Attention Juke Box Operators: DANGEROUNG MENNORKING UNDERGROUND

Why Does the ASCAP Sponsored McCarran Bill (S. 1106) Read in Part:

44 The reproduction or rendition of a musical composition by or upon a coin operated machine shall be deemed a public performance for profit by the person who owns, operates or services such machine whether or not a fee is charged for admission; provided that a person who himself owns, operates, services and retains all receipts of a single such machine, located in an establishment in which he conducts a business other than that of providing entertainment, and to which no fee for admission is charged shall not be deemed to have infringed upon the exclusive right of public performance for profit as a result of the rendition or reproduction of the musical composition by means of that coin operated machine if such rendition or reproduction is intended to be heard only by persons in such establishments **7**

Have you ever read a more insinuously devious arrangement of double-talk than the above phraseology that appears in the McCarran Bill?

(This is the difference between the present McCarran Bill and the old Scott Bill of 1951).

Isn't this the old, old, crocodile tears, sob-sister malarkey about the little man who wasn't (and isn't) there? (In short, the little man who owns his own phono has long, long ago given up trying to meet the terrible overhead expense to maintain his own phono.)

Is this to be the type of underground and underhanded action which will be pushed before the Committee on the Judiciary to take off the heat from the real reason why ASCAP wants the Congress of these United States to vote this single, rich, all-powerful corporation even more money to make ASCAP richer and more all-powerful? (And ASCAP is asking that this be done by the Congressmen and Senators elected to their exalted and highly respected positions by the free peoples of this nation. The very people who will have to pay this double tax.)

Is this the camouflage to be smokescreened before the Congressional Committee on the Judiciary to get ASCAP a tax on top of a tax? (Not only do the manufacturers of recordings already pay heavy royalty, but, now ASCAP wants the juke box buyers of these very same already-taxed-recordings to

sly | pay them still more royalty-tax-tribute for an | these very same recordings.)

Is this the American Way?

Is unthinking, unscrupulous over-taxation what made this great and free nation the industrial and commercial giant it is today?

Is this the sort of underground activity with which the nation's juke box industry will have to contend in open hearings before the Committee on the Judiciary?

Isn't this the way ASCAP can KILL THE GOOSE THAT LAYS THE GOLDEN EGGS for its own members?

Is this the type of thing which pervades, and is dispensed by, an organization of supposedly great, renowned, and ennobled music minds, who have created the music of America?

Is it ASCAP's purpose to destroy, debase and decry the very network of music which keeps its own members in business today the juke boxes of America?

Is this type of underground effort to be the sort of procedure which can be expected from an artistic and supposedly outstanding organization?

Is this the American way—to take from the poor and laboring peoples of this nation the music they can afford and the music they enjoy—the juke box musical entertainment of the nation?

Isn't this the way to: CRUCIFY THE MUSIC OF THE POOR ON A CROSS OF GOLD?

What do you think?

(EDITORIAL) March 21, 1953

The record business is a business of trends.

We've gone through the new sound trend, the girl singer trend, the boy singer trend, the hillbilly trend, the rhythm and blues trend

There's always been some trend to explain why a record or song did or didn't make it at any particular time.

So at the moment we feel a little non-plussed. There is no discernable trend in the record business.

About a year ago, we asked editorially "What's happened to the girl singers?" and since then they've come back with such strength that we were wondering only a few months ago what happened to the

For a long time everyone was looking for a new sound and we were getting every weird combination of instruments that could be imagined. Then came the gimmicks. Then the trek to Nashville to sign up every folk writer who could even whistle a tune.

But at the moment we're in a trendless era.

The important thing now seems to be the song and the rendition -just as it was in the good old days that everyone always wants to go

Which leads us to the publishers in this industry.

For years they have been talking about the days when a plug was a plug, when a song mattered more than the gimmick.

Well if ever they've had the opportunity to show the importance

Today there is no trend that they have to stick to. There's no formula they have to follow. All types of songs are making it. All types of records are hitting the top. There's not even the excuse that "the song is just too good" anymore, for several of the songs in today's upper brackets would be worthy of being there at any time in our musical history. They are tunes that come from excellent writers and

This is the period which publishers have been waiting for-this trendless period. For now they can show that the material is not only important but vital to the creation of a hit disk. They can show, for instance-as was hard to do only a few months ago-that a good tune sung straight can become a hit. And they can show furthermore that just because a tune is done in a style which was formerly accepted-such as the belting style-that doesn't necessarily assure

They can show that every type of song has a chance today. And what's more that records done by every type of artist can reach the

Most importantly, publishers can point out that here we are in a completely trendless stage and we still have hits. As a matter of fact, the record business is in one of the healthiest positions it's ever been in. Business has been generally excellent-for everybody. And this state of affairs has lasted for a long time now.

The feeling in the trade is that the trendless phase can go on for quite a while and be profitable to everyone.

That doesn't mean that we are predicting that there won't be any more trends. Undoubtedly there will be.

But we are pointing out that at the moment there is no one dominant trend and we're wondering out loud, "Can this be the reason for the healthy state of the record business today?"

was listed at WBKB, Chicago. Correct station is WAIT. Ok! Fellas. If you've noticed a change in your wife lately. If for the past several evenings, when you get home, your wife has been acting strangely; her mind off in a cloud; kids haven't had a change of diaper; soup's cold; steak's burned—don't divorce her. She has been listening to the imported charmer, Renzo Cesana. The Continental Cesana has been back on the air since Monday, March 9, on WMGM-New York. WMGM signed the suave artist to a four-year contract for six days a week from 11 a.m. to 12 noon. Renzo does his radio bit with "tongue-in-cheek" and is really a charmer, off stage as well as on. . . Cute birth announcement received from Bill Hyden (KVOO-Tulsa). . . The following gripe was received from Jerry Kay (WWEZ-New Orleans, La.): "Seems to me that the disk companies are in the long run cutting their proverbial throats. I am speaking of the jump releasing of tunes. A good example is Victor. Their record by Eddie Fisher 'Even Now' was headed for the top when they released 'How Do You Speak To An Angel.' Thus in a period of a few weeks they killed off a good hit tune and confused the public. The listeners today are so confused they don't know what to buy. And deejays are so confused they don't know what to play." * * *

Norman Green, on his recent promotion campaign through New England for his MGM recording, "Suspicion," has been called the per-fume salesman. The DJ's in the area are giving out samples of Suspicion perfume to all listeners who can guess the time the record runs. Some of the deejays in on this promotion are Tiny Markle (WAVZ-New Haven); Norm Prescott (WORL-Boston); Ed Penny (WTAO-Cambridge); Larry Welch (WCOP-Boston); Bill Bennett and Jack Dugan (WPTR-Albany); Earl Pudney (WGY-Schenectady); Dave Robinson (WELI-New Haven); and Johnny Drake (WCNX-Middletown).

DEAN MARTIN (Capitol 2378; F-2378)

"LITTLE DID WE KNOW" "LITTLE DID WE KNOW" (2:15) [Johnstone-Montei] Dean Martin bubbles over with warmth as he sings in his soft and inviting man-ner a pretty ballad with a lovely tune. Dick Stabile assists with a smooth orking on the lush side.
"THERE'S MY LOVER" (2:58) [Jefferson Music] The singing portion of the Martin & Lewis team does another polished job on a warm ballad. His treatment of this tender tune oughta please his fans.

DANNY WINCHELL (MGM 11455; K-11455)

(MGM 11455; K-11455) B. "OHIO" (2:45) [Chappell & Co.] Mr. Personality, Danny Winchell, does some cute vocaling and whistling on one of the top tunes from the hit musical "Wonderful Town." His de-livery is full of a relaxed natural feel-ing that makes for good listening. B. "I CAN'T HELP LOVING YOU" (2:57) [Famous Music] Leroy Holmes supports the warbler once again but with an entirely different backing on this blasting side as Dan gives out with a happy jump novelty on the cute and catchy side.

KAY MALONE (Kem 2721; 45-2721)

(Kem 2721; 45-2721) G "ANGEL OR DEVIL" (3:02) [Weiss & Barry Music] A fast moving and exciting tempo is set up by Lou Bring's ork for a zestful and strong voiced vocal by Kay Malone. The thrush really puts over the song. B "BLACK IS THE COLOR OF MY TRUE LOVE'S HAIR" (3:06) Jud Conlon's Rhythmaires and Marty Gould's ork come up with a lush back-drop for a pretty slow ballad with a folk flavor that's done wonderfully by Kay. Rendition is touching.

LOUIS ARMSTRONG (Decca 28628; 9-28628)

B (2:42 [Acuff-Rose Pub.] A cur-rent Hank Williams hit tune is invit-ingly covered by the froggy voice of Louis Armstrong in his inviting man-ner of delivery. This side should get spins spins.

G "CONGRATULATIONS TO SOMEONE" (2:46) [United Mu-sic] Satchmo covers another tune that's reaching high on the lists. He toots a bit and sings a bit with the able assistance of Sy Oliver's crew.

PAUL WESTON ORCHESTRA (Columbia 39968; 4-39968)

CASH BOX "DANCIN' WITH SOMEONE" (2:32) [Valando Music] "BREAKIN' IN THE BLUES"

(2:32) [Box & Cox] TERESA BREWER (Coral 60953; 9-60953)

TERESA BREWER

• The phenomenal league of fans that Teresa Brewer acquired from her tremendous success with "Till I Waltz Again With You," will be thrilled when they hear her latest, "Dancin' With Someone." It's a lovely ballad set to a slow waltz tempo and highlights the magic of the thrush's tingling voice. Jack Pleis backs her with a fine orking. Tessie offers a bluesy item on the lower lid tagged "Breakin' In The Blues." "Dancin'" is very similar to "Waltz" and is a perfect follow up that could reach the top of the song parade too.

"TWO KINDS OF LOVE" (2:38) [Redd Evans Music] "YOUR GAME OF LET'S PRE-TEND" (2:36) [Mayfair Music] BERNICE PARKS (Mercury 70104; 70104 x 45)

BERNICE PARKS • One of the most sultry and striking voices in the business, the voice of Bernice Parks, makes it's debut on the Mercury label with two tailor fit sides that could es-tablish her as a top artist. She gives a heart felt and emotional reading to a ballad called "Two Kinds Of Love" and puts her soul into the other lilting love song labeled "Your Game Of Let's Pre-tend." Both ends are vocal master-pieces and are perfect sets for the thrush to show her talent. Glen Osser does a top flight backing job on both halves.

"HE WHO HAS LOVE" (1:57) [Larry Spier Music] "I WONDER, I WONDER, I WON-DER" (2:18) [Robbins Music] THE FOUR LADS (Columbia 39958; 4-39958)

FOUR LADS

FOUR LADS The ingredients to make a disk a hit can all be found in the latest Four Lads release. They take a novel jump number dubbed "He Who Has Love" and give it a peppy going over with their stellar rhy-thm and harmony and set it up against a sensational backdrop just packed with sock by the Nor-man Leyden ork. The lyrics are catchy and easily remembered. Flip is the standard "I Wonder, I Won-der, I Wonder" that the boys give a personal and warm treatment to. We favor the top half and feel it will be the side that will make them a top vocal quartet. Top deck is a top vocal quartet. Top deck is 1:57 long and a natural for the boxes.

HAMISH MENZIES

HAMISH MENZIES • Hamish Menzies takes a bow before the American public on the Decca label with two new sides which he penned himself. "Less Than Tomorrow" is a warm and tender ballad that Hamish (Scotch Gaelic for "James") presents in a manner that makes the listener feel very close to the artist. You feel that he's singing to you. "You Can Be In Love" is another pene-trating love song that is delivered with inspiration. The Jack Halloran Chorus and Lew Douglas' orchestra do a grade "A" job of enhancing the beauty of the side with a plush soft setting. soft setting.

LITTLE SYLVIA (Jubilee 5113; 45-5113)

B "THE RING" (2:50) [Wemar Music] The soft hazyness of Lit-tle Sylvia's voice comes off in good form as the thrush does a sparkling job on a folk flavored ballad. The job is enhanced by an organ and guitar backdron backdrop.

backdrop. "BLUE HEAVEN" (2:44) [Benell Music] The young thrush has a tear in her voice as she hands up a sentimental item in her caressing manner. This talented performer has a brilliant future that could begin with the top half.

EUGENIE BAIRD (Vinrob 2)

B "SAY 'SI SI'" (2:50) [E. B. Marks] A novel standard is belted out in top flight form by the exciting voice of Eugenie Baird with a sensa-tional un-named orchestral assist. The amazing rhythm is full of life and

amazing rhythm is full of life and really makes you jump. "HOOTIN HOLLER" (2:12) [Vinrob Music] The thrush does another pleasing job on a novel hand-clapping and hootin novelty. It's a real peppy piece.

