

OLD AND EXPERIENCED

traveling men, training novices as to "what to watch for when entering a town," always advised, "read the classified ads" in the town paper. "That's where you get the real lowdown," they said, "and," they added, "always glue yourself to the paper with the largest number of classified ads because," they sagely emphasized, "that's the paper the people are really interested in and are carefully reading page after page."

> In keeping with the above, which many, many members of this (and every other) industry heard expounded time and again by these oldtime traveling men who pioneered a great business path thru America's hinterlands . . . is this proud statement for one and all in this industry to give deep and serious consideration.

Better Used Equipment **Grows Scarcer**

Just like "Old Mother Hubbard's Cupboard," the trade is gradually becoming bare of the better, later models in used equipment.

It is quite surprising to note that those who formerly advised they had all sorts of used machines on hand have suddenly started a frantic search for the better used machines.

What's more, because the Canadian and South American markets are eating into whatever good used equipment is around, the domestic market finds that it has run very, very short of almost all late models of machines.

Conversions, which have been produced by some of the leading manufacturers, to bring new life back to some of their older model machines, have worked out well, with the result that operators have taken to these conversions in a big way. This has halted these older machines from reaching the used market.

Noted distributors have been phoning each other long distance constantly, in an effort to obtain used equipment, to fill orders which they have on hand. And, in most cases, have been unsuccessful.

The result has been a boost in prices all down the line. Operators who formerly traded in equipment in quick time, are now holding back in an effort to get every bit of take

from equipment. This has had a very strong effect on the market.

Even more important is the fact that new machines are destined to zoom in price. The operators, jobbers and distributors realize this. They are now trying to arrange for an entirely new and better trade-in allowance plan, in an effort to take care of their used machine buyers.

The reaction to all the gossip, rumors and publicity, has been to hold operators back from trading in long used equipment.

This is foolish. The operator realizes that his very best bet is to continually present new products to his customers. So that he can continue to enjoy peak play, regardless of whatever else comes to the market in similar equipment.

But, as the better used equipment becomes scarcer, many will have to pay prices they never before believed they would pay, for whatever is left on the used market.

The "Confidential Price Lists" of The Cash Box reflect this shortage of better used machines.

Those who have been following prices carefully find that they have been constantly going up.

There is no down in sight.

Furthermore, as new equipment grows more and more costly to produce, and as prices go up, the used market will continue to rise with all new price hikes.

It is best, therefore, that those, especially those who need used equipment in their territories, urge all to trade in more quickly so that the market continues active, and all will prosper.

Just booming prices, because of shortage, will never bring in any more coin into machines.

The big problem is to arrange a more or less "set market price" on better type used equipment, in an effort to satisfy all in the field.

For many months, in almost every editorial to appear here, this publication has warned the trade of rising inflation. It has reported statements from the nation's leading economists. It has urged all operators to arrange for a better commission arrangement so that they would be prepared to meet inflation as it became more and more prominent.

The Cash Box tried, with the editorial means at its disposal, to show those men on the firing line, the nation's operators, how to gird themselves, so as to be impervious to whether inflation struck hard, or was held down.

What, then, has inflation to do with the coin machine industry?

The answer? A great, great deal to do with coin machines. The reason? Because this industry caters to that class of people in this nation where inflation is most instantly, and longer, felt.

The people who like to enjoy juke box music. Who will play amusement games.

Who will buy from vending machines. Who have budgets. Who watch their nickels and dimes. Who tho money is flowing much more freely find that costs of their every day necessities are zooming along with this easier inflated money.

This inflationary boom which has been brought about by liberal Washington spending can react without too much good for the members of this field.

In the first place it has caused wages to go up. With the rise in wages the prices of raw materials have zoomed. Therefore, the cost of coin machines, in all classifications, has been raised to meet these basic rises.

With costs higher for equipment, the operators are faced with the necessity to

take in more, to earn as much, and to amortize their investments in the usual time.

There is the rub. How can the operator earn more? What must he do? Inflation is creeping up very fast. He finds his cup of morning coffee in his first stop costs him 10c. When he turns to the pay phone, and if it's still a nickel, he wonders how soon he'll have to put in a dime to make a call.

If he gets a shoe shine as he steps outside, he now pays 15c or even more. As he starts his car and heads for his favorite gas station, he finds that gas and oil have gone up.

He drives over to his distributor, and inquires about a game. He is quoted a price higher than what he formerly paid for the same manufacturer's product.

He gets over to his next location, at long last, and hears complaints from the location owner that everything's going up in price, and that people are a bit wary about investing too heavily.

So he begins to wonder, as he counts the collection, just what he ought to do to arrange for an upswing in his own take, to pay the inflated costs all the way down the line and continue a progressive route by purchasing the new equipment he needs.

And this goes for every type of operator. The vending machine men who operate bulk vendors just can't cut down too low on the amount of merchandise they're now vending. Pistachio machines are giving four or five of the nuts for a penny and, when a larger size nut wedges in, only two. That disgusts people with this machine. Yet the operator mustn't break down the quality of his merchandise.

Can he change the coin chute? Should he charge more?

The amusement game operators are in a position of wonderment. They claimed they just couldn't amortize the cost of five-balls at the old price. How are they going to do it at an increased price? The answer, in their case, would be the same as what happened on shuffle games, the majority of the better ops believe. That is, to feature 10c chutes.

But, these men state, how can they feature 10c coin chutes when the people are accustomed to playing that very same type game for 5c? In short, get some new type game, which might be a combination of both these games.

Whatever the answer, the problem remains, and the 10c coin chute will probably answer this problem when the first op come up with the new type game needed to obtain 10c from the players.

~

m

11) II SONG ROLL

The case of the juke box ops is somewhat better. They have, after some years, at least quite a lot of them have, changed their commission percentage basis to the storekeepers and are paying 40% or 30% or even 25% commission, instead of the former 50%. Many are also getting front money service guarantees, ranging from \$5 to \$15. Each territory has its own unique problems. This is not a national arrangement.

Those ops, who are working on a changed, better commission basis, are finding themselves in an enviable position. But, many are suffering from low take. Therefore they, too, must find a way to get bigger collections.

There is no doubt that as money becomes even "easier," and what might also be termed, "looser," there will be some increases in collections. But, will this mean anything if the operator must pay more for everything he uses to earn his living?

"It's What's In THE CASH BOX That Counts"

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"YOU'RE MINE YOU" (2:56) "I'VE FORGOTTEN YOU" (3 MARGARET WHITING (Capitol 1123) (3:10)

Margaret Whiting adds the Frank • Margaret Whiting adds the Frank DeVol Ork and the Lex Baxter Chorus to her own throbbing balladeering of the beautiful lyric to "You're Mine You." The number is highly moving and this cutting by Margaret Whiting has the sound of another big one for the top flight girl singer. Reverse is another beautiful ballad that is so well done it makes it difficult to choose a best side on the platter. "Our pref-erence is "Mine" but our advice is to latch on to this cookie—and right away. away.

"TUNNEL OF LOVE" (3:08) "HOME" (3:09) NAT "KING" COLE (Capitol 1133)

(Copitol 1133) • The click novelty tune from the forthcoming movie musical "Let's Dance" gets a fine rendition from "King" Cole backed by the orchestra of Pete RUGolo. The silken soft purr-ing by "King" Cole should have the usual effect on his many fans as he warbles the lyric. "Home" finds Cole giving a strong delivery to the stand-ard ballad. Ops will want to listen.

"TZENA, TZENA, TZENA" (2:27) "PINK CHAMPAGNE" (2:25) RALPH FLANAGAN ORCH. (RCA Victor 20-3847)

The hot-as-a-pistol "Tzena" gets • The hot-as-a-pistol "Tzena" gets a dance treatment and chorus vocal from the Ralph Flanagan Ork. Flan-agan's arrangement sets "Tzena" in dance time fox trot without detract-ing one iota from the tune's folksy ap-peal. "Pink Champagne" is well as a jump instrumental with an added dash of vocal from the orchestra. "Tzena" could show something with the Flanagan version.

"I COULD WRITE A BOOK" (2:48) "EASY TO LOVE" (3:12) LES BROWN ORCH.

(Columbia 38903) Top deck is a standard Rogers • Top deck is a standard Rogers and Hart show tune that comes in for some instrumentalizing by Les Brown that adds up to listening and dancing magic. The Les Brown Ork-ing has a lilt about it that adds the touch that makes for juke box win-ners. Flip is another dancetime stand-ard set in a fox trot tempo with an arresting arrangement. Ops who have these spots will want to plunk this platter in every one.

"BRAZILIAN SLEIGH BELLS" (2:20) "IN A MIST" (3:13) HARRY JAMES ORCH.

(Columbia 38902) • Top circle is an exciting, new in-• Top chicle is an exciting, new in-strumental by Harry James that has jazz blowing surrounding a central Samba chorus. The James' trumpet-ing throughout the wax is the high point of the pressing. "In A Mist" is point of the pressing. "In A Mist" is a jazz oldie that gets a treatment here which sets it very close to progressive. "Brazilian Sleigh Bells" is the side that could pull coin into the boxes

"MAMBO JAMBO" (2:59) "CUBAN CUTIE" (2:31) ETHEL SMITH (Decca 27119)

• Organist Ethel Smith, the "high priestess" of Latin rhythms, joins with the maracas clicking Bando Cari-oca on the currently zooming "Mambo." Use of the organ doesn't allow this version quite the emphasis the tune needs. "Cuban Cutie" is a Cuban, "Danzon" set in a novelty Cuban "Dan Spanish vein.

"CAN ANYONE EXPLAIN?" (3:06) "SITTIN', 'N STARIN', 'N ROCKIN'" (2:24)

B

> AMES BROTHERS (Coral 60253)

The hit team that gave music ops "Rag Mop" and "Sentimental Me" come through with still an-other hot one for music ops, via this click rendition of "Can Anyone Ex-plain." The tune is causing a

"THE DIXIELAND BAND" (2:56) "BETWEEN THE DEVIL AND THE DEEP BLUE SEA" (3:06) BOB CROSBY ORCH. (Coral 60224)

 (Coral 60224)
 First side boasts a Dixieland vocal by Bob Crosby paced by the orking of his own group. The side is played and his own group. The side is played and sung well by Bob who has long been famous as a great Dixieland inter-preter. Underneath is a standard that advances an instrumental jazz ar-rangement. Both ends will have greatest appeal to fans of Bob Crosby and ops will want to listen carefully before placing the wax

"GO ON ABOUT YOUR BIZNESS"

(3:05) "BOGGIN' IN THE SWAMP" (2:55) DICK TAYLOR ORCH.

DICK TAYLOR ORCH. (Webster 510) Vivian Garry does excellent thrushing on the light, hand-clapping novelty "Go On About Your Bizness." Ditty packs a solid bounce and an in-teresting lyric that catches attention. The arrangement and the orking by Dick Taylor is as good as the yocal Dick Taylor is as good as the vocal and the tune has real promise. Back shows the 3 Sharps on a jumpy nov-elty sparked by an interesting ar-rangement. The top deck might cause a stir

"BEER BARREL POLKA" (2:23) "MARIANNE" (2:33) FRANKIE YANKOVIC ORCH. (Columbia 38884)

● Frankie Yankovic and the Chor-ous, turn their talents to a rendition of the smash polka hit of a few years hack that made record history as a pop polka sensation. The new sendoff shouldn't cause another repeat in ex-

whale of excitement throughout the music trade, and is sure to catch on with music ops and fans once it gets around. Song is a slowly woven melodic ballad, and slowly woven melodic ballad, and has the Ames group purring soft and sweet in inviting harmonic tones throughout. It's a tender, ro-mantic effort, and has the vocal combo turning in some of their best work to date. Orchestral back-ing on the side by the Roy Ross ork shines brightly, and goes a long way toward making the side the hit it is. The other end is a fair enough novelty bit, with a clever set of lyrics that echo the senti-ments of the title. The top deck is the one to ride with though. Music ops should grab this one— but pronto!

citement but it has lost nothing since then. "Marianne" teams Yankovic with Carl Paradiso on a ballad that has a polka underbeat. The male duet handles the vocal ably and does a solidly satisfying selling job with the lyric. The disk will pull in its share of the take. of the take.

"CHERRY STONES" (2:50) "ALL DRESSED UP TO SMILE" (2:27) EVELYN KNIGHT

EVELYN KNIGHT (Decco 27103) • "Cherry Stones" is a novelty num-ber that looks to be a certain winner for ops. The delicate piping of Eve-lyn Knight added to the bouncy sup-port of the Ray Charles Singers should push this one into the classi-fication of juke box special that no op will want to miss. Flip is once again right down Evelyn Knight's alley with her feathery interpretation of the highly clever material packing a sock that knocks out replays. Our advice is to sprint, not walk to get your pailful.

