THE FIRST WORD

The 2nd Annual Rock 'N' Bowl will be held at the South Bay Bowl in Redondo Beach, CA on Saturday, April 7, with all proceeds going to the T.J. Martell Foundation For Leukemia and Cancer Research. Last year's Rock 'N' Bowl raised over \$30,000, and the planners expect to raise \$50,000 this year from the AOR Community. The event is open to music industry personnel by invitation only. Lanes will be sold for \$1,000 each, with a \$15 per person entrance fee. Entertainment will be provided by local bands and record company artists. For information and reservations, contact Anita Webb at Music Vision, (213) 344-5599.

RECORD NEWS: The new **Psychedelic Furs** LP is scheduled for mid-April, produced by Keith Forsey. Columbia also has LPs coming from **Romeo Void** (produced by David Kahn) and **Scandal** (produced by Mike Chapman) in April. A new **Elvis Costello** studio LP with his band is penciled in for May. Elvis' solo tour (with **T-Bone Burnett**) starts April 10 in Charlottesville, VA and continues into May. A band tour is scheduled for August. . . The **Dire Straits** live LP will be a double. It's called **Alchemy**, after a Brett Whitely painting. Taped 7/23/83 at the Hammersmith Odeon in England, it features 10 tracks including two never performed live before, "Going Home (Theme From Local Hero)" and "Two Young Lovers." There are no overdubs. The show was also filmed and may surface sometime in the future on cable. Meanwhile, **Mark Knopfler's** brother **David** has been signed to Passport Records. Look for a solo LP in mid-April. **John Illsley** and brother Mark join him. . . **Gang Of 4** is calling it quits, but not before a final tour. Don't miss them. . . A&M has signed Georgia's **Swimming Pool Q's**. . . The **General Public** LP will be out in May on I.R.S. . . The soundtrack to **Hard To Hold**, in addition to a few tunes by star **Rick Springfield**, includes a new **Graham Parker** track. . . Look out for the new **Spongetones** EP on Ripete Records. Their debut LP was our favorite flashback of 1983. For info call (803) 776-2759. . . The new **Nona Hendryx** LP, **The Art Of Defense**, is due in early April. It's produced by **Bill Laswell** and **Michael Beinhorn** of **Material**, who also handled the duties on **Nona**. . . **Bonnie Hayes & The Wild Combo** are going the D.I.Y. route. A new 6-song mini-LP should be out shortly on their own label. You can reach **Bondago Records** at (415) 665-7927. . . Eastside Artists has formed **Sour Mash Records**. Their debut release will be an album featuring both **Certain General** (whose EP on Labor Records was a Jackpot! pick) and **Band Of Outsiders**. It features studio tracks and 2 live tracks from each band. The live recordings were done at CBGB in New York. Also in the works are an EP by the **Corvairs**, and records by **Venus-2** and **Mode/IQ**. you can reach them at (212) 228-0024, or write 120 East 4th St. #K, New York, NY 10003. . . Finally, **Menudo** has been named the first Youth Ambassadors for UNICEF. They join Goodwill Ambassadors **Danny Kaye**, **Liv Ullman** and **Peter Ustinov**. Can you stand the excitement?

JACKPOT! SINGLES, TRACKS, ETC.

- ★ **ECHO & THE BUNNYMEN "The Killing Moon" (12") (Sire, c/o Warner Bros., 3300 Warner Blvd., Burbank, CA 91510)**—"The Killing Moon" is a tour-de-force for Echo & the Bunnymen—their finest track yet. Lush production meshes layered guitars into a hypnotic background, and this setting, combined with Ian McCulloch's vocals (sounding eerily like Jim Morrison) puts "The Killing Moon" somewhere between a lullaby and a nightmare. New music and rock radio will be hard pressed to find a more exciting track this year; clubs will find the 9 minute mix a welcome change of pace; and college radio's continued allegiance is assured. Just brilliant.
- ★ **GEORGE KRANZ "Trommeltanz (Din Daa Daa)" (12") (Personal, 211 W. 56th Street, Suite 12A, New York, NY 10019)**—A club chart-topper, Kranz deserves a place at college and new music radio. "Trommeltanz" is a wild scat over an infectious backing track, one of the most exciting dance singles out right now. Kranz hails from Germany, but this track proves his international appeal.
- ★ **BANANARAMA "Robert De Niro's Waiting" (PolyGram, 810 Seventh Ave., New York, NY 10019)**—You just have to love Bananarama. With each successive release they become more and more charming. The bleach-blond trio (sound familiar?) of Keren, Sarah and Siobhan has released another near perfect 3-plus minutes of pop heaven, this time an ode to their celluloid hero Mr. De Niro. "I don't need a boy/I got a man of steel." With the characteristic Bananarama harmonies pervading throughout, how can you resist?

TOM TEELEY "A Rocket And A Roman Candle" (LP cut) (A&M, 1416 N. LaBrea, Hollywood, CA 90028)—Teeley recorded his **Tales Of Glamour And Distress** in and around Manhattan's Irving Plaza concert/night club, giving it a fresh, tough, streetwise rock feel. "A Rocket And A Roman Candle" is the standout track, packing a wallop from the opening wail and drums to the fade. In between is pure pleasure—celebrating the end of a search for the right woman. Teeley's vocals burn with the fire suggested by the title.

LENNY WILLIAMS "Pressure" (LP cut) (Rocshire, 1240 N. Van Buren, Suite 102, Anaheim, CA 92807)—There's some nice R&B on Lenny Williams' **Changing** LP. Williams' voice is smooth and appealing—he should do well on pop radio. "Pressure" is the best bet for colleges looking for progressive R&B crossover—the music is infectious, and is spiced with neat production effects and guitar work. Give it a whirl.

COLOUR RADIO "Dancer"/"Adrianna Dreams"/"Johnny" (LP cuts) (Gold Mountain, c/o A&M, address above)—Above average energetic rock and roll with a modern street feel. Vocalist Stephan Schneider has a great set of rock and roll pipes and he's ably backed up by a talented R&R unit. Produced by Rick Derringer, who also contributes on lead guitar.

