A year ago, when Eddie Cantor was touring with his new discovery, Eddie Fisher, his statement to the press in each town he stopped at was "In one year, Eddie Fisher will be the most important new singer of popular music in the country." Well, Eddie's prediction has come true and then some. Victor's brightest new star brought a lot of nickels into the juke boxes last year with his hit recording of "Thinking Of You." Coming up as powerful possibilities are his waxings of "Bring Back The Thrill" and "It's You-No One But You" which he did with Phil Spitalny's Orchestra. Add to this his TV, radio, theater and club book-ings, and it's easy to see that Eddie Cantor's prediction was no idle statement. statement.

America's Two Biggest Cities Turn To Dime

America's two largest cities are featuring 10c coin telephones. The public, in both cities, has taken the change very philosophically.

Most men and women, who are now inserting either two nickels or one dime in pay telephones, simply shrug their shoulders and state, "Well, what can we do about it?"

Over five years ago *The Cash Box* urged that all get together to have their Congressmen and Senators push thrn a bill to mint a $7\frac{1}{2}c$ coin.

This coin would have proved perfect for all operators, whether they feature juke boxes, games, or vending machines.

At that time *The Cash Box* pointed out that the public would save millions of dollars each year by the use of an intermediate $7\frac{1}{2}c$ coin.

In fact, an organization was created to get such a coin minted only a few years ago. Edward G. Mehren, who headed the Institute for Intermediate Coinage, called on this industry, thru this publication, to help put this program over. A bill was introduced into Congress early in 1950. But, it fell by the wayside, and is today probably pigeonholed forever.

The fact remained, at the time *The Cash Box* made the first proposal in the country regarding such a coin, and remains today, that the average storekeeper who did not then, and does not now, want to raise merchandise from 5c all the way up to 10c, is forced to do so, for there is no intermediate coin which he can ask the public to use.

The Telephone companies were, therefore, faced with the very same problem. If there were a 7c or $7\frac{1}{2}c$ or 8c coin in existence, there is no doubt that one of these coins would now probably be featured in coin telephones.

A 100 per cent jump from 5c to 10c has probably upset many coin phone users. But they, too, realize that the lack of an intermediate coin simply means that they are paying twice as much for something which should, in all probabilities, have cost them much less.

But, all this is not the business or problem of this industry. What interests the men in this field, since the nation's two biggest cities have swung over to making the dime much more popular than the nickel, and which was long ago predicted by this publication, is the fact that the dime is now an extremely important coin.

Other cities already have 10c coin telephones. Many more will also find their pay phones soon featuring the dime.

Therefore, and at long last, the time may have arrived when 10c play for the equipment of this industry should again be seriously considered.

With inflation growing. With taxation zooming. With prices for parts, supplies, labor, and so forth, hiking higher each day, perhaps the time has arrived when all operators should get together for a serious discussion regarding the how, why and wherefore, as well as the ultimate possibility of charging 10c for play of their products.

THE CASH BOX covers the coin operated machines industry, and all allied to this industry in any fashion whatsoever, throughout the United States, Canada, Central and South America, Africa, Japan, Hawaii, Pbilippine Islands, and other Asiatic and Pacific countries, as well as certain European nations. The Cash Box is on hand at various American consular offices throughout the world. This coverage includes operators, jobbers, distributors and manufacturers and all allied to:—automatic coin operated music equipment; automatic coin operated vending and service machines; as well as coin operated amusement equipment; in all divisions. The music and record fields, recording artists, publishers of music, disc jockeys, radio stations, and all others in any fashion identified with, or allied to, the coin operated music machines industry are completely covered. Manufacturers and distributors of various merchandise, parts, supplies, components and all materials used in the coin operated vending, music and amusement fields are covered by *The Cash Bex.* Banks, finance firms, loan organizations and other financial institutions, expressly interested in the financing of coin operated machines of all types, are covered by *The Cash Box.*

THE CASH BOX IS RECOGNIZED by various associations of coin machine operators throughout the United States as their "official" weekly magazine.

"THE CONFIDENTIAL PRICE LISTS" "The Confidential Price Lists" are the one and only officially recognized price guide of all new and used machines in the United States. "The Confidential Price Lists" are an exclusive, copyrighted feature of The Cash Box. "The Confidential Price Lists" report each week's low and high prices for all new and used coin operated machines, regardless of age, listing all market changes, and continually adding on all the new equipment as this equipment is announced to the industry. "The Confidential Price Lists" are recognized by many cities and states throughout the country as the "official price book of the coin operated machines industry". They are an integral part of The Cash Box and appear in each week's issue. "The Confidential Price Lists" are officially used in the settlement of estates, for buying, selling and trading of all coin operated equipment, and are also officially recognized for taxation purposess. "The Confidential Price Lists" are used by finance firms, factors, loan companies, bankers and other financial institutions to guide them in making loans to members of the coin operated machines industry. They have been legally recognized in courts througbout the United States and Canada. "The Confidential Price Lists" have been acclaimed by the coin operated machines industry. Entire business transactions and legal cases are based upon the quotations appearing in "The Confidential Price Lists". With No New Equipment Available After the Next Few Months, Possibly for Years to Come, 10¢ Play Can Preserve Present Machines and Make Them Last for Longer Period of Time. Even if Op Loses 40% of Present 5¢ Play He Will Earn More on 10¢ Play and His Machines Will Last 40% Longer Time. If Op Loses 50% of Present 5¢ Play, on 10¢ Play He Will Still Earn What He is Earning Today, and His Machines Will Last 50% Longer Period of Time.

For some years now The Cash Box has been pointing out that the inflationary trend has continued to grow without halt. This has caused the continued drop in the dollar's value. Similarly, it meant that every coin of the nation was also losing value, and at a steady pace.

Immediately as the post-war era came into being and, in fact, during the World War II era, *The Cash Box* brought to the fore the possibility that 10c play might be most feasible for the nation's operators, for it would give them greater possibility for profit. And, as is well known, with the operator enjoying profit, all up the line would profit, too.

Not so many months ago, the subject of 10c play again came to the fore. The Cash Box had strongly recommended that, wherever possible, this coin be used for coin operated amusements in all forms. Many agreed. Many even went further, those few months ago, and urged that The Cash Box again put to vote whether 10c phono play should also come into being.

The votes of the majority of the nation's juke box ops, reported here at that time, were against 10c play. But, the amusement game operators were all for 10c play. The Cash Box so reported the facts.

The belief is today, as it was then, and as it was many years ago when *The Cash Box* first brought the 10c play suggestion to the fore, that amusement machines can operate on dimes and that the public, with the proper inducement in play appeal, novelty action, and so forth, would not mind spending a dime as fast as a nickel for amusement game play.

About a year ago, the shuffle games came into popularity. These most definitely proved that the public would be happy to pay 10c per play, were the play sufficiently interesting. The result was that few shuffle games were ever changed over to 5c play action.

In fact, the greater majority of shuffle and rebound games everywhere in the nation, continue on 10c play. Operators are well satisfied that the dime is the logical coin for these games.

Now a pinball manufacturer has introduced a game which is being sent out to the trade featuring a dime chute. Of course, as in the shuffle and rebound games, the operator can always change back to the 5c chute whenever he so desires. But, it seems that the majority of distributors who have ordered this game, ordered on the theory of dime play.

Whether this indicates a new trend in the industry, few can tell at this time. But, all are acquainted with the fact that the 10c coin is gradually taking over popularity from the nickel. This may mean that, in the near

future, there will be more dimes in

circulation than nickels. Naturally, the coin operated machine men want to feature the most popular coin. The one there is the most of in the public's pockets.

The increasing circulation of the dime is greatly due to the telephone companies about the nation. With the country's two largest cities, New York and Chicago, now featuring 10c coin telephones, and with other cities also featuring the dime phone and still more communities turning their telephones over to the dime, then perhaps the time has arrived when 10c play can be considered in a more serious light.

There is no doubt that the average operator, regardless of how good a route he has, wants the fluc coin to be featured on all of his equipment. Increased license fees which are coming into being. Hiked taxation is general. Greatly increased cost of parts and supplies are already here. No new machines. And hundreds of other factors, with inflation one of the most prominent, require that the nation's operators obtain more than they are at present from the play of their games. Or else hope that their machines will play on continually for many more hours on each location than they are playing at present.

Even if the dime cuts the play by

about 30 per cent, which is a tremendous cut, earning power will be greater. At the same time, with a 30% cut in play, at this time, the operator will be far ahead. Less play, more money. Less play, equipment lasts longer. At a time when the operator must make every effort to make his present equipment last longer.

These latter, therefore, are the big reasons why the operator must take the idea of 10c play much more seriously than he ever has before.

In the first place, even with 40% less play, he earns more money. With 50% less play he earns just as much as he is earning at present.

But, with 40% less play, he gets 40% less wear and tear on his equipment. This means that this equipment will last 40% longer.

Even with 50% less play, and earning only what he earns now on 5c play, it means 50% less wear on his machines. That means his equipment (even at 50% less) will last him half again as long as it ordinarily would.

With the fact that no new equipment will be available after the next few months, a condition that may last for years, regardless of whether there will, or will not, be a war, every operator must preserve the equipment he now has to the best of his ability.

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"LITTLE SMALL TOWN GIRL" (2:55)

"WHEN YOU RETURN" (2:59) EDDY HOWARD (Mercury 5576; 5576x45)

• A very soft easy new ballad is dished up here by Eddy Howard and his boys. Giving it one of his well known, appealing vocals, Eddy makes this one very easy to take. Another new number makes up the second side done in similar style with Eddy and the Trio. Both ends will do ok by ops.

"VELVET LIPS" (2:33) "TIE ME TO YOUR APRON STRINGS AGAIN" (2:35) JAN GARBER

(Capitol 1375; F-1375)

• Jan Garber comes up with two lis-tenable sides on this platter. On the upper level, Roy Cordell turns in a nice vocal on an easy novelty while on the lower end he comes through again. Both sides make for excellent juke box material and ops who want a good thing, should get going with this.

