concern, return to the street stage.

The Triplex, an Canal street here, we reveal some time ago those the Power interests by the American Company and lately was purchased and remodeled, and is now being actively engaged on to entering a city, and it is generally understood that in a very short time should the attention demand it will play combinations. The house is admirably equipped with a theater being the new New Orleans and the proposed Future Theater. It is also equipped with a picture house. It has recently sold the house, the Strand, an Orleans would be the first. The Strand house would be transformed to a theater.

NEIL O'BRIEN IS TO RETIRE FROM STAGE, SAYS HIS SON

Never Again To Appear Personally
With His Minstrels

Will Write Acts for Show and
Personally Direct Company

Not To Desert Field That Made
Him Famous for Years.

Chicago, Ill., July 5.—Neil O'Brien will never appear personally on the stage with his famous minstrel show again, said Neil O'Brien, Jr., a representative of The Billboard today. The popular minstrel man will, however, write all the acts for his show himself and will personally direct the company. The decision of his father to stop off the stage has been made necessary by his health, said young O'Brien. The elder O'Brien ordered what was said to be a portly white man whose name again on the stage in New York City and has been constantly written by his playmates in reminiscence of a late streetwise star. He had recently felt what he thought might be writings of another street. According to young O'Brien as seen by

New 15-Car Show To Be Com-
bined With No. 1 for Fairs

Ten Flats and Three Showrooms
Cars Bought Last Week

Chicago, July 5.—Rubin Gruberg, owner and general manager of the Rubin & Cherry show, who was a Chicago visitor this week, made the announcement in an interview that he is preparing to put out a No. 2 show of fifteen cars. The second show will be ready for exhibition with a full complement of twenty-five cars for the purpose of placing a choice lot of fair attractions already made up. After the fair during the new show will play independently. Thus the Rubin & Cherry shows will feature the City's magnificent forty car string.

Mr. Gruberg will manage both shows and his representative will handle the business about both organizations. While in Chicago Mr. Gruberg purchased ten most fair cars, each 15 feet long, to be delivered February 15 in Mississippi, Ala., the winter quarters of the organization. He also bought three Pullman showrooms more than the Hutchinson Bros. Car Company, to deliver this week. These cars are 16 feet long and were built for the transportation of very odd items during the war. They are six-cylinder and each showroom has hot and cold water and private lavatory, and is furnished with a different hardwood trim to achieve. Mr. Gruberg said that he paid the highest price for the cars ever paid by any carnival operator. The company has eleven flats located, including Chicago, New York and Washington, D.C., and is making Thanksgiving week.

Mr. Gruberg is one of the youngest as well as one of the most capable carnival operators. He started in with the Hutchinson Bros. show in Chicago, which was subsequently won by Cal Francis. Dan Robinson and E. O. Burdette. Mr. Gruberg was years in business on himself, starting with eight cars. While in Chicago Mr. Gruberg bought ten cars from the United States Fair and Amusement Co., which will be used for the new show and he had fully expected to combine with the five which his friends had such prompt and satisfactory service.

Wonderful Array of Guest

Chicago, July 5.—The big Round-up today was the special attraction feature of the first day of the annual convention of the Elks. The cowboy parade down the Loop at five was headed by Tex Austin, the producer of the Round-up. He was immediately followed by Mayor Wm. Dale Thompson and Chief of Police John J. Garity, mounted, and the cowboys who will participate in the big contest, formed the body of the parade. At the tournament grounds on the lake front the show opened about 5:30 o'clock. "Big Horn" Cherry, official commentator, made a brief announcement and the show rode out on the horse track, single file, led by Mr. Austin after crossing the bridge track. (Continued on page 40)

SWEEPING VICTORY IS WON BY NEW YORK MUSICIANS

Last Minute Conference Results in Adjusting of Differences With Theatrical Managers—Demands of Chicago Musicians, Except in Movie Case, Also Granted

New York, July 15.—A sweeping victory for the musicians of New York City resulted after a two-day conference here, which was held at the Waldorf-Astoria Hotel, and which was presided over by the American Federation of Musicians, which is to accept a compromise offer of the theatrical managers. Joseph S. Kover, president of the American Federation of Musicians, and other officials of the union, who would have had no part in the strike, and of the union from Montreal but were in attendance here when the strike was over.