"WEIRD AL" YANKOVIC "Weird Al" Yankovic In 3-D (Rock 'N' Roll, c/o CBS, 51 W. 52nd St., New York, NY 10019)—The spoof-goof Prince of Parody who gave us "My Bologna" and "Another One Rides The Bus" offers us "Eat It" (explosive video) and other wacky take-offs on current hits. Novelty records must be presented tactfully to be effective—so play this cautiously. Yet it certainly is hilarious. Try "I Lost On Jeopardy" with a special appearance from Don Pardo (the best announcer's bit we've heard since Phil Rizzuto's cameo on "Paradise By The Dashboard Light"). Weird Al spoofs Survivor's "Eye Of The Tiger" with the "Theme From Rocky XIII," which witnesses our favorite heavyweight working in a deli recommending the chopped liver on "the rye or the kaiser." "King Of Suede" (Pain) and "The Brady Bunch" (to the tune of "The Safety Dance") are nice. . . once or twice that is. Except for the crafty "Mr. Popeil," a B-52's-ish number, the few originals don't hold up as well. Stay with the parodies.

Two soundtracks have just been released which deserve your attention. *Against All Odds* (Atlantic) features a new track by **Peter Gabriel**, "Walk Through The Fire." Nothing new for him, but an exciting song nevertheless; certainly one of his most accessible. **Big Country's** "Balcony" is here, and we like it better than the import single "Wonderland." It's a ballad which expands a bit on the sound from their LP. Also included: new **Stevie Nicks**, **Kid Creole**, **Mike Rutherford** and **Phil Collins** (already reviewed here). . . *Repo Man* (MCA, 70 Universal City Plaza, Universal City, CA 91608) features some top-notch punk and hardcore, including **Black Flag's** "TV Party," **Suicidal Tendencies'** "Institutionalized," **Fear's** "Let's Have A War," **Circle Jerks'** "Coup D'Etat" and "When The Shit Hits The Fan" plus two old **Plugz** tracks (and one new one). There's also a new cut by **Iggy Pop** (the title track) and a version of **Jonathan Richman's** "Pablo Picasso" by **Burning Sensations**.

★ Jackpot! ★

By Mary Anna Feczo

JOHN COUGAR MELLENCAMP "Authority Song" (PolyGram) directed by Jay Dublin—The ambitious energy in this well shot, punchily edited b/w clip implodes in stunning fashion, leaving the viewer with a Mellencamp whose frustrations fester at not being able to get around authority. Dublin's symmetry is twofold and impeccable: a boxing ring with management/military honchos on one side and their working class/recruit counterparts on the other, as well as a little kid, resembling a pint-size David Johansen, who portrays the young Cougar. Mellencamp's tour de force swan song to the sole accompaniment of percussion may reflect his being down in defeat, but when the kid rolls up his t-shirt sleeves a la the big Cougar and nods a knowing, graceful, "m'am" to the champagne-sipping crowd, the viewer acknowledges he's not out. Sleek and controlled like a (loafer-shod) contender.

ART OF NOISE "Beat Box" (ZTT/Island) directed by Anton Corbijn—Trevor Horn's ZTT label's house band supplies the audio which is highly evocative of Philip Glass's orchestral brilliance in *Koyaanisqatsi*. That film recorded movement as nature evolved into urban chaos but "Beat Box" is not at all ominous, depicting instead a day-in-the-life while the vocal "ba-ba-ba's" pierce the dawn, work the day, and careen through the wee hours. Editing is geared to the beat and the bouncy track is more a pleasant excuse to watch "fashion" London. Shots of pacing "bover" boots are a highlight.

GENESIS "Illegal Allen" (Atlantic) directed by Stuart Orme—Phil Collins houses on his dome a toupee that looks like a horse hair palm tree thatch dyed black, and gestures with a highly polished cuke and zucchini—doubling as guns and greenbacks—all to point out, to audio's sprightly tempo, the quasi immigrants' pathetic lot and their reasons for wanting to cross the border. Mike Rutherford's catching cigarettes in his mouth as they dive-bomb from the air like m&m's is daft, but the end of the clip, showing an aerial shot of the studio's interior "Mexican" set obviously closed off to outsiders, makes the "entry forbidden" theme most sobering.

BANANARAMA "Robert de Niro's Waiting" (Mercury/PolyGram) directed by Duncan Gibbins—Holed up in Italy, Keren, Sarah and Siobhan claim not to need a boy because they've got—in their hearts at least—a man of steel. The guy is Robert de Niro (who does not appear in the clip) and audio's easy going pace meshes with Bananarama's amiable escapism of de Niro—watching via the TV and movie screen. The Travolta look-alike in pursuit, bearing a violin case in Godfather garb, turns out to be a delivery boy of three midget-sized pizzas from the neighborhood Corleone take-out joint. Bananarama is still as jaunty, fresh-faced and wide-eyed as ever.

LAURIE ANDERSON "Sharkey's Day" (Warner Bros.) directed by Laurie Anderson—This mostly animated clip starts out ambitiously as union in nature manifests via trees of vastly different geographic climes—cactus, palm, evergreen—dotting the highway's edge. But Anderson's lyrics, thrusting spiritually as well as playing with the notion of life emanating from the sea—the protagonist's name is Sharkey—have trouble finding a visual home. Anderson's bloodless figure in blackface calls to mind David Byrne's failed massive, superimposed visages: the lyric grandeur and thematic scope of both these avant-gardists have yet to find video expression capable of paring down without diluting.

FUTURES

The future is now! "Futures" seeks to provide an avenue for exposure for America's best lesser known bands by making radio and record people aware of undiscovered talent.

To be considered for "Futures" send a recent cassette (or record), lyrics, and any other info on your band to: New Music Report/Futures, c/o CMI Media, 185 Willis Ave., Lower Level, Mineola, NY 11501.

If your station plays local talent don't forget to put them in touch with us.

This issue's picks:

SECRET SECT (4 song cassette) (947 Kenneth Ave., Elizabeth, NJ 07202/201-355-8547)—Secret Sect is a band you'll be hearing more and more about. This demo, although it's somewhat muddy, shows flashes of guitarist Jay Laskowski's fierce chops—his The Edge cum Jorma technique predominates over solid funk bass and steady drumming. The best track, (track 4, still untitled), is reminiscent of U2—it's energetic yet melodic. "Dog Town" is a "Radio Clash"-styled rap, while "Hunger" is a persistent power thumper: "I've got a hunger/I call it love." Secret Sect's approach to their music is firm and aggressive—that combined with Jay's knowledge of the guitar and its effects will make for some great recordings.

RAVEN KANE AND KLAUS NETZLE Silicon Valley (Erdenklang, c/o Weller Entertainment Management, 3608 Barham Blvd., Suite U-321, Los Angeles, CA 90068)—American singer Raven Kane teams up with Germany's Klaus Netzle to create a fine record featuring high tech wizardry layered over Raven's (oft shrill) vocals and electronic polyrhythms. The LP plays off the classic struggle of man vs. machine. On "High Tech Soft Touch" Raven sings "You used to kiss my lips/Now I compete with micro chips," or "You used to be tender to me/Before you got your MTV." "Bring Back Those Office Days" is a cabaret-styled shuffle (nostalgic yet electronic) recalling the halcyon era of the late 1950s. Also check out "Breakdance Fever," a humorous approach to the style craze and "Updated" with its techno laden funk bottom. All in all, this is good electronic music that's appropriate for progressive radio—it's not as far out as some techno things tend to get. This European release awaits a home in America.