DANNY STABILE

(Albee 462)

B "INFATUATION" (3:06) [Gorn-ston Music] A soft guitar handled by Bill Suyker is a perfect setting for a most warm and inviting vocal by Danny Stabile. His expression and smoothness are tops.

"I HAD TOO MUCH TO DREAM LAST NIGHT" (2:50) [Gate Mu-sic] Laura Leslie does a misty solo job on a ballad that's on the mood style. Rhythm backing is fitting.

BING CROSBY (Decca 28610; 9-28610)

(Decca 28610; 9-28610) "OHIO" (3:10) [Chappell & Co.] Bing Crosby does a top flight job on a lovely tune from "Wonderful Town." The lilting melody is inviting and gets the relaxed Crosby treat-ment. Jud Conlon's Rhythmaires and the John Scott Trotter ork ably assist. "A QUIET GIRL" (3:10) [Chap-pell & Co.] The established groan-er does another super tender job from the same musical. Soft lush music backs him as he feelingly presents a tune warm enough to be called a lull-aby. A fine coupling.

RAY ANTHONY (Capitol 2393; F-2393)

(Capitol 2393; F-2393)
"THEY DIDN'T BELIEVE ME" (3:17) [T. B. Harms Co.] From his latest album "Campus Rumpus" comes this lovely instrumental in the smooth Ray Anthony fashion. The soft version is perfect for dancing and features some sweet trumpeting.
"TRUE BLUE LOU" (2:56) [Fa-mous Music] Ray and his men handle another tune from the album in a solid jump manner that the jitter-bugs will go for in a big way. It's some fine team work and Ray's solo is tops.

RAY HENRY ORCHESTRA (Dana 3120; 45-3120)

⁽¹⁾ "THE CONNECTICUT YAN-KEE POLKA" (2:35) [Dana Music] A rousing and delightful polka is really belted out by Ray Henry and his boys on a number with a terrific tune. It's a real handclapper that fit-ting locations should have.

CARROT POLKA" (2:36) [Pub-Carrot Domain] Polka fans will take to this one too. It's done in the same rousing manner as the top half and is just chock full o' life.

LES BROWN ORCHESTRA (Coral 60946; 9-60946)

B "I'LL BE HANGIN' AROUND" (2:58) [Broadcast Music Inc.] The terrific rhythm of the Les Brown crew is most prominent on a novel jump item with a lovely tune. Like adding whipped cream to a sundae, the Modernaires cap the side with a creat vocal. great vocal.

• "BACK IN YOUR OWN BACK YARD" (2:55) [Bourne Inc.] Lucy Ann Polk does a smooth solo vocal on a good jump oldie that has an inviting flavor to it. A fitting kin deck for a good top half.

JILLA WEBB (MGM 11447; K-11447)

B "THERE'S POISON IN YOUR HEART" (2:56) [Blazon Music] Jilla Webb has wonderful control over her lovely crystal voice as she chirps a pretty sentimental ballad with a country flavor. Joe Lipman and his ork assist smoothly.

"I'M HAPPY TO KNOW YOU'RE HAPPY" (3:02) [Jewel Music] Lush backing, a warm and heart felt delivery, and a lovely tune result in another quality performance by Jilla. The vocalist really puts her heart into a song.

We look off big.

ALAN DEAN (MGM 11454; K-11454)

(MGM 11454; K-11454) B "THE MOON WAS YELLOW" (2:29) [Bregman, Vocco & Conn] The wonderful voice of Alan Dean shows perfect control on a strong Latin tempo ballad full of feeling. Joe Lipman does a superb job of back-ing. The result is terrif. C "SERENADE OF THE WAY

TOMMY PRISCO (King 1178; 45-1178)

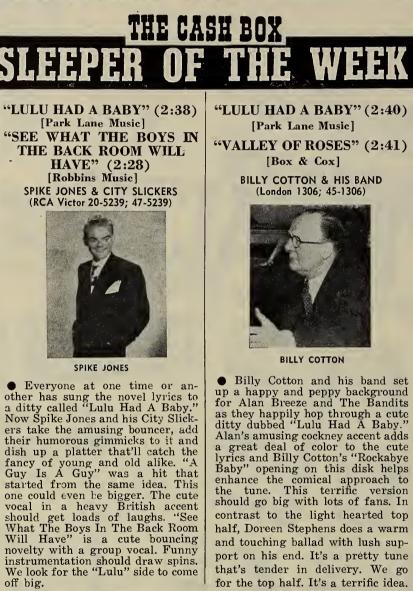

B [Marvin Music] Tommy Prisco's first King release is a good sign of the brilliant future that the boy will have. It's a first class rendition of a wonderful love song delivered in a strong and sincere manner. It could click click.

(NOW I KNOW" (2:30) [Wemar Music] The lad sounds great on ballads as one can gather from this side too. Dewey Bergman's ork assists with a smooth lush backing that en-hances a most inviting vocal.

MARGARET WHITING & JIMMY WAKELY (Capitol 2402; F-2402)

B "GOMEN NASAI" (2:15) [Walt Disney Music] The pleasing har-mony of Margaret Whiting and Jimmy Wakely is warmly demonstrated on a current pop plug tune that seems to be making the grade. This version could get a good share of the plays. Very pretty.

G "I LEARNED TO LOVE YOU TOO LATE" (2:00) [Riverside Music] The couple do a cute novel bouncer full of guitars and heaping with that Western twang. Their harmony is tops.

half, Doreen Stephens does a warm and touching ballad with lush support on his end. It's a pretty tune that's tender in delivery. We go for the top half. It's a terrific idea.

VIC DAMONE Mercury 70108; 70108 x 45)

B "LOVE LIGHT" (2:40) [Redd Evans Music] Vic Damone's voice is in top flight form as he warbles a lovely dream-dusted ballad with the support of the Jack Halloran Singers. The result is beautiful and stands a good chance of making the grade.

⁽¹⁾ "AFRAID" (2:35) [Milene Mu-sic] Vic is at his romantic best on this side too as he offers another beautiful love song. His tender voice a lush chorus and a fine David Car-roll orking make this hit material. One of Vic's best couplings.

NANCY REED (Jubilee 6029; 45-6029)

B "YOU NEVER TELL ME YOU LOVE ME" (2:02) [Lubin Mu-sic] T. V. star Nancy Reed lends her talented voice to the recording field as she runs through a novel slow jump piece with a cute tune and an appro-priate backing by Don Costa's ork.

G "IT'S WRITTEN ALL OVER YOUR FACE" (2:36) [Lubin Music] The thrush hands in an equally fine performance on a ballad that she does in a sweet and caressing man-ner. The songstress has a lovely ver-satile voice.

SILVANA MANGANO (MGM 11457; K-11457)

ANNA" (2:38) [Hollis Music] An eerie Latin rhythm tune from the sound track of the flick "Anna" is done by Silvana Mangano. The for-eign language vocal has a lovely melody that should catch on. The movie will help popularize the tune. It should hit.

• "I LOVED YOU" (2:36) [Hollis Music] The sexy thrush does an-other song from the same film. It's a pretty ballad with an inviting mel-ody. The foreign lyrics are presented with feeling.

DICK HAYMAN ORCHESTRA (Mercury 70114; 70114 x 45)

(Mercury 70114; 70114 x 45) B. "ANNA" (2:35) [Hollis Music] A beaty and intriguing melody from the motion picture "Anna" gets an instrumental going over from the vivid orchestra of Dick Hayman. The samba tempo and the promotion that the flick will give tune could make it hit. it hit.

⁽⁴⁾ APRIL IN PORTUGAL" (2:29) [Chappell & Co.] A lovely melody adapted form the "Whispering Scre-nade" is lightly and lushly presented by Dick Hayman and the crew. It's a lovely arrangement that should get many spins.

SY MANN ORCH. & CANADAIRES (Thrillwood 401)

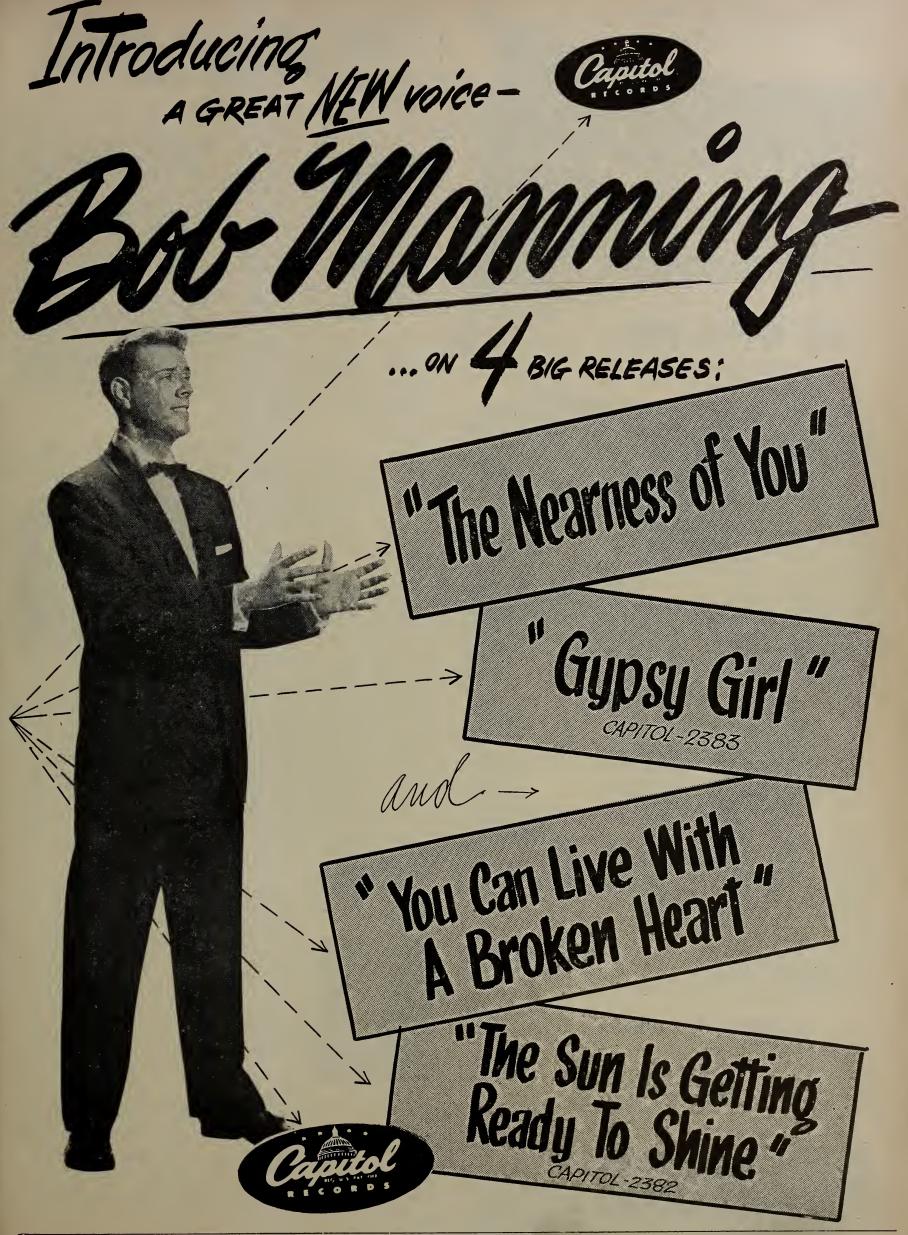

B "CHIP, CHIP" (2:28) A pretty manner is offered by Sy Mann's ork and the voices of the Canadaires. The vocal team demonstrates some pleas-ing harmony on this catchy tune. ing harm. Very cute.

⁶ "I BELONG TO YOU" (2:30) The Canadaires lend their smooth voices to a pretty waltz and touchingly deliver it in a prayer like softness. The melody and light backdrop en-hance the beauty of the number.

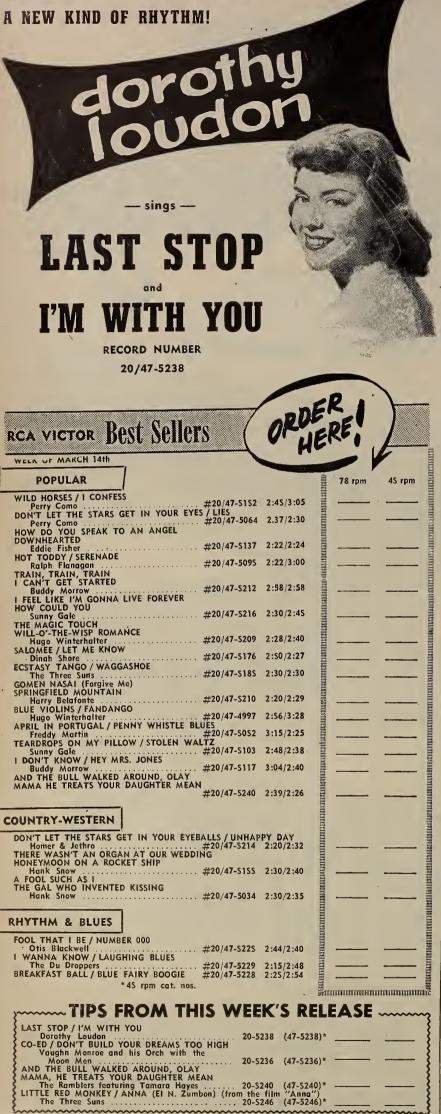

GORDON JENKINS & CHARLIE LAVERE (Decca 28612; 9-28612)

B "GOMEN NASAI" (2:20) [Walt Disney Music] The lush orchestra and chorus of Gordon Jenkins teams up with the appealing voice of Charlie Lavere on a current plug tune that's making noise. This version should get a good share of plays.