"LITTLE BROWN JUG" (2:34) "THE VILLAGE TAVERN POLKA" (2:35)HERMAN and QUINTET LENNY

(Coral 60257)

(Corol 60257) "Jug" is a college drinking song that is a standard American favorite. Ditty is done here as an instrumental polka with an accordion squeezing out a rollicking assistance to Lenny Her-man & the Quintet. "The Village Tavern Polka" is a catchy, instru-mental disking that airs pleasantly. "Jug" is the etching that discloses the most appeal. Ops should get copies most appeal. Ops should get copies into their boxes.

Danny Kaye	Decca 27116
Evelyn Knight	Decca 27103
	Columbia 38903
Margaret Whiting	Capitol 1123
Ray Anthony Orch.	Capitol 1131

"I WAS DANGING WITH SOMEONE" (2:34) "THEN I'LL BE HAPPY" (2:30) GEORGIA GIBBS (Coral 60255)

• Ballad on the first face discloses the plaintive singing of Georgia Gibbs with the Mellomen and the George with the Mellomen and the George Cates Ork. Ditty is a danceable, win-ning circle with this version regis-tering as a solid puller. "Then I'll Be Happy" is an oldie standard that is well done by Miss Gibbs and George Cates' organization weaving prettily around the thrushing. Top deck looks to be a big one and ops would do well to get with this biscuit.

"CHEROKEE" (3:14) "A MAN AND HIS DRUM" (3:19) JIMMY DORSEY ORCH. (Coral 60195)

(Coral 60195) • "Cherokee" is a standard, jazz classic instrumental reissued here. Jimmy Dorsey Ork gives it both bar-rels in a wide-open and swinging ver-sion with all horns going. Flip fea-tures Buddy Schutz on a solo drum ride with the jazz instrumental built around his skin beating. Ops who have locations that plunk in the nick-els for jazz disks will find that this wax can sell itself with the best of them. them.

"ROYAL GARDEN BLUES" (3:04) "SQUEEZE ME" (3:07) BOB CROSBY ORCH. (Coral 60256)

(Corol 60256) • "Royal Garden Blues" is a familiar classic of the early days of Dixieland that will hold a heavy attraction for the dyed-in-the-wood Dixielanders. "Squeeze Me" is once again in the Dixieland melodic strain. On this slice the use of alternate solo rides by first the piano and then the brass wins the cheers. Once again a strong recom-mendation for ops with Dixieland jazz loving spots. loving spots.

"THERE ISN'T VERY MUCH TO DO NOW" (2:30) "I'LL ALWAYS LOVE YOU" (2:58) MARTHA TILTON and 4 HITS (Coral 60258)

(Corol 60258) • Upper ballad receives top chirping from Matha Tilton that gives added zest and appeal to the melody. Oppo-site cutting is from the pic "My Friend Irma Goes West," in which Martha gets aid from the chanting of the Lee Gordon singers on a moving ballad in Italian and English. We sug-gest that ops try both sides before they decide on the face they want to feature. Both are good.

"TAKE YOUR GIRLIE TO THE MOVIES" (2:31) "I WALKED BACK FROM THE BUGGY RIDE" (2:27)

MAE WILLIAMS (Crystalette 628)

(Crystalette 628) ● Both slices are set in the novelty vein with the top one looking to be a solid production number type of tune with enough gimmicks to pos-sibly cause a little stir. Tommy Reeves Ork bangs away in a tinny, old fashioned mood behind Mae Wil-liams as the vocalist touts the the-atrees as a good spot for making love. Flip novelty is without the force of the first although Mae Williams' pip-ing comes through very fine. Ops with locations that go for novelty sides will want to hear these. want to hear these.

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

OF THE

"HAWAII" (2:50) "DRIFTIN' DOWN THE DREAMY OL' OHIO" (2:30) ARTHUR GODFREY

(Columbia 38882)

• "Hawaii" adds Arthur Godfrey, the Chordettes, Archie Bleyer's Ork and twenty (count 'em) ukuleles on the currently rising uke novelty ditty. The lyric is cute and easily followed and the melody is inviting. Flip side shows Arthur and "All The Little Godfreys" joining in to sing a song that will have listeners doing the same. Ops should give a listen to both of the sides on this one of the sides on this one.

"CAN ANYONE EXPLAIN?" (3:02) "SKYCOACH" (2:43) RAY ANTHONY ORCH. (Capitol 1131)

• Ray Anthony's Ork handles the melodic arrangement of the honors-winning "Can Anyone Explain" while Ronnie Deauville, Betty Holliday and the Skyliners handle the chirping du-ties. Ronnie Deauville's vocal is ex-ceptionally good on this side and should be a big factor in making this version one of the strongest of the contenders. "Skycoach" is a fine, jump instrumental. Our lids are doffed to the top ring. Ops should hop on this.

"THE TUNNEL OF LOVE" (2:47) "WHY FIGHT THE FEELING?" (2:32)

MILLS BROS

(Decca 27104)

(Decco 27104) ● "Tunnel" is from the pic "Let's Dance," and is a cute, novelty num-ber that has already been cut on sev-eral labels. It gets a good harmoniz-ing effort from the Mills Brothers and the guitar accompanying. "Why Fight The Feeling" is from the same cinema and is also drawing a lot of attention. Ditty is a ballad that holds appeal and is treated in first-rate fashion by the singers. This shellac definitely rates the attention of ops who are looking for a two sided disk that will pull heavy.

"JOSEPHINE" (2:00) "HARBOR LIGHTS" (2:37) KEN GRIFFIN

(Columbia 38889)

• Aided by an Hawaiian guitar, Ken Griffin adds still a new sound to his organ instrumental as an added sell-ing gimmick on "Josephine." Tune is a novelty in an old fashioned "rickey-tickey" vaudey style. "Harbor Lights" is a swingy melody with an easy going tune. Both sides are the kind that have a lot of pull and stand to up the collections in any juke box they appear in

"LONG" (2:55) "GONE" (3:10) UNA MAE CARLISLE (Columbia 38881)

(Columbia 38881) • The Don Redman Ork aids and abets Una Mae Carlisle as the torchy blues singers deliver "Long" a fetch-ing and gripping voice. Voice-quivers in the course of the tonsiling are a nice touch and add to the overall sell-ing job. "Gone" is in exactly the same idiom as "Long" and gets an equal treatment but doesn't come through quite as hard as the stirring "Long." Ops should be able to put this one in their boxes with uniformly good results. results

"BIDIN' MY TIME" (3:00) "DIG—DIG—DIG FOR YOUR DINNER" (3:15)

THE MODERNAIRES (Columbia 38904)

SLEEPER

THE MODERNAIRES

• The Modernaires, long missing from the phono spotlight as a name attraction, come up with a rendition of "Bidin' My Time" that is sure to capture a ton of juke box silver. Ditty is the classic oldie, and should be well remembered by mu-

"OUR LITTLE RANCH HOUSE" (2:34)"TWO WEEKS WITH PAY" (2:29)

PETE RUGOLO ORCH. (Capitol 1108)

• Flanked by the orchestrations of Pete Rugolo and the blend of a back-ing vocal group, Johnny Parker steps out on the piping of the fast and catchy novelty, "Our Little Ranch House." Bottom side is another nov-elty this time set in a tonical sum-House." Bottom side is another nov-elty, this time set in a topical sum-mery idiom. The Rugolo ork is a suit-able frame for the singer allowing him to rise strong on the choruses. The material, however, is very light and ops will want to listen closely before making any decisions.

"GOODNIGHT, IRENE" (2:42) "WUNDERBAR" (2:35) ALEXANDER BROS. (Mercury 5448)

• The Alexander Brothers team up • The Alexander Brothers team up here with two rousing vocal efforts that spell top play on either end. "Goodnight Irene" receives an inter-pretation that sells strong on the gang-sing and traditional pull of the tune. Flip is drinking song from the hit show, "Kiss Me Kate" and is a tune which has long been looking for the grand treatment it gets on this way. The almost operatic qualthis wax. The almost operatic qual-ity to the strong voice blend will spell plenty of loot in the boxes for all ops.

"PIGALLE" (2:46) "LADIES, LADIES" (2:40) DANNY KAYE (Decca 27116)

• "Pigalle" is creating excitement at the moment in a "straight" version but the humorous monologue, in dia-lect, that Danny Kaye waxes here should turn the tune into a sensa-tional laugh provoker that will keep the juke boxes rocking. Reverse is in the same humorous pattern with Danny Kaye singing of his love for all women. Ops should grab onto this platter; it's one of the funniest we've heard in years.

sic ops since it always has scored well. This fresh rendition is cer-tainly one of the best we've ever heard and is a feather in the caps of the vocal group. Song is handled in restrained quiet manner by the combo, with some excellent ork blending via maestro Dick Jones. Introduction of the song is ex-tremely clever, and blends into the harmonic pattern the song weaves. It's music for dancing, as well as listening pleasure, and is sure to attract loads of attention. Flip side has the Modernaires displaying their versatile vocal style, with the Les Brown ork offering the instrumental accompaniment. Ditty is a fair enough novelty side that should hold its own. The top deck is the one they'll yell for—music ops should latch on.

"PERHAPS I DON'T, PERHAPS I DO" (2:20) PAUL WESTON ORCH. (Capitol 1106)

• Top etching is from the flicker, "Three Little Words." Art Morton's balladeering joins with the first-rate orking of Paul Weston to turn out a sincere and feeling lyric inter-matation in a swingy for that nace over shows an adaptation of the "Funiculi Funicula" gay, Italian ditty. Wordage is good and all the bounce and appeal of the long-time favorite remains. Both edges are good but we look for the lower ditty to rate the most applause.

"TELL ME WHAT THEY'RE SAYING" (3:02) "SHAKE 'EM UP" (3:13) BUDDY JOHNSON ORCH. (Decca 27087)

• The Buddy Johnson Ork advances Arthur Prysock to do the chanting on "Tell Me What They've Saying," a fair blues ditty. Prysock has a husky voice and fits his material well enough to be competent on this side. "Shake 'Em Up" is another blues "Shake 'Em Up' is another blues like boogie woogie with a heavy use of the sax section and shouting in the background from the ork. Ops with locations that can use this type of special material might listen.

"SWAMP FIRE" (3:11) "RIGAMAROLE" (3:16) JIMMY DORSEY ORCH. (Coral 60194)

• Top pressing is an instrumental jazz side by the old Jimmy Dorsey Ork. The tune is fast, well handled and as usual shines with the individual excellence of Dorsey's sidemen. "Rigamarole" is an instrumental fox trot a trifle too fast for quiet dancing but perfect for listening. Material here is suitable only for ops with the locations to handle instrumentals of this order.

"THE YELLOW DOG BLUES" (2:46) "SWEET CIDER TIME, WHEN YOU WERE MINE" (2:56)

EDDIE CONDON ORCH.

(Decca 27106)

• Famous jazz man Eddie Condon shows 'em how on an old W. C. Handy Dixieland instrumental number that shines forth with some fancy fingershines forth with some fancy inger-ing on the piano keys by Ralph Sut-ton. Turnabout reveals the crooning of Jimmy Atkins in a corney sing-along tune set in the gay '90's pat-tern. Brightest part of the wax is the orking. Ops should give close atten-tion to both ends.

"DIXIELAND BAND" (2:30) "FLYING TOO HIGH" (2:34) KAY STARR

(Crystalette 630)

• Pair of rhythm sides by thrush Kay Starr should make for some ex-cellent filler material for music ops. Kay's vocal work on both ends is a usual top notch, with fair enough ork backing seeping thru. Platter should meet wtih good reception from Kay's many fans. Music ops take it from here. here

"PROFESSOR SPOONS" (2:57) "TICK-TOCK POLKA" (3:00) BOB HANNON and JOHNNY RYAN (Decca 27105)

• "Professor Spoons" airs Bob Hannon & Johnny Ryan with the backing of rhythm spoons that sound backing of rhythm spoons that sound something like extremely fast tap dancing. Although the side is based on the spoons gimmick hitting, the tune is in an appealing, vaudeville idiom and the rhythm is irresistible. The other side is a polka featuring the male duet of Hannon And Ryan. Ops should lend an ear to the "spoon-ing" and take it from there on their own estimation of the gimmick's pull. We like it!

