" THE COIN MACHINE MERRY-GO-ROUND "

WASHINGTON, D.C., Aug. 27, - Senator Clark of Idaho asserts ban on recording does injury to wartime morale. Asks Senate for Petrillo inquiry. Says barring of amateurs and canned music would affect men in service. A Senatorial investigation into the extent of control of James C. Petrillo and his American Federation of Musicians over music in the United States and the effects of his restrictive orders on national wartime morale and welfare was called for today in a resolution offered by Senator Clark of Idaho. "Through the forbidding of Federation members to play or contract for commercial recordings and thru his forcing of cancellations of established amateur radio programs from the air", Senator Clark told the Senate, "Mr. Petrillo, by gangster acts, has undertaken to put an entire industry out of business and deprive its workers of earning a livelihood." Senator Clark also added, "I intend within a few days to press for action upon the resolution before the Committee on Interstate Commerce with the hope that it may be brought back to the floor of the Senate for appropriate action".

IMPORTANT: Write a letter immediately, whether you are a phono op or not to Senator Clark, care of the Senate, Washington, D. C. and tell him how great his championship of commercial recordings means to all the men engaged in earning a living from these today. Write that letter even if you do not operate a phono nor ever intend to operate, buy or sell one. This is a marvelous opportunity for everyone in this business. Let us make the eminent Senator Clark of Idaho feel that there are a large number of people tremendously interested in his effort. Have everyone of your employees write an individual letter and get all your friends to do so, too. The more the merrier and the more letters written the more sure you are that the Senate will listen to Senator Clark.

NEW YORK, Aug. 28, - Reports have just come thru that capital investment in manufactories has reached a 16 year high. The increase in 1941 alone was over \$5,900,000,000. (5 BILLIONS 9 HUNDRED MILLIONS OF DOLLARS). This gain, according to the Conference Board in meeting here, was greater than the combined expansion from 1925 through 1929.

WHAT DOES THIS MEAN TO YOU? Simply this - that after the war there will be more manufacturing plants seeking for something to manufacture than ever before. You, who are now engaged in this coin machines industry, who will see the opening of a short and hard depression immediately after the war, will want new products - new ideas - something to bring to the public, just as in the past ten years you brought the public pin-ball, one-ball, consoles and many other new products. These plants will therefore be available for your ideas.

NEW YORK, Aug. 28, - Advertising costs are deductible. Normal advertising expenditures and those necessitated by the numerous contingencies arising from the war program are deductible for income tax purposes, according to a clarifying explanation of the attitude of the Treasury Department and the Bureau of Internal Revenue, released yesterday by the Association of National Advertisers with the approval of the office of the Commissioner of Internal Revenue.

WHAT DOES THIS MEAN TO YOU? That your advertising subscription to The Cash Box, which is most certainly a very normal expenditure to help you carry on your business is deductible.

BUTLER, PA., Aug. 26, - Decision handed down in the Court of Quarter Sessions, Butler County, Pa. was extremely favorable. Operators here believe that this decision will lead to possibility of Superior Court upholding verdict and that F.P. Pin Games may run again. The entire discussion in this case was whether "Free Plays" were to be accepted as something of intrinsic value and therefore would constitute an act of gambling. The Court found that "Free Plays" as such were not of intrinsic value and therefore ruled against the petition of Frank T. Wigdon, County Detective.

PHILADELPHIA, PA., Aug. 28, - Al. Rodstein of Arco Sales Company who produced "Thumbs Up", 5-Ball F.P. Pin game, which clicked with a great many ops, reports that within a few weeks he will have a new number coming up which he claims will be many times greater than his hit game, "Thumbs Up". As yet Al will not release info regarding this new game. Subscribers to The Cash Box who are interested in a new five ball free play pin game, Al reports, can get advance info from him by writing to him directly.

NEW YORK, Aug. 24, - Whatever business the retailer does is usually accepted as the best barometer of what coin machines are doing. Here's one reason why your take may have fallen somewhat during the second week of August. Dun & Bradstreet, Inc. report that the nation's retail business declined 6 to 10% during this week as compared to similar week in '41. Decrease was extremely moderate when you figure the record sales made by retailers in '41. And in addition, most coinmen report that this "usual seasonal drop" was less than 5% in most territories.

NEW YORK, Aug. 25, - Nick Kenny of the N. Y. Daily Mirror, who has given coinphos many a plug and knows a record when he hears one, reported in his column that the new Beacon Record, "Fat Meat is Good Meat" on which Savannah Churchill makes her wax debut, "is hailed as the hottest record in years".

