A couple of weeks ago, we wrote an editorial titled "Honesty In Picks" which discussed the problem inherent in picking records as "disks" and "sleepers". We have received so much comment on this editorial that we would like to discuss this week another aspect of our magazine which people in the trade have asked us about, and that is our charts.

Very often a well-meaning friend may say to us, "See what you can do about moving my song up a little on the charts."

A person who says that really has no conception at all as to how our charts are put together.

The Cash Box lists are a compilation of reports gathered each week from all over the country-from operators, disk jockeys, retailers, and one-stops. These add up to literally thousands of reports each week from people in different aspects of the business in every part of the nation.

The picture that these reports give is an unmistakable one.

Of course there are phony reports. There are reports in which for one reason or another someone is trying to help someone else. There are reports in which it is presumed that something is being put over on us.

But when you examine thousands of reports every single week and have comparisons to make in every area, it isn't too hard to spot the phonies. And even when an occasional phony is not caught, the preponderance of reports so outweigh it, that its influence on the total picture is nil.

These thousands of reports are the basis of The Cash Box charts. They are compiled in our own special way and the exact order in which they come out is the order in which they are printed in the magazine.

There is no one on The Cash Box staff who is authorized—or in a position—to change these charts in any way whatsoever.

These charts are not the result of personal opinion or such inadequate reports that a change here or there could go unnoticed. They are the result of a thorough, painstaking compilation.

Are we subject to pressure to change positions on the charts? Yes, unspeakable pressure. We are subject to the pressure of people who are our friends and who feel we are betraying them by not putting their songs where they would like to see them rather than where they rightfully should be. We are subject to those misguided people who use the threat of withdrawing advertising-and who actually do withdraw their advertising—in an attempt to influence our charts. We are subject to every kind of pressure from the subtle to the outright bribe.

But The Cash Box staff has always categorically resisted such attempts, and as far as the present staff is concerned, always will.

The Cash Box charts are as honest, as reliable, as authentic as we can possibly make them. The proof is in their unmatched use clear across the country, by their acceptance by Associated Press as its authentic list, and by the general esteem in which they are held throughout the industry.

We have every intention of living up to these honors, expanding on them, and retaining the esteem we have achieved.

GEORGE WRIGHT

(Hi-Fi Record 501; 45-501)

G "MELODY — OF LOVE?" [ASCAP] If a hi-fi addict wants to have a lot of fun, here's the single for him. It features George Wright at the Wurlitzer Pipe Organ gliding through a medley of waltzes. Amazing sound that rings on a hi-fi set.

← "DAVY WAS CROCKED!" [—BMI] Another medley, one tune of which is Davy Crockett, is given a vibrant treatment on the pipe organ. Tremendous fullness that makes the phonograph vibrate. An interesting experience.

stage doors broken, no mass hysteria, no sobbing, this might be described as a calm show for the Palladium after the Johnnie Ray frenzy, but how pleasing it is to watch and listen to Kitty Ka'len and The Four Aces just SINGING. Incidentally Kitty will guest with Cyril Stapleton and the B.B.C. Show Band this week. . . . It seems impresario Jack Hylton is trying to stop many top line singers (including Don Cornell and the Four Aces) from singing "Stranger in Paradise" in their respective acts. Jack is presenting the successful show "Kismet" at the Stoll Theatre, and one would imagine him to be only too happy to have other stars, who incidentally have recorded "Stranger", plug the song and the show. Or is he the first impresario who does not want his musical publicized. I remember one Broadway show, in fact two, where if it hadn't been for two recording stars, the shows might have easily folded. am referring to Cole Porter's Ĩ. "Jubilee" and the wonderful Artie Shaw record of "Begin The Beguine" and Harold Rome's "Wish You Were Here" which owed its thanks to Eddie Fisher's great record of the title song. And there must have been others. . . Speaking of Harold Rome, brings me to Rome, Italy, where lyric writer Sammy Cahn is unable to find a hotel room. This is possibly Italy's biggest faux pas, seeing that no one did more to publicize that Fountain than Sammy. And he certainly deserves a percentage of the takings from his initial investment of "Three Coins". . . So the battle is on for the big ... So the battle is on for the big record on "Chee Chee-oo Chee" in the States, and at this point, I wili gladly remind you that I tipped you off about the song and the wonderful Johnston Brothers record on the Lon-don Label... Bunny Lewis the genial public relations officer, of the vast Decca Record (English) Co., has re-signed from his office to become per-sonal manager of various artists... signed from his office to become per-sonal manager of various artists. . . . Johnny Dankworth is flying over to New York on June 6th to promote his Capitol Records. That "Unchained Melody" is certainly breaking away and is heading rapidly for top honors in the best selling charts. Have just heard a wonderful Eydie Gorme-Steve Lawrence record of "Besame Mucho". Lovely performance worthy of big plays. . . London Laure's to Tony Bennett. See No. 1. on the chart.

Clark To Head ABC-Paramount Disk Firm

NEW YORK-It was reported this week that negotiations were reaching the final stage whereby Sam Clark will become president of the proposed ABC-Paramount recording firm. All terms have been agreed upon and contracts are now being drawn up. They are expected to be signed in the next few days. While details of the contracts were unavailable, it was reported that the deal calls for a five year term.

As of now, no name has been decided upon for the label.

Clark came into prominence as a leading Boston distributor with his leading Boston distributor with his Music Suppliers of New England. In the last year he became actively associated with Cadence Records as sales manager. The firm has had phenomenal success with four num-ber one records since its inception. In recent months Clark has been commuting between Boston and New York handling duties for both Music Suppliers and Cadence.

Archie Bleyer, president of Cadence, has not yet announced a replacement for Clark who will probably take over his new duties on June 8. While his appointment has not as yet officially been acknowledged, his selection ends a long search on the part of ABC-Paramount executives for the right man to head up the rec-ord operation. ord operation.

One of Clark's first duties will be to select an A&R man. It is known that several are being considered al-though no decision has been made as yet.

"LOVE ME OR LEAVE ME"—Doris Day with orchestra conducted by Percy Faith—Columbia CL-710 (12" LP)
IT ALL DEFENDS ON YOU; YOU MADE ME LOVE YOU; STAY ON THE RIGHT SIDE, SISTER; MEAN TO ME; EVERYBODY LOVES MY BABY; SAM; THE OLD ACCORDION MAN; SHAKING THE BLUES AWAY; TEN CENTS A DANCE; I'LL NEVER STOP LOVING YOU; NEVER LOOK BACK; AT SUNDOWN; LOVE ME OR LEAVE ME.
From the soundtrack of the MGM CinemaScope film "Love Me Or Leave Me" in which she stars with James Cagney, Doris Day presents the wonderfully exiting score on an LP. P'aying the part of the great Ruth Etting, Miss Day has a wonderful opportunity to really shine, songwise. And she does a great job. Personality, which is usually lost on wax, is ever present on this recording. Ten tunes made famous by Miss Etting and two new ones penned for the flicker make up the lovely score. "Never Look Back" and "I'll Never Stop Loving You," the tunes written for the pic, have been released as a single by Miss Day. Movie should be a hit which means a big sale for the LP.

