FMQB ALBUM REPORT

November 19, 1982

BILL HARD, Editor

Easy Choice

OZZY OSBOURNE, "SPERM OF THE DEVIL", JET/EPIC

Always glad to just off the old Ozzyvidous Choice especially considering the tasteful one's recent LP sales totals. We were initially surprised not to hear "Flying High" and "Crazy Train", but he's one of the few artists where image is at least as important as songs. He could be whizzing in a bucket over his shoulder and the kids would love it. As noted in several comments this week, those Sabbath classics are new songs to many of today's teens and are bound to stimulate whatever brain-cells remain in 25+ fans. Love the oo.

Chain Reaction

J. GEILS BAND, "SHOWTIME", JNY

It's a bit early to put the new LP in a league with "Full House", but 114 adds and tons of accolades tell us programmers will go in the wall to make this party special a classic...Leo Cook, WIL5-FM, "Rousing renditions of Geils classics that should bring fans flocking into the stores. We can program anything on the record. Our listeners want it had"...Jack Daniels, WROQ, "One of the best produced live albums I've heard this year. They have such a party image, they can get away with about anything"...Paul Lemieux, WCOZ, "The J. Geils Band 'Showtime' exudes their live raw power from its first groove to its last. Should be a Christmas no-fo saleswise and get massive airplay well into '83"...Bob Bittens, WHCN, "Few performers put out more energy and rarely does a live album come as close to putting that energy on vinyl as does 'Showtime'"...Mary Miller, WDCX, "The band put more sound quality on that outdoor stage than most bands can get in the studio. 'Showtime' is the state of the art"...Ilyse Gottlieb, WRXL, "Isn't it rewarding to see the success of such hard working perfectionists. I'm thrilled with the album"...Jack Silver, KSE, "Growing up on the north side of Chicago, the biggest party album in the neighborhood was 'Full House'. Now, two live LPs later, 'Showtime' ought to do the same for today's party crowd"...Trax: "I Do", "Just Can't Wait", "Love Stinks" and "Land Of 1,000 Dances".

NIGHT RANGER, "BUCKLE UP"

With all the trendrock hitting the airwaves, radio is thrilled to get behind this straight forward, hard charging formula blockbuster. 44 stations jump in with both feet for #2 Most Added...Radio: Ron Nenni, WQVE, "The record of the week is Night Ranger. It's not just a fly-by-night one cut band. This album has depth"...Dave Krumerklaus, WSOQ, "Who are these guys? Where in the hell have they been? Obviously they have been studying formula rock technique. I'm happy to say that we'll join the midwestern avalanche and flow with this record out-of-the-box"...Mike Lyons, WQIZ, "Night Ranger sounds like a combination of Deep Purple and Loverboy and helps fill a hard rock void"...Gloria Johnson, XDON, "Night Ranger's got the goods. Brad Gillis' guitar almost growls and 'Don't Tell Me You Love Me' has a clean exciting sound that jumps out"...Bob Roman, KL40, "A real nice clean sound. It fills the need for every rock and roller's disc. Well-produced and sounds great on the radio"...Ted Burton Jacobsen, KXPO, "The Night Ranger record can't be denied. Simply put, a musically sound rock and roll effort. A joy to the ear"..."Don't Tell Me You Love Me" is out front with "Sing Me Away" right behind.

