L. A. Sales Move With Lion's Roar

HOLLYWOOD—March went out like a sales lion here, with a BMW dealer survey finding that continued strength in singles and LP sales during the month's final week made March the top month so far this year. This runs contrary to form when, as a rule, the Lenten season and the impending tax bite tend to create a disk sales dip.

Dealers were unanimous in reporting sales retaining their high level. Several said the month's final weekend was the biggest since Christmas. Some retailers gave credit to better product in both the singles and album areas. Others said better business reflected an upturn in the general economy.

Several dealers agreed that increased tempo in discounting can take much of the credit. This has resulted in more stores advertising deals, thereby making the consumer more conscious of what's available on records. Last week, May Company took a full page in the local press devoted entirely to a disk sale (offering 35 per cent off), followed by a half page this week. White Front, the five-store volume discount chain (Coast link in the Interstate Stores network), previously sprinkled its ads with cut-rate disk offerings as obvious leaders.

Now, for the first time, White Front has departmentalized its record advertising so that a single ad (half page) is devoted solely to disks (offering 50 per cent on entire RCA Victor catalog). Ad uses mats showing the covers of 20 LP's with thumbnail blurbs under each, similar to the typical record club

Nashville Discounters Fight

NASHVILLE—A mild price war erupted in Nashville last week. The record department at Harvey's—now being run by Buckley's, of Buckley's Discount Record Shop—offered LP's at \$1.99. Grant's, across the street, then slashed the price of singles to 50 cents. These were the deepest price cuts on LP's and singles, outside of very occasional sales, experienced in this country music capital, and it has dealers rather upset.

These price slashes have led tradesters to the conclusion that price cutting is here to stay in downtown Nashville, even though Harvey's and Grant's are not expected to continue such steep discounts. As for business, it was good last week, not only at Harvey's but with distribs and dealers. And March was reported to be a good month on all levels.

Distribs here reported that they were selling most LP lines at a standard 15 per cent discount. They said that the discount was necessary in order to stay with the competition, but they noted that even with the discount, only the wanted LP's sold. "Discounts on so-so merchandise," said one distrib, "doesn't

mean a thing."

Distribs were mighty vocal on the amount of LP merchandising being issued by large and small labels. And they were distressed over the large and small labels. And they were distressed over the large amounts of LP's shipped to them on allocation by too many labels. Another disturbing factor on the wholesale scene, according to distribs, was the expansion of the rack jobbers in town. The Grant chain, for instance, is now serviced by rack jobbers. "The extra 10 per cent that the rackers get cuts our margin down considerably," said one distrib, "but I don't know what we can do about it."

Hot Disk Sales Burn Atlanta

ATLANTA—March was a strong month for record sales in this city, both on the album and the singles level. Business slacked off a bit the first week of April, according to reports from both dealers and distributors here.

However, there were a number of new singles that were getting good action in this city. One was a local breakout that got hot enough to be purchased by Atlantic Records. This was a master on the Gerald label, called "Love Twist," with Johnny Jenkins. Disk was produced by Joe Galkin, promotion man here, who owns the label. Brian Hyland's record of "Ginny Come Lately" was getting new action as a result of a one-for-one deal offered here on a one-time basis.

Miller Reports On Distribution

SWARTHMORE, Pa. - Miller International, producer of Somerset and Stereo Fidelity LP disk product, concluded the first year of its new "super-zoned" distribution plan last week. The occasion was marked by a glowing statement from its colorful president. Dave Miller.

Miller, who instigated the plan, under which nine super-distributors in carefully drawn-out territories serve other distributors and rack jobbers in their sectors, said it has produced the highest unit volume in the firm's sevenyear history.

Results were noted by Miller as (1) complete elimination of transshipping; (2) realistic inventory controls and stabilization of wholesale pricing; (3) elimination of credit and collection problems; (4) better new product planning, with the nine distribs acting as interested consultants; (5) sales costs cut to less than 1 per cent of billing; (6) policy standardiza-

Columbia Regions

NEW YORK - Columbia Records Sales Corporation has realigned its five major sales regions and its 11 sales districts. The realignment, according to director of sales Jack Loetz, were designed to strengthen Columbia's sales position.

Changes Encompass the following: Northeastern region will now consist of District No. 1 (New England area) and District No. 2 (New York area). The Mid-South and Southeastern region will consist of Districts No. 3, 4 and 5 (Philadelphia to Miami, Atlanta, Cincinnati, Louisville, Pittsburgh, and Cleveland). North Central regions will consist of Districts Nos. 6 and 7 (Detroit, Milwaukee, and Chicago, Des Moines). The Southwestern region covers Districts SEE NINE LIVES FOR THE Nos. 8 and 9 (Oklahoma City, Kansas City, Memphis, St. Louis, Dallas and New Orleans). The Mountain Pacific region will include District Nos. 10 and 11 (Los Angeles, Denver, and Honolulu, San Francisco, Salt Lake City and Seattle).

There are also a number of personnel changes to go along with the realignment. John Craigo has been promoted to regional sales manager, Southwestern region. Bob Van Metre has been appointed sales manager for sales district No. 8. Joe Risland has been named manager of sales district No. 4. All regional managers will continue to report to Joe Lyons, manager of field sales for CRSC.

Execs Express View on Stereo FM Air at NAB

CHICAGO — A prediction that FM stations will eventually limit all programming to stereo; pro and con views on the value of "pingpong" stereo wax, and a new stereo programming service were among the key discussion items during FM Radio Day at the National Association of Broadcasters' Convention here last week.

Fred Rabell, KITT, San Diego, Calif., was the exec who predicted stereo would eventually dominate FM completely. However, Rabel complained that about 30 per cent of stereo records today are unsuitable for stereo broadcasting.

Broadcasters generally decried the use of ping-pong-type stereo but Lynn Christian, KODA-FM, Houston, said his outlet devotes a percentage of programming to such gimmicks because "We are pioneering in a new field and must aid those who are also pioneering in the sales of (stereo) receivers."

White House to See Jazz Ballet

NEW YORK-Jerome Robbins' "N. Y. Export: Op. Jazz" contemporary ballet which has received much critical kudos, will be presented at the White House Wednesday (11) at a special performance for President and Mrs. John F. Kennedy and guests. RCA Victor will furnish the original tape recording of the music to which the ballet will be performed. Robbins, and Robert Prince, composer of the score, will attend the presentation. Guests will include George Marek, RCA Victor chief, and George Avakian, RCA Victor pop a.&r. manager.

The ballet was commissioned in 1958 by the Festival of Two Worlds in Spoleto, Italy. RCA Victor issued the LP version of "Ballet: U.S.A.," which includes "N. Y. Export: Op. Jazz," in November, 1961.

Manufacturers' Top Brass at NARM Convention Points Up Rack Power

Fastest Growing Disk Sales Win

By BOB ROLONTZ

NEW YORK-NARM's meeting in Miami this week, attended by top brass from major and indie labels, is shaping up as one of the top record business conventions of the year. This points up the importance to today's disk business of the rack jobber. Racks are considered today by tradesters to be the fastest growing segment of the record business, with total sales of record via racks estimated at about \$150 million at retail.

This \$150 million figure is believed to be close to 25 per cent of the retail record business, and it makes rack sales more important than the record club business which is estimated at about \$100 million. Racks increased their share of market from roughly 18 per cent in 1960 to about 25 per cent in 1961, going from approximately \$100 million to \$150 million. Dealers still however control more than 50 per cent of the disk market.

Last year, 1961, was an important one for the rack jobbers, who initiated a number of moves to give their type of operations a firmer is happening more these days. and more profitable hold on the market. Many rackers consolidated their outlets by cutting down on unprofitable locations and concentrating more strongly on profitmaking outlets. Many of them entered the discount record business with special sales, special promotions, etc.

Racks also expanded into many different types of outlets. They are now servicing department stores and variety stores, greeting card stores, etc., in addition to supermarkets, drugstores and chains. On the latter, some rack operations are now handling national chains in their localities, like the Grant chain in Atlanta.

In some cases rack jobbers have ing in this country.

added full time clerks to handle the department. Rack merchandisers have also moved into active merchandising of records in their locations via green stamps, radio promotion, newspaper advertising and even personal appearances of disk artists at large locations. Move Singles Faster

Rack jobbers are also starting to get on new singles more quickly than they used to. Biggest dealer complaint about rack jobbers over the years has been that they would ride on the hits dealers made. Now racks are stocking new product more quickly and trying to promote them sooner.

Racks also have expanded the type of product that they put in their locations. Pop merchandise is still most important, but depending on the locality and the location, racks also use classical LP's, folk items, country disks, r. & b. albums, and specialty items like polkas, etc.

Threat to Distribs Actually the great growth of racks over the past three years is proving somewhat disturbing to distribs. Rack jobbers are now so large that some tradesters feel that they could cut out distribs and do all their buying direct from manufacturers, which some observers say

The largest racker of them all, Handleman, now has 11 branches in cities throughout the country, including the firm's home base of Detroit, plus Boston, Newark; Raleigh, N. C.; Louisville; Columbia, S. C.; Columbus, Ohio; Chicago, Philadelphia, Los Angeles and in Canada. Handleman covers discount stores, department stores, auto supply houses, drugstores and many Kresge and Woolworth out-

By BOB ROLONTZ and TOM NOONAN

NEW YORK-Tradesters expect that rackers in attendance at the NARM Convention in Miami this week will mount a behind-thescenes drive aimed at persuading major manufacturers to sell product direct. Some of the majors' low-priced product is already sold direct, but the rackers are anxious that this policy be made applicable to all product.

Among many indies, of course, there is considerable direct dealing with rack jobbers now.

Show Concern Conversations with execs of major diskeries indicate considerable concern as how to cope with the rackers' expected demands. On the one hand, the racks in toto do such a large volume of business that manufacturers feel that they are a tremendously important facility. They are a direct means of mass exposure for product. On the other hand, a key major manufacturing exec noted the disturbing fact that catalog, a most important element for the diskery stability, receives short shrift at the rack level, and that therefore more thought would have to be given to protection of the traditional distributor - dealer level of the business. He even noted the possibility of large manufacturers opening their own retail outlets at some future time, in order to ensure sufficient exposure for catalog product.

Another noted that the better of the rack jobbers-in his opinion "would achieve increased recognition."

Meanwhile, the majors are studying the changing merchandising scene very carefully - being anxious for the continued mass exposure supplied by racks, while

ad. It ran a separate ad on RCA Victor's "Ten Great Singers" (\$8.98) with the mat listing five other Red Seal offerings, headed "\$16 off."

Techtorn listed 17 leaders at 52 per cent off, ranging from Elvis Presley's "Blue Hawaii" (RCA Victor) to the Krips reading of Beethoven's "Nine Symphonies" (Everest). Music City (three stores) advertised 40 per cent off on the best of Columbia, Capitol, RCA Victor, Decca," offering "over 100 albums to choose from."

Chesterfield, in two separate ads, devoted one entirely to London, offering 40 per cent off on opera LP's, 50 per cent off on London classics (CM and CS series), and 30 off on all others in the London line. The second ad offered "our entire stock of Angel, Capitol and RCA Victor" at 50 per cent off, with 40 per cent off on complete stock of Westminster, Riverside and Folkways, and 30 per cent off on complete Columbia stock.

Art Grobart's Discount Record Center (two locations), offered entire Columbia line at \$2.39, with the label's double LP, "Magnificent Sound of the Philadelphia Orchestra," at \$2.19 (\$2.59 stereo), and its "Stars for a Summer Night" double LP at \$1.69 (stereo, \$2.49).

Hot Disk Sales Burn Atlanta

Continued from page 1

Drew and Gene Blaine, and WQXI with Hal Pickens and Red Jones were still considered by distribs to be the strongest in pushing record sales. However, WPLO, the Plough station in Atlanta, which had steered away from a personality jock format a while ago, apparently was returning to this policy, and was also considered important in making disks.

Stations WACK and WERD were key stations in starting rock and roll disks, which, if they got hot enough, often moved into the pop area. This city actually has always been strong on pop, country and r.&b. disks. One distributor pointed out that Station WFOM in Marietta, Ga., was becoming very important in getting new records started, and that if they became hits in Marietta, Atlanta stations quickly jumped on the records.

Excitement Builds in Seattle

SEATTLE—This Northwest city is swinging, according to reports from stations, distribs and dealers, and all indications point to a continuing upsurge throughout the summer months, thanks in large part to the World's Fair, opening here in two weeks.

For one thing, the demise of the top 40 station format has definitely not reached here yet. Currently there are three swinging stations pounding out the rocking pop beat, and local disk men characterize the scene as "a promotion man's dream."

"If you can't get a record played at one station, you just go to one of the others and get it played. Then if there is any reaction at all, the first one is forced into playing it too. He can't afford not to play it," said one promoter here.

Retailers expect to do well with the great influx of visitors due here for the World's Fair which opens officially Thursday (19). One retailer-noted that tourists have proven a good market, particularly those who come from small towns, since they see a bigger selection of product in city stores than they ever see back home. Retailers also are looking to at least two years of benefits from tourist, since plans are already under way to put the gigantic investment of the fair layout to use again for a second year in 1963, even though the title "World's Fair" cannot be used a second time.

WEEKLY MARKET ANALYSIS Col. Classical

No D. C. \$ for Remakes

WASHINGTON—A slowdown in singles buying here was attributed by dealers to lack of anything really exciting in new releases, and premature fall-off in radio play for good tunes which could have taken another reorder. Two dealers said too many new releases are all "remakes of previous hits," and "everybody's music sounds like everybody else's."