"SHAKE, RATTLE AND ROLL"—Bill Haley and his Comets—Decca DL 5560 (10" LP)

SHAKE, RATTLE AND ROLL; BIRTH OF THE BOOGIE; HAPPY BABY; MAMBO ROCK; THIRTEEN WOMEN; DIM, DIM THE LIGHTS; A.B.C. BOOGIE; ROCK AROUND THE CLOCK. WOMEN; DIM, DIM THE LIGHTS; A.B.C. BOOGIE; ROCK AROUND THE CLOCK. Ever since the Bill Haley aggregation joined the Decca label, the group has turned out some amazing material that has kept the teen-agers rocking across the country. His unbeatable, driving rhythm has been the sensation of the younger set, and the lindy bugs have still to find someone better. The group currently has "Rock Around The Clock" heading in the direction of the number one position, and the disk was released more than a year and a half ago. On this album, Decca issues, on one platter, the eight rockers that Haley has waxed to date for the label. Wild disk that should sell by the carload. The youngsters who, as yet, have not collected the Haley merchandise, are gonna consider this disk a must.

"THE GREAT MR. B WITH A BEAT"—Billy Eckstine—MGM E3176 (12" LP)

HERE COME THE BLUES; LIFE IS JUST A BOWL OF CHERRIES; ST. LOUIS BLUES; YOU'RE DRIVING ME CRAZY; I LEFT MY HEART IN HAITI; AS LONG AS I LIVE; HOW HIGH THE MOON; TAKING A CHANCE ON LOVE.

MOON; TAKING A CHANCE ON LOVE. Billy Eckstine with a lush string backing is a treat, but "Mr. B" with a beat is the end. His amazing ability to improvise on a melody ranks with the best. On this exciting album, Billy works with George Shearing's Quintet, Woody Herman's Orchestra and the Metronome All Stars as he offers standards in rhythm. A terrific item for Eckstine enthusiasts and all jazz lovers. Most of this package has previously been released in single form, but it won't have much effect on the sale of this hot item.

"FOOLS RUSH IN"-Monica Lewis-Jubilee LP-20 (10" LP)

FOOLS RUSH IN, WHAT'LL I DO: DO IT AGAIN, PEOPLE WILL SAY WE'RE IN LOVE; I'D DO ANYTHING FOR YOU, YOU'D BETTER GO NOW; AM I BLUE; BUT NOT FOR ME.

The hushed, dreamy voice of Monica Lewis comes over softly and smoothly as she fashions on octet of great standards to the accompaniment of Jack Kelly at the piano. A moody album of pretty material to please the romanticist. Good for a quiet evening.

Songs by Emma Schaver—"From The Heart Of A People"—Mercury MG 20052 (12" LP)

(12" LP) Emma Schaver, a rich-toned soprano with a bell-like voice, sings with under-standing and sincerity a number of the most beautiful, stirring and moving songs of the Jewish people. She is beautifully assisted by the vocal and in-strumental ensemble of the Voice Of Zion from Jerusalem. Miss Schaver is more than just a singer on these numbers. Each one seems to come right from the heart. Album is an experience and will probably sell strongly to the Jewish folks and to followers of Hebraic music. Some of the most popular Jewish melodies make this LP a treasure chest.

MUSICAL MOODS"—By Carretta and his Orchestra—Coral CRL 57002 (12" LP)

CAPRICE; GINNY; STAY AWHILE; I WANT MY LOVE; MONA; MUSIC BOX CLOCK; TO THOSE WHO WAIT; MANHATTAN NOCTURNE; DREAM WORLD; LOLA; LOVE WILL LEAD THE WAY; MY MOOD.

Jerry Carretta, an accomplished pianist is wonderfully assisted by a big string backing as he presents an album of his own mood music compositions. It's a package of simple melodies with a great deal of sincerity and feeling. A wealth of superb material for a top lyric writer. Excellent material for a quiet evening.

OPERA

THE SAINT OF BLEECKER STREET—Gian-Carlo Menotti—RCA Victor LM 6032 (2-12" LP's)

DAVID POLERI, GLORIA LANE, GABRIELLE RUGGIERO-THOMAS SHIPPERS, Cond. "The Saint," opened this season to excellent reviews, played eighty some odd Broadway performances, and is now touring Europe. It was considered by many as Menotti's best work. To opera followers, Menotti has been growing steadily in stature through the past several years. His reputation has been greatly enhanced by the yearly Christmas television production of "Amahl and the Night Visitors," which has exposed him to millions of viewers. RCA Victor recorded the original cast of this moving modern drama of the colorful New York downtown Italian colony. Menotti has captured the true religious feeling, the fiery passions of the poor tenement dwellers, the earthy language found in the streets. For those not familiar with the production, the libretto is in English and Italian. It is the story of the saintly sister, the unbelieving brother and the loose-loving girl friend. It is a story of a struggle that is foredoomed to end in tragedy, as it does with the murder of Desideria, the natural death of Annina and the capture of Michele. We are certain it is a production that will be repeated many seasons to come. Menotti received the Pulitzer prize for this work and the publicity which has been accorded this musical drama will certainly aid the sale of the album. Album is an experience. DAVID POLERI, GLORIA LANE, GABRIELLE RUGGIERO-THOMAS SHIPPERS, Cond.

"TOP POPS for DANCING"-Ralph Flanagan and his Orchestra-RCA Vic-tor EPA-625 (45 EP)

DANGER; HEARTBREAK AHEAD; SILVER MOON; WHATEVER LOLA WANTS; YOUNG AND FOOLISH.

The Ralph Flanagan Orchestra, which has been setting records at college proms and hops across the country, issues an EP of four of the nation's current pop hits in its inviting dance tempo. Good album that the teen-agers will go for.

JOHNNY MADDOX plays "CRAZY OTTO"-Dot 1026 (45 EP)

CRAZY OTTO MEDLEY; DOWN YONDER; EIGHT BEAT BOOGIE; IN THE MOOD.

Johnny Maddox, who, for many years has been dishing out some great corn-ball piano stuff, finally got the recognition he so well deserved with his smash hit "Crazy Otto Medley." Here Dot issues Herr Maddox doing "Otto" plus three other zany 88 waxings. Sure to be a hot seller in all spots. Adults love this stuff.

Musical Highlights from "DAMN YANKEES"—Richard Maltby and his Orchesra—"X" EXA-136 (45 EP)

SHOELESS JOE FROM HANNIBAL MO ; NEAR TO YOU; HEART; GOODBYE OLD GIRL; WHAT-EVER LOLA WANTS; TWO LOST SOULS; A MAN DOESN'T KNOW.

A big Broadway musical always means big things to the record business. Single releases from the score turn up by the carload, and the original cast LP is always an important event. Here Richard Maltby's orchestra offers a medley of seven of the show's most commercial tunes in dance tempo on an EP. Very pretty package of varied moods. Lovely score.

"DUKE ELLINGTON presents AL HIBBLER" - RCA Victor EPAT-435 (45 EP)

I'M JUST A LUCKY SO-AND-SO; YOU DON'T LOVE ME NO MORE; I AIN'T GOT NOTHIN' BUT THE BLUES; DON'T YOU KNOW.

BUT THE BLUES; DON'T YOU KNOW. The great voice of Al Hibbler finally was recognized thanks to a recording called "Unchained Melody." But as most people now know, Al had been dealing out great music with the Duke Ellington band for years. As is the case with every new name on the musical horizon, teen-agers clamor for the artist's prior recordings. Here is a set of Hibbler's vocals when he was with Ellin^{\sigma}ton. An exciting EP that'll enjoy a huge sale now that "Unchained" is the #1 tune. A great voice with some great material.

"LAWRENCE TIBBETT SINGS" - Lawrence Tibbett - Camden CAE 217 (45 EP)

WANTING YOU; GOIN' HOME; NONE BUT THE LONELY HEART; OLD BLACK JOE. A wonderful cross-section of America's tastes in music is presented by the rich and pure voice of opera great Lawrence Tibbett. His gifted baritone voice is brilliant as he sings these four stirring items. Disk contains a Stephen Foster classic, a love song by Romberg and Hammerstein and two lovely melodies by Tchaikovsky and Hammerstein. A tasty morsel for the economy minded buyer.

