What makes a star out of an artist?

Music Editorial

No one of course has the formula down pat, but there are certain factors which go into the making of a star-and once having become a star, staying on top-which everyone in the business agrees upon.

Probably outside of performance ability, the greatest factor is public relations. And public relations means not only promotion aimed at the general buying public, but sometimes even more important, your standing within the industry, with the men and women who have to sell you to the public.

A recording artist has many such people to deal with-juke box operators, disk jockeys, record distributors, etc.

Sometimes it's difficult dealing with each factor in the industry not only from the diplomatic point of view, but also because of the fact that they are spread out throughout the entire nation and coming into contact with them involves a great amount of time and money.

But on March 8, 9, and 10, every recording artist in the business has one of the greatest opportunities possible to meet a large number of men and women who together make up one of the most important factors in the merchandising of recordsthe juke box operators of the nation. These juke box operators will be meeting at their annual convention at the Palmer House in Chicago and it is impossible to overemphasize the amount of good artists can do for themselves by making an appearance there.

Everyone knows that the importance of personal contact is inestimable. When a juke box operator fills his machines and has a choice between two records that may do equally well for him, the reasoning by which he makes his choice is based on many, many factors. And not the least is that somewhere or other he met the artist and thereafter felt a personal interest in his or her. career.

The importance of attending the MOA convention is understood by all record companies which have arranged to have exhibits there. Many artists who will be in the area will undoubtedly be present in those exhibit rooms to meet the juke box operators, disk jockeys and distributors who will pass through them. All other artists who can possibly make it, owe it to themselves to do so.

For gathered in Chicago for this three day convention will be operators, big and small, from all over the country. These are the people who collectively are the largest single purchaser of records. These are the people who can buy records in quantity enough to make it a hit.

Artists who are anywhere near Chicago should come and be seen and meet these people-and do themselves -an-immeasurable amount of good.

It was a busy Saturday morning in downtown Greenville when Davenport saw a rather incapacitated man walking slowly down Main Street with a cane and small tincup. Nothing odd about this, but attached to the strap around the man's neck was a small portable radio—and blaring out clearly could be heard a religious broadcast emanating from WESC. Business was good and the smile on the man's face indicated that profits far exceeded the overhead. Ah! the power of radio.

MILLS BROTHERS • Currently riding high with their terrific version of "The Jones Boy," the perennial favorites, the Mills Brothers, send forth an outstand-ing rendition of a ballad dubbed "You Didn't Want Me When You Had Me." This pretty piece of ma-terial should make it two in a row for the Mills men. At mid point, the boys up the tempo with top grade results. The bottom portion is another ballad tagged "I Had To Call You Up To Say I'm Sorry." Watch top half. It's big.

Aided by a superb backing of Henri Rene's ork and chorus, Tony offers a feelingful reading of a romantic number dubbed "Here". Beautiful melody stems from "Rigoletto". "Philosophy" is a clever piece of special material on the bottom deck. Lyrics are cute and treatment amusing. Tony has a big one in "Here".

KAREN CHANDLER

KAREN CHANDLER • Karen Chandler comes up with two great new sides which are both her best showings since "Hold Me, Thrill Me, Kiss Me". "Posi-tively No Dancing" is a lovely country flavored ballad, the type that builds slowly but ends up as a hit. A real nice job with a chorus to assist. Flip, "Hit The Target, Baby", is a lively quick catcher similar to "Ricochet". It's a terri-fic novelty that could catch like wild fire. Karen is at her best. And the Jack Pleis backing helps make these two sides hit possibilities.

Assisted by the Ray Charles Singers and the Dave Terry ork, Dolores belts out a samba ditty labelled "Sweet Cheat". It's a terrific novelty that makes you wanna sing along. Thrush really puts the song over. On the lower deck, the songstress chants a lovely melody titled "Flowers For The Lady". Heavy material, but real good. Top part should make it.

PEGGY LLOYD

PEGY LLOYD • Peggy Lloyd makes a brilliant debut on the young Benida label with platter that could be the disk-ery's first big hit. The talented chirp dishes up a sexy, naughty reading of a oomphy item dubbed "Love Him So Much". Peg has a style all her own that could become a rage. The lower end is a fast moving shuffler about the "Wreck Of The Old 97". It's a catchy item with the ork setting up the rhythm to the beat of a train's wheels. We go for the top half in a big way.

Your Income Tax

And What You Should Know About It

by

Herman Jaffe, C.P.A.

of Jaffe, Wertheim & Cogan

Actors, artists, musicians—all of you are in business—a highly specialized type of business. You are entitled to business expenses —but—like all people in business, you too must keep records. You must be able to segregate your business from your home expenses —and substantiate your claim.

What must you do to comply with the tax law? You must keep records—you can't guess.

Let's start from the beginning and follow thru.

BOOKING—of course, you've secured an agent. Whatever you pay him is deductible. You may have engaged a lawyer to prepare the contract between you and your agent. His fees are an expense. Or possibly you scouted for your own engagement—this too cost money—keep track of it.

Now that you secured a spot—you start to spend.

There is research, dialog, gags, music. You rent a studio, you tip, you make recordings, you buy or rent costumes. These must be cleaned, pressed and repaired. You may even need a wardrobe valet.

Your personal appearance is important. There is the barber, the beautician, the gym.

You've been placed—you prepared for your performance—now what? You must get to your engagement—or from one engagement to another—by plane—by train—by cab—or by automobile. If away from home, you have board and lodging.

Keep your name in print—someone must do your public relations work, take care of your press releases—this may be a professional, engaged specifically for the purpose—or possibly a private secretary can handle this work for you. In either case, the amounts so spent are tax deductible.

What about photographs, fan mail, clubs, complimentary tickets, entertaining newspapermen, playwrights, directors, critics and backers.

So you think you're thru—where did you meet the author, the writer, the agent or the critic?—at home?—then you're entitled to deduct part of your household expenses, such as rent, lights, telephone and maid services.

Did you forget that you spent money for Equity—or other union dues?

Your head's in a whirl—you've earned so much and yet have so little left—and still—you must pay your taxes.

TAXES—list all your income—the Form W-2 that you receive will help you, it will tell you what you earned and from whom, as well as what was withheld for income tax.

Now itemize your *deductible* expenses—make sure you have and can account for all of them. This will give you your *net taxable income*.

You still have personal exemptions, and other personal items which have to be deducted.

WITHHOLDING TAXES—part of your earnings have been deducted and paid over to the government for your account.

RESULT—either you owe the government additional moneys for taxes—or the government owes you a refund.

DON QUIXOTE Op. 35 (Fantastic Variations On A Knightly Theme-Richard Strauss-RCA Victor LM-1781 (1-12" LP) List: \$5.72 BOSTON SYMPHONY O3CHESTRA, CHARLES MUNCH CONDUCTING; GREGOR PIATIGORSKY, CELLIST; RICHARD BURGIN, VIOLINIST; JOSEPH DE PASQUALE, VIOLIST.

CELLIST, RICHARD BURGIN, VIOLINIST, JOSEPH DE PASQUALE, VIOLIST. The Boston Symphony presents a stirringly beautiful, dramatic and often humorous reading of the famous tone poem from the well known sixteenth century novel. Piatigorsky's Cello work is an outstanding contribution to the Strauss work. Piatigorsky is also cellist on the competitive issue on Epic featuring the Reiner and the Pittsburgh Symphony Orchestra. Decca has also released "Quixote" by the Bavarian State Orchestra. Victor has provided a salient selling feature in its cover portraying Don Quixote dreaming his fan-tastic battles.

POPULAR:
ANDRE KOSTELANETZ — "Black Magic" — Columbia ML 4741 (12" LP)
List: \$5.45 THAT OLD BLACK MAGIC; MAD ABOUT THE BOY; OUR WALTZ; LITTLE GIRL BLUE; SOME DAY; OUT OF THIS WO.LD; EASY TO LOVE; LIMEHOUSE ELUES.
Long known for his beautiful orchestral works, Andre Kostelanetz comes up with another group of favorite standards many of which were big songs of various Broadway shows of the past. Kostelanetz gives these outstanding numbers an excitement and softness that is seldom found on other recordings of these melodies. This package is a natural to enjoy a strong sale for years to come. Eight wonderful pieces that spell listening pleasure in every groove. Most of the tunes should serve well as demonstrators, but we seem to favor the title tune.

POLYNESIA!—Native Songs And Dances Of The South Seas—Capitol H 483— (10" LP) List: \$3.00 The carefree life of the South Sea natives is well portrayed in their happy songs by Charles Mauu and his Royal Polynesians. In every rhythmic number one can feel the joyful mood of the islanders. Charles Mauu, a Tahitian chief, puts a great deal of expression into the number. Item has a very limited appeal, but attractive cover should draw many listeners.

SOPHIE TUCKER-"Her Greatest Spicy Saucy Songs"-Mercury EP-1-3171 (EP) List: \$1.47
 MR. SIEGEL; I'M LIVING ALONE AND I LIKE IT; MAKE 'EM SAY PLEASE; HORSE PLAYING PAPA.

The inimitable "Last of The Red Hot Mamas," Sophie Tucker, comes up with four great tunes which have been highlights of her fabulous fifty years in show business. The spicy recitals are most enjoyable and should bring back memories to folks who have seen the "Queen of American Entertainers" in the past half century. One spin of "Mr. Siegel" is probably the best salesman. EP is aimed at adults.

HENRY JEROME ORCHESTRA—"Tops In Pops"—Designed For Dancing"— Lion E70016 (10" LP) List: \$1.77 STRANGER IN PARADISE; OH, MY PAPA; THAT'S AMORE; SECRET LOVE; THE JONES BOY; HEART OF MY HEART; THE CREEP; SOMEBODY BAD STOLE DE WEDDING BELL. More top quality dance music is offered on the low priced Lion label by Henry Jerome and the orchestra. In this "Designed For Dancing" series, Jerome sends up eight popular hit tunes of the present. Jerome's style is light and inviting and makes good background music for a party. Low cost of this packet is probably the biggest attraction.

ALPH MARTERIE and his Orchestra-"Junior Prom"-Mercury EP-1-3182

(EP) List: \$1.47 WALTZ OF THE WIND; THE OBJECT OF MY AFFECTION; SANTA LUCIA LUTANA; IT'S ALL IN THE GAME.

The Ralph Marterie ork, one of the country's top dance bands, delivers a series of good dance items that should go well at a party. His fine trumpet work and good selection of tunes oughta make this a steady seller. Some of the numbers feature vocals.