"THE SEVEN WONDERS OF THE WORLD" (2:53) "WHEN YOU RETURN" (3:18) DON CHERRY

(Decca 27435; 9-27435)

• A terrific new ballad gets a hit recording from Don Cherry on the top level. Don gets a grand assist from a chorus and orchestra under the di-rection of Sy Oliver. This one has all earmarks of a smash. Don has a go at another new ballad on the lower end and once more comes out ok. The top deck though will be the big one.

"I MISS YOU SO" (2:54) "YOU ARE MY FIRST LOVE" (2:48) THE ORIOLES (Jubilee 5051)

• The Orioles turn in another superlative job on this disk. The upper half has a pleasant tune on which the group demonstrate some fine harmonizing. The second side has a soft slow ballad again with some fine har-mony from the group and a good orchestration from Sid Bass. Ops oughta listen in.

"JET" (2:46) "THE MAGIC TREE" (3:02) KING COLE

(Capitol 1365; F-1365)

• A very exciting beguine is offered here by King Cole. Backed up by a large chorus, the Ray Charles Singers, Cole makes this one a fascinating of-fering. Joe Lipman does the orches-tration in excellent style. The bot-tom half is another good number, soft and easy on which he's accompanied by Les Baxter's orchestra and chorus. hestra and chorus. Ops will want to listen in.

"WHO'LL TAKE MY PLACE WHEN I'M GONE?" (2:30) "SPIN THE BOTTLE" (2:47) LORRY RAINE

(London 899)

• Lorry Raine has a winning side in the top deck here. She does a ballad in beautiful fashion while Everett Ralston's orchestra provide a wonderful setting. The flip is a nov-elty with a very happy feeling and an accompaniment by Cliff Parman's orchestra. Ops won't want to miss this platter.

"BRING BACK THE THRILL" (2:49) **"I APOLOGIZE"** (2:50)

BILLY ECKSTINE

it. This time Billy Eckstine turns

"THE WINTER WALTZ" (2:40)

The much recorded "Winter Waltz"

gets another good going over, this time by Primo Scala and his accordion band with the Keynotes. They make

this one very lively sounding and some

good banjo playing comes through.

The lower half is also a catchy ditty done by the same group. Although a little late, ops may still find it

"IF 'T HADN'T BEEN FOR YOU"

A very promising ballad gets an

interesting rendition in duet by the

Lee Brothers. Backing up their good harmony is Paul Weston's orchestra.

A novelty in march rhythm makes up the lower end again with Paul helping

out. Although not of the world shak-ing variety, this disk should hold its own in the boxes.

"HULLABALOO" (2:35)

"SKATING" (2:22)

PRIMO SCALA

(London 842)

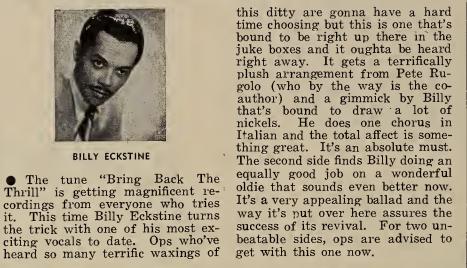

attractive.

(2:58)

THE LEE BROTHERS

(Columbia 39136)

BILLY ECKSTINE (MGM 10903; K10903)

"GOODNIGHT PILLOW" (2:54) "THE HANDSOME STRANGER" (2:25)

JO STAFFORD (Columbia 39129)

• Jo Stafford turns in a very warm ballad on the upper deck. Done in slow tempo by Paul Weston and the orchestra. Jo gives this one a grand vocal. The lower half is a western ballad again beautifully done by Jo and Paul. This disk should be fea-tured in the machines.

"A FRIEND OF JOHNNY'S" (2:47) "TO LOVE YOU IS MADNESS" (2:35)

TONY FONTAINE (Mercury 5574; 5574x45)

• Tony Fontaine continues showing his great potential by putting out one terrific rendition after another. This time it's a wonderful ballad on the top deck that has Tony going to town. With Lew Douglas and the orchestra providing the accompaniment, this one should do very well. The flip is a faster paced item getting a full pro-duction with chorus and all. Top deck gets our nod.

- ★ "MAY THE GOOD LORD BLESS AND KEEP YOU"
- ★ "HOW COULD YOU BELIEVE ME WHEN I SAID I LOVED YOU WHEN YOU KNOW I'VE BEEN A LIAR ALL MY LIFE?"
- Fred Astaire & Jane Powell.......MGM 30316; K30316 ★ "WHO'LL TAKE MY PLACE WHEN I'M GONE".... Lorry Raine.....London 899

"YOU DON'T HAVE TO DROP A HEART TO BREAK IT" (2:30) "MIDNIGHT BLUES" (2:40) THE RAVENS (Columbia 39112)

• A very slow ballad is twirled around here by the Ravens. Done in the style of a vocal solo with the harmonizing group chiming in, this one is good to hear. The lower half is a rhythm number done in similar manner and again it comes out fine. Ops should listen in.

"WHISTLIN' PAPER BOY" (2:54) "CANDY LIPS" (2:47) ELMO TANNER (MGM 10886; K10886)

● Elmo Tanner has a couple of num-bers on which he can show off his magnificent whistling. Not only does he whistle, but he sings a good jumpy number on the upper deck with some terrific backing. The second side is a cute novelty which Elmo and the Dixielanders do equally as well. Both sides are good to hear.

"JUST FOR TONIGHT" (2:51) "WOULD I LOVE YOU" (2:58) **EVE YOUNG** (London 892)

• Two numbers with Latin American rhythms are offered on this platter by Inythms are offered on this platter by Eve Young. Both get an excellent vocal from Eve and a fine accompani-ment from Jack Pleis and the orches-tra. The bottom end is a very sultry sounding tango which looks very much as though it might break through. Ops should get on board.

"MY DESIRE" (2:56) "BRING BACK THE THRILL" (3:30)

VINNI DE CAMPO (London 960)

• A new ballad gets a good going over from Vinni De Campo here with Jack Pleis and the orchestra helping out. The lower end is a terrific ballad which is sure to come through and Vinni does a nice job with it. Ops in the market for good stock items, oughta stock up with this.

"LOVER" (3:10) "PEOPLE WILL SAY WE'RE IN LOVE" (3:50) ERROLL GARNER

(Columbia 39100)

• Erroll Garner takes a couple of oldies on this platter and gives them a wonderful run through. Both ends demonstrate fully Erroll's terrific piano style which has made him such a favorite. This disk will certainly add to his popularity. It makes for grand listening grand listening.

"HOW COULD YOU BELIEVE ME WHEN I SAID I LOVED YOU WHEN YOU KNOW I'VE BEEN A LIAR ALL MY LIFE?" (3:09)

"TOO LATE NOW" (2:47) FRED ASTAIRE and JANE POWELL (MGM 30316; K30316)

• A terrific novelty with just about the longest title on record is dished up here by Fred Astaire and Jane Powell. Coming from their new film, "Royal Wedding," this one is bound to cause quite a stir and should get a tremendous play in the boxes. On the lower end, Jane does a ballad by herself backed up by Johnny Green's orchestra. Ops can't go wrong with the top side.

Page 8

"COME BACK TO SORRENTO" (2:15)

"TAKE MY LOVE" (3:10) FRANK SINATRA

(Columbia 39118)

 Frank Sinatra has one of his most appealing disks in a long while in "Come Back To Sorrento." Frank sings it entirely in Italian and with Axel Stordahl providing a dreamy backing, this one sounds like the Frankie of old. On the lower end, he does a good new ballad which should garner a lot of nickels. Ops will make out fine with this platter.

"THE HAPPIEST DAY OF MY LIFE" (3:06)

"IN THE LAND OF MAKE BELIEVE" (2:50)

BUDDY MORROW ORCH. (RCA Victor 20-4025; 47-4025)

• A couple of smooth orchestrations are provided here by Buddy Morrow and his orchestra. Both ends are bal-lads with excellent vocals by Tommy Mercer. The music here is very easy to take, soft and slow and dreamy and nice to hear. Ops who have room for stock items in their machines should hear this one.

"MAY THE GOOD LORD BLESS AND KEEP YOU" (2:49)

"DEAR, DEAR, DEAR" (2:44)

FRANKIE LAINE

(Mercury 5580; 5580 x 45)

Another great recording of a wonderful tune shows up this week by Frankie Laine. Accompanied by Harry Geller's orchestra, Frankie turns in a very appealing job on a ditty that's sure to come through. The sec-ond side is a novelty with a good jumpy rhythm and again it comes out fine. This is a natural for ops.

"WAIT FOR ME" (2:56) "LOVE MEANS LOVE" (2:18)

GORDON MocRAE (Copitol 1374; F-1374)

A new ballad with a lot of poten-Gordon turns in a very smooth job with Frank DeVol's orchestra providing the musical backing. The lower end finds him doing a novelty that's very cute and on which he gets an assist from the Ewing Sisters. This is a good one for ops.

"COLUMBIA THE GEM OF THE OCEAN" (2:40)

"MORE THAN I CARE TO REMEMBER" (2:42)

RAY ANTHONY ORCH. (Capitol 1367; F-1367)

• Ray Anthony has another smooth offering here. The upper level fea-tures an instrumental of the well known march and as done by the Anthony crew it sounds mighty good. The lower end is another very easy to take item with a vocal by Ronnie Deauville and the Skyliners. Ray's fans will like this one.

"SENTIMENTAL MUSIC" (2:57) "WOULD I LOVE YOU" (2:52)

PATTI PAGE (Mercury 5571; 5571 x 45)

> nessee Waltz." Ops who have cleaned up with those latter two records are gonna want to jump on this one pronto. Both ends of this platter, titled "Sentimental Music" and "Would I Love You," are winners and Patti comes through with a wonderful job on each side. The upper half has a very catchy tune just perfect for her style of sing-ing. Harry Geller and his boys give it a grand rhythmic backing which makes you want to sing along. There's no doubt about the appeal that this are will bey along. There's no doubt about the appeal that this one will have. The lower half also is a powerful contender. It's a tango with a very sultry feeling and gets another one of Patti's superb renditions. This disk offers ops two A sides.

