Once again at this Christmas season, Perry Como exemplifies the Holiday spirit for us. Surrounded by a chorus of Christmas shoppers, Perry and the gang sing his great Christmas standard, "Home For The Holidays", which he recorded two years ago for RCA Victor and which has become inextricably associated with him each year at this time.

The Lads execute the number in outstanding fashion and we can expect to see it on the charts for a long, long time. "BANANA BOAT (DAY-O)" [Shari ASCAP—Belafonte, Burgess, Attaway] "STAR-O"

[Shari ASCAP-Belafonte, Burgess, Attaway]

HARRY BELLAFONTE (RCA Victor 20/47-6771)

20/47-6771) RCA Victor's history. For the past five months, his sensational "Ca-lypso" LP has been moving at an amazing pace. And just a few weeks ago "Jamaica Farewell," a single taken out of the LP, broke onto the best seller list and is climbing steadily. During the past three weeks, a number of artists have released recordings of a tune called "The Banana Boat Song," a number very similar in melody and lyrics to "Day-O." "Day-O" has been one of the most played bands from the album and in view of the popularity of "Banana Boat," Victor is making available in single form, the Bela-fonte interpretation. The disk will bear the "Banana Boat" title with a "Day-O" sub-title. It should enjoy a tremendous sale. Flip is "Star-O" another tune from the same album.

(Mercury 71013; 71013x45)

C+ "WATER BOY" [Arc BMI—] The bass voice takes the spotlight on this half as he and the crew rock thru a smooth version of a wonderful folk song. Easy going change of pace.

THE FOUR VANNS (Vik X/4X-0246)

B "SO YOUNG AND SO PRETTY" (2:05) [Kahl BMI—Vann] The Four Vanns bow on Vik with a tender rock and roll romancer that could catch on in one area and spread quickly. Boys have a pretty blend and the lead vocalist sings with a refresh-ing sound and style.

C+ "SHA-BEE-DAH-AH-DING-DONG" (2:16) [Kahl BMI — Vann] The boys work on another smooth sailing rhythm ballad with a strange title which, incidentally, means "I Love You." The kids'll go for this one too.

BILLY VAUGHN ORCH. (Dot 15530; 45-15530)

B+ "PENNSYLVANIA WALTZ" —Skylar, Paxton] Billy Vaughn leads his ork and chorus thru a wonderful arrangement of a charming, tender waltz. Smooth, reminiscent number treated in the same homesoun fashion that made "Melody of Love" a hit.

B+"SUGAR BLUES" (1:51) [Pick-wick ASCAP—Williams, Flet-cher] The Clyde McCoy standard is revived for the present day market by Billy and the crew. Strong rock and roll backing could make the disk a click all over again.

LOU MONTE

(RCA Victor 20/47-6769)

B+ "SOME CLOUD ABOVE" (2:46) [Laurel ASCAP — Benjamin, Weiss] Lou Monte takes a breather from his novelty waxings and lends his warm sincere voice to a lovely new inspirational ballad that displays the songster's talents to best advan-tage. Potent material that could de-velop into a smash if it catches on in one spot.

B "ROMAN GUITAR" (2:32) [Al-fred ASCAP—Harper, Bruno, DiLazzaro, DeBadet] A pretty Italian love song set to a romantic latin beat, is warbled with warmth by the song-ster. Melodic opus with Italian and English lyrics.

MARK MILANO (Flair-X 3004; 45-3004)

B "MARIANNA" (2:08) [Roncom ASCAP—Varnik, Aquaviva] A delightful Italian flavored waltzer is handled with warmth and meaning by the rich baritone voice of Mark Milano capably accompanied by a chorus. Inviting deck.

C+ "LIGHTS OF PARIS" (2:33) [Sam Fox ASCAP — Reaves, Evans] We leave the Italian atmo-sphere and shift to Paris for Mark's romantic delivery of another pretty love story.

AL CASEY WITH GUITAR (Dot 15524; 45-15524)

B "JUICE" (2:55) [Debra-Desert Palms BMI — Casey, Wilcox, Hazlewood] Al Casey's guitar takes the spotlight on this smooth, steady-beat blues instrumental with a "Honky Tonk" flavoring.

B "A FOOL'S BLUES" (2:15) [Debra-Desert Palms B M I – Casey, Wilcox, Hazlewood] Casey picks up the beat and swings thru a solid jump item with a great beat. Side brings to mind the exciting in-strumental backdrop heard on Sanford Clark's recording "The Fool".

KAY CEE JONES (Decca 30116; 9-30116)

B+ "HEAVEN KNOWS" (2:10) A spirited novelty romancer is won-derfully styled by the potent voice of pert Kay Cee Jones. Wonderful combination of a light, spright lyric and a cute melody excellently brought together by Kay Cee. A novelty that could make it in a big way.

B "SAY AGHAPO" (2:59) [Mills ASCAP—Morgan, Brandt] The versatile songstress chants a haunting and moody love song on this end. Dramatic romance item.

JIM BOWEN WITH THE ORCHIDS (Triple D 798; 45-798)

December 29, 1956

B+ "I'M STICKIN' WITH YOU" (2:06) [Blue Moon BMI—Bowen, Knox] One of the most powerful rock-billy sides to come from a small label in quite some time is this one by Jim Bowen and the Orchids. The session has a captivating sound and arrange-ment plus a simple lyric that should appeal strongly to the teenager. Driv-ing dance deck to watch closely. Could be a smasheroo.

C+ "PARTY DOLL" (2:12) [Blue Moon BMI—Knox] Another excit-ing arrangement of a rockin' side. The beat here, as on the top half, is thrilling and ultra commercial.

WAYNE KING ORCH. (Decca 30171; 9-30171)

B+ "PENNSYLVANIA WALTZ" (2:36) [George Paxton ASCAP Skylar, Paxton] An alto sax takes the spotlight and softly glides thru a lovely, romantic waltz melody rem-iniscent of the smash hit "Tennessee Waltz". Wayne King's ork sets up a beautiful string backdrop for the tender, dreamy multiple vocaling by Elaine Rogers. Strong mood disk that could make big noise.

C+ "MA CHERIE" (2:20) [Thunder-bird ASCAP—St. Clair] This half is strictly instrumental. Another velvety sentimental waltz set to a slow relaxing tempo.

JOHNNY BURNETTE TRIO (Coral 61758; 9-61758)

B "LONESOME TRAIN" (2:03) [Snapper BMI—Moore, Subotsky] Rock-billy Johnny Burnette pile-drives thru a torrid rock and roller that'll have coins pouring into the jukes in teenage locations. Wild deck belted in the Presleyan manner.

C+ "I JUST FOUND OUT" (2:19) [Vernon ASCAP—Burnette, Bur-nette, Burlison, Mortimer] A slower rocker chanted again with a number of Elvis' gimmicks. The country feel-ing is greater on this side.

STAN CORTEL

(Ace 105; 45-105)

C "LOST WITHOUT YOU" [Gold-mine ASCAP—Kenny, Gerard, Kenny] Stan Cortel bows on the Ace label with a sincere vocal delivery of a tearful love song.

C "WE THANK YOU" [Dauphin BMI — Richards] The songster projects on a dramatic inspirational ballad set against a simple ork ac-companiment.

PEARL WOODS (Dot 15508; 45-15508)

B "I CAN'T WAIT" (2:30) [Barton ASCAP—Wilshire, Saxe, Bee] Dot introduces another exciting new-comer in Pearl Woods. The lark has a thrilling voice and original technique that sells this interesting piece of rhythm material. Strong arrangement.

C+ "LET THE GOOD THINGS START" (2:30) [Home Town ASCAP—Gordon, Bee, Cardon] Pearl picks up the tempo on this half and cuts thru a swinging toe-tapper. Hard driving rock and roller for the pop and r & b market.

Marcus Joins Zephyr As VP of Sales

HOLLYWOOD, CAL.—Irving Marcus has joined Zephyr Records as vice president in charge of sales. His appointment ends an eight month search by Zephyr president, Geordie Hormel, for a top merchandiser.

Marcus, who has been vending records for independent labels ever since World War II, formerly was assistant to the president of King Records, sales manager of Peacock and Duke Records, and headed his own Mercury distributorship in Atlanta, Georgia. His decision to join Zephyr was prompted by a desire to employ his sales theories in the popular field of music—theories which were very successful for him in the rhythm and blues field.

In R & B, he played an important part in the 10 consecutive hits recorded by the late Johnny Ace. He also was associated with the original "Hound Dog" record on Peacock featuring Willie Mae Thornton. The disk is reported to have topped the 800,000 mark during its run in 1953.

Marcus, who in the past has travelled extensively, will also take to the road for Zephyr. Not only will he meet with distributors, but he will scout talent and material as well.

Dancing It

NEW YORK—Jule Styne (left), who composed the music for the Judy Holliday hit, "Bells Are Ringing," goes over a specially re-arranged "dance" score of music from the show with bandleader Sammy Kaye during a recording session for Columbia Records. Kaye re-arranged the "Bells Are Ringing" tunes in dance tempos for a new album which will be released in early January. Titled "For Dancing . . . Sammy Kaye Swings and Sways Bells Are Ringing," it marks the second Broadway "dance" album by Kaye, who also recorded "My Fair Lady" songs in dance rhythm a few months ago. dition will take over some of the duties that Harry Jenkins performed before he was promoted.

While these shifts indicate the eventual end of the Groove label, there are no definite plans to discontinue it at this time. It has been no secret in the trade that Groove was scheduled to be discontinued early in 1957 but now that the label has a hit, "Love Is Strange" by Mickey and Sylvia, all such plans have been indefinitely postponed.

Shea Sells Pioneer San Francisco One Stop

SAN FRANCISCO — It was announced this week in San Francisco that Dan Shea, owner of Operators Record Service, one of the pioneer one-stops in the country, would sell his company at the end of 1956. The new owner will be Kenneth K. Tvete, who until selling his route last week, had been an operator in San Francisco for many years. He previously owned a retail record shop.

Shea started his one-stop over ten years ago immediately after leaving his post as salesman for Capitol Records.