TONY MARTIN-"In A Dreamland Rendezvous"-Mercury EP-1-3158 (EP) List: \$1.47 WITHOUT YOU; AND THEN IT'S HEAVEN; DREAMLAND RENDEZVOUS; SONATA.

Tony Martin presents an inviting collection of beautiful romantic items. These Martin platters, waxed a number of years ago, should attract a healthy sale from his large following. A quarter-hour of real pleasant listening.

JOE DAVIS' MERRY MINSTREL SHOW-Jay Dee L.P. # 1 (L.P. 1-10") List: \$3.00

List: \$3.00 SIDE ONE: THERE'S NOTHING LIKE A MINSTREL SHOW; TRUTHFULLY; TROMBONE JITTERS; NEPTUNE; BILL BAILEY WON'T YOU PLEASE COME HOME? SIDE TWO: OH SUSANA; MY OLD KENTUCKY HOME; AT A GEORGIA CAMP-MEETING; YOU TELL ME YOUR DREAM, I'LL TELL YOU MINE; OHI DEM GOLDEN SLIPPERS; OLD BLACK JOE; CAMPTOWN RACES; OLD FOLKS AT HOME; THE OLD GREY MARE; SILVER THREADS AMONG THE GOLD; THERE'LL BE A HOT TIME IN THE OLD TOWN TONIGHT. Joe Davis comes up with a rather intriguing idea as he brings into the home a real minstrel show complete with interlocutor, gags, laughs and songs. The other side is a collection of songs everyone from the tot to the totter age knows and loves. Well known organist, Lew White, provides the instrumen-tation. The back of the album cover has imprinted thereon the lyrics of the tunes listed above for gang singing and an evening of fun at home.

JAZZ:

CECIL YOUNG QUARTET—"Concert of Cool Jazz"—King LP 295-1 (10" LP) List: \$2.95

RACE HORSE; STOMPIN' AT THE SAVOY; THE CAMPBELLS ARE COMING; FORMULA X-9; RUSHIN' ON HOME; DEEP PURPLE; CECIL'S HOUSE PARTY BLUES; TRIBUTE TO AL BENSON. The Cecil Young Quartet dishes up about thirty minutes of cool jazz that should warm the hearts of the hep crowd. Young provides 88'ing that together with the driving bass work of Trafford Hubert, the subtle tenor saxing of Gerald Brashear and the skinbeating of drummerman Jimmie Rodgers, forms a modern group that swings with the best.

RALPH SHARON—Autumn Leaves—London LB842 (1-10" LP) List: \$3.95 SHINE ON HARVEST MOON; SEPTEMBER IN THE RAIN; OCTOBER TWILIGHT; SEPTEMBER SONG, INDIAN SUMMER; FALLING LEAVES; EARLY AUTUMN; AUTUMN MIST.
 Jazz Pianistics of Ralph Sharon, American keyboard stylist, who had to go to Great Britain to be discovered, are on display with 8 Autumn flavored items. This is the second of Sharon's season series, the first being "Spring Fever". Sharon's technique is fluid, individualistic and on the relaxing side. Sure to find favor with piano jazz afficionados.

EARL BOSTIC and his alto sax—Vol. 1—King EP 200 (EP) List: \$1.47 FLAMINGO; SWING LOW SWEET BOOGIE; I CAN'T GIVE YOU ANYTHING BUT LOVE; THE MOON IS LOW.

The high flying sax of Earl Bostic runs through four standards that fall mighty easy on the ears. Bostic's treatments blend mood, color and originality that freshen the familiar foursome. His treatment of "Sweet Boogie" is a mighty potent salesman for the disk. The lush masterful tones emitted by the Bostic horn are prevalent on all four bands.

SONNY THOMPSON-King EP-209 (EP) List: \$1.47

MELLOW BLUES; SUGAR CANE; LONG GONE; REAL, REAL FINE. Sonny Thompson sends up orchestrations of four beaty items matched for a strong offering to the trade. Thompson fans will go for his pianistic magic.

Errol Garner, one of the best planists in the field of jazz, lends his nimble fingers to the keyboard as he fashions two standards and two rhythm items. Garner's great technique makes these pleasing items take on a special meaning. "Don't Blame Me," to this listener, is the most appealing of the quartet.

LATIN-AMERICAN:

JOE LOCO and his Trio-Tico LP 121 Vol. 3 (10" LP) List: \$3.85

MAMBO AZUL; LOCO RAMA; THE SONG FROM MOULIN ROUGE; CHEVIRIKO; SLAUGHTER ON TENTH AVE.; SWEET AND LOVELY; HONG KONG LOCAL; BEAT MAMBO.

Joe Loco's ever growing fandom will be delighted to learn of the new L.P. that includes the tune that really launched him, "The Song From Moulin Rouge." Loco swings the mambo in his familiar style that set a new pattern in mambo music. Stores that stock mambo music should have this item on the rack.

E. B. MARKS CELEBRAT

Page 14

HERBERT E. MARKS

NEW YORK—A million sheet music seller is a rarity nowadays. And when it does happen, it requires the aid of thousands of disk jockeys, juke boxes, vocalists, etc. But back in 1894, the late Edward B. Marks made it with a tune called "Little Lost Child", without radio, TV, dee jays.

Two years later, he wrote another million-copy hit, "My Mother Was A Lady". All this comes up here because Herbert E. Marks, E. B.'s son and president of the Edward B. Marks Music Corporation, is getting ready to celebrate the 60th anniversary of the oldest pop music publishing firm in America. The company, still run by its founding family, will begin the two week celebration on Friday February 26th with a luncheon and party at Toots Shor's for the personnel of the firm and some of its closest friends. During the following two weeks, there will be an exhibit at the Marks office in the RCA Building of title pages, photographs, and other memorabilia covering the pubbery's 60 years. Also shown will be part of the notable collection of show business and musical Americana collected by the late E. B. Marks.

Herb Marks, interviewed the other day, said that the biggest all-time hit in the vast Marks catalogue is "Glow Worm," which had a popular revival in the past year or so with Johnny Mercer's new lyric. In fact, regarding revivals, Marks said that at this moment three old-timers are very popular, thanks to recordings by the Mills Brothers of "You Didn't Want Me When You Had Me," by Vic Damone of "The Breeze and I," and numerous new disks of "Ida," the song that went from Eddie Leonard to Eddie Cantor.

A capsule history of the United States in the past 60 years might be gleaned from an examination of the songs published by Marks. There is "Hot Time in the Old Town Tonight," sung by Teddy Roosevelt and the Rough Riders at San Juan Hill and later to become America's real celebration song. There was "Paper Doll," which kicked around the backrooms of saloons for nearly 30 years, only to become the unofficial G.I. anthem of World War II. "Lilli Marlene," first the German favorite of that period and then the British, is still another. Then there is "The Peanut Vendor,"

which, along with "Mama Inez," "Yours," and the incomparable melodies of Ernesto Lecuona, such as "Malaguena," "The Breeze and I," "Say 'Si Si'" and "Jungle Drums," started the whole Latin-American craze in this country in the very early 30's. The Marks firm has a huge Latin-American catalogue today. And there was the instrumental German march which meant practically nothing for 20 years until it was introduced in "The Chauve-Souris" and, under the title of "Parade of the Wooden Soldiers," became one of the greatest popular hits and perennially successful teaching pieces in the history of Tin Pan Alley.

February 27, 1954

Herb Marks was born and lived all his life in New York City. His first job during a high school summer vacation was an attempt to sell music for his father's firm. His initial call was at a Brooklyn music store run by a big gent he remembers as having been very tough. The man was not in a buying humor and was particularly irked when youg Marks tried his darndest to sell him a quantity of a brand-new song that he said was going to be a hit. Just as Herb was ready to give up, a handsome young woman walked in and asked for a copy of that identical number. The proprietor thought it a put-up job first and looked as though he were going to throw the budding salesman out bodily but, influenced apparently by the female's looks, he relented and ordered 25 copies. He was not sorry either because that particular song, "You Didn't Want Me When You Had Me," sold well over a million copies and is being revived at the moment through the medium of a fantastically good Mills Brothers record.

Proceeding then to Dartmouth College, Herbert Marks found that a theme he had written about Tin Pan Alley in high school could very well be used again his freshman year. It got him such a good grade that he enlarged it slightly and presented it in his junior year as one of the papers required for majoring in English. Here again, the eminent professor, an entirely different one naturally, must have found it a relief from Shelley. Keats and Wordsworth because he rewarded it with the best mark Mr. Marks ever received. Its usefulness was not ended, however, because, eight years later, his younger brother, Edward B., Jr., presented it at Dartmouth again. More than that, right after the war, a nephew of Herb's, finishing up at Dartmouth, rewrote the tattered manuscript once more. Now Marks is trying to get his young son Tony interested in the same paper but that renegade has designs on Harvard or some other highfalutin place where such themes might not be appreciated.

After college, Marks, always in love with things theatrical, served three happy years as a reporter on "Variety." The only thing that riled

ES 60th ANNIVERSARY

him those days was when he had to give a good notice to an artist who sang songs published by Feist, Harms, Remick or other such firms. He loved "Variety" but wasn't the owner's son, so finally he started with his father's concern.

Marks likes to point out that it was he who started the Latin-American craze in this country around 1930 with "Peanut Vendor," "Mama Inez" and many of those other Cuban hits that introduced the rumba, the conga and the bolero to this country. Actually, he was in Havana on a vacation and it was through the merest luck and a strong desire to see how Cuban girls really manipulated those shawls that led him to an audition of those very songs.

In addition to his Dartmouthspurning son, Marks has a daughter Jean. He says he adores her for three reasons—she's beautiful, she's bright and she loves to sing Marks songs, even though her voice isn't calculated to cause Patti Page any jealous pangs.

He himself never has passed a juke box, and he has seen thousands of them, without rigidly examining them to see what proportion of Marks hits are pleading for nickels. He's very happy if he has to spend at least a quarter in this direction.

There is certain other music he is fond of also, for instance, Gilbert and Sullivan. Though not a joiner, for many years he has been a member of the Gilbert and Sullivan Society, which he describes as the most monomaniacal group of people in the world. He also loves folk songs which brings up the subject of his wife, Beatrice Landeck, a leading expert in this field and in children's music. He likes everything about her except that she is getting too well-known so that he is often addressed as Mr. Landeck. He examines all royalty statements before they leave the firm, but none so carefully as those which go to Miss Landeck. These incidentally have been growing larger and larger, due to the success of her albums, "Git On Board" and "Songs My True Love Sings" and her most highly-praised book for children, "Songs To Grow On." A followup to this is now on the press. Originally it was going to be called "Songs To Grow More On," but, after saying the last two words aloud, the Markses decided to title it "More Songs To Grow On." Mrs. Marks is the longhair of the family, but he has gotten her to have an appreciation equal to his own for such gems from his catalog as "Jazz Me Blues," "Ballin' the Jack" and "Shim-Me-Sha-Wabble."

