# ISN'T ONDERFU

We suppose it's human to complain. Everyone does it. If things are going badly naturally it's easy to complain. If things are going well, we complain that they're not better. And if things are better, we complain that they're not at their peak. At every level, there's room for gripes.

The music business of course is subject to its share of complaints. It's a business that fluctuates not only seasonally but also according to the public's taste, a quality which is almost completely intangible. No one in the business knows what factors go into the making of a hit. It is an artistic business in which hunches very often pay off better than precise planning.

But difficult as the problems may be, the music business is nevertheless a wonderful business—exciting, eventful and rewarding. And most importantly, it's a growing business, and an expanding one.

In the years to come, we'll look back upon these days of comparative prosperity and realize that it was only the beginning. Our industry is really in its infancy as far as expansion is concerned.

There can be little doubt that the economy of the United States is on the verge of one of its greatest eras of prosperity. And the effects of this bright future on the music and record fields will be spectacular.

The factors which make our future so wonderful are almost too numerous to detail. But this week and next, we would like to point out a few of them in this space.

First of all, the United States' population is increasing steadily. Every year our birth statistics go up and our death rate goes down, leaving us with a constantly rising population ready, anxious and eager to make use

of all the forces of entertainment at its disposal.

This larger population has been producing and surely will continue to produce greater wealth than we've ever known before, which means that everyone in the country will be participating in an increasing degree in its prosperity. With larger incomes, people have the means to cultivate their tastes, indulge in purchases they might not have been able to afford before, and particularly see to it that their children have some of the cultural advantages they themselves might not have had.

Hand in hand with this rise in income, is the prospect that leisure hours will be substantially increased in the coming years. There is constant pressure to lower working hours. There are current negotiations going on between labor unions and corporations attempting to establish the principle of a guaranteed wage, which will give employees an income on a year round basis, holding forth the possibility that seasonal slumps may thus be eliminated.

The social changes which have occurred in the United States in the last two decades have all tended in the direction of greater productivity, greater distribution of the wealth of the country, greater leisure for the majority of the population and an casier life for all.

These changes which have taken place, and which are continuing to take place, can only affect the music and record businesses favorably. Greater income means more to spend beyond the necessities of life; greater leisure means more time to enjoy what's purchased.

Any way you look at it, our business is sitting pretty.

(Next week we will discuss some of the changes which have taken place in the entertainment field which contribute to the growth and expansion of the music and record businesses.)

Alan Dary (WORL-Boston, Mass.) recently conducted a unique contest. He played "No Such Luck" by Dolores Hawkins on Epic 12 times and asked his audience to identify the voice singing along with the record. A listener named Bob Allen of Dorchester, Mass. called in with the winner. It was another Bob Allen, who also wrote the song.

Zany stories of the week. George Fennell (WGUY-Bangor, Mn.) this week took the mike over to the window and told all passing cars to blow their horns. For about one-half hour WGUY had a quarter of a mile of cars in a traffic jam blowing their horns and carrying on until the police broke it up. Fennell wasn't arrested—tho we don't know why. . . Les Davis (WWCO-Waterbury, Conn.) climbed to the top of the largest drive-in-theatre screen in the world, an 88 foot screen, to prove to his listeners that WWCO really presents the top ten songs as listed by The Cashbox. Lawrence Brandon station manager who denied any previous knowledge of Davis' plans, said, "If he was so fearless as to climb to the top of that screen, he can darn well do his show from there. I'll put in a remote hook-up."

CHICAGO—Bob Drews and his new "Drews at The Blue Angel" radio show on WEAW, AM-FM, got off to a grand start Monday (April 18). About an hour before the broadcast originating from The Blue Angel, went on the air, Drews was informed that a large thunder storm had blown out the facilities of WEAW. The show went on as planned, how-ever, and it wasn't until the end of the show that Drews announced to the nite spot audience that they had not been on the air.

been on the air.

The large opening-night audience wasn't disappointed tho, because the show, an interview-record type pro-gram was very interesting. Drews began his regular broadcast the following night at 11:00 P.M. on WEAW-FM. The taped versions will be broadcast the following day at 1:30 P.M. on WEAW-AM. Bob Drews is pictured above talking

NEW YORK—Special extended play packages are now being offered by packages are now being offered by Columbia Records to the coin machine operators of the nation. In view of the current trend toward selection of two consecutive musical numbers for a dime, the record company has as-sembled kits with appropriate repertoire.

The first kit, called "Sing And Dance," consists of five extended play records, from Columbia's "Hall Of Fame" series, and five Popular sets from the catalog. The second list, en-titled "Easy Listening," consists of ten extended play sets culled from the popular and classical "mood music" catalogs.

Among the top artists represented are Rosemary Clooney, Percy Faith, Benny Goodman, Morton Gould, Andre Kostelanetz, Liberace, Mitch Miller, Frank Sinatra and Paul Weston.

Each set contains title strips for insertion into coin machines.

NEW YORK-In memory of the second anniversary of the death of Peter De Rose, the week of April 23rd to April 30th has been designated as "PETER DE ROSE MEMORIAL WEEK."

Though there is lots to write about this week I'm sure you'll forgive me if I give first place to the kind stork And now that that's over, on with the lowdown. . . Doris Day was given a big press reception attended by every disk jockey and press man in hor natural personality which only helped to endear her in the hearts of fer many British fans. I even heard dium, but Dodo said "We'll see!" Let's hope we do see her before long. . . . Dickie Valentine took the audience by storm on opening night at the Pah-dium. Yes, the lad who once was the call boy at this famous theatre, now tops the bill and how well he deserves all the praise. Telegrams and cables from all over wishing him success were piled up in his dressing room and Eddie Fisher and Debbie Reynolds were there to wish him luck. Johnnie Ray sent his best wishes too and so did scores of stars. Well done Dickie. . . Gracie Fields, who was to top the Palladium bill for two weeks starting May 9th, had to cancel the booking due to prolonged after effects from her recent operation. The bill, there-fore, having to be changed, now reads as follows: The Four Aces—Billy Cot-ton and his Band. I understand it is hoped to lure Kitty Kallen over for those two weeks as well, and if Kitty's present commitments in Hollywood permit, we understand she may come over for this important date.

Early interest in the new Capitol release of the Johnny Dankworth Band has culminated in the request from Capitol executives to Johnny to come over to the States to help promote his new record... Johnnie Ray is to cut two sides for Philips accompanied by the Vic Lewis Orchestra. It looks as though Bill Haley and his Comets have another winner with "Mambo Rock."

I did say it would make the sellers some weeks ago and I think I'm gonna be right again. Yes it's creeping into the sellers, so watch it come up and up. And that goes for the McGuire Sisters' record of "Sincerely" which, it has been extablished bit in the US although an established hit in the U.S., is only beginning to show up over here. More praise from everyone for the new MGM (English recordings) of the Ambrose band

SAN FRANCISCO, CALIF.—Superior Judge Thomas M. Foley checks a contract with the three singing Paris Sisters—Priscilla, Sherrel and Albeth. Judge Foley ruled that the three teen-age Decca recording stars could sign contracts through their parents for recording, television, radio and club dates. Court action also authorizes Music Corporation of America to act as their ex-clusive bookers. Their first and current release is "Ooh La La" and "Whose Arms Are You Missing." The girls recently appeared at the General Motors Motorama in San Francisco before coming to Hollywood to cut several sides with Gary Crosby.

lignant disease at the age of 80. Right

up until his last days, the genial Mr. Boorstein had been working at Leslie's

#### POPULAR

"RALPH MARTERIE with STRINGS"-Music For Smoochin'-Mercury MG 20054 (12" LP)

I'M THROUGH WITH LOVE; TWO SLEEPY PEOPLE; ADIOS; LOST IN LOVELINESS; THE THINGS I LOVE; SLEEPY LAGOON; MY OLD FLAME; REMEMBER; LIGHTS OUT; GOODBYE; I'M IN THE MOOD FOR LOVE; CAN'T WE TALK IT OVER.

Ralph Marterie, the band leader who copped top honors in The Cash Box' 1954 juke box operator poll, issues a lovely new LP containing a dozen beautiful standards fashioned in a romantic manner. The ace trumpeter is assisted by a lush string backing. Wonderful background stuff for a gathering or a cocktail party. And Marterie fans will certainly love this. Looks like a big seller.

"IT'S NO SECRET" by STUART HAMBLEN-RCA Victor LPM-3265 (10" LP)

"IT'S NO SECRET" by STUART HAMBLEN—RCA Victor LPM-3265 (10" LP) HIS HANDS; HE BOUGHT MY SOUL AT CALVARY; IT'S NO SECRET; BLOOD UPON YOUR HANDS; THE LOUSE; WHERE THE SEASONS NEVER CHANGE; I DON'T KNOW WHY; THE LORD IS COUNTING ON YOU. Stuart Hamblen, a wonderful folk singer and song-writer, became a prominent figure in the record world on the success of two of his great tunes "This Ole House" and "Open Up Your Heart And Let The Sunshine In," the latter currently riding high on the hit parade. However many other excellent pieces of inspirational, semi-religious and religious material have also been penned by the composer through the years. Here Victor offers eight of his masterpieces, sung by the author with the aid of a choral backing. Hamblen has a fascinating technique with a lyric. This album should convince anyone of the fact. Should sell well in all markets, pop, country and sacred.

"SPORTS PARADE"—Swinging the Marches with Matty Matlock and his All-Stars—"X"-LXA-3035 (10" LP) BIG TEN MARCH; DAILY DOUBLE MARCH; HALL OF FAME MARCH; THE HOOPSTERS MARCH; IVY LEAGUE MARCH; MAIN EVENT MARCH; HOLE IN ONE MARCH; SPEEDWAY MARCH.

