Colligner,

Guy Mitchell could point to any spot on the map and find his hit recording of "My Heart Cries For You" and "The Roving Kind" in the number one spot. Having passed the million mark and still climbing, the disk puts Guy in the forefront of new singing personalities. Shown here discussing the sales of the best selling Columbia record are Paul Wexler, Columbia Sales Manager; Guy Mitchell; and Stan Kavan, Merchandising Manager for the pop division. Everyone is anxiously looking forward to Guy's next disk "Sparrow In The Treetop" backed by "Christopher Columbus."

Now What About 10c Play Games?

Now that the amusement game operators of the nation have seen the sudden rise of 10c play music machines, what about this being the time, with the emergency under way which has cut out production of all new equipment, with the inflationary devaluation of the nickel, to swing over to 10c play?

For some years now this publication has pointed out, time and again, that the amusement game operators could, much more easily than the juke box ops, switch over to 10c play.

Certainly, as the music operators have come to realize, they must get the public to "Buy More Music," following the music merchandising plan proposed by this publication for over eight years.

The amusement machine ops, everywhere in the nation, will agree that with speedily rising overhead costs, with general inflation, as well as the fact that new machines may not be built for many years to come, the time has arrived to switch to the dime.

The amusement game operator who also operates music, and now finds that his music machines are bringing him greater returns on 2 plays 10c and 5 or 6 plays for 25c, will agree that, surely, his amusement games will also bring him similar greater returns. Even if the operator has a drop in a play, in the beginning, from the total number of 5c plays, when he introduces dime play, he will still earn more money. And will be better off because of less wear and tear on his machines. This means that his machines will last that much longer period of time.

A 40% drop in the number of plays, when he switches over from nickel to dime, means he will still be taking in more gross collection and will, at the same time, save 40% wear and tear on his machines.

His machines will then last a 40% longer period of time. This savings of his equipment is like earning more money.

But, most important of all to every amusement machine operator, is the fact that he cannot long continue in the face of rising parts, supplies, used machines, labor, and other overhead costs, and still continue to sell his entertainment, his "morale builder" entertainment to America's "workingmen's clubs," at only 5c.

The nickel is a passing coin. It has entered into the same realm as the penny. It is now a "change maker." It takes care of sales taxes. It will, and soon, too, be found in smaller and smaller numbers in the pockets of the public. That, in itself, will cut down on play, unless the amusement operator recognizes this fact and switches to the dime.

For many years, while *The Cash Box* campaigned for the change to the dime for all amusement operators, many leaders in this business have written in to commend this publication on its efforts.

There is more agreement now than ever before, that the new coin for all coin operated amusement must be the dime.

Now, Mr. Amusement Machine Operator, What About 10c Play Games?

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"YOU AND YOUR BEAUTIFUL EYES" (2:40) "TONDA WANDA HOY" (2:30) SAMMY KAY (Columbia 39156)

• Taking a couple of novelties, Sammy Kay gives them his usual listen-able arrangement. Both sides get wonderful productions from the Kaye outfit with the Kaydets turning in some good harmony on the vocals. Ops who know the Kaye pulling power, know they can't go wrong with one of his platters.

"GRASSHOPPER HEART" (2:30) **"HANDSOME STRANGER"** (3:05) FONTANE SISTERS & SONS OF THE PIONEERS

(RCA Victor 20-4054; 47-4054) • The Fontane Sisters join forces with the Sons of the Pioneers to come. up with a disk that features a lot of harmony. Upper level is a cute thing, medium paced, on which Dewey Bergman's orchestra provides the backing. Lower half is a western tune with a very appealing aire. Ops oughta listen in.

"WHEN YOU SAID I LOVE YOU" (2:54)"ON THE TRAIL" (2:47)

EDDIE ROECKER (Robin)

• A fellow with a good voice, Eddie Roecker, takes off on a ballad which may go in the right spots. With the help of the Bill Coates Trio, Eddie takes an excellent vocal turn. The lower end is a western sounding item with a lot more promise. This one has the same combination and they have a good side here.

"WOULD I LOVE YOU" (2:45) "I APOLOGIZE" (3:10) TONY MARTIN

(RCA Victor 20-4056; 47-4056)

• A tune that shows every likelihood of breaking through gets a terrific vocal from Tony Martin. With Henri Rene and the orchestra coming up with an exciting accompaniment, this one could easily push it to the top. The second side is an oldie that's been having a company on the diak having a resurgence and this disk shows why. It's a beautiful song. Ops should grab this.

"GOOD MORNING" (3:12) "I'LL TAKE YOU HOME AGAIN KATHLEEN" (2:45)

VICTOR YOUNG (Decca 27423; 9-27423)

• Two instrumentals are offered on this platter by Victor Young and his singing strings. The top deck is a slow thing with a pleasant melody which is very easy to listen to. Second side is the familiar oldie which should get a lot of sentimental play. Ops oughta listen in.

"MORE THAN I CARE TO REMEMBER" (3:07) "SALLY DOESN'T CARE" (3:11)

GORDON JENKINS (Decca 27433; 9-27433) • A ballad that looks as though it

will break out gets a push from Gordon Jenkins and his crew. Sung by the chorus and Betty Lou Williams, this side should draw a lot of nickels into the machines. Second half is a Jenkins original with a nice light aire that may make it. Ops know the worth of a Jenkins disk.

"MORE THAN I CARE TO REMEMBER" (2:54) "THREE DOLLARS AND NINETY-EIGHT CENTS" (2:26)

AMES BROTHERS (Coral 60363; 9-60363)

> To Remember." We think ops who collect an avalanche of nickels from

> it will remember it for a long time.

Doing it in their wonderfully

smooth style, the boys wend their

way slowly through this number

with an excellent accompaniment

from Roy Ross and the orchestra.

The lower end is a novelty with a

good fast beat and some interesting

lyrics which have a lot of numbers

rolling around. Roy Ross again

provides the musical setting. The

side that looks real hot is the first

one and ops who hear it are gonna

recognize a money getter right off.

• Guy Lombardo and his boys have two first rate sides here. The upper

half is a ballad with a terrific amount of potential sung well by Kenny Gard-

ner. The flip is the high flying "If"

which gets just one more shove with this version and Bill Flanagan's solo.

Ops can't miss with this one.

BUCKET, JOE" (3:12)

• A jivy number with a good beat is tossed around on the upper deck by Bob Crosby and his Bobcats. The Bucket Brigade comes in for a good fast chorus and makes the affair an appealing one. Lower end is a happy sounding item in which Bob and the chorus do the wood. Both and should

chorus do the vocal. Both ends should get a play in the boxes.

Better hear it now.

"IF" (2:35)

(2:54)

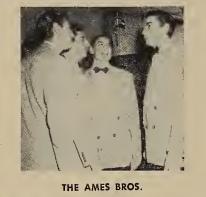

BOB CROSBY

(Coral 60368; 9-60368)

GUY LOMBARDO

(Decca 27449; 9-27449)

"WAIT FOR ME" (2:56)

• The Ames Brothers do it again, putting their own brand of harmonizing to a grand ballad and coming up with a terrific side. The tune is called "More Than I Care

"WITH THESE HANDS" (3:07) "ONE LITTLE, TWO LITTLE, THREE LITTLE KISSES (2:03)

CATHY MASTICE

(RCA Victor 20-4058; 47-4058)

• Cathy Mastice turns in an accepta-ble job on her first disk for Victor. The upper half is a lovely ballad to which Cathy's beautiful voice does justice while the lower end is a winning novelty which she makes real pleasant to hear. It could break through. This second side is our choice.

"WHEN YOU RETURN" (3:08) "ZING, ZING-ZOOM, ZOOM" (2:58)

LES BAXTER

(Capitol 1390; F-1390)

• A plug tune that's being recorded all over the place gets one more good waxing from Les Baxter's chorus and orchestra. Making it sound very pretty, Les' version could win out. The lower end is a high flying number which sound weak flighty or done here which sounds real flighty as done here. Both ends make good music.

"MY DEAR ONE" (2:53) "BETWEEN TWO TREES" (2:56) HARRY BABBITT (Coral 60367; 9-60367)

A slow ballad is twirled about here by Harry Babbitt in his usual fine style. Joined by the Mellomen and George Cates' orchestra, Harry turns in a good performance. The second side finds the same combination going to town on another ballad again doing a competent job. Ops might tune in.

"SHADOW TIME" (3:16) "THEY CAN'T TAKE THAT AWAY FROM ME" (3:10)

CARMEN CAVALLARO (Decca 27422; 9-27422)

• Carmen Cavallaro has two piano solos to offer and he does them in exciting manner. The upper half is a slow ditty on which Carmen gets some backing from the orchestra. Lower end is a wonderful oldie with some extremely appealing piano playing. This side gets our nod.

"FAITHFUL" (2:45)

"JUST FOR TONIGHT" (2:54) ART MOONEY ORCH. (MGM 10906; K10906)

• A couple of ballads are dished out on this platter by Art Mooney's or-chestra. Both ends get a smooth ar-rangement from the boys and a pleasing vocal by Alan Foster and the Skylarks. Although neither end will set the world on fire, this disk should hold its own in the boxes.

"I'D CLIMB THE HIGHEST MOUNTAIN" (2:56)

"ZIG'S MAMBO" (2:43) ZIGGY ELMAN ORCH.

(MGM 10902; K10902)

• Ziggy Elman has a potential hit in the upper half. Taking a very ap-pealing ballad, he turns in some won-derful trumpeting and then introduces Emma-Lou Welch for the lyrics. The combination makes this are to watch combination makes this one to watch. Lower half is an instrumental mambo showing off some excellent musician-ship. Ops should get with this one.

"YEARNING" (2:47) "EMMA LOU" (2:41) JAN GARBER ORCH.

(Capitol 1392; F-1392)

• Jan Garber comes through with one of his easy to take sides on the top deck with Roy Cordell vocalizing on a medium paced ballad. The second side is a cute little thing with the Vocal Trio singing out the words. Ops who have the spots might take a look at this.

"BEAUTIFUL BROWN EYES" (2:45) "AT THE CLOSE OF A LONG, LONG DAY" (2:39)

JIMMY WAKELY

(Capitol 1393; F-1393)

• Jimmy Wakely teams up with the Les Baxter chorus to give out with a couple of winning sides. The upper level features some listenable lyrics and an excellent vocal by Jimmy. Low-er half too turns out as pleasant fare for music ops who oughta get aboard. Both ends sound good.

Page 8

"DADDY'S LITTLE BOY" (2:50) "DADDY'S LITTLE GIRL" (2:53)

EDDY HOWARD ORCH.