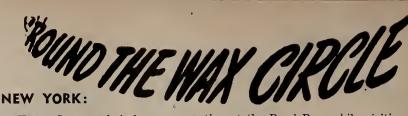

"THE TIES THAT BIND ME" (3:06) [Remick] Here the ork and chorus showcase Charlie on a bal-lad from the flick "She's Back On Broadway." It's a lush and warm ballad.

Hal Cook Named National "... good enough to send it Sales Manager of Capitol

HAL COOK

NEW YORK — Hal Cook has been named national sales manager of Cap-itol Records Distributing Corp. effec-tive April 1, 1953, it was announced this week by William Fowler.

Fowler said that this was a major move by the diskery to strengthen its industry position. He said also that

during the past year (1952) Cook had been largely responsible, in his posi-tion as New York district manager and national promotion manager, for an increase of over 25% in the district sales volume which substantially ex-ceeds the overall national gain of 10%.

In his five years with the Capitol organization, Cook has had wide ex-perience starting as field sales repre-sentative in the mid-west. His later positions included branch manager at St. Louis, district promotion manager at Chicago and a two-year stretch as popular promotion manager in Holly-wood — all prior to his transfer to New York in 1951.

In his new position, Cook will be directly responsible for all of Capitol's domestic sales and field promotion in the United States, Hawaii and Alaska, and will direct all pop, kiddie, classical and Cetra-Soria promotional activities handled out of the New York headquarters.

Al Levine, present New York branch manager, is being upped to district sales manager filling the vacancy left by Cook's promotion, while Anthony Rubino takes over as branch manager in New York.

Court Rules Widow Is Entitled To Copyright

NEW YORK — A complete victory was won by the Edward B. Marks Music Corporation last week in its lawsuit for infringement of the song, "In the Baggage Coach Ahead," by Gussie L. Davis. The action was brought in the New Jersey District Court against Borst Music Publishing Co., Inc., Arthur Borst and Cyrus Borst, who had published a song called "Baggage Coach Ahead" in 1947. Samuel Hollander of Newark and Ar-thur E. Carmaize of New York City represented Marks.

Among a number of other novel points, the court held for the first time in a copyright case, that a widow of the author, even though she re-mar-ries, is nevertheless still the widow of the deceased and is entitled to renew the copyright. The defense had con-tended that the writer's brother, who had applied for a renewal, was the person entitled to it but Judge Moda-relli emphasized the fact that the widow came first, even though she had re-married.

Marks first became aware of the in-fringement through a record made in Newark in 1949 by Coleman Records, Inc. Herbert Marks summoned the infringing writer, Arthur Borst and his father, Cyrus Borst, to his office in an attempt to straighten out the mat-ter amicably. When the younger Borst, however, a man well under thirty at the time, stubbornly insisted that he had written the lyrics of the infringing song himself, under the title "Baggage Coach Ahead," Marks decided to take action. The facts are that the original success was created some 30 years before he was born. Marks first became aware of the in-

In his opinion, Judge Mcdarelli de-scribed plagiarism as "naughtiest of literary vices, which has had a long and dishonorable career." It was held that, not only were the lyrics practic-ally identical, but that Arthur Borst must have had access to these lyrics. The decision was, in every way, one which supported all of the Marks at-torney's contentions.

Rackmil Named To Full Term As RIAA Prexv

NEW YORK — At a meeting of the Board of Directors of the Record In-dustry Association of America, Inc., held Tuesday, March 10, the following officers were elected for the year 1953: Milton R. Rackmil, President; Law-rence K. Green, Vice-President; Harry C. Krusc, Vice-President; Frank B. Walker, Treasurer. All officers were unanimously elected to serve for a cne-year period. John W. Griffin will continue to serve as Executive Secre-tary and Ernest S. Meyers as Counsel. In accordance with the constitution and by-laws of the Association, offi-cers are elected by the Board of Direc-tors. The Board was elected by the members at a general membership meeting held on February 11, 1953. While it is the policy of the Board as elected each year, consideration was given to the fact that activities of the Association did not get under way until late spring of 1952. Therefore, none of the officers had the oppor-tunity to serve for a full year, and the Board prevailed upon Mr. Rackmil to accept the Presidency for the full term of 1953.

In "The Money Song"

NEW YORK-Arnold Shaw, vice president of Duchess Music, has written "The Money Song," published by Random House, a book which tells what happens to all those involved in

the making of a hit song. Told from the inside, with all the experience and knowledge which Shaw has gathered in his wide experience in the field, the book deals in realistic terms with the various characters and situations encountered in Tin Pan Alley.

Most of the characters in the book are composites of several people, so that you can seldom put your finger on anyone and say, "This is soandso," but most of the types are readily recognizable.

As might be expected, Shaw displays an authoritative insight into the music business and a highly authentic knowledge of its language.

Not only does he tell the story of the music world, but he packs into the book the right amount of glamor and love interest which should make it appeal not only to those within the trade, but also to those outside of it who want to know what it's really like.

Letter From London:

Mary Small A Smash

At London's Palladium

NEW YORK - Vic Mizzy, Mary Small's husband, and a writer of several hit songs, wrote from London this

self to you. They are a great audience to play for. The trade paper reporters are highly intelligent men and they remind me a lot of the gang at home. At 4:30 they drop everything and have tea."

Fisher And Damone Set For Top BMI To Exploit **Dates On Release From Army**

Page 16

NEW YORK-Eddie Fisher's first date on his release from the Army early in April will be at the Paramount Theater. Eddie is due to open there on April 10 and remain through May 4.

From there, he goes to London for a two week stint at the Palladium, from May 11 to 25. He'll remain in England after he finishes at the Palladium to see the Coronation and then return to the United States in June.

At the moment, negotiations are going on for Fisher to star in a TV series which would start upon his return from England. Interesting aspect of the deal is that the show would be an MCA package while for his personal appearances Fisher would be booked by GAC.

Fisher has also been offered several movie deals but no decision will be made until his return from Europe.

VIC DAMONE

NEW YORK-Vic Damone has a string of top personal appearances lined up following his release from the Army May 9.

Vic will tee off at Bill Miller's Riviera on May 19 and then follows with an engagement at the Paramount Theater in New York.

From there he works his way across the country playing the Chez Paree in Chicago, the El Rancho in Las Vegas, Nevada, and the Mocambo in Hollywood.

After finishing the Mocambo date, Vic starts work on the MGM musical "Hit The Deck."

Several other films are being lined up for Vic and it is expected that a good deal of his time will be devoted to the making of movies.

Vic's latest Mercury record is a coupling of "Lovelight" with "Afraid."

Canadian Tunes

MONTREAL, CAN.—Music cre-ated in Canada by Canadian songwriters and composers will be exploited and promoted throughout the United and promoted throughout the United States and other countries under a campaign being planned by BMI Can-ada, Limited, according to music or-ganization's General Manager, Robert J. Burton, in his report last week to the Canadian Association of Broad-casters in Montreal.

Burton, who is also vice president of Broadcast Music, Inc., counterpart of BMI Canada in the U. S., announced the setting up of a staff of music men which will devote full time to the pro-motion of Canadian songs here.

The report by Burton included fig-ures showing the results of last year's activities of BMI Canada in the pub-lication and performance of Canadian composed music. With 120 affiliated composers and 27 music publishers furnishing the source of music by Canadians, the BMI Canada repertoire now contains more than 5,000 compositions of all types, said Burton. More than 3,000 numbers are in the popular category, another 2,000 are of the classical or standard type, while a third of the total is in the French language.

Reviewing the past year's accomplishments of BMI Canada, Burton told delegates to the CAB Conference that BMI-licensed songs earned an overall 81.2% in the year-end popularity survey conducted by the British United Press. BMI songs headed the weekly surveys of BUP in the No. 1 position for 39 out of the 48 weeks.

New Tony Bennet Disk Picked

CLEVELAND, O .- At the Cleveland Hit Parade party last week, Bill Randle played the new releases of every major record company for his teen age audience and they chose Tony Bennett's recording of "No One Will Ever Know" as the one with the best hit possibilities. As a result the tune will be featured on juke boxes throughout Ohio starting April 1. Acuff-Rose is the publisher of the song.

Another Sports Disk For Corelli

NEW YORK-Alan Corelli, who recently promoted the "Let's Go Bowling" disk on the Maestro label, has made another tie-up in the sports field, cutting a baseball tune "Who's Gonna Win The Pennant This Year?"

The Four Toppers will cut the record for Decatur and arrangements have been made with the leading ball parks for play over their loud speak-

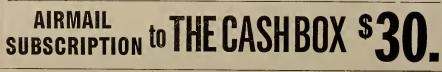

The tune is in Chick Kardale Music.

NEW YORK-In the March 7 issue of The Cash Box, the Jack (The Bear) Parker record of "I Need You, I Want You" was inadvertently. printed as "You, I Want You." "I Need You, I Want You" is put out on the 7-11 label, a subsidiary of Aladdin Records.

CLEVELAND, O .- Decca's newest vocal discovery, Hamish Menzies, is pictured singing before 3000 kids at Cleveland's Musical Auditorium during the Hit Tune Show which was sponsored by the Ohio Operators' Association and was emceed by Bill Randle, WERE disk jockey. Menzies' first two sides are "Less Than Tomorrow" and "You Can Be In Love." Hamish (which is the Scottish Gaelic for James) was born in Scotland and started his singing career there. After owning a nightclub in Paris for a year, he migrated to the United States where he's been for the past two years. It was during a nitery engagement in Cleveland that Hamish was spotted by Bill Glaseman, Decca's North Central Division Manager and almost immediately after that signed to a Decca contract.

Angel

Not too many eons ago, we once observed one of the major recording artists of the era undergoing a character analysis by an interviewer for one of the leading fan mags, describing his thoughts on: 1) the popular songs of that period, 2) his favorite vocalists, 3) his preference for working either nightclubs or theaters, 4) his fans, 5) women, 6) further aspirations, and 7) how he hap-pened to get into the music and show business. Now, bear in mind that this gent was one of these sincere people who believed that all interviews should definitely reflect his genuine personality. To the last question, therefore, he candidly intimated that he got into the bizz because: 1) he like to sing, 2) he could sleep late every morning and 3) it was a "quick and easy buck."

This week's sermon will be devoted to dispelling any and all illusions to all three of these reasons, as attested to by this very same artist—no longer a top-flight performer, but still a name to be reckoned with. That is, if you want to reckon with names.

First of all, let's take his first point: He liked to sing.

There are, at present, 150 million Americans, according to the census of 1950. Of these, only about 100% actually like to sing. So, despite the fact that only a chosen few can gain the smile from Lady Luck which propels them to fame and fortune, it isn't too important that one *likes* to sing. It's more important to have an aunt who's married to the A. & R. Director of a record company. Likes to sing, INDEED!

The other two points require a much more careful analysis, and have a much greater bearing on the case as it exists today. The second reason, if you recall (if you don't recall, glance up to the end of the very first paragraph—Do we have to tell you *everything*?) was the fact that our hero could sleep late every morning.

With astoundingly few exceptions, make the rounds amongst today's top recording folk, and ask them to describe their average working day. Considering that you are extending your survey among real, intelligent, perspicacious (oh, for-Heavensake, is he going to start with that slop again?) artists, you will probably be amazed to learn that they don't sleep late every morning, and, in truth their life is not a bed of roses. The average recording poisonality is committed to cementing his or her public relations to a point almost approaching flial devotion. Therefore, his personal activities center about a routine which could easily result in a condition almost approaching paranoia. The constant rounds and devotion to "duty" include their frequent visitations to disc jockeys, radio interviews, television interviews, fan mag interviews, fulfillment of correspondential obligations (writing letters, you know), continual contact with fan clubs, music lessons (We're not too sure about this!), and—this we are sure about—always in condition for preparation of the little ordinary things that go to make up their career. This takes in the study of new numbers for recording purposes, the preparation of personal appearances, traveling, etc. . . But the other facets of the business go on and on and on. It's a hectic pace. And, once it stops, it's only because the performer's time has run out professionally. Then,—and only then—is he or she in a position to sleep late in the morning.