"LOUIS-I-AN-IA" (2:18) "JOHNSON RAG" (3:03) PETE DAILY'S CHICAGOANS (Copitol 1370; F-1370)

• A couple of terrific jazz numbers are turned out here by Pete Daily's Chicagoans. The top deck is a nov-elty that gets a good vocal from Joe Darensbourg and some hot instrumentals from the boys in the group. The second side is a straight instrumental of an oldie which sounds real good. For the proper spots, this one is perfect.

"I'LL KNOW" (3:15) "DE GAS PIPE SHE IS LEAKING, JOE" (2:21) SARAH VAUGHAN

(Columbio 39124)

• Sarah Vaughan takes a wonderful ballad from "Guys And Dolls" and gives it her own kind of treatment which means that it's tops. With Norman Leyden's orchestra coming through with the backing, this side makes from grand listening. The flip is a calypso type thing which is fun to hear. These sides will drive her fans wild.

"POOR BUTTERFLY" (3:03) "SILVER MOON" (3:23)

RUSS MORGAN ORCH. (Decco 27415; 9-27415)

• Two instrumentals are taken to town on this platter by Russ Morgan and his crew. Both sides are very smooth and are not only grand to listen to but make for wonderful dancing. The upper level is an oldie that everyone knows while the lower half is an easy waltz. Ops oughta listen in.

"I GIVE YOU MY LOVE" (2:23) "LITTLE SMALL TOWN GIRL" (2:33)

OWEN BRADLEY SEXTET (Corol 60360; 9-60360)

• The Owen Bradley Sextet have a couple of sides here which they do well. The upper half is a pleasant number with a vocal by Don Estes. The second side has another vocal by Don ester a superflue much recorded. Don on a currently much recorded tune. Both ends deserve to be heard by ops.

"TUXEDO JUNCTION" (3:20) "AFTER HOURS" (3:12)

ERSKINE HAWKINS (Coral 60361; 9-60361)

• Two instrumentals by Erskine Hawkins come through as wonderful listening on this disk. The top deck is an old standard, done very loud and jivy, which should send Hawkins' fans jumping. The lower end features some terrific piano playing by Ace Harris with grand backing from the orches-tra. Here are two right sides.

"SAY IT WITH YOUR KISSES" (2:46)

"WOULD I LOVE YOU" (2:24)

JERRY GRAY ORCH. (Decca 27402; 9-27402)

Jerry Gray puts his orchestra to work on a smooth ballad on the upper level with Tommy Traynor doing the vocal. On the lower end, a much recorded tango gets another good ar-rangement from the Gray crew. Ops who want some easy to take sides better get going with these.

"PERDIDO" (2:47) "PLEASE GIVE ME A CHANCE" (3:00)

LIONEL HAMPTON QUINTET (Decca 27401; 9-27401)

• A tune with a good beat gets a wonderful going over on the upper level from the Lionel Hampton Quin-tet. Dave Howard does the lyrics and makes them sound very good. The second side is a very slow number with the insturmental group coming in for some fine music. Ops will want to here those to hear these.

"YOU DON'T HAVE TO DROP A HEART TO BREAK IT" (2:18) "AROUND THE WORLD" (2:26)

MILLS BROS (Decco 27400; 9-27400)

• The Mills Brothers turn in another one of their superlative jobs on a couple of ballads here. The top side shows some good harmonizing. On the lower end they take a new Ben-jamin & Weiss tune and give it a go. Ops know the drawing power of this group.

PATTI PAGE It looks like three in a row for Patti Page. Here's another great disk for her which is a worthy suc-cessor to "All My Love" and "Ten-

"CHIMNEY CORNER DREAM"

• A very cute novelty makes up Johnny Parker's new disk. Having written it himself, Johnny takes this one for a very listenable ride with the

help of Joe Lipman's orchestra. The flip is a slow ballad on which he again turns in a good job. This oughta do well in the machines.

(Copitol 1368; F-1368)

"WOULD I LOVE YOU" (2:37)

Helen O'Connell, coming back into

the recording picture in a big way, does a couple of sides here with Dave

Cavanaugh's orchestra. The top deck tune has a low down feeling and is just right for Helen's style. The sec-ond side is a much recorded tango get-ting another good vocal. Ops will

"THE MILL ON THE FLOSS" (2:25)

A pastoral sounding item is dished up here by Peggy Lee. It's a very easy going side and with some good backing

from Dave Barbour and the orchestra it makes for pleasant listening. The bottom half is a spiritual with clap-ping and the full treatment. This one

OPS & MUSIC TRADES RUSH RESERVATIONS FOR MOA MARCH CONVENTION

Advance Reservations Indicate '51 Meet Will Be Biggest In MOA History, George Miller Reports

GEORGE A. MILLER

OAKLAND, CAL.—George A. Miller, National Chairman and Treasurer of MOA, (Music Operators Of America), reported this past week that, immediately after announcement that the annual convention of this organization would go on as scheduled (March 19, 20 and 21, 1951) reservations began to pour into his offices here from juke box operators as well as from exhibitors in the music trades.

"In fact," Miller reported, "from these advance reservations there is every indication that this will be the biggest meeting ever yet held by Music Operators Of America."

In addition, it is also understood that Ray Cunliffe of the Recorded Music Service Assn., Chicago, Ill., has also been receiving reservations and that Cunliffe is very enthusiastic over this first flood of orders for booths and rooms which have poured into his offices.

Miller also indicated that many of

the members of the nation's music trades have been looking forward to this convention. He has received many letters congratulating MOA on going ahead with their meet this coming March at the Palmer House in Chicago.

Page 11

SURE-FIRE

"There is every reason to believe," Miller stated, "that MOA will prove of greater importance during this all out defense era than ever before.

"The music operators of the nation need someone to help them with their national problems. MOA will continue to function in even a greater capacity than ever before in this regard."

Four reservations were received by George Miller by telegram the very same day he released the announcement that the meeting would go ahead as planned.

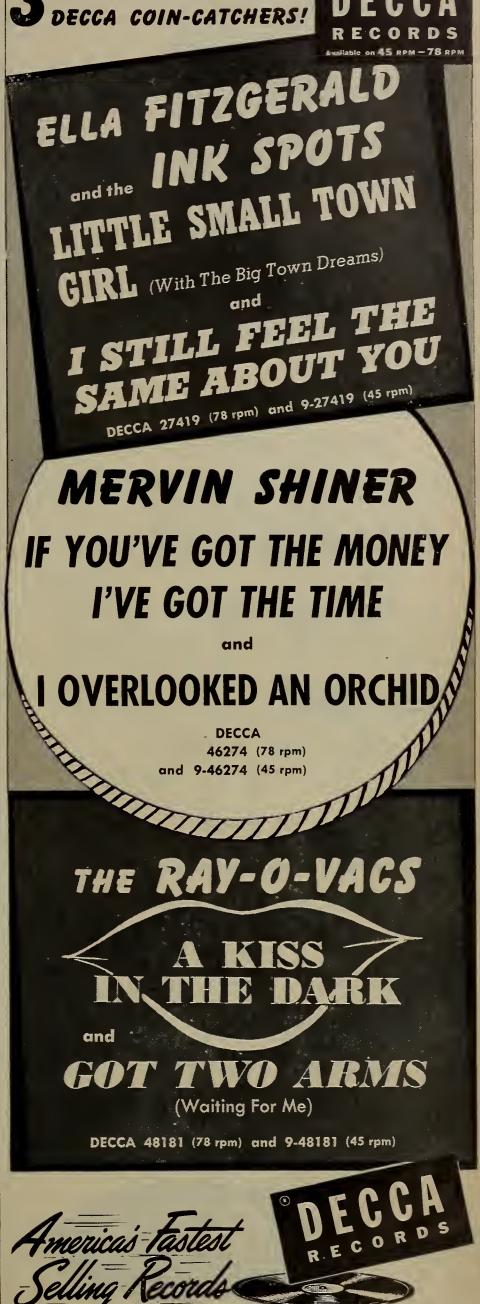

These came from Permo Point, Chicago; AMI, Inc., Grand Rapids, Mich.; Capitol Records, Hollywood, Calif. and The Cash Box, New York City.

Other reservations from representative and outstanding organizations continue to pour into Miller's and Cunliffe's offices and already, it is indicated, the number of exhibitors has passed last year's mark with probably double and even triple this number showing their wares this year.

In addition, juke box operators, as well as entire associations of juke box ops from all over the country, are hurrying in their reservations to make certain of rooms at the Palmer House during the three days of the showing.

It is also believed that the convention will probably open informally on Sunday evening, March 18, when most of the men arrive in Chicago and meet with each other in various suites in the hotel.

Coral Records To Function Independently

NEW YORK—Milton R. Rackmil, President of Decca Records, announced this week that Michael Ross has been appointed Vice President and General Manager, and Jimmy Hilliard as Vice President in charge of Recording at Coral Records, the wholly owned Decca subsidiary.

These appointments will initiate the new Coral program of becoming completely independent from the regular Decca operation. The separation is a result of Coral Records' fast growth in its just completed second year of operation.

Coral Records has recently signed Herb Jeffries and the Modernaires to add to its fast growing roster of top artists. Negotiations are now being made with other big-name recording stars.

One Singer To Another

Peacock Signs Artists

HOUSTON, TEXAS—Peacock Rec-ords have signed up two new artists, Paul Monday and Willie "Doc" Jones. Monday comes from Oklahoma and besides his singing abilities, he's an accomplished pianist. Willie "Doc" Jones hails from Atlanta, Georgia and he too plays the piano. he too plays the piano-when he's not shouting the blues.

NEW YORK-Frank Sinatra, Columbia recording star, gives some en-couraging advice to newcomer Pat Terry during rehearsal of "Meet Frank Sinatra" show. Sinatra dis-covered Terry singing at Bill Miller's Riviera and was so impressed with this boy, that he invited him to appear on his CBS radio show. Pat recently broke the all time record on WNEW's "Boy Meets Girl" program by winning four consecutive weeks.