(Mercury 5578)

• Two easy ballads are offered on this platter by Eddy Howard and his orchestra. Both ends are sentimental pieces just right for Eddy's kind of delivery. The upper deck is a cute thing which should be very winning which should be very winning while the lower end is a sweet tune that went over big last year. Both ends will get plenty of play.

WALKING ON THE GREEN GRASS" (2:36)

"SEA ROVIN' COWBOY" (2:35)

TERRY SHAND ORCH.

(King 15091)

• Terry Shand turns out a happy sounding thing on the top deck, singing out the cute lyrics while the band backs him up with some fine instrumentals. On the flip he does a combination nautical-western item which also has a good set of lyrics. Both sides are happy things to hear.

"IN OLD VIENNA" (2:54)

"TAKE MY LOVE" (2:53)

MACKLIN MORROW

(MGM 30325; K30325)

• A very nostalgic melody gets a wonderful going over from Macklin Morrow on the upper level. Lawrence Brooks turns up with the lyrics and does a fine job. The lower end is a ballad on which Brocks and Morrow team up again to turn out a good side. Ops will do ok with both of these ends.

"HUG YOUR JUG" (2:37) "HOOSHA SHOOSHA" (2:43)

GALLI SISTERS

(National 9143)

 A happy sounding drinking item is offered on the upper half by the Galli Sisters. There's lots of noise and spirited singing by the group. Taverns will take this. The second side is will take this. The second side is another happy tiem with lots of ani-mation and loads of voices. Ops should find this one profitable.

"WITH THESE HANDS" (2:53) **"OUR FINEST HOUR"** (2:48)

LEE LAWRENCE

(London 800)

 Lee Lawrence puts his full voice to work on an excellent ballad and makes it sound real good. Bruce Campbell's orchestra provides the setting and the combination turn out a listenable disk. The second side finds him doing another good job on a less commercial number. The top deck gets our nod.

"YEAH, YEAH, YEAH" (2:45) "THERE'S THAT LONELY FEELING AGAIN" (3:16)

LOUIS PRIMA (Robin Hood 105)

> piece, Louis makes this one a terrific bet. And ops can bet that the dough they took in on "Oh Babe" will be duplicated here. This one is done as a duet with Keely Smith and both Louis and Keely put a lot of spirit into the side while the band backs them up with some fast moving instrumentals. On the sec-ond side Keely goes it alone on a ballad into which she pours a lot of feeling. She interrupts the vocal to go through a recitation in the middle and she gets some fine backing from the orchestra. The side that has the potential is "Yeah, Yeah, Yeah." And it seems to us that ops who get this one into their machines are gonna be shouting just that.

"TELL ME YOU LOVE ME" (3:11) "LET ME LOOK AT YOU" (2:44)

CLARK DENNIS (Capitol 1400; F-1400)

• Clark Dennis gives this Pagliacci tune a good run here. Letting go with a very plush arrangement and vocal, Clark turns in one of his better performances on this side. The lower end is a less promising thing which doesn't seem to have too much com-mercial appeal. The top deck though should go well.

"WHO-ZITS FROM MASSACHUSETTS" (2:55)

"ANY TIME IS SWEETHEART TIME" (2:30)

JOHNNY LONG ORCH. (King 15092)

• Johnny Long has a very winning number on the upper end. It has some very appealing lyrics and Jimmy Sedlar and the Glee Club sing them out in a grand manner. The second side is a swingy item with the Long Shots and the Glee Club joining up to tap out a happy version. Ops should get going here.

"EASTER PARADE" (2:21) "LET'S GO TO CHURCH" (2:23)

MARGARET WHITING & JIMMY WAKELY (Capitol 1392; F-1392)

• In anticipation of the Easter sea-son, Margaret Whiting and Jimmy Wakely turn out a disk which should go fast. First they do the standard Irving Berlin tune and then the big hit of last year's Easter season. Both ends are bound to get a lot of play in the next few months and ops oughta get this into their machines.

'THE NAVY GETS THE GRAVY BUT THE ARMY GETS THE BEANS" (2:08)

"PA-PA-PA-PA-POLKA" (2:00)

JERRY LEWIS

(Capitol 1385; F-1385)

Two novelties are dished out here in Jerry Lewis' comic style. The top deck has some funny lyrics which are probably even funnier when you see the guy doing them. Lower end isn't too much for pop appeal but just imagining Jerry doing these tunes is funny enough to get a play.

"SENTIMENTAL MUSIC" (2:46)

"I LOVE THE WAY YOU SAY GOODNIGHT" (2:57)

FRANKIE CARLE ORCH.

(RCA Victor 20-4057; 47-4057)

Frankie Carle takes his piano for • Frankle Carle takes his plano for a ride on a couple of sides that should go. The upper half is an attractive ballad on which Frankie turns out a good arrangement and Joan House comes through with a likeable vocal. The second side is a cute tune done in duet style by Joan and Borger Cale in duet style by Joan and Roger Coleman. Both sides make for good listening.

"WHEN YOU RETURN" (3:05)

"IN YOUR ARMS (2:44)

PAUL WESTON ORCH.

(Columbia 39114)

• Paul Weston puts his orchestra through its paces with a tune that's getting a lot of attention. The Nor-man Luboff Choir joins in and sings the chorus in fine style. The lower half is the best version we've heard yet of the old "Barcarolle." It's very smooth and sweet and has great pos-sibilities. Ops shouldn't pass this one up.

"I TAUT I TAW A PUDDY TAT" (2:55)

"THE BEANBAG SONG" (2:05) HELEN KANE

(Columbia 39154)

• A couple of novelties are turned out on this platter by Helen Kane. Using her tiny voice, she goes through a promising novelty on the top deck accompanied by Jimmy Carroll's or-chestra with Donald Bain providing some good imitations. The lower end is another cute item which Helen does in similar style. Ops who have the right spots should grab this.

"AROUND THE WORLD" (2:25)

"SIDEWALK SHUFFLERS" (2:25) MEL TORME

(Capitol 1383; F-1383)

 Mel Torme has two fast paced items on this disk and he does a grand job on both of them. The upper half roams all around the world while Mel gives out with some good lyrics to Pete Rugolo's accompaniment. Lower end is a jivy thing which also comes out ok. Ops will do fine with these.

LOUIS PRIMA

 Louis Prima breaks through once more with a jivy item which will probably go wild. Yelling "Yeah, Yeah, Yeah" throughout the

"STARDUST" (2:15) "THE SHEIK OF ARABY" (2:15)

JACK PLEIS

(London 898)

• Jack Fleis takes two oldies here and sends them on their way. The upper half is the perennial "Stardust" getting a slow wonderful piano rendition from Jack while the second side is another familiar tune on which some grand piano and organ are intertwined. These sides are good to hear.

"IN YOUR ARMS" (2:41)

(2:51)

ered side here with a very smooth version of a tune with strong possibilities. Roy Cordell and the Quintet come up with a very easy vocal which enhances the side no end. The lower half is a ballad also and it too has a lot of potential. Both ends of this one have a great deal to recommend them.

"WAIT FOR ME" (2:37) "MEMPHIS BLUES" (2:25)

CLYDE McCOY ORCH. (Mercury 5550)

• A wonderful ballad is done in an emphatic way on this platter by Clyde McCoy's orchestra. First the chorus comes in and then Chris Abbott follows through with the vocal. The second side is a typical Clyde McCoy arrangement which should be familiar to all listeners. This should hold its own in the boxes.

"IF IT HADN'T BEEN FOR YOU" JAN GARBER

(Capitol 1384; F-1384)

• Jan Garber turns in a high pow-

The Cash Box

February 10, 1951

CHICAGO CHATTER

There were dozens of phone calls received by this office of The Cash Box this past week, regarding the fact that Billboard (a magazine over 60 years old) was trying to imitate our world famed "Confidential Price Lists." In answer to all the statements which have been made commending The Cash Box like, "This is a real feather in your hat," and, "This proves that The Cash Box was always the leader," and, "Certainly now everyone in the industry knows that The Cash Box is the one and only real publication of this business," and the dozens of other statements which were made to us on the phone like, "There's no question about the leadership of The Cash Box now to anyone egnaged in the coin machine industry," we can only say, in answer to all these, as well as in answer to Billboard, "Imitation is the sincerest form of flattery." But, there is a dark and dismal side of the picture, as far as the nation's operators are concerned. This is the fact that now every location owner, for only 25c, can walk over to a newsstand, buy Billboard, and learn the prices of the machines with which the operators are trying so desperately hard to earn a living. It was for this one outstanding reason that The Cash Box entered this field. So that the storekeepers wouldn't know the prices of machines. The Cash Box has continued to be, and always will be the "CONFIDENTIAL"

publication of this industry.

We sure hate to see operators lose locations by the location owners buying direct because the storekeepers will now know what machines cost the opera-tors. We hate, further, to think how tough it'll now be for operators to try tors. We hate, further, to think how tough it'll now be for operators to try and get a better percentage-commission basis, or step up to 10c play, once the storekeepers know the cost of machines. Why should the location owner know the inside prices of this industry? The operator doesn't know what his drug-gist locations pay for toothpaste. The operator doesn't know what the grocery locations pay for a can of beans. The operator doesn't know what the grocery locations pay for beer and whiskey. Why should the druggist, grocer, tavern owners pay for beer and whiskey. Why should the druggist, grocer, tavern owner, or any other location know what operators pay for the machines they feature in these places to earn their living? Jerry Haley over at Buckley Music a very busy man this past week as more and more ops phoned to learn about Buckley Wall & Bar Boxes featuring 1 play 10c and 2 plays 10c. Leave it to Buckley to come up with the answer. . . . Dick Cole of Cole-Spa phones in to report he reads our column regularly and finds it most interesting. . . . Hy Rosenberg has been around our town for some weeks now, and has been traveling about the midwest, too. Looks like Hy may soon make an interesting announcement to the trade. . . . H. F. (Denny) Dennison also will have an important announcement soon. . . .