On to Reason No. 3-the "quick and easy buck. . . ." This one is simple. . . .

Regardless of one's individual pursuit, it now seems to be apparent that there is no such thing as a "quick and easy buck" or a "fast buck" or a "short cut to the green." As evidenced by the multitudinous details advanced in the paragraph preceding, one could hardly describe the life of an artist as "quick and easy." Moreover, there are a few other things to consider.

Like this:

Like the personal manager, who comes in for a fair share of the artist's quick and easys, from something like 10% of the net to something like 50% of the gross.

Like the booking agency, which also comes in for graduating scales, some-times up to 15 and 20 percent. Unfair? Well, we've heard the remark from a personal manager, holding a 15% contract with an artist, who begrudged the fact that the singer was taking 85% of *his*—the manager's—income.

Like the wardrobe, definitely an integral part of any professional career. In the case of the young males, this isn't too haphazard an undertaking, since silk mohair dress suits can be purchased at the bargain price of around \$175 per copy these days. And the average male performer can struggle along with three or four varied outfits. But the gals are up against a knottier problem. Their gowns must be distinctive, flattering and the envy of every other female in the audience. Therefore, gowns run from \$350 all the way up to \$1500 per item, each. And the average gal's wardrobe consists of some eight or ten draneries draperies.

Naturally, we could roll on and on and on. But time and space don't permit.

Wonder what plumber's apprentices are making these days.

Ah, well----

nounced the signing of Elly Williams to a term contract. The singer, who hails from Boston, formerly worked at the Saxony in that city and is currently appearing at Lil-liana's on Fifth Avenue in New York. Her first record is expected to be re-leased shortly.

NEW YORK—Coral Records has signed Peggy Mann to a term con-tract. Deal was a result of the noise made on the west coast by the thrush on a Cavalier disk titled "So Do I." Coral has bought that master but is not issuing it and instead has re-re-corded the tune with the singer. Peggy formerly sang with Jerry Wald's orchestra.

Disks For Education Now Used Extensively

NEW YORK—The increasing im-portance of the phonograph record as an aid in the teaching of music appre-ciation and other classroom subjects is indicated by the publication of a comprehensive educational record cat-alog just announced by the Educa-tional Services Division of RCA Vic-tor tor.

Designed to help teachers achieve more effective use of disks as class-room aids, the new catalog represents the most complete compilation of available educational records ever prepared by the company in its more than 40 years in this specialized field. The recording and listing of special

The recording and listing of special disks for use as teaching aids was pio-neered by the Victor Talking Machine Company, forerunner of the RCA Vic-tor Division of the Radio Corporation of America. In 1911, the company re-tained Dr. Frances Elliott Clark, a Midwest school teacher, to develop and direct an educational department. It was the purpose of this department to promote music education in the schools was the purpose of this department to promote music education in the schools through the use of phonographs and records as teaching aids. Now in her nineties, Dr. Clark is director emeri-tus of RCA Victor's Educational Serv-ices Division—a post assigned upon her retirement in 1947.

The new catalog lists records se-lected for use in two major phases of music education. One section presents recordings designed to stimulate basic entitudes and physical experience recordings designed to stimulate basic aptitudes and physical responses; to create awareness of pitch and tone, phrasing, and the broader aspects of form; and to provide material for the study of musical skills and techniques. Another section is devoted to recorded material which can provide esthetic musical experience for the student and aid in the development of imagination, concentration, discrimination, and judgment.

Gene Janklow Dies

CHICAGO—Gene Janklow, General Salesmanager of the Columbia Record division of The Sampson Company, this city, distributors for Columbia Records, passed away from a heart at-tack (Wednesday evening, March 11, 1953).

Janklow was only 38 years old. He was one of the best liked men here from the juke box operators' standpoint.

He had always made it his business to work very closely with the juke box operators and had always helped them in every possible fashion.

In fact, just a week prior to his de-mise, Janklow held a meeting with top juke box operators here, to arrange for better and speedier service to the industry.

His passing is sadly mourned by all the juke box men thruout the entire Chicagoland area.

NEW YORK—Songwriter Bob Hil-liard and Eddie Fisher just don't speak as they meet an angel. Instead they hold the hit record "How Do You Speak To An Angel?" over Helen Gallagher's head as a crown. Eddie recorded the tune for RCA Victor; Bob wrote it as part of the score for "Hazel Flagg"; and Helen stars in the show. the show.

BERNIE LEIGHTON O. (Brunswick 80216)

(Brunswick 80216)
(Brunswick 80216)
(2:29) [Mills Music] Bernie Leighton and his group dish up an instrumental reading of the fascinat-ing Leroy Anderson tune. Leighton comes up with some sparkling piano work for a light and lilting side.
(B) "THE WORLD IS WAITING FOR THE SUNRISE" (3:12) [Chappell & Co.] Leighton uses a full ork on this end and the oldie is given an exciting rundown. Leighton's key-board sweeping and wild orking, to-gether with the current re-awakening in this type of etching, could make this side go a long way.

JIMMIE LEE & ARTIS (Modern 899)

(Modern 899) B "WHY DO YOU MAKE ME FEEL BLUE" (2:39) [Mod Mu-sic] Jimmie Lee & Artis do a good duet on a rhythmic middle beat, that with possibly a few changes, is "Lone-some and Blue." Pair blend well. B "ALL RIGHT BABY" (2:37) [Mod Music] Flip is a rhythmic fast moving item that the pair dish up in exciting style. A wide awake tune, and ok for the spots that cater to the louder type renditions.

JOE HOLIDAY (Prestige 815)

(Prestige 815) "BLUE HOLIDAY" (2:41) Joe Holiday showcases his tenor sax with a slow blue mood piece. tenor B "I HADN'T ANYONE TILL YOU" (2:38) A lovely oldie is treated to a soft and mellow reading by the smooth saxing of Holiday. Ok for the soft light spots.

MARI JONES (R. I. H. 409)

(R. I. H. 409)
"DRIFTING BLUES" (2:41) [Messnes Sales] Mari Jones on the vocal and Johnny Moore's Three Blazers dish up a slow tempo blues. Thrush lacks feeling.
"THERE IS NO GREATER LOVE" (2:38) [Clear] The slow pop favorite is done in very nonchalant manner by Miss Jones.

THE JETS (7-11 2102)

GOMEN NASAI" (2:20) [Walt Disney Music] The current pop sensation is given an R & B twist by The Jets. A rhumba rhythm on the soft kick.

Bernstein] The group waxes a quick rhumba beat dramatically and with excitement.

BILL DAVIS

(Okeh 6946)

(Oken 6946)
"LULLABY OF BIRDLAND" (2:41) [Patricia Music] The Bill Davis combo dishes up a rhythmic quick beat for an exciting side.
"APRIL IN PARIS" (2:42) [Harms] The group etches a melo-dic oldie in relaxing style.

"MY HAT'S ON THE SIDE OF MY HEAD" (2:40) [Pamlee Music] "NOT ANY MORE TEARS" (2:48) [Pamlee Music]

> THE FOUR BLAZES (United 146)

The Four Blazes, with Thomas • The Four Blazes, with Thomas Braden providing a moving and heated vocal, dish up a quick beat rocker, titled, "My Hat's On The Side Of My Head." The delivery has lots of zest and is belted from the opening note in happy style. With the personality job injected by the chanter, and the drive of the arrangement and the support-ing cast, this etching zings along at a bustling page A definite entry at a hustling pace. A definite entry for the juke box sweepstakes. The lower lid is a moderate tempo item, performed by the Four Blazes in smooth and feelingful manner. Very pleasant listening. Ops, get with the top deck.

"WOKE UP THIS MORNING" (2:38) [Mod Music] "DON'T HAVE TO CRY" (2:36) [Mod Music] B. B. KING (RPM 380) • B. B. King comes up with

another "hot" item. Titled, "Woke Up This Morning," the upper lid is a slow low down blues with lament lyrics, and King polishes off the sad words with great feeling and emotion. His know-how added to potent material makes this a powerful etching and this means spins and spins. The lower lid is a rhythmic Latin beat that comes out an exciting and lively side. King belts this ditty against a driving ork background. In spots, ork is a little too loud and fights the singer, but on the whole, etching is good.

THE FLAMINGOS (Chance 1133)

B "IF I CAN'T HAVE YOU" (2:38) [Joni Music] The Flamingos chant with feeling as they dish up the romantic slow beat against an easy backing.

G "SOMEDAY SOMEWAY" (2:35) [Joni Music] The flip is a rhyth-mic quick beat, embellished with hand-claps, and chorus chant. Group sings well and King Kola's ork backs them in fine other in fine style.

JIMMY FORREST (United 145)

"MR. GOODBEAT" (2:45) [Pam-lee Music] A rhythmic middle beat instrumental with Jimmy Forrest etching some exciting blowing. A showcase for the Forrest sax.

snowcase for the Forrest sax. "MRS. JONES' DAUGHTER" (2:50) The natural follow-up to the hit "Hey Mrs. Jones" is this Latin tempo ditty. Forrest tells of the merits of Mrs. Jones' daughter in humorous fashion. Orking and the Jimmy For-rest tenor sax help make this a solid disk.

ROOSEVELT WARDELL (Rockin' 508) "LOST MY WOMAN" (3:15) [Lois Pub.] Roosevelt Wardell chants a slow blues against a dramatic backing. Tells the story of how he lost his woman and is about to lose his mind mind.

SO UNDECIDED" (3:08) [Lois Pub.] Wardell sings a very simi-lar item on the lower deck.

TERRY TIMMONS (RCA Victor 20-5227)

B "HE'S THE BEST IN THE BUSINESS" (2:40) [Marvin Music] Terry Timmons can sing and sell a tune. Her chanting of the mod-erate tempo bounce is assisted by some top deck orking by the Howard Biggs ork.

"EVIL EYED WOMAN" (2:35)
 [Raleigh Music] The under portion is a slow blues emotionally sung by Miss Timmons. A pleasure to listen to her read lyrics.

BOOTS BROWN (RCA Victor 20-5228)

BREAKFAST BALL" (2:25) [Michele Music] Boots Brown and his Blockbusters belt a middle beat bounce with drive and enthusiasm. Teenage wildness will go for this one. G "BLUE FAIRY BOOGIE" (2:54) [Michele Music] Another go-go reading of a boogie beat.

STICKS McGHEE (King 4610)

G "LITTLE THINGS WE USED TO DO" (2:35) [Jay & Cee] Flip is a slow rhythmic item, pleasantly and easily vocaled by Sticks.

"I DON'T HAVE TO HUNT NO MORE" (2:41) [Regent Music] "ALONE AGAIN" (2:39) [Dot Publishing] FIVE CROWNS

(Rainbow 206)

• The Five Crowns, an established hit group, etch another that looks like more honors for the quintet. Titled, "I Don't Have To Hunt No More," the tune is a quick beat jump, and the boys give it a ride that makes it, we think, the best thing they have done up to this point. Lead singer is smooth, exciting, and the blend of the group is unusual. The under portion, "Alone Again," is a slow tempo ballad, smoothly and easily presented. Item is melodic, lyrics potent, and will appeal to both the r & b audience and pop fans. Both sides will draw, but we give the edge to the upper lid.

"IT MOVES ME" (2:41) [High Society] "NIGHT TIME" (3:06) [High Society] LLOYD GLENN (Swing Time 324)

• That man at the keyboard, Lloyd Glenn, with the aid of his orchestra, dishes up an exciting rhythmic middle beat, "It Moves Me," in a manner calculated to bring solid coin action. Glenn's key-board technique, plus the stimulat-ing solo rides of the key sidemen, gives this disk the class that makes "hits." Look for lots of action on this one. The under portion is a whythmic slowbeat titled "Night rhythmic slowbeat, titled, "Night Time," that gets the same instrumental treatment accorded the upper deck. Glenn again displays his talents to great advantage. Also standout, is a relaxing sax ride and interesting guitar. We see a slight advantage in favor of the upper lid.

Welcome to a new rhythm and blues label to be known as "Sun." Prexies of the new record company are Jim Bulleit and Sam Phillips. Both Bulleit and Phillips have quite a background in the disk business. Bulleit is currently bossman of J. B. Records and Bulleit Records, and Phillips has worked with Modern, Chess and others. He scouted and recorded and presented to the public such outstanding artists as Jackie Brenston, B. B. King, Howlin' Wolf, Joe Hill Louis, Roscoe Gordon, Willie Nix and others too numerous to mention. Sun Record Company plans to give every opportunity to untried artists to prove their talents, whether they play a broom stick or the finest jazz sax in the world. First releases were issued on February 15 and already, one of them, "Seems Like A Million Years," has stirred up a windstorm in Chicago and it looks like a real blues money maker.