Seasonal factor in the slacking off of sales that have been unusually good up to the last week, is the income tax bite, the Easter buying of clothes, candy, and flowers taking up all spare cash. It remains for some swinging promoter to get disks into the Easter bunny basket—in color, maybe?

DJ Credits Aid Chi LP Sales

CHICAGO—The record market held steady here last week, with some dealers even noting a pickup-both in singles and albums. Increased radio promotion was credited for the latter. Dealers commented that disk jockeys were announcing album titles along with the specific bands played. A flood of visiting artists was also helping the disk business.

Joey Dee's "Shout" on Roulette appears to be walking away from the Isley Brothers' version of the same tune on RCA Victor. One of the city's top singles-playing program directors termed the Dee tune "a giant. . ." David Carroll's "White Rose of Athens" on Mercury continued to lead the same tune by the Chordettes on Cadence and Nana Mouskouri on Riverside.

The city's breakout pace for new material slowed but business in general was holding up and the weather and "a spring that we thought would never come" appear to be the most commonly mentioned reasons.

Philly Business Fair to Middlin'

PHILADELPHIA—Business was rated from fair to good here last week among record dealers, with at least two disks, Ernie Maresca's "Shout Shout," on Seville and "I Love You" by the Volmares on the Chex label reported as hot ones in addition to one new breakout, "I Sold My Heart to the Junkman" by the Blue Bells.

On other fronts, it appeared that at least two local disk entities were on the road to considerably expanded operations. On the other hand, Bernard E. Lowe Enterprises, operators of the Cameo-Parkway axis, were understood to be headed into additional show business areas. Washington reports recently revealed Lowe plans for floating a public stock offering.

Secondly, tradesters were watching the Raymond Rosen company with interest. Until recently, Rosen was distributor for RCA Victor exclusively. Late last year, the firm took on the Mercury line and more recently has added London and the London group of indie labels. The word here is that Rosen is continuing to shop for additional lines. Some dealers here have expressed the view that a condition of consolidation in the distributing picture, noted in other areas of the country, may gradually be coming about here, in which case some of the smaller distributors may be forced into diversification moves.

Meanwhile, the town was settling down again, following a colorful recent episode on a local radio station. Jazz group leader and bassist, Charlie Mingus, who was appearing in town, got wound up during an on-the-air interview on the Eddie Newman show, regarding the integration scene, in which he threatened to "shoot" a few people. Switches were cut quickly but not before enough went on the air to make the local papers. Later, on the Sid Marks show, Mingus conducted himself like a gentleman, it was reported.

Savoy Records **Expanding Its** Spiritual Lines

NEW YORK-Herman Lubinsky, chief of Savoy and its affiliated labels, is expanding his activity in the gospel and spiritual field. Heretofore, Lubinsky has put this category of disk product on the Savoy and Gospel labels. From now on gospel and spiritual material will also be released on the Regent, Sharp and Worldwide labels.

Tying in with this is an expanded release schedule. Sixty new gospel and spiritual packages are scheduled on the various labels, to be released at the rate of about 12 a month.

The field for gospel and spiritual product—and exposure for same is increasing, Lubinsky indicated.

Acts in the newly scheduled product include the Gospel Harmonettes, Davis Sisters, Ward Singers, Caravans, Prof. Alex Bradford, Gospel Redeemers, Gospel Giants, Harmony Five, Five Blind Boys, Rev. J. A. Tomlin, Royal Silvertones, Roberta Martin, Smith Sisters, Voices of Jordan, Rev. Lawrence Roberts and many others.

Is Up 50%

NEW YORK — Columbia Masterworks sales for the first quarter of 1962 have increased 50 per cent over the same period in 1961. Thes are store sales, not club sales, and they mark the sharpest rise for any quarter in classical sales in the firm's history.

According to Schuyler Chapin, Columbia Masterworks director, the large increase in sales of classical records for the firm can be attributed to three factors: 1) An exceptional job by the field sales staff in promoting Columbia classics on the dealer level; 2) recordings of bread and butter items, and strong artists.

Chapin said that the Philadelphia Orchestra under Eugene Ormandy and the New York Philharmonic under Leonard Bernstein had sparked the sales increase. He noted that Columbia's special two-LP sampler with the Philadelphians had passed the 80,000 mark in sales in about three weeks. He also said that such artists as Eileen Farrell, Richard Tucker, Pablo Casals' "Concert at the White House" and the firm's "Sviatoslav Richter at Carnegie Hall" albums, had also helped push up Columbia's classical sales.

Prep Big Push For John Cash

NEW YORK-A big buildup is being planned on behalf of Johnny Cash by his manager, Sol Holleff, and Cash's label, Columbia Records. One step in the promotion will ic an appearance by Cash at Carnegie from probably the second week in May. A subsequent booking will be at the Hollywood Bowl, and at the latter date he will be joined by Flatt and Scruggs, Columbia Bluegrass artists.

The music fair meanwhile continues to snowball public interest here.

Mayor Proclaims

Mayor Richard J. Daley has proclaimed the week beginning September 2 to be "Music and Sound Week in Chicago" and has urged "all citizens to welcome to Chicago the artists and businessmen who will participate in this outstanding event."

Schory announced that a "gigantic parade featuring leading bands and drum and bugle corps from all over the nation will march down lighting and staging facilities. Chicago's Michigan Avenue on Friday, August 31, heralding the open-ing of the show." Special event theater, constructed meetings, trade and consumer.

Network and local television coverage is also planned.

Special Events

A rundown of some of the events, including those aimed at the trade, include:

Record industry-Panel discussions and special presentations by leading industry specialists. Also instrumental clinic programs, vocal clinics, stereo hi-fi demonstrations, cultural symposiums and musical review.

The fair promises to be a giant by virtually any standards. Expected attendance is estimated at over 300,000. Of this figure, some Acoustic Research Corporation 20,000 dealers-record, hi-fi equipment, instrument and communications equipment-are expected to be on hand.

Exhibits

Exhibits will be open throughout the day, but restricted to the trade from 10 a.m. to 2 p.m. Special events aimed at the trade are being concentrated during the first five days of the show-for the convenience of dealers who can't afford to spend more than a week away from their stores, Schory said.

Exhibit space will cover some 200,000 square feet of space on the main floor of the plush new lakefront center. More than 40,-000 square feet of space, representing over 50 companies, has been sold.

THREE GOLD LP AWARDS GO TO **BILLY VAUGHN**

HOLLYWOOD—Dot artist Billy Vaughn was awarded three gold LP's in recognition of the fact that each had passed the million-dollar mark in sales (at manufacturer's level). The award-winning sales were certified by Recording Industry Association of America official accountants, Prager & Fenton. Gold LP's were presented for Vaughn's "Sail Along Silv'ry Moon" (released in March, 1958), "Blue Hawaii released (March, 1959) and "Theme From A Summer Place" (released February, 1960). ECONOMICS, PROGRAMMING, SELLING EXHIBITS AND CODE ARE MAJOR MEET THEMES

By NICK BIRO

CHICAGO—Broadcasters took a long, hard look at radio and decided there was nothing wrong that a few less stations and more vigorous adherence to the National Association of Broadcasters' code of ethics would not cure.

The themes of "economic bind, better programming and more agrepeated often during NAB's fourday conclave here last week.

Perhaps the keynote to the conclave was set by NAB President, LeRoy Collins, who took issue with pressures from the FCC, but also took his own industry to task for not enough self-regulation. Throughout the convention, radiomen seemed to agree that radio's problems could be handled by radio-and should be.

Kevin Sweeney, president of the Radio Advertising Bureau, urged stations to make greater use of the bureau, both to improve programming and hike their sales.

Citing figures that radio can outsell other media, Sweeney urged the industry to stress "sales not rating points." Sweeney also noted

that radio lacks acceptance, especially at the agency level. He urged the industry to make six improvements: (1) Eliminate confusion over retail or local rates. (2) simplify rate cards, (3) simplify the selling process, (4) clean up performance and billing procedures, (5) stir the agencies' creative juices and show agencies there is a place for creativity on radio, (6) gressive and creative selling" were find a system of measurement and give the number-happy agencies answers they want.

"What are radio's programming functions in a television era," asked Sweeney, "Four kinds of music, editorializing, talk, news, jingles, weather, contests and personalities," and they should be creatively used, he urged.

He urged stations to "throw action is taken to solve the indus-

CHICAGO—Radio broadcasters are in the midst of a dramatic dilemma. This was pointed up by developments this week at the 40th Annual Convention of the National Association of Broadcasters, where the twin problems most emphasized were the economic pinch facing radio and the simultaneous pressures on the medium to clean up its programming and commercial policies.

Thus, while they are scrambling their own leaders as well as by All of the program services FCC Chairman Newton N. Minow tion should they not police them-

The influence of the Code Review Board, headed by Cliff Gill, president and general manager of KEZY, Anaheim, Calif., in induc-ing stations to drop the booze plugs, may prove the radio industry's most effective argument in convincing FCC Chairman Minow that government rule-setting is un-

necessary.

It is known that the commercials have been airing in numerous key markets. In the New York area, they have been heard on WVNJ. Newark. They had been on six different outlets in the Los Angeles area, and Gill confirmed to BMW that all six stations-none of which was a Code subscriber-had agreed to drop them. "Minow didn't say anything we haven't been saying privately ourselves."

As promised, the sound medium drew the attention of the FCC chief last year's NAB convention. Minow underlined the two big problems facing radio today: the economic pinch and need to improve commercial and programming practices. The relationship of these problems, and Minow's awareness of AM's attempts to improve its image was shown when he said: "Radio is slowly developing a new personality-its own unique personality. It is trying on new clothes. It is sowing seeds of creative rebirth. Quality Operation a Must

Ellis replied to broadcasters who say they would like to run a quality station, but can't afford it by saying: "You can't afford to do otherwise. A quality operation will give you new strength and stature in the community, make your station a more attractive and more effective advertising medium, and insure steady, loyal and satisfied listening."

He urged the following as among things radio operators should do: begin with the thesis that good broadcasting is good business; aim to program a bit above the demands of your listeners; try to run a stimulating, challenging and interesting station; stick to your rate card and the Radio Code; try to make every program more important each week or month; young people; teach your staff that all aspects of its programming are part of a chain no stronger than its weakest link; make your station listen to yourself; move ahead to Other remarks by Ellis were meet new challenges that will arise.

BILLBOARD MUSIC WEEK

INTERNATIONAL **NEWS REPORT**

AUSTRALIA

Concentrate on Film & TV Music

By GEORGE HILDER 19 Todman Ave., Sydney

For the past two months, record companies have been concentrating on releasing theme music from films and TV shows. This type of music will continue during April with Festival Records, leading with the Ampar album, "The Valiant Years." EMI is rushing through two sound-track albums, scheduled for release at Easter, "Tender Is the Night" and "State Fair." A.R.C. is issuing two United Artists albums, "Hit Instrumentals From Western TV Themes" and "Motion Picture Themes a la Dixieland."

John Laws, Festival artist and a Sydney disk jockey, has been stricken with polio.

Radio Chart

Dion's "The Wanderer" has, after 14 weeks, made No. 1 slot in 2 UE's Top 40 with Floyd Cramer's "Chattanooga Choo Choo" in second place. . . . Johnny O'Keefe's single, "I'm Counting on You," which made the top two months ago, is not so lucky with his latest single, "Sing," which after reaching 10th position this week, has slipped down to No. 12.

Pepsi-Cola organized a record gimmick with Mobilgas service stations throughout Australia plus a national radio campaign with the issue of a six-track EP from "The Lion Sleeps Tonight." They Startime Records. Public is invited wrote very humorous lyrics and group's material will be issued by still riding the charts. to call at local gas stations, produce although the record was released a six Pepsi bottle tops plus six shillings to receive a copy of the disk. . . . Lucky Starr's new Festival release, "I've Been Everywhere," has so much pre-release airplay that it has been decided to put the record in the shops by the end of March.

During the past two months, disk jockeys have canned three tunes which headed BMW charts, "Hey! Baby," "Please Mr. Postman" and "Duke of Earl." The decision was that these disks were too rowdy.

AUSTRIA

German 'My Fair Lady' Should Hit

By FRED ZILLER Vienna, Austria

A medley of the music from "My Fair Lady" has been released in Austria in German version on the Polydor label. The album, both in mono and stereo, has on it leading Polydor artists. Starring Peter Alexander, Cissy Kraner, Sandor Konya, Herta Talmar, Willy Millowitsch, the Hazy Osterwald Sextet and many others under the direction of Kurt Edelhagen, the album seems a bess seller on the Austrian market.

As the tango becomes more and more popular the song "Tanze mit mir in den Morgen" by Gerhard Wendland (Philips) becomes a hit.

Business

Gerhard Mendelson, head producer of Polydor-South (Vienna-Munich-Monaco) and composer Werner Scharfenberger, who just came back from a business visit in New York, stated that Connie Francis will make more German tunes for the MGM label to be recorded in Vienna this month. Also, there will be an extended co-production between MGM and Polydor-South in near future.

Austrian Columbia (Electrola) announced that the U. S.-Liberty label will be available in this coun-

BELGIUM

She Didn't Win But Conny's Sales Zoom

By JAN TORFS Stuivenbergvaart 37, Mechelen

Conny, who represented Germany in the Eurovision Song Festival, was considered one of the biggest favorites before the contest began. Her song, "Zwei kleine Italiener," was a light, sparkling, gay and commercial song to which most of the Belgian public opinion gave their votes. Although she did not win, her record is selling twice as strong here as before the song contest and has a good chance to hit the chart in the next few weeks.