DOLCE VITA Dolce Vita (EP) (Brain Eater Ltd., Box J, Island Park, NY 11558/516-432-6160)—Dolce Vita, (The Sweet Life), a standard rock four piece delivers confident straight ahead rock. Producer Chris Spedding nicely harnesses the drive power of these forceful rockers. "Looking Away" is our favorite, with a rapid drum undercurrent keeping the beat and energy level joined by the loose-wristed rhythms of guitarist Tommaso Commonara. Also try "Never Let Go Now," a basement ballad nicely blending bits of beauty and boldness. A welcome debut from Dolce Vita (see the movie (!?!)).

THESE MEN ARE CURING CANCER

PHOTOGRAPH: DAVID GAHR

YOU CAN JOIN THEM

When the T.J. Martell Foundation for Leukemia and Cancer Research was started in 1975, a cure seemed like an impossible dream. Today, we are seeing that dream come true.

With early detection, some forms of cancer can now be cured. Thousands of lives are being saved or significantly prolonged each year, thanks in large part to the research carried out at the T.J. Martell Foundation Laboratories at Mt. Sinai Medical Center in New York, and at the University of Southern California in Los Angeles, named in memory of Neil Bogart.

Both research centers are supported solely by the entertainment industry. And you're invited to participate at the annual T.J. Martell Foundation Humanitarian Award dinner in honor of CBS/Records Group President Walter R. Yetnikoff, on Saturday, April 14, 1984, at The New York Hilton.

A contribution of \$10,000 makes you a Foundation Patron. A contribution of \$5,000 makes you a Walter R. Yetnikoff Fellowship Sponsor. Since less than 3% of all monies raised is a direct fund-raising expense, any contribution makes you a lifesaver.

For further details contact Muriel Max, Director of Development, (212) 245-1818, 730 Fifth Avenue, New York, NY 10019.

THE T. J. MARTELL FOUNDATION FOR LEUKEMIA & CANCER RESEARCH.

YELLOWMAN "Strong Me Strong" b/w "Reggae Disco" (12") (Columbia, 51 W. 52nd St., New York, NY 10022)—Bim and Bam! King Yellow, the albino Jamaican DJ and #1 toastmaster, should win the prize for the ultimate reggae crossover with this single. Produced by Bill Laswell and Michael Beinhorn of Material, the mix is state-of-the-art, and perfect for American commercial radio from Urban to new music to CHR. Top rankin' DJ in Jamaica for the past few years, Yellowman is notorious for his sense of humor and his "slackness," or sexual exploits. "Strong Me Strong" celebrates Yellowman's status as King of the microphone, while "Reggae Disco" hails all musical categories—rock, soul, jazz, blues and disco. Guest appearances include Afrika Bambaataa, whose sound effects reinforce the powerful, upbeat, semi-haunting aura this record induces. A definite dance hit, and it wouldn't be surprising to hear a scratch mix. Both sides include their respective dub mixes. Hopefully, both Yellowman and reggae music will break new ground and transcend old barriers with this one. Wicked!

CRUCIAL!

ASWAD Live & Direct (Mango, c/o Island, 14 E. 4th St., 3rd Floor, New York, NY 10012)—Do you know what "live and direct" means? It means *live and direct*! It also means that West London-based reggae band Aswad has finally released a long-awaited live, sensational LP. This roots rockin' Rasta collective combines hard-driving musicianship with pleasant vocals and rebellious lyrics. The audience participation—cheers, yelps, etc.—serves to enhance the excitement of this live performance and reinforces the importance of their message. Direct your ears and needle towards "African Children," "Not Satisfied," "Roots Rocking" and the "Rockers Medley," which pays tribute to songs by artists Dennis Brown, Unval Thompson and Johnny Osbourne. Go deh, Star!

Ah-So-Me Chat

To those who expected to exchange greetings at the recent IBS panel in Washington, DC., I apologize for not being at my panel, but reggae rhythms were calling out to me as I headed down to Kingston, JA to catch Sly & Robbie's 10th anniversary show. Many thanks to Jamie Cohen of WCVT for moderating the non-rock panel, as well as to the panelists Harry Weinger of Gramavision and the RAS Posse: Cynthia, Cheryl and Dr. Dread. . . Some stories from my visit would be appropriate: The Sly & Robbie show was tremendous; Gregory Isaacs, Black Uhuru, the Tamlins, Horace Andy, Sugar Minott, Ini Kamoze, Yellowman, Dennis Brown as well as the Taxi Gang were featured artists. Surprises included an appearance by Bunny Wailer and Jackie Mittoo (formerly of the Skatalites) who joined Sly & Robbie and Company on stage for an unbelievable jam-down. Mitto was practically standing on the keyboards as he wailed away and contorted his tiny frame into strange configurations. Many reggae celebrities were on hand to share in the festivities and a wild time was had by all. Also caught Freddie McGregor in Negril. Freddie, by the way, has been picked up by CBS Japan who will be releasing his *Come On Over* LP. There seems to be a healthy reggae scene going on in Japan these days. Come on America, get on the stick! Bunny Wailer performed on March 7 along with the Skatalites, Carlene Davis and Nadine Sutherland. Backed by Lloyd Parks and We The People, Bunny's stage show included two female back-up singers and four male dancers. Serious talk about an American tour for Bunny is abounding. At Tuff Gong Studios there was a buzz about a Peter Tosh/Bunny Wailer combination album; no word as far as a release date goes. I bumped into Tony Johnson of Synergy Productions and he's quite excited about this summer's Reggae Sunsplash which will take place in August and is being moved back to Jarret Park in Montego Bay. Papa Michigan and General Smiley have a new single, "Reggae Ska," which seems to be getting a lot of airplay in JA. Look for an American release of this song. It's super-duper!! I ran into BBC announcer and reggae aficionado David Rodigan—he and JBC announcer Barry G. (Gordon) were turning up at dances and concerts all over the island to compete over who could spin the newest reggae releases; you could call it a "battle of the DJ's. Jose Wales seemed to be showing up at various events. There was so much music going on every day and night down there that it was hard to keep up with all of it. Ruffly and Tuffy, the two Rasta twins who were practicing their karate chops in the movie "Rockers" have been working on

