GREATEST CHRISTMAS EVER!

The record business has just experienced the biggest Christmas in its history. From every area have come reports that dealers and distributors sold all the records they could get hold of.

This huge amount of business encompassed all the record fields, pop, rhythm and blues, country, jazz, singles and packaged goods. Everything sold—and sold well. Moreover almost every company participated in the huge business. There was no one hit that took the great amount of sales. Rather it was divided among all the records currently on the market and the general result was a happy one for everybody concerned.

There was only one sour note in the entire Christmas business and that was in Christmas records themselves. Only one song made it this year, "Nuttin' For Christmas". The others fell by the wayside. And yet there were dozens of new Christmas tunes recorded by the top stars in our business which made no noise at all because essentially they didn't have a chance.

Each year, for the past several years, the starting date for playing Christmas records has moved up further and further so that by now Christmas tunes are seldom heard on the air before December 1 and in some cases not until even later. Naturally this is a tremendous deterrent to the creation of Christmas hits. We have heard several artists say that they would no longer record Christmas tunes because they just don't have a chance of making hits of them. It's rare that any record becomes a hit in just two weeks, but for Christmas records that's just what has to happen. Moreover a Christmas record stops selling for the most part after December 25, so that not only does it have to become a hit in two weeks but it has to sell enough to make the whole venture profitable. Under current conditions this is almost impossible unless some unusual occurrence takes place.

We do not agree with disk jockeys who feel their public does not want to hear Christmas tunes too early. We think that properly presented, these tunes could certainly be played even a week or two before Thanksgiving. Starting to play them then would at least give a Christmas record an even chance. We would hear much less of artists and companies wanting to quit making holiday records.

Next year, we think disk jockeys should make it a point to start their holiday play early enough to give those records a real opportunity of being exposed. After all, every other type of record participated in the generally prosperous Christmas this year. It seems somewhat unfair that Christmas records should have been the one area in the record business that didn't get the chance.

BILL HALEY & HIS COMETS

• 1955 will be a year the Four Lads will remember. For it was in July of '55 that they introduced "Moments To Remember"—the biggest record of the group's career

s29; 4-40629) and one of the top records of the year. As "Moments" continues its fabulous run over the counters, Columbia issues a new 4 Lads re-lease penned by the authors of "Moments," Robert Allen and Al Stillman. It's another brilliant ro-mantic ballad superbly executed by the exciting voices of the crew. The melody, lyrics, arrangement and delivery are all outstanding. Allen deserves special credit for the en-chanting musical obbligato in the orchestral chorus. It's as beautiful as any we've ever heard. Looks like two in a row for the boys. The coupling is another classy romantic offering "I'll Never Know." A dreamy two-sider for love birds. Top deck should be a tremendous hit. hit.

SONS OF THE PIONEERS (RCA Victor 20-6376; 47-6376)

B "THE LAST FRONTIER" (2:23) Washington, Lee] The title tune from a forthcoming Columbia pic is smoothly executed by the Sons of the Pioneers. Delightful number with that western, outdoor flavor. Pretty stuff. Could catch on Could catch on.

B "IF YOU'RE EVER GONNA LEAVE ME" (2:05) [Roxbury ASCAP—Feller, Maister, Neiburg] The Baker Sisters make their debut on the Unique label with a cute and commercial ditty set to an up-beat. Girls have a good sound and a strong piece of material to work with. Could catch on catch on.

B "THE LAST BUS HOME" (2:35) [Hometown ASCAP — Gordon, Kardon] Another pleasant rhythm bal-lad smoothly styled by the thrushes. Has the earmarks of a strong coin catcher. Two solid sides by the girls. Watch this half too.

GLORIA BECKER (Real 1304; 45-1304)

B "SIXTEEN POUNDS" (2:25) [American BMI—Travis, Guer-rero] With "16 Tons" sittin' atop the charts, parodies are in order. Gloria Becker sings "16 Pounds," the house-wives' lament version of the tune. Humorous side with a cute set of lyrics. Should get laughs and coin.

Guerrero] A pretty romantic ballad set to a Latin tempo.

ANDY SHEPPARD (Cadillac 180; 45-180)

B "BECAUSE I KNOW" (2:55) [Riviera BMI—Bond] The mellow voice of Andy Sheppard comes over beautifully on this tender romantic ballad that could make the grade if it gets sufficient exposure. Pretty side.

G "ALL MINE" (2:55) [Riviera BMI-Bond, Culbreth] Another sincere reading of a pretty love affair. Crooner has a wonderful feeling for a ballad.

BONNIE LOU (King 1506; 45-1506)

(King 1506; 45-1506) "MISS THE LOVE (That I've Been Dreaming Of)" (2:15) [Jay & Cee BMI—Glover] Bonnie Lou, cur-rently riding high with "Daddy-O," has a potent follow-up disk in this catchy bounce novelty originally from the rock and roll catalog. Clever ar-rangement of a terrific novelty that could be a big hit.

B "BARNYARD HOP" (2:25) [Ar-nel ASCAP — Polesi, Arden, Harper] The multiple voice gimmick is effectively employed on this catchy, cornball bouncer with a country flavor. Cute offering.

BILL HALEY

• The swinging Mr. Haley has broken the charts with every disk

issued on Decca. And it looks as though he'll have another smash with his latest release "See You Later, Alligator." It's a terrific jolter in the true Haley tradition, and it drives right from the first note right thru to the very last. A powerful piece of dance material that'll have the teen-agers hopping. One of Haley's best pop renditions of a rhythm and blues tune. Looks like a big one. The lower lid is an-other potent rhythm ditty tagged "The Paper Boy." Haley is a co-author on this side. Watch the up-per portion. Should break fast.

CRY ME A RIVER; I SHOULD CARE; I'M IN THE MOOD FOR LOVE; I'M GLAD THERE IS YOU; CAN'T HELP LOVIN' THAT MAN; I LOVE YOU; SAY IT ISN'T SO; IT NEVER ENTERED MY MIND; EASY STREET; S'WONDERFUL; NO MOON AT ALL; LAURA; GONE WITH THE WIND.

MIND; EASY STREET, S'WONDERFUL; NO MOON AT ALL; LAURA, GONE WITH THE WIND. Julie London, in a rather short period, has become the most promising new female vocalist. Her first recording hit, "Cry Me A River," is still solidly placed on the charts. This set represents her initial LP entry; the set is already flying high on the charts. Combining more than a generous amount of a sultry, sexy, and sophisticated delivery Julie's gonna continue her rapid rise. The material she works with on the disk seemed to have been picked with particular care in regard to Miss London's voice. Her numbers, with the ex-ception of "S'Wonderful," have a slow almost torchy tempo. It's interesting to note that "Cry Me A River," the newest piece, is completely at home with the other twelve standards. It'll become a solid favorite. Julie London is wel-come in the pop-jazz field. Striking 4 color portrait of Julie plus excellent recordings make this LP a sure sensation. Julie has a natural jazz sound that in time will establish her as a top wax name.

"JOHNNIE RAY"—Epic LN 1120 (1-10" LP) CRY; TELL THE LADY I SAID GOODBYE; WHISKEY AND GIN; THE LITTLE WHITE CLOUD THAT CRIED; GIVE ME TIME; OUT IN THE COLD AGAIN.

About five years ago a young singer with a startling, vocal delivery zoomed to the top of the pop recording heap. When Johnnie Ray sung he seemed (and probably was) emotionally involved in his material. While his later recordings are a bit more subdued, Johnnie is still a top-flight night club, film, and TV entertainer. Epic has re-issued six of his earlier platters. Two of the pieces include the big ones, "Cry," and "The Little White Cloud That Cried." The other selections also show Johnnie's dramatic delivery at its best. Ray's newer fans should greatly appreciate this economy buy.

"INVITATION TO THE DANCE"—Music From the MGM Picture—MGM E 3207 (1-12" LP)

When "Invitation To The Dance" is released, the public will settle back for something that is different as far as film musicals are concerned. The "plot" will be divided into two stories, "The Circus" and "Ring Around The Rosy." There will be no dialogue, just dancing. And with Gene Kelly starring who needs dialogue? Two original movie scores have been composed by the famed French composer Ibert ("Escales") and U.S. composer-pianist Andre Previn. The latter wrote "The Ring Around The Rosy" sequence and the former the "Circus" section. Both are highly imaginative and clever works. They seem to give Kelly and his partners a wide range for dance interpretations. Sales should soar when the public soaks in the film.

"THE ENCHANTING CHA CHA CHA & MAMBO"—Carlos Molina And His Music Of The Americas—Sunset LP-300 (1-12" LP) mi Nuevo Cha-cha-cha; bailando cha-cha-cha; la virgen de la macarena; green eyes; un viejo amor; temptation; kissing mambo; jarabe tapatio cha-cha-cha; lamento gitano; second rhapsody; guageo en dominante; morenita mia.

LAMENTO GITANO; SECOND RHAPSODY; GUAGEO EN DOMINANTE; MORENITA MIA. Ever since Latin American rhythm struck our shores like lightning it has continually been providing the younger set with fascinating new dance tempos. The latest craze, of course, is the cha-cha-cha. Carlos Molina, who has been providing the U.S. with Latin American music since 1923, comes across with one of the best cha-cha disks a teenager can get his hands on. The set is brightly filled with the incessant beat of the cha-cha rhythm and the orchestral ornamentation that accompanies that beat. The material is drawn from such extremes so that it includes Liszt's familiar "Second Rhapsody." Some selec-tions are devoted to the cha-cha's predecessor, the mambo. The cover photo is a knockout. Great sound too. Strong sales potential to dance enthusiasts.

"SILENT MOVIE MUSIC"—Jack Shaindlin, piano and rhythm accompaniment —Coral CRL 57024 (1-12") FOLLOW THAT CAR; FORGET-ME-NOTS; FORECLOSURE; PIE IN THE FACE; KRAZY KAT; LIFE OF THE PARTY; HEAD 'EM OFF AT THE PASS; A TRUE BLUE HEART; RUSTLERS; KEYSTONE CAPERS; I'D LIKE TO HEAR THAT OLD QUARTET; SWEET MARIE.

CAPERS, I'D LIKE TO HEAR THAT OLD QUARIET, SWEET MARIE. Background music has always greatly added to the dramatic intensity of a melodrama or the hilarious nonsense of a slap-stick comedy. When movies didn't talk (remember?) the importance of appropriate musical scores was almost a necessity. "Silent Movie Music" turns out to be one of the most unusual and nostalgic disks to hit the recording scene since the silent film "East Lynne" had both the meek and strong crying unashamedly in the aisles. The selections are broken down into the well-known cliches that we associate with silent movie dialogue. For instance there's "Follow That Car," "Life Of The Party," and the cry of any cowboy flicker, "Head 'Em Off At The Pass." Jack Shaindlin, the composer of 9 of the pieces, and the Illustrated Slides Quartet capture the flavor of a bygone era with astonishing authenticity. For each tune comic Henry Morgan has written a tongue-in-cheek description of what each tune means to him. For novelty and nostalgia the disk fills the bill quite well, indeed.

"MOONGLOW AND MUSIC"—David Whitehall and His Orchestra featuring the Compositions and Arrangements of Domenico Savino—Camden CAL 271 (1-12")

SWEET AND LOVELY; MAGIC OF THE TANGO; OUR WALTZ; CAPRICE TARANTELLA; WALTZING IN VIENNA; BLUE NOCTURNE; ELAINE; MOONGLOW AND MUSIC; ROMANCE; HOLIDAY PARADE; DEEP PURPLE; IN THE ARENA; MUSIC UNDER THE STARS; PAVANE.