"WHY FIGHT THE FEELING?" (2:24)"IRON HORSE" (2:35)

RICHARD HAYES (Mercury 5456)

• Top waxing is a ballad from the motion picture, "Let's Dance," that gets a fine rendition from the wonderful voice of Richard Hayes. "Iron Horse" is a compulsion tune in the "Mule Train" rhythm with an excep-Horse' "Mule Train" rhythm with an excep-tionally powerful ending. The Jimmy Carroll Ork does the instrumental tempo-setting. Though the ditty is in a vein that has run almost dry, hats must be doffed to wonderful, throb-bing, chanting by Richard Hayes. Ops must give a listen to the balladeer-ing in particular. ing in particular.

"HOW LONG WILL IT LAST?" (2:32) "KNOCK ON WOOD" (2:30) FREDDY MILLER ORCH. (King 15054)

• Top deck is a ballad handled melodically by Freddy Miller's Ork and the patter purring of boy-singer Pat Terry. Both the tune and the vo-cal are good listening. Reverse airs novelty ditty, "Knock On Wood," with the Barry Sisters taking over the piping. The tune is a toe-tapper with a familiar ring. Ops will want to give both ends of these versatile pressings a careful listen for placement on their boxes.

SEE COLUMBIA JOINING 45 RPM Paul Weston Named BANDWAGON AS DISKERS POINT FOR INCREASED JUKE BOX SALES

Wurlitzer - RCA Victor Go Full Steam Ahead With Converter Kit & Record Library Deal For Music Operators

NEW YORK—Altho the record in-dustry settled back a bit this past week and generally conceded that a three-speed business was here to stay for a while at least, Columbia Rec-

for a while at least, Columbia Rec-ords continued to remain the lone hold out in the 45-33 1/3 rpm controversy. Following Decca Records announce-ment last week of their entry into the 45 rpm business, trade circles felt that Decca's move would force Colum-bia's hand. At this writing, Colum-bia's situation with regard to 45 rpm records remained status quo

records remained status quo. Plattery execs at Columbia point out that they see no reason for enter-

out that they see no reason for enter-ing into 45 at this moment, because their Long Play sales "have been strong enough." This latter fact may be true enough, and undoubtedly is, to the ex-tent where Columbia salesmen have bypassed 78 rpm disk sales with mu-sic operators. Music operators bypassed 78 rpm disk sales with mu-sic operators. Music operators throughout the East, and in par-ticular Metropolitan New York, have repeatedly pointed out, that they have noticed the absence of Columbia disk salesmen who normally would call on them. This is borne out by the simple fact that these same salesmen are making more money, and doing it easier too, by concentrating on LP sales to dealers. Columbia's efforts toward bolstering their music opera-tor sales has been largely nil, a fact

OPS_ For "Good Luck" In The Boxes . . . **"KNOCK** ON **WOOD**" FREDDY MILLER And His DANCE MAGIC KING No. 15054 Published by GARRETT MUSIC PUB. CO. 148 E. 47th ST., NEW YORK, N.Y. RDS further borne out by a lack of peak hits in their pop division. While other platteries have realized that juke box sales contribute a hefty

portion of sales volume in their pop platter picture, and have supported this with direct sales promotion camalges directed at boosting operator sales, Columbia's plans in this direc-tion lags behind the other diskeries. Decca's move in joining the ranks

Decca's move in joining the ranks of the other major recording com-panies in the three speed business puts the brunt of the "speed prob-lem" squarely upon the shoulders of Columbia Records. Just what the lem" squarely upon the shoulders of Columbia Records. Just what the latter's position will be following Decca's entry is to be seen. Colum-bia's efforts to promote their 33-1/3 Long Play recording has been exten-sive. The firm has allocated a tremendous portion of their advertis-ing and promotion budget toward tremendous portion of their advertis-ing and promotion budget toward their Long Play line. Renewed efforts of the combined sales force and pro-motion men to further 33-1/3, have not stopped the increasingly heavy popularity of 45 rpm recordings. Every one of the major recording commanies in addition to the bulk of Every one of the major recordings, companies, in addition to the bulk of the top indies, is now in the three speed business, issuing records at 33-1/3, 45 and 78 rpms. General consensus of opinion in the trade is that Columbia will

General consensus of opinion in the trade is that Columbia will, never-theless, swing to 45 too. Meanwhile, the joint plans of the Rudolph Wurlitzer Company and RCA Victor Records to further stimu-late sales of the former's new "Model 1250" and the platteries' 45 rpm line, were going ahead on a "full steam" basis basis

The Wurlitzer organization has made available to the owners and future purchasers of its latest model, "the 1250," a special kit of replace-ment parts to convert it from 78-rpm operation to 45-rpm operation. At the same time, RCA Victor will furnish to those coin-machine phonograph operators desiring to convert to 45-rpm an initial library of twenty-four 45an initial library of twenty-four 45-rpm popular records of the opera-tor's choice. The conversion kit, valued at \$8.75, and the record library, worth \$16.56, will be offered without charge through local Wur-litzer and RCA Victor distributors. The Wurlitzer "Twelve Fifty," a special model introduced early this year, was designed specifically to pro-tect coin operators from obsolescence as the new record speeds gain popu-

tect coin operators from obsolescence as the new record speeds gain popu-larity, according to E. R. Wurgler, General Sales Manager of the Phono-graph Division of the Wurlitzer Com-pany. It employs an "adapta-speed" record changer, engineered for a rapid and inexpensive conversion from 78-rpm to either 33-1°3 rpm or 45-rpm operation. 45-rpm operation.

Emphasizing his company's sup-port of the Wurlitzer plan, Paul A. Barkmeier, Vice President and Gen-eral Manager of the RCA Victor Rec-ord Department, declared: "RCA Vic-tor is hauny to make available an intor is happy to make available an ini-tial library of 45-rpm records to coin operators desiring to convert to the 45-rpm system. By taking advantage of this opportunity, the coin opera-tor will learn for himself that his greatest profits lie with the greater play appeal and longer playing-life of the 45-rpm library." The Wurlitzer "Twelve Fifty" em-ploys a double tone arm to play both sides of a record, and, under 78-rpm operation, can be loaded with a mari-mum of 24 discs. Converted to 45-rpm, however, Mr. Barkmeier pointed tor is happy to make available an ini-

out, the instrument can be loaded with 48 records, the "45" discs being so thin that two can be loaded backto-back in the same tray. "The great advantages of this pair-

"The great advantages of this pair-ing of records are that it enables the coin operator to eliminate the dupli-tion of music selections likely to ap-pear in any collection of 48 sides, and also enables him to offer his customers 48 top 'A' side tunes. This gives him a distinct profit edge over the opera-tor using conventional equipment, who is limited to 24 'A' side tunes and 24 'B' side tunes, with a loss factor in 24 'B' side tunes, with a loss factor in case of duplication of selections."

Under the provisions of the con-version program, present and future owners of the "Twelve Fifty" instru-ment will receive from the Wurlitzer company an authorization to obtain without charge the conversion kit and library of records from their local coin-machine phonograph and record distributors when they desire to convert

The conversion job can be done by The conversion job can be done by the coin operator within 30 minutes without special tools, according to Wurlitzer technicians. The kit con-tains all necessary conversion parts and diagrammed instructions. Con-version steps include installation of a new idler wheel to control the turn-table speed, replacement of standard spacers with 24 new ones of the 7-inch size, and an adjustment of the top size, and an adjustment of the tone arms for corrected landing position.

Hollybrook Pubbery In **Unique Promotion**

NEW YORK-A unique manner of plugging a new tune has been pre-pared by Ellis Allen and Ray Bloch, partners of the Holybrook Music Pub-

partners of the Holybrook Music Pub-lishing Company, this city. The firm will promote plugs of its plug tune, "Oh Marguerite," thru the nation's disk jockeys via a 13 week, \$20,000 contest, in which the jockeys will be allowed to participate. The jee-days will receive in return for promised plugs cill recorded con

The jee-days will receive in return for promised plugs, all recorded cop-ies of the song, and a transcription and script giving contest rules and prizes. The contest is open to all girls named Marguerite, and is a beauty show to be judged by John Robert Powers. First prize is \$10,000 in cash and merchandise, with \$5,000 allo-cated for the followups. There is also \$5,000 set aside for 100 disk jock-eys. eys.

Allen has already contacted more than 3100 disk jockeys, with approxi-mately 450 replying promising plugs. Thus far, the tune has been cut by five recording firms.

King In Song Hunt

CINCINNATI, O .- King Records Inc., this city, this past week initiated a hunt for new song material, and disclosed to the trade, that they have made arrangements to audition origi-nal songs from professional and ama-

Qualifications set by the plattery require that the song must be unpub-lished and original, and that songs must be submitted on audition record. King guarantees a recording within six months if they accept a song for six months publication.

West Coast Musical **Director For Columbia**

NEW YORK-Goddard Lieberson,

NEW YORK—Goddard Lieberson, executive vice-president of Columbia Records, Inc., this past week an-nounced the appointment of Paul Weston as West Coast Director of Artists & Repertoire. Weston will be in charge of select-ing and recording material prepared in Columbia's Hollywood studios, re-porting to Mitch Miller, Director of the a&r popular division. His ap-pointment becomes effective August 15th. 15th

Columbia's present a&r director, Ben Selvin, resigned his post with the firm this week.

the firm this week. Following Weston's appointment, trade circles viewed Capitol's top re-cording star Jo Stafford as possibly switching to Columbia. Miss Stafford will be free of her Capitol recording to a release clause she has. It is gen-erally felt that she would follow Weston to the plattery he landed with. Should Stafford exit her Cap recording slot, tradesters feel that chirp Dinah Shore will not renew her Columbia recording contract, and Columbia recording contract, and may move to RCA Victor, from whom she has had numerous recording of-fers. Miss Shore's pact with Columbia expires at the end of this year too,

Weston recently exited his Capitol Records post as musical director and recording artist. He was associated with the Cap firm since its inception.

"The appointment of Paul Weston "The appointment of Paul Weston to this important post in our organi-zation brings to Columbia a person thoroughly schooled in all phases of music and recording, and gives us, along with Mitchell Miller and Percy Faith, three of the most talented young musicians working before the public," Mr. Lieberson said. "We feel highly confident that having these three creative men on our Popular staff will produce what Columbia al ways seeks to achieve—records of musical character and distinction."

Mahalia Jackson On Front Cover of French Jazz Magazine

NEW YORK-Mahalia Jackson, internationally popular gospel singer, and star of Apollo Records, nabled the front cover, (above) of the widely read French publication, "La Revue Du Jazz," official organ of the Hot Clubs of France.

Miss Jackson is currently engaged in a series of personal appearances here, with her latest Apollo recording, "I Do Don't You" gaining rapid popularity. She recently concluded a nationwide theater tour.

Page 12

July 29, 1950

0

"LET IT ROLL AGAIN" (2:54) "MY LITTLE BABY" (2:46) LUCKY MILLINDER (King 4379)

LUCKY MILLINDER

• Lucky Millinder's first release on the King label looks to be one of the biggest that he has ever come out with in his long history of hit records. Aided by the vocalizing of Big John Greer, "Let It Roll Big John Greer, "Let It Roll Again," reveals all the ingredients

"SCHOOL THIS FOOL" (2:35) "NOT NOW, I'LL TELL YOU WHEN" (2:40)

DOC DAWSON

(Red Jay 1006)

• Two novelty dittys comprise the duet of stampings offered up here by Doc Dawson. "School" is performed by Doc Dawson and the Quintet with the novelty done in talking and singing style and boasting well handled in-strumental choruses. "Not Now" dis-closes Elegence Parham isoingr. Decloses Florence Parham joining Doc Dawson for conversational patter and some straight girl singing. Ops might want to lend an ear.

"WHO CAN YOU BE" (2:50) "YOU'RE GREAT TO ME" (2:55) FELIX GROSS ORCH. (Regent 1019)

• First circle by the Felix Gross Ork is in a traditional "ooh wee" blues wail beat. The boy vocal is meaningful and the high register meaningful and the high register piano riffs and strong orchestral tempo should set this one off as a hot item in the boxes. Reverse is a ballad with a satisfactory chirping and more good use of the piano. Ops get our advice to give these sides some care-ful attention.

"MISTER MORTY, FAT AND FORTY" (2:50) "OH, OH, JO-JO" (2:30) LUCILLE LINDEN (Big Nickel 1001)

• The husky, sprightly tones of Lu-cille Linden's throaty thrushing add polish and zest to the bright novelty polish and zest to the bright novelty circles on both rings of this platter. Top shellac is the strongest of the two with the cutest material for the chirp and the background orking of Acey Prince. Flip engraving gets solid propping from the ork but it's "Mister Morty" who looks to walk off with the coin-culling honors.