Indis it most interesting. . . . Hy Rosenberg has been around our town for some weeks now, and has been traveling about the midwest, too. Looks like Hy may soon make an interesting announcement to the trade. . . . H. F. (Denny) Dennison also will have an important announcement soon. . . . DeWitt (Doc) Eaton in town from Florida with a unique, patented, step ladder. "Climbing to success," is the way Eaton puts it. . . . Iz Edelman of Edelco, Detroit, in town, and showing a new conversion which has captured interest here. Iz has a nice little factory in Detroit and is turning out a new conversion there which, he claims, "Is going great."
Busiest guy this past week was Ben Coven with his Wurlitzer showings on Sunday and Monday. Tho the showing broke just as sub-zero temeperatures came to the Windy City, Ben was plenty happy with the business he obtained. In fact, he's sold out on the new 1400 and 1450 for some weeks to come. While we were there heard one op place an order for 25, another for 50, and bne man asking for 100 of the new Wurlitzers. And that nite Ben celebrated (Sunday) with his charming B.W., Trudy, at the Pump Room. . . . Frank Mencuri's son got out of the hospital just as Frank was planning to plane down to Tampa. So Frank bundled him up, took the rest of the family, and drove his car down to Tampa where he is showing the new Exhibit products. . . . Ray Cunliffe so busy with the MOA show, which is bringing in so many, many music ops from all over the country, that he just hasn't the time to attend to his own routes anymore. . . (Thanks, Vince Shay, for that very nice letter you sent us. We meant every word we wrote.) . . . Roy McGinnis at long last was able to get away and is down in his Miami Beach home. But, seems that Roy wor't be there too long this trip. He'll be back in a couple of weeks, from what we hear. weeks, from what we hear.

weeks, from what we hear. New 10c play does not violate "cost of services" in wage and price freeze. This past week found servicemen of all music ops here in Chi advising location owners that phonos were being changed over to 2 plays 10c and 5 plays 25c. Large ops hoped to have completed changeovers by first week in Feb. News-paper publicity clicked swellishly. . . . Harry Williams was first to suggest "standardized parts." Conversation on this subject with Harry took place about 1945. . . Oscar Schultz says, "Everyone will rush to Nevada, if, and when." . . Midge Ryan and Lil Jock going right along at Bell-O-Matic. Both of the belief that something's bound to break big soon. . . . "Dapper" Tom Callaghan rushes out of town. . . A. Newell of Salt Lake City and Bi'l Confer of St. Louis visiting with Bill DeSelm over at United this past week. . . . Ed Levin and Sam Lewis at ChiCoin getting ready to make the big announcement on their 45 rpm phono. their 45 rpm phono.

Si Nieman continues on as head of NCMDA with his salary same. . . . Permo has a new needle applicator which is clicking. This one really works. . . . Henry Strong advises that Jennings now 100% in war work. . . . Art Weinand visiting with Army heads to discuss thisa and thata about war work Rock-Ola plant is doing. . . Thanks, thanks, thanks, for all your nice letters regarding our battle to put 10c play over these past eight years. . . . Phil Weinberg in town from Dallas for just one day. GREATER RECORD SELECTIVITY PLUS 10c PLAY BOOMS JUKE BOX BIZ

40 to 100 Record Selections Plus 10c - 25c "Buy More Music" Merchandising Program Bringing Big Returns

CHICAGO—Record manufacturers are entering into the biggest boom period ever yet enjoyed by the automatic music industry. The greater record selectivity, now featured on all the new juke boxes, ranging from 40 to 100 record selections, plus the new plan of 10c play, in an effort to make the public "buy more music," is becoming white hot in the juke box world.

More and more music operators, everywhere in the country are hopping on the 2 plays for 10c bandwagon.

The present emergency, plus inflation, plus rising costs of parts, supplies, machines, labor, etc., etc., is credited with having brought about the switch to 10c play.

Juke box ops realized they could no longer continue profitably at 1 play for 5c. They did not want to raise this price to the public. They believed that it was still profitable, at this time, to sell 1 play for 5c.

To take in more coin, they had to get the public to "buy more music." But, music machines can only play just so many records, during the peak play hours on any location, when music ops profit most.

Therefore, the industry is swinging over to a plan proposed by this publication over eight years ago.

The Cash Box repeated this plan time and time again, as the years flew by, in an effort to get the music industry to see this need for better merchandising its music.

The swing to this 2 plays for 10c and 5 or 6 plays for 25c music merchandising plan has brought about great elation everywhere in the juke box business.

This "buy more music" merchandising plan, as suggested years ago by The Cash Box, has brought about collection increases of over 200% in some cases from the very same locations where juke box ops formerly never dreamed they could even use such a plan.

Lake TO

In short, the public is willing to "buy more music." Especially if carefully nursed into adopting the 10c and 25c play idea.

With the dime and quarter growing ever more important, as the penny and nickel fade into the inflationary realms, operators have found that play goes right ahead for, with greater selectivity on the present new phonos, the public find they have more than one song they want to hear, and will "buy more music" for the same value but use the dime and quarter instead of nickel.

They aren't paying "more for music." They are simply "buying more music." And during peak play hours, with overplay rife, the operator is enjoying a collection boom.

In the meantime, more records are wearing out. More records are being featured. The entire music industry, from juke box operator to record manufacturer, is entering into a new and booming play period.

The tunesmiths of the nation. The publishers. The artists. All will enjoy this growing, boom play.

It means better times ahead for those tieing in more closely with the juke box industry.

It means a great and growing field. A field of greater popularity for the artists of the nation. A greater and finer chance for profits for publishers and record manufacturers.

It means attuning America ever more keenly to music. That, in itself, means a vaster future for all concerned with music in all its divers forms.

CHICAGO, ILL .- Since the day it was announced that reservations were being accepted for the second annual convention of the Music Operators of America, requests for exhibit space have been coming in daily, it was re-vealed by George A. Miller, national chairman of the MOA and Ray Cunliffe, chairman of the exhibit commit-

The convention, which will take place at the Palmer House in Chicago on Monday, Tuesday and Wednesday, March 19, 20 and 21, will be attended by people in every phase of the music business. All indications point to this year's meeting having at least twice the attendance that last year's had.

The program will include talks on how music operators can best weather the problem of the coming months and years and it is expected that plans will be discussed which will be of tremendous help not only to the music operators themselves but to those in the allied fields.

Most exhibitors who were present at the first convention feel that it's impossible for them to stay away from this one because of the great amount of good will they gained. Not only will manufacturers of phonographs, records and auxiliary equipment show up, but music publishers too are expected to take an important part.

The meeting will be climaxed by a dinner on Tuesday night at which Jim-my Durante will preside and which will include many well known stars. For exhibit space, contact either George A. Miller at 128 East 14 Street, Oakland, California or Ray Cunliffe, 3018 East 91 Street, Chicago

17, Illinois.

IT'S ALL IN THE POINT

The new PERMO-mode POINTS of Osmium Alloy are the result of 20 years of progressive development-which hos mode possible the procticol combination of prolonged tone quality of both needles and records.

> PERMO, Incorporated 6415 N. Ravenswood Avenue CHICAGO 26, ILLINOIS

CLEVELAND, O.—Five Cleveland welfare agencies received the used Christmas cards collected by Bud Wendell at WJMO as the result of his recent radio appeal for children in hospital wards. Rainbow Hospital, whose name was mentioned once on the broadcast, called Wendell to tell him that they had received over a two year supply. Over 50,000 cards were brought to WJMO by sympathetic Clevelanders. But Wendell admits that the job of distributing the cards was a little larger than he had anticipated, but at least the hospitalized children will have plenty to play with.

Disputants in Deluxe Case Reach Agreement

CINCINNATI, O. — The suit filed against David and Jules Braun by Deluxe Records as well as the suit filed by the Brauns against Deluxe, King Records and its officers for \$281,000 has been discontinued by agreement among the parties.

All disagreements between the disputants have been settled and all those connected with Deluxe have decided to reactivate that company which since the initiation of the suit has conducted limited operations.

Deluxe at one time had a big roster of jazz and blues artists. Now officers of the firm hope to revitalize it and bring its operations up to its former level.

"BLACK NIGHT" (2:53) "ONCE THERE LIVED A FOOL" (2:47) CHARLES BROWN

(Aladdin 3076)

CHARLES BROWN

• A terrifically low down piece of music is tossed, our way in this new Charles Brown disk. Labeled "Black Night," this blues number certainly gets across the feeling

"SWEET LITTLE ANGEL" (2:55) "DON'T BLAME SHORTY FOR THAT" (2:45)

TAMPA RED

Page 16

(RCA Victor 22-0107)

• Tampa Red combines red hot piano playing with a good approach to lyrics and comes up with two fine sides. The top deck is a very slow number on which Red gets some wonderful accompaniment. The lower side is a jumpy item with a good beat and Red really goes to town on the piano. Ops don't have to worry about this disk.

"I GOT A LETTER" (2:54)

"EVERY DAY I WEEP AND MOAN" (2:36)

RALPH WILLIS & BROWNIE McGHEE (Jubilee 5044)

• Ralph Willis and Brownie McGhee team up to turn out a good disk with a couple of slow sides. Both ends get a ballady vocal and some excellent guitar work to go along. The lower half is sort of moaned out and is very attractive. Ops oughta listen in.

"TENNESSEE WALTZ BLUES" (3:00)

"HOUSEWARMIN' BOOGIE" (3:07) STICK McGHEE

• An instrumental blues version of the current high flying hit is offered here by Stick McGhee and his Buddies and they make it sound good to hear all over again. On the lower end Stick comes up with a talky vocal on a crazy sort of thing with good backing. This is right for the boxes.

"GEE BABY" (2:37)

"MAMBO BOOGIE" (2:57) JOHNNY OTIS ORCH.

(Savoy 777)

• Johnny Otis has a couple of appealing sides to play with on this platter. The top deck is a slow one with Mel Walker in a smooth cooing vocal. The flip is a mambo instrumental with some terrific piano and a good beat. This will get a play in the machines.

that things aren't all right. It's a magnificent performance by Brown and ops who get on this bandwagon aren't gonna have any black nights themselves. Backed up by his band, Brown has some fine guitar work in the background which adds to the eerie aire about it. It's very slow, very emphatic and very good. The second side is that high flying "Once There Lived A Fool" which gets still another wonderful going over. This melodic piece shows its great worth with every new disk that comes out on it and this one is one of the best. For two good sides ops oughta get this one, and for those who want a new sure fire hit, they'll find it on the upper deck.

February 10, 1951

"HONEY HONEY BLUES" (2:54) "MOONRISE BLUES" (2:57)

"LIGHTNIN" HOPKINS (Aladdin 3077)

• Two torrid blues numbers are turned out here by "Lightnin'" Hopkins. Accompanying himself on the guitar, he not only sings a mean song but comes up with some terrific instrumentals. Both ends of this platter have the same low down feeling and both ends are bound to get their share of play.

"MY OH MY" (2:43)

"RAINDROP BLUES" (2:37)

SCAT MAN BAILEY (Federal 12003)

• Scat Man Bailey has two different types of numbers to offer here. First he does a jivy item with an exciting piano going along with his vocal. The lower half is a change of pace with a very slow number again with some fine backing. Ops will do ok with this.

