CREATIVENESS PAYS OFF

If there is one lesson to be learned from the record business in the past several years, it is this: Creativeness pays off.

We've all of us observed during this period a great change in the business. Some saw it coming from the start. Some were aware of it while it was happening. But all of us now know it has happened.

And this change is one of basic principles.

What it means is that old reliable means of operation are no longer reliable; what was valid ten years ago, or even two years ago is not valid today; what was a sure moneymaker then is sure of absolutely nothing now.

But what it means most of all is that the way to make a buck in this business is no longer to depend on tried and true methods but to create new methods and then try them to find whether they are true.

Every few months we observe one record company is at the top of the heap and another is dormant. A few months later the situation changes and the positions are reversed.

What's the cause of this?

It's obvious, if you observe the operations not only of the A & R departments of these firms, but the entire executive set-up including sales, promotion, distribution etc.

The story might go something like this: Company A is doing well. A good percentage of its records are hitting. Everyone is happy. Soon however current records are following the formula that was successful for the past several months—only now they're no longer successful. Slowly it dawns that things aren't quite what they used to be. And then the uproar starts. Either heads roll or there are shakeups in various departments or the people involved come to the realization that something has to be done. So the A & R department thinks up new twists, searches for new artists, fresh material. The sales department goes on a revitalization kick. And the promotion department overhauls its methods too.

Then if the A & R department really comes through and gives the other departments some material to work with, the picture gradually changes and here is Company A heading for the top again.

Now this process may seem like a simpli-

fied version of what really happens, and it is. But essentially, with all sorts of variations, that IS what happens.

And what it proves is that you can't even depend on what went a couple of months ago. You must constantly be creating.

Another example.

Every once in a while an independent record company will come along and set the whole business afire. There are then all sorts of explanations of this phenomenon usually starting with the thought that anyone could have done it with "that great record" and ending with the equivalent of it's a flash in the pan.

Both ends of this argument are wrong.

Let's examine them. Could anyone have made it with "that great record." First of all the mere saying of that reveals a total misconception of the record business. For a hit record does not involve only a great performance, song or A & R job. It involves a total cooperative operation on the part of everyone connected with the record and the diskery. How many records do all of us know who were absolutely unbeatable as far as artistry was concerned — and yet they dropped dead? Artistry is obviously not enough. It takes sales promotion and wise direction of the entire integrated effort.

Now for the last part of the argument, "It's a flash in the pan." Well in many cases it may be. But, on the face of it, it's not true in all cases, for all of us know the names of independent companies which have capitalized on their initial successes to build lasting and prosperous firms.

Now if these arguments are not true, then what is the explanation of the great jobs which independents can achieve? It is this: Each individual firm operates in a different manner. And the independent with the creative ability to take advantage of its particular position in the music business is the one that makes the success.

One of the top A & R men in the country said to us the other day, "The one great thing about the record business is that it's a creative business and if it weren't I would get out of it."

We've examined that thought and the only conclusion that we can come to is that it's so, this is a creative business for it's only creativeness that pays off in it.

The big question "What means Mamou?" has been partially answered. Jerry Kay (WWEZ-New Orleans, La.) informs us "As far as I can find out, there is no translation. Mamou is a very small town in the heart of the Cajun country of Louisiana. If you listen carefully the song doesn't say "With Big Mamou" but "In Big Mamou"... Bob Ferguson (KCLX-Coflax, Wash.) now carrying 4½ hours of western music daily. Asks the diskeries to send him new releases... John Dixon, ex New Orleans Nighthawk, Dixon On Disc, now heard daily 7:35-9:00 a.m. on his new show "Music On the Sunny Side." John, who originally hails from Montreal, Canada, wants all Canadian Jocks in this country and in Canada to contact him.

Pic of the week—Tom Josephson (WTOL-Toledo, O.), "Your Deejay, T. J." has all the kids in Toledo listening when he broadcasts. The reason? He's a high-schooler himself and among the top disk jockeys in the territory. He's 17. . . . Charles DeVois, general manager of radio station WBRC-Memphis, reports that his station programs a complete day of music, something new for Memphis. All programs on WBRC are of a pop or semi-pop nature. . . . Bud Brees (WPEN-Philadelphia, Penna.) will be married to Eileen Levin on May 23 at the Ritz-Carlton Hotel, Philadelphia. . . . Pete Wambach (WCMB-Harrisburg, Pa.) uses only the Top Fifty from The Cash Box as his special file, and sets up his records according to the position as indicated on each week's chart. Also, on his Friday PM show he uses The Cash Box Top 20 and is well pleased with the audience response. . . . Sheriff Davis (WLOW-Portsmouth, Va.) passes along the word that a top-flight show which included Red Foley, his wife Sally Sweet, Moon Mullican, Grady Martin, Jerry Byrd, Rod Brasfield, and Jimmy Selph—all appeared at a show held in Norfolk, Va., on Sunday, April 19, and played to a total of about 4,500 people at two shows. . . . Jo Ann Tolly, newly signed MGM record thrush spent two busy days a couple of weeks ago when she visited with Jack Downey (WONS), Ross Miller (WTIC), Gerand (WTHT)—all in Hartford—Pete Ward (WCCM-Lawrence, Mass.), Bob Horn and Lee Stuart (WFIL-Philadelphia), and Bill Silbert (WABD-TV).

* * *

Welcome back to a couple of our deejay friends who were on the disabled list for a while. Alan Henry (WONS-Hartford, Conn.) after being laid up for a few weeks with an emergency operation for acute appendicitis, and then chicken-pox while recuperating. Smokey Smith (KRNT-Des Moines, I.) just getting over a bit of surgery in the Methodist Hospital on March 29... When Lee and Lorraine (WINZ-Miami, Fal.) played "Red Monkey" without giving the title and asked the audience to supply their own titles, they were bombarded with such as "Dead Love," "Tip-toeing to Heaven," "Camel In The Sahara," and "Inebriated Man Trying To Find His Home In A Housing Development."... Don Cornell did himself loads of good when he and Tom Finn (WSPD-Toledo) visited a dozen schools in the Toledo area to promote his latest release "Many Are The Times" backed with "There's No Escape."

... Jay Trompeter's afternoon 2 hour show, "The Afternoon Record Shop," (WIND-Chicago), had to make way for the Chicago Cub's baseball games until the season's over.... Fred Fiske (WWDC-Washington, D. C.) announced the winners of his "Hank Williams Memorial Contest." The two top winners received a Hank Williams album while the next twenty-five received a Williams recording.... A son, Kevin, was born to Ed and Mary Eileen Meath, April 4, at St. Mary's Hospital in Rochester, N. Y. Ed is the popular disk jockey at WHEC-Rochester. The godparents are Dave Mahoney of the Four Aces and Mrs. Joe Deane, wife of Ed's colleague at WHEC.... Frank Campana, Jubilee Record star, was guest on Bill Silbert's WABD-TV show on April 14.

MORT LINDSAY & TRIO (Jubilee 5166; 45-5166)

"SCRATCH" (2:26) [Lubin Music] Mort Lindsay talk-sings, in a comic manner, a cute novelty about an itch in the middle of his back. He wrote the tune himself and should get laughs on this cute deck. This novelty could catch like wild fire.

"JEEPERS CREEPERS" (2:52) [Witmark Music] The small group happily glides along through a ditty that was big quite a few years back. The boys put over the song in a light hearted fashion.

DAVID ROSE ORCHESTRA (MGM 30773; K-30773)

B "WALTZ OF THE BUBBLES" (2:12) The lush gliding strings of the David Rose ork team their fullness and waltz through a lovely melody that hight happen. It has a swaying full floating feeling about it that is real smooth.

"LONESOME ON MAIN ST."
(3:12) Dave and the men create
a lonesome and bluesy feeling as they
send out a production offering of a
tune similar in style to "Slaughter On
10th Ave." Two good variety sides
for the boxes.

ALICE BABS

(Rudder 5011; 45-5011)

B "YOU'RE THE ONE I IDOL-lovely voice emanating from Alice Babs does wonders with a lovely bal-lad. She does a tender and star-dusted reading of a moderate tempo tune waxed in Sweden.

"CHOOSE YOUR PARTNER"
(2:30) [Rudder Music] Alice
changes the mood and rides over a
cute ditty in a happy go lucky manner. Her pert voice sounds cute and
is higlighted by Harry Arnold's fitting orking.

JIMMY PALMER ORCHESTRA (Mercury 70126; 70126 x 45)

"SOMEBODY STOLE MY GAL"
(2:35) [Robbns Music] Tiny McDaniel does a bouncing vocal job on a
tune that's being revived. The boys
in the band add color to the side by
filling in with talking. An ok deck.

"NEVER, NEVER, NEVER"

(2:34) [Elmore Music] Tiny and the men team up to send out another light and happy ditty in the cute and novel vein. The piece is good for the boxes. Catchy piece.

EARTHA KITT

(RCA Victor 20-5284; 47-5284)

B "TWO LOVERS" (2:42) [Broad-cast Music Inc.] With the full chorus and ork of Hugo Winterhalter as a backing, Eartha Kitt gallops through an exciting different type of number. Her voice is startling on this fast mover.

"USKA DARA" (3:05) [P.D.]
The thrush with the thrilling voice bounces along through a catchy Turkish melody sung in the same language with English explanations. It's a light hearted cutie that sticks in your memory. Great performance.