Disk News Jacques Brel, one of Belgium's most outstanding artists, has left the Philips label and is now recording for Barclay. . . . Flemish songstress Rina Pia, who left the Barclay label in February to sing exclusively for Decca, just made her first recordings for her new label. On an EP she sings four tangos under the direction of

Four young men from Antwerp, the Strangers, made a best seller out of "Oek'ndana," a Flemish ing (under Philips auspices) next starring Richard is soon to be version of the well-known song, very short time ago, sales already it will become available through

Etienne Verschueren.

Elvis Presley's latest recording "Good Luck Charm b-w "Anything That's Part of You" made its entrance on the Belgian market. Inelco (distributors of the RCA label) did not wait to get the dealers' orders, but immediately sent the records to the shops, knowing the dealers were impatiently waiting to get them.

As we predicted, Paul Anka's "Love Me Warm and Tender" made its rush to the top and even pushed Chubby Checker's "Let's Twist Again" out of the first seat. The same thing happened with Joey Dee's "Ya Ya" and Cliff Richard's "The Young Ones," now holding top places. These four records may be called "The Big Four," for all others have lower sales averages.

Joey Dee's Disk Breaks Through

By JAN TORFS Stuivenbergvaart, 37-Mechelen

A big break through by Joey Dee's "Ya Ya Twist" was scored here last week. Another big newcomer is Conny Froboess' "Zwei kleine Italiener." Although she did not win the Eurovision Song Contest with this song, a few days after the song contest, the record sold over 10,000 copies. Undoubtedly, as far as the Benelux countries and Germany are concerned (the record is No. 1 in Germany), this is the hit from the Eurovision 1962.

Ronnie Carroll represented Great Britain on the contest with the song "Ring-A-Ding Baby." A Dutch version was issued on the Palette label by Hans Boskamp. . . . Under the Royal label (a new one), Discovogue released two brand-new tangos: "Tango dei Barbudos" and "Fidel Tango." The latter one is dedicated to Fidel Castro. The record begins with a

lot of machine guns and rifles

shooting.

BRITAIN

EMI May Launch New Subsid Label

By DON WEDGE News Editor, New Musical Express

EMI Records is planning to launch a new label. There is no official word yet, but the idea seems to be an oft rumored one of it will be similar to British Decca's London label, which handles all the product not allocated to a specific mark for which Decca has rights in deals with American indies. It has grown to be looked on as a principal source of U. S. hit mate-

At present, EMI's British releases from U.S. indies are spread on the three main labels-HMV, Parlophone and Columbia. There is also Top Rank with EMI acting as British member of the co-operative, but the new label idea has led to speculation on the future of Top Rank here.

Pye Records, with its Pye-International label, already has its focus point for U. S. hit releases. Philips Records seem to be developing Fontana as its prime outlet for material from U. S. indies-now possible with the change in the exclumonth.

Other Deals

British Decca has obtained the local issue rights to two songs from the U-A film "Road to Hong Kong," starring Bing Crosby and Bob Hope, which has just had its London premiere. Decca issued a single last week-a Hope-Crosby duet, "Teamwork" b-w "Let's Not Be Sensible" on which Crosby is joined by Joan Collins.

launched by Decca. Called London-Globe, it will concentrate on disks made overseas other than in the U.S. In effect, the series will add to the few outlets for Continental material. LP's and EP's only are planned.

Pickwick International topper Cy Leslie was in London briefly from New York. He met several manufacturers on a trip to "determine the market situation" for his firm's product. Much of Leslie's material had earlier been available on Gala, a low-price line now inoperative. Leslie told BMW that it seemed likely he would set up a deal with Monty Lewis, who used to head the Gala set up.

French Covers Stop Imports

By EDDIE ADAMIS 92 quai du Marechal Joffre Courbevoie (Seine)

As a result of the nationalistic movement in the music business here, French radio stations play more and more French record artists and fewer imported records, with an exception for some special programs devoted, for instance, to jazz. This nationalistic trend is pointed up by the fact that French cover records on foreign songs generally outsell the original rec-

On the other hand, in an article on the Eurovision Song contest, the music publication Discographie Française declares that since three French songs are among the first three winning tunes, the nationalistic movements is nothing but a move to protect private interests.

Jacques Brel, who recorded for Philips, has been signed up exclusively by Barclay Records.

The underground war fought between great diskeries to get the few good selling artists of the French market is spotlighted by the fact that Barclay and Philips run ads promoting practically the same songs with the same slogan: "Tunes that made Jacques Brel's triumph at the Olympia." The only practical result will be double performing rights and royalties for

Pitney, who just scored big with the pic title tune from "Town Without Pity," can duplicate that success with this one inspired by the up-coming pic, "(The Man Who Shot) Liberty Valance." Juke Box Op & Disk Jockey Hold Mystery Tune Contest

By ELTON WHISENHUNT

LITTLE ROCK-A music operator, a radio station and a disk jockey joined forces recently in a highly successful promotion which doubled collections for operators over a period of several weeks with a "mystery record" treasure hunt.

Stan Field, disk jockey for Station KXLR, approached H. F. Bryant, owner of Deluxe Novelty Company, with the idea.

Field cut a record. Bryant, cooperating, put it in on one of his boxes under another title strip. Field began the hunt, telling lis-

teners about the mystery record and whoever found it would receive a \$250 radio-record player combination.

At each of his shows, Field would broadcast a clue. At first, he told listeners it was in Little Rock or North Little Rock (across the Arkansas River, which runs through the center of the city).

Next he narrowed it to "west of Main Street." One clue was "Royalty has something to do with it." (The record was on a Rock-Ola Princess juke box, which Bryant

JAZZ MAKER

World-Pacific

Celebrates 10th Yr.

Pacific Jazz-World Pacific record '40's) to the jazz limelight. firm this week marks its 10th anniversary, and heads toward its second decade in business as convincing evidence of the growth of the jazz market in general, and which led to The Three Montgomone man's achievements in the specialized field in particular.

Ten years and 200 LP's ago, Bock launched his Pacific Jazz label with a total investment of \$350 and "a burning desire to record Gerry Mulligan." Bock's sales viously with Count Basie). during the past year grossed \$750,-000, and in view of his current business tempo, Bock expects to pass the \$1,000,000 sales gross point during 1962 (all figures at retail). The firm's product is sold on the foreign market, with Philips handling it in Europe, EMI in England and Australia and Cosdel in the Far East.

The record company, remaining almost entirely in the jazz realm, has expanded into other facets of the record business, moving with a measure of sales success into the comedy, spoken word, folk, Latin and Asian music fields. From its meager beginnings (first office was in back of a drum shop), it boasts a currently active album catalog of 160 titles, pushes jazz singles, (38 in its current catalog), has its own recording studio (a fully equipped three-track stereo facility which it also rents out for custom dates), and an artist roster with proved sales appeal.

Star Makers

The most impressive plume in Bock's disk cap remains the number of important artists whom he brought to the fore through his Pacific Jazz-World Pacific operation. Almost all of them made their disk debut under Bock's wing, while a number of others were either brought out of retirement or reintroduced to the jazz market in a way that established them as important properties.

Bock caught Mulligan at a local spot called The Haig, and decided to give him his disk debut as a quartet. His first album, recorded in 1952, was "The Gerry Mulligan Quartet with Chet Baker," and it marked the Pacific Jazz label's debut as well. The package proved a commercial success. This soon led to others, including "The Laurenda Almeida Quartet with Bud Shank," similarly providing these two their initial disk appearance as featured performers.

Discovered Hamilton

Pacific Jazz found Chico Hamilton appearing at Lawrence Stroler's club in nearby Long Beach and was the first to introduce the now well-known Chico Hamilton Quintet. The label was the first to spotlight Bill Perkins and brought back Harry Edison (a well-known

Snetiker to Form Own Music Firm

NEW YORK - Sam Snetiker will exit his post as treasurer and business manager of Frank Music July 1 to establish his own firm in the music field, it was announced last week. Gave McCann Exposure

Bock found Les McCann at a spot here called The Bit, and gave him his disk debut, and he now has emerged as one of the label's top sellers. In the comedy field, Bock to the stunt, first gave disk exposure to Carl Reiner and Mel Brooks with their successful "The 2,000 Year Man" LP which Bock later sold to Capitol Records.

Bock's firm has created a group, "The Jazz Crusaders," whose initial LP rates high among jazz sales in the local market, a fact which, according to Bock, is being reflected in other key jazz markets.

Indicative of the stature and commercial appeal of Bock's talent finds is the fact that a number of the artists have been grabbed by larger labels. In addition to the Carl Reiner-Mel Brooks move to Capitol (as part of Bock's sale of the master), Chico Hamilton now is part of the Columbia roster, Gerry Mulligan is with Verve, Laurenda Almeida is with Capitol, Lambert, Hendricks and Ross is on Columbia, Gil Evans is on ABC-Paramount, to name a few.

The New Ones

New artists currently getting the Bock build-up, in addition to the Jazz Crusaders, are pianist Claire Fischer (former musical director for the Hi-Lo's), Joe Pass and the Cynnanon All-Stars (disk revenue going to the rehabilitation center), trombonist Tricky Lofton, drummer Ron Jefferson, and Bubble Bee Slim, blues singer of the '30's, being brought back out of retirement.

Charge Texas Couple With Doing Things In Too Big a Way

HOUSTON-A former Houston couple pleaded not guilty to taking the Columbia Record Club for an estimated 5,000 records by joining the club repeatedly under phony names.

Luke Webb Henson and his wife, Mrs. Jean Clark Henson, were arraigned on 15 counts of mail fraud before U. S. District Judge James Noel. They were arrested on February 12.

Assistant U. S. Attorney Morton Susman said the indictment covers \$2,187 in records ordered from the club from mid-1960 until mid-1961. He said the records were ordered under 42 different names. Forty-four more orders were not filled by the record club, he said. The U. S. prosecutor said about 5,000 records apparently were in-

Some Fun in Air As Stations Pull April Fool Stunts

NEW YORK-Disk jockeys and stations had a lot of fun spoofing Top 40 on April Fool's Day last

Station KOL, Seattle, replaced its regular Top 40 sheet with an "Original KOL Goof-Off April Fool Project 40" listing, described as "un-fair, un-just, un-believable and phony."

The special Top 40 included such titles as "Slow Twistin" by Jackie Gleason and Ella Fitzgerald on the Necessity Label, and "I've Got Bonnie by the Throat" on Fang Records.

Various reference marks advised readers that a disk was "coming on weak," "not recommended for adults," "heard last on KOL"; while an "X" indicated "lots of payola on it." Program director Jomn Stone reports "great reaction"

Dale Kemery, WPOP, Hartford, Conn., used the WPOP Top 40 list from March 30, 1949, on his new set titled, "More Best of the April 1 show. From noon to 6 p.m., Kemery played only the old To back this part of the plan, a Today, in addition to McCann, Top 40 disks. Adding to the confusion, he introduced each disk with the title of a current Top 40 favorite. Although the station's switchboard "was jammed all afternoon with calls from people wanting to know what the nut at WPOP was doing," Kemery didn't let them in on the gag until he signed off with "April Fool."

Atlantic & Atco Offer Spring Deal

and its subsidiary label, Atco, are offering distributors a spring album deal, whereby the distribs will receive one free LP with every seven purchased.

The program, tagged "Spring Will Be a Little Great This Year, runs from April 10 through May 10 and covers both labels' entire catalogs (stereo and monaural) including five new Atlantic releases and two new Atco packages.

The new Atco LP's are by Bobby Darin and Acker Bilk. The new Atlantic release includes packages by Charlie Mingus, Herbie Hampton, Carl Holmes and the Commanders, and Slide Hampton and his ork.

Harvey's Picks Up Opry Segment Tab

NASHVILLE-Harvey's, Nashville's largest department store, is sponsoring a portion of "Grand Ole Opry" on Station WSM to promote its new, remodeled record department. The first show was broadcast March 31 and featured country singer Faron Young.

In addition to promoting overthe-counter sales, the "Opry" program will offer listeners the opportunity to purchase country and western records and albums by mail. A special album or package of singles will be offered each week. Young's "Hello Walls" album was featured on the March 31 show. A special bonus of Faron's latest single, "Three Days" b.w. "I Let It Slip Away," and an autographed photograph of the "Grand Ole Opry" artist was given with each order.

By Ahmad Jamal Against Jet Mag

CHICAGO—Jazz pianist Ahmad Jamal will file a \$1,000,000 suit against Johnson Publications in Circuit Court here charging libel Roger Threlfall, previously joint and defamation of character from a series of three articles published by Jet magazine last March.

> Jamal's attorney, Lincoln T. Beauchamp, and press representative, Frank Holzfiend, said the artist would ask for a jury trial.

> Holzfiend commented that Jamal felt the articles severly injured his enterprises, picturing him as a reckless, careless individual who sacrificed his home life and was not financially responsible.

Cites Record Income

Holzfiend noted that an important part of Jamal's income came from public performances and records, and anything picturing the NEW YORK - Audio Fidelity artist in a derogatory manner was damaging to his career.

> Beauchamp noted that pictures first used by Ebony magazine in a favorable article in October. 1961, were published last March by Jet with different captions implying they were current. Beau-

ALBUM REVIEWS

POP

THE ELECTRIFYING ARETHA FRANKLIN

Columbia CL 1761 (M) CS 8561 (S)-The title aptly describes this up-and-coming thrush. She has a fine driving style with strong gospel roots, as she has already proved in an earlier album, plus several good singles like "Rock a Bye Your Baby," which is included here. Also here are "I Surrender Dear" and "Rough Lover," her latest single coupling, plus "Lucky Old Sun," "You Made Me Love You," etc. A standout performance that should get much play.