"STAR DUST"—The Melachrino Strings—RCA Victor EPA-597 (45 EP) STAR DUST; PENNIES FROM HEAVEN; EVENSONG; MOONLIGHT SERENADE. If it's an EP of mood music you want, here is one that you'll find difficult to beat. A sumptuous extended play of four great standards as fashioned by the Melachrino Strings. George Melachrino has a way with this type of material. A quarter of an hour of soft string stuff at its best. Eye catching cover too.

"THE VOICE OF CATERINA VALENTE"—accompanied by the orchestras of Werner Muller and Kurt Edelhagen—Decca ED-2206 (45 EP) MALAGUENA; MAMBO FROM CHILE; BABALU; BAMBINO.

Caterina Valente was catapulted into the wax world spotlight with her beauti-ful rendition of "Malaguena" and is currently following-up in fine form with "Breeze And I." In answer to the demand for a newcomer's recordings, Decca issues an EP containing "Malaguena," its backing, and two items not yet released in single form. A disk that'll do well now that the thrush is riding on cloud 7. All four sides are in German,

"TOP HITS ROUND-UP BY EDDY ARNOLD"-RCA Victor EPA-624 (45 EP) SILVER MOON; HIS HANDS; UNCHAINED MELODY; MAKING BELIEVE

The Tennessee Plowboy, Eddy Arnold, one of the kings in the country music field comes up with an EP containing four different and equally beautiful numbers—an oldie that's currently making noise, a stirring inspirational-sacred number, a number one pop hit, and a smash country platter. Eddy is in great form. A wonderful piece of wax. Disk will definitely cross the "country market" boundaries.

Walt Disnev's "LADY AND THE TRAMP"—Kay Armen and the Marion Sisters—MGM X1145 (45 EP)

BELLA NOTTE; LA LA LU; THE SIAMESE CAT SONG; HE'S A TRAMP.

Two MGM singles from the score of Disney's feature length cartoon "Lady And The Tramp" are joined on an EP. Kay Armen handles two of the ballads and the Marion Sisters dish up the novelties. A good EP that's faced with a great deal of competition on these songs.

"SOFT AND SLOW"—Donna Brooks—Bethlehem BEP-104 (45 EP) GONE WITH THE WIND; LULLABY OF THE LEAVES; THINGS WE DID LAST SUMMER; WHAT MORE CAN A WOMAN DO.

Donna Brooks, a jazz song stylist with a fascinating voice and a tremendous feel for a tune, displays her wares on this wonderful EP of standards. The thrush has a unique and sensuous voice and sings with a haziness that's thrilling. Chuck Wayne, Bobby Scott, Milt Hinton and Billy Exner supply the backing. Lark will be a big name. A disk that'll "send" the jazzophiles. Excel-lent choice of material lent choice of material.

middle beat easy bouncer of romantic inclinations, is appealing, melodic and simple. Should be well received in both pop and r & b markets. B "DON'T LEAVE ME, BABY!" (2:33) [Beacon BMI—Barlow] Barlow sings an original piece of ma-terial—a fast beat rocker, and comes off with a strong side to strengthen the release. Good dance side.

THE ENCORES

THE ENCORES (Hollywood 1034) (Hollywood 1034) (Hollywood 1034) (Exay Maxwell BMI—Ray Max-well] The familiar tune is given a nov-elty reading by The Encores. Cute bouncer. For the pop market. B [Berkshire BMI — Willis] Chuck Willis sings a middle tempo jump ditty highly "Tweedle Dee" flavored. Tho a good side it is not up to the usual Willis quality.
B "I CAN TELL" (2:31) [Berkshire] BMI—Willis] Willis sings a slow rhythmic blues that comes off the better side. Chuck puts heart into his reading of a good tune with a strong melody line. Like it.

JOE HOUSTON

JOE HOUSTON (RPM 427) B "RIVERSIDE ROCK" (2:22) [American — Ram, Miles] Joe Houston really drives with this ditty, screaming horn and rocking backing. Should excite the kids. B "CANDY ROCK" (2:23) [Seal & Modern BMI—Houston] Similar hard hitting jump fast beat. Features the Houston horn and ear shattering band. Two sides that will delight the kids and drive the oldsters crazy.

(United 189) B "TWO OF A KIND" (2:34) [Pamelee BMI—Fraser] Memphis Slim drawls a slow down home blues with an effective delivery and the deck comes off ok. Should make its great-est dent in the Southern markets. B "SHE'S ALRIGHT" (2:35) [Pam-elee BMI—Fraser]. Change of pace coupling. Memphis Slim dishes up a middle beat jump and turns in a good job in the process. This side has a good chance.

1160) Has Gone", in "You're The Answer To My Prayer." Miss Dillard sings a romantic slow tempo pretty with a touch of religious flavoring. It is a solid piece of material that the chantress sells. "Answer To My Prayer" should get an immediate reaction. It is strong wax both materialwise and in performance. Solid choral backing is given Varetta by The Roamers. The underlid. "Promise Mr. Thomas", is a jump for the rock and roll buyer. Miss Dillard rips right into it, and while an ok waxing on its own, it is unlikely that it will take the play away from "You're The Answer To My Prayer."

THE SOLITAIRES

REVIEWS

THE SOLITAIRES (Old Town 1012) "MY DEAR" (2:31) [Old Town BMI-G. Stewart] The Solitaires blend sweetly through a slow pretty blues ballad. Lead is good and the deck should get strong acceptance where exposed. Romantic relaxer.

(WHAT DID SHE SAY" (2:41) [Old Town BMI—B. Williams] The group changes pace on the flip and come up with an infectious jump ditty that should help the overall sale of the record.

JOHNNY OLENN (TNT 1016)

(TNT 1016) B "SALLY LET YOUR BANGS HANG" (2:33) [TNT BMI-Olenn] A quick beat nonsensical jump that sports a driving tempo, cute lyrics, good horn and piano solos and a happy vocal. Could grab off a piece of action.

• "CANDY KISSES" (2:44) [G. • Morgan] The old country and western favorite is treated to an r & b blues vocal. Tune doesn't come off too well tho the artist stands out on his telents talents

THE LESTER YOUNG QUARTET (Norgran 138)

(Norgran 138) B "SLOW MOTION BLUES" (2:54) [JATAP BMI—Young] Lester Young blows a tenor sax filled with warmth and emotion as he delivers a slow swinging blues against the unob-trusive backing composed of John Lewis, Gene Ramey and Jo Jo Jones. B "LESTER SWINGS" (2:30) [JATAP BMI—Young] The flip finds Young moving at a quick paced beat. His fluid horn rides effortlessly through a gamut of effective phrases that keep you interested all the way.

BILLIE HOLIDAY (Clef 89141)

(Clef 89141) *WILLOW WEEP FOR ME" (3:07) [Bourne ASCAP-Ronell] Billie lends her particular charm to this slow pretty standard. NASHVILLE, TENN.—News of interest to the music trade broke here last week when it was jointly announced by Webb Pierce and Carl Smith that the two recording artists have sold their interests in Cedarwood and Driftwood Publishing firms to Jim Denny. Cedarwood and Driftwood have maintained offices at 146 7th Ave., in Nashville, which is the same location where Smith and Pierce have their business offices.