Camden has a better than average offering with a very pleasing mood music entry. The music is a collection of soft, drifting and dreaming melodies. Most of the pieces, with the exception of "Our Waltz," "Sweet And Lovely," "Pavane" and "Deep Purple," are not well-known. But they're perfectly suited to waltz arrangements that arranger (and composer of many of the set's selections) Domenico Savino has given them. David Whitehall leads a competent full orchestra. Excellent economy-priced package.

"THE MARINERS SING SPIRITUALS"—Cadence CLP 1008 (1-12" LP) GOOD NEWS; NOBODY KNOWS THE TROUBLE I SEE; HAND ME DOWN; GIT ON BOARD; STEAL AWAY; THE OLD ARKS A'MOVERIN'; LET US BREAK BREAD TOGETHER; ON THAT GREAT GETTIN' UP MORNIN'; EZEXIEL SAW THE WHEEL; SWING LOW, SWEET CHARIOT; OH MARY DON'T YOU WEEP; DRY BONES; WERE YOU THERE?; CLIMIN' UP THE MOUNTAIN, CHILDREN; LIVE HUMBLE; NO HIDIN' PLACE. Negro spirituals have often been referred to as the basis of America's gift to music, jazz. We may neglect the fact they are a people's unique way of expressing that they believe in God. This is true whether the spiritual is hymn-like or if it bounces around. The familiar group, the Mariners, are perfect for the rendering of all spirituals, fast or slow. Thus their latest LP features a notable variety of spiritual tempos that should put the boys in higher regard as far as sacred music is concerned. Their fame should increase the set's market. set's market.

"LYRICS BY LERNER"—Featuring Kaye Ballard and Billy Taylor—Music by Kurt Weill and Frederick Loewe—Heritage H-0060 (1-12")
ALMOST LIKE BEING IN LOVE; LOVE SONG; A JUG OF WINE; ECONOMICS, THERE BUT FOR YOU GO I; LOVE OF MY LIFE; HERE I'LL STAY; WANDERIN' STAR; GREEN UP TIME; PROGRESS; SUSAN'S DREAM; HEATHER ON THE HILL; | TALK TO THE TREES; MR. RIGHT.
It is not often that a writer of show music lyrics is honored with a special album of songs containing his words. Alan Jay Lerner has some of Schubert Row's brightest lyrics to his credit. Coupled with Lerner's lyrics is the music of two of Broadway's more creative composers, the late Kurt Weill and Frederick Loewe. The most familiar show for which Lerner wrote the lyrics was "Brigadoon." The four selections from the musical show Lerner's knack of writing charming, sentimental lyrics. The songs he wrote with Weill display the lyricist at his wittiest. This is particularly true in the satirical "Progress." The performers, Lerner himself and Kay Ballard, sing warmly and with sincerity. They are devilishly clever on the novelty numbers.

JAZZ

"THE FIREHOUSE FIVE STORY"—The Fire House 5 plus 2—Good Time Jazz GTJ-Set B—(3-12" LP) What started out as a private and intimate group of jazz musicians whose professional lives were devoted to the Walt Disney Studios, quickly became one of America's top exponents of jazz music with the steady Dixieland beat. "The Firehouse Five Story" is a collection of three LP's containing thirty-six selections of the most uninhibited and spontaneous New Orleans jazz crafts-manship you're apt to find anywhere. All the selections are oldies that are just about what one could term American "folk music." The Boys create a marvelous rumpus with some great individual and collective jazz artistry. Superb hi-fi sound. The set's a release that Dixieland fans will find right up their alley. Bound in a special package, the set makes a wonderful gift.

"ELLIOT LAWRENCE PLAYS GERRY MULLIGAN ARRANGEMENTS"— Fantasy 3-206 (1-12" LP) THE ROCKER, BYE BYE BLACKBIRD; HAPPY HOOLIGAN; MULLENIUM; MY SILENT LOVE; BWEEBIA BWOBBIDA; STRIKE UP THE BAND; APPLE CORE; ELEGY FOR TWO CLARINETS; THE SWINGING DOOR; BUT NOT FOR ME; MR. PRESIDENT.
Elliot Lawrence and his band, plus the bright, swinging arrangements of Gerry Mulligan, account for an extra-special new jazz disk. Both men have individual jazz talents in their respective capacity as orchestra leader and arranger. And when the two are combined the resulting blend is swing at its best. Seven of the platter's pieces were composed by Mulligan himself. The others range from the blaring tempo of Gershwin's "Strike Up The Band" to his more sentimental number "But Not For Me." A well-rounded jazz entry. Reliable hi-fi sound. Selling possibilities enhanced by the reputations of Lawrence and Mulligan.

Lawrence and Mulligan.
"SOUNDS IMPOSSIBLE"—Douglas Duke—Herald HLP 0102 (1-12") BLUE MOON; EVERYTHING I HAVE IS YOURS; NINA NEVER KNEW; IF LOVE IS GOOD TO ME; DON'T GET AROUND MUCH ANYMORE; MOONGLOW; TRY A LITTLE TENDERNESS; TENDERLY; IDLE GOSSIP; OLD DEVIL MOON; I CAN'T GET STARTED WITH YOU.
Douglas Duke takes jazz into his own hands when, instead of trodding an already beaten path, he makes a few impressions of his own. For instance he is capable, with an organ, of reproducing the sounds of the french horn and flute. The result is some mighty original and unusual jazz sounds that ought to catch the wide-eyed attention of jazz fans. Most of the music seems to convey the sounds you hear when pressing a sea shell next to your ear. Deep and mysterious. Here and there you'll find a smattering of "conventional" jazz artistry. His material is derived from reliable standards. Good item for the curious and exploring jazz followers.

"IT MIGHT AS WELL BE SWING"-Sol Yaged, His Clarinet And His Quintet -Herald HLP 0103 (1-12") YACHT CLUB SWING; EASY LIVING; LOVE ME OR LEAVE ME; I'LL NEVER BE THE SAME; IT MIGHT AS WELL BE SWING; AUF WEIDERSEHEN MY DEAR; LULU'S BACK IN TOWN; AFTER YOU'VE GONE.

YOU'VE GONE. In the forthcoming "The Benny Goodman Story," Steve Allen's manipulation of the clarinet will be the result of a series of lessons under the guidance of Sol. Yaged. In this release Yaged provides many pleasant moments with top-drawer clarinet solos in the good old swing style. The quintet backs Sol with some expert accompaniment. Ken Kersey at the keyboard is particularly attractive. With this swingable material the set should have nostalgia work-ing overtime. Excellent sound. Eye-catching cover. Good jazz entry.

CLASSICAL

MENDELSOHN: Concerto In E Minor For Violin And Orchestra Op 64— Arthur Grumiaux, Violin, with Rudolph Moralt conducting the Vienna Sym-phony Orchestra—DVORAK: Concerto In A Minor For Violin And Orchestra, Op 53—Thomas Magyar, Violin, with Wilhelm Loibner conducting the Vienna Symphony Orchestra—Epic LC 3173 (1-12" LP) Of the two works presented on the disk Mendelsohn's "Concerto In E Minor" holds a distinct edge in popularity and the number of recordings available. It is an enchanting work full of lyrical passages and a beautiful melodic theme. It's performed with crystal clarity by violinist Arthur Grumiaux. Only a few versions of the Dvorak opus are available. The "Concerto In A Minor" by Dvorak is in a light vein and sets a tranquil mood. There is commanding precision in Thomas Magyar's reading of the violin score. Excellent sound. The coupling of the two works on the disk should attract violin enthusiasts.

Well folks here it is-1956. Another New Year just begun. And I take this opportunity to wish all my friends in the United States all good wishes of good health and "Record" business. Very special greetings and thanks to all at The Cash Box. I'm looking forward to further happy co-operation and trust that I can be of service to you all for many years to come.

Vic Damone made his first appearance in Britain when he guested on the "Sunday Night at the Palladium" show. Vic also introduced his wife (Pier Angeli) to the audience and together they sang the Yuletide standard "White Christmas." . . . Vera Lynn who stars in her own big Show on commercial TV will have the Woolf Philips Orchestra to accompany her starting on January 4th. . . . It may well be a "Davy Crockett" year here what with eleven records on the song. Plenty of waxings on "Robin Hood" as well. So we'll see who will be the big hero. . . . Young David Platz of the newly formed Essex Publishing Company, certainly had a good hunch when he decided to acquire a Scottish ditty called "The Bluebell Polka." It's heading for the top sellers chart. There's talk of Al Hibbler for a British tour in the near future. . Caterina Valente returning to Britain for guest TV appearance.... Winifred Atwell will visit New York on her way back from Australian tour and will probably guest on Ed Sullivan's Show.... March 11th 1956 is the date provisionally set for Stan Kenton's first London appearance. This is to be followed by an extensive concert tour of the Country. . . . Ted Heath and his band leave for the States March 22nd and will start with concerts for the band alone and then a Coast to Coast tour with Nat "King" Cole, June Christy and the Four Freshmen.

Jean Aberbach touring the Continent in search of big songs for his pubbery. He missed what will possibly be a big hit in Germany. The funny part of the whole story is that the song is "Suddenly There's a Valley" which Jean publishes in the States. He is reported to have offered it to the manager of his German company who turned it down. Now the Hans Sikorski publishing company is looking forward to a big song in 1956. Conkling Announces Columbia Achieved Its Largest Sales Volume In 1955

NEW YORK—In a year-end statement to the trade, James B. Conkling, President of Columbia Records, announced that the Columbia Record company had reached the largest sales volume in its history, equaling the levels of 1947, peak sales year for the record industry.
 "In 1955," says Conkling, "the company's recorded output ranged from extensive classical and popular releases on both the Columbia and Epic labels to special seven-inch 'Hi Way Hi Fi' disks, produced exclusively for use in automobile phonographs, a new device which Columbia helped to develop with CBS laboratories.
 "Expanding beyond the record field," Conkling said, "Columbia this year produced such highly diversified items as a complete line of phonographs and phonograph needles, tape recorders, postcards bearing singing commercials produced by the company's new Auravision process, and precision custommolded plastic products for industry.
 "Columbia's newer ventures have been particularly successful in the past year. Epic Records, with a steadily growing catalog, virtually doubled its sales in 1955. The Columbia Phonograph honograph needles, tape used the ranging from the famous Columbia high fidelity "360-K" to inexpensive portables, has increased sales by more than a quarter in 1955.

"Sales gains were also registered by the Transcription Division, which creates and produces custom products for clients in recording and other fields. Reflecting the company trend toward diversification, Transcriptions in 1955 developed Auravision, a new process for combining recorded sound with printed matter. One of the first applications of the new process was a applications of the new process was a multi-million edition of full-color postcards bearing a recorded singing com-mercial for direct mailing.

Rome Cuts Album Consisting of His Own Material

NEW YORK --- Composer Harold NEW YORK — Composer Harold Rome, has just cut his first 12" LP album of special material from his own personal files. The album, titled "Songs No Mother Taught Nobody," is scheduled for release early in the year and will feature songs and rou-tines spoofing everyday conventions, performed by the composer, assisted by a jazz combo featuring Milt Hin-ton, Allen Hanlon, Herb Harris and others. The disk will be released on the Heritage label. the Heritage label.

Negotiations are under way with Chappell & Company to issue a song book simultaneously with the album, and both Heritage and the publishers plan to go all out in the promotion of this package since most of its contents have not been previously available to the general public.

The topics satirized include gin rummy, novels about the South, nature and food, the intimate French-type night club singer, pessimism vs. opti-mism, money or dreams, and many others.

