FMQB ALBUM REPORT

June 26, 1981

BILL HARD, Editor

Hard Choice

UNCLE BEN

THE FIGHT and BEAT AND RUM TO THUMB are the only albums in PROTEST considering lists. I went back. Now I agree. Salmon will be a significant airplay item. It may be irritating and hardly produced in spots but THE MONK is carry it. WLSN-FM's Dave Kagan comments, "These guys sound like THE should have the last time through. It's going to be a hit summer record. It just sounds so fresh." WLSN-FM, "American Dream" is our track. I heard a pre-release cassette and was immediately hooked up to that time... Carl Sady WLSN, "I heard the Balance 10 and 11 is going to be a music. American Dream" sound real good". And from Buck McWilliams, WLOT, "Somebody please tell me who this new group is with your album summer. We added American Dream" immediately but would like to tell our listeners something about them". Get the feeling that "American Dream" is the key cut? Also try "It's So Strange", "Looking for the Stars", and the single "Breaking Way".

Easy Choices

THE FIGHT, BEAT AND RUM TO THUMB, BEAT AND RUM

Annalee told me to expect a good CD when she mailed the cassette and when I got with my old buddy Dave Gannheiser in Atlanta last weekend, he concurred. I stuck it in the Walkman on the flight back to PROXY and found myself closed after one listen. Considering I was listening to a left-channel only dub, I say "Oh! And Roy!" should do a serious number. "Two Now No Later" will lead, but don't overlook "Wide Boy" and "Let Me Get Close To You".

WLSN RECORDS: "THE VISITOR", RCA

"Pathless Snake" has a 12 inch version of a huge summer track. Just ask Larry Keramat, Ron Hawk, Mark Miller, Tom Nast, Dick Baum, Greg Gilliland, Lin Brenner, Paul Rayton, or Leeroy Hansen—they all testified about it this week. The demographic spread on this tune has got to be amazing. I'm also hooked up by the single "You Won't Be In Love" the Lindsey Buckingham tune "Walk a Thin Line" and "Cassiopeia Surrender" on the other side. Both the most tasteful integration of African rhythms and rock I've ever heard. Mark God, a different sounding record with a real shot at a big-time break-thru will.

Chain Reaction

REACTION RECORDS:

- 1) BLUE CRATER CULT, "FIRE UP IN DOWN DOWNS", COLUMBIA.** With 53 stations out of the box and more raves than you can shake a Molotov cocktail at, we're definitely talking spontaneous combustion here. Programmers could not be more pleased. A sampling of the reviews: Buck McWilliams, WLOT, "It gets better with every spin and I think 'Burnin'' will be their biggest hit in years"... Paul Heine, WGRO, "This album will retain the commitment and confidence of radio and retail in the same way the Stones did with 'Some Girls'". They had a million claps and are back stomping and hotter than ever"... Mike Wolf at WOPR acknowledges, "No doubt in my mind that this will be their biggest album yet, both airplay and retail-wise. In fact, it's already #1 in sales"... And from Dave at AMET, "Burnin' is a fine blend of BOC's melodic and metallic talents"... Other positives this week from Frank Andrick (it's airplay), Nick Von Siege (early phone), Paul Rayton (deep, deep, deep), Ilyse Gottlieb, Jay Walker (should become a summertime standard), Dave Kruppenbald (strongest song since "The Reaper"), Lin Smith (best sounding record in years), Harry Gervais (potential classic), Doug Sorenson (one of the most hooky records of the summer), and more. We predict a #9 debut next week.
- 2) JOE PERRY PROJECT, "I'VE GOT THE ROCK 'N' ROLLS AGAIN", COLUMBIA.** Part two of a great week for Columbia as Perry walks off with 45 more added and 54 stations, including 24 Level 1 reporters. It was also handed down the most coveted album lists week... Radio Action, Mark Miller, WBCN, "There is only one word for this one--killer. Check, East Coast, West Coast" and "Soldier Of Fortune" and watch those phone lines up... Sara Jang, WOME, "Joe has really come around with his sound/ring, especially on side one. Like the jockals, too"... Eddie Kazan, WPLG, "An extremely solid album, heavy call, heavy airplay"... Dave Kruppenbald, WROU, "I truly like this record and I don't think I would"... Bubba Bean, WLRZ, "Great, cuts rock and roll from Joe. Just like the sneer on his face on the album cover. I'm sure Milwaukee fans will enjoy it"... Dave Lahoe, WQVE, "It's encouraging that Joe decided to modify his original project on their second outing with some internal changes, since too often people tend to beat an old project to death. It's thumbs-up here for 'East Coast, West Coast'"... Roberta Haber adds, "This one rocks from one to the last power chord on Joe two. Guaranteed to bring Anheuser fans out of the woodwork"... Ed Levine, WAGT, "No tells a word. Not many bands today, even heavy metal ones, are doing real rock and roll guitar records."

CHAIN REACTION CONTINUED

6) FLY AWAY, WALKER, ATLANTIC

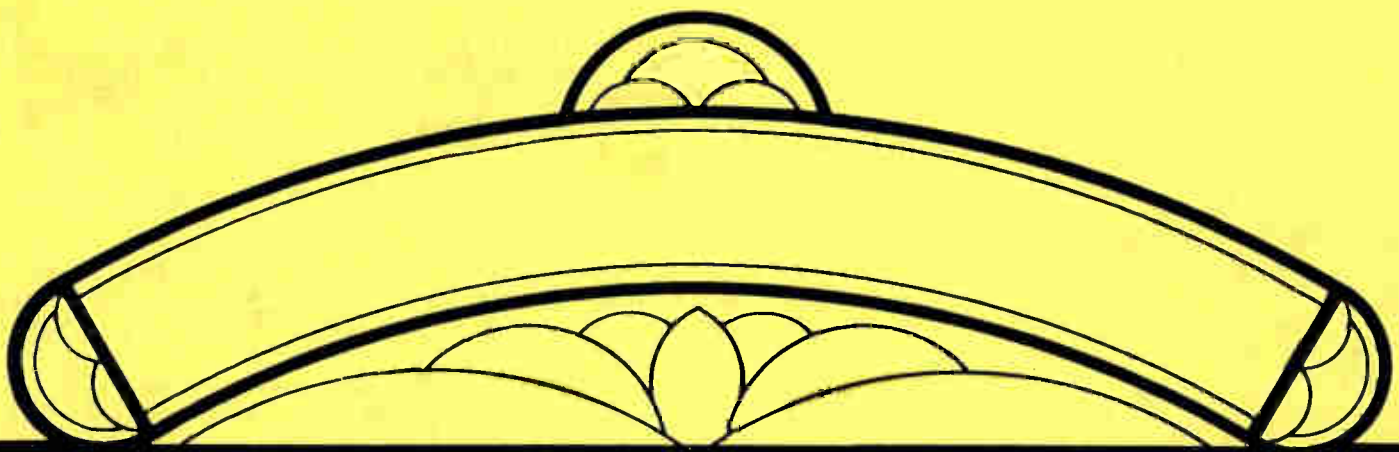

This group has obviously arrived as indicated by the #1 Song Index status for "Fly Away". I'll be surprised at anything less than #1 Most Added here--and they've put together an album more than worthy of that automatic status...Greg Gillispie approves, "I think it's great they have integrated keyboards and sax into some of the songs. I think I can safely say that 'Searchin' will be the one to take the place of the 'Highway Song'. These guys have definitely come up with a winner"... "Searchin'" will lead with "Rattlesnake Rock 'N' Roller", "Dry Country", "Good Morning", and "Diary Of A Workin' Man" all top-drawer.

"URGENT", FORNOWER, ATLANTIC

"Urgent" gets my vote as the most exciting song in weeks thanks to Jr. Walker's lung power. 100 single adds out-of-the box--and nothing short of applause across-the-board...Steve Keller, WZZQ, "Oh God, do I love the single. I've been yawning since the first album. It's like they cut the dead weight and have found the chords"...Bobbin Bean, WLPX, "It gets better and better with each listen. It's gonna be HUGE and I can't wait for the album"...Eddie Wazoo, WPLR, "The single MOVES! Like cruisin' down the highway at 4AM in an old Chevy convertible with the big fins"...Dana Jang, KOMA, "Love the sax work. That Jr. Walker stuff just blows me away. Loaded with hooks, it's got the beat, and it's great for the summertime"...Sky Daniels, WLUP, "Record of the week. Mick Jones promised an expansion upon their formula and if this song is any indication the LP will kick ass. Jr. Walker makes me realize why I thought Steely Dan records were getting lame. Jr.--call Tom Scott on the spot for those big bucks"...And from Gloria Johnson at KGON, "Looks like sax solos are coming back in a big way. Who better to lead his chops than the all-state man himself, Jr. Walker. If the rest of the album is as good as the single, this could be their biggest yet."

BUILDING:

- 1) DANNY JOE, PRIME BAND, EPIC. Up 21-18 in the top 30 markets, and a Prime Mover on the Back Page 20-14...10 play increases: WPDH, WRKK, WHCN, WPLR, WLPX, WMET, WZXR, KOMA, WOUR, and KLBK...Now on WRNW, KTUL, WMAD, WJQJ, and KBPI for a four-week total of 89 stations...Edge Of Sundown continues to main and haul up 8-7 on the Song Index...Comments: Bob Bittens, WHCN, "Doing phenomenally well in both sales and phones. 'Edge Of Sundown' might just as well be titled 'Freebird II' as far as our audience is concerned"...Tim Bedore, KZAP, "It's already struck some people as being another Southern rock classic"...And from Eddie Wazoo, WPLR, "Danny Joe has established himself as a credible solo artist. He has entered the consciousness of the audience and the album is doing very well."
- 2) SQUEEZE, "EAST SIDE STORY", ASM. A double underline for Squeeze--up 31-23 on the Back Page, and 26-19 on the Metro chart. Roughly 70% of our reporters on the LP report steady play this week, with another hefty batch of play increases: WHCN, WMMS, WPLJ, WLUP, KSJO, WAAF, KLBK, and WIOQ. Also, we log in another mega-heavy add week: WAQX, KLOL, WMAD, WZZQ, KQRS, WLRS, KOKB, KZAP, KOMA, KZOM... More raves: Nils Von Veh, KZOK, "Great to see Squeeze finally develop the foundation of a true hit single. 'Tempted' sounds just wonderful on the air"...Paul Payton, WCCC, "'Tempted' is getting good phones and picking up curiosity interest. This could go all the way"...Adds Tim Bedore, KZAP, "'Tempted' certainly is accessible for everybody and I think the song should sell a couple dozen copies"...Another major move for "Tempted" on the Song Index up 19-13.
- 3) GARY WRIGHT, "THE RIGHT PLACE", WARNER BROTHERS. Gary continues to ship out those Prime Moves up 35-30 on the Index and 41-35 Metro...New air on: WZXR, KPRI, WTUE, KLOS, WIOQ, WZZQ, KFMQ, WMMS, WMAD, WABX, KXXY, WSPB, and WTPA--a tremendous add week. After three weeks, already increased play on: WHCN, WPLR, KZEL, WQXM, and KLBK...Cuts: "Love Is A Rose" #63 and "Heartbeat" #71 on the Song Index...Comments: Doug Sorenson, WTPA, "With six top 40's in this market, it's gonna be another Steve Winwood record"...Bill Simmons, WMYK, "Getting good reaction. Plenty of positive upper demo comments on 'Really Wanna Know You'"...Bruce Goldsen, WRKI, "The strength of the single pushes it into heavy this week."
- 4) IRON MAIDEN, "KILLERS", CAPITOL. Somebody commented about the Capitol success with Billy Squier, Tubes and April Wine this week, I say it's about time to add Iron Maiden to that list. It's our biggest Back Page Mover this week with a nine point 45-34 jump. New on: KXXY, WMAD, WRXL, WJQJ, WZZO, KEZL, WRAS, and WFBQ for 29 reports in the last three weeks. Op: WMMS, WCCC, and WLPX...WJQJ's Mark Miller reports, "Looks like an instant phone-getter. We tested it a few times with 100% positives, although, admittedly all of the respondents were typical young males"...Ron Phillips, WMAD, "We featured Iron Maiden one night and the next day at least 15 phone calls were for anything from the album. Immediate sales the following week even in a typically college community"...Ron Nenni WPYX, "Great phones on 'Wrathchild'"...Ilyse Gottlieb WRXL reports, "Even though DC and Baltimore are so close, what happens there on the radio seldom effects what happens here. But Iron Maiden is an exception. We got lots of requests for an album we weren't even playing. Consider it on this week"...A noteworthy Song Index move for "Wrathchild" 51-31.
- 5) ICEHOUSE, CHRYSALIS. Last week's #1 Most Added comes back with this week's highest debut on both charts--#35 Index and #38 Metro. Also another strong showing in the Most Added listings #4 with 23 new reports, and overall #1 Most Added for the past two weeks with 82 stations...More raves: Mark Miller WJQJ, "Since Phil Collins is starting to burn, this is a great replacement. The title track is so erie, but yet sounds so good it can't help but hypnotize the listeners"...WGRQ's Paul Heine, "I really like it. It's a finely tuned progressive sound for the 80's. We could use more debut albums as impressive as this one"...Rob Roman, KLAQ, tells us, "Phones are buzzing out of the box"...Bobbin Bean WLPX, "The Aussies have the sound. From the moment I first popped it into my tape player I had good vibes. I think it's going to be a big record"...KSMB's Jay Walker, "Reaction has already started. It's easy to see why it broke all records for Most Added"...And from Jim Pemberton at WILS-FM, "Quite a few good tunes with 'Walls' our pick. One of the few albums that I play all the way through at home"..."Walls" and "We Can Be Together" lead with "Sister" and "Boulevard" right behind.
- 6) THE A'S, "WOMAN'S GOT THE POWER", ARISTA. A Prime Move 46-40 and another strong add-week and as they say in Philly, it don't get better than that. New on: KGB-FM, WGRQ, WLAV-FM, WIOT, WILS-FM, WSYR, WAQX and six more for #6 Most Added. The title track continues to sail up the Song Index 47-37. Increased play on: WHCN, WMMS, KYSP, WOUR, and KNAC...KGB-FM's Judy McNutt says, "The A's are wonderful. I must admit I had to beg and plead to get Larry to agree with me. But after pointing out some of the other things we've taken chances on lately, I figure the A's are a shoo-in with a hit song like 'Power'"...Paul Gautier, KZOM, "A's have everyone dancing around the station. We feel it will be an enormous success"...Finally, this convincing info from WDVE's Dave Lange, "We tested the title track on our 'Smash or Trash' Monday night and even the 10-midnight late night rivetheads gave it a thumbs-up by over 200 points! The same group last week narrowly gave thumbs-down to Ronny Joe Brown. Interesting!!"
- 7) VOLUNTEER JAM, WCI, EPIC. The Jam is already on the Chart at #42 this week, and with 36 new adds we anticipate a move to #31 in our next report. As expected the Nugent/Hatchet "Mississippi Queen" cover leads at #62 on the Song Index...Bobbin at WLPX reports, "Volunteer Jam showed up #1 in our research when we tested it on the 'New Music Preview' night. A strong cover song for sure"...Tim Smith, WJQJ, "Robert and Patricia have always had strong phones and Nugent is in town this week, so going with 'Mississippi Queen' will not be a bad investment in the long run."

Dear Lisa and Michele,
Regarding *Jim Steinman* :
In Milwaukee we're beginning to see a steady upward growth pattern in local sales, moving 17 to 12 this past week. The requests are coming in now also for 'Rock And Roll Dreams'. Our other research indicates wide audience acceptance of this track, but aside from all the numbers, my gut is telling me the same thing. Steinman is a hit.
Warmly,

**Bobbin Beam,
Music Director
WLPX, Milwaukee**

CHAIN REACTION CONTINUED

- 8) UNION, "ON STRIKE", PORTRAIT. A #30 Index debut and steady at #48 Metro. New on: WTUE, WCCC, WAAL, KTCL, WRNW, and WZIR-FM...With increased airplay on: WMMS, WPLR, and WOUR, as WAQX's Ed Levine puts it on the line, "This week I've decided to put my money where my mouth is and the Union album goes into HEAVY airplay based on nothing more than my gut feeling saying that 'Mainstreet U.S.A.' is a major Summer hit record. We'll see if I'm right."
- 9) DIESEL, "WATTS IN A TANK", REGENCY. Lenny's ferocious all-out assault on the phones continues to pay dividends as Diesel hits the Metro Chart at #44 and just barely misses the Index. New air on: WDIZ and WKQQ for 29 adds in the last six weeks...WQDR went early and as Bob Walton tells us, "It's a S-M-A-S-H! To quote the retail people, they can't keep it in the stores. Only the Moody Blues are outselling Diesel at this point"...WWCK was also an early believer and Mark Miller reports, "Regency apparently has some stock in the area and listeners are snapping up the album. It goes from 43-36 and continues as our hottest phone record."
- 10) JOE VITALE, "PLANTATION HARBOR", ELEKTRA. A couple of solid add/chart weeks for Joe. New last week on: WCCZ, WAVX, KLOS, WIYY, WAQX, and WCMF with a 42-40 move, and back this week with a 40-37 move. 46-34 Metro underline...Only 4 adds this week but they definitely all count: WEBN, DC101, KDKB, and WJL. The retail/request situation is still touch-and-go, but the Walsh/Vitale/Lindley tour is helping a bunch. "Lady On The Rock" is up on the Song Index 61-46.
- 11) SCOTTY BROWN, "POCK 'N' ROLL WARRIORS", TOWNHOUSE/ACCORD
The single continues to develop nicely (Kal says to look for a big week) and the album rock side is happening, too. It's our #6 Most Added this week. Kid Leo says, "I'm getting to be redundant speaking of comebacks every week yet every week there seems to be another one. Summertime seems to be the best time to put out what the stores call 'boogie rock'. It's the only phrase or catchword of the late 60's, early 70's that has not become archaic. People still like to BOOGIE-- and the single has a sure good shot for crossover. Obviously reminiscent of Rod Stewart"...The single, "Cold Hearted Woman", and "This Could Be The Night" lead. We look for AC/DC overtones to put "Shot Down By Love" in contention, too.

MAINTAINING:

- 1) JOHNNY VAN ZANT, "ROUND TWO", POLYGRAM. Now in the 5th week of charting, Johnny is up 22-20 on the Index, and 30-27 Metro. 43 stations held steady this week with increases on: WCCC 6-7; WYFE 6-8; KLOL 5-7; KGB FM 4-6; and KZEW 5-7 (all emphasis reports). Decreases: KZEL, WQDR, WIOT, KWFM, and WLIR...Even though the requests and retail sit at about a "C", the programmer faith seems solid, and Johnny is at least 2-3 weeks away from getting jammed up.
- 2) ELTON JOHN, "THE FOX", GEFEN/WARNER BROTHERS. Considering the speed with which the format seems to churn through "comebacks" (frequently 3-4 weeks and gone), the Elton album is faring quite well. He's stable at #26 on the Back Page. 31 stations report steady play. WYSP, WYFE, KPRI and WOUR are up; and we have dips on: WMYK, WHCN, WDE, WBCN, KWFM, WXRT, WBRU, and WIOQ..."Chloe" will be the new single.
- 3) MARTY BALIN, "BALIN", EMI. Prayer helps--but not like a hit single. Marty is now a 5-week veteran on the Back Page, steady at #27 right behind Elton...WRKK, WYSP, KOME, KSHE, and WIOQ are up in play...WABX, KATT, WDIZ, WTUE, KWFM, and WBRU are down...We have steady reports at another 29 stations including max play on: WKQQ, WQDR, WZZQ, KZOK, KTIM, and KLBJ...Song Index stats: "Hearts" 62-59; "Lydia" #89.
- 4) SILVER CONDOR, COLUMBIA. A couple of tasty advances for the Condor--24-22 on the Index and 24-21 Metro. WYSP and WHFS show decreased play with WEBN, KLLO, WMET, KZEW, KSJO, WBRU, and KLBJ all increasing play--that's a solid plus list. 33 steady reports including max play on KDKB and WOUR..."Survival" still leads by leaps and bounds but be aware that WEBN is doing quite well with "Sayin' Goodbye". It's a bit early to say, but that could well be the sleeper track on the record.

SIGNIFICANT SONGS:

"DDT", NEW ENGLAND, ELEKTRA

I'm sure Marty and the boys will spread the play on the Lp, but for now the single is miles out front. The early RIF add was a big shot in the arm, as WILS-FM's Jim Pemberton told us, "At first I was a bit leery about putting 'DDT' on the air because it didn't hit me right off. I was in Detroit last weekend and I heard it and it sounded so good I came back and put it in immediately"... KILO's Rich Hawk sez, "We expect this to be a big album. Solid rock at least three cuts deep."

"OUR LIPS ARE SEALED", GO-GO'S, I.R.S.

Next to the Foreigner single, this is hands down my favorite new 45. Based on in-office play, the burnout factor appears to be super negligible. (Like these scientific testing methods?) It's got tons of movement, it's cute, and the hook is real. Paul Payton hears it, "One of the best meldings of the 80's sophistication and 60's pop. Yes, Virginia, I.R.S. can release REAL records"... Again, we say Top 40 could (and should) come in big. When you get the album, also check "I've Got The Beat".