some music with Robbie Shakespeare. The name of their debut single is "Russia And America," which has no release date/label as of yet. The biggest observation I made during my trip was that there's an overwhelming amount of visionary musical talent in Jamaica, and neither enough money nor producers to make it all a reality. Many thanks to all who took care of me and guided me around Kingston. . . Rumor has it that Judy Mowatt has signed a record contract with Capitol Records. More details to follow. . . Peter Tosh, who recently completed a 9-month world tour, has terminated his relationship with Copeland Forbes and Janet Davidson and is now being managed by Pauline Morris. Just a few weeks ago Tosh won 4 Rockers Magazine Awards in Jamaica for Reggae Personality of the Year, Reggae Ambassador of the Year, Reggae Single of the Year ("Johnny B. Goode") and Reggae Album of the Year (*Mama Africa*). . . On the new album from Weird Al Yankovic, *In 3-D*, there's a reggae track called "Buy Me A Condo." Yankovic is noted for his hilarious parodies and this one is no exception. The lyrics aren't particularly reggae-oriented, but the rhythm certainly is. Look for it on Rock 'n' Roll Records, distributed by CBS. . . Some songs that were blasting all over the place while I was in Jamaica include Barrington Levy's "On The Telephone," (which is available in the States on the Calabash label with the altered title "Mini-Bus"), Tristan Palma's "Bubbling" and Phillip Levy's "Mi God Mi King" which is one of the fattest, slickest paced DJ records ever. Very popular, wicked tunes, and even though they're imports only, they're well worth checking into. . . On the homefront, RAS Records has released the album *Sugar Daddy* by Michie and Smiley. Good music, nice album cover. Rivet. . . Nighthawk recording artists the Itals and the Gladiators are planning US tours come spring and summer. Please check Paul Kahn/Concerted Efforts dialogue for dates and booking info. . . Mutabaruka has reportedly been in a car accident while driving with his daughter in California. Back on his shoeless feet, Muta is fine and in fact, recently appeared at the University of Maine in Farmington. . . Congratulations to the Midnight Dread, Doug Wandt. For the past ten years Doug has hosted a show on KTIM in San Rafael. He can now be heard on KQAK, one of San Francisco's top rockers. All killer and no filler!! . . Try to Nica Up The Dance with this set: UB40 "Red Red Wine" into Freddie McGregor "Guantanamo" into Eurythmics "Right By Your Side" . . . Until next time, level vibes. . .

GUEST DIALOGUE

Jason Ringenberg, Jason And The Scorchers, EMI America Recording Artists

When EMI first said that they were going to get us on AOR radio I thought they were completely out of their gourd. However, much to my pleasant surprise, we are experiencing good success in that area. I think the reason this has happened is:

- 1.) I sent every program director a \$5 dollar bill, and
- 2.) that college radio has supported us since day one.

I feel that no matter how big we do or do not get we will always owe a great debt to college radio. In fact, I don't think that we would have reached this point without my mom sending me vitamins and your help. I hope your support continues regardless of how many Cadillacs I drive or how many hotels I own in Los Vegas.

We're still gonna make American Rock 'N' Roll that cuts and bleeds or we'll quit.

Record Company. . .

Steve Tipp, Warner Bros., Dance/Contemporary Music, Burbank, CA 213-953-3568

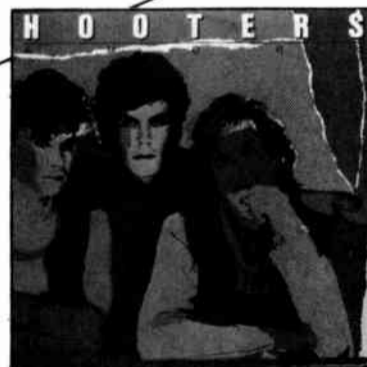

Lots of talk these days of the watering down of "new music," the homogeneity, the synth-blandness. Many are turning back the pages to the hard-core or closely aligned bat-sounds. Others are thinking the sound of street punk isn't far from the feel of street funk. I agree, and think New Music and College radio can stay at the forefront by playing the cutting edge of hip R&B. Records like "Rock It," "Crazy Cuts," "A.E.I.O.U." and many others were overlooked by many, many "new music" stations, and it is unfortunate. Because they could have set the station apart, a step ahead, in cool shoes. I recommend the following currents from Warners: BREAK MACHINE "Street Dance," IRENE CARA "Breakdance," the dub version is fierce--seriously, BANDOLERO "Paris Latino," a "Jellybean" mix sounds like FALCO meets ROMAN HOLLIDAY. Also on other labels: IRT "Watch The Closing Doors," TORCH SONG "P 2 E" (a killer mix with "White Horse") CYNDI LAUPER (you won't believe the 12" version of "Girls..."). Other Warner records to look out for PAT WILSON "Bop Girl," a huge Australian pop record tried and true as an import on West Coast R.O.T 80's stations, BERLIN's Lovelife LP, WANG CHUNG "Dance Hall Days" (a great "Safety Danceish" groove record-12" version coming soon), KING CRIMSON Three Of A Perfect Pair LP & "Sleepless" 12" remixes, ECHO & THE BUNNYMEN "Killing Moon" 12" coming ASAP. THE STYLE COUNCIL My Ever Changing Moods, and THE SMITHS debut LP. Also, wait till you hear the guitars on the new GO-GO's album, great sound!!

Jay McDaniel, MCA Records, Norcross, GA 404-447-6405

The success of TONY CAREY and "Some Tough City" is truly overwhelming. The 12" release late last month moved so fast up the charts that nothing could stop the continuing success of TONY CAREY. Presently on a nationwide tour, be sure to catch TONY CAREY when he comes to your city. The RAVYNS should be on your hot list. The cut "Don't Leave Me This Way" is a great listener reaction song. This Baltimore based band has been playing to record crowds. Our NIGHT LP has re-exploded with sales and should be approaching gold by the time you read this. The cut "Sister Christian" 12" and single gets hot phones immediately. From way down under, the group REAL LIFE with the 12" and single of "Catch Me I'm Falling" is making a big rumble. Presently on tour with EURYTHMICS, REAL LIFE is here to stay, with huge sales on the LP continuing. Last week, 3/12, saw the official release of FRANKE AND THE KNOCKOUTS cut "Outrageous" on Camel/MCA. College radio should again be in FRANKE's corner all the way. Also released was Repo Man on S.A.R. Records. This soundtrack LP includes IGGY POP, CIRCLE JERKS, THE PLUGZ, SUICIDAL TENDENCIES and BURNING SENSATIONS, among others. The ROD FALCONER LP "Rules of Attraction" has a great cut, "Magnetic Wave." It should be in your hands, and hopefully on your turntable. Just released is JIMMY AND THE MUSTANGS Bad Reputation, already getting action. We should continue to get airplay on the CHAMELEONS U.K. Delayed until March, THE CHAMELEONS was England's top group in 1983, and will see major U.S. attention this year.

