Teresa Brewer demonstrates her smash Coral hit "Till I Waltz Again With You" by 'Waltzing' with her daughter as Ritchie Lasella, her manager, plays the violin. Currently number one record in the country, "Waltz" was both written and published by Sid Prosen. Besides being a smash on records the tune has turned out to be one of the greatest sheet music sellers since a previous waltz—Tennessee, that is. Miss Brewer and Sid Prosen were awarded gold disks in honor of the tune's better than 1,000,000 sale.

"So What About Solly Slugger Hisself?"

The Cash Box

Ever since The Cash Box started to print the fascinating and humorous "Letter From An Operator" (the first letter appeared in the January 24, 1953 issue) relating all'about Solly Slugger's exploits, written by Solly Slugger in whimsical, pathetic, and sometimes in explosive fashion, letters have arrived from subscribers' from all over the country inquiring about Solly and Sally Slugger.

It has reached the point where operators are addressing letters directly and personally to Solly and Sally Slugger. Both of these fabulous personages, Solly and Sally Slugger, must thoroly enjoy reading these letters.

One letter addressed to: "Solly and Sally Slugger, c/o The Cash Box", was extremely humorous and yet very heartwarming. Not only did the writer of this letter somewhat lugubriously advise both Solly and Sally that, "The very same thing happened to me as happened to you", but he went into detail regarding the similarity of the event. He signed his letter, "Half-Dollar Harry".

"Half-Dollar Harry", as well as many others have inquired, "What about Solly Slugger hisself?"

The writer, therefore, diligently plunks away at the keys of his typewriter in an effort to explain that Solly and Sally (and all of their location owners) are among those fabulous characters who so sublimely create the necessary humor to help one and all to go on ahead, easing each week's travail by bring forth the humor of seemingly serious situations.

Surely the adventures of "Solly Slugger, hisself", are among those that are part and parcel of the experiences of almost every operator who has, for any time at all, been engaged in this heady, thrilling, changeable, and whirlingly active coin operated machines industry.

Further it seems, Solly Slugger's experiences are actual and truthful events. They match the experiences which operators, in their careers in this industry, have already come across, and continue to meet with each day.

And the few operators, at the time of these experiences, may see any real humor in each such situation they do, with the passage of time, remember nostalgically back to these events with a grin, and the silent inner chuckle which only grand, good humor engenders.

There is, then, very little that is seemingly different between Solly Slugger and Sally (that's Mrs. Slugger) and between any operator, his family, his employees, his locations and his daily adventures and experiences as an active operator. Solly Slugger continues to go blithely forward each day, enjoying his work, even enjoying his helper, Sam Simpson, of whom Solly writes, "He is a simp's son, like I tells you. He can put more out of order machines out of order than any one I ever knew. You can believe me, believe me."

And of Sally (that's Mrs. Slugger) of whom Solly writes as, "trumpeting", and "bellowing", and "screaming", and "hollering on me" we have a sneaking feeling that 'way deep down Solly is simply nuts over Sally. He probably wouldn't change Sally for a combination of Lana Turner, Marilyn Monroe and ZaZa Gabor.

Like Solly many times says, "When Sally (that's Mrs. Slugger) says I should do it, I do it, because she is always right anyways." This, in itself, gives every indication that Solly is just simply wild about Sally to have such unshakeable and completely sublime faith in her judgment.

"Sally and me" as Solly has already revealed, "came down from the City to this here little town of Simpkinsville and", as Solly writes, "we likes it here. We are doing okay."

That assures the reader that both Solly and Sally are happy in their own little world and that, with things going along "okay" with them they will in all probabilities live out the span of years which God will grant them blissfully happy in their own inimitable fashion.

And if some of the locations and the owners of those locations may sound somewhat abstract and unrealistic to some operator readers of Solly's letters, these operators need only look more closely at their own locations and location owners and perhaps they, too, will then find that Solly isn't too far off in his estimates as well as in his statements about his locations and the owners of those locations.

But it seems that all this in regard to Solly Slugger and Sally (that's Mrs. Slugger), may be taking much good and valuable reading time away from the subscriber to *The Cash Box* and, therefore, since the latest letter from Solly Slugger, "Your Operator Friend", appears herein on one of the following pages, we suggest you enjoy this blessed moment of hearty humor and healthy laughter.

Ease your mind. Relax with a "Letter From An Operator". And let us all of us, shout hosannas for Solly Slugger, who can so deftly point up the humor of such seemingly serious situations, to forevermore continue writing his letters to: "Dear Mr. Editor".

February 28, 1953 The Record Business Is A esilient **SIN ess**

The record business is noted for its resiliency. People who are down one day are up the next. Those who had a flop last week may have a hit next week.

And perhaps in all the entertainment business, there is no aspect of it which is more resilient than the record field.

This may be due to the fact that records are cheaper to produce than almost any other entertainment form. They cost less than legitimate shows, motion pictures, radio or TV programs. Records also are established faster than any other medium. A record hit spreads from one end of the country to another in a matter of weeks-sometimes less. And on records, a total unknown one day may be a star the next.

Another process which takes place in the record field is the surge and upswing of different companies at different times. Sometimes one company is hot, sometimes another. And sometimes, as at present, all are hot at the same time.

Picture this situation a year ago: In the top ten, one record firm had five hits while the rest of the companies had to share the remaining five spots. This year the situation is considerably more equalized with almost every major well represented in the top ten and with none having more than two of the top spots.

As a matter of fact, two of the hottest record companies in the business at the present time, MGM and Coral, weren't even represented in the top ten last year this time.

This all adds up to resiliency.

Thinking out loud, it seems to us that it's a healthy state of affairs when dominance in the record business is not monopolized by one firm but is shared by all. It's a healthy state of affairs when a firm that is cold at one time can get real hot at another. And it's the healthiest state of affairs when all are hot at the

same time.

The record business, because of its resilient quality, today has grown to the point where it has an established market which can be counted on. The 550,000 juke boxes located throughout the country are a constant source of purchases and promotion. And through them, records are brought to the attention of the millions of buyers who enjoy and collect popular music.

But this feat has been accomplished because the record business has been flexible enough to meet changing markets and changing conditions. At one point, when radio was first introduced, the record industry was considered dead. But it turned out that this judgment was somewhat exaggerated for the record industry soon found a new medium to keep it alive-juke boxes.

And it has devoted the past twenty years to fulfilling the demands made upon it by the vast audience which juke boxes have created.

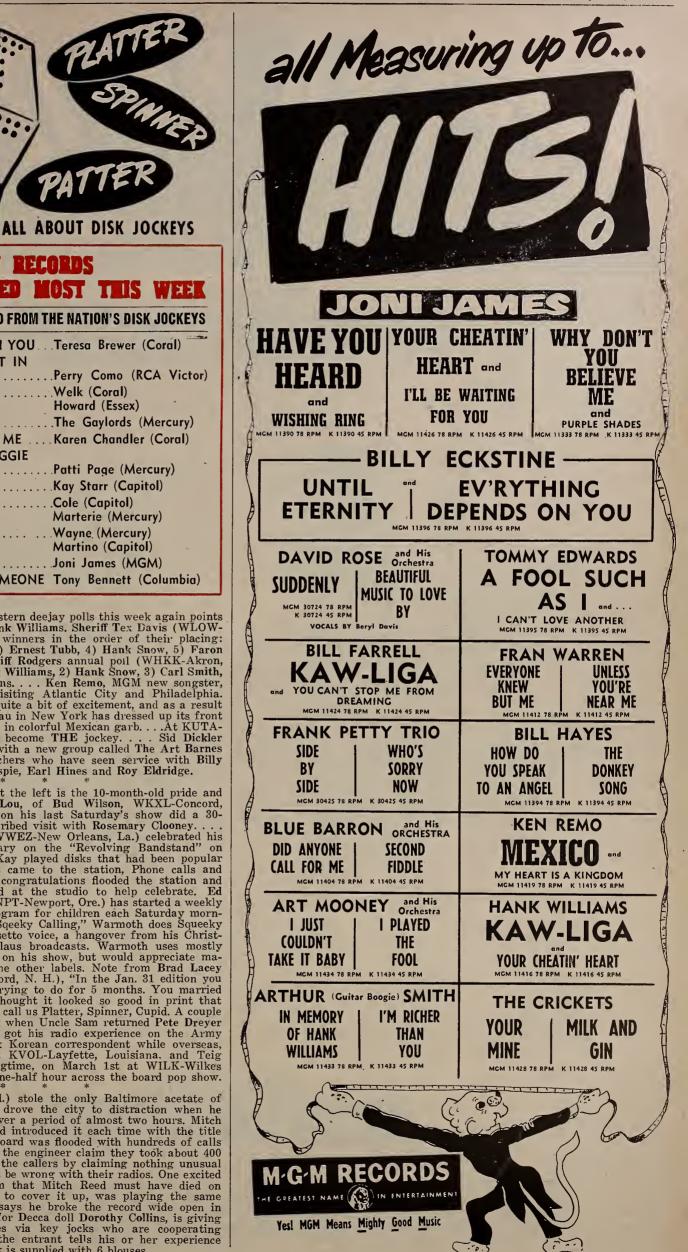

Though there may be ups and downs, the record industry will continue to meet those demands, sometimes with one company being hot and sometimes with another, for the record industry today is so resilient and is comprised of so many different companies. both major and independent, that the American buying public and the operators of the nation's juke boxes are assured of a constant supply of record hits. - 509121 1920 1. 2. - ²¹......

Returns on a couple of folk and western deejay polls this week again points up the overwhelming popularity of Hank Williams. Sheriff Tex Davis (WLOW-Portsmouth, Va.) lists the following winners in the order of their placing: 1) Hank Williams, 2) Eddie Arnold, 3) Ernest Tubb, 4) Hank Snow, 5) Faron Young. By way of comparison, the Cliff Rodgers annual poll (WHKK-Akron, Ohio) lists them in this order: 1) Hank Williams, 2) Hank Snow, 3) Carl Smith, 4) Ernest Tubb, 5) Hawkshaw Hawkins. . . . Ken Remo, MGM new songster, went on a deejay tour last week, visiting Atlantic City and Philadelphia. Remo's release "Mexico" has created quite a bit of excitement, and as a result the Mexican Government Tourist Bureau in New York has dressed up its front window with a life size blow-up of Ken in colorful Mexican garb. . . . At KUTA-Salt Lake City, Utah, Browning has become THE jockey. . . . Sid Dickler (WMCK-Pittsburgh, Pa.) is working with a new group called The Art Barnes Combo. Group is composed of topnotchers who have seen service with Billy Eckstine, Lionel Hampton, Dizzy Gillespie, Earl Hines and Roy Eldridge.

Mitch Reed (WITH-Baltimore, Md.) stole the only Baltimore acetate of Georgia Gibbs "7 Lonely Days" and drove the city to distraction when he played it 18 or 20 consecutive times over a period of almost two hours. Mitch chose the jazz portion of his show and introduced it each time with the title of a well know jazz disk. The switchboard was flooded with hundreds of calls inquiring "Wha Hoppen ?". Mitch and the engineer claim they took about 400 calls themselves and further confused the callers by claiming nothing unusual was going on and that something must be wrong with their radios. One excited listener called the police to tell them that Mitch Reed must have died on the show and the engineer, in order to cover it up, was playing the same record over and over. Result, Mitch says he broke the record wide open in his area. . . . Lenny Wolf, promoting for Decca doll Dorothy Collins, is giving away Dorothy Collins Casino Blouses via key jocks who are cooperating on "Small World" contest in which the entrant tells his or her experience to indicate it's a small world. Each jock is supplied with 6 blouses.