ADAM ANT, EPIC

The 43-29 Indra move is second only to Golden Earring in the points gained department. Up a corresponding 46-33 Metro...#1 Most Added with 20 including: WCOZ, KOME, WNET, KLOS, WSRQ, KYYS...Comments: Bruce Goldson, WRXL, "Based on the strength of MTV play and requests Adam Ant moves to heavy this week"...Bill Weston, WGRQ, "It's the Ant invasion in Buffalo. Adam Ant right now is as big as those huge 6-legged mutants in the old sci-fi flicks. MTV can be credited for starting this runaway snowball. Nearly top 10 sales with minimal airplay. 'Goody Two Shoes' goes right into heavy at 97ROCK"...Dick Bascom, WQAM, "Adam Ant continues the incredible sales move. Maintaining top 10 status and pulling top 10 phones. It's gonna be a big record, don't miss it"...Ron Nenni, WQVE, "Adam retail is up 17-12. Also moved up in rotation this week"...Greg Gillespie, KEZO, "Adam Ant is still holding up as a hot phone item for the women"... If you're still not convinced, the Checklist will close you--none dropping, 11 maintaining, and 52 building including WYYY, WGRQ, KLDL, WQAK, WYSP, WMOG, WHCN, WTOT, WBPI, WSHE, KYYS, WQAM, KQB-FM, WLPX, and WFEV. "Goody Two Shoes" gains 59-33-16 in the past three weeks.

TIPS:

SAMMY HAGAN, "YOU LOVE IS DRIVING ME CRAZY", GEFREN

In spite of Sammy's total album acceptance, he's not yet had that crunch-a single he needs to put his career in high gear. "Crazy" is that kind of song, it moves, it's nice and utampo, and rocks without that rough edge that so many adult hungry album stations avoid. Should be an automatic.

MIKAL DIRAK, "MIDNIGHT LIKE THE WOLF", CAPITOL

Video! MTV! European sales! Sure...but even without all that, this song has the goods. Hooks galore, sexy lyrics, killer chorus, and that increasingly important modern rock twist. The remix sounds great, and we applaud Capitol for their timing in going after this potential giant.

ATTENTION: The Thanksgiving week deadline for Radio Action and reports will be 8 PM, Tuesday, November 23rd and 3 PM, Wednesday, November 24th, E.S.T. Record Action reports will be taken only on Tuesday up until 8 PM.

CHAIN REACTION CONTINUED

PRETENDERS, "CHAIN GANG", WARNER BROTHERS

A super first week of domestic release--#1 Most Added single with 50, including 8 Level I's: WGRQ, WNEW-FM, KZEW, KGON, WYSP, WKLS, KQRS, and WDVE...Comments: Tim Smith, WLVQ, "The Pretenders come in this week with #1 requests. 'My City Was Gone' far outnumbering 'Chain Gang'...Ed Levine, WAQX, "We've been playing the import for several weeks and have been getting significant requests for 'Chain Gang'...David Hall, WKDF, "The Pretenders have once again topped themselves with 'Chain Gang'. This is easily their most commercially viable offering yet"...Owen Holmes, WYMX, "Definitely a song for the radio to react to. Put it on the turntable and you'll see what I mean. The record exudes hit"...Dale Wolter, WMAD, "Billy Bremner was an inspiring choice as new guitarist for this tune. Chris Thomas' production gives it that extra push into the classic category. It will be played here for a long, long time"... As noted by Tim at WLVQ, don't overlook the flip side.

PHIL COLLINS, ATLANTIC

Either solo, with Genesis, or anybody he chooses to work with, the finished product is perfect (or as close as possible) as is the case with 'Hello I Must Be Going'"...Jose Diaz, WBLM, "The Phil Collins album is a true work of art. This guy has a really unique style that is very refreshing on rock radio"...Warren Williams, KATT, "Phil Collins is a music machine in a class all by himself in terms of quantity and more importantly quality"...Trax: "I Don't Care Anymore" debuts at #19, "You Can't Hurry Love" #47, and "Thru These Walls" 85-67.

It will be a major airplay item for weeks to come"...The Doctor, WYFE, "The calls are starting to pour in for the Police track 'I Burn For You'. I still think it's an excellent track that exemplifies just what the band should sound like"... "I Burn For You" debuts at #44.

We expect it to build nicely"...Greg Gillespie, KEZO, "Omaha seems to be getting more and more into the new sounds and responded very favorably to the Psychedelic Furs' 'Love My Way'"...Karen Allen, KBPI, "The Psychedelic Furs will work for us. We ran 'Love My Way' through our new music show once again. It had the most response of the evening. And all of it positive. I'm sure this record will build."