Today is the day, the technical advance of the decade...radio is now colour!!! The debut LP by COLOUR RADIO is now here! The LP was produced by RICK DERRINGER who also plays some great guitar on it. Check out "The Hunter," "Bound For Life," and "Sheilala" for starters! This LP is bound to go several cuts deep. Please call me at 800-421-0802 for additional copies and/or bio information. Also, if you need THE SIGHTS 12" "Virginia" let me know.

Teresa Ensenat/ Charrie Foglio/ Leanna Morrit, Side One Creative Marketing, Hollywood, CA 213-462-1530, NYC, 212-307-1015

By the time you read this, many of you will already have spoken to Side One's latest addition, Charrie Foglio, but we thought we'd give her an official intro and welcome in ink anyway. Welcome! Just ask her about KISS or RATT and you'll be fine. As we sat down to write this, we realized that the main thing we had to say in regard to our records was thanks! Thanks to all the stations playing the ACCELERATORS and doing promotions and interviews in their tour markets. Thanks for HOWARD JONES, the highest charting 12" ever in NMR history. And last but not least, thanks for all the play on MODERN ENGLISH and ENDGAMES. Speaking of MODERN ENGLISH, some early tour dates: 3/25, Fairfield, CT., 3/27, Salem MA, 3/28, Farmingdale, Long Island (oh, Wrong Island for Sigler), 3/30, Poughkeepsie, NY 3/31, Oswego, NY, 4/1, Geneseo NY, 4/3, New Haven, CT 4/4, Boston, 4/5, Springfield, MA with much more to follow. Yes Brady (WUVT) they will be coming to Blacksburg. Can you say chiming guitars, great melodies, and biting lyricism? Then you've just described the sound of TOMMY KEENE's debut EP on Dolphin Records. The record was done in Tommy's 8-track at home, and in all honesty (not to mention objectivity: just ask Kim Buie) it's the best-sounding pop record this year. I'd like to compliment KFJC on their great-looking new playlist: it's concise, easy to read, and all the information on it is worthwhile. And kudos to Keith Altomare on his insightful comment regarding import/domestic play. Meg Jones: look up the cousin! See ya!

Beth Kittrell, Elektra Records, New York, NY 212-355-7610

You praised HOWARD JONES and his "New Song" and now "New Song" has finally turned into a new album! "Throw off your mental chains" and join Howard and his crusade for Human's Lib. It's a special crusade and one you should be proud to be a part of. We recommend "What Is Love" and "Pearl In The Shell," but as always, you're the judge... "You might think I'm crazy, but all I want is you"!! (Champagne cork pop, confetti, and party horns!) Join Elektra in our excitement over the release of THE CARS latest, Heartbeat City. Like we've been saying, "You Might Think" you're a CARS fan, but with the release of this album, you'll be a CARS fan-atic!...So what do you think about "Steppin' Out" in style to a very special party? STEEL PULSE "Steepin Out Nights," involving your radio stations and local clubs, are taking shape across the country. Let me know if you'd like to work on this idea in your area... EBN-OZN's Feeling Cavalier, their collection of "witty, danceable pop funk a roll" is winning votes everywhere. There's something for everyone's moods and tastes on this record, as well as an original EBN-OZN video to tie up the whole package. And finally, let me ask you a personal question. Just who do you love? Well, "Jimmy Loves Marvann" and you'll fall in love with JOSIE COTTON's new album, From The Hip, coming March 26th.

Mad Dog, Brat Records, Richmond, VA 804-459-0001

I was all pumped up a while back when I heard that according to Chinese calendar, this was the "Year of the Brat." What a drag when I found out that it was really the Year of the Rat, Oh, brats! I'd love to tell you how great IBS was, and how nice it was to meet everyone, but I'm writing this a few days before it happens and I'm really not a mindreader. Speaking of mindreaders, I'm still hearing from a few stations that haven't received SUZY SAXON & THE ANGLOS. If you still haven't gotten one, just call or drop a line. And as for the rest of you, thanks for helping put them on the singles chart! Keep it up. Oh yeah, and to those of you who haven't bothered to send your response cards back! If you like it that well, make a copy of it to keep. Otherwise, it's got a Business Reply imprint on it so you don't have to pay postage. What more could I do, send SUZY to pick them all up? Bye.

Leticia Villegas, Exit Records, Los Angeles, CA 213-306-0043/916-361-3652

Exit Records artists VECTOR, 77's and STEVE SCOTT have been making a significant impression on the West Coast college radio market in addition to being given tremendous radio support by such commercial stations as KNAC and KROQ. Two tracks to listen for on VECTOR are "Mannequin Virtue" and "Only To Fail Again" which were both featured in their successful 1984 IBS national convention showcase in Washington D.C. The 77's, with their title track, "A Different Kind Of Light" were very well received at the NACA in Nashville where they showcased and will be actively participating in live concert dates as will VECTOR and STEVE SCOTT in the West coast, East coast and Southeast regions. Once again, in the words of Rob Burr with QL Records, the IBS is without a doubt an extremely important part of being in the Progressive/College Radio scene as well as making face to face contact with such record company greats as Keith Altomare, Gunter Hauer, Meg Jones, Linda Walker, Mark Williams and so many more. Congrats to NMR for their very impressive article in USA Today. I think we can all agree that it was well deserved.

Listeners, be prepared to have JAH WOBBLE and friends lead you into uncharted musical territory. On Snakecharmer, African, Funk, Jazz, and Avant-Garde elements are layered and mixed, creating a unique physical and cerebral. If you care to dance sitting down, look a four, count 'em, FOUR new videos brought to you by ART OF NOISE and FRANKIE GOES TO HOLLYWOOD. Two different "Beat Box" vids, and two very different "Relax" vids. Are you diggin' on "A Girl Called Johnny"? Well, MIKE SCOTT and the WATERBOYS have much to offer in "I Will Not Follow." Jangling guitars, haunting sax lines, biting lyrics, and a great chorus make this cut a must play. Please call or write me if you need anything. Don't be shy.

Karen "You're Only As Good As Your Music Director" Glauber, A&M Records, New York, NY 212-826-0477

WE'RE CELEBRATING! With your support of SIMPLE MINDS the EXPRESSION and the ALARM, you have certainly made my first weeks as A&M National Director Of College Promotion a "labour of love." Please address all fan mail (and playlists) to A&M Records, 595 Madison Avenue, New York, NY 10022...P.S. The MARSHAL CRENSHAW remixes on Warner Bros, are brilliant.