NEW YORK — As The Cash Box went to press, the Alan Freed show at the Manhattan Academy of Music

went to Manhattan Academy of Music had grossed an approximate \$95,000. for eight days, six shows per day. Facing a similar rock and roll type show under the aegis of Tommy (Dr. Jive) Smalls at the Brooklyn Paramount Theatre, across the river, and the pre Christmas shopping and social duties of the crowds, the show started slowly for the first three days but picked up momentum during the next five, playing to full houses at every show, and when the theatre closed on Thursday night the gross was reported at \$95,000. The Alan Freed show closes on Monday night, and with the Brooklyn Paramount show having been com-

Mitchell B. Marks Dies:

Was With Marks Music

For Almost 60 Years

NEW YORK—Mitchell B. Marks, age 76, Vice President and Secretary of the Edward B. Marks Music Cor-poration, died suddenly December 22. He was the youngest and last surviv-ing brother of the late Edward B. Marks, founder of the firm.

Known as "Mitch" to thousands of

people in every branch of show busi-ness, he had been with the concern

for nearly sixty years, most of it as head of its production department. In addition, for many years, he was the contact man with the New York

Music jonoers. Mitch Marks was responsible for many of the successful Marks songs. For example, it was he who suggested that the Mills Brothers record Johnny Mercer's new lyric version of "The Glow-Worm" three years ago, an idea which culminated in that fifty-year-old favorite becoming No. 1 again.

Marks leaves three children, Robert B., Pacific Coast manager for the Marks Music Corporation; Mrs. Lu-cille Wert; and Alfred.

RCA Victor Releases Nine Albums In "Meet the Girls" Campaign

NEW YORK, N. Y.—RCA Victor this week released simultaneously nine record albums by nine of America's top female artists in a unique promo-tion called "Meet The Girls."

"Never before has any record com-pany show-cased as many of its pop-ular and jazz artists at a single time," said George R. Marek, general man-ager of Victor's Album Division. "We feel that the combined impact of these nine tremendous talents will long be pleasantly remembered by the music-wise public."

The albums were produced under the direction of Ed Welker, manager of artists and repertoire for Victor's Pop and Jazz albums.

and Jazz albums. The nine artists and the album titles: Kay Starr (The One-The Only); Jaye P. Morgan (Jaye P. Morgan); Lena Horne (It's Love); Dinah Shore (Holding Hands At Midnight); Gwen Verdon (The Girl I Left Home For); Barbara Carroll (Have You Met Miss Carroll?); Teddi King (Bidin' My Time); Lurlean Hunter (Lonesome Gal); Martha Carson (Journey To The Sky). The Sky).

All but one of the nine are vocalists. The exception is Barbara Carroll, a modern pianist with exquisite jazz taste who has recorded two other

Herbert Greenspon **Named Vice President Of Columbia Records**

NEW YORK-Herbert M. Greenspon has been appointed Vice President in Charge of Manufacturing for Columbia Records, according to an announcement by James B. Conkling, President of the company.

Greenspon is responsible for all recording and order service functions as well as for the company's entire record manufacturing operation in domestic and foreign factories.

Now marking his twentieth year in the record industry, Greenspon began his association with Columbia Records in 1935 as a shipping clerk for its predecessor company, the American Record Corporation.

Two years later he became Supervisor of Receiving and General Stores. In 1940 he was appointed Production Control Manager, in 1942, Assistant Works Manager of the company's Bridgeport factory.

When Columbia set up a new factory at Kings Mills, Ohio in 1946, Greenspon was appointed General Manager. Two years later he was named Assistant to the Vice President in charge of Manufacturing and Engineering. In 1952, Greenspon was appointed Director of Manufacturing, and in 1955 Director of Technical Operations was added to his activities.

Bridgeport-born, Greenspon is a graduate of Bridgeport schools, extension courses at Yale and the American Management Association's Management course.

albums for Victor.

Three of the group are among the nation's all-time greats in the enter-tainment field—Lena Horne, Dinah Shore and Kay Starr. A fourth, Jaye P. Morgan, became one of the top vocalists in the business with six suc-cessive record hits in 1955.

Gwen Verdon, star of the Broadway triumph, "Damn Yankees," is a new-comer to records. But in Hollywood she is widely known as the girl whose film scenes always wound up on the cutting room floor. It seems she epitomized sex to the point of no-return, at least in the minds of the censors.

Martha Carson, who composes as well as sings many of her own num-bers, has a wide following in the country-western and gospel fields.

Lurlean Hunter and Teddi King are Lurlean Hunter and Teddi King are two of the great potentials in the en-tertainment field. Both have been ac-claimed as "singers' singers." Teddi is a consistent winner of polls to de-termine the country's greatest jazz singers. Lurlean, a Chicago girl, has a style that is strictly Hunter. In her voice are elements that never could be defined neatly as jazz, pop or folk tunish. She wraps all these qualities in a package that is vocal dynamite.

HOLLYWOOD-Paula Kelly of The Modernaires dramatically portrays her rocketing Coral record, "Sleepy Little Space Cadet." The lad is 7-year-old John Sheils, son of Tom Sheils, man-ager of The Mods.

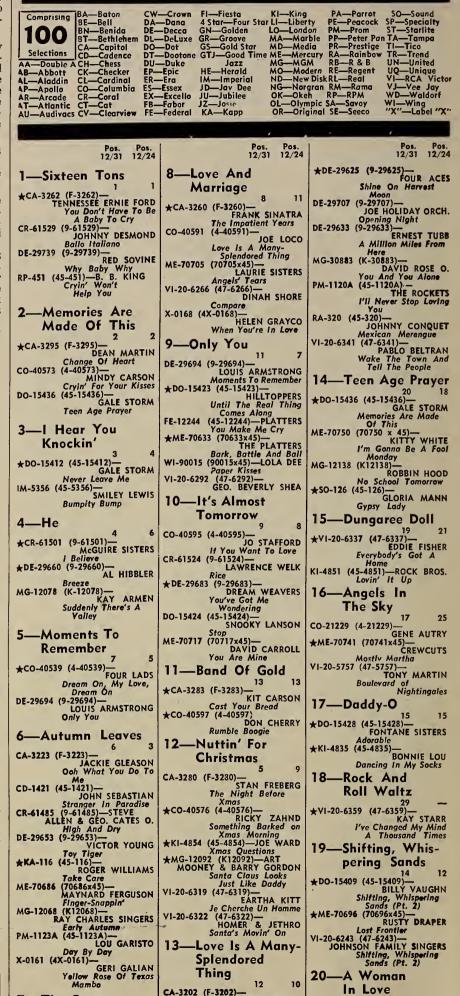

Songbird Signs Mae Williams

HOLLYWOOD, CALIF. — Singer Mae Williams, has signed a term con-tract with the Songbird Record Com-pany of Hollywood, California, it was announced this week by Nadyne Aragon, A & R head of the new disk- \mathbf{ery}

Miss Williams is slated for her initial session this week and Van Alexander and his orchestra, recently connected with the thrush on her TV series "Breakthrough," will furnish the musical background.

M. E. Conception, president of the new label, states that there will be a strong exploitation campaign geared for the singer.

Songbird has also inked a term pact with pop singer Charlie Cal, whose first release on the label is tentatively set for mid-January.

Also, participating in the Christmas biz, "Lily Maebelle" by the Valentines, skyrocketed, giving Messrs. Goldner and Kolsky some tidy orders. Kolsky also tells us that when Alan Freed and Bill Haley make that Columbia full length flic in January, his "Dance With A Rock" by the Five Encores will be a part of it. . . . We hear there were many irate B. B. King fans at the Houston City Auditorium on Christmas night because the fire marshal discontinued ticket sales at 10 p.m. ... Joe Loco opens at the Nightcap Club in Newark, N.J. for two weeks starting January 4. . . . Thurman Ruth (WOV-New York) was so successful with his Gospel Caravan at the Apoolo Theatre last week that he has already been signed to return the week of March 23.

CHICAGO:

Joining a happy Vee-Jay bunch for holiday festivities were Amos Dotson and Bill Washington of station KATZ out of St. Looie. The motto for their firm in '56, say Jimmy Bracken and Abner, is: "More deejays enjoying the disks of Vee-Jay". Foch Allen of Universal Attractions booking office in NYC was in to look over Vee-Jay artists. . . . Paul Glass, All-State Distribs, intending to catch "about 40 hours sleep after the hectic New Year rush". Paul is distributing the Waters-Conley Phonola, besides handling some of hottest R&B labels, Atlantic, Chess & Checker, Imperial, Specialty, Excello and Tico. Incidentally, Paul found recent satire on Records Promotion Men in The Cash Box by Bob Stern so significant that he had hundreds of copies mimeo'd to send to contacts. . . . Traveling thru Wisconsin and Indiana during holiday

season, Morrie Myers of King saw "more tremendous response to R&B music than I believed possible". Adding, "Even with Christmas novelty numbers, we still moved a big share of R&B products". . . . Deejay Chuck Dunaway well set in Milwaukee. Rushed to Texas to bring wife to new home. . . . Dale of Chess & Checker had 10-day vacation in Manhattan. . . . Herb Kent of station WBEE over at United Record Distribs for holiday celebrations. Also present: Al Benson, headman of Parrot & Blue Lake; The Great Montague and Sam Evans. In sentimental mood, the Leaners, George and Ernie, who run United, recalled and hummed old numbers their dad and grandad used to play as musicians in early Chi days. Another member of Leaner family is sister Bernice, former record-shop proprietress now practicing criminal law. . . Top brass of Epic hopped in Jan. 4 while making circuit to set up '56 mer-

chandising programs. Included in group: Bill Nielsen, Charley Schicke, and Jim Shevlin. . . . Jimmy Reed, with successful engagement in Hous-Kitcher, Centrey Schuler, and Shevini.
 Jimmy Reed, with successful engagement in Houston under belt, back in Chi to help promote new disk, "Ain't That Lovin' You, Baby". . . Blue Lake, subsidiary of Parrot, will wax Johnny Angel in a few days. And Little Papa Joe has just finished cutting Blue Lake disk. . . . Paul Bascomb working a Detroit niterie. . . J. B. Lenore appearing at South Carolina night spot. . . . Stan Riccardo, one of hardest-working deejays in R&B field, claims he's almost sold out of airtime for early part of New Year. . . . Prentice Barnes of The Moonglows has received Selective Service questionnaire. . . . The whole troop at Chess & Checker, Len and Phil Chess as well as Dudley Collier, gen'l mgr.; and Sonny Woods, A&R man, are unanimous in predicting "greatest year in R&B history just ahead". . . . The El Dorados soon to be featured for first time on West Coast. Chi followers, of course, are sure the combo will spread Rock 'n Roll to the Los Angeles area with same fervor as they have in the Middle West and East.

and East.

LOS ANGELES:

LOS ANGELES: The big Lucky Seven Blues Show heads for the coast this month. Show features Earl King, Jack Dupree, Little Willie John, Little George Smith, Marie Knight, Otis Williams and the Charms, and Hal Singer and his orchestra. First West Coast date is in San Diego on January 18, and the show will play the Savoy Ballroom in Los Angeles on January 20 thru 22. . . . Dave Bartholomew, who wrote many of Imperial Record's hits, such as "Ain't It A Shame", "I Hear You Knockin", and "Witchcraft" is now recording on his own for Imperial. His first release of "T'm An Old Cowhand From A Blues Band" will be out next week. . . . Percy Mayfield, Harmonica Slim, and Tony Allen, currently hot with his Specialty record of "Nite Owl", will comprise a new Blues Show to tour the West Coast. . . . Joe Glazer, President of Associated Booking, reports they have booked fifteen one-nighters for the Platters, following their close at the Flamingo in Las Vegas on January 18th. Modern Records has signed a new group could have a smash hit in their first release of "Eddie My Love". . . . Cal Green and the Midnighters heading West for a Coast tour. . . . Mike Gradny of Vita Records and The Colts returned from a very successful promotion tour of the nation. Mike

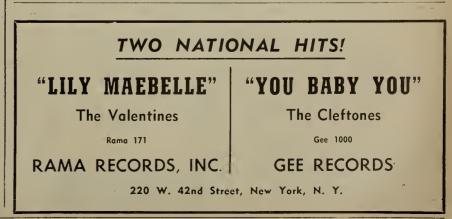

The Colts returned from a very successful promotion tour of the nation. Mike reports that the Colts' hit of "Adorable" is still going strong throughout the

country. . . . Savoy Ballroom's New Year's Eve show was a sellout with Louis Jordan and his orchestra. . . The Medallions and Chuck Higgins and his orchestra are off on a tour of the Southwest. . . . GOOD ROCKIN' SAM (Excello 2070)

B "DON'T LET DADDY SLOW WALK YOU DOWN" (2:52) [Ex-cellorec BMI—Ted Jarrett] Good Rockin' Sam dishes up a slow, rhythmic talky blues with a styling that holds your attention. Ok deck for the country market.