WASHINGTON, D.C., Aug. 25, - Department of Commerce discloses that in the second quarter of '42 the national income had reached an annual rate in excess of \$112,000,000,000.00 (112 BILLIONS OF DOLLARS) as against the entire 1941 total of 95 BILLIONS OF DOLLARS.

WHAT DOES THIS MEAN TO YOU? It once again bears out our prediction of last issue wherein we stated that there was more money in circulation at this time than ever before in the history of this nation. And that means that once this money starts being spent - you're in because economical entertainment is being DEMANDED by the public.

PITTSBURGH, PA., Aug. 26, - Last week The Cash Box took great pleasure in reporting that Philadelphia's leaders went 100% for subscriptions. This week spent in Pittsburgh produced 100% subscriptions there. Among the leaders in this city who subscribed to The Cash Box were: Jackie Fields, Mayflower Distributing Company; Harry Rosenthal, Automatic Amusement Company; Sam Strahl and Meyer Abelson, American Cigarette Machine Company; B. D. Lazar, B. D. Lazar Company; Phil Greenberg, Atlas Novelty Company of Pennsylvania; Si Reichbaum and Howard B. Levine of Mechanic's Service Company.

READING, PA., Aug. 26, - Once again The Cash Box can report another city become 100% subscribers. The two leaders in this city, Lew London, Leader Sales Company and Mike Carpin, Reading Novelty Company are now subscribers to The Cash Box.

PITTSBURGH, PA., Aug. 26, - One of the leading ops here who had just started some diggers working and purchased a large amount of merchandise without carefully checking this merchandise unknowingly inserted Jap merchandise into some of those diggers. One of the papers here howled like hell. (Be careful on all purchases of merchandise these days. Many wholesale merchandise firms have Jap merchandise left and will palm it off on you if they can as happened in this case.)

NEW YORK, Aug. 28, - Suggestion just received by The Cash Box: Why doesn't one of our revamp experts cut down the logs and revamp a flashy, high score pin game into a real, patriotic motif and present same to President F. D. R.? (Well, why not?)

“ THE COIN MACHINE MERRY-GO-ROUND ”

NEWARK, N. J., Aug. 28, - A few ops in discussion here wondered whether they were going to get any play on their machines with "all the men gone" to the Army and Navy. The answer lies in the fact that play has gone up. Ops from all over the country on an average have reported that take was maintained during one of the hottest and most war conscious summers in American history. With the fact that there are more men and women now employed than at anytime in American history and also with the fact that other entertainment features have zoomed in price - the coin machines stand forth as the main show these days. And, have you noticed how women are going for them?

NEW YORK, Aug. 28, - Beware of a "fooler". A "fooler" is the kind of game that you buy that looks 100% clean in every way and when placed on location, after a few days, breaks down completely. Usually this is found to be due to some worn gear in the clock or some other important wearing part going to pieces. The reason is simply that the game has been played out. The trouble is that such parts cannot be obtained. They have to be made by hand and cost anywhere from \$5.00 up to have one made by some machinist who has the time to make the "gear" or part for you. Check carefully.

COMMENT: Watch prices carefully. They are beginning to jump up and down once again. This is due to fact that many games are suddenly being thrown on the market and the trade is getting extremely wary of heavy purchasing. It is also hard to get the better type of games in all categories. Legal Arcade machines are commanding the highest prices in their history (this was predicted sometime ago) and phonos are starting to climb, too. Five ball F. P. pin games are holding. Slots are so much in demand that prices have gone to the skies, but, there are still large numbers available if ops will dig them out of warehouses and cellars and place them on the active market. Let the trade know what you have.

NOTICE!

On behalf of those subscribers who have written to us regarding our establishing a firm policy about shipments of merchandise by our advertisers, advertised as perfect and being exactly the opposite, as well as advertisements of equipment which the advertiser does not have on hand at the time of placing his advertisement, but uses as "bait" to attract inquiries — The Cash Box will instantly publicize any such firm using such tactics as well as return whatever amount of this firm's subscription as yet to be completed so that such firm will no longer be a subscriber nor in the future be able to subscribe unless complete restitution has been made in the meantime -- and therefore will not be able to use the advertising columns of The Cash Box. As yet, we are extremely happy to state, we have not had to contend with any complaints of the above nature. We are adamant in the sincerity of our endeavor to keep The Cash Box not only a confidential, sparkling and intelligent medium for our subscribers — the active members — the real leaders of the coin machines industry — but also attempt in every possible way to maintain The Cash Box as one medium wherein all practices of good, clean business will be observed. We feel certain that all of our subscribers will agree to the above principles.