Matty Matlock, his clarinet and his All-Stars swing from the very first groove to the very last on this LP as they dish up some wild and exciting dixieland arrangements of marches. Each march is tied in with a famous theme associated with a sport. The marches lend themselves excellently to the dixie style and the results are terrific. Eddie Miller, Charlie Teagarden and Conrad Gozzo are included in this twelve man aggregation, a large crew for dixieland music. Should enjoy a healthy sale.

"MISTER CHAIRMAN!"-A Point Of Order-featuring the Barton Brothers-Allo Records-R 7

A humorous satire on last year's Senatorial hearings which the public followed very closely via TV, is presented here by the Barton Brothers, two humorists who have been offering funny wax novelties for years. Records similar to this one have sold well in the past and this package should also appeal to the portion of the record buying public that goes for unusual, comedy disks.

#### CLASSICAL

EVENINGS AT THE BALLET-Camden Records CFL-102 (6-12" LP's)

TCHAIKOVSKY "NUTCRACKER SUITE"; "AURORA'S WEDDING"; STRAUSS "TILL EULEN-SPIEGEL'S MERRY PRANKS"; RAVEL "LA VALSE", "DAPHNIS AND CHLOE SUITE NO. 2"; GRETRY "CEPHALE ET PROCRIS"; DELIBES "COPPELIA BALLET SUITE"; VERDI "AIDA BALLET SUITE"; BIZET "SYMPHONY IN C"; SCHUMANN "CARNAVAL SUITE"; ROSSINI-RESPIGHI "LA BOUTIQUE FANTASQUE"; WEBER "INVITATION TO THE DANCE"; SAINT-SAENS "BACCHANALE FROM SAMSON AND DELILAH"; BERNSTEIN "ON THE TOWN"; PROKOFIEFF "CLASSICAL SYMPHONY"; KHATCHATURIAN "GAYNE BALLET SUITE"; STRAVINSKY "PETROUCHKA SUITE"; BORDDIN "DANCES OF THE POLEVETSKI MAIDEN FROM 'PRINCE IGOR'."

A super package put together from the inexhaustible files of RCA Victor masters is presented by Camden in a giant economy offering. The current esteem with which ballet is held by an evergrowing following should make this a strong sales item if properly pushed. The music contained in this album should appeal to the vast middle market composed of those who have only recently discovered classical music, the ballet lovers, and the classical listener who likes his serious music melodic. For here melody abounds. The music is colorful, sprightly, soaring and familiar. Here is a wealth of music at a price most can afford.

HEIFETZ—"Tchaikovsky Concerto"—RCA Victor LM-1832—(1-12" LP) also Sinding's "Suite in A Minor" and Ravel's "Tzigane."

Sinding's "Suite in A Minor" and Ravel's "Tzigane." One of the half-dozen or so really famous violin concertos, and one done on records by most famous violinists, in some instances more than once by the same artist. This fine recording by Jascha Heifetz is the second by the master. With all the competition faced by this release, one of the strongest sales factors should be the coupling of the names, Heifetz and Tchaikovsky. Tho given small billing, the inclusion of Sinding's "Suite," for a first on records, offers the buyer a composition fresh and still to be explored by the listening public. The music has a haunting and sad quality. A distinct Nordic impression is felt. The filler is Ravel's "Tzigane." In this short piece Heifetz offers a complete change of pace. It explodes with color, melody and vivid gypsy flavor. Heifetz is backed on the Tchaikovsky work by Walter Susskind at the helm of The Philharmonic Orchestra and on the latter two pieces by Alfred Wallenstein and the Los Angeles Philharmonic Orchestra.

17th AND 18th CENTURY ITALIAN MUSIC—Societa Corelli—RCA Victor LM-1880 (1-12" LP)

VIVALDI "IL RIPOSO"; CORELLI "LA FOLLIA"; GALUPPI "CONCERTO A QUATTRO IN D"; BONPORTI "CONCERTO IN D".

BONPORTI "CONCERTO IN D". The Societa Corelli performs a service to music and music lovers by its faithful recordings of the works of Vivaldi, Corelli, Galuppi and Bonporti. Of the four, the best known is Antonio Vivaldi. Yet it is only in recent years that recorded performances have begun to represent the immense range of imag-ination revealed in his works. Men, such as the four represented here, have been long forgotten and it is only now, through the search for new material to produce on LPs, that some of them are being rediscovered. Yet, these men, who many music histories do not even mention, explored much that paved the way for Bach and Handel. The market for an album such as this is limited to those who are musically well advanced or to collectors who are looking for something representative of the period.

BRAHMS: "A GERMAN REQUIEM" Capitol PBR 8300-(2-12" LP's) Brahms' musical prayer for the dead is performed dramatically and inspiringly by George Solti conducting The Frankfort Opera and Museum Orchestras. Performing in the vocal roles are Lore Wissmann, Theo Adam and The Frank-fort Opera Chorus. It is a profound work, soothing rather than melancholy. A two LP release, "The Requiem" is played in its complete 7-part version. Limited market.

LA CENERENTOLA-Rossini-RCA Victor Records LHMV-600 (2-12" LP's) ALDA NONI; FERNANDA CADONI; MARINA DE GABARAIN; HERVEY ALAN; IAN A ALLACE; JUAN ONCINA; SESTO BRUSCANTINI. THE GLYNDEBOURNE FESTIVAL ORCHESTRA AND CHORUS.

CHORUS. "La Centerentola" for some reason has not been in the public eye to any great extent for many years tho the music is sprightly, melodic and gay. This year the New York City Center Opera revived the Rossini work and we feel sure it will be performed with a fair degree of frequency in the future. The libretto is based on the fairy tale, "Cinderella," with several deviations from the chil-dren's tale. One of the changes is the substitution of a gold bracelet for the familiar glass slipper. This version is the complete opera recorded at the 1953 Glyndebourne Festival. An adequate cast performs the short opera with charm, vivacity and humor. A welcome addition to this year's releases.

#### JAZZ

"SCOTT'S FLING"—Tony Scott Septet—RCA Victor LJM-1022 (1-12" LP) FINGERPOPPIN' BLUES; BUT NOT FOR ME; FORTY-SECOND STREET; ABSTRACTION; LUCKY TO BE ME; REQUIEM FOR "LIPS"; AUTUMN NOCTURNE; OUR LOVE IS HERE TO STAY; SUNDAY SCENE; THREE SHORT DANCES FOR SOLO CLARINET; GLAD TO BE UNHAPPY; LET MY FINFERS GO!

Tony Scott, whose talents have been to a large degree recognized mostly by fellow musicians for the past several years, has through the medium of the LP made known his clarinet skill to the buying public. An evergrowing audience is becoming aware of his proficiency and no doubt this album, through its overall excellence and Scott's growing pulling power, will prove to be his best. Scott is presented herein as virtuoso, composer and arranger. A foremost exponent of modern, nevertheless, Scott's work shows a marked classical influence. Good jazz album.

"THE MOST INTIMATE"—Charlie Shavers—Bethlehem BCP 1021 (1-10" LP) ILL WIND; STORMY WEATHER; LET'S FALL IN LOVE; I COVER THE WATERFRONT; YOU'RE MINE YOU; OUT OF NOWHERE.

It's a sweet Charlie Shavers against a plush string backing playing the lovely standards listed above. It is a sentimental, dreamy, soft lights wax highlight-ing, of course, the soft silvery Shavers trumpet. Titled, "Intimate," it is just that. It is music, not to dissect, but to enjoy. It is a carefully contrived album in which the music of Harold Arlen and Johnny Green is provocatively waxed. Shavers, strings, Arlen and Green make a strong selling attraction.

THE MAGNIFICENT CHARLIE PARKER-Clef Records MG C-646 (1-12" LP)

AU PRIVAVE; SHE ROTE; K. C. BLUES; STAR EYES; IN THE STILL OF THE NIGHT; OLD FOLKS; BLUES FOR ALICE; SI SI; SWEDISH SCHNAPPS; BACK HOME BLUES; LOVER MAN; WHY DO I LOVE YOU.

The enormous talent of Charlie Parker is put on display in the newest Parker album, "The Magnificent Charlie Parker." The greatest problem in the sale of Parker albums is the number of the bird's albums already available. Parker's recent death may spark the sale, but on the other hand, it also brought out a rash of good and bad albums by every company that had a Parker master in its vaults. The retailer finds it necessary to be discriminating in his purchases. He will find much good Parker in this latest Clef album.

"THE BOB CATS BALL"-Bob Crosby and his Orchestra-Coral CRL-57005 (12" LP)

(12" LP) CHARLESTON; BLACK BOTTOM; SUGAR FOOT STRUT; ROYAL GARDEN BLUES; AT THE JAZZ BAND BALL; HIGH SOCIETY; BETWEEN THE DEVIL AND THE DEEP BLUE SEA; DIXIELAND SHUFFLE; SQUEEZE ME; LITTLE ROCK GETAWAY; THE DIXIELAND BAND; MUSKRAT RAMBLE. Bob Crosby, whose Bob Cats were one of the country's top jazz groups back in the thirties, issues a terrific 12-inch LP containing a dozen of the most popular Dixieland standards. Wonderful material for the Charleston era enthusiasts. Bob's current popuarity on TV oughta help sell this package too. The singer lends his voice to these great oldies. An exciting album that jumps from the first groove right through to the last. Bob's previous LPs have done very well. This one should follow suit.