"CALL THE UH-OH SQUAD", ROBERT ELLIS ORRALL, WHY-FI/RCA

To my ears, this one is novel enough to get those phones a ringin' but not so off the wall as to blow the band's album image if it hits...In the past two weeks we log in a total of 26 stations including: WAAF, WXRT, KSMB, WBCN, WHFS, KSJO, WLIR, WCOZ, WYSP, WPLR, and WBAB.

"TELL THAT GIRL TO SHUT UP", HOLLY AND THE ITALIANS, EPIC

I'm sorry, but two stations on this record is way out of line. It's much better than the cover and group name implies, and I urge you to give it a fair listen. Play "Tell That Girl To Shut Up" in the context of two or three other happening tracks and you'll see.

CHAIN REACTION CONTINUED

ALBUM ROCK HITS LIST FROM KAL'S FRONT-PAGE:

- 1) TOM PETTY & THE HEARTBREAKERS, "WOMAN IN LOVE", BACKSTREET. It's far and away album radio's choice and if Tom wants to hit that platinum zone, this has gotta be the vehicle.
- 2) STEVE WINWOOD, "NIGHT TRAIN", ISLAND. A tune that never really roared on album rock, but Kal calls it "A chart-busting mass appeal single". Might be wise to re-emphasize.
- 3) PABLO CRUISE, "COOL LOVE", A&M. Admittedly a bit soft but perfect for the WIOQ, KZOK, WQDR adult-oriented album rockers. 11 majors and 29 secondaries blew in the first week.
- 4) BILLY SQUIER, "THE STROKE", CAPITOL. Pulling #1 phones where played. Owns the poolside and beaches. The Lp goes 5-3 on our Back Page.
- 5) THE TUBES, "DON'T WANT TO WAIT ANYMORE", CAPITOL. Going all the way top 40. New on WKBW, WFIL, WAYS, PRO-FM, KJR, and WGCL.
- 6) GREG KIHN BAND, "THE BREAKUP SONG", BESERKLEY/ELEKTRA. The proven rock Summer hit for '81. New: Z93, WKPW, KQV6, WRQX, 96KX. A big Metro mover for us on the strength of the single, 15-9 underline. Also up 16-12 on the Index. New on: DC101, WNOR-FM, WIYY, KTCL, and KILO.
- 7) FRANKE AND THE KNOCKOUTS, "YOU'RE MY GIRL", MILLENNIUM/RCA. New on WIFI, Philadelphia; KIQQ, Los Angeles; JB105, Providence; KYYX, KCPX, Salt Lake City; WPIX, New York. A hot mix and new lead guitar will definitely put this one on album rock stations.
- 8) GARY WRIGHT, "REALLY WANNA KNOW YOU", WARNER BROTHERS. As hot top 40-wise as it is on album rock. Hits the Song Index at #85.
- 9) GARY O', "PAY YOU BACK WITH INTEREST", CAPITOL. Kal is tipping it this week, and as we've said in Chain Reaction the remake is el supremo with built-in upper demo appeal.
- 10) VILLAGE PEOPLE, "5 O'CLOCK IN THE MORNING", RCA. What?! Believe it or not, this is a hot little track, sounding more like Bowie than anyone else...As WIOQ's Alex Demers sez, "When your RCA guy walks in, don't throw him out before you hear it. This record is GONE! We gave it a spin on Helen Leicht's midday show with no artist ID. We did a 'guess the artist', and over half thought it was Bowie. The rest thought it was Gary Numan, Roxy Music, etc. 100% (not 70, 80, or 90) were positive on the song. Check it out if you've got the balls."

Finally, a quick mention for three Lps due this week:

- 1) THE RODS, ARISTA. More of that good ole 10 on a 10 scale rock and roll that Mr. Bone is famous for putting on the radio...and he should do well with the Rods. Look for heavy out-of-the box action in New York state, Texas and a solid showing in the Midwest. "Power Lover" is my pick.
- 2) Y&T, "EARTHSHAKER", A&M. As noted in our comments on mailing the cassette last week, it's Bob Shulman's first production effort--and I hear two very good rockers--"Rescue Me" and "Dirty Girl".
- 3) POGO, "BLUE AND GRAY", MCA. As the title implies, it's a loose concept approach based on the Civil War. On a couple of passes, I recommend "Widowmaker" and "Streets Of Paradise."

When we released "**BREAKING ALL THE RULES**" five weeks ago, we did it with minimum fanfare. All factors considered, we felt it best to let the music do the talking—and our confidence has paid off with top 10 airplay stats across the board. Check these four week trends:

Question Of The Week

WDHA's Bob Linder suggested this one, "As jaded we all tend to be in the industry, what still really turns you on?"

BOB LINDER, WDHA: "Truth, justice and the American way, but let's not forget sex, drugs, and rock 'n' roll."

GREG GILLISPIE, KAZY: "Oh, let's see. There's a lot of things. A good record that's bright and refreshing, even something with R&B inclinations that could be a crossover hit... Other things that still turn me on are good joints, great women, and fast cars."

RON REGER, WNOR-FM: "It depends on my mood. Sometimes nothing can and those are the most jaded... Usually a good, clean production and something just different enough so it still sounds familiar but has enough of a hook so it sounds neat... And sometimes when I'm in the right mood, just about anything--especially double-stuffed Oreos."

JANEL DOLAN, KZLW: "Two-gram viles and concerts where the audience enjoys it more than the band. That kind of sharing experience is exciting as it's become a very rare thing... Exciting progressive albums like Rupert Hine, Icehouse, George Wallace--and of course everything by Bowie."

TIM BEDORE, KZAP: "I got jaded for my birthday--that still turns me on... Brownie troops dancing on my chest, whips, chains, Great Danes, and leather--lots of leather... What really turns me on is 'Raiders Of The Lost Ark'. The new Tubes album really turns me on. The girl that moved in across the hall really turns me on. Great entertainment will always turn me on."

DAVE BENSON, WMET: "I guess still being able to lay on the floor of my apartment with the headphones on listening to some new record or some new band and having to rip the phones off with excitement, then either call somebody or wake up my girlfriend to talk about this fantastic new record. It happens very rarely especially with the music that we use for business. My personal taste in music still allows me that feeling, i.e. Miles Davis, Keith Jarrett, Pat Metheny, Bruce Springsteen."

JACK SCHWARTZMAN, WBRU: "'Twist And Shout' by the Beatles."

DAVE LARUSSA, KWFM: "Honesty."

MIKE WOLF, WQFM: "Black silk stockings with a seam down the back."

PAM ABRESCH, KDWB: "A 12" vibrating device."

NICK VAN CLEVE, WYNF: "Professional wrestling. I like seeing Dusty Rhodes beat Marly Race... I still get a thrill seeing an up and coming tag-team called Fabulous Freebirds... Sailing in the Gulf of Mexico on a 14' Hobie Cat in 18 knot winds, falling off the boat and doing shark wrestling... Going out of my way any day or night to catch Andy Kauffman aka Tony Clifton."

MICHAEL PLEN, J.R.S.: "Intense rock and roll records that require thought...and nurses."

JON SCOTT, MUSICVISION: "Kicking people's ass in Mattell's Intelelevision... It's only rock and roll but I love it... Sinsemilla... Video cameras... and Soloflex machines."

ROBIN WREN, EPIC: "Fishing."

MIKE BOML, ARISTA: "Bill Hard saying, 'It's a prime move, underlined on the Airplay Index--that's what gets me off.'"

ALAN WOLMARK, ATLANTIC: "Low heavy quality ear-bleedin' music... a great live show... seeing good music break-through to the public... a stack of imports where I find most of today's innovative sounds... watching wimpy records that don't make it... to my vinyl collection."

PAUL RAPPAPORT, COLUMBIA: "Good music from (X) to heavy metal; baseball (sigh); Sharon Rappaport; ice cream; Von Cough; Monet; Renoir, fencing; New York City; the theater; Keith Richards; a good cheese-burger--that's me."

"The Visitor"

Reaction to the advance 12":

Leeroy Hansen, KSJO: "Rattlesnake Shake' was always a classic but Mick Fleetwood has made my year with Peter Green (baum's) screaming guitar and his own percussion passes."

Paul Payton, WCCC: "A great turn on, especially side one."

Lin Brehmer, WQBK: "Peter Green with Mick Fleetwood! Can heaven be far behind? 'Rattlesnake Shake' is certainly the song I'll remember from the Summer of '81."

Tom Nast, WSYR: "'Rattlesnake Shake' is right up our alley. Good sales should develop on this one."

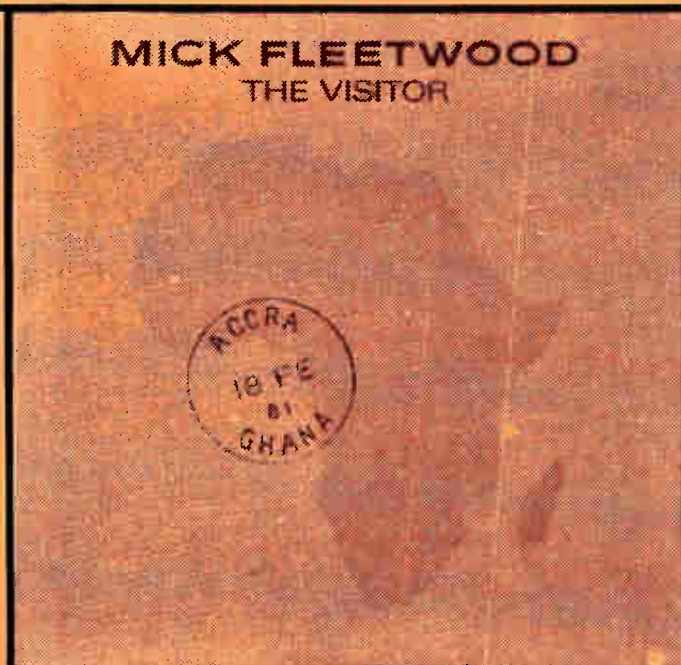

Dick Bascom, WYFE: "The Mick Fleetwood/Peter Green 'Rattlesnake Shake' is on its way in this week. An interesting remake that I think will do well."

Greg Gillisple, KAZY: "Looks like this could turn out to be the Summer of 'Rattlesnake Shakin' and rock and rollin'. We'll do 'Shake' with Mick Fleetwood and boy, it's great to hear Peter Green and Mick back together again. I think this record will bring back some memories for the upper demos and turn the kids onto some good rock 'n' roll."

Larry Reisman, KEZY: "Mick Fleetwood starts off the big Mac solo attack in fine fashion. Mick's remake of 'Rattlesnake Shake' might just surprise a lot of listeners. Peter Green really belts it out."

Mark Miller, WWCK: "The remake of 'Rattlesnake Shake' with Peter Green should give the song the exposure it deserved the first time around."

Rich Hawk, KILO: "Mick Fleetwood's version of Peter Green's 'Rattlesnake Shake' is a definite step forward for Fleetwood and a great attention getting for rock radio."

A HARD CHOICE THIS WEEK!

QUESTION CONTINUED

JONATHAN WHITE, WYY: "Good dope, a nice looking woman, and a nice car."

RUTH PINEDO, KLOS: "Same things that turned me on before."

MOBY WQXM: "Good seafood, soft music, Kim Carnes and Brooke Shields, whipped cream and Mazola, and light weight chains."

KERRY LAMBERT, WIMZ: "I'm turned on by the newest rage--the wet nightgown contest."

DICK BASCOM, WYFE: "36 C's."

BDB WALTON, WQDR: "A live show, There is just something about it. That's where rock and roll started and it still has THE magic."

DAVE KRUSENKLAUS, WKQQ: "I think the endless amount of creativity that is available. As long as your mind can keep working and you can keep a clear head there is an endless amount of ideas that can be put to work. I'm amazed at the number of new things I come up with on the air after doing air work for over six years...In general, I'm beginning to travel more now, and that excites me."

STEVE KELLER, WZZQ: "Bass fishing, stock car racing, and working on my MG."

TED EDWARDS, WCMF: "A great live rock and roll show. Whenever I see something new that stimulates me and reconfirms my belief in rock and roll."

DOUG PODELL, KQRS: "Originally just being a disc jockey. I always thought that being on the air was the ultimate but now I'm finding as Music Director that there are limitations on the air. I'm getting a big kick out of being able to shape and form radio on this end."

BELLE, KTIM: "The gardens, the horses, a good homemade meal, the view from my house...But as far as the biz is concerned the music, the challenge of radio, the freebies, and occasionally the people. (chuckle, chuckle.)"

PAUL HEINE, WGRQ: "The immediacy, the spontaneity, the constant change, the music, people's attitudes, the limelight, the fringe benefits, and just being in touch with what is happening."

MICHAEL KNIGHT, KZOK: "No matter how many dinners you do, how many shows you see, or no matter how often you're hyped or even bored with the industry, there is nothing that gives me more pleasure than finding an artist who has gone unpromoted, unnoticed, and yet somehow has gotten far enough in the world to land a recording contract. I like finding hits under a rock."

ROB BARNETT, WAAF: "If we stop trying to make the radio turn us on, it never will."

DAVE BERNSTEIN, WAAF: "Good air talent."

JUDY MCNUTT, KGB-FM: "Everything. Even when it's a pain in the ass, I love it. Even when I've had no sleep and I drank too much champagne, I still look forward to coming to work. I'd rather lay my head on the desk here than anywhere else."

JAY WALKER, KSMB: "Women behind bars, women in fast cars, women in distress, women with no dress, women in airplanes, women who play games."

CLARK RYAN, KATT: "Musically, good hooks with good movement...Sexually, candlelight dinners under the table."

MICHELE ROBINSON, KLOL: "It still turns me on to have a conversation with somebody who works for one record company and yet talks any and everything they've heard that's good. I really savor those few conversations that are strictly about good music, good radio, and are with somebody who is obviously well informed...A lot of music still turns me on. I don't think there is as much good music out today as there was five years ago. But because I like music from more than one format it's just as exciting to me to hear a new Billy Squier, a new Raydio or a new Randy Vanwarmer."

LIN BREHMER, WQBK: "A ferociously played guitar especially acoustic.....Any hot rhythm and blues or Motown."

BOBBIN BEAM, WLPX: "A good concert with a really well done song. When the crowd reacts, it sends shivers up my spine."

DAVE LOGAN, WLAV-FM: "Romanticism, rhumba, and hopeless optimism."

TIM SMITH, WLVQ: "In rock and roll, it's a clean 4/4 beat...Money and sex!"

SKY DANIELS, WLUP: "The biggest buzz I have is befriending a new talent, nursing them, fighting wars for them, standing my ground on them, and watching them become superstars. Ask Tom Petty, the Romantics, etc, and any others I might be able to name drop."

DANA JANG, KOME: "Sports, great songs, car races, and good reading."

JIM KINNEY, WTUE: "Good candy from anywhere, flying above the clouds, a good woman, good music no matter what type, working my butt off and having everything turn out right, and travelling."

LISA RICHARDS, WYSP: "I'm afraid I can't tell you."

ILYSE GOTTLIEB, WRXL: "As for being jaded, I guess it does happen to everybody. I thought that when John Lennon was shot that I was jaded, but I realized once it set in that being jaded was a state of mind. ...Going backstage at concerts can bring out that state of mind, but meeting George Harrison remains one of the highlights of my career...Other things I still get excited about are: Springsteen concerts, Fleetwood Mac, and anything that's new and different."

BUCK McWILLIAMS, WIOT: "A woman's left hand."

GLORIA JOHNSON, KGON: "A great song. There are a lot of good musicians around, but there is nothing more exciting than a great song."

Radio Action

WIOQ, PHILADELPHIA, PA P.D.-ALEX DEMERS: "Sorry I've been so remiss in comments of late, so here goes. First, thanks to Ma and Pa Hard and Ms. Susan and the irrepressible Mr. Bronstein for an evening of revelry that both my lady and myself will long remember (It should be noted that Mr. Hard is a vicious bastard when it comes to Intelelevision baseball)...Much thanks to: Jim Steinman for his on-air call from London; and, Gary U.S. Bonds for his visit and interview with Ed Sciajky...Musically, we continue to have great success with Alan Parsons' 'Time', even though Mike Bone claims to be associated with this record. (By the way, Mike, was that Clive I saw in the Arista offices with your successor?) Unfortunately, Mr. Bone also has the monopoly on Philadelphia acts. I'm glad to see that his inefficiency and general lack of professionalism hasn't hurt the A's. Although I doubt vocals will cross over to Top 40-land. (Sorry, Mike)...Look out for the new Spaces Lp. Some fine silly jazz funk. If you play Spyro Gyra or jazz at all, you need this Lp. It's excellent. (Seriously, Mike Bone and I love each other. He's just upset 'cause I have the negative.)...Onto even stranger things. Many of you laughed when we told you Kim Carnes had a monster record for album radio. Well, when RCA walks in with the new single from (choke, gasp) Village People, don't throw him out before you hear it. This record is gone! We gave this a spin on Helen Leicht's midday show with no artist ID. We did a guess-the-artist contest. 100% (not 70, 80 or 90%, but 100%) were positive on the song. Over half thought it was Bowie. The rest thought Gary Numan, Roxy Music, etc. Check it out. If you've got the balls--play it!...Hottest Records Here: Greg Kihn, Marty Balin, Jim Steinman (Why do you feel lonely, Lisa? We've been out-of-the-box with excellent response!)...Rick Springfield will not die...Up And Comers: Squeeze and Robert Gordon...Since I've taken all this space (sorry), I might as well touch on one trend that I'm sad to see in this Sheet. Check out how many stations are letting their Top 40 outlet in town break the hits. How many stations are 'too hip' to play the Elton or Moodies tracks that happened to be the single? This kind of narrow-minded bullshit keeps many people in the industry from taking album radio seriously as a hit maker."

ROME, SAN JOSE, CA M.D.-DANA JANG: "Love the sax work on the Foreigner single. That Jr. Walker stuff blows me away. Loaded with hooks, got the beat, and great for the Summertime...Icehouse is a good modern-sounding record. Some real good trax including: 'We Can Be Together', 'Walls', and 'Boulevard'... Finally added the Squeeze this week. We're getting light sales...Like I said last week, Joe Perry has really come around with his songwriting, especially Side 1 with the 'Arrogance', 'East Coast', and 'Soldier Of Fortune' tracks. I like the vocals, too...This Blue Oyster Cult will be one of their biggest albums, with the 'Joan Crawford' track getting immediate reaction. Strong crossover potential for 'Burnin For You'...Calls At The Top: Ozzy Osbourne, 'Crazy Train' and 'Mr. Crowley'; 'In The Air Tonight'; 'The Breakup Song'; Rush, 'Tom Sawyer'; Billy Squier, 'The Stroke'; Adam & The Ants still active; The Dregs; Danny Joe Brown; Santana; REO Speedwagon; Tom Petty; Loverboy; 'Kid Is Hot' and 'Turn Me Loose'; the Starship album; 38 Special, 'Hold On' and 'Fantasy'; Styx; Van Halen; Rick Springfield, 'Jessie's'; and, the new Foreigner...Sales Action: Marty Balin still Top 25, George Harrison, Jefferson Starship, Greg Kihn jumped back into Top 10, Moody Blues, Tom Petty And The Heartbreakers, REO Speedwagon, Rush, Santana, Rick Springfield, Styx, 38 Special, Tubes, Van Halen, Who, Steve Winwood, Elton John, Ozzy Osbourne...Starting to show steady sales for: Billy Squier, Gary U.S. Bonds still steady...Joe Walsh is kind of losing some ground...Starting to get a few calls for: 'Right Or Wrong' from Johnny Van Zant. Sales steady in some areas...Still some phones for 'Antmusic'. Sales starting to slack off a bit... Light to steady sales on: Marshall Tucker Band...Elton John steady in the Top 30...Phones definitely decreased for Jim Steinman...Considering: Foghat."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record Of The Week: Foreigner, 'Urgent'. Mick Jones promised an expansion upon their formula and if this song is any indication, the Lp will kick ass!! (Oops--can you tell who's consulting me?) Jr. Walker makes me realize why I thought Steely Dan records were getting lame. Jr.--Call up Tom Scott on the spot for those big bucks...The new Jack Green Lp has a definite future record of the week contender in 'When I Was Young'...Blue Oyster Cult's 'Burnin' is really getting legitimate response. By that I mean across-the-board response, not just the Cultists...To Curt Gary: Ah yes, Randy VanWarmer 'Suzi's Got A Weapon'. Definitely a pop smash. If you like that, stick your ears to Gary O's cover of the Hollies classic and hundreds of other great pop music songs that album rock doesn't play anymore...In the days of limes and noses dept.: Joe Walsh and Joe Vitale ought to get Kenny Passarelli and Rocky Grace and reform Barnstorm. At least that's what everybody I know who saw the show thinks...I'll be looking forward to the New Music Seminar in NYC July 13 and 14 (just to get to hear new music. Ha! Ha! Just kidding.). Actually, there are a lot of interesting, influential figures going to it and I'm eager to figure out this mess new music's in. And by that I don't mean just getting worked over by national reps on new product...Finally, thank you, Mr. Ham. Did we do the Tubesteak boogie!"