TOM PETTY, BACKSTREET

MISSING PERSONS, CAPITOL

Up 18-15 on the Index ultra competitive Top 20, and underlined on the Metro rankings 21-16...Airplay ups include: WBCN, WNEW-FM, WAPI-FM, and WRNO..."Destination Unknown" is at #18.

FOGHAT, WARNER BROTHERS

A great week in the Top 30 markets with a 23-17 Metro Prime Move...Steady at #21 on the Back Page... New on KDKB, WQMF, and WLRS for a total of 96 adds to date...Airplay: 61 steady, 7 down, and 9 ups: KMET, KISS, KYYS, KZEW, WMMS, WYSP, KATT, WRNO, and WDHA...On the Checklist: 38 maintaining, 10 dropping, 20 building, including: KRQR, KYYS, DC101, WMMS, WMET, KWK, WILS-FM, WYSP, KZEW, WGRQ, WIYY, KPKE, WAVA, WLWQ, KMET, and KPRI..."Slipped, Tripped" is up to #10.

HALL AND OATES, CHAMPION/RCA

Already up to #25 on the Back Page, and catching up Metro, with a 36-29 Prime Move...Airplay: 45 steady, 4 down, and 5 ups: WLUP, WPLR, WQDR, WRNO, WWCK...Strongest early retail on: KGB-FM, KATT, WBCN, WHJY, WAQX, KQAK, WMMS, KAZY, KSHE, WSKS, WMJQ, and WZZO...#13 on the Retail Index...Checklist: 23 maintaining, 6 dropping, and 30 building, including WBAB, WCOZ, WLWQ, WMJQ, KDKB, KAZY, WHJY, WCMF, WHCN, KBPI, KYYS, KRQR, WLPX...Trax: "Maneater" 29-26, "Family Man" #74.

ROD STEWART, WARNER BROTHERS

New at #46 Metro, up 46-43 Back Page...New: KRQR, KPRI, and 5 more...3 ups: WABX, WRIF, WWCK...28 steady, 4 down...Heaviest on: WMMR, WILS-FM, KEZY, WNEW-FM, WXRT, KMET, KILO, WMAD, and WRCN...The single leads at #66.

GEORGE HARRISON, WARNER BROTHERS

Double debuts here--49 Index, 48 Metro...New on: KQRS, KOME, WKQQ, and 4 more...Airplay: 19 steady, 1 down 3 ups: WQBK, WDHA, and WSKS...Key calls to date: WIYY, KSHE, KBPI, WGRQ, KTXQ, KDWB, WAVA, WAPP, and WNEW-FM..."Wake Up My Love" debuts at #45.

KISS, CASABLANCA

I laughed when Jerry Jaffe told me he was getting strong early reaction from programmers on "I Love It Loud", but I guess the good Doctor is the one yukking it up now--check these quotes: Mark Miller, WWCK, "Glad to report top 5 phones and some sales on the new Kiss album. The band seems to be kicking back into gear quite nicely, thank you. 'I Love It Loud' has that chant feel to it, much like 'I Love Rock And Roll' or 'The Stroke'..."Chip Knight, WSYR, "Kiss is outdistancing the pack by a 5 to 1 margin on the phones"...Jack Daniels, WROQ, "After just two weeks, Kiss is #1 requested with tremendous sales with only a slight rotation. If your a rock station and not playing this record, you're missing the boat. This band has salvaged their image. This is beyond the cult. Though it's heavy on the teens, there are significant 25+ calls"...Dick Bascom, WQXM, "Finally, if you haven't yet done anything with the Kiss record, I highly recommend that you consider it for some sort of full time play, even if it has to be dayparted. Once you put it on the air the phones won't stop. You have to remember that those who liked Kiss in their heyday stand right in the middle of your target demographics now."