LESLIE BROTHERS (King 15222; 45-15222)

(King 15222; 45-15222) "THIS NIGHT (MADALENA)" (2:20) [Rex Music] Steve Law-rence and his brother Bernie take on the name of the Leslie Brothers for one of the most exciting numbers we've heard to date. It's a fast moving samba tempo piece set to the lovely melody of "Madalena." With a push, this side stands a great chance of be-coming a hit.

B "SAY IT ISN'T TRUE" (2:15)
B [Wemar Music] The boys come up with another fine vocal job on a warmly done slow jump. Their harmony is terrific.

PAULETTE SISTERS (Dana 2103; 45-2103)

(2:22) [Dana Music] The fine voices of the Paulette Sisters blend to voices of the Paulette Sisters blend to full advantage on this exciting jump piece with outstanding rhythm back-ing by Stan Freeman at the piano and Jimmy Carroll's ork. This could catch. "THE EFFECT" (3:01) [Dana Music] The chirps change the at-mosphere entirely by sweetly riding through a smooth ballad in a hushed and inviting manner. Their style is polished and makes for fine listening.

JOE "FINCERS" CARR (Copitol 2359; F-2359) G "ALOHA OE" (2:06) [Ardmoré Music] The appealing bar room piano of Joe "Fingers" Carr glides over the keys and plinks out a soft pretty melody that seems perfect for a soft shee number do an attentive do

THE HARRY GROVE TRIO (London 1293; 45-1293)

• "PAGAN IN THE PARLOUR" (2:36) [Chappell & Co.] The odd and captivating sound that emanates from the Harry Grove Trio, stands out again as the threesome comes up with a cute instrumental

The group has a pleasing catchy sound about it that makes any-thing sound colorful.

FOUR CHICKS & CHUCK (Jubilee 6031; 45-6031)

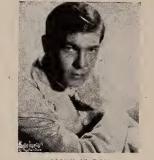

"HIGH SCHOOL" (2:32) [Gen-eral Music] A lovely simple tune with a sentimental and youthful touch about high school days, is wonderfully rendered by Four Chicks & Chuck. The group demonstrates some lovely harmony on this tender reminiscent item.

B "CHLOE" (2:52) [Villa Moret Music] Here the crew turns in another fine job with a highly stylized going over of a cute standard. The group blends perfectly. Their rhythm is terrific.

future. One of the reasons for this is the new Johnnie Ray sound. "Oh, What A Sad, Sad Day" is a beautiful ballad that the song stylist glides through in a hushed and most tantalizing manner. He puts most tantalizing manner. He puts loads of feeling and technique into the presentation and gets a full orchestra for support for the first time. Backing the artist is the great Paul Weston aggregation. On the other half, Mr. Emotion is his own tormented self as he belts out a stirring slow bit called "Mis-ter Midnight." Fine support on this deck as dished up by the Four Lads and Buddy Cole's Quartet de-serves credit. Both sides are excit-ing. but we look for "Sad Day" to make the most noise. make the most noise.

JACK POWERS (Copitol 2355; F-2355)

(Copitol 2355; F-2355)
"I'LL BE SEEING YOU" (2:54) [Williamson Music] The record opens with two GIs talking about home while in a fox hole in Korea, and goes into an old standard by Jack Powers who is one of the GIs. It's a touching set up. Something different.
"FROM A FOXHOLE" (3:13) [Albert Hay Malotte] In the same atmosphere once again, Jack portrays the heart breaking sight of a soldier in prayer while guns fire in the back-ground. A questionable piece for the boxes.

JEANNE GAYLE (Capitol 2356; F-2356)

G "I'LL BE HANGIN' AROUND" (2:40) [Broadcast Music Inc.] George Burns' ork backs Jeanne Gayle as she voices a cute bouncer with an infectious lilt. The tune is pleasing

pleasing. PAINTING THE TOWN WITH TEARS" (2:55) [Beechwood Music] The thrush hands in a bluesy vocal on a sad sentimental number. Her smooth voice puts over a song.

JOHNNY DESMOND . (Corol 60929; 9-60929)

"A GAY CABALLERO" (3:14) [Jerry Vogel Music Corp.] John-ny Desmond diverts a bit from his us-ual manner and bounces through a cute novelty with a familiar melody. He sings the bit with a Mexican ac-cent that makes for amusing listen-ing. ing.

ing. "THANKS FOR LETTING ME KNOW" (2:44) [Radon Music] Johnny comes back to his familiar form by singing, with warmth and ease, a pretty ballad. The tune and delivery are both soft.

THE THREE SUNS (RCA Victor 20-5185; 47-5185)

(RCA Victor 20-5185; 47-5185)
"ECSTACY TANGO" (2:30) [Jefferson Music] An exciting tango gets a vivid and sparkling Three Suns instrumental treatment that oughta draw coin. The tune is lovely and might happen.
"WAGGASHOE" (2:30) [May-fair Music] The boys do another stirring job but this time on a rag-time hand clapping item with a novel-ty touch that really makes you want to join in. A fitting kin deck for a fine top half.

LEROY HOLMES ORCHESTRA (MGM 11436; K-11436)

(MGM 11436; K-11436) • "T'LL BE HANGIN' AROUND" (2:12) [Broadcast Music Inc.] Leroy Holmes usually backs artists with lush accompaniment but here he and the ork let themselves go as they belt out a rousing jump number. The Comets join with some fine vocaling on a good tune. • "T'M MAKING UP FOR LOST TIME" (2:10) [Essex Music] Another good jump number gets a rhythmic treatment from the Holmes ork and the Comets. The piece is fine for jump dance lovers.

CINDY LORD (MGM 11442; K-11442)

"LET'S FALL IN LOVE" (2:42) "LET'S FALL IN LOVE" (2:42) [Bourne Inc.] A most lovely oldie tries to make a come back and from the way Cindy Lord's waxing sounds, it stands a good chance. She sings the ballad in a soft and star-dusted man-ner. Cindy can really put over a song. "COME BACK TO ME MY LOVE" (2:22) [Song Dex] From a familiar classical waltz melody comes this pretty hushed vocal de-livered by the chirp against a lush tender backdrop.

LITA ROZA (London 1295; 45-1295)

(London 1295; 45-1295)
"HI-LILI, HI-LO" (2:36) [Robbins Music] A pretty waltz tune with cute lyrics, floats along with the delivery that Lita Roza gives it. The full support is handled by Johnny Douglas' ork.
"TAKE CARE OF YOURSELF"
(2:35) [Peter Maurice Music] Lita sings with a whisper of tenderness in her voice as she eases through a most beautiful ballad. She really puts a load of feeling into a fine delivery that could happen.

JACKIE LEE HIS PIANO AND CHORUS (Essex 315; 45-315)

"LOVE MOOD" (2:36) [East-wick Music] The soft touch of Jackie Lee on the piano lends a smooth flavoring to a great side that's supplemented by Jackie's chorus. The tune has an easily remembered melody that could catch on. It's fine juke box matter.

G "I'M GONNA MISS YOU, BABY" (2:29) [Eastwick Music] The boys handle a rhythmic jump piece that has a bit of an R&B flavor to it. Jackie's fingers glide over the keyboard in a stylish manner.

BILLY LIEBERT & HIS RHYTHMAIRES (Imperial 8181; 45-8181)

B "MARGIE" (2:13) [Mills Music] A sensational standard is socked out to a Charleston tempo by Billy Liebert and his Rhythmaires with a ragtime sound and a terrific bounce beat. This exciting rendition really jumps. Fans oughta love this.

G "MARY LOU" (2:15) [Mills given an infectious lift by the crew, with a piece of music that really makes you want to jump.

BILLY ECKSTINE (MGM 11439; K-11439)

B "COQUETTE" (3:22) [Bourne, Inc.] A pretty ballad gets the in-imitable Billy Eckstine treatment with an assist from the Lee Gordon Singers and Nelson Riddle's ork. The crooner's voice is in fine form.

B "A FOOL IN LOVE" (3:22) [Leo Feist, Inc.] The stylist comes up with another polished deliv-ery of a ballad. The song is a good one; might be what Billy needs to come up on top.

JACKIE GLEASON (Capitol 2361; F-2361)

"MELANCHOLY SERENADE" (3:13) [Jaglea Music] Comed-ian Jackie Gleason exhibits some of his hidden talents as he leads a lush string orchestra through a composi-tion which he created himself. It's the theme song to Gleason's program and is really lovely.

B A HABIT WITH ME" (3:11) [M. Witmark & Sons] Jackie leads the string ork through another invit-ing piece that features a top notch trumpet solo by Bobby Hackett. This soft romantic music is most appealing.

GENE WISNIEWSKI & HARMONY BELLS ORCH. (Dana 2104; 45-2104)

• "TELL ME YOU'RE MINE" (2:43) [Capri Music] Gene Wis-niewski backed by the Harmony Bells ork does a smooth job of singing a current pop hit in both English and Polish. It's a fine presentation.

G (2:38) [Dana Music] The Har-mony Bells do an instrumental polka to the tune "When Johnny Comes Marching Home Again." The boys go all out and really belt this number.

THE CASH BOX SLEEP

"KAW-LIGA" (3:00) [Milene Music] "MY HEART IS A KINGDOM" (2:34) [ABC Music]

> DOLORES GRAY (Decca 28582; 9-28582)

2; 9-28582) derby. She takes a terrific Indian War Chant type of number called "Kaw-Liga" and with the aid of the Commanders and the Ray Charles Singers, belts, out a read-ing that makes you want to sing with her. The song was written by the late Hank Williams and is definitely one of 'the best he's ever composed. It originally stems from the folk and western market, and the way Dolores sells it, it's a must-for pop song stardom. On the lower lid the thrush changes the mood and warmly offers a ballad with meaningful lyrics tagged, "My Heart Is a Kingdom". We "My Heart Is a Kingdom". We look for the top lid to really do a bang-up job in sales.

LIZA MORROW

LIZA MORROW (King 15217; 45-15217) SATIN PILLOWS'' (2:56) [Sheldon Music] Liza Morrow does a fine job of vocaling on a cute story telling number with a Latin tempo refrain. Bill Stegmeyer fits the music to Liza's voice in fine form. "THE NOTHING TO SING THE BLUES ABOUT BLUES" (2:30) [Tannen Music] The thrush comes up with a different tempo vocal as she offers a torchy reading of a blues item. The lyrics are interesting and the artist sounds fine.

FREDDY MARTELL (Jubilee 6030; 45-6030)

G "RIVER, DON'T BE ANGRY" (2:25) [Bourne, Inc.] Against a setting by George Siravo's ork, Freddy Martell delivers a fast moving and interesting folk-like item.

B "EVERYTHING IS GONE" (2:52) [Regent Music] The vo-calist's voice stands out to better ad-vantage on this strong and powerful ballad with meaningful lyrics. The backing is once again fitting.

HARRY BELAFONTE (RCA Victor 20-5210; 47-5210)

"GOMEN NASAI" (2:20) [Walt Disney Music Co.] A Japanese tune with a Latin rhythm that's on the soft side, is wonderfully voiced in a tender manner by Harry Belafonte. The artist who could make it big with this side has a fine chorus for backing.

B "SPRINGFIELD MOUNTAIN" (2:29) [Public Domain] Harry blends his voice perfectly with the chorus to do a lovely folk item with a catchy tune. It's a most pleasing piece of material the way Harry and the group put it over.

BETTY CLOONEY (Coral 60930; 9-60930)

B "I IDOLIZE YOU" (2:53) [Choachella Music] A lush string background is arranged for Betty Clooney as she sings a slow ballad in a star-dusty manner. Her voice is al-most identical to her sister, Rose-mary's, and has an added warmth to it.