HE CASH BOX

"RAMBLIN' MAN" (2:35)
[Acuff Rose Publishing]
"I LET HER GO" (2:27) [Hill & Range] FRANKIE LAINE (Columbia 39979; 4-39979)

FRANKIE LAINE

FRANKIE LAINE

Mr. Rhythm, Frankie Laine, who can do a grade "A" job with any tune from "Tell Me A Story" to "I Believe" seems to be headed for another top hit in "Ramblin Man". This emotional, heart rendered, galloping, spiritual tale was a hit in the folk and country field a while back, and it looks like it's bound for stardom pop wise. This Hank Williams song is backed by Jimmy Carroll and the ork. Paul Weston and Carl Fischer back Frankie on "I Let Her Go", another tormented zestful chant. The master of timing does a belting job on both ends. Both platters could be big successes with either end showing up first.

"SAY SI SI" (2:47)
[E. B. Marks]

"I'M WITH YOU" (2:54) [Melrose Music]

> MILLS BROTHERS (Decca 28670; 9-28670)

MILLS BROTHERS

MILLS BROTHERS

The phenomenal Mills Brothers have an amazing knack of taking old songs, refreshing them with their own exciting sound, and again making them hits. They did it with "Paper Doll" and "Glow Worm" and now it looks like they have another in "Say Si Si". The Sonny Burke ork sets up a good Latin jump backing that the boys harmonize to perfectly. Their mellow voices make the song live again. On the bottom platter the men get together on another novelty jump in a soft vocal manner tagged "I'm With You". The top portion is tailor made for the boxes and a natural for a top seller in the shops. Keep an eye on it, it looks big.

PEGGY ANNE ELLIS (Charles Records)

(Chorles Records)

B "DREAMIN" (2:35) [Leeds Music] In a smooth and relaxed manner, Peggy Anne Ellis glides over a pretty ballad with a lilting tempo and comes up with a smooth side. Glenn Osser and the ork back the thrush on a good piece of listening.

B "YOU FIND MORE LOVE IN A BROKEN HEART" (2:55) [Hartley Music] Here Peg gives the sentimental touch to a pretty waltz tempo ballad in a well controlled manner. A fine coupling for the boxes.

FRANK SINATRA (Capitol 2450; F-2450)

"I'M WALKING BEHIND YOU" B "I'M WALKING BEHIND YOU"
(2:55) [Leeds Music] Frank
Sinatra comes through with a solid
job on his first Capitol release. Axel
Stordahl backs him and the result is
mighty good. Could catch on for the

"MY LEAN BABY" (2:34) The smooth voiced warbler gives a light hearted touch to a novelty jump ditty that he blasts out with a pack of zest. A lively piece good for dancing. Frank's voice is in top form.

RONNIE GAYLORD

RONNIE GAYLORD

(Mercury 70131; 70131 x 45)

B "I WON'T BELIEVE IT" (2:25)

"THE MAGIC TOUCH" (2:41) [Sheldon Music] The Ray Charles Singers set up a lush vocal backing for Nick's version of another lovely instrumental. The flighty piece really moves.

"THE MISSION BELL" (3:06) [Milton Kellem Music] Roger is at his best as he chants an ultra lovely waltz ballad that should fit the boxes like a glove. The warm vocal and pretty orking by Harry Geller enhance the deck. Could be a big one for Roger Roger.

JERRY SHARD ORCHESTRA (Capitol 2422; F-2422)

"ALABAMY BOUND" (1:51) [Shapiro Bernstein] Jerry Shard and his infectious "doo wacka" type of mute trumpeting team up on a good handclapping standard. The fast train motion and rhythmic orking make this attractive listening.

THE CASH BOX

"CRAZY MAN, CRAZY" (2:35) [Eastwick Music] "WHATCHA GONNA DO" (2:28) [Eastwick Music]

> BILL HALEY with HALEY'S COMETS (Essex 321; 45-321)

Out of left field comes a sleeper that could burst wide open and take the country by storm. With the popular use of the new bop

slang expression, 'CRAZY', this house rocking tune tagged "Crazy Man, Crazy" could become a universal novelty. Handing in the fabulous job on the rhythmic beaty item is Bill Haley with a sock assist from his Haley Comets. Bill had a terrific success with another jumper dubbed "Rock The Joint", and this one tops it by far. The rhythm sent out by the aggregation makes you bounce in your seat, and makes you bounce in your seat, and the jitterbugs are sure to go wild about this jolter. On the lower portion, Bill and the Comets keep up the pace and move through another jump labeled "Whatcha Gonna Do". The top platter has the kick and should send the boxes bouncing clear off the floor.

BILL ANDREWS (Delhi 101)

gives the feeling of a gay girl dancing
on a lawn. It's a well done pretty

B "ONLY YESTERDAY" (2:54)
[B. F. Woods Music] A brilliant new voice makes its debut and the results are terrific. Jackie Paris does a soft and tender vocal job of a lovely melody. The lad's touching style could catch with the soxers.

THE SKYLARKS (RCA Victor 20-5257; 47-5257)

B"I HAD THE CRAZIEST DREAM" (1:51) [Bregman, Vocco & Conn] A wonderful oldie gets new life as delivered by the harmonic voices of the Skylarks. Their sensational manner of dragging lyrics is both cute and different. This deck could hit big.

"HOME IN PASADENA" (3:09) [Harry Warren] A slow lilter gets another stylish and fresh going over by the group. They do wonders with a song. Their novel approach to this one should get the deck a load of spins. of spins.

THE MELACHRINO STRINGS (RCA Victor 20-5285; 47-5285)

"WALTZ OF PAREE" (3:15) [B.I.E.M.] George Melachrino leads the strings of his lush sounding group through a heavenly waltz with an ultra-lovely melody. The tune sticks with you. The acceptance that lush instrumentals are getting, could draw

this one in.

"PADAM . . . PADAM" (2:38)

[Leeds Music] A lovely European melody waxed as a vocal not long ago, is lushly treated by the crew in an instrumental manner. Fine listening for the soft spot boxes.

VAUGHN MONROE (RCA Victor 20-5286; 47-5286)

"RUBY" (3:14) [Miller Music]
The lovely tune from the flicker

Monroe and his ork. This vocal version should pack punch in the boxes.
The tune is lovely.

DICK STABILE ORCHESTRA Capitol 2423; F-2423)

"MAKIN' UP FOR LOST TIME" (2:35) [Essex Music] A smooth straight forward styling of a good bounce is offered by Dick Stabile and his boys with a vocal trio handling the lyrics. Good dance material.

"FOGHORN BOOGIE" (2:07) [Brandom Music] On this lid the men get together and belt out a boogie heat item in a colorful manner that makes you bounce. More solid dance music.

THE MODERNAIRES (Coral 60982: 9-60982)

B "SAY YOU'RE MINE AGAIN"
(2:56) [Meridian Music] A tune that's making a strong bid on the pop charts is harmonically rendered by the smooth voices of the Modernaires. The catchy tune and well blended delivery by the group makes this a contender.

"HE WHO HAS LOVE" (2:07) [Larry Spier Inc.] The Fran Scott crew sets up a sock arrangement for the gang as they pounce on a rocking jump novelty that's making noise. It's a rhythmic reading.

BILLY LIEBERT ORCHESTRA (Imperial 8188; 45-8188)

B"I'M FOREVER BLOWING BUBBLES" (2:07) [Remick Music] A terrific standard gets a lively bounce styling from Billy Liebert and his crew as they ride along happily. This Charleston toe tapper makes you wanne hop.

"I'LL SEE YOU IN MY DREAMS" (2:18) [Leo Feist Inc.] The ork gives out with a zippy rag time flavoring of another terrific number. The piece is chock full of happiness and solid for dancing.

NEW YORK—Brad Phillips, WINS disk jockey, held his 1953-54 Coronation ceremonies for the winners of his "Singing Battle Royal" popularity contest at the Governor Room of the Governor Clinton Hotel in this city last Wednesday. Attending the coronation were the three winners of the contest: Joni James, "Queen Of Songs" who led in the voting over all the other female singing stars with the listeners of the New York and New England States; and Perry Como and Eddie Fisher who were tied for the top position as "King of the Baritones."

Eddie and Joni were next to arrive at the hotel where they were welcomed in the same fashion.

Following a chivalrous pattern of ladies first, Joni James stepped up to receive her placque from Brad and thanked the crowd graciously. She chirped a bar of her "Why Don't You Believe Me" in answer to requests from the crowd.

As to which the two "Kings" was to receive his honor first, Perry Como made the suggestion that Eddie should go first because of his youth. Eddie thanked the crowd with a short speech and in answer to a request for a song,

Eddie bowed and modestly denied the fact that he should be classified as an equal to Perry Como. "The greatest singer in the whole world," said Eddie, "Is the one and only Perry Como."

Perry stepped up to receive his honors and called on Eddie and Joni to run through "My One and Only Heart" with him.

Brad thanked the artists and his hoard of listeners for making the Coronation a success and closed the rituals for the afternoon.

The three stars eventually broke through the crowd and made their way back. Eddie returned to the Paramount; Perry went back to a rehearsal for his TV show; and Joni headed back to Philly for an engage-

CBS is lining up a new program aimed at rating songs each week which will have Bert Niosi as its conductor.

Local publishers and contact men have been hankering for such a show in this country which would show the status of hits in Canada as against the U.S. and English hit lists. . . . Dorothy Lamour packed them into the Casino theatre last week and she and her hubby made a lot of new friends with their 'regular' co-operation with press. Anytime they want to become Canucks they sure can! . King Ganam and his Victor platters are doing well these days. The Mart Kenny office is booking this handsome Westerner and his brand of dance music is keeping him busy in these parts. . . . Ozzie Williams and his orchestra will be the summer attraction at Gerry Dunn's in Bala after another successful season at the Kingsway. Ozzie's publishing firm doing right nicely too with two tunes breaking out; "I'm Scared To Go Home" which is a best seller on Quality and King labels as recorded by Jimmy Osborne, and "North Of Montreal" which is making a noise on Biltmor. BUFFALO, N. Y .- During a recent appearance at Hotel Statler, Buffalo, Frankie Laine visited the Wurlitzer factory where the famed automatic phonographs are produced. Here is he pictured in the Wurlitzer design studio listening to the tone of the new Model 1650. It is evident that he likes what he hears.