"The artists will continue to operate their business from this address and they will remain with the company as writers", Denny said, "and the two publishing companies will also continue business at the same address."

Here and There

NEW YORK—While it has nothing to do with the coin machine business, we got a kick out of reading how a business can boom thru the development of a trend. The candy industry is selling zillions of lollypops. Why? Because doctors have found that kids receiving Salk vaccine shots will relax and keep their mouths shut when it's stuffed with a lollypop. Now if the adults would carry a bundle of lollypops with them and instead of blowing their tops on certain occasions, would stuff one in their mouths —or the politicians would substitute pops for popoffs—what a wonderful world this would become.

NEW YORK—When a business (or an industry) gets to the point where it believes the product sells itself, it is heading for trouble. This is what happened to the coffee business in recent years. John F. McKiernan, president of National Coffee Association, claims the "demand for coffee must be stimulated by effective marketing, advertising and selling techniques—by renewing and improving our friendships with the 40-odd million households in the nation". Per capita consumption was 24.3 pounds for the period between 1946-53; it's slipped to 20.9 pounds. It's believed consumer resistance grew when coffee prices soared beyond \$1.40 a pound. By permitting resistance, the coffee industry allowed other beverages to take hold. Tea has come a long way and soft drinks are up in consumption.

WASHINGTON, D. C.—A report by the Federal Reserve Board lent statistical weight to claims that 1955 may be the best business year in history. The board's "national summary of business conditions" showed that many factories are pouring out more goods than ever before, others are not far behind, and the over-all average is just a shade short of the highest level on record. April employment was 61,700,000 compared to the record hich of 63,400,000 set in August 1953. Unemployment declined in April to 3,000,000 compared to a post-World War II low of 1,600,000 in April, 1953. The reserve Board said factory production climbed to a level of 136 on its index which uses the 1947-49 average as a comparison basis of 100. The March level was 135. The record was 137 in May and July, 1953. Gross national product for the March quarter was equivalent to 370 billion dollars over a full year's time, the same as the previous record set in the June quarter of 1953.

Page 33 (Editorial) May 28, 1955 **FOUR GREAT NECESSITIES**

TO ASSURE CONTINUED PROGRESS AND BETTER BUSINESS FOR ALL

1—NATIONAL PUBLIC RELATIONS BUREAU 2—NATIONAL TAX COUNCIL 3—NATIONAL CREDIT BUREAU 4—NATIONAL BOARD OF TRADE

Over the years, ever since its inception, *The Cash Box* has been the one and only publication in the history of this industry to crusade for what it believes to be of utmost value for the continued good progress and better business of all concerned with this trade.

Many of *The Cash Box*' suggestions have been accepted over the years. Outstanding examples are MOA (Music Operators of America). Dime play. School for Mechanics. And many others.

But, this publication feels that, since some of its suggestions have been accepted it cannot rest thereon and, because it knows that so many others would add to the greatness of the industry, it continues to hammer home its belief that this industry needs more than just the few of *The Cash Box* suggestions which have been accepted (as well as those which have been imitated by other publications).

All should now adopt as many more as can be properly digested. For example, there are still pending four suggestions of this publication. These came into being with just about the very first week's issue of *The Cash Box*.

1—National Public Relations Bureau.

Everyone in the industry agrees with *The Cash Box* that such a bureau should, most definitely, come into being. Furthermore all agree that the need for such a bureau grows greater each and every day and that, as time goes on, may become a serious necessity for all concerned.

2—National Tax Council.

Not a week passes that someone, somewhere, isn't faced with the problem of hiked local and state taxes. None has a complete folio of legal precedents or, especially, successful defenses which were made on behalf of operators. All are always caught short whenever tax problems arise. The need for a 'National Tax Council' has become so great that it mystifies the editors of this publication that it hasn't, of itself, yet come into being.

3—National Credit Bureau.

There is no earthly doubt any longer that this industry, like all others in the nation, is most completely dependent on continued credit facilities. Yet, time after time, men who should be given credit are turned down. This hurts the progress of the industry. This upsets the equilibrium of continued volume production. This unbalances the entire sales system of this field. Yet, tho all agree a 'National Credit Bureau' would prove invaluable to operators, distributors and manufacturers all up the line, none has come forth to help put such a credit bureau into being for this industry, as is in being for all other major industries thruout the nation.

4—National Board of Trade.

Regardless of the fact that there is a most definite split in all divisions of the industry, and there exists friction between the music, amusements and vending machines manufacturers and distributors, all feel that if, in each and every territory, a code of ethics were set up, this industry would better profit. The one and only way such a meeting of the minds of all three divisions of the industry could come into being would be thru a 'National Board of Trade' where leaders of all three divisions would sit to discuss the future of the entire industry, would cooperate on many matters, would make operating a better and more profitable business which, in the long run, would be to their own personal and profit advantage.

This publication only can, as it has all the years in the past, propose and suggest. It is up to the industry, itself, to decide what it requires and why it should put these requirements into being.

Here, then, are four suggestions for absolute necessities for this industry which have been proposed week after week and year after year by *The Cash Box*.

Who'll start the ball rolling?

LETTERS TO SENATORS AND CON-**GRESSMEN LAG BEHIND MILLION MARK**

Music Ops Urged to Step Up Efforts to Get More Letters and Wires to Senators and Congressmen as ASCAP Campaigns to Get Its Members and All **Organizations at Which Its Members Speak to Write and Wire Congress**men and Senators to Drown Out Letters and Wires from Music Ops.

MUSIC OPERATORS URGED TO WRITE TO THEIR SENATORS AND CONGRESSMEN TO PUSH INTO **OBLIVION IN COMMITTEE THESE FOUR BILLS:** "KILGORE BILL" (S. 590)

Now before the Senate Judiciary Sub-Committee

"THOMPSON BILLS" (H.R. 2677 and H.R. 4316) Now before the House Judiciary Sub-Committee

> "DIGGS BILL" (H. R. 5366) Now before the House Judiciary Sub-Committee

CHICAGO-It has been gauged | that letters to Senators and Congressmen from music merchants are still lagging behind the million mark.

The hope of all automatic music leaders is that the music merchants will redouble their efforts to get more letters and wires to their Congressmen and Senators, as well as to all the Congressmen and Senators on the House and Senate Judiciary Sub-Committees.

The music ops are urged to ask their Senators and Congressmen to absolutely kill and/or vote into oblivion the four copyright legislation bills.

These four bills are: "Kilgore Bill" (S.590) now in the Judiciary Sub-Committee of the Senate; the "Thompson Bills" (H.R.2677) and (H.R.4316) now in the Judiciary Sub-Committee of the House of Representatives; and the "Diggs Bill" (H.R.5367) also in the Judiciary Sub-Committee of the House of Representatives.

One great reason why every one of the nation's automatic music leaders are appealing to all the music ops to redouble their efforts to get more and still more letters and wires rushed to Congressmen and Senators is due to the fact that ASCAP (American Society of Composers, Authors and Publishers) has taken up the same letter and wire program.

ASCAP is urging all of its members to rush wires and letters to their Congressmen and Senators.

They are further asking all to urge members of whatever organizations they speak or belong to, that they also send letters and wires to Senators and Congressmen.

This is ASCAP's effort to over-whelm and drown out the tremendous effect that wires and letters from the nation's automatic music operators have had on the Senators and Con-gressmen in Washington.

To overcome any possibility that

ASCAP's members and organizations which they approach will drown out the efforts of those music operators who already sent wires and letters to Congressmen and Senators the industry's leaders are, therefore, urging the nation's music operators to redouble their efforts in this direction and get more letters and wires into Washington against the four copyright legislation bills now pending in the Judiciary Sub-Committees of both the Senate and the House of Representatives.