"MY WISH FOR YOU" (2:40) "ALABAMA BLUES" (2:55) ELMORE NIXON (Peacock 1537)

(Peccock 1537) • A sparkling girl vocal on "My Wish For You" adds further zest to a side that looks to be a top nickel nabber for many weeks to come. Sparked by a rhythnic, jumping ork-ing by Henry Hayes and the 4 Kings the thrushing here moves right into the big time to wrap this ditty up and sell it very hard. "Alabama" provides more than adequate backing as it changes pace from the upper shellac to move in a low-down blues mood with crooning to match. Ops should grab this one for heavy juke box play.

the rough lyrics can lend. You can add that up to peak play on all phonos. The wordage of the tune is set in the frankly double-meaning pattern and carries enough of a flair to make the juke box audience sit up and listen. Reverse ditty, "My Little Baby," provides tasty on fare on jts own marits even op fare on its own merits even though it doesn't register with the same force as the top deck. Song is set in a ballad pattern featuring a smooth instrumental start and a quiet spooning follow-up. We're going way out on a limb to predict an avalanche of coin for the op who places this wax.

necessary for the top brackets in juke box play. The ditty is pre-sented here with all the zest and bounce that the smooth delivery of Lucky Millinder's group, as well as the jumping, shouting chanting of the rough lyrics can lend. You can add that up to peak play on all

Page 13

"I TOLD YOU ONCE, I TOLD YOU TWICE" (2:50) "GEORGIA" (2:40)

SYDNEY BECHET (Savoy 746)

• Sydney Bechet, one of the all-time jazz greats, lends his fine talents to some classy clarineting on the upper deck slow-drag boogie blues. Both sides of the disk are in the instru-mental mood. Humphrey Lyttleton's Band acts as a frame for the reed solo efforts of Sydney Bechet doing a finely arranged job of setting a finely arranged job of setting Bechet off to advantage. The bottom biscuit is a standard, oldie that packs a nice kick.

"NIGHTFALL" (2:50) "PALMETTO" (2:37) SONNY THOMPSON ORCH. (King 4384)

• Both edges of the new Sonny Thompson platter are placed in the instrumental groove with "Nightfall" instrumental groove with "Nightfall" airing top-notch blues treatment. The Sonny Thompson organization shines on the polished performance given to the melody and solos. Bottom is in a modified jazz setting, once again well played throughout. Ops on the look-out for instrumentals can get first rate material for their juke boxes with these wayings these waxings.

"CHECKIN' UP BLUES" (2:51) "ROCK ME, BABY" (3:00) THE GREAT GATES (4 Star 1504)

(4 Stor 1504) • The Great Gates turns out his first side in a low-down, shouting and singing delivery. Gates has a good set of pipes admirably suited to hollering out the wordage that accompanies this beat. Under whirling bows a rocking boogie instrumental and vocal that should set listeners hopping. Ops in the market for pressings that kick up a rumpus could end their search after hearing these.

"DON'T COME TOO SOON" (3:06) "MY MAN STANDS OUT" (2:14) JULIA LEE and HER BOY FRIENDS (Capitol 1111)

• Top etching boasts the versatile Julia Lee exploiting her singing and piano-playing talents on the boogie beat of a lyric packed with enough rugged lines to stir hot action. A turn-over spinning shows a ture set in rugged lines to stir hot action. A turn-over spinning shows a tune set in exactly the same idiom as the first with the double meaning again crop-ping up heavily in the wordage. Julia Lee's piano fingering shows well, as does her tonsiling, on both tunes. Ops should find these sides fit juke box requirements.

Singer Bill Farrell Honored

NEW YORK-MGM's singing star, Bill Farrell, is awarded a special trophy honoring him as the most promising star, Bill Farrell, is awarded a special trophy William Greer, music editor of the Evansville Courier and Press, who made the presentation during Farrell's current engagement at Bop City. Specialty Signs King Perry Ork

HOLLYWOOD-Art Rupe, prexy of Specialty Records,' Inc., announced the inking of King Perry and His Piedpipers of Swingdom to an exclusive recording contract.

For his tee-off shot under the Specialty banner Perry waxed two new tunes, "Everything's Gonna Be All Right Tonight," backed by "Mellow Gal Blues." Words and music for both numbers, best described as "blues with a bounce," were penned by Perry, who also made the arrangements, led the ork, chanted the vocals.

Kicked into national distribution just three days after being recorded, Perry's platter is coaxing the juke box gentry to change many a quarter into nickels.

CHARLOTTE, N. C.

The Cash Box, Music **MUSIC OPS GANG UP ON MERCURY BONUS PLAN**

Ops Get Together To Meet Buying Quotas, Split Free Records. Coop **Buying Proves Boon To Smaller Op**

ART TALMADGE

CHICAGO-Art Talmadge, Executive Vice-President of Mercury Record Corp., this city, advised this past week, "Reports from our distributors indicate that operators thruout the country are cooperating on purchases on the new free bonus deal which we are offering."

According to Talmadge, "We hear from our distributors that operators, especially smaller juke box ops, are getting together in an effort to complete our 'Plan A' whereby they will purchase 1,000 records between July 15 and August 15 and receive 250 free records of their own choice from our catalog.

"The purpose of this cooperation on the part of the operators," Talmadge continued, "is so that, by each ordering whatever amount they regularly use, they can equal the top quota, and thereby equally share in the number of free bonus records which they will receive."

This was expected by the firm when the plan was first introduced. But the extent of such cooperating on the part of the juke box ops was never expected to reach present proportions.

The firm are taking it all good naturedly and are, in fact, urging their distributors to encourage the operators in getting together so that everyone will enjoy a share of the free records bonus plan which the firm introduced.

Here in Chicago a spot check brought out the fact that many of the leading operators, as well as the smaller ops, have come together to assure obtaining the top number of free disks. Talmadge also said, "We hope that

everyone of the nation's juke box operators will wholeheartedly enter into this plan. We want these men to enjoy the fine tone quality and long lasting performance of our non-breakable records. We also want them to get better acquainted with the great artists which we feature on our disks."

Talmadge also believes, "Operators everywhere in the country will find that they will receive compliments from their location owners when they feature our new records. We have, without any doubt, produced some of the finest non-breakables ever known to the record industry. This will give every juke box operator the oppor-tunity to learn for himself how really great Mercury Records are."

The three bonus plans of the firm are: Plan "A," wherein the op receives 250 records free with the purchase of 1,000 Mercury Records be-

tween July 15 and August 15. Plan "B," where the operator receives 100 records free with the pur-chase of 500 records.

Plan "C," where the smaller op can get 10 records of his choice from the Mercury catalog free with the pur-chase of only 100 Mercury Records between July 15 and August 15, 1950.

Benny Goodman Signs Wax Pact With Columbia Records

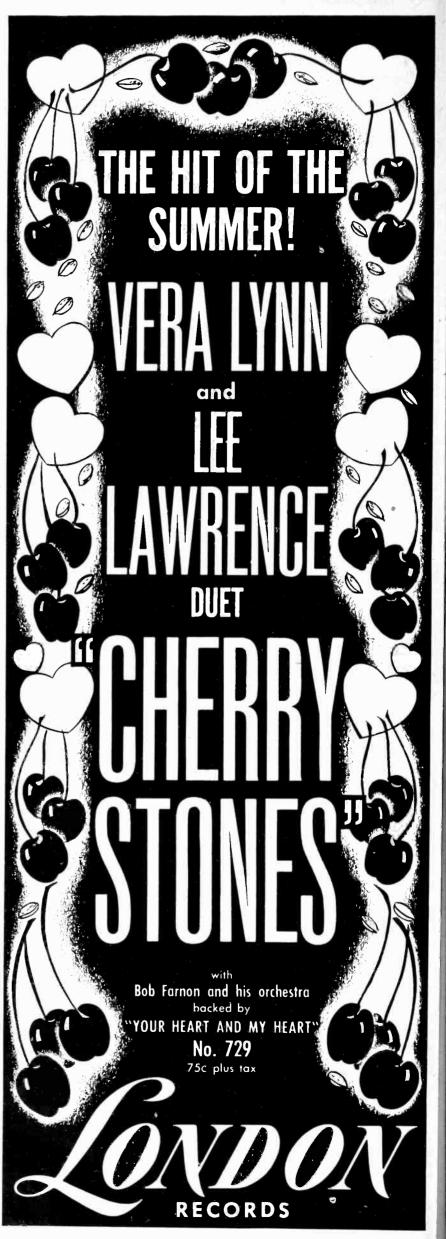

NEW YORK-Maestro Benny Goodman severed his contract affiliations with Capitol Records, Inc., and signed recording contract with Columbia Records here this past week. Goodman signed a long term pact

with Columbia calling for popular and longhair releases on a per-side guar-antee basis. Capitol is supposed to have purchased the remainder of

Goodman's contract, which had until the end of the year to run. Along with Goodman's recording services, the Columbia plattery pur-chased a series of jazz concert sides recorded by the leader and a group of side-men who constitute a "who's-who in jazz circles," back in 1938. Goodman recently had the sides, which were made at the first Carnegie Hall jazz concert, transferred to tape. The Co-

concert, transferred to tape. The Co-lumbia plattery will issue these re-cordings in an album and LP package. The signing of Columbia was viewed by many in the trade, to be an effort by the plattery to get into the swing of the dance band business. Goodman's tremendous nationwide popularity should boost the diskery's sales stock highly. The ork leader recently returned from a jazz concert tour of the Scan-dinavian countries, and is currently set to engage in a series of longhair ra-dio concerts, as a featured soloist.

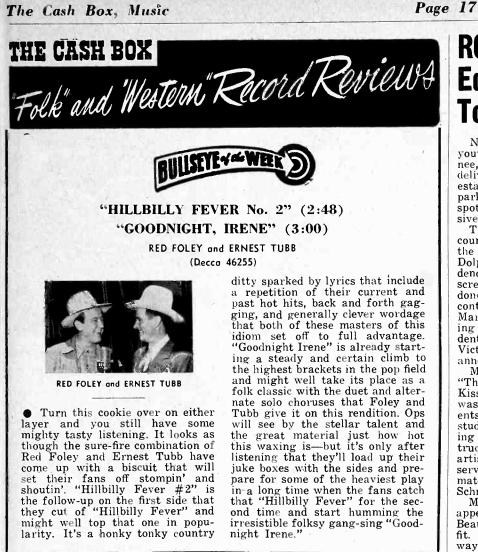

dio concerts, as a featured soloist.

"CA BILL (Atio

The Cash Box, Music

• Turn this cookie over on either layer and you still have some mighty tasty listening. It looks as mighty tasty listening. It looks as though the sure-fire combination of Red Foley and Ernest Tubb have come up with a biscuit that will set their fans off stompin' and shoutin'. "Hillbilly Fever #2" is the follow-up on the first side that they cut of "Hillbilly Fever" and might well top that one in popu-larity. It's a honky tonky country the sure-fire combination of

"LOSE YOUR BLUES" (2:45) "OVER AN OCEAN OF GOLDEN DREAMS" (2:52) RED KIRK

(Mercury 6257)

• Upper circle is one that should create a storm of excitement in folk and western locations. Red Kirk does and western locations. Red Kirk does the yodeling and tooteling in an ar-resting pace. The lyric is catchy and easily remembered, the kind of word-age that makes you walk out hum-ming. Reverse platter shows Red Kirk again with Jerry Byrd and the String Ductors twanging out a sweet country Dusters twanging out a sweet country song in a soft and slow tempo. Ops should latch on to the top tune.

"GUITAR SHUFFLE" (2:43) "HONKY TONK HOP" (2:20) THE FRONTIERSMEN (Bullet 708)

(Bullet 708) • Upper layer of this biscuit is an "ah hah" hillbilly shouter with the rapid and bouncy guitaring and the chorus chanting supplied by the Frontiersmen. Title of the second re-cording is an accurate description of the festivities with some top-notch country honky tonkin' from the Fron-tiersmen. Ops will find this material pulling in locations that like the faster moving country platters.

"TROUBLES ON MY MIND" (2:48) "PLL PAINT YOUR PICTURE" (2:47) COUSIN FORD LEWIS (4 Star 1503)

• Cousin Ford Lewis turns on the pipes full blast to step into the lime-light on two country rhythm sides. Both ends of this wax have merit and both have the same melody pattern with their biggest difference in the wordage. First ring finds Cousin Ford both Lewis in a worried mood while the second airs him in a generous attitude as he offers to lend his artistic talents. Ops will find material of interest here.

"MAKING EXCUSES FOR YOU" (2:28) "CANNONBALL YODEL" (3:00) BILLY BELL (Atlantic 725)

• Billy Bell turns in two diversified performances on these cuttings with the upper slice a folk ballad set in the familiar quiet, sad, complaint. Reverse etching is a vocal with simulated train whistles and interspersed yodeling. Ops might listen.