"YOU'RE ALL I SEE" (3:04) [Leeds Music] Betty has a tear in her voice on this deck, too, as she offers another soft and touching num-ber. The tune is a pretty one, too. It's a fine start from all angles for the thrush on her first Coral release.

LYN AVALON (Skylark 549)

B "CRAZY CRAZY" (2:26) [Johstone Mantei Music] A nov-el bouncer is amusingly jumped through by Lyn Avalon in her pert voiced manner with an assist from Paul Smith's All Stars. A cute piece of light listening.

• "LET ME HEAR YOU SAY I LOVE YOU" (2:36) [Van-guard Music] Anther good arrange-ment of an interesting jump is run through by the chantress. A cute side. side.

RETA MOSS (Mercury 89024; 89024 x 45)

B "WHEN DAY IS DONE" (2:35) [Harms, Inc.] The wide four octave vocal range of Reta Moss deals out an exciting fashioning of a wonderful standard. Her clear chant-ed type of delivery ought draw lis-teners. teners.

G (YOU NEVER HAD IT SO GOOD" (3:05) [Marshall Mu-sic] The chirp does another interest-ing job on this end as she offers a bal-lad with George Williams' ork for backing.

JUDY LYNN (Coral 60931; 9-60931)

G"SHE LOOKS" (2:30) [River ic] Ray Bloch and his men set up a fitting atmosphere for a light and amusing double entendre ditty by Judy Lynn that should draw interest. It's a pleasing piece.

B "SATIN PILLOWS" (2:30) [Sheldon Music] Judy hands in another delightful number that tells a cute story and has a pleasing lilting Latinish rhvthm that makes it pleas-ant sounding. The story is cute, too.

GISELE MacKENZIE (Capitol 2354; F-2354)

"LET ME KNOW" (1:49) [Four Star Sales Co.] Gisele MacKenzie who did a standout job with "Don't Let the Stars", does a follow-up by the same author, Slim Willet. The thrush does a great job on a similar tempo reading of a terri-fic tune. She really belts it.

B "FRIEND OF THE FAMILY" (2:22) [Shapiro Bernstein & Co.] Here Gisele handles a "Tennes-see Waltz" like sentimental ballad. The meaningful lyrics and pretty waltz tempo highlighted by a smooth reading make this fine material.

DOLORES GRAY

• Dolores Gray does one of the greatest things of her star-studded career by waxing a song in such an outstanding manner that we think it will go way up on the juke box

ge the south there at ROSS LEONARD (Big Town 1004)

(2:36) [Big Town Music] The smooth and warm voice of Ross Leon-ard sounds warm in his delivery of a pretty ballad. The tune is fine and the straight forward delivery makes it sound better.

G "LINGER LONGER" (2:34) [Big Town Music] Morty Craft's orchestra continues to dish up a fit-ting set for Ross. The tune is not as pretty but the delivery equally fine.

LISA KIRK (RCA Victor 20-5187; 47-5187)

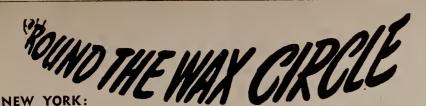

C "CATCH ME IF YOU CAN" (2:52) [Regent Music] A great deal of fun is thrown into a cute ditty sung by Lisa Kirk. A chorus helps her on the fast moving bouncey item.

B "O-HI-O" (2:40) [Chappell & Co.] From the musical "Wonder-ful Town" comes this inviting number that Lisa does well on. She gets a fine assist from the male chorus that backs her. A pleasing side.

SIDNEY TORCH ORCHESTRA (Coral 60938; 9-60938)

(cstat CCSTACY TANGO" (2:36) [Jefferson Music] A lovely tango number is presented in a lush and full of strings manner by the Sidney Torch orchestra. The tune is beauti-ful and the delivery, even better.

CORONATION SCOT" (3:00) [Chappell & Co.] An announcer tells of the leaving of a train called the Coronation Scot and as the wheels start chugging the melody of the tune comes forth. The tune is good and the arrangement is something differ-ent.

Mr. Bob Austin The Cash Box 26 West 47th Street New York 19, New York

Dear Bob:

At the time I wrote my little letter to Hank Williams on New Year's Day, I had no thought whatever of it accomplishing any purpose other than to relieve me of some of the questions which I would normally receive from our distributors.

Sol, however, asked that I give permission for it to be reproduced in Cash Box. Thank you, Bob, for doing just that, and the result in the way of telephone calls and letters from all over the country is astounding and proves again to me the importance of Cash Box. I am sure that you will appreciate that in dozens of instances the letter has been used on radio stations, as the text of sermons, etc., and in most instances that the material was taken directly from Cash Box.

Again my personal thanks.

Cordially yours,

Frank B. Walker

Thank you, Frank Walker. While we know The Cash Box serves the recording and music industries to the highest degree possible, proved by many incidents which take place daily, we are always happy and proud to have our friends, such as you, tell us of our strength and importance.

Sullivan Salute To Record Industry Turns Out To Be A Dud

NEW YORK — Ed Sullivan's "Toast of the Town" TV show, which had been heralded as a salute to the record industry, turned out to be a dud last Sunday.

Not only was the original theme of the show forgotten, i.e. that records are the most inexpensive form of entertainment, but also the general opinion in the trade was that the program in effect turned out to be merely an excuse to have a procession of record stars perform without any relationship to the central theme.

At a meeting at the beginning of this year, when the show was being discussed, it is reported that in exchange for the cooperation of the record companies in securing artists for the program, definite promises were made that the the theme of records being the most inexpensive form of entertainment would be emphasized. Moreover it is reported to have been promised that a demonstration would be made of how easily a phonograph attachment could be plugged into the TV set that audiences were looking at. Neither of these promises were fulfilled

While it was the opinion in the trade that complaints about the program could not realistically be made to Sullivan, since his is an important program as far as artists are concerned—and as a matter of fact it is even claimed that he received several letters of congratulations from top record officials who privately thought the show was a disaster — there was nevertheless great disappointment in the record and music businesses.

The show had been ballyhooed as a great tribute to the record industry on the 75th anniversary of the invention of the phonograph and it had been the second major enterprise of the RIAA, the first having been the Hartford Music Festival.

The only consolation to be found as far as the record companies were concerned was that all of them were treated equally as badly \rightarrow each of them being almost completely sluffed off.

Not only was the record industry neglected, but also the juke box industry, which had been promised an important part of the program. Meyer Parkoff of Atlantic, New York, the Seeburg distributor for this area, had gone to much expense to have an original 1925 juke box and the latest commercial model delivered to the show so that the development of the juke box industry could be demonstrated. However, although these machines had been requested, they were never used on the program and juke boxes and their relation to the record business were not mentioned once.

From reliable sources this week, the impression was gathered that the record industry had been double crossed. In good faith, it had gone to work to recruit stars for the show and promote it as a mejor enterprise, and after that had been accomplished, the promises made in return were forgotten.

Lyres Decide On Club Rooms In New York

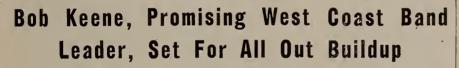

NEW YORK — The Lyres, newly formed club of music men in New York, held an organizational meeting at the Great Northern Hotel last Thursday night and it was decided to negotiate for permanent occupancy of the Vermillion Room in that hotel beginning April 1st. The great Northern is located at 118 West 57th Street.

A membership drive is currently being conducted with all those who are connected with the music industry eligible for membership if they meet the rules set up by The Lyres.

Club facilities will include private dining room and bar, lounges with TV and card playing, and other facilities which will be welcome by all music men in the city.

The initiation fee and first year's dues are \$100 and requests for the prospectus should be made to any of the following: Henri Rene, president; Ben Selvin, vice-president; Herb Hendler, secretary; and Sal Chianti, treasurer.

HOLLYWOOD, CAL. — Bob Keene looks like the most promising young bandleader in this area. Having played the Southern California circuit for a number of years, Bob has developed a large teen age audience and his current Vogue Records are being constantly heard over disk jockey programs.

The personable young bandleader seems to have developed that much sought after phenomenon, a new sound. Only this isn't based on any gimmicks but on straight musical forms.

His records, such as his latest, "Begin the Beguine", are not only causing excitement among the young set in California, but his congenial personality seems to attract scores of youngsters who have become a devoted audience.

A protegé of Artie Show, Keene too, is a clarinetist — but with a style all his own. His work on records shows a distinctive approach to music which should pay off in large record sales under the proper circumstances.

Keene's records so far were cut on speculation and immediately snapped up by Vogue. However, he is now negotiating for a major record contract and there's little doubt that once on- a major label, he should quickly take his place with the top band leaders in the business.

Bob was recently signed by Music Corporation of America, and the agency is set for an all-out drive to spread his reputation across the entire country.

From our point of view, that should be done with ease.

CHICAGO — Kenny Bass, Coral recording artist, polishes up his trophy after being acclaimed Midwest polka champ 1952-53 in competition with polka bands throughout the area.

Close Harmony

NEW YORK-Joining in a bit of close harmony backstage at the Palace Theatre are songwriter Frank Loesser, Danny Kaye and singer Julius LaRosa, the young Navy veteran discovered by Arthur Godfrey. LaRosa's disk debut singing "Anywhere I Wander" has hit the half-million mark in sales within three weeks of its appearance. Kaye introduced the song in his latest picture, "Hans Christian Anderson," the entire score of which was written by Loesser.

At the 1952 show, which was held at the New Yorker Hotel in New York City, over 3,000 persons representing 1,670 retail stores selling more than 85% of all musical merchandise and services were registered. Total attendance exceeded registered. Total attendance exceeded 7,400 persons representing music, de-partment, and furniture stores, dis-tributors, manufacturers, press, radio and others.

and others. For this year's convention, all re-quests for exhibit space must be filed on the application form supplied by the association. Exhibitors must qual-ify as commercial members of the Na-tional Association of Music Mer-chants. Space applications must be re-turned to NAMM by April 1, 1953 in order to protect priority on space oc-cupied in 1951.

Palmer House sleeping rooms will be assigned to Trade Show exhibitors only. No exhibits or merchandise displays are permitted in sleeping rooms or parlor suites. Cooperating hotels reserving accommodations include Congress Hotel, Conrad Hilton Hotel, Blackstone Hotel and Morrison Hotel.

Can History Repeat?

NEW YORK-Since the opening of the 20th Century Fox film "Ruby Gentry," many inquiries have been received with reference to the theme music of the picture.

Robbins, Feist & Miller, Publishers, noted the interest and had Mitchell Parish write lyrics for the tune which they have named "Ruby." The publishing company reacted to the demand because of its experience with the theme music to the movie "Laura." "Laura" became a hit in exactly the same manner. The composer of the "Ruby Gentry" theme is Heinz Roemheld.

[K & K Music]

yoice and his name is Norman Brooks. He has a voice that folks might call "Jolsonesque." It's not exactly like Jolson but has the same warmth, vigor, vitality, and color that the late Al Jolson had. "Hello Sunshine" is the name of his first waxing. It's a peppy bouncer delivered in a sparkling manner against the infectious corny sound of a banjo. The boy is all personality as he belts out this thriller. He's a natural for the boxes and a true performer. The other side is called "You're My Baby" and features the artist on a slower and more mellow item. The top deck is the one with all the quality and we expect it to do wonders for the lad. He's gonna be a big name in show business.