The fact that it was discovered letters and wires were still lagging behind the proposed million mark upset many in the industry. They are now working harder in an effort to get more and still more music operators to contact location owners, civic leaders, clergymen, allied industries, suppliers, employees, and all whom they come in contact with, to rush wires and letters to surpass the million mark.

It is sincerely hoped by all in the field that the music operators will listen to the appeals of leaders thruout the industry and will redouble their efforts so that more wires and letters will reach Senators and Congressmen to overcome whatever wires and letters may be sent by or thru ASCAP's members.

With the hour more closely approaching for any possible hearings on all four bills the music merchants have very little time left in which to obtain more letters and wires.

Many suggest that each music op give up one or two afternoons of each week just to this very important task.

(Editor's Note: Names of all Congressmen and Senator members of Judiciary Committees in both the Senate and the House of Representatives appeared in the May 14 issue of The Cash Box.)

2nd Quarter Going Great

Manufacturers Step Up Production Schedules To Meet Demand; Foresee Biz Continuing at Same Speed Pace. Many Now Believe '55 May Set New **Production and Sales Records.**

CHICAGO—Optimism is actually running rampant thruout this Coin-center. It has punctured any possible pessimism of any visitors, especially when these visitors note the busy pro-duction lines at the various leading factories and, once again, find that six-day work weeks are the accepted

fact here. Manufacturers have continued Manuacturers have continued to step up their production schedules with the opening of this second quar-ter of the year and, many report, that they have continued this step up right along, as demand grows greater. The fact of the matter is that almost

The fact of the matter is that almost every factory has been enjoying great demand for its new products. In most cases production is behind demand and factories are scheduling shipments in an effort to meet requirements of their distributors. This speedy pace, it is now believed here, will not only continue for the balance of this quarter, "but even may," as one leading manufacturer here enthusiastically reported, "con-tinue for the balance of '55." Sales have stepped up to new rec-ords in some instances with some of the factories busier than they have

ever been before. Executives at these plants claim:

"This is due to the new products which have been introduced to the trade and the fact that these new ma-chines have clicked so big."

chines have clicked so big." Others claim that as distributors sell off later model used machines and are now buying at better prices, many operators have found that it pays them to trade in their older equip-ment at these higher prices, and re-place with entirely new machines.

"This," one well known sales man-ager stated, "seems to be the case in all the leading operating centers of the nation. Just notice the number of 'wanted-to-buy' ads that are now ap-pearing in your own pares of The Cash Box and you will, without doubt, agree to this bigger buying trend all over the nation."

over the nation." Regardless of the various reasons being given by factory execs for the speedy sales being enjoyed this second quarter, and the further fact that they optimistically look forward to such speed sales continuing for the rest of the year, the all-importan overall fact is that business has never been better.

At this week's meeting committee-men reported to Barney Sugerman, chairman, that sale of tickets has picked up considerably, but that res-ervations are coming in slowly. It was explained that the rush for tickets usually takes place shortly before the affair comes off, as many of the coin-men are not able to figure out just how many tickets they need. However, all report that there is

respected coinmen in the area, and they predict that the dinner will draw a record turnout.

CALL '55 "THE YEAR OF THE DIME"

Believe All Nation's Automatic Music and Games Will be Featuring Dime Play Before '55 is Over. Big Swing to Dime Play Started in '53 and Has **Been Gathering Momentum Every Day Everywhere in The Country.** Cuba and **Canada Following in the Footsteps of U.S.** Operators on Dime Play

CHICAGO — Operators are begin-ning to call 1955, "The year of the dime." Belief is that this year of 1955, more than any other, will probably see dime play established thruout the na-tion tion.

As one well known operator wrote this publication: "The Cash Box. is to be commended for an historical achievement.

"Perhaps not too many know how hard you people worked and how long you crusaded to get operators of music and games to see the light and to switch over to dime play for their own personal and profit benefit.

own personal and profit benefit. "As far as I'm concerned, I believe I was among the first to entertain the great suggestion you made and one of the first to change over to 1 play 10e and 3 plays 25e," he commented. Not only is dime play beginning to gather ever greater momentum and coming into being in city after city and state after state thruout this country, but what is even more im-pressive, it has now taken hold in

Cuba and also in Canada, where music and games operators are also chang-ing over to dime play, and finding that the peoples in their countries will insert a dime into their equipment as they did a pickel

they did a nickel. The new slogan of this publication, "Let's Get A Nickel A Play Again", has also caught on with many and, it is believed, has been responsible for these operators changing over to

Is believed, has been responsible for these operators changing over to dime play. As this publication pointed out when it coined this slogan, with the American dollar now reputed to be worth but 50ϕ in purchasing power, as compared to '39, according to the nation's economists, then the present dime's value is only 5 cents. Regard-less of the fact that the nation's op-ertaors are paying far over 300%more for supplies, parts, new ma-chines, and all other overhead ex-pense, the least that they can do to somehow conciliate this rise in over-head against intake is "get a nickel a play again" but change to the 1955 nickel—which is the Dime.

West Virginia Operators Plan **Change To Dime Play**

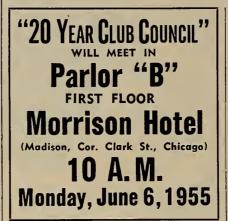

Biggest Gathering in All W. Virginia History At Charleston Meet. Name Planning Committee. Acclaim Bill Gersh of The Cash Box for Speech

CHARLESTON, W. VA.—Here in the beautiful Kanawha Valley of West CHARLESTON, W. VA.—Here in the beautiful Kanawha Valley of West Virginia, the state its natives call, "The Switzerland of America", the largest gathering of operators in the state's history met at the Daniel Boone Hotel, this city, on Thursday evening, May 12, to listen to Bill Gersh, publisher of The Cash Box, speak on dime play. "Not only was his speech enthusias-tically acclaimed by all present, but it resulted in the immediate formation of a "Planning Committee" for the West Virginia Music Merchants As-sociation composed of leading opera-tors from all over the state. The "Planning Committee" consists of J. A. Wallace, Oak Hill, W. Va., James K. Hutzler of Martinsburg, W. Va.; J. H. Kiser of Beckley, W. Va.; 'James Stevens of Clarksburg, W. Va.; 'Mitchell Oliver of Montgomery, W. Va. 'and L. W. Smith of Huntington, W. Va.

J. A. (Red) Wallace of Oak Hill made the trip to Chicago about a week prior to this big meeting and called on Bill Gersh at the Chicago offices of The Cash Box to ask him to speak to the West Virginia operators.
Wallace never believed that so large and enthusiastic a turnout would result. He called on the leading operators in the state to work with him in an effort to bring together as many of the state's operators as possible. The result was better than an 80 per cent turnout of all the known operators in the state.
It is believed by many here that J. A. Wallace will probably be proposed for the Presidency of the state organization after a managing director and a board is set up.
In the meantme, the operators who departed later that same evening and early the next day for their various homes thruout the state, did so with a feeling of confidence that they had

It is the unanimous hope and belief of the operators who came to this first big statewide meeting that dime play should have been placed into ef-gect in this state a long time ago. Operating conditions thruout the state are reported to be "very god" and the majority of the operators have been going along at a very grand pace. But many believe that they have not been earning any money at all with their music equipment, especially compared to other areas in the nation where dime play is now in effect. It is believed that the results of the first meeting of the "Planning Com-mittee' will, along with other im-portant news for the state's operators, contain the date and all material which will be necessary, recommending when

Time and place of the first convention of the "20 Year Club" will be up to those who will attend the meeting of the "20 Year Club Council." There are no officers. The entire membership will cast its vote after suggested places and times have been announced following the "20 Year Club Council" meeting.