"OUR LADY OF FATIMA" (3:15) "ROSARY" (2:35) RED FOLEY

(Decco 14526)

(Decco 14526)
Red Foley steps into the limelight with a recording of the fast-rising spiritüal tune, "Our Lady Of Fatima." With the Anita Kerr singers quietly thrushing "Ave Maria" in the background and on the sides of the central chorus Red Foley steps up to the center of the stage for a quiet monologue. Flip, "Rosary," is a tastefully done spiritual that should also win popularity for itself. Ops can't miss with the top wax of this disk. Foley's appeal plus "Fatima's" pull means solid juke box coin culling.

"I'M TYING UP THE BLUES" (2:35) "HARD-HEARTED YOU AND CHICKEN-HEARTED ME" (2:37)

ZEB TURNER (King 883)

• Here's a ditty that will set ops off for the nearest juke box. "I'm Tying Up The Blues" looks to be a number that will tie up a lot of coin in any country location. Zeb Turner does the warbling on jubilant lyrics in a well constructed bit of wax with a big, big potential. Flip side is set in a more, morose wordage though the guitaring is still full of pep and ginger. Keep a sharp eye on the topping tune and pop one in each and every juke box on your folk and western route.

"TOMORROW YOU'LL BE MARRIED" (2:48) "GOTTA GET BACK TO DIXIE" (2:27) REDD STEWART

(King 877)

• Here's a cookie that shows off the • Here's a cookie that shows off the versatility of a truly talented Western performer to the fullest. "Married" is a country ballad with Redd Stewart taking the oral chores and the Ken-tucky Colonels, a string band, adding the melody along familiar folk chan-nels. Turnabout spinning discloses Redd Stewart and the Colonels on a nels. Turnabout spinning discloses Redd Stewart and the Colonels on a fast paced rapid stringing, hillbilly rhythm tune that airs well. Ops should lend an ear, particularly to the first

RCA Victor Signs Vaughn Monroe Eddie Marshall To Wax Pact

NEW YORK — Eddie Marshall, youthful hillbilly vocalist from Paw-nee, Oklahoma, whose down-to-earth delivery of country blues already has established him as a top attraction in parks, theatres, radio and rural night spots, has been signed as an exclu-sive recording artist by RCA Victor. The fact that Marshall is the first country-music artist to be pacted by

The fact that Marshall is the first country-music artist to be pacted by the diskery since the acquisition of Dolph Hewittt a year ago, offers evi-dence of the selectivity and careful screening which currently is being done in this highly competitive and continually expanding field, and of Marshall's exceptional talent, accord-ing to Paul A. Barkmeier, Vice Presi-dent and General Manager of the RCA Victor Record Denartment, who has Victor Record Department, who has announced the signing.

Marshall, whose initial releases, "The Tom Cat Blues" and "Three Kisses," are scheduled for early sale was given his first guitar by his par-ents when eleven years old, and kept ents when eleven years old, and kept studying the instrument and practic-ing his singing while working as a truck driver, mill worker, carpenter, artist, and dishwasher, and when he served four years as a carpenter's mate 1/C USN, on the destroyers Schmitt and Auman.

Schmitt and Auman. Marshall made his first professional appearance when twelve years old in Beaumont, Texas, at a fireman's bene-fit. Since that time he has sung his way across the country to New Hamp-shire, and is now appearing in South River, New Jersey. This month Mar-shall will embark on a tour of thirty-six Southwest cities to introduce his initial RCA Victor waxing and make personal appearances, with his Trail Dusters. Dusters,

LAS VEGAS, NEV. -Vaughn Monroe offers a rousing welcome at Las Vegas airport to disc jockeys from Los Angeles, who were his guests during his recent engagement at the Flamingo Hotel. A 66-passenger plane was chartered for the occasion. (Bottom to top, left row) Jerry Sybilrud, KMPC; George Jay, KWIK; Paul Masterson, KNX; Bill Elliott, KAFY; Gene Baker, KHJ; Johnny Grant, KLAC; Bill Ewing, KMPC. (Bottom to top, right row) Vaughn Monroe, Carl Bailey, KXLA; Bill Stewart, KLAC; Al Poska, KFI; Maurice Hart, KFWB; Lloyd Perrin, KGIL. Vaughn is currently appearing in his first star-ring role, Republic's "Singing Guns," now being released throughout the country.

July 29, 1950

CLAREMONT, N. H.—Elliot Lawrence and disk jockey Donn Tibbetts appear deep in conversation at a recent get together on Donn's "Woodchopper's Ball." Elliot talked about his recent switch from Columbia to Decca Records, for which he has recently cut several standards.

Nat Shapiro Leaves **Mercury For Own** Flack Firm

NEW YORK—Nat Shapiro resigned this week as Mercury Records' Eastern promotion and publicity topper to set up his own promotion and publicity firm. Dinah Shore and Frank Sinatra will be Shapiro's first clients. Before coming to Mercury two years ago Shapiro handled the National, Keynote and Atlanta labels. Under his agreement with the two top Columbia artists he will handle no competitive talent. Along with his promotional ac-

talent. Along with his promotional ac-tivities, Shapiro is co-authoring a book on the music business which is set for publication early next year. Both Miss Shore's and Sinatra's record promotion was formerly han-dled by Howie Richmond, who has since become a music publisher.

RCA Victor & Ballantine In Heavy Promotion **On "Three Little Rings"**

NEW YORK—P. Ballantine & Sons beer and ale distributors across the nation have joined RCA Victor in pro-moting the Fontane Sisters' new re-lease, "Three Little Rings." The catchy Ballantine television jin-gle has been set to clever lyrics by songwriters Leo Corday and Leon Carr, who scored a recent hit with "There's No Tomorrow." Both Mel Allen and Dizzy Dean are plugging "Three Little Rings" during the New York Yankee baseball tele-cast which is sponsored by the giant NEW YORK-P. Ballantine & Sons

cast which is sponsored by the giant Ballantine brewery.

Columbia Issues Jazz Sides By Ted Lewis

NEW YORK—The unique min-strelsy of Ted Lewis, top-hatted trage-dian of jazz, is heard in a Columbia record collection titled Classic Jazz. Lewis and his band of stellar instru-mentalists play eight representative jazz selections of the Twenties and early Thirties.

Incidental singing by Ted Lewis is heard on "Dip Your Brush In The Sunshine" and the classic "When My Baby Smiles At Me," the latter with Benny Goodman on clarinet.

Ethel Smith To London Palladium

NEW YORK—World-famous organ-ist Ethel Smith will sail aboard the S.S. Queen Mary, on July 29, for a two-week engagement at the London Palladium starting August 7th. The recording and notion picture star will be featuring in how mountaine for the

recording and motion picture star will be featuring in her repertoire, for the first time, several original composi-tions, including "Cuban Cutie" and "Samba Polka" which she just re-corded for Decca Records. Following her Palladium engage-ment Miss Smith has been invited to confer with a group of leading Euro-pean organists in Paris to head an international association and corre-spondence system to make available her playing techniques and styles to all organists throughout the world. The delegation meeting her will be headed by Portugal's leading electric

The delegation meeting her will be headed by Portugal's leading electric organist, Luiz Quintella. Prior to her sailing, Miss Smith completed three Voice of America broadcasts—one in Portuguese, an-other in Italian, and a third in French. During the recent war she was active on Voice of America broadcasts to Latin countries of South America and Europe for the State Department. She is scheduled to do a broadcast in Span-ish immediately upon her return from ish immediately upon her return from Europe

Capitol Unravels Mystery Waxing

HOLLYWOOD, CALIF. -- Capitol Records revealed the finish to another one of their spine-tingling recording mysteries, with the announcement that Joe "Fingers" Carr is none other than recording director Lou Busch.

Busch, assistant to Jim Conklin in the artist and repertoire department, thus joins the ranks of Woody Herman, alias Chuck Thomas; Jack Smith alias Johnny Smith; and Cinderella Stump, alias Jo Stafford.

Busch incidentally, has a sleeper under another nom de plume. His disking of "Would You Like To Take A Walk" in the old Hal Kemp refrain is rapidly rising for a hit under the tag-line of California Commander orchestra.

Meanwhile, Jo "Fingers" Carr is doing fairly well with "Sam's Song" and "Snookey Ookums."

BUYING BOOMS AS VENDOR MFRS. Are forced to cut production

Steel Is Prime Need and Almost Impossible to Obtain in Quantities Required for Cabinets of Cigarette and Drink Vendors. Other Metals and Components Scarce. Meanwhile Used Equipment Prices Zoom Upward.

With a buying boom under way, vending machine manufacturers have been forced to advise their customers that they are curtailing production due to lack of their prime requisite, steel.

This is especially noticeable in the heavier machines field. The cigarette vendors and drink dispensers use large steel sheets for their cabinets. This is becoming also impossible to obtain.

Whatever the manufacturers have left is pretty well in production at this time. They are allocating whatever number of machines they will produce in the near future to their customers on as equitable a basis as they possibly can.

Notices have already been sent from some factories that they will be forced to close down for the balance of the third quarter, unless they can obtain the steel, as well as other metals and components they require and that are vital to production.

Automatic merchants around the country have been rushing in orders for machines in an effort to stock up with whatever they believe they will require should the manufactories be forced to enter into war materials production and thereby, be forced to curtail the giant share of their domestic work.

This sudden boom of orders, brought about by the war scare, is what created the present manufacturing curtailment, some leaders state.

They would, they said, have been able to continue on with regular production schedules if the orders wouldn't have come in to the factories in such sudden and large quantities. None were prepared for such production demand.

But, in an effort to fulfil these orders, they were forced to rush into the market to obtain whatever raw materials and components they would require. This is where they ran up against the wall of shortages.

In view of the fact that new machines are becoming scarce, because of the lack of raw materials, used machine prices have started to zoom upward. There will probably be more reconditioned machines sales at much higher prices than formerly very soon.

Demand for used machines is noted in the calls of outstanding buyers. They have been scouring the country in an effort to obtain whatever equipment they can. Factories will be asked to recondition many machines, according to operators, who plan to use factory reconditioned equipment as prices go higher.

The smaller vending machines are still continuing ahead but, in the majority, these use cast iron, or scrap and new aluminum mixtures, so that they are, at present, more fortunate in obtaining whatever they require in these metals. They, too, are running up against shortages in components which require alloys.

Prices of new machines will, without doubt, start going up, but, as yet, the manufacturers are maintaining present price schedules. They don't promise continuance of present prices. This is being left to whatever cost rises they will come up against in further raw materials.

Some vending machine manufacturers hope to find their products looked on with favor by the Government should Federal allocation of raw materials come into the picture.

At the moment most of the allocations are voluntary and are passed on from producers to suppliers who pass them along to the factories. But, if the Federal Government is forced to step into the picture, it is believed that many of the present allocation schedules will be tossed aside, and that certain manufacturers will find that they cannot obtain the amount of materials they require to continue their present production schedules.

The larger machines now being featured by vending machine manufacturers require large amounts of sheet steel for their cabinets. Tho the majority of the manufacturers have contracted for cabinets they have already been advised that much of the contract will have to be delayed until steel loosens up. With present demand for steel this may be many months from today.

In the meantime the manufacturers are going ahead with whatever they are able to obtain. They are trying their best to equitably allocate the number of machines which they are producing among their customers.

One leading manufacturer of drink dispensers is offering to change over single drink machines to dual and triple units. This may become the fashion, should steel becoming even scarcer in the next quarter. Most drink dispenser ops will find this a life-saver to meet their requirements.

Plastic cabinet experiments were made by many manufacturers in the past. They found that steel cabinets were best fitted for their machines. Should steel become even more scarce, which seems to be the indication and prediction at this time, perhaps plastic cabinets may come to market and may, after location usage, open a new path for the vending machine factories.

Even wood cabinets wouldn't prove of value as a substitute at this time due to the lumber shortage. Publication of lumber footage requirements by the government sometime ago gives some idea of the colossal amount of lumber required for Army and Navy purposes. These requirements alone would leave the entire country short.

There will, no doubt, be some substitution of plastics for metals wherever this is possible without sacrificing efficiency and strength, but, the majority believe that the prime scarcity, steel, will hold down further larger production of vending machines of all kinds, and that by the middle of September, the field will be more or less lagging in quantity vending machine production.

Furthermore, there aren't too many used cigarette machines, drink dispensers, and other equipment in this category, on the present market. Whatever further work will be required of the factories will probably be for reconditioning and modernization of older equipment to bring the old, used machines, up to present, modern machine standards.

So far such work is in the minority. It will take sometime until the average automatic merchant starts shipping in old machines for modernization. Yet, many salesmen who are now traveling about the country, are recommending that this be done. They urge operators to send equipment in to have it brought up to modern standards while some components are on hand and this work can be efficiently accomplished.