SHELLY MANNE & RUSS FREEMAN—Contemporary Records C 2518 (1-10" LP)

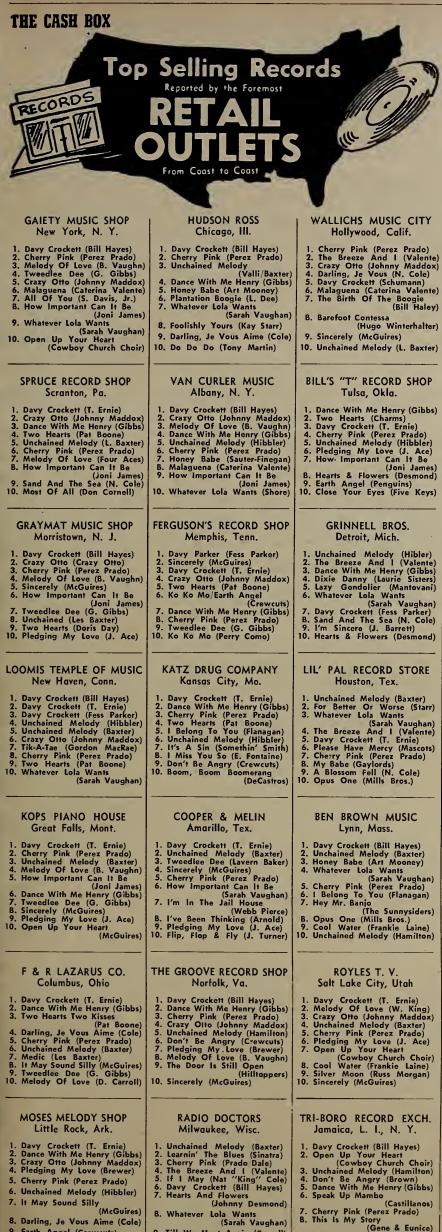

LP) THE SOUNDEFFECTS MANNE; EVERYTHING HAPPENS TO ME; BILLIE'S BOUNCE; WITH A SONG IN MY HEART; A SLIGHT MINORITY; SPEAK EASY. Contemporary pairs Shelly Manne and Russ Freeman (the latter by special arrangement with Pacific Jazz) for a modern LP in which Shelly & Russ are free to experiment and take off on new paths of exploration. Working strictly from head arrangements the deck captures an excitement as Manne and Free-man alternate solos and collaborate on choruses. The percussion artist and pianist complement each other beautifully seeming to spur one another on. It is a musician's album.

"COOL EUROPE"-MGM Records E3157 (1-12" LP)

JUTTA HIPP AND HER GERMAN JAZZMEN PLAY SIMONE; LOVER MAN; COOL DOGS; DIA-GRAM; ANYTHING GOES; BROTHERLY; YOGI; IF I HAD YOU. MIKE NEVARD'S BRITISH JAZZMEN PLAY I'LL REMEMBER APRIL; DEEP PURPLE; RHUMBLUES; TWO SLEEPY PEOPLE; AMALGAM.

MGM offers an interesting idea in this album. If further proof is needed that modern jazz is international, this is it. Sampling from Germany offers Jutta Hipp and her German Jazzmen. Miss Hipp's offerings are enjoyable, though hardly anything new. The British Jazzmen are a unit composed of what the notes call the best men on the Island. The British group offers the more exciting and fresher side. Of the two we prefer the latter's etchings. Inter-esting from a comparison standpoint.

# **Dance Ork Leaders** Form Association

Page 17

HOLLYWOOD, CALIF.-Formation of the Dance Orchestra Leaders Of America and adoption of Dola slogan, "Get on the Bandwagon," was officially announced Tues. (19) by Les Brown, president of DOLA at the Hollywood Palladium.

Basic aims of DOLA are to institute a full-scale program to revitalize the art of ballroom dancing; provide a forum for cooperation among Band Leaders; promote new and better Dance Bands, and more and better dance music throughout the nation; and in general, to do a public relations job for the industry.

In addition to Les Brown, other officers include Harry James, vice president; Lawrence Welk, treasurer; and Freddy Martin, secretary.

To increase dancing interest, the member bandleaders will record tunes which will enable the public to use their natural rythmn in dancing. The recordings will be followed by intensive promotion in cooperation with the nation's disc jockeys.

Other efforts to be made to get America dancing again will include tieins with national advertisers which will point out the many varied advantages gained by dancing.

DOLA, whose members include purveyors of different styles of dance music ranging from Waltz to Mambo, came into existence four months ago at the suggestion of Tom Archer, president of the National Ballroom Operators of America. Membership of DOLA is now 65.

Members of DOLA are bandleaders, with associate membership awarded to band managers and other individuals who feel they can actively contribute to the success of the organization.

James C. Petrillo, national president of the American Federation of Musicians has accepted the position of honorary president. DOLA offices have been established in Los Angeles at 1467 N. Vine St., Hollywood 28, California and membership is being invited from band leaders throughout the nation.

OB EXCELLENT

OB VERY GOOD

(2:25) [Aladdin BMI—Conquest Simpson] Brown swings out a middle tempo bounce with a happy touch. Deck moves nicely and should find its home in the better selling disks.

L. C. McKINLEY (Vee-Jay 133)

B "SHE'S FIVE FEET THREE" (2:41) [Tollie BMI—L. C. Mc-Kinley] L. C. McKinley sings a slow beat blues with lyrics extolling the eye-filling virtues of his girl. A country blues smoothly performed.

B "STRANGE GIRL" (2:45) [Tollie BMI — McKinley, Graham] McKinley chants another slow blues effort describing the captivating charms of the "Strange Girl". Haunting melody heightened by the sway of the music and guitar strumming.

#### LEE AUSTIN (Mercury 70615)

B "FOR ONCE IN YOUR LIFE" (3:02) [Drexall Music BMI— Otis, Kirkland] Lee Austin will be described as an Eckstinish voice, but tho the quality and style resembles "B", it is different and a close listen will take him out of that classification. Here Austin sings a slow pretty ballad that is good fare for both r & b and the pop market.

(2:56) [Clifton BMI—A. Evelyn] Austin is distinctively Austin on this side as he handles this slow tempo bounce ballad effectively. A pretty rhythmic ditty that comes out the stronger side. Also r & b—pop wax.

LITTLE "WALKIN'" WILLIE (Jaguar 1030)

B "BLOW LITTLE WILLIE" (2:20) [George George BMI—Hickerson, Davis] Little Walkin' Willie and his Swinging Blues Men pull out all the stops as they wax an exuberant wildie. A screaming horn and gangshouts burn up the wax.

G "CLAYHOUSE BLUES" (2:30) [George George BMI—Patterson, Martin] A blues of slow tempo with a contrasting mildness and wildness that makes it a strange wax.

FRANK MOTLEY (Big Town 119)

 G "FRANTIC LOVE" (2:37) [4 Star Sales BMI—Claiborne, Motley, Tribble] A weird wax with a wailing horn and an unearthly vocal.
 G "HONKIN' AT MIDNIGHT" (2:37) [4 Star Sales BMI—Claiborne, Matley, Whitehead

(2:37) [4 Star Sales BMI—Claiborne, Motley, Whitaker] A rhythmic jump side complete with stomping, clapping, gangshouts and Motley's horn.

Shame", a rhythmic bouncer, and it looks from here that the wax has all the earmarks of a hit. Fats rocks along in lilting style as the supporting band sets up a strong beat to accompany the top-flight blues artist. The flip, "La-La", is a similarly melodic item of the same middle tempo. Good dance beat of the rocking variety. Lyrics are romantic with great repetitive emphasis on the phrase, "La-La". Another strong wax. Like "Ain't It A Shame" but both sides have the potential.

kick on this release with "As Long As I'm Moving". Ditty is in the "Shake Rattle and Roll" vein and Miss Ruth drives it with all the talent in her possession. The deck kicks up a lot of dust as the ork gets into the swinging mood and backs Ruth Brown with just the proper emphasis. A strong platter that should get the thrush into the charts. The flip, "I Can See Everybody's Baby", is a slow rhythmic effort with a religious feeling in the melody. Ruth wails the woeful chant with loads of feeling. Like both sides, but lean to "As Long As I'm Moving" for the big push.

"BE MINE OR BE A FOOL" (2:38) [Seal BMI—Williams] "DON'T DO IT" (2:20) Tanneu [BMI—Tisby, Duncan, Tate, Williams] THE PENGUINS (Mercury 70610)

cury is a strong two sider with a shade more strength in the slow rhythmic blues ballad, "Be Mine Or Be A Fool". The group sings the melodic pretty with an easy touch and the charm that captivated the country in "Earth Angel". Lead sings with an easy swaying tempo and the over all effect is good. The reverse, "Don't Do It", is a complete change of tempo. Deck is a fast moving jump ditty that the group rocks with plenty of zest. Tho we like "Be Mine", it could very well be this side. Both are of quality caliber.

CHRIS POWELL (Groove 0105)

REVIEWS

B "LOVE YA LIKE CRAZY" (2:08) [Dave Dreyer ASCAP—Schroeder, Silver] Chris Powell makes his debut on the Groove label with a middle beat jump that comes off a flavory bit of wax. Ditty is the kind of thing the teeners will like.

B "BREAK IT UP" (2:50) [Elliot Music ASCAP—Reichner, Powell, Perry] Powell and his Blue Flames "break it up" with a fast beat rocker. A two sided jump wax.

#### THE ALADDINS (Aladdin 3275)

(2:50) (Gallo-The Aladdins] The Aladdins shout out a middle tempo jump with several unusual gimmicks that could get the wax going. Lead voice and arrangement contribute to making this a strange etching.

B "REMEMBER" (2:35) [Gallo-Otis-Gallo-Otis] The Aladdins provide a change of moods with a slow blues ballad of a sentimental nature. Pretty wax tho material is not unusual. Group has lots of promise and should be watched.

#### THE VAL-TONES (DeLuxe 6084)

G "SIAM SAM" (2:39) [Lois BMI -Stone, Stone] The Val Tones blend on a middle beat rhythmic novelty with ok results.