The "20 Year Club Council" is also expected to arrange a complete program of events for the first annual "20 Year Club" convention. It will also suggest topics for discussions and will propose speakers. The "Council" is also expected to set up whatever financial arrangements will prove necessary to make the first conven-tion successful.

One subject that is sure to be brought up at this first meeting of the "20 Year Club Council" will be a "Junior's Club." This has been asked for by many in the industry who haven't yet reached the 20 year re-ouriement quirement.

Another suggestion which has been made is for the creation of various committees to handle the events that will be proposed for the "20 Year Club" convention. Heads of the com-mittees are expected to be named from among the "20 Year Club Council" membership.

Rosemary (Mrs. Paul) Huebsch is one of the busiest of us gals 'round our town. Not only has Rosemary just gone thru quite a seige with her little Patty who, just this past week, paid her last visit to the surgeon who operated on her ear, but, just picture this -between a collie puppy being housebroken and having to be fed like a baby, four children, and helping plan a brand new expansion to their present home (Paul bought the vacant property next to his Skokie home and left most of the planning and building up to you know who) and then her regular daily household routine-gosh, even I'm getting all worn out, just writing about this. THRU THE COIN CHU CALIFORNIA CLIPPIN

Although the tourist season is not expected to get under way until June, local coinmen seem to be in agreement that business has hit a new peak for this time of year. Operators report that collections are up considerably throughout Southern California. A wide array of new equipment at the distributors' showrooms has also sparked new sales activity. Summer resort areas along the beaches and surrounding mountain areas are offering many choice locations to coin-ops of all types of coin operated devices from amusement machines to drink and merchandising vendors. Most everyone feels that this summer will be the most profitable one yet for coinmen in the West.

NEWS TIDBITS :- Ed Levin, Chicago Coin director of sales, and his wife have been vacationing in Southern California. Phil Robinson, Western regional rep. for the firm, took them on a sight-seeing tour which included a weekend in Palm Springs, a tour of Knott's Berry Farm and jaunts to many other points of interest.

DISTRIBUTOR DOINGS :- Latest games and guns now displayed at West Pico establishments have aroused wide interest throughout the trade. MINTHORNE MUSIC COMPANY:-Three new games are now commanding the center of attention on the Minthorne showroom floor. They are Chicago Coin's "Bonus" Bowler and "Bulls Eye Big League" baseball game along with the Williams' "Sidewalk Engineer." . . . After commenting that his new baby dotter is doing fine, Hank Tronick, went on to explain that sales activity on both new and used games, bowlers and phonos had been moving along at a fast pace. (Kinda hard keeping your feet on the ground when your head is in the clouds eh papa Tronick!) . . . BADGER SALES COMPANY:-Tom Sams, field sales rep. for AMI, Incorporated, spent several days at the Badger showrooms last week. He visited with many San Diego operators while in the Southland and worked in the field with Don Ames. . . . The new Keeney "Speed-Lane" and "Palisades" Bowlers now on display are creating increasing interest among the operating fraternity. . . . Bill Happel recently spent a few days in Catalina conferring with Jack Guin, Avalon arcade owner and operator. . Fred Gaunt says that he has been writing up so much business lately that he needs an extra office girl to handle all the paper work. . . . Latest visitor from abroad to visit at Badger Sales was Jules Fisher, AMI distributor in Berthams, South Africa. . . . C. A. ROBINSON & CO .:- Charley Robinson announced last week that he has taken over Southern California distribution of Bert Lane's "Golf-O-Mat." He set up a battery of five "Golf-o-Mats" at Pico and Overland and appointed Ray Powers as manager and sales rep. for the game. The golf range has caused a lot of excitement in the trade and operators are now checking over all the amusement parks looking for choice locations for the "Golf-O-Matt." ... PAUL A. LAYMON CO.: ... Paul and Lucille Laymon recently paid a short visit to Las Vegas to see the sights of this booming Desert metropolis. . . . Jimmy Wilkens and his family attended the Galesburg, Ill., picnic which was held in San Bernardino, May 15. There they had an enjoyable time visiting with friends from their home town. It was estimated that over 300 emigrants from Galesburg attended the gathering. . . . Ed Wilkes and Charley Daniels expressed the general business conditions all along coin-row when they stated, "It's booming around here."

OPS JOTS :- Herbert Lightman has purchased The San Joaquin Music Company in Kern County. He has appointed Bill Shaefer, former owner of the vast operation, as general manager along with Pete King who will act as vice-president in charge of the route. . . Operators from Long Beach turned out in force last week. Seen along Pico from this beach city were Johnny Ketchersid, Bill Thompson, Charley Calhoun and Orville Kendig. ... Perry Irwin drove down from Ventura along with Phil Calhoun from Bakersfield. . . . Mr. and Mrs. Kenneth Riedel trekked in from Fontana. . . . I. V. Gayer, San Bernardino, also made another of his periodic jaunts into town to purchase new equipment. . . . J. D. McGehee came in from La Verne to shop along the Pico strip and see all the new games on display. . . . Lloyd Barrett and S. L. Griffin both were in town from Pomona.

COINROW CHATTER:-The nation-wide move toward dime play is gaining momentum. Latest cities to make the switch are New Orleans and South Bend, Ind. LA operators are watching these new developments with keen interest. It's rumored that a major plan will soon be presented to coinmen throughout the area in an effort to make the conversion 100%.... The fact that music operators are more careful about their programming is undoubtedly the reason that collections have been so high the past few weeks. Both Sam Ricklin of California Music Company and Mary and Kay Solle at Leuenhagen's Record Bar, this city's two leading one-stops, report that coin-ops are more on the lookout than ever before for hot money making tunes that will garner the most plays possible.

Many operators and their wives are already making plans to attend the gala California Music Merchants 22nd Anniversary celebration in Oakland, June 4. A floor show and banquet will be held with many recording stars participating in the event. City, county and state officials will also attend as honored guests. Affair will be held at the Leamington Hotel. ... Al Hanlin, LA op, dropped in along coinrow last week. It was the first time in a long while that he had visited along the row. Al relates that business has been very good for him the past several months. . . . Hymie Rosenberg and Al Shifrin are most happy the way that their game conversions are being accepted by the operators.

No. 1 To Guess "13"

BOB GNARRO

CHICAGO — Robert E. (Bob) Gnarro of A.B.C. Music Service Corporation, 5915 West Grand Avenue, this city, one of the most outstanding music merchants in the Midwest, was No. 1 to guess "13".

The moment the May 21 issue of The Cash Box reached his desk, early Monday morning, Bob instantly guessed that the "teaser ads" featuring the number "13", meant The Cash Box' 13th Anniversary Issue.

He phoned The Cash Box offices here and asked, "Will I, again, be the very first to place an ad in the 13th Anniversary issue?"

Naturally the answer was, "Yes". So Bob Gnarro and his music operating ABC Music Service Corporation placed the very first, the No. 1 ad, for the 13th Anniversary Issue of The Cash Box.

Appeals To Ops For Patience

CHICAGO—"It is my sincere hope that all the music operators who have sent orders to our factory thru their various distributors for our new model '1448' automatic phonograph will grant us the virtue of a little more patience", stated David C. Rockola, president of Rock-Ola Manufacturing Corporation, this city, this past week.