Operators Record Service was a novel approach in the merchandising of phonograph records. The initial set-up, designed to familiarize operators throughout northern and central California with the idea of buying from one source rather than many, consisted of stocking two large vans with phonograph records and sending them out into the territory. The vans would pull up to an operator's door, the driver would demonstrate all the new releases on his battery-operated phonograph, and fill the operator's orders from the many thousands of records kept in stock in the van at all times. Drops were arranged at different cities along the way for the drivers to pick up records which had been shipped from the San Francisco home office in order to replenish their stock.

After the operators became familiar with the "one-source" theory of buying, Shea discontinued his trucks and set up a permanent one-stop in San Francisco, where he has steadily built his clientele year after year. His customers now range throughout the 11 western states, Alaska and all the Pacific Islands, plus Japan and the Philippines.

Shea has plans for only the immediate future. A vacation. "Phonograph records and I have become very good friends over the years," he said. "But like people who spend all their time together perhaps we have become a little too close. I feel that a separation is in order, for a while at least."

Tvete, with George O'Callaghan in the number two spot, will continue to operate the company in much the same manner as it has been, with perhaps a few modifications to conform with the changing industry.

New Rock-Ola Debuts In Philly

PHILADELPHIA, PA.—Roberta Sherwood, Decca disk star, and Al Martino, Capitol songster display handsome smiles for the cameraman at a recent showing of the new Rock-Ola 200 Selection Phonograph held at the Scott Crosse Company, this city. Hundreds of operators dropped in to examine the new mechanism. Roberta's latest release is "Tears Don't Care Who Cries Them" and Martino's new one is "I'm Sorry".

Lyle Thayer Named To **New Post At Capitol**

HOLLYWOOD - The appointment Lyle Thayer to the newly-created position of Administrative Assistant of Capitol Records, Inc. has been announced by Daniel C. Bonbright, Vice President, Administration and Finance

Thayer's duties and responsibilities will be concerned with the negotiation of artist and show contracts, and related activities. He will report to Joe Zerga, Executive Staff Assistant of CRI.

The appointee was with the Music Corporation of America 14 years. After opening MCA's San Francisco office in 1937 and remaining there four vears, he moved to the Beverly Hills office of the corporation where he was an executive in the band and act department. While with MCA in Beverly Hills Thayer was attached to Kay Kyser and his orchestra as a special assignment.

In 1947 Thayer set up his own per-sonal management office which he operated until his affiliation with Capitol.

Marilyn Moore Inks **Bethlehem Contract**

NEW YORK—Marilyn Moore, who in private life is the wife of tenor sax star Al Cohn, has inked an ex-clusive Bethlehem contract calling for the completion of her first record date in late January or early February.

Miss Moore returns to the music scene following a long period of in-activity. A veteran performer, Mari-lyn's introduction to the entertainlyn's introduction to the entertain-ment field came thru her parents who were vaudevillians working out of Oklahoma City. After singing in high school and local clubs, Miss Moore did a short stint with one of Woody Herman's herds and later joined Charlie Barnet's band. It was at this point in her career that the lark re-tired from the pin spots to take up her domestic chores.

Her scheduled Bethlehem LP will have a variety of instrumentation designed in the interest of displaying her style and different moods.

B'WAY SHOW

"HAPPY HUNTING"—Original Broadway Cast—RCA Victor LOC-1026
(1-12" LP)
DON'T TELL ME; IT'S GOOD TO BE HERE; MUTUAL ADMIRATION SOCIETY; IT'S LIKE A BEAUTIFUL WOMAN; THE WEDDING OF THE YEAR BLUES; MR. LIVINGSTONE; THIS IS WHAT I CALL LOVE; ENTR'ACTE; A NEW FANGLED TANGO; SHE'S JUST ANOTHER GIRL; THE GAME OF LOVE; HAPPY HUNTING; I'M A FUNNY DAME; THIS MUCH I KNOW; EVERYONE WHO'S "WHO'S WHO"; GRAND FINALE.
Ethel Merman's return to Broadway has come via "Happy Hunting." The score to the show comes to the disk collector via Victor and, as in the production itself, it is Miss Merman who takes full command of the numbers. Her rousing reading of the show's biggest song hit, "Mutual Admiration Society" is a delight. In a pretty ballad, Miss Merman excels in "The Game Of Love." Fernando Lamas sings well as the romantic male lead in this tale concerning the recent nuptials in Monaco. Good novelty number: "Everyone Who's 'Who's Who's Who.'" The show coterie plus Miss Merman's vast following make this waxing a handy item to have around dealer shelves.

FILM SOUNDTRACK

"BUNDLE OF JOY"-Eddie Fisher and Debbie Reynolds-RCA Victor LPM-

"BUNDLE OF JOY"—Eddie Fisher and Debbie Reynolds—RCA Victor LPM-1399 (1-12" LP)
BUNDLE OF JOY OVERTURE; WORRY ABOUT TOMORROW-TOMORROW; WHAT'S SO GOOD ABOUT GOOD MORNING; SOME DAY SOON; SOME DAY SOON FANTASY; ALL ABOUT LOVE; LULLABY IN BLUE; NEW YEAR'S EVE ON TIMES SQUARE; I NEVER FELT THIS WAY BEFORE; TEMPO FUGIT, BUNDLE OF JOY AND FINALE.
This Victor release contains the stars and songs of the RKO film "Bundle Of Joy." The principals are Eddie Fisher and Debbie Reynolds, and, on this disk, they perform the 8 Mack Gordon-Josef Myrow tunes written for the pic. The disk approximates a Broadway original cast waxing, with its overture, finale and chorus. The score contains several first-rate melodies ("Some Day Soon," "All About Love" and "What's So Good About Good Morning") and Fisher and Miss Reynolds sing them engagingly. Bright arranging-conducting by Hugo Winterhalter. Dealers can expect excellent sales with the release and saturation of the film into local theaters.

"BABY DOLL"—A Sound Track Recording—Ray Heindorf And The Warner Bros. Orchestra—Columbia CL 958 (1-12" LP;

Bros. Orchestra—Columbia CL 958 (1-12" LP) The Elia Kazan film production of Tennessee Williams' "Baby Doll" had great advance publicity support and this Columbia release of the film's score should convert the benefits of such hoopla into handsome sales. The moody score was written by Kenyon Hopkins and is performed by Ray Heindorf and the Warner Bros. Orchestra. Rock 'n roller Smiley Lewis has a vocal number on the waxing, "Shame, Shame, Shame!" Eye-catching photo of much publicized "Baby Doll," Carol Baker, on package.

"WESTWARD HO THE WAGONS!"—Starring Fess Parker With The Original Cast Of The Motion Picture—Disneyland WDK 4008 (1-12" LP)

Cast Of The Motion Picture—Disneyland WDK 4008 (1-12° LP) Walt Disney's "Westward Ho The Wagons" stars Fess Parker of Davy Crockett fame. This Disneyland release features the songs from the western as per-formed in the picture itself plus selections from the film played and sung by the Camarata ork and chorus. Two delightful tunes with a western-folk-like flavor are "Wringle Wrangle" and "I'm Lonely My Darlin'." Extensive radio-TV promotion of the pic is forthcoming. Great kiddie stock.

POPULAR

"EVERYBODY DANCE THE HONKY TONK"—Bill Doggett, His Organ And Combo—King 395-531 (1-12" LP)

SLOW WALK; BIG BOY; WHEN YOUR LOVER HAS GONE; PEACOCK ALLEY; AFTERNOON JUMP; HONKY TONK NUMBER THREE; NOTHIN' YET; LEAPS AND BOUNDS; ON THE SUNNY SIDE OF THE STREET.

SUNNY SIDE OF THE STREET. After two successive smashes ("Honky Tonk" and "Slow Walk"), dealers can heartily welcome this package of Bill Doggett sessions. The hot organist is heard in three instrumental versions of "Honky Tonk"; his latest hit, "Slow Walk" and other assorted hard-driving pieces. Doggett and his crew keep up a constantly blazing series of pressings that should make the kids wild about them. Sales should be greatly backed by Doggett's current chart stature.

"LET'S FALL IN LOVE"—Janis Paige—Bally BAL 12008 (1-12" LP) I HADN'T ANYONE TILL YOU; AM I IN LOVE?; MY BABY JUST CARES FOR ME; MY ROMANCE; WHY CAN'T I?; WHY FIGHT THE FEELING; WHY SHOULDN'T I?; I'M YOURS; I FEEL LIKE A FEATHER IN THE BREEZE; RAIN IN THE ROOF; LET'S FALL IN LOVE; BETTER LUCK NEXT TIME.

BETTER LUCK NEXT TIME. Actress-singer Janis Paige co-starred with John Raitt in the smash musical "Pajama Game," and with the possible exception of the original cast disk of the show, this is Miss Paige's only package effort. The thrush delivers her program of durable standards and lesser known melodies (Berlin's "Better Luck Next Time") with smoothness and a direct melodic attack. Miss Paige gets both string and combo support. The artist is effectively displayed on the cover. Reliable vocal efforts.

"SWINGIN' WITH HER NIBS"—Georgia Gibbs—Glen Osser Arranger— Conductor—Mercury MG 20170 (1-12" LP) DEED I DO; I GET A KICK OUT OF YOU; LET'S DO IT; THE ONE I LOVE BELONGS TO SOMEBODY ELSE; ONE FOR MY BABY; ON THE SUNNY SIDE OF THE STREET; COMES LOVE; HAPPINESS IS A THING CALLED JOE; YOU'VE GOT TO SEE MAMA EVERY NIGHT; LONESOME ROAD; I GOT IT BAD AND THAT AIN'T GOOD; WRAP UP YOUR TROUBLES IN DREAMS. ROAD; I GOT IT BAD AND THAT AIN'T GOOD; WRAP UP YOUR TROUBLES IN DREAMS. Georgia Gibbs' vocal vitality has sent many of her single disks soaring high up the charts. Her delivery here, though the title of the set may be somewhat misleading, is "swingin'," but it is so in a more restrained (and refined') manner than her single disks would indicate. Her swing here is light, way and in keeping with the material sung as in her wistful, yet swinging, readi of "Happiness Is A Thing Called Joe." Combo support includes Buddy We (piano) and Tony Mottola (guitar), Jimmie Crawford (drums) and Arn. Fishkind (bass). A commanding and decidedly jazz-like Georgia Gibbs for I fans to hear. fans to hear.