G "TENDER DARLING" (2:35) [Lois BMI—Stone, Cosby] The Val Tones etch a similar beat ditty with romantic lyrics. Melodic item that has a fetching effect.

#### BILL DOGGETT (King 4795)

B "STREET SCENE" (3:05) [Robbins ASCAP — Newman] Bill Doggett and his combo wax a feather light reading of the tuneful pretty. Stirring low lights listening.

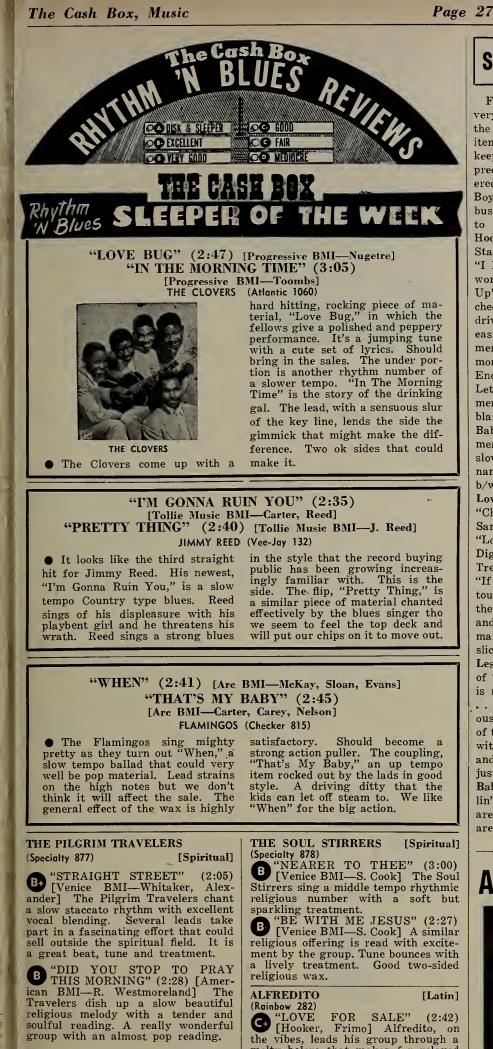

B "OOF!" (2:29) [Billace BMI-Harris, Doggett] Flip is a fast beat jump side dished up with precision and flair, but without earshattering cacophony.

# BILLY WARD and His Dominoes (Federal 12218)

B "CAVE MAN" (2:27) [Ward Marks BMI—Ward] The Dominces rock out a modified wild ditty with plenty of go-go shouts and a torrid horn. Lyrics tell of his amatory tactics.

"LOVE ME NOW OR LET ME GO" (3:14) [Ward Marks BMI— Billy Ward] The group changes pace on the flip with an interesting reading of a slow wailing blues. Sentimental pretty that could grab a good piece of the sales action.

"Only those records best suited for commercial use are reviewed by THE CASH BOX"

BABS GONZALES (Crazy 1002)

B "ROCKIN' & ROLLIN' THE BLUES" (2:46) [BMI—Gonzales] Babs teams up with Eddie Jefferson on a "crazy" ditty that incorporates the titles of the current leading r & b hits. This has been done in the past with a fair measure of success and coupled with Babs following, the deck should do ok.

G "HAIR DRESSEN WOMEN" [Babs Gonzales] Babs sings a slow rhythmic blues about the fem chatter chatter in the beauty parlors. A cute side the Gonzales fans will like. No bop chatter in this one.

(Reinbow 282) (Reinbow 282) (Reinbow 282) (Hooker, Frimo] Alfredito, on the vibes, leads his group through a melty bolero that makes for relaxed swaying dancing and dreamy listen-ing ing.

B "HIS MAJESTY'S CHA-CHA-CHA" (2:41) This is the tempo the kids are asking for. A middle tempo cha-cha-cha with a solid rhythm. Latin vocal.

#### LALO SCHIFRIN

(Reing 804) (Rein

"MI HOMBRE" (2:57) A mambo reading of the classic "My Man". Ok offering and a good coupler for the top deck.

# STARS OVER HARLEM

From time to time we think it a very good thing to bring down front the names, of a few of the moving items that do not make the charts yet keep the dealers and op's crowded with precious coins. First is the high powered Bill Jennings etching of "Big Boy," which keeps the King distrib's busier than busy. Next we move over to Norgran where we find Johnny Hodges" groovy "Burgundy Walk" and Stan Getz' ever present tenor sax and "I Hadn't Anyone." The tasty tenor works of Jesse Powell with "Heads Up" and "Cool And Blue." And a cheerful earful — Cozy Eggleston's driving "Cozy's Boogie," which could easily be one of the biggest instrumental happenings if given a wee bit more concentration and exposure. Enough of the swingy things for now. Let's hop over into the vocal department where we find Memphis Slim blazing away with two, "I Love My Baby" backed by "Four Years Of Tor-ment." The other is a very soulful slow tear jerker answering to the name of "Blues All Around My Head" b/w "Memphis Slim, U.S.A." b/w "Memphis Slim, U.S.A." . . . Lowell Fulson's "Lovin' You" b/w "Check Yourself" selling like crazy. Same goes for B. B. King's latest "Lonesome And Blue" pressing. . . . Dig Elmore James' "The Way You Treat Me." . . . Dinah Washington's "If It's The Last Thing I Do" mighty touching and could be the best yet for the dynamic belting miss. Perez Prado and "Cherry" opus a real money maker. . . . Tommy Deane's Vee-Jay slicing definitely not to be underrated. Lester William's stellar performance of "Don't Take Your Love From Me" is really the one they're sleeping on. ... We know that the hits are obvious but we thought we'd mention some of the others. . . . The Steven's Singers with their double decker "Deliver Me" and "Rushing Wind." . . . Distrib's just thought you'd like to know that Babs Gonzales and "Rockin' And Rollin' The Blues" has hit the uptown area like a ton of bricks and there are still territories open.

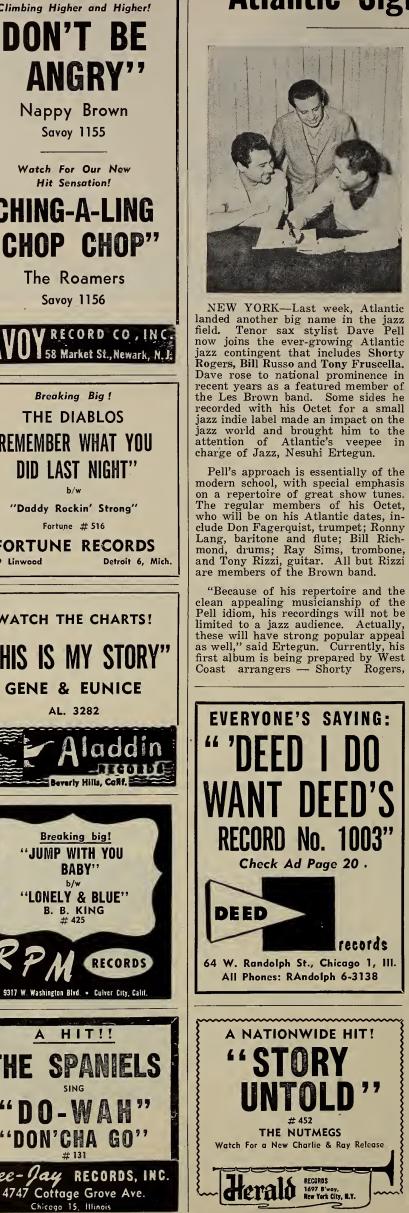

NEW YORK-The Four Aces, currently knocking 'em dead in Scotland and England, were caught by the camera as they boarded their plane at Idlewild Airport for the Isles. The boys are hitting with their latest release "Heart" from the new "Damn Yankees" musical.

# HIS IS A GREAT INDUSTRY.

Most outstanding and respected in this, as well as in every nation thruout the world, are those services and products which help, directly and indirectly, to produce business for the nation and, thereby, assure prosperity for the nation's peoples.

Such products and such services are the coin operated machines with which Americans, and so many of the world's peoples, are as familiar as they are with their daily morning beverage.

Regardless of all the other business stimulators which have been introduced to the nation, time after time for years and years, the products which have indelibly impressed themselves on the minds of small businessmen consistently over many years, and have been most effective in helping build up the finances of so many retail businesses, are this nation's coin operated machines.

Regardless of whether these machines be in the category of coin operated amusements, automatic musical instruments or automatic merchandisers, all of these have helped the small businessman who is, after all, the outstanding retailing factor in these United States, to blossom forth, bloom and boom in business.

Few outsiders to this industry have any idea of how outstandingly important the coin operated service, amusement, music and vending machines are to the economy of the nation as a whole. They do not take into consideration the fact that millions of small retail businesses are this nation's dominant economic factor. They don't realize that the coin operated machines in these places are among the retailer's most outstanding, most prized and most consistent adjunctive income producers.

This should be brought forth into the open with more revealing clarification and intensity, so that the general public would better understand the function of the nation's coin operated products. This can be accomplished thru an intelligent and well programmed public relations campaign for this industry.

Coin operated machines rank high above and beyond any and all other businessboosting-helpers of the nation's retailers. Such public revealment would gain tremendous prestige, honor and, most certainly, the high respect and credit which the coin operated machines industry today deserves for so responsibly helping America's small businesses to flourish, to thrive, to go ahead, to blossom, bloom and boom with the growing times.

Television is a tremendously important and progressive advancement in the science of sight-and-sound. Yet, storekeepers everywhere in the nation bewail the fact that television has, most definitely, been responsible for a well defined loss of business. Baseball, football and other sporting clubs, as well as a variety of enterprises that have gone out of business, attribute their failures, whether rightly or wrongly, to TV.