VICTOR HERBERT ON STAGE

Roger Wagner Chorale and Ork. Capitol T 1707 (M) ST 1707 (S)—A collection of some of Victor Herbert's most popular melodies are handled here in delightful fashion by the Roger Wagner Chorale. The selections include such favorites as "Ah! Sweet Mystery of Life," "A Kiss in the Dark," "Kiss Me Again," "Tramp, Tramp, Tramp, Tramp" and "Thine Alone." An LP that should have much appeal, especially among older fans. Special price deal ALL AMERICAN will also attract.

ALL AMERICAN

All Stars. Columbia CL 1791 (M) CS 8591 (S)—Columbia has utilized an ingenious idea to showcase the score of the new Ray Bolger musical comedy. Each tune is accorded instrumental treatment by contrasting artists. The results are eminently programmable for almost any type of station. Line-up includes sides by Andre Kostelantez, the Dukes of Dixieland, Bobby Hackett, the Banjo Barons, Les Elgart, Marlowe Morris, J. J. Johnson, Lionel Hampton, Art Van Damme, and Jerry Murad's Harmonicats.

Jazz

THE SOUND OF SPRING

Ramsey Lewis Trio. Argo LP 693-Intelligent planning and pacing should make this album as big a hit among pop buyers and deejays as with the jazz customers. The album is split into two different moods: Side 1 features the pianist's trio against a string background, while Side 2 shows off the trio alone. With strings the set swings as well as floats, from medium tempo finger poppers to BEETHOVEN: SONATA NO. 17 IN D MINOR; lush ballads ("Blue Spring" and "Spring Is Here" are two outstanding examples). Another knockout track is the funky "Spring Fever" which leads the side featuring the trio alone.

ANDRE PREVIN AND J. J. JOHNSON

Columbia CL 1741 (M) CS 8541 (S)—The combination of Andre Previn and J. J. Johnson playing Kurt Weill songs is a mighty potent one and this very satisfying disk could do well in both the jazz and hip pop market. Previn PUCCINI: MADAME BUTTERFLY gets a chance to show off some very attractive piano work, and Johnson's trombone makes for a warm blend. Tunes include "Mack the Knife," "The Bilbao Song," and songs from other Weill operettas. Supporting the two stars are Red Mitchell on bass and Frank Capp on drums. Strong wax for two markets.

Earl Grant. Decca DL 74188 (S) DL 4188 (M)—Another fine instrumental album from Earl Grant. The organist fits beautifully into the "sweet-with-a-beat" pattern on this set. The slow ballads are played with a strong feeling and with a simple affection for the melody of the standards included. The album is tops for adult dance programming and easy listening formats. Among the better tracks are "Moonlight in Vermont," "Mood Indigo," "Get Out of Town," "All the Way."

TWIST PARTY VOL. 2

The Ventures. Dolton BST 8014 (S) BLP 2014 (M)—The Ventures' sharp guitar combo sound has resulted in solid chart action with both singles and albums and here's another package of rocking twist rhythms bound to catch a lot of play and counter action. This second in their twist party series offers uptempo eight-to-the-bar versions of "Red Wing," "Swanee River," "Besame Mucho," etc., "good for twisting or any uptempo dancing," as the liner

GEORGE GREELEY PLAYS GEORGE GERSHWIN

Warner Bros. W 1451 (M) WS 1451 (S)—George Greeley turns his attention to Gershwin on this new release with good effect. He performs a flock of Gershwin favorites with verve, warmth and feeling over lush ork support. Pianist does exceptionally good job with "Someone to Watch Over Me," "Rhapsody in Blue" and "Bess You Is My Woman." "An American in Paris" and "Prelude No. 1" are also on the LP.

Various Artists. Columbia KOL 5760 (M) KOS 2160 (S)— Charles Strouse and Lee Adams did fine with their first Broadway outing in "Bye Bye Birdie," and this second work can also grab much attention. The score to the Ray Bolger starring vehicle has its really delightful moments, and Bolger and cohorts, Eileen Herlie, Ron Husman and Anita Gillette, along with a fine chorus, bring them all to life in this book-fold package. Colorful action photos adorn the package inside and out. Should be a fine seller.

Classical

FRENCH MUSIC FOR PIANO—FOUR HANDS

Robert and Gaby Casadesus, Pianists. Columbia ML 5723 (M) MS 6323 · (S)—Exceptional performance of French music for four hands by Robert and Gaby Casadesus. The works include Debussy's "Petite Suite," Satie's "Three Pieces in Pear Form," Chabrier's three "Valse Romantiques" and Faure's "Dolly." They are played with style and musicianship by the pianist here, and the sound is exemplary.

SCHUMANN: FANTASIA IN C MINOR.

Sviatoslav Richter. Angel S 35679 (S)-Although this is the fourth or fifth Richter album to come in the past few months, it should sell well, too. It spotlights an exceptional performance by the Russian pianist of Beethoven's "Sonata in D Minor," and Schumann's "Fantasia in C Major." Recording was made in England in the fall of 1961, and the sound is first-rate. Strong classical item.

Andre Kostelanetz and His Orchestra. Columbia CL 1787 (M) CS 8587 (S)—Here's another solid package by Kostelanetz with strong appeal for beginning collectors and opera music fans. The lush instrumental treatment of the romantic Puccini score should meet with the sock sales success enjoyed by Kostelanetz' previous Opera-for-Orchestra versions of various works.

SCHUBERT: SYMPHONY NO. 9 IN C MAJOR

Philharmonic Orchestra (Klemperer). Angel S 35946 (Stereo)—Klemperer's view of this symphony is on a grand and noble scale, with tempos very much on the slow side, as is his wont. While many prefer a brisker attack, there is a huge following for whom the Klemperer approach is above reproach, and they will certainly be attracted to his version of one of the greatest of all symphonies. Should be a strong item. (Continued on page 40)

Each of the three gets a chance to shine in the lead spotlight on the selections, which include such as "Earth Angel," "To Know Him Is to Love Him," "Eddie My Love," "Tears on My Pillow," etc. Strong performances, all with neat backings. NIGHT CLUB REVIEWS

Shani Wallis Has a Knowing Way

Shani Wallis, a pert redhead from London, demonstrated a smartly sophisticated act and a knowing way with special material in her opening last week in the Hotel Plaza's Persian Room. The gal also showed solid, musical-comedy slanted vocal talent, a bit reminiscent of Julie Andrews, despite a serious bout with laryngitis, an afflication which seems to befall every British night club artist to hit these shores.

Miss Wallis has had a load of experience on the musical stage in both London and Australia, performing leads in a number of exported American vehicles and her selection of tunes from these, including, "How Are Things in Glocca Morra," "Wish You Were Here" and "Just in Time," drew an enthused reception.

There's a neat sprinkling of saucy special material numbers which pleased, too, although some of the lines sailed right over the heads of the Persian Room patrons. A saga of a stripper, done as a parody of "Surrey With the Fringe on Top," was a highlight. Gal is pretty and has an abundance of talent, and her disk activity has been limited so far to the Philips label in Britain, with no exports here. With more exposure, particularly on TV, she'd be a good bet for Stateside diskers as well. Ren Grevatt

Bruce Still Gives No Quarter

The paradox that has caused so much controversy to swirl around the head of Lenny Bruce continues. In his current Village Vanguard performance, the comedian-crusader with a penchant for expressing himself in vivid language, gives no quarter to his critics.

He continues to preach against suppression of the individual liberties in its many forms, using his colorful patois and quick, incisive imagination to illustrate the absurdities and contradictions of contemporary norms in hilarious terms. There is the feeling, however, that some of the really funny stuff is broiled to a grotesque turn, something that shocks and pleases the very people Bruce is crusading against, and fills his admirers with embarrassed concern for his obvious public self-analysis. Through it all Bruce remains in a league by himself, a man with lightning wit, graphic imagination, and a deep sensitivity for Jack Maher humanity.

Unreleased air checks with the Count Basie ork include a fine version of "I Can't Get Started" which spots a Pres and Billie duet.

With the album is a booklet with many photos and a preceptive commentary on Billie's life by jazz critic Ralph Gleason. John Hammond, who oversaw the project, adds a pertinent introduction. The set was produced by Frank Driggs. This worthwhile Columbia release should find a lot of approval in the marketplace.

ARTISTS' BIOGRAPHIES

For your programming use, here are pertinent facts about hot disk artists. If clipped and pasted on 3 by 5 cards, these biographies will help you build a convenient file of such data.

DEE DEE SHARP (Cameo)

PERSONAL MANAGERS: Henry Colt and Kal Mann. BOOKING OFFICE: GAC. REAL NAME: Dione LaRue. BIRTHDAY: September 9, 1945. HOME TOWN: Philadelphia. EDUCATION: Presently a junior in high school. HOB-BY: Driving. BACKGROUND: Young Dee Dee Sharp started her vocal career, as many others have, by singing in a church choir-her grandfather's-at an early age. An apt pianist, Miss

Sharp took lessons for a year, and with two girl friends began to make demos for various companies as the background vocal group and piano player. Cameo Records found her when in answer to a newspaper advertisement for a "girl who could read music, play piano and sing," Dee Dee Sharp was hired to do the background for a Cameo demo disk. But it wasn't until months later, when Cameo chief, Bernie Lowe, heard the gal and favored her swinging vocal styling that she was signed to a contract and produced a hit single on her first waxing.

LATEST SINGLE: "Mashed Potatoes" is the name of Dee Dee Sharp's hit debut disk. It is currently making great strides on the Hot 100. LATEST ALBUM: The teen-age thrush's first LP, tagged "Mashed Potatoes," of course, will be released in the near future.

JOHN D. LOUDERMILK (RCA Victor)

AGE: 26. HOME TOWN: Durham, N. C. EDUCA-TION: High school. BACK-GROUND: Loudermilk herited his musical ability from his mother, who played guitar and taught John D. to play the ukulele, one he built himself when he was only 8. Two years later, he was singing and playing the guitar on a local morning radio program. In high school the young lad recruited four friends and or-

ganized a band called the Pine Toppers. In addition to playing guitar, the boys learned to juggle and became the hit attraction of the county. After graduation from high school, however, the group dispersed and Loudermilk and his guitar began touring. In 1954 he abandoned his travels and took to television, where he soon was performing in a small combo in addition to his production chores. It was during this time that he got the bug for writing and came up with such hit tunes as "A Rose and a Baby Ruth," "Sittin' in the Balcony" and "One Thousand Concrete Blocks," and others. The versatile artist was soon signed to a recording contract. He was pacted to the Columbia label before his current contract with RCA Victor Records.

LATEST SINGLE: His second single for Victor to hit the Hot 100 is titled, "Thou Shalt Not Steal." PREVIOUS HIT: "Language of Love."

PROGRAMMING PANEL

If you have a provocative question to ask the nation's disk jockeys, please send it to this department, 1564 Broadway, New York 36, N. Y. Your name will be credited when it appears.

THE QUESTION

Do you have any suggestions for manufacturers on originalcast and/or sound-track albums?

THE ANSWERS

ABRAM CHASINS WQXR, New York

Too few supply sufficient or even

accurate information. I would ascribe this to the hast with which such albums are produced, and also that liner notes are written before the LP's have been executed. Often the liner notes and the labels do not

jive. Dates are too often either missing or inaccurate. The same is true of timings. Sometimes selection are used that have words in questionable taste, and therefore become unusable to radio stations with high standards. As for soundtrack music, especially from foreign films, we often find unresolved harmonies at the end of selections, faded out due to the necessities of dialogue or action.

DR. ABE LAUFE KDKA, Pittsburgh I would suggest the following:

1. Include names of the performers of each song on the jacket as well as on the record. 2. If possible, record songs in the order of appearance in the show. 3. Whenever possible, include the over-

ture and/or entre-act music, particularly when emphasized as melody. 4. Songs which depend on gestures or stage movements come more alive if cover notes include explanations.

Polydor Planning German Disk Acts Singing in English

NEW YORK - Polydor, pop wing of Deutsche Grammophon, is seriously considering having its top German artists invade the American record market with disks with English vocals, cut in the United States. BMW's Page One story, regarding the Baltimore market, should have listed station WWIN as one of the local outlets credited with helping break out new releases.... Although a WINS (New York) exec reported WDRC, Hartford, Conn., as one of several outlets readying all-Sinatra-marathons, Charles Parker, assistant general manager of WDRC, says it's not so. He writes "Sinatra, who's hel Unless Chubby Checker is going under an assumed name, we are not programming any Sinatra-only broadcasts. We like Frank and we play him on occasion, but we haven't gotten carried away. Like, we dig the rock."

GAB BAG: Johnny Knorr, program director of WTRN, Tyrone, Pa., writes: "I sure need help. Our station burned March 25 and we lost our entire record library and are in desperate need of shipments from all companies. We sure do need material. I think we have started a new trend. We only have the Top 19 (disks) so we have switched to the Top 10 and Wow!"

CHANGE OF THEME: Roger Ferrier has joined KISN, Portland, Ore., in the 9 a.m. to noontime period. He will use the air name-Roger Hart-and KISN has ballyhooed his arrival with the slogan "You've got to have Hart." ... Bill Jones, formerly with WIBG, Philadelphia, has returned to WMEX, in his home town, Boston. . . . Dick Williamson, a staffer at WIND, Chicago, for the past four years, has signed a new five-year contract with that outlet.