One of the real thrills experienced by Marks is continuing to deal with many of the old-timers who knew his father back in the 90's or shortly after. A lot of these have gone in recent years, but there is still Joe Howard of "I Wonder Who's Kissing Her Now" fame, and Rosamond Johnson of the memorable team of Cole and Johnson, which wrote such great songs as "Oh Didn't He Ramble" and "Under the Bamboo Tree." It was Johnson who collaborated with his brother, the late James Weldon Johnson, on the song which has become the official hymn of the Negro people here, "Lift Ev'ry Voice and Sing."

He has published original music by Milhaud, Sessions, Schoenberg, Gretchaninoff, Tcherepnin and Schuman (Bill not Bob) but his favorite of all the composers that he has ever dealt with is Ernesto Lecuona, the Cuban whose "Malaguena" is currently the biggest standard in the Marks catalog, followed closely by his "Breeze and I," "Say 'Si Si'," "Jungle Drums" and other top Latin-American compositions.

There are disappointments, too. A couple of years ago, Marks brought back from France it's #1 hit song, "La Petite Diligence" which, thus far, has stubbornly refused to duplicate its European success. Even more exasperating is the story of "Piel Canela" by the Puerto Rican composer, Bobby Capo, by far the biggest hit Latin-America has seen in many years and yet slow to start here. Marks is willing to bet anyone that this will eventually jump out and rival any of the biggest hits in his catalog.

What are the facts about CANCER OF THE LUNG...?

JUST 20 YEARS AGO, in 1933, cancer of the lung killed 2,252 American men. Last year, it killed some 18,500.

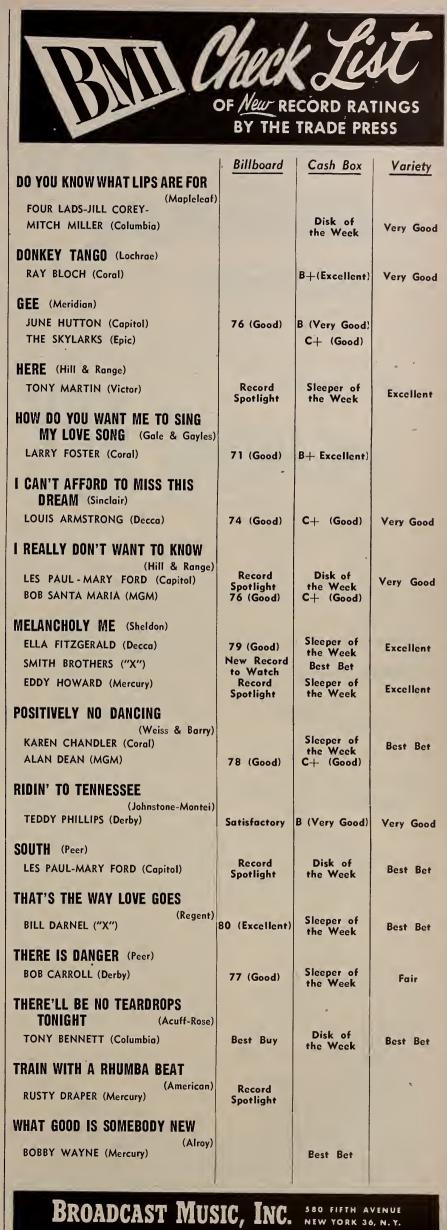

WHY THIS STARTLING INCREASE? Our researchers are finding the answers as rapidly as funds and facilities permit but there isn't enough money.

DOCTORS ESTIMATE that 50% of all men who develop lung cancer could be cured if treated in time. But we are actually saving only 5%...just one-tenth as many as we should.

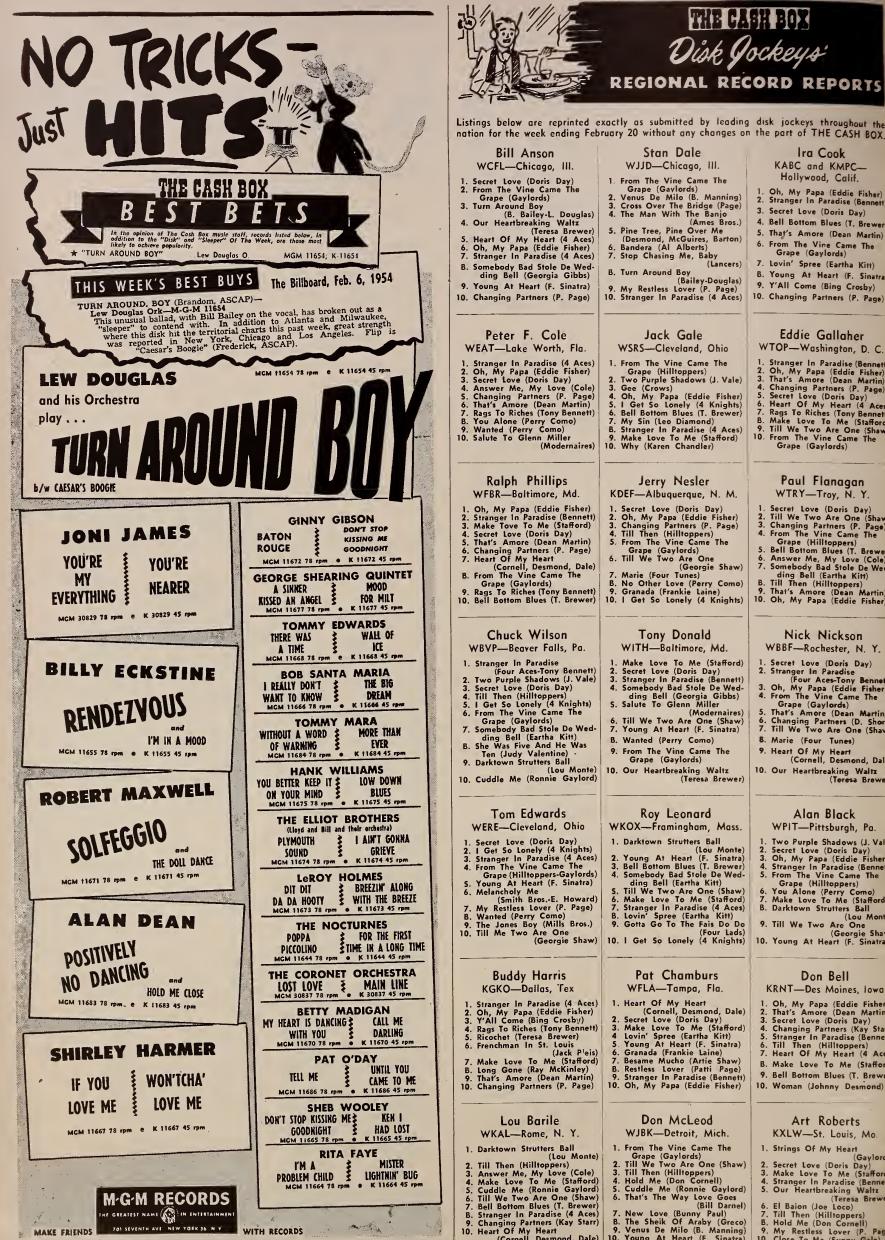

WHY—? Many reasons. But one of the most important is not enough money... for mobile X-ray units, for diagnosis and treatment facilities, for training technicians and physicians.

THESE ARE JUST A FEW of the reasons why you should contribute generously to the American Cancer Society. Please do it now! Your donation is needed —and urgently needed—for the fight against cancer is *everybody's* fight.

Disk Sales To Be Tried On Newsstands

NEW YORK—On February 26, a new experiment will be launched in the marketing of popular phonograph records, according to a statement re-leased by Godfrey Hammond, presi-dent of Popular Science Publishing Company, and officials of RCA Vic-tor and Mercury Record Corporations. During the month of March and in subsequent months a test is being con-ducted by Popular Science through its national newsstand distributing its national newsstand distributing organization, S-M News Company, to determine whether the public will buy top label, top star, top tune popular records at newsstands.

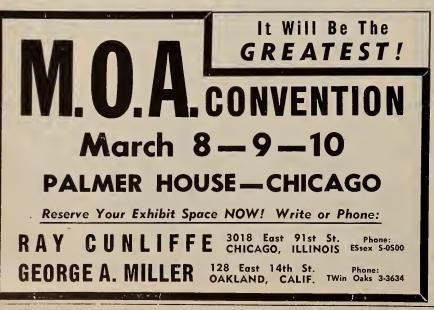

This experiment will be conducted in 15 cities, most of which are located in the northeastern sections of the country. In these cities the records, packaged in 5-color sleeves and displayed in a special 4-color rack, will be put on sale at the usual 89c price in 1,250 high traffic outlets where magazines are sold. It is planned that the test will continue for nine months. Each month a different record will be featured, and in each case the record will stay on sale for only one month, just like a magazine.

The March release selected by Popular Science for the test is RCA Victor's Perry Como singing "Wanted" and "Look Out The Window." The second record, which will be on sale during the month of April, is Mercury Records' Patti Page singing "Cross Over The Bridge" and "My Restless Lover."

According to Hammond, future selections will be not only from Victor and Mercury, but from other record companies as well.

The principals in this experiment feel that because of extensive promotion, there is a much greater demand for the top hit records than is reflected in present sales, and that by increasing the number of outlets for the proven best sellers, sales can be increased substantially. They say that publishing experience has proved that adding new outlets for magazines has always increased total sales without affecting volume in existing stores.

"Never before has the American public been so interested in popular phonograph records," Mr. Hammond added. "We at Popular Science and in the record business hope this test will prove that if these hit records are made readily available to more and more people at their favorite newsstands, the increase in sales may surprise us all.'

Clary Hunter, CJCH's popular country dee jay in Halifax, reports that the station will be sponsoring a live Folk and Country talent show one hour daily Monday through Friday. Another indication that there is no lack of good Canadian talent. . . Bob Tabor, CKCW's popular programming manager, re-ports that his station's Folk and Country audience was a lost group, insofar as CKCW was concerned, until Tom 'Dusty' Miles happened along. Now because of Tom and his four-thirty show each afternoon, star-ring the Bailey Brothers of Quality Records, CKCW is capturing a large audience with this hillbilly show. The Bailey Bros. current recording, "Bleeding Heart" backed with "Heart's Hall Of Fame" is selling well in the Moncton area.