"LA GINGOLD"—Hermione Gingold—Dolphin 7 (1-12"LP) INTRODUCTIONS; FLOWERS; WHICH WITCH; THE BORGIAS ARE HAVING AN ORGY; TIT FOR TAT; BUT THE PEOPLE WERE NICE; COCAINE; QUEEN OF SONG; SPIN; ROBERT THE ROBOT; NOBODY EVER ASKED ME; THANKS YANKS.
 Dolphin is quickly becoming a class firm in the production of popular disks. In line with its previous sophisticated and intimate issues, Dolphin has re-leased, here, a collection of recitations and songs by English comedienne Hermione Gingold. The 12 tidbits of saitre, and song, were written with in-cisive wit by no less than 15 writers and excellently fit Miss Gingold's hilarious comic personality. The set's limited audience will take heartily to the waxing.

"LOVELIGHT"—The Bruce Campbell Orchestra—MGM E3460 (1-12" LP) I'LL STILL BE YOURS, TOO SOON, PARIS INTERLUDE, LOVELIGHT, ONLY MINE, CONCERTO; HEART IN THE OLD WILLOW TREE; STAR OF INDIA; LULLABY; MY LOVE; TO BE IN LOVE; AS LONG AS YOU'RE MINE.

MGM has a mood pressing here that shies away from the usual over-decorated tricks of the mood music trade, yet presents its material cleanly with warmth and an emphasis on the sentimental. Bruce Campbell and the ork, working with 12 tunes by Bob Harris, provide the soft and sweet interpretations. Effective use of white space on the package. Solid mood music fare. Should enjoy a healthy sale healthy sale.

"A DANCE DATE IN HAVANA"—Cuban Cha Cha Cha—Orquesta Fiesta Cubana—Fiesta FLP 1213 (1-12" LP)

ERRANTE Y BOHEMIO; LOS ENVIDIOSOS; LA JUMA DE AYER; LUPINA; VIVA EL REY; EL LIMPIABOTA; ALMA GUAJIRA; MO ME GUSTAN LOS BONCHES; QUIEREME MUCHO; EL DERUMBE DEL SOLAR.

The cha cha, under the polished influence of the Orquesta Fiesta Cubana, rhythmically glistens on this disk from Fiesta. An atmosphere indigenous to Cuba is provided by the pressing of the disk there and the use of a native ork. Material is composed of Spanish materials. The dance still has great sway in the states, making this entry potent stock stuff.

JAZZ

"DAVE BRUBECK AND JAY & KAI AT NEWPORT"—The Dave Brubeck Quartet Featuring Paul Desmond—The J. J. Johnson—Kai Winding Quintet— Columbia CL 932 (1-12" LP) "ELLINGTON AT NEWPORT"—Duke Ellington—Columbia CL 934 (1-12" LP)

"ELLINGTON AT NEWPORT"—Duke Ellington—Columbia CL 934 (1-12" LP) Columbia has begun releasing performances from the jazz doings at Newport, R. I. this past summer. The two releases here feature Dave Brubeck And His Quartet, The J. J. Johnson & Kai Winding Quintet, with the Brubeck and Johnson outfits on one disk, and Duke Ellington and His Orchestra per-forming three pieces on the other waxing. The Brubeck-Johnson-Wind-ing offering has four pressings by Brubeck, two originals ("In Your Own Sweet Way" and "Two-Part Contention") and two evergreens ("Take The "A' Train" and "I'm In A Dancing Mood") played in the great inventive Brubeck vein. Trombonists Jay and Kai and the rest of their Quintet take over on the oldie "Lover Come Back To Me"; a Winding original, "True Blue Tromboniums"; and Johnson's own "Newport." All three of the pieces are belted smoothly by the boys. Ellington's disk includes an original "Newport Jazz Festival Suite" in three sections, his 1938 opus "Diminuendo And Crescendo In Blue" and "Jeep's Blues." The Ellington approach, of course, is the traditional, clean swing style of a first-rate order. These disks are wonderful mementos of the Newport concerts and a worthy addition to the jazz disk catalogue. jazz disk catalogue.

"THE GEORGE GERSHWIN SONG BOOK"—Buddy De Franco And Oscar Peterson Orchestra Conducted By Russell Garcia—Verve MGV-2022 (1-12")
I WANTS TO STAY HERE; I WAS DOING ALL RIGHI; 'SWONDEFUL; BESS, YOU IS MY WOMAN; STRIKE UP THE BAND; THEY CAN'T TAKE THAT AWAY FROM ME; THE MAN I LOVE; I GOT RHYTHM; SOMEONE TO WATCH OVER ME; IT AIN'T NECESSARILY SO.
This collection of songs by George Gershwin is presented in a middle-of-the-road fashion. While keeping an atmosphere of jazz with Buddy De Franco (clarinet) and Oscar Peterson (piano) on the bill, the set also has a mood music feeling with its 14 piece string section. On the rhythm selections ("S Wonderful" and "I Got Rhythm"), De Franco and Peterson are in the forefront and provide exciting counterpoint. The great Gershwin ballads ("The Man I Love" and "Bess, You Is My Woman") are warmly played by the two and it's with these songs that Russell Garcia's string section plays its smooth part. The package can take in both a jazz and mood music audience.

"SWING ME HIGH"—Reg Owen And His Orchestra—Bally BAL-12006 (1-12" LP) SWING ME HIGH; SOHO BLUES; SLOW TRAIN BLUES; PUSHIN' SWEEPIN' THE FLOOR; SCOTCH ON THE ROCKS; SINBAD; BABYLONE BLUES; MADWALK; SUNSET STRIP; EASY NOW; HARLEM SWING. Our friends across the sea have a pretty fair idea of how to approach the swing idiom as this Bally recorded-in-England entry does so well. Maestro Reg Owen and his ork sink their musical teeth into 12 originals and belt with considerable swing ingenuity. Arrangements have been devised with good opportunites (not wasted) for solid solo work. Clean, attractive package. Fine band offering. Once heard by potential customer, sale should be likely.

CLASSICAL

TCHAIKOVSKY—1812 Overture — DVORAK — Carnival Overture — WEIN-BERGER—Polka And Fugue From Schwanda—SMETANA—The Bartered Bride: Overture—LIZST: Mephisto Waltz—Fritz Reiner Conducting—RCA Victor LM-1999 (1-12" LP) Tchaikovsky's durable "1812 Overture" pops up again as the featured work in an LP. This disk, however, has four companion pieces that often match the "Overture" in vitality and melodic content. Three of them, Weinberger's "Slka And Fugue" from his opera "Schwanda", Smetana's overture to his k opera "The Bartered Bride" and Dvorak's "Carnival Overture" are the xing's rare items. Listz's popular "Mephisto Waltz" rounds out the package. tz Reiner and the Chicago Symphony Orchestra offer a lively brew of the ces. Excellent sound. Beautiful color pic on cover. The Tchaikovsky work 1 attract most of the buyers.

TORONTO TOPICS:

TORONTO TOPICS: Alan Dale (Coral) scheduled in town this week for guest appearance on CBC-TV. . . . Congratulations to Monique Cadieux and Kapp Records who pacted this fast rising teenage thrush. Her sensational TV rise should be duplicated when the platter spinners have a chance to play her records. . . . The Stage Door Tavern was officially opened last Wednesday night under the management of TV Star Jackie Rae, and writer Frank Peppiatt. Peter Apple-yard (Victor) one of the finest young jazz musicians in town is appearing there nightly. . . . George Hamilton IV (Sparton) has one of the fastest rising single disks in Toronto these days with "A Rose And A Baby Ruth." . . . Lawrence Welk (Coral) has four of the best selling LP's in our town. Canadian Music Publishers Association held their annual dinner at The King Edward Hotel, Tuesday, December 11th. The 1956 Executives were re-elected for a second term: Ted Hough (Whaley Royce & Co.) Casadesus undertakes two familiar Schumann works, "Carnival" and the "Fantasie In C Major". The former work is a showpiece, while the latter contains great emotional depth. Great dexterity and insight is provided by Casadesus in the 4 Mozart sonatas written with flashing brilliance. Two concertos (one of them, for dual-piano is played by Casadesus and his wife, Gaby) catch the artists in feats of thrilling virtuosity. Sturdy additions to classical catalogue.

RIMSKY-KORSAKOV: Scheherazade, Op. 35—The Concertgebouw Orchestra Of Amsterdam—Eduard Van Beinum, Conductor—Jan Damen, Violinist— Epic LC 3300 (1-12" LP) Rimsky-Korsakov's "Scheherezade" has been telling her tales in at least 2° recorded versions of the tone poem, and now Epic adds another reading th work to the classical catalogue. This waxing proves the Old Warhoi still has lots of melodic and orchestrated spunk. The Concertgebouw Orches Of Amsterdam, one of Epic's reliable performers, beautifully paints "Schehe zade's" exotic musical pictures. Excellent sound. Class package. Number is most welcome.

Ramblings

NEW YORK: shining like a great big Christmas tree from all those hanny faces over all

A Merry Christmas to all our friends—and here's hoping 1957 will be even a more prosperous record year than 1956... Apollo Records on the road to a winner with Solomon Burke's "You Can Run But You Can't Hide." The platter is getting tremendous airplay in both the r and b and pop fields.