"DON'T TAKE YOUR LOVE AWAY FROM ME" (2:59) "STORMY WEATHER" (2:47) LAURIE TATE & JOE MORRIS ORCH. (Atlantic 923)

LAURIE TATE

• Following up their terrific hit on "Anytime, Anyplace, Anywhere," Laurie Tate and Joe Morris come up with another great contender. This one is called "Don't Take Your Love Away From Me" and it looks like another smash. Ops will want to get this one into their machines as soon as they can to start drawas soon as they can to start draw-ing those nickels in. Laurie turns in an out of this world vocal on a

"I'LL TRY TO FORGET I'VE LOVED YOU" (2:45)

"YOU DON'T MOVE ME NO MORE" (2:54)

THE VARIETEERS (MGM 10888)

• A new harmonizing group turns in a grand job on a slow ballad. Done in the style of a vocal solo with the group chiming in, the boys put a lot of feel-ing into the number on the upper level. The bottom half is done in similar manner again showing the group's abilities. Ops will want to hear this.

"JONAH JOINS THE CAB" (2:32) "WILLOW WEEP FOR ME" (3:20) CAB CALLOWAY

(Columbia 30234)

• Cab Calloway has a jump item on the top deck on which he turns in his well known type of vocal. Backed up with some good instrumentals from the orchestra, Cab makes this one sound ok. An oldie done as an instru-mental is given a slow and smooth mental is given a slow and smooth going over on the bottom half. The Cab has a lot of fans.

"I'LL BE TRUE TO YOU" (2:53) **"BOOGIE IN THE MORNING"** (2:36)

BILLY FAIR (Derby 749)

• Taking a blues number with a ter-rific beat, Billy Fair gives it a ride that's really something. Shouting the lyrics, Billy sends this one reeling with a bouncing piano coming through. He does an equally good number on the bottom side again with a fine piano standing out. This is a good one for ops.

"WAS IT REALLY LIKE THAT?" (2:15)

"WE'RE SUPPOSED TO BE THROUGH" (2:30) WINI BROWN

(Columbia 39119)

Wini Brown puts her fine voice to work on a couple of ballads on this disk and they come out very well. Backed up by Dick Vance and his orchestra, Wini does these numbers very slowly and with much feeling. Both sides are very pleasant to listen to.

JOE MORRIS

tune with a terrific beat and Joe and his boys back her up with in-strumentals to match. Together they come up with a side that's gonna be hard to surpass. On the lower level Laurie goes to town on an oldie with a very slow, lowdown and grieving vocal. This end too is good to hear. For a real winner, ops oughta get with the top deck number right now.

"ALLIGATOR MEAT" (2:43) "ELEPHANT ROCK" (2:27) CHARLIE SINGLETON ORCH. (Decca 48193; 9-48193)

• A tune with some very odd lyrics is offered here by Charlie Singleton and the orchestra. Freddie Jackson does the vocal on this jump number and it comes out quite good. The low-er end finds him explaining a dance which sounds very jivy. This one should do ok in the machines.

"SLIPPIN' AND SLIDIN'" (2:43) "I'VE GOT A RIGHT TO LOVE" (2:52)JIMMY LEWIS

(Atlantic 927)

• A couple of very soft sides are dished up by Jimmy Lewis. Backed up by a small instrumental group, Jimmy sings the tunes on each in a very relaxed, easy manner. The group comes in for some good instrumentals and the whole combination makes for and the whole combination makes for wonderful listening. Ops will want to get with this one.

"ONCE THERE LIVED A FOOL" (2:35)"CRYIN' TO MYSELF" (3:03)

DUSTY BROOKS ORCH. (Columbia 30236)

• A beautiful ballad is given a good vocal on the upper level by Ray Vocal on the upper level by Ray Wheaton as Dusty Brooks' orchestra provides the music. Done with a great deal of feeling, this tune has a tremendous potential. A blues num-ber is turned out on the lower level again with a good vocal by Ray. Ops will do alright with this one.

"C JAM BLUES" (3:00) "FLAMINGO" (3:00) **BILLY STRAYHORN TRIO** (Mercer 1954)

• Two instrumentals are thrown around on this platter by the Billy Strayhorn Trio. Duke Ellington and Billy Strayhorn team up on a piano duet that does some fine things to the 88's. The top deck is a blues item done in fast tempo while the lower end is an oldie. Both sides are good to hear.

RECORD MFRS DRIVE FOR JUKE BOX BIZ Urge Distribs and Branches Sell Hard to Get Disks Featured in Major Number of Nation's 550,000 Juke Boxes. First Contact Juke Box Firms With New Releases. Forsee Juke Box Play Boom. Want Big Spring and Summer Juke Box Biz as Sales Guarantor.

Page 17

CHICAGO—More and more of the record manufacturers are becoming cognizant of the fact that the big play business for juke boxes will be the Spring and Summer months, when the warmer weather drives people out once again, and when the TV stars go off the air.

TV stars go off the air. With this in mind, diskeries see a tremendous opportunity ahead of them. Aside from the regular business they do with the nation's proprietors of over 550,000 juke boxes during the Fall and Winter months, they can now practically guarantee sales, and be certain of peak production continuance, during the former "death months" of Spring and Summer.

The peak moneymaking seasons have now turned about for the juke box industry. Instead of Fall and Winter, the big play seasons are Spring and Summer. The juke box trade has learned that people stay at home, in droves, in Fall and Winter. The public is glued to its TV receiving sets. Few, if any, feel the need to get out, meet people, and do things.

The juke box biz is heading for the biggest play boom in all of its history. Even bigger than it enjoyed during World War II.

The fact is that with over 65,000,000 workers, and an Army estimated to reach close to the 4,000,000 mark by the end of '51, the juke box biz expects play to continue to zoom.

All present averages are going up everywhere in the nation. In fact, in some territories, increased play is already surprising many juke box ops. And even these men report that, "Play continues to increase."

This has stimulated many of the diskeries to urge their distribs and branches to get into action. Get the major share of records in the juke boxes in each of their areas.

The fact is the juke boxes will not only create sales of disks for retailers in the same territory, but will at the same time, help tremendously to popularize the record.

The big factor remains. The average retail store cannot, and will not, buy any big quantity of new disks. They always will continue to tell salesmen, regardless of whatever pressure is applied, that they have enough older disks on their shelves to create a new firm.

Therefore, the plan is to get the juke boxes spinning the new records and, thereby, bring about sales from people who hear the song in a juke box, and take to it quickly. These people, young and old, then visit their retailers for a recording of the tune.

But, in almost every case, as retailers report, "The same record that we heard in the juke box."

Now, more than ever, the diskeries want their distribs and branches to get a very major share of the 550,000 juke boxes thruout the nation playing their latest releases.

Salesmen of branch offices, and salesmen of distribs, first cover the juke box firms. Present the new tune, let the buyer listen. Then ask that the disk be distributed thruout all the area, so that every juke box will be playing it. They know this will stimulate retail sales.

Regardless of the play boom ahead, and regardless of the fact that should any artists get a major portion of the country's 550,000 juke boxes playing his rendition (which means he rides fast to stardom), the record firms realize that the seasonal changeabout, as well as the fact that juke box sales are soaring, and retail sales result, means an almost absolute guarantee that they will be able to continue on ahead at top speed, during what was formerly their slack seasons, at a time when all business is backing up against wartime restrictions.

This is, without any doubt, one of the most unique potentials which has ever yet come about to interest the record manufacturer. He foresees, not only in the forthcoming juke box play boom a tremendous amount of sales potential, but, he also sees continued better business than he formerly ever enjoyed.

It is also believed, since so many song publishers have also made it part and parcel of their business to call on leading juke box firms, that they, too, will suddenly find their slow Spring and Summer seasons, a time when they will have to keep their forces working at top speed.

As far as the recording artist is concerned, he is now urging his advertising and publicity men, to "first get me into the juke boxes."

He, too, has found that this is the medium which books him into the finest spots in the nation, at higher price than he ever before enjoyed.

The juke box and all of its incidentals continue to be, more than ever, the artists' showcase.

Flanagan Hits Kansas City

January 27, 1951

KANSAS CITY—In behalf of a visiting orchestra leader in Kansas City, local disc jockeys Buddy Black (left) and Frank Hassett (right) cut some capers with Ralph Flanagan during one of Flanagan's one niter layovers in KC. Not to be outdone because his mike has been appropriated Hassett uses a lollipop to make a point. The Flanagan band starts a new radio series this week sponsored by the U.S. Army and Air Force originating in camps and hospitals around the country.

Mercury Confirms Frankie Laine Switch To Columbia

CHICAGO—Mercury Records this week confirmed the switch of Frankie Laine to Columbia Records.

Irv Green, Mercury Prexy, said that Laine told him he was switching labels because Columbia offered a three-way deal, involving radio, tv and records.

Green said that the label has a number of unreleased masters and a library of 60 standard numbers, plus a recent session of four sides and another session contemplated on the West Coast 'efore his pact runs out April 1.

Laine came with More four years ago. He was the d-up while staging off-nights at Mexocee, Holly bood bistro, where his original vocat stylings were drawing a local fandom.

Orioles Dedicate New Victor Combines Disc To Memory Great Standards Of Tommy Gaither In New Releases

NEW YORK—The Orioles, who have just waxed their first record session for the Jubilee label since the tragic automobile accident of two months ago in which guitarist Tommy Gaither was killed, are dedicating their first new disc of 1951, "I Miss You So," to the late Gaither's memory.

Through arrangements made with Jerry Blaine, president of the Jubilee Record Company, all royalties from the record will be donated by the Orioles and the Jubilee firm as part of a fund for the late musician's widow and four children in Baltimore, Md.