Years ago from taverns and drug stores, as well as from all the other various favorite meeting places of Americans, arose the discussions that ultimately resulted in comraderie of a nature which has never since been equalled. Men met men. Neighbor met neighbor. Better understanding resulted.

All this has, according to the nation's retailers, been undermined by such spectatorship as the viewing of 20-year-old moving pictures on TV.

This has kept a lot of people at home, these retailers claim. People who no longer meet their neighbors.

Coin operated machines are helping small businessmen to continue on in business. They are definitely objective in helping to bring people back into taverns, drug stores, restaurants, and to so many, many other retail establishments where, once again, people can meet and appreciate each other.

This, of itself, is one of the greatest, most patriotic, and most phenomenal accomplishments that any industry, in these present, continually growing and constantly fermenting United States, can accredit to itself.

The juke box with its economical music, the vending machine with its 24-hour-a-day service and the amusement games with their simple, active, healthy and yet relaxing pleasure, are not only helping small business to blossom forth everywhere thruout the nation but, because of their striking appeal, are also helping small businesses to bloom and boom and that, to the thinking peoples of the nation, is most vitally important for continued national prosperity.

There must be meeting places. These meeting places, for the average American, have been his tavern or drug store, his soda fountain or his lunch wagon, his restaurant or his cafe, or other of his favorite retail establishments.

These are the places where coin operated machines of all kinds are located. These have been, and still are, the business boosting instruments that bring the people of America together. That actually help man to meet man, neighbor to meet neighbor and, thereby, recreate all over again the spirit of fellowship, understanding and cooperation that has always been so completely and so thoroly American.

The coin operated machines of these United States (and the whole world loves them as is proved by the fact that their export grows greater each year) have done more, of their inanimate selves, to help America better understand America and to help people understand people than any other manufactured product.

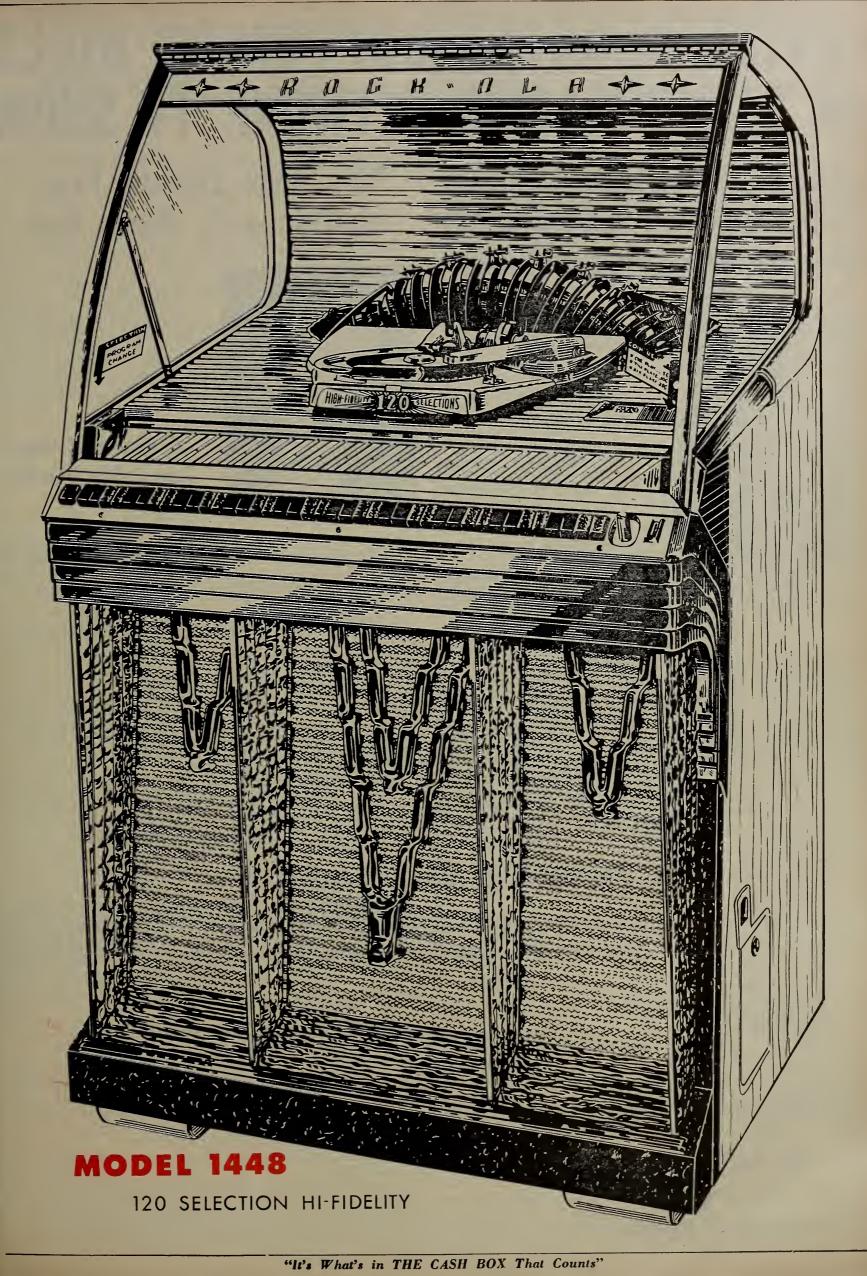

Whether these be coin operated amusements, coin operated music, coin operated vending or coin operated service machines they have, more than any other method, or force, helped the small businesses of the nation to blossom, bloom and boom.

This is an industry that can truly be proud. This is an industry that is trying each and every minute of every hour of every day to bring Americans back together to meet each other, most pleasantly, again.

This industry, by pulling people away from spectatorship and helping to bring about relaxing, happy, enjoyable entertaining participation all over again, guarantees that America will continue its greatness for the years yet to come.

This is a great industry.

# LEVINE DEBATES COPYRIGHT BILLS ON STEVE ALLEN'S NETWORK TV SHOW

Schulman and Schwartz Argue For ASCAP, Levine Wins Sympathy of Lay Public and Commendation of Coinmen

SIDNEY H. LEVINE (Legal Counselor, MOA)

NEW YORK—Sidney H. Levine, attorney for MOA, as well as for the Music Operators of New York, and his associate Joseph Godwin, took up the cudgels against the proponents of the pending copyright bills now before the sub-judiciary of the House and Senate, in a twenty-minute debate on Steve Allen's "Tonight" TV program, Monday night, April 18. Levin's opponents were John Schulman, noted copyright lawyer and attorney for AS-CAP, and prominent songwriter and ASCAP member, Arthur Schwartz.

Allen introduced the subject to his network audience with a lengthy analysis of what Congress is attempting to do with this legislation. Altho he attempted to act impartial in his analysis, he nevertheless leaned toward the ASCAP side by intimating that the songwriters were not receiving the royalties they deserved from the play of their tunes on the automatic phonographs. He stated that all other media of entertainment-radio, television, night clubs, dance halls, etc.paid royalties every time a piece of music was performed, but that the juke box people did not.

Arthur Schwartz stated that the juke box industry earned \$30,000,000 from music written by songwriters, and paid only a small fee to them thru the purchase of records. Schulman explained to the video audience that the juke box people do not have to pay additional royalties because the 1909 copyright act specifically exempts them.

Levine, in the limited time at his disposal, spoke earnestly and eloquently—and convincingly. He pointed out that the juke business paid more royalties to writers than the entire motion picture industry. He took Schwartz' figure of \$30,000,000 and divided it by some 11,000 operators, which brought the annual income of each operator to around \$3,000. He argued that any additional royalty payment to ASCAP would put any number of operators—those operating on a very small profit now—out of business. He pointed out that due to large operating expenses and overhead, many operators thruout the nation are changing over to dime play so that they can stay in business.

Godwin, in his turn, explained to the audience exactly what an operator is and how he goes about setting up a route. He also described the tremendous amount of money each operator has to invest in setting up a route.

Levine evidently made quite an impression on the studio audience judging by the round of applause at the conclusion of his talk. In addition. Levine reports he has received any number of letters and phone calls from lay people, who advised him that for the first time they understood the problem confronting the music machine operator, and that they felt payment of royalties upon the purchase of the record was fair to the songwriters.

In discussing the talk with your publisher the following day, Levine stressed the point that the legislators in our Senate and House of Representatives, for the most part, also are not aware of the true facts. "There's only one way to educate them" stated Sid, "and that's to follow the suggestion being stressed by "The Cash Box' write-write-write a mililon letters to them."

# Phil Levin Elected Pres. of Chicago's Music Ops

PHIL LEVIN

CHICAGO—Without a single dissenting vote, Phil Levin was unanimously elected president of the Recorded Music Service Association of this city, becoming its second president, and stepping into the shoes occupied by the late Ray Cunliffe.

Ray Cunliffe and Phil Levin had always been the very closest of friends and, as was well known, they constantly conferred with each other in regard to all matters relating to the association.

Phil Levin had been secretary of the organization during Ray Cunliffe's tenure in office as president.

It was only natural, many music operators claim, that Phil Levin should step into the presidency of the association, in view of the fact, they explain, that he was already so familiar with the organization as well as the work to be done.

While Levin was being elected, the Federal Government was serving subpenas to many of the music operators, as well as distributors and manufac-

# J. Rosenfeld Opens New Large Quarters

ST. LOUIS, MO.—The J. Rosenfeld Company, veteran St. Louis distributors of coin operated equipment, has announced the opening of its new and larger quarters at 4701 Washington Avenue.

The company has been in business since 1931. Located for the past ten years at 3220 Olive Street in St. Louis, expanding business operations and a cumulative increase in new used machine sales made the old quarters too crowded and inconvenient for maximum efficiency.