Gama Records, New Indie, Off To Fast Start

ST. LOUIS-Gamma Records, newly formed St. Louis indie, has launched its first record "The Only One In Love" to considerable fanfare in St. Louis. The number is sung by Ray Shaw, formerly with Mercury, and a partner in Gamma, along with Norman Kaye, the writer of "Say It With Your Heart," and a well-to-do St. Louis business man.

National distribution is being handled by Paul Levy of the Midwest Distributing Co. of St. Louis. To date, the Gamma line has been taken on by Cosnat for New York, Philadelphia and New Jersey; Mutual for Boston; Hit Records for Cincinnati; Ohio Record Sales for Cleveland; Music Sales for Memphis; and Midwest for St. Louis and Kansas City.

Gamma gave Ray Shaw a terrific cocktail party and dinner Sunday, April 12, at which more than 50 deejays and celebs in the St. Louis area attended. Shaw has begun a personal appearance tour, starting in St. Louis and Kansas City, and this week leaves on a junket which will embrace Chicago, Milwaukee, Detroit, Cleveland and Cincinnati. LOS ANGELES:

Congrats to Jules Bihari of Modern Records, who hit the jackpot this past week with the birth of twins—a boy and a girl. Mother and les enfant doing well we learn too... The Modern firm's current hot one "Honey Jump" is starting to take hold in many sections of the nation as a possible pop hit, with dif's throughout the midwest clamoring for copies of the records. . . . Lew Chudd's Imperial plattery hotter 'n a firecracker, with Fats Domino's "Going To The River" and Smiley Lewis' "Play Girl" really taking hold. Lew hosted recording star Dave Bartholomew this past week. . . . That Duke Ellington bill at the downtown Paramount playing to SRO crowds. Duke will cut an album for Capitol while in town. . . . Lennie Chess' label going hog wild, with I'm Mad" and "Off The Wall" starting to ride. Oh those were wild times we had in NY Lennie. . . . Paul Shorten, Allied Music Sales doing a great job with the "Hound Dog" success. Paul was one of the first to go out on a limb and predict the song would hit the top. Latest of Paul's prognostications: The Dolly Cooper etching of "I Wanna Know" on Savoy. . . . Amos Milburn continues to be one of the most consistent recording artists to come up with hit records year in and out. We'd wager he sells pretty close to a million records per year alone. . . . Flock of recording personalities galore sent happy birthday greetings to John Dolphin this past week as the latter celebrated his 39th. . . . Jimmy Warren and Jack Andrews, Central Record Sales Co. kind downcast as the time rapidly draws near when Muriel Scott will be leaving the firm. Gal is certainly one of the most likeable you'd find anywhere. . . . George Shearing and gang just breaking up the jernt at the Tiffany. Oh such sweet sounds does this group make. . . . Trend Records no doubt will set the trend when they cut Claude Thornhill on some jazz wax. Unbeknownst to so many, Claude really can make mighty nice music. . . The Gerry Mulligan qu

CHARLIE SINGLETON (Atlas 1029)

- "BROADWAY BEAT" (2:32) Charlie Singleton and his All Stars drive out a quick beat jazz item with a zesty performance. Singleton's trumpet in the featured spot.
- B "PONY EXPRESS" (2:20) The flip is a rhythmic middle tempo bounce that excites. Singleton is again pleasurable on the horn.

ELMORE JAMES (Meteor 5003)

- "BABY, WHAT'S WRONG"

 (2:41) [Mod. Music] Elmore

 James belts a bouncing fast moving

 item as he complains about the way
 his baby treats him and pleads for
 her return. Orking in the breaks is

 wild.
- "SINFUL WOMEN" (2:39) [Modern Music] A change of pace item. James sings the slow blues with much feeling. Guitar backing is excellent.

BASIL SPEARS (MGM 11490)

- "LEAVE HIM ALONE AND HE'LL COME HOME" (2:37) Basil Spears chants a rhythmic moderate tempo tune smoothly against the instrumentalizing of the Benny Payne Trio.
- B "DON'T SING ME NO BLUES" (2:39) The under lid is a similar rhythmic ditty performed with simplicity but pleasing effect.

IRENE REDFIELD (MGM 11489)

- B "SHAKIN' THE BLUES AWAY" (2:38) Irene Redfield waxes a middle beat in exciting fashion. Gal's enthusiastic reading backed with solid orking puts this disk over force-
- "THE CAT'S EVIL" (2:40) Irene sings a slow rhythmic blues in a manner destined to sell. The thrush sings of her man's fussin' with her because she stayed out all night. A good coupling.

BIG MAYBELLE (Okeh 6955)

- B "JUST WANT YOUR LOVE" (3:06) [Crestwood Music] Big Maybelle belts a slow rhythmic blues in dramatic style. The Leroy Kirkland orchestra sets up the dynamic artist with a solid instrumental assist.
- "WAY BACK HOME" (2:51) [Music Box] The strong lunged chantress pleads in her best manner to be allowed to come home. Another slow tempo blues performed in top-flight fashion. The ork must also come in for its share of honors.

AWARD O'THE WEEK

"LOST MIND" (2:40) [Venice Music]
"THE LONELY ONE" (2:20) [Venice Music]

PERCY MAYFIELD (Specialty 460)

PERCY MAYFIELD

• Percy Mayfield lends his talent and personality to a pair of likely prospects for the juke boxes. The

upper deck, "Lost Mind", is the story of the man who "lost his mind in a wild romance". Mayfield's performance is sentimental, sad and smooth. Item is a tuneful slow beat that gives the artist every opportunity to show his dramatic and vocal abilities. The lower end is another slow tempo blues colorfully and tenderly done by Mayfield. The singer is powerful emotionally and turns out a solid coupler. Orking is top notch on both decks.

THE CASH BOX Rhythm 'N Blues SLEEPER OF THE WEEK

"I'VE LEARNED MY LESSON"
(2:45) [Savoy Music]
"YOU TOLD ME THAT YOU
LOVED ME" (2:39) [Marvelle]
EMITT SLAY TRIO
(Savoy 892)

• The Emitt Slay Trio etch a follow up to their successful "My Kind Of Woman" titled, "I've Learned My Lesson", and the disk looks another hit. A humorous bit of repartee with Slay soliloquizing and the fem offering funny and derogatory side comments. Slay does a grand job on his end and the supporting cast of the female buffer and the instrumental group pitch in with solid performances that insure this etching many plays. A good choice for the juke box. The flip is a slow beat emotional piece that Emitt Slay sings from the gut. He changes from tender to harsh anger and the side has real sock. This etching is a grade A performance in its own right.

"GOODBYE BLUES" (3:03)
[Aladdin Music]
"WASTED LOVE" (3:03)
[Aladdin Music]
"PEPPERMINT" HARRIS
(Aladdin 3177)

"Peppermint" Harris comes up with a pair that look good enough to make the "lists" in short order. The upper lid, "Goodbye Blues", is a middle beat bounce delivered in that well known easy and polished manner of "Peppermint". The chanter turns out the sad lyrics in rhythmic fashion and the orking support of Maxwell Davis and his All Stars is outstanding. Davis on the sax lends a great deal of color to the etching. The under portion is a slow blues, sorrowfully and hauntingly sung by the blues artist with a guitar backdrop that is extremely effective. Both decks have strong potential.

HADDA BROOKS (Okeh 6962)

- "YOU LET MY LOVE GET COLD" (2:29) [Shapiro-Bernstein] Hadda Brooks latches on the multiple voice and harmonizes with herself on this deck. However gimmick falls flat as thrush comes through better on parts where she sings straight.
- B "DREAMIN' AND CRYIN'" (2:34) [Rush Music] Miss Brooks sounds lush on this portion. The gal, with a slow tender item for material, delivers the sentimental lyrics in captivating manner.

MARSHAL ROYAL (Mercury 9609)

- "WHERE IS MY HEART" (2:41) [BMI] The beautiful strains of the current pic sensation are treated to a moving alto sax reading by Marshal Royal backed lightly by his ork. Royal injects the warmth and feeling required by this tune and could catch a fair share of the plays from the sax adherents.
- "I WANNA GET NASTY" (2:39) Flip is a rhythmic middle tempo that gives the saxist every opportunity to blow his horn. An exciting side.

TINY GRIMES (Atlantic 990)

- "BEGIN THE BEGUINE" (2:59) [Harms] Tiny Grimes and his Rocking Highlanders rock out a driving number that really moves. Tiny's screaming sax dishes up an exciting version of the Latin middle beat.
- "THE MAN I LOVE" (2:44) [New World] Grimes lends a torchy sax to the lovely and nostalgic oldie. A pleasing etching.

FLOYD DIXON (Aladdin 3111)

- B- "BABY, LET'S GO DOWN TO THE WOODS" (3:00) This was cut at a concert. Lyrics are lusty and the crowd's roars of appreciation are heard in the background. Dixon sells with appeal and the disk could get action in the right locations.
- "TOO MUCH JELLYROLL" (3:15) The under deck is a rhythmic middle beat with the same type of lyrics. Disk is a lively item that will amuse.