"WALK THAT MISS" (2:38)

"ONE TWO THREE KICK BLUES" (2:38)

TINY BRADSHAW ORCH. (King 4427)

• A loud raucous jumpy thing is taken for a ride on the top deck by Tiny Bradshaw and the orchestra. Tiny does the vocal in a spirited manner which will delight his fans. The bottom level features Dorena Deene doing a tune with a Latin American beat. Both ends should get a play in the boxes.

"ANYTIME IS THE RIGHT TIME" (2:55)

"MY BABY LEFT ME" (2:20)

ARTHUR "BIG BOY" CRUDUP (RCA Victor 22-0109)

• A blues number which is easy to take is tossed our way here by Arthur "Big Boy" Crudup. Backed up with some wonderful guitar work, he does a nice job on this side. Lower end is a crying blues item, a little faster than the first side and once more good to hear. Ops will want this.

⁽Átlantic 926)

"SHOTGUN BOOGIE" (2:43) "YOU DON'T BELONG TO ME" (2:48) HAWKSHAW HAWKINS

(King 932)

HAWKSHAW HAWKINS

• A currently high flying number gets another terrific rendition, this time by Hawkshaw Hawkins. It's called "Shotgun Boogie" and ops who know a good thing won't

"MY HEART CRIES FOR YOU" (2:35)

"SHENENDOAH WALTZ" (2:32) LULU BELLE & SCOTTY

(Mercury 6304)

• The current pop hit is given a ride here by Lulu Belle and Scotty and the pair show that this is a top tune in any language. The lower half is a new waltz which has a lot of potential and the kids perform a duet in pleasant manner. Ops will do ok with this.

"THE END OF THE LINE" (2:48) "ANYTHING" (2:38)

BOB WILLS

(MGM 10898)

• Bob Wills and his Texas Playboys turn up with a fast paced item on the top deck and Johnny Gimble comes in for a good vocal. The lower end is a ballad on which the boys do an ok job with Jack Loyd singing out the lyrics. Ops oughta take a listen to this.

"YOU CAN'T DO NOTHIN' WITH A WOMAN" (2:13)

"DON'T ANGEL ME" (2:55)

TEXAS JIM ROBERTSON (RCA Victor 21-0427; 48-0427)

(KCA VICTOR 21-0427; 48-042

A tune with a grand set of lyrics gets a wonderful vocal here from Texas Jim Robertson backed up by his Panhandle Punchers. Jim goes through the words in fine style which makes you chuckle while you're listening. The second side is another cute item which the boys turn out well. Ops won't go wrong with this one.

"TOMORROW NEVER COMES" (3:03)

"ARE YOU WAITING JUST FOR ME?" (2:55)

ERNEST TUBB (Decca 46289; 9-46289)

• A ballad with a sad story is plunked out on this platter by Ernest Tubb. With some good guitar work going along, Tubb makes this a pleasurable experience. The bottom half is another ballad on which he does an equally fine job. This will get a play in the boxes. need a shotgun put to them to get this. Hawkins' version is gonna keep this number rolling along for some time. It's a fast tune with a terrific beat which he pounds out vocally with verve. A magnificent piano comes through on the accompaniment and the total affect is a high powered one. The flip too is a very appealing side with Hawkins 'wending his way through a very attractive ballad with piano, guitar and fiddles providing the setting. Both of these sides show him off at his best and ops who know what that is aren't going to lose any time in stocking up.

"GOODBYE, SWEETHEART, GOODBYE" (3:16) "WHY DO THE STORMY WINDS BLOW?" (2:37)

COWBOY COPAS (King 928)

• The Cowboy Copas have a couple of tunes here that should please their fans. The top deck is a ballad getting a good vocal and some fine instrumentals. The second side also features some listenable playing which makes this disk a good bet for ops.

"ALL THAT I'M ASKING IS SYMPATHY" (2:38) "IF I SHOULD COME BACK" (2:26) EDDIE DEAN

(Capitol 1389; F-1389)

• Eddie Dean puts his pleasant voice to work on a couple of ballads which sound almost pop. Both tunes tell sad stories and Eddie does them well to some fine accompaniment. His voice is really easy to listen to. Ops oughta get a hold on this one for their machines.

"MY BUCKET'S BEEN FIXED" (3:00)

"YOU'RE ALWAYS BRAND NEW" (2:18)

TEX RITTER (Capitol 1388; F-1388)

oughta hear this.

who

• Tex Ritter takes two different types of tunes and gives them a good working over. The top deck is a cute item on which he gets some listenable guitar work along while the flip is a ballad which is also good to hear. Ops

want some sure stock items,

"THE RHUMBA BOOGIE" (2:50) "YOU PASS ME BY" (2:50)

HANK SNOW (RCA Victor 21-0431; 48-0431)

• Hank Snow has a novel item here in a western tune with a Latin American beat. He and his Ranch Boys certainly go to town on this one and make you wanta do the rhumba. On the second side, Hank does a ballad which comes out ok. The top deck gets our nod.

Decca Expands Radio-Record Promotion Dept.

NEW YORK—Mike Conner, head of artists relations and publicity for Decca Records, this week announced three new appointments to the firm's expanding radio-record promotion department.

Elevated to the newly-created post as Eastern representative of radiorecord promotion for Decca Records was Leonard Wolf, formerly promotion manager of the Eastern Division of the Decca Distributing Corporation. Wolf, a veteran member of the Decca organization, will concentrate on disc jockey promotion in the Eastern territory.

Irwin Zucker, for the past two and one-half years a member of Decca's publicity department, will be assigned similar duties in his new role as Eastern representative of radio-record promotion for Coral Records, whollyowned subsidiary of Decca.

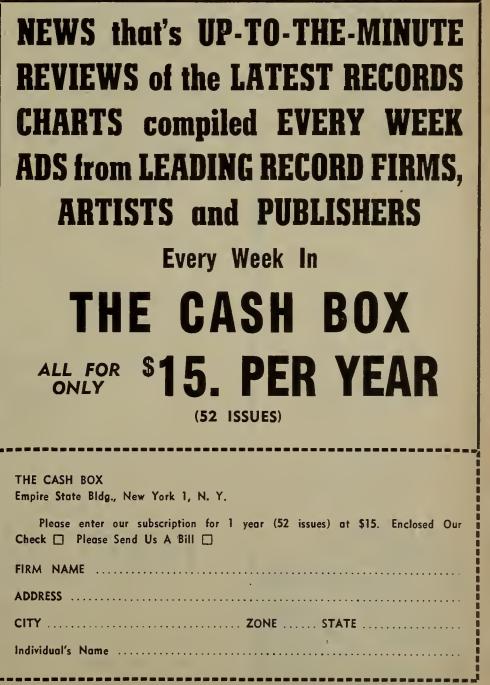

It was also announced that Florence Lowe has replaced Zucker as Mr. Conner's publicity assistant.

Coral Renews Sosebee

NEW YORK—Jimmy Hilliard, vice president in charge of A & R at Coral, announced that Tommy Sosebee, folk star, was re-signed on January 19 to a long term contract. Coral, all excited about Sosebee's new disk of "She's My Easter Lily" backed with "Easter Parade," is planning to go all out on it. Sid Prosen published "She's My Easter Lily."

CLEVELAND MUSIC OP WURLITZER DAYS SHOWS 210% INCREASE SUCCESS THRUOUT NATION **ON 1 PLAY 10¢-5 FOR 25¢**

JAMES ROSS

CLEVELAND, O .-- Jimmy Ross of J. R. Music Company, 5511 Euclid Ave., this city, who has been engaged in the automatic music business for over 17 years, was the first juke box op in this city to test 10c play.

Jimmy started out with an idea of his own to "force play of larger denomination coins." His plan was and is today, 1 play for 10c and 5 play for 25c.

He says, "I attribute a lot of the success of these tests to The Cash Box for the work which you have done in urging me, and all music operators, to change from the valueless nickel over to the dime, the coin that is growing in popularity every day.

"I believe," he continued, "that every operator in this country should give a rousing vote of thanks to The Cash Box magazine for the work it has done in behalf of this entire industry."

Using a brand new 78 rpm phono, Ross placed this machine in a former \$5 gross per week location. This location he reports, for the last 26 weeks of 1950, had never taken in more than \$5 gross per week. Because of the arrangement which his firm uses, obtaining \$10 per week

front money guarantee for every new phono, the location received absolutely nothing for those 26 weeks (a half year) from the juke box receipts.

When he decided to make the change to 1 play 10c and 5 plays for 25c, he rushed in a brand new model phono to the location. After the phono was installed, he sent the location owner a large basket of funeral flowers with a card reading, "To The Death Of The Nickel."

This, he advises, was not only a good attention-getter, but, it caused much comment. And, he believes, that this promotional angle helped to a great extent to start good play.

For the first seven weeks that this 1 play 10c, 5 plays 25c, phono has been in this location, collections have in-creased over 210 per cent.

An average check-up of the coins taken in by this location, prior to the placement of the new 10c play phono, showed something along this line. About 70 nickels, 10 dimes and 2 quarters. A total of \$5.00. (This was on the regular 1 play 5c, 2 plays 10c and 5 plays 25c phono.) The storekeeper received nothing each week. This is due to the fact that J. R. Music Co., here, obtains \$10 per week front service money guarantee from all locations where they place new machines.

The first week on 1 play 10c, 5 plays 25c, produced a collection con-sisting of 76 quarters and 40 dimes. A total of \$23. With the first \$10 front money removed, and the balance then split fifty-fifty, the location re-ceived \$6 50 ceived \$6.50.

This was the first time the location owner has received anything from the phono in his place in 26 weeks.

The second week showed 32 quarters and 10 dimes. A total of \$9. This was kept in full by the operator.

Third week was better. There were 52 quarters and 30 dimes, for a total of \$16, the storekeeper receiving \$3 as his share.

Four week showed 32 quarters and 10 dimes for a total of \$9. The location receiving nothing.

J.R. HUSIC CO

BIG

Fifth week showed 60 quarters and 30 dimes for a total of \$18 with the storekeeper getting \$4 from the collection.

Sixth and seventh weeks were alike with 48 quarters and 2 dimes for a total of \$14 with the location receiving \$2 each week.

Ross also reports that, at the same time he placed this 1 play 10c and 5 plays new phono, he placed another new phono on the old 1 play 5c, 2 plays 10c and 5 plays 25c, in a location which averaged a gross collection of from \$6 to \$7 per week. He reports that, after nine weeks, there has been no increase in the collection, regardless of the fact that a new phono was placed in this spot.