Preparatory to the move, president Jack Rosenfeld conducted a survey among the firm's customers regarding the most suitable location, and the centrally-situated Washington Avenue spot was selected to expedite customer contacts.

"We tried to give our operators what they want," Rosenfeld says, "and in line with this, every piece of equipment installed in our new building is the most modern available on the market today.

"We're especially proud of our service department, utilizing the most modern equipment in the coin machine industry. This will enable us to keep up the high standards of service we have developed through the past 24 years."

The firm's new quarters also include a spacious, attractively decorated showroom and a complete parts department. One of the major factors involved in the move was a need for parking facilities. In the new location the Rosenfeld Company has its own spacious parking lot.

The company is exclusive direct factory distributors for Rock-Ola, Chicago Coin and many other leading lines in the industry.

A big "Open House" celebration is being held for all customers and friends on Sunday, April 24, and Monday, April 25, to be held in conjunction with the showing of the new Rock-Ola model "1448."

S. D. Phono Ops Assn. Meet In Pierre, June 19 & 20

Will Hold "Bonfire Party" **To Do Away With Old Phonos** 

MOBRIDGE, S. D.-Harold Scott, secretary-treasurer, of the South Dakota Phonograph Operators Association, with headquarters in this city, has sent all members a long detailed report on the events which took place at the recent MOA Convention in Chicago.

At the same time, Gordon Stout, president, advises members of the association to be sure to attend the next meeting being held at the St. Charles Hotel, Pierre, on June 19 and 20. "The Pierre affair promises to be interesting" states Stout, "and we suggest that you come early, as Sunday, June 19 is the last day of the annual Frontier Days, this time is Ft. Pierre's diamond anniversary. You'll see the last day of one of the best 'wild west' shows there is in the west, plus a conducted tour of the Oahe Dam construction area. One of the distinguished guests who promised to try to be on hand is Bill Gersh, publisher of The Cash Box."

One of the highlights of the Pierre meeting, it is hoped, will be a "Bonfire Party," which will be one means of getting rid of old phonographs.

Sunday and Monday, April 24 and 25.

The new model includes more new features, according to Rockola than were ever before incorporated in any one model. "Among the exclusive features, of greatest interest and importance to music operators" stated Rockola, "are the Tru-Tone Hi-Fidelity Amplifier and Tru-Tone Hi-Fidelity 15" Speaker, largest in any coin operated phonograph, with its matched heavy-cast, rectangular horn loaded compression drive unit-to assure the finest Hi-Fidelity music; the 'Play-Proven' Accumulator that can be set for 5c or 10c play or for any combination and permits the players to deposit as many coins as they wish, up to 24 credits and make selections with complete assurance that all selections will be played; the H-Speed Selector Panel, fast, functional and fool proof; the Rock-Ola featherweight Robot Record Arm that tracks the record like a locomotive, assuring uninterrupted tone regardless of jarring or other outside shock; a built-in Re-ceiver; and the world famous Rock-Ola Revolving Record Drum."

#### Why Wrigley Gum **Biz Stays On Top**

CHICAGO-According to an article in "American Business" magazine, the reason why Wm. Wrigley Jr. Company always stays away out in front of all its competitors in the chewing gum business is due to the following five points:

1) Never follow competition, blaze your own trail.

2) Never adopt a policy merely because it has been successful for some other company.

3) Try your best to avoid peak and valley sales.

4) Remember, it's the net that counts-not the gross.

5) Have somebody in the organization act as a 'pin sticker'.

# Music Op Presents Record **Contest Play Promotion**

Milton Cole, Cincinnati, In Tie-Up With **Record Manufacturer, Conducts** "Name The Song Contest" With Record **Placed In Number One Spot On Phono. Tests Show Increased Play. \$500** Awarded First Prize. Locations Use **Buttons, Window Streamers, And Pasters On Glass Of Phonos** 

CINCINNATI, O.—Milton H. Cole of Ohio Specialty Company, this city, who seems to have inherited his late father's knack for outstanding pro-motion has just come up with a plan for automatic phonos which clicked during his association's test in this area, and to such an extent where he now offers this plan to the entire industry, nationwide. Regarding why he offers the plan, Cole stated, "Because there is no doubt in my mind that, if this will be put into practice by operators, state-wide, and especially, nationwide, veryone is going to enjoy a tre-mendous upsurge in intake in all of their automatic phonographs on all types of locations."

types of locations." He continued, "It is almost im-possible for one music operator to do the job alone because of the ex-pense involved. It isn't the \$500 first prize money", he explains, "but also the advertising and promotional ex-ploitation that is necessary. This raises the initial cost considerably. All the music operators will benefit from the plan and will, at the same time, be able to carry it forward week after week or month after month, whichever they decide is best for them." them.

In his first attempt, Milt Cole had King Records produce a recording which had, as its title, "Name The Song Contest". This was cut by "Bill Doggett—His Organ And Combo", according to the label on "King Record JB-100." (On the reverse side of this same disk there was "Home" by "The Pied Pipers".) This King Record was then placed

This King Record was then placed in the No. 1 spot on automatic phono-graphs in this city. "Cards were left at all locations. These cards were addressed to: "Name The Song Con-test. c/o Automatic Phonograph Owners' Association, 1011 Traction Building, Cincinnati 2, Ohio". The other side of the card contained

The other side of the card contained the one line: "My suggestion for a title in the juke box contest is." Then a line for the title the participant believed best fitted the tune as well as space for his name and address and a short statement on: "I heard the song on the juke box at.". There are also the contest rules imprinted on this side.

These read: "Contest closes at mid-night, February 10, 1955. Judges will be the prominent disc jockeys in Cin-cinnati. Winners will be announced February 16, 1955. Please mark title and name clearly. Contest sponsored by: Automatic Phonograph Owners' Association."

Pasters were inserted under the front glass in the selection space part of the automatic phonograph which

had printed on them white on red with an arrow: "Play Number One-Name The Song-Win \$500.00".

Page 45

In addition the location owners and their employees, who were exposed to the patrons, wore yellow buttons that had very prominently printed on them in black, "Ask Me For \$500".

In olack, "Ask Me For \$500". In addition to this, streamers were pasted on the windows of the location as well as in the location itself, which read: "WIN \$500.00. NAME "THE SONG' CONTEST. PLAY No. 1 on the JUKE BOX AND GIVE IT A NAME!"

In this first such contest the judges were: Rex Dale, Radio Station WCKY; Ralph Johnson, WCIN; Will Lenay, WSAI; Walter Phillips, WLW; Jack Remington, WKRC and Gil Shep-pard, WCPO.

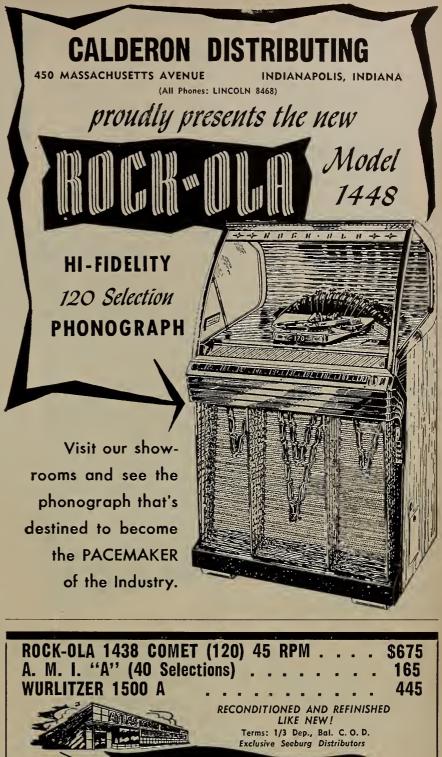

pard, WCPO. Underneath the names of these prominent disc jockeys appeared this statement: "All Entries Become The Property Of The Sponsor" In addi-tion, these statements also appear on the streamer, "Prizes will be divided in case of duplication" and, "The judges' decision is final". Cole stated that from the stand-point of promotional and exploitation expense, not counting the cost of the recording itself, there is not too much money invested in the program, as far as the above material is concerned if the number of music operators in

if the number of music operators in any community are to be taken into consideration on a pro-rata basis.

What is most impressive, at least What is most impressive, at least in the eyes of this publication, is the fact that such a plan on a statewide or nationwide basis, is sure to bring about good publicity from a public relations standpoint and, most defi-nitely increase intake for the music merchants joining the plan.

Large cities could, most naturally, tie into such a plan on their own, explained Cole. There are enough disc jockeys to promote such a contest over the air and cause their listeners to seek out those locations where there is a possibility of winning the \$500,000 (or even more) that is of-fered plus the fact that, because of the number of operators in the aver-age city, record manufacturers would age city, record manufacturers would work out a new tune on a recording especially for them, if the music op-erators will guarantee a definite num-ber to be purchased to get the plan under way.

Also most effective is the fact that the press, radio, and TV commenta-tors as well, are sure to pick this up from a new standpoint. This news, of itself, is worth many, many times what the automatic music merchants will invest in the small cost of putting such a program into operation.

## **Denver Advises Pinball Ops It Will** Not License Games For Locations Within Two Blocks Of Schools

DENVER, COLO.—Due to numerous complaints from parents, City Safety Manager Charles Lowen, this city, issued orders not to license pinball machines in the vicinity of schools.

Lowen stated no business establishment will get a permit to operate a pinball machine within two blocks of a school, and places that have permits within the two-block radius will not have them renewed next year.

As the purpose of this order is to cut down play by juveniles, it does not apply to taverns because, he stated: "tavern operators are supposed to keep minors out anyway."

Lowen said pinball machines were played by youngsters in confection-

eries and ice cream shops, school supply and drug stores, small restaurants and like establishments and that there had been a recent increase in the number of machines in Denver and new applications.