WMET, CHICAGO, IL M.D.-DAVE BENSON: "WMET Adds: Blackfoot, Blue Oyster Cult, and the Foreigner single... Blue Oyster Cult's 'Burnin For You' is a fine blend of BOC's melodic and metallic talents...Blackfoot's early action and the release of the Lp today were more than enough to convince us to go with the single... Foreigner's 'Urgent' is in power rotation immediately. How's that for urgency?...Also, an extra Squier track 'In The Dark'...Sales Story: Santana is very hot; Squier showing growth; Ozzy looking at dominance... Got a chance to lend ears to early tapes of Pat Benatar, Rickie Lee Jones, and Miles Davis. Pat Benatar will have no problem; Rickie Lee's Lp is a 1980's New York Tendaberry; and, Miles Davis continues to chart new directions with an edit that is a possible R&B airplay item, 'Man With The Horn'."

WAVA, WASHINGTON, DC P.D.-MARTY DEMPSEY: "We lost a great promotion man this week in Phil Quarteraro, now the New York local rep for A&M. Good to see a fine replacement for him in Eva Wood, who comes to us from Dallas. Looking forward to working with her...Special thanks to: Steve Leeds for the words of wisdom...We added: Foreigner, Volunteer Jam, and Blue Oyster Cult...By popular demand, we have to play the Nugent/Hatchet piece from the Volunteer Jam...Icehouse looks real good for us, but we just didn't have the room this week...Wishbone Ash's 'Loaded' sounds good...Also Considering: Savoy Brown and the Joe Perry Project...There's a new group out on Portrait called Balance that is also very interesting--very much a mainstream, almost REO feel...The new Foghat will be tracked tonight at Midnight. It's good to see some fine Bearsville stuff coming out...Seeing quick movement on: Blue Oyster Cult...Iron Maiden (in town the first of July) starting to pick up...Good reaction to Molly Hatchet...'The Stroke' looks like a smash down here. Even WKYS, the Black station, is playing it...Getting real good response on the Joe Vitale."

KPRI, SAN DIEGO, CA P.D.-JOHN DUNCAN: "Top Five Sales: Kim Carnes, Moody Blues, Steve Winwood, Tom Petty, and Split Enz...The Gary Wright album is a great Lp--and a very strong comeback. 'Heartbeat' is a solid Lp cut, but every note of 'I Really Wanna Know You' whispers 'Hit'...Speaking of hit, Greg Kihn. 'The Breakup Song' continues to receive totally positive response and has moved up to our #6 retail position this week. This is an Lp that might require re-evaluation...The Elton John is also being well received and moved into the Top 10 sales this week...On the Split Enz record, I strongly feel that the initial interest cut was 'One Step Ahead', but the closer song is 'Hard Act To Follow'. Based on the retail position in my market this week, the record is doing extremely well...The Moody Blues Lp continues to sell out at retail locations throughout the area. Their San Diego concert was incredible. I've never seen a crowd of 25-34's tear a house down like they did during this show. We had our entire staff waiting inside the doors to the Sports Arena welcoming the crowd and handing out commemorative Moody Blues KPRI keychains and it was a competitor's show...We had Pablo Cruise in the studio. They played a few cuts from their new records. At the show that evening, they dedicated 'Runnin' to Sandy B., one of the loveliest M.D.'s in the biz."

RADIO ACTION CONTINUED

WMMS, CLEVELAND, OH M.D.-KID LEO: "I'm getting to be redundant speaking of comebacks every week. Yet every week there seems to be another one. Summertime seems to be the best time to put out what the stores call 'boogie rock'. It's the only phrase or catchword of the late 60's/early 70's that has not become archaic. People still like to BOOGIE, and the Savoy Brown single has a good shot for crossover--reminiscent of Rod Stewart...Joe Perry Project pays homage to the groups and styles that he cut his teeth on: Stones, Yardbirds, Pretty Things. The album has two distinctly different sides--Side 1 a tribute to the raw early musical forms; Side 2 moves closer to songs that would seem to be what Aerosmith would be doing if they were together. I definitely opt for Side 1...It seems like I've been living with the Blue Oyster Cult for a month, yet it is officially added just this week. I've questioned Columbia's strategy in releasing a 12" so far out front with a name outfit like Blue Oyster Cult, yet it seems to be working. There's quite a buzz on the request line. I'm sure retailers will find added activity on their cash registers. Maybe we might be seeing more of this up front 12" on name bands. According to promotion reps and our sales manager, we're seeing a pattern where it takes 4-5 weeks for a strong sales pattern to develop. So it'll be interesting to see if this trend continues...Billy Squier, Kraftwerk, Jim Messina, Joe Vitale, and the Tubes are bubbling under the Top 20."

KZOK, SEATTLE, WA M.D.-MICHAEL KNIGHT: "The Foreigner 12". I think it's their best release since their first album. You can play a little game with the headset. Listen to the guitar disappear as the synthesizer takes over the backing track--it's my favorite part of the song. Otherwise, we have super clean searing vocals from Lou Gramm and perhaps the best studio gathering around led by Mick Jones. After hearing this sax break, a lot of people are going to be giving work to Jr. Walker. I wish I had a band, I'd hire him right now...And on Rachel Sweet and Rex Smith: Is it true that they are the Marvin Gaye and Janet Jackson of the 80's? All that emotion on that record gives me goosebumps...Randy VanWarmer channels all the handgun violence of the front page into a harmless little ditty concerning an unnamed weapon. Someone told Randy if you want to be a star, be dangerous...Mark Kjellden, leader of the Sinceros, has been a songwriter that I've been watching for some years now. They can forget their days of bubbling under. With their song 'Disappearing', the Sinceros have made their mark and I believe this band has it all--but their songs are their strongest suit...We're going with 'Under The Covers' from Janis Ian. It's cutesy. I don't think anyone is going to be offended, except perhaps the occasional Latin lover who does not know where Janis lives."

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "Blue Oyster Cult. Boy, talk about an Easy choice--how about a new category called 'Fish In A Barrel' choice? We're using 'Joan Crawford' for Kicks and 'Burnin For You' when we wanna get serious...It's encouraging that Joe Perry decided to modify his original Project on its second outing with some internal changes, since too often they tend to beat an old project to death. It's thumbs up here for 'East Coast, West Coast'...Mick Fleetwood's 'Rattlesnake Shake' was the only song on the sampler I liked...Pretty good positives on the Foreigner single at this point...We tested the A's 'Woman's Got The Power' on our 'Smash Or Trash Monday', and even the 10 to Midnight late night rivetheads have it a thumbs up--by over 200 points. The same group last week narrowly gave thumbs down to Danny Joe Brown--surprising!!...The more and more I hear the Icehouse, the more I like it. A bit early to feel audience reaction. Next week we should see the first clues. I'm convinced they'll be positive...Considering: Balance. I don't care for the single. I think it's another case of 'let's release a soft single for a bunch of adult contemporary stations that don't know who their audience is. The key tracks are: 'No Getting Around My Love' and 'Magic'."

KSJO, SAN JOSE, CA R.D.-FRANK ANDRICK: "The sales scene: Top of the lot with: Van Halen, Tom Petty, Kim Carnes, Starship, Speedwagon, Santana, Styx, Moody Blues. Rapid movement awards to: Billy Squier (top 10 retail next week, I bet); Gary Bonds (boy, what a Springsteen boost will do for ya); Balin; Frampton; and Danny Joe Brown...I won't mention the downtrodden by name but, considering the airplay vs. sales controversy, why are groups like the Psychedelic Furs, Plasmatics, Holly & The Italians and the English Beat outselling a lot of the medium stature artists that can't seem to nail down that all too important top 40 single? If we're talking album rock, why does album radio not play albums that are selling?...On to the adds. Joe Perry. Given enough stadium room to romp, Joe Perry's 'East Coast, West Coast' tour-de-crunch will light the way for an ascending Chart Mauler. Last year's model sounded a bit muddy-in-the-mix department, compared to 'I've Got The Rock And Roll's'. Increased clarity should be cause for increased airplay...Blue Oyster Cult--already #1 in airplay at KSJO...Joan Crawford' has made Billy Vega's 'TNT', last week's 9th most requested, this week's 5th most requested. Instant fly-out-the-door retail expected immediately...Creepy Crawfords' given Billy the chills enough to ward off our 105 degree weather...Swimming Pool Q's. To quote Lenny Kay, 'It's a nugget if you dug it'. So check this one out. Another step in the furthering of the Southern rock genre, the Swimming Pool Q's. This album bears serious consideration in that it contains enough variance of material for nearly every format. If you feel like stepping out on something new and having some fun, this is the one. My god! With a little help on the retail support level, some of us might even create a regional hit."...LEEROY HANSEN: "'Rattlesnake Shake' was always a classic, but Mick Fleetwood has made my year with Peter Green (baum) screaming guitar and his own percussion passes. And to the African sides, I've never ever seen a Program Director, Research Director, Promotions Director and Sales Manager dancing around an office on Friday at 6:00 PM, and it wasn't even after a good book. The jock on the air issued a couple of segs because he was laughing on his hands and knees at all of us dancing around the desk in a circle, brandishing imaginary spears. This is dangerous stuff!"

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "The Foreigner single sounds better and better with each listen. I think it's gonna be HUGE. Can't wait for the album...Icehouse. The Aussies have the sound! I think that's going to be a big record, too. From the moment I first popped it into my tape player, I had good vibes...Dirty, gutsy rock 'n' roll from Joe Perry. Just like the sneer on his face on the album cover. I'm sure Milwaukee fans will enjoy it...Volunteer Jam showed up #1 in our research when we tested it on our 'New Album Preview' night. A strong cover song, for sure...As LPX gets ready to move down to Summer Fest, which is the third largest civic festival in the country and also the largest music festival in the country, plans are being made for our participation at the LPX Rock Stage, featuring such notables as Iron Maiden, Billy Squier, Sweetbottom, 20/20, Doc Holliday, Great Buildings, the Greg Kihn Band, and the Kings. We're all looking forward to it. More later."

WBCN, BOSTON, MA M.D.-MARC MILLER: "Did you know that it's illegal to play jukebox on Sunday in Massachusetts? Another WBCN fun fact to know and tell...Now for the real news: Bill Murray had lunch on the air with Ken Shelton last Wednesday, and had the entire city in stitches...We are now in the middle of the third annual Rock 'N' Roll Rumble where we have 24 of the best local bands competing for all kinds of good prizes. More news on this as it develops...In the world of records, there is only one word for the Joe Perry Lp-Killer. Check 'East Coast/West Coast' and 'Soldier of Fortune' and watch those phones light up...Also the New England album has lots more good songs besides 'DDT.' These guys will be stars...Surprise of the month, is the Foreigner single, complete with a funky Jr. Walker solo sax....Other new and fascinating vinyl--Duran Duran, the Go Go's single, and Mick Fleetwood's new version of 'Rattlesnake Shake' with Peter Green...and to my one friend in New York: How weird are you???"

KGB-FM, SAN DIEGO, CA M.D.-JUDY MCNUTT: "The A's are wonderful. I must admit I had to beg and plead to get Larry to agree with me on it, but after pointing out some of the other things we've taken chances on lately, I figure the A's are a shoe-in with a hit song like 'Woman's Got The Power'...Pablo Cruise is very good. They stopped by the station yesterday, and Dana Morris did something she never does--she played the record for us with the band present--and she's no fool. She knows it's a smash record, and she knew our reaction would be a good one. Check out 'This Time'. Fine guitar work and they have a new bass player who is phenomenal...We like 'East Coast/West Coast' on the Joe Perry, and although it might be too snotty for some people's taste, my personal fave is 'Buzz Buzz'...Icehouse is a real good reaction record. Permanently glued into my car...For fun you can sit and read 'Mommy Dearest' while you listen to BOC's 'Joan Crawford', but I wouldn't play it on the radio...Surprised that Mick Fleetwood is on RCA. Not that that makes any difference. Whenever I see the name Fleetwood I think WEA. A nice surprise and a Love for RCA...Love the Foreigner single. The perfect Summer record (Oh no--not another one!!!)...I was in L.A. Monday for the 'Rockline' show. I would like to commend them for an excellent show. It was hard for me to maintain my cool around Tom Petty. He did a wonderful job--and it's not easy to do an whole hour and a half by yourself. They're pros all the way. I look for that show to be a scorcher by the end of the Summer--heck, make that the end of next week...Coming up: Ozzy Osbourne, and Wendy O., that should cause a riot at least."

KDWB, MINNEAPOLIS, MN M.D.-PAM ABRESCH: "If any of you have the opportunity, please listen to Bar Wars (various artists) on Waterhouse Records. We really like 'Watching The River Flow'. This is not just a matter of pride because they are Twin City favorites, but to quote from the latest issue of Sweet Potato: 'The beauty of Bar Wars is that it accurately translates the joys of the Minneapolis thriving old style R&B scene. It gets into what makes these bands so special and so much fun.' Leo: This is for you. Take a listen. I dare you to sit still. If you need a copy, contact Kevin St. John, Waterhouse Records 612-332-6575...We added Foghat this week also. It's the best thing they've done in awhile. Some of the Stones-style intros are very intriguing. Unfortunately, after the first 20 brilliant seconds, the songs all sound alike. We're playing: 'Close To You'. My personal favorite is: 'Sing About Love'."

KZAP, SACRAMENTO, CA M.D.-TIM BEDORE: "The Squeeze is a wonderful record. I mean the punkers should be fairly pleased. It's gonna help our credibility with them. 'Tempted', certainly, is accessible for everybody, and I think the song should sell a couple dozen copies. So, hey, I'm pleased as punch to be playing this record...Danny Joe Brown has struck some people as being another Southern rock classic. Personally, I don't see it but, then again, Southern rock was over for me with the Allman Brothers... Not super disappointed with Foreigner or the Cult, and so far it seems like there is some really great music out this Summer or at least music that doesn't drive you wild."

WEBN, CINCINNATI, OH M.D.-CURT GARY: "Many thanks to Boardwalk Records and especially Joan Jett for supplying us with some 'Summertime Blues'. It may or may not be on her new album...The Foreigner single is just different enough that I've had to listen a couple of times to get into it--but when the sax comes in, I'm hooked...We added Joe Vitale as a direct result of phones from his show with Joe Walsh... Getting real positive phones on the Diesel single...I've heard the Balance Lp, and it's going to be a mo-fo. 'American Dream' sounded real good...Still really high on the Vanwarmer. We're using 'Suzi' for our station, and that may be the only song we can play...We've been switching cuts on the Icehouse--just experimenting 'cause we like so many cuts on the album. A problem you don't find too often...Still another week or two to see if the Silver Condor is going to catch on...Increased Play On: Dave Edmunds (testing very well); Peter Frampton (really catching on--and how many people can name the Stones' song he stole 'Breaking All The Rules' from?)...De-emphasis on: Spider, Bram Tchaikovsky, Greg Kihn, Hawks, Who, Split Enz, Krokus, Santana, and Shooting Star--and guess what, I think the Tom Petty is over. Songs just were not up to snuff. Nothing on there we could keep banging away on...Considering: 'Rattlesnake Shake', Mick Fleetwood. And is Peter Green's real name Greenbaum? It's listed on the credits for the song like that. Is Peter really Norman's illegitimate lost brother?"

WFYV, JACKSONVILLE, FL P.D.-RAD MESSICK: "I really like the Joe Perry Project. It did very well here the first time around. I concur with Bill's choice that 'East Coast' will be a real big song. If you gotta keep moving in the Summertime, this is definitely the thing to keep pushing you right along...Also pushing right along is Billy Squier, who is getting more and more calls. It could turn out to be a pretty good size Top 40 record for 'The Stroke'...Moody Blues. We're getting great 25+ calls and a strong #4 sales this week...The new Blackfoot album 'Marauder' is real, real good. I'm impressed with the work they seem to have put into it. If it's a Summertime song you're looking for--just right for the core--it's gotta be 'Rattlesnake Rock 'n' Roller'. 'Searchin', 'Good Morning', and 'Diary Of A Working Man' also strike me as good songs...Impressed with the Foreigner single. Strong keyboards, great guitar, and clean production make it look strong. Bring on the Lp."

WCCC-AM/FM, HARTFORD, CT P.D. & M.D.-'COUNTRY' PAUL PAYTON: "Honest, this week we'll try to be brief... Blue Oyster Cult is deep, deep, deep. Not only do 'Joan Crawford' (love the book promo idea; more later), and 'Burnin' show great promise, but 'Psychic Wars' is a solid sound and a great segue to Led Zep's 'Cashmir'...Regarding books, we just concluded CCC Book Weekend where we gave away four different rock books at the rate of one per hour all weekend. It was a great success and, to our knowledge, an original idea...If you haven't, check out Murray McLauchlan. Shades of Arlo Guthrie show on this Canadian legend's first two tracks. Note: This is a Bob Ezrin Production, not just a laid back folkie. Item: Rock and roll for people with brains...Mick Fleetwood 12" is a great turn on, especially side one...To Larry Groves; Tonio K. is fun. Especially side one. We look forward to the Lp. P.S. What label is this on?... Love the Go-Go's 45. One of the best meldings of 80's sophistication and 60's pop. Yes, Virginia, IRS can release REAL records...Hello to Firefly at WTOS in Skowhepan...Peter Cole's 'Rate A Record' showed Taxi 'Walking Wounded' with a 6.5. Good enough for a trial adds. Collin Payne gets an A+ for perseverance as well...Quick comments on the majors. Joe Perry is hot and five cuts deep. This could do it for him...Janis Ians' 'Under The Covers', aside from having strong top 40 potential, is a great morning and midday upper demo grabber...David Johansen is grabbing legit phones...Solid resurgence in phones and sales for Johnny Van Zant...The A's could come home. Daytime phones are just beginning... Danny Joe Brown and Blackfoot both continue strong...The surprise lead cut on Frampton is 'You Kill Me'... Albums that won't die: Rush, AC/DC, Santana...Squeeze 'Tempted' getting good phones and showing sales... Ghost Riders phones are beginning...Records sadly in trouble: Split Enz and Bram T...Deisel is picking up curiosity interest and this could go all the way...last, but not least, a vote of confidence for Randy Vanwarmer's 'Suzi'; and Sinceros' 'Disappearing' - which I know will."

KQRS, MINNEAPOLIS, MI M.D.-DOUG PODELL: "Took Jim Steinman's 'Love And Death' edited to 'Rock and Roll Dreams' and are now getting great phones...Also getting good response on the Danny Joe Brown...Added Squeeze and, as predicted by everyone who is already playing it, we got immediate, excellent response... BOC's getting good response...I like the Foreigner single a lot. Glad to see 'em back on the right track with a good hit...Also officially added the new Joe Perry. I must now confess that it is true, I did cart up and add the cassette a week and a half ago, and reaction has been excellent. I could call this a true breath of fresh rock and roll air. This Lp has got it all, and if you don't believe me call Steve Kostan in Detroit for the hard sell...Our Low Dough Concert series continues to be a big success with sell outs for: Gary U.S. Bonds and Billy Squier. Shows set for the future: Squeeze, Silver Condor, and the Psychedelic Furs...Considering: the A's (good hooks), and Icehouse."

KTIM, SAN RAFAEL, CA M.D.-BELLE: "This week, KTIM Live from Hun Sound presents the 1981 Marin County Blues Review. Mr. 88's Mark Naftlin (legendary San Francisco blues pianist) and his entourage which will include blues greats: Lowell Fulson; Percy Mayfield; Dr. Wild Willie Moore; and, Mr. Mississippi, Johnny Waters. We're very proud to be affiliated with the presentation. It just doesn't happen as often as it should anymore. When was the last time you heard some great blues on the FM (not directed to Indicators)? Now try to tell me that the blues just are not happening anymore. Sure, neither is reality in general; it all perished years ago with the advent of tight radio...The new Muddy Waters is a testimony to easy blues placement on FM radio...Onto blues of another sort: Universal blues from Tonio K., the savage warrior of the upper-demos. Who else could comprehend his twisted and inciteful lyrics? 'I Handle Snakes' is great after 50 or so listens. I still chuckle every time I hear it, not to mention slithering every which way to the beat...From off color to black and white, the Pointer Sisters bring us another buoyant awe-inspiring achievement...Finally, the latest KTIM 'Heard It Here' button featured Arista's David Grusin. Next, Marty Balin."

KAZY, DENVER, CO M.D.-GREG GILLISPIE: "What's this? KAZY added Icehouse this week. After what Gillispie had to say last week? Oh, my God!! Here's the scoop. A friend works at a station in Australia, and last Friday I got an air check. Right in the middle of this, I heard a song that really turned me on called 'We Can Get Together'. On his backsell he said it was a band called Flowers. Now the song sounded somewhat familiar and after listening again, I pinned it down as Icehouse. All it took was hearing it in the context of a radio show and that was enough for me. So you see, if it's really good, it will get on, regardless of too much hype. Looks like this could turn out to be the Summer of Rattlesnake Shaking and rock and rollin'. We'll do 'Shakin' with Mick Fleetwood, and boy it's great to hear Peter Green and Mick back together again. I think this record will bring back some memories for the upper demos and turn the kids on to some good rock and roll. As for the rockin' and rollin', Blackfoot's gonna take care of that. I think it's great that they've integrated keyboards and sax into some of the songs, and I think I can safely say that 'Searchin' will be the one to take the place of the 'Highway Song'. These guys have definitely come up with a winner...I'm not so sure about the new Foreigner single. Jr. Walker definitely saves the day, and I hope that it'll grow on me with more listens...I saw Tom Petty live at Red Rocks on Sunday. Musically, the show was good. But as far as the overall stage presence, I think Tom should let the Heartbreakers get out front a little more. One thing I noticed and particularly liked was more piano work. They used it as fills and it came off quite well.. Of the new things, they played: 'Woman In Love' & 'Thing About You' got the best reaction...I like the newsingles from Franke And The Knockouts and Rick Springfield. I think both should do well...Finally, I know several people have talked about regionalism in the past and I think I should bring it up again. Here in Denver and the surrounding areas, the album radio stations are having tremendous success with Cold Chisel. Yet our two Top 40's, KIMN and Q103, refuse to even look at this record because it's not happening on a nationwide basis. Now if a record has sold over a thousand copies in the last month out of this market and we're receiving good phone action, it's ludicrous that these stations refuse to give this record a break."

WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE: "'Urban Cowboy' pops up on HBO one week and the next week every station in the market is turning country. WOLF, long an AM factor, is switching to country in a couple of weeks, while the rumors are flying that one of the beautiful music stations will also be turning country. Pretty interesting being that we already have an AM/FM country station in the market. That leaves us and WSYR as the only contemporaries in town. I can live with that...Moving On...It took me a few listens, but I really do like the Icehouse album. The cut I'm most enthusiastic about is 'Sister'. I'm not sure of its eventual sales potential in this town, but it certainly adds texture to the air sound...The A's and 'Woman's Got The Power' is something I did not like initially as I thought it was over-produced. However, after testing it for some females (in, of course, a very scientific atmosphere), they liked the lush harmonies and the lyrics...After listening to Blue Oyster Cult, I feel even more strongly that album rock should be pumping 'Joan Crawford'. It's a reaction record...Joe Perry Project's album fills a void. Not many bands today, even heavy metal ones, are doing real rock and roll guitar records. The title tune and 'Dirty' on Side 2 are the standouts...I hope the Foreigner album is more exciting than their single...Squeeze's 'Tempted' could become a mass hit. However, as others have said, I don't feel this really represents the band...I've been noticing less than fantastic retail response from some of the people who have been playing the Tubes for a number of weeks. However, because of Top 40 airplay, we're finally going on it. I mean, why be an 'asshole'?...David Johansen, if nothing else, will certainly help us image wise. We're on: 'Here Comes The Night'...Speaking of images, Kevin Sutter changes this week into a married man image. Congratulations to Jim and Glynnis...Records That Are In Trouble: Peter Frampton (waited too long on the single); Tom Petty (where are the sales?); and, Silver Condor (where is the airplay?)...Records That Have Made A Resurgence: Ozzy Osbourne refuses to die. 'Mr. Crowley' is an important tune to be playing; and, Rick Springfield (album sales have finally in--now #11 in the market)...This week I've decided to put my money where my mouth is. The Union album goes into HEAVY AIRPLAY based on nothing more than my gut feeling saying that 'Mainstreet U.S.A.' is a major Summer hit record. We'll see if I'm right...Personal To Joe Bonadonna: All right, we're playing the A's. Now I want you guys to check out a band from Central NY called The Rods. C'mon, Joe. It's the least you can do for someone who used to listen to you as a kid when you were on WLIR."

WGRO, BUFFALO, NY M.D.-PAUL HEINE: "Combine a classic Foreigner riff, a little 80's funk, a honking Jr. Walker sax solo and state of the art production and you have one of Foreigner's hottest tracks to date. We're putting it into maximum rotation immediately. Instant phones...Let's just say the new Blue Oyster Cult album will regain the commitment and confidence of radio and retail in the same way the Stones did with 'Some Girls'. They had a minor slump and are back stronger and hotter than ever... I really like the Icehouse album. It's a finely tuned progressive sound for the 80's. We could use more debut albums as impressive as this one...Considering for next week: Joe Perry Project and Union... The Moody Blues skyrockets to #1 retail with very strong phones...Phil Collins rebounds to #3 retail on the strength of the second single...Rick Springfield is exploding in sales--#6 this week with hot phones...The George Harrison 45 is Top 10, but the Lp isn't sticking yet...Tom Petty slipping in sales... Steady Top 20 Sales On: Greg Kihn; Loverboy; Santana; and, 'Secret Policeman's Ball'...Hot Phones On: Foreigner, Moody Blues, Volunteer Jam, Rick Springfield, Billy Squier, Joe Walsh, and of course, AC/DC."

KROQ, LOS ANGELES, CA M.D.-LARRY GROVES: "We're using the old Beau Brummel song 'Just A Little' on the Holly Stanton Lp. She does a more rock and roll version than they did, so there you go...I've increased play just a little bit on the Spider--and it's just totally gut feeling. I like it...Squeeze is doing well for us--fair phones--nothing great yet...I think the Foreigner single is a killer. It's hard to describe--it's almost New Wave...Magazine also looks real good. 'About The Weather' is our key cut... Considering moving the Icehouse into heavy rotation...Other Records Doing Well: Leyden Zar (can't understand why more people haven't picked up on this)...Getting some calls on: G.E. Smith...Considering: Oingo Boingo (definitely an add next week)."

WGVL, GAINESVILLE, FL M.D.-GARY SHERMAN: "The Blue Oyster Cult album is incredible. 'Burnin For you' is burning up the phones already...Another urgent matter this week is the new Foreigner single...The Volunteer Jam album is the Southern rocker's dream. We're already four cuts deep...Other Adds Include: the second single from Franke & The Knockouts (every bit as good as the first); the Joe Perry Project; and, the Savoy Brown album...Moving To Heavy: Jim Messina, Gary Wright, and Blackfoot single...Moving To Medium: Squeeze, A's, and Arto Guthrie...Our Jazz Leaders: Sadao Watanabe."

RADIO ACTION CONTINUED

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "Still have to rave about the new Messina. Continuous phones, not only from 25 year-old women but lots of guys are into the album too. After two weeks retail action, Messina places just below the Top 10. Now with continuous Top 40 support, I expect great things for Jim Messina...New action on: Movies and Icehouse...The #1 sales goes to: Kim Carnes. And I couldn't be happier. Having been a fan for a few years, her current success is great...Also selling well but not quite Top 10: George Harrison, Marty Balin, Johnny Van Zant, Greg Kihn, David Lindley, and Danny Joe Brown...I saw James Taylor Saturday night and really enjoyed the show. I geared myself up for a disappointment, but was really surprised...I really like the new Blue Oyster Cult. On this week is 'Burnin For You'...The new Foreigner is really hot. A perfect Summertime rock, so how can you resist?... Even though D.C. and Baltimore are so close, what happens on the radio there seldom effects what happens on the radio here, but Iron Maiden is an exception. We've gotten lots of requests for an album we weren't even playing. Consider it on this week with 'Wrathchild'...To Al: What Chinese dinner?...To Steven Leeds: Goon, Goon, Goon. You're right, we're boring...To Eva: Welcome aboard...P.S. If you're in town Thursday, July 9th, stop by our staff picnic out back--and if you're real nice maybe I'll even let you do an hour on the air. Please R.S.V.P."

WIOT, TOLEDO, OH M.D.-BUCK MCWILLIAMS: "Somebody please tell me who this new group Balance is that put out such a fine sampler. We added 'American Dream' immediately but would like to tell our listeners something about them. Any help Epic?...Speaking of help, Silver Condor needs some real soon...The change in guitarist seems to have helped Foghat. We'll go with 'Love Zone' and 'Weekend Driver' for starters... Foreigner is a disappointment and Joe Perry strikes me as noise...Blue Oyster Cult gets better with every spin. I think 'Burnin For You' will be their biggest hit in years. 'Joan Crawford' is already getting hot phones...Point Blank just refuses to die, so we'll re-add 'Nicole' based on the support it's getting in this area...Our lady of the evening, Joan Major, says the females would really go for the A's, so we're gonna find out if she's right...Finally, thanks to: Tony Smith and Jay Hard from Capitol for the fine Iron Maiden show last week. Rivetheads just love that record. Why is it that rivetheads are always near the phones when asking for requests?...Good meeting Jim Pemberton and Frank Smith from WILS in Lansing."

KGON, PORTLAND, OR M.D.-GLORIA JOHNSON: "Top Requests: Billy Squier, 'The Stroke' #1; #2 Rush (they were just in town this weekend); #3 Phil Collins; #4 Ozzy Osbourne; and, #5 Foreigner...Sales: Kim Carnes, Moody Blues, REO Speedwagon, Tom Petty, and Loverboy...Billy Squier took a 10 point jump to #15 so we added 'Whadda You Want From Me'. Looking forward to his opening for the Pat Benatar concert next month...Strong retail buzz on the Icehouse album. Kudos to: Ed Richter and the folks at Pacific Records in Seattle, and to Joe Maita at Lieberman for working hard to create such excitement in advance of the release. This kind of thing should happen more often. I would venture a guess that the entire industry would be a whole lot healthier. Of course, the bottom line is that it's got to be in the grooves to begin with, and this certainly is the case with Icehouse. The title track sounds great on the air... The Foreigner single is lighting up the phones. Looks like sax solos are coming back in a big way. Who better to lend his chops on 'Urgent' than the all-state sax man himself, Jr. Walker. If the rest of Foreigner is as good as the single, this could be their biggest Lp yet."

WABX, DETROIT, MI P.D.-CAREY CURELOP: "Steve Koston is on vacation this week, so I'm filling in as M.D. I didn't realize how much he has to do, but I'm trying to cope...Added Blue Oyster Cult this week. 'Burnin For You' is very reminiscent of 'The Reaper'--a potential classic...One note personnel wise, Michael Mayer, our 2AM to 6AM jock who has been at ABX for the last 2½ years, has resigned to take up duties at WRIF. We thank him for the job he's done at ABX and sincerely wish him well in his new position...Steve will be back next week."

WKQQ, LEXINGTON, KY ASST.P.D.-DAVE KRUSENKLAUS: "Got to go along with Mr. Bill on the Columbia double shot this week. 'Burnin' For You' from BOC is definitely the strongest single song they've done since 'Don't Fear The Reaper'; already generating phones...And I'm really surprised with the Joe Perry Project. I truly personally like this record, and I didn't think I would. 'East Coast West Coast' is the standout track for me, and don't ignore the song 'Buzz Buzz'. If you're looking for an Aerosmith sound-alike, that's a neat little song...The thing that saves the Foreigner single for me is the Jr. Walker sax work. Very entertaining. Will be a smash hit...The Diesel is an add this week, primarily on the strength of Heavy Lenny's persistence. The fact that I'm bordered by airplay from Louisville and Cincinnati doesn't hurt either. I hear an instant hook on 'Sausalito' that could catch on with one listen. Granted, I wouldn't buy the album and I don't expect it to sell, but it's a summertime song released during the summer. I don't see how it can miss...I promoted the Tubes to heavy rotation based on some promising retail, good phones. Let's face it, it's better than the Harrison record. As I mentioned the first week the record came out, 'Don't Wanna Wait Anymore' is gonna spread this one to the top 40's. I've gotta congratulate Capitol for a triple play :April Wine, Billy Squier, and now the Tubes crossing over to big things. Also thanks to Jay Hart for the extra give-aways on this Tubes record, and Tony Smith, call me...On Bram T. let me mention the tune 'Model Girl'. If you're having trouble getting phones on this record and you're not ready to bail out yet, try that cut...Starting to get some increased phones for Jim Steinman...Danny Joe Brown is looking real good...Having trouble with Johnny Van Zant and Peter Frampton. The perception of Frampton is strong as a result of this record. People know he's back to rocking and rolling again, but I think that maybe this record lacks the one megastrong cut that can motivate people to buy and call."

WZZQ, JACKSON, MI M.D.-STEVE KELLER: "I've been 'Tempted' for a long time and, to say the least, prodded, so I finally stuck the Squeeze in. And we will see what we will see...Also went with Gary Wright. I've been looking at it for a while and it had to grow on me. I think possibly now it may work...The Bill Wray is pretty much a natural in this area of the country, and after Jay Walker personally called me and told me to play the damn thing, I'm intimidated...The A's are doing okay. A bit early, but I've had some interest calls...Staff here is behind Icehouse 100% and, there again, some interest calls have come in...Danny Joe Brown getting no big real reaction yet...On Johnny Van Zant we've switched to 'Standin' In The Falling Rain' and that's starting to get some response for us...Silver Condor is picking up a bit. Nothing to scream about yet...Oh God, do I love the Foreigner single, and I've been yawning since the first one. It's like they cut the dead weight and have found the chords...I've been waiting for ages to play 'Rattlesnake Shake'. Now I've finally got the chance with Mick Fleetwood. Too bad he had to go to Africa to do it...Also, somebody must have put something into Blackfoot's Budweiser - that one's not bad either. I like the 'Rattlesnake' cut on there too... Finally, how about Judas Priest sponsoring a stock car! Now that's what I call identifying and going after your demo. Now, if only Springsteen would put his money where his mouth is."

KMOD, TULSA, OK M.D.-CHARLIE WEST: "The only thing I have to say about Jim Steinman is 'better late than never'...Interesting sounding record from Icehouse. I think it's pretty darn good and should have a lot of longevity...Charlie Daniels' Jam is just as good as the others. There's a good remake of 'Mississippi Queen'...Billy Squier played to a soldout house here Sunday evening along with Scandal Rag. They're a band built upon station personnel. Billy was kind enough to come up for an interview and was a gracious and extremely knowledgeable performer, also one of the nicest people you'd ever want to meet. By the way, everyone in the place was standing after every song."

WMYK/WZAM-AM, ELIZABETH CITY/NORFOLK, VA M.D.-BILL SIMMONS: "I'm really impressed by the new Foreigner single. If this is an indication of the rest of the Lp, it might just outdo 'Double Vision'...Getting good reaction to: Gary Wright. Plenty of positive upper demo comments on 'Really Wanna Know You'...The States is #1 retail for the second week in a row...Tested out 'Loaded' by Wishbone Ash on our nightly 'Test Track' and got 100% positive reaction. This tune can't miss with teens...Positive Sales Reaction On Iron Maiden, Danny Joe Brown...The Billy Squier continues to build retailwise."

WTPA, HARRISBURG, PA P.D./M.D.-DOUG SORENSON: "Adds: Foreigner, Mick Fleetwood, and Gary Wright...Top Five Sales: Van Halen, Billy Squier, Tubes, Jefferson Starship, and Joe Walsh...Top Five Phones: AC/DC, 'Big Balls'; 'Strangers', Jefferson Starship; 'Stroke', Billy Squier; Van Halen, 'Unchained'; and, 'Mississippi Queen', Volunteer Jam...A belated thank you to: Bill for including those additions such as the Album Rock Releases and, also, the Source Report from Denny Somach. Much appreciated. It certainly rounds out the whole Sheet generally. Now you've got everything you need...Nice phones coming up now on Johnny Van Zant on 'Who's Right'...Peter Frampton, although everyone seems to have added it, it seems everyone has somehow forgotten about the Lp. It has taken five weeks for the audience to start asking for it, which is nice to see...Next to the 'Reaper', the Blue Oyster Cult tune 'Burnin'For You' has got to be one of the most hooky records I've heard for the whole Summer. It has all the elements to be a Summer anthem...Foreigner--a very powerful, poppy rock tune. Can't wait for the whole thing...Gary Wright. With six Top 40's in this market, it's gonna be another Steve Winwood record. So, how could I avoid it, George?"

WRKK, BIRMINGHAM, AL P.D.-DAN BRENNAN: "Top album sellers in the market are: Santana, Billy Squier, Moody Blues, Van Halen, Tom Petty, Ozzy Osbourne, and Marty Balin...I believe Icehouse will be a solid album. Good listener comments on this...A few albums that seem to be slowing down elsewhere, but have fairly good sales reports here include: Whitesnake, Marshall Tucker Band, and Bram Tchaikovsky...Foreigner's 'Urgent' sounds like a winner...We added 'Rock And Roll' this week with: 'Arrogance', Joe Perry Project; 'DDT', New England; and, 'Rattlesnake', Mick Fleetwood. (I wonder if anyone would recognize the artist by the sound?)...Also getting calls on: 'Edge Of Sundown'...I would like to see a little less emphasis on crossover pop from album rock artists."

WQFM, MILWAUKEE, WI M.D.-MIKE WOLF: "I've been raving about the new Blue Oyster Cult album for weeks. There's no doubt in my mind that this will be their biggest album yet--both airplay wise and retail wise. In fact, it's already debuted #12 in sales...Joe Perry Project's new album is a good crank-it-out rock and roller. It's obvious they paid a bit more attention to the production and musical quality on this album. The lyrics of 'East Coast, West Coast' could make it a DJ anthem for years to come...I've talked to a few programmers around the country who are not playing the new Foreigner 45 because they think it's 'too disco'. I disagree. Response to the record has been all positive so far, and I think it's the most refreshing piece of music they've done in years...Also added this past week was the debut album by local rockers, Arroyo. Their music has the Bruce Springsteen/Bob Seger feel to it. Any record company looking for new acts should definitely look this one up. If you want to listen for yourself, give the Wolfer a call at 414-276-2040 and I'll make sure you get a copy...Retail record sales this week reflect Milwaukee's love of surreal rock and roll with the Moody Blues #1 and Phil Collins #2...The sales trend on Billy Squier is excellent, going from 12-10-6 in the past three weeks...The Joe Perry Project debuts #18...We're all excited about Summerfest which runs through July 5th at Milwaukee's Lakefront. Outside of the Mardi Gras and the Rose Bowl, it's the nation's biggest Civic sponsored event. For the 9th straight year, QFM will be broadcasting live 24 hours a day throughout the 11 day run. Stop by and say hi!"

WYFE, ROCKFORD, IL M.D.-MAGIC: "After a nice restful vacation, it's nice to be back, although I must admit it's a little bit difficult trying to catch up. Tasty product found its way into our list in the past week under the able hand and ears of Les Cook that I'd like to comment about, including Frank Zappa, which is typical of Frank, and yet an album and tune that sounds great in just about any daypart... Iron Maiden also went in last week and I'm really getting to like 'Wrathchild', as is anybody else in this town who likes Black Sabbath...Icehouse went in last week. This has got to be one of the best debut albums of the year. Four or five great cuts to my ears, but the best on has just got to be 'Walls'. What a mo - fo !!!!!...The new stuff this week is topped off by the Foreigner single--a tasty little record. I hope the rest of the album sounds this good...The Mick Fleetwood/Peter Green 'Rattlesnake Shake' is on its way in this week. An interesting remake that I think will do well...Savoy Brown's 'This Could Be The Night' sounds good. We'll add that also...The Nugent/Hatchet 'Mississippi Queen' from Volunteer Jam sounds great...I'd like to thank all the folks who came up to Rockford last night for the judging of our Homemade Album. We'll be announcing the winners soon and should have the album in our hands within a month and a half."

WQDR, RALEIGH, NC M.D.-BOB WALTON: "I had a magical experience last night as our local music venue with Jesse Winchester and his guitar. It was nice to see our target audience all in one place having a good time. I think more folks came to hear 'Twigs And Seeds' than 'Say What'. Tough, but they enjoyed the whole show--old and new...Now to records: Diesel is a S-M-A-S-H! To quote the retail people, they cannot keep it in the stores. Only the Moody Blues is outselling Diesel at this point. I'm very curious as to why Regency hasn't released the single...I had the pleasure again to talk to Randy Vanwarmer, and I think it's important to emphasize that the new album 'Beat Of Love' is what he wants to sound like. His so-called 'wimp' image, probably resulting from the previous single, was not his doing at all. Give the man a break...I love the new Yellow Jackets album, It's as if the guys got together in the studio and said, Hey, let's do a record for QDR...The Blackfoot ain't bad either. Believe it or not my friends, we're finding a few classy tracks that even we can use. Of course, we can't deny Southern rock being in the heart of the Bible Belt...I wish there was something we could do with Steeleye Span. I love Maddy Prior's voice, but I don't know if they have any commercial potential (it hurts to say that)... Any record people may want to reconsider calling me for the next two weeks. When you read this, the 'kid' (me) will be winging his way to New Jersey with only one purpose in mind--Bruce Springsteen and the E Street Band."

WTUE, DAYTON, OH M.D.-JIM KINNEY: "Monday, June 15th, we had our Fifth Anniversary Party. Featured artist was Loverboy. It was a total success to say the least. We had it at the Dixie Electric Company, a local rock club that seats 1,000. We sold tickets for only \$2.00 and they sold out in an hour and a half. The show was recorded for the Abrams Superstars Network, and will be available on disc-to-air within a few weeks. The band said before the show they would do only one encore, but they loved the crowd so much they ended up doing five! Mel Phillips, of CBS, said he's seen the band ten times and this was the best show of them all. Thank you Loverboy! Meanwhile, their album continues to sell top 10 here...In the last two weeks we've added Blue Oyster Cult, Johnny Van Zant, Foreigner 45, Gary Wright, Union and Icehouse...BOC goes up and down for me. This one is generally an up album...The Foreigner 45 sounds the best of any of the pre-released 45s they've done...Billy Squier has totally knocked us out. He jumped from 22-7-2 in three weeks. 'The Stroke' has tied in the 'Air Tonight' for #1 phones...The TUE homegrown Lp is #1 in town in sales; Ozzy #6; Moodys #8; Santana #10; Frampton #19; Edmunds #22; Danny Joe #24."