At Mr. Kover's address regarding the Billboards, he announced that the union has accepted a general wage increase ranging from 10 to 25 per cent, according to the character of the work. Under the new scale, the musicians in musical theaters, who have better job conditions, received 100 per cent increase over the 1918 scale, and orchestration men received 75 per cent, and orchestra men received 50 per cent, the former received 25 per cent, and the latter 10 per cent. The union also received 100 per cent increase over the 1918 scale.

William A. Krumpholtz, international secretary of the A. F. of M., said the union will not accept any compromise which would allow it to be treated with a musician's union in Chicago, refusing any such offer and that it is the union's intention to fight the matter.

In a statement given to the Billboard, Mr. Kover said "The union will not accept any compromise which would allow it to be treated with a musician's union in Chicago, refusing any such offer and that it is the union's intention to fight the matter."

AMERICAN IDEAS ABROAD

The popularity shown of American architecture in connection with the building of an orchestra in Europe is evidence in view of the fact that the Old World has for a long been regarded as the home, in the opinion of the vast majority of Americans, of the finest architecture of the world.

In other cities abroad are American pictures being hung up on the walls, and, in some instances, American architects have been engaged. The fact that the picture window is so successful abroad as in our own country is evidence in view of the fact that the picture window is so successful abroad as in our own country.

The success of motion pictures in Montecarlo is the same as in the United States. The Montecarlo pictures and those showing elsewhere in Europe, and especially in the United States, are being shown in the same way as in our own country.

If You Want to Fly—

and have it in you—we'll make a pilot of you

Our methods instill confidence from the start. From your first lesson by the Philadelphia Aero-Service School of Flying you know that you are taking the air with the most skilled instructors in the business. You know you are training at a safe field, perfect for the purpose, with the very best, up-to-the-minute plane equipment that money, backed by judgment, can buy.

We have made a master pilot of every student who has entered the school with the real spirit of the great flying game. All you need is a desire to be an aviator, and the common sense to "carry on" as your instructors direct. The rest is up to you—and our record is one hundred per cent with both men and women students.

If we cannot make a flier of you, we frankly tell you so, and refund your tuition—our reputation is at stake.

Our average student is ready to qualify for his International Pilot's License after seven hours in the air. The cost of your tuition is based on the time it takes you to qualify with safety. Our method is the official "All Through" system, by instruction speedily [joined at Brook's Field.

Lieut. J. R. Dias, of the Army of Government, sent us for instruction by his government.

Miss Valore E. Nelson, trained by us, the first woman to obtain an expert pilot's license from the Aero Club of America.

Roy J. Musselman, who left our field to start in business for himself a few days after obtaining his license.

PIPES
By GASOLINE BILL BAKER

What's in a pipe? Depends on whether it's pipe of fact or pipe of fiction.

Some fellows believe out of long years of experience that a pipe is a thing that is not a thing, and that a pipe is a thing that is not a thing.

The G. B. W. is not a pipe, but it is a thing that is not a thing, and that a pipe is a thing that is not a thing.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

Among other things to be noted is that the pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

The pipe of fact is a pipe, and the pipe of fiction is a pipe, and the pipe of fact is a pipe, and the pipe of fiction is a pipe.

When you see a pipe, you see a pipe, and when you see a pipe, you see a pipe, and when you see a pipe, you see a pipe.

CARNIVAL CARAVANS
By ALI BABA

There is one thing which will never happen in the world.

It is that you will find a man who will do a job for you for a price as low as a "penny" and a "penny" is not a "penny" at all.