NEW YORK—Francia Luban, for many years head of the Latin-Amer-ican music department of the Edward B. Marks Music Corporation, has just returned to that concern in the same capacity.

Miss Luban started her music busi-ness career in the 30's, with Marks, remaining until matrimony and moth-erhood made it impossible. Now her son is in kindergarten and she re-turns to renew old friendships and business contacts.

Miss Luban has also written Eng-lish and Spanish lyrics, being best known as co-writer with Al Stillman of the words of Lecuona's "Say Si Si." Marks has chosen this tune for its next big drive, basing this activity on forthcoming records by the Mills Brothers, Eugenie Baird and several others others.

It is Miss Luban's feeling that the mambo craze is on the wane and that this decline will be an excellent thing for Latin-American music. She will concentrate on both old and new songs from Cuba, Mexico, Brazil and other Latin-American countries. Among some of these are top songs by Le-cuona, Simons, Cugat, Grenet, Roig, Grever, Lara, Menendez, Gardel and many others. Chief of the new Latin American hits is "Piel Canela" by Bobby Capo, which Herbert Marks, head of the firm, acquired on his re-cent trip to Havana.

One of the most important assets Miss Luban brings to her work is her unmatched ability to teach American singers the correct way to pronounce Spanish lyrics. Many of the biggest name artists have received valuable coaching from her in this respect.

Record Companies Rush To Cover "The Red Monkey"

NEW YORK-The Robbins Music Corporation, has possession of an importation that has every indication of becoming a big number.

The tune, "The Red Monkey," theme music for a television series in England on B.B.C. entitled "The Red Monkey," has become a big favorite abroad. Indications of the interest aroused in this country is the alacrity with which all the American record companies have picked up the tune.

Already there are five releases, with others in preparation. They are: Mercury ... Harmonicats; Victor ... Three Suns; London . . . Harry Grove Trio; MGM ... Jack Fina Orchestra; Coral . . . Frank Chacksfield. Also, Capitol and Columbia will have diskings on the market shortly. The Frank Chacksfield version on Coral is a Parlophone record. Coral has an arrangement with Parlophone to release such records as they may be interested in.

"The Red Monkey" was written by Jack Jordan, British arranger and composer, at the request of Eric Maschwitz, producer of the television series.

Individual's Name

"AFTER YOU LEAVE" (2:27) [Acuff-Rose] "I COULDN'T KEEP FROM CRYING" (2:43) [Acuff-Rose]

MARTY ROBBINS (Columbia 21075)

• Marty Robbins, who is no newcomer to the best seller lists, chips in with two of his own tunes in a bid for a "hit." Currently, Robbins is high with "I'll Go On Alone," and his latest release gives him a solid two contenders. The top lid, "After You Leave," is a moderatequick tempo bounce with romantic lyrics that Robbins chants softly, smoothly, and sentimentally. The under portion, "I Couldn't Keep From Crying," is a rhythmic mid-dle beat, expertly and warmly vo-caled by the western artist. His easy treatment and emotional delivery helps put the tune in the upper category. Light string backing sets the proper mood on both decks. In our opinion the "Crying" deck will break first.

BOY ACUFF

(Capitol 2385)

B "TIED DOWN" (2:30) [Acuff B cose] Roy Acuff's first release on the Capitol label is a good one. Roy chants a rhythmic quick beat assisted by a vocal chorus. Lyrics are cute and light hearted light hearted.

"WHAT WILL I DO" (2:51) [Acuff Rose] A fast moving sad romantic ballad. Roy's melodic chant-ing is backed in great style by his Smokey Mountain Boys.

BOB WILLS

(MGM 11452)

• "LITTLE GIRL, LITTLE GIRL" (2:41) [Bob Wills Music] A fetching slow beat lilt is given a soft reading by Bob Wills and Ramona Reed. A tender etching.

B "SITTIN' ON TOP OF THE "SITTIN' ON TOP OF THE sic] Flip is a slow beat light ditty with an R & B feel. Wills does a fine job on the vocal end.

COY McDANIEL (MGM 11451)

B "HASTY WEDDING" (2:38) [Tannen Music] A happy lilting instrumental with a Scotch sound is etched by Coy McDaniel who makes the guitar an instrument very much alive.

• "KING SIZE KISSES" (2:35) [Tannen Music] McDaniel sings on this deck and employs his yodel and other tricks for a pleasant side. Back-ing is soft and lyrics in the romantic vein vein.

ZEB TURNER

(King 1176)

G "JERSEY ROCK" (2:33) [Lois] Zeb Turner and his string band belt out a quick beat rocker with a happy sound.

• "I'M IN LOVE WITH SOME-ONE" (2:35) [Lois] The flip is a slow beat with an ok vocal of the sad romantic lyrics.

TEX RITTER (Capitol 2368)

BUFFALO DREAM" (2:08) [Leed Music Corp.] Tex Ritter has a disk here that is different and dramatic enough to catch on. The pul-sating rhythm, drum beats, and In-dian sounds and Ritter's smooth chanting make this a contender.

"MY WOMAN AIN'T PRETTY" (2:34) [Central Songs] Flip is a rhythmic middle beat that Ritter does great by. A catchy item, fetching gui-taring, and Ritter make his a fitting coupling for the upperlid.

GRADY MARTIN (Decca 28613)

B "SHENANIGANS #1" (1:34) [Old Master Songs] Grady and The Slew Foot Five dish up a moder-ate tempo etching for the St. Patrick's Der Weider ate tempo etc Day holiday.

B "SHENANIGANS #2" (1:27) [Old Master Songs] The aggre-gation etches a coupler in the same vein. Both decks are happy items and should go great in the right locations. Ops take a gander at the times of these decks these decks.

PORTER WAGONER (RCA Victor 20-5215)

B "DON'T PLAY THAT SONG" (2:45) [R:F.D. Music] Porter Wagoner does a mellow job on a slow soft sentimental song. Easy strings support the chanter.

B "THAT'S IT" (2:15) [Earl Bar-B ton Music] A live quick beat with a different approach is given a belted reading by Wagoner. A good side.

CHET ATKINS

(RCA Victor 20-5181)

B "HIGH ROCKIN' SWING" (2:18) [Alton Music] That At-kins guitar, which makes such won-derful sounds dishes up a light, lilting, and lovely side.

B "FIG LEAF RAG" (2:28) [Tan-nen Music] Flip is a quick beat which Atkins races through in happy style. An exhilarating effort.

RE: Mc CARRAN BILL (S.1106)

Would you vote into Federal Law an additional Royalty-Tax-Tribute from every American who wears nylon hose to be paid to a rich, all-powerful, million dollar corporation, even after royalties have already been paid by the weavers of the nylon hose to this rich, all-powerful, million dollar corporation?

That's just exactly what ASCAP (American Society of Composers, Authors and Publishers) want you to do via their sponsored McCarran Bill (S. 1106) to everyone of America's poor laboring peoples who enjoy, and can only afford to enjoy, the juke box music of America.

ASCAP already receives royalties from the record manufacturers for their copyrighted music, right at the very source. But this doesn't make ASCAP happy. Not one bit. ASCAP is still not satisfied with the \$11,000,000.00 or so it gets each year in royalties. It wants more. And still more. It wants to tax the already taxed.

ASCAP now wants more millions of dollars. They want to get ROYALTY-TAX-TRIBUTE from the users of the recordings on which the manufacturers of those recordings have already paid ASCAP royalties. They now want the juke box owners who buy these very records to pay them STILL MORE ROYALTY-TAX-TRIBUTE.

In short, ASCAP, who are strongly backing and sponsoring the McCarran Bill (S.1106) WANT TO BURN THE CANDLE FROM BOTH ENDS. They want you, an elected legislator of the free peoples of these United States, to ACT IN THEIR BEHALF in this farce on American justice.

They want you to vote for the McCarran Bill (S.1106) as an AMENDMENT to the Copyright Act of 1909 so that by Federal Law you will benefit only this one rich, all-powerful, million dollar corporation.

They want you to use your exalted position and office, as an elected representative of the peoples to the Congress of the United States, to help make them (ASCAP) STILL RICHER AND MORE ALL-POWERFUL.

They want you, as a member of the Congress of these United States, elected to this highly respected station by the free peoples of this great nation, by FREE Americans to: *CRUCIFY THE MUSIC OF THE POOR ON A CROSS OF GOLD*.

The fact that they have been most completely turned down year after year by one session after another of Congress doesn't deter them one bit. They are back again. Just the same as telling you that the wise and brilliant legislators of the Congress of these United States knew absolutely nothing about legislation all these past years, right through 1952.

Help us to preserve the juke box music of your poor constituents. Don't let so rich and allpowerful an organization like ASCAP be able to obtain a tax upon a tax, to trample down an entire industry to, what is even more important: CRUCIFY THE MUSIC OF THE POOR ON A CROSS OF GOLD.

Vote against the McCarran Bill (S.1106).

Urge the Committee on the Judiciary to THROW IT OUT !!

JUKE BOX BIZ PREPARES TO FIGHT McCARRAN BILL

MOA Chicago Meet Places McCarran Bill (S. 1106) Top Battle of Automatic Music Industry. Members to Tell Juke Box Ops Seriousness of McCarran Bill. Will Urge All Nation's Music Ops to Get Together With Their Locations and All Others in Their Communities to Defeat the McCarran Bill. Two Readings Already Held on McCarran Bill. It is Now Before the Judiciary Committee. Fear ASCAP May Try to Rush Committee Hearings While Juke Box Biz is Unprepared. Leaders Urge *THE CASH BOX* to Arouse Entire Industry to This Danger.

> Leaders Claim: "McCarran Bill Camouflage Is Protection Of Little Man Who Wasn't And Isn't There"

The ASCAP sponsored McCarran Bill (S.1106) is much more serious than many in the juke box industry realize.

It opens up a new thought that can only lead to complete destruction of the entire juke box industry as it exists today.

Every intelligent member of the juke box industry realizes that the "camouflage" in the McCarran Bill is strictly the "protection" of the little man who wasn't ever, and who isn't at present, there!

Yet, this can open a path which would mean ruin to all concerned in this industry before the Committee on the Judiciary where the open hearings will be held.

It is well to remember that the McCarran Bill has already passed thru two readings and is now before the Committee on the Judiciary.

ASCAP is working hard to get hearings started before the juke box industry can gird itself for this terrible battle. It wants to catch the juke box business unprepared.

ASCAP wants to RUSH the McCarran Bill thru the Committee on the Judiciary. BEFORE THE JUKE BOX INDUSTRY EVEN KNOWS WHAT HAPPENED. THAT IS WHY THE NATION'S JUKE BOX LEADERS HAVE ONCE AGAIN CALLED UPON "THE CASH BOX" TO AROUSE THE NATION'S JUKE BOX INDUSTRY TO BE PREPARED!

Even the every juke box operator realizes that the individually owned juke box has never been, and isn't today, an important reality anywhere in the nation, because high overhead expense has halted such individual location ownership of juke boxes, ASCAP is using this as a camouflage via the McCarran Bill before the Committee on the Judiciary.

This may, as some have pointed out, lead some members of the Committee to feel that all locations should own their juke boxes and, in this fashion, complete ruination of the entire industry is possible.

THIS IS SERIOUS. More serious than any juke box operator realizes at first when he reads the McCarran Bill (S.1106).

This is one time when every single juke box operator in the nation must get the backing of every one of his locations, of every single one of his friends in his community, to fight this sort of underhanded attempt to make him look like anything else but what he actually is.

This is the sort of thing that can be expected thruout the entire open public hearings which will be held by the Committee on the Judiciary to listen to arguments for and against the McCarran Bill (S.1106).

MOA (Music Operators of America) is going on an all-out intensive program to advise every single juke box operator, jobber, distributor, supplier, and all allied to the juke box industry in any fashion whatsoever, just how serious the McCarran Bill really is to this industry.

These men were elected by the operators' organizations to attend the executive meetings which were held this past week in Chicago at the Congress Hotel (Monday and Tuesday, March 9 and 10) to bring the operators the factual picture of what they are up against in this terribly dangerous national legislation which faces them and which, should it ever become Federal Law, would simply put the juke box operator out of business.

JUKE BOX OPERATORS - WAKE UP!!!

This is the greatest obstacle yet placed in the path of the entire automatic music industry. It is a serious threat to every juke box operator's livelihood. To his investment. To his future. To the livelihood of his family. His children. To their future. And to the future of an industry to which he has dedicated himself by his investments and his toil, his tears and hard work, to make, his business pay for him and for his family and, perhaps, allow him a few restful years in his old age.

To go on here and explain that it is ASCAP's intention to obtain a tax on top of a tax, to make the juke box owners pay them a ROYALTY-TAX-TRIBUTE, even the record manufacturers are already paying them royalties, and even the AS-CAP receives \$11,000,000.00 a year in royalties, would be fruitless.