WPYX, ALBANY, NY M.D.-RON NENNI: "The new Blue Oyster Cult is a super album through-and-through. We know 'Joan Crawford' and 'Burnin' For You' are monsters, but 'Vengeance' and 'Psychic Wars' are killers too...The new Foreigner single with the beat, the hook and the sax is their best single yet...Icehouse, Icehouse, Icehouse! Hats off to Chrysalis. The album will be around for a long time. We're starting off with 'We Can Be Together' and future cuts would be 'Icehouse' and 'Sister'...Great phones on Iron Maiden 'Wrathchild'...#1 requests split between 'The Stroke' and Phil Collins 'In The Air Tonight'. That album by the way has tied RFO Speedwagon for #1 album sales...Kim Carnes went from 19-5, Moody Blues at #6, Ozzy at #8, and Petty at #10...Love the live Kihn... We're listening to Savoy Brown and Mick Fleetwood."

WQBK, ALBANY, NY M.D.-LIN BREHMER: "Peter Green with Mick Fleetwood? Can heaven be far behind? 'Rattlesnake Shake' is certainly the song I'll remember from the Summer of '81...I love the live Delbert McClinton on the new Volunteer Jam...The Joe Perry Project sounds hot, especially 'No Substitute For Arrogance'. That's the type of song that could get me out of bed before noon...A couple of jazz oriented records you might want to hear: The Simon & Bard album on Flying Fish has forced us to go five songs deep. Accessible and exciting music. We're also using the title track from Tom Scott's 'Apple Juice'. It's on the funky side and it's irresistible...Terry Coen did a superb job setting up our Warner Brothers video show at a local nightclub. The attendance beat my best expectations and we had some great rock and roll memorabilia to give away. We'd also like to thank 'our hero', Jay Miggins, who provided our listeners with free tickets, limo rides and dinners for the concerts from James Taylor and Santana at the Saratoga Performing Arts Center...Saratoga is hopping tonight with 38 Special and the Starship at the Performing Arts Center and Pat Metheny is playing in a nightclub. Pat Metheny's new album has lodged itself near the top of our airplay list and it'll probably stay there...Our top three records this week: Squeeze, David Johansen, and Tom Petty...**ELLEN MCKINNON:** "What a thrill I got this morning. Two Blottos stopped up (that's nothing like when a sink stops up either) to deliver the new Blotto 45. Just in time for Summer comes 'When The Second Feature Starts' b/w 'The B-Side'. (What else?)...Along with a jet propelled version of 'Summertime Blues' (thanks Julie), the Q is all set for the season...**Otis:** I'll be in Chicago next week and thought I'd go alligator hunting. Okay?"

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "In the news this week, getting fine reaction to Blue Oyster Cult. I don't think it's all that different from their past couple, just more excellent music from the band...When I was on vacation, Joe Carroll worked me on the Balance album and my only comment was: 'Hey, I'm on vacation'. I finally listened to it this week in the office. Everything he said proved to be true. These guys sound like Toto should have the last time through. It's going to be a big Summer-time record. It just sounds so fresh...I totally agree with Susan on the Foreigner 45, and hats off to Junior Walker for being so cool. Now if he can just talk the band into learning 'Shake And Finger-pop'...One more interesting add this week was the Recorder import. Why? Because Peter Gabriel does a marvelous version of 'Ain't That Peculiar'. His audience is massive in this market (last Summer he beat the Stones 'Emotional Rescue' to the #1 sales spot), and anything this guy does turns to gold on our airwaves. Inside the Recorder there's a very revealing interview about Radio One in England. If you can get a copy of this album, do yourself a favor, read the article and interviews with the staff of Radio One. See how many American call letters you could substitute for Radio One...Tubes go to heavy this week. We figured that would happen...Camel also goes to heavy this week. Domestically it's coming out on Passport/Jam. If the Moody Blues are working in your market, there's no reason Camel can't fit into the same groove...**Sales just briefly:** Billy Squier continuing to stay very, very strong. Plus we got another week of steadily climbing sales on Pat Metheny and Lyle Mays...Final note here to Chrysalis: Please don't hassle Dennis Osowski about the Icehouse. It just boils down to the fact that Tony and I aren't all that knocked out by it."

KNAC, LONG BEACH, CA M.D.-JIMMY CHRISTOPHER: "Okay modern rockers, things we added we like are the Undertones. It's not as hard or as intense as their first couple of albums, but I think they'll pick up some new fans...We hope to have just as much success with the new Echo & The Bunnymen album as we did with the first...Classix Nouveaux is an interesting new romanticist group...**Things we're hot on:** The English Beat, Magazine, Psychedelic Furs (looking forward to seein' them), Stiff Little Fingers, and Holly & The Italians...Had a chance to see Missing Persons at the Whiskey last week and they were very impressive...The Icehouse debut is taking off...A band from San Francisco called Baby Buddha does 'Your Cheating Heart' and 'Stand By Your Man' very nicely...We interviewed the Brat, Tazmanian Devils, D-Day, and Psychedelic Furs...We're presenting Code Blue and the Textones at the Barn in Alpine Village this Thursday night."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "Blue Oyster Cult has their best sounding record in a few years. We played 'Burnin' For You' and followed it up immediately with 'Reaper'. The similarity was a lot more than I had imagined. We also were getting a few calls for the new record before we got it on the air. Sounds like a sure shot...The Volunteer Jam. We'll go with Ted Nugent and Molly Hatchet's 'Mississippi Queen'. Both of those acts have always had strong phones and Ted Nugent is in town next week so it just adds more excitement to the show...I expected a little different sound on the Foreigner single, after all the talk of a four man band it seems right on track with what they have been doing...Still have strong belief in Billy Squier, and it's getting top 25 sales and #3 phones so 'The Stroke' goes into power rotation...Tom Petty's single seems to have peaked and is now recurrent...Jefferson Starship is steadily sliding and has probably done what it's going to do, but we'll keep 'Stranger' on a little while longer...Looking at New England for next week."

WNOR, NORFOLK, VA P.D.-RON REGER: "We are still in the process of putting things together under our new ownership. This may sound familiar to you, but I spent most of my career under management that plans for today, sometimes tomorrow, maybe. We have the luxury now of thinking about and making plans for months in advance, and have clear goals for one and two years down the road. It's nice to feel we're really getting things together."

KZEW, DALLAS, TX M.D.-JANEL DOLAN: "I saw the Dregs in concert recently, and came away loving them even more than I did when I went in. A powerful show and the standing-room-only audience was ecstatic...The Zoo featured Billy Squier in a show at the Agora to a packed house. He has refined his stage presence to perfection and the crowd insisted on more...But the biggest thrill since the two-gram vile was the Moody Blues concert. I haven't been moved like that in quite some time. 'Knights In White Satin' brought a unanimous, long-standing ovation from the packed house. Later at the reception, I found Justin Hayward to be one of the most 'aware', polite, and genuinely kind people I've met in many moons. Thank you Polygram and the Moodies for the experience...As for what's happening in Dallas, Loverboy remains #1 in sales, with REO and AC/DC and Rush trailing close behind...As far as new music, we're looking at the Movies, Joe Perry, and a cute single by the Go-Go's...Loved the new Icehouse record...Getting a lot of calls on Diesel, mostly saying is that the new Steve Miller album?...I'm looking forward to the Texas Jam in Houston on July 18th at the Astrodome. I'll be there with bells on...The night before Pat Travers, BOC, and Johnny Van Zant tear it up here in Big 'D'. I'll be glad to see Pat come back and wow the crowds like he did last time."

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: Added this week: Undertones, Loverboy (re-add), Joe Perry Project, Foreigner single, and readded Teardrop Explodes...Split Enz is getting a lot of play; as is Human Sexual Response, Orchestral Manoeuvres 'In The Dark', and Holly Stanton."

WBRU, PROVIDENCE, RI M.D.-JACK SCHWARTZMAN: "Foreigner's new single is a hot item. Jr. Walker adds a spark which should take this disc far...Solid efforts from Blackfoot and New England. I hope the albums keep pace with the singles...The unlikely yet exciting duo of Rex Smith and Rachel Sweet may take 'Everlasting Love' up the charts again...Lowerboy put on a hot show at Center Stage last week, demonstrating their ability to take it out of the studio and let it rip...Thanks to: Tom Lanzilotti for a great joint promotion."

WSYR, SYRACUSE, NY M.D.-TOM NAST: "Some great product happening this week. The Foreigner record is a killer. I love the Jr. Walker sax work on it. Our phones are ringing-off-the-wall for requests...The Joe Perry Project is real hot around here. It'll definitely be a big seller in town. 'I've Got The Rock And Rolls' will go great here since we've got the Rockin' Rolls (car)...Blue Oyster Cult is sounding great, as ever. 'Burnin' For You' is the consensus favorite so far, but 'Joan Crawford' isn't far behind. Great phone response...The Mick Fleetwood is real good. 'Rattlesnake Shake' is right up our alley. Good sales should develop on this one...One record I've been in love with for the past few weeks but haven't had room for is the A's. Now I've got room and I'm balls-to-the-wall behind these guys. This rock and roll soul band is phenomenal. 'Woman's Got The Power' will be a smash hit, not only for album radio but Top 40 as well...The Rods are finally coming. I've been behind these guys for ages now. I said it before and I'll say it again: if you want good phones and sales in your market, play the Rods. I just got off the phone from Mike Bone, and I hope he gets terminal crabs...It was great to see all the radio folks in Rochester at the Joe Walsh show. Joe and his band are phenomenal. George Hawras from 97ROCK has a real nice set of dames in his 97Rockerettes...I finally met Tom Hunter, who's a great guy, and my main man partying lunatic, Orest. We were suckin' down the vodka and iced teas like they were going out of style."

WMJQ, ROCHESTER, NY M.D.-OREST: "The Joe Walsh concert was in town Sunday. Probably the best concert so far this year...Nice to see Tommy Nast come into town and toss back a few...Congratulations to: Ted Edwards from our rival, WCMF, going to COZ as Music Director...Increased play on: Blackfoot. Great calls--immediate response. Their first album broke out of this market--people are just nuts about the group up here...Also increased play on: Blue Oyster Cult 'Burnin' For You'...Foreigner is automatic for us. Everybody has been waiting to hear hometown boy, Louie Gramm do something new and he's still got it...Spider is gonna do well here. They did a free show for us last year and are very familiar in this market."

KZEL, EUGENE, OR M.D.-PEYTON MAYS: "The new Blue Oyster Cult is a cult above the rest--sophisticated heavy metal that matters. 'Joan Crawford', 'Burnin', and 'Survivor' are tied for first place, but there are many more pearls in this Oyster bed...A couple of tracks that didn't make it on Savoy Brown's advance Ep: 'Don't Tell Me' and 'This Could Be The Night' are immediate staff favorites. Time sure has been kind to this band. 'Warriors' bristles with unstatic electricity...Foreigner's single has got the goods. An adventuresome experiment that works, plus a lot of sax appeal from Jr. Walker...Joe Perry projections are rabid rock kidney punches--decimating decibels fired from an Aerosmith and Wesson 45. 'East Coast, West Coast', 'Arrogance', and 'Dirty Little Thing' lead the lower demo derby...Mick Fleetwood's got bongo fever. I like 'Rattlesnake', but Side 2 of the Ep kind of sounds like Ricky Ricardo on speed...Tonio K.'s untitled, unlabelled Ep should not be unadded. Some of the best tracks the young man has ever laid down, especially 'School's Out'...Blackfoot's 'Marauder' is what Southern rock is all about. 'Fly Away' has already firmly embedded its claws on our list, and there's plenty more where that came from...Seeing a nice build on: Icehouse, David Johansen, Diesel, Union; also, Holly And The Italians and Jim Messina."

WPLR, NEW HAVEN, CT M.D.-EDDIE WAZOO: "The Foreigner single MOVES!! Like cruising down the highway at 4AM in an old Chevy convertible with the big fins. We're definitely looking forward to the album... Very strong acceptance to the new Blue Oyster Cult. 'Burnin For You' is the track...Joe Perry Project also is an extremely solid album. Heavy calls--likewise heavy airplay...All of a sudden, out of the blue, Billy Squier has come back strong. Getting mucho calls for 'The Stroke', mainly from younger kids... Danny Joe has established himself as a credible solo artist. He has entered the consciousness of the audience, and the album is doing very well."

KSMB, LAFAYETTE, LA P.D.-JAY WALKER: "Blue Oyster Cult's 'Burnin For You' is their best chance for a smash track since 'The Reaper'. A song that should become a Summertime standard...Foreigner has a great change of pace. On first listen, it didn't have the hook of a 'Head Games' or a 'Hot Blooded', but the record is solid and Jr. Walker still blows with the best of them...Reaction has already started on Icehouse. It's easy to see why it broke all the records for Most Added... 'Actually' and 'Call The Uh-Oh Squad' by Robert Ellis Orrall could easily be two of the most played tracks on the radio before too long. They're both songs that make you feel good...Listen to 'Woman's Got The Power' in your car. It'll drive you nuts...Well, the sell through has happened on Billy Squier--shooting up to #6 this week... Point Blank has been a Top 10 album since its release and it's stronger than ever."

WAAF, WORCESTER, MA M.D. ROB-BARNETT: "'Urgent' has been in my head since the first listen. Maybe now we can add some old Isley Brothers tunes...Bay State rock is fast becoming an important part of your playlist, at least it should be. The newest addition is the second album from Joe Perry Project. 'I've Got The Rock 'n' Rolls Again' raises much more than a regional flag. With cuts like 'East Coast, West Coast' and 'Listen To The Rock', the Joe Perry Project rocks right into the major leagues... 'Mississippi Queen' and 'Sweet Home' were automatics here this week...We decided to stop overlooking the Balin Lp. Although the 'rockheads' want their meat and potatoes, we found some success with 'crunch exceptions' on the playlist...Disbelievers--if there are any--must brave the New Jersey Turnpike two times. The Boss returns...I'll be on the air from 1-4PM for awhile. So try to reach me before or after. Thanks!..."

FROM DAVID BERNSTEIN: "Now you can work at the plushly appointed Cocaine Realty Building. We need a morning person. T&R and shoe sizes to: David Bernstein, WAAF, Cocaine Realty Building, Worcester, MA 01608. Beautiful music freaks need not apply."

KATT, OKLAHOMA CITY, OK M.D.-CLARK RYAN: "Thank goodness Foreigner finally decided to broaden their musical horizons. I think the new single will be big, and I love the sax break. Let's hope the album shows as much creativity...Just for the Foghat album and from a couple of listens, I already like it better than 'Tight Shoes'. I think 'Lonesome Days' is on the comeback trail...Billy Squier's beginning to get his own identity across to the listeners, as phones have been strong this week, especially for 'In The Dark'."

KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON: "BILLY SQUIER! This man is going to be a star! Last Wednesday, KLOL presented him in a show at the Agora. I've never been so impressed with an Agora act. He started with 'In The Dark' and immediately had people on their feet. He sang a few other songs and when he got to 'My Kinda Lover', every woman in the place was up front. The show continued like that for more than an hour. He's dynamic, charismatic, and to top it off, a genuinely nice person. If you can catch Billy Squier's show in a small club, do it because he won't be playing there for long...This coming Saturday afternoon we're doing a 'Nicole' promotion with Point Blank. It should be great fun. Rusty Burns will be there and our own morning team, Tom and Charlie. We'll also have lots of Lone Star beer for the fans...Next Wednesday night is the first official listening party for the Talent Texas album at the Agora from 7-9PM. The album is excellent, and we're all very excited about it. If anyone's planning to be in town on July 1st, please let me know so you can come by and hear it...What do Susan Costello, Michele Robinson, and October 10th have in common?"

WFBQ, INDIANAPOLIS, IN YVONNE: "WFBQ is looking for qualified air talent with knowledge of top 40 album rock. We need people with lots of motivation, capable of taking direction, who can work as part of a winning team. Minorities encouraged. Send T&R to Joe Krause, WFBQ, 6161 Falls Creek Road, Indianapolis, IN 46220. EOE. No calls...During the weekend it was sheer madness. Q95 was broadcasting live from the Midsummer Fest downtown. Thousands, thousands, and thousands of people were there for this benefit to raise money for Cathedral Arts. There were eight or nine bands playing. It was a big, cultural street party...Car-Craft Nationals also happened last weekend, with Q95 playing a big part of the entire weekend with fast cars, fast hard music, lots of promotions...As far as music goes, we're still getting more phones for AC/DC than any other. It's incredible!...Danny Joe Brown is in demand... Finally, the Hoosiers are getting exposure to new music and this should prove to be very innovative in the market."

WMAD, MADISON, WI P.D.-SEAN SCOTT: "Old habits die Bill Hard . I'm no longer at WTUE--although I was there for 4½ years. But now you could say I'm MAD about the whole thing."

KLBJ, AUSTIN, TX M.D.-JOHN LOGAN: "Icehouse has both listeners and jocks riveted. That spacious sound has them hooked and the phones are ringing. The title track is definitely the attention-getter... Foreigner's blue soul sax sounds got Jr. Walker--and dad jiving. It'll be interesting to see how this new one does, if the new blood will help the predictability problem and whether they've been out of circulation long enough or too long. If the single is an indication reaction wise, it's gonna be a killer...Blackfoot's 'Fly Away' grows more with each spin...Mick Fleetwood's got the grooves wiggling, and 'Rattlesnake Shake' gives good skin. African rock and roll from an Englishman. No wonder they got Long Island so cheap...Blue Oyster Cult has given us a pearl in 'Burnin For You'. A fine piece of work. How about Nanette Fabray or Esther Williams or Davey Duck?...To Jerry Jaffe: You're right, Teresa Brewer did do 'Ricochet Romance'. But in Indiana when that came out, you were thankful for what you could get even 'Put Another Nickel In'...New England goes in this week. It's a surprisingly varied sound. Its versatility should keep them in the picture for a good while to come. Excellent rock and roll...On July the 11th, KLBJ will present Joe Ely's South Texas Tornado Jam with: Al Cooper, Thunderbirds, Stevie Ray Vaughn (who is the Thunderbirds' Jimmy Vaughn's brother and the best guitar player I've ever seen), and more to come. It'll be a benefit for the flood victims here. Recipients will be chosen by a panel of city luminaries. It should be an incredible event, and we have Joe Ely to thank as it was his idea originally, and Chet Hansen of Free Flow Productions whose work is indispensable. More on this next week...Thanks to: Jim Messina for the class package."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Reaction has been very positive to the new Foreigner single, and listeners are anxious to hear more. I for one am quite pleased that it's not the standard wall of sound production that was the mainstay of previous Foreigner albums...Joe Perry Project got added this week, although more due to listener demand than anything else. There's no doubt that Joe can play the guitar, but the band sorely needs a songwriter. For a better version of 'Buzz Buzz' look into bass player David Hull's former band Dirty Angels...Biggest moves this week for: A's and Danny Joe Brown. 'Woman's Got The Power' has tested out real well...While we do get calls from those few diehard Black Sabbath worshippers who say the song is too R&B and they don't like it, we get many more positive responses from just about anybody with an open mind. Danny Joe Brown is doing phenomenally well. Both sales and phones. 'Edge Of Sundown' might just as well be called 'Freebird II' as far as our audience is concerned...Gary Wright is also getting a lot of positive phone calls. 'Heartbeat' seems to be the main cut and the one we get most requests for...Fans of former WHCN Music Director, Ed O'Connell will be happy to hear that Ed made it through his first year of law school and is now back here at the ROCK as our temporary production director and part-time air personality. Ed sends hellos to all his old buddies in the business."

WMAD, MADISON, WI M.D.-RON PHILLIPS: "My only comment this week is to thank Bill for the new breakdown in Chain Reaction. Listing building, maintaining, and trouble records is helpful. It makes the Sheet a flow of good, honest communication, and we all need all of that we can get."

KDKB, PHOENIX, AZ M.D.-J. DAVID HOLMES: "We're still looking for artists to do anniversary ID's for us. Call me or Jeff Sattler at 602-833-4363. The celebration is sometime early August, so get them in now."

WLIR, LONG ISLAND, M.D.-RAY WHITE: "Been thinking a bit lately about the next big musical thing. It doesn't really matter to me what style it is, as long as it bowls me over in a different and special way. There just has to be some magic there. While leaving the movies the other night after seeing 'Raiders Of The Lost Ark', the whole thing finally fell into place Care, thought, intelligence, love, a truckload of energy and a whole lot of soul went into that flick and the entire theater was locked in. The audience went on a two hour trip designed by craftsmen totally into it on every level-and maybe more importantly the job was done right. I think it would be an absolute piss to have some sort of musical equivalent to Raiders happen at somepoint in the future...On to busines: thanks to Mavis Brodey and Howard Bernstein of EMI for a great get -together. Lester at Island Records is OK in my book...Debella's screamer-of-the-week was a real natural force. It's 'Disappearing' by the Sinceros, which has got some real potential. I'd love to see people who missed the first record by these guys pick up on this one...The BOC LP debuted #1 And like so many people have said over the last week or so, 'Fires' is their finest since the days of the 'Reaper'...Classix Nouveau has gotten great jock response. Debuting with good strong moderate play. It promises to have a good run with 'Guilty' leading the way...Hey how about that Joe Perry record. 'South Street Station' cooks like there is no tomorrow...So far my favorite reggae LP for the Summer of '81 is the new one from UB/40 at this point. It is available as an import, and it shows you don't necessarily have to come from Jamaica to have the chops...After a quick listen I'm pleasantly surprised with the new Foghat record. More next week...Our visitors this week were Brian Setzer of the Stray Cats, whose band deserves to be heard more on American radio. And Richard Butler of The Psychedelic Furs, whose music is all over our airwaves...Special thanks to the Dregs for one very hot radio concert. Youguys are too much."