Watch The Engineer

NEW YORK-MGM Records artists Fran Warren and Ken Remo, and Mel Torme of Capitol, surround Bill Silbert (seated right) on a recent "Silbert At Six" show over WMGM, 6:00 to 7:00 P.M. Novel feature of Silbert's show is Saturday night dancing during the broadcast to music of the Joel Harron WMGM Orchestra. Silbert, who intends to make a creative contribution to teenage entertainment, has formed a "Saints and Spinners" club with picnics, theatre parties, and other social activities planned. In addition, he beams an occasional worthy bit of advice to his teenage audience on the Monday through Saturday show.

Benefit For Aged Brings Unique Reward To Four Aces

MILWAUKEE, WIS. — With the Four Aces appearing at the Riverside Theatre here, an item regarding the boys and their manager, Herb Kessler, came to light during general conversa-tion at a dinner the other eve.

Some months ago, when the Four Aces were appearing in a concert at Cleveland's Auditorium, Jack Cohen, President of the Ohio Phonograph Owners Assn., phoned Herb Kessler asking Herb to bring the Four Aces to a benefit performance for his Rabbi at his synagogue for a very worthy cause cause

Jack Cohen, unknowingly, had phoned the very last night of the con-cert. Just as the boys were all packed. Waiting to make their final appear-ance. And then dash to Cleveland's airport for a trip to Boston, Mass. for their next appearance.

When Herb Kossler explained the situation, Jack Cohen became even more insistent. He begged Herb to have the Four Aces play this benefit.

After much palaver, the airplane schedule was changed to an early dawn plane. The Four Aces were rushed out to Shaker Heights in Cleve-land immediately after their final con-cert appearance to play this benefit.

They put on a terrific show. And because of their grand performance the good Rabbi was tremendously thrilled at the marvelous donations which he received and which, he later explained was for the purpose of buy-ing records of all kinds for the home for the blind in Israel.

The good Rabbi had just returned from visiting Israel. And when visit-ing the home for the blind there he had been asked, when he inquired as to what these people wanted most, to send recorded music of all kinds, and as much as he could, for this was the one really supreme enjoyment of these blind peoples.

Herb Kessler explained to the Rabbi that not one of the Four Aces was of the Jewish faith. In fact, he advised the good Rabbi, the boys were all de-vout Catholics.

The Rabbi listened. And just as the boys, Dave, Sol, Al and Lou, were preparing to dash for Cleveland's airport, he called them over to him.

He gave each one a St. Christopher Medal which, he told the boys, had been personally blessed by the Pope whom he had stopped off to visit in Rome's Vatican City on his way back from Israel.

He had brought the medals back on request of personal friends of the Catholic faith.

But the good Rabbi now believed that these friends would agree with him that the Four Aces deserved the medals for their grand and charitable performance that evening which had raised so many thousands of dollars for records for the blind in Israel's home for the blind.

By the way, the Four Aces are still wearing the medals. Oh, yes, everyone of their record-ings can be heard in the Home for the Blind in Tel Aviv, Israel.

Depending on our mood of the moment, we frequently get around to inserting our proboscis into the mail bag to see what the gods have wrought. There are times when the resultant flurry of excitement caused by one of these articles can be compared to the fury of an artist scorned. Usually, 'though, the mail is warm and friendly, and we have been invited to announce our demise only a few hundred times.

This was one of those weeks when the tornadoes came. Most of our colleagues were frank to admit they would be willing to purchase (for a nominal fee) their initial introduction back from us. Others, in not-so-fortunate circumstances, were wont to tell us of their immmediate plans, such as leaving the business forever, committing suicide, joining the armed forces with personal requests for Korean service, etc., until "The Hale You Say" freezes over.

A scant few were so taken in by our air of authority, that they made inquiry of us in regard to certain puzzling points anent the record business. Because these are about the only subservient colleagues we know, we will

devote this week's session to a question-and-answer period—and the rest of you can eavesdrop . . .

Q.—(From a local arranger): "Considering the current trend in popular recording, would you suggest that I, as an arranger, lean more toward augmented or diminished fifths with sub-tonic overtones, or do you feel that the tonic and basic harmonic structure will create a popular demand for neo-classic harmonies?" P. F. A.—Definitely.

NATT HALE

Q.—(From a major recording artist): "Your recent column on the activities of recording artists 'on tour' seemed to point out that artists should be able to get around on their own. Don't you feel that the local promotion men are the people who should be given full rein

regarding the activities of a visiting artist in his town?" V. T.

A.-Bless you, my lad.

Q.--(From an A. & R. Director): "A week or two ago, you made a hinted mention that there should be more cooperation between the A. & R. Director and the men in the field. Do you believe that the men in the field could discover any worthwhile talent?" K. R. L.

A.—Oh-h-h-h, you mean for records!!

Q.—(From a powerful juke-box operator): "You evidently feel that music operators' conventions are a waste of time. Do you sincerely believe that?" P. A. L.

A.-Hell, no-Did you ever dig those models?

Q.--(From an important retail dealer): "In one of your very first columns, you made the assertion that retailers can 'hypo' the sale of a hit record by 'glomming' on to it real fast. Just what exactly does this mean?" Q. E. D.

A.—Simply, to coin a phrase, to get with it and latch on to the lucremagnets like a bunny, else the loot may be a long time before it makes the circuit twice-over. See?

Q.—(From a nationally-known composer): "While I feel it may be a waste of time to glean your satire, I do feel it would be interesting to learn whatyou think of present-day song-writers. Don't you believe that all new songs being written today are true, original compositions?" C. T. X.

Q.—(From an amateur songwriter): "I saw your column, and, not knowing anybody connected with the recording companies directly, I thought you might be interested in a pure business proposition. I write songs—pretty good ones. In fact, better than any I've heard lately. In fact, better than any I've ever heard. Would you be interested in getting these songs recorded for me on a major label, with a major artist? If you would, I'll be glad to give you a quarter (¼) interest in the song. Interested ?"

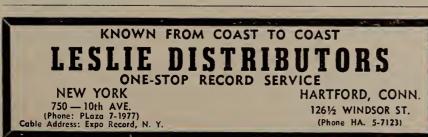

A.—WOW! AM I?!!

A.--

Which is about all we can cover in this session of the meeting.

Remember, if you have any problems concerning any tangent of the record industry—any problem whatsoever— — —

Thanks a million for writing....

Six Labels Set To Cut "Anna"

WASHINGTON — Indications are that Milt Grant disk jockey at WOL-Washington, D. C., will emerge from the current excitement on the tune "Anna" from the new Sylvana Man-gano flick "Anna" as hero of the day.

A short time ago Grant received the sound track from the picture and the persistent jock stayed with the tune on the air until one by one the re-cording companies fell into line and are getting set to cut the tune with ton artists artists

Six labels have indicated their in-tentions to cut following the MGM sound track. Included among them are Coral, Decca, Victor.

CLEVELAND—The Cleveland Pho-nograph Merchants Association and the Cleveland Press will revive the highly successful "Hit Tune Parties" of 1947 on March 5 at the Music Hall, Cleveland. Juke box operators and record companies will cooperate. The public will be asked to name the unreleased tune they believe has the best chance of becoming a hit. From 4 to 6 p.m. on March 5 record lovers will be admitted free to the Hall to listen to, select and vote for the record they believe will be "it." The tune will then receive the desig-nation "Hit Tune" for April and placed in juke boxes all over the state. The "Hit Tune Party" for March features Florian Zabach, Vini De-Campo, Tony Morelli, Tex Benecke and other outstanding recording art-ists. Eddie Habat and his orchestra will provide the music throughout the party to round out a full slate of en-tertainment. Prizes will also be awarded as another highlight of the party. Bill Randle of Radio Station WERE AFTER MARCH 15th 5CRAP o part Bill Randle of Radio Station WERE will act as emcee for this first "Hit Tune Party" of 1953. He will spin ten unreleased records, selected by repre-sentatives of the Phonograph Mer-chants' Association of Cleveland, Cleveland Press and record distribu-tors, using a large juke box. occupying the center stage position. The antici-pated 3,000 in attendance will then vote for their favorite tune. Jazz Singer Jump

On Six Week Tour

NEW YORK—What the music world and the public have been waiting for is finally coming true. Benny Goodman is finally coming true. Benny Goodman is reorganizing an orchestra to head through a nationwide tour of some of the country's big auditoriums and concert halls. Co-starring with B.G. will be the Louis Armstrong aggrega-tion that has been doing a bang up job in the box offices this past year.

The top name jazz fling is slated to open in New England some time in the middle of April and will travel across the nation for six weeks. Handling the bookings for the concert is Joe Glaser's Associated Booking Corp. with Norman Granz set to promote at least seven of the dates.

least seven of the dates. The tremendous noise created by the 1937-38 jazz record album re-corded by Benny and his greats is probably the most important factor causing B.G. to make a comeback in the band category after three years of doing a single around the world. Benny is gathering a crew of his old side-kicks for the tour which will boast the names of Gene Krupa on the drums, saxist Georgie Auld, trum-peters Billy Butterfield and Charlie Shavers and Benny's former ork song-stress, Helen Ward. There is, however, no sign that the high priced group of jazz vets will continue to work to-gether after completion of the concert run.

The tremendous crowd drawing or-ganization affiliated with Louis Arm-strong is expected to feature Velma Middleton who cut two terrific sides with Satchmo that were taken directly from a previous concert. Other stars with Louis will probably be pianist Ralph Sutton, Trummy Young han-dling the trombone. bassist Arvell Shaw and drummer Cozy Cole.

Benny an Satchmo, who have al-ways been top drawing cards in the jazz field, seem to be headed for a Spring run that oughta really rock the jazz loving public.

Tempo Employee Arrested For Theft

NEW YORK—Jimmy Barnes, ship-ping clerk for Tempo Distributors, New York, was arrested this week and charged with having stolen and disposed of a huge amount of record merchandise. Jack Bergman, Tempo prexy, estimates the loss at over \$20,000.

Bergman had become suspicious of Barnes several months ago and had him placed under surveillance. For ten weeks detectives Schilling & Pritchard kept an active watch on the Tempo employee and when the time was ripe picked him up. Barnes was questioned for seven hours before he broke down and admitted the thefts which had been over a protracted period of time.

Dealers who were purchasing the stolen merchandise are being questioned, and it is reported that one merchant has admitted receiving the looted disks. Bergman did not clamp down on the parties involved until all his suspicions were confirmed. However, he did notify his manufacturers of what he suspected and asked their cooperation until the situation could be clarified.

Business at Tempo will go on as-usual with additional capital coming into the firm. Many of the manufacturers involved are allowing Bergman an extended period of time to recoup the losses incurred through the theft.

Ge "LAURA" (2:23) [Robbins] The flip is a slow moody piece dreamily arranged. Lucas gets off a mellow bit of saxing.

EARL HOOKER TRIO (King 4600)

"BLUE GUITAR BLUES"
(2:43) [Jay & Cee] The Earl Hooker Trio, with some outstanding guitar work by Hooker, wax a slow blues with feeling.
"RACE TRACK" (2:29) The group dishes up a quick beat in-strumental bounce. A beaty dish ex-citingly done.

TODD RHODES (King 4601)

B "LOST CHILD" (2:21) [Jay & Cee] The Todd Rhodes ork come through with a tender item in the moody vein. Laverne Baker handles the vocal end, and the full throated thrush does a potent job. A little more restraint would have gone better with the general tone of the etching.

B (2:30) [Jay & Cee] The flip deck is an instrumental boogie belted in top notch fashion by the Rhodes aggregation.

JAMES WILLIAMSON (Chance 1131)

G"HOMESICK" (2:40) [Joni Music] James Williamson sings a slow deep south blues in low down style. Williamson chants with feeling. **B** "THE WOMAN I LOVE" (2:47) [Joni Music] Williamson does a shouty chant of a moderate quick beat deep south blues.