It will be interesting to note whether the Federal Government will come to the aid of the vending machine manufacturers during this crisis and help them to obtain raw materials with which to produce a certain quantity of machines for the future. 0

WASHINGTON, D. C.—John G. Pool, executive of the National Asso-ciation of Ice Industries, this week announced that in a recent survey conducted by the Ice Association it was learned that of the thirty million mechanical refrigerator users, 48% now buy ice at one time or another for social purposes.

other for social purposes. The ice vending stations are one of the biggest "silent salesman" of them all, and one that has multiplied with amazing rapidity this summer. Ice Vendors are now being located in constantly increasing numbers near filling stations, shopping centers and well-trafficked intersections. The ice vending stations overcome the great-est drawback suffered by the average ice company—its inconvenient location. While the ice is merchandised in

While the ice is merchandised in different sizes and quantities, depend-ing upon the type of vendor that is used, the most elaborate of the new used, the most elaborate of the new automatic ice dispensers are now vend-ing ice cubes or crushed ice in neat, waterproof paper bags. The size of the package varies between ten and fifty pounds. The standard ice vendor models dispense only block ice in 25 and 50 pound sizes. Prices for the various quantities and shapes of ice dispensed range from fifteen to forty cents.

The ice vending stations are reloaded at regular intervals by an ice company routeman. The stations provide roundthe-clock service without cutting into the routeman's regular trade; owners of ice refrigerators, in most cases, still prefer delivery.

The vendors are ideally suited for what is fast becoming one of the most important phases of the ice-making in-

New Book Vendor Introduced By Mutoscope Corp. and Avon Publishing Co.

LONG ISLAND CITY, N. Y.—Wil-liam Rabkin, president, and Herbert Klein, sales manager of the Interna-tional Mutoscope Corporation, this city, and the Avon Publishing Com-pany, New York, have announced a new pocket book vendor—the "Ven-davon" Book Machine. International Mutoscope has been

International Mutoscope has been manufacturing all types of coin oper-ated equipment since 1895. The "Ven-davon," however, is its first venture in automatic book merchandising. Deautomatic book merchandising. De-pending upon the size of the book, the Vendavon can hold from 350 to 650 copies, and offers the public a selection of two dozen different titles. The books are those published by the Avon Com-pany, a firm prominent in the pocket-book field.

The machine is a compact, non²elec-trical unit, approximately three feet wide, 1½ feet deep and 6½ feet high. wide, 1½ feet deep and 5½ reet mgm. The vendor is finished in a walnut grain and dispenses the pocket book with the insertion of a quarter, the standard cost. If the books in a par-ticular compartment are sold out, the Compartment automatically locks itself compartment automatically locks itself and the purchaser has his quarter returned instantly for use in one of the 3 other sections. Klein stated that the book vendors

Alen stated that the book vendors are already available and added, "Mil-lions of pocket sized books are now sold every year. The Vendavon Book Machine will vastly expand this mar-ket by enabling people to buy such books at any time of the day or night."

dustry-the occasional sale to the person who has a mechanical refrigerator but still needs extra cubes or crushed ice for entertaining.

The inevitable in all vending has al-ready happened. One unsuspecting customer dropped in his coins and bent over expectantly to pick up the fifty pound block of ice that he had just paid for. Out came his block, and then another, and then one after that, until the man fied the scene not even stop-ping to pick up the chunk that he had paid for. Once in the life of every vendor someone hits a jackpot.

Bottle Vendors Used By "Chuc Wagun" System

TEXAS - Chuc Wagun WACO System, Inc., with headquarters this city, has come up with a new innova-tion in the use of vending machines.

Added to a non-mobile unit resembling the top of an old-fashioned west-ern chuck wagon are outside bottle vendors which are used by the pa-trons after they have been inside for hamburgers, also dispensed auto-matically. The eatery units contain change makers and are locted in the center of towns or on the outskirts.

Placement of the bottle vendors just outside of the "wagons" allows for purchases by passers-by as well as customers of the mechanized hamburger stands.

Cigarette Lighter To Be Vended Bv Bowers Co.

KALAMAZOO, MICH.-The newest wrinkle in vending is a pocket cigarette lighter selling for a quarter which is being readied here by the Bowers Lighter Co. for distribution through standard cigarette vendors.

While it is true that the Alnik Co. of Gallup, N. M., has a cigarette lighter kit which is vended in this manner the Vendalite package is to be used for servicing lighters only and is not a lighter itself.

The Bowers Co. are manufacturers The Bowers Co. are manufacturers of nationally known cigarette light-ers. The firm announced that their lighter comes already filled with fuel and can be refilled by simply pouring fluid directly into the top. The lighter is finished in polished nickel and is unconditionally guaranteed.

Fred Bowers, president of the con-cern, stated that the lighter will be packaged in a container the size of a pack of matches.

Aspirin Vendor Bows

LOS ANGELES — Louis Most, president of the newly organized Aspir-Vend firm, manufacturers of aspirin vendors, disclosed this week that arrangements have been made for assembly line production of the dispenser with a possible output of up to 10,000 units per month. Nat Johnson, vice president and general manager, declared that dis-tributorships are now being granted and will be given on a State-wide basis.

basis.

To Show At N.A.M.A. Convention

Over 5,000 Ops To Attend Meet

CHICAGO — Beverage dispensers and baked goods vendors are going to have a solid representation at the forthcoming National Automatic Mer-chandising Association's annual con-vention and exhibit at the Palmer House, this city, November 12-15. Ernest H. Fox, meet chairman, disclosed that unusually heavy rep-resentation from the two specialized fields of vending look to make this get-together the most complete, as well as the largest in the history of the N.A.M.A. Stating that "All that is new in the way of operating procedures and

way of operating procedures and problems will be thoroughly discussed at the various beverage clinics and business sessions." Fox added that, "The plans for 'Beverage Day,' one of the three business days that will high-

the three business days that will high-light the convention, are well under way and a complete program an-nouncement will be made soon." Manufacturers of beverage vend-ing machines who will exhibit are: the Atlas Tool & Manufacturing Co., St. Louis, Mo.; Automatic Products Co., N. Y.; Cole Products Corp., Chi-cago; Lobee Pump & Machinery Co., Gasport, N. Y.; Lyon Industries, Inc., N. Y.; Mills Industries, Inc., Chicago; Snively Vending & Sales Co., Winter Haven, Flà.; Spacarb, Inc., N. Y.; Rowe Manufacturing Co., Inc., N. Y.; and the Vendo Co., Kansas City, Mo. In addition to beverage dispensing the automatic merchandising of bis-

the automatic merchandising of bisthe automatic merchandising of dis-cuits, cookies, pretzels, cracker sand-wiches and other small-packaged bak-ery items, will be an important part of the show's exhibits and discussions. Fox has a more than passing inter-est in this phase of the vending maest in this phase of the vending ma-chine industry as he is personally engaged in it. Fox is the president of the Austin Packing Co., of Balti-more, Md. The Austin Company is

one of the suppliers of packaged cracker sandwiches to the vending trade and is one of the six bakery goods makers who will display at the convention

"Vending machines," Fox said, "acgoods sales that otherwise would not be made. The interest of bakery goods manufacturers in automatic merchandising is increasing rapidly. Makers of cookies and other small bakery items have found that vending is an important part of their retail distribution picture."

distribution picture."
Exhibiting manufacturers of ven-dors through which bakery goods may be sold are: Alkuno & Co., Inc., N. Y.; Arthur H. DuGrenier, Haver-hill, Mass.; Mills Industries, Inc., Chicago; Statler Mfg. Corp., N. Y.; Stoner Mfg. Corp., Aurora, Ill., and Vend-Rite Mfg. Co., Chicago.
Over 5,000 automatic merchants from all sections of the United States will attend the show and more than

will attend the show and more than 105 firms will display their products.

Cig. Electricity Low

NEW YORK-In an attempt to NEW YORK—In an attempt to get an answer to the question of ex-actly how much the electrical cost is for vending one pack of cigarettes Eastern Electro, electric cigarette vendor manufacturers, this city, sent one of their units to an independent research laboratory for an exact study. study

study. After a series of tests the inde-pendent firm declared, "An electric vendor will deliver 2240 packs of cigarettes for one cent. This makes the electric costs to a location for vending one pack of cigarettes ex-actly 1/2240 of a penny.

SALES BOOM GETS HOTTER

July 29, 1950

Rush to Stock Up Equipment. Orders Pass All Previous High Marks. Demand for Parts and Supplies Booms. Called Biggest Buying Summer in All History.

Mfrs. Remain Cool to Unprecedented Buying **Rush. Claim Production Going Ahead**

CHICAGO-Never before in all the history of the industry has there been such a buying rush.

Operators, jobbers and distributors are deluging factories here with orders to "rush machines as fast as possible."

The war news growing more critical, it is believed, has had this effect on leading dealers thruout the counttry, and especially, on operators who find themselves "caught short" as the possibility grows greater that "economic controls" may soon be placed on all but essential production.

Tho manufacturers here remain calm and cool to this sudden buying rush and insist that production "will go right ahead," the average coinmen thruout the country seems to have, suddenly, become fearful that he will not have enough new equipment on hand should the coin machine factories be taken over for essential war materials production.

This feeling is also being shared by leading jobbers and distributors and they, too, are phoning and wiring for more machines so that they can handle the orders which they are receiving in their territories.

All here agree that this is the "biggest buying summer in all the history of the industry."

In fact, many of the old timers here can't remember when there was such a rush for equipment during the summer season.

All claim that high sales marks will be smashed to smithereens before this summer is over, and that the average manufacturer will be "lucky" to anywhere near fill the orders he has on hand.

Also coming in for a big share of the boom that is under way are orders for parts and supplies.

It seems, according to reports, that many operators and distributors thruout the country have awakened to the fact that "we had best be ready with parts and supplies before these skyrocket in price and, at the same time, become impossible to obtain."

Some of the orders which factory sales managers have been showing on parts and supplies are truly amazing. A few actually run into five figures, especially for standard parts.

Never before has there ever been

anything like this seen here. One manufacturer reported, "Or-ders for our newest machine have been doubled over the weekend. We never received so many appeals from our distributors begging us to double, and even triple, their shipments." Used machine orders have also in-creased. Demand from foreign coun-tries, according to shippers here, are away up and above anything ever expected. Used machines remain hard to obtain in any large quantity. Factories are calling off vacations Factories are calling off vacations in an effort to meet the demand. It is

believed that none will be able to ful-fill the tremendous orders which fac-

fill the tremendous orders which fac-tories have received. As one manufacturer promised some of his distributors over the long distance phone today, "We'll try everything we possibly can to allocate shipments as fairly as we can and rush just as many machines as we can each and every day we are in production."

IMPORTANT!

Prices Going Up

• This is the time to KNOW EX-ACTLY WHAT YOUR EQUIPMENT IS ACTUALLY WORTH! Prices are climbing. Wide margins suddenly ap-pear in prices of many machines each week! With the possibility of ap-proaching concentration on war needs and scarcity of materials and ma-chines, you want to know just where you stand on the sale or purchase of equipment of all kinds. Each and every week "THE CONFIDENTIAL PRICE LISTS" record completely all changes of prices of all equipment. It is now vitally important for you to KNOW WHAT YOUR EQUIPMENT IS WORTH! "THE CONFIDENTIAL PRICE LISTS" are an EXCLUSIVE FEATURE of each week's issue of "THE CASH BOX". If you are a sub-scriber, be sure that your subscrip-tion doesn't run out. You may miss just one weekly issue and lose many, many dollars. Your coin machine friends also need this important in-formation. Tell them all to send in their subscription. (Full year's sub-scription is only \$15.) their subscription. (Full year's sub-scription is only \$15.)

ChiCoin Presents New "Trophy Bowl'' Rebound

Firm Claims Game Finest Ever Built

CHICAGO—Chicago Coin Machine Company, this past week, rushed its newest rebound game to market when news reached them that their dis-tributors, who had already seen the "Trophy Bowl," were so enthusiastic over the game that they were telling operators in their areas all about it. As one executive of the firm stated,

"We just couldn't wait any longer. Our distributors were acclaiming the game, and were urging us to rush delivery just as fast as we could.

"The game is an 8 foot rebound and is patterned after our sensational 'Bowling Classic' but," he continued, "that's where everything else ends.

"This game," he claims, "Is the fastest we have ever built. It plays out in 45 seconds. It is fitted for one or two players. It features 20-30 scoring.