• "FUNNY FUNNY FEELIN'" (2:19) [Excellorec BMI—Ted Jar-rett] Sam backs with a rhythmic jump that comes off fair.

CHRISTINE KITTRELL (Republic 7125)

B "IF YOU AIN'T SURE" (2:34) [Murray Nash BMI—Ray Scriv-ner] Christine Kittrell chants an in-sinuating fish beat with polish and suave reading of a catchy lyric. Slow rhythm blues.

B "BLACK CAT CROSSED MY B TRAIL" (2:22) [Murray Nash BMI—Peter Chatman] Christine Kit-trell drives out a fast beat cornball in shouty fashion. Kitty can't get a male and it's probably 'cause a black cat crossed her trail. Cute, energetic way wax.

CROWN PRINCE WATERFORD (Excello 2065)

"I'M GONNA DO RIGHT" (2:41) [Excellorec BMI—] Crown Prince Waterford wails a slow blues with an effective reading. Down home material that will find its best markets in the couth south.

B "DRIFTWOOD BLUES" (2:31) [Excellorec BMI—] Similar slow wailing blues effectively performed by Waterford. The Crown Prince is moaning about the mess he ran into with his troublesome woman. Two strong sides for the southern trade.

LARRY EVANS (Fabor 4008)

HENPECKED" (2:13) [Dande-lion Music BMI—Larry Evans] Larry Evans sings a rhythmic middle beat bouncer with a melodic lift. Evans loves the gal even though she treats him mean. Deck moves nicely and should do well in the sales department, especially in the southern markets.

B "CRAZY 'BOUT MY BABY" (2:25) [Dandelion Music BMI— Larry Evans] Evans wails a slow beat blues moaning about his deep love for his baby. Ok side.

ABNER KENON (Ormond 101)

B "IT'S THE SAME THING ALL THE TIME" (2:11) [Fomark Music BMI—Rudolph, Kenon, Star] Abner Kenon rocks out a happy quick beat jump with novelty lyrics. Racing wax to stir up the sluggish feet.

• "WAITING" (2:56) [Fomark BMI—Winer, Kenon] Kenon turns his vocal chords to a slow sentimental ballad and sings it with a pop styling. Deck fails to come off.

(4:18) B. "MY LOVE IS STRONG" (2:18) [Ace BMI—King, Vincent] Earl King offers a strong contender in a slow tender ballad sung with feeling and warmth. Melodic and moving.

"LITTLE GIRL" (2:19) [Ace BMI —King, Vincent] Earl King chants a driving quick beat jump with a flavory reading and exciting beat. Deck rocks with a hard hitting horn in the break. Two good sides, but this one may have more immediate appeal one may have more immediate appeal.

GEORGE "MR. BLUES" JACKSON (RPM 441)

B "HEAVEN ON EARTH" (2:25) [Modern BMI—Jackson, Elliott] George "Mr. Blues" chants a slow beat ballad with an effortless vocal. Melodic ditty that deserves a good listen.

B "HOLD ME" (2:45) [Modern BMI —Jackson, Smith] Jackson jumps with a vivacious offering of a happy tune. Good warbling and ok etching.

GENE KRUPA QUARTET (Clef 89163)

"'SWONDERFUL" (3:00) [New B World ASCAP—George and Ira Gershwin] The Gene Krupa Quartet, with drums, piano, bass, and sax blend talents for an exciting reading of the Gershwin classic. Each, Krupa, Shu, Scott and Drew participate in ensemble and solo efforts and the resulting wax is enjoyable.

"WILLOW WEEP FOR ME" B [Bourne ASCAP-Ronell] The foursome treat the standard to a moody reading and come up with another treat.

RUSTY DEDRICK QUINTET (Seta 3)

B "UMBRELLA MAN" (3:15) [Harms-Cavanaugh, Rowe, Speck] The Rusty Dedrick Quintet provide a sprightly three minutes as they move through the quick beat lilter with some solid ensemble and solo work. The group consists of Dedrick on the trumpet; Dick Heyman, piano; Mundell Lowe, guitar, Jo Jones, drums; and Milt Hinton on the bass. Solid instrumentalizing and good listening.

B "SULTRY MOOD" (3:05) [Theme -L. Dedrick] Dedrick's combo paints a moving mood piece that highlights some mighty fine guitaring by Lowe as well as effective solo efforts by the rest of the crew. Two solid sides.

Tommy Smalls Grosses \$85,000 In 7 Days At B'klyn Paramount

NEW YORK-The Tommy Smalls (Dr. Jive) show at the Brooklyn Paramount Theatre closed a one week stay with a reported \$85,000 gross. The Christmas package, competing with a similar in person line-up assembled by Alan Freed at the Manhattan Academy of Music, across the river, nevertheless racked up a tidy take. The seven day stand, with from four to five shows daily, did not approach the approximately \$170,000 record set by Freed when he played the same house last September. However, both Smalls and Gene Pleshette, manager of the Brooklyn Paramount, professed to be happy with the final tally.

Appearing with Smalls was an all star line-up that included Ruth Brown, Pat Boone, Bo Diddley, The Cheers, the Five Keys, Clyde McPhatter, The Flamingos, The Four Fellows, Robbin Hood, The Turbans, Willis "Gator Tail" Jackson, Mickey "Guitar" Baker.

Two of the artists were winners of the recent poll conducted by The Cash Box and they received their awards at the Wednesday evening show. They were Ruth Brown, voted "Best Female Rhythm and Blues Vocalist of 1955", and Pat Boone, voted "The Most Promising Male Vocalist of 1955."

Tommy Smalls recently purchased Smalls' Paradise in Harlem. All the artists who appeared with Smalls at the Paramount celebrated at the nitery on Wednesday night as guests of the WWRL deejay.

Paramount Management Happy At Show's Results

NEW YORK—The Brooklyn Paramount Theatre settled down to its normal routine of double features and quiet audiences once again after its Christmas Rhythm and Blues show starring Tommy (Dr. Jive) Smalls. Gene Pleshette, manager of the Brooklyn Paramount, stated "I am quite satisfied with the total gross of approximately \$85,000 for seven days. I am sure that had we not been faced with competition at the Manhattan Academy of Music with a similar show we would have certainly gone well beyond \$100,000 for the week."

Pleshette praised his staff of 80 who kept the exuberance of the youngsters in bound, tho permitting them to have a good time. He also praised the teeners who were well behaved and caused no damage.

As for future plans for his theatre, Pleshette said nothing definite had been set but that the Paramount operation was ready to make a deal at any time for in-person shows that gave promise of drawing in the crowds as have the two Alan Freed stints and the just completed Dr. Jive attraction.

Lee Emerson, new Columbia Records find, has just completed a long tour of the Northwestern States and ended the jaunt with a record session in Nash-DOUGLAS BRAGG ville early this month.

After playing a few dates in sunny Florida, Ernest Tubb has been relaxing at his home. Weather permitting, Ernest enjoys a few rounds of golf every day with his friends.

Marty Robbins (Mr. Teardrop) and his band The Teardrops, along with Cowboy Copas and George Morgan, are currently working dates in California and the southwest. The tour continues thru January 12, closing in Lubbock, Texas.

Bobby Heider of the Bobby & Joyce team spent the Christmas Holidays at her home in Texas while Joyce Moore, the other half of the duo, made plans for a midwestern tour later this month.

The durable Grandpa Jones is also laying plans for a great new year. He has just completed plans for wider promotions to link-up with forthcoming tours.

Young Dave Rich, whose first RCA Victor record release of "I Forgot" and "I Think I'm Gonna Die" is currently receiving top promotions, reports that he has been receiving lots of mail on the strength of the release. This one looks good as gold for the youngster!

Billy Gray, Decca Recording artist, was in Nashville over the Christmas holidays. While in town he cut a session and visited with DJ's and friends before returning to his home.

* * * * * * * Sid Kessel, well-known songwriter, back in the groove on the local scene pushing a couple of his tunes that look like very strong hit possibilities. It is rumored that one of the top stars in the business may record these tunes some time soon. Sid has been doing considerable promotion work for various pubbers.

New is the word for the current Louvin Brothers Capitol recording of "I Don't Believe You've Met My Baby." The tune was penned by Autry Inman and has a unique, ear-catching idea behind it. Coupling is "In The Middle Of Nowhere."

JUSTIN TUBB

"You're Free To Go" sings Merv Shiner in his new RCA-Victor release which is already showing strong in many sections. Flip is "We're Off On A Race."

Still showing signs of growing even stronger is George Morgan's Columbia release of "Lonesome Record." Indications are that this disk is the strongest Morgan etching in some time.

"I'll Be Gone" and "I Love You More And More Each Day," the smashing Capitol coupling by Tommy Collins is taking a springboard-leap for the top with strong sales reports . . . and cheerful DJ reports. Looks like the young writer-singer is off again with no end in sight.

"The Richest Man," fast-climbing disking of Eddy Arnold, is producing a flock of favorable reports from all facets of the industry. DJ letters seem to indicate that the words, music and Arnold rendition, are a powerful blending of a natural message.

Glowing letters from various DJ's and dealers re-port of strong action on the new Jerry Reed first-release, "Here I Am." The flip side, "If The Lord's Willing And The Creeks Don't Rise," is drawing lots of fire with every indication of a powerful two-sider for the newcomer!

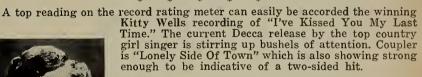

Another first release that is catching lots of at-tention is the new Excello waxing by the Lindsey Brothers of "Let's Get Down To Business" and "Big Hearted Joe." The Lindseys' country sound is sure to garner much attention for the disk. *

RUBY WELLS

TERRY FELL TERRY FELL TERRY FELL TERRY FELL TERRY FELL That's The Way The Big Ball Bounces" with "What Am I Worth" on RCA Victor. The record seems sure of much attention judging from current reports.

Johnnie & Jack are smashing thru with their powerful coupling of "S.O.S." and "Weary Moments" on RCA Victor. They are receiving strong promotion on this release and it seems destined for a strong seat in the musical chairs.

Ruby Wells, expected to make a sensational debut in a new manner of recording! This item will be startling... watch for it. It will couple up a lot of top names in country music and will take a quick place on DJ turntables.

Grand Ole Opry's outstanding keyboard artist, Del Wood, is expected to come out with something special in the way of piano work soon. She is heard regularly on the coast-to-coast segment of the WSM airer. Dewey Mousson is personal manager of DEL.

George Popkins, Pop's Country Store WXGI-Richmond, Va., found a new way of programming for Christmas shows. He acknowledged Christmas cards from recording artists, read the card's message, and then sent Christmas greetings to the singers by playing their latest record.