The Orioles are slated for a heavy recording schedule during the next few weeks to build up a backlog of platters for the Jubilee label. They had done no recording for two months while breaking in a new member of the group. NEW YORK—As an adjunct to its Red Seal "Treasury of Immortal Performances," RCA Victor has announced the release in January of a collection of some of the greatest music by some of the biggest stars in jazz and swing annals.

annals. This series of six albums is comprised of "Theme Songs," the musical signatures of Artie Shaw, Benny Goodman, Duke Ellington, Charlie Barnet, Lionel Hampton and Louis Armstrong; "Dance Band Hits," a compendium of best sellers by Dorsey, Miller, Weems, Ellington, Clinton and Kemp; "Small Combo Hits," which brings back memories of the Goodman Quartet, Shaw's Gramercy 5, and Coleman Hawkins' unforgettable "Body and Soul"; "Keyboard Kings of Jazz," a star-studded piano assembly; "Columbo, Crosby, Sinatra," performances by that great triumvirate of crooners; and "Folk Singers," with a line-up of three of the pioneers in the field: Jimmy Rodgers, Vernon Dalhart and Gene Austin.

Wallichs Takes Over A & R Duties At Capitol

HOLLYWOOD, CAL. - Glenn E. Wallichs, President of Capitol Records announced that he will take over general supervision of his firm's A & R Department effective January 31 when Jim Conkling, Vice President in charge of A & R, resigns to become President of Columbia Records.

Wallichs said that his assumption of Conkling's duties will bring about a closer coordination between sales, promotion, and artists and repertoire.

No changes are contemplated in the A & R Department, since Wallichs considers the present members tops in their respective fields. Alan Livingston, Vice President and Repertoire man will continue in the kiddies' field, as well as in all album production; he is assisted by Francis Scott. In the popular field, Lou Busch, Lee Gillette, Dave Dexter and Pete Rugolo handle west coast repertoire chores, and New York is handled by Walter Rivers and new appointee Dave Cavanaugh.

Lee Gillette continues to supervise the western field, with Ken Nelson located in Hollywood and D. Kilpatrick in Nashville.

Classical Repertoire is under Dick Jones' direction.

oooooh Ruth!

NEW YORK-The disc jockey and music trade have been receiv-ing cards the past week with just the following:

ooooooh, (your name) Bring Back The Thrill Love, Ruth

A lot of them thought they were drinking the night before or worse because they couldn't recall a thing. The mystery was cleared up however by Ruth Poll who had sent the cards as a promotion piece. Ruth is co-author of the tune "Bring Back The Thrill" and also the publisher of it.

A terrific lineup of recordings is set and the project looks like a bonanza. The list of waxings in-cludes: Billy Eckstine on MGM; Eddie Fisher on Victor; Tony Fon-taine on Mercury; Vinni De Campo on London; and Mary Mayo on Capitol.

Delaney Emphasizes Importance of Juke **Boxes To Disk Trade**

January 27, 1951

NEW YORK—Joe Delaney, Vice President in charge of A & R at Lon-don Records, returned from a trip to England last week where he discussed policy matters relative to recording with E. R. Lewis, President of the firm and Harry Kruse, newly ap-pointed executive Vice President in charge of sales at London.

One of the most important aspects of Delaney's trip was his conferences with Harry Sarton, his English coun-terpart. Since a great many of the company's disks are cut in England and sold in this country, Delaney and Sarton had to work out a system whereby they could make waxings that would have appeal on both sides

of the ocean. One result of these meetings was a decision on the part of Delaney and Sarton to exchange visits every three or four months in order to keep in touch with musical happenings in both nations. When Sarton visits here, he will spend time in such centers as New Orleans and Nashville to fur-ther acquaint himself with American

ther acquaint himself with American sectional tastes. Delaney said that the importance of juke boxes to the record business was emphasized by England's lack of them. This eliminates one of the vital promotional factors for the dis-tribution of records in that country tribution of records in that country.

It is understood that London, which several weeks ago announced a pro-gram for greater cooperation with juke box operators, is now in the process of appointing district mana-gers to coordinate the firm's efforts with those of the one Operators it with those of the ops. Operators, it is expected, will be contacted fully and

frequently on a par with disk jockeys. Delaney announced also that Anne Delaney announced also that Anne Shelton, whom he spent some time with in England, is due to return to this country in March for a six month's stay. Her record of "Some of These Days" and "After You've Gone" is one of London's best sellers and she will cut several more sides of this type when she arrives.

With London's reorganization, Delaney is now able to devote himself entirely to A & R and in that capacity he expects to build up a recording roster that will not only keep London in its present strong position but will assure its continuing to put out hit records.

Tibbetts Into Air Force

MANCHESTER, N. H.—Donn Tib-betts, leading disc jockey of the Granite State Network, goes into ac-tive service in the Air Force within the month.

Donn, Regional Administrator of the American Society of Disc Jockeys, hopes to keep in touch with all the people he dealt with in his former spot. Not only will he be active in what his replacement does, but he will also continue his listings of the top tunes. Besides his disc jockey duties, Donn

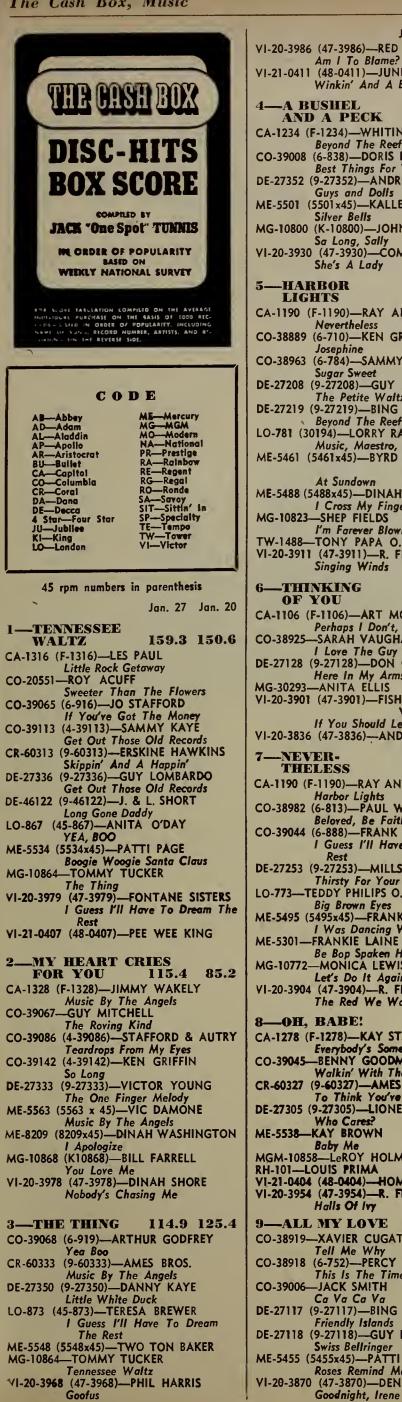

was also sportscaster, emcee and an-

nouncer over the network. Last Saturday (January 20) Donn married Jane Savage in Manchester.

workers, but, in great measure, have by this very relaxation and stimulation helped restore morale to a new and higher pitch. And this high pitched morale is most necessary to continue better production of war materiel.

Most important is the fact that during World War II the coin operated machines manufacturers won numerous Army and Navy "E" Awards. They proved then that they were extremely capable of the finest kind of war work. It is, therefore, to the best interests of NPA to continue these factories, even in partial production of their present products, until such time when defense work will take up all machinery and manpower which these fine factories have.

All are hoping that the manufacturers who have gone on to Washington will present their case with utmost logic and forcefulness so that these factories can continue to produce, even if just a partial production of which they are capable of producing of their own merchandise, until such time as they will be completely covered with defense work.

distributors, see busy days ahead.

The majority of distribs have added machinery to their repair shops and have also stocked whatever parts and supplies they could.

Many distrbs have added to their mechanical force. Some have even rearranged their repair shops and stockrooms.

, Distribs look forward to reconditioning and converting work which will probably keep them busy for as long as the present critical situation lasts.

In fact, mechanics have already been changing machines, and plan to make over older equipment, to meet with the newest and best introduced on the market these past months.

Everyone foresees a new boom play period ahead. All believe that play will continue to grow as the public gets deeper and deeper into defense work. And that the same conditions which prevailed during War II, will result all over again with games, vendors, and music equipment, work-

CHICAGO-Operators, as well as | ing overtime to satisfy the players.

Most impressive is the optimism noticeable among leading ops everywhere in the country. Ops have never before expressed themselves so sure of better times ahead as they are now. For months there was much despondency. With great suddeness, a change seems to have come over the ops, to the point where they look for a boom play period ahead.

Used machine prices are creeping up daily. Quotations made one day, it, is reported, are boosted the next.

The prevailing used market, because of the lack of new equipment, has caused late model used machines, especially, to zoom to new highs.

In fact, distribs are now offering more for certain late model used machines, than what they were selling these same machines for just a few months ago. Late model machines are very difficult to obtain.

In fact, even older models are now being bought up, if just for the parts which they contain.

Presenting New Models For 1951. Open House Parties At All Distribs Thruout Nation. Early Deliveries.

wanda, New York, this week, an-

wanda, New York, this week, an-nounced the setting of dates for 1951 National Wurlitzer Days. According to Ed R. Wurgler, gen-eral sales manager for the Wurlitzer phonograph division, the dates on which the showing will be held are Sunday, January 28th and Monday, January 29th.

January 25th. In making known the company's plans, Wurgler said "We are firmly convinced that the line of Wurlitzer phonographs and remote equipment which we will present to operators during our 1951 Wurlitzer Days is the crowning achievement in the phono-graph field. "Our distributor organization is

planning an open house which will be held simultaneously in each office throughout the United States. Invitations have been sent to every operator in the country asking that he come in and enjoy the hospitality of his Wur-litzer distributor and see our new models which will be on display. We have been fortunate in being able to make the switchover very rapidly from 1950 to 1951 production and our distributors are able to promise early delivery to operators who get their orders in on Wurlitzer Days. We are all aware of the shortages which the industry is experiencing and it is difficult to estimate how long or in what quantity we will be able to produce our 1951 line. Every operator owes it to himself to see the beautiful new Wurlitzers, to protect his routes against indicated shortages and assure peak earning power from his equipment. I can promise that the Wurlitzer for 1951 will do just that. .

"With Wurlitzer's many years of experience in the phonograph field, we have had some beautiful and unusual models. This year we surpass them all in design, attractiveness, coloring and lighting and incorporate features never before seen in the automatic phonograph field. It is my firm belief that every operator in the country should avail himself of the opportunity of seeing these new phonographs on Wurlitzer Days when they are introduced. It will be money in his pocket for him to do so."