"The entire mechanism has been so completely simplified that it can be quickly and easily understood, even

by a new serviceman, and is so easy to get to that anyone can effect any repair in jig time." In addition to the above, execs of the firm claim: "Trophy Bowl' fea-tures the most startling and hand-somely designed cabinet that the in-dustry has ever seen. This is one feature which no one can overlook and which draws instant attention to the game. It will be the most attrac-tive machine ever yet placed on any location." location.

The firm reports that sample shipments have already been made to all of its distributors and that full speed of its distributors and that full speed production is getting under way to supply the tremendous demand which their distributors have already started and which, execs believe, will backlog the firm when operators see the maching the machine. "And real

"And realize," as one exec stated, "that this is the greatest 8 foot re-bound amusement game that Chicago Coin has ever yet built."

Cincy Coinmen Celebrate

CLEVELAND 14, OHIO (TEL: CHERRY 1-7067.

CINCINNATI, O.-Altho the Automatic Phonograph Owners Association, this city, is passing up an August meeting, officials are at work now planning for their meeting in September.

Mr. and Mrs. Phil Ostand (he's secretary and treasurer for the association) still beaming over the marriage of their daughter Geraldine to

Lee Dreyfoos. Ceremony took place July 2 at the Hotel Alms. The couple honeymooned in Florida.

Also celebrating are Albert Autenrieb and Lewis Distel, who handed out cigars on the arrival of sons. Both are associated with Bigner, Inc. Pete Bigner, by the way, left the St. Francis Hospital, and is now at home recuperating from a leg injury.

CMI ELECTS NEW OFFICERS

Samuel Wolberg, President; Samuel Stern, Vice-President; David Gottlieb, Secretary-Treasurer

SAMUEL WOLBERG

CHICAGO—At the annual CMI manufacturers' meeting held this past week (Monday, July 17) at the Bis-marck Hotel, this city, election of new officers was held, with the result that Samuel Wolberg of Chicago Coin Ma-chine Company was elected President; Samuel Stern of Williams Manufac-turing Company was elected Vice-

President, and David Gottlieb of D. Gottlieb & Company was elected Sec-

retary-Treasurer. Dudley C. Ruttenberg remains as Legal Counsellor. An outside Public Relations Consultant will be used

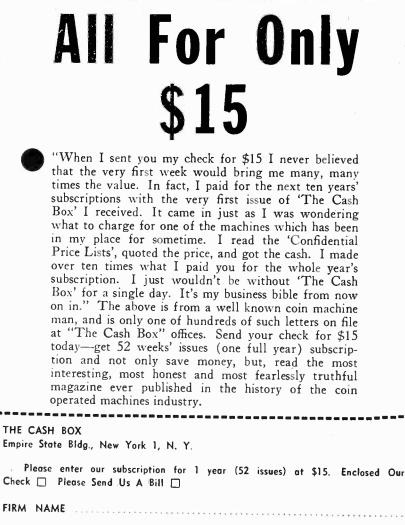

when necessary. Harry Williams is the outgoing president. He wasn't able to serve on the Board of Directors due to the fact that the greater part of his time is now spent in California.

The meeting recognized the fact that there was a very crucial year ahead for the entire coin machine industry. The members pledged them-selves to continue to work in the best interests of all concerned with the field

They will put forth every effort to make the business continue onward prosperously for all engaged in the industry

Samuel Wolberg as well as other members of CMI are reported to have stated, "We are going to attempt, in every possible fashion, to make coin operated amusement just as American a game as is baseball a game as is baseball. "We want it to be recognized as

such by every community in the United States and will continue to work to-ward this end."

product plus long-life operation." Samples of the game were on the way this past week to all the firm's distributors, but, will only be shown, beginning 9:30 A.M. on Wednesday, July 26. The game will be an 8-foot rebound with some of the most outstanding features ever yet presented to the trade

SAM STERN

CHICAGO-Sam Stern, executive

vice-president and general salesman-

ager of Williams Manufacturing Com-

pany, this city, this past week an-nounced that their "D.H. Day" would

start at 9:30 A.M. on Wednesday, July

26th, at the offices of all their dis-

tributors, clear across the nation and

that, on this day, the firm would show

As Sam Stern stated, "We sincerely

believe that this is one of the most

its new amusement game.

It will be a baseball play game. The letters "D.H." stand for the name of the game which is, "Double Header." The game is a two player rebound featuring unusual puck play action. Tho too many details concerning the new "Double Header" weren't as yet made public, Sam Stern did state, "This is one amusement machine which has every quality that operators have ever asked for in any game. "It is so outstanding that those who saw it acclaimed it as one of the all-time great games of the coin operated amusement machine industry."

BALTIMORE, MD.-Chris Christopher, Chris Novelty Company, this city, has been keeping the Como Manufacturing Corporation, Chicago, busy answering his steady stream of

long distance phone calls requesting

more and more "Hollycranes." His explanation of the increase in sales of "Hollycrane" is the complete satisfaction from an operating standpoint and the unusual earning power of the machine. "In some locations," Chris reports, "it is almost unbelievable to hear the reports on earnings of 'Hollycranes' operated with dime chutes."

Amusement parks in the vicinity of Baltimore, according to Chris, are doing exceptionally well operating "Hollycranes."

Production Speeded To Supply Trade With New Equipment

Factories Rush Runs. Look For Less Materials Available In Near Future. Foresee War Work As Part Of Future Production.

CHICAGO—The present condition brought about by the Korean incident which caused rapid government action to produce war materials, and which also started much contemplation thruout this heavy industry midwest area as to whether many factories would soon be on war materials production, also reacted in manufacturing for the industry.

Many manufacturers rushed production runs of products which they had been withholding to get these to market prior to any possible moves on war materials production, if such did come about.

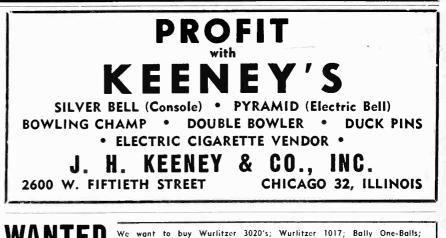

With raw materials becoming scarcer, with skilled labor hard to obtain, and now a war scare to add to the headaches which the manufacturers have been undergoing, there was some noticeable activity on the part of both small and large manufacturers to stock up, and to warehouse whatever they possibly could,

so as to be prepared for any eventuality.

As reported in past issues of this publication, manufacturers here have been absorbing price increases of raw materials all down the line. The time was not too distant, factories reported, when further increased price absorption would mean loss.

Therefore, there was every indication that unless raw materials loosened up, price rises would be forthcoming from factory after factory in the field. (Wurlitzer announced a raise in price of its new Model 1250 phono.)

So far, tho, the games manufacturers haven't as yet raised prices. But, should part of their factories be taken up with war materials production and make it more difficult for them to continue, plus the fact that costs are zooming it would only be expected that they would have to raise the prices of their finished products to forestall any losses.

WANTED We want to buy Wurlitzer 3020's; Wurlitzer 1017; Bally One-Balls; Bally Eurekas; Photo Finish; Brand New closcout Five-Balls and Shuffle Machines. • We have in stock for sale or will trade: United Shuffle Alleys, Bally Bowlers, Keeney Pin Boy. • NEW ENGLAND'S LARGEST STOCK OF ALL COIN MACHINES EXCLUSIVE DISTRIBUTORS FOR: WURLITZER, BALLY, KEENEY and EXHIBIT REDD DISTRIBUTING CO., INC., 298 LINCOLN ST., ALLSTON, MASS.

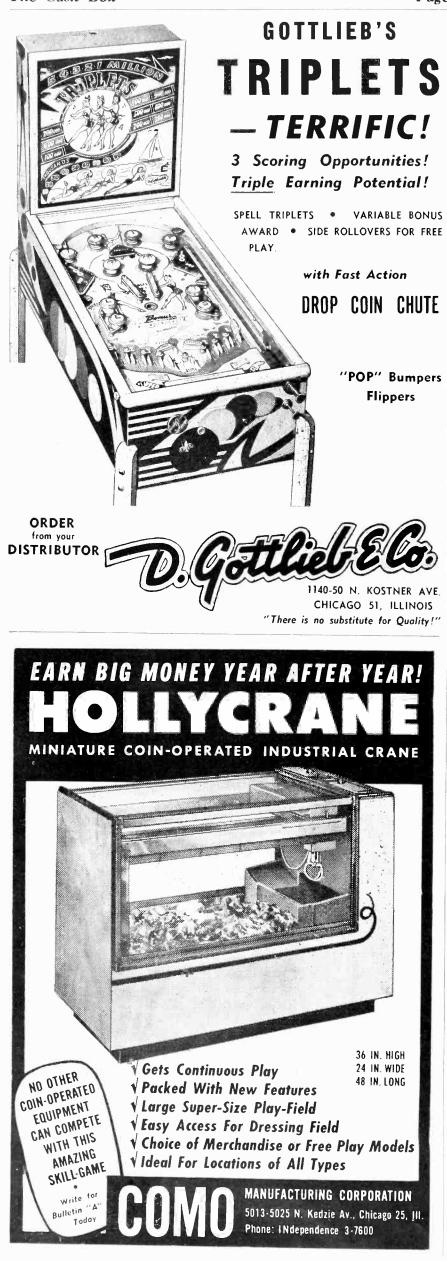

The the production of war items hasn't yet penetrated too deeply into the field here, it must be remembered that many of the factories are still doing some war work and will probably continue, while others now believe that they may be called back into this sort of work.

Should this come about, it is naturally believed here that this would cause a shortage of new equipment thruout the field.

Many are wondering just what will result, and tho they are biding their time, are also speeding all production runs of equipment they now have under way.

EASTERN FLASHES

Conversations in the most part this week along coinrow were about President Truman's speeches to the Congress, and to the nation delivered on Wednesday. As is natural, coinmen discussed the effect his directives would have on their individual businesses. It was obvious that with materials diverted from its regular channels to war production, the coin machine industry would be greatly affected, if not at the moment, surely in the very near future. Buying along the street was better than any summer in many, many years, with both new and used equipment going. A check indicates certain parts were getting "tight," and that prices on better used equipment have risen, with music in particular getting more and more difficult to obtain.

Ed Wurgler, general sales manager of Rudolph Wurlitzer, and Bob Bear, special representative for the phono firm, visit their local distributor, Joe Young, Young Distributing. Wurgler and Bob came into the city after seeing Si Redd at Boston and Joe Ash at Philadelphia. They were both jubilant over the volume sale of the new model "1250" phono, their only complaint being that the factory couldn't keep up its production to match the orders. A. D. Palmer, advertising manager of Wurlitzer, flew into New York for some special work, but failed to meet up with Wurgler. A. D. arrived Thursday morning, and Ed had left Wednesday night, returning to North Tonawanda. While in Boston, Wurgler and Bear almost had an opportunity to study the local "pokey." And it was all Si Redd's fault. Si, scheduled to pick up the Wurlitzer officials at the airport, borrowed Ed Miller's convertible Chevrolet. On the way out, Redd decided to take a fast shave at his favorite bar-ber's located in the town's leading hotel. He rushed out of Miller's car, parked in front of the hotel, tipped the doorman to leave it in that spot, explaining he'd be out in a tew minutes. After the tonsorial job, Si rushed out, jumped into the convertible Chevrolet and drove out to the airport. When he had picked up Ed and Bob, they headed for the car, but noticed that several radio cars and a flock of policemen were around the car. In his haste, Kedd had taken the wrong car, and was now on the spot for having a "stolen" car in his possession. After a little "discussion" with the police officers, the matter was straightened out, and the Wuritzer boys were given permission to drive the car back to town.

Art Lyons, special representative for Exhibit Supply Company, visits with Mike Munves. Munves still as busy as ever shipping games and suppiles thruout the country. . . . Barney (Snugy) Sugerman, Runyon Sales Company, always on the go, visits some of his up-state New York operator customers. Dave Lowy, Dave Lowy & Company, practically sold out of his stock of used games, awaiting more new ones from J. H. Keeney. Meanwhile, Dave becoming more active in the wholesaling of used music. . . . Nat Cohn, at one time head of one of the country's leading wholesaling firms, back in the city after a sojourn in Arizona these past few years. We understand Nat has some plans in mind, and if they take hold, will once again set up here. . Al Simon, Albert Simon, Inc., (Chicago Coin representative) should have the factory's newest rebound game on display when you read this. Al, who saw "Trophy Bowl" at the factory, claims it's the best ever turned out by this manufacturer. "And the operators know how successful they were with our past games," grinned Al.