Meg Jones, IRS Records, New York, NY 212-826-0477

Hi Kids! Well, now that I'm in the Big Apple I've got to adjust to being pushed and shoved around--what fun! It was way cool meeting you guys and gals at the I.B.S. Convention in D.C. this past weekend and LET'S ACTIVE was overwhelmed by the support you showed both in person and at the show--good going kids! New things from IRS are astounding! The GO-GO's LP Talk Show will be on your desks by the time you get this, and the REM LP Reckoning will be yours by mid-April. Who's second guessin who?...the ALARM is declaring their way across the country with the Pretenders, and the LP is doing incredibly well. Thanks for all the love and support!! Be sure to catch them if they play near you. The same goes for LET'S ACTIVE on tour with ECHO & THE BUNNIES. If you want to get involved with interviews, etc, call me... Morgan, dear, if you ever call me at 4 in the morning...Where was Kim Buie?...Was Josh (Dolphin) into messing up anybody's hair but mine...

Rob Burr, QL Records, Coral Gables, FL 305-446-2477

Greeting from sunny Miami! I.B.S. was a real smash, but I'm surprised more record companies didn't show up. Especially record companies that get at least 80 per cent of their airplay on college stations. Mind you, I don't mind the lack of competition. Most of the larger labels were there, but they weren't giving out many promos... I can't believe the attitude of the Arista rep regarding her conditions for getting service from Arista. I mean, really, who needs who in this business? Record companies need stations to play records, but stations have plenty of other records to play...Congrats to CMJ for picking up more stations than ever. Keep up the good work!...By now you have received THE SLEEP OF REASON 12" digital remix. This is a great dance record without any synthesizers. Reminds me of a cross between RENAISSANCE and the TALKING HEADS. Have it for breakfast, lunch and dinner. Call me about album giveaways...the DARK and SEX EXECES are a two fisted punch from Boston that's knocking progressive radio where it counts--in the charts. If you don't have a copy of either, call me... In addition to the aforementioned records, our RADIO-TRAK computer is now tracking JIM CARROLL I Write Your Name (for Atlantic), OFF THE WALL Ground Zero (for Broken) and RAVEN KANE's eclectic Silicon Valley and others...Next issue--more about WVUM... seems like all the students at IBS took my advice seriously when I said, "You be bad and stay up late!"

Radio...

Laura Steele, WKDA, Music Director, Nashville, TN 615-244-9533

It's official now! 1240 WKDA, Nashville's new rock is happy to be a part of the CMJ report. We are a 1000 watt commercial AM station located in Music City, broadcasting over a 30 to 40 mile radius. The South is certainly becoming a very strong place to reckon with on a modern music scope and we at KDA are doing our share. Please call to chat at 615-244-9533. A mega thank you to Bobby Haber and Scott Byron for the consideration and space. It is more than appreciated.

John Mrvos, WXRT, Music Director, Chicago, IL 312-777-1700

Kudos to KBCO for their imaginative and creative programming. It was a real pleasure to listen to a quality radio station while on vacation in Denver. KBCO proves what we here at WXRT have always believed: if you provide an audience with an intelligent alternative to "Radio Ca-Ca" they will embrace it. Once again, well done.

James Neill, WMUA-FM, Music Director, Amherst, MA 413-545-2425

Join the station, go on probation. The plight of many a college radio participant. Well, hopefully, upon our completion of school in some form or another, we'll all land jobs like Karen Glauber, the new National College Coordinator for A&M Records. Congratulations...From SIMPLE MINDS come terrific songs. Sparkle In The Rain is very satisfying music. WIRE TRAIN came to Western Mass. to play in the middle of a tobacco field in Sunderland. Due to poor promotion, not many people showed up. Like maybe ten. The show was great despite the tiny crowd. The atmosphere was...well...intimate. RAPTURE OF THE DEEP opened up. They were 4/10 of the "crowd." They are as yet unrecorded but look out in the months ahead. My current favorites are THE SMITHS and THE CHURCH. THE SMITHS are going to hit big over here sooner or later. Probably by that time we'll all be sick of them. UB40 is coming to UMass and we're doing a "get a job at WMUA" promotion with A&M. ELVIS COSTELLO will be soloing in the Fine Arts Center in a month or so. Send us lots of records everyone. We will play them on the radio and they will all go platinum and we'll all be rich and drink Taddy Porter beer.

Mark Iskowitz, WRCT, Music Director, Pittsburgh, PA 412-621-WRCT

After a radio convention, there usually is a renewed enthusiasm for college radio on the part of radio stations and record companies. Let's transfer this fervor to the task of exposing new talent, while at the same time, not abandoning those we have already helped establish. Play MADNESS, SIMPLE MINDS and EURYTHMICS but also emphasize new artists like ART IN THE DARK, SPECIMEN, LARRY WILLIAMS, and those who never quite cracked it such as AGENT ORANGE. These names are merely representative of the great amount of worthy music out there. Judge each new record according to its quality and individuality, not by an artist's track record. Give everybody a fair shot. Play it smart.

Rick Weiner, WUSC, Music Director, Columbia, S.C. 808-777-7172

I'm bursting, I'm a maniac, I'm a crazyman and I'm the happiest MUFFIN in South Carolina!! February was fantastic!! The video night was a huge success. Two hundred ten people turned out for 85¢ Molsons and incredible video footage! A million thanks to the following: Mark Williams (A&M), Beth Kittrell (ELEKTRA), Danny Beard (DB), Marion Leyburn (DREADBEAT), Clay Baxter (EMI), Bennett Kaufman (GOLD MOUNTAIN), Steve Bonilla (ISLAND), Fran and Linda (POLYGRAM), Allison (ROUGH TRADE) and Linda Clark (SLASH). Hello Robyn (CBS-Atlanta) you blew the crowd away with the MIDNIGHT OIL documentary! Let's not forget the INSECT SURFERS and YOUNG CAUCASIANS in a WUSC fundraiser the night before. CRISTINA called and 10,000 MANIACS performed. Finally (I'M POOPED!), a "BURNING THE MIDNIGHT OIL CONTEST" (a station trivia contest in celebration of one year at 3,000 WATTS!!!) topped off an outstanding month. COULUMBIA IS HAPPENING BOYS & GIRLS, COME TAKE A JOYRIDE WITH WUSC! AWESOME IN THE MIDLANDS!!!