R. I. A. A. Approves Standard **Recording And Reproducing Characteristics**

Page 21

NEW YORK-A Standard recording and reproducing characteristic has been recommended by the Engineering Committee of the Record Industry Association of America, Inc., and this characteristic has now been formally approved by the Board of Directors.

The recording characteristic controls the transfer of electrical signals to the mechanical form in which they are stored on the record. By defining this transfer, engineering information is then available which permits exact reconversion back to electrical signals.

Most major record manufacturers have published their recording characteristics, but there have been some differences among them. These differences have become progressively smaller as techniques have improved, and the newly approved characteristic represents an average which does not depart importantly from the more recent individual curves.

In acoustical recording, the recording characteristic was determined largely by the mechanical properties of the sound boxes. This was true to a considerable extent in early electrical recording. With the disappearance of the acoustical phonograph the re-cording characteristic became a matter of engineering choice instead of an equipment imposition.

It is now pretty generally realized that a record gets its distinguishing character from the acoustical conditions of the hall, or studio, the type and method of use of the microphones, and, most important, the artists themselves. Only by complete candor in regard to engineering details is it possible to bring to the listener the intent of the recording director. By standardization of these details the reproducing equipment is made simpler and more effective.

Also, by adopting a standard recording characteristic curve for the industry, R.I.A.A. now makes it possible for owners of high fidelity phonograph equipment to reproduce new recordings of all labels without the necessity of adjusting tone controls or equalization.

The R.I.A.A. characteristic is identical to that recently adopted by N.A.R.T.B. for transcription records, thus making it possible to reproduce all disc records under identical conditions.

The new label "X" and "Groove" will be handled in the Los Angeles area by J. K. Distributing Co. This new firm will be managed by Lee Palmer, former Sales and Promotion manager for Mercury Record Distri-butors, Inc. They also plan to include several other lines. . . While Jim Warren spends a few days at his chicken ranch in Lancaster, Jack An-drews and Eddie Ray of Central Rec-cord Sales keep busier than ever. Eddie predicts that Ray Charles' "It Should've Been Me" on Atlantic will be a terrific number. They just got in the first shipment of the number and reaction has been tremendous. Should've Been Me" on Atlantic will be a terrific number. They just got in the first shipment of the number and reaction has been tremendous. The Central boys all agree that Dave Rosenbaum of Rhythm Records, San Francisco, has a big number on his hands with "Maria's Blues." . . . Ralph Berson of Children's Record Guild, New York, spent several days visit-ing cities along the West Coast on business. . . . Sunland Music Com-pany has been swamped with orders on Dot's latest releases. Numbers that are stepping out are "Till Then," and "From the Vine Came the Grape" by the Hilltoppers, also "Alone" with Jimmy Sacca. Another big seller for Sunland is Julius LaRosa's "I Couldn't Believe My Eyes" on Cadence. Gor-don Wolf stated that LaRosa could hiccough on a record and still sell a million copies. . . Now with two branches to handle, Allied Music Sales is a plenty rushed place. Irv Shorten and brother Paul both agree that the phenomenal "Gee" by the Crows is still their biggest number both here in LA and San Francisco too. Paul and Harry Kaplan came down from the Frisco area this past weekend to visit with Irv. Johnny Camacho, who heads Allied's shipping department, says that everyone starts jumpin' when they hear Peacock's own Marie Adams sings her version of "I'm Gon-na Latch On." . . Sid Talmadge, prexy of Record Merchandising Co., has so many big numbers that he has a hard time keeping track of them all. Sid and Ray Stein both really flipped when they got in the latest Jay-Dee wax-ing of "Hey" by the Sparrows. . . . Abe Diamond of Diamond Record Dis-tributing Co., very seldom makes pre-dictions but when he does, wow--watch out! Abe says that "Say When" with Blinky Allen and orchestra on Flair should be a smash. . . . Syd Nathan, prexy of King Records, Cin-cinnati, planed in to spend a few days with Al Sherman, West Coast repre-sentative for King. . . Phil Harris has had a little tough luck over at his surplus record emporium. A couple of weeks ago a guy walked in and demanded that Phil hand over all his of weeks ago a guy walked in and demanded that Phil hand over all his money. When he refused the thug slugged him over the noggin with a two by four and fled. Left such a gash in Phil's head that he had to have four stitches to sew it up. He's okay now but cautious about guys that carry big sticks.

"Gee" seems to be the word on the east coast. Essex Distribs in Newark says that the Crows' Rama disk of "Gee" is being put into more and more "pop" boxes every day.... United Music Sales in San Francisco and Recordit Distributors in St. Louis report strong results from their coop newspaper ads with local dealers on the "Band Wagon" and "Gentlemen Prefer Blondes" albums. . . . Portem's sales of the Roy Hamilton disk "You'll Never Walk Alone" really soared this week with the vocalist's appearance at the Apollo Theatre in New York.

THE MOONGLOWS (Chance 1152)

B "SECRET LOVE" (2:40) [Rem-mick ASCAP—Webster, Fain] The Moonglows dish up an R & B reading of the currently successful pop item. A solid effort.

B "REAL GONE MAMA" (2:40) [Joni Music BMI—Fuqua, Freed] Group collaborates excitingly on a go-go screamer. This one could stir things up.

THE DANIELS SINGERS (Apollo 280)

(Apollo 280) • "I'M LEANING" (2:15) [Bess Music BMI] The Daniels Singers, a group of fine voices, etch a quick beat gospel item complete with hand-claps and a jubilee excitement. • "WADE IN THE WATER" (2:45) [Bess Music BMI] The filp is a dramatic middle tempo re-ligious waxing. Deep voiced lead does a potent job with fine support.

BIG JOHN GREER (Groove 0002)

(Gibble GOZ) "BOTTLE IT UP AND GO" (2:28) [Leeds ASCAP—Brown] Big John Greer comes up with a driv-ing rocker for his first effort on the new Groove label. Item could get him off to a grout start

new Groove label. Item could get him off to a great start. B (2:55) [Sunbeam BMI—Pearle Sisters] The under lid is a slow lush ballad performed smoothly by Greer, but the appeal seems aimed at the pop market. Unusual effect for a blues backing is the use of violins.

LUTHER BOND and his Emeralds (Savoy 1124)

B (2:39) [Savoy Music BMI-Luther Bond] Luther Bond gives an extremely sexy reading of a quick tempo jump that should excite his udionace audience.

WHAT IF YOU" (2:41) [Savoy Music BMI—Luther Bond] Bond oozes, sex as he dramatically sells a slow emotional blues. His individual styling could make this side happen big.

THE RIVILEERS (Baton Records)

(Boton Records) "A THOUSAND STARS" (3:02) [Challenge Music BMI — Gene Pearson] The Rivileers sway tenderly on a slow ballad with pop appeal. Backing is lightly done. A good etch-ing that could break out for a big hit. Already making noise in Newark, N. J. and Los Angeles, Calif. "HEY CHIQUITA!" (2:47) [Challenge Music BMI—Alfonso Delaney] The flip is a quickbeat with handelaps and a high riding sax solo. A happy ditty.

THE DRIFTERS

(Crown 108)

G "SACROILIAC SWING" (2:36) [Crown BMI] The Drifters etch a middle tempo swing item melo-dically. A catchy tune.

(2:41) [Crown BMI] The flip is a slow blues smoothly performed. A romantic item.

AWARD O' THE WEEK

"YOU DONE ME WRONG" (2:05)[Commodore BMI-A. Domino] "LITTLE SCHOOL GIRL" (2:49)

[Commodore BMI-A. Domino] FATS DOMINO

(Imperial 5272)

• Fats Domino fires a double bar-rel broadside at the "Hot Charts" with his latest release. The top deck, "Little School Girl" is a light effort about a schoolgirl romance. Fats sings it appealingly in his own styling with a beat that sells. However it's the reverse deck, "You Done Me Wrong," a middle tempo rocker, that should break. Fats complains about his gal and how she "done him wrong." Fats, a proven seller, should stir up juke box plays, counter sales and jockey spins with this pair.

• Ray Charles, whose sales potential has been steadily growing

with each successive release, comes

up with a pair that could be his best to date. The upper lid, "It Should've Been Me," is a light

THE VOCALEERS (Red Robin 125)

• The smooth vocaling Vocaleers, an accomplished and accepted group on the basis of its previous hit etchings, come up with a "Shake A Hand" flavored item titled, "Will You Be True." The etching, of moderate tempo, is a combination of religious and romantic. The group perform tenderly and with warmth. A compelling piece of wax that should nail down spins and sales. The flip, "Love You," is a slow soft ballad sweetly and touch-ingly blended. The Vocaleers should ingly blended. The Vocaleers should add to their laurels with "Will You Be True."

loads of sales potential. The re-

verse deck is a slow item of more

serious nature. Ray Charles makes

an anguished appeal for the Lord's mercy. Charles sings it with all

the feeling in the world. A strong

two sided platter.

SHIRLEY & LEE (Aladdin 3222)

(Aladdin 3222) "LEE GOOFED" (2:33) [Alad-din Music—Leonard Lee] Con-tinuing the story of the Shirley-Lee romance, Lee leaves Shirley this time and in answer to her pleas he reminds her of the humiliation he suffered when she left him. "WHY DID I" (2:10) [Aladdin Music—Shirley & Lee] The un-der portion is a slow beat in which the duo wonder why they fell in love with each other.

ALIX COMBELIE (Dawn 202)

B "SLEEPY LOVE" (3:40) [Alix Combelle] Combelle etches a dreamy mood piece featuring the lush and plush tones of his tenor sax. Ork-ing does an ok job with emphasis on the brass.

B "PHONE ME, CHERIE" (3:15) [Ledru, Denoncin] The ork comes up with a beaty danceable item and some fine sounds. Combelle's saxwork topflight and should build himself a strong following in short order.

DON GARDNER (Bruce 105)

(Bruce 105) G "SONOTONE BOUNCE" (2:41) [BMI — Smith, Gardner] Don Gardner and his group kick off an in-fectious jazz item in high flying style. HOW DO YOU SPEAK TO AN ANGEL" (2:39) [ASCAP—Hil-liard, Stein] Gardner does a distinc-tively different and dramatic vocal treatment of the beautiful pop oldie. Item should make lots of noise.