SOLOMON BURKE

Frank Abramson took the tune over for Republic Music and one of the first results was a Richard Hayes cover. It is Hayes first release for Decca Records. Joe Louis, co-writer of the tune, has been very active promoting the song with the dee-jays, appearing on national hookup interviews, etc. As a result of all this activity something big could happen. Charles Merenstein, Apollo Records, says the disk is building in sales every day, and it looks like the record will break nationally. . . Herald Records finds "Comin' Home" by The Nutmegs starting to move like a real hit. Al Silver and Bob Rosen feeling

all aglow 'cause things are so good with the Ember and Herald lines. On Ember, The Five Satins are moving with two solid sellers at the same time, "In The Still of The Night" and "Wonderful Girl"-and the new "They Call Me A Dreamer" by Kenny Esquire and The Starlites is getting a good reaction. Herald also announces the signing of Rudy Green, young Tampa, Florida singer for whom they have great hopes. . . . Sol Rabinowitz, Baton Records, can't get away from the phone. Calls are coming in from all over the country as distribs order Ann Cole's "In The Chapel." The deck is building and on the verge of breaking big. . . . Jerry Winston, Mardi Gras and Onyx Records, getting ready for new releases after the first of 1957. Jerry just cut sessions with The Pearls and the Velours. Both groups did nicely on their previous releases and Winston feels the next releases could do the trick nationally for them. He also announced the signing of the Miller Sisters, formerly with Herald and Hull. . . Atlantic Records issues a special release, Joe Turner singing "Midnight Special Train" and "Feeling Happy." Turner really sings that "Midnight Special Train" and it could be another number one effort for the star. . . . Ray Clark, Groove Records, bearing down hard to establish Mickey and Sylvia's "Love Is Strange" as the sales build and build. New markets are buying almost every day and it is moving in practically every key market in the nation. The side is aiming for the Nation's Top Twenty and could crack it this week. It is also making a solid move in the pop direction. It looks like a two-market hit for Groove. Clark also reports the Nitecaps' "Let Me Know

Tonight" and Varetta Dillard's "One More Time" are also getting good sales action. . . . Hy and Sam Weiss, Old Town Records, report "We've got it." The fellas have had hits for several years but outside of limited action in scattered areas in mid-west, west and south, they've never been really able to latch onto the national hit. Now in "Operator" by Bob Gaddy they feel they've come up with the big one. "Watch it," says Hy. . . Atlantic Records recorded the Clovers this week. The fellas report that Atlantic set a new all time monthly record in November in dollar volume, single sales, and lp sales. The December sales already indicate a new record will be set when all the figures are in. Jerry Wexler says to watch the next Cardinals release. "This is the one that will make the group really big,"-and of course doing very nicely are

Ivory Joe Turner's "Since I Met You Baby"; Clyde McPhatter's "Without Love"; Lavern Baker's "Jim Dandy"; and "I Miss You So" by Chris Connor. . . . Joe Kolsky reports "A Thousand Miles Away" by The Heartbeats on Rama, and "Blanche" by The Three Friends on Lido are breaking to national pop as well as r & b hits. . . . Phil Rose and Lou Sprung, Glory Records, getting r and b action on The Tarriers "Banana Boat." It is already one of the nation's big pop hits.

W & G Strengthens Australian Position

MELBOURNE, AUSTRALIA—W & G Record Processing Company, Pty. Ltd. with headquarters here, has announced through its American Representative James N. Parks of Manchester, N. H., the completion of a deal with Tim Gayle of Advance Records of Los Angeles, whereby W & G Record Company will have exclusive rights to Advance masters for manufacture and distribution throughout the Commonwealth of Australia and New Zealand.

New Zealand. In a move to strengthen the position of its artist roster on the W & G Selected Releases label which presents American produced phonograph records to the Aussie market, Parks has announced that plans are underway for expansion into all fields of American produced material to be manufactured and distributed by W & G "down under". It is the intention of W & G to release as great a portion of American indie record catalogs as the market will call for. Deals for selection from within the complete catalogs are made rather than for just "spot" releases of hit tunes only. First Advance releases will include

First Advance releases will include two singles, an EP and LP all by Lorry Raine. National promotion in Australia is planned for Miss Raine's first sides, to better acquaint and introduce the vocalist to the Aussie record buying public.

Continuing with the acquisition of rights for exclusive distribution W & G has also secured exclusive distribution of Balboa Records of Van Nuys, California, with selection of six sides from its catalog for immediate release.

W & G's first major hit on an independent label in Australia was Cathy Carr's "Ivory Tower" on the Fraternity label. Plans are underway for Miss Carr to make a personal appearance tour of Australia and New Zealand on the strength of her first release here.

The company's first entry into the Country field was made some weeks ago with the acquisition of Starday Records catalog which included eight ides by George Jones.

Stacked And Staggered Tapes Available

NEW YORK — Livingston Audio Products Corp. of Livingston, N. J., one of the leading producers of stereophonic recorded tapes for home entertainment, has announced that no change is contemplated in its policy of making all stereo tapes in its catalogue available in both the stacked (in-line) and staggered (displaced) versions.

versions. This announcement, a spokesman for the company said, was prompted by what may otherwise be a confusing situation to a purchaser of stereo playback equipment. Since models offered by some of the manufacturers use a staggered head arrangement, while others employ stacked heads, it should be clear to a prospective purchaser that Livingston tapes—as well as those of most other manufacturers —are available in either form.

In keeping with this policy, Livingston's next release, which has been announced for February 1, 1957, will also be obtainable in either version. This release, which will consist of a group of twelve tapes, will include "Stereo Showcase by Livingston", a program highlighting excerpts from many of the tapes in the Livingston catalogue. In particular, it is designed to demonstrate the quality of reproduction which can be achieved by stereophonic sound, for any type of music.

Other tapes in this Livingston release will range from classical to dance music and jazz.

HOLLYWOOD—Gene Vincent, who with The Blue Caps records exclusively for Capitol Records, has entered the hospital in Portsmouth, Va. where it is expected he must remain three months while an old shin-bone injury heals. The injury occurred about a year ago in Norfolk, Va. when he was struck by a hit-and-run motorist while Vincent was riding a motorcycle. LITTLE WILLIE JOHN

Willie John, • Little whose "Fever" won The Cash Box 1956 poll as Best R & B Record, comes

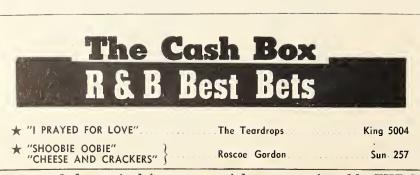

up with another powerful offering, "Will The Sun Shine Tomorrow." Little Willie sings the slow beat in the manner to which we've become accustomed and it looks like another hit for the youngster. His wailing is super-watch the market snatch this one up. The coupling, "A Little Bit of Loving," is another strong item—tho we favor "Sun Shine." It is a quick beat jump rocked with enthusiasm and skill. Like this side too-but if it must be one side-we go with "Will The Sun Shine Tomorrow."

"MIDNIGHT SPECIAL TRAIN" (2:35) [Progressive BMI—Wexler, Ertegun] "FEELING HAPPY" (2:36) [Progressive BMI—Turner] JOE TURNER

(Atlantic 1122)

Joe Turner has latched onto a piece of material that fits him like a glove. The "Boss of the Blues" rocks out a driving "Midnight Special Train" with all the zest at his command. Turner, who can generate plenty of excitement, is given lots of help with this one. The arrangement, orking and choral support give Big Joe the fire that lights up a sparkling performance. This should be a large size hit for Mr. Turner. The flip, "Feeling Happy," is another rocking quick beat that comes off good. Turner imparts the necessary exitement to the deck, but it is very much like so many of his past releases. For the hit we look to "Midnight Spe-cial Train."

THE RAMBLERS

(Federal 12286) **B** (THE HEAVEN AND EARTH" (2:35) [Armo BMI—Johnny Alvin] The Ramblers sing a slow paced pretty with a sentimental love lyric. Tenderly told. A very effective wax.

B "DON'T YOU KNOW" (2:25) [Armo BMI—James Gibson] The Ramblers bounce a middle beat jump with a hard hitting lead. Deck comes off with a better than average rating.

ABE MOORE

ABE MOORE (Dig 125) **B** "MOORE BOOGIE" (2:56) [Dig-Kelso, Otis] Abe Moore and or-chestra etch a middle beat instru-mental blues effectively. Good sound and an entry in the current demand for instrumental

for instrumentals. **C**+ "S AND J" (2:45) [Dig-Moore, Otis, Kelso] Another rocking in-strumental, but with a slow beat. Similar comments.

MEL WILLIAMS (Dig 128)

B+ "ALL THROUGH THE NIGHT" vocals a tender love tune with ease and the proper touch. The deck, tune-ful, is a rhythmic love ballad given a strong reading by Williams. Pretty, soft, and a side to relax to. Like it.

"I CRIED A MILLION TEARS" B **B** (2:56) [House of Fortune and Quintet Music—George Motola] Wil-liams backs with a similar item. An-other slow, ballad pretty. Well done, but without the little extra found in the upper deck.

JOE LYONS AND HIS ARROWS (Hollywood 1071)

B "ONE TOO MANY TIMES" (2:41) [Golden State BMI—Davis, Drew, Williams] A lilting middle beat ballad delivered with appeal. Easy listening. Lyons and His Arrows come off ok off ok.

C+ "NO END TO TRUE LOVE" (2:29) [Claibourne BMI—Lyons, Davis] Joe Lyons and his Arrows sing a slow paced ballad. Comes off well but not outstanding. Lead does well and a stronger tune and better ar-rangement might have made this a good commercial deck. Pop treatment.

DeBONAIRS

(Ping 1001) **B** "CRACKER-JACK DADDY" (2:43) [BMI—L. L. Cox] The DeBonairs rock on the flip. Quick beat DeBonairs rock on the flip. Quick beat bouncer given a treatment the kids will like. Ok teener jump wax. C+ (SAY A PRAYER FOR ME" DeBonairs etch a slow beat item that just falls short of being a strong re-lease. Somewhere the group fails to jell and the technical sound also fails to come up to the top standards.

ROSCOE GORDON

ROSCOE GORDON (Sun 257) **B**+ BMI—Gordon] Roscoe Gordon chants a gibberish tongue twisting lyric with a swinging jump beat that fascinates. Gordon handles the unin-telligble lyric in a manner that brings a smile to the listener. Could take off. Watch it. **B**+ (2:42) [Knox BMI — Hayden Thompson] Gordon rocks out another novelty side with his gravel voice and hard hitting manner. A startling per former that stops you cold and make you listen. Another good deck. Tw sides to watch.

1956 Version of Santa's Sled

HOLLYWOOD—Highest in the Santa Claus Parade down Hollywood's Hollywood Boulevard, recently, were dee jays Earl McDaniel and Art Laboe of station KPOP. Unique in their choice of vehicles, the KPOP pair handed out over 3500 free records to kids along the street. The jockeys were assisted in their chores by Hollywood starlets. All Hollywood radio stations were represented in the parade. Good Luck, Brother

NEW YORK—Frankie Lymon (left) lead voice of Gee label's popular Teenagers, congratulates his younger brother Louis (12 years old) on organizing his own singing group, the Teenchords. Smiling his approval is Bobby Robinson (center) Harlem record store owner and president of Fury Records who signed Louis to a two-year contract with the label. The Teenchords' first release on Fury is titled "I'm So Happy".