THE TEDDY WILSON TRIO (Mercury 89029)

B "OH, LADY BE GOOD" (2:55) [New World Music] The spar-kling chord sweeping of master Teddy Wilson, Buddy Rich on the drums and John Simmons, Bass, and a Gershwin tune. What more can jazz adherents ask.

^(C) "DARN THAT DREAM" (2:13) [Bregman, Vocco & Conn] The trio dishes up a lovely, restful slow beat ballad with the cocktail room treatment. For the quiet spots.

THE CASH BOX T E EEKX D D

"CRAWLIN" " (2:34) [Progressive] "YES, IT'S YOU" (2:50) [Progressive]

> THE CLOVERS (Atlantic 989) hot charts for some time to come. This terrific team dishes up a mod-erate tempo item with a rhythmic light hearted sound titled "Crawlin," The rocker is wedded to a cute set of lyrics, about the fellow who has had more than he can hold, and the boys squeeze every bit of humor and spirit out of the piece. The under portion is a change of pace. The Clovers effect-ively harmonize a colorful slow blues with a fine simplicity and earnest reading. Titled, "Yes, It's You," this tune will ride right along on its own merits. The Clov-ers have not one, but two hit sides on this bargein release.

The Clovers come through with another pair of top-notch diskings that will keep their name in the

MARY LOU WILLIAMS TERRY GIBBS SEXTET (Brunswick 80213)

G "DOWN BEAT" (3:05) [Em-peror] Recorded at an actual concert. Mary Lou Williams, famed 88'er, does a quick beat jump against a background of actual applause. A good disk for the specialized spots that cater to the jazz esoteric.

B "T AND S JR" (3:12) [United Music] Another quick beat with Terry Gibbs a standout. Anyone who has ever seen Terry on the vibes can work up a sweat just listening to this side. We like this side for any pop lo-cation except the dimly lit lounges.

PAUL QUINICHETTE

(Mercury 9453)

B "NO PARKING" (2:41) [Ta-masa] Paul Quinichette and his group dish up a fast moving item with zest for a happy and stimulating side. Paul's fine sax is complemented with some top-notch hammond and guitar work.

"PEOPLE WILL SAY WE'RE IN LOVE" (2:39) [Williamson] Quinchette gives a soft and mellow rendition of the lovely show tune of a decade ago. Again coming in for com-mendation are the able performances of the organist and guitarist.

THE DOZIER BOYS (United 143)

(LINGER AWHILE" (2:40) The Dozier Boys dish up a slow rhythmic oldie for a scintilating disk and a good pop possibility. A good sax solo ride helps round out a best bet for any box any box.

(3:00) The boys wax a slow love ditty in ok style. Backing is potent on both declas.

BIG JOHN BOUIE (Ember 100)

(Ember 100)
 STUMP JUICE" (2:50) [Ember Music] Big John Bouie belts a quick moving blues in low down style. Big John's delivery of the big bounce is aided by a chorus chant.
 "DEEP DEEP SLEEP" (2:40)
 [Ember Music] Flip is a similar item done in a moody style.

LOU BLACKWELL (Chance 1130)

(Chance 1130) G "HOW BLUE THE NIGHT" (2:38) Lou Blackwell sings a slow moving blues against some ok orking by the Al Smith group. "I'M BLUE WITHOUT YOU" (2:37) [Joni Music] Blackwell sings a change of pace item on the flip deck. A quick beat latin tempo is hauntingly sung as Blackwell manages to convey more feeling for a better side.

"MIDNIGHT" (2:38) The under portion is a slow rhythmic blues already waxed in all fields. All around effect falls short of the top deck.

MARY LOU WILLIAMS (Brunswick 80214)

(Brunswick 80214) "C JAM BLUES" (parts one and two) (3:17 and 3:20) [Robbins Music] Another tape made at a recent jazz concert complete with audience reactions give that live feel-ing that is missing so often in studio recorded sessions. Mary Lou Williams leads her group, some top notch side-men, through a real "go-go" item that excites from start to finish. The blood stream won't remain stagnant when this disk is spinning.

ARNETT COBB (Mercury 9468)

Arnett Cobb, who last year was out for a time because of illness, comes back with a smash side that reestablishes him as one of the top r & b pieces of talent. The upper lid, "Poor Butterfly," is a moderate rhythmic item etched in easy but fascinating style. Arrangement is unpretentious but the aggregation blends in becoming manner and

forms the perfect background for the vocalizing of the catchy lyrics. Chorus chanting helps round out the side. Outstanding is the solid bit of saxing contributed by Cobb. The lower lid is the Cobb treatment of the current pop favorite "Con-gratulations To Someone." The melodic item acts the showcase for the Arnett Cobb sax. Waxing is in the soft lights vein.

MGM Inks New Thrush

MGM Records has just signed pret-ty vocalist Doreen Davis to a one rec-ord contract deal. Her first disk which will be released March 13th is "Good-bye Charlie, Goodbye" b/w "Love Me Now." Joe Lipman handles the orches-tra on both sides. Doreen was discovered on Art Ford's T V show "Rumpus Room" and from there went on to achieve success with some of the country's leading bands. She has been booked to appear at New York's gala Press Photographer's ball.

Plan For Industrial Groups

NEW YORK-Carl Fischer, Inc., for eighty years one of the top names in music, has designed a plan for In-dustrial Music Groups. They are prepared to help organize a chorus, glee club, band or orchestra. Idea is based on the theory that there is no form of recreation which appeals more to all ages and both sexes.

NEW YORK—Lou Harold of the new K & K Publishing Company has had his first song "You're My Baby" recorded by the young Norman Brooks on the new Zodiac label. Lou, who has been in the music business for over twenty-five years, has led a band at the Bal Tabaran night club for 19 consecutive years. Lou says that this is one of the longest stints of its kind on Broadway.

The new publishing firm has gotten its first order of sheet music from the Carl Fisher Music Company.

Although Lou Harold has been in the business for over a quarter of a century, he's excited about his new venture.

NEW YORK — Larry Newton, Derby prexy, announced the signing of Tommy Reynolds to a term deal. Newton disclosed that Reynolds has been building a new book under the direction of Bernie Woods.

LADDER OF

FROM

Best Sellers

NEW YORK — The death of Hank Williams continues to be the hottest music storv of the year. That the country would be stunned was expec-ted. That the press would carry mi-nute details of the western artist's life was expected. That tributes from all segments of the music industry would be forthcoming was expected. That an ubsurge in the sale of Wil-liam disks would follow was expected. But the tremendous hold that the chanter had on the hearts of the lis-tening public was totally unexpected. No one could deny Hank Williams was a popular artist. No one could deny that the singer was held in great esteem and was deeply beloved by all. But the overpowering extent of the grip this country boy had on his pub-lic could never have been fully real-ized were it not for his unfortunate early death.

early death. Within a matter of a few short days, the rush to market Hank Wil-liams tributory disks was on. Every company, major and indie, issued eu-logies in the form of hymns, orations, or direct chats with the deceased Hank Williams. Very rarely, in the record biz, dose more than one record-ing make it big. But this is no ordin-ary circumstance. It seems that al-most every disk released with this theme has found a ready market.

It was the practice of Frank Walk-er, MGM prexy, to write Williams on the first of each year. This year, al-though the western singer-writer was already dead, Walker wrote the letter nevertheless. The missive was so fine a tribute and so tenderly done that The Cash Box asked permission to

reproduce it in full. The letter start-ed a chain of events that culminated finally in the issuance of a record by Disk Jockey Jimmy Swan of WFOR, Hattiesburg, Miss., on which Swan read the Walker letter.

Page 24

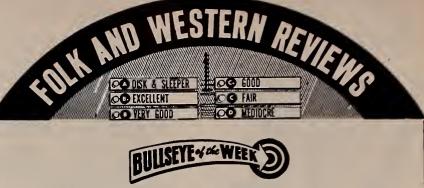

When The Cash Box printed the Walker letter, disk jockies the breadth of the land read it over the air. An immediate wave of requests swept into the MGM offices from every town, barnlet and water towns in the United hamlet and water tower in the United States. Pressure was applied to Frank Walker to issue the letter on a record, but not wishing to capitalize on the death of his friend, the MGM chief refused.

Without the knowledge of anyone at the MGM diskery, Jimmy Swan, re-corded the now "famous" letter and broadcast it on his show. His broad-cast started another flood of requests. "Naturally", stated Frank Walker, "we could permit no other company to use it and we still didn't want to issue it ourselves". Shortly thereaf-ter, Hank's mother phoned Walker from Alabama and asked him to "Please release the record of "The Last Letter'."

"The Last Letter" opens with the slow tender chanting of a hymn. Swan gives a simple and tender reading of the poignant missive against a light string backing. The flip deck, a quick beat religious item, is an appropriate coupling. While ordinarily a record-ing of this type would not be juke box material, because of its special nature, we feel that there are many locations in which it will prove an attractive coin catcher. coin catcher.

OPERATORS BACK SEN. FREAR'S "OPTIONAL DEPRECIATION" BILL

First Reported by THE CASH BOX Last Week Now Operators All Over Nation Quickly and Enthusiastically Back Sen. Frear's Bill Recently Introduced in U. S. Senate to Allow Businessmen to Depreciate All Equipment at Their Own Option Within Reasonable Period of Time. Will Cure Many Present Depreciation Inequities by Allowing Ops to Set Up Their Own Depreciation Rates and Time Schedules

CHICAGO—The immediate and enthusiastic reaction to the "optional depreciation" bill introduced just recently into the U. S. Senate by Senator J. Allen Frear, Jr., of Delaware, first reported in *The Cash Box* this past week (February 21, 1953 issue), was actually overwhelming.

For some years now *The Cash Box* has been reporting the inequity of present depreciation rate schedules.

Such outstanding Certified Public Accountants as Herman Jaffe of New York and Leo P. Kaner of Chicago, both men with experience in the coin operated machines business, have written articles for this publication attempting to explain what could possibly be done to alleviate the inequities which exist at present as far as depreciating equipment by operators is concerned.

For some years now letters by the dozens have been received by *The Cash Box* from operators from everywhere in the nation asking what could be done to somehow bring an end to the depreciation problems with which they were, and are faced, to this day.

For example, it is reported that in some areas local tax officials have okayed a three-year depreciation schedule for coin operated phonographs. Yet in other areas in the nation this same product can only be depreciated in four years and, in some cases, over a period of five years.

In this area there has been much discussion going on for sometime with the Internal Revenue Department as to a more equitable depreciation rate schedule. But, so far, none of the talks have been successful. Even though outstanding operators continue to attempt a cure for this inequity from time to time through the good offices of their accountants.

Senator Frear's bill (S. 298) is, therefore, a godsend to almost every operator in the nation. This is the reason, without any doubt, for the immediate and enthusiastic response which came to this publication from its first report regarding the introduction of this bill into the Senate of the United States, 1st Session, 83rd Congress.

As Senator Frear's bill states in its preamble:

"A Bill to afford the taxpayer the right to determine the period of useful life of property in computing deductions for depreciation under the income-tax laws."

In short, and as appears in the headlines above, the operators will have the right to set their own time period on depreciation of their equipment, provided of course, that it is a "reasonable period of time."

This means that, where juke box operators for example, feel that their phonos should be depreciated in three years and that this is a reasonable period of time, they can so set their schedule and so advise the Internal Revenue Department through their accountants.

The same applies to amusements, vending and service machine operators. It will cure many inequities now found throughout the nation regarding the various depreciation schedules in existence.