Ross attributes much of the success to the forced quarter play to the overplays as well as to the greater choice of records which the players now have in all the new phonos.

He also says, "As far as television is concerned, we're over the hump. But, where the storekeeper needed the juke box for entertainment, he can now use his television receiver for this purpose and, therefore, doesn't promote the play of the juke box.

"It's up to us, the operators, to get locations to again get interested in promoting play. This can only be done when we show the storekeepers some profit return while getting attention to the phono in his place.

Ross is gradually spreading this plan to other of his locations. He would like to feature only new phonos. He also believes that, eventually, every operator will turn to the idea of forcing use of large denomination coins. Whether 2 plays for 10c, or 1 play for 10c and 5 or 6 plays for 25c, doesn't matter too much in his belief.

"The answer," he says, "is like you people of *The Cash Box* have written time and again. 'Get the people to buy more music.' And the way to do that is to make them use their dimes and quarters.

"The overplays alone take care of the peak hours of play and the further fact remains that actual location tests have proved that the operator can, at long last, enjoy profit from music if he will feature dime and quarter plays."

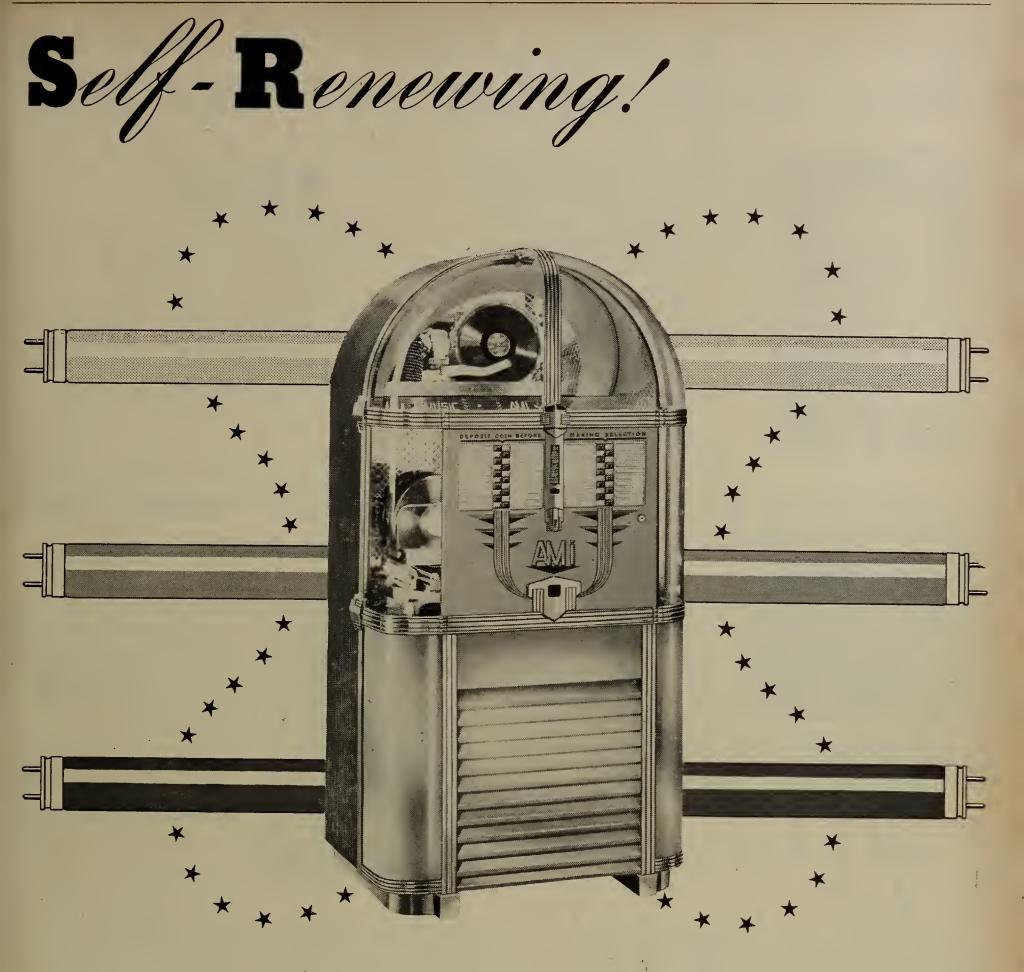

NEW YORK-Reports from the distributors of The Rudolph Wurlitzer Company, who held simultaneous showings throughout the nation on January 28 and 29 "National Wurlitzer Day" all carry one theme. "Music operators attending these showings," stated Ed Wurgler, general sales manager, "were enthusiastic in their reception and offered many compliments to Wurlitzer for introducing the model 1400 and 1450 phonographs. And of great importance, backed up these fine comments with orders for immediate delivery."

Coincidental with the showing, The Rudolph Wurlitzer Company, thru Ed Wurgler, announced its prices. In making known the prices, Wurgler said, "We have in production today the two finest phonographs which Wurlitzer has ever built. They are of a more ingenious design mechanically than any of our previous models and in consequence, are more expensive to manufacture. The materials used in the Models 1400 and 1450 are of the highest grade it is possible for us to obtain, insuring long life and a long earning power from each phonograph we produce. The consistent rise in prices of all materials and component parts over the past many months has made it necessary to fix the price of these phonographs at a higher figure than that which we asked for our previous model. Our Model 1400 Deluxe phonograph, encased in a beautifully grained walnut cabinet, will list to the operator at \$949.50. Our Model 1450 Custom phonograph, with a cabinet finished in rich mahogany Textileather, \$914.50.

"While these prices are an increase, we feel that they are within the expected range for Wurlitzer products. There are other coin-operated phonographs which can be purchased at a considerably higher price and others which can be purchased for less money. No single phonograph on the market today offers all the features of the new Wurlitzers-the ability to play any speed, any size record with a 30 second changeover, the beauty of cabinet work and trim, the eye appealing record changer, visible thru three sides of the plexiglas dome, the fine tonal quality which has been inherent in Wurlitzer products for years, the ability to use all post-war remote and a tried and tested mechanism, which with 48 selections, is a sure moneymaker for the operator. Add these together, figure the features against the price and you will agree that there is no reason to pay more for a phonograph than the cost of the Wurlitzer and there is no economy in paying less."

In addition to the two new phonographs, Wurlitzer also introduced a 12" Deluxe Speaker (model 5110); a 5-10-25c 48 selection Wall Box (model 4851); and an 8" Speaker (model 5100).

coming MOA (Music Operators of America) Convention on March 19, 20 and 21, at the Palmer House, this city, according to George A. Miller and Ray Cunliffe, national committeemen. In phone conversations with both Miller at Oakland and Cunliffe here

CHICAGO—Music operators from all parts of the nation are making

early reservations to attend the forth-

in Chicago, we were informed that operators are expected to attend in large groups. One operator telephoned for reservations and reserved six sleeping rooms for the members of his firm.

"It is quite evident" stated Miller, "that some of the music operators are bringing their employees, possibly due to the fact that this is the only operators convention for 1951, and will probably be the last for the duration of the emergency. Exhibitors continue to reserve exhibit space and indications are that there will be many new faces at the show this year."

Some questions have been asked about the meeting during the emergency, and Miller and the committee have given it a great deal of thought. "If I thought it were necessary to cancel the convention," stated George, "I would be the first one to cancel our meet, but I think more important than that is the fact that the country is going to need revenue and lots of it to carry on its expense, and if the people in the automatic phonograph industry are retarded in their progress and their possibility of making money, they will not be able to meet the demands from the revenue standpoint. In addition, the automatic phonograph industry won great commendation during World War II for its great cooperation in bond drives, as well as supplying recreation for the war workers and those in the armed services. This patriotic theme will be expanded thru discussion at the meet."

Officers of the MOA are confident that there will be twice as many in attendance this year as there were last. They further state that the enthusiasm is growing by leaps and bounds. "Therefore" stated Miller, "it is necessary that operators from all parts of the nation make their reservations at the Palmer House as early as possible. This hotel will be the headquarters for the operators, as well as convention headquarters, and there will be much activity beyond the regular meeting sessions that will be held each morning for a three-day period.

"Several representatives of the large manufacturing companies have already consented to speak at the operators' meetings regarding the automatic phonograph business in general and the outlook of the business for the future. Leading representatives of recording companies will also address the operators and general discussions between operators and manufacturers, which proved so worthwhile at the last meet, will again be held this year."

Coven Wurlitzer Showing Is Most Successful In Firm's History

BEN COVEN

CHICAGO—Regardless of the subzero weather which greeted Ben Coven's two big Wurlitzer show days here, the firm reported that, "This was the most successful showing in our history."

Coven also said, "The fact of the matter is that we are sold out far in advance on the new Wurlitzer 1400 and 1450 model phonos."

The the weather was a very biting below zero on opening Sunday of the showing, music ops began to flock into the Coven offices and showrooms and, long before night fall, the place was jam packed with people who came to see the new Wurlitzer models for 1951.

On Monday, with the temperature at a 15 degrees below zero record here, operators still called around, and warmed themselves with the refreshments and coffee being served.

"This was really a true business show," Coven explained. "The operators came in to study the new Wurlitzers and to carefully look them over. We received nothing but compliments. "In fact," Coven continued, "Some

"This was, without any doubt, I once again sincerely and honestly state, the most successful business show our firm have ever yet held." Coven Distributing Co. also received much commendation from ops who called around for the greatly enlarged parts and supplies department and repair facilities which the firm has installed.

"We are in position to handle all the wants and needs of the operators for years to come," Coven stated in this latter regard.

Dunis Smashing Sales Records On Bally Equip.

CHICAGO—Lou Dunis, well known coinman, and head of Dunis Distributing Company, which has for sometime replaced J. R. Moore Co. as Bally distributors in Washington, Oregon, Northern Idaho and Western Montana, has been doing a most remarkable job with the Bally line, according to reports from Bally Manufacturing Company officers.

George Jenkins, vice president of Bally said, "If Dunis' orders for 'Turf King' and other Bally products during the past few months are any indication, the Dunis organization is going to smash all sales records of the past by far." Jenkins added, "With a genial fellow like Lou Dunis doing the job, it's little wonder that his area is in the top bracket on the Bally territorial sales chart."

Cleveland Phono Assn. Discusses Problems

CLEVELAND, O.—The ways and means of meeting the high cost of operations were discussed this week at the regular monthly meeting of the Cleveland Phonograph Merchants Assn. at the Hotel Hollenden. Also discussed was the forthcoming MOA Convention. Jack Cohen, president, conducted the meet.