DAVID C. ROCKOLA

According to Rockola, orders have flooded into the factory at such a rate that the backlog has grown ever greater, to such a point the big Rock-Ola plant here is actually scheduling model "1448" shipments on a prorata basis.

"But", said Rockola, "we have already stepped up our production, and are continuing to step it up each day so that, within a very short time, we shall be able to catch up with the large backlog of orders we now have and those orders flooding into our factory each day.

"We beg a little patience from all operators at this time as our engineers step up production schedules."

to the trade." He also said, "With the new organ-ization which we have created we feel that the one and only way to assure the operators thruout the nation the correct products, or to express it in their own statements, 'The kind of equipment we want and need', was to send our men out into the field to learn just what it was the operators wanted and needed.

"The results are truly amazing. Our surveys read entirely different from what our original thoughts might have

been regarding what operators wanted out in the trade. "These surveys are, therefore, be-coming the basis for all of our new products. They will bring the oper-ators just what they asked for when we contacted them." Also impressive is the fact, accord-ing to Frank Mencuri, that the Ex-

ing to Frank Mencuri, that the Ex-hibit factory has been adding to its engineering staff and is continuing to add more engineers and production

experts. "It is our plan", Mencuri stated, "to do everything that is possible, from the standpoint of manufacturing skills and processes to bring to the nation's operators the greatest products in our over fifty years of manufacturing ex-perience."

For Week-End Reservations For N.Y. State Ops Banquet Phone Mrs. Bill McCarthy

HURLYVILLE, N. Y.—Mrs. Bill McCarthy phoned to tell The Cash Box this week that coinmen who intend to spend the week-end at the Concord Hotel, following the Thursday night banquet of the New York State Operators Guild, should contact her immediately by phone or letter, otherwise the hotel will not be able to accommodate them. Those who wish to stay over the Thursday night will be taken care of, but others who intend to stay on lon er should phone Mrs. McCarthy at Hurlyville 284, or write to her at the Catskill Amusement Com-pany, Hurlyville, N. Y.—immedi-ately. ately.

Williams Delivers New 5-Ball

CHICAGO - Concurrently in production with "Race The Clock", "King Of Swat" and "Sidewalk Engineer", J. A. (Art) Weinand, sales manager of Williams Manufacturing Company, this city, announced this past week:

"We are starting to deliver our new, single-player novelty five-ball, 'Wonderland' "

Anyone now phoning to Weinand to ask him how he feels, gets this answer, "Wonderland".

Then Art takes time out to explain just what he meant by that statement. "And the result is", he explains, "that not only does it bring a chuckle, but," he adds, "it also brings in another order." The "Wonderland" five-ball follows

up the success the firm enjoyed on its last novelty single-player game, "Peter Pan".

"This new game", Weinand explained, "is probably one of the most beautiful to ever come out of our factory.

"It is colorful. It is attractively screened. It is well designed. It has been extensively tested. 'Wonderland' has all the features that novelty pinball ops are asking for at this time.

"In my estimation", he continued, "any operator who is interested in a novelty five-ball game, and who will visit any one of our distributors and play the 'Wonderland' just once, will agree that it's a wonderful game for him from every standpoint.

"Shipments", he said, "have gone out to every one of our distributors. Operators will find the new 'Wonderland' on display for them to test in any fashion they desire at the showrooms of our factory distributors."

T. W. Hughs, S. & H. Novelty Co., Shreveport, reports sales holding up real well, and that ops like Keeney's new "Speed Lane" bowler. . . . Martin Tortorich, Baton Rouge, so busy he can't take time off to make a visit to New Orleans, where he wants to see Nick Carabajal. . . . Lester Bloomenstiel, Baton Rouge Cigarette Service, Baton Rouge, particularly busy since he lost his right hand man, Fred Mathews, who was moved up to manager of all candy vendors, since Canteen took over. . . . Jack Bryant, national supervisor for Canteen, who has been in Baton Rouge since March 14, reports that Pierre C. Barrios and Boyd Baun of Holiday House have been contracted to service all the vendors except cigarette and candy. . . . Tommy Isbell, St. Lanry Novelty, Opelousas, reports business good. . . . Fred Billow, Eunice, doing a great renovation job on his building.... Tom George, Crowley, and his boys working overtime to take care of the route.... Earl Johns, Crowley, reported down in the Bayou country. . . . Jack Hammons, recording artist, Monroe, La., says he had a letter from Starday Recording Co., advising that they were releasing a new one, "That's The Way To Fall In Love" on June 20. Hammons reports that the "Tall Texan," Merle Kilgore, who wrote "More And More," joined up at radio station KBSF, and will broadcast from 12 to 3 P. M. . . . Jiffy Fowler and Sig Lett, Monroe, trading in their old phonos for new ones. Sig states they will have nearly all their spots covered with new machines before the month ends. . . . Over at Delta Automatic Music, Monroe, we caught M. G. Ward busy repairing an old phono wanted by some location. L. D. Etheridge, rep from F. A. B., New Orleans, visited Ward. . . . Ran into Billy Barrett of Lafayette, who was visiting here. . . . Bobby Jetters, McQueen Music, Alexandria, busy and claims biz good.... Dick Simmon, Alexandria, happy he was able to take over one of the best spots in town.

The annual banquet of the Westchester Operators Guild is history—and a very pleasant memory. We are now getting ready to enjoy two more functions within the next several weeks. Next on the agenda is the annual affair of the New York State Operators Association, which takes place at the Concord Hotel on Thursday night, June 9. Jack Wilson and Tom Gobel, committee workers, advise that they've received a large number of reservations, particularly from out-of-towners who expect to spend a week-end at this outstanding country resort hotel. Then a few days later, on Wednesday night, June 15, the entire industry here will honor Joe Young at a UJA Testimonial Dinner. Barney Sugerman, chairman of the event, advises that while reservations are coming in steadily, there should be a rapid increase as the time draws near for the dinner, as the UJA dinners in the past have always drawn tremendous crowds —and Young, one of the most popular coinmen here, will be properly honored. As usual, many out-of-town visitors will be at the Young dinner. And—plenty of top recording artists.

Rains that are coming in the form of flash floods in and around these parts for the past week or two have business slowed down a bit. Guess everyone is waiting and will be in promptly after the rains stop. . . . Operators that have been in, however, report business good all around. . . . 10c play is doing real well and everyone is thrilled over the happening. . . . Sam Sancetta of Marlin was in this past week sporting a new Buick. He reports business good down his way. . . . M. T. Cornelius of Abilene was in Dallas this week on a shopping . G. C. Ormand and Jimmy Garrett of Longview were by the S. H. tour. . Lynch Company this week getting their business done. Jimmy was in a hurry to get back home and go fishing. We hear that he is having wonderful luck catching cat fish. . . . Char'ie Nowell of B & B Vending went fishing in a lake near Mineola and caught a 71/2 pound black bass. . . . Fabor Robinson, the man that has made such a hit with the De Castro Sisters in "Boom, Boomerang" was in Dallas this week. . . . Helen Hall, the Coral recording artist, is improving in Methodist Hospital after the car accident that she was in last week. We hope that she will be fully recovered soon. . . . Mrs. Gunter Gabrie'son, wife of the Seeburg representative, underwent a major operation last week-and is reported doing fine. . . . The Dewey Parsons are vacationing in Birmingham, Alabama, this week.