CHILLIWACK, MILLENNIUM

More solid adds led by WSHE, KROQ, WQXM, KZOK, WLLZ, and WPLR...Increased play: KISW, KQRS, WNEW-FM, WBLM, KMOD, WRNO...Max play: KFOG, KLOS, KTXQ, KWK-FM, WDVE, and WRXL...Heavies: KISS, KBPI, KPRI, KRQR, WMMR, WMMS, and WSYR...Cuts: "Don't It Make Ya Feel" 40-37, "Whatcha Gonna Do" #64, with our favorite, "Secret Information" gaining quickly.

FRANK MARINO, COLUMBIA

The "Strange Dreams" resurgence continues with new play on KMET, WLLZ, KQAK, KBPI, and KATT...Comments: Randy Raley, KPKE, "The Frank Marino record is happening. Pretty soon every other station in Denver will be on it"...Karen Allen, KBPI, "I've also been enlightened on the subject of Frank Marino. Our on-air sound is softer these days, but 'Strange Dreams' is so melodic it fits in quite well"...Jeff Murphy, WWCT, "We've been very pleased over the last couple of weeks to note some activity starting to crop up for the Frank Marino album. We added it many weeks ago and found it to be one of those rare tunes that sparked interest in the old 70's rock fans who are looking for that style on the radio again. We're happy to re-add 'Strange Dreams' this week and hope this time it'll become the success it deserves to be"... Recent adds: KGB-FM, KQRS, WEBN, KPKE, and KISS.

JOE PISCOPO, COLUMBIA

It may be a quick burn item, but the airplay spread can't be denied. Check this week's heavies: WPLJ, KQAK, KGON, KMET, and WSYR...On's include: WQXM, WCOZ, KISW, KRQR, WEBN, WBCN, WAPP, and WKLS. The medley moves 90-82 on the Top 100.

VANDBERG, ATCO

New: KYYS, WLPX, KLOS, KMET, and 3 more...Checklist action: 19 maintaining, 1 dropping, 14 building: WPDH, WRCN, WDHA, WLPX, WSYR, WZZO, KILO, WMYK, KSJO, KQRS, and WBAB..."Burning Heart" moves 63-50 underlined...From Jack Silver, KSHE, "I'm only sorry I didn't hear it on first listen because 'Burning Heart' is a standout album radio track"...Stew Schantz, WPDH, "If you're not playing 'Burning Heart' by Vandenberg, do. I guarantee instant phones on that."

THE WAITRESSES, POLYGRAM

We're all aware of the various format successes of "I Know What Boys Like". Now the Waitresses are back with another well-timed semi-novelty item."Christmas Wrapping" is the hippest holiday ditty we've heard in years, so as soon as you've wolfed down the last turkey sandwich, slide it on.

ENGLISH BEAT, IRS/A&M

We're confident this one will ultimately come home, and while we wait for the hammer to come down, the ongoing add action is encouraging...New on: WIOT, WQDR, WSKS, and KSMB...There is a for-real buzz building in the clubs and modern rock circuit, so keep a close eye on this one...Play the single "Save It For Later".

MOVING PICTURES, NETWORK

We expected the harder trax to jump out first on album radio, but the soon to be huge single "What About Me" has a solid lead...Already doing well in Richmond, as noted by Ilyse at WRXL, "The song 'What About Me' is fast becoming a monster record. Incredible phones from teens and women"...New on: KTXQ, WSYR, KAZY, WPDH, KNCN, KWFN...Last week: KQRS, KGON, and WFBQ.

ROUGH TRADE, BOARDWALK

Just out and on KROQ, KISS, WXRT, and WLAV-FM...The band is huge north of the border. This from CHEZ-FM's Greg Torrington, "Now that Boardwalk has issued 'For Those Who Think Young', you now have the opportunity to see why this band has gone mega platinum out here and could very well do the same thing in the U.S."...Start with "All Touch" and the title track.

SPOONS, A&M

J.B.Brenner has been jamming me on the Spoons for weeks and finally he forks over enough credible adds to merit a mention...New on: KROQ, KFOG, WILS-FM, WLAV-FM, WBCN, WLPX, and WSYR..."Nova Heart" is the tune.