MUSIC OPS SPEAK THEIR PIECE ON 10¢ PLAY

Florida Op Says 10¢ Arizona Op Urges Play Is Only Answer Change To 10¢ Play

ORLANDO, FLA.—Frank Pell of 611 North Thornton St., this city, writes that 10c play, "is the only thing that is left for the operator to

do." "In fact," Pell says, "it will save him from total ruin. The operators must get together," he claims, "and change to 10c play on all juke boxes or die a slow and painful death with our business." According to Pell. "There are too

According to Pell, "There are too many operators who don't realize that they are losing money. If they would only check their bank balances more carefully, they would realize what's happening to them on 5c play."

Virginia Op Says 10¢ **Play Can Bring Profits**

DANVILLE, VA.-Otis H. Bradlev of Bradley Amusements, this city, urges music ops to change over to 10c play as soon as possible, so that they can again earn profit on their investment.

Bradley reported, "I am not think-ing (about 10c play). I know. If the music operator doesn't turn to

"All parts, tubes and supplies have gone up tremendously in price. But," he continues, "we juke box operators

are still working on 5c. "This is the time," Cannizzaro says, "when all juke box ops must get together and make a complete change-over to 10c play."

WINDBER, PA .- James Wisnouse, well known operator here, advised this well known operator here, advised this past week that, in his belief, "Manu-facturers of new phonographs should eliminate the 5c coin chute. Thus, locations desiring new phonos, would automatically have 10c play." He also reports, "There would then be no change over problems." Wisnouse also writes, "First of all, your editorials are excellent Good

New York Music Ops View New Wurlitzer Phonos

NEW YORK-Altho it snowed, | hailed and rained during the two day showing of the new Wurlitzer phonographs in this city, Joe Young and his staff at Young Distributing, entertained a large' number of music operators from the city as well as quite a few from the hinterlands.

"The reception was wonderful," reported Young, "and we've taken orders for a great number of machines. As a matter of fact, when we opened our doors for this party, we had four machines for display purposes. Before the day was over, we only had three. Al Layne insisted that we let him have one that very moment."

Hank Barber, vice president of Landsheft, Inc., Buffalo advertising agency that produces the Wurlitzer advertising, was a visitor for the two days.

Among those who were on hand for the showing were: Nat Lerner, Lou Price, Morris Kahn, Larry Serlin, Louis Desiderio, Jimmy Sherry, John Stanczyk, Clarence Weeks, Stanley Weeks, Bill Saman, Al Layne, Joe Kochansky, Jack Wynn, Manny Ehrenfeld, Sol Rofof, Joe Hahnen, B. J. McFarland, Hubert T. Thompson, Jimmy Hopkins, Max Iskowitz, Bill Kaiser, V. Van DerLenden, Charley Sachs, Walter A. Simon, Morris Bernstein, Dominic Ambrose, Sal Trella, Frank Breheny, Sam Kramer, N. Marx, the Nigro brothers, L. W. Kniskern and Art Miller.

Before the week passed, Young phoned in to tell us that operators kept beating a steady path to his showplace thruout the entire week. "Due to the storm, operators who were unable to attend our open house party on Sunday and Monday, had heard thru the grapevine that the new models were worth seeing. All week long there was a steady stream of out-oftown operators as well as local oper-ators, visiting with us," stated Young.

With cameraman "Popsie" snapping pictures all over the place, some of the staff of Young Distributing thought it would be fitting to have your Cash Box correspondent snapped with bossman Young and the Wurlitzer phono. Paul A. Laymon Shows Wurlitzer Phonos In "Hollywood" Atmosphere

LOS ANGELES, CALIF .-- When those Los Angelos do anything-it's always in the superlatives; but when Paul A. Laymon of this city does it, there's hardly any adjectives to describe it.

Paul and Lucille Laymon hosted over three hundred music operators who were on hand to view the new Wurlitzer phonographs. The ladies were presented with Gardenias, and the men boutonnieres. Autographed records by top recording stars were available to all. And, naturally, the most in sumptuous food and drinks.

"Operators from all over Southern California and Southern Nevada agreed that the models 1400 and 1450 are the finest phonographs Wurlitzer has ever produced" stated Paul. "They were especially enthusiastic

over the tonal quality and the automatic level tone quality, as. well as the simplicity of changing from 78 rpm to 45 rpm."

Chicago Music Ops Assn. Agrees On **10c Play**

CHICAGO—At one of the best attended meetings yet held by the Recorded Music Service Assn., the juke box ops' organization here, the membership, after some pro and con discussion, agreed to put 10c play into operation.

Larger ops started their men out this past week advising all locations of the forthcoming change to 2 plays 10c and 5 or 6 plays for 25c. There were few locations

that grumbled, is the report. In some of the smaller candy stores, belief was that kids wouldn't go for 2 plays 10c. But, rather than hold to 5c play, these locations were advised that exceptions would hurt the plan and changeovers will be made here as well as in all other locations.

Some of the new phonos featur-ing 6 plays for 25c will be left as is. The older models which fea-ture 5 plays for 25c will remain. The only change will be elimina-tion of nickel play. All play here will start at 2 plays 10c.

Redd Draws Large New England Crowd For Wurlitzer Showing

BOSTON, MASS.—Si Redd, who hands out the good cheer at Redd Distributing Company, Inc., this city, was really beaming this past week-end, playing host to approximately 450 visitors from the New England area, who appeared for the firm's two day showing of the new Wurlitzer phonographs on Sunday and Monday,

January 28 and 29. In addition, Redd reports that the Springfield office hosted over 300

guests. "The acceptance of the Wurlitzer models 1400 and 1450 was by far the most enthusiastic we have ever had and we backed it up by writing more bonafide orders than we ever had since we have been with the Wurlitzer Company. It is very gratifying to us as a result of the genuine confidence of the operators in New England shown towards the Wurlitzer products and our organization as a whole. We are definitely working on the policy that no sale or deal is completed unless the operator is 100% satisfied."

The entire service department has been re-arranged so that operators can avail themselves of the efficient mechanics and service during the national emergency, Redd reports.

Visiting Redd during the open house party were Art Garvey, regional representative for Bally Manufacturing Company, Bill DeSelm, sales manager of United Manufacturing Company, and Johnny Casola, United Sales representative. License Bills Now Before State Legislatures

NEW YORK—As reported in last week's issue of The Cash Box, legislative bodies thruout the country are now in session, and are preparing legislation with the view of taxing coin operated equipment in an effort to raise revenue.

Herewith are new bills introduced.

ARIZONA-A bill introduced in the Arizona Legislature (Jan. 27) by the House Ways and Means Committee would place a retailers \$3 license on cigarette vending machines, heretofore unlicensed; and place the licenses on an annual basis. Under existing law there is no termination date.

CALIFORNIA—A requirement that cigarette vending machines be placed in back of store counters is proposed by one in a series of bills introduced in the California Legislature (Jan. 22) by Assemblyman Lester McMillan of Los Angeles County, to curb juvenile smoking.

Another of the bills would make it unlawful to have cigarette vendors within 600 feet of elementary or high schools.

A state tax on cigarette machines is proposed by a third bill. Fee not stipulated.

A fourth bill would enable judges to assess a fine as high as \$500 against those who sell cigarettes to persons under 18.

McMillan said an interim legislative study disclosed that operators of cigarette machines specialize in sales to children. He said the committee which made the study reached the conclusion that much smoking among school students can be stopped by rigid control of the cigarette machines.

MONTANA—A bill proposing state and city taxes totaling \$100 on each pinball machine operated "for amusement only" was introduced in the Montana Legislature (Jan. 26) by Representative Ed Foley, Silver Bow Democrat.

Foley said his bill is similar to one approved by the House and killed by the State Senate two years ago. It would levy a \$50 tax per machine for the state general fund. Another \$50 tax per machine at the city level would go into the parks and playgrounds funds of the municipalities. The measure would prohibit anyone under 21 playing the machines, and would permit their operation for "amusement only."

NEW HAMPSHIRE-Licensing of coin-operated machines is proposed by a bill introduced in the New Hampshire Legislature (Jan. 25) by Representative Gedeon Proulx of Manchester. The measure would charge a \$1 license fee for penny machines, and \$5 a year for machines for devices that take coins of larger denominations than a cent.

OREGON-A bill introduced in the Oregon Legislature (Jan. 25) by the State Senate alcohol traffic committee would prohibit from beer taverns and night clubs the use of pinball machines and similar devices. The measure would forbid display or use of any device which is or could be used for gambling in any establishment holding a license from the Oregon Liquor Control Commission.

WASHINGTON - City or county governments would be permitted to boost their revenues by licensing pinball machines under terms of a bill introduced in the Washington State Legislature (Jan. 23) by Senators Ed Flanagan, Wapato Republican, and Jess Sapp, Sedro Woolley Democrat.

Local governments in the state of Washington lost their revenue from such devices early last year when the State Supreme Court ruled that pinball machines with payoffs were gambling devices. Subsequently, many operators of the machines said they converted them into purely amusement devices. As a result the State Tax Commission reduced the tax levy from 20% of the gross income to only 1/2%. The new bill was interpreted by an assistant state attorney general to mean that pinball machines of all types could be licensed by the city or county governments, including the type banned by the State Supreme Court.

Feb. 8 Meet Scheduled In Middletown

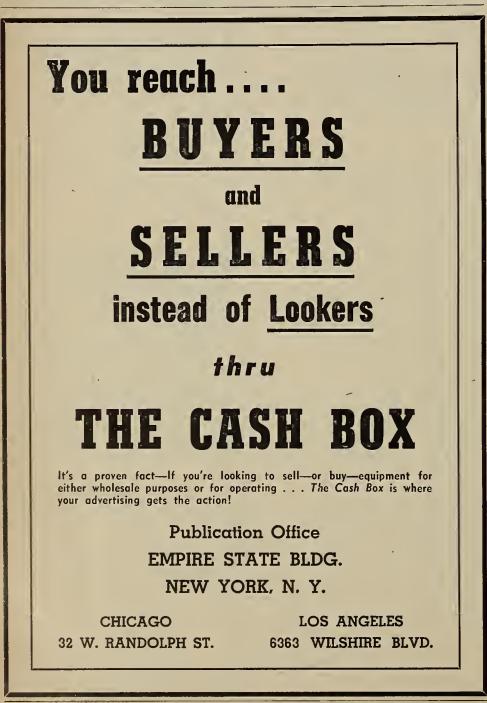

NEW BRITAIN, CONN.—The Connecticut State Coin Association held its monthly meeting at Pavano's Restarant, this city, on Thursday, January 25, with a goodly number of operators in attendance.