Every juke box operator knows that this is the organization whose members, on one hand, want him to feature their music and, on the other hand, ASCAP has called the juke box operator a "racketeer", and every other name it legally could, via pamphlets, letters, etc.

This is, then, a battle to the death. This is the fight to the finish. This is what every juke box operator should realize: *IF ASCAP WINS HE IS OUT OF BUSINESS!*

That his family and his children will be bereft of their livelihood. That he is finished as a business man. That his entire investment in his business will not be worth a plugged nickel.

FIGHT! FIGHT FOR YOUR LIVELIHOOD! FIGHT FOR THE CONTINUED LIVELIHOOD OF YOUR FAMILY AND YOUR CHILDREN!

WRITE YOUR CONGRESSMEN AND YOUR SENATORS TODAY TO ASK THE Committee on the Judiciary TO THROW OUT THE McCarran Bill (S.1106).

Levine and Miller Fly To Washington, D.C. Immediately After Session. Bill Gersh Sees Crucial Year Ahead For M.O.A.

GEORGE A MILLER

CHICAGO-As appeared here last week, and the week before that, the MOA two-day executive meeting was based entirely on the forthcoming Mc-Carran Bill (S.1106) and the fact that this bill was much more serious than what was first supposed by members of the juke box industry.

MOA's leaders quickly started to arouse the nation's juke box operators and will advise them of the tremendous seriousness of the McCarran Bill.

Everyone of the heads of associations present listened to a planned program which was evolved at this meet and which would bring every cperator into the picture who is a member of an association.

At the same time the drive that is under way to protect the juke box business from the McCarran Bill would also carry over to all indepen-dent operators thru *The Cash Box* and to all those allied to the coin oper-ated music industry.

Bill Fitzgerald Writes About "Kerry Drake" Cartoon Strip

Letter Reveals Need For "Public Relations Bureau" THE CASH BOX Has Been **Urging On Industry For Over 10 Years**

GRAND RAPIDS, MICH. - William E. (Bill) FitzGerald, advertising and sales promotion manager of AMI, Inc., this city, greatly disturbed over the "Kerry Drake" comic strip appearing syndicated in many newspapers thruout the country, which depicts one of the characters as a hoodlum operating juke boxes, sends along the following letter:

Page 30

"The morning mail brought copies of the Kerry Drake comic strip, cartooned by Alfred Andriola and syndicated in a number of newspapers throughout the country. They feature a hoodlum by the name of 'Big Frank Fargo', who is known as 'the boss of the east side juke box racket'.

"All of us will be happy, I'm sure, when they put Big Frank behind bars. There is no room for crooks, real or fictional, in the juke box business.

"It is unfortunate, however, that the general public, without knowledge of the facts, often infers that there is some basis behind these fictional episodes.

"One wishes that Mr. Andriola had known something of our business before he selected the juke box as the modus operandi of this criminal character, Big Frank. The artist would have learned that operators do not force juke boxes on locations. He would have known that the business is such that there must be wholehearted and willing cooperation on the part of both location and operator if the enterprise is to be successful. Just a little information could quickly have shown Mr. Andriola that ours is hardly the kind of business that attracts the racketeer. It requires too much specialized knowledge and too much hard work for the modest return per dollar invested to appeal to the criminal element.

"There is little question but that such strips and stories reflect disfavor upon our business. The injustice done us hurts and rankles. Yet, we must be realistic and recognize that the harm is already done. In my opinion, it is futile to quarrel with the newspapers. Instead, we need positive, constructive action to inform the papers in general, and the public in particular, about our industry so that there can be no misunderstanding as to the integrity and honorable conduct of those whose career it is to serve the public's need for music. People who do not know, should be shown that the juke box is not indigenous to the low

dive, and it flourishes best in restaurants, canteens, social clubs, military installations, taverns, ice cream parlors, etc., where it brings inexpensive, wholesome entertainment and recreation to millions.

"Many people - too many, in fact - are unaware of the hundreds of schools, churches and other institutions which employ the juke box to provide supervised entertainment in the battle against juvenile delin-quency. There's an inspiring story in the public welfare activities of operators in the generous manner in which they have turned over receipts to the 'March of Dimes', the 'Heart' and 'Cancer' Funds and others.

"Actually, there's so much that is noble and fine in the willing acceptance of civic responsibilities on the part of operators, that they need never fear injury from carping critics and self-seeking interests - if only they will tell their story. You have done much in the pages of 'The Cash Box' to make the juke box operator better understood for what he is: a rare combination of music critic, accountant, mechanic and salesman who works long, hard hours to bring the joy of music to people everywhere in all walks of life. The problem, as I see it, is to echo your voice far beyond the range of the trade itself.

"AMI spares no effort to familiarize the public with the fact that the operation and manufacture of the juke box is a sound American enterprise. The operator himself, working alone or in cooperation with an association can most effectively tell that story in his own community."

Sincerely,

BILL

Chi Coin Intros New Double Score Tenth Frame Bowler

CHICAGO — Ed Levin, general sales manager of Chicago Coin Machine Company, this city, reported this past week that the firm was shipping samples of its newest bowler, "Tenth Frame Double Score Bowler" to all its distributors

The game is unique in the fact, Levin explains, that it offers an entirely new innovation to the bowlers by allowing them to double their entire score with skillful play action.

The 5th frame is doubled, Levin explains. And on the 10th frame, should the player make a strike, the player gets two extra shots. If he should then score two more strikes the entire total of all his points is automatically doubled for him.

But should he first get a strike on the two extra plays after the 10th frame and then get a spare, he gets 30 for the strike, 20 for the spare, which is then double for a grand total of 100 extra points.

Tests on this new "10th Frame Double Score Bowler" have shown absolutely phenomenal returns, according to Ed Levin.

He claims that the game won acclaim on every test location.

Levin believes, "Once the operators have a chance to test our new '10th Frame Double Score Bowler' they are, like the players in test locations, also going to acclaim this new bowling game as one of the greatest they have yet played."

"20 Year Club" Member Suggests Admitting 10 and 15 Year Olds In "Junior's Club"

NEW YORK-A number of coinmen and coinwomen, who are most anxious to join the "20 Year Club," but who haven't been associated with the industry for that length of time. have suggested that The Cash Box form another "club" to include those who have been in the industry from 10, 15 and up to 20 years.

Jack Mitnick, eastern regional representative for AMI, suggests that the club be formed and called "The Junior's Club." John Stuart, sales manager for AMI, also suggested several weeks ago that a 10 to 20 Year Club be instituted.

EDITOR'S NOTE:

EDITOR'S NOTE: "The Cash Box," in starting the "20 Year Club" did so with the idea in mind of bringing together in one group, those members of the industry, who had, in a great many instances, been pioneers in the modern trend of coin machines. As always, The Cash Box will follow the dictates of its readers. We leave the answer up to the members of the "20 Year Club." What do you think?)

Scientific's "Pokerino" Being Ordered In Quantities By Ops

BROOKLYN, N. Y .- Max Levine, Scientific Machine Corporation, this city, who has been supplying "Pokerinos" to the trade for many years, reports that indications are that this year will be the greatest of all time for the operators of these machines.

"With the opening of the outdoor season still several weeks away," stated Levine, "we've already been flooded with orders for 'Pokerinos.' Of great interest to me is that a number of these orders are from coin machine operators, who write that they will operate them in outdoor locations never used previously.

"One of our orders came from Al Deppe of Staten Island, whose arcade is world famous. Deppe tells us that he is placing a battery of 'Pokerinos' right up front, along side of his frankfurter stand."

Scientific is now rushing its production line, producing quantities of the game to fill orders, as well as to take care of those being received every day.

Since writing my first column, I have been try-ing to analyze some of our recent news stories. First to mind, comes the story about the election of Abe Fish as President of the Conn. State Operators Assn. Abe is an old hand at the operat-ing business, and I might add a very successful one. I well recall the great effort and the many sacrifices he made, to organize the operators of his state and create an Association. No small amount of credit is also due Jimmy Tolisano, Louis Naclerio, George Marra and many others. I would like to be among the first to extend a welcoming hand back to the industry to Marvin Liebowitz. Back in 1934, Marvin entered the busi-ness as a pinball operator and served many terms as an official of the Greater N. Y. Operators Assn. He sold out his interests in 1940 to enter another field. He was a good operator and am certain that he will again be heard from in Association affairs. Another forward step in cementing good relations among operators was the pact signed recently by President John Bullock, of the Sullivan County Operators Assn. and President Jack Wilson of the N. Y. State Operators Guild. Old feuds were buried and I now look forward to seeing the members of both associations work in peace and harmony. "It's What's in THE C. AMI 1952 Sales **Greatest In Firm's** History

Page 32

GRAND RAPIDS, MICH. - Sales in 1952 of AMI, Inc., were the highest in the company's history, but income and excess profits taxes cut net income to \$1.54 a share from \$2.09 in the preceding year, John W. Haddock, president, reported.

Earnings before income taxes in 1952 totaled \$1,060,081, compared with \$686,344 in 1951. Provision for federal taxes was \$720,000 against \$225,000 in the preceding year. Net after taxes amounted to \$340,081, compared with \$461,344.

Sales last year would have been greater had production not been limited by government control on use of critical materials, principally copper, aluminum and steel, Haddock declared. "A higher volume of production was accomplished in 1952 despite allocations because of design and engineering changes in the product in the interest of widest possible employment of materials available to us," he explained.

"Demand for our products continued strong throughout the year fourth quarter operations being at the highest level ever attained," Haddock said. "Production in the first quarter of 1953 has been maintained at the same high level."

Barring unforseen adversity, it presently appears that both sales and profits before taxes should be greater for 1953, Haddock declared. "It is questionable whether there will be any easing of the tax burden on corporations for the year 1953," he said, but noted that with the elimination of the allocations system scheduled for June 30, "our volume of business no longer will be limited by the availability of materials."

United Goes On 6 Day Schedule Producing 5 New Games

BILL DeSELM

CHICAGO—United Manufacturing Company, this city, is now on a full six days per week production schedule in an effort to meet the orders which are coming into the firm for its five new amusement products.

Three of these are new shuffle games, "Clover Shuffle Alley," "Cascade Shuffle Alley" and "Regulation Shuffle Alley."

All three are six player shuffle alleys, and all three have the newest features which have clicked so big with the operators.

In addition to the three new shuffle alleys the firm is also producing two new bingo-type pinballs. These are "Show Boat" and "Rodeo."

In addition to the factory workers at United the greater part of the office staff and all the executives of the firm are also working a full six day week.

Bill DeSelm, general sales manager of United stated, "We are going to continue on a full six days work week in an effort to catch up and meet all the orders which are pouring into our offices at this time.

"We tried every possible way to meet the orders," he said, "and we decided that the one and only way this could be done would be to arrange another entire day's production each week.

"Our new products," he said, "are going over the top and operators everywhere in the country report them

NATE and EVE FEINSTEIN

CHICAGO—Mrs. Eve Feinstein phoned The Cash Box offices here this past week to extend her own as well as the personal thanks of her husband, Nate Feinstein, for the many letters, cards and gifts which he has already received from coinmen from all over the country who read in The Cash Box about his heart attack and his confinement to the Edgewater Hospital, 5700 North Ashland Ave., this city.

Mrs. Feinstein said, "Please thank everyone everywhere for the flood of mail and gifts which have already poured in to the Edgewater Hospital and which continue to arrive each and every day.

"Both Nate and myself," she continued, "are absolutely thrilled to the very core with this marvelous expression of friendship from everyone in the industry. Please give everyone everywhere my sincerest and most devoted thanks for all their great and many kindnesses.

"Tell them," she said, "that Nate is getting along fine and we hope, within a few more weeks, that he will be allowed to return home to recuperate from his heart attack."

Mrs. Feinstein also stated, "I want you to know that the service here in the Edgewater Hospital is absolutely the finest and friendliest we have ever encountered. They just do everything they possibly can to make Nate comfortable.

"And," she said, "Nate wants The Cash Box to know that he, too, is mailing in a donation to the 'Edgewater Heart Fund.'"

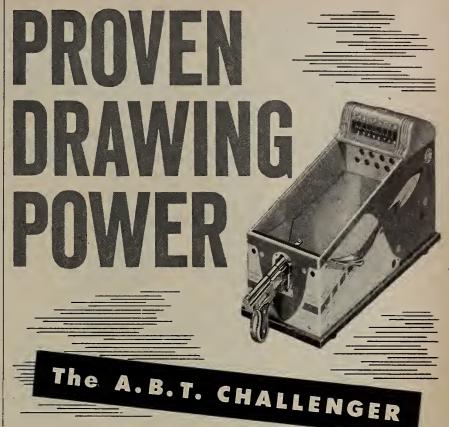

to be the very finest we have ever produced.