WILS-FM, LANSING, MI M.D.-JIM PEMBERTON: "Adds: A's, Volunteer Jam, Icehouse, Joe Perry Project, New England, Singles from: Foreigner, Balance, Mick Fleetwood...Foreigner strikes me the same way as 'Dirty White Boy' before that album came out. I think this one will do the same thing as White Boy did-not a personal favorite but I think it will become a hit...'American Dream' is the Balance track we're going with. I heard a pre-released cassette and was immediately knocked out by that tune...'Walls' is our pick from Icehouse, but there are really quite a number of good tunes. One of the few albums I play all-the-wry-through at home...'East Coast West Coast' on the Joe Perry LP sounds great. We have a show coming town, warming up Alice Cooper, and I'm really looking forward to seeing Joe do his stuff...'DDT' from New England is different for them. Sounds like Rundgren's production. At first I was a bit leary about putting 'DDT' on the air because it didn't hit me right off. But when I was in Detroit last weekend I heard it on the air-and it sounded so good I came back and put it in immediately...Top 5 sales: REO, Billy Squier, 38 Special, April Wine, Steve Winwood...This weeks prime movers: Santana, Moody Blues, Peter Frampton, Marty Balin, Johnny Van Zant, Thanks and hats off the Tony Smith, and Jay Hart of Capitol for a fine show by Iron Maiden in Detroit last Friday night Watch out for Eddie-he's gonna get 'cha...We're a week late on Icehouse because we ran into a problem with room-we're on it now...Congrats to: Michael Mayer of WABX, Detroit for his being named the new MD at WRIF. Lots of luck to ya...Considering: Savoy Brown, Spider, Gary O!...Drops: Mother's Finest, D.B. Cooper, Gino Vannelli, Joe Vitale."

WVCK, FLINT, MI M.D.-MARK MILLER: "I love the new Foreigner single. If the album sounds half as good, they've got another winner for sure. Jr. Walker's sax sounds incredible. I only wish he was going on tour with them...Mick Fleetwood's new solo project ain't bad either. The remake of 'Rattlesnake Shake' with Peter Green should give the song the exposure it deserved the first time around...Iron Maiden looks like an instant phone getter. We tested it a few times with 100% positives. Although, admittedly, all of the respondents were typical young males...On the other hand, when we tested Blue Oyster Cult's new one, favorable response came from all the demos. The Cult do heavy metal with taste - a real rarity these days...Charlie Daniels checks in with his usual winner in the Volunteer Jam series. Ted Nugent just played here and Molly Hatchet has always been a favorite, so the combination of the two on Charlie's record add up to great phones and fast sales....Since I missed last week's report (Ted Nugent ate it before I could call it in), let me mention a couple more records. First of all, Icehouse. Since Phil Collins is starting to burn, this is a great replacement. The title track is so eerie but yet sounds so good, it can't help but literally hypnotize the listeners...Jim Messina rounds things out. I'm not real sure what potential this one's got, but since Kenny Loggins is enjoying success, I guess the other half deserves a shot also...The Moody Blues check into the #1 spot with Billy Squier a very close second...Good Sales Jumps For: Tom Petty, Peter Frampton, Gary Wright, Jefferson Starship, Marty Balin; and the two best jumps of the bunch: Diesel and Point Blank. Apparently, Regency has got some stock in the area and listeners are snapping up the Diesel album. It goes from 43-26 and continues as our hottest phone record...Right behind is Point Blank. On the strength of 'Nicole' the album went from 39-13, and continues Top 5 phones. A real phenomenon."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Well it's all history now. WDHA's 20th Anniversary Picnic extravaganza was quite an event last weekend. Over 5,000 people stopped in to picnic and party, and enjoyed the great music of The Electrics, Quincy, Jonathan Ashe, Ontario, and Sam The Band. We're exhausted but real happy at how well everything went. Many thanks to all the bands who gave their all; and to sound by Paul of Cranford, NJ for getting a diesel generator in on time for enough power to run a stadium event. I'm sure residents miles away heard everything. No thanks for all the heartaches caused by WB Movie Division the week prior when they threatened a law suit at the last minute and refused permission to continue an already announced Superman contest to help promote the film. All this after their Promotion Dept. had ok'd the event and sent us promotional assistance materials. This is no reflection on WB Records, but we would strongly urge any station to think twice before working with the Film Division. This is not the first time we've run into problems with their NY office, but it will definitely be our last. The Superman promotion became a contest for movie/comic book heroes, many with extraordinary powers. The winner wore a Superwoman outfit and announced to the crowd that she would save the world from disco by supporting rock and roll forever. Many thanks to Doug Hall from Billboard for being a contest judge. And thanks also to the many record people who came out including Dave Morrell, Maureen O'Connor, Gayle Compton, and Valerie Goodman....WDHA will be doing a series of club salutes all summer...Mark down on your calendars our next big event, a huge Halloween Party, Saturday, October 31st. Don't say we didn't give you plenty of notice. We're expecting about 2,000 to realize their greatest costume fantasies...This week we're making some of our listeners real happy by awarding 10 pairs of tickets to Springsteen's sold out NJ shows, courtesy of John Landau and CBS....New music this week: the dynamite Foreigner single, Vol. Jam VII, and Gary O'. We love Gary O's 'Pay You Back With Interest' remake. Sounds like a big one for Capitol....Disappointed with the Pablo Cruise 45, hope the Lp holds more for us. We would have talked about the Mick Fleetwood, but we're still waiting for it!...Rotation increases: Blackfoot to hot; BOC and David Johansen to medium...Request: Styx, Moody Blues, AC/DC, Adam & The Ants, and REO....Sales: REO, Van Halen, and Blackfoot."

WWCT, PEORIA, IL M.D.-WENDY RICE: "Adds: Foreigner 45, A's, 20/20, Wishbone Ash, Joe Perry Project, Volunteer Jam VII, and Robert Ellis Orrall....Significant gains in airplay: Icehouse, David Lindley, Blue Oyster Cult, and Randy Vanwarmer....Nothing new as far as sales....Good phone reaction to: Danny Joe Brown, Blue Oyster Cult, and lots of curiosity calls on Tubes....In Hottest Rotation This Week (and for weeks to come): the WWCT Basement Tapes album featuring 9 award winning local bands from our 2nd Annual Basement Tapes contest. This is the first time an area radio station has released an album. As expected, it's being very well received. In other words, we're selling lots."

KZOM, BEAUMONT, TX M.D.-PAUL GAUTIER: "Our whole staff is crazy about the new A's 'Woman's Got The Power'. It's got everyone dancing around the station. We feel it'll be an enormous success...Peter Frampton com-s in at #1 this week with: the Moody Blues, Marty Balin, and Jim Steinman still on the rise...Other excitement down here is over April Wine's 'Summer Tour 1981' which has several cuts sure to be hits...Adds: Icehouse, 'Icehouse', 'Boulevard'; Squeeze, 'Tempted'; April Wine, 'Wanna Rock' and 'Crossfire'."

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "Ozzy Osbourne and Billy Squier have got the phones stroking crazy here at ROCK106. However, the top of the hit list remains contracted out to Phil Collins and Van Halen....Other Heavies Include: AC/DC, Santana, Marshall Tucker Band, Blackfoot, and Joe Walsh....Smoldering on the next plateau below: Danny Joe Brown, Jim Steinman, Moody Blues, Peter Frampton....Losing Ground: Tom Petty, George Harrison, Dave Edmunds, and the Producers....As for new music action: Gary Wright, A's, and Squeeze are working out well with the ladies in upper demographics...Joe Perry Project is melting the turntable. We added: 'East Coast, West Coast'. I also like 'Dirty Little Thing'...Somebody ought to tell Mick Fleetwood he won't find his roots in the jungles of Africa...Robert Ellis Orrall's 'Uh-Oh Squad' will be tested out in the morning as a novelty cut...Finally, Foreigner--automatic hot rotation!...Adds: Foreigner 45, Blue Oyster Cult, Volunteer Jam, Joe Perry Project, and the A's."

KILO, COLORADO SPRINGS, CO P.D.-RICH HAWK: "Reorganization of Foreigner brings the rock world a fresh and welcome change with the release of 'Urgent'. We've got phones right out-of-the-box...Mick Fleetwood's version of Peter Green's 'Rattlesnake Shake' is a definite step forward for Fleetwood and a great attention getter for rock radio...Same goes for 'East Coast, West Coast' from Joe Perry Project. His best since leaving Aerosmith....Other Adds This Week Include: 'Walking Wild'. We expect this to be a big album for New England. It's solid rock--at least three cuts deep...Also, Gary O' gives us a tremendous version of 'Pay You Back With Interest'...We're going to go on Magazine with the track 'About The Weather'; Peter Tosh, 'Wanted Dead Or Alive'; and, Greg Kihn live....Pat Metheny and Lyle Mays make Top 20 retail after only one week; with the Moody Blues still on top...A word about Loverboy. Since the release of this album, we've had tremendous success with the song 'Always On My Mind'. We're getting at least twice the calls on that than 'The Kid Is Hot Tonight'...Finally, the power of Diesel's 'Sausalito Summer Night' continues to build daily. Steve Miller only wishes he could do as well...Next week we're looking at: States and Balance."

WRAS, ATLANTA, GA M.D.-DAN VENABLE: "Our adds: Foreigner single, Go Go's single, Blue Oyster Cult, Joe Perry Project, Iron Maiden. Increased play on the: Donnie Iris ep, Kraftwerk, Icehouse. Drops: Southside Johnny, Les Dudek... Most played songs: 'Dancing With Myself', 'Talk To Ya Later', 'Jealous Guy', 'Tempted', 'Going For Broke'... The proof is in the roof, that is the roof that Icehouse is blowing off. How many cuts can we play? Right now we're sticking with 'Sister' and 'Boulevard'!.. The Foreigner single is one of the best-if not the best songs I've ever heard from them... Joe Perry has improved beyond words. Instead of just trying to prove he's not in Aerosmith anymore, seems to have written from the gut. A few stoned references and even some New York dolls influenced rockers. Hell I ended up going crazy over 'Buzz Buzz'... Considering for next week: Classix Nouveau, Duran Duran, Gary O', and Robert Ellis Orrall.. Finally, had an excellent time this week at the Poe Convention (I bet people didn't think it would turn out to be an AOR party). To all those I met, hello again, however one of the main people I was looking for was TOO HARD to find. He was last seen running toward the pool. Hope to see you in New York."

WAAL, BINGHAMTON, NY M.D.-ROBERTA HABER: "Adds: Volunteer Jam, Blue Oyster Cult, Savoy Brown, Phil Collins is a re-add, Pat Metheny/Lyle Mays, Joe Perry Project, Robert Ellis Orrall, Union, New England, Randy VanWarmer, and Foreigner... Hots: Tom Petty, Joe Walsh, Tubes, Jim Steinman, Kim Carnes, Who, Elton John, Moody Blues, Greg Kihn, Van Halen, Marty Balin, George Harrison, Squeeze, and the Greg Kihn live... We added something for everyone this week. Leading the list for the rock and rollers is Joe Perry. This one smokes from Side 1 to the last power chord on Side 2. It's guaranteed to bring the Aerosmith fans out of the woodwork... I never thought I'd say this, but I really like the Blue Oyster Cult. Besides 'Burnin For You', we added 'Joan Crawford'. This cut is funny as hell... The single from New England is 'DDT'. But if you look, there are much stronger tunes on the Lp. Try 'Don't Ever Let Me Go'... I was hoping the Union album would go away. But it hasn't, so we added 'Mainstreet'. The only cut I can take at all... Robert Ellis Orrall is for our more adventuresome listeners. We went with 'Actually', your basic power pop tune... Pat Metheny and Lyle Mays have given us an intricate and soothing album. It's getting heavy airplay on the jazz show. We put 'Ozark' in regular rotation... On the Randy VanWarmer single I say to hell with image, this is a good song! Besides, I want to play 'Suzi Found A Weapon' into 'Jeannie Needs A Shooter'... Rant And Rave Dept.: Holly And The Italians! Why aren't people playing this? This is great stuff--funny, exciting, and great rock and roll. Don't let the cover scare you... I've decided that the only way to travel is by limo. We took four winners and a Fleetwood up to Rochester last Sunday to see Joe Walsh and David Lindley, courtesy of Asylum Records and Barry Lyons. Great show... Another thank you to: M.J. Caliendo of Columbia for coming down for ZZ Top and Loverboy. Loverboy just about stole the show. Those kids are hot... By the time you read this Kevin Sutter, Epic promotion man extraordinaire, will be a married man. Congratulations to: Kevin and Glynnis."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "Adds: Foreigner, Joe Perry Project, and New England... Hots: Joe Walsh, Billy Squier, Phil Collins, George Harrison, Moody Blues, Santana, Elton John, Jim Steinman, Van Halen, Blackfoot single, Tubes, Johnny Van Zant, Marty Balin, Peter Frampton, Danny Joe Brown, 38 Special, and Gary Wright... Icehouse continues to blaze a seering path through radioland. We're beginning to see some positive listener response already. Mike Abramson, please make sure it's in the stores... The strength of the Gary Wright single pushes it into heavy this week... Nothing needs to be said about Foreigner except thanks to Bill Beamish for the extra-quick service... Nothing much happening to me lately. I'm spending my time enjoying Summer and thinking of intriguing new ways to kill Gypsy Moth caterpillars."

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-NICK VAN CLEVE: "Dead in the water excitement musically. Predictable Foreigner. However, the Jr. Walker sax break is irresistible... Early phones for: Blue Oyster Cult. Primarily 20+... We'll give Jim Messina a shot to see if there are enough Loggins & Messina fans to support it... Absolutely love the Sinceros' 'Disappearing'. However, there seems to be a flood of that particular style of song, i.e. 'One Step Ahead' and 'Tempted'... 95FM presented Franke And The Knockouts and Spider for a low-dough show last week. Although Franke got a late start and the sound system was questionable, the band did a five-star show."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Adds: Foreigner 45 and Blue Oyster Cult... Considering: Joe Perry Project and Blackfoot... Foreigner will prevail! 'Urgent' is a real nice tune. I'm waiting with bated breath for the rest of the album. Jr. Walker adds a real nice touch... Another album we're awaiting is the new Blackfoot. The Ep is getting real good phones already... I like the changes in the sound from Blue Oyster Cult. If ever a band was growing up in the 80's, these guys are... The 'Crazy Train' rolled into town this past weekend and proved to live up to the advance billing as a truly crazy guy. Ozzy's back... The phones are buzzing for Icehouse right out-of-the-box. This band plus Cold Chisel and the Sherbs are proving that Australia is happening now. All I can say is, who's next?... Top Five Sales: Ozzy, Adam & The Ants, Van Halen, Santana, and Billy Squier... Top Five Requests: Ozzy, Phil Collins, Billy Squier, Adam & The Ants, and Santana."

WDEK, DEKALB, IL P.D.-WARD HOLMES: "Adds: Sadao Watanabe, Rhythmic Union, Duran Duran, Blue Oyster Cult (best thing they've done since 'Agents Of Fortune'), Go-Go's single, Wishbone Ash 12", Ventures Ep, Equators, Roulettes, Sinceros, Robert Ellis Orrall, and Will Summer... Hots: Moody Blues, Joe Walsh, Tom Petty, Elton John, Greg Kihn, George Harrison, Marty Balin, David Lindley, Peter Frampton, Gary Wright, Pat Metheny/Lyle Mays, Joe Vitale, Ghost Riders, Who, Santana, and Phil Collins... Considering: Peter Tosh, Max Romeo, Tom Scott, Silver Condor (on Inner City), and Volunteer Jam."

WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "Our most successful records right now are definitely: Billy Squier, Moody Blues, Peter Frampton, and Ozzy Osbourne... Joe Walsh and Tom Petty are starting to peak quickly. We're still trying to figure out if Van Halen is a comedy record or a Zeppelin record... As far as all the Southern rock records that are out right now, the one that's getting the most reaction is Blackfoot--by far... Another one that is really starting to catch on is Greg Kihn. It's definitely one of those records that takes time... We've been using the David Lindley cut 'Your Old Lady'. It works here, especially on the beaches... Jim Steinman is holding steady. Looking to see what 'Stark Raving Love' does around the rest of the country... Too early to tell on Iron Maiden and Silver Condor... Great rock 'n' roll from Joe Perry Project, which has gotten more response than Aerosmith has in the past two years... Diesel is one of those hard work records just like Donnie Iris or Loverboy... Quote Of The Week: From Pete Aphem about the baseball strike: 'This never would have happened if Bowie Kuhn were alive today.'"

WRCN, LONG ISLAND, NY P.D.-BARRY GRANT: "In days gone by, album stations used to play lots of 'turntable hits' -- things that just sounded great on the air. 'Rosewood Bitters' by Michael Stanley is an example of this that happened in Hartford/New Haven. It's increasingly harder in many markets to get a feel for how new music is doing after you add it. Out here, Jefferson Starship had virtually no sales and absolutely no requests. Tom Petty and Joe Walsh are doing poorly too. The only new music that has seen any audience reaction lately is Van Halen, Moody Blues, Iron Maiden, Kim Carnes, Peter Frampton, Greg Kihn, and Danny Joe Brown. We do add quite a bit of good new music. This week saw excellent product; however, almost all will end up going nowhere. I could list many records in the past couple of months that programmers and trades raved about that didn't happen. This is an ongoing thing. We'll continue to take chances and make educated guesses. Maybe you should sharpen up those turntable hit ears... WRCN had a busy weekend. We did a huge Strawberry Festival. The railroad even runs a special train from NYC. Thousands of people showed up... Then we moved over to classy Shelter Island to sponsor a foot race limited to 1,500 entries within an international field... Next, we ran a big sailing regatta with factory teams and listeners competing in races all day Sunday on Peconic Bay... Adds: Blue Oyster Cult, Joe Perry Project, New England, Robert Ellis Orrall, Psychedelic Furs, Sinceros, and Savoy Brown."

WOMF, LOUISVILLE, KY M.D.-RUSS BRADLEY: "Adds for this week: Foreigner 'Urgent' and Blue Oyster Cult...At first listen, Foreigner didn't seem to fit on the station for some reason. Maybe it's the bad taste on my mouth left over from disco's syncopated synthesized percussion. But after a trial, it sounds great-I love it...Blue Oyster Cult goes in out-of-the-box (we were already on the 12") 'Burnin' For You' is burnin' up a storm here...If you haven't seen Stripes (the movie) check it out somewhere near the middle of the flick. A famous Program Director shows up on one of the street scenes (CC Matthews, my PD). Since the film was done in and around Louisville. Don't worry he's not checking out any West Coast gigs...Also considering: Iron Maiden, Moody Blues."

KKSN, PORTLAND, OR M.D.-GREG LEE: "Adds: Foreigner 45, Go-Go's 45; and, albums by Sinceros, Peter Tosh, Volunteer Jam, Icehouse, Equators, and Tonio K....Lots and lots of great new music--including the new Foreigner which I'm sure everyone and their mother will be talking about this week. So I won't belabor the point. Let's talk about the other stuff that you should be playing or your consultant is thinking or 'looking' at...The Sinceros 'Barcelona' and 'Disappearing' are great pop standards that even Nick Lowe would be proud of...The Go-Go's--IRS' 1981 version of a rockin' Ronettes has a powerful punch and is more pop for your playlist. Their first Stiff single 'We Got The Beat' is still a KKSN favorite... Nice to see all the local Top 40 support on Manhattan Transfer. Seeing Top 15 sales everywhere...I heard some of the new Little Feat and Rickie Lee Jones. Boy, are they great! And you thought only Adam & The Ants were into pirates."

WZZO, BETHLEHEM, PA M.D.-CINDA HOLT: "Adds: Foreigner 45, Joe Perry Project, Iron Maiden, and the Mick Fleetwood single...The phones have been non-stop. Leading the pack aside from the usual AC/DC freaks are: Adam & The Ants; Billy Squier, 'The Stroke'; Phil Collins, 'Tonight'; new Moody Blues (with emphasis on 'Veteran Cosmic Rocker'); the Sherbs, 'No Turning Back'; and, the new Blue Oyster Cult Lp which has helped boost ticket sales for this Thursday's show here in town...The sales picture remains steady with some impressive movement upward for: Tubes, Split Enz, Sherbs, and Squeeze...By the way, our second Sky-Diving Party Express was this past Sunday and luckily still no casualties."

WGIR-FM, MANCHESTER, NH P.D.-JOE B.: "Adds: Blue Oyster Cult and Joe Perry Project...Thanks to: Tom Lanzilotti of CBS, Boston for the invite to the Joe Perry listening party. Always fun to hobnob with our Boston peers. Good to see Sal after all these years."