THE ROYALS

(Federal 12169) B''UNTIL I DIE" (2:18) [Armo BMI—Henry Ballard] The Royals tenderly read a slow dramatic love blues. Boys blend in potent manner. (2:45) [Armo BMI—Henry Bal-lard] The Royals work over a fast moving bounce infectiously. A rocker with lots of appeal.

PROFESSOR LONGHAIR

(Atlantic 1020)

B "IN THE NIGHT" (2:24) [Pro-B gressive BMI—Byrd, Matassa] Professor Longhair comes up with a potent vocal effort in his reading of a gay Latin tempo bounce. Side could stir up strong action.

B "TIPITINA" (2:15) [Progressive BMI—Byrd, Matassa] Flip is a rather individualistic reading by the blues master. Another potent possi-bility.

FLOYD DIXON (Specialty 486)

"NOSÉ TROUBLE" (2:15) [Ven-ice BMI—F. Dixon] Floyd Dixon narrates and sings a cute middle tempo bounce about too many people sticking their noses in other people's business. business

M.O.A. Convention Exhibitor **List Continues To Grow**

OAKLAND, CALIF. - George A. Miller, National President and Business Manager of the Music Operators Of America, announced this week that many more exhibitors have been added to the list and many others are yet to come.

One of the largest exhibits, during March 8, 9, and 10, at the Palmer House in Chicago, will be staged by the members of WSM's "Grand Ole Oprv.'

State association heads from all over the country are reporting great enthusiasm on the part of all the operators for the coming event.

Clint Pierce, President of the Wisconsin Association, states that more operators from Wisconsin will attend the MOA convention, than at any other time. Howard Ellis, Executive Secretary of the Nebraska Association, states that a large number of operators are coming in from his state. Al Denver, from New York assures a large attendance from the state of New York; and California has made reservations for at least fifty or sixty more people from "the State of the Golden West." The California Music Guild will have an exhibit on the exhibit floor, and the operators in California are going all out to make this a very interesting and well-attended exhibit.

Interest from both operators and exhibitors is at an all time high, and, no doubt, some of those who are not showing at the convention are going to wish they had, by the time this show is over.

Congressmen, public relations representatives, record company executives and manufacturer executives will all take part in the constructive meetings, which will be held each morning of the three day meet. Dick Steinberg, recently appointed chairman of the committee to fight the 20% excise tax on restaurants and taverns will make a full report. Hirsh de La Viez, the chairman of the entertainment committee, has informed the office that a wonderful floor show is being consumated, headed by the top stars of the various recording companies. The main topic of the convention, of course, will be a third copyright organization or publishing company, whichever will be most beneficial to the music operators.

Exhibitors will move in the Palmer on the lobby of the eighth floor Sunday morning, so that all those who come in early can register before convention time. Meeting hours for MOA annual banquet which will be held at 7:00 p.m. in the "Red Lacquer Room."

MOA headquarters on the exhibit floor will be room 801, just as you come up the elevator.

"It's What's in THE CASH BOX That Counts"

So many of our sensational newcomers make the mistake of thinking they know the record business too quickly and can get along without the sheepherding of smart management. Brother, that's when their heart- and headaches begin. Currently gracing the top slot department of the Cash Box national listings is Guitar Slim and his smashing "Things I Used To Do." Slim deserves a great deal of credit for being smart enough to place his business interests in the hands of a guv like New Orleans live wire Frank Painia, prexy of Dew Drop Attractions, who also handles the affairs of Smiley Lewis, Atlantic's Tommy Ridgley, Sugar Boy and a whole host of other stellar hit makers.... Thanks to Florence Pleasant for supplying the answer to the 64 dollar question, what's doing with Cobb's Mob? Fri-day, Feb. 18, finds the crew moving into the midwestern area then it's the Celebrity Club up Providence way, followed by a week down Baltimore way. . . . Lucky! Lucky! Lucky! for all those associated with Paul Bascomb's tasty favorite with the real groovy treatment "Jan" (both parts 1 and 2), which at any minute is due to bust wide open but big. . . . Mer-cury sax star Eddie "Lockjaw" Davis entertaining plus at one of our favorite jazz houses Minton's Playhouse. And speaking of Mercury doings, Harlem insiders think the diskery have two big potential coin grabbers and noise makers in Buddy Johnson's "Mush Mouth" and Zilla May's "Seems Like You Just Don't Care" b/w "Take Your Time." . . . Good! Good! Good! response is what Al Savage and his "Love Is A Funny Thing" is getting whenever the uptown retailers give a spin to this tasty ditty. . . . Fats Domino, with only moments to spare, pauses long enough to say a quick thanks-hello-goodbye to Portem distributor and the Cash Box staff for all the nice doings. Was he surprised when he learned that they already had the ground work set for big doings with his new one "You Done Me Wrong" b/w "Little School Girl" and that Sam Meltzer was already getting the calls on the platter. Looks like it's off to the races again for the belting maestro, who is presently soothing the Providence souls. . . Congrats to dee-jee Bill Cook and his television doings; to Joe Bostic and his new spiritual diskery and to the terrific Robey-Marcus combine for bringing to light and keeping in the light the artistic works of Johnny Ace who once again is first place bound with his mighty heart warming "Saving My Love For You." . . . Harlem ops thank new diskery Baton records and The Rivileers more than a thousand times for "A Thousand Stars." . . Just before press time spotted Bluenote prexy Al Lyon hurriedly making the rounds with ace trumpeter Clifford Brown (he's at Birdland at this scribbling) whose "New Star On The Horizon" LP showcases the On The Horizon" LP showcases the golden toned alto of G. G. Gryce, tenor stylist Charlie Rousse, John Lewis ivory tickler, Percy Heath bass, and the steady thud-thud of Art Blakey. . . To George Gollner, Joe Loco and all those concerned: thought you'd like to know that the Loco name is sizzling like a potato on a country stove down New Orleans way and is very speedylike becoming a household by-word.

Folk And Western Notes From California

LOS ANGELES, CALIF.—Town Hall Party, the star-studded country and western song and music extravaganza staged every Friday and Saturday night from Town Hall in Compton, Calif., is now not only the biggest, but the longest show of its kind on the Pacific coast. Saturday night's TV part of the show runs for three hours, 10 p. m. to 1 a. m., and the earlier radio version is on NBC. In addition to guest artists the regulars include Johnny Bond, Tex Williams, Tex Ritter, Joe Maphis and Rose Lee, Merle Travis, Wes and Marilyn Tuttle, Tex Tiny, Judy Hayden, Carrot Top Anderson, Fiddlin' Kate, Eddie Downs, Freddie Hart and the Town Hall orchestra. Jim Reeves, popular Abbott Re-cording artist, returns from his tour of Northern California to be a guest on the show February 27. Highlight of the evening will be the presentation to Reeves and Fabor Robison, Abbott Records head, of a trophy on behalf of the juke box operators of America and The Cash Box. They won the trophy for the hit "Mexican Joe" which was voted the best country and western record of 1953. . . . Smiley Burnette's latest Abbott waxing of "Chuggin' On Down 66" and "Mucho Gusto" is off to a good start saleswise. "Chuggin' down 66" was written by Smiley himself and has been adopted by the Route 66 Association for the current season and a promotional campaign is now getting under way.

written by Smiley himself and has been adopted by the Route 66 Association for the current season and a promotional campaign is now getting under way. Burnette is on tour in the Southwest. . . Cotton Henry has just signed with Starday Records and his first release is due out sometime this month. First record couples "Eskimo Nell" with "Alibying Sweetie" and both songs are aimed at the juke box trade. Each song was kept to under two minutes in length in answer to the current need for shorter records. . . . Ginny Wright, Fabor Records' fast rising songstress, heads from Shreveport to Modesto, Calif. for appearances February 24th to 27th. She then does dates in Los Angeles March 4th to 6th before leaving for Cleveland for TV and radio shows with Pee Wee King on March 10th and 11th. Her new record finds her teamed with Tom Bearden and titles are "I'm In Heaven" and "Dance Gypsy Dance." On another she sings with Jerry Rowley doing "The Lonesome Seagull" backed with "Wait." Ginny is a regular on the Louisiana Hayride from Station KWKH in Shreveport. . . . Ferlin Huskey and Jean Shepard finished a tour that has lasted almost five months, and he was home only four days before taking off for Canada and the state of Washington for dates extending until around March 1st. Jean has had enough of the road for a while and is resting at the home of her parents in Visalia, Calif. She made a guest appearance on Hometown Jamboree in El Monte on Feb. 20 where she was presented a scroll on behalf of the juke box operators in America. She was voted the most promising coun-try and western artist of 1953 in the Cash Box eighth annual poll. . . . Walkin' Charlie Aldrich has several of the ranking publishers after a stack of new songs he has completed, but no action is expected until negotiations are com-pleted for his new recording contract with Columbia. Charlie's last effort was "Kinsey's Book," which he put on paper in a matter of minutes and then re-corded himself in a one-shot deal with Intro. He says in recent weeks he has tur

"Mr. Big" Of Country Music **Didn't Get There Easy Way**

(Reprinted from an article written by Bud Ballard and appearing in the February 15th issue of "Pickin' and Singin' News.")

They'll be surprised when they find out.

The lady who used to call for a particular Western Union boy to pick up a handful of telegrams at National Life & Accident Insurance Co. was sending out will be surprised.

The stock broker who used to hand that ragged newsboy a quarter for a nickle paper will be surprised.

The clean, well-dressed kids who used to get through swimming at the local YMCA before the nonpaying ragmuffin would be permitted to enter the pool for a refreshing dip would be surprised.

That messenger boy; that newsboy; and, that little ragged fellow who had to wait until the kids got through; grew up to be Jim Denny, probably the most important executive in Country Music today.

James R. Denny is the chief of the Artists' Service Bureau at Radio Station WSM, here. That takes in a wide area. It is Jim Denny, who, along with Program Manager Jack Stapp and Music Librarian Vito Pelletettieri, select that talent for the Grand Ole Opry. It is Jim Denny who manages affairs at the Opry shows. It is Jim Denny on whom falls the regretted burden of having to dismiss an Opry artist. It is Jim Denny who approves or vetoes almost every action pertaining to the careers of Roy Acuff, Ernest Tubb, Hank Snow, Carl Smith, Webb Pierce, Chet Atkins The Carlisles, The Carter Sisters and Mother Maybelle, Cowboy Copas, "Dr." Lew Childre, Little Jimmie Dickens, Johnny & Jack, Grandpa Jones & Ramona, Lonzo & Oscar, Bill Monroe, George Morgan, Moon Mullican, Ray Price, Marty Robbins, Kitty Wells, and Pfc. Faron Young, and many others. And in times past, Pee Wee King, Red Foley, Eddy Arnold and the late Hank Williams also depended on Jim Denny to help them to achieve and retain stardom.