DO RE ME TRIO (Brunswick 80218)

- "I'M ONLY HUMAN" (3:03) [Adanac Music] The Do Re Me Trio makes pretty sounds as they dish up a moderate tempo item. The lead is standout and the number is pop as well as r & b.
- "I'LL NEVER STOP BEING YOURS" (3:00) [Duchess Music] The trio etches a rhythmic fast mover. The lyrics are in the light hearted love vein. Same comments about the lead and the tune.

Good - Time Jazz Goes LP

HOLLYWOOD, CALIF. — Nasuhi Ertegun, Good Time Jazz Co. exec., this past week disclosed the entry of the firm into long play field with the release of two contemporary light classics, and a 12" jazz LP.

Long regarded as one of the leaders in authentic jazz disks, the release of the LP sides broadens the scope of the firm's market.

The label's jazz sales zoomed recently via the Bob Scobey etching of "Silver Dollar" and "Ace In The Hole." Reports indicate the disk might step out of the strictly jazz idiom.

Dream Together" was performed at the annual ASCAP dinner by Jimmy Carroll.

Peter De Rose was born in New York on March 10, 1900. He received his musical training from his sister who was a professional singer. Peter got jobs in the stock rooms of music publishers' houses and advanced from his clerical post to a professional pianist and songwriter.

With his wife, May Singhi Breen, Peter did a great deal of pioneering over the National Networks from 1923 to 1939. The artists were known as the "Sweethearts of the Air."

The composer and author had much to do with the scores of many great Broadway stage productions. Under his belt were such musicals as "Broadway To Paris," "Burlesque," "Yes Yes Yvette," "Earl Carroll's Vanities" and others.

Peter also composed a number of piano pieces from which "Deep Purple" was taken and molded into a popular song hit.

Tribute To Be Paid To Jimmie Rodgers On May 26, National Hillbilly Day

Hank Snow At Jimmie Rodgers Grave

MERIDIAN, MISS. - Seventy-five thousand people from all parts of the nation are expected to crowd into Meridian, Mississippi, on May 26 when great tribute will be paid to the late Jimmie Rodgers who rose to fame as "The Singing Brakeman" and "America's Blues Yodler." Tribute will also be given to other deceased railroaders of the Meridian area. This May 26, 1953, and every year thereafter, May 26 is to be National Hillbilly Music Day as was resolved by Arthur Winstead, representative of the 5th District of Mississippi when he addressed the Senate and House.

Representative Winstead, many other officials, musicians, friends and followers have given intense thought and done careful planning to make this day, the 20th Anniversary of Jimmie Rodgers' death, an historic one. The reason for this deserving tribute can be understood by a knowledge of the Rodgers' career.

Jimmie was born on Sept. 3, 1897, the son of a railroad section foreman, and was employed on a work-train at the age of 14. The railroader was ill in health throughout most of his early life and had to retire from railroad work when he was overcome by a stroke of TB in 1924. He then turned seriously toward singing and in the spring of 1927 he began to regain his strength and formed a group called the Jimmie Rodgers Entertainers. He was discovered by an RCA Victor was discovered by an RCA victor talent scout while broadcasting over WWNC in Asheville, N. C. Within a year the artist was signed to a recording contract and he became a national star. His success was short-lived when on May 26, 1933, the blues yodler was felled by an attack of TB.

Through Rodgers' songs, the listener knew that Jim had actually experienced the woe and hardships that he so expressively portrayed in his blues melodies. Now the Rodgers manner of warbling is universally emulated and accepted; yet at one time he was the only such performer. His creation of a new field of music and song styling is one of the main reason for the huge observance this May 26.

Jimmie's body was returned to Meridian, his birth place, from New York, in 1933 and ever since country be in artists have wanted to construct a mony.

memorial in his honor. Last year, Hank Snow and Earnest Tubb visited Meridian for this purpose.

Dedication of the long sought after Jimmie Rodgers' memorial monument will get under way at 2 p.m. on the set date and the afternoon program will last until 4 p.m. The highlight of the program will take place when a steam locomotive with three passenger coaches and a gondola will be guided to the roadside park, the park to be named after Jimmie Rodgers, and run into it's final resting place where it will remain as a dedication to Jimmie Rodgers and other deceased railroad men.

The evening program which will get under way at 8 p.m. in the Junior College Stadium in Meridian, which seats more than 15,000. However, 25,000 will be permitted to attend. Schedueld to appear on the program will be such notables as Hank Snow, Webb Pierce, Ma Carter and family, Ernest Tubb, Cowboy Copas, Lefty Frizzell, Bill Brunner, Carl Smith, Dickens, Zeke Clements, George Morgan, Jimmie Skinner, Roy Acuff, Jimmie Davis, Tommy Duncan, Eddie Hill, Rod Brassfield, and Minnie

Bill Brunner, a recording star to whom Jimmie Rodgers gave the guitar with which he made his first recording, will give the autographed instrument, during the show, to Jimmie Rodgers Snow, son of Hank Snow. Brunner, who gave up show business a number of years ago, decided to give his dearest possession to young Snow when he heard that the lad would make his first recording for Victor.

Other notables attending the affair will be Mrs. Jimmie Rodgers, Gov. White and Lt. Gov. Gartin of Mississippi, Gov. Clement of Tennessee, Gov. Shivers of Texas and many others.

Ralph Peer of Hollywood, the man who discovered Jimmie, has cancelled his European business trip to pay homage to the artist he helped rise to fame.

Bob Gilmore of Southern Publishers; Bob McCluskey and Steve Sholes of RCA and others will attend.

"RESTLESS HEART" (2:45) [Shapiro Bernstein]

"SONG OF THE OLD WATER WHEEL" (3:00)

SLIM WHITMAN

(Imperial 375)

 Having latched on to a winning style, Slim Whitman, stays with it and performs very much in the manner of his past hits as he dishes up a lovely slow tempo ditty titled "Restless Heart." Whitman's smooth vocalizing is set off with the now familiar floating twang of the guitar and some solid string support. Chanter longs for someone to love him as he would like to settle down. Should be a money maker for the ops. The flip deck is a rhythmic middle beat titled, "Song Of The Old Water Wheel," that is a lilting light bounce with infectious appeal. Slim does quite a bit of yodeling on this end and the side should appeal strongly.

"YOU SAID YOU COULD DO WITHOUT ME" (2:29) [Old Charter]

"HONKY TONK WALTZ" (2:30) [Old Charter] KITTY WELLS (Decca 28666)

 That favorite of the country field, Kitty Wells, comes up with a solid pair of tunes that look like certain winners. The upper lid, 'You Said You Could Do Without Me," sees the thrush handle a middle tempo romantic lament in her approved nasal manner against an easy backing of strings. The steel guitar work in the breaks adds much to the general effect of the etching. With Wells established legion of fans this disk is assured a good reception. The under portion, "Honky Tonk Waltz," is a slow tempo waltz sung with a touch of sadness as she tells of losing her lover to another. Kitty is grade A as she etches this potent plate.

The pair dish up a combination title job (Hound Dog and Doggie in The Window) set to the "Doggie" tune in hysterical manner. Even the string support fits the humerous mood.

"PORE OL' KOO-LIGER"

FARON YOUNG

NEW YORK, N. Y.—Rising costs are forcing newspapers to trim the page size. 190 of the 780 members of The American Newspaper Publishers Association have already taken this step—and some of the giants of the industry are joining the trend. The New York Herald Tribune narrowed its page by one inch and three other standard-size Gotham dailies—World Telegram, Times and Journal American are preparing to make the switch. In June, Chicago's Daily News, American, and Tribune will issue smaller papers while in Boston the Herald-Traveler, Globe and Monitor have already made the move.

NEW YORK, N. Y.—Could this have been the daddy of the juke box? In 1824 an instrument called the Componium was invented by M. Winkel of Amsterdam and exhibited in Paris with great success. This mechanical music machine was met with a feeling of incredulity by many and the suspicion arose that the effects of the Componium could only be produced by a human concealed inside the machine. It was necessary for scientist members of the French Academy to examine and issue a report verifying its mechanical ability.

NEW YORK—Thirty companies did a billion dollars or better during 1952 according to a survey conducted by the Journal of Commerce. Among the 30, only 6 companies failed to equal sales in 1951. Other 24 went way ahead. Compared to 1950, only one company fell below 1952 gross sales. (Not a single coin machine firm was listed as a member of the "Billion Dollar Club.")

NEW YORK, N. Y.—We'll be dispensing carbonated soft drinks in 6 and 12 ounce cans shortly. Cantrell & Cochrane Corporation, through Walter S. Mack, president of the parent company, National Phoenix Industries, Inc., announced the first carbonated drinks to be canned will be ready about mid-May. This is the first major change in packaging carbonated soft drinks in fifty years.

DENVER, COLO.—J. C. Dorsey has brought the vending machine into the worm business. Dorsey's homemade machine, a converted juke box, returns 25 to 30 neatly packaged worms to fishermen who insert a quarter in a slot and turn a crank on the machine.

How To Measure
A Hit
Machine

The micrometer that is part and parcel of every engineer's pocket tools is a precision measuring instrument.

It has helped bring tolerances down to the fine .0001 of an inch in coin machine manufacturing craftsmanship.

It has been responsible for bringing about many unique measuring improvements for all engineers.

The engineers, as well as the idea men, in all the coin machines manufactories, are proud to display the micrometer as a sort of 'badge of office'.

Their fine craftsmanship. Their unique and novel ideas. Their many, many great improvements, are much due to the micrometer.

But, regardless of this great precision measuring instrument they still can't measure a "hit"

Engineers can tear down and reconstruct the complete production of any product. Refining it. Bringing about economical producing methods. Making assembly simple and easy.