"That," he concluded, "is certainly a very big statement, especially when the trade looks back at the big hits products produced by our factory."

The entire coin trade is happy over the rains that came to Texas this week—just in time to save some of our crops and keep business good for the spring and summer. . . Tommy Chatten, Comercial Music Co., returns from a trip around Waco. He saw E. J. Shelby there, who was in his usual good humor. Shelby, in addition to his coin machine route, also has one of the largest record outlets in the state. Garland Delemar, his able and jovial assistant, was as happy as usual. . . Mrs. B. W. Cox and Cecil Epps, whom Tommy visited, report business good. . . . We understand that Jack Sprott of Temple would like to recruit more soldiers for the Army Camp there. . . . R. A. The exploits of Solly Slugger getting to be legend around these parts, with ops all along coin row eager to pitch in with "that happened to me only last week." Mary Solle, Bill Leuenhagen's Record Bar, has a file of Solly's letter sitting on the counter for any and all ops to read. . . Mary, by the way, tells of the perpetual operator who buys one of a number and then howls, 'see, I told yo' I made it a hit." . . Well known Florida coin man Sam Taran in town this past week and then off to Vegas and Arizona for some rest. . . . Sooo many comments from ops who've taken to vivid reading of those Genco ads in The Cash Box. That's a mighty purty gal standing by their "Golden Nugget." . . . Tremendous interest and excitement centered on Bert Lane's new kiddie ride, "Merry Go Round," believed by many to be one of the most fascinating rides to hit the coin machine trade since the horse. Ride features two hobby horses at 10c per rider, carousel music, brightly colored canopy etc. It's a natural for department store locations. Ride is being handled by Minthorne Music Co., recently appointed exclusive distributor by the Bert Lane Company. . . Lyn Brown, Exhibit Supply, one of the proudest home owners we've ever seen, and he well may be too, with all the hard work he's put into his little castle. Business continues in booming fashion for Lyn, with the Easter and summer season just around the corner. Lyn reports the entire line of Exhibits' many kiddie rides are doing exceptionally well. . . . Jack Dolan, Dan Stewart Company, continues doing a terrific job with the Rock-Ola 120 selection phonograph. We liked the sale he made only this past week, when an operator walked in and said "Td like to have one of your Rock-Ola 45's" and within five minutes said phono was on the pick-up truck all waiting to go. . . . Jack reports more 'n more ops are swingin over to dime play, especially so in communities south of Los Angeles. . . . Frank D. No doubt about it. The Bally "Beach Club" is one of the most successful games ever turned out by the firm in its long history of coin winners. Rash of ops who continually flock to the Paul Laymon Co. for Beach Club is ample evidence of the game's popularity. Charley Danie's, Ed Wilkes and Jimmy Wilkens all on hand at the Laymon emporium with activity in their Wurlitzer phono and Bally lines continuing. . . . It's getting to be about the right time of the year for' Jimmy Wilken's son to start heading for that stocked lake again, although we think it's the old man who likes same-the kid is getting too big for this stuff James. . . . Charley Daniels promises a fashion show with delivery of each and every Wurlitzer phono and/or Bally "Beach Club." . . . Phil Harris, disk jobber along Pico, offering whopping prices for music ops 45 rpm records. . . . Kiddie ride ops are missing a bet by not featuring the Auto Photo Studio along with a horse and atomic rocket ride. . . .Dan Stewart Co., Los Angeles and Salt Lake City, was named exclusive factory distributor for the Meteor Machine Company, New York. . . . Music operators throughout this area are cautioned to remain alert with respect to recently introduced legislation in Congress proposing a change in the Copyright laws. If enacted, such legislation would impose a tax upon all coin operated music machines-a tax so confiscatory, it would legislate music ops right smack out of business. Keep informed-read The Cash Box for up to the minute details. . . . Jack Simon, Simon Sales Co., isn't using bar bells, playing handball or dieting-but he's trimmed off a couple of pounds from his waist line nonetheless. The secret could be in durn good business, which Jack continues to have. Those who think that cohort Abe Chapman pays more attention to his golf game than to business are sadly mistaken-Abe is one of the more astute businessmen in the coin machine biz.... Kenny Wolf and E. E. Peterson, San Diego music ops, in town this past week. . . . News of the new Wurlitzer 45 rpm phono causing lots of speculation around town. . . . Bill Happel, Badger Sales prexy, busier 'n a pack of beavers with a flock of operators from areas throughout the southland in buying and looking at new equipment. New Williams "Silver Skates" meeting with lots of operator approval. That trapped ball feature is a sure thing for lots of fast play. . . . Al Silberman, thoroughly recuperated from his bout with the flu, looking ten years younger. Fantastic demand for that equally fantastic six drink "SodaShoppe" has Al going at a break-neck pace. And after so many years of conservative taste in his wearing apparel, Al seems to have suddenly leaped into the California sportswear mode. . . Ray Powers equally as busy as the other execs with business consistently improving for the Badger firm.

Genial Phil Robinson, Chicago Coin regional rep out this way, reports the demand for the firm's "Name Bowler" continues to grow. Latter piece of equipment has been one of the most successful for Chi Coin in a long time. Phil by the way, has his not-so-new Cadillac out of the repair shop and is back behind the wheel again . . . "what more d'ya need" sez Phil, "I've got my Cadillac, beret and a smile." . . . Sammy Ricklin's California Music reports superb reaction to the Eddy Howard recording of "Gomen Nasai." . . . Remodeling of Minthorne Music offices and showrooms scheduled for early completion will tag the firm as one of the most modern along Pico. . . . "Swannee," service man at Dan Stewart Co., off to Minnesota where his folks are ill. . . . THE "20 YEAR CLUB" "a great idea"

Herb Jones

Vice-President, Bally Mfg Co.

A compilation of the members of the coin machine industry who have joined the "20 Year Club" was published in the January 24 issue of *The Cash Box*.

This was a long and imposing list of names of men and women who have been associated with the coin machine industry for 20 years or more.

After we went to press on the January 24 issue, a large number of additional applications have reached this office. We shall publish these names in a forthcoming issue.

Outside of the fact that you've been connected with the industry for 20 years or more, there are no other qualifications. The idea is strictly sentimental—and will serve to bring together those people who, in a great many instances, have been pioneers in this modern age of our industry.

SO — YOU TWENTY YEARS — WHO HAVEN'T AS YET APPLIED, MAIL IN THE COUPON BELOW.

Talk along the row is the new bill introduced by Senator Pat McCarran (S. 1106) which would amend the Copyright Act of 1909, and force juke box operators to pay royalties on copyrighted music. Feeling is that ASCAP will throw every weapon into this fight and may push it through unless juke box operators, manufacturers, and record companies join forces and make a determined effort to defeat it.

MRS. AUDREY REYNOLDS HUNTER

DALLAS, TEX.—"There is no doubt in my mind whatsoever that any woman with executive ability, a fair share of good personality, a flair for friendliness, and who is willing to work hard, will succeed in the coin machines business." So spoke Mrs. Audrey Reynolds Hunter of this city who has been actively engaged in the coin machines industry for 22 years.

Mrs. Hunter has been engaged in operating, jobbing and distributing coin operated equipment of all kinds. She has seen many people and many products come and go in the industry ever since 1931.

"But," she says, "every woman who has entered into this business and has really wanted to make her way in it has successfully done so.

"Some," she reminds, "have retired to domestic life, but even then," she says, "they still continue to discuss the business with their husbands."

Mrs. Hunter agrees with all other ladies engaged in the coin machines industry that women entering this field will never find anyone engaged in the business who will show them any disrespect in any fashion whatsoever.

"In fact," she claims, "if anything at all, women entering this business will find that all the men in the industry will be most respectful to them in every regard.

"These men will keep their word. They will lose money, but," she says, "I have found that the people in this industry, especially here in the state of Texas, will go through with every deal they make, and will even go further to help any woman engaged in this industry."

As Mrs. Earl E. Reynolds she started in the industry in 1931 operating "Keen Ball" games with her husband from their home in San Antonio, Texas. They placed ten machines. They followed the success they enjoyed with these first ten machines by placing ten more in Houston, Texas. And that very same year they sold these machines as a profitable route.

They then returned to Dallas late in 1931 and set up a distribution office, operating at the same time, and created many of the operators still to be found throughout the state.

In 1936, she reports, they were appointed distributors for The Rudolph Wurlitzer Company and set up headquarters in the Jefferson Hotel in Dallas.

They continued as distributors, as well as jobbers, and worked shoulder to shoulder until 1946, when Earl E. Reynolds passed away.

Mrs. Reynolds continued on ahead by herself. She joined forces with Robert W. Hunter. And in 1948 she married Bob Hunter.

Today, because of her great knowledge of the industry,-in Texas especially, and also because of her knowledge of all types of equipment, she is working with State Music Distributors in Dallas, distributors for AMI phonographs and accessories.

Even though Mrs. Hunter recalls many of the ups and downs of the olden days of the industry, she states that:

"Everyone who has been engaged in this thrilling and fascinating industry has always been able to enjoy this business."

She says, "The people in the business make this one field where it is enjoyable for a woman to work and stay on to make this her life work as well as her business career."

Mrs. Hunter also says, "There are many, many women who are active in the business of this industry but who do not come to the forefront.

"These are the wives of many of operators," she explains, "who actually help their husbands to enjoy a better business but who are not directly engaged in the business. They do not come down to the office or run around the routes.

"They will," she says, "cover locations and meet the man and his wife who own the location. "The woman will," she claims, "in

"The woman will," she claims, "in almost every instance, build up a closer and better understanding so that, in the long run, her husband has a better customer and a more profitable location."

Mrs. Hunter also says, "In the past ten years or so more and more woman have become active in the industry, especially in the coin operated music field.

"This seems to be due to the fact that women seem to have a better understanding of what people like in music.

"They are also able to bring about a more friendly relationship between all factors with whom they have to deal.

"They help the location owners. They help the community. They know what the youthful enthusiasts of juke box music like and they instinctively

seem to know what the general public | in likes in music of all kinds."

Mrs. Hunter claims she would never want to be in any other business. She feels that any woman who enters into this field will feel the same way within a short period of time. In conclusion, Mrs. Hunter says, "I can sum up my career of 22 years in this industry by saying, I consider all my customers in this business my personal friends."

Dear Mr. Editor:

You can believe me, believe me, there is times when you is much better off you do not try to do for some one. In fact there is times when it is best you do not do nothing for no one. Anyways I am sitting in Mary's Coffee Pot, which is across the street from our store with my helper, Sam Simpson (that simp's son) and we is drinking coffee and drownding donuts in it when Sally (that's Mrs. Slugger) she pops her face inside the door and she hollers out: "Solly, c'mere."

"Solly, c'mere." So I c'mere. So Sally says, "Solly", she says, "we just got us a phones call for a music rental from Daisy's Beauty

Shoppe." So I says real quick like, "Lissen here, Sally," I says, "I am not going by no beauty shop with all them there dames in there for no rental box or nothin."

So Sally looks on me and I can see so Sally looks on me and I can see as is the black clouds starting to crawl-ing up in her eyes like and she bellows out, "Solly", she trumpets, "I says we gets us a phones call for a music rental from Daisy's Beauty Shoppe, you hears me? "Cote right out there", she screams.

hears me? "Gets right out there", she screams, "and sets her on up and do it right away quick", she bellows out on me. So Sam and me we gets us a music rental box from the basement and we

This is a high class joint is this here Daisy's Beauty Shoppe. So Sam and me we takes our hats off when we walks in and I says, "Who's Daisy?" There is but plenty dames, fat ones and skinny ones sitting around with

There is but plenty dames, fat ones and skinny ones, sitting around with aprons on like and looking pretty bad, believe you me. They is yaketing and talking and hollering and you can not even hearing yourself thinks yet. Then a real swell looking dame walks on over. She has got on a white dress like and it is almost fitting her yet. Whow. She is but some thing. I am telling you. Whowie. Even Sam stops chewing on his tobacco with his big mouth on open yet and his teeths go click. She is a blondie too. Boy, oh, boy, is she a some thing. Anyways she says to me, "I am Daisy", she says, "what can I do for you?" Well, Sam (that simp's son) he

tal box here." So she says, "Thât is right. I wants you to put the machine over here in the back", she says, "and I wants it should be playing all the time", she says, "and it should have on nice and sweet and soft music", she says, "and only to be turned on off when I wants to turn it on off", she says. Well, anyways, we sets up the box and we gets the records in it as this here Daisy likes. On the ways out I sees there is a

wearing. So I says to Daisy, "What's this here stuff, Daisy?" I says. So she says, "This here is costume jewelry", she says, "and this here is what all the gals go nuts on over",

she says. So I says to her, "Well", I says, "Sally is soon having her a births day and I would like to popping up with

a surprise like presents to her", I says. So she pulls me on over to this here showcase and she says real sweet like, "This here is what you is needing",

she says. She is showings me a gold like thing with all kinds of colored marbles like in it inside. It sure is looking like the

in it inside. It sure is looking like the real flash stuff. So I says, "So how much is this here thing, Daisy?" I says. So she says. "Don't you not worry none your handsome head", she says, "this here is special for you at only 20 bucks", she says. Anyways I goes for it. Then I makes up with Daisy as she should wrap it up nice and special like for Sally's births day and when it is all wrapped on up

good and sharp like I will bringing her on over the 20 bucks.