Station WEBR, Buffalo, dropped its "Sing Along" music format last week and adopted a "Sound of the City" format, a variation of the themes used by KSFO, San Francisco.... Mel Leeds, formerly manager of KDAY, Los Angeles, has joined KBLA, Burbank, Calif., as manager, with Bruce Wendell as music director. . . . According to Al Kelly of Philadelphia, Bill Jones has left WIBG, Philly, to join WMEX, Boston. . . . New staffers at KSO, Des Moines, Ia., are Don Bell as morning man and Phil Thomas as promotion director. Larry Mitchell is new music librarian at KEWB, Oakland, Calif., and Patricia Rogers is public service director.

Pat Turner, ex-WBEC, Pittsfield, Mass., has joined WINF, Hartford, Conn., in the 9:30-10 a.m. time period. . . . Morrie Carlson is a new member of the "Big 5" deejay staff at WLOL, Minneapolis. Also, on the deejay-station trek, but in New York, to promote a flick and two disks was Miss Valori Weston, "Miss Disneyland for 1962." WITH THE COUNTRY JOCKEYS

By BILL SACHS

Bob Ross, formerly for nine years in Niagara Falls, Ont., with his "Western Wind-Up," has moved to CHIQ, Hamilton, Ont., where he inaugurated a new seg, "Country Music Time," Tuesday (10). . . . Skeeter Dodd, formerly associated with "The Texas Tiny Show" on KGER, Long Beach, Calif., where he served as stand-by deejay for the big Texan, is now emsee-d.j. on "Country Music Spectacular," which recently made its bow on WCAW, Top 40 station in Charleston, W. Va., Show is aired at 10 p.m. on Fridays and runs until the cows come home-6 a.m. Saturdays. The seg, billed as "The Best in Bucket Kickin', Country Pickin'," is made up of local talent, balanced off with recorded c.&w. music old and new. Reception to the new program has been exceptional, Dodd reports. The unit makes personals in the territory in a tie-in with the Doctor Pepper distributor in Charleston. Dodd says he has plenty of old records but is lacking in new c.&w. and gospel wax. He asks that artists and diskeries put him on their lists for new releases.

Virginia M. Schepis, 285 Turk Street, San Francisco 2, invites c.&w. deejays to write in on their station letterhead for a copy of Blackjack Wayne's new Decca release, "Life Sure Changes" b.w. "Holding Hands for Joe." . . . Leroy (Lucky Leroy) Marvel has replaced Bob Clark in the 6 p.m. to midnight slot on KGUL, Fort Worth-Dallas 50,000-watter. . . . Mark Raymer, free-lance record promotion man, is now spinning country wax on "Country Music Show Time" over Sta-

tion KVAN, Vancouver, Wash., and says he is set for a deejay post on a new TV station slated to pop there soon. Mark puts in a plea for station-break tapes and releases from artists and the various diskeries. His address: 1701 East Burnside, Portland 14, Ore.

Lee Nichols, manager of Mack

Sanders' all-country station, KOOO, Omaha, the last two years, has resigned to take a post with KRMG, 50,000-watter in Tulsa, Okla. Jack Coppersmith, former manager of KIRL, the Mary Pickford-Buddy Rogers station in Wichita, Kan., has replaced Nichols at KOOO. .. Bill Anderson pipes that he has available deejay samples of his new Decca platter, "Get a Little Dirt on Your Hands" b.w. "Down Came the Rain." Put your request on your station's letterhead. His address: Melrose Box 9295, Nashville 4. . . . Kenny (Kissin' Cousin) Speck, deejay at WCNS, Canton, Ohio, is slated for an early recording session at B-W Music, Inc., Wooster, Ohio. It will be the spinner's first venture into the record field as an artist, although he has appeared as a singing guest on numerous c.&w. shows in the Ohio area in recent months.

Al Lynch, serving as staff sergeant with the USAF in Okinawa, is doubling as a moonlighter on KSBK, the island's only English-language commercial radio station. Wonderful Weekend of Music," a new series of programs hosted by Jim McCann on Saturday and Sunday morning and afternoons, and by Hal Woodard in the evening. . . . Barry Smith is new music director at KLEO, Wichita, Kan., and Marc Alan has replaced Bob Freeman as program director. Freeman has moved into sales. Additional staffers now include Jack Barr, ex-KDUL, Kansas City, Mo.; Paul King, Jerry Munday and Stu Adams.... Carl deSuze celebrated his 20th year with WBZ, Boston, March 29. On April 2, WBZ staged an anniversary party for deSuze. Feature of the evening was a re-creation of the days of radio in the 1940's, starring the Four Freshmen and all of WBZ' personalities—Dave Maynoard, Jay Dunn, Jefferson Kaye, Bruce Bradley, Keven O'Keefe, Betty Jo Baxter and the Freddy Guerra ork. Bold Nelson hosted the show, which was written and produced by Bob Kennedy.

MAHLER: SYMPHONY NO. 3 IN D MINOR (2-12")

New York Philharmonic (Bernstein). Columbia M2L 275 (M) M2S 675 (S)-Mahler's works have become increasingly popular in recent years and are heard more often on concert hall programs. Leonard Bernstein and the New York Philharmonic present here an outstanding performance of the composer's third symphony. Bernstein has a deep understanding and affinity for the music that makes this a most extraordinary recording. This double-disk package in fine stereo sound is a must for classical buffs.

BEETHOVEN: PIANO SONATA NO. 17 IN D MINOR, OP. 31, NO. 2; PIANO SONATA NO. 18 IN E FLAT MAJOR, OP. 31, NO. 3

Clara Haskil. Epic BS 1158 (S) LC 3831 (M)-Clara Haskil's death in late 1960 was a tremendous loss to the international music world. This recording will be treasured by her many followers, for it shows her extraordinary musicianship in a memorable recording of two Beethoven sonatas. As an artist and pianist, Clara Haskil ranked with the greats, and this recording confirms her stature.

3 GUITARS TIENE SABICAS

The Three Guitars of Sabicas. Columbia EX 5057 (M) ES 1757 (S)—This remarkable album features Sabicas performing familiar Spanish and Latin American melodies, arranged for three guitars. The virtuoso plays all three guitars himself and displays his exceptional musicianship on every track. Rhythms include pasadobles, flamencos, jotas, tangos, and mariachis. Excellent record for Spanish guitar fans.

STRAUSS: DON JUAN: DEATH AND TRANSFIGURATION

Philadelphia Orchestra (Ormandy). Columbia ML 5724 (M) MS 6324 (S)—The name strength of Ormandy and the Philadelphia Orchestra gives this package heavy sales potential. Both works are popular items in Ormandy's repertoire and his interpretations of the Strauss tone poems are warmly expressive and moving. The cover (a striking montage illustration of the moods evoked by each composition) makes the LP a strong display item.

Jazz

THE BRIDGE

Sonny Rollins. RCA Victor LPM 2527 (M) LSP 2527 (S) -Tenor saxist Sonny Rollins' first disk since his return from more than two years' absence from the scene is a gracefully swinging set. This album should appeal to those of the moderate and extreme jazz left. It's got much in it for the modern listener with poignant solos by guitarist Jim Hall as well as Rollins. "Without a Song,"
"Where Are You" and "God Bless the Child" are standout tracks.

HIP TWIST

Shirley Scott, Prestige PR 7266 (M) — Prestige has thrown the twist label on one of its best selling jazz artists, organist Shirley Scott, hoping to pull some new listeners from the pop market. Actually there's not too much of the grinding twist beat for afficianados of that rhythm. There are, however, some fine spots of organ and tenor blowing by Miss Scott and Stan Turrentine. Among the top-flight tracks are "Hip Twist," "Violent Blues" and "All Tore Down."

LISTEN SON AND OTHER READ-INGS-Jack Pyle, Cameo C1017. Here is a warm and touching cover photo of a little man who's had a busy day. Good photo, done in warm red and blue tones, can win a lot of glances and forms a fitting tie-in with the subject matter.

DOING THE DIXIE TWIST - King Curtis, Prestige Tru-Sound, TRU 15009. Many twist albums have depicted couples or solo dancers in interpretations of the twist. DISCUSS PHILLY HI-FI EXHIBITION

PHILADELPHIA - Preliminary plans for a second annual Music and Hi-Fi Show will be discussed at a meeting this week of the High Fidelity Audio Specialists Association. Under the leadership of Daniel K. Greenfield, of Dandy Radio Corporation, the group has expressed strong feeling that a trade show in the fall would provide a substantial boost to sales volume for the high fidelity dealers in the area. It is pointed out that the New York Hi-Fi Show is also staged in the early fall. Meeting at the Alpha Club, the group also invited Harry Bortnick, who staged the city's first Music and Hi-Fi Show, to attend.

RCA Cuts Transistors

NEW YORK-RCA Sales Corporation announced a series of price cuts on transistor radios this week. The move represents a strong bid to broaden sales in the area and makes RCA the first major American line to dip below the \$15 retail price line.

The company cut prices on three of its "Pockette" models. According to Marketing Vice-President Ray Saxon, the Elf (Model 3RH1) a six-transistor model with an "Impac" unbreakable case, has been reduced from \$19.95 to \$14.95, the Charm (Model 3RG1-G), another six-transistor set with earphone and leather case, drops from \$24.95 to \$19.95, and the Talisman (Model 3RG1-G), a de luxe pocket set with vernier tuning and metal speaker grill was cut from \$29.95 to \$24.95.

Saxon pointed to an expected industry sale of 12 million transistor sets this year, with the great majority of these falling in the teen group. "The total 15-19 age group is expected to show a 41 per cent expansion by 1970," Saxon said, "And the number of 'youth gift occasions' including birthdays, graduations, marriages and new homes will expand by at least a million each year."

Stage \$, Reminder **Promos by Jansen**

CHICAGO — Jensen- Industries has kicked off a "stage money" incentive plan for dealers. Special Jensen "bucks" worth \$1 toward the purchase of any \$10 order on needles, cartridges or other accessories are being distributed to dealers by distributor salesmen. Dealer fills out a coupon on the reverse side of the imitation dollar bill and sends it along with his order to get the 10 per cent discount. Promotion continues to September 1.

Meanwhile, Jensen has put into national operation, a customer reminder plan, recently tested in limited markets. Under the reminder plan, a needle buyer fills out his name and address on a postcard provided by Jensen. Card contains the dealer imprint. These are then picked up by distributor salesmen, who forward them to the Jimmy Wilde. Heller firm also Jensen plant. Cards are mailed out to the customer by Jensen after Riccio Records of New York, first two months for a sapphire and 10 months for a diamond needle, re-Joe Dee, and Troubadour Records minding them that their needle from Hollywood, the first effort may need replacement. Team of Radio & Oldies Ups Ware's Disk Sales

SEATTLE — Like a distant fellow record dealer, Irving Rose of Times Records, New York; Barry Ware of Ware House of Music here, is using old singles as a successful sales builder. Ware, surrounded by heavy discounters, is selling the singles and all albums but a few specials at full list prices and says his business is better than last year.

With singles, Ware has gone in for what he calls a Top 1,000 list of million seller singles. "It's been a tough job getting distributors to order this stuff for us, but we have been moderately successful, to the point where we now have at least a modest supply of a great number of these oldies, going back through the rock and roll era, the dealer says.

"Frankly, since we've gotten into this," Ware continued, "our singles business has increased by one-third. I honestly feel that sales of these single standards will outweigh sales of the pop hit singles. We've gotten such a good response that we are now thinking about stocking the old-time hits in country and western, too. I hope we can find the space to put them all in stock. But there's no doubt that the oldies help the business."

August Is Hot . In Seattle, according to Ware, the business has been traditionally good in the month of August. "That's when we have our fullweek celebration, 'Sea Fair,' which includes an Aqua Follies and a flock of other attractions. That's when the tourists flood in-

to town and they buy, believe me. August has become our second best record month, next to December. Now this summer it'll be a whole season like that with our World's Fair.

"Fair visitors come out from downtown on a new monorail coach system, and we're only a block from the terminal at the Fair end of the system," Ware continues. "We'll get a lot of action from these visitors. They have money in their pockets and time on their hands. They want souvenirs and we expect a lot of the souvenirs will be records.

"When they come in the store in the afternoon the first thing they'll see is that we have a disk jockey show going on right from the store. This is a country music show and the only one on the air in the whole Seattle area. Even though we are in a good size city, we've found that there is a healthy market for country records and we promote them on our show," said the dealer.

Radio Top Promotion "I feel that radio is one of the very best ways to promote record sales," he went on. "I would like to have a program of jazz and folk music, too, as well as the country show. We were on the point once, not so long ago, of buying a radio station. We came close but somebody suddenly bought it right out from under us. I'd still like to do it.

"As far as price goes, we have plenty of competition from a (Continued on page 42)

Lesco Distrib Makes Profit Specialty Out of Rare Disks

PHILADELPHIA - Ed Cohn, | me a decent profit for my trouble. who operates Lesco Distributors here, has instituted a special service for all dealers, of locating rare, out-of-print and out-of-date rec-

"Many dealers get constant requests from customers for old records that you just can't get from regular sources," Cohn said. "When a dealer gives me the name of a record he wants, I just keep circulating among my regular accounts asking for the record and sooner or later I find it. The guy who has it is usually delighted to get rid of it and the guy who wants price for the record, which gives

"I've already located over 300 records this way. I run ads on my service in local papers and record publications and now I'm planning to extend the service to a national basis. I'm planning ads in The New York Times, the Saturday Review and Billboard. I'm sure I'll get a lot of new customers for the locator service this way and I can help them all. I never turn a customer down and I've been able to get old Decca and Essex 10-inch LP's among the lot for them."

worth today of close to \$900,000, three years after the firm entered a Chapter 11 bankruptcy proceed-ing. For all of 1961, sales reached \$6,575,848. All indications point to a volume this year considerably higher, according to the latest figures. In January of 1962, sales were \$610,000 against \$460,000 the same month of 1961. In both February and March, this years totals were almost \$200,000 ahead of the corresponding months last year. The current healthy picture includes on-time payments to creditors under the Chapter 11 settlement arrangement.