* * * * * News comes from d.j. "Uncle Buck" Lipe, KSGM Ste. Genevieve, Mo., that his talent Bobby Roberts (KING) is really going great guns in the St. Louis area with his very first release on the King label, which is "I'm Gonna Comb You Out Of My Hair" b/w "My Undecided Heart." Both tunes were composed by eighteen-year-old Roberts. Lipe also says if you other d.j.'s find it difficult to list such a long title in your top ten, just cut it down to "Comb You Out Of My Hair" it will be alright with him.

We'd like to take this opportunity to thank all the folks who sent in their Christmas and New Year's greetings. It's been lots of fun doing this column and it's always a pleasure to hear from you one and all. Our wish for each of you is a happy, prosperous 1956... good health and good-will toward all!

Most Vital Need For '56: PUBLIC RELATIONS PROGRAMS

Public Relations Programs for Individual Firms as well as Local Associations All Over Nation Recognized as Most Vital Necessity of Entire Industry for 1956.

Ever since its inception this publication has called for the creation of a "National Coin Machines Public Relations Bureau". (This editorialist has called for such a Bureau for over 20 years.)

The Cash Box continues to call for a "National Coin Machines Public Relations Bureau" and will continue to strongly urge the creation of such a national bureau.

It has been of great satisfaction to this publication to note that, with each passing year, more and more people thruout the industry are backing *The Cash Box* in this crusade.

This is heartening. It proves that one of these days the industry will form a "National Coin Machines Public Relations Bureau".

This publication has learned a great many things in its travels thruout the trade as well as by listening to leaders who tried, before large gatherings, to create a Public Relations Bureau.

The most important thing it learned was that there is, most definitely, a feeling of selfishness regarding a "*National*" Public Relations Bureau.

Whereby all will attend a meeting to discuss the creation of a Public Relations Bureau, few will come up with the necessary monies to make such a bureau effective. Their first cry is usually, "How much will be spent in our territory?"

In short, these men selfishly refuse to accept or see the overall, national picture. They are only interested in what percentage of the monies that will be collected will be spent in their own individual areas.

Therefore, some three years ago, *The Cash Box* changed its course in its continuing effort to bring about a Public Relations Bureau. It suggested that, instead of a national bureau, local and individual Public Relations Programs come into being everywhere in the nation.

Regardless of the size of the town, or the city, or even the state, let each individual operating firm, each individual distributing firm, each individual association, create its own public relations bureau and put into effect, as soon as possible, its own public relations program.

Here and there thruout the nation individual operators have put such programs into effect. Some are outstanding. One such shining example is the public relations program conducted by Mr. Gordon Stout of Pierre, South Dakota. He has won much regard for this industry in his area. He has used advertising in his local press. He has also done much charitable work. He has engaged in many efforts of distinction.

There is no longer anyone in the industry who will question the need for a public relations program. Every leader in the industry knows the value of such a program. Everyone in the industry would love to be actively engaged in such an effort to better his business in his own area and to gain for himself, socially as well as economically, better understanding from his community.

It doesn't take too much effort on the part of the individual in any area to foster such a public relations program to help himself, his business, his family, his employees. He need but arrange to remove from the top of each and every one of his machines so much money per week. This can be done, in most cases, in complete cooperation with the location owners who, themselves, know and realize the importance of better public relations.

This money can be turned over to an experienced public relations expert who will spend it correctly to best benefit the individual and his locations. This will, of itself, start one more individual into doing something for himself which, at the same time, can help benefit the entire industry.

If individual operators, distributors and local associations will, each in their own areas, arrange for public relations programs of their own they will find that, on an overall basis, they actually have a "National Coin Machines Public Relations Bureau" in operation. A "National Coin Machines Public Relations

A "National Coin Machines Public Relations Bureau" to prove most effective would have to tie in with individual public relations experts everywhere in the nation. Men who best know their own arcas and who would have to conduct portions of the overall national program in these areas.

Therefore this can now be accomplished starting from the tail and climbing to the head.

By each and every individual operating firm, distributing organization and local association immediately meeting this vital requirement in their own areas and starting a public relations program in action, there will be tremendous benefit accruing to all the industry—nationwide.

ST. PETERSBURG, FLA.—At this time of the year, a great many people start thinking of sunny Florida. But for the coinmen in the state, who are interested in all-year-around activity, here's some interesting statistical information. Population has increased over 84% since the war. Florida now ranks 14th among the states. It is expected that by 1960 Florida will rank 8th in the United States at the present rate of growth. Retail sales between 1940 and 1955 have jumped over 480%. Construction has increased by 309%. Farm income has surpassed the \$550 million mark, an increase of 373%. Manufacturing payrolls have jumped over 409%. Total income of individuals has increased over 400%.

last year's newspaper. The Department of Agriculture reported this week that cigarette consumption in this country increased from 1954 to 1955 and pre-

dicted it would continue to make gradual gains in 1956. The department said a factor favorable for increased consumption is the prospect that em-

ployment and incomes will continue at high levels. This year's output of cigarettes was reported at 414 billion, compared with 402 billion in 1954. However it fails to reach the peak years, 1952 and 1953, when the output, respectively was 435.5 billions and

PITTSBURGH, PA.—With the start of a new year, it is a practice of the leading economists to predict business conditions for the next year. However, what impressed us greatly is not a prediction, but an actual fact. Roger M. Blough, chairman of U.S. Steel, largest steel producer in the nation, announced this week it was planning to raise its annual production capacity by about 2,500,000 tons within two to three years. He said, "This expansion program is based on our recognition that future requirements of the country's growing economy clearly indicate a need for increased steel production."

NEW YORK—New York operators who want to take advantage of a "natural" and change over their equipment to Dime Play, should take advantage of signs now adorning the Times Square area. In cooperation with the "March of Dimes" program, the city has changed the street signs in this section to read "Dimes Square."

and every operator-member of the or-ganization, once the Board of Directors has approved the program, of the one day which will be chosen in January when all dimes inserted in Chicago's juke boxes will be donated to the "March Of Dimes." As Filitti has pointed out, these donations are completely tax deduct-ible.

As Finiti has pointed out, these donations are completely tax deduct-ible. "Furthermore," he stated, "our do-nations may help overcome vicious, painful, murderous polio from attack-ing the children of the nation, of this city and, especially, from maiming and killing the children of the members of our association." All that is necessary is for the operators to make a quick check of a few of their phonographs the morning after the day that will be set and, thereby, be able to judge just about what the intake would be. In this way the operators can then make out one single check to be do-nated to the Chicago offices of the National Foundation for Infantile Paralysis, Inc.

As Joe Filitti said, "Chicago's juke box operators have always been among the very first to offer their cooperation in any and all great charitable drives."

This is one time when the leading members of the organization believe that they should be everything they possibly can to make the "March Of Dimes" drive the biggest and most outstanding success in Chicagoland's bistory history.

Mike Dale said, "All we want is any operator to phone us and we'll do the rest to help him set each and every one of his phonographs for the 'Day Of Dimes."

"We feel that this is one program which the juke box can best serve. In the first place, Chicago's juke boxes are all on dime play. In the second place, the most important, Chicago's juke box operators are the finest and most warm hearted operators in all the nation. I know they'll come thru 100%." 100%

All leaders of Recorded Music Serv-ice Association, along with Mike Dale of Commercial Phonograph Survey, commended The Cash Box for this, its third year, of originating the drive to help the entire juke box industry put over the slogan The Cash Box coined: "A Day Of Dimes For The 'March Of Dimes'."

New York City Deputy Mayor Presents The Cash Box With Citation For Its Efforts in the Fight Against Juvenile Delinquency

NEW YORK-The Cash Box was this week awarded a citation by the Freedom Lodge and Chapter of the B'nai Brith for its assistance in helping to arrange entertainment and dance music for a series of community dances held in run down areas.

The presentation was made by Deputy Mayor Henry Epstein in his office at City Hall. Also on hand for the ceremonies were Milton Herman, Lodge President; Sally Hershey, Chapter President, and Sidney Schwartz, in charge of arrangements.

Deputy Mayor Epstein, who has just completed a second report to the City of New York on juvenile delinquency, in making the award, stated that his investigations into the problem showed that the dances were one of the most constructive means of combating delinquency.

Seen above are Deputy Mayor Epstein, presenting the scroll to Joe Orleck, co-publisher of The Cash Box, center, and Norman Orleck, associate editor, left.

The citation read as follows:

"Freedom Lodge and Chapter, B'nai Brith, hereby awards this Citation to The Cash Box in recognition and appreciation of their untiring and ever ready assistance and cooperation in making possible a community program of music and dancing designated to promote and maintain good and harmonious group relations among youth and adults of varying ethnic, religious and racial backgrounds. In testimony whereof we hereunto affixed our signatures this 25th day of December 1955." Signed by Milton Herman, Lodge President and Sally Hershey, Chapter President.

CHICAGO—The pool games are completed. In fact, they're in car-tons. But the cartons aren't sealed. In some factories here the completed pool games in unsealed cartons are beginning to steal precious footage from production requirements. But all must wait. Pool balls have become as scarce as hen's teeth. No deliveries are promised by pool ball makers in less than three to four or more weeks. And even then no defi-nite quantity is assured the factories. It's the biggest boom in decades for the pool suppliers. They've put on extra shifts in an effort to fill orders. The demand has also attracted other factories. There is one big plastics plant now experimenting with plastic pool balls.

pool balls. Other manufacturers are experi-menting with rails, cushions, cloth and chalk.

and chalk. There may be a whole new drove of manufacturers in pool supplies before the coin machines industry is done with the pool game boom. And from all indications it looks like the pool game is going to continue as the leading product of the amuse-

ments division of the industry for a long time to come. Some of the manufacturers are urg-ing their distributors to visit local wholesale pool suppliers and buy up all the balls they possibly can. They advise them to hold onto what-ever amount they will require and ship the rest to the factories. In this way they can ship the games without the pool balls to those dis-tributors who are lucky enough to obtain them in their own areas. At the present time with nine fac-tories producing pool games in Chi-cago, and with the demand even greater than the production of these factories, some idea of the backlog which is accumulating can be judged by the members of the industry. The backlog is expected to grow for some weeks yet to come. At least until supplies loosen up and compo-nents become more easily obtainable. In the meantime it's a race as to who will get how many first And

In the meantime it's a race as to who will get how many first. And while all this is occurring, the orders keep flooding into the factories here for more, more and still more pool games.

What Has Happened To CHICAGO—For some time a great fear pervaded the atmosphere of the industry, especially among juke box operators, that TV would ruin the

business. Instead Zenith claimed in Washing-ton this past week that 73% of the recently authorized TV stations are losing money, and that 56 of these stations have been forced off the air due to insufficient advertising revenue. Zenith proposed to FCC that a two-year trial of pay-as-you-see TV be placed into effect, especially for those stations that receive less than 7½ hours of network programs per week. Pay-as-you-see TV will, it is be-lieved, eventually come into being. business.

There are some in the TV receiver business who believe that such oper-ation will then fit into the coin machines field.

40 WALTHAM STREET BOSTON 18, MASS. Tel. Liberty 2-9480

In the meantime, of course, fear of TV competition has passed out of the picture as far as juke box business is concerned.

As many juke box operators have reported, "The average storekeeper today turns his set off and keeps it off.

"He has learned that not only does it cost him business to operate his TV, except for big and outstanding na-tional events but, at the same time, he loses money all around."

Biggest Drive In History Of 1 **"A DAY OF DIMES FOR** Best News of the Year: Largest History of the Industry to Help DAY OF DIMES FOR THE 'MARCH

This is really big news.

The biggest news to ever benefit the entire industry.

The kind of news that all in the trade want and like to hear.

The news that will help to rank this field among the nation's topmost industries.