Santa Came Early To Rama & Gee Records

NEW YORK—Joe Kolsky, Rama and Gee Records, reports Santa Claus left his Christmas presents early when this week two items broke wide open.

Kolsky says "A Thousand Miles Away" by the Heartbeats, which Rama purchased from Hull Records, broke all over the country, with every distributor coming in for at least one order this week. "In many cases", said Kolsky, "distribs ordered two and three times and in all cases the orders were healthy".

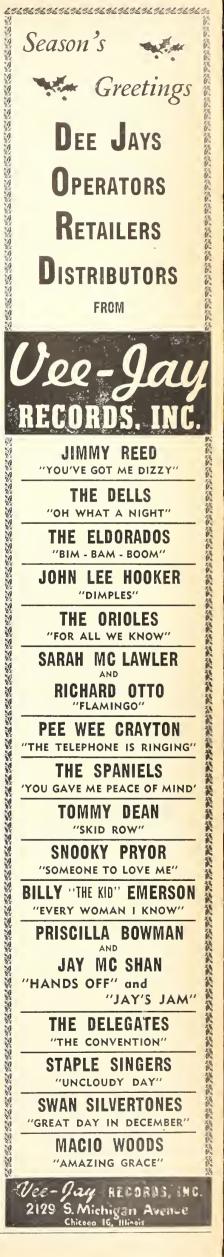

The other record to break was "Blanche" on Lido, by The Three Friends. The Lido disk is nationally distributed by Tico Distributing, also part of the Goldner-Kolsky set-up. After selling very big in the New York-Hartford-Boston areas, the record broke this week in Baltimore, Md. and Seattle, Washington.

Elektra To Wax Four Early In January

NEW YORK—As part of Elektra Records' expansion program, the label has announced that it will record vocalist Clarence Cooper, torch singer Norene Tate, folk singer Josh White, and Ed McCurdy of "When Dalliance Was in Flower" fame, during the early months of 1957.

In addition a new jazz line featuring name groups will be added to the Elektra catalog. A detailed announcement about the jazz line will be made in January.

Also early in the year, the diskery will issue its Elektra International Morse Code Course—a special course aimed at the nation's 150,000 amateur radio enthusiasts.

HANK AND AUDREY WILLIAMS (Sacred) (MGM 12394; K12394) **B** "THE PALE HORSE AND HIS RIDER" (2:52) [Acuff-Rose BMI—Bailes, Staggs] The late Hank Williams' voice can be appreciated on wax, once again, as he tenderly teams up with his wife, Audrey, on this soul-stirring religious item. **B** "A HOME IN HEAVEN" (2:28) [Acuff-Rose BMI—Williams] An-other moving sacred theme is pro-jected with touching sincerity by the duo. "Million Dollar Quartet"

NASHVILLE—The song might well be "Let A Little Sun Shine In" as Jerry Lee Lewis, Carl Perkins, and Johnny Cash—all Sun recording artists— make a little close harmony with a Sun alumnus, Elvis Presley. This "Million Dollar Quartet" got together accidentally recently at Sun's studios, and took advantage of the chance meeting to stage a four-hour songfest. Elvis, who is studying piano, is a great admirer of Jerry Lee Lewis, newest discovery of Sam C. Phillips, who also discovered and developed Cash, Perkins, and Presley. Presley.

10C PLAY PLUS PLAN Nation's Top Ops Acclaim The Cas On Whether Front Money or More

Page 48

READ WHAT LEADING OPERATORS SAY ABOUT "10c PLAY PLUS"

CHICAGO—For over 13 years The Cash Box crusaded for Dime Play. It took that long, tho many don't realize it today, to get the majority of the nation's operators to accept and adopt 10ϕ play. Yet even to this day, some of the operators are still featuring nickel (5ϕ) play on a 50%-50% commission basis.

The Cash Box

Most remarkable is the universal acceptance of Dime Play these past few years. This has been so great that manufacturers consider the 10ϕ coin chute as "standard" equipment.

Those who still feature the nickel chute have to either request this chute from the manufacturers or change over to nickel chutes themselves.

But even Dime Play, in these days of constant creeping inflation has begun to fall by the wayside. This is due to the tremendous overhead expenses and the constant rising cost of new equipment.

The dime of today is worth just about 4ϕ as compared to the value of the 1939 dime.

This means that, to show some sort of profit return on his investment, the operator simply must obtain a more equitable division of the gross intake from all of his machines.

Certainly, even on Dime Play, 50%-50% division of the gross intake from any machine is, most definitely, not equitable.

The location owner, with no investment in the servicing overhead, replacement of parts or cost of the machine, except for whatever electric current is used and also whatever he could charge for the amount of space the machine occupies as against his general monthly or yearly rental, obtains 50% of the gross intake.

This, according to accountants who know the industry thoroly, would be but 5% of the gross intake as investment on the part of the location owner, at the very most. This means that the location owner can figure on 45% of the gross he receives as PROFIT.

The operator, in turn, can only figure, at the very efficient most, about 10% of the gross intake of the machine as his profit. Certainly no business man can long remain in business where he only earns a gross of 10%.

Delving deeper into the situation, noting how European operators pay no commission at all to locations and, where they are forced to pay commission on music machines, pay only 8% to 10% at the most, while checking with ops everywhere in the U.S., The Cash Box returned to an old, old plan which it had presented years ago.

This is the " 10ϕ Play Plus" plan. In short, to survive present inflated business conditions, the operator must obtain, in addition to Dime Play, either Front Money or a More Equitable Share of the Gross Intake from his machines, which ever is best suited in his area.

Since the presentation of the " $10 \notin$ Play Plus" plan by The Cash Box, acclaim for The Cash Box and for this plan has been nationwide. Letters have flooded the offices of this publication from all over the country as well as from Canada, agreeing that this plan is the answer to the survival of the operators as small business men.

The only problem that has arisen is whether it should be Dime Play Plus "Front Money" or Dime Play Plus "A More Equitable Division of the Gross Receipts".

The following operators agree that "the answer" is " 10ϕ Play Plus" Front Money. ('Front Money' can also be called, as some operators term it, 'Guaranteed Minimum').

Wm. G. Liske of Kinston, N.C. advises that he is for front money. "But", he writes, "front money cannot be demanded in this territory. There are too many operators too

anxious for locations. One operator
is even trying to rent his machines
to the location for only \$10 per week.
He is willing to furnish record, service and everything else. This same

operator also gives locations 70% commission.

"I feel the most important thing", Liske continued, "is for the distributors not to sell to cut-throat operators and, especially, to locations. There are plenty sales direct to locations in our territory.

"We would like to see the time", Liske advises, "when there is a state tax of \$1,000 for the first machine of any kind and \$10 per machine thereafter. Maybe this would stop the location owner from growling, 'I'll by a damn machine of my own'."

M. J. Hellman of Fall River, Mass. writes that, "With 10ϕ play there should also be a guaranteed minimum for the operator. The operator should get at least \$10 per week minimum. If the location runs over the minimum then 50-50 is equitable."

C. R. McKee of Grand Island, Neb. writes, "We do not use any special deal. We have front money from \$3 to \$17.50 per week. It depends on what class of machine we place in the location.

"The commission also depends on what machine runs", he continues. "We are the only operators who have 10ϕ play in this district! How can any operator stay in business on 5ϕ play and 50-50 commission?"

Sam Waldor of Newark, N.J. recommends that operators get at least \$10 per week front money. He writes, "We recommend front money plus a minimum guarantee of \$20 per week on new equipment and less amounts according to the age of the machine."

Edward A. Holstein of Chicago, Ill. writes, "I recommend front money on any type of machine. All operators should have the same deal on certain types of machines. Front money can be as recommended on certain types of machines. Less than one-third of my route is on a 50-50 basis."

Thomas Libbey, Jr. of Haverhill, Mass. advises, "We operate 90% of our route on 10ϕ play and we work on a sliding scale on the commission. For new machines we get \$15 per week and anything over \$15 per week gross goes to the location up to \$30, then it's 50-50. For older machines we get \$12, \$10, and so forth.

"We do find", Libbey continues, "that a great many new operators still think they can make money at 50%. It can't be done. Locations around here don't take in enough to make 50-50 pay. These new operators seem to think that a location with a gross play of \$8 per week is a 50-50 spot. An \$8 per week spot warrants the operator to take all the money and not pay any commission."

December 29, 1956

James F. Tolisano of Hartford, Conn. believes that the operator, in addition to 10ϕ play, should arrange for front money ranging from \$10 to \$20 per week.

He writes, "I recommend the operator get the first \$10 and then 50%-50% on single machines. Then, depending on how many wall boxes there might be in the location, front money should range up to as high as \$20 per week, after which there should be a 50-50 split."

Albert C. Bassan of Wellsville, N.Y. says that the operators, in addition to 10ϕ play, should get \$10 per week front money for a gross of \$50 or more and, if under \$50 gross receipts, should obtain \$15 per week front money.

James S. Ross of Cleveland, O., in addition to 10e play, urges operators to obtain \$5 per week for all types of phonos and then 60%-40% commission basis. For 100 selection phonos he suggests \$15 per week front money and 60%-40%. For 200 selection phonos he feels operators should get \$20 per week front money and then split 60%-40%.

Louis Philips of New Orleans, La. advises, "We now take \$3 per week front money on machines. We get \$5 per week front money providing the type of phono is placed to suit this amount of take."

Charles Maroon of Bridgeport, O. suggests 10ϕ play plus \$5 per week front money.

Dave Solomon of Elmira, N.Y. urges 10¢ play plus \$5 and \$10 per week front money.

B. J. Onofrio of Forestville, Conn. says that operators should obtain 10ϕ play plus \$10 per week front money.

Saul Halper of Cincinnati, O. wants operators to get 10¢ play plus \$15 per week front money.

Otto Gage of Fayetteville, Ark. suggests either \$10 per week front money or 10ϕ play plus 60-40 or even 5ϕ play plus 75%-25% after front money.

Thomas M. Welsh of New Orleans, La. believes ops should get 10ϕ play plus \$5 per week front money and/or 60%-40% commission basis.

Howard N. Ellis of Omaha, Neb. says ops should work on 10ϕ play plus \$15 per week front money, the next \$15 to the merchant, whatever is left to be whit 50 50 is left to be split 50-50.