Goody noted that "We are not only buying right but we're buying at the right time for our needs. Also, our heavy advertising in The New York Times has paid out. We give good prices when the people bring in the ads to the store. But those prices are not advertised in the store. We level our profit out by not extending the low prices unless the customer either has the ad with him or at least mentions that he knows about it," the dealer emphasized.

Premiums Included

Another item expected to be discussed is the rackers' sensitivity with regard to the major's increased activity in the premium record field. This kind of disk product is very often sold through drug and spermarket chain stores, focal point of rack operations.

Record execs expect the NARM convention to be the biggest ever -reflecting the growth of this segment of the industry. In fact, growth has been such that some key rackers, it is known, intend to go public.

couple of big department stores very close by. They are offering all kinds of discounts. We don't. but we try to keep a lot of excitement going on in the store. The live radio show from here helps. We try to give them something to come in for. I guess we're doing well enough with our gimmicks. We're ahead of last year right now, and the summer looks good," was Ware's optimistic conclusion.

CAVALCADE OF THE AMERICAN BAND

Goldman Band. Capitol W 1688 (M) SW 1688 (S)-A stirring band package. The noted name of Goldman, combined with the fine performances should motivate a lot of buyers-not only band buffs but also collectors of Americana. For the material is particularly rich in the latter, including such sides as "The Battle of Trenton," "The Federal March," "The Washington Greys," etc.

Blues

LIGHTNIN' HOPKINS ON STAGE

Imperial LP 9180 A-Fortunately, this great folk blues artist is recording frequently these months. This is one of his better packages-full of biting, earthy performancesunadorned by nothing but his guitar. Sides include "Katie May," "See See Rider" and "My California."

Pop

BOB DYLAN

Columbia CL 1779 (M) CS 8579 (S)-Bob Dylan is a young man (20) from Minnesota who has already made an impact among folkniks with his exciting manner with folk, blues, and pop-folk tunes. He plays, sings and composes and is one of the most interesting, and most disciplined youngsters to appear on the pop-folk scene in a long time. This album shows him off in fervid readings of such well-known items as "Highway 51," "Freight Train Blues" and "House of the Rising Sun," and moving readings of originals such as "Song to Woody" and "Talkin' New York." Dylan, when he finds his own style, could win a big following.

Classical

JOHN McCORMACK IN CLASSICAL ARIAS AND GERMAN LIEDER

Angel COLH 123—These two albums should please almost any collector of the great voices of the century. These two albums showcase McCormack's huge tenor voice talent in a number of the warhorse operatic arias, German Lieder songs and Irish folk melodies. Both albums are comprised of remastered 78's and contain some of the most masterful performances recorded by the Irish tenor. A collector's must.

Religious

PASSOVER SEDER FESTIVAL

Richard Tucker. Columbia ML 5736 (M) MS 6336 (S)-Metropolitan opera star Richard Tucker, accompanied by composer Sholom Secunda, chants some of the traditional prayers and songs from the Passover Seder service. The narration is provided by Ben Irving. It's a timely item, with the eight-day Jewish holiday of Passover coming at the end of this month. This, coupled with the Sterling performance and magic name of the singer, should make this a top item in its field.

*** BODY AND SOUL Jackie Wilson, Brunswick BL 754105 (S) 54105 BL (M)-Jackie Wilson sings a collection of standards and a few of his recent single releases on this new album, showing off his strong vocal stylings over lush ork support. Songs include "Body and Soul," "I Got It Bad," "Crazy She Calls Me" and "The Greatest Hurt." Wilson's vocal mannerisms sometimes get in the way of the songs but his many fans will dig this new

Various Artists. United Artists. UAL 3192 (M) UAS 6192 (S)-This collection of 15 and the teens. Sides include "Cotton Fields" Love" with Steve Lawrence; "Town Without Pitney; "Tonight" by Ferrante and Teicher, and strong sides by Don Costa, Al Caiola, the Clovers, Mary Johnson, and Phil Upchurch. *** YESTERDAY'S GOODIES Various Artists. United Artists UAL 3196 (M) UAS 6196 (S)—This collection of old r.&r. hits should find favor with nostalgic rock and roll fans Line-up includes "Love Potion No. 9" by the Drifters, several sides by Mary Johnson, "You're So Fine" by the Falcons, and additional selections by Jimmy Forest, Don Costa, the Tune Rockers, Lee Andrews and the Hearts, the Acorns and Enzio Stuarti.

*** PIANO PLUS

Lee Evans, Capitol T 1708 (M) ST 1708 (S)-Lee Evans scored well with his first album on the label, and the pianist should garner more fans with this new set. It shows him off in a romantic mood, with melodic songs and a large ork behind him. The tunes include such standards as "L Feel Pretty," "Maleguena," "Again" and "Love Themes From Manhattan Tower." Good wax, with much to program on good music

*** GUYS AND DOLLS Kirby Stone Four. Columbia CL 1714 (M) CS 8514 (S)-The Kirby Stone Four have updated Frank Loesser's "Guys and Dolls" score, and they perform it here in bright, happy fashion. The Four are backed by a flock of fem singers, plus a full ork made up of many of New York's top jazzmen. Dick Hyman arranged and conducted the entire production. It's a fun disk, not as

*** IF THE BIG BANDS WERE HERE TODAY

Bernie Lowe Ork, Cameo C 4005 (M) SC 4005 (S)-Here's an interesting idea for jockey programming, particularly for stations on a "better music" kick. Twelve current hit tunes are wrapped up in ork stylings of the big band days. There is an Artie Shaw-type treatment of "Exodus," Tommy Dorsey-styled "Wonderland by Night," Harry James take-off on "Gigi," and Benny Goodman approach to "The Twist."

*** BIG BEAT HAMMOND

Jackie Davis, Capitol T 1686 (M) ST 1686 (S)-Davis has another successful album here that should appeal to his fans recent pop hits should appeal to both adults and to those who like a bit of swing along with their Hammond pyrotechnics. with the Highwaymen; "Portrait of My The set is made up entirely of standards with the accent on a medum tempo beat. Irving Ashby, Joe Comfort and Weddie Morris provide the fine rhythm accompaniment. "Sweet Sue," "The Shadow Waltz," and "Time on My Hands" are just a few of the fine titles.

*** CHARLES BROWN ... MILLION

SELLERS

Imperial LP 9178A-The fine blues singer deserves to do well with this package. The vocals are honest and full of true blues quality. Charles is backed well and unobtrusively by Johnny Moore on guitar and Eddie Williams on bass. Included are "Trouble Blues," "Drifting Blues," "I Lost Everything," etc.

Two of the latter are "Bad, Bad Whiskey," "One Scotch, One Bourbon, One Beer." Album also contains the classic "Trouble in Mind," introed by a soulful horn.

*** SENTIMENTAL SERENADE Jerry Murad's Fabulous Harmonicats, Columbia CL 1757 (M) CS 8557 (S)-Jerry Murad's Harmonicats present a flock of romantic favorites in their smooth and Individual harmonica styling. The tunes include "Who's Sorry Now," "Moonlight Cocktail," "My One and Only Love" and "Shangri-La." A most pleasant set for listening or dancing. Good deejay programming,

Fields," "Sailor" and "Guns of Navarone," all with French lyrics, of course. The group has a lot of fans who will be favorably impressed. Stereo helps this team, too.

*** SOUL OF ITALY

Giannini, Cameo C 4004 (M) SC 4004 (S) -Cameo's series of recordings made via the 35mm. film process has produced a melodious item in this collection of Italian tunes, most of them recent but some of traditional origin. The stereo version is especially well defined. Arrangements make use of mandolins and accordions to achieve the proper Neopolitan effect on selections that number such as "Anna," "Volare," "Arriverderci Roma" and "Non Dimenticar."

*** AN EXCITING EVENING AT HOME WITH THE INTERNATIONAL POP ORCHESTRA

Cameo C 4001 (M) SC 4001 (S)-Brilliant quality of stereo sound has been achieved in this Cameo release of a 110-piece pops orchestra. Recorded in London via the 35mm. film process, the orchestra offers bright arrangements of listenable favorites such as "Peanut Vendor," "High and band playing the arrangements of the old style and teeners will surely find plenty to Mighty," "Fascination" and "Slaughter on band of tunes like "Jingle Jangle Jingle," like, especially for terping, on the set.

programming material for FM stereo broadcasters.

*** PEE WEE HUNT'S SATURDAY NIGHT DANCING PARTY

Capitol T 1690 (M) ST 1690 (S)-Traditionalist in jazz orientation, Pee Wee Hunt's band uses a modified Dixieland beat in its attack on a group of standards. There's no doubt that the result is eminently danceable, the prime purpose of the collection. Tunes include "Josephine," "I Found a New Baby," "Marie," "Margie" and "Mary Lou."

*** THIS TIME IT'S LOVE

Hi-Lo's. Columbia CL 1723 (M) CS 8523 (S)-Here is the first Hi-Lo's package in many months, but the singing is just the same as always, top drawer, imaginative, fresh and done with great skill. The selection includes a brace of love tunes-"My Foolish Heart," "On the Alamo," "Small Hotel," "Only Forever," etc., all well suited to Hi-Lo's style. Band features strings and Spanish-flavored gultars which sometimes seem a bit out of place with the vocal approach. No matter, fans will still dig the singing.

*** KAY KYSER'S GREATEST HITS Capitol T 1692 (M) ST 1692 (S)-For THE GOOD TIMES ROLL the fans of the erstwhile professor of the college of musical knowledge, this re-creation of the Kay Kyser sound is made to order. Here the graduates of the well-remembered school, Ginny Simms, Harry Babbitt, Ish Kabibble, Trudy Erwin, Sully Mason and Gloria Wood, all team up with a studio The band rocks along behind them in great

> *** GREAT MOVIE THEMES ON THE ORGAN

Bill Meeder. Cameo C 4003 (M) SC 4003 (S)-Recorded on 35mm. film, this set features the sound of a great organ, applied to famous movie themes of recent years. Organist Bill Meeder plays "Moon River," "Exodus," "Never on Sunday," "High Noon" and "Third Man" with richness and color, though, in truth, there is a world of competition on the market in terms of repertoire as well as the particular instrumental approach.

*** STRANGE ENCHANTMENT Vic Damone, Capitol T 1691 (M) ST 1691 (S) - Here's the rich-voiced Vic Damone in a selection of moody, haunting, far-away type songs. The orchestrations are lush as he sings "Hawaiian Wedding Song," "Beyond the Reef," "Bali Ha"i," "Moon of Manakoora," etc. An exotic set full of the percussion and flavor of the Islands. A lot of good music programming fodder here.

*** SHIRLEY AND LEE . . . LET

Imperial LP 9179A - The indomitable r.&b. singing duo turn in some fine-multipaced efforts in their well-known style. Included are such standout items as their biggest hit, "Let the Good Times Roll," plus "Rock All Night" and "Feel So Good."

**** STRONG SALES POTENTIAL

*** CHAMBERS' MUSIC A JAZZ DELEGATION FROM THE EAST

Paul Chambers, Imperial LP 12182A (Stereo)-This album, released originally in 1956, shows off the young Paul Chambers, together with John Coltrane (both then with the Miles Davis combo), and with Philly Joe Jones and Kenny Drew, Chambers' work on this album, as on his many since, is outstanding, and there are fine solos by Coltrane as well. Tunes include "Dexterity," "Easy to Love" and "Visitation."

*** I REMEMBER JOHN KIRBY Dave Pell. Capitol T 1687 (M) ST 1687 (S)-The album might appeal as much to over-30 pop music buyers as it will to the jazz oficionados in the same age group. The set is styled in emulation of the great Kirby combo of the late 1930's and early 1940's. It's indeliably identified with the swing era, and for that reason may be of interest to jocks who have "sweet with a beat" shows. Besides Pell on clarinet, Benny Carter and Ray Linn on alto sax and trunpet also play some fine solos.

*** LOOKIN' AHEAD Jazz Crusaders. Pacific Jazz PJ 43-Here's a fine man group from the West Coast on their second album gig for the label. The accent is on a hard driving quality, interesting and somewhat off-beat harmonies and in assurance in the fine art of theme development via repeating solos in the different voices. Quintet includes Wilt Felder, tenor; Wayne Henderson, trombone; Joe Sample, piano; Sticks Hooper, drums, and Jimmy Bond, bass. Roy Gaines sits in as guest guitarist. Set should hit the market for

the modernists looking for a new sound.

*** ARIAS, ANTHEMS AND CHORALES OF THE AMERICAN MORAVIANS, VOL. 2

Moravian Festival Chorus and Ork. Columbia ML 5688 (M) MS 6288 (S)-This second volume of American Moravian music confirms the fact that America does have its own classical heritage to be proud of. The Moravians, who were German Americans of the Protestant-Moravian persuasion, filled their whole lives with music, mostly sacred compositions. Here the Moravian Festival Chorus and Orchestra, conducted by Thor Johnson, and with Ilona Kombrink, soprano, and Aurelio Estanislao, baritone, provide a deep and finely executed insight into the "unknown century of American music." Package is a must for classical collectors.