Steve Strummer, WROX, Music Director, Washington, DC 202-625-6465

It's good to see area bands getting national attention. YOUNG CAUCASIANS played in the mother city last month with Rechmorders SUZY SAXON & THE ANGLOS; all of us who went agreed we'd had the best time so far in '84! The cramped, but dancing crowd thought so as well; hopefully we'll have the two bands at G.U. soon! MAD DOG, you've been great, but Wasp-!!! contact us soon!...And where the hell are the SLICKEE BOYS?!

Troy Kiick, WZBT, Music Director, Gettysburg, PA 717-334-7692

Things are going great here at WZBT. I just got done fighting the Civil War, and I was victorious here at Gettysburg. I finally got my new format passed, with heavier rotation of the newest in new music. The DJs are finally playing more of what I want them to play, and I think it sounds great! Very hot items here are THREE O'CLOCK, WANG CHUNG, THE THE, SLICKEE BOYS, ART IN THE DARK and my favorite new band WIRE TRAIN. ROBERT HAZARD's new album Wings of Fire rocketed right up the charts in its first week. To Beth at Elektra, the HOWARD JONES Human's Lib LP is excellent. To Gerald of the ACCELERATORS, great talking to you--success is coming your way. Fantastic new albums from MODERN ENGLISH, MADNESS and SIMPLE MINDS. Also, check out the AFRICAN IMAGE LP, it's very different. 1984 looks to be a very exciting year.

Duane Tate, MWGC, Carrollton, GA 404-834-1355

hello, hello...is this thing on?...We've been reporting for a couple of months now...thought it was about time to see if this "dialogue" thing really works. We are MWGC, the Album FM, lost in the cultural wasteland between Atlanta and Birmingham...no clubs, no progressive stores. We are in a transitional period now...a more progressive sound...stereo sound and a larger coverage area on the way for late Spring. Kudos to the fine record companies who have been good to us over the years. A special thanks to I.R.S. who just sent us some badly needed catalog albums that will be put to good use. Kudos to the 688 club in Atlanta for supplying us with passes to give away...they've had some great acts lately (THE RAYBEATS, ART IN THE DARK, LOS LOBOS, etc.). Desperately needed: service from PolyGram, Enigma, and some small independents. Please call me if we are not on your mailing list...

Paul Campilii, WRPW, Music Director, Pleasantville, NY 914-769-3200 x3203

WRPW making that progressive move! Hot all around chart action with EURYTHMICS, PRETENDERS, and VAN HALEN from the request side and the DJ picks...More attention on THE THE, WIRE TRAIN, BILL NELSON and HOWARD JONES...Keep 'em coming in, friends in recordland!!! Looks like Ned Sled's "best of the unpopular" show is getting the most followers with CYNDI LAUPER, REFLEX, the ALARM, and MADNESS setting the "Pace"...but how 'bout that Bosco Rambo "Heartbeat Of The City" show featuring Profile's FRESH and JAM MASTER JAY, and West End's smash ANOTHER MAN, not to mention WORLD FAMOUS. Noweeee...

Dialogue continued

Morgan Williams, WXCI, Music Director, Danbury, CT 203-792-8666

You've all heard of Uncle Wilbur's "ripper of the week." Some former "rippers" are HOWARD JONES' "New Song," NINA HAGEN'S "New York New York" and "White Horse" by LAID BACK. (I wonder) what's coming up in the next few weeks. Beth, you're my little "Bag Lady!" Linda Walker, have you really been breakdancing? You and Karen Glauber, eh? Better watch those kids from Cleveland. I just want to let everybody know about THE ORIGINAL SIN. If you need more details call Chris Chappell, Atco Records.. Girls, call me.

DB Records of Atlanta has released a new EP by OH O.K. called Furthermore. What and Press records have released the last METHOD ACTORS LP called Luxury. Vic Varney, one of the original members of METHOD ACTORS is working with Robert Warren in hopes of putting together a new group. Also: Tom Grey from the BRAINS has put together a new group which will be performing soon.

Saw CHRIS STAMEY formally of the dB's and he managed to clear Storyville which is a club in Boston. The ironic thing about it was that he was real good.

Bob Briar, Cutler's Records, New Haven, CT 203-777-6271

After listening to the new Moraz/Bruford it's my favorite album. I saw them live at Toad's Place and they have a great live feel. I didn't miss any other instruments and it's impressive that they can be creative in their own context outside of their involvement in other groups.

Mark Reiner/Mark Morgan, Music Liberated, Baltimore, MD 301-296-8330

We have received more help from labels, especially MCA with ENDGAMES Building Beauty, should help with the sales and in-store play.

Binky, Sounds, New York, NY 21-677-3444

Could it be that the Epic promotion staff is so busy congratulating themselves over Thriller that they are letting TEENA MARIE'S Super Robbery album die on the vine?

John Keliski, Tower Records, Pheonix AZ, 602-246-7041

It appears that to stay in the record business that you're going to have to also be in the video business as well. So as not to fall behind, the Phoenix and Tempe Towers will be opening video departments at both locations to capitalize on the MTV affect. Monitors will be in view throughout each store and the sound system will go through the video department. This will allow us to use new videos, concert videos along with our widespread new releases for in-store play.

Greetings from Cooker and the Mob! Everything's going great, although it could be better if we got UB40's last couple of releases. Special thanks to Heartbeat, Shanachie and Nighthawk,

Karen Mason, WAER, Syracuse, NY 315-423-4021

Please let me know how I can obtain any reggae videos. Call me at the station or at 315-474-2068. Thanks.

My pick for album of the month is WINSTON REEDY'S Dim The Lights. Other really good albums include GREGORY ISAACS' Out Deh and TETRACK'S Trouble.

Philip Smart, WNYU, New York, NY 212-598-3038

Look out for a new SISTER CAROL 12".

Donny Goodman, WPSC, Wayne, NJ 201-595-5900

Music, like life, is a circle. It's all interconnected. Obviously reggae is part of the circle of music. Musicians like OLIVER LAKE & JUMP UP help teach people not only reggae, but jazz, fusion and funk as well. OLIVER LAKE & JUMP performed at the Peppermint in Orange, NJ on February 26: they played 2 sets of good music. A splendid time for all those in attendance. Thanks to Oliver for the interview -- it's musicians like you and JUMP UP who help music evolve.

Todd Bisson, WUNH, Durham, NH 603-862-2541

The I-TONES, a local Boston reggae band will be playing our campus.

Robert Peterson, WUCF, Orlando, FL 305-275-2133

Thanks goes out to Heartbeat, RAS, Nighthawk and Alligator for record service.

Jerome Willis/Tee Adelaja, WVU, Morgantown, WV 304-293-3229

We desperately need reggae records. We'd appreciate it if all labels, both independent and major, would send us records.