The man who listens to an artist or his recordings to help decide whether the Grand Ole Opry can use him has no particular musical talent him has no particular musical talent in his background to qualify him. He has learned to recognize Country Music artistry the same way some folks learn to recognize fine modern art—by experience. For 19 years, Jim Denny has watched and listened to the presentations of the Grand Ole Opry—and without ever having missed a performance! Obviously, he knows pretty well what the Country Music lovers will like in music. His success proves that. proves that.

But, Jim Denny is smart enough to know that nobody can predict without error what the public will like. He laughingly recalls that he advised the late Hank Williams not to waste time on "Jambalaya."

"Nobody but the people in Louisiana will even listen to it," Denny would tell Williams. But the determined Hank kept playing his song, almost daily, in Denny's office until the WSM executive agreed for Williams to give it a try it a try.

"My face was red, too," Denny admits, "when it turned out to be such a national favorite."

JAMES R. DENNY

Often the target of criticisms by those who have never worked with him as a big star, Denny continually amazes all who earn a living in Counry Music with the smoothness of the king-sized operations.

The physical smoothness of Denny's handling of the WSM Artists' Service Bureau is understandable. James R. Denny, then a 20-year-old, was called on by 50-year-old executives to show them how to mechanize the accounting systems of their insurance companies to achieve smooth operation. Denny had done the same thing for National Life & Accident Insurance Company, which had become the first insurance company in America to install the system, under Denny's direction.

But, it may be said, accounting systems are abstract machines, while Country musicians are people with all their ambitions, temperaments, frustrations and the like which seem to go with unusual talent. Denny is ready for them too. Again, by experience.

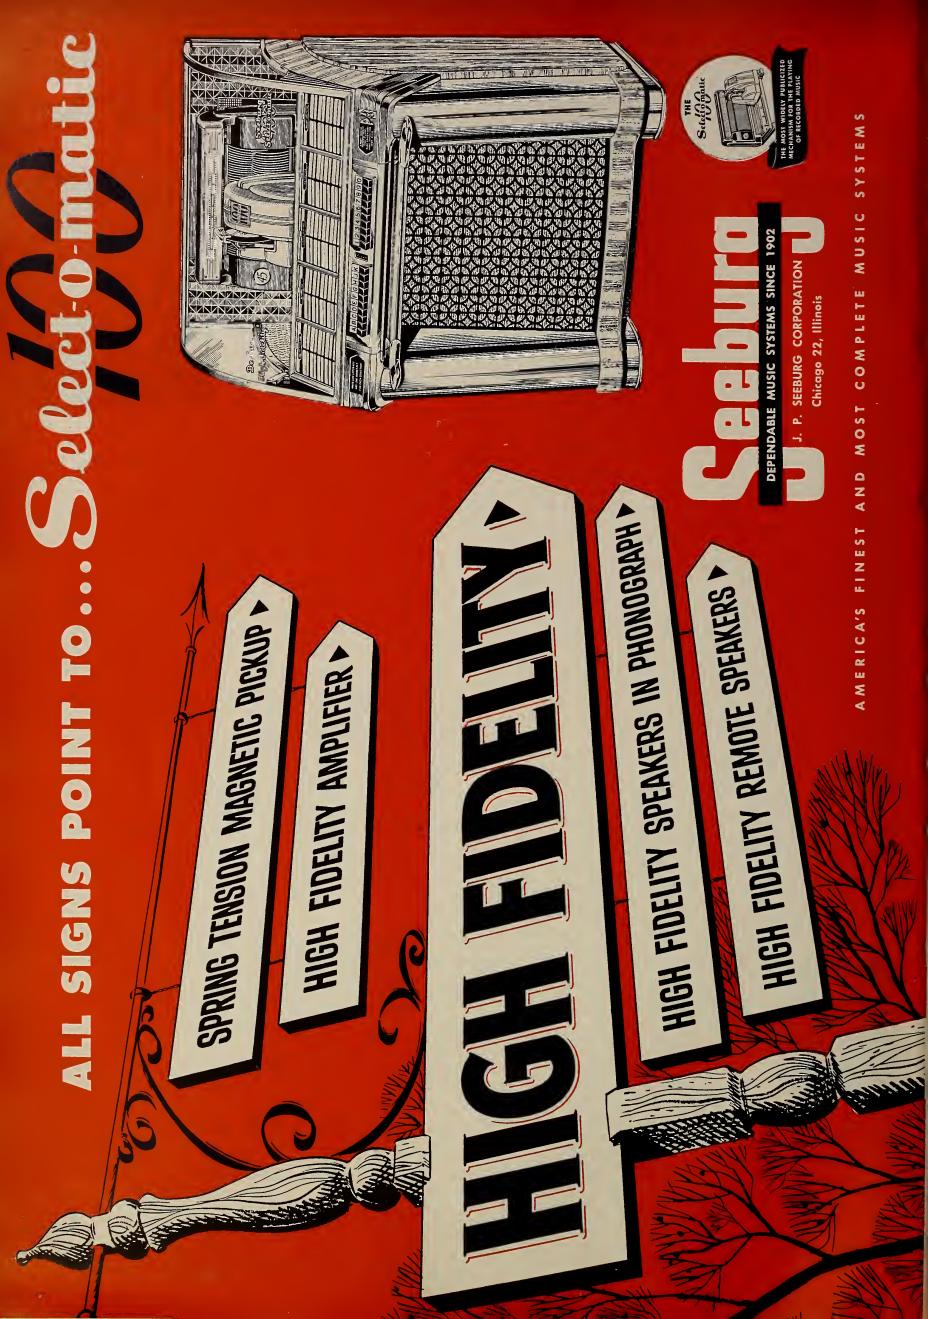

Denny, who is married, has three children. Linda 10, and Johnny, 13, attend an East Nashville high school while Billy, 18, is a first-year student at Vanderbilt University, here. The latter has an easy flow of language and assurance which won him orator-ical honors and a "popular" music disc jockey show on WSM during vaca-tion periods. He plans to study law but may not practice.

Taking marked issue with "pro-phets of doom" who predict that, in the middle 1950's, Country Music will have run it's 30-year course and faded as a fad, Denny sees nothing but fair weather ahead for the newer field.

at this time in any previous year." The top-flight Country Music ex-ecutive should know what he is talking about, and one gets the idea that Jim Denny will have a large share in making his pronostication come true. After all, he sells talent today just as he sold newspapers on the streets his offices overlook 30 years ago. The way James R. Denny overcame big odds to get where he is makes you listen when he says: "Country Music-really-is just

Here and There

NEW YORK—We noted a full page ad in the New York World-Telegram prepared by the Bureau of Advertising, American Newspaper Publishers Association, which we think is the freatest we've ever read. The ad is headlined "THE BACK-PEDALLING NOOSE can't see where he's going because he's so in love with where he's been." The copy under this head reads "THE SNOOSE is a manufacturer who plays it so safe that he pedals backward to keep his eye on where he's going. He would rather linger over his tiny past successes than feast on the big ones he could have. Fortunately the SNOOSE is rare. Most manufacturers look ahead to increasing sales." Fortunately for all of us in the coin machine business, there are no SNOOSES in the manufacturing end. Our manufacturers are on their toes—continually striving for the new and better. As a matter of fact, they haven't the time to look back—even for a moment. However, we do have some SNOOSES in the perating end of the coin machine business. If they would follow the lead of our manufacturers—try new methods, strive for the future—look where they're going, and not where they've been—the SNOOSE would be dead as a DODO.

CHICAGO—You can add to the list of "Vanished Americanisms" the nickel candy bar. Candy Industry, the trade magazine, reports a survey shows that the 10c bar will be the rule rather than the exception this year. "The point's been reached," stated this mag, "where the nickel bars no longer can be reduced in either size, or quality and dwindling profits." Two of the best-selling bars are Peter Paul Mounds and Almond Joy—both ten-centers.

NEW YORK—This one is for our lazy golfer friends. A company in New York has marketed a golf practice tee that enables the player to avoid bending down to set up a new ball. Our lazy golfing friends have only to touch the dispensing mechanism with his golf club (after filling the dispenser) and a ball rolls out and seats itself for the tee shot.

CHICAGO—Makers of instant type coffee feel that vending machines can hold same selling price, and thus become a tremendous factor in promoting its products to the public in general.

Have you checked your expenses against your intake lately?

How much has your overhead increased since 1939? Since 1951? Since 1952?

How much have your locations increased the cost of the merchandise they sell since 1939? Since 1951? Since 1952?

If you are a five-ball operator—how long can you go on charging 2 7/10th cents per play? This is 36% less than the nickel you charged in 1939. Because 2.7c is what the nickel of 1954 is actually worth.

Remember this, Mr. Five-Ball Operator, that when you really and truly got a full, honest-togoodness nickel for the play on your games in 1939, you were enjoying 300% LESS overhead expense.

In 1939 five-ball games cost you \$149.50 (list price) and LESS. Your mechanics cost you from \$35 to \$55 per week. Gas, oil, trucks, tires, and a thousand other miscellaneous expenses, were 300% LESS THAN WHAT ALL THESE VERY SAME THINGS COST YOU TODAY.

Today, with games costing you \$364.50 (list price) and all your other expenses 300% MORE than they were in 1939, YOU ARE GETTING 36% LESS FOR EACH PLAY (only 2.7c) THAN WHAT YOU WERE GETTING IN 1939!

February 27, 1954

REMEMBER THIS: There are only so many people who can play your games because of the TIME ELEMENT. In '39 you didn't have Television and other time consuming factors **KEEPING PEOPLE HOME**.

So, if the people who play your games TODAY, can afford to play them for TODAY'S NICKEL (2.7c) THEY SURELY CAN AFFORD TO PLAY THEM FOR—TODAY'S DIME (5.4c).

The DIME OF TODAY IS THE NICKEL OF '39!! FURTHER, EVEN WHEN YOU CHARGE 10c PER PLAY—YOU ARE NOT GETTING TEN CENTS — YOU ARE ONLY GETTING 54/10th CENTS.

STOP!

THINK!