KEZY, ANAHEIM, CA M.D.-LARRY REISMAN: "Adds: Foreigner 45, Volunteer Jam, Mick Fleetwood 45, Joe Perry Project, Blue Oyster Cult, and Iron Maiden...I'm glad to hear that Foreigner has somewhat changed their sound. The horns are a real nice touch. 'Urgent' will probably pull Foreigner up out of the burnout category...Mick Fleetwood starts off the big Mac solo attack in fine fashion. I'm sure that Stevie and Lindsey's solo efforts will do much better chartwise, but Mick's remake of 'Rattlesnake Shake' might just surprise a lot of listeners. Peter Green belts it out...We're adding the 'East Coast, West Coast' from the Joe Perry album. Great hooks...I think the title track from the Icehouse will be another 'In The Air Tonight'. A very hypnotic-type of tune--already getting calls for this one...Lots of promotion happening lately. We just finished giving away tickets to the Plasmatics concert in Pasadena with the grand prize being a guitar personally chainsawed by Wendy O. Wendy came down to the station to draw the winner and for an on-the-air interview. Thanks to: Kenny Ryback for all his help on this promotion... We're also giving away 200 tickets to the Moody Blues concert we're co-promoting in Long Beach...Finally, we've hired Steve Downes, formerly of KWST, to do fill-ins."

WRNW, BRIARCLIFF MANOR, NY P.D.-RON RIZZI: "Well, it finally happened. It's been months. WRNW is moving--it's moving--zzzzzz. Now, it has finally happened. We're shuffling in and it's fantastic. All prior visions of the little house on the hill should be eliminated--it's history. We're now located in a large 3rd floor office (we occupy the entire floor) of a bank building in Pleasantville. The new address is: 444 Bedford Road, Pleasantville, NY 10570. Please be aware of the new mailing address for everything. And a new phone number: 914-747-1071...All who have helped with reserve: Gayle Compton with CBS, Ray Free with Epic, Stonie with A&M, and Dave Morrell at Capitol: Thanks, we won't forget it... This week we christened our new studio with a visit from Walter Egan, and Richard Butler of the Psychedelic Furs. It's a real live radio station, and now there's no excuse not to visit...We added to catch up now that I have a stereo and office: Blackfoot single, Blue Oyster Cult, Icehouse, Volunteer Jam, Robert Ellis Orrall, Pat Metheny/Lyle Mays, Union, Danny Joe Brown, A's, Peter Tosh, Nick Mason, Steeleye Span, New England, Savoy Brown single, Foreigner 45, Sinceros Ep, Go-Go's 45, Joe Perry Project, Mike Oldfield, Mick Fleetwood Ep, Pablo Cruise Ep, and the Pointer Sisters...Now we're back in business. Please call before 3PM and don't forget the new phone number."

KTCL, FORT COLLINS, CO P.D.-TOM WHEELER: "John McEwen of the Dirt Band came up for an interview last week to talk about the first annual Rock Mountain Opry. It'll be at Red Rocks July 18th. It'll feature a wide assortment of bluegrass artists. Should be a real success in this area. It ended up being a pretty wild interview with John talking about everything from the first time he met Leon Russell to the worst song Dirt Band ever recorded. They were quite anxious to eat dinner at the time. If you ever get a chance to interview John, take it--you'll enjoy the experience...Nice music from Danny Joe Brown. 'Edge Of Sundown' is especially strong...Charlie Daniels Band Volunteer Jam VII is one of the strongest ever featuring the cooker 'Standin On Shaky Ground' by Delbert McClinton...Other Adds Include: Greg Kihn Band live, Mick Fleetwood Ep, and Union Lp."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "First of all, I am by no means a man of heavy metal bands. However, the new Blue Oyster Cult album is nothing short of fantastic. It's slickly produced, and I think it is by far the best they've ever done. I expect it to do better than 'Agents Of Fortune'. 'Burnin' For You' is a great track...Joe Perry Project really rocks out on the new one...Don't miss out on the debut from Robert Ellis Orrall. Especially good is 'Actually'...The Savoy Brown has some real rockers on it...I'm personally pleased to see something new from Steeleye Span. We're playing 'Sails Of Silver'...The Foreigner 45 is growing on me. Can't wait for the album with their change in sound... We've also added: the Go-Go's 45 on IRS and the new one from Sad Cafe. Both are good...Hot tracks on WPDH include: 'Fly Away', Blackfoot; 'Tempted', Squeeze; 'Burnin' For You', Blue Oyster Cult; and, 'The Voice', Moody Blues...Good Progress This Week: Marty Balin, Danny Joe Brown, Blue Oyster Cult, and Syl Sylvain (great album)...Otherwise, we're all getting excited around here about our July 4th celebration down the Hudson River. Fireworks, bands playing and all that...Till next time, take care and be good."

KXXY, OKLAHOMA CITY, OK M.D.-CHARLIE PARKER: "Adds: Gary Wright, Blue Oyster Cult, Iron Maiden, Joe Perry Project, and Blackfoot 45...Hots: Tom Petty, Joe Walsh, Rick Springfield, Moody Blues, Santana, Billy Squier, and Foreigner...Mediums: Van Halen; Ozzy Osbourne; Point Blank; Kim Carnes; Jefferson Starship; AC/DC; 'Secret Policeman's Ball'; and, Johnny Van Zant...Five Most Played Lp's: Moody Blues, Ozzy Osbourne, AC/DC, Van Halen, and Santana...Considering: Savoy Brown, Tubes, and Marty Balin."

KFML, DENVER, CO P.D.-IRA GORDON: "Adds: Helen Humes, David Johansen, Balance, Tellulive, Volunteer Jam, Tom Scott, Icehouse, Yoko Ono, and the Go-Go's single...Hots: Moody Blues, Tom Petty, Phil Collins, Santana, Pat Metheny, Adam & The Ants, Dave Edmunds, Split Enz, Joe Walsh, and Jim Messina."

WKWF, KEY WEST, FL P.D.-RIK MAYBEE: "Adds: Volunteer Jam, Blue Oyster Cult, Third World, Equators; and singles from: Mick Fleetwood, Foreigner, Go Go's, and Pacific Orchestra...We've got one jazz add for: Al Di Meola, McLaughlin, and Delucia...The only thing that has really struck me this week: the Equators. The first two cuts on Side 1 are excellent. Roy was right again."

KKRQ, IOWA CITY, IA P.D.-MARK VOS: "This week's Silver Sow award goes to the soon-to-be popular Tonio K. The new record is much tamer than previous ventures, but that more conservative edge may be just enough to get some decent and well-deserved airplay. It's not 'Life In The Food Chain', but then what is? I like the rare Tonio humor in 'I Handle Snakes', but 'School's' must be the lead track for Summer...While Tonio mellows out, Joe Perry is still loud, disgusting, repetitious, and will end up a Top 20 album anyway. Nothing is sacred in rock and roll...Blue Oyster Cult's 'Joan Crawford' may be happening nationally, but here 'Burnin For You' stands the best chance of becoming another 'Reaper'. Our feedback also shows 'Sole Survivor' as the #2 track...We're having some fun with the new Gary O'... Rundgren's touch to the new England and Foreigner is looking good with some tasty saxophone in the new grooves...We also added: Volunteer Jam...The Cult records moves medium to heavy...Will Alice Cooper become the first rock star to join the Pig Craze? Join us next week for the pork-poop...Sam Calle wanted his name in print, so here it is."

TUESDAY - JUNE 30

TODAY IS A 4

With Venus now in Leo until July 24, people are really desirous of a more showy, fun time. Well -- I think it's a great idea if you live in a vacuum! A New Moon is warming up and it is NOT going to be fun. Mercury is sitting still about to turn direct, the Moon is the closest to Earth it gets in its orbit (emotional high tide), a New Moon hits tomorrow, and the planet Pluto turns direct tomorrow. Let's face it -- heavy traffic, but as we approach the 4th of July weekend all will be better. Moon in Gemini and Void-of-Course as of 5:26 P.M.-E.D.T. until entering Cancer at 10:58 P.M. so hold on -- "THIS TOO SHALL PASS."

WEDNESDAY - JULY 1

TODAY IS A 3

The emotion ruling Moon in its own sign Cancer can bring strong feelings to the fore. Certainly this is true today for the New Moon is exact at 3:04 P.M.-E.D.T. - the Moon and Sun joining at 10 degrees of Cancer. The reason this New Moon is so crazy is due to 2 factors. (1) the Moon is the closest to earth -- so gravitational pull is at its height (2) Pluto, which is a planet of hidden things and disruptions, turns direct at 22 degrees of Libra. Pluto has been Retrograde since January 26, 1981. So keep an eye on news events and corporate rumblings. I promise things are going to improve dramatically - and soon!

THURSDAY - JULY 2

TODAY IS A 3

This is "Let's Make Confetti Day." Tomorrow Mercury turns direct at 26 degrees of its own sign Gemini! Do not make the mistake of trying to scurry around catching up on work before the long weekend. It just will not work, and you will simply make matters worse. The desire to get things organized is due to loving Venus at 4 degrees of Leo being at a harmonious 60 degree sextile to Structured Saturn at 4 degrees of Libra. Restructure your attitudes -- not things, Moon in Cancer is Void-of-Course as of 6:50 P.M.-E.D.T. until entering Leo at 0:48 A.M. Friday, E.D.T. Confetti making is better than Confusion making!

FRIDAY - JULY 3

TODAY IS AN 8

THROW YOUR CONFETTI!!! Mercury turns direct at 9:02 A.M.-E.D.T. while sitting at 26 degrees of its own sign Gemini! Communication lines now re-open, schedules and appointments are easier, and mechanical problems now start to clear up. What a way to start a long weekend, huh? Well -- I have even more good news! The Moon is in playful, optimistic Leo. Great weekend to party, and if you have concerts scheduled -- just terrific. No Void-of-Course Moon and you owe it to yourself to give Mercury a couple of days to clear up and we are in for one hell of a July 4th, SATURDAY & SUNDAY - JULY 4 - JULY 5

SATURDAY IS AN 8 & SUNDAY IS AN 8

Don't let any problems get the better of you, because things that do surface now are the final clearing-up of our mercurial problems since June 9! Moon in Leo -- very fun loving -- and not Void-of-Course until 11:01 P.M.-E.D.T., ending Sunday morning at 5:27 A.M.-E.D.T. when the Moon enters Virgo. My attitude is to party-hearty Saturday and keep throwing confetti. Then on Sunday, with the Moon in Virgo, start cleaning up the mess -- if you are in the mood! We could not have asked for more celestial cooperation, so let us salute Old Glory and cheer the planets, too.

MONDAY - JULY 6

TODAY IS AN 8

For all of you who have been calling me saying "when is this junk going to clear up?", Cease and desist. Now is the time to take charge and forge ahead. Ideas that have been floating around should be re-thought now. No Void-of-Course Moon and the Moon in Mercury's sign Virgo, get those memo pads ready and really make hay. You will find scheduling, routine, and new matters now flowing along like nothing had happened. It's "Green Light" time once again for Noel and me -- you would be wise to follow suit.

THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 167 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; (215) 667-5118. The following are excerpts from this week's report...The "New Release" schedule is on the following page. Companies are invited to help keep the list current by calling Susan Costello any Monday, Tuesday, or Thursday between noon or 5PM at (609) 428-8648.

YES bassist CHRIS SQUIRE ran into one of our correspondents in NYC last week and he says that official word will be coming soon about the future of the group. Meanwhile, the newly announced supergroup ASIA which includes YESmen STEVE HOWE, and GEOFF DOWNES may be running into legal problems with their name. It seems there is a midwest band by the same name who have released two albums in the U.S.

The ROSSINGTON COLLINS BAND who had to cancel their appearance at the Round-Up concert in Philadelphia to work on their new album have finally finished it. Due in late July the LP is called "Here and There" being debuted June 30th in Alabama. The band will play outdoor festivals July 4th in Orlando and July 5th in Miami with REO SPEEDWAGON, FOGHAT, and BILLY SQUIER, then work their way up the East Coast through July.

CHEAP TRICK will play Honolulu July 4th and 5th after a month's rest from touring. They'll be writing and rehearsing to go into the studio in August and September.

ALICE COOPER is just kicking off a U.S. tour to support his new one "Special Forces" produced by RICHARD PODOLOR and is due July 27th. The album cover has COOPER dressed in military garb. The single "You Want It You Got It" will be released July 1st.

BLONDIE'S DEBORAH HARRY has her first solo album titled "Koo-Koo" set for August release. Meanwhile talks are being held regarding a BLONDIE tour.

PINK FLOYD drummer NICK MASON has told us in London that FLOYD has no plans whatsoever for tours, or a new album, but will spend all their time working on the movie version of "The Wall" to be released at the end of 1981.

MANFRED MANN is currently in a London studio laying down tracks for three self-produced efforts on Arista due in October.

EDGAR WINTER is spending his time at home in NYC writing tunes for his next album which shall debut when he starts his tour in August in Australia.

BRUCE WOOLLEY co-writer of the classic "Video Killed The Radio Star" with TREVOR HORN and GEOFF DOWNES has been doing some writing for the next BUGGLES album. Because WOOLLEY is signed to CBS he was not permitted to play on the LP. The album features, of course, some work from ALAN WHITE in addition to TREVOR HORN and GEOFF DOWNES. It also includes the songs from last year's YES tour, "You Can Fly From Here" and "I Am A Camera".

BIRTHDAYS THIS WEEK: Jeremy Spencer (formerly of Fleetwood Mac) 33; Deborah Harry 31; Robbie Robertson 37; Bill Withers 43; Delany Bramlett 42; Garland Jeffreys 38.

This weeks interview is with QUEEN drummer ROGER TAYLOR who recently released a solo album "Fun In Space".

RR: Are each of the members going to do solo albums?

RT: 'It is something I have wanted to do for years. The only other person that wants to do it and has mentioned it is Freddie Mercury. I think my album spurred him onto the idea, but he won't be recording it for a year. If he does get around to it, you won't hear anything for a couple of years, 18 months at the shortest.'

RR: What is the status of the band now?

RT: 'A group album is the next thing. We're resting right now. The end of this month (June) we're supposed to go to Munich to record the new studio album, which hopefully will be different. I think we'll go to Paris and Montreaux as well to record and get some different environments.'

RR: When you do a solo album what determines what you will use and what songs will become Queen songs?

RT: 'It was everything I had. 'The Game' was quite a while ago. I wanted my album to be different from a Queen album. I didn't want it to be the same, some of it wouldn't be suitable for Queen anyway. It's much to personalized.'

RR: Very few drummers have had successful albums, why is that?

RT: 'Drummers are regarded as being thick. They're really not regarded as musicians by a lot of people. That's not really true at all though. Phil Collins has just had a successful solo album, and Cozy Powerll makes good ones also.'

RR: What drummers do you like?

RT: 'Buddy Rich is probably the best living drummer. I think he's brilliant. I think John Bonham was the best rock and roll drummer.'

Record Action

JOEL WEBBER, INDEPENDENT (212-255-7408): "I've been noticing comments recently from radio concerning the Yoko Ono Lp that smack of hypocrisy. If you don't want to play a record because you don't think it sounds right for your station, that's one thing -- but to express indignation over the cover art and using that as an excuse for not going on the record is laughable. I don't see anyone complaining about that disgusting cover on the Iron Maiden album as an excuse for not playing it. On the gross-out scale, the Iron Maiden's cover is much more offensive to me than Yoko's, which obviously relates to the music inside the record. The most intelligent comments on this subject were found on the Lieberman Report. The comments about the Ono record were based on the music--not personal opinions on how likeable or unlikeable Yoko Ono is... Speaking of the Lieberman Report, I must say that I find it one of the most illuminating features in the Sheet. The reports virtually always surprise me. I hope everyone is taking advantage of the Lieberman Report...Some new stuff: Wazmo 'Checkin Out The Checkout Girl' Nariz iz back, with a new Lp called 'Tell Me How To Live'--and a new Wazmo classic 'Sister Teresa' which is about (you guessed it), a guy who has a crush on a nun. Segues real well with 'Nuns With Guns' by G.E. Smith and 'Andy Warhol' by David Bowie... A record that refuses to be ignored is the George Wallace. If it's been awhile since you've heard it, crank up 'Back At 17' and 'Give Me Your Money'. Long term commitment is one of the only ways to break an artist these days, and long term commitment is what George Wallace is getting...SNIPS 'NINE O'CLOCK'-HIT!"

JOHN PARIKHAL, JOINT COMMUNICATIONS: "Rolling Stone Magazine has just produced the continuous history of rock and roll, which brings a new dimension to the history of contemporary rock. The basic idea is that the history is still being written and that Rolling Stone Magazine is qualified to do the job. Because of the format of the show audience recycling will be increased. Because of the quality of the show, listen! Tune-in will be guaranteed. It looks really good to me...Call Rolling Stone at 212-758-3800 and ask for Roxy Myzal."

MARTY GOLDROD, BARKING PUMPKIN (213-851-9175): "It was not our intent to confuse the issue by servicing radio with three Frank Zappa instrumental guitar albums. If you had read the sleeve on the 'Tinsel Town Rebellion' Lp, you would know that these three guitar albums are available by mail order only and cannot be purchased in any record store. 'Tinsel Town Rebellion' is our main objective and, as a matter of fact, you should be receiving a special 'clean cuts' edition of five cuts from the album which are banded to make programming easier. Also, be aware that Frank starts a major 55 city tour in late September."

STEVE LEEDS, INDEPENDENT (212-888-6660): "The time is right for a Savoy Brown revival. Tiny little Town-house Records will resurrect Kim Simmonds and company onto playlists everywhere...Why are so many programmers reluctant to play the new Zappa album? His legions of fans are very active and 'Tinsel Town' has sold nearly 100,000 units...Have you checked out Sal Solo yet?...July 13th and 14th everyone who is anyone in radio and records is coming to the Big Apple for the New Music Seminar. Call Joel Webber...This week's re-currentism is Claire Hamhill's 'Baseball Blues'...Radio stations on the move (literally): WRNW and WCCC...Roberta Haber: I also like to see records on small labels become successes...Rob Bernie Barnett: I'll send you a mediocre Q-tip...Hey, Alex: Are you gonna let Bone get away with his continual cheap shots!!!Has Glenn Stewart set himself up as the Lee Abrams of college radio?...Why was Buddy Balls seen slinking around Boston?...Tom Hunter: Hope you straighten out your telephonic problems...John Cooper: Thanks for the vinyl...Levine: Where's mine?...Tim Powell returns to the Big Apple this week...On the road it was good to see: Bill Simmons, Ron Reger, Bruce Garraway, Ilyse Gottlieb, Dave Brown, Dave Einstein, Denise Oliver, Arnie 'Banana' Dempsey, and Gary Chase...Thanks Al Sneed for the ribs...Doug Sorenson, the original 'Nuclear Boy' swears by 20/20 but he still waits in line at McDonald's...If you like the Go-Go's, check out the new Ventures 45 as they sing on it...Best of luck to Ted Edwards on his new gig."

ROGER LIFESET, NATIONAL ALBUM INDY (213-506-0771): "It isn't how many records you play that makes me like you. It's how you play 'em! Enthusiasm and conviction not the total volume are the determining factors. Condolences to a very likeable Ron Sorenson whose loss of his father this week came as a shock...In a major move: How about Dennis Price leaving Lieberman for Chicago's Third Coast Records? He joins David Webb and Howard the Duck for a power trio that hits the street early this Summer...The Rods. Upstate New York's biggest riot since Attica should be in your hands this week. For this project, I am joining forces with my metal-foe Mike 'Champagne' Bone for a 'clash of the titans'. If you love the Rods call me at 213-506-0771 and get a free Japanese (koke-co)la writing rod that is impregnated with the real thing. First 20 calls get 'em. The Rods are a formula metal band that will come home in the heat of Summer because the lyrics are the common demonator. 'Crank It Up' and 'Nothing Going On In The City' are early killers...From the guy who said the 'Blizzard Of Ozz' is more than a scattered flurry, believe me the Rods will be bigger than Styx. By the way, Ozz is still to be reckoned with. 'Crazy Train' will not be derailed til late Summer, and 'Mr. Crowley' will continue this resurrection...How about the latest from Long Island's bad boys? Foghat. Check out the short, fat track 'Wide Boy'...Do you believe Point Blank is back and moving up? All because of a mama named 'Nicole'. A tip of the chapeau to passive research which foretold this event. If you moved the Pointers to recurrent without substantial play on this cut you cut your listeners short...For jazz buffs, check out: John Klemmer on Nautilus; Sadao Watanabe; Condor on Inner City; Kittyhawk on EMI; The King; and Pat Metheny on ECM...Hot at the Hacienda: Summer."