Dan Blumstein, KAIR, Boulder, CO 303-492-5031

We're planning on having "Reggae Sundays" when the weather gets warmer -- reggae, sun, beer and hacky sacks!!

Andy Smith, KBSU, Boise, ID 208-385-1984

STYLE COUNCIL My Ever Changing Moods (Geffen, c/o Warner Bros., 3300 Warner Blvd., Burbank, CA 91510)—1983's EP *Introducing The Style Council* was just that, an introduction. On *My Ever Changing Moods*, the Style Council has arrived full-fisted with Paul Weller blossoming into a confident and competent crooner capable of ringing out on Jam-style jumpers, soulful serenades, and lounge like laments incorporating more jazz and R&B influences than on any of his previous work. More importantly, Weller (and other Honorable Council members) now effectively convey the distinct emotions evoked by each and every tune (compare "The Paris Match" and "Headstart For Happiness" on *Introducing* to the reworked gems). The use of horns, strings, and smokey blue guitar chords enrich the sounds of "Here's One That Got Away," "Blue Cafe," and "My Ever Changing Moods." This deliciously diverse LP includes the rap tune "A Gospel," and the solo piano romp (by chief Council member Mick Talbot) "Mick's Blessing." Our favorites also include "You're The Best Thing" (a stunning ballad), "A Solid Bond In Your Heart" and "Strength Of Your Nature." Absorb yourself in *My Ever Changing Moods*, a record that will carry you through the emotional cycles of rinse, spin and dry. Play it all!

KING CRIMSON Three Of A Perfect Pair (Warner Bros., address above)—The third LP in the trilogy that began with *Discipline* and *Beat* finds King Crimson exploring the same adventurous turf as on those previous LPs. On side one of *Three Of A Perfect Pair* the experimental leanings of the musicians develop from a more mainstream framework. "Sleepless" is the standout, a hard rockin' funk track which could break through to AOR and pop radio much the same way "Burning Down The House" did. (A club mix by Francois Kevorkian is in the works.) "Man With The Open Heart" is similar in mood to *Beat*'s "Heartbeat"—both soothing and invigorating. The title track falls somewhere in between—Robert Fripp's guitar loops and nuances are most enticing, and Adrian Belew's vocals soar above them. Side two is more explorative—here all the players search for new territory on their respective instruments in an exciting adventure in sound and atmosphere. "Industry" and "Larks Tongue In Aspic Part III" are the most stirring. Listen carefully to this LP—it's worth every moment.

CARS Heartbeat City (Elektra, 665 Fifth Ave., New York, NY 10022)—A little automotive history. . . in March 1977 the Cars were a last second substitution to open for Bob Seger at Boston's Music Hall when the original opener was snowed out. RAVES! A tape of "Just What I Needed" was circulated to college and progressive radio in the summer of '77 and remained in heavy airplay for nearly a year, at which time the band was signed to Elektra and the vinyl replaced the tape. The rest, as they say. . . The Cars were the first "new wave" band to explode throughout mainstream American media. And they allowed the floodgates to open for the Knack, Pretenders, Devo, Blondie, Police et al. *Heartbeat City* is the best Cars album since their classic eponymous debut LP. Produced by Mutt Lange, the dents and scratches of the past few LPs have been given a fresh new sheen. Yet the electronic street edge is still present, guided along by Ric Ocasek's trademark vocals. The upbeat rockers all stick, the favorites being "Looking For Love," the heavier "Magic," "It's Not The Night" and the single "You Might Think." Also try the lush synth shuffle "Why Can't I Have You" (could be a massive CHR hit), the airy, atmospheric love song "Heartbeat City" and Ben Orr's fine vocal ballad "Who's Gonna Drive You Home." Drive it.

GO-GO'S Talk Show (I.R.S., c/o A&M, 595 Madison Ave., New York, NY 10019)—Everyone knows the Go-Go's can pop, but *this? Talk Show* rocks with the best of them. If you find that hard to believe, put on your headphones (trust us—it's best that way) and turn "Head Over Heels" up loud. Martin Rushent has cleaned up their act, and it sounds just great—especially listen for the guitars, keyboards and drum break. If that doesn't leave you thoroughly drained, check out "Tum To You," "Mercenary" and "Capture The Light." Congratulations girls (and Martin)! We never knew you had it in you.

JOE JACKSON Body And Soul (A&M, 1416 N. LaBrea, Hollywood, CA 90026)—On *Body And Soul*'s opening track, Joe Jackson challenges the listener to reach "The Verdict" on his new LP, which is, according to the liner notes "Joe's most pure and personal, leaving behind the ironic observation and social comment of much of his earlier work in favour of a more direct expression of human emotion." A fair observation. *Body And Soul* is refreshing in its simplicity—the music is beautiful, a logical extension of *Night And Day*, even lighter and more pop-oriented. The songs are honest in their emotions and intent—"Be My Number Two" and "Not Here, Not Now" are simply wonderful love songs. "The Verdict" is our favorite among the upbeat tracks, and "Loisaida" is a gorgeous instrumental which might even cross Joe to jazz audiences. What's missing here though is some of the conviction and bite that made the early LPs work even if they weren't as lyrically or musically developed. With all the attention paid to the music, that prior edge seems to have been slightly lost and for that we're sorry. Nevertheless, *Body And Soul* is another satisfying step from one of our favorite artists.

SMITHS Smiths (Sire, c/o Warner Bros., address above)—Britain's gone wild for the Smiths: they topped everyone's "best of" polls and charts for 1983. It's easy to understand why they appeal to the Brits—their quirky semi-acoustic pop ballads topped with lead vocalist Morrissey's unpolished but heartfelt vocals strike the perfect chord between today's new and traditional musics. But will it play in Peoria? Maybe not just yet, but you can bet on them a few months down the line. And smart radio will go with the Smiths now. Top cuts: "This Charming Man," "Reel Around The Fountain," "What Difference Does It Make," "Hand In Glove," "Pretty Girls Make Graves."

CHAMELEONS U.K. Script Of The Bridge (MCA, 70 Universal City Plaza, Universal City, CA 91608)—The Chameleons U.K. fall squarely in line with the current crop of U.K. guitar bands (U2, Echo, Big Country) yet don't draw directly from any of them. *Script From The Bridge* has a distinct sound which gets more rewarding with every listen—though at first it feels simply atmospheric, familiarity reveals the band's talent for guitar flourishes and subtle musical and lyrical twists and turns. The LP has been remixed and pared down to eight tracks for U.S. release; our favorites are "Up The Down Escalator," "Don't Fall" and "Pleasure And Pain."