As reported last week in *The Cash Box*, the Senate Small Business Committee proposed "optional depreciation" in 1952.

Tax experts are strongly behind this move. The machine tool industry is fighting hard for "optional depreciation" in Washington at this time.

Treasury officials believe that, if this bill becomes law, most businessmen will rapidly depreciate all equipment because businessmen realize, these officials claim, that taxes will not go higher, but instead, may go much lower.

Therefore, these Treasury officials, frown on this bill for they believe that it is against the aim of the present administration to balance the budget.

Tax experts argue strongly against these points. They claim that "optional depreciation" will mean less taxes in the years when the equipment is depreciated, but higher taxes after it has been depreciated completely, so that it equals itself out in every case.

There is no doubt from the response which this publication has already received that operators are going to write and urge their Senators to back Bill S. 298 as introduced by Delaware's Senator J. Allen Frear, Jr. Here is Bill (S. 298) as Introduced by Senator J. Allen Frear, Jr., (Delaware) in The U.S. Senate, 1st Session, 83 Congress:

A BILL

To afford the taxpayer the right to determine the period of useful life of property in computing deductions for depreciation under the income-tax laws.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 23 (1) of the Internal Revenue Code (relating to deductions from gross income for depreciation of certain property) is amended by adding at the end thereof two new sentences as follows: "In computing the deduction with respect to any property, the period of useful life of the property shall be determined by the taxpayer but, in the case of real property, shall be not less than five years and not more than fifty years, and, in the case of personal property, shall be not less than one year and not more than five years. The taxpayer shall, in such manner as the Secretary shall prescribe, notify the Secretary of the period of useful life determined by him with respect to each property and the period so determined shall be binding with respect to such property for all taxable years, unless the Secretary consents to a determination by the taxpayer of a different period of useful life with respect to such property."

SEC. 2. The amendment to the Internal Revenue Code made by this Act shall be applicable with respect to taxable years beginning after December 31, 1952, but shall apply only to property with respect to which a deduction under section 23 (1) of the Code first becomes allowable to the taxpayer in a taxable year beginning after December 31, 1952. **Page** 28

Music Ops' Leaders Prepare For Forthcoming Legislative Battle

Expect New ASCAP Type Bill To Be **Presented To Congress To Force** Music Ops To Pay Royalty – Tribute For Copyrighted Music. If MOA **Execs Meet In Chicago In March Expect This To Be Foremost Topic.**

CHICAGO-Reports reaching here

CHICAGO—Reports reaching here indicate that leaders of music opera-tors' organizations are already gird-ing themselves for forthcoming legis-lative battle in Washington, D. C. Belief of these men is that ASCAP (American Society of Composers, Authors and Publishers) will again have some Congressman introduce. a bill into this new 83rd Congress in an effort to force juke box ops to pay royalty-tribute for use of copyrighted music. It is also believed here that, if MOA (Music Operators of America, Inc.)

(Music Operators of America, In.MOA hold their annual executive meet in this city this forthcoming March, that the major topic of discussion will be this forthcoming national legislative battle

this forthcoming national legislative battle. In view of the certainty, reports in-dicate, that ASCAP will definitely have some Congressman introduce a new bill into the 83rd Congress (or may have done so before this even ap-pears in print) juke box leaders be-lieve that it is up to them, thru their national organization, MOA, to be pre-pared for whatever effort they will have to make to offset such a bill and halt this sort of legislation. As was pointed out by one of the manufacturers during the hearings in 1952 (Bryson-Kefauver Bill, H.R. 5473) which were held before Sub-committee No. 2 of the Committee on the Judiciary, House of Representa-tives, February 4, 6, 7, and March 21 and 26, 1952: "Such an argument," (referring to the arguments presented by NAPA, ASCAP, AP, SWPA, ALA, MPPA, NMC, almost every year for the past 25 years to get Congress to amend the Copyright Act of 1909) "and its repe-tition year after year, amounts to a contemptuous disregard for the judg-

tition year after year, amounts to a contemptuous disregard for the judgment and decisions of succeeding ses-sions of Congress. Those gentlemen must know by this time that such a contention is not correct. If they do not know the facts, they could easily find them. Under the circumstances, their reiteration of that erroneous contention, in the face of its rejection by session after session of Congress, is, to say the least, a reflection on their good faith in again advancing that contention."

The above paragraph is from the statement of David C. Rockola, presi-dent of Rock-Ola Mfg. Corporation, made during the morning session on February 7, 1952.

February 7, 1952. Definitely, as all have since stated, the efforts of ASCAP and similar or-ganizations, and as appears in the statement of David C. Rockola, is most definitely "a contemptuous dis-regard for the judgment and decisions of succeeding sessions of Congress" dating back for over 25 years. (Editor's Note: Those in the indus-

As leaders report, "We had best wait and see what happens and what ASCAP and similar such organiza-tions intend to do this year; what the bill they will have introduced, if they have a bill introduced, will read like, as well as what MOA will decide to do if such a bill is introduced at its next national meeting."

Fred Jung Appointed Operations Manager For Rock-Ola Mfg. Honolulu Amuse. Exch. Sales Outlet in Hawaii

CHICAGO—Fred Jung has been ap-pointed as operations manager for the Rock-Ola Manufacturing Corporation,

Rock-Ola Manufacturing Corporation, this city, according to an announce-ment by David C. Rockola, president. "Jung's long association with the coin machine industry will be of great value in helping to meet the great de-mand for the new 'Fireball' 120 selec-tion phonograph" stated Rockola. "It is just like old home week to have Fred Jung back with us again, as he was part of the early supervisory team at Rock-Ola. He left us in 1935, and has been with one other manufacturer in the industry since then, until he

returned to our organization on February 2. Jung has had close associa-tion with all phases of manufacturing and production, and we are looking forward to his becoming a valuable addition to our staff."

addition to our staff." At the same time, it was announced that Honolulu Amusement Exchange was appointed as the exclusive sales outlet for Rock-Ola products in the Hawaiian Islands. "This concern, one of the largest organizations in the coin machine industry in this area is well equipped to render excellent sales and service to all music operators in the islands" stated Rockola.

CHICAGO — News obtained this week to the effect that H. C. Evans & Company will present its first new re-play game in about ten years.

It was back around 1943, in the be-lieft of Dick Hood of H. C. Evans when the firm last presented a re-play game to the field.

The firm, in fact, hasn't built any amusement game since early in 1950.

It's last items in the amusement field were its famed consoles.

The new re-play game will be called

Former Products

CHICAGO-Very happy over the showing of their very first product, Sam Lewis and Avron Gensburg, reported this past week that advance orders for their new "Golden Nugget" surpassed the orders taken for the two former upright games, "Jumping Jacks" and "400" combined.

"This gives every indication," Sam Lewis stated, "that 'Golden Nugget' is well on the way to proving itself one of our most outstanding products.

"Frankly," he reported, "when we stepped in here 'Jumping Jacks' was already under way. And '400' had already had its run.

"Therefore," he said "the new 'Golden Nugget' can be stated to actually be the very first game which Avron Gensburg and myself have produced since we took over the Genco plant.

"We proved that intensive tests on various locations all over the country was a necessity.

The firm is speeding up production and, as long as it can continue to obtain sufficient labor for the factory, they believe that they will set a real sales record.

"Spin Table." It has already attracted a great deal of attention from those who have heard of it.

The "Spin Table" has been on test The "Spin Table" has been on test locations for some months and, tho no official description of the game has been made, as yet nor has any an-nouncement been issued as to just when production can be expected, it is believed that the big Evans' factory is already well geared to get into quick action.

Formal announcement is expected sometime this week from Fred Morris, who heads the amusements division of H. C. Evans & Co.

In the meantime, as Dick Hood stated this past week, "We have had many years of experience in the man-ufacture of the finest coin operated amusements.

"We believe that our new effort will meet with the most complete approval of all engaged in the amusement in-dustry."

There is also no doubt, at least thruout the industry here, that the big H. C. Evans & Co. factory can swing into speedy production on any amusement product, in view of its many years of experience building coin operated amusements, and also the size and scope of its production facilities for the manufacture of games.

This first re-play game by H. C. Evans & Co. in ten years will be eagerly watched by all in the field, it is generally believed.

Orders Surpass All AMI Ad Made Into **Plague For Trade**

GRAND RAPIDS, MICH.-Several months ago, AMI, Inc., ran an ad entitled "music lesson for Operators" (October 11, 1952 issue of The Cash Box).

A few weeks after the ad appeared, the phonograph manufacturing firm used it as a basis of one of a series of self-mailers to the operators of the country.

It made such an impression on the trade that William E. (Bill) Fitz-Gerald, advertising and sales promotion manager, received a number of requests that it be made up in permanent form.

FitzGerald followed up on the suggestion and prepared the ad in the form of a plaque, which can be used to hang on the wall or set up on a desk.

The theme of "music lesson for Operators" uses signs and symbols seen on sheet music, such as "Staff," "Sharp," "Double Sharp," "Bars," "Flat," "Hold," "Notes," "Repeat," "Rests" and "Swell." Each of these musical signs is accompanied by appropriate copy referring to the model "D" phonograph.

For those tired "cowpokes", who take plenty of time in picking their favorites, what could be more inviting than A MI Model "D's" easy-to-read selection panel.

The "D" is available in 80 and 40 selection models, blond or mahogany cabinets. See your AMI distributor today.

Top Item On Assn's Agenda, Prior To Banquet At Hollenden Hotel Will Be Mass Vote On Dime Play

CLEVELAND, O.—Top item on the agenda of the mass meet of all the Ohio State Phonograph Owners Assn., here on March 5, 1953, at the Hollen-den Hotel, which will be the 14th an-nual convention of Ohio's operators, will be dime play, according to leaders of this organization.

It is understood that the downstate Ohio operators have already agreed to go on 10c play for all of their phonos. But they are willing to leave it up to a general vote of all the op-

erators of the state association.

In this leading Ohio city, it is also understood that the operators are now in agreement that dime play is needed if they are to be able to continue on ahead and to somehow show some sort of profit on their investments.

As a tie-in with their plan for start-ing dime play, the Cleveland music ops plan to reinstate their noted "Hit Tune Parade," which they stopped about three years ago.

One noted operator put it this way, "We are going to work with the Cleve-land Press to make our 'Hit Tune Parade' absolutely authentic and out-standing in every fashion.

"This," he continued, "will then give us the opportunity to switch over to 10c play," he said, "because the public realizes that this will cost us quite a sum of money to start all over again.

"The Cleveland Press," he concluded, "is going back of us in this effort."

Guest speakers have been invited to special luncheon on March 5 to speak about dime play.

Chief speaker on the subject will be Bill Gersh, publisher of The Cash Box, who has been invited by the Board of Directors.

One of the officers stated, "The vot-ing as to whether we switch over to 10c play will be just a formality.

"Every one of the operators here in Cleveland, as well as in all the other Ohio cities, wants dime play to get going.

"They realize that this is the one and only way in which they will be able to continue on in business under present conditions."

About 2,000 Daily

CHICAGO—Newest feature of the large and expanded plant of J. P. See-burg Corporation, 1500 Dayton St., this city, is the large and impressive cafeteria.

This brand new cafeteria is serving an average of about 650 breakfasts, 1200 lunches and over 125 dinners each day.

Not only has it become one of the most popular spots of the entire See-burg organization, but, employees are keeping this sparkling new cafeteria gleaming clean.

A special conveyor belt arrange-ment, created by Fleming Johnson of the firm, allows the employees, when finished with their meal, to place their tray with all the dishes on it.

The convevor belt automatically moves the trays to the dishwashers. It is the largest cafeteria of any factory in the industry.