This news is that this, the third year since *The Cash Box* originated the plan and coined the slogan: "A DAY OF DIMES FOR THE 'MARCH OF DIMES'", more juke box owners than ever before

NOTICE!

MR. COIN MACHINE OPERATOR:

Because of the problems encountered and the many lessons learned in past drives for: "A DAY OF DIMES FOR THE 'MARCH OF DIMES'," the entire matter of donations by all in the industry has been very much simplified.

Operators need not attempt to collect from each and every individual machine the morning after the one day they choose as their "DAY OF DIMES FOR THE 'MARCH OF DIMES'," during the month of January, but can, instead, by just making a few collections arrive at an average of what they believe are the number of dimes taken in by their machines that one day.

They can then turn this amount over to their local chapter of the "March Of Dimes" in the form of a single check as their donation for: "A DAY OF DIMES FOR THE 'MARCH OF DIMES'."

Remember! Every dime counts! Every single thin dime is a fighting, smashing blow at horrible, crippling, painful, killing polio. in all the history of this industry are joining in the battle to K.O. polio.

This is tremendous public relations.

This is the kind of public relations that will benefit all concerned with this industry.

This is the kind of public relations effort that comes along but once during the year.

The public relations program that COSTS EACH JUKE BOX OWNER—ABSOLUTELY NOTHING!

That's right! Every single thin dime that the juke box owner donates to the National Foundation for Infantile Paralysis, Inc. is COMPLETELY TAX DEDUCTIBLE!

What's more—the National Foundation offices right in his area will supply him with posters, stickers and streamers.

Posters to place all over his location and in the location's windows.

Stickers to paste on menus, cards and on the front glass of his phonograph.

Streamers for the outside windows and for all public places,

Each one of these pieces of material advising the public in his community that: EVERY DIME INSERTED INTO A JUKE BOX WILL BE DONATED TO THE "MARCH OF DIMES"!

That is, on the day he sets for all his juke boxes to turn over the dimes inserted to the National Foundation for Infantile Paralysis, Inc.

Nor does he have to attempt to dash about from location to location the morning after the day in January he sets for his "DAY OF DIMES FOR THE 'MARCH OF DIMES'"!

He can quickly estimate, by collecting from a few key spot phonos, exactly what the intake will be, and then make his donation

<u>The Industry Under Way For:</u> **THE 'MARCH OF DIMES'''** Number of Juke Box Owners in All Fight Polio Battle by Featuring: "<u>A</u> <u>OF DIMES'''</u> During January '56.

in one check to his local offices of the National Foundation for Infantile Paralysis, Inc. right in his own community.

Furthermore, if he's a juke box operator who has been trying to get dime play under way in his area—what better opportunity than "A DAY OF DIMES FOR THE 'MARCH OF DIMES' "?

Then leave his juke boxes with dime play from then on in.

The one sure way to get dime play under way! !

This is a double-barreled opportunity for each and every juke box operator in this nation to accomplish two tremendous purposes for himself, for his fellow operators, for his community, for his own prestige and honor and, most important, for the future health and welfare and protection of his own children, the children of his friends and neighbors, and all the nation's children.

Protect them from further painful, horrible, crippling, killing polio by: "A DAY OF DIMES FOR THE 'MARCH OF DIMES'"!

First, the operators can accomplish the greatest and most outstanding public relations program in the history of the industry by giving but one day's donations of dimes to the 'March of Dimes'.

Second, those operators who want to get dime play under way in their areas have the greatest and most powerful steamroller to accomplish this purpose in the 'March of Dimes'.

Third, each and every juke box owner is helping himself, his neighbors, his nation, by helping to eliminate the horrible, painful, murderous threat of polio from attacking, crippling and killing his children, the children of his friends and neighbors, the children who are the future of America.

ALL THIS FOR ABSOLUTELY NO COST TO THE JUKE BOX OPERATOR—BECAUSE THE ENTIRE DONATION HE WILL MAKE IS COMPLETELY TAX DEDUCTIBLE!

Never before has so great and glorious an opportunity presented itself to answer such organizations as the "READER'S DIGEST". To make such publications apologize in complete humility for the

type of tripe they write about the fathers and mothers, the grandfathers, the grandmothers, the sons and daughters of the people who comprise this industry.

This is the opportunity to gain the respect of every single man and woman comprising any community in which any juke box owner lives and works and, at the same time, to do a deed that is, most definitely, GOD'S WILL!

This is the time to get going—to set that one day in January for: "A DAY OF DIMES FOR THE 'MARCH OF DIMES' "!

Already the largest number of juke box operators in all the history of the industry have entered into this tremendous effort.

Join in with these good and great hearted men and women in this campaign.

May God be with you and may God help you because you will have helped—the little children!

IMPORTANT

Whether you are an individual operator, or a member of an operators' association, please notify *The Cash Box*, 26 West 47th Street, New York 36, N. Y., immediately if you have joined in the great and good drive: "A DAY OF DIMES FOR THE 'MARCH OF DIMES'", so that you and/or your organization can receive full credit. The publishing of this news is important to the good and welfare of the entire industry. Please make certain you write today! Page 38

POOL GAMES CLICK AS TOP RETAIL BUSINESS STIMULATORS

Operators Report Storekeepers Highly Pleased With Numbers of New Customers Pool Games Are Bringing Into Their Places and With Fact Pool Games Keep Their Regular Patrons Very Pleasantly Occupied Stimulating Their Regular Business

CHICAGO — For some weeks now very interesting reports have been received by manufacturers and distributors of pool games. These reports come from operators all over the country. They are all in regard to the fact that the pool games are proving themselves among the finest business stimulators the industry has yet known.

Not since the days of the bells have as many operators reported that storekeepers are thrilled with the numbers of new customers coming into their places to enjoy the pool games. They are also elated over the fact that regular patrons remain pleasantly occupied, hour after hour, by the same games.

This, as operator after operator reports, has caused retailers to state that they've never enjoyed such fine business from any type of business stimulator known to them, coin operated or otherwise.

In the days of the bells, many of these were sold on the basis that they were actually "business stimulators" to retailers thruout the nation.

Other amusements and music machines have also proved themselves extremely capable of stimulating retail business and holding regular patrons in the place while bringing in new customers.

"But", as one well known old time operator reports, "there's been nothing like the pool games to win praise from storekeepers because they have been able to stimulate retail business to such a tremendous extent everywhere they've been located."

Pool game manufacturers, too, have been greatly impressed with the stories which they have heard from their distributors, as well as from operators, regarding the fact that the games are proving themselves capable of such outstanding stimulation of the retailer's regular business.

Tavern owners here and almost everywhere else in the country have gone to the extent of removing entire booths so as to make room for the players as well as for extra pool tables wherever possible.

Restaurants, even drug and food stores, and dozens of other locations,

have also taken to the pool games wholeheartedly because of their business stimulating qualities, report leaders here.

Operators report that many retailers have raised the prices of certain of their regular merchandise in an effort to forestall the size of the crowds blocking the pool tables.

"But", as one operator reported, "this hasn't had any effect at all. In one of my locations the owner is charging as much for a glass of 'Coke' as he is for a glass of beer. But he admits that this doesn't deter the players one bit. They are happy to pay the difference to engage in a friendly, competitive and exciting game on the pool table in his place."

Record earnings are also being reported from many areas and, all added together, the business stimulation qualities of the pool games plus the grand earning power of these tables, makes for one of the finest types of amusements to have yet been introduced to the industry.

It is also surprising to many that storekeepers are asking for installation of more than one pool game in their place of business even tho, in many cases, space required is smaller than what the players would comfortably require.

This has been well taken care of, some report, by the front and threesided playing tables so that, everything considered, more than one table can be placed in many smaller locations and the play is great enough to make this double placement worthwhile for the operator.

A few operators, in certain areas, are reported to be taking advantage of this great demand from locations. They are asking for a minimum front money guarantee before placing any pool tables in certain locations.

They claim that they are getting the guarantee and that this, plus the fact that the intake is usually much greater in almost all instances, impresses the storekeepers more than anything else they could do to show how fine a business stimulator and moneymaker the pool game is.

Pool Games Help Retail Biz

FRANK MENCURI

CHICAGO—Frank Mencuri, vicepresident of Exhibit Supply Company, this city, reported a number of instances which have convinced him, as well as many, many others thruout the industry, that pool games are proving marvelous business stimulators for retail firms.

Said Frank, "We are receiving letters every day from all over the country from operators as well as from our own distributors and, in almost every letter, there's an incident or two reported where retail storekeepers have gone all out for pool games.

"It's truly amazing," Mencuri reports, "to what a great extent the pool games are stimulating business for retailers everywhere.

"For example," he explained, "here's a case of a location owner who admits that his pool game has not only brought new customers into his place, people he'd never seen in there before, but at the same time the pool game has had the power to hold his own old time customers in the place hour after hour.

"He, like many others," Mencuri remarked, "have found that pool games are proving themselves one of the finest business stimulators the retail storekeepers have yet had.

"Not only does the pool game earn

"It is my sincere belief," he concluded, "that the pool games have proved themselves the best business stimulators in the history of the industry."

AVRON GENSBURG

CHICAGO—"Because of overwhelming demand from our distributors," reported Avron Gensburg, president of Genco Manufacturing & Sales Company, this city, "we are now shipping our brand new 'King Size Tournament Pool' all over the country."

He also reported, "The demand continued to grow greater week after week. We just simply had to get into this 'King Size' model of our 'Tourna-

ment Pool'. We are rushing shipments just as speedily as possible."

Tho the game is the same width, it is 18 inches longer than the regular "Tournament Pool."

All the features which have won much fine comment for "Tournament Pool" are incorporated in this new "King Size" version of the game, plus many which do not appear on the smaller-sized game.

Imported Belgian felt is used on the game. There are built-in cabinet supports which will keep the playfield from warping. Genuine mother-ofpearl is being used in red and in a diamond shape and is inset into the rails.

The cabinet has an entirely new color design. The game also comes equipped to handle the optional light.

"There are dozens of more features," Avron Gensburg reported, "but it would take columns of reading matter to describe them all.

"We suggest," he stated, "that the operators who are clamoring for a really fine 'King Size' game get over to any of our distributors and inspect our brand new 'King Size Tournament Pool'."

Page 42

While Boston distributors are working on inventory and getting set up for the coming year and ops are doing paper work, the outlook for 1956 looms great in the opinion of all those in the coin machine biz in New England. While 1955 was better than 1954, it appears that business for the upcoming year will supersede that of 1955. Potent factor in the six-state area is the 10c play, introduced in early 1955 and now practically enveloping the entire region. Music, in-line games, pool tables, bowlers, guns and arcade items are seen as the big winners in 1956 here. It was a big Christmas and New Year's celebration all through coin machinedom here with Boston distribs entertaining customers at gala parties and all enjoying the two-day Xmas and two-day New Year's holidays.

New Year's greetings went out from Trimount Automatic Sales Corp. (Seeburg), Redd Distributing Co., (Wurlitzer), Atlas Distributors (AMI) and World Fair & Associated Amusements (Rock-Ola) to all their customers and friends aad many went to overseas firms and ops. . . . Among the holiday parties was that given by Albert and Maxwell L. Coulter of Worcester Music Co., Inc. for their employees and wives at the Whitecliffs in Northboro. A surprise in the afternoon was a birthday cake presented to the two Mr. Coulters in honor of their birthdays (both in December, Albert's on Dec. 16 and Maxwell's on Xmas Day). . . . Myron S. Hillman of Lavoie & Hillman, Inc., Fall River, and Maurice Stone, Stone Music Co., Allerton, have been elected to membership in the Eastern Massachusetts Music Operators' Association.