Idea men aid as each mechanical move is made.
The micrometer continues to flash in the light of their intelligence to develop, construct, reconstruct, economize, assemble and produce.

struct, economize, assemble and produce.

But they still can't measure a "hit" machine.

Even with all this engineering ability, experience and knowledge. And with all the nation's micrometers combined into one.

How to measure a hit machine?

After all the many, many work hours are over. After many, many thousands of dollars have been invested. When the first production model is brought off the line, then comes the measurement of a hit machine.

Simple. Easy. Quick.

All that's necessary is to turn that machine over to any operator in any community, anywhere in the nation.

The operator is the micrometer who measures the hit machine.

Very few operators may ever use a micrometer to measure tolerances, but, they are, in themselves, as precise as the micrometer, when it comes to measuring a hit machine.

The location, in which they place the very first new machine they receive, tells the story.

The comparison between what this new machine does, and what other machines have already done on that same location, is the precision measurement of whether or not the machine can be labeled: "Hit".

And it doesn't take very long for engineers to have lost many, many hundreds of work hours, for manufacturers have lost many, many thousands on thousands of dollars, when that first letter, wire or phone call is received from the operator who tests that first machine, should he label it: "Flop".

It has been proved time and time again that,

the best precision measurement of any machine, is the results of the tests conducted for that machine, by some operator somewhere in the U.S.A.

In fact, such tests are usually conducted by a number of operators, scattered in various different territories, thruout the U. S. A.

It is, therefore, much to the credit of the manufacturers in the industry today, that they have come to recognize more than just the micrometers of their engineers, or the ideas prevailing in the minds of their executives, and have gone down to the very basic precision measurement, to determine whether or not they will manufacture some new product, by first testing it on locations everywhere thruout the nation.

The satisfying and inspiring result has been that the machines, which have been introduced to the industry over the past years, have proved themselves the finest products the trade has ever known.

The continued production of better equipment is much due to these advance tests.

In short, closer collaboration by the manufacturers with the most precision measuring instrument known to the industry—the operator—determines whether or not a new machine is a hit—by conclusive location tests.

Meaning, of course, that old, dilapidated, wornout equipment, has to be removed from locations before operators approach location owners on dime

"The result is," one operator writes, "that we all feel much better since dime play got going.

"At least we know that the public, as well as the location owners, have more respect for our business.

"The old junkers are out. Wherever you go you see the latest models. That's what I call a tremendous improvement.

"It could only happen because of dime play making it possible for us to buy and be able to pay for new

At the same time, to equal the financial needs necessary for new equipment, operators pay more attention to better programming.

This has also been of invaluable aid to all concerned.

"The better programming here," this same operator reported, "would make your heart feel good. The operators realize that to pay off their machines they've got to get more.

"They program their phonographs much better than ever before so that, all in all, everyone is happier with dime play."

Minneapolis Ops Start Dime Play Tests

MINNEAPOLIS, MINN. — Hampered by the lack of an association, juke box ops here are still going ahead, and are now testing 10c play in this

T. W. (Bill) Averback of Atlas Sales Co., Inc., this city, reports that he has two spots going already and intends to get more of his locations converted over 10c play just as soon as he possibly can. as he possibly can.

Two meetings on 10c play were held by music ops here. Though results haven't as yet proved definite, operators are openly discussing ways and means to change over to dime play.

As one well known music operator here reported, "Even though most of them are somewhat timid, we can report that they are thinking hard about dime play."

Outstanding music operator, who seems to be the sparkplug behind the effort to get dime play in action here, reported this past week:

"We are in a tough spot as we do not have an association.

"However," he continued, "we are going to keep holding meetings and, if it takes all summer, feel sure we will finally make the complete change."

He also appeals to *The Cash Box*, "Keep those articles rolling in your magazine. I know they are a big help to all of us."

In one case where an operator switched a location to dime play he was, later, forced to return to 5c, because of the fact that a location on the very same block wasn't changed. This started trouble with his location

It seems, according to this operator, if there were an association in exist-ence in this city, the operators would have agreed to switch over block by block and, once the locations realized that it was a city-wide change, dime play would be the rule.

Collections Up Peoria Music Ops For Whiting, Ind. Ops After First Week On 10¢ Play

WHITING, IND.—With just about all of the approximately 75 phonos here converted over to 10c play, music ops report an increase in their collection after the first week's action.

One noted op stated, "Our phonos here showed an increase of about 20 percent this first week.

"We hope," he continued, "that they will show an even greater increase in the forthcoming weeks.

"After all," he says, "this was only the first week's play, and not a complete week at that."

Other operators also report increases, regardless of the fact that the majority who operate here, were rather timid to start dime play action.

This town was chosen as "the test center" by the Northern Indiana music ops association.

It has taken quite a bit of time, ops report, to convert their phonos over to dime play.

Storekeepers are reported happy over the increase and the greater majority are closely cooperating in an effort to boom play.

100% Dime Play

PEORIA, ILL. — Les Montooth, president of the Central States Music Guild, this city, reports that music operators here are cooperating 100 percent on dime play.

He says, "We are on dime play and are going good. We have 100 percent cooperation."

It was sometime ago when Les Montooth and others here tried to get 10c

After meetings with ops here it was decided to test dime play in this city.

After these first tests complete changeover was made and phonos were converted to 10c play.

Cooperation from locations has been very good with ops here stating that location owners are well pleased.

Nebraska Guild To Discuss 10¢ Play

OMARIA, NEB.—Howard N. Ehrs, secretary and treasurer of the Music Guild of Nebraska, this city, this week announced that the regular annual meeting of the Guild will be held on May 30 and 31 at the Pathfinder Hotel in Frament Nah

Purpose of the meeting is to elect officers for the coming year.

"The main topic of conversation will be 10c play," said Ellis.

TALLA HASSE, FLA.—Changes in Florida's state license tax on vending machines were proposed by two bills introduced in the State Legislature (April 16) by Senator Leaird of Ft. Lauderdale.

The proposed legislation would impose a flat tax of \$40 on each person or firm operating one or more vending machines, plus \$40 on cigarette ma-

The tax is now imposed on a sliding scale, including \$2 for each cigarette machine, except those in places of business which already have paid a license tax to sell cigarettes. A \$5 tax is placed on other profit vending machines now.

Tee-Off Luncheon For Golf Tourney

Chicago Music Ops Meet At Sheraton Hotel April 28 To Set Annual Golf Tournament - Banquet Date

RAY CUNLIFFE

CHICAGO-The "Tee-Off Luncheon" of the Recorded Music Servie Association, the organization of juke box ops in this city, will take place Tuesday, April 28, at the Sheraton Hotel.

Ray Cunliffe, president of the association, reported, "We will have present the entire board of directors of our organization plus all those who have supported our former golf tournaments and banquets.

"We expect," he stated, "to hold the tournament around July 16 of this year. As yet," he continued, "no definite golf course has been chosen.

"The choice," he claims, "will probably be made at the 'Tee-Off Luncheon'."

The luncheon will also find present leading record distributors as well as many others in the industry who have supported the organization's golf tournaments in the past.

Juke box distribs here will probably be present. Also suppliers and others allied to the field who have helped make the association's former golf tournies successful.

Nor Rain, Nor Snow, Nor Dark of Night

NO. TONAWANDA-Most of us are inclined to think of the phonograph serviceman's job as being one where he rides to his work in a comfortable car and doctors up a sick juke box in the friendly atmosphere of a cozy tavern.

A trip recently completed by Walt Peteet, a Wurlitzer field Service engineer, belies this popular concept. Walt's trek took him to the far reaches of Alaska where Ron Pepple's North-

west Sales Company has shipped a considerable number of Wurlitzer 1500s. The flight from Seattle to Anchorage was uneventful, if you like flying over snow-capped mountains and up wind-swept valleys. Walt says he doesn't. Walt was accompanied to the northern-most territory of the United States by Ron Pepple, who, in a letter to Wurlitzer commenting on the fine work, had the following to say.

"Walt did a terrific job for us. He

worked long, hard hours, he was on deck at nine each morning and stuck on the job some nites till midnite and later. He went out of his way to service equipment on location and he left a feeling of good will which will definitely help us make future sales. We went down to Valdez last Thursday. The narrow mountain passes and the snow 8 and 9 feet deep, the swirling snow with me trying to keep the car on the narrow road . . . as soon as we got back to Anchorage, he took the first plane out of town. We did get several pictures of him in the snow. 'Tis a contrast from New Orleans and our dstributor meeting, believe me."

The accompanying pictures give some idea of the conditions encountered when servicing phonographs in Alaska. Walt reported that when the sun was out and the wind not blowing, the days were fairly comfortable. With the setting sun, Alaska again returned to its cold, wintry climate.

Evans Doubles Production Coven Sets Up Waltemade Moves Run For "Saddle & Turf"

CHICAGO-Fred Morris, general sales manager of H. C. Evans & Company, this city, reported this past week that the firm have been forced to more than double production for their third run of "Saddle & Turf."

Morris explained that the firm approached production very cautiously on their first run of the game.

They increased their second run, as orders began to flood into their offices, and believed that the increased run would meet the demand.

"But," reports Fred Morris, "we found that we were 'way behind in 'Saddle & Turf' games and now, for our third run, we have ordered more than double our first run, with a surety that we shall have to even double that amount in or next run.

"I've never seen anything like it," he stated, "we are receiving long distance phone calls from all over the country demanding immediate delivery of 'Saddle & Turf' and," he continues, "it is almost humanly impossible to meet such a demand in quick time."

There is no longer any doubt in the minds of executives at the Evans' plant that the game is a proven winner in every regard.