In discussing plans for Wurlitzer Days with various distributors, they were, without exception, found to be making unusually elaborate plans to display the new Wurlitzer line. Each distributor is setting up a buffet which will offer food and refreshment to visiting operators and each will have sufficient phonographs on the floor so that everyone paying a visit may become thoroughly familiar with the new model. Wurlitzer has prepared a very comprehensive brochure which describes in detail the newest developments of the Wurlitzer line and these will be presented to operators who attend National Wurlitzer Day showings.

CHICAGO-Tho juke box manufacturers are expected from NPA's enduse order on copper, allowing them to continue the use of copper for elec-trical conduction, all other coin operated machines manufacturers have to halt the use of copper as of March 1, 1951, except to clean up whatever is already in production, and for which they have been granted until April 30, 1951. This means that the games manufacturers will have to stop using

copper. They will either turn to making games which have no copper, and these will have to be discovered, or to some other products where no copper is necessary.

In the meantime, much unemployment is sure to result because of this NPA order. Coin operated games manufacturers are on their way to Washington, and some already have been there, asking for relief from the order, so that they can continue until such time when they have sufficient war work to make the changeover without causing great unemployment.

Very few of the coin operated machines manufacturers have any defense work to speak of at this time. It also seems this is one industry which has been discriminated against as an industry, and, therefore, these manufacturers, instead of being able to make a gradual changeover to defense work, as it comes into their factories, simply have to close down, cause unemployment, and wait until such time when defense work will be available to them.

In the meantime, and as is well known thruout all industry, coin operated games have been the best morale boosters for the "workingmen's clubs" everywhere in the nation. Certainly, then, such products, which help relax the workingman, can be considered among "civilian essentials," and should be allowed a certain percentage of production from the standpoint that, as more and more workers get deeper and deeper into war work, there will be a definite and crying need for relaxation, especially economical relaxation.

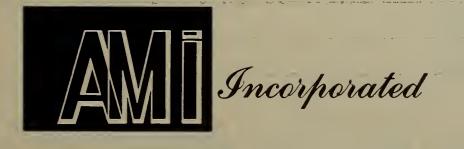

The coin operated games have proved themselves time and again among the finest relaxers in all the history of the country. At the "workingmen's clubs," the taverns, restaurants, drug stores, or whatever other meeting place workers gather about for a few moments, these games have not only relaxed and restimulated the

CHICAGO-Leading factories here report that they are overordered on every product they now have on their production lines.

In fact, some of the plants are setting up quotas on announcement of any new machines, and advising distributors of the quota which they have allotted to them.

Even in such cases, salesmanagers here state, distribs wire back advising they want their quota and also want whatever further number can be shipped to them.

With many of the nation's leading distribs meeting at the Martinique Hotel in Miami Beach, Fla., this past week, longdistance phones continued to jangle in the offices of salesmanagers all over town from this Florida resort.

One noted manufacturer stated. "All I'm getting is more and more phone calls from Miami Beach asking me to double and redouble commitmen+s."

The fact remains that the manufacturers are working against time. They are pushing their production lines in an effort to meet all orders. All hope that they will be able to fulfill whatever orders they have taken so that their distribs will be well satisfied with new machines.

Belief here is that, unless manufacturers can somehow get "relief" from NPA, and be able to continue production for some months after March 1st, that those who receive new machines had best "hold onto them."

FACTORIES OVERORDERED Brilliant Music Co. Enjoys **Brilliant Opening In Detroit**

DETROIT, MICH .--- Joe Brilliant enjoyed one of the most brilliant grand openings in the history of Motor City this past week when he threw open the doors to one of the most spectacular and modern showrooms in the history of this industry at 19963 Livernois Avenue.

From the moment the doors of these 3,000 square feet showrooms opened early Thursday morning (January 18) thru Friday and Saturday, opera-tors and fellow distributors flocked into the new spot to see the place.

There was a huge buffet and liquid refreshments for all. There were visitors from all over the state.

In addition to the happy, buzzing talk that went on, as more and more coinmen and retailers entered the spot, all marveled at the purple and plum decorative effect as well as the beautiful musical motif that is featured on the walls and ceilings of this gorgeous showroom.

Repair shops, loading and unloading platforms, delivery entrances, all supplies and parts, are carefully, logically, as well as efficiently arranged for the trade.

Brilliant Music Company continues to stick to what its name means, according to Joe Brilliant.

The firm represents Rock-Ola Manufacturing Corp. The new "Rocket '51-50" phono was prominently dis-played. The firm distributes no games of any kind.

In addition, though, they handle Philco, Crosley and RCA-Victor TV sets and refrigerators. These are beautifully and prominently displayed in a lighted arrangement so that even passers-by can see them all night long.

"Like others in the industry," Brilliant stated, "we have come to recog-

nize the fact that all engaged in the music industry will have to also take cognizance of television and its related fields.

"We have entered into these fields almost automatically," he continued, "for these manufacturers want juke box men as their sales forces since they, too, realize that the electronics education of juke box repairmen is their best bet for the future."

Oklahoma Rules F. P. Games Not Permissible Under 1939 Act

OKLAHOMA CITY, OKLA.-Cli-maxing another round in the pinball machine battle that has been in progress in Oklahoma since 1939, the Criminal Court of Appeals handed down an opinion in Oklahoma City (Jan. 10) that machines that give free games are illegal.

Page 26

The appellate court reversed a Tulsa Common Pleas Court decision which had held that C. F. Sandfer was not guilty of a misdemeanor in operating a machine that awarded free games.

Legal controversy over the machines began when they were outlawed offici-ally in 1939. They were then regarded as gambling devices and the Criminal

as gambling devices and the Criminal Court of Appeals upheld that stand. The last State Legislature, however, amended the 1939 act to make the machines legal "for amusement and entertainment" purposes. In writing the appellate court opinion, Judge John C. Powell ruled out the testimony of two legislators who were authors of the amendment. Owen Taylor of Sallisaw and Rich-ard Oliver of Tulsa, both members of the Oklahoma House of Representa-tives in the last session, testified for Sandfer, the pinball operator, in the Tulsa case. They said that it was not the Legislature's intent to eliminate the Legislature's intent to eliminate free games.

Judge Powell dismissed that testimony, however, by quoting other court opinions that testimony of individual legislators or others as to happening in the legislature is incompetent," since that body speaks solely through its concerted action as shown by its vote."

The amended Oklahoma law stipulates that the machines cannot be played for money; property, tangible or intangible; coin; currency; check; chip; token; credit or any representative of value.

The court ruled that the light on Sandfer's machine which indicated a free game meant exactly the same as a free token or check. Judge Dick Jones and John Brett agreed with him.

"The light like the token was of no intrinsic value in itself," Judge Powell

wrote. "But like a token it entitled the player to something additional. It evidenced the right to an additional game.

"The operator of the machine was obligated. If the operator should pre-vent the player from exercising his right to the free game, his damages would be five cents-a fixed sum. What would be the differences in principle whether this right entitled one to additional amusement or to merchandise or money? Obviously none in prin-ciple."

"We are forced," the opinion con-tinued, "to recognize at once that the purpose of the legislature in enacting the 1939 act was to strike at the evil of gambling for something of value— the act specifically provided that amusement was a thing of value, and thus outlawed all manner of marble boards, machines, instruments, mechanisms, or devices which operated in such manner that a person planning the same would stand to win or lose, whether by skill or chance or both a 'thing of value' as that term as defined in the statute.

"The 1949 amendment . . . simply eliminated 'amusement' as a thing of value, thereby legalizing the use of a marble or pinball machine . . . when used only for amusement, and as lim-ited by the further provisions of the statutes.

"We conclude the free game by chance theory is in conflict with the very purpose of the act, and in conflict with the plain wording of the statute . . . in that the free game is predicated and based on a personal property right first won . .

"This being so, in the absence of specific language permitting marble boards and like devices to be played for additional free amusement, we must interpret the act by giving the words of the statute their ordinary meaning in the connection in which they are used, and in the light of the mischief to be remedied . . . we must and do hold the winning by chance of free games on the machine in question illegal."

For a long time, Grant Shay's ad-vertisements have won much com-mendation from members of the field. For years he has been very closely associated with the coin operated machines industry.

Many of his advertisements have been reprinted and are still seen on the bulletin boards of operators and distributors all over the country.

As yet Grant didn't have any further information for the trade press, except the fact that he was now gradually taking over the advertising duties for J. H. Keeney & Company, Inc.

Connecticut State Coin Association Michigan And Canada Get Together Re-Elects Abe Fish As President

Membership Now Represents 2/3 Of State's **Ops.** Tests Arranged For Dime Play.

NEW HAVEN, CONN.-The membership of the Connecticut State Coin Association, Inc., met at the Colonial House, this city, on January 11, and voted in their officers for the coming vear.

Abe Fish of Hartford was re-elected to serve as president. Other officers selected were: Frank Marks, New London, vice president; Louis Naclerio, Waterbury, re-elected secretary; Nat Cutler, New Haven, re-elected treasurer; Anthony Wilkas, Hartford, re-elected asst. treasurer; and James Tolisano, Hartford, asst. treasurer.

Fish thanked the group for showing their confidence in his administration by re-electing him as president. He asked that they follow the regulations as voted by the membership, and not to try to find any loopholes so that they can "beat" these rules. He requested that they try to attend all meetings, and that they all cooperate, as it is necessary that thru their unity, all can operate successfully.

Guest speakers on hand were Jerry Golumbo and Joe Green, who displayed the Rock-Ola "Rocket" 50-51 phono; Paul Rechtschaefter, who demonstrated Williams "Music Mite"

45 rpm selective phono; and Stanley Borden, representing Abbey Records of New York.

With the addition of Louis Lipton and Arthur Lipsky of Palace of Fun, the membership now totals 69 firms, which gives the association coverage of approximately two-thirds of the operators of the state. All this was accomplished within a period of only one year. Ken Jarrett, a paid solicitor for the organization, is out lining up the balance of the operators, and it is hoped to have complete membership soon.