Service goes on at regular hours.

In fact, many employees now make it a practise to eat their breakfasts there before entering on their jobs. The cafeteria opens at 6 A.M.

Noticeable, especially during the luncheon hours, is the comraderie which this cafeteria creates among the employees.

This friendly spirit, it is believed, has had much to do with the fine production which Seeburg has been able to arrange.

In addition to this new, large cafeteria, a very outstanding private din-ing room for the executives of the organization is now being completed. It features modern decor with music from TV, radio and Seeburg hideaway installation.

The entire Seeburg organization has joined in to help create a more family-like atmosphere and closer re-lationship between all of its members with the new dining spots.

Coven Names 2 New Roadmen

BEN COVEN

CHICAGO-Ben Coven, Coven Distributing Company, reported this past week that his firm had just put on two new roadmen.

They are, Philip (Joe) Shanahan, who will cover the Indiana territory for the firm, and Louis Engberg, who will cover Northern Illinois area.

Carl Christiansen, who is breaking in

both men in their territories right now, will move up to sales manager of the Chicago area.

Coven reported, "Both Joe Shana-han and Louis Engberg have been given intensive training in Wurlitzer phonographs.

"Not only have they spent time here in our Chicago office with our me-chanics and sales people, but, they have been sent out to talk and meet with all operators in this area so that they are, today, extremely well ac-quainted with the automatic music business business.

"Both men," he also stated, "have phono experience and know what the operators need."

H & H Rock-Ola Sales Outlet

MOLINE, ILL.—Elmer and Bob Halgren of H & H Musie, this city, popular father and son team in the music business, have been appointed as sales and service outlets for Rock-Ola phonographs, according to an an-nouncement by executives of the the phono manufacturing firm.

They will cover Carroll, Henry and Whiteside counties in Illinois; and Cedar, Clinton, Muscatine, Rock Is-land and Scott counties in Iowa.

The association held a special meeting to discuss dime play. Looks like it won't be long. Ops here want 10, 3 for a quarter. . . . Licenses for here are really a headache for ops. Here's the set-up: For the City of Miami it's a \$250 fee for a master license and \$12.50 for each individual license, plus \$7.50 for each state and county license. Miami Beach hits the ops \$500 for each master license, and is good for only 25 machines. After that it's \$35 each additional machine. . . . Things are really humming here. A small coin machine convention took place on Lincoln Road in front of Dubrow's restaurant one day when Willie (Little Napolean) Blatt, Davie Friedman, Willie Levey and some other visiting coinmen ran into "Senator" Al Bodkin and his wife, Francis. The Bodkins, who are spending the month of February here, look like an advertisement for a health farm. . . . Charlie Aronson of Brooklyn expected here momentarily. . . . Charlie Sacks, Brooklyn music op, spending a month here. Looks like Charlie is under the influence, as he's talking about settling here. . . . Ben Gottlieb, another Brooklyn music op, expected to arrive here any minute. . . . Willie Blatt, who has undertaken the happy task of official host to all in the coin machine industry who visit his dearly loved "Playground Of The World," invites all to get in touch with him when they get here. . . . Blatt wants us to publish the fact that he's paid someone named "Sidney" the sum of \$20. (Okay, Willie).

NEW ORLEANS, LA.—Lou Boasberg, New Orleans Novelty Company, this city, has taken advantage of the tremendous amount of publicity given the Japanese amusement game "Pachinko" and has installed some in his arcades in this city.

"People have come from all over to see this game" stated Boasberg.

The game is non-coin operated, Boasberg explains, and thereby avoids the Federal license.

Pictured above is L. S. Copeland, manager of the Export-Import Division of New Orleans Novelty Co., who is importing the first hundred of these games.

Conn State Coin Assn. Stresses Importance Of Operating Modern Equip

CHESHIRE, CONN.—The Connecticut State Coin Association held its regular meeting on February 12 at the Waverly Inn, this city.

President Abe Fish presided over the meet, covering many organization details in rapid fire order.

Fish stressed the importance of cooperation, co-ordination and cohesion amongst its members. He laid great emphasis in pointing out the advantages and importance of operating modern equipment and giving top notch service. "Only in this manner," Fish said, "can operators keep their business at a high level and hold the esteem of the public."

A compilation of the members of the coin machine industry who have joined the "20 Year Club" was published in the January 24 issue of *The Cash Box*.

This was a long and imposing list of names of men and women who have been associated with the coin machine industry for 20 years or more.

After we went to press on the January 24 issue, a large number of additional applications have reached this office. We shall publish these names in a forthcoming issue.

Outside of the fact that you've been connected with the industry for 20 years or more, there are no other qualifications. The idea is strictly sentimental—and will serve to bring together those people who, in a great many instances, have been pioneers in this modern age of our industry.

Exhibitors Rush Space Reservations Dime Play Spreads Thruout **Southern California**

Fringe Areas Operating At $10 \neq$, 3 For $25 \neq$, **Metropolitan Los Angeles Now Running** Tests. All Ops Report Peak Grosses, **Fewer Service Calls-NO COMPLAINTS**

LOS ANGELES, CALIF, — The oft reported trend toward dime play became reality this past week when operators throughout Southern Cali-fornia communities took the initiative and adopted ten cent phonograph play en masse.

en masse. Music operators throughout Kern, Riverside and San Diego Counties have switched to dime play, with varying degrees of three and four for a quarter play. Included in the afore-mentioned counties are the cities of Bakersfield, Taft, Delano, Mojave, and Tehachapi in Kern County; Palm Springs, Indio, Elsinore, Blythe, San Jacinto and Corona in Riverside County; San Diego, La Jolla, Ocean-side, Escondido and Ramona in San Diego County. The adoption of dime play throughout these areas was not an isolated situation — operators in all the communities have lost any of an isolated situation — operators in all the communities have lost any of the hesitancy they may have shown in the past and have gone ahead and made the move, in each and every case with jubilant results.

The action of these music operators was swiftly spreading to adjoining areas. Operators in San Bernardino County, with the large cities of San Bernardino and Twenty-Nine Palms were reported on the verge of making the change from nickel to dime play. Reports of music operators making tests in the San Joaquin and Imperial Valley continue to flood Los Angeles, where the industry is anxiously watching results.

Music ops who are now running on dime play were quick to urge their fellow members of the industry to make the change. The unanimous approval of dime play was a quick reaction from all sources, with phonograph distributors along coin row in Los Angeles pointing out that in every case, operators have enjoyed higher grosses, fewer service calls and practically no complaint on the part of the location.

By and large the accomplishment of dime play in these areas was one of swift and complete agreement among operators. When location owners were told the facts pertaining to current operating costs of the automatic phonograph business, there was abso-lutely no hesitancy on their part in agreeing to test 10¢ play. When the locations were checked for collections, there was further cause for jubilancy among location owners and operators alike.

Operators disclosed that "here at last, with 10¢ play, can we hope to lick rising costs in the operation of our business. Location owners are well aware of the fact that they aren't selling nickel beer any more - by the same token let them know that we're paying \$1,000 and up for phonographs today.'

A San Diego operator reported, "if I had to stay with nickel play, I'd have been out of business, lock, stock and barrel in less than four months. It's absolutely impossible for an operator to make a living today and con-tinue to run on five-cent play. The cost of equipment, overhead, parts and supplies and records is well over 100% what it was in pre-war years. You have got to go out and get dime play or get the devil out of the busi-ness."

Locally, the California Vending Mathat their members in other commun-ities were about ready to make tests in their locations which would further In their locations which would further advance the progress of dime play throughout Southern California. Op-erators in Long Beach are known to be set to switch over — several oper-ators are now making tests in fringe area locations in the Los Angeles municipality itself.

Many Central and Northern Cali-fornia communities are eyeing devel-opments now taking place in Southern California. Operators in Tulare, Vi-salia, Porterville and nearby Fresno County were reported on the verge of making the changeover very shortly. Nearby, Monterey Quadrangle with the cities of Salinas, Watsonville and Santa Cruz were also watching devel-opments. Other sections of the state include Santa Barbara County, Ven-tura County and San Luis Obispo County; altho at present watching and waiting, were known to be rapidly and waiting, were known to be rapidly moving toward unanimous adoption of dime play.

It is common knowledge among music operators that only thru dime play can they continue to stay in business. Music ops themselves are well aware of their individual financial condition, and realize that they must increase their gross volume of business or disband. The reluctancy on the part of some operators for fear that other ops would take their locations is quickly overcome the instant the location owner realizes that he too will profit by offering music at 10¢ play - 3 plays for 25¢. More so, the concerted joint effort of all music operators in any given territory toward adopting dime play is a quick and sure determent to any reasonable doubt that may exist on the part of the location owner.

Michigan Townships Have No Authority To License Machines, Is Att. Gen's Opinion

FLINT, MICH .--- An opinion handed down by the Michigan attorney general's office (Feb. 10) held that townships in the state have no authority to license juke boxes or pinball machines.

Requested by Prosecutor Horace W. Adams of Paw Paw, the attorney general's ruling held that Michigan townships possess only those powers expressly granted to them by the State Legislature and that the power to license juke boxes or pinball machines is not included in present law.

MRS. MARY GILLETTE

CHICAGO—"I believe that any woman can get into this most interesting business and thoroughly enjoy it, provided she is willing to work hard, just as hard as she possibly can and, I believe, there is no reason why she can't be successful in this industry," so spoke Mrs. Mary Gillette, doting mother, outstanding business woman, and one of the most refreshing personalities in the coin operated machines industry.

Mrs. Gillette entered into the business of operating automatic phonographs at the death of her husband, Leslie W. Gillette, about nine years ago. She has carried the business of Gillette Distributing Company to highly respected heights in the Chicagoland area.

"For a while after I entered the industry," Mrs. Gillette stated, "I

thought that operating as many phonographs as my husband had set up would prove too much for a woman. Therefore I cut down somewhat on the routes and sold off some equipment here and there.

"But," she says, "since then we have rebuilt the routes and today, we have almost as many phonographs in operation as there originally were on our routes."

In addition to her Automatic Music Operation, Mrs. Gillette also has two record retail stores. One of these stores features a one-stop music service for the juke box operators in the Chicagoland area. Both stores have proved themselves successful under her careful and astute management.

Regarding her fellow operators, Mrs. Gillette stated, "I've always found them to be gentlemen. They've given me every consideration.

"But what is most important," she continued, "and as all have learned who have been in this business for any length of time, is the fact that the word of the men engaged in this industry, at least here in the Chicagoland area, is their bond."

She also says, "I've been engaged in other enterprises, in addition to my operating business and I can only state that, in other retailing ventures in which I have engaged, I've never received as fine cooperation from wholesalers as I have in the automatic music business.

"Furthermore," she continued, "the cutthroat competition in other ventures in which I've been engaged was most completely disgusting, whereas in this business," she explains, "there is nothing to even compare to it in any fashion whatsoever.

"I don't mean by that," she explained, "that there isn't some cutthroat competition in this industry, too, but," she says, "it's absolutely nothing compared to what goes on in other businesses.

"What's highly important to everyone engaged in any industry is that the word of the people, in any deals whatsoever, definitely means something.

"In this industry," she emphatically stated, "the word of anyone, at least anyone who has given me his or her word, has been 'it.' I knew that it was just the same as a signed, legal document."

In conclusion, Mrs. Gillette says, "Women who want to enter into the business of operating coin operated equipment need not hesitate. They will find this industry composed of business people with whom they will like to do business. And they will also find that this is one industry where they will be given every possible consideration in every fashion."