They attribute much of its success to the extensive tests which the game underwent for some months prior to the initial announcement.

"As always," Fred Morris stated, "we continued on the proven fact that a game must be extensively tested in many locations, over a long period of time, to assure our customers the finest type of equipment."

Western Days At Rock-Ola

CHICAGO-The old western days came to the Rock-Ola factory this past week, according to Jim McNulty and Kurt Kluever, when two of the firm's western distributors decided to

Jack Dolan of Dan Stewart Company, Los Angeles, Calif. was the first of the western visitors. Jack spent sometime seeing all the new improvements at the plant. He was happy to note how production was being stepped up each day.

Next came Ken Wilkinson and his son, Frank, from San Antonio and Houston, Texas. They called for larger numbers of the new Rock-Ola "Fireball" phonographs to be shipped to

McNulty plans to soon decorate his office with saddles and western gear, "Just to make our Western distributors feel more at home," he said.

Reconditioning **Production Line**

BEN COVEN

CHICAGO.—Ben Coven, Coven Distributing Co., this city, distributors for Rudolph Wurlitzer Co. in this area,

for Rudolph Wurlitzer Co. in this area, reports;

"The reason we can claim that we are featuring the finest reconditioned phonographs for sale is because we have an actual reconditioning production line in operation."

Coven made this statement this past week after he advised, "We are now calling our reconditioned phonos the world's finest."

"The reason we can make this statement," he continued, "is because we have put into operation all factory reconditioning methods. Music opera-

reconditioning methods. Music operators are now assured of getting equipment from us that will be the finest they can buy on the used market.

"This idea for a real factory reconditioning production line," Coven claims, "has been the demand of our own factory trained mechanics.

"They have long been after me to work up such a reconditioning line here and," he says, "after much time and expense we are now producing equipment off this line that amazes the operators.

"This is something that the average operator doesn't even expect to see aside from having a phono reconditioned at the factory.

"But we have now adopted the methods in use at the Wurlitzer plant," he stated, "and, therefore, the reconditioned phonos which we are turning out are winning acclaim from everyone."

Headquarters To Wurlitzer North Tonawanda Plant

ROY F. WALTEMADE

NO. TONAWANDA, N. Y. - R. C. Rolfing, president of The Rudolph Wurlitzer Company, made the following announcement this week.

"Roy F. Waltemade, vice president in charge of manufacturing divisions, is moving his headquarters in May from the executive office of the company at 105 West Adams Street, Chicago, to the Company's plant at North Tonawanda, New York. From his new headquarters he will continue to direct the operations of both the North Tonawanda and DeKalb, Illinois, plants.

"North Tonawanda is familiar territory to Waltemade, since he and his family reside there from 1934 to 1946. The ever-increasing importance of the North Tonawanda Division and the Company's over-all program for the future makes this move desirable."

panies. Standard Factors deals in accounts receivable, financing, factoring and installment financing. Their report finds: that should the Korean war end and peace comes, "the finest surge of competitive effort and the most amazing output of new products that we have ever seen would occur." They went on further to say: they believe that cessation of defense production would release scarce materials and stabilize prices, that stoppage of defense orders would permit them to produce a new wealth of new civilian products, and that the end of the war would solve many of their personnel problems and bring tax relief. I am hoping that the manufacturers in the coin machine business, are prepared in the event the truce negotiations are carried out successfully, they can plunge ahead with new plans and products. I only hope they are better than the ones made at the end of World War II.

How many of you can remember back to 1946! Can you recall the optimism that was reflected in all the trade journals at that time, with glowing accounts of how the manufacturers and distributors in the coin machine industry were all set to produce and sell products that were going to be out of this world, once the war was over! Well, that was seven years ago. There has been progress. But as I look back, I don't think the optimism ever reached the point where the machines "were out of this world." Frankly, I was a bit dissappointed. I thought they could have done much better. How many can recall the years 1932-1937 when the coin machine business was a hotbed of ideas. That, was the time when this industry was attracting men who dared to manufacture machines, with such different ideas, that the result was the real birth of a new industry.

If peace should come now, there is a probability, that many small manufacturers now engaged in the war effort, could turn to the coin machine business. I can't see where it would hurt our industry! I can see where it could stimulate it! It would bring to this industry a wealth of new ideas. It would bring us new products, which we all need so badly. It would revitalize this industry, pull us all out of the lethargy we are in. It would give up progress, which all in this industry need.

Material Shortage | Friendship and **Forces Williams** To Change Game

Switch To "Times Square"

SAM STERN

CHICAGO—All the talk regarding loosening of materials seems to still be just so much talk, according to engineers at the Williams Manufacturing Co., this city.

This firm were forced to withhold the production rerun of their new "De-Luxe Baseball" because of shortages of slug rejectors and motors.

Sam Stern, Executive Vice-President of Williams Mfg. Co., said, "We probably won't be able to put 'De-Luxe Baseball' back into production until about May 10th.

"The shortage of slug rejectors and motors for this game," he continued, is acute. It has held up further production reruns of the game, regardless of the backlog of orders we have on hand."

In the meantime, the Williams' plant was prepared, and switched right over to a new five-ball game, which had been pretested and pronounced "great" by their distributors.

The new five-ball game is "Times Square." Shipments are already under way to all of the firm's distribu-

"Demand for 'Times Square'," Sam Stern reports, "was wonderful. From the first day we sent samples out to our distributors we have received phone calls with orders piling atop of orders.

"It seemed to work out just perfectly for," he explains, "when we ran up against the shortages of slug rejectors and motors, we were com-pletely prepared with an entirely new and different game, 'Times Square', so that our production lines continued to work right ahead without halt."

Service The Rule At Donan Distribs

CHICAGO — Don Moloney, Donan Distributing Co., this city, distributor for Bally Manufacturing Co., is expanding all services of the firm, as well as arranging for complete cooperation to all operators in its area. Don Moloney stated, "Not only are we going to give the operators the finest possible service, but, we are also assuring them the best repairs and, especially, delivery of all the Bally machines as speedily as possible."

The organization's quarters are unusually impressive covering a large area on the 5000 block of North

The organization's quarters are unusually impressive covering a large area on the 5000 block of North Kedzie here.

Even coffee is served to visitors. At the same time all are conducted on a tour of the firm's quarters. This, in itself, is illuminating and gives ops an inner view into the workings of a direct factory distributor.

"In addition to the services we are now offering;" Don said, "we are also going to make our headquarters a meeting place for all the operators.

"We want the men to know that Donan Distributing is one spot where they can drop in to meet each other. Just to say 'hello', or even just for a friendly chat."

Mechanics, salesmen, and even the girl at the phone, seem to have all become imbued with the Don Moloney personality, and an atmosphere of friendship dominates the entire quarters of the firm.

Many a music operator in the southland sat up and took notice of the editorial concerning the McCarran bill in the April 18 issue of The Cash Box. Headlined "If McCarran Bill Passes," music ops who weren't on their toes took a fright when bypassing the word "if" printed in small type. . . . There's a feeling of frivolity and general pleasantry in the air this week, with all in the coin biz following the pattern of Old Sol by warming up their geniality just a mite more. Could be that it's spring, with summer just around the corner-or could be the calm before the storm. . . . Mary and Kay Solle, Bill Leuenhagen's Record Bar returned from their now famed trip to Las Vegas, and although the gals didn't make any money, they had a wonderful time. Mention Vegas, and at the drop of a hat Mary and Kay will warm up to a fare-thee-well, and reel off tons upon tons of warm wishes for their host, orchestra leader Russ Morgan. Gals stayed at the fabulous Flamingo and "can't wait to go again." . . . Host of Santa Ana music ops in town this past week with Walter Hennings, Lee Nelson, Mac McGlone and Doc Dockins among the contingent that made the rounds along Pico Boulevard. . . . Herman Rosenberg, National Kiddie Rides Inc., in town this past week visiting with Jack Dolan at the Dan Stewart Company. . . . Bill Happel, Badger Sales Co. darn near completely sold out of the new Williams Baseball game, such was the excellent reception given the game by ops who viewed it this past week. The game features one of the most authentic baseball fields we've ever seen. . . . The demand is still strong round these parts for Seeburg Bear Guns. . . . Look for a host of arcade equipment to be in big demand now that we'll have no rain until October. . . . Al Anderson of Schafter made the trek into town again this past week . . . Just managed to get a quick hello from Lyn Brown, Exhibit Supply Co., as he takes off in his "little red wagon" in the bright early A. M. Big demand for the entire line of Exhibit kiddie rides continues, with every indication of it getting stronger. . . . Robert Bear, national sales manager of the Rudolph Wurlitzer Corp., in town along with Gary Sinclair, regional representative out these parts, visiting with the folks up at Paul Laymon Company. . . . Gang at the Laymon's busier 'n beavers with a new shipment of Wurlitzer 1650's and Bally Beach Club's causing all the excitement. Games and music didn't stay on the floor one day, with deliveries being made to operators the same day. . . . Ed Wilkes, Charley Daniels and Jimmy Wilkens on tap to handle the flood of business. The demand for Bally's "Beach Club" is so strong, that we'd venture to say the firm will have to stay in production on the game for a long time. . . . Larry Hansford, Lompoc making the rounds along Pico this past week . . . ditto Dick Bray of San Bernadino . . . Las Vegas operator John Winn visiting Los Angeles on a combined businesspleasure trip.