Members decided to test out dime play, New Haven and New London being the cities selected. They will offer 2 plays for a dime, 6 for a quarter. Reasoning behind the 2 for a dime, is that when the player becomes accostumed to paying a dime for music, it will then be much easier to switch over to one for a dime, three for a quarter. Waterbury and Hartford were selected to experiment with a change in commission arrangements. Commissions will be arranged either for 60-40% or 66-2/3-33-1/3%, depending upon the equipment.

Hembers are presently working on a \$4. minimum for pre-war machines; \$8. on machines post-war to 1949; and on new machines, either \$20. mini-mum with 70-30% commission, or \$15. front money with 50-50% commission.

Baltimore Association Wins Praise For Charitable Deeds

BALTIMORE, MD.—Irving Gold-ner, president of the Amusement Ma-chine Operators Association of Greater Baltimore, received many commendations for their charitable projects con-

ducted during the year. This Christmas, as usual, the association paid for and distributed a number of baskets to the needy fami-lies of their city. This is done in cooperation with the police depart-ment Boys' Clubs. Lt. Hartung of the Police Department sent a letter of thanks to Bernard J. Rose of the as-sociation, stating: "To you and every member of your Association, we extend on behalf of everyone concerned, our deepest gratitude and sincerest thanks for making a happy Christmas for 115 families."

DETROIT, MICH .- Relaxing a few moments over the dinner table, while attending a local club in this city, Tony Sanders, Donald Fielding and Bill Miller get their picture taken.

Bill Miller, head of Miller-Newmark Distributing Company, runs the Grand Rapids, Mich. office; while Tony Sanders is the manager of the firm's Detroit office. Donald Fielding is the well known coinman from Canada.

Miller-Newmark are distributors in Michigan for AMI phonos; Eastern-Electric cigarette machines; Williams Manufacturnig Co.; J. H. Keeney & Co.; Exhibit Supply Co.; and Berkey-Gay.

CALIFORNIA CLIPPINGS

Due to the illness of Leo Simon, notes for this column do not appear this issue. Simon is now back on the job, and "California Clippings" notes will appear here next issue.

MINNEAPOLIS, MINN.

In from Duluth were Joe Atol, Jr., and John Czerniak. Joey informed us that his father is in New Orleans and he is expected back in the very near future... Lloyd Loomis of Mendovi, Wis., and his wife were in town shop-ping for additional equipment for their route... Darlow Maxwell of Huron, S. D., was in town and his wife and son Frances made the trip with him.

Lyle Kesting of Benson, took some time off to come into the Twin Cities to purchase additional equipment for the operation which he, his brother and his father run. . . . Frank Kummer, genial operator from Spring Valley, was also seen in town. . . . Some of the Wisconsin operators seen in the Twin Cities were John McMahon; Corky MacDonald of Bloomer; Emil Sirianni of Eau Claire and John Galep of Menominie. . . . Hank Vangen who is running the L. S. Vangen Company route saw his son go into the Navy on January 2nd. Con Kaluza of Browerville, is also getting his route in shape so that he will be able to handle it alone when Con, Jr., goes into the service in the very near future... Hank Krueger of Fairfax, claims that he has been so busy that he has not had any time to do any finishing this year. He did manage to get in some hunting this last fall which has kept him happy.... Art Hagness of Grand Forks, N. D., was in town picking up supplies for his route.

ST. PAUL, MINNESOTA

The very mild weather we are enjoying here, is having an effect on the great number of operators who have visited us in the past week. Ernie Erkkila,

great number of operators who have visited us in the past week. Ernie Erkkila, Eveleth, enjoyed the weather change so much, that he stayed in town for a couple of days. . . Don Bolier, Baldwin, Wisc., hurried in to say hello. It always seems that Don has many things to attend to. . . Mr. and Mrs. An-seeuw, Minnesota, took some time off to come in and pick up some records, and also to do some shopping in Minneapolis. . . Andy Markfelder, Staples, whom we have not seen all winter, surprised us with a visit. Wally Fischer, Pipestone, thought he would give his new car another test, and came in for records, and the latest chit chat on the equipment situation. . . . Jim Lucking, Benson, took advantage of the good road conditions and made a quick trip to St. Paul. . . . Roy Kuemichel, Brainerd, stopped in to say hello and goodbye. Roy is leaving for Mexico, where he will spend several weeks vacation. . . . Another coinman on his way to Mexico City—Harold Gulck of Gulck Sales Co. decided it was about time for him to take a vacation. We certainly hope he has a good rest. All in all, the good weather conditions and the Korean war situation seems to have a lot to do with the way business has been keeping us hopping. has been keeping us hopping. Len Worseck of Montevideo, and Jack Harrison of Crosby, were both in

picking up supplies for their routes... Also in town for the day was Wes Riedel of Mora... We have been informed that Archie Pence of the Auto-matic Piano Co. flew up to Alaska and when he returns we will get a full report of his trip.... Mr. and Mrs. Frank Betz of St. Cloud, made a quick trip into town to purchase supplies and equipment for their route.

C. A. (SHORTY) CULP

OKLAHOMA CITY, OKLA,-The Culp Distributing Company, owned by C. A. (Shorty) Culp, has been se-lected as the Wurlitzer distributor in the Oklahoma territory. The firm replaces Commercial Music Company in that area through a mutual agreement between the two organizations and The Rudolph Wurlitzer Company. Commercial continues as Wurlitzer's distributor in Texas and part of Louisiana, with offices in Dallas and San Antonio, Texas. This announce-ment, effective December 16, 1950, was made by Ed R. Wurgler, general sales made by Ed R. Wurgler, general sales manager for the Wurlitzer phonograph division.

Culp Distributing has taken over the quarters formerly occupied by Com-mercial in Oklahoma City and located at 1004 North Walnut Street. In ad-dition, "Shorty" has announced the opening of a branch office at 1405 E. First Street, Tulsa, Oklahoma.

Wurlitzer Distrib For Oklahoma

In discussing his appointment to the Wurlitzer distributorship, Mr. Culp said, "We are taking immediate steps to get our showroom in Tulsa readied for Wurlitzer Days and plan to have a showing for Oklahoma operto have a showing for Oklahoma oper-ators both there and in Oklahoma City. The same parts and service facilities will be available from each office. We are very proud to have be-come associated directly with The Ru-dolph Wurlitzer Company since, as music operators, we have used Wurlit-zer equipment on routes throughout zer equipment on routes throughout Oklahoma since the first Wurlitzer phonograph was placed on the market.

Culp has been in the automatic coin machine business since 1932 and has operated routes around Tulsa. Oklahoma, where he makes his home. In addition to his Wurlitzer distributorship, Culp is the owner of a Chevrolet agency in Chelsea, Oklahoma. For the past two years he has also represented several manufacturers of games, as distributor of new equipment and parts in the Tulsa territory The Culp Distributing Company will furnish complete sales and service facilities for all Wurlitzer phonographs and has provided competent sales and service personnel to cooperate with operators in the Oklahoma territory.

Coincidental with the announcement by The Rudolph Wurlitzer Company of the Wurlitzer Day dates of January 28th and 29th, Culp has extended an invitation to all operators in the terri-tory, to visit the chevroenes in either tory to visit the showrooms in either Tulsa or Oklahoma City and become acquainted with the new Wurlitzer line for 1951.

EASTERN FLASHES

A number of months ago, one of our very good friends bought a restaurant in a very busy business section of Brooklyn. Within the radius of a square block, there were eight other restaurants. Recently business began to slip. When the Horn & Hardart chain raised the price of a cup of coffee to a dime,

When the Horn & Hardart chain raised the price of a cup of coffee to a dime, the restaurant owners in this block met with the purpose of changing their price of coffee to 10c also. However, the owner of the "biggest, best and busiest" restaurant refused to raise his price. Under these circumstances, the others felt it would be too dangerous to increase their price. Coffee continued to sell for a nickel—and business continued poor.

for a nickel—and business continued poor. A few weeks ago, our friend was visited by a collector from the electric company demanding payment of an overdue bill of \$300 for electricity. As he didn't owe the electric company any money, our friend was quite surprised, out upon checking the name on the bill, it was discovered that the bill should have been presented to that "big, best and busiest restaurant." A few days after, another collector, this one from a food company, made the same error trying to collect an overdue bill from the wrong restaurant. It was another oill that the "big, best and busiest" restaurant evidently couldn't pay. Two weeks ago, our hero discovered that this obstinate restaurant owner had raised the price of his coffee to a dime. He and the other neignborhood

Two weeks ago, our hero discovered that this obstinate restaurant owner had raised the price of his coffee to a dime. He and the other neighborhood restaurants immediately increased their price. No longer do bill collectors make a path to the "big, best and busiest"

restaurant—and all the others are now happy over the profits they're making. We could easily read a moral into this story that would fit the coin machine industry.

Barney (Shugy) Sugerman, Runyon Sales Company, back from his Miami Beach vacation, all tanned up, and looks like a million. Shugy played host to ohn Haddock, AMI prexy, who dropped in for a few minutes conversation while in the city. With Haddock was Jack Mitnick, regional representative for the phono mfr. Jack leaves for a trip to Phila., Pitts. and Baltimore. . . . Morris Rood, Runyon manager, out for the week, bedded with flu. . . . This brought in Irv (Kempy) Kempner from the road, who immediately booked an order for some AMI "C" phonos from Harold Seidel, Allied Vending Corp., Kingston, N. Y. . . . Jack Prigoff, Runyon's service manager, made the daily press when his car was stolen from out in front of his house. Jackie noted the car was missing around 1:30 A. M., notified the police, then went to bed. When ne awoke around 6:30 that morning, his car was once again parked in front of his house—but it was completely stripped of tires and accessories. . . . Mike Munves is busier right now than he was at the peak spring buying season of 1950. Looks like arcade owners are making sure they'll have enough of the right equipment for their 1951 season. . . . Al Simon, Albert Simon, Inc., reports that ChiCoin's new amusement game "Play Bail" with the 10c coin chute, is just what the ops want, and has lined up enough orders to keep the factory busy if it were only producing for his territory.