Operators throughout Los Angeles this past week were talking about dime play all along Pico's coin-row; and in many cases some ops were doing more than just talk. Clusters of ops could be seen discussing the relative merits of either 3 or 4 for a quarter, but in no case have we heard of any operator who did not believe that dime play was literally the salvation of his business. If there are those doubting Thomas' who'd like to buy a round of drinks for the house, they can get on the short end of the wager cause sure as Los Angeles is gonna have smog, it'll also see dime play in the not too distant future. . . . Local coin machine gentry still aghast at the brutal murder of veteran coinman Jack Arnold from Barstow. Jack was killed by two thugs while in the process of making collections. . . Dave Gensberg and family visiting the sunny climes of Southern California, we hear. . . . The boys over at Paul Laymon's continue to remain quite the busy bunch, with Ed Wilkes and Charley Daniels holding down the fort while Jimmy Wilkens makes the rounds in San Diego with Walt Pateet, Wurlitzer factory man. And Karel Johnson doing the same up at Las Vegas with Johnny Morris, also from the Wurlitzer home office. . . . Response to Bally's "Beach Club" is tremendously strong with many ops saying that it's one of their best games ever. The choice of seven spot numbers has won lots of praise. . . . Jack Spencer in from Big Bear this past week . . . ditto Jack Neel from Riverside. . . . Hank Tronick, Minthorne Music Co., had the flu bug finally catch up with him. Lyn Brown, regional rep for Exhibit Supply, swamped with inquiries concerning the firm's "Pete The Rabbit." With Easter time not too far off, the ride is sure to win favor with the kiddie trade. Lyn by the way, can use the help of about six strong men this week-he's cleaning the pool up at his North Hollywood home. . . . Dan Danohue, Seeburg representative round these parts in town this past week. . . . Phil Robinson sporting a Caddy-not a new one, but a Cadillac nonetheless. . . Music ops are still talking about that beautiful new place Central Record Sales opened up this past week. The abundance of parking space makes it easy on them when shopping for records. . . . Bob Donahue, Pismo Beach operator in town last week. . . . The gang over at Badger Sales thinking of putting in a revolving door-such is the traffic they've been having with operators throughout the Southland making it a must stop on their visits to Los Angeles. Al Silberman, Ray Powers and prexy Bill Happel all on hand with each handling their respective departments in top fashion. "There's no question of dime play taking over-it's a mandatory action necessary for the survival of the music machine business" sez Al. Latter has been kept quite busy handling sales of the many automatic vending machines the firm handles. . . . Joe Duarte, export manager, wouldn't mind a little vacation along with a shipment of equipment to the European capitols. . . . Bill Happel reports excellent sales of the great Wil-liams "Twenty Grand." . . . Lots of laughs and many a smile via operators after reading of the exploits of Solly Slugger and Sally. Crowd of ops over at Leuenhagen's one day nearly had hysterics readin' 'em . . . and Mary Solle thinks so much of 'em that she's gonna put a file of them on the counter for ops to pore over.

Lloyd Barrett in from Pomona making the rounds of jobbers and distribs. ... With operators throughout this area switching to dime play, many a firm is doing a big job with conversion kits. Once metropolitan Los Angeles goes over to ten-cent play, it's expected a shortage of same might develop.... Mel Heiman in from San Bernadino to look over some new equipment ... ditto Al Anderson from Shafter. ... Possible use of extended play records for use in automatic phonos being talked about.

There are always a few hearty individuals who don't mind braving a storm in order to keep on their schedule and regular routine. John Galep of Meno-monie, Wis.; Frank Mager of Grand Rapids, Minn.; Gabby Clusieu of Grand Rapids, Minn.; and Ben Jahnke of Hutchinson, Minn. were just some of the operators who made the trip in to the Twin Cities in spite of the blowing and drifting snow. . . Mr. and Mrs. Chet LeDoux of Virginia, Minn., stopped in to the Twin Cities on the way back from a short vacation in Arizona. . . Elgin McDaniel of Wadena, Minn., was kind of proud of the fish decoy that he had recently acquired. Even though the ice-fishing season is now over, he has big plans for this decoy, come next winter. . . Art Hagness of Grand Forks, N. D., spent some time in town looking over the latest in Coin Equipment and also picked up some supplies and records. . . M. J. Kragenbring of Pipestone, Minn., made a quick trip in to town in order to get some service and repairs on his equipment. . . Mike Kalasardo of Tomahawk, Wis., made the long trip in to the Twin Cities.

Bud Nitteberg of the Nitteberg Brothers, Castlewood, S. D., decided that since service calls were at a minimum, he might as well take a trip in to the Twin Cities and pick up some supplies and records and also to see what was new. Bud reports that they have had quite a bit of snow, out his way. . . . Tubby Lynard of Kasson, Minn., still can manage to talk about playing golf this common with this summer with a gleam in his eye, even though the temperature at present is below "0".... Leonard Woytassek of Cayuga, N. D., manages to get in to the Twin Cities every so often for his records and supplies. . . . Mr. and Mrs. Ike Sundem of Montevideo, Minn., in town over the week-end. . . . Stan Woznak of Little Falls, Minn.; Andrew Markfelder of Staples, Minn.; Pat Patridge of Mora, Minn.; Lester York of Mitchell, S. financial end of his tuition.

Dear Mr. Editor:

Well it just goes to show you it is the little things which count. Like buttons. Just imagine if you had no buttons on your shirt. On your coat. On your pants.

Anyways don't let me hold you up in suspense. What I am going to tell you is a fact. And it is all due to my helper, Sam Simpson (he sure is a simp's son). He can put more out of order machines out of order than anyone.

Anyways Sally (that's Mrs. Slugger) and me drive to town to buy us a new juke box. We just knocked off the new big lunch room that opened on Main St. in our town of Simpkinsville. And we promised George Papapadoupalas who built the joint a brand new juke box.

Sally (that's Mrs. Slugger) and me, we are driving ahead in our car and Sam Simpson, my helper, he is following behind us in our pickup. Sally figures we should buy the juke box and load it up on the pickup. Then me and Sally (that's Mrs. Slugger) will get us some Chinese food and see a real good picture show in the city. It sure is going to be a big time.

Anyways, and to make this letter real shorter, we buys us the juke box. It sure is a honey. We even gets the distributor to give us the records which are inside. Then Sam Simpson loads it up on the pickup.

Sam decides he should lay the juke box down on its back. He forgot to bring along the ropes to tie her down to stand her up. (I told you he was a simp's son). Well, what could you do? So we lay her down on her back.

Sally (that's Mrs. Slugger) she says to Sam, she says, "Look here, Sam Simpson, don't you stop for nothin' nowhere. You drive straight to the store in Simpkinsville. Then you park the pickup in the garage with the juke box on it. Be sure you close the doors and lock them tight. You hear me, Sam?", she says.

Anyways, and to make this letter real shorter, Sally and me had ourselves a very good time in the city. The next day we was down

on the job brite and early. When Sam Simpson comes in Sally says, "Solly you and Sam deliver that new juke box over to George Papapadoupalas (P.S. T am having a hell of a time spelling this name. I got to write it from the route card. So from now on I will call him just George which is his name) and", says she, "you make sure you set up that juke box real good and clean and polish her up. And make sure she is playing good before you leave. You hear me?", she says.

So Sam and me jumps up into the pickup and we drives over to George's new lunch room. We se's up the box. We polish her. We clean her. We shine her up til even George gets a smile on that frozen sour puss of his.

George says, saye he, "Dot's fine, boyss. Now you plays her, hah?", he says, "but for free, hah?" says he.

So me, just like a kig shot, I

pulls two-bits out of my pants pocket and I drops it big and generous like right down the chute and presses down the buttons.

I says, "Let us start her off with some real money", I says with a smile.

The lights come on real brite. The records swing over. But just as she was going to start to play the record — bingo — she cancels off. No music. This happens for the whole two-bits.

Right quick like I look at Sam Simpson and I says, says I. "What did you do to this box, Sam?", I asks real stern like.

George he is looking at both of us kind of disgusted like. His sour puss is frozen up again. And he looks like he is going to get real mad.

Sam quick like says to me, Honest, Solly, I did not done nothin'. I never touched her since we loaded her by the distributor and until we unloaded her just now. She played real good by the distributor, Solly", he says, says he.

So I says, very bossy like, "Sam, for once in your life you are right. She did play real good by the distributor. Phone him up, Sam. But be sure you phone him up collect. You tell him he better get his man here right away. Or else. You tell him, or else. You hear me, Sam?", I says.

I turns to George and I says to George very confidence like, "George, don't you worry about nothin', you hear. I will have her playing real swell in a few min-

utes." "Bah", George bahs, "so why you call distributor?", he asks. "Bah", he says again. And he stumps away to the kitchen say-"Bah". ing,

Well, I get me my tools and I open her up and I start checking up on her. Just like I know what I am doing. Then Sam comes back from the telephone. I tell him, "You don't do nothin'.

You just hand me what tools I tells you to hand me. You hear?", I says to Sam.

Anyways we are working on the box. And working on it. And working on it. Everytime the record gets ready to play-she cancels off. The damn thing has got me hot. George is getting hotter by the minute. He is bah-bahing all over the joint.

Just as I am ready to give up and phone Sally (that's Mrs. Slug-ger) and how I do dread doing that because I can just hear her trumpeting over the phone, 'You lunk head you. Who ever told you you was a mechanic?', etc. etc.

Yes, sir, just as we was all ready

Last week Barney (Shugy) Sugerman of Runyon almost broke us up when he related his adventures that occured during his 20-day cruise to Central and South America—particularly that part about how relaxing and restful it is. Now, right on top of this blow, Wes Van Dusen of Sun Specialty Co., Ltd., Edmonton, Canada, paid us a visit—also extolling the virtues of his seventeen-day cruise to the same countries. Wes and Mrs. Van Dusen will stay in the big city for the balance of this week and then head back to the real north west. The Sun Specialty Co. distributes the Rock-Ola phono in his area, and Wes reports business exceptionally good for the operators there.

Bob Greene, president of Rowe Mfg. Corp., addressed a group of about 800 Bob Greene, president of Rowe Mfg. Corp., addressed a group of about 800 top sales executives this week and told them that he looks forward to "a bright future for the automatic vending machine industry, as a result of the increasing conditioning of the American people to wait on themselves. Another important factor, Greene told them, is the basic need for cutting constantly rising sales costs, particularly in connection with sales of low-profit items that are sold as a public convenience rather than for a profit. Bob described the vending machine industry as a \$1,250,000,000 industry, having grown from "peanuts" twenty-five years ago. He said that in 1952, 2,750,000 vending machines were in use, and made 19 billion individual sales. . . Johnny Bilotta of Newark, N. They're taking their two children, Jay and Barbara with them.

to give her up, in walks this young

guy from the distributor. Says he, "What's the trouble, Solly?", says he with a big smile and confidence like. So I says, "Look here, young

feller, I am a mechanic from way back in the early days", and I go on and tell him my whole history. All about me and the old days.

In the meantime he walks over to the box and he drops in twobits. He watches what is happening. Then he walks on back of the machine. And he starts to laughing.

I start to boiling up. I can feel the hair start to standing up on the back of my neck. Sam (that simp's son) he is looking at this young guy with his mouth open. (His mouth is always open, even when he chews tobacco). George he stops saying "bah".

He says to this kid, "So wot's wrong?", asking this here kid, mind you.

It's simple", says this here kid, "all that happened was you had the machine laying down on its back. That pushed in the cancel button. So every time you tried to play a record it got cancelled off. Hah, hah, hah", he laughs as he pulls out the cancel button and leaves.

What are you going to do?

Sincerely, Solly Slugger