RECORD ACTION CONTINUED

MIKE COOPER ON IMPORTS (404-627-2834/355-8686): "Choice cut for this week from the U.K. music scene is from a group called the Belle Stars. An all-female band, made up of members of a group called The Body Snatchers with a couple of new members. 'Hiawatha' is very fresh-sounding release, which strongly suggests commercial success for this band. Quite interesting is a new single from The Specials, called 'Ghost Town'. A continued reggae dominance here, but much less frantic than some of the other tracks from this group. On the album side, Rick Wakeman's new album '1984' is not the pompous stuff that annoyed even keyboards fans last decade. '1984' includes vocal contributions from Chaka Khan, Jon Anderson, Kenny Lynch and Steve Harley with a full orchestra and lyrics by Tim Rice...Also on the LP front is a new album from Whitesnake member Bernie Marsden, an album strong enough to compare with the Whitesnake group LPs...From the British music scene: The Yachts and The Motors have both called it quits...TO ALL RECORD CONTRIBUTORS TO THE HARD SHEET: I am beginning a daily rock music news program on The Georgia and Florida Networks, the statewide radio networks in these two states with a total of 175 affiliates. As well as music news, the program will include LP reviews and artist interviews. Any assistance you can offer would be appreciated. Some of you will be receiving letters requesting LP service on the national mailing, along with details of the program. Thanks."

JERRY JAFFE, POLYGRAM (212) 399-7044: "Nobody asked me but--Pete Rose and John Fogerty are dead ringers... Moody Blues is Gold...The new Motorhead album 'No Sleep Till Hammersmith', which comes out here in August, just debuted in the British charts at Number One. And Licorice Pizza in L.A. just turned down a Motorhead in-store because they expected an unruly mob. So who's really heavy these days?...In any one weekend in NY there must be at least 10 syndicated concerts on the airwaves...I'm a pushover for the Robert Klein Comedy Hour, talking of syndication...If so many people have bought the AC/DC records, how come so many still phone in to hear it on the radio?...Our sales staff tells us there is no turn down in business at record shops specializing in new music and imports...Michael Plen is a true gentlemen at I.R.S. and when they have their 1st full scale smash (not counting The Police), you'll feel worse for not having played more I.R.S. Records in the first place...We're coming soon with super strong efforts from JON & VANGELIS, CAROLYNE MAS (watch out PAT 'cover girl' BENATAR) and solid smoke from DEF LEPPARD...NOVO COMBO...To Greg Gillispie: C'mon loosen up. The tighter radio gets, the harder we have to fight for mass exposure of deserving music. If you're put off by zealous promotion think of the frustration of artists, managers and record companies--especially when we have to skirt Denver because the Fey Org. can't keep taking chances with acts when there is no airplay...By the way Greg, I think Icehouse is an extraordinary album, especially 'Sister', if my opinion counts...Also enjoy Sinceros, Bram, and even Judas Priest."

KEN BENSON, EMI (800-421-4155): "Imagine, Jackson Browne, Stephen Stills, Gary Bonds, Bruce Springsteen, Graham Nash, Billy Payne, Bonnie Raitt, Section, the Hollywood Bowl, and 18,000 people! Then, you can begin to realize what an amazine experience Survival Sunday was here in L.A. Highlights had to be: Jackson Browne & Gary Bonds doing the 'Pretender'; Gary and Bruce doing 'Jole Blon'; Bruce doing Woody Guthrie's 'This Land Is Your Land' and the finale which was everyone on stage together doing the Wild Tchoupalis song 'Brother John Is Gone'...Now, imagine EMI and Rolling Stones Records presenting Peter Tosh's great new album entitled 'Wanted Dead Or Alive'. Imagine Peter Tosh on tour July, August, September and October in the biggest reggae tour in the history of North America...Imagine Marty Balin and Kim Carnes on 'Rockline' July 6th. It is also 86 with a super bullet in Bill-board and we can't keep up with the sales! Kim's new single will be 'Draw Of The Cards' backed with 'Break The Rules' from the Bette Davis album that is currently over 750,000...Gary Bonds' new single will be the duet with Bruce Springsteen on 'Jole Blon'. We're also making available a live version of 'This Little Girl'. By the way, Bruce had so much fun singing live with Gary that the two travelled together to San Francisco. After Gary had everyone on their feet, Bruce came out and the two did five songs together after which they had to peel people off the ceiling...Finally, Cindy, you have more patience than any of my girlfriends."

ALAN WOLMARK, ATLANTIC (212-484-6017): "Foreigner has taken off like wildfire. Watch out world! This is a new improved, revitalized and simply great version of the group! 'Urgent' is the advance single and 12" which precedes the album called '4' which will be on your desk July 1st. Get ready for a h-o-t 4th...On other frontiers Mother's Finest and G.E. Smith are now on tour and kickin ass. Watch for their dates coming soon...Don't forget Whitesnake which is sneaking up the airplay charts and who is about to embark on a coast-to-coast tour with Judas Priest...Heavy rotation at home: BOC, Foreigner, Frampton and the Plasmatics."

BONNIE SIMMONS, WARNER BROTHERS (213-841-2400): "My life is so empty without baseball. When is it gonna end? I mean how many episodes of 'M*A*S*H' can you watch? They're even doing reruns of 'Family Feud' where I know all the answers. Might just as well turn that tube off and switch over to records...We're certainly excited about Gary Wright. The record's already starting to sell--the single will be officially out this week--and the album action continues to grow...The Jim Messina Lp is also doing very well for us. The single will be an edit of 'Stay The Night', Jim's duet with Pauline Wilson. So, if you're interested in that cut, make sure to get the single from your local person. If not, there is still 'Money Alone', 'Break The Chain' or 'It's Alright Here'...Pat Metheny is also off to a good start. Hopefully you noticed it was a Most Added everywhere, not as a jazz record but as a full rotation record on a lot of stations. If you haven't had a chance to listen to the edits, please do because they are easier to use on the air than full length cuts...I wanna crusade for the Kraftwerk record! Everywhere it gets played, it gets immediate heavy response on the phones and it has been selling in a lot of areas where it gets played. Please think about 'Pocket Calculator' or 'Computer World'...Just wanna talk about a couple of new records now. The Foghat record which we're all very excited about is already going on a lot of major stations and is certainly their best in quite some time. We recommend 'Wide Boy', 'Let Me Get Close To You' and 'Live Now Pay Later'. (We recommend that in all cases). Foghat will be out on tour so you'll be able to catch 'em quite soon...Also, a new Echo & The Bunnymen album. Check out 'All My Colors', 'Over The Wall', 'It Was A Pleasure' and 'All I Want'...Coming soon: Rickie Lee Jones (which I can't get out of my tape player in my car or house); ZZ Top which is killer; a new Ramones album 'Pleasant Dreams' produced by Graham Gouldman of 10cc/. Can't get the Squeeze 'Tempted' out of my head; and I'm delighted to see Greg Kihn showing up with a hit single...Please take a listen to the new Yellow Jackets Lp. We think you'll be very pleasantly surprised...If anybody in L.A. is having a late screening of 'Raiders Of The Lost Ark', there are a few of us here that would love to go!"

JON SCOTT, MUSIC VISION/BACKSTREET (213-344-5599): "My new favorite is very simple. 'Our Lips Are Sealed' by the Go-Go's. I guarantee some of you will take six times to be convinced and, of course, who has six times to listen to a 2:44 single? I'll tell you what. I'll save you the time. THIS RECORD IS A SUMMER-TIME SMASH. 'Our Lips Are Sealed' on I.R.S. is a sexy, uptempo 45 about young love and who could be against that? If you're for it, you're against it. If you're against it, you're for it in the great tradition of brother Dave Gardiner. This record is the very essence of Summertime ala 'I Think We're Alone Now' by Tommy James. This record is a great pop, top-down, Summertime, sing-along record. Expect me to get crazy!...I was in Chicago for the WLUP/Petty concert and my sincere thanks to all at the LOOP for their professional handling of this show. 14,000 kids got to see a free show and that's the bottom line...Other news: Steinman's 'Guitar/Stark Raving' track is exploding out of Houston; and, as predicted right here, the single is doing the same...I had the opportunity of meeting Earl Slick and I agree with Kid Leo, the man is okay. Silver Condor will tour America and, according to Paul Rappaport who has seen the band, tells me they are great...For those of you who would like a Tonio K Ep, please call collect...And tell me, 'who's right or wrong'."

RECORD ACTION CONTINUED

EDDIE HUMBER, MAKING TRACKS (707-585-2105): "Some good live music through the Bay Area recently, starting with the Equators who rocked steady at the Old Waldorf Sunday. With a ridiculously small crowd, the band smoked through a tight set that had all 50 people on their feet...Speaking of on their feet, Bonds and the Boss had them not only on their feet, but on the stairs, the table, and hanging from the rafters--Anywhere to get a little higher! Gary cranked out a hot 35 minute set before Bruce stepped on the stage for 5 more songs. I have never seen action like that from a San Francisco crowd...How come Tonio K. has no label deal? Has the industry gone deaf? The four tracks Ep is phenomenal. 'Hey John' is obvious--'Mr. K. Is Too Cool To Be A Christian'...If you were 'Raised On Radio', check out Bill Wray in on EMI...Now what would you say about a live Ghost Rider? Watch your mail!..Lookin at the coup: Savoy Brown, Tonio K., Silverado, and Echo And The Bunnymen."

BRUCE MOSER, COULD-BE-WILD (716-885-5200): "Congratulations and best wishes to Ted Edwards as he departs WCMF to become the M.D. at WCOZ. Thanks to everyone for their enthusiasm on the new Blue Oyster Cult album. Especially Bill for his Easy Choice. I hope everyone enjoyed reading their copy of 'Mommy Dearest' that CBS serviced with the record. Blue Oyster Cult is filming the Merv Griffin show right now with Kal Rudman in which they perform their classic song 'The Reaper' and what will soon be their new single 'Burnin' For You'. 'Fire Of Unknown Origin' is BOC's best effort to date! This album is at least 5 or 6 tracks deep, so don't stop with 'Burnin' and 'Joan Crawford'...Singer/song writer Eric Anderson has a new import album 'Midnight Son' which showcases 11 new tunes which would sound good on any radio station. 'Blue River' was a classic album and Eric proves with 'Midnight Son' that he is still at the top of the heap of singer/songwriters. An album not to be missed--call me if you need a copy...Arista is releasing one of the best new heavy metal bands to make a debut in quite some time--The Rods. A quick listen to the song 'Power Lover' and you'll hear what all the excitement is about (could be 'Deep Purple')...Watch for 20/20 who'll be out on tour opening for Joe Jackson. Their song 'Nuclear Boy' is catchy enough once you hear it, you'll want more...Point Blank looks they might have a hit for 'Nicole'. There is some very impressive Top 40 action already. This track will guarantee to sell the album."

ROY ROSENBERG, STIFF (212-975-3977): "Okay, folks, turn on your radio between 8:30-11:30 PM (depending in what time zone you're in). Tonight (that's Monday, ladies and gents) to hear the outspoken Wendy O'Williams on Global Satellite Network's 'Rockline'. The Plasmatics leader will answer listener questions from around the country. I'm sure the topics will include the Plasmatics, their music, concert performances, and Milwaukee. Also on the show will be Ozzy Osbourne. I wonder if he'll try to bite Wendy O's head off! In any case, it should be very interesting. Tune in!!! 'Beyond The Valley Of 1984' has been bulletted across the board for the past four weeks. That is legit sales that continue to get stronger!...A four track advance cassette from Any Trouble's 'Wheels In Motion' should be in your hands next week. This is the continuation for the Cinderella story of Clive Gregson and friends. It's good but I'll let your ears decide. The album is due for release on July 13th...Coming in about ten days: Dr. Feelgood produced by Nick Lowe with tracks written by Nick (it sounds very Rockpish on these tracks) and Tenpole Tudor debut album (including the U.K. top five hit 'Swords Of A Thousand Men')...Of personal note--Want ads: By KKSJ's Greg Lee: Records because his basement was flooded for a third time (this boy just doesn't learn!)...And by WDEK's Ward Holmes: A new putter because if Ward puts and drives the same way (300 yards), then something ain't kosher on the greens...To Susan Costello: Another week at #1, the Penguin Kaleidoscope even got back its bullet. Nice work!...Added to the Stiff List: Zerna A. Sharp, author of the infamous 'Dick And Jane' reader (what will Spot do now?), and Hal Block, original panelist on What's My Line? (Will Alan Ludden and he form a new Game Show in heaven?)."

MICHAEL PLEN, I.R.S. (212-980-6874): "Go-Go's single 'Our Lips Are Sealed' should be in your position presently. Response the first week out was great and we picked up quite a number of stations. If you're tired of playing that boring rock and roll with metal riffs and all that other loud, obnoxious noise, play the Go-Go's single. It's a perfect blend of rock, pop, and unique lyrics--and a pretty song on top of it all...The buzz within the industry on this band is quite high and it won't be long before this band makes its impact within your musical brain. Magazine has a new album out called 'Magic, Murder And The Weather'. The cut we're working is 'About The Weather'. If you like Bowie, you'll certainly find a place for Magazine on your station. Hard rock with a Motown sound...Coming in the next few weeks: Fleshtones single, Henry Badowski, Payola\$, Wall Of Voodoo, and A.T.V...VEJUR QUOTE #69: Play Go-Go's...Play Go-Go's...Play Go-Go's...If you don't, we'll seal your lips--permanently."

MIKE BONE, ARISTA (212-489-7400): "The only team playing and to be played during the strike is the A's. Mark my words, metallic-breath monster, 'Woman's Got The Power' is going to be a b-i-g record for us and you. (You know it has broad demographic appeal when Joel Webber and Lee Michaels both like it). The important and impressive thing about the A's is that where it's played, it gets requests, and it sells! Put the A's album on today--it's exciting, fresh, and it works...By now it should be obvious to everyone that the song that will be remembered with the Summer of 1981 will be Alan Parsons 'Time'. The single is 25 superbullet in Billboard, and in the words of Kal Rudman, it is a Tazmanian GO-Rilla. Whip out your (don't get excited, Susan) I said pull out your 'Turn Of A Friendly Card' album and do battle with the Top 40s in town by playing 'Time'...I thought the Rods were plain looking until I opened today's mail. Fatty Buster Bloodvessel of Bad Manners on MCA wins the Broken Mirror Award this week...Speaking of the Rods, you should have the album by now. Stick with the first two tracks on either side of the album. Cliff Burnstein came up with the Drake Hall personal testimony segue of the week: 'My Ding A Ling' into 'Big Balls' into 'Power Lover' by the Rods. Thanks Cliff, now take Drake and get the hell out of here...Personals: Roger Lifeset wants to have a 'clash of the titans' with me again. I would think it would be more of a meeting of the mouth, but whatever you want, Roger, is fine with me. Thanks for the Ozzy scarf, it's just what I wanted. How did you ever know? ...Phil 'too tall' Quarteraro: Welcome to NY City!...Lee Abrams and his Marietta-A's (great team name, Lee) experienced an amazing series of victories over Bill Hard's Cherry Hill Killers (led by Charles 'Chuck' Manson and Sir Hahn Sir Hahn) at the World Series of Intelelevision Baseball. Jon Sitton announced the game, the 'hat' himself was umpire and Eddie Offord made typical English remakes ('nothing like Cricket at all')...Sean Coakley: I'm surprised you didn't know the tour doesn't go to Iowa, so yours truly the Bayou Bush Booger himself is going to Des Moines on July 4th to check out KGGO personally...Jerry Jaffe: What exactly is 'the CBS sound'? Is there an Arista sound or a Polygram sound?...Gloria Johnson: I should tell everyone that you are a carnivore... Soon to be squaring off in the boxing ring, John Scher and Bob Bittens and I get ringside seats...Remember Frank Horowitz, late of Infinity and more recently of Chew-Bops fame? The poor fool got married this past week-end and his bachelor party was beyond belief. Included in Frank's drumming ceremony was a series of calisthenics not one, not two, but three young lovelies. Call for details and Polaroid pictures!"

KATE INGRAM, DB RECS (212-245-2212): "Lots of news from DB HQ in NY...Pylon left Athens today with the Gang Of Four to co-headline in the Midwest. Then they'll be in the Northeast. Call me if you want tickets...The Swimming Pool Q's Lp is starting off well, retail and radio wise, where available...I just returned from my first visit to Boston where it seems everyone likes the record. Also, I got to attend the BCN Rock 'n' Roll Rumble Monday night which seems like it was the best one ever...I'm late with my report this week. Thank you, Susan, and I promise to get it in on time from now on...P.S.: Be sure to call me if you haven't received a Pool Q's album yet."

RECORD ACTION CONTINUED

SEAN COAKLEY, TCO (212-484-6400): "Whoa play a song that promises to be a major requester? Try 'Searchin' from BLACKFOOT. I can't wait to hear your response to this excellent record. (Yes, your comments too, Susan)...The Sad Cafe single 'La Ti Da' sounds like a winner. An album is forthcoming...This baseball strike has gone on long enough! I can't stand it much longer. And just to think that this was the year that the Indians were going all the way!"

J. B. BRENNER, A&M (212-826-0477): "New on A&M this week is 'Reflector', the latest Lp from Pablo Cruise produced by Tom Dowd. The first single is 'Cool Love' already on its way up the charts after only one week! Other h-o-t cuts for Summer cruisin' are 'This Time', 'Inside/Outside'-and my favorite 'Drums In The Night'. This group has had a successful history on both Top 40 and album rock and will be on the road all Summer. Pablo and Summer go together like a hot dog, beer, and a baseball game...Also new is 'Earthshaker' by Y&T produced by Bob Shulman (former KRST P.D. and now A&M A&R staffer) and David Sieff. This album s-m-o-k-e-s from start to finish. Industrial strength rock that will have your listeners ringing for more. Start with 'Hungry For Rock', 'Dirty Girl', 'Rescue Me' (not the Fontella Bass song) and 'I Believe In You'. If you had trouble hearing Squeeze, you should catch this one on your first listen...Now for the more musically and 'progressive stations' comes 'Flyo On The Bayou' by the Neville Brothers produced by Joel Dorn. Various combinations of the Nevilles have been making records for over 25 years from Art's 'Mardi Gras Mambo' in 1959 to Arron's classic 'Tell It Like It Is' in 1966 they remain in the center of the New Orleans music scene. In 1969, Art Neville formed the Meters. They toured Europe and the United States with the Rolling Stones, worked with Paul McCartney and recorded nine albums. Some of you will undoubtedly remember the 'Wild Tchoupitoulas' which included all the Nevilles--Arron, Art, Cyril and Charles. From 'Sitting Here In Limbo' to 'Run Joe', this Lp is a musical treat. If the 'Brother John/Iko Iko' medley doesn't get you, 'Hey Pocky Way' and 'Fire On The Bayou' surely will. Enjoy!...Squeeze's 'Tempted' is climbing the Song Index like a hungry gypsy moth. Don't overlook 'Messed Around' and 'Is That Love'. Don't miss them on their national tour already in progress. Squeeze makes adult sized emotions go pop--they proved, as the Beatles once did, that so called simple pop isn't always so simple...Go for the Go-Go's 'Our Lips Are Sealed' is a smash!"

CHRIS HENSLEY, EMI/LIBERTY (404-321-5441): "Geez, guys. You know how tough it can be sometimes to think music when you'd rather be giving the fishing report, but duty calls! Thanks to all of you in album radio who helped make Kim Carnes the #1 pop album and single in the country this week. Now, if nobody notices how off-key Marty Balin sings, we may get lucky again...It's been great travelling around the past couple of weeks and seeing some of you folks...Jay: I enjoyed seeing you in Baton Rouge. Thanks for coming in to see Bill Wray who I repeat will knock the rest of you out when you see him live. We'll have his dollar tour dates down and solid soon, so I'll be calling this week about that...Watch for the Gary U.S. Bonds 12" with the new single 'Jole Blon' on one side and a great live version of 'This Little Girl' on the other...Also, I heard of the new Dirt Band Lp (coming July 13th along with the new one from the Michael Stanley Band). Sounds real good, and real rock and roll...To those of you who weren't at the Bobby Poe Convention, you may have missed one of the all great lines from Gallagher who performed at the banquet: 'I'm releasing my next album on paper. That way I'll get more adds'...Last but not least, it was fun to see the Cherry Hill Bandit again (Love your hair)...P.S.: No, Michele, the Peter Tosh Lp is not a scratch and sniff album."

JEB BRIEN, CHAMPION ENTERTAINMENT (212-765-8553): "As Bill noted last week, Split Enz is maintaining and he may be right about 'Iris'. As I suggested two issues back, 'Iris' and 'Ruins' along with 'One Step' are the classic tracks from this Lp. Those are the cuts 'Waiata' will eventually be remembered for...Kid Creole is on the road and that is an understatement! This is unquestionably the wildest, hottest, (oh those coconuts) and musically zany act in America. All 17 of them! (Oh those coconuts)! WLIR's John DeBella believes 'Dear Addy' should be on everybody's radio station. I agree. The Kid's got class, Kid Creole that is...G.E. Smith starts his tour with Squeeze this week. It will do audiences well to actually hear a real rock and roll guitarist for a change...Tom Dickie continues to sell in Boston now that the Top 40 WXKS is on 'Competition'. The record has actually kicked back in...Stay tuned for Hall & Oates with Kal on the Merv Griffin Show sometime in early July. John and Daryl sing all four hits from 'Voices'. Looks like 'You Make My Dreams' will be our second million selling #1 single in a row. New Lp ships end of August...Lastly, congratulations to Steve Schmerler of Chrysalis on his new promotion, and to Michael Abramson and the staff on the unprecedented promotion of Icehouse."

FOR YOUR INFORMATION:

When receiving the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and MIDDNIGHT on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 10. If the highest rotation album gets 8 spins per day, it receives 10 points. If another album gets 4 spins, it merits 5 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