*** MOZART: DUO NO. 1 IN G MAJOR, K. 423; DUO NO. 2 IN B FLAT **MAJOR, K. 424**

Joseph Fuchs, Lillian Fuchs. Columbia ML 5692 (M) MS 6292 (S)-Although not among Mozart's best-known works, these duos for violin and viola are first-class works which are especially effective in stereo. Joseph and Lillian Fuchs, whose old mono version of Duo No. 2 is the only one of either work still in the catalog, provide stylish performances in this new outing. No other recording of Duo No. 1 is now available. This disk should benefit from the exposure it is certain to obtain, as a result of the lack of other perform-

*** PERCUSSIONS MEXICANAS Tino Contreras, Capitol T 10310 (M) ST 10310 (S)-Tino Contreras is a young Mexican drummer with a vivid style and a solid technique who has gathered together a fine combo that turns out a free-wheeling brand of jazz that isn't easily categorized but has a distinct Latin flavor. They do interesting and original things with such items as "Night Train," "Stompin' at the Savoy," "Frenesi" and "Perfidia" and Contreras is especially effective in a rhythm medley without music that includes samba, bembe, mambo, merengue and rumba. Should stir up some excitement, and deserves wide hearing.

Federal Court Upholds IRS In \$250 Tax Stamp Case

judge in Kansas City, Kan., Wednesday (4) upheld an Internal Revenue Service regulation that brands some types of pinball machines as gambling devices.

Judge Arthur Stanley Jr. ruled that proof of actual gambling on the machines was not required and against the regulation.

The court decision ended a two-year legal fight by Stanley Tennant of Topeka, operator of Melody Music, Inc., here, and Stan's Amusement Company of Fort Scott, Kan., to get the IRS regulation declared unconstitution-

National Impact

Judge Stanley's ruling also dealt a blow to pinball machine operators over the country who had counted on the Tennant suit to produce a favorable precedent.

Tennant's attorney, Ernest Rice of Topeka, could not be reached immediately, and it's unknown if he will appeal the judge's ruling. The suit Judge Stanley dismissed

NEW YORK-Roger S. Littleford Jr., publisher of Billboard Music Week, and Joseph Orleck, publisher of the Cash Box, were named co-guests of honor at the 1962 banquet of the United Jewish Appeal's Coin Machine Division.

First meeting of the executive committee was held 6 p.m., Tuesday (10), at UJA headquarters.

Irv Holzman, United East Coast Distributors, the 1961 guest of honor, was chairman for the 1962 event. Last year, the Coin Machine Division raised a record \$45,250 for the UJA, with nearly 600 persons attending the banquet.

This year marks the first time that a trade paper executive has been honored by the Coin Machine Division.

EUROPEAN NEWS BRIEFS

Operator Loans Approved

WEST BERLIN—Legal precedent has been established for federal small business loans to phonograph operators. The West Berlin administrative court has overruled the Federal Financing Corporation decision on an application from a payout and juke box operator for a loan of 30,000 marks (\$7,500) to purchase additional phonographs. The federal loan agency turned the applicant down on the grounds he was engaged in a "socially deleterious enterprise." The loan agency said the fact he operated payouts made him a social burden to the community, and that in this circumstance a federal loan was contrary to the public interest. The court ruled, however, that payouts are legal and that the operator is violating no law. On the contrary, said the courts, he meets all the conditions for loans to small business.

Court Rules for Payouts

MUNICH—Bavarian operators have received a legal green light to proceed with the installation of payouts in restaurants of German Federal Railways stations and terminals. A Munich operator took the manager of a railway restaurant to court for his refusal to permit installation of a payout in the restaurant. The restaurant manager refused to sanction a payout on the premises on the grounds that it "offended good taste." The court ruled that railway stations are public property, including restaurants (which are operated by leasing arrangements), and that payouts may be installed there on the same basis they are installed elsewhere. "The public will decide whether the machines are in good taste," the court summarized.

Cinebox Films Produced

HAMBURG — Color films are being shot on German locations for Cinebox, the visual juke box or coin-operated film theater, as some locations plug Cinebox. The Hamburg films are being shot in entertainment spots and feature top German bands and vocalists. It is part of the Cinebox Continental film program aimed at building a large library for Cinebox showing. Films run three to five minutes and compress into this short time the highlights of top entertainment acts at Continental night spots. Cinebox is one of three "see-it" juke boxes being offered to Continental locations (the others: Scopitone and Caravelle). The three boxes are similar in that they offer a choice of between 24 and 36 color films of top entertainment

Servicing Banned on Sunday

BONN-West German coin machine operators have run afoul of Chancellor Konrad Adenauer's project for making Sunday literally a day of rest in the German Fatherland. "Never on Sunday" is now being applied to coin machine servicing and maintenance as well as to more muscular forms of economic activity. This means that if the 86-year-old Chancellor has his way, juke boxes and other coin machines breaking down over the weekend will be out of service until Monday. Operators complain that in fact they will be unable to operate any weekend service crews. It is prohibitively expensive to lay on emergency service for Saturday only. Yet weekend collections from the average phonograph equal collections for three or even four weekdays. Adenauer claims that Germans work too hard and generate too much noise. He says they need their Sabbath repose to decompress from hectic weekday activity.

Dutch Go on Soccer Kick

AMSTERDAM—Holland has gone on a soccer game kick. Number of soccer games on location in this country has bounced 27 per cent in the last year. Soccer games now outstrip all other games in player appeal, according to trade surveys. They have regained ground lost several years ago to pinballs and lately to bingos and bowlers. Trade experts credit the soccer kick to a variety of simplified new models, and to the peak interest in soccer as the European national game. Operators find the soccer upsurge profitable because the machines are easy to site and maintain.

German Court Rules on Transfers

HAMBURG—The Hamburg superior court has issued two decisions establishing precedent for the transfer of operator contracts from one location proprietor to his successor. The court ruled that if the contract provides that the location proprietor must transfer the contract to any new proprietor, this transfer must be done without the offer of special inducement by the operator. Operators complain that even where they are protected by the location contract against transfer of location ownership, the new owner customarily demands special inducement, usually an operator loan, to assume the phonograph contract. The second decision requires the operator to accept a reasonable, concrete offer from the new proprietor or forfeit

Mobile Homes Provide Gold Mine for Penny Locations

PHOENIX, Ariz—Bulk operators who haven't investigated mobile home courts are making a serious error, according to Eugene Derck, who specializes entirely in this type of location in the Phoenix area.

Derck, moving to Phoenix from Des Moines, 18 months ago, after a 40-year career with a utility company, was displeased to find few locations available for 1-cent and 5-cent bulk vending machines in the city. All prime locations were apparently sewed up.

Derck was just about to give up and look for something else to occupy his time, when he visited an acquaintance in a typical mobile home court, a few miles east of Phoenix. He was surprised to find that there were more than 500 families living there, and that this was only one of several dozen such king-size courts within a few miles. Derck also found that there were no nearby stores which would carry penny candy for youngsters although the tourist trailer court teemed with small children.

Naturally, the trailer-living centers suggested excellent profit possibilities to Derck, who called on a few court operators, to get permission to set up in their recreation areas. He found court operators co-operative.

"Everywhere I went, I found that the trailer centers had soft drink bottle venders and 5-cent with Seeburg in an overseas sale candy bar machines, but little or capacity. His history in the coin no 1-cent units," Derck said. "I machine business begins prior to found, in fact, that there was World War II, when he was a re plenty of room for more than 100 gional sales manager with Rock machines, within a five-mile area," Ola and later was associated with he added.

Now, expanding every month as | ton. he ranges farther and farther out into the suburbs, Derck believes the S. H. Lynch Company, See that he can build up 350 to 450 burg distributor in Houston. When stops, all of them on a profitable Lynch sold out to H. A. Franz in schedule. He was pleased to find 1957, Von Reydt became a vice that his market is by no means president of the new firm. He limited to youngsters, and that stayed with the Franz Company adult mobile home court dwellers, many of them retired, show a sweet tooth which calls for plenty of candy items, rather than merely Reydt resides with his family in ball gum and nuts.

Derck, therefore, operates h route with a relatively small amount of charms, and concer trates on appetizing confection which must be carefully bough to withstand the hot Arizona deser

He makes most of his mobil home court stops at least once week, some of them twice a week and has actually been offered mor than two dozen excellent location before he had gotten around to sales call on the court manage involved.

INSIDE PLACEMENT TOPS SUPERMART OUTSIDE SPOT

PHOENIX, Ariz.—Bulk operators here are finding that where supermarkets are concerned, it is actually more profitable to spot multiple-head stands near the manager's service office rather than on the sidewalk.

H. L. Davis, large-scale California operator who has many locations in Phoenix supermarkets, operates six and eight-head

machines in the city's big Bayless Super Markets.

Davis has given up outside locations in the majority of the supermarkets in favor of eight-head machines, alongside the counter.

The switch into supermarket interiors, of course, takes into account the fact that many people park in front of the supermarket, and immediately walk inside, paying no attention to exterior displays.

Inside the supermarket, however, where the manager's cubicle usually faces the checkstands, customers are bound to have change in hand, turned over by cashier, and are more likely to notice the machines during the pause while waiting their

turn at the check-out. Sales in eight-head units which involve 10-cent and 5-cent charms, 5-cent novelties, 5-cent nuts, 1-cent nuts, charm and gum mix, plus ball gum, in several of the Bayless Super Markets, have been several times what they were in the best outdoor locations which Davis operates.

Miss. Cig Ops See Increased Revenues From New State Tax

HOT AS POP BEADS

JACKSON, Miss.—The Mississippi Legislature last week voted to increase the State tax on cigarets by 2 cents a pack effective July 1.

The new State tax will be 8 cents a pack. The increase of 20 cents a carton will be passed along to the consumer, tobacco wholesalers announced.

Retail prices will go up 2 cents and vending operators have announced their prices will go from 30 cents to 35 cents a pack in machines.

This is one tax which is more of a break for cigaret operators than a burden. Usually, any tax is unwelcome.

Greater Margin

But in this case, operators in Mississippi have been getting 30 cents a pack for cigarets. In most sections of the country the price is 35 cents. By raising their prices to 35 cents they get a much needed 3-cent increase in their revenue above and beyond the new 2-cent

The profit margin had been slim before, but beginning July 1 it will pick up considerably.

75% of Trade in Houston Coin Assn.

HOUSTON - Fastest growing operator group in the nation is probably the Coin Machine Association, Inc., of Houston. The local trade organization, started early this year with a temporary slate of officers and less than 20 members. now has 42 operating firms as full members and 11 distributors as associate members, with about 75 per cent of Houston's coin machine industry represented.

What distinguishes the Houston organization from most other local groups is the composition of its membership. It is neither a music, game or vending operator groupit is all three.

GEMA Warns U.S. & German Ops on Royalty-Free Records

By OMER ANDERSON

MUNICH—GEMA, the German licensing society, is warning German and U. S. phonograph operators against experimentation with royalty-free records.

The German copyright society regards the royalty-free record as a "sheer illusion" yielding the op-erator nothing but trouble. In an exclusive statement to Billboard Music Week, GEMA assailed, spe-

cifically, claims of a German group

headed by Karl Klinger. Klinger's group announced it has produced five royalty-free titles for immediate juke box play. GEMA challenged Klinger's claim, however. Juergen Maahn, the GEMA press spokesman, said the five disks were not original compositions, but a reworking of compositions protected by copyright.

Maahn Argument

Maahn said phonograph operators everywhere had to face the fact that all original compositions are protected by copyright, and that composers-authors everywhere expect to receive royalties.

Phonograph operator - inspired criticism of GEMA, Maahn suggested, is based on the illusion that phonograph operators have a right to expect something for nothingto wit, the music they play to make a profit.

GEMA takes the position that since music is the operator's stock in trade, he has no more right to expect to receive it free of royalty than any other merchant has the right to receive his wares free of patent costs.

Maahn accused operators of taking a myopic view of their business. It is fallacious, he said, to gamble the success of their trade in the hope of saving a few pfennigs in royalties.

The fact is, he added, all the good music is copyright-protected and has to be paid for. Royalty-free music is almost entirely atrocious product which can't find a normal market. Juke box enthusiasts, Maahn predicted, will refuse to accept the inferior "royalty-free" product, and operators will wind up losing far more than if they had continued doing business the normal-GEMA-way.

GEMA's press chief suggested that juke box operators tend to be avaricious. He said agitation for a "GEMA-free" record had no realistic basis in economic facts. The average monthly collections per juke box amount to 180 marks (\$45), of which GEMA's royalty amounts to 6.50 marks (\$1.50), or 3½ per cent, according to Maahn's

"I personally have no understanding whatsoever for the efforts being made to deprive the copy-right-holder of this small return on his creative work," Maahn said.

GEMA-GVL Pact Any possibility that juke box operators in West Germany can succeed in production of a royalty-free disk is further reduced, in Maahn's opinion, by the agreement just reached between GEMA and the GVL, the performing artists' organization.

GVL has authorized GEMA to act as its representative in royalty matters. Specifically, GEMA will collect royalties on behalf of the GVL from juke box operators and tape-recording, radio, and televi-sion use of GVL music.

GVL's share of the royalty pie will be generated by a 20 per cent

surcharge on the GEMA royalty.