Harry Jacobs, Jr. of Milwaukee, Wis. believes ops should work on a \$15 guarantee giving the next \$15 to the merchant and whatever is left over to be divided 50-50.

Winton Brown of McMinnville, Tenn. would like to see 10¢ play plus \$5 per week front money. "But", \$5 per week front money. "But", writes Brown, "give a remedy to keep the new or starting operator or chise-ler from still offering the 50-50 deal."

Edward Roodvoets of Grand Rapids, Mich. urges ops to get 5 per week front money in addition to 10ϕ play.

Leonard S. Barnes of Selma, Ala. advises front money of \$10 per week if no wall boxes. \$15 per week where there is one wall box. \$20 per week where there is over one wall box.

Irving S. Kempner of New York, N.Y. believes there should be 10ϕ play plus \$18 per week front money on new phonos.

W. F. Taylor of Paducah, Ky. urges \$5 per week front money for \$300 equipment. \$10 per week front money for \$600 machines. \$15 per week front money for \$1,200 phonos.

Albert C. Evans of South Bend, Ind. says 10¢ play plus \$10 per week front money is the answer. M. H. Milt of York, Pa. agrees on \$10 per week front money. So does Harry Daul of Green Bay, Wis. So does Howard B. Newcomb of Oklahoma City, Ok!a. So does Rose N. Guillaume of Jeffer-son, S. Dak.

Henry Zeichner of New York, N.Y. says there should be 10ϕ play plus \$10 per week front money for 100 selection phonos and \$20 per week front money for 200 selection phonos.

Henry C. Knoblauch of Hudson Falls, N.Y. urges \$15 per week front money with a refund to the location when a certain gross is reached dur-ing the year.

The following operators believe that, instead of front money, a more

equitable commission basis would be best for the operators:

Reece A. Love of LaFeria, Tex. wants 10ϕ play plus 60%-40% com-mission basis. He writes, "In our locality, the lower Rio Grande valley of Texas, some of the distributors don't seem to want the operators to get on a sound financial footing. When established operators start a location on 10ϕ play and try for front money, they pick up some tavern operator and start him in business with 5 or 6 machines, without a down payment, 6 machines, without a down payment, and only \$10 weekly payments on the equipment.

"If only the distributors would co-operate, the operators are all for 60%-40% split plus 10ϕ play. But the distributors have got to cooperate and stop selling direct to locations."

C. M. Rishor of Peterborough, Ont., Canada operates on 10ϕ play play 70%-30% commission basis. "We think both your plans are good", he writes, "but all our music is operated on a 70-30 split.

"In regards to front money we think the basis should be \$10 per week for 100 selection phonos and \$15 per week for 200 selections."

R. C. Carpenter of Chester, N.Y. K. C. Carpenter of Chester, 1947. writes, "I operate approximately 600 pieces. 90% on 10ϕ play. I've been in the business 25 years.

"My experience with front money has been that it works alright for the first few months, but later the psychological effect of the operator taking all the money agitates the loca-tion. Then you have trouble.

"However", he continues, "I have found that they will split a \$2 record cost each week. This helps consider-ably. I try to make my investment in equipment fit the take of the location."

B. T. Smith of Colorado Springs, Colo. advises that either 10ϕ play plus 60% - 40% or \$5 per week front money is okay. "It would depend on the locations and what the oper-ators in the territory are doing as to which method should be used", he writes. writes.

The following all agree on 10¢ play plus 60%-40% commission basis as the best for operators: S. E. Wilcox of Pine Bluff, Ark.; C. L. Hopkins of Galion, O.; R. D. Rose of Marietta, O.; Jack Hartman of Rome City. Ind.; D. H. Garmah of Republic, Kans.;

L. M. Flow of DeFuniak Springs, Fla.; Ben Hofer of New Braunfels, Tex.; Ben Hofer of New Braunfels, Tex.; W. D. Bagnall of Thomasville, Ga. and Joe Abraham of A'toona, Pa. along with Edward Carlson of Detroit, Mich.

Frank Coubal of Bloomer, Wis. believes that operators should arrange for 10¢ play plus 75%-25% commis-sion basis. Karl Schott of Yuma, Ariz. agrees with him and adds, "Location has no investment and operators should get 75%."

Arthur R. Berg of Fairmont, Minn. believes operators should get 10ϕ play plus 75%-25% commission basis or \$10 per week front money.

Jack Sloan of The Billboard, Chi-cago, Ill. says that operators should get 10¢ play plus 70%-30% commission basis.

Mickey Anderson of Erie, Pa. and Ben McDonald of Fort Worth, Tex. are in agreement of 10¢ play plus a more equitable commission basis. But leave the amount of commission to be obtained open for the operators' judgment.

Sidney Mittleberg of Progressive Amusement Machine Co., Merrick, N.Y., this city, advises that he is heartily in accord with 10ϕ play, but advises that several factors have to be considered in an attempt to establish considered in an attempt to establish an equitable and profitable commission arrangement, in addition to 10ϕ play.

"First", says Mittleberg, "and as is well known, locations vary in their gross intake.

"Second", he continues, "some locations demand new equipment con-stantly, even if the receipts don't warrant installation of such equip-ment on a flat 60%-40% or 70%-30% basis. "Therefore"

Workman reports, "I believe that, today, the most practical and fair method of operating music is on a minimum basis.

Belgians Look For Biggest Import Year

Page 50

BRUSSELS, BELGIUM ---country is known as "the funnel of Europe' ' as far as importation of new and used machines are concerned.

It is stated in Europe that used games, especially, are first imported to Belgium, and from here spread out to all other countries of Europe.

For some years now Belgium has been the largest importer of used juke boxes and games.

This past year saw the beginning of imports of new juke boxes in good volume by Belgian distributors. Imports continued to increase right up to the last quarter.

For 1957, Belgian juke box distributors are of the opinion that they will import more new juke boxes than ever before.

Frans Van Malder, Rock-Ola distributor in Belgium, advises:

"Many buyers are waiting to see what happens as a result of the Suez and Hungarian situations.

"But", he optimistically adds, "once these right themselves, we will buy more new phonographs in 1957 than in 1956.

"The Belgian market, as far as used phonographs are concerned", he reports, "is pretty well full up. There won't be as many importations of these as there formerly were, in my opinion."

Regarding continued volume imports of new and used games, importers both here and in Antwerp, are of the belief that the volume should be greater in 1957 than it was in '56.

In fact, some of these men are of the opinion that, due to the fact late model used games are so difficult to obtain, Belgium will become the leading importer of new games from the U.S.

With the Christmas season and the approach of oncoming 1957, the coin machine industry here is taking stock and looking ahead. Outlook for the com-ing year is most favorable. Ops are in good shape. Credit is being extended in spite of the tight money situation at the banks. Music has forged way ahead in the past year; 10¢ play has slowly permeated and is becoming matter of fact; and the game situation has improved vastly with the bringing on the market of new types of merchandise with which ops are making more money. Big event of the week here is the Xmas party and unveiling of the new Rock-Ola 200 at Ed Ravreby's Associated Amusement plant, Friday 21. Starting at noon, Associated staff hosts ops and distribs, record artists in the territory, friends of the industry et al at open house which continues to 12 midnight. Also sharing honors on the display floor will be United's new "Bowling Alley," 14-foot game with hard rubber bowling balls. Record artists in the territory will entertain for the Ravreby guests. Hosting will be Ed Ravreby, general manager Dick Mandell and Mrs. Mandell and staff. Presents will be given all attending. French Importers Report: **"We'll Buy All New Machines Conditions Will Permit**"

Hope to be Able to Purchase More New Machines **During 1957 Provided General Economic Conditions Right Themselves**

PARIS, FRANCE—Because of the very fine business French importers enjoyed with American phonos and games in 1956, they hope that con-ditions will permit them to continue on ahead and, if this is the case, they plan to import many, many more machines during 1957.

As one well known and outstanding French importer advised this past week:

"We plan to import, if conditions will permit, two and three times as many new machines during 1957 as we did in 1956.