Irvin Goldner, president of the Amusement Machine Operators Assn. of Greater Baltimore, sends along letters of appreciation received by their group for the great charitable work being done. Among them is a postcard from a member of the New York Music Operators Assn.—Danny Meltzer, of Mel-ler Automatic Music, who is now serving as a Captain of Infantry in Korea. Danny received a carton of cigarettes from the Baltimore assn. . . . Delaware State Fax Commissioner Howard S. Abbott recommended in his annual report, made public Jan. 10, that owners of music machines be required to affix to each machine a decalcomania stamp provided by the State Tax Department to indicate payment of the state license fee. . . Dave Lowy, Dave Lowy & Co., in order to discourage interference with his mechanics is putting up a door leading to his service department. In order to open the door, it will be necessary to deposit a quarter in a coin chute. "Maybe I'll be able to make up the amount I lose when ops cause my mechanics to stop work and talk with them." . . . Louis Taube, Manchester Music Co., Manchester, N. H., and his son Irving, in town, and stop off at Runyon to buy equip.

DALLAS DOINGS

Mack Duce is wondering if he is in the dog house or out of the dog house. Mack gave the Mrs. a beautiful Cadillac for Xmas and even though she loved it, Mack went into the dog house for buying it. Mack, don't you know a man can't win. . . Henry Manning took a few days off for quail hunting. . . Hey, the Matassa boys are in the beer business. Joe and Leonard now own the "Carrol Lounge" at 2603 Carroll Ave., Dallas. We dropped by for a quick look and found it to be a beautiful bar with lots of customers. Joe and Leonard will not be bartenders but will leave the lounge under the present management. . . Everybody reports a terrific business since the 5th of the month. Several of the distributors report that they have sold every piece of used equipment they had on hand. As I understand it, used equipment is hard to get and twice as high. We know of one distributor who refuses to sell anything without a trade in. . . Mr. Lavine of Lavine Enterprises, Oil City, La., has been in Dallas several days buying any equipment he could find. . . . We called R. B. Williams and were told that he was in Austin, Texas, on a matter regarding juke box legislation. Don't quote me but I believe that Raymond is fighting to get the juke box tax lowered, and we all know that some of the taxes should be lowered. Our condolences to Dorothy Lanier, whose father passed away last week. . . . Say, I got a look at the Popperette vending machine at Commercial Music. This machine pops the corn right in front of your eyes. While I was there, Commercial Music received their second shipment and most of those were sold. It does seem that everytime we invade Commercials' premises, we miss Tommy Chatten, who was in Vernon, Texas, overseeing the installation of some new Wurlitzer equipment. . . . Butch Cornelius, Jim Powers, Buna Carr, and Gerald Yates all wandered in during my conversation with B. H. Williams. . . . Gottlieb's "Knock Out" game has proved to live up to its name. It is knocking 'em out in Texas. . . C. A. Culp of Tulsa was in Dallas fo

CHICAGO CHATTER

Manufacturers to Washington to obtain "relief" from NPA on copper ban. Seems like this industry discriminated against. Meantime, if manufacturers have to close down after completing use of copper, March 1 or up to April 30, many workers will be unemployed. Factories will lose key men. This industry, as yet, has very little war work. NPA should grant sufficient extension of time until manufacturers are engaged in war work. . . . Many Chicago music ops are putting out 45 rpm phonos on 2 plays 10c. Dime is most popular coin with telephones getting 10c. This is believed to be perfect way to gradually lead to dime play when time is ripe. . . MOA convention at Palmer House, March 19, 20 and 21, will bring many into town from music trades of New York and Hollywood. More ops have already made reservations than at same time last year. Looks like this will be biggest MOA meet yet. . . . Leonard Schneller of Philly in town seeking components, cabinets, etc. Nat Cohn was in town for few days. Spent his time over at Universal factory. Nat reports he hasn't been able to get his old quarters in NYC yet. Ls using Dave Simon's offices in the meantime. . . . Al Stern back on the job feeling much better and talking about buying. . . . Nat Cohn was in town for few days. Spent his time over at Universal factory. Nat reports he hasn't been able to get his old quarters in NYC yet. Is using Dave Simon's offices in the meantime. . . Al Stern back on the job feeling much better and talking about buying. . . Andy Oomens among first Chi music ops to place 10c phonos. . . Bob Gnarro of ABC Music advises firm will set 45 rpm's on 10c. . . Nate Gottlieb one of the busiest men in town trying to fill orders for the firm's hit game, "Knock Out." . . Juke box collections going up. And will continue upwards, as weather warms, is claim. . . . Andy Hesch of Arlingon Heights, Ill., prexy of Northern Ill. Ops. Assn., advises members much worried over newspaper report that alloys in present nickel coin will be changed. This would knock out present slug rejectors. And would create much hardship for many ops, Andy reports. He's now trying to get official info as to whether mint plans to change present nickel alloy content. . . . Bill O'Donnell phones to advise that many probably haven't even yet received copies of the Johnson Bill. Would pay ops to get copies and study the bill.

official info as to whether mint plans to change present nickel alloy content. . . . Bill O'Donnell phones to advise that many probably haven't even yet received copies of the Johnson Bill. Would pay ops to get copies and study the bill. Bill Coven very jubilant this past week. Out of a clear sky one of his customers walked in and sold him a batch of games. . . . Bowling alleys here raised prices from 35c to 40c per line. This was announced by Bowling Proprietors of Greater Chicago which includes more than 120 establishments here. Making it so much easier to get 10c play on shuffle and rebound games. . . . Grant Shay took over his duties as advertising manager at J. H. Keeney & Co., Inc., this past week. . . . Bally Hook Bowler licensed to operate here and many an op very happy over this good news. . . . Frank Mencuri of Exhibit advised that, no sooner did the firm announce a new run of Exhibit Dale Six Shooter guns, than it was over 90% sold out to distribs who were allotted certain quota of the run. And all distribs wanted more. . . Coingames are morale builders and help workers to relax and return to work feeling better than ever. That means bigger defense material production and victory for Uncle Sam. When you talk coingames, talk "morale builders."

builders and help workers to relax and return to work feeling better than ever. That means bigger defense material production and victory for Uncle Sam. When you talk coingames, talk "morale builders." Charley Pieri of J. H. Keeney & Co., Inc., advises that firm just going on ahead and doing whatever they can to help everyone of their customers. . . Herb Jones of Bally was a very busy guy this past week with meetings and all the other work he has at the factory. . . . Dapper Tom Callaghan is still on those Havana cigarillos. Says he likes them. . . . John Haddock in and out of town like a flash. . . . Ed Levin and Sam Lewis advise that their "Play Ball," 10c play pinball, going very well. This may turn about much play everywhere in the country. Location tests the firm made, these exces report, indicate that 10c play is best. . . . Something The Cash Box pointed out a long, long time ago. . . . Hear that Bill Bye is doing quite a sales job on the road with a new idea which is attracting much attention from ops who have tavern locations. . . . Bumped into John Conroe and Roy McGinnis who report factory buzzing away. . . . Dick Hood of H. C. Evans reports the firm's Constellation phono going very great.

Caught in a huddle: Ray and Earl Moloney, George Jenkins, Jack Nelson, Tom Callaghan, Herb Jones, Bill O'Donnell—and—last, but not least, Phil Weinberg, up from Dallas looking like a million. . . . Herb Oettinger and Bill DeSelm meeting with us here, there and everywhere. Both men busy. . . . Preserving the life of any machine is a very important factor these days. The 10c play angle presented here offers ops one of the finest methods for making their games last longer and, at the same time, probably earn lots more money. In short, even if 10c causes play to drop off, in beginning, to 40% less play than at 5c, operator earns more, and there is 40% less wear and tear on his equipment which means his machines will last a 40% longer period of time. But, tests at 10c play indicate, that, after a period of time, as public become accustomed to dime instead of nickel, play usually returns to what it was at 5c.

tests at 10c play indicate, that, after a period of time, as public become accustomed to dime instead of nickel, play usually returns to what it was at 5c. Which, of course, means that ops will be taking in twice as much as ever before. Are coinbiz seasons reversed? Are Spring and Summer the big playtimes now? Instead of Fall and Winter. What do you think?... Nice talk with Gail Carter and Bert Davidson over at Permo. Gail is simply full of pep and looks ahead to a great year for the music biz. Bert dittos Gail's belief.... Joe Abraham of Lake City Amuse. Co., Cleveland, phones to advise, "I'll buy anything. Cash is waiting."... Plenty long distance phone calls from Miami Beach this past week where MCMDA was meeting at Martinique Hotel. Seems distribs would dash out of meets to phone their factories asking for more, more and still more machines to be shipped.... Tube shortage is more acute than many believe.... Sam Stern over at Williams simply jammed with phone calls from everywhere in the nation on "Music Mite." Which is taking hold very strongly in territories where it has been introduced. Williams factory is working at top speed to fill all orders for this selective 45rpm counter model phono. ... Vic Comforte must have been thrilled by that big order for "Perpendica".

Ing at top speed to fill all orders for this selective 45rpm counter model phono. ... Vic Comforte must have been thrilled by that big order for "Popperettes." Al Cole reported to have spent some days in Dallas and there may be a big story breaking.... George A. Miller, national chairman and treasurer of MOA, reports that this national music ops' organization expects every State and city music assn. to be in attendance at their big convenion in March. That alone would jam the Palmer House. He urges all ops to get their reservations in as early as possible, either to his offices or that of Ray Cunliffe here in Chicago. ... So far plenty of records available. And some great moneymaking tunes now on the market. Which makes juke box ops feel better than ever.... Mills Industries advertising for work... Aireon being sold out at auction.... Good salesmen wanted by distribs.... Harry Brown out of town on biz trip.... Hymie Rosenberg hasn't been seen around..... Joe Brilliant's official grand opening at his new place in Detroit was a great success. Many from out of town to see Joe's new quarters.

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange -posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists", rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports

each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory. METHOD: "The Confidential Price Liste" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.