Robert Conway, supervisor of excise and licenses, said the two-block radius was not the only standard by which applications were judged. If there was reason to believe the pinball machine in a business house constitutes a nuisance, licenses would be denied regardless of the location, which could rule out places frequented by school children which were more than two blocks from any school.

# What About YOUR Letter?

April 30, 1955

Page 46

**By JAMES T. MANGAN** 

James T. Mangan, known affectionately thruout the coin machine industry as "Jim," is the author of one of the most famous essays ever published in America, "Write A Letter!" The essay originally appeared in Advertising Age, was translated into every language and distributed all over the world, and finally was officially adopted as a theme of the United States Post Office. Jim is noted for the number of personal letters he himself writes, so when he prescribes letters for you, he knows what good medicine they are.

Letters from you to your Congressmen and Senators emphatically objecting to the Kilgore, Thompson and Diggs Bills are called for. All this talk about sending letters is wonderful—you endorse it 100 per cent. But at this point I would like to ask you a personal question:

What about YOUR letter? Did you send it? Are you still "thinking" about it? Do you ever intend to send it?

Of course, you know your letter will do some good, and if you send many letters, a great deal of good. Of course, you'll admit everyone in the industry should be sending in rafts of letters and by this time the Congressmen and Senators should be smothered by an avalanche of mail.

But let's not talk about others right now. Let's talk about YOU. Did YOU actually send in even one small, short letter personally executed by YOU?

If your house was burning, you would certainly try to put the fire out. If a burglar broke into your home, you wouldn't be much of a man if you didn't try to get him out of there. If your child got sick, you certainly would call a doctor.

But when your business is being threatened with extinction or irrep-arable damage, and the only way to remove this threat is by writing letters, one would suppose everybody in the business would write letters voluminously, relentlessly, so as to save the business from harm.

Nobody is foolish enough, when his house is on fire or someone in his family is sick, to expect other people to do his work for him. When trouble strikes at home, you don't generally "let George do it," namely do all the work that you yourself should do to dispel the danger.

But if you belong in the automatic music business, either as an operator, distributor, or employee, and you haven't yet written a protest against these disastrous bills now up in Congress, then you aren't con-sistent with your own selfish ends and you do not believe in self-preservation.

What about YOUR Letter? If you haven't written, please write one, just ONE. Your house is on fire—act while there's time to put the fire out!

Juanita (Mrs. George A.) Miller of Grass Valley, California, is probably singing, "It's so nice to have a man around the house." George was away for a month, preparing, planning and arranging the MOA convention as well as traveling to Washington and New York. . . . Wonder how the charming Mrs. Howard Freer likes southern California. . . . Phyllis (Mrs. Milt) Marmer of Cincinnati, Ohio, spent a couple of days with us at the Edgewater Beach Cabana Club last summer. (Aside to Phyllis: Please tell Milt we'll be expecting you at the Cabana this summer on condition that you spend more time with us). . . . Judy Brasel, we're told, is doing one grand job for Leo Weinberger in his Louisville, Ky., offices where she's in complete charge of the entire record department. . . . Heard that Fay (Mrs. Ben) Kulick of Buffalo, N. Y., had one great time at the King Cole in Miami Beach this past winter. By the way, the North Shore King Cole Hotel is owned by Chicagoans, Ann and Lou Koren, two of the sweetest people.

Just received a wonderful tip from one of us gals. Must pass it along. A lot of women are always complaining about their nails cracking and splitting. After spending a- great amount of money on nail creams, vitamins and other preparations with no results, this gal found one remedy that will absolutely work, if taken every day. Mix one package of Knox Unflavored Gelatine in orange juice, tomato juice, milk, or any other liquid you find most palatable. In just one month you'll definitely see good results. . . . If you, too, have a tip for all of us gals, mail it to: Cissie, c/o The Cash Box, 32 West Randolph St., Chicago 1, Illinois.

It seems to us that it was just about this time of the year that we celebrated Mollie and Barney Sugarman's wedding anniversary with them at the Pump Room. So Mollie, if you can again persuade Shugy to bring you to Chicago from your Maplewood, N. J. home, we would be delighted to repeat the performance. . . Congratulations to Lucy and Bill DeSelm. The De-Selm's, their children and grandchild, celebrated the 45th wedding anniversary of Lucy's parents. They all drove to Fowler, Indiana, for the occasion. Now Lucy tells us she's busy planning for the first communion of their eight year old dotter, Linda, which will take place May 15. . . Had a wonderful chat with Nancy (Mrs. Don) Moloney. When we asked' if Mary Ann, her seven months old baby, had yet started to crawl, Nancy answered, "Only a little bit. She's too fat," she explained, adding, "and you know how hard it is for a fat woman to get around." Also hear from Nancy that Don is quite a craftsman with saw and hammer. Just built himself a nine by eleven workroom. His next project is paneling the basement and installing acoustical tile. . . Only wish I could bowl like Isabel (Mrs. John) Oomens. ...Rose (Mrs. Maurie) Ginsburg back from Arizona where Maurie ran into that old debbil "virus" and both were happy to get back home again.

Said author Ben Tillett: "God help the man who won't marry until he finds a perfect woman, and God help him still more if he finds her."

# Williams Mfg. Introduces Four-Player Pinball Game

J. A. (ART) WEINAND

CHICAGO—J. A. (Art) Weinand, sales manager of Williams Manufacturing Company, this city, reported this past week that, in addition to their production lines turning out "Sidewalk Engineer" games, they were well under way with their first production schedule on their new 4-player pinball, "Race The Clock."

Weinand said, "We have been overwhelmed with orders for 'Race The Clock' ever since the MOA convention.

"We showed the game," he continued, "to some of our distributors who visited with us at our factory and, before we knew it, were enjoying a terrific demand to get 'Race The Clock' into production immediately."

Weinand explained that "Race The Clock" features two coin chutes, a 10c chute and a 3 for 25c chute.

"This," he stated, "met with instantaneous approval of all of our distributors and many of them believe that 'Race The Clock' is one of the finest games we've ever produced, and we have produced some very great games.

"There is no doubt," Weinand said, "that if we can meet the demand of all of our distributors for 'Race The Clock' as fast as they want them we shall have achieved one of the greatest production runs in our history.

"Yet," he reminded, "in addition to rushing our new 4-player pinball off our production lines we are also trying to produce as many 'Sidewalk Engineer' games as we possibly can to meet the demand that we are enjoying for this very unique and different amusement."

Weinand reported that the factory is working a six day week in an effort to meet the demand.

He also stated that executives of the organization are also working right along with the production department and everyone is trying their "level best to satisfy this big demand we are enjoying."

Operators throughout the West are becoming increasingly interested in 45 extended play records in order to encourage dime play in their locations. Those who are already programming EP's are finding that their customers don't mind paying a dime for music as long as they know that they will get two selections. One-stops and distributors are encouraging the EP program and are even making up special packages of old favorites, jazz and new tunes for the convenience of the operator. Record Supply Co., Sacramento's leading one-stop, is the latest to jump on the EP bandwagon. In their weekly bulletin to Northern California coin-ops they are listing EP's of merit and are also offering free title strips. Record companies are eyeing the whole thing with increased interest as a source of new revenue. Most of the majors and many independents are making up special EP packages for the operator.

 DISTRIBUTOR DOINGS:—With the income tax period over all distributors along LA's coinrow are getting ready for what they expect to be a tremendous summer season. The total number of employed personnel in Southern California industries has hit an all-time high which is always an encouraging sign for the coin machine industry. Economists predict that the next ten years will be the most prosperous in California's history. . . . PAUL A. LAYMON & CO:.—Paul Laymon says that business for them hasn't been baa' at all but now with elections and income taxes over for another year he expects it to pick up tremendously. He adds that activity on all the new Bally games has been great and now they are anxiously waiting for Bally's "Hot Rod," Kiddie Ride, "Gold Medal" and "Blue Ribbon" Bowlers. . . . Paul is proud as a peacek over his famous rose garden which is now blooming out with big spring blossoms. . . C. A. ROBINSON & CO.:—Latest game to hit the Robinson showrooms is United's "Venus" Shuffle Alley. Charley Robinson stated that the game is one that can't miss making money for the operator. It combines all the proven features of the Shuffle "Target" along with the new flash feature. Plenty of hustle and bustle around the Robinson emporium as ales and service departments move out equipment to the operators. . . . SIMON DISTRIBUT. ING CO:.—Jack Simon whizzed down to Las Vegas on business last week. He also planned to attend the opening of the luxurious new Riviera Hotel. . . . . BADGER SALES COMPANY.—Bill Happel and Fred Gaunt felt the sudden surge of spring business last week as coin-ops from far and near dropped in to look at new equipment as they get set for the big months ahead. . . . Advanee reports on Keeney's "Palisade" and "Skill Lane" Bowlers stirred up a lot of interest and anticipation is running high. Game is expected in any day. . . . Joe Duarte, e

OPS JOTS:—Those who feel that the coin machine industry is a separate field all in itself should take a few words of advice from Fred Harling, one of our newest operators. Fred has owned his own garage in Hollywood for many years and just recently went into partnership with Allan Blum and purchased a large route in Delano. "It's true," says Fred, "we do have a lot of unusual and perplexing problems—these I am learning fast—in the coin machine industry that you don't have in other businesses but still, an operator is a business man like the grocer, the haberdasher or anyone else who deals with the public. The only difference is that we in the coin biz. are selling music and entertainment instead of shoes. I constantly strive to instill this fact into the minds of my associates, my location owners and my customers." He went on to say, "An operator, like in any other business, must make a fair and legitimate profit from the product he is selling to survive. That is why we have set our entire operation in Delano and surrounding communities on dime play. It is the only way we can meet our high overhead costs and have enough profit left over to compensate for our efforts and investment."... Truer words were never spoken Fred—Good luck!