Abe Fish, president, addressed the group and stressed several important points. He urged the ops to conduct their business on a method of fair play, cooperate at all times, establish good-will and friendship both inside the association and in their territories with the location owners as well as the public. Fish also pointed out that members should attend all meetings whenever possible.

Guests attending the meet were Mac Pearlman of Atlantic for Seeburg; Irving (Kempy) Kempner of Runyon for AMI; and Leon Hatch of Redd Distributing for Wurlitzer.

It was announced that the next meeting would be held in Middletown, Conn., on February 8.

Nat Cutler, State Amusement, New Haven, announced his removal to 61 Broadway St., and Pat Montana of New Haven, also moved to larger quarters at 712 State St.

CALIFORNIA CLIPPINGS

Biggest doings around these diggings for some time was the Wurlitzer show by Paul Laymon and staff on Jan. 28 and 29. . . And it's just about the fanciest Wurlitzer show ever seen hereabouts, too, and that comes from no less an authority than Stan Turner who should know whereof he speaks after some umpty years with the Wurlitzer firm and a number of d stributors. . . Paul, Lucille, Stan, Charlie Daniels, Ed Wilkes, three mechanics and Charlie's prize hound "Blaze" were responsible for rigging up the place to a faretheewell. With every piece of equipment cleared off the front floor for the occasion, the Laymon store really took on a new look. . . . Handsomely draped from on the walls were the colorful blue and gold banners and pennants announcing the new 1951 Wurlitzer 1400 and 1450. . . The Laymons had the four boxes on display. . . And from what we were told by Wurlitzer expert Stan and the rest of the folks, these new models are going to bring in gold for the ops who buy them.

There was a terrific array of talent on hand for the two days, and we're glad to say that The Cash Box rep out this way had a small hand in bringing some of the folks over. . . Here is just a partial list of the recording artists seen on Sunday and Monday at Laymon's: Margaret Whiting, Dinah Shore, Tony Martin, Betty Hutton, Peggy Lee, Mel Torme, Nellie Lutcher, Tex Williams, Jimmy Dolan, Eddie Dean, Helen O'Connell, Ivory Joe Hunter, and Dottie O'Brien. . . The Laymons figured they played host to about 400 guests over the two days, with operators and friendly distributors along the Row making up the crowd. . . And the folks didn't go hungry . . . or thirsty either. . . There were soft and middlin' soft drinks while in the eats dept. Lucille Laymon spent a whole day over a hot stove a fixin' up the ham and turkey, potato salad, cole slaw and all the trimmin's.

Among some of the local music ops to turn out for the occasion, according to Stan Turner (who keeps tabs on his customers) were: Bringas Bros. of L. A. . . Al Anderson of Shafter . . . Jack Sickley of Brown Music in Bakersfield . . . Manuel Trevino of Oxnard . . . Ernie Bryant of Glendale . . . Thompson Bros. of Long Beach . . . Marvin Farr of San Pedro . . . Bert Hammond of Santa Ana . . . Frank Robinson of L. A. . . . Lawrence Raya of Colton . . . Fred Trevillian of Santa Barbara . . . Charles Gauger of Ventura . . . Lawrence Bros. of Long Beach . . . Frank Navarro of L. A. . . . Charles Koski of Long Beach . . . Pete Pellegrino of Southgate . . . Mr. and Mrs. Charles Allan of Long Beach . . . Mr. and Mrs. Tom Catana of L. A. . . . Warren Clemens of L. A. . . . Walt Schinkal of San Diego . . . Bill Goddard of Las Vegas . . . D. T. Harrison of Bloomington . . . Jesus Torres of L. A. . . . Johnny Lantz of Southgate. . . In all, it should be a fine sendoff for the new Wurlitzers. . . . En route back to the Wurlitzer plant after spending a week with the Laymons in planning the show was Gary Sinclair.

... En route back to the Wurlitzer plant after spending a week with the Laymons in planning the show was Gary Sinclair. Shoving off for his Honolulu haven, where he alternates between counting his arcade take and deep sea fishing was Frank Anderson.... In the hospital for an appendectomy was Sheridan Thompson of Long Beach.... Recovering from one of the same was the wife of Charlie Gauger of Ventura.... On the Row: G. F. Cooper of Riverside ... Norman Christ of Lompoc ... S. L. Griffin of Pomona ... Homer Gillespie and Homer Razor of Long Beach.

MINNEAPOLIS, MINN.

This area is going through a cold wave at the present time and the temperature Sunday was down to a low of 17 degrees below zero during the day and it dipped to 28 degrees below at night. The temperature is still hovering around zero and is slowing up traffic. Even in spite of the weather Lieberman Music Company had its showing for the new 1400 and 1450 Wur'itzers. Those in from out of town were Jack Harrison and wife, of Crosby; Clayton Norberg, wife and friend from Mankato; Glen Bischell and a party of friends were in from Chippewa Falls, Wis.; Dick Grant, of Seaton; Len Worseck, of Montevideo; and Al Eggermont, of Marshall.

from Chippewa Falls, Wis.; Dick Grant, of Seaton; Len Worseck, of Montevideo; and Al Eggermont, of Marshall. Also seen in town were Dick Henderson, of Willmer; Mike Illies, of Long Prairie; Elmer Wright, of La Crosse, Wis.; Lyle Kesting, of Bellingham; and Ed Ska'iski, of Jackson, was in also for the Marshall We'ls meeting. John Galep, of Menominie, Wis., also dropped in. . . Leon Kell, of Alma, Wis., well known operator in that territory passed away Sunday, January 28th. . . . We have received word that Mr. Frank Coubal, of Bloomer, Wis., sold his route to Clarence Berg. . . Bill Welch, of Chippewa Falls, Wis., is in the hospital and we understand that he is seriously ill. It, perhaps, would be a good idea for some of the operators to drop him a line and wish him well. . . . Some of the operators seen in and around town were Frank Mager of Grand Ravids, Charles Bohnen, of St. Cloud, Bill Supprenant, of Red Lake Falls. . . . Fred Grohs, well known operator in St. Paul must have had inside information from the weather bureau because he pulled out while the temperature was still above zero for Florida on January 26th. LUCKY FELLOW! !!!!

ST. PAUL, MINN.

The North Pole has nothing on us this week! St. Paul recorded a 28 degrees below zero this morning, the coldest it has been since the beginning of winter. Operators did not let this cold weather bother them. Herman Warn, Salem, S. D., drove in to purchase equipment for his route, and also for a new motel he is now operating. . . Walt Fischer, Pipestone, and Don Ehmann, Winona, shopping for records. . . C. Haroldson and wife from Aneta, N. D., shopping for new music. Mr. Haroldson's partner, Mr. Severinson, drove to the Twin Cities last week. . . Mr. and Mrs. Mike Imig, Yankton, S. D., stopped in for a visit, and then continued on his way to New Orleans, where they will vacation for a few weeks.

Other operators visiting were Harland Beach, Alexandria; Ernie Erkkila and son from Eveleth; Roy Golden, Barnesville; Mr. & Mrs. Cecil Terveer, Winona; Al Reese, Watertown, S. D., Art Berg, Fairmont; and Fred and Stan Maytas from Moose Lake. . . Robert Wenzel, Automatic Games Supply, has just returned from a trip down South, where he reported business much the same as here in the Twin Cities. . . Record sales seem to be hitting an all time high this month. There are quite a few new record releases this month, which pushed the record sales up.

Territory Extended To Include Indianapolis, Ind., And Louisville, Ky. Areas

Cain-Caillouette Reports Large Attendance In All Three Offices For Wurlitzer Days

NORTH TONAWANDA, N. Y.— Cain-Caillouette, Inc., with headquarters in Nashville, Tenn., has been assigned as distributor to two new territories, according to an announcement by Ed R. Wurgler, general sales manager for The Rudolph Wurlitzer Company.

"Cain-Caillouette has been our distributor in Nashville since January, 1949," stated Wurgler, "and has done **an outstanding job.** Effective January 15, we assigned to them the Indianapolis, Ind., territory, replacing Midland Music Distributors; and the Louisville, Ky., territory, which formerly was a branch office of the Cruze Distributing Co. at Charleston, W. Va. Both offices are operated as branches of Cain-Caillouette."

The Midland Music organization which formerly represented Wurlitzer in Indiana has been dissolved, making necessary the appointment of a new distributorship in that territory. Louisville, Ky., formerly handled by Cruze, has been turned over to Cain-Caillouette thru a mutual agreement between the two Wurlitzer distributors and The Rudolph Wurlitzer Company. The Cruze Distributing Co., W. T. Cruze, president, will continue to represent Wurlitzer in Charleston, W. Va., while Lloyd Cruze continues as manager of the Louisville Wurlitzer branch for Cain-Caillouette.

Discussing these changes within the Wurlitzer distributor organization, Wurgler said: "This is an entirely logical expansion for Cain-Caillouette since their present territory adjoins the two additional which are now assigned to them. The Cruze organization prefers to confine its activities to the Charleston area and to discontinue its responsibility for additional territory which it had found difficult to service because of the distances involved."

Cain-Caillouette, Inc., is owned and operated by Earl Cain and John Caillouette, both of whom are well known to music operators thruout Tennessee, Kentucky and Indiana.

Cain-Caillouette held "National Wurlitzer Days" in each of their three offices and was host to hundreds of operators who care to view the new Wurlitzer line for 1951. Lowell Matthews, manager of the Nashville office, reported an unusually large attendance and sales far above the organization's capability of making immediate deliveries. No Change Considered At This Time In Alloy Metals Used In Manufacture Of Five-Cent Piece

DISTRIBUTOR!

WASHINGTON, D. C.—With the announcement by the government that the use of the nickel had been curtailed in industry, a number of coinmen contacted *The Cash Box* wondering if this regulation would in some manner affect the metal used in the manufacture of the 5c coin.

Inquiry by this publication brought forth a statement by Leland Howard, acting director of the mint, that their supply of metal at this time hasn't been cut, and no change is contemplated.

"At the present time our supply of metal for the manufacture of the fivecent piece in the statutory alloys has not been cut off, and we are not contemplating a change at this time," stated Howard. "However, if the authorities in charge of the allocation of critical materials decide that the defense effort requires the diversion of such metals from use in coinage, it will be necessary for us to make our coins with whatever material is made available to us."

Operators using the five-cent piece were concerned over any change in the alloys, as it would then disrupt their coin rejector mechanisms.