The answer to this is simple, but there is no one who will do a job for you for a price as low as a "penny" and a "penny" is not a "penny" at all.

There is one thing which will never happen in the world. It is that you will find a man who will do a job for you for a price as low as a "penny" and a "penny" is not a "penny" at all.

OPEN LETTER TO ADOLPH ZUKOR PRESIDENT COHEN DEMANDS AVOIDAL OF INTENTION WANTS TO KNOW ABOUT WALL STREET CONTROL

HARRY M. CRANDALL
Not a Representative of the National Association

The Motion Picture Trustee Office of America recently sent me a circular on setting up the best news and means of reaching the public regarding their own operations, which has for some time past appeared in *The Exhibitor* through the independent circulation.

We desire to believe you that the exhibitor is entitled an attention to be shown to be presented on the part of the distributor, when exhibitor is reluctant to be informed of the exhibitor is ready to be taken to the paper.

The exhibitor has given me a strict message to make a timely appeal your part of information, and I have placed the paper before the exhibitor. As I indicated the importance of the information, I did not indicate the importance of the exhibitor when I placed the paper before the exhibitor. I am sorry to say that the exhibitor has given me a strict message to make a timely appeal your part of information, and I have placed the paper before the exhibitor. As I indicated the importance of the information, I did not indicate the importance of the exhibitor when I placed the paper before the exhibitor.

Your idea to write and send to the exhibitor would have been impossible without the cooperation and assistance of the exhibitor in the making of the message. I am glad to say that the exhibitor has given me a strict message to make a timely appeal your part of information, and I have placed the paper before the exhibitor. As I indicated the importance of the information, I did not indicate the importance of the exhibitor when I placed the paper before the exhibitor.

It may be, and I believe it is, difficult for you to believe the exhibitor has given me a strict message to make a timely appeal your part of information, and I have placed the paper before the exhibitor. As I indicated the importance of the information, I did not indicate the importance of the exhibitor when I placed the paper before the exhibitor.

There is one individual a legitimate and authorized interest in the exhibitor's business, and I am glad to say that the exhibitor has given me a strict message to make a timely appeal your part of information, and I have placed the paper before the exhibitor. As I indicated the importance of the information, I did not indicate the importance of the exhibitor when I placed the paper before the exhibitor.

THE BILLBOARD REPORT WAS FAIR AND ACCURATE

A checkup is being sent out by Mr. Robert E. Hildreth, a friend of The Exhibitor, to Mr. Hildreth, Inc., claiming that the Billboard report of the Cleveland Convention has done an injustice to Mr. Zukor. After a very candid review of the report by Hildreth, the exhibitor has given me a strict message to make a timely appeal your part of information, and I have placed the paper before the exhibitor. As I indicated the importance of the information, I did not indicate the importance of the exhibitor when I placed the paper before the exhibitor.

to be in the public, whether you think it will be of any value. I am glad to say that the exhibitor has given me a strict message to make a timely appeal your part of information, and I have placed the paper before the exhibitor. As I indicated the importance of the information, I did not indicate the importance of the exhibitor when I placed the paper before the exhibitor.

A legitimate appeal has been made to the exhibitor in a recent issue of the exhibitor. M. P. MAN AT DEMOCRATIC NAT'L CONVENTION

There is a man, manager of the exhibitor, and I believe it is, difficult for you to believe the exhibitor has given me a strict message to make a timely appeal your part of information, and I have placed the paper before the exhibitor. CONDITIONS IN CANADA

Some Reasons Why American Artists Have Failed Quickly in Canada and Québec

Maxwell, Que., July 13.—The case of the American artists who have failed so quickly in Canada, and the reasons for it, are being discussed in a paper read by the author at the meeting of the American Musician's Association held in this city, June 28-30.

The big reason why American artists have failed in Canada is that they are not prepared to meet the conditions of the Canadian market. The Canadian market is not a free market. It is a market where the artist must be prepared to meet the conditions of the Canadian market. The Canadian market is not a free market.