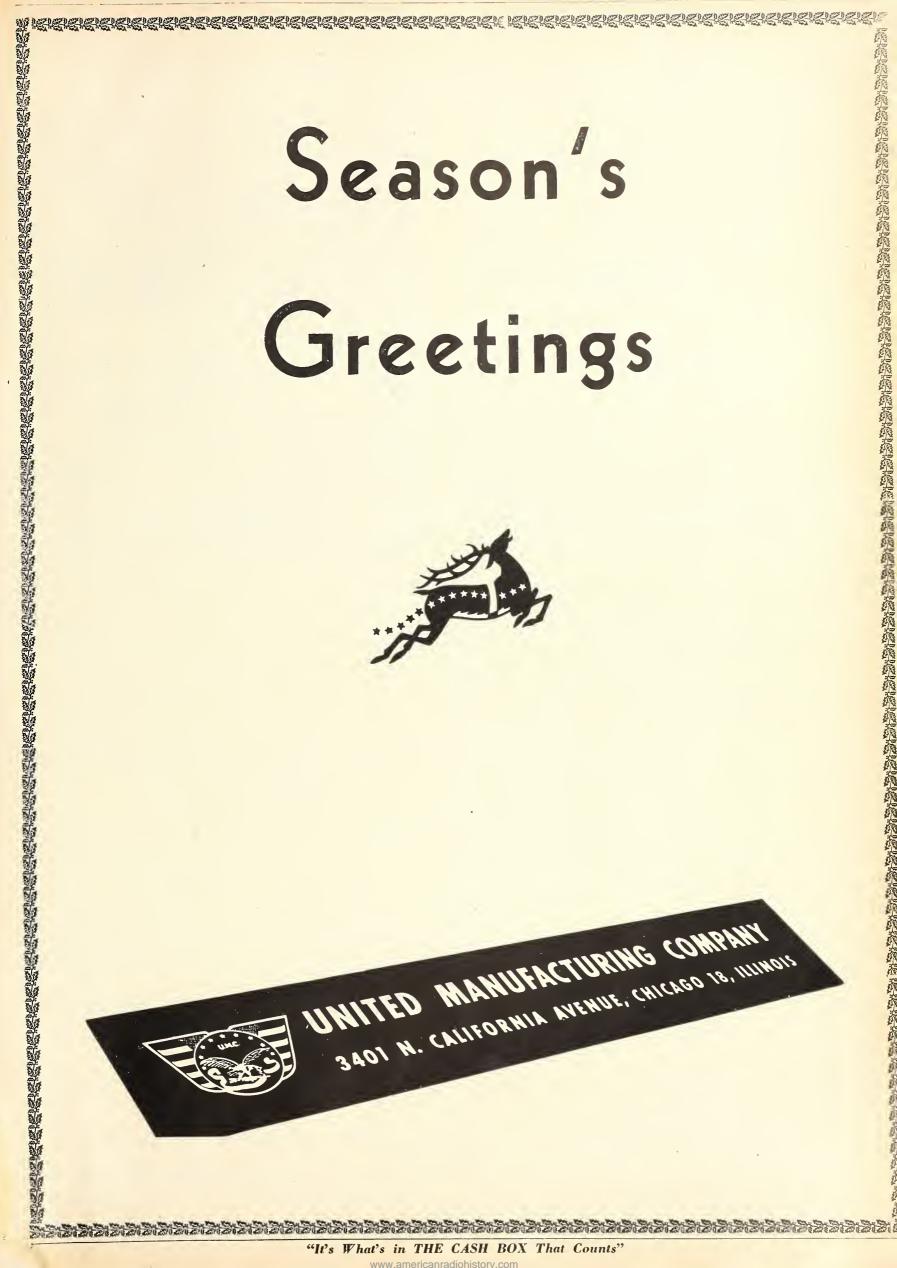

we did in 1950. "In fact", he added, "the demand we are enjoying for new music ma-chines is such that, if our government would allow us, we would be able to set an all time record with the im-ports we would like to be licensed to make in 1957."

Nor is he alone in his statements. Other French importers are of the Other French importers are of the same opinion. One of these men reports:

"U.S. made coin machines are enjoying fabulous returns here in France. Our people love them. They are especially wild about American juke boxes. They definitely approve of American games. They like the vending machines.

"We only hope", this importer states, "that we shall be able to obtain licenses for the number of machines we already have on order, not to even think about the numbers of machines we anticipate orders for as the year goes on."

Café owners in Paris, as well as in all the rest of France, are finding American juke boxes of tremendous help to them. These have become profitable fixtures in the cafés. Many café owners eagerly await the time when a U.S. juke box and game will be delivered to them.

Europe Looks To **New Machines** For 1957

Acute Scarcity of Late **Model Used Machines Has Turned European** Eyes to New Equip't For '57

CHICAGO—Ever since the end of War II, when European importers again began to purchase U.S. coin operated equipment, used machines have been leading sales to all the Eu-ropean countries. Up until this past year few of the European importers thought about buying new machines in quantity. They were actually being blessed with a large volume of the latest model used machines at extremely attractive prices.

become ever more acute as the year grew older.

And by fall of '56 the scarcity was such that importers, who had now created a fine sales market and a good demand for American made coin op-erated machines, found themselves in the position of either importing new machines or obtaining nothing at all as far as used machines were con-corned cerned.

cerned. One European importer after the other sent his salesmen out to test sales of brand new machines. Though results weren't in the quantity that were obtained with used machines, yet they were of such nature as to prove to the European importers that they could still show a very fine profit while, at the same time, sell new ma-chines that would not require the work and servicing used machines did. The result was that, as fall of '56 waned, European importers were call-

The Cash Box, with its outstanding European circulation and the prestige that comes with such coverage, took it upon itself to question its European friends as to their plans for the year ahead, 1957. In every case, of course discounting any of unforeseen adverse future events, Europeans answered as a body that they were going to buy more ma-

British Coinmen Hunger For U. S. Equip't: **Hope More British Manufacturers** Will Be Licensed To Build U.S. Equip't

LONDON, ENGLAND — If ever there was a nation of frustrated buy-ers, it is here in England. British operators hunger for all types of American coin operated machines. They would do anything they could, and they have been constantly after their government officials, to obtain U. S. manufactured games, music and venders.

and they have been constantly after their government officials, to obtain U. S. manufactured games, music and venders. One British operator, who had the opportunity of playing a shuffle alley at an American Air Force base, re-turned to London simply raving with excitement visualizing the hit these games would make thruout England were the British operators able to im-port them from the U. S. To get some idea of how highly he thinks of the shuffle alley game, he be-lieves that it will even replace the traditional game of darts in the Brit-ish pubs. That's about as fabulous a statement as any Englishman would dare make about any type of product. This English operator is most sin-cere in this statement. He definitely believes that, were shuffle games available in England, they would create a sensation. This is how it goes where music and venders are also concerned. Much of this is due to the fact that British ops, scanning the pages of their is-sues of The Cash Box each week, simply grind their teeth and hope for the time when they, too, will be able to import the machines as do other European nations at this time. In the meantime some of the more outstanding distributors of coin ma-chines here hope that American manu-facturers will arrange to license and help British manufacturers build their machines on this side of the Atlantic. Amusement Game Ops Enthusiastic About "10c Play Plus"

Chicago's Amusement Ops Assn. **Brings Plan Before Open Meeting. Other Amuse Ops Also Plan to Adopt** "10¢ Play Plus" Front Money Minimum or More Equitable Commish **Basis**

CHICAGO—Since Sam Greenberg, president of CIAA (Chicago Indepen-dent Amusement Operators Associa-tion) read The Cash Box' editorial before the biggest meeting of the year on " 10ϵ play plus", word has been received from amusement ops from all over the country that they too play over the country that they, too, plan to adopt "10¢ play plus".

Arguments are running pro and con as to whether it is best to obtain a front money guarantee or whether a more equitable division of the gross intake would prove best for all con-cerned cerned.

As far as a great many amusement games operators are concerned, they believe that a minimum front money figure be set for all types of games. After this has been cleared, for the benefit of both the operator and the location owner, the differential be split on a 50-50 basis. In short, as one well known amuse-ment machines, encenter advised.

In short, as one well known amuse-ment machines operator advises: "We should set either \$10 or \$15 per week minimum front money guar-antee for all of our games. "The next \$15 to go to the location, after we get the first \$15. Then", he continues, "whatever is left to be split on a 50-50 basis." He claims that, by the operators having a definite minimum guarantee from each location which, he points out, should be set up as "servicing and overhead expense charges to be equitably divided between the location and the operator", then the operator has some guarantee for future income. Others argue that this method

(minimum front money guarantee) can cause friction between location owner and operator. They point out that there are weeks when the intake is low. As for example, just before and during the holiday season.

"To obtain a \$15 minimum at such a time", one operator explains, "would be to probably take all the money there is, as far as receipts are con-cerned during a pre-holiday or holiday season period. "Thie" he continues "would leave

season period. "This", he continues, "would leave the location owner with absolutely nothing for himself. "That", he states, "is absolutely un-fair in every regard. Even regardless of the fact that, in the weeks to come, the receipts may prove this guarantee a very small one, indeed." He like others recommends that

He, like others, recommends that the games be set on 10ϕ play plus 60%-40% commission basis. The extra 10%, he claims, would definitely help pay the servicing over-head "just as **The Cash Box** so well explained in its editorials", he says.

Therefore the discussions continue as to whether minimum front money as to whether minimum front money be adopted plus 10ϕ play or whether, instead, 10ϕ play plus a more equit-able commission basis of 60%-40%, 70%-30% or 75%-25% be used by the operators in any given area. It is already well known that cer-tain operators in various areas have been operating 10ϕ play plus 60%-40%(as in Minneapolis) and even 10ϕ play plus 70%-30% (as in Peterborough, Ontario, Canada).

The two days were given over to business sessions and social festivities. The usual business matters were discussed, with the organization taking another firm step forward in its major objective-improved Public Relations. William Wilder, State Director of Taxation, addressed the group and made an extremely favorable impres-sion. "I'm happy to say here that

the officers of this association have helped me immensely in the collection problems," he said. "They came to me voluntarily to help work out a better tax collection plan. It has relieved my men of a great deal of work and has resulted in collection of greatly increased revenue." Then, facetiously, he added, "Of course I showed my appreciation by helping them get rid of juke box licenses." (Wilder testified before legislative committees that the issues of licenses, the field work and office work necessary to enforce it was as much or more expense than the revenue derived from it. He agreed with the association that it was a discriminatory tax in that it did not apply to show case merchandise and other methods of selling what people wanted to buy. As a result South Dakota no longer lic-enses coin-operated devices of any any kind, not even cigarette machines.)

Elimination of 20% Federal Cabaret Excise Tax Will Help Nation's Juke Box Ops

American Federation of Musicians, Associations of Restaurants, Hotels, Night Clubs, Fighting to Erase 20% Federal Cabaret Excise If Eliminated Means Open Dancing to Tax. Juke Box Music and Reopening as well as Boom for Thousands of Locations Nationwide.

CHICAGO—The battle is on once again this year to eliminate the 20% Federal (Cabaret) Excise Tax that was war-inspired. James Caesar Petrillo's AFM (Am-erican Federation of Musicians) is most active in this effort. He is being aided by associations of Restaurants, Hotels and Night Clubs as well as many independents in this field and interested people, who also believe that this war-inspired excise tax is hurting business.

that this war-inspired excise tax is hurting business. As far as the nation's juke box ops are concerned, all would like to see the 20% Federal (Cabaret) Excise Tax eliminated once and for all time. But with the present attitude of the Washington politicos as to obtaining income for governmental expense, the view toward the elimination of this 20% Federal (Cabaret) Excise Tax is extremely dim. Petrillo and his AFM are trying,

Petrillo and his AFM are trying, this year, to at least have the 20%(tax cut in half. Even that much will be considered a victory.

The fact remains that thousands of locations would reopen to juke box dancing and just as many thousands would enjoy a tremendous business boom.

It is a sorrowful fact that there were thousands of locations in the U.S., prior to the imposition of the 20% Federal (Cabaret) Excise Tax, where dancing to juke box music brought marvelous returns to the op-erators whose phonos were located in these spots. When dancing was halted, a great

When dancing was halted, a great many of these locations fell down to There is no doubt, leading operators believe, that the elimination of the 20% Federal (Cabaret) Excise Tax would revive these locations.

What's more, they report, there would be thousands of locations that would immediately institute dancing for their patrons, especially teenager spots.

These would become leading locations for all U.S. juke box ops.