Frank Dunkel tosses his name into the hopper along with Joe Duarte over at Badger Sales Co. to kind of supervise the shipment of those many coin machines en-route to distant lands. . . . Al Silberman, automatic merchandise manager at the Badger emporium kind of forgetting about his waistline for awhile, with the bad news that he's somehow attracted an ulcer. . . . Los Angeles County taking to parking meters too, with an installation of same on Beverly Hills' Canon Dr. this past week. . . . Opening of the new Beverly Hills branch of Minthorne Music was completed this week, with George Mahlum directing the sale of the new Seeburg home phonograph. Latter is meeting with excellent reception. . . . S. L. Griffin, well known Pomona operator, in town this past week . . . also Bob Butcher of San Diego. . . . Big boom expected in the baseball batting practise business out thisaway. . . . Should Hank Tronick, Minthorne Music, kind of look at you with a jaundiced eye, it isn't because he can't fill your order, but purely because of the addition of a darn near permanent crew of carpenters who manage to make quite a bit of noise. Doesn't look like they accomplish much, but noise-they're good at that. Methinks Hank's in favor of tearing the building down and starting from scratch. . . . The Minthorne firm by the way, is a steady contributor of Seeburg phonographs so many charities throughout the area. . . . Phil Robinson, Chicago Coin's regional rep out this way, anxiously awaiting the arrival of the firm's surprise for ops in the form of quite a sensational bowler we hear. Ops, more than satisfied with the take via Chi Coin's Name Bowler, are sure to go for this new piece of equipment in a big way. . . . Phil just returned from a quick San Francisco trip this past week. . . . Jack Dolan and Pete Ley, Dan Stewart Company, continue doing a whale of a job via the Rock-Ola Fireball phono. Day we called, they didn't have a machine on the floor—such has been the great demand. . . . Joe Ortega of Indio and Joe Boll of Twenty-Nine Palms in town this past week. . . . Sammy Ricklin, California Music Co., hosting an entourage of record company officials, with Milt Gabler of Decca Records in town from New York City. Sam is in the process of remodeling the famed one-stop record service headquarters and is also building a 25 foot display rack for 45 rpm records. . . . Bill Gordon of Brawley looking over some new equipment along the row. . . . Jack Simon, Simon Sales Co., reports a rush of biz for arcade equipment. With the summer season just around the corner, business is sure to continue to get stronger. . . . Influx of agricultural workers in the northern sections of the county has ops getting all their equipment in top running condition. . . . Earl Wilson, Las Vegas operator, made the long haul into Los Angeles this past week.

The Woman's Viewpoint of the Coin Machine Industry

LEOMA WISEMAN

BELLE, W. VA.—Just six years ago, Miss Leoma Wiseman of Belle Amusement Co., this city, entered into the operating business, after dividing up a route. She was only 25 years old at the time. She started with but 17 locations.

Regarding her knowledge of operating at that time, Miss Wiseman says, "All I can say is that whoever said, 'necessity is the mother of invention', sure knew what he was talking about.

"It was a case of necessity", she states. "I just simply had to learn all about the mechanics of games and phonographs and, at the same time, learn how to take care of them myself, so that I could economically and efficiently conduct my business."

Today, Miss Wiseman has over 100 locations, with far over that number of machines, in active operation. She has the help she needs to better handle her route.

She says, "Any woman who wants to enter into this very fascinating and active business should make up her mind that here is work, hard work, and long hours.

"Longer hours than she would put in on any sort of job, but", she says, "the returns are there for the woman who is willing to worl: hard."

Miss Wiseman is on the job by 9 A. M. Usually, she says, her work is finished around 6 or 7 P.M. "But", she also states, "many times it's midnight before we're finished."

She advises that any woman, who maintains her dignity, will be shown the greatest of respect at all times, by any and all locations and, especially, by her fellow operators.

Miss Wiseman travels a route that extends over 50 miles around her city of Belle, West Virginia. Belle, W. Va. is just seven miles from Charleston, W. Va.

Miss Wiseman says, "I wouldn't just say that any woman could be successful in this business.

"What I would say, instead", she remarks, "is, if this woman finds she really likes and enjoys the coin machine business and, further, if she

really intends to continue in this business, she do so with the following thoughts in mind.

"These are", she enumerates, "one, that she will always give her locations the very finest of service. Two, that she will always keep her word with them and do whatever she tells them she will do for them. And three, she will always be completely honest and do everything she can to help bring about pleasant relationships with her accounts. She will, then, have every chance for success."

She also insists, "A woman must have business ability. She must have perserverance. Things just don't happen overnight in this, or any other, business.

"She must make up her mind that she's going to work hard. And work really hard to make her business successful.

"She should also pay attention to mechanical details and, thereby, assure herself knowing just what is what, as far as the mechanics of equipment are concerned."

Thruout this entire area, Miss Wiseman is renowned for the fact, "That," as many operators have said, "she can read any wiring diagram or chart just as well as any mechanic. In fact", they claim, "Miss Wiseman can repair any type of machine on the market, just as speedily and just as perfectly, as the best mechanics."

Like in any other business, Miss Wiseman believes, "A woman has to be careful with every dollar she earns. She can't over-purchase on any certain type of equipment. She must be economical. There are always lean days for which she has to prepare herself.

"She must have financial ability, to know how and when to set up a reserve, for the future, better welfare of her business."

Miss Wiseman points out that, like in any other field, salesmen are sometimes tempted to overload the buyer.

"This", Miss Wiseman claims, "can happen to anyone. That is why I say a woman, just like any man, must know something of the mechanics of equipment, so that she doesn't buy what won't work and won't earn her a decent return on her investment."

Miss Wiseman claims, "The three most important essentials for any woman, to assure herself she is on the road to operating success in this business are, determination, perseverance, mechanical knowledge.

"She's got to like this business. Its long hours and its hard work bring a very good return. It is a fascinating and thrilling business. There's always something new ahead."

In conclusion she says, "Frankly, I wouldn't ever want to be in any other business and, I believe", she remarks, "that neither would any other woman, provided she has the ability and the qualities which will make for success.

"Certainly", she remarks, "she will find this one of the most fascinating businesses she's ever known. She will find that visiting from one place to another, meeting different people, developing a better understanding and knowledge of all types of businesses, will bring about a more interesting and fuller life in every regard."

Young Distributing Agent For Electric Hand Dryer

COLORFUL CABINET
OCCUPIES LESS SPACE

THAN ORDINARY PIN TABLE

NEW YORK, N. Y.—Joe Young, Young Distributing Company, 599 10th Avenue, this city, announced his firm's appointment as sales agents for the American Dryer, manufactured by Dryer Co. of America, Inc., Philadelphia, Pa. The territory to be covered by Young Distributing will include the five boros of Manhattan, Long Island and Westchester.

The dryer is a compact unit, only $10\frac{1}{8}$ " x $11\frac{1}{8}$ " x $6\frac{1}{2}$ " and is finished with a lifetime porcelain enamel and chrome plated fittings. A deodorizor is also installed in the unit.

"This dryer fits a crying need for any type location as it does away with the untidiness of paper towels as well as the cost, and it also makes the additional cost of deodorizing service and constant janitor service on longer necessary. In addition to having a cleaner washroom, the owner of the establishment has an attractive as well as efficient piece of equipment that will save him considerable money over the years. It also obviates the necessity of taking up valuable space now used to storage packages of paper towels. Several of my operators", continued Young, "have already placed the units in some of the biggest locations in the city on a rental basis. It is a natural for the coin machine trade as the operators are already in the locations with other types of equip-

THE "20 YEAR CLUB"

"I think this is an excellent idea."

Bert B. Davidson Rudolph Wurlitzer Co.

A new compilation of the members of the coin machine industry who have joined the "20 Year Club" was published in the March 14 issue of The Cash Box.

This was a long and imposing list of names of men and women who have been associated with the coin machine industry for 20 years or more.

After we went to press on the March 14 issue, a large number of additional applications have reached this office. We shall publish these names in a forthcoming issue.

Outside of the fact that you've been connected with the industry for 20 years or more, there are no other qualifications. The idea is strictly sentimental—and will serve to bring together those people who, in a great many instances, have been pioneers in this modern age of our industry.

SO — YOU TWENTY YEARS — WHO HAVEN'T AS YET APPLIED, MAIL IN THE COUPON BELOW.

Response to the full page The Cash Box ran in the last few issues on "Why 10c Play?" has been nothing short of terrific. Operators from all over the nation have been phoning and wiring for their free reprints. One and all, they are effusive in their praise of the great job The Cash Box has done and is doing to help the operator survive the oppressive increase in his cost of operation. The demand for these reprints indicate the trend very definitely. If you don't have yours yet, wire or phone us immediately.

Joe Young, Young Distributing, excited about his new line, the American Dryer. The dryer is a compact and attractive unit that is installed in the rest room of any bar, factory, theatre, etc. In addition to obviating the cloth or paper towel, the unit also contains a built-in G. E. Ozonating system for deodorizing purposes. Operators have already seen the possibilities of this drier and have been installing them on a rental basis in some of the largest spots around town. . . . New York has one more coin man as of this week. Harry and Hymie Koeppel sold him his first juke box a few years ago which, it turns out, was the first juke box in Ireland, according to George Forman, the embryo Yank. George after building up a fine operation in Dublin called "Juke Boxes Limited," decided to come to America to settle. His brother, Thomas, will run the business in Dublin. Harry met the boat last Tuesday and took George, his wife and son to the Koeppel home in Brooklyn where they will stay until they find an apartment. . . The first Annual Dinner Dance held by the Coin Machine Employees' Union at the Latin Quarter on April 19 was a solid success. According to Al Gilbert, vice president, the food was grand and the entertainment colorful and exciting. . . . Phil and Mac Greitzer's grand opening of their new Baseball Batting Range April 16 got the boys off to a sensational start. The crowd was so large it was necessary to get police help to keep the eager batters in line. Twelve policemen handled the mob drawn by newspaper advertisements, the presence of celebrities including Joe Black, ace Dodger picture, and Junior Gilliam, rookie Dodger sensation. and that inevitable Spring desire to get out and bat one.