Don't you agree, if you heard the following conversation, that the speaker belonged in an insane asylum:

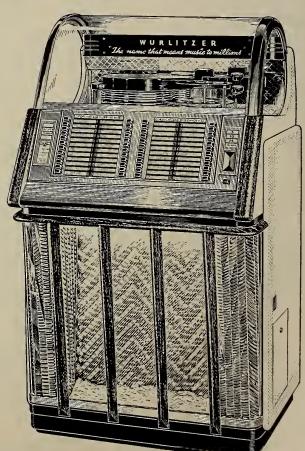

"Listen, friend, things are okay with me, I'm charging my customers 36% less than I charged them in 1939, even tho all my expenses have gone up 300%."

MOBRIDGE, S. D.-On the urging of Gordon Stout, newly elected president of the South Dakota Phonograph Operators Assn., members of this organization will probably board the C&N.W. "400" Streamliner, either late Saturday, March 6 or early Sunday, March 7, and will bring their members to the MOA Convention at the Palmer House in Chicago in one group.

Other officers and directors of the organization, namely: Darlow Mazwell, vice-president; Tony Trucano, Mike Imig and Ike Piearson, directors; well as Ted Salveson, Sr., sgt.at-arms; Harold Scott, sec'ty-treasurer; are also urging all the membership to board this train for the MOA Convention.

Members of this organization are much perturbed over the possible release of the McCarran Bill (S.1106) from the Sub-Committee to the Senate's Judiciary Committee and through this Committee for vote on the Senate floor.

February, 1954, began the 10th year of the Association, and Harlod Scott, secretary-treasurer, calls attention to its achievements. "We created deep and enduring friendships among our members,' he states, "without which no other gains would be possible, and established a liberal but fair code of trade ethics, to the extent of prac-tically eliminating the chaotic competitive condition of our pre-association years-location jumping, gratuities and sabotage which cost every operator money that he never got back. Not the least of these is improvement of our merchandising methods and accompanying improvement of our public relations. These and many other things we have done for each other."

CHICAGO-Interest is booming in the forthcoming Music Operators of America (MOA) convention, March 8, 9 and 10, at the Palmer House here.

Coinmen from all over the country have decided that this will be "the show to attend."

This is largely due, it is believed, to the fact that vending machine and kiddie ride manufacturers, as well as manufacturers of allied equipment, have decided to display at the MOA convention.

Already a complete floor of dis-play rooms is assured, according to George A. Miller, president and busi-ness manager of Music Operators of America.

Miller is tremendously enthusiastic over this forthcoming Fourth Annual Convention of Music Operators of America.

Miller has advised that complete trainloads of operators are sure to attend the convention. His own or-ganization, California Music Guild, is preparing a trainload of operators to attend the MOA show from that Far West area West area.

"This," as Miller reported, "is the first time that this has happened since the old time coin machine shows."

the old time coin machine shows." Because of this, and also because of the growing interest in the forth-coming MOA fourth annual conven-tion, many believe that attendance can reach somewhere near what used to be noted at the "old time coin ma-chine shows."

chine shows." To match the apparent enthusiasm for the show, MOA's Entertainment Committee headed by Hirsch de La-Viez, gleefully reports that it will probably have the largest entertain-ment program of any banquet in MOA's history for the second evening of the show, Tuesday, March 9, in the Red Lacqueur Room of the Palmer House. House.

In the meantime, all officers of MOA are urging operators to assure themselves room reservations at the Palmer House. Rooms are going very

fast with many calling for two and three room suites and others asking for additional adjoining rooms.

Chicago manufacturers plan to hold open house affairs during the MOA show. The majority will also have executives on hand at the show to meet with the operators who will attend.

As far as the Midwest is concerned, it is believed that attendance from this area will run into a new, high record figure, breaking all former records.

The same, it is believed, will be true of the South, East, Southeast, South-west and, especially, confirmed from the Far West Coast, as well as the Northwest.

In keeping with the growing en-thusiasm The Cash Box is bringing in a number of its staff from its New York, Chicago and Nashville offices to the MOA Show.

The Cash Box will, in addition to its regular display room, also have a large suite for all those who wish to contact this publication while at the Fourth Annual MOA Convention.

Manufacturers Plan "Open House" **During MOA Show**

CHICAGO — Leading manufac-turers here are planning to hold "Open House" during the three days of the MOA (Music Opera-tors of America) convention, March 8, 9 and 10, at the Palmer House here.

Many of the factories have already received letters from distributors and operators advising that they will be here for the MOA

show and that they will visit the plants.

plants. The belief is that the MOA show will probably pull in one of the very largest crowds seen here in a long time, in view of the fact that many are holding up trips to Chicago to come in with the MOA convention, so that they can see whatever will be exhibited at this show while, at the same time, call-ing around at the factories here.

CHICAGO—More and more juke box ops have joined in with other juke box leaders all over the nation who are urging The Cash Box to continue its aggressive campaign to help rid the nation of the 165,000 or more old, wornout, vermin-infested, tone-dead, prewar juke boxes that are still block-ing off locations.

Ing off locations. "Many of the locations," as one well known operator advised, "are very fine spots. I know of a few where any in-telligent and studious operator could build up the spots to be equal to the best in that territory. On my last trip I saw these phonos and, believe it or not, even tho I'm a juke box operator myself, I was absolutely ashamed to even play them."

The above statement can probably be made by dozens on dozens of other juke box operators around the coun-Juke box operators around the coun-try. All have seen the marred, scarred, screechy, scratchy, tone-dead, vermin-infested, prewar juke boxes on loca-tions everywhere in the nation. All know what horrible adverse publicity they bring the local progressive oper-ators as well as the entire industry.

Everyone is against them and The Cash Box, when it made its survey this past October, 1953, was absolutely amazed to learn that "better than 30%" of the present 550,000 juke boxes on locations were "old, prewar, wornout machines."

It was this amazing and startling revelation that started The Cash Box on its program to help remove these phonos from the large number of lo-cations they were blocking off.

Most potent example of what can be done with some of these locations was the information received this past week, wherein one well know juke box operator informed The Cash Box:

"Believe that this will help your crusade to get rid of those dirty, old, pre-war juke boxes. Just the other day we bought a location from one of the operators here. We found an old wornout, prewar phono there. "Well," he continues, "we replaced

"Well," he continues, "we replaced this with a brand new instrument and, for the past few weeks, without going into details of how many changes we made in the place, adding auxiliary speakers and correctly programming the phono, all we can state is that the gross per week has been stepped up over 200%.

"If that doesn't help get rid of these old juke boxes," this man concluded, "nothing in the world ever will."

Miller-Newark Distr. Co. Adds To Staff

GRAND RAPIDS, MICH.—Among the busiest as well as the most pro-gressive of the nation's distributors, Miller-Newmark Distributing Com-pany here, headed by Bill Miller, has added to its staff in an effort to handle the business they have been getting since the beginning of '54.

Gerald Van Gessel, secretary-treasurer of the firm, along with Orville Bolier, roadman, have been practically working overtime in an effort to satisfy their many customers.

The mechanical departments have been added to with mechanics: Ralph Goosen, Chester Richards, Bruce Shep-ard, Carl Castle and Bob McDonald hard at work on orders.

Chi Coin Presents 6 - Player "Home Run" Baseball Game

CHICAGO—"We're in time for the opening of the baseball season just as the sports pages of the newspapers are telling all about spring training," is the way executives over at Chicago Coin Machine Company explained the introduction of its new 6-player base-ball game, "Home Run."

"Furthermore," Samuel Wolberg of the firm said, "this is the very first baseball game in the history of the industry to feature six-player action with a grand stand play feature for extra runs. extra runs.

"Plus the thrill," he continued, "of hitting a ball over the grand stand roof for additional runs.

"Every exciting feature of major league baseball is incorporated in our 'Home Run' game," he explained.

Features of the game include the player hitting the ball into the upper grand stand for a home run, plus runs for every man on base, plus three extra runs.

When the player hits the ball over the roof he gets a home run, plus runs for every man on base, plus five extra runs.

When more than one per-son plays, each player alternates, as in a bowling game, until three outs are made. The entire game is well lighted making it ideal for every type lo-cation cation.

The game is well decorated and painted to resemble a baseball park. Servicing is reported to be very easy. The play is said to be fast. It's a sixfoot size game. The cash box is lit up in this game.

The factory's entire production facilities are being put right to work in an effort to meet the demand for "Home Run," executives of the firm reported.

As I See It

There have been many coin machine folks from various parts of the country in Miami this winter. Mr. & Mrs. Irving Margold, Boston, spend two weeks relaxing and enjoying themselves here. Ben Rodens, Washington, D.C. spends his vacation here every winter and is an enthusiastic fisher-man. Frank Russo, Newark, N. J. is resting and enjoying the sunshine. Steven Delawin, former New York City operator, has purchased a Motel here and spends much time at the race track, try-ing to root home his horses. Mr. & Mrs. Bill Gersh enjoying a fast ten days here. Bill combines business and pleasure and tries to see everybody in the industry here in the short time he can spend here. Dave Gottlieb is thoroughly enjoying his vacation, while he is entertaining many of his customers on his boat, "Flipper". Dave is fast becoming an expert fisherman. Really loves to

becoming an expert fisherman. Really loves to fish. Sam Stearn, Williams Mfg. Co., flys down for five days, then hops back to Chicago. Sam Kressberg is here with a hatful of new ideas.

It seems like Miami is the gathering point this winter for coin men who are trading ideas with one another. I would not be surprised if many of the ideas that are discussed here, are hatched later. Bert Lane has established a plant here, working on new ideas. Sam Kressberg in conjunction with his designer, William Keats, is getting set-up with a small plant to bring out some of their ideas. Willie Blatt, veteran coinman, whose ideas have been instrumental in turning out many new games, is now very busy experimenting with a new idea which he hopes some day will bring the operator much moola. With all this smoke, I am thinking there must be a little fire. It is a little too early to tell whether this will turn into a real conflagration. Down here among the palms, with the sun and ocean as a background, it is easy to relax. Men with ideas can do their work leisurely. These men have had considerable experience in all fields of the industry. They know from their contacts with operators and distributors what appeal a game needs to bring dollars into the cash box.

As I see it, it looks like a very healthy sign. While there is much talk of recession and depression, the operators can be assured that men with ideas are looking forward to meet this challenge. They may come up with another bumper or shuffle alley. Who can tell? I am keeping my fingers crossed and rooting for them.

Factories Hum

Mfrs. Working Full Time To Meet Demand For New Equip't From All Over Nation

CHICAGO — If there's a business slideoff somewhere about the nation, it certainly isn't noticeable here, where the coinfactories are working full time in an effort to meet the de-mand they are enjoying for their latest products latest products.