Harry Koeppel, Koeppel Distributing Company, returns from a most successful buying trip thru the South. Hymie, who had been holding down the fort during Harry's absence, starting to show some signs of weariness. "If I drive out to Arizona with the missus to visit some of my family." ... Harry Rosen, Atlantic-Seaboard New York Corp., alling this past week, but comes down to the office anyway. ... Teddy Seidel, American Vending Company, leaves for a vacation shortly, and will spend the time with his brother boating on the Potomae. ... Harry Wichansky, Atlas Vending Co., Elizabeth, N. J., elebrates a birthday on Friday, July 28. ... Al Douglis, formerly owner of Daval Manufacturing Co., dropped into the office this week to say helio. Al is retired and living the life of Riley in Miami, Fla. By coincidence, Douglis and Nat Cohn arrived at our offices within a few moments of each other. Naturally the discussions turned to the days of past glories. Cohn's firm, and as a result they both profiled. Altho Cohn is presently associated with a business venture in Tucson, Ariz, his family is putting the pressure on him or business venture in Tucson, Ariz, his family is putting the pressure on him field whetted Cohn's appetite considerably, and it's quite possible he'll study the possibilities of returning to his first love.

Bill Rabkin and Herb Klein, International Mutoscope Corporation, announce the manufacture of a book vending machine "Vendavon." The machine has a capacity of 350 to 650 books depending upon the size of the book. The buyer has a selection of 24 different titles of every description at 25c each. Books are published by Avon Publishing Company, publishers of pocket-sized books. ... Chris Christopher, Chris Novelty Company, Baltimore, Md., reports the sale of Como's "Hollycrane" is surpassing anything he'd believed possible. "It's making money for the ops," stated Chris, "and after placing several, they return for more."... Eddie Ellis, formerly connected with the coin biz here and Colorado drops in for a chat and to ask questions about the biz and his friends.... Bob Bear, Wurlitzer special representative, very happy over the arrival of his baby some weeks ago, and that his wife is now completely recovered. wh Fr

CHICAGO CHATTER

Much commendation to Herb Jones, editor of "Bally-Who," one house magazine that is trying to tell the nation's coinmen what it takes to build a game. The photos which are shown in this latest issue are an education for everyone in this industry. . . Whatta party that was at the Chez and the Silver Frolics this past Satty eve. Mr. and Mrs. Bill Bye, Lyn Durant, Millie and Ray Riehl, Val and Gil Kitt, "Big Bill" Rothstein of Philly, Mr. and Mrs. Bob Schaeffer and many, many others, traveling from the Chez to what is fast becoming a favorite spot for coinmen, Irv Singer's "Silver Frolics." . . Juke box ops here ganging up to take advantage of that free records bonus plan by Mercury Records. Boys get together to buy as much as each one can and share alike in the number of free records they get in return for the purchasing they do between July 15 and August 15. . . . Ray Moloney, Lou Breeze and Tom Callaghan along with the writer plan a game of golf which should be a lulu to watch. Each guy out with a different gag and all probably flying after the first nine.

Harry Williams, Sam Stern and Sonny Rosenberg talking golf in Sam's gorgeous private offices. From what we gathered, Harry gets two lessons per week and has turned into a really great golfer out in California. Sam still continues in the "hacking dept." But, what was really funny, was that both these factory execs had better watch their step when out with Sonny. This guy has won himself a zillion cups for his golf and shoots way low in the 70's. Beware! . . . Which also reminds that Jackie Fields believed, after steady golf this season, the time had come when he could take Mike Hammergren for a cute little ride over the Tam O' Shanter course. Mike's a handicap golfer. So—when the 18 were over—was Jackie dejected. But, like a true champ, he's still going to try. . . . That was quite a weekend party up near Brainerd, Minn., given by Herman Paster who bought the old Wurlitzer distrib's gorgeous summer spot there. Herman had some Chi people with him, as well as many of his employees, and everyone reported to have had a really grand, grand time. If you go up to Breezy Point Lodge, you're only 12 miles from Herman's place.

Paul Fuller down with a heart attack and rushed back to his home in Oneida, N. Y. And Larry Cooper of the same firm, SuperVend Sales Corp., also very sick, we hear. Here's hoping both men speedy recovery. . . Election of new officers by CMI this past week. Samuel Wolberg of Chicoin named President, Sam Stern of Williams elected Vice-President and Dave Gottlieb of D. Gottlieb & Co., elected Secretary-Treasurer. Dudley Ruttenberg continues as legal counsellor. . . Chicoin back in action again with a new 8 ft. rebound, "Trophy Bowl," which Sam Lewis of the firm tells me is greater than their famed, "Bowling Classic." Plenty good features on the game and speedy, 45-second play action. . . J. A. (Art) Weinand, who has all the executive problems over at Rock-Ola Mfg. Corp. while David C. Rockola and J. Raymond Bacon are on vacations, reports that all their "Magic-Glo" phonos sold out this past week. "Not a one left in the factory," is the way Art put it. And, in addition, this big plant coming up with a new idea in an 8-foot rebound which Art labels, "sensational." Field tests under way here in Chi and samples soon on the way to Rock-Ola distribs.

That new Williams' game "D.H. Day" is "Double Header" which is also an 8 footer in the rebound department, but with what Sam Stern claims, "Are the most outstanding features ever yet built into any rebound shuffle game." ... Charley Pieri is so busy over at J. H. Keeney & Co. these days that it's almost impossible to get him on the phone. Anyway, when we at last did reach him, Charley advised that the firm are just about ready to pop with a brand new conversion for 4 players which "will rock 'em back on their heels." ... Talk about orders. Sit down at the Bally factory for a few minutes with Jack Nelson or Bill O'Donnell or some of the other guys and listen. Just listen—to the way those phones ring all day long asking for more, more, more "Turf King." Wow!! ... Tho not openly announced some of the larger drink dispensers and ciggy machine makers have already advised their distribs that prices will go up as of August 1. Some raising as much as \$100 per machine. ... Meantime vendor ops much worried because merchandise prices zooming. May have to change to higher coin chutes.

Joe Cohen of Ristaucrat, Appleton, Wis., advises that firm simply jammed with orders for that little 45 RPM phono. Plant is working at capacity and trying hard to get up to 200 production per day. . . . Jerry Haley of Buckley away on a two-week, well-earned vacation and intending to get lots of rest and sunshine. . . . Max Lipin of Detroit around town advising the firm now sales agents for Olympic TV sets. . . . Ben Coven a busy boy these days. Between golf with his charming wife, Trudy, at Twin Orchards, and more business than ever, he's torn between burning the midnite oil and enjoying some golf or spending a regular workway at his offices and neglecting golf. What to do. What to do?. . . . The time element is getting ever more important with ops. With TV cutting into play on many spots, ops want to know what they can expect from any machine during the peak play hours. So Frank Mencuri, sales manager of Exhibit, prior to introducing the firm's new five-ball "Judy" had location time-tests made of the average playing time. They found that the average player completed the play on "Judy" in 1 minute, 15½ seconds, which, to our way of thinking, is pahlenty speedy in any man's location.

Art Olsen of Permo enjoys himself a birthday on Friday, July 28. Happy Birthday, Arthur. . . Rumor has it that one of the largest plants around town will soon be working for Uncle Sam. . . . Vince Brandom around to report that they're now the top disk sellers in this area with Oriole Records. This platter created by ops here is clicking. . . . Never saw a bunch of happier guys than over at United. Lyn Durant, Billy DeSelm, Herb Oettinger, Ray Riehl, and all the others, very much elated the way their new conversions are going over the top with ops everywhere in the country. These conversions so good, from what ops report, they're actually making "new games out of old machines." And that's what we call commendation.

CALIFORNIA CLIPPINGS

Well, the papers were full of it, with everybody getting into the act as the recent state legislative ban on slots went into effect on July 14. The state authorities said they would do this and that if they caught anyone with anything even remotely resembling one; the county sheriff's dept. pledged to get whatever was left over; the L. A. Chief of Police also announced his men would pick up any "slot machines they might see." (The last is a verbatim quote, apparently, from several of the local newspapers.) As far as Coin Row jobbers and the operators were concerned, there wasn't too much excitement. Most of them had pretty well cleared their stock out of state or broken the stuff up well before the deadline. The only people we know who showed any anxiety were a couple of personal friends with machines in rumpus rooms. Seems they thought we might have some inside information as to whether the state, county and municipal gendarmes would knock 'em over on a charge of possession. We had nothing bright to say.

Badger Sales is now distribs for Exhibit and set to do a job on the new 5-ball "Judy" (got to plug that one, same name as our young daughter). Bill Happel, mighty nimrod he, back from Balboa fishing trip with one . The gang at Paul Laymon's misses Blaze, their canine mascot, albacore. . . if not his master, Charlie Daniels, who seems to have had his mind changed about that vacation trip up North and decided to work around the yard and get in a little local fishing. . . . Al Sleight, Bally regional rep, due in for social visit with Laymons though they'll probably take time out for a toast to "Turf King" and the ops who are clamoring for speedy delivery on the sensational new one-ball. . Joe Peskin cooling off in Chicago during the L. A. heat wave, and Paul Silverman tells us that the weather has taken some toll of music biz in the city but AMI sales to ops for resort spots are taking up the slack. . . . Lyn Brown busy entertaining his brother, Max, in from Philly and anxious to see what makes Hollywood tick. . . . Johnny Hawley has arranged for a warehouse nearby his Pico Blvd. spot, which is slated for a new front shortly, and the hustling Hawley outfift appears to be handling its fair share of 5-ball and novelty merchandise sales

Bud Parr awaiting Rock-Ola's new "Rocket" jukebox, which he'll be distributing for So. Calif., and operators also eager to see the new machine especially in view of its reported competitive price. Meantime, Bud and Fred Gaunt are keeping busy selling United's "Shuffle Alley Express." With Sicking Distribs, it's the one-ball run that's keeping Jack Simon and Jack Ryan hopping. . . Phil Robinson back from visit to Chicago Coin plant, but we weren't able to get with him for full details on his trip till next week. . . . At Automatic Games, Sammie Donin and wife have moved up to Las Vegas, where Dannie Jackson also spent the week helping to move merchandise into their warehouse and get their arcade set up. George Warner, holding down the home front, tells us they'll be jobbing everything jobable from now on out of the Pico Blvd. location. Here's one bunch of fellows, though hardest hit by the new state taboo on bells, that just won't cry the blues.

Bill Lawrence, well known skeeball op bedded for three years with illness, was put to his final rest at Forest Lawn last week. . . . On the Row: Camden Hathway from San Luis Obispo. . . Oildale's Niles Smith . . . E. E. Peterson of San Diego . . . Lake Arrowhead's George Koch . . . Ed Gaffko of Rialto Verne Wright, Irving Gayer, Dwight Towne, S. S. Snyder and Bill Ketchersid from San Bernardino Bakersfield's Alex Koleopolus.

MINNEAPOLIS-ST. PAUL, MINN.

T. J. Fischer of Waconia taking time out to come into Minneapolis to get a supply of records for his phonographs. So many of his friends are visiting that he is becoming one of the best fishing guides in Waconia. . . . Jack Backus of Jamestown, N. D., in Minneapolis for a few days visiting several of the distributors and taking time off a little to make a few of the night clubs. . . . Paul Felling of Sauk Center in Minneapolis for the day, with a beautiful tan, as he has been spending considerable time farming. . . . Earl Berkowitz of the B & B Novelty Company, Superior, Wis., in Minneapolis for the day, pick-ing up some merchandise. . . Mr. and Mrs. Jack Harrison of Crosby also in Minneapolis for a few days to warm up. They claim the weather up at Crosby is so cold, that they are still using their furnace to keep warm. . . . Art Hagness of Grand Forks, N. D., taking time off to drive into Minneapolis to spend a couple of days calling on a few distributors. T. J. Fischer of Waconia taking time out to come into Minneapolis to

Lyle Kesting of Benson in Minneapolis for a couple of days, making the rounds, and picking up his record supply. . . . Len Worsech of Montevideo also in Minneapolis for the day making the rounds. . . . Wayne Hennes of Bemidji in town for the day, calling on the trade. . . . Charlie Jackson also of Bemidji in Minneapolis for the day, looking for equipment. . . . Roy Foster and Floyd Carlon of Sioux Falls, S. D., driving into Minneapolis together, Roy looking pretty pert since his operation. . . . Jeff Kost of St. Cloud, in Minneapolis picking up prizes for his shuffle alleys. . . . Leo Berkowitz of the B & B Novelty Company, in Minneapolis Tuesday, with his wife and son. His young daughter expected in Minneapolis, arriving from Tucson, Arizona, where she spent several months with her grandmother. . . . Wes Rydell of Mora in Minneapolis for the day, making the rounds and looking to see what is new. . . . Sid Levine of the Hy-G Music Company back on the job again after a nice vacation spending most of his time fifshing.