Interest continues to grow ever greater in the forthcoming "20 Year Club Council" meeting to be held at the Morrison Hotel, Monday, June 6 at 10 A. M. in Parlor "B." Recommended for those who are reading this if, by any chance, you have lost or mislaid your membership card in the "20 Year Club," immediately apply for a new one. . . . West Virginia's ops showed up in the biggest gathering in the state's history to discuss dime play. This simply stunned outstanding coinmen who never even dreamt that so many would attend. Much credit to J. A. (Red) Wallace for making a trip to Chi to bring in speaker for this meet. The "Planning Committee" composed of J. A. Wallace, Bill Anderson, Jim Stevens, Mitch Oliver, L. W. Smith and James K. Hutzler absolutely tops. . . . The Chicago Automatic Phonograph Bowling League banquet will be reported in the next issue of this publication. This banquet was a complete sellout within one week of announcement. In fact, tickets weren't as yet printed, and the entire house was sold out.

"First one phone and then the next," is the way Ralph Sheffield described business at Genco and further stated, "We're snowed under with orders." Ralph grabs for one phone and Avron Gensburg for the other, and both boys madly scribbling orders on pads of paper for their "Sky Rocket" rifle gallery. . . Paul Huebsch of Keeney practically talking to two towns at one and the same time. Billy Coan with Bill Miller in Grand Rapids and with Dan Evans in Detroit working out Keeney "De Luxe Hot Coffee" Vendor setup. . . . Sure sorry to hear Roy McGinnis down with a bursitis attack this past week. . Frank Mencuri advising that he, Sam Lewis and Ed Hall checking over big survey and have been surprised at just what ops demand. "Our new products," Frank reports, "will tie right in with the operators' own demands." . . . With Ed Levin out until June 1, Sam Wolberg on phones all day long, "And," as Sam says, "so busy I haven't even time to discuss a million and one things I've been trying to complete." Three great products on production lines at Chicago Coin are keeping this factory busier than it has ever been. And that's saving but plenty.

Anyone who phoned Art Weinand this past week to ask, "How're y'feelin', ?" got this answer, "Wonderland." (That's the new Williams single Art?" player five-ball and Art reports it's taken off like a jet plane in sales.) In addition the firm has three other products on its production lines at the same time, "Race The Clock," "King Of Swat" and "Sidewalk Engineer." . . . Jack Nelson just back from a tour of the east. Stopped in to say "hello" to Bob Jones at Redd Distribs, Boston, and learned that Bob's parents enjoying a European vacation. In the meantime, Bob planning a terrific surprise for them, Jack advises. He's building them a new home while they're away. . . . David C. Rockola was forced to issue a statement this past week asking everyone who sent orders in on the new Model "1448" phono to "have just a little bit of patience as we step up production to a new record high mark." Rock-Ola plant working like beavers to meet the orders that are flooding in for this brand new phono.

Al Baumgarth of Seeburg calls to tell us all about how the firm entertained one of its great staff who's been with Seeburg for 40 years. . . . Wayne Bradfield all thrilled as he shows letters and wires where the new Rock-Ola will appear in movies, TV shows, etc. . . . Bill O'Donnell of Bally sitting with two appear in movies, TV shows, etc. . . Bill O'Donnell of Bally sitting with two top distribs this past week, Bill Marmer of Cincinnati and Ray F. Jones of San Francisco. Said Bill, "Bally distribs are the tops." . . . Alvin Gottlieb absolutely thrilled at the terrific reception the firm's four-player "Jubilee" getting from the trade. Said Alvin, "Multiple play pinballs have proven their worth to both operators and players." Also advised, "We're getting compli-ments all day long on our new 'Jubilee'." . . . George Kozy of ABT claims that the firm just simply has to somehow build up a stock on hand, "But," he says, "I don't know how we're ever going to do it the way orders keep flooding in all day long." . . . Bumped smack into Eddie Ginsburg at the airport. Eddie flying down to Louisville to look over a little mare. (We mean a horse.) . . . Vince Shay claims, "One of the very first things I'm going to propose at the '20 Year Club Council' meeting is a pension for all the old timers." Wally Finke and Joe Kline phoned to advise, "April, 1955, has been the

20 Year Club Council' meeting is a pension for all the old timers." Wally Finke and Joe Kline phoned to advise, "April, 1955, has been the biggest business month in all the history of our firm." First C. M. Exchange is now 5½ years old and the business the boys did this past month superseded anything they had ever done since they started. . . . New twist for ops who are interested is the leasing service for all new games out of Rock Island. Firm will work with any operator within a 500-mile radius. . . C. A. (Shorty) Culp of Oklahoma City put it this way this past week, "I've got gas on my stomach and oil on my hair," when discussing the new Oklahoma wells just discovered for natural gas and oil. . . . Sincerest condolences to C. N. (Mac) McMurdie who, on his arrival here in Chicago with R. F. Jones after their European trip, was advised that his father had just passed away and imme-diately flew on to California. . . . Joe and Eloise Mangone of Miami advise that they will be in Chicago on June 16 to visit around with their many friends here. they here.

here. Harold Lieberman in possession of a 20-year-old pinball picture showing, of all people, Skeets Gallagher, Ben Lyon and Bebe Daniels. Harold's trying to get it published by Minneapolis' press. . . Bill Kelly of Tulsa, Oklahoma in town and all hepped up over the Keeney Hot Coffee Vendor. Bill tells us, "Everyone in our part of the world reads 'The Cash Box' religiously." (Thanks for them there kind words, Bill.) . . . Nate Finstein and champ golfer, Harold Schwartz, all smiles this past week when discussing the terrific business Atlas Music is doing. . . . Stan Levin issues a challenge to us to "C'mon out and try to play golf with me and Vince Shay." . . . Ted Rubenstein of Marvel reports that production being stepped up each and every day. . . . The whole bunch at World Wide, Al Stern, Joel Stern, Len Micon and Fred Skor, all mighty thrilled with business they're doing. . . . Joe Robbins made a very important announce-ment this past week. "From now on," he stated, "I want everyone in the industry to know that Jerry Bremner has been appointed 'official phonotogra-pher' for Empire Coin Machine Exchange." And in addition to all the other products on the big United production lines, Bill advises, "We're just working harder than ever before." Reports received indicate that, in some cases, purchasers become upset due to the fact that they can rot, many times, buy equipment listed in the lower price brackets. Sometimes sellers of machines listed at from \$10.00 to \$25.00 ask from \$50.00 up to \$75.00 and even more for these very same machines. Purchasers of such equipment must realize that machines in the very low priced categories are buying equipment which is much worn to be priced at these low figures. To completely recondition such machines, the reconditioner must add onto his price the cost of ransportation to obtain these machines, in each chines, plus the cost of cartons, crates and labor for packing and shipping of the machines, in addition to a decent profit which will, in most cases, raise the \$50.00 to \$75.00 and up. In the case of arcade and kiddie ride machines these may even be higher due to the fact that many of the parts have to be made by hand or contracted for at some machinist shop, since and kiddle rides are no longer in business, and it is impossible to obtain parts for reconditioning. Purchasers of such equipment should take these facts into consideration and, at the same time, should also reatize that many by wers today have their own repair and reconditioning departments as well as experienced mechanics. These buyers will purchase machines "as is" at prices quoted by the trade at large and recondition the machines themselves to meet their own operating standards.

The Truest High Fidelity Sound Ever Achieved on any Automatic Phonograph

Wurlitzer's Improved Dynatone Sound System Offers More Speaker Cone Area Than Any Other Juke Box.

Even though the Wurlitzer 1800 has three 12-inch bass woofers and a treble tweeter to hit those high notes, it proves that true Hi-Fi is not just the number of speakers but the perfect *balance* between pick-up, amplifier, baffle and speaker capacity.

The Wurlitzer 1800 HAS this balance.