Not only are the phono manufac-turers working full speed ahead to meet the orders which they have on hand, as well as the orders they are receiving each day, but also the pin-ball, shuffle game, vending and serv-ice machine plants here are going right ahead full blast.

The average coinman who visits here, expecting to see some sort of slowdown, which his local newspapers are telling him is in being finds, instead, that the factories of his industry are going right ahead, just as if there never will be any slideoff in business.

The credit should go to the manu-factories here for the advance plans which they made, and which brought some of the very finest equipment to the market.

Some of the new machines have so pleased the operators, that distribu-tors are on long distance phones with the factories here daily, in an effort to get as many machines as they pos-sibly can.

The manufacturers aren't wasting any time either. They go right ahead with their plans, presenting new products as they are engineered and tested and, in addition, keeping up manufacture of the equipment which is most in demand in the meantime.

"It's a lift for any coinman", as one noted visitor stated the other day, "to visit Chicago and see the factories in such full blast production."

Expect Record Breaking Turnout Of Midwest Music Ops For MOA Convention

CHICAGO—Reports being received from music ops all over the midwest area indicate that attendance for the Fourth Annual Convention of Music Operators Of America is bound to break all proceeds break all records.

From downstate Illinois, from the northern Illinois countries, from In-diana, Ohio, Michigan, Minnesota and Wisconsin, turnout of music ops is Wisconsin, turnout of music ops is expected to exceed anything that has ever before been known to the field.

In fact, from as far south as New Orleans, letters have arrived to the Palmer House, indicating that many leading music machine owners from that famed southern city expect to attend.

In the meantime, it is believed here, the midwest will have the largest dele-gations of music ops in attendance.

gations of music ops in attendance. Reservations for midwestern ops from all the states surrounding this midwest metropolis are setting new records and, if this continues, many believe that other hotels, aside from the huge Palmer House will have to accommodate the operators who in-tend to spend one, two or three days here. here.

This has so stimulated many that they are going out of their way to prepare what may be the first big "open house" seen since the days of the early '30's coin machine conventions.

Ops Challenge Ohio Liquor Control Ban On Pingames In Taverns

COLUMBUS, O. — The Ohio State Liquor Control Board's ban on bingo pinball machines in taverns was chal-lenged in a suit filed in Franklin County Common Pleas Court, this city, on February 15 by John Grande of RFD 3, Wooster.

Grande, who operates the El Rancho Grande, charged "an abuse of discretion" by the liquor board, which ruled that "the machines may or could be used for gambling". Grande maintained the machine in his place had not been used in violation of any order.

Earlier G. R. Stickney and E. F. Poter, operators of Stick's Place in Wauseon, filed a similar action. The licenses of both places were suspended by the liquor board for 15 days. The board cited them for permitting pinball devices on the premises.

Wash. State Ops Hit With Tax Of 20% Of Gross

OLYMPIA, WASH.—Operators of amusement machines in the State of Washington are in for a hard time. An order issued February 11 by the Washington State Tax Commission increased the tax on "amusement devices" from six-tenths of 1 per cent to 20 per cent of the gross take, effective March 1.

Commission Chairman Ernest Huntley said tax commission agents found many of the operators had registered their machines for the six-tenths of 1 per cent classification as purely amusement devices, but were giving free games, making under-the-counter pay-offs, or giving merchandise to winners, putting the machines in the 20 per cent classification.

State agents, it is reported, confiscated several machines and the Spokane police picked up several under similar circumstances. As a result, it is stated, the six-tenths of 1 per cent classification was eliminated for all pinball machines, traveling cranes, iron claws and similar equipment, and beginning March 1 operators will have to pay the state tax commission 20 per cent of their gross take.

Sacramento Council Calls For Complete Report On Pinball Situation

SACRAMENTO, CALIF.—Following on the heels of newspaper stories in the local press that merchants were making payoffs on pinball machines, and that they were being used in the vicinity of schools, the Sacramento City Council called for a complete report on the situation from City Manager Bartley W. Cavanaugh.

Pinball games are licensed thruout the state by local option of the community, and State Attorney General Edmund G. Brown stated that in view of this fact, it is up to the local authorities to enforce the law, which prohibits payoffs.

D. B. Scotto, distributor here (doesn't operate himself) informed the city council that he represented 95 per cent of the operators. He stated that the operators have formed an organization thru which they hope to police their own activities, adding, "Certainly we want to operate legitimately. I hate to see any children play these games. I don't want to see them put their lunch money in these machines. If any merchant is that greedy, we will see that the machines are taken away."

We know with proper policing . . . we can rectify this condition . . . situation, said, "If a pinball machine is operated as pure amusement, there is no moral reason a young person should not be allowed to play, and if a pinball machine is run as a gambling device, it is just as illegal for an adult as it is for a minor to operate it."

The operators have the backing of C. Arthur Tisdel, secretary of the Sacramento Tavern Owners Association, who told the council that "these machines have enabled many tavern owners to stay in business. It's part of their revenue, like the sale of beer or cigarettes. We believe that pinball machines can be orerated legally and

Outlawing the machines would not affect the big bars, but it would hit the small neighborhood tavern and might put it out of business. "If there is a violation on the pin-

Will Show First New Products At MOA Convention At Palmer House

M. G. HAMMERGREN

CHICAGO—Business started with a boom even before all the office desks were installed, as word leaked out that Mike Hammergren was back in the coinbiz, heading a brand new firm of his own, United Dryer Company. United Dryer Company offices will be the same as those of the sales divi-sion, United Sales & Service Company, Inc., at 134 North La Salle Street, this city. United Sales & Service will have Miss Claire Gillott as executive man-ager. She will be surrounded with CHICAGO-Business started with

Among these men will be Jackie Fields, Frank Cassidy, Ray Melback, Sanford Ringham, Arthur Bureess, and others, whose names will be an-nounced in the very near future. Operators will probably be able to meet with the majority of both firms' sales and executive staffs at the forth-coming Music Operators of America Fourth Annual Convention at the Palmer House where the new products of the firm will be shown for the first time. time.

First product which the firm an-nounced was the "United Warm Air Dryer". This will be followed by vend-ing machines which will also be shown of the MOA Commention at the MOA Convention.

At the MOA Convention. Mike Hammergren said, "The 'United Warm Air Dryer', our first product, has not only been proved by actual location tests, the finest of its kind ever built, but what's even more important, it's priced low, at a point where every operator is assured of making real money. It's guaranteed for 2½ years." Ha continued "Remember that this

RUTHE COIN CHU EASTERN FLASHES

It's strange what influences the mood of the people in our biz. On Tuesday, February 16, New York enjoyed what was really a mild spring day. All whole-salers along coinrow reported a good rush of business, and all the operators we met were happy and optimistic. It all adds up to the fact that good weather brings out the trade to the taverns, which in turn increases collections, which in turn brings the ops to coinrow to buy equipment. We know it's only the Middle of February and we'll get plenty of bad weather—but we hope it's held to a minimum. By the way, vacation bureaus are predicting record auto travel for vacationers this year, and ops with roadside locations should be prepared to cash in. to cash in.

Most impressive and thrilling to all coinmen who visit here, in the nation's Coincenter, is the full blast production going on at all leading factories 'round town. This has helped to send many home with that zip and tingle to get into their jobs with greater zest than ever before. For a real lift, coinmen are urged to visit this Windy City, and see how the factories are carrying on right ahead with speedy production schedules. . . . Bill DeSelm of United epitomizes the entire above statement with his "one word answer" to all questions about United. Bill just tells callers, "Busy." A visit to United will prove how right he is. . . Mike Hammergren returns to the coinbiz with United Dryer Co. and United Sales & Service Co. He brings back to the field men who have been with him in the past. Like Jackie Fields, Frank Cassidy, Ray Melback, Sanford Ringham, Art Burgess and Claire Gillott. Claire is exec manager of United Sales. The firm plans to show its three products at the forthcoming MOA convention.

Samuel Wolberg of ChiCoin introduced the new baseball game of the firm this past week. It's a 6-player game called "Home Run." And from the enthusiasm noticeable thruout this plant there's no doubt that an all out production schedule is already under way to rush the games to fill orders the firm already has on hand. Ed Levin, sales director of the firm, was busy on phones all this past week. Francois Mencuri also returned from the road to get set for another extended trip to talk "Home Run" to the trade. . . . J. Ray Bacon was one of the busiest guys in town right up to Tuesday evening with Al Adickes of Hamburg, Germany, who spent much time with Bacon over at the Rock-Ola plant arranging for larger shipments of "Comet" phonos to Germany. . . . Many manufacturers 'round town plan to hold 'Open House' during the three days of the forthcoming MOA Convention at the Palmer House, March 8, 9 and 10. . . . And if everything goes well Morrie and Eddie Ginsberg of Atlas will give the MOA show a flying start by holding the official grand opening of their new "Atlas Building" (2122 N. Western Ave.) on Sunday, March 7. But this date is not yet definite.

Nate and Irene Gottlieb and their 3 children plan to visit Lou and Ann Koren's North Shore King Cole Hotel in Miami Beach sometime this March and may stay longer than they originally planned. And with over 35 years of experience in this field, certainly Al should know what would help operators, as far as public relations concerned. ... Joe Cohen of Ristaucrat, Inc., Appleton, Wis., announces his new 100 selection 45 rpm phono for the trade. Joe reports that the phono received the severest kind of tests over a 6 months period. ... Permo will be displaying at the MOA show. This firm hasn't missed a single MOA convention.

Howie Freer advises that, "Some people think all I do is just export." Fact of the matter is that Howie handles mailings, ads, letters and even sales. And, if that isn't enough, phone calls keep him hopping all day long over at busy, busy Empire Coin Machine Exchange. While Gil Kitt, Stanley Levin and Vince Shay working right ahead building this firm bigger than ever. . . There'll be many surprises at the forthcoming MOA Convention. Many displaying new equip't. . . Paul Huebsch and John Conroe, who are plenty busy with "Mainliner Bowler" and "Bonus Bowler," while Roy McGinnis sunning himself in Miami Beach, advises that Keeney will have 'Open House' for all visitors to the MOA show. "We want 'em to prowl the factory," is the way Paul put it. . . Earle Moloney dashes in and out between the Bally and Comar plants and throws a big, smiling, "Hello" over his shoulder. Busy, busy man. . . . Jack Nelson hies himself to Noo Yawk City where he's tied up most of the week. . .