Servicing Wurlitzers in Alaska

FAIRBANKS, ALASKA-Eddie Oaks, Jr., owner of Alert Vending Company, stands proudly next to his newly painted service car. He, it seems, is a loyal Wurlitzer supporter as indicated by the markings on the body.

Eddie's routes are in and around Fairbanks, Alaska and two of his best locations are Fort Richardson and Elmendorf Field where his Wurlitzer 1800's bring many hours of musical pleasure to our servicemen stationed there.

Wurlitzer is represented throughout Alaska by Northwest Sales Company of Seattle, Washington, owned by R. W. "Ron" Pepple and O. A. "Putt" Kincaid.

Nationwide Survey Proved: Diversified Operations Are Now the Rule — **Not The Exception**

CHICAGO - Another very important event that took place during 1955 was the nationwide survey conducted among the members of The Cash Box' "20 Year Club" this past Fall.

These are the men and women, over 1,000 of them. who have been engaged in the coin machines industry for 20 years and more. And along with the "Alternate Members" of the "20 Year Club," those who have been actively engaged in the industry for ten years and longer but not yet 20 years, made this survey one of the most outstanding in the history of the industry.

Many important facts came to light because of this survey. But probably the most important was what The Cash Box had editorially reported some many months prior to the survey. that: "Diversification is now the rule-not the exception."

It was estimated from this survey that over 87% of the men and women now engaged in the industry were diversifving their routes as well as their sales.

In short, distributors sold more than one type of equipment, and operators used more than one kind of machine on their routes.

Compared to the early '50's, when the cry was "specialization" this was, of and in itself, a very great change.

The operators, at long last, recognized the fact that the location, not the machines in the location, was most important.

This has caused many to change sales plans thruout the field. Whereas in former years yending and music salesmen sought the specialist in these fields, these salesmen now realize that operators, over 87% of them, will handle all types of equipment.

This also means that there can This also means that there can be a national get-together of manu-facturers of all types of equipment, if they so desire, for the simple rea-son that they can draw into any exhibit over 87% of the nation's operators. And even this percentage is growing greater as the months go by by

It also means that public relations

Phono-Vend of Houston Still in Operation

- Lou Sebastian, sales manager of Phono-Vend of Texas, this city, writes that the firm's Houston offices are being operated.

"Our merchandise is still in the place, and we sell and give service," writes Sebastian. "We are too short-handed to keep the place open seven days per week. I get over there when-ever I can, or some of our people when we can spare them."

efforts on the part of any division of the industry will help everyone. Operators and distributors, no longer concentrating on one type of equipment, are benefitting from the public relations effect of all types of equipment.

In the long run, as some have pointed out, it means better operating because the operators will concentrate on giving locations better service, so as to maintain and retain those locations, because of the fact that they probably own all the various types of machines found in each of the locations.

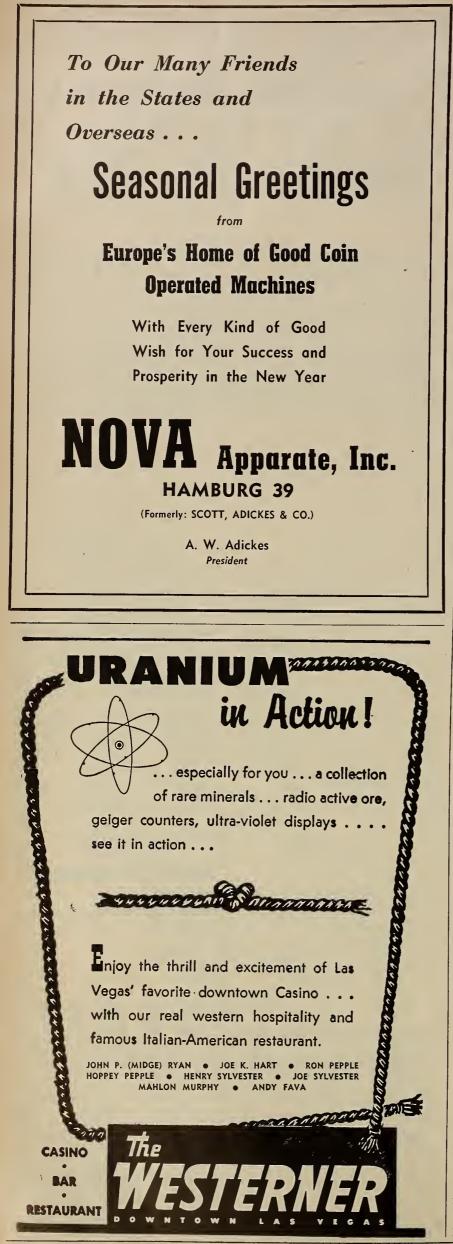

"I couldn't get along without 'The Cash Box Price Lists'. I get them on Sunday by Air Mail Special Delivery."

Distributors, Jobbers, and one-stops all say that the past few weeks have been here biggest Holiday selling season that the industry has ever seen. Without exception, everyone is very optimistic about the coming year and all expect the excellent conditions to continue. The rise in business is most evident in the record end of the business. Even though prices of records are lower this year than last, all of the major recording companies are reporting a rise.
According to Sammy Ricklin at California Music, "The record business is finded by the business event house of sales.
According to Sammy Ricklin at California Music, "The record business is of high fidelity sound reproduction and more and more high fidelity phonographs are being sold every day, which must reflect in the sales of records." Also, Sammy believes the increased interest in records is due somewhat to the fact that the novelty of watching television has worn off for a great deal of the public. Wrecking has already started at the site of the new California fusic building. Bella Stack, Sammy's bookkeeper spent the New Year's of the Kock 'n Roll Waltz" has been picked as the record of the month by the Los Angeles Division of the California Music Merchants Association.

As this column is being written, we're right in between the Christmas and New Year's holidays. Many of our friends are just about getting over the Christmas partying, but at the same time are preparing for the usual hi-jinks of New Year's Eve. This is the week when everyone forgets their business gripes, problems and headaches. Everyone's relaxed, smiling, cheerful and happy. Wouldn't it be a grand world if this same attitude could be carried into every single day of the year? So-we wish everyone, everywhere a HAPPY and PROSPEROUS 366 DAYS in 1956.

Many in the trade planning beyond the New Year's Eve celebrations. They're making arrangements to leave the frost bitten North, and spend some relaxing days in the sunny South. . . . We haven't heard from our good friend, "Senator" Al Bodkin, but you can bet he's one of the coinmen who'll be flying out soon. The "Sen" takes his vacation in the winter at Miami Beach. . . . Dick DiCiccio, Westchester op, on coinrow buying machines and supplies, tells he and the missus will take off for Florida next month. . . . Barney (Shugy) Sugerman, Runyon Sales, will have to wait a few more weeks before he can get away. Right at the moment he's so busy, he hasn't made up his mind whether he'll fly down to Miami Beach or take one of those nice ocean going cruises to Porto Rico, Nassau and South America. Irv (Kempy) Kempner, Runyon, makes his regular trip to Connecticut, even tho it'll be a short week. Felix Fleischman, Runyon's Newark, N.J. expert on used equipment, has a wonderful memory. Can quote prices on all types of used machines, both current and past, without referring to lists. The ever-smiling Marvin Goldstein, Runyon's expeditor, handles the requests of ops and firm's execs without batting an eye, and always comes up with what they want. . . . John Gabel, whom many believe originated the first coin operated phono, died last Friday in Chicago. Wonder how many in the business today remember when there were five music machine operating firms in New York City, of which the John Gabel Company was one. Bob Grenner was the manager. Firm ran some 1500 machines, all of them Gabels.

Over at Young Distributing, Joe Young, Abe Lipsky and Allie Goldberg getting ready to host the city's music ops on National Wurlitzer Days, starting Sunday, January 15, at which time they'll show the new Wurlitzer phono, Sunday, January 15, at which time they it show the new wurltzer phono, model "1900" called the "Centennial" in celebration of Wurlitzer's 100th Anniversary. Hank Peteet, Wurlitzer field engineer, in for a busy time now. Hank will start off from here on January 3 and cover 10 Wurlitzer distribs in 10 different cities in 10 days. Happy flying, Hank. . . . The regular December meeting of the Westchester Operators Guild took the form of a Christmas party when the employees and owners attended a buffet dinner at Winklman's Restaurant at North White Plains. Practically everyone in the association and their employees showed up and partied it up into the early hours of the next morning. . . Harry and Hymie Koeppel, Koeppel Distributing, making plans to renovate their entire set up. Workers will start after the first of January. These boys have some mighty progressive plans they'll put into operation at that time. . . . Over at Atlantic New York, Meyer Parkoff out visiting some ops, but the boys, Murray Kaye, Nat Solow and Gene Broady, all busy. . . . Mike Munves able to take it a little easy this week. But it won't be long before he'll be rushing around filling orders for arcade owners who'll be preparing for their spring arcade openings. . . . Al Simon, Albert Simon, Inc., wishes us a "Happy New Year", as he rushes by. "Had a wonderful 1955" he advises, "and 1956 should be no worse". . . . As we mentioned previously, 1956 will see several changes on coinrow. As some of these people have asked us not to report on this as yet, we've kept quiet. But in a few weeks they'll all be set, and we'll bring coinrow up to date. . . With the opening of the Air Terminal Building on 10th Ave. and 42nd St., coinmen now have a spot for good eating, as well as a meeting place. model "1900" called the "Centennial" in celebration of Wurlitzer's 100th

It's "Happy New Year" to one and all, here and everywhere, as the entire Windy City happily, eagerly and enthusiastically looks forth to what it believes may be the most prosperous year yet enjoyed by all the industry, worldwide. Statements made by leaders here are all cheerful. There isn't a dark cloud on the optimistic horizon for 1956. . . . Most impressive for this month of January, 1956, is the fact that more and more operators, and more more operators' associations everywhere in our great land, have taken to: "A Day Of Dimes For The 'March Of Dimes'". Fighting vicious, crippling, maiming, killing polio. A grand, great, charitable and heartwarming gesture on the part of the entire industry. One marvelous public relations effort that will bring prestige, respect and honor to one and all everywhere.

The big "Day Of Dimes For The 'March Of Dimes'" being set up by the Chicago music ops organization is sure to help the entire Chicagoland area. Both Joe Filitti, Music Ops' president and Mike Dale of Commercial Phono Survey have thrown themselves into this task. Both men look forward to making this one of the biggest and most outstanding achievements of the Recorded Music Service Association. . . . Regarding the forthcoming year, Joe Filitti reports, "We should tread the road to prosperity again." Joe sees only one dark cloud on the music operators' horizon—ASCAP. He is already preparing his organization for any forthcoming legalistics. . . . Al Wertheimer and his Davis Sales organization, Syracuse, N.Y., urged ops to visit and become better acquainted with their Congressmen and Senators during the Holiday Season when these legislators would be at home. This was coupled with a further suggestion that the ops discuss possible forthcoming ASCAP legislative attempts and explain to the lawmakers what this would mean to music ops of the nation.

George Jenkins of Bally down Texasway holiday visiting with his grandchildren. Said George before he left, "This is one trip no one can stop me from making."... Harry S. Lavine of Oil City, La., who has been in the coinbiz 57 years, suggests other 50 years members report in to the "20 Year Club."... Speaking of the "20 Year Club" the vote electing Ray T. Moloney as "the most outstanding coin machine man of the year" winning much praise from many 'round these parts.... Bob Gnarro and some of the other ops in this area worried about the influx of certain ops.... Bill O'Donnell, with his pants pockets turned inside out, proving how empty a guy can be after Xmas.