So Sam and me we jumps back up on the pickup. I has myself pleuty troubles keeping Sam to working. He is talking about nothing else but this here Daisy. He is saying, "Boy, oh, boy, Solly" he is saying, "this here Daisy she sure is some thing", he is coving saving.

Anyways we gets back to the store. Anyways we gets back to the store. There is Sally sitting by her desk. She looks on me kinda funny like. She says, "When you setting up the music rental by Daisy's Beauty Shoppe?" I do not likes the remula is better

do not likes the way she is looking

I do not likes the way she is looking on me, but I says anyways, "Oh", I says, "that there was a coupla good hours yet ago" I says. So Sally says, "You musta set it up plenty bad" she says, "because I just gots us a service call already from Daisy's Beauty Shoppe." So I says, "Well", I says, "maybe I better runs out there right away quick like and sees what's is this here all about", I says. That simp's son, that Sam Simpson, he says, "Sure, Solly" he says, "Sure, Solly", he says, "sure thing. Come on lets us runs right out there", he says.

says. So Sally lets out a good and loud bellow. Says she, "Hold it up", she says, "wait'll I calls on up at Daisy's and sees maybe her box is now work-ing okay." So Sam, that monkey head, he says to Sally, he says "You do not have to calling", he says, "Solly and me we will going on out there and we will fixing up Daisy's box real good", he says.

says. So Sally looks right on him right on in the eye and she says, "Shuddup",

Anyways Sally she calls on

she says. Anyways Sally she calls on up Daisy's Beauty Shoppe and she is talk-ing with Daisy on the phone. But it is eems as we gots to go on out there and fixing up Daisy's box. Anyways Sam and me we speeds on out there. There is Daisy standing by the showcase when we walks on in. She says right away quick, "Well, well, handsome" she says to me, "I sure had me a job getting you on out here to picking up your births day gift", she says. So that's is what it was? I am say-ing to myself. In the means time Sam he again is looking on this here Daisy but plenty good on her all on over yet. Anyways I pays her the 20 bucks and I takes this here cute package with the nice red ribbons on it and I sticks it in my pocket. I grabs Sam and I pulls him on out of Daisy's joint. This here Sam would staying there all day should I lets him. Well we gets back to the store and

bere Sam would staying there all day should I lets him.
Well we gets back to the store and I says to Sally, "Twa'nt nothin', Sally", I says, "some little thing got stuck in her box, that is all."
So Sally says, "Okay", she says, "now go on out and takes care of these here service calls what's is come on in since you was out." And she hands me a whole hands full.
So I takes my coat off and I hangs it up by Sally's desk and I says to Sam, my helper, "C'mon, Sam", I says, "we gots ourselves plenty work yet."
Anyways after some time goes by we finishes on up. We drives the pick-up on back to the store. I tells Sam Simpson to park her on up in the back

up on back to the store. I tells Sam Simpson to park her on up in the back and I walks on in to the store. There is Sally (that's Mrs. Slugger) sittin' on down there by her desk. I takes but one look and I sees as how there is plenty trouble ahead. The black clouds is not only crawled up on

in her eyes but they is yet all on over her whole face like. She says too soft and too sweet like, "Where was you, Solly?" she says. So I looks on her kinda surprises like and I says, "Where you thinks I was?" I says, "I was working out my brains yet taking care of this here big bunch like of services calls you was handing me. That's where I was", I says.

says. "Oh, yeh?" she blasts, "was you maybe instead in Daisy's joint?" she

maybe instead in Daisy's joint?" she trumpets. I says, "Sure we was in Daisy's joint early this here days and I fixes up her box for her", I says, getting kinda hotted up like my self yet. So she looks right on me between my eye yet and she says, "Oh, yeh?" she says, "you better telling me but every single stop you was at", she says, and I am going to phoning them and if you was not at these here stops you better look out, you hears me?" she bombs out on me. So I tells her all the stops we was at and I hands her in the services calls.

So I tells her all the stops we was at and I hands her in the services calls. Sam Simpson, my helper, he sneaks on out to the back room repairs shop right away quick. I walks on over and I am taking my coat what's it is still hanging on up and I also walks in to the back room repairs shop too. Then I puts my hand in my coat pocket and —wow—the package ain't not there no more. Oh, boy, there goes my 20 bucks yet. more. Oł bucks yet.

bucks yet. So I grabs Sam and I asks him did he taking the package from Daisy's. Sam swears like anything he didu't not do it. Now I am but plenty worried. So I starts for the store fronts to look-ing for it. But Sally (that's Mrs. Slug-

ger) she is talking on the phone. She is saying, "Is that is so, huh, George?" she is saying, "so did Solly say anything to that there pretty wait-ress as you has got by your joint?" she is saying. So right away I am looking on Sam and Sam he is looking on me and we both remembers what we is kiddin' like with this here pretty waitress. Then I looks out on Sally again and I sees on her desk is the package from Daisy's. Holy cows, oh, man. I hears her saying, "So he is kiddin' with this here pretty waitress, is he. George?" she is saying, "what else he is doing with this here pretty waitress, George?" she is saying. Meantime Sam Simpson he beats it out the backs way. I starts to beats it out the backs way. I starts to beats it out the backs way. I starts to beats it out the backs way. O. But, before I can move, Sally hangs the phone up and blasts out with a good loud holler. Says she, "C'mere you, you bum", she blasts. She picks on up a baseballs bat what's is some how suddenly laying

she blasts. She picks on up a baseballs bat what's is some how suddenly laying down there by her desk and she starts out for me. The telephone rings. I am saved by the bell. She picks up the phone and she lis-sens. Then she is saying, "You are right, Daisy", she is saying, "that there Solly of mine he is really lovings me. "He is always thinkings of me and that is why", she is saying, "he is al-ready giving me this here gorgeous births day present because he is know-ing that this is just what I am want-ing."

As predicted here over three weeks ago, executive board meet of MOA (Music Operators of America) at the Congress Hotel (Mon. & Tues., Mar. 9 & 10) was based entirely on the forthcoming McCarran Bill (S.1106). Bill has already had two readings in the Senate. Is now before the Committee on the Judiciary. This is one of the most dangerous of bills to ever face the juke box industry. George A. Miller, Prexy of MOA, and attorney Sidney H. Levine pointed the facts out to the members. Every member of the automatic music industry here shouldn't hesitate an instant to write a letter to his Congressman and to his Senator. THIS IS A MUST. DO IT RIGHT THIS MINUTE. . . . Donald J. Moloney of Donan Distrib sends a very nice letter about the service his firm is offering the field here. . . Bill FitzGerald's letter re: Kerry Drake cartoon by Andriola, one of the best yet. This letter proves what The Cash Box has long urged—Public Relations Bureau for the coin operated machines industry.

Johnny Bilotta of Newark, N. J., in town for just a short while. Then right back home. But not before he saw some of the manufacturers and urged speedier delivery... Phil Mil's of Buffalo also stopped off here to talk things over with some of the factories... Bill DeSelm a mighty busy sales manager these days. United on 6 full days production schedule. More and more business flooding the firm. ... Orchids and sincerest thanks to Samuel S. Dicter of Southern Automatic Music Co., Fort Wayne, Ind., for his marvelous check to the "Edgewater Heart Fund." Sammy gave this donation in memory of his Dad who passed away from a heart attack last year.... Before Art Weinand and Frank Mencuri rushed to the east they sent out a "News Bulletin" with some really grand news on collections of their rides. Both men extremely happy over the success operators are enjoying with their products... Mrs. Audrey Reynolds Hunter of Dallas, Tex., advises she's now in coinbiz 22 years. And joins the "20 Year Club." Club is growing by leaps and bounds... By the way, Jack Mitnick of New York, AMI's eastern regional man, suggests that "The Junior's Club" be formed for men and women who have been in the coinbiz 10 and 15 years. What do you think?

Music ops when you are asked to come up with 50c per phono just remember that this is the finest 50c you can write off your income tax. . . . Jimmy Martin just returned from New Orleans, Biloxi and Shreveport. Talking Du-Grenier ciggy vendors. . . Like that winking eye circular we received from A. D. Palmer of Wurlitzer. . . Bill Betz of St. Louis reported doing a grand job with Keeney's great cigarette machine. . . Both Mrs. Marie L. Pierce and Hon. Cinton S. Pierce of Brodhead, Wis., just became members of the "20 Year Club." . . . Thanks to E. W. Gilbert of Bloomington, Ill., who writes, "As for 'The Cash Box,' well, we just wouldn't even think of trying to get along without it. Haven't missed reading a copy in years." . . . Charley Rose rushed to Michael Reese Hospital. Charley well know adman. Drop him a card, won't you? . . . Ted Rubenstein puts it this way, "I'm not happy in this business anymore."

Len Micon is planning to put a pedometer on one of his feet to see whether he does, or does not, walk more than 40 miles each day, dashing from front to back of the big World Wide building. Len in busy talk with Bob Lindelof and Andy Oomens on new Rock-Olas's. . . Ray Cunliffe is going to ask association members to consider placing latest type phonos on all locations everywhere in Chicagoland. . . . George A. Miller will bring back the Chicago plan for juke box donations to his Calif. Music Guild when he returns to Oakland. . . Johnny and Isabel Oomens bowled red hot games this past week. Between them they knocked down 1,023 pins. Johnny had a 567 series and good, steady, Isabel had a 456 series. This gave them 3 wins over Coral. Means the Oomens team has won 14 out of its last 18 starts. Johnny claims that "with just a few lucky breaks" he'd have rolled over 600. . . Clayton Nemeroff of Monarch when asked this past week, "How are you?", answered "I don't know" (??). . . . Bob Gnarro is not bowing his head in shame that his ABC No. 2 team lost to Columbia, because of Bob Clark's great 511 series. . . . But Les Taylor came through for ABC No. 1 with a 497 to bomb out Star Music for 3.

Ben Coven came up with a great and proven idea this past week. For all in coinbiz to hire University graduates for mechanical work. Ben's hired two such men who've proved themselves tops. He claims, "We pay more anyway than any big firms offer them and they love the work." . . . Avron Gensburg just returned from Miami and we hear mucho impressed with great things he heard about "The Cash Box" leadership. In the meantime, Sam Lewis claims that the reason Genco can't turn them out fast enough is, "Because we're having our hands full trying to get more help." . . . How lucky can that Gillette bowling team be? Even though Tony Galgano rolled a 553 series, Gillette still took them for two. . . . Melody Music, by the way, took two from Atlas Music. . . . With a 1007 high, B & B took 2 from Decca.

Warren Paradee came through with a 516 series... Expect all juke boxes here will give a full day's receipts for the great Edgewater Heart Fund if all plans go through... Sam Wolberg of ChiCoin down to Palm Beach as Sam Gensburg returns from a month's stay at his home in Miami Beach.

Sam Gensburg returns from a month's stay at his home in Miami Beach. Back about 15 years ago Moe Fine of Montreal gave Ed Levin of ChiCoin here a bottle of 152 year old Scotch. That means the dateline is now 167 years old. And now Ed's really scared to even try to pull the cork. . . . Eddie Ginsberg a busy man this past week with appointments with some of MOA's members. Willie (Little Napoleon) Blatt of Miami and Sid Levine of Noo Yawk. . . . Ray Moloney still enjoying the desert air. . . . Sam and Ellie Stern back from the West Coast. Mrs Stern flew in from San Francisco after being in L. A. and visiting Harry Williams' gorgeous new home on the Pacific Palisades. Sam stopped off in Denver and Omaha and found business "very good." . . . Nate Gottlieb telling some of the jokes Myron Cohen tells in the Farfel Follies. And Dave Gottlieb back on the job after 3 months in Miami Beach sunshine. . . . Bill O'Donnell of Bally puts it this way, "I've never seen anything like it." Meaning the tremendous biz being enjoyed by Bally on their new products. . . . Barnet (Shugy) Sugerman of Noo Yawk was expected any day. . . . Capt. money's at hand with AMI's Pocket-Level Coin Chute

Building a bigger take on the juke box results from close attention to a lot of little details. None of them may seem too important by itself, yet each is significant. Taken together, they add up to substantial profits. Even the convenient near-at-handness of the AMI coin chute to the level of a pocket full of change makes it easier for the patron to spend more money for music on an AMI juke box.