Maahn accused the operators,
through the Central Organization
of Coin Machine Operators (ZOA), to striking an altogether unreason-able posture of injured innocence. He said operator claims that the

Joe Robbins Letter Takes Atlantic To Task for Phono Royalty Article

CHICAGO — The April issue of the Atlantic Monthly contained an article which advocated the payment of performance royalties by juke box operators.

The article gave the standard ASCAP arguments for these payments, and it contained references to "underworld domination" in the juke box field.

Joe Robbins, vice-president of the Empire Coin Machine Exchange here, has written a letter to the editor of the Atlantic Monthly. This letter, which is an articulate presentation of the case for the juke box operator, is printed below in full:

Gentlemen:

"The article "Juke Box Piracy" by Stanley Green on page 136 of the April issue is a completely distressing collection of untruths and half-truths. Mr. Green, who, incidentally, is not qualified to write authoritatively on this subject, has presented a one-sided collection of pseudo facts.

"Aside from the fact that the juke box operator is in desperate financial straits himself these days due to ever increasing costs and diminishing revenues, it is a well established fact that juke boxes are instrumental in making hits of many records, and also, are a great factor in establishing unknown recording artists as stars. As a matter of fact, up-and-coming young singers make a practice of presenting, free of charge, hundreds and hundreds of records to juke box operators throughout the country in the hope that they will put them on the phonograph and thus get their tunes played by the public.

"While it is true that radio stations, TV networks, etc., do pay a royalty on each record played, it is further true that the playing of these records is a

means of revenue income through advertisements. These advertising revenues run into millions of dollars per year. The juke box operator has no such income and, therefore, cannot, under any circumstances, be placed in these categories.

"Any credence which I might place in the veracity or justification of Mr. Green's article is completely eliminated by his comment, "the public's growing awareness of underworld domination of the juke box business." Here, again, we have one of these pie-in-the-sky statements made by someone who has no knowledge of the industry and cannot, under any circumstances, back up this statement with any facts.

"The business admittedly has undesirable elements in it; however, percentage-wise, they are in a very small minority and under no circumstances could the industry be construed as being, or about to become, dominated by hoodlums. This is a connotation and half truth which is foisted upon the public by people like Mr. Green who do not understand the business and do not want to take the time to find out what it is all about.

"If I was to have read this article in any of a hundred other magazines, I would probably have not given it much notice. However, to despoil the pages of a magazine such as ATLANTIC, to which L have been a subscriber for many years, is shocking.

"I am surprised, indeed, that your editorial staff does not more closely verify the authenticity of articles such as this which serve no useful purpose and are simply slanderous and bigoted. An article of this type has no place in a magazine such as

Tavern Assn. Tells Members To Dump Pool Coin Machines

PHILADELPHIA—Tavern owners were advised by their association here to get rid of any coin-operated pool tables they have in their places.

Ind. Court Upholds Pinball Distinction

By JOSEPH KLEIN

INDIANAPOLIS - While upholding the constitutionality of the State's anti-pin law as it affects places accessible to the public, the Indiana Supreme Court ruled last week that the Legislature was within its rights in making a distinction between "social pastimes" and "professional gambling."

Attorneys for Hi-Jinks, Inc., of Fort Wayne and 10 persons indicted for the ownership and maintenance of free-play pinball machines challenged the validity of the 1955 statute on the grounds that it "establishes an unreasonable and arbitrary classification of operation of pinballs in places not accessible by the public and those accessible to the public."

Business at Twin City onestops though, continued to mope along. Dick Morbitz at Acme Music Company, Minneapolis, listed the following as best sellers: "Johnny Angel"; "Wolverton Mountain," by Claude King on Columbia; "Good Luck Charm," "Dear One," by Larry Finnegan on Old Town; "Soldier Boy," by the Shirelles on Scepter, and "Shout," by Joey Dee on Roulette.

Also coming up fast, Morbitz said, is "Stranger on the Shore," by Acker Bilk on Atco. He also pointed out that the firm has had trouble keeping up with the demand for "Wolverton Mountain," which has been moving well at other one-stops here.

At All-Record Sales Minneapolis, Tom Prenevost mentioned the following disks as most in demand: "Charm," "Wolverton Mountain," "Shout" and "Lover, Please," by Clyde McPhatter on Mercury.

Ray Brown, of Brown Bros., Inc., here, said that he was doing well with "Dear One," "Funny Way of Laughing," by Burl Ives on Decca; "Two of a Kind," by Sue Thompson on Hickory; "Caterina," by Perry Como on RCA, and "Johnny Jingo," by Haley Mills on Vista.

Other platters which Twin City operators said they had been getting good action on include "Love Letters," by Ketty Lester on Era; "Slow Twisting," by Chubby Checker on Parkway, and "Young World," by Rick Nelson on Imperial.

Rule Against City Placement Control

KANSAS CITY, Kan. - Judge O. Q. Claflin III has ruled for the second time that an attempt by this municipality to control the placement of pinball machines is unconstitutional.

In Wyandotte County District Court, Judge Claflin issued a permanent injunction enjoining the city from enforcement of the ordinance, intended to be effective last January 27.

The ordinance provided for a \$10 license fee for each coin-operated amusement machine, and the refusal of a license if the machine was covered by a \$250 federal gaming tax stamp.

Some 22 local operators were plaintiffs in the action.

The first ordinance enacted by the commissioners was ruled invalid on February 7.

DENVER DOINGS

Howard Hold, phonograph operator from Monte Vista, Colo., was shopping with Denver distributors last week. Hold reported that volume stayed up fairly well in the high mountain area despite one of the worst winters on record.... Another visitor from the high mountain vastness was Roy Kaiser, of Durango, Colo., who has built what was once a small mountain-village route into an extremely profitable operation in the "four corners" area of Utah, New Mexico, Arizona and Colorado. Spark-plugging the present situation is the oil boom centering around Farmington, N. M.

One of the shortest-lived arcades in Denver history was opened in the Alameda Shopping Center here by Draco Company recently, only to run afoul of zoning laws, a few days later, resulting in a premature closing. Draco expects no difficulty in changing a clause in the zoning law, and is dickering with Walt Morris, Denver operator, for sale of the location.

Zoltan Gancz, phonograph operator from Cheyenne, Wyo., has added two new phonographs to his route. Gancz is probably the only operator in the West who has had experience with phonograph operating on both sides of the ocean, much of it in his native Europe.

Plans are afoot to re-energize the Colorado Muisc Merchants, Inc., operator association which has been dormant for the past two years. With both the State and the city of Denver scouring for every possible source of tax revenue, it's almost a certainty that either tax increases or upping of license fees is in the offing for 1962-1963. Association efforts may overcome at least part of the problem.

Mike Savio, of Draco Sales Company, is beating the bushes more frequently, on the theory that contacting operators while actually servicing the routes produces much more active prospects. Despite the cruel winter, and a general business slow-down, the Denver Wurlitzer distributor has enjoyed a record year with phonograph sales. Only a few 1962 models were left a month following the introductory showing.

Pete Geritz, of Mountain States Distributors, is back on the job on a full-time basis, following a "take it easy program" which was ordered by his physician.... After years of commuting 55 miles a day each way to Greeley, Colo., veteran phonograph operator Jack Wyscaver is taking it easy. Like many others, Jack isn't finding retirement too pleasant, and is itching for "something to keep me busy."

Don Akins, of Continental Music Company, is back on the route following a painful week in a Denver hospital. A mysterious leg infection put Akins hors de combat for more than a month. Akins, along with operating one of Denver's most complex strings of wallbox-equipped restaurant installations, is servicing six penny bulk vending machines in each of 33 Denver supermarkets for just about the heaviest work load in the Denver field.

Infrequent visitor Milton Lane, of Taos-Pisano Music Company, in Espanola, N. M., was buying phonographs at Draco Sales Company last week. Lane covers an exceptionally large route area in Northern New Mexico. . . . Birthdays in March included Chuck Morrison, of Leadville, Colo., and Sybil Hold, of Monte Vista, Colo. Another celebrant was Jack Wyscaver, dean of the three Wyscaver brothers, prominent in phonograph operations in Denver for more than 20

Howard Hold, of H & F Music Company, Monte Vista, bought a new 200 phonograph and a new bowler at Draco Sales Company in mid-March in anticipation of increased summer play. Jesse Hochstedler, Eastern Colorado operator, was another phonograph purchaser. ... In a hospital for a possible two weeks was Fawn Morrison, daughter of operator Chuck Morrison of Leadville, who broke her leg in a tumble early this month.

RIVERDALE, Ill.—Possession of machines for which the federal government issues gaming device stamps, has been prohibited by the Riverside Village Board. The ordinance banning the games provides for fines from \$5 to \$200 for each offense.

The measure outlaws "any mechanical pinball amusement device which is so constructed that the result of its operation depends upon chance, or upon the skill of the operator, or upon both, or any mechanical device which in its operation shoots or propels an electric light, ray or impulse to a target."

ADVERTISING TIPS

When buying advertising space in coin machine publications

When you're offered a special package price of 3 ads for the price of 4, or 4 ads at a seemingly bargain price, ask yourself why such a plan is offered.

Also, are you sure you're getting a deal as good as your competition?

The answer generally boils down to the fact that the publication quoting such fantastic bargain prices knows precisely what its product is worth.

Actual circulation figures appear below, together with the issue date that each paper published such figures.

Van Der Weyde Named As Redd European Rep

Van Der Weyde, of Ingelheim-Rhein-Nord, Germany, who will travel throughout Europe calling on operators. Exploratory trips to Europe by both W. S. Redd, president, and Bob Jones, sales manager, emphasized the need for a qualified sales representative in the area at all times.

Van Der Weyde will keep Redd advised of changes in the European market.

His most recent position was as export manager for the largest coin machine manufacturer in West Germany. He had held this post for several years and is well acquainted with all phases of the export trade. A similar arrangement, to be combined with a New York State coin machine convention, will be proposed for 1962, with the co-operation of the other two groups sought.

GREAT PUBLICITY RESULTS FROM BOWLING CHAMPS

DENVER-There's no better way of publicizing a phonograph operation than sponsorship of a championship bowling team, according to Sam and Dan Keys, of Apollo Music Company, here.

Apollo Music Company's business office is festooned with trophies, won year after year by the women's bowling team sponsored since 1957. Always in the top three or four teams in the city, the Apollo Music Company kegling crew has frequently walked off with top honors, and as such, has been the subject of many articles in the sports section of The Denver Post and Rocky Mountain News.

Dan Keys, youngest of the brother-partners, feels that the presence of a nationally known star woman bowler on the team really helps. Peggy Simmons, who has headlined the team since its beginning, is a steady contender for national honors and has singlehandedly welded the team into a consistent contender in every league in which it has competed.

Many of the bowlers on the team (there are several pairs) are women employed at Apollo Music Company bowling alley locations, as well as in restaurants and cocktail lounges. Although they are two of the busiest juke box and amusement machine and arcade operators in the Denver area, both Sam and Dan can always take time for the bowling team, attending all league competition games, hosting the keglers at luncheons and dinners, and, of course, providing uniforms, equipment, league entry fees, and all of the associated expenses.

Not the least important element in displaying high interest in the bowling field has been the fact that Apollo has landed the cream of the bowling alley locations in Denver with amusement machine arcades and juke boxes.

Another clue was "You don't to go in to play," meaning it was at a drive-in restaurant.

Collections Boosted

During the weeks of the hunt, Bryant said, collections for many operators doubled. "We all benefited from it," he said.

Finally, three Little Rock boys, college students at Arkansas State Teachers College at Conway, Ark., home for the weekend, found the mystery disk.

They found it at Snappy Service Drive Inn, owned by Ralph Royce. It's a favorite hang-out of high school and college students, whose oft-heard statement to each other is "Let's go drag Snappy."

The students found the mystery record, which Field called the "discovery record," hidden under this title strip: "Who Put the Bomp in the Bomp-Bomp-Bomp?"

Radio Interview

When they played it, Field's voice came on, announcing they had found the discovery record, to call the station and let them know. Field got them on the air for an interview and notified the public the treasure hunt was over. The radio station put up the radiophonograph prize.

Bryant said "I was the only one who knew what strip the record

Alan Dixon, general manager of have to go in to win, but you have S & M Distributing Company in Memphis, when told of the success of this promotion, said he would bring it up at the next Memphis Music Association meeting and ask the association to invite a radio station to undertake the promotion with them.

The project would help all operators, for Bryant said in Little Rock juke boxes all over town got tremendously increased play during the search.

EUROPEAN NEWS BRIEFS

any claim for indemnification. The court said evidence showed some operators attempt to escalate terms of their location agreement when a new proprietor assumes the contract.

European Operators Cool to 33

PARIS-The 33 stereo single has laid an egg with Continental juke box operators. In Paris the 33 stereo single is rarely heard; in Brussels its exposure is better but still weak; in Amsterdam and The Hague few operators give it a chance. In West Germany, the stereo single is available on less than 10 per cent of German phonographs. Over Europe the 45-speed single continues to be the dominant disk, and trade experts see no change in the offing.

Aznavour Single Issued

PARIS—In response to requests from German phonograph operators, Ariola has issued a juke box single of Charles Aznavour's chanson "Du laesst dich geh'n." The French chanson singer's tune originally was pressed along with three other numbers on an LP. But German chanson fans agitated so strongly for a juke box disk that Ariola obliged. Aznavour is a great favorite of German phonograph fans for his wit, charm, and sagacity. Operators are watching reaction to the Aznavour chanson in the expectation that it may set off a chanson juke box wave.