Al Simon's place loaded with upended second hand games waiting for the buyer to come and make a little room on the floor. Action on Chi-Coins "Double Score Bowler" continues to be extremely strong. . . . Lou Herman, Herman Distributing, well pleased with the way his games have been going out, but moans, "I could use more phonos." . . . Sam Wolberg, Chicago Coin, passed through New York and spent a little time at Al Simon's on his way from Florida to Chicago. . . . Nat Cohen on a sauthern trip to complete a couple of nice sized deals. Nat's kiddie rides continue to sell well, with an increase in tempo expected as soon as Old Man Weather settles down and permits the Sun to warm these chilly Spring days. . . . The Westchester Ops annual dinner to be held at Bill Reibers Restaurant, Sawmill River, Elmsford, on May 19, will most likely fill the place to overflowing. Reservations are pouring in and it looks like another slam-banger for that progressive bunch of ops.

With the arcade season opening in full force, Mike Munves place is the most popular spot on the street. Arcade owners from amusement spots all over the east can be found in Munves jam packed store placing huge orders. If Mike puts any more equipment on the floor it will have to be hung from the ceiling. . . . Charley Katz, National Kiddie Rides, was really kept hopping each time we dropped into the place. Hymie Rosenberg, is headed back home from a successful sales trip. . . . Ben Becker, Bally Eastern Regional Representative, around on the street with his brand new sylphlike figure. Ben took a place out in Flushing and will be leaving his beloved Williamsburg in Brook-

The Sports and Vacation Show, sponsored by the Dallas Morning News, is attracting many coin machine operators to Dallas. We find most of the operators we know are avid sports enthusiasts. . . . Buddy Clem of Paris came to town for the sports show. He was trying to talk someone into going out there with him. . . . Jimmy Garrett, in Dallas from Longview, said that he was afraid to go out to the show for fear he would find some sports equipment he wanted to buy. . . . Mr. and Mrs. I. O. Long made the sports show. They especially like the exhibitions of fly fishermen. Speaking of the Longs, business must be pretty good for Mrs. Long is sporting a fist full of diamonds. . . . Benny McDonald is among the Fort Worth operators who have changed over their machines to ten cent play. . . . Ditto for Walter Thannish and Buster Loicane. . . . W. B. Walton of Mineral Wells has converted his machines to dime play. . . . From over Waco way we hear that business is good for B. W. Cox. . . . Cecil Epps of Waco is adding new equipment to his route... Ditto Henry Moore and Speedy Walker... R. A. Titsworth of Corsicana says that business is picking up for him... Ralph Claybrook of Fort Worth is replenishing his route with new Wurlitzers. . . . Vincent Lopez of Cactus Music in Fort Worth says that business is solid. . . . Tommy Chatten of Commercial Music has just returned from a trip to East Texas. . . . Over at State Music Distributors, Audrey Hunter says that every thing is smooth sailing-"only we could use more phonographs."

Ross Lewis advises there's still much work to be done in Peoria re: 10c play. Claims that some of the men outside Peoria have come into town with "used" phonos and placed them on 5c play. But, Peoria's ops proved equal to the invasion. They're guaranteeing location more plus a new phono, and for a longer period of time. . . . Couldn't find a single coinfirm listed among those 66 firms in the Billion Dollar class. . . . The Cash Box article about the games boom was contested by many who claimed that, tho we told the truth, the boom is even greater than we reported. . . . Paul Huebsch reports that Joe Kline and Wally Finke doing okay with Keeney products.

Problem of depreciation may be solved when the House-Senate Ways & Means Comm. present new tax ideas. But in the meantime—get back of Sen. Frear's bill (S.298) which allows one and all to depreciate equipment within a reasonable period of time on own option. . . . Look out for golfer Len Micon of World Wide. The guy shoots consistently in the low 80's. . . . Al Stern to New York. . . . Bill Bye popped into town to meet with Lew Joffa. Reported things going good. But that getting equipment a problem. . . . Dom Pigati of Highwood received a very beautiful letter from the Highwood Community Center. He helped make that town's basketball tourney a big success. And donated the three trophies. . . . Hear that Chef-Way of Kansas City have their hot coffee vendor all set. Vends a pellet. Many believe this pellet is the answer. Claim the coffee tastes swell. . . . Lou Koren's North Shore King Cole Hotel in Miami Beach becoming the meeting spot of Chicago coinmen.

Nice letter from T. W. (Bill) Averbeck of Atlas Sales, Minneapolis. Tells how hard some of the boys working to get entire area on dime play. Bill praises The Cash Box right to the blue skies for its marvelous help. He writes, "Keep up the good work". . . . Budge Wright of Western Distribs, Portland, Ore., advises Mrs. Jack Moore no longer in coinbiz. . . . Like the new issue of Exhibit Supply News Bulletin's way of handling its "Tidbits of News". Intimate. Yet informative. Gotta laugh out of the way Max Brown of Philly showing jealousy over his brother, Lyn Brown's (L.A.) big sales. . . . Johnny Wright of Houston writes to advise that Hazel Conklin is one of the best women ops in south Texas. . . . Nice letter from R. G. DuPuy of F.A.B., Noo Ohleans. Wants his firm to get 11 copies each week of The Cash Box.

Yes, we have no answer from ASCAP. Tho The Cash Box offered ASCAP use of its news pages, to answer any and all of its editorials regarding the McCarran and Dirksen Bills, no answer has, to this writing, been forthcoming from ASCAP.... George A. Miller, MOA's prexy, in long distance phone conversation with Ray Cunliffe and Phil Levin.... Shortage of slug rejectors and motors becoming more acute. Forced Sam Stern of Williams to halt on "De-Luxe Baseball". Next rerun about May 10. In the meantime Williams intros "Times Square" five-ball.... John Lombardi plans to present "Crown phono needles to music ops here.... Surprised to note Fred, Joe and Ted Singer, who have a one-stop, pick their own tunes. Boys, boys, boys—the only sure hit is the one the people put in coin to play. Better check The Cash Box each week... Herb Jones presented grand issue of "Bally-Who". Largest issue we've yet seen. Features interesting article about Florian Zintara, Bally foreman, on "Hobbyhorses".... Frankie Harmon, over at Shangri-La, advises his hot coffee vendor "going great".

Chicago's music ops getting ready for big, annual golf tourney. Tee-off luncheon at Sheraton Hotel (Tues., April 28). Tentative day: July 16. No course chosen, as yet. But leave it to Joe Fillitti. He'll come up with one. Interesting "worm vendor" story from Denver. . . . Jack Williams of Denver doing great job with Minut-Bun machines. . . . Sam Lewis reports Genco's only problem seems to be need for more labor. . . . Used machine prices holding up. Demand for latest models growing greater every day. . . . Whiting, Ind. op showed a 20% increase first week on dime play. . . . Ralph Heft promises pics showing him breaking up about 75 old phonos. . . . Les Montooth reports next meet of Central States Music Guild (Mon., April 27) will be on dime play. . . . Capt. Tom Callaghan of Bally phones to inquire about item that appeared here last week, "Whaddayameannowork?" he yelled and added, "I'm 'way up to here with work". . . . Ben Coven finds himself with an interesting survey after looking over his sales. Seem's Wurlitzer 1500's leads sales for his firm. But the 1600's and 1650's catching up.

Howard Ellis advised Nebraska's Music Guild meets May 30 and 31 at Fremont, Nebr., Pathfinder Hotel. Ted Nichols of Kyes & Nichols Music will act as host... Lotsa newspaper stories on Springfield's bell-ban bill... "20 Year Club" members suggest big meet this forthcoming Sept. What do you think?.. Abe Witsen of Philly phones in to learn whether he can get a back glass for "Time Of Your Life" game. (How many remember the game?) Here's the story: The game was especially built by Bally back during the big Damon Runyon Memorial Cancer Drive of the industry. It was a giant pinball game. So large that even a full grown man had to use a step to get up to play it. The game was left in Philly at Scott-Crosse Co. When Abe Witzen bo't the place he sold the game to a Frenchman for a Paris arcade. Game proved sensational in Paris. But back glass broke. None available. So it was a job to dig up a picture to send to Abe to cable to Paris to tell this French op how to paint up a glass.... Nate Gottlieb came up with this crack last week, "Well", he said, "this is one time we got out a baseball game during the baseball season"

Mary Gillette was present so her team took 2 games from Decca. This puts the Gillette bowlers only 1 game out of first place. 6 games to go. (Better start practising Jerry Schuman). . . . With Bob Gnarro in Miami and with

JPRIGHT Storage!

Records are stored

vertically in the AMI juke box because the *upright* position minimizes the warpage that can result from stresses inherent in the materials of which records are made.

Play that's ON THE LEVEL!

AMI plays records

horizontally. Only the gentle, unvarying force of gravity brings needle and groove in contact. There's no thrust or recoil with AMI's gravity-constant needle pressure. Tone and volume remain true, undistorted, when play is on the level.

THIS WEEK'S USED MACHINE QUOTATIONS

14th Year of Publication 708th Consecutive Week's Issue

How To Use "The Confidential Price Lists" [Also Known As the "C. M. I. (Coin Machine Industry) BLUE BOOK"]

[Also Known As the "C. M. I. (Coin Machine Industry) BLUE BOOK"] FOREWORD: Many times, wide differences appear in the quotation of high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the

depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price quoted for the week; Second price listed is highest

price quoted.