The juke box industry, tho it has not directly involved itself in this fight to eliminate the 20% Federal Excise (Cabaret) Tax is extremely interested.

575,000 Juke Boxes **In United States**

Final Figure Falls Short of Expected 600,000 Phonos On Locations in U.S. Survey Indicates Just About 5% Increase Over Former 550,000 Figure

CHICAGO-Now that survey reports are beginning to dribble in at a very slow rate, the final computation indicates that the gain in the number of juke boxes on U.S. locations, since the last report which was placed at 550,000, is only just about 5% greater than this last figure.

In short, 575,000 phonos on locations in the U.S. would be just about what the survey figures indicate.

This would not meet the gain that was estimated by some. It definitely does not indicate the greater growth that was expected by those who believed that 600,000 phonos are now on locations in the U.S.

Many reasons are given as to why the figure of 600,000 was not reached. It seems that one of the most outstanding of all the reasons was the higher trade-in valuation which was offered to operators for their older machines and the fact that these machines were then exported out of the U.S.

Another reason given was that, in many areas thruout the nation, there has been a loss in the number of various locations, such as lunch wagons and certain types of taverns, which seem to have lost popularity.

Still another reason was the higher prices of the new machines and the fact that operators hewed close to the necessity mark, passing up various locations where juke boxes had not proved sufficiently profitable for operation.

The higher price also seemed to

luminum

have held back purchases by some of the juke box ops who felt that they would have to get along with whatever spots they had where the intake could somewhat match the overhead.

One reason given by some of the rural ops was that they had eliminated spreading out their routes as much as formerly when they traveled many, many miles to service a wide spread route. Because of tremendously higher overhead expense and also lack of good mechanics, some of these men reported it did not pay them to travel too far from their operating base and they sold off or traded in many of their phonos.

There is a belief among some that, if the phonos owned by locations could be counted, there would be over 600,-000 juke boxes in the U.S. This, some of the ops believe, is the reason why so many believed there were over 600,000 juke boxes on locations in the U.S. But there is no way, these men report, to check on these.

Location owned juke boxes, such as in resorts, which are only open for a short summer season, and in other far off spots where ops wouldn't care to undertake operating them, might bring the overall total to better than 600,000 phonos on locations in the U.S.

But for the benefit of the juke box operating business, the best that can be gauged at this time, from all re-ports received, would be close to the 575,000 mark of automatic phonos on locations in the U.S. during 1956.

Mfrs. Seek New Equip't To Halt Price Climb

Fear Growing Higher Prices Will Curtail Growth and Hamper Ops Progress; Ask Trade to Cooperate by Bringing in Ideas for New Machines

CHICAGO—If operators, jobbers and distributors think, for even a flash of a second, that manufacturers aren't concerned with the higher prices they must charge for new equipment, they are terribly in error.

As much as operators worry about the higher prices for new machines, manufacturers here worry as much, if not more.

They fear that growing, higher prices will curtail growth. That higher prices will hamper operating progress. That the industry might lose much of its effervescent faith in the future. Manufacturers are greatly concerned with the higher prices. To the point where they are openly asking mechanics, operators, jobbers, distributors, and all allied to the industry, to bring in whatever ideas they may have for new machines.

It is the hope of the manufacturers that the trade will do this. That from among the ideas will come the one that may lead the way to more economically priced equipment.

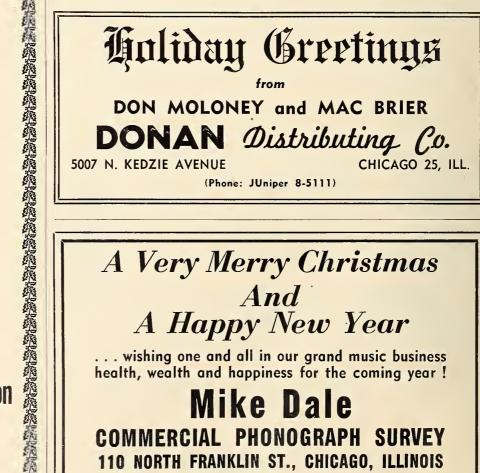

As is pointed out here every day by purchasing agents, for the manufacturers, the cost of raw materials, components and labor is now at an all time high.

Never before, in all the history of the industry, these men explain, have these costs reached such a high mark. As much as the manufacturers are

As much as the manufacturers are trying to absorb, and with profits much lower than ever before, it has now reached a stage where, just for the survival of the factory itself, prices must go up.

The one and only answer is for the trade itself, everyone engaged in the industry, to bring about a solution by presenting ideas to the leading manufactories for new equipment.

From among the ideas may come the answer to lower priced products of a profitable nature.

Urges Ops Sell Locations On Value Of Machines Louisiana Op Backs "The Cash Box" **Proposals on "Salesmanship" as Big Factor in Successful Operating** of Any Equipment

MONROE, LA.—For years now op-erators from all over the nation have acclaimed The Cash Box for its outacclaimed The Cash Box for its out-standing editorials regarding the fact that, to be successful, an operator must use the highest type of great salesmanship which is, after all, the same as the showmanship that started this industry off to its greatest growth.

Edward W. Lavender of Delta Auto-Edward W. Lavender of Delta Auto-matic Music Company, this city, comes along to not only back up the facts which have been presented by this publication in the past, but also shows why he believes that many operators would be enjoying much better income and finer operations if they would adopt good salesmanship. "I believe in some plan or program

showing the location owners how to promote their coin operated ma-chines", writes Ed Lavender.

"As you know", he continues, "on 75% of the locations the machines' intake depends on the person or per-sons running the business.

"An intelligent, wide awake girl in a restaurant can double the take", Lavender claims, "by just suggesting that she'd like to hear some music.

"Why not get the operators to send in suggestions in this regard?" asks Ed Lavender.

"Let's pick out the best. Then have The Cash Box prepare a letter to Mr. and Mrs. Location Owner. The op-erator can have this letter copied and can send one to each of his locations.

Trades and Sales Replacing These Old, Worn, Scarred, Screechy, Scratchy, Toneless Pre-War Phonos With Modern, New Music Could Keep **Distribs and Factories Very Busy** For Next Few Years

CHICAGO-Regardless of the great strides which have been made, since the end of the war, by the automatic music industry, there still exist over 100,000 worn-out screechy, toneless marred, scarred, pre-war phonos on lo-cations all over the U.S.

These horrible music machines con-stantly create adverse newspaper, magazine, radio and TV comment. Be-cause of their horrible tone. Because

of their dirty appearance. They hurt every progressive oper-ator wherever they are found because they lead the general public to believe that all music machines are like these terrible, ugly monstrosities.

terrible, ugly monstrosities. These pre-war phonos, the far great-er majority of them, are an eyesore, an ugly scar on the face of an otherwise progressive industry. There is no reason for their continuance. There is no reason why these horrible in-struments should block off over 100,-000 locations. Many of these loca-tions could prove among the finest in all the industry. Yet there they are. Continuing to splash black marks on an otherwise progressive business. Create a new era and practically a new industry. This isn't a job that can be done within a few weeks or a few months. It's a big job. A tough job. A job to help all the industry by ridding the field of the old, worn-out, marred, scarred, screechy, scratchy, toneless, ugly, pre-war machines. Distributors should immediately get together with their factories to ar-range for the kind of deals that will allow them to make it outstandingly attractive for the kind of operators who still have pre-war phonos on lo-cations to trade them in and rid Amer-ica's automatic music industry of this ugly scar. ugly scar.

THIS WEEK'S USED MACHINE QUOTATIONS

The Cash Box, Page 74 • END OF MONTH INVENTORY ISSUE • December 29, 1956

18th YEAR OF PUBLICATION 899th CONSECUTIVE WEEK'S ISSUE

How To Use "THE CASH BOX PRICE LISTS"

[Also known as the "C. M. I. (Coin Machine Industry) BLUE BOOK"]

FOREWORD: Many times, wide differences appear in the quotation of high and low prices of certain equipment. Like any true reporter "The Price Lists" can only feature the market prices as they are quoted. "The Price Lists" acts exactly the same as the market quotation board at the Stock Exchange-posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of conrse, serial, appearance, demand. territory, quan-tity, and condition of equipment must be taken into consideration. (Some equipment offered by outstandtity, and condition of equipment must be taken into consideration. (Some equipment offered by outstand-ing firms, having a reputation for shipping com-pletely reconditioned machines, will be offered at higher prices than others, due to the added cost of reconditioning.) "The Price Lists" reports each quo-tation exactly as it is made and depends on the sub-scriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Price Lists" should be read as follows: First price listed is lowest price quoted for the week; Second price listed is highest price quoted.

FOREIGN BUYERS: To cover cost of packing, crating, shipping, etc., figure an additional \$20 to \$25 on Pin Games—and \$25 to \$30 on Phonographs.

REGARDING SELLING PRICES

IMPORTANT!

Reports received indicate that, in some cases, pnr-chasers become upset due to the fact that they can-not, many times, buy equipment listed in the lower price brackets. Sometimes sellers of machines listed at from \$10.00 to \$25.00 ask from \$50.00 up to \$75.00 and even more for these very same machines. Pnr-become for the price very same machines. at from \$10.00 to \$25.00 ask from \$50.00 up to \$75.00 and even more for these very same machines. Pnr-chasers of such equipment must realize that machines in the very low priced categories much worn to be priced at these low figures. To completely recondi-tion such machines, the reconditioner must add onto his price the cost of transportation to obtain these machines, the labor, parts and supplies needed to re-condition the machines, plus the cost of cartons, crates and labor for packing and shipping of the ma-chines, in addition to a decent profit which will, in most cases, raise the price of a \$10.00 to \$20.00 machine to anywhere from \$50.00 to \$75.00 and up. In the case of arcade and kiddie ride machines these may even be higher due to the fact that many of the parts have to be made by hand or contracted for at some machinist shop, since mannfacturers of many of the old arcade machines and kiddie rides are no longer in husiness, and it is impossible to obtain parts for reconditioning. Pur-chasers of such equipment should take these facts into consideration and, at the same time, should also real-ize that many buyers today have their own repair and reconditioning departments as well as experienced mechanics. These huyers will purchase machines "as is" at prices quoted hy the trade at large and recon-dition the machines themselves to meet their own operating standards. operating standards.