Ed Levin a victim of stomach flu this past week. Spent only a few hours at his office and then was forced to dash home—back into bed. Sam Wolberg leaves for Palm Beach this week. Sam Gensburg back at his desk at ChiCoin's very, very busy factory where pool games have clicked big. . . . Johnny Casola, United roadman, advising that he's leaving for New Orleans and then a trip thruout the entire state of Florida. Whatta break as the weather slides down to the zero mark!!! . . . Lyn Durant, by the way, in and out —just caught a flash of him as he dashed by. . . . Lots of problems up in Minnesota. . . . Les Riech and Ed Ristau of Rock-Ola planning trips to visit with the firm's distribs. . . . Art Garvey in town—for a little while and then back out to his territory.

Al Thoelke of United leaves for a long trip to the west.... Both Sam Lewis and Frank Mencuri all hepped up over Exhibit's "King Size" pool table which has won many warm compliments from the firm's distributors. Says Frank, "This is the busiest holiday season in all our firm's history."... Capt. Tom Callaghan, just as dapper as dapper can be, busy entertaining visitors to his offices.... "We're busier than busy," is the way Paul Huebsch of Keeney put it this past week, and added, "Never saw anything like it before. Our phones were buzzing the moment we returned from our Xmas holiday and continued ringing right up to the last minute of New Year's eve."... Herb Jones printed up a peach of a coin machine edition of "Bally-Who" with a column by none other than Jake (Horace Greeley) Friedman. And right at the very bottom of Horace's (we mean Jake's) column was a clip asking for trade-ins. Never knew before that Jake could write so well.

Nate Gottlieb put it this way this past week, "We sure can't complain. We've been busy all year long. But," he added, "we never expected to be as busy as we are right this minute with both 'Easy Aces' and 'Spot Pool' clicking so big everywhere." . . . Bally's Phil Weinberg got a real Xmas present. He was able to move into his newly decorated and remodeled home—right before Xmas. . . . J. A. (Art) Weinand of Williams tells about a storekeeper friend of his whom Art dropped in to visit the other day, and who told Art that the pool game in his place is earning more for him than any game he's ever had in there. What's more, is bringing him new customers he'd never before seen, who come in just to play the pool game. Art reports that this isn't the only retailer who's told him this story.

Joe Robbins had this to say bright and early Tuesday-after-Xmas, "Oi, Vay, I'm recovering from a'long week-end." . . . Even the most skeptical operators have taken to pool games. Many attribute this to the fact that all leading mfrs getting into the pool games biz convinced even the worst skeptics that "it must be good." Also surprising is the fact that so many music ops, who never operated anything but music, now also operating pool games—and verra verra happy over it, too. . . . Vince Shay answered an operator who asked him, "What'll happen when the pool game craze is all over?" with, "They'll pitch again 'til they win." . . . Storekeepers, to help their regular customers get a chance to play the pool games in their places, are charging coke drinkers just as much for coke as they charge for beer. But, like one storekeeper reported, "It just don't help. They pay and play."

Avron Gensburg busier than all get-out at the Genco plant. But hoping that he'll be able to get away for a trip. Just hopin', that's all, is the way Ralph Sheffield puts it. Ralph answers phone calls. Then dashes into the factory. Then dashes back. Answers more calls. Dashes out to the plant. Runs back to answer still more phone calls with, "That's it—we're out of games for today. I'm putting you down for tomorrow's run." Says Ralph, "What're y'gonna do? Can't make 10 out of 5."... Since Willie (Little Napoleon) Blatt wrote him, asking for the exclusive franchise to operate coin machines in all way stations where travelers will stop en route to the moon, Jim Mangan now considering whether he hasn't one of the most salable of all salable routes... Ted Rubenstein intends to break with some interesting news very soon.

CHICAGO CHATTER (Cont.)

Pat Buckley and Jerry Haley are plenty busy telling many ops who want to know how they can. . . . Seeburg factory didn't let up for even an instant. Production there going ahead at top speed as demand continues to grow ever greater for the 200 selectioner. . . . Happy New Year party over at Atlas Music with Maurie and Eddie Ginsburg, Nate Feinstein, Harold Schwartz, Bill Phillips, and all the boys wishing one and all the very bestest of the best. . . . Phil Weisman and Mike Spagnola, AMI's distribs here, happily wishing all the music ops —the greatest year. . . . Ben Coven has a sly smile. All about Wurlitzer's 100th Anniversary phono. But won't tell yet. Says Ben, "See me on Wurlitzer Days for the biggest surprise of your life." . . . Wally Finke, Joe Kline and Sam Kolber just happier than ever that they got over the Holiday Season. The trio claim, "We were never so busy in our history. A perfect windup for our greatest year—so far."

"Little" Jimmy Johnson of Globe sagely remarked, "Another year-another buck." . . . Al and Joel Stern, Len Micon and Fred Skor, just gleaming that gleam-not only because they're doing a land-office biz with their Brunswick-Balke-Collender parts, but, because they're planning something very special for the ops.... Stanley Levin, slouched far back in his office chair, his feet up on the desk, comes up with, "So, it's a New Year. So what? Just get me equipment to take care of my customers." . . . '55 Was Great Business Year Auto-Photo Occupies Phonos, Amusements, Venders **Reached New High Production** and Sales Marks

"It's What's in THE CASH BOX That Counts"

CHICAGO—It is generally agreed thruout the industry that 1955 was a great business year. In fact, the majority believe that the industry can look back to very few, if any years, that come up to the accomplish-ments of 1955. All three divisions of the industry continued ahead at a record-breaking pace. Phonographs, amusements and venders all set new production and sales marks on an overall industry average.

average.

average. Perhaps most sensational of all were the pool games which came into being the last quarter of '55 and which clicked so well that they spread nationwide in just a few months' time. Even more impressive was the fact that the pool games were lower priced than former amusements of the year

that the pool games were lower priced than former amusements of the year and, at the same time, were responsi-ble for the spread of Dime Play on a nationwide amusement games basis. The pool games, it seems from all reports, entered the field at just the proper moment. With problems being faced by many in the amusements division, the pool games were more avidly and more rapidly accepted, it is believed, than would any other new type games.

is believed, than would any other new type games. The pool games, therefore, brought greater interest to the amusements division of the industry, especially this last quarter of 1955, than was ever expected. This interest continues at very high pitch with many areas of the nation

first entering into the pool games era. Automatic phonographs did not lag behind. They, too, have won tremen-dous following.

With finer high fidelity tonal qual-ity, with better programming, with tremendously increased selectivity and with the continued spread of dime play, the automatic phonos were selling tremendously well and the factories in this field were setting new production records.

There is general agreement that the automatic phonograph can be con-sidered the backbone operating unit

of the industry. From a survey conducted this past October, 1955, it was learned that better than 87% of the operators engaged in the industry feature automatic music.

Furthermore, the foreign markets have also entered into the race to ob-tain more and more of the new phonos and this, too, has boomed production for the manufacturers who are now working to meet orders in both the domestic and foreign markets.

domestic and foreign markets. Perhaps the most outstanding de-velopment in the automatic vending field also came about during the very last quarter of 1955. This was the entrance of such firms as Heinz and Campbell into the soup vending field. Not only did this obtain nationwide publicity but gave a definite boost to the entire vending machines busi-ness. ness

New Quarters

LOS ANGELES, CALIF.—V. Van Nattan, Jr. announced this week the opening of the Auto-Photo Company's new offices and factory at 1100 East 33rd Street in Los Angeles. The new location enables Auto-Photo to consolidate all departments of the company under one roof. New improved quarters have been provided

or the company under one root. New improved quarters have been provided for offices, and enlarged floor space for manufacturing and engineering. New production facilities will speed up production of the Model "11 Auto-Photo Studio." The new headquarters were officially opened on January 3.

In the eyes of many vending ma-chine operators the recovery of sales from cigarette vending machines is also considered a mighty important factor. Especially after the adverse publicity which the medical profes-sion produced regarding cigarette smoking. This recovery was noticeable thru-out the nation. It helped tremendously to boom sales of the latest model cigarette venders.

In all divisions of the industry there have been many unique achieve-ments during 1955.

To list them all would require many reams of material. But, on an overall basis, it is perhaps best to note that the year 1955, as a business year, was one of the greatest in all the history of the industry.

Business has overflowed from all indications, into the first quarter of 1956 with the pool games still leading the way.

The anusements field, therefore, is basking in the spotlight of major attention.

For Coin Machine Operation In Way Stations To Moon

Willie (Little Napoleon) Blatt of Miami, Asks For Franchise to Operate in All Way Stations

JAMES T. MANGAN

CHICAGO—James T. Mangan of Mangan & Eckland, advertising and public relations agency, this city, re-ceived a letter from Willie (Little Napoleon) Blatt of Miami this past

week wherein Blatt asks for the "franchise to operate coin machines in all the way stations where travelers will stop off on their way to the moon." He also wrote Mangan, "Please arrange immediately for a passport." At the same time he asked, "Please let me know when "The Cash Box' will start mailing to outer space so that I can take advantage of it." Mangan reported that he is "con-sidering" the letting of the franchise at this time.

sidering" the letting of the franchise at this time. "Believe me," Mangan said, "I don't care what type of slot machines, games, venders, or any other type equipment they operate in the stations where travelers will stop off on their way to the moon, as long as these are rood, clean American amusements."

way to the moon, as long as these are good, clean American amusements." In the meantime the nation's largest news services, such as AP and UP, are sending the report of Mangan's passport to the moon to thousands of newspapers, magazines, TV and radio stations.

The resultant publicity has brought Jim Mangan a flood mail, especially from coin machine people who have known him for many, many years.

	How To Use "THE CASH BOX PRICE LISTS"		4*
	[Also known as the "C. M. I. (Coin Machine Industry) BLUE BOOK"]		1.
	FOREWORD: Many times, wide differences appear in the quotation of high and low prices of certain equipment. Like any true reporter "The Cash Box		
	Price Lists" can only feature the market prices as they are quoted. "The Cash Box Price Lists" act exactly the same as the market quotation board at the Stock		4.
	Exchange—posting the prices as they are quoted for the past week, regardless of		
	how much they may seem to be out of line. Some prices do not change for months, "The Cash Box Price Lists," rather than show no price, retain the last		1.
	known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent.		
	Someone on the West Coast may feel a certain machine worth \$150.00 whereas		4.
	someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be		4.
l	taken into consideration. (Some equipment offered by outstanding firms, having		
	a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added cost of reconditioning.) "The		4.
	Cash Box Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of		4.
	his territory.		
	METHOD: "The Cash Box Price Lists" should be read as follows: First		4.
	price listed is lowest price quoted for the week; Second price listed is highest		

price quoted. FOREIGN BUYERS: To cover cost of packing, crating, shipping, etc., figure an additional \$20 to \$25 on Pin Games-and \$25 to \$30 on Phonographs.

REGARDING SELLING PRICES

Reports received indicate that, in some cases, purchasers become upset due to the fact that they cannot, many times, buy equipment listed in the lower price brackets. Sometimes sellers of machines listed at from \$10.00 to \$25.00 ask from \$50.00 up to \$75.00 and even more for these very same machines. Purchasers of such equipment must realize that machines in the very low priced categories are much worn to be priced at these low figures. To completely recondition such machines, the reconditioner must add onto his price the cost of transportation to obtain these machines, the labor, parts and supplies needed to recondition the machines, plus the cost of cartons, crates and labor for packing and shipping of the machines, in addition to a decent profit which from \$50.00 to \$75.00 and up. In the case of arcade and kiddle ride machines these may even be higher due to the fact that many of the parts have to be made by hand or contracted for at some machinist shop, since manufacturers of many of the old arcade machines and kiddle rides are no longer in business equipment should take these facts into consideration and, at the same time, should also realize that many buyers today have their own repair and recon-ditioning departments as well as experienced mechanics, such buyers will purchase machines themselves to meet their own operating standards.