EASTERN FLASHES

What a week! Snow, hail, sleet, rain, and cold weather. Collections will probably be pitiful. Radios warned people to stay at home. Business of all kinds was slowed down to a crawl, and naturally taverns and amusement places were effected. However, the experienced operator expects winter storms to hurt collections a few weeks during the year. The storm slowed up attendance at the open house party of **Joe Young's Young Distributing Company**, who introduced the Wurlitzer models 1400 and 1450. With all that, however, quite a number of operators were on hand Sunday and Monday, with others flocking in during the rest of the week . Young very well satisfied with the attendance, and most happy over the enthusiastic reception given the two new Wurlitzer phonos.

Al Sleight, Bally representative in the great Northwest; Lou Dunis, Bally distributor there; and John Michaels, visiting with Barney (Shugy) Sugerman of Runyon Sales Company this week. If they thought they were ducking the blistering winter of their area, they found out differently. Shugy took them out and showed them the spots. Which reminds us—Shugy is taking quite a kidding about that item which appeared in the "Miami Murmers" column last issue, regarding his Mamba lessons. "If you think my dancing was worth comment, you should have seen Dave Stern trying his skill. Actually, I had a very good time, and finished up quite a Mamba expert. I'll challenge Willie Blatt right now." . . . Joe Hirsch, business manager of the Associated Amusement Machine Operators of New York, Inc. (local games association), advises the organization will have its dinner meeting on Thursday evening, February 8, at the Henry Hudson Hotel. Large turnout is expected. . . . Sol Tabb, Hy-Sol Music, back from an extended vacation in Miami Beach, Fla. "Nothing like it," sighs Sol. Hy Jaffee, the other half of the firm, is now planning on taking a cruise within a week or so. . . . Phil Mason, formerly of Irvington, N. J., now operating quite a music route in Washington, D. C., visiting along coin row.

Jackie Prigoff, head of the mechanical staff at Runyon, sporting a brand new 1951 convertible 98 Olds. His previous car was stolen from in front of his home, stripped and returned. Insurance is a wonderful gimmick. . . Which brings to mind, met up with that demon insurance counsellor Bob Duberstein along Tenth Avenue. Bob probably handles most of the insurance for the coin trade. . . . Mike Munves reports that he's selling practically every piece of equipment he has—and he probably has more arcade machines than anyone in the country. Problem now, Mike states, is buying machines to fill orders for his long established customers. . . . Joe Munves down in Tampa, Fla., attending the Fair. Reports that a number of coinmen are attending. . . . With the snow storm and cold spell that hit the city, Sol and Murray Wohlman, look eagerly toward the Southland. "Do you know of anyone who has any good propositions" they ask. "We would like to get down in those sunny climes." . . . When we dropped into Koeppel Distributing Company, were we surprised to see both Harry and Hymie taking it easy, and hardly any music machines on the floor. "Machines go out as rapidly as we clean them up, and there's quite a demand right now," stated the brothers. "However," said Hymie, "come in tomorrow and you'll find our floors loaded. We have quite a shipment arriving."

Manny Ehrenfeld of Passaic, N. J., never looked better in his life. "It's hard work" claims Manny.... Irvin Goldner, president of the Amusement Machine Operators Association of Greater Baltimore, states they expect a record turnout for their 3rd annual banquet on the night of February 4 (Sunday). Will be history when you read this.

DALLAS DOINGS

Ray Williams and his staff at Commercial Music Company, Inc., this city, played host to large numbers of music operators who attended the two day showing of the new model Wurlitzer phonographs on Sunday and Monday, January 28 and 29.

Despite unusually bad weather, sleet, hail and rain, which no doubt cut down attendance somewhat, it is reported, it in no way dimmed the enthusiasm of the several hundred operators who gathered here.

of the several hundred operators who gathered here. "Sales are far in excess of our expected deliveries for February," reported Williams, "but we are still taking orders with the expectations that the factory will be able to pick up production beyond its original estimate."

Please mention THE CASH BOX when answering ads-it proves you're a real coin machine man!

CHICAGO CHATTER

There were dozens of phone calls received by this office of The Cash Box this past week, regarding the fact that Billboard (a magazine over 60 years old) was trying to imitate our world famed "Confidential Price Lists." In answer to all the statements which have been made commending The Cash Box like, "This is a real feather in your hat," and, "This proves that The Cash Box was always the leader," and, "Certainly now everyone in the industry knows that The Cash Box is the one and only real publication of this business," and the dozens of other statements which were made to us on the phone like, "There's no question about the leadership of The Cash Box now to anyone egnaged in the coin machine industry," we can only say, in answer to all these, as well as in answer to Billboard, "Imitation is the sincerest form of flattery." But, there is a dark and dismal side of the picture, as far as the nation's

But, there is a dark and dismal side of the picture, as far as the nation's operators are concerned. This is the fact that now every location owner, for only 25c, can walk over to a newsstand, buy Billboard, and learn the prices of the machines with which the operators are trying so desperately hard to earn a living. It was for this one outstanding reason that The Cash Box entered this field. So that the storekeepers wouldn't know the prices of machines. The Cash Box has continued to be, and always will be the "CONFIDENTIAL" publication of this industry.

publication of this industry. We sure hate to see operators lose locations by the location owners buying direct because the storekeepers will now know what machines cost the operators. We hate, further, to think how tough it'll now be for operators to try and get a better percentage-commission basis, or step up to 10c play, once the storekeepers know the cost of machines. Why should the location owner know the inside prices of this industry? The operator doesn't know what his druggist locations pay for toothpaste. The operator doesn't know what the grocery locations pay for a can of beans. The operator doesn't know what the tavern owners pay for beer and whiskey. Why should the druggist, grocer, tavern owner, or any other location know what operators pay for the machines they feature in these places to earn their living? Busiest guy this past week was Ben Coven with his Wurlitzer showings on Sunday and Monday. Tho the showing broke just as sub-zero temeperatures came to the Windy City, Ben was plenty happy with the business he obtained. In fact, he's sold out on the new 1400 and 1450 for some weeks to come. While we were there heard one op place an order for 25, another for 50, and one man asking for 100 of the new Wurlitzers. And that nite Ben celebrated (Sunday) with his charming B.W., Trudy, at the Pump Room. . . . Frank Mencuri's son got out of the hospital just as Frank was planning to plane down to Tampa. So Frank bundled him up, took the rest of the family, and drove his car down to Tampa where he is showing the new Exhibit products. . . . (Thanks, Vince Shay, for that very nice letter you sent us. We meant every word we wrote.) . . . Roy McGinnis at long last was able to get away and is down in his Miami Beach home. But, seems that Roy won't be there too long this trip. He'll be back in a couple of weeks, from what we hear.

weeks, from what we hear. New 10c play does not violate "cost of services" in wage and price freeze. This past week found servicemen of all music ops here in Chi advising location owners that phonos were being changed over to 2 plays 10c and 5 plays 25c. Large ops hoped to have completed changeovers by first week in Feb. Newspaper publicity clicked swellishly. . . . Harry Williams was first to suggest "standardized parts." Billboard Tries Imitation Of The Cash Box World Famous "Confidential Price Lists"

"Imitation Is the Sincerest Form of Flattery"

Location Owners Can Now Get the PRICES of Machines from Newsstands for Only 25c

NEW YORK—If you've been seeing members of *The Cash Box* with great, grand big smiles on their faces, all this past week, this is due to the fact that Billboard has decided to try an imitation of the world famous "*Confidential Price Lists*" which appear in each and every week's issue of *The Cash Box*.

'Way back in history someone said, "Imitation is the sincerest form of flattery."

But, what is even more serious to a great many, who were first to advise this publication of the imitation of its price lists was, as one leader said, "Now any location owner can know the prices of machines by spending a quarter at a newsstand."

That, every operator, and every member of the industry will agree, is certainly not going to help this business.

Especially as the new equipment fades from the market. And operators have to get out and earn more from whatever equipment they now have working.

It's very tough for an operator to get a storekeeper to agree to a better commission-percentage basis, so that the operator can survive.

It's tough to jump the cost of play to 10c. All the time telling location owners about tremendously increased cost of equipment, about rising overhead expense, and so forth.

But, when prices are available (for 25c at newsstands) for storekeepers, then the operator is being pushed harder than ever to try and argue his way into earning a decent percentage of profit on his investment.

He now has a national magazine openly publishing the cost

of his machines to his customers.

No one knows what his druggist pays for the tooth brushes he buys from that druggist. No one knows what his grocer pays for a can of beans. Why should the storekeeper know the cost of the machines of this industry?

Why should the inner-business details of this field be an open book for the location owner to read?

The Cash Box has, and always will remain a confidential medium for the benefit of all engaged in the coin operated machines industry.

The Cash Box is completely, solely and exclusively concerned with this industry. And this industry only.

This has been, and will always remain, the policy of *The Cash Box.* "Quiet" for the industry. A watchword all agree with at this time.

The time has, at long last, arrived when the originality, the great ideas, the better plans, which have been proposed by *The Cash Box* time and again over the years, are now proving themselves for the benefit of all in the field.

The Cash Box has continued to work hard, sincerely and completely for the benefit of all this industry, and this industry only.

Whether more imitators pop up, or not, *The Cash Box* will continue its policy of "quiet," of confidential dissemination of information to all concerned with this field. It will continue to help the operator to prosper. For by the operator being prosperous, being financially sound, all in the industry, all the way up the line from operator to manufacturers, will prosper. The Cash Box

CONVERSIONS

With some already engaged in converting machines of all types, and others planning to enter into the business of converting older equipment into the latest type products, the time has arrived when listings of such conversions will prove of value to all engaged in the industry. If you are at present converting older machines into later type models, please notify The Cash Bo_x immediately. The new names of your machines will be listed here along with the names of the original machines from which they were converted

they were converted.

If your conversion is only a changeover from the original machine, with new features, and the name of the original machine retained, please so specify when you notify *The Cash Box*.

The equipment listed here must be conversions, not rebuilt machines. In short, the older machine must be changed over to a new and later type machine, usually this means a change of name of product also, before it will be listed in this column.

Regardless whether you are converting pinballs, arcade machines, phono-Regardless whether you are converting pinballs, arcade machines, phono-graphs, rolldowns, shuffle and rebound games, automatics, consoles, or bells, your new conversion will be listed here, along with the list price you are charging for this conversion, as well as the original name of the machine from what this conversion was made, and any other details which will help the industry to better understand the product. There is no charge for any listings which will appear in this column. These are for the benefit of the trade, so that all operators, jobbers and distributors will know just what this machine is what it sells for who makes it and how

will know just what this machine is, what it sells for, who makes it, and how best to describe it.