Out-of-town operators from far and near drove into town last week on business. Seen along coinrow were Mrs. Chuck Walker (Lela Smith), Barstow; Mr. and Mrs. M. Munroe, Indio; Ed Neel, Blythe; Bob Hathaway, Ventura; Jack Neel, Riverside; Manuel Trevino, Oxnard; Louis Lorang, Yuma; Lloyd Dindinger, Carlsbad; "Cec" Ellison, Lancaster; Lawrence Raya, Colton; Bill and Sheridan Thompson, Long Beach; Jack Faust, Santa Ana; Robert Butcher, Big Bear; Pete Thelan, Glendale, and B. B. Calvert, Santa Monica. . . M. B. McCormick, vending machine operator in Long Beach, is now making plans to expand into the kiddie rides field.

COINROW CHATTER:-George A. Miller, national president of MOA and state president of The California Music Merchants Association, came down from his home in Oakland to attend the April 19 meeting of the Los Angeles Division. An election of officers was held which will be announced next week. Miller spoke about the latest developments in the fight against the ASCAP legislation. Rodney Pantages also spoke briefly before the group. . . . Bet Sam Ricklin of California Music Company will be more alert on his recording stars from now on. The question arose as to when Western star Floyd Collins made his last record. Sam claimed it was 12 years ago, Les Cordell said it was, at least 30. The argument got rather heated so they decided to make a little wager. After checking into the matter it was proved that Les was right. Collins died exactly 30 years ago. Sam reluctantly handed over ten bucks and Les walked away smiling gleefully.

Vick Knight, head of Key Records, asked us the other day if we knew where the name juke-box originally came from. Altho we were unable to come up with an answer the question still intrigues us. Perhaps some of you operators can help us out. Vick says he has always linked it up mentally with the notorious Jukes family, from sociology. (Real brain, this guy—he must have gone to Yale. Maybe that's why he named his new label Key Records. Lock —Key—Get it! Oh well, forget it!)

First Memphis Op To

**Run Dime Play With EP's** 

MEMPHIS, TENN.—R. L. (Bob) Harbin, Sr., owner of Harbin Music Company, this city, advises that he is the first operator in the territory to start operating music machines at 10c, 3 for 25c, using the extended play records in at least  $\frac{1}{3}$  of the program selector.

"I think that by using at least ½ extended play records," said Harbin, "we can sell the public on 10c music, retain their good-will and also through this medium, it will make it easier for the locations to sell the public. I am a strong believer in anything new that will make us more money. I set the first 100 record Seeburg in the City of Memphis. And now I have set the first 10c music set-up in Memphis."

Extended play records sales soaring according to reports by Jerry Flatto, Boston Record Distrib; and Dick Mitchell, Dick's Record Co.; Johnny Maddox, whose "Crazy Otto" has been going like crazy in the Hub as well as other parts of the country, packing them in at Totem Pole, Norumbega Park, in two nighter (22-23), with practically all of the Beantown record fraternity in attendance.... Mariners, doing a Hub shot coinciding with the Godfrey firing. Dropping in on the record distribs this week were some visiting celebs including Mellolarks plugging their Epic label "Whatever Lola Wants," Bill Kenny, "We Three," Label X; Shannon Sisters, "Guilty Shadows," Label X; and Frankie Lester, "Coquette," Label X.

Reports from distribs here for the first four months of 1955 indicate that it will be the biggest year in history for the coin machines biz. From music machines to guns, bowlers and pins reports are the same. Increased demand, opening of new locations, and a concerted move by ops to replace old equipment. For kiddie rides the third season of their appearance on the New England scene promises greater potential than anticipated. The rides are now standard equipment in most fun spots in the territory and the moppet trade, which comes up with a new batch of customers each year, has taken them to its collective bosom with great enthusiasm. . . . Irving Shapiro, who has one of the biggest kiddie ride parks in New England on the Newburyport Turnpike, says the repeat biz is terrific and it is the first real competish the merry-go-rounds have ever had.

Members of the Music Operators Association feeling very elated this chapter after being lauded by Governor Christian A. Herter for their splendid contribution to the community in the program they have undertaken for the cerebral palsy drive. Dave Baker, treasurer, of the org working like a beaver to tie all the ends of the promotion into a complete package to insure its success. More machines from distribs going out in public locations to play for the c.p. drive. Picture of juke boxes in Mass. on May 2 with practically every machine adorned with a giant size poster headed "Music helps 'Johnny' fight Cerebral Palsy" will be the biggest "first" in the history of the music machine biz in N.E. More than 10,000 tents, bearing the same message as the poster contain, have been distributed to ops for placement on tables in wall box locations. Phil Swartz, Winrox, chairman of the music operators' finance committee on the c.p. drive, has also worked out a gimmick aided by Dave Baker, Melo-Tone Music, in which the Cigarette Venders Association, are tying up with the c.p. drive. Conversion of music machines to the dime has gone along at an astonishing rate. Fully 95% in Mass. now is latest report from James Geracos, prexy of the org. Dime play is mushrooming thru the N. E. states and it is anticipated that the region will be 100% on the dime long before the end of '55. A top syndicated columnist reported last week that the 10c play would be in for the entire country by Dec. 31. Looks like N. E. will make it long before.

Irwin Margold is taking Mrs. Muriel Barnes, state deputy commissioner of insurance, and public relations chairman of the Cerebral Palsy drive, on a tour of the music machine industry. The dynamic Mrs. Barnes was a guest speaker at a dinner session of the music ops and said she was "fascinated by" but knew "little about" the "music box" business. . . . Dave Bond, prexy Trimount (Seeburg); and Si Redd, prexy Redd Distributing; are contributing door prizes for the Fontanna of Rome style show coming up for the cerebral palsy drive. . . . Louis Blatt, Atlas Distrib (AMI) back from Florida with a beautiful tan. Says AMI color-engineered units are really intriguing the summer hotel ops in the N. E. vacation land spots. . . . Norumbega Park arcade putting in new equipment for the outdoor season with guns and bowlers getting the nod. . . . Same story at Revere, Nantasket, Salisbury and Hampton Beach, N. H. where guns are bustin' out all over. . . . Bigger play on the new guns resulting in more coin for ops and locations prime factor in big demand picture. . . . Department stores, five and dimes, variety stores and department stores putting kiddie rides out on the sidewalk as sunny weather and advanced spots of summer put the shopping crowds and their small prototypes in a festive spending mood. . . . Trimount showrooms looking springlike with new games and guns. . . . Attractively placed were Chicago Coin's shuffle games and Genco's "Wild West." . . . Marian Sutcliffee, secretary Mass. Music Operators Assn., on Bermuda cruise. . . . Ralph Ridgeway, prexy Western Mass. Music Operators Guild, reports dime play going big guns in his territory. . . . Deejays did their share via the airwaves to make 10c play a success in the Hub area.

All coinrow was talking about the appearance of Sidney Levine and his associate, Joseph Godman, on the Steve Allen TV program Monday night, April 18. Sid and Joe spoke in opposition to the proposed ASCAP legislation now in the sub-committee of the judiciary in both the House and Senate. Opposing these lawyers of the coin machine industry were John Schulman, attorney for ASCAP and Arthur Schwartz, song writer. Altho limited to a short talk, Levine was successful in pointing out the arguments of the music machine industry, and from our point of view, seemed to impress the studio audience with his arguments more so than did the proponents of the copyright bills. The program, we understand, reaches an audience thruout the eastern states as far as Chicago.

they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, ap-pearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, hav-ing a reputation for shipping completely recondi-tioned machines, will be offered at higher prices than others, due to the added cost of reconditioning.) "The Confidential Price Lists" reports each quota-tion exactly as it is made and depends on the sub-scriber to make average price adjustments to fit the peculiarities of his territory. METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price quoted for the week; Second price listed is highest price Quoted.

price quoted.

FOREIGN BUYERS: To cover cost of packing, crating, shipping, etc., figure an additional \$20 to \$25 on Pin Games—and \$25 to \$30 on Phonographs.

#### **REGARDING SELLING PRICES**

IMPORTANT!

Reports received indicate that, in some cases, pur-chasers become upset due to the fact that they can-not, many times, buy equipment listed in the lower price brackets. Sometimes sellers of machines listed at from \$10.00 to \$25.00 ask from \$50.00 up to \$75.00 and even more for these years are machines. Purand even more for these very same machines. Pur-chasers of such equipment must realize that machines and even more for these very same machines. Pur-chasers of such equipment must realize that machines in the very low priced categories are buying equip-ment which is much worn to be priced at these low figures. To completely recondition such machines, the reconditioner must add onto his price the cost of transportation to obtain these machines, the labor, parts and supplies needed to recondition the ma-chines, plus the cost of cartons, crates and labor for packing and shipping of the machines, in addition to a decent profit which will, in most cases, raise the price of a \$10.00 to \$20.00 machine to anywhere from \$50.00 to \$75.00 and up. In the case of arcade and kid-die ride machines these may even be higher due to the fact that many of the parts have to be made by hand or contracted for at some machinist shop, since manufacturers of many of the old arcade machines and kiddie rides are no longer in business, and it is impossible to obtain parts for reconditioning. Pur-chasers of such equipment should take these facts into consideration and, at the same time, should also real-ize that many buyers today have their own repair and reconditioning departments as well as experienced mechanics. These buyers will purchase machines "as is" at prices quoted by the trade at large and recon-dition the machines themselves to meet their own operating standards.

The public has responded by keeping the playmeters spinning and the coin bags full.

Literally, as no other phonograph ever has, the Wurlitzer 1800 has put the location-going U.S. in MUSIC—good music that encourages more play which, in turn, means more money.