P-FURS

"Love My Way"

is coming your way!

Bill Weston, WGRQ: "This record satisfies a number of tastes; new wavers, balladeers, and mainstreamers."

Karen Allen, KBPI: "The P-Furs will work for us. We ran 'Love My Way' through our new music show once again, and it had the most response of the evening. And a'l' of it positive!"

Dave Kane, WCMF: "The Furs go in this week. We love their way!"

Art Phillips, KILO: "We finally succumbed to the marvelous hook-line in 'Love My Way'."

Trish Anderson, WCKO: "Absolutely no negatives on the P-Furs when tested. We expect it to build nicely."

KISS

"Creatures Of The Night"

The incredible story wherein radio promotes the Rock Department on a great album!

Dick Bascom, WQXM: "If you haven't yet done anything with the Kiss record, I highly recommend that you consider it for some sort of full-time play even if it has to be dayparted. Once you put it on the air, the phones won't stop. You have to remember that those who liked Kiss in their heyday stand right in the middle of your target demographics now."

Mark Miller, WWCK: "Glad to report top 5 phones and some sales on the new Kiss album. The band seems to be kicking back into gear quite nicely, thank you. 'I Love It Loud' has the chant feel to it, much like 'I Love Rock And Roll' or 'The Stroke'."

Chip Knight, WSYR: "Kiss is outdistancing the pack by a 5 to 1 margin on the phones."

Jack Daniels, WROQ: "After just two weeks, Kiss is #1 requested with tremendous sales with only a light rotation. If you're a rock station and not playing this record, you're missing the boat. This band has salvaged their image. This is beyond the cult. Though it's heavy on the teens there are significant 25+ calls."

STATIONS TO DATE: KISW, WQXM, KGON, WZXR, WKDF, WAAF, KSMB, WKLC, WSYR, KZEL, WWCK, KLAQ, WAPI-FM, WZZO, WROQ, WIMZ, WBAB

RADIO ACTION CONTINUED

KFOG, SAN FRANCISCO, CA P.D.-DAVE LOGAN: "A couple points to be made about San Francisco radio. First, we salute our Bay brethren on the recent Birch figures. But these numbers deserve a couple of codas: First, KFOG was still beautiful music for the first half of the survey. Secondly, one other station was commercial-free--a banner that they can no longer wave and proclaim. As much fun as these numbers may seem, the real proof comes over time and in purity of presentation. We're confident that KFOG's format, under Lee's tutelage, will prove victorious...Now for the weird second part: On Monday, November 15th, General Electric, #11 on the Fortune 500 and one of America's landmark corporations, announced that it is planning on exciting the broadcasting business. Stations like WGY (which GE put on the air in 1922) are now available, as well as: WJIB, Boston; KOA/KOAQ, Denver; WFIX, Nashville; and of course, KFOG. Plus all our TV stations, with the exception of the Denver facility. Frankly, it appears they feel more comfortable in turbines, tankers, and toasters than broadcasting. To their credit, our budget remains robust and ironclad through 1983. Our hope is that the new owners will bring KFOG a commitment to broadcasting and the day-to-day considerations that are an inescapable element of our industry. We all were fervently dedicated to winning for GE, and will bring that attitude to our new owners. This format speaks for the future of radio, and all of us at KFOG harbor a fierce pride in its spirit and vision. We remain passionately committed to our pioneering programming."

WOXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "I've been living with the Ozzy Osbourne album for about a week now, and it's like deja vu. As a teen, I was really into Black Sabbath. I kinda lost interest after their 5th or 6th album. But after listening to this Ozzy album, it rekindles the same excitement I felt when listening to the original Black Sabbath, only more so--Ozzy does Sabbath better than Sabbath. The killer cuts are: 'Iron Man', 'Children Of The Grave', 'Paranoid', and 'Never Say Die'...Adam Ant continues the incredible sales moves, maintaining Top 10 status and pulling Top 10 phones. It's gonna be a big record, don't miss it...Tom Petty gets better and better...The Benatar continues to do well, #3 in sales this week...J.Geils live truly captures the spirit of the band. I think the best track if you like to party is: 'When The Walls Come Tumbin Down'...'I Burn For You' from the Police, although it's very left field, is really beginning to pull in some very solid phones, due to its uniqueness. It'll be a major airplay item for weeks to come...Finally found room for the Chilliwack this week, and I think 'Don't It Make You Feel Good' will happen...And finally, if you haven't yet done anything with the Kiss record, I highly recommend that you consider it for some sort of full-time play even if it has to be dayparted. Once you put it on the air, the phones won't stop. You have to remember that those who liked Kiss in their heyday stand right in the middle of your target demographics now."

KSHE, ST. LOUIS, MO M.D.-JACK SILVER: "Just got the Geils Lp. It brings back memories of my childhood, and I'll tell you why. Growing up on the North Side of Chicago, the biggest party Lp in my neighborhood was 'Full House'. Now, two live Lps later, 'Showtime' ought to do the same for today's party crowd. 'I Do' is burning up the airwaves. Real glad to see 'Stoop Down 39' included in this project, and I think the 'Love Rap' should have been another song...Glad to see album rock radio backing one of the founding mothers of the format, Joni Mitchell. The new album gets a nob at KSHE this week...Night Ranger--who are these guys? A surprisingly good Lp...Anything 38 Special does strikes my fancy these days. 'Prisoner Of Rock And Roll' is a perfect holdover until their next new Lp. Love those wild-eyed Southern boys...Finally found room for the Buck Dharma. '5:35' is our leader...As for as Vandenberg, I'm only sorry I didn't hear it on the first listen because 'Burning Heart' is a standout album radio track...Excellent response to Phil Collins, as expected. 'I Don't Care Anymore' has jumped out front. I personally think 'Can't Believe It's True' could be a monster if everyone wouldn't be so paranoid about the horns...Habit made me add the Riot live to begin with, but a weekend's worth of positive calls reinforces the strength of this band. 'Restless Heart' and 'Showdown' match the originals in strong air sound...Finally saw Novo Combo the other night in St. Louis. One of the highest energy shows I've seen in a long time. This band better be big--or else. And special thanks to: Pete Hewlett for the nice note. A real class act."

KTXQ, DALLAS, TX M.D.-DRAKE HALL: "J.Geils Band's 'Full House' album is one of my all-time favorites, and the boys seem to be in fine form this time. Take out your false teeth, mama, I wanna suck on your gums!!!...Also new, Moving Pictures. At first I thought they had a kind of a Barry Manilow feel, then I came around. Where are all these Aussies coming from? First hoseheads, now this? What's next, sloperock??? Zipperhead bands?...We're banging the Henry Paul in a solid rotation. No reaction yet, but hey, it's early...We're playing two Phil Collins cuts, 'In The Air Parts 2 and 3' ('I Don't Care' and 'Do You Know'). Clear your throat, big guy, you're getting on my nerves)...Popped the Night Ranger last week. Rather formula, but we'll see...Tom Petty sounds incredible, selling #2...Other hot sales: Men At Work, Pat Benatar, and Petty Top 3...Good sales on: Hughes/Thrall and Saga."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record Of The Week: J.Geils Band, 'Land Of A Thousand Dances'. It took the rock power of the Woofah-guffah with the green teeth to shake recession-torn Detroit for six nights. What can I say? Living proof that 'Party' does not necessarily connote lack of intellect. This is a fitting companion piece to 'Full House' and 'Blow Your Face Off'. Plus, Seth Justman has the best looking lady in the world...Night Ranger's 'Don't Tell Me' is good straightahead stuff, and I'm surprised at the intense early reaction to it. Everyone seems to be talking about it...Good to see Hard bring up the English Beat and Pretenders cuts, two records that really deserve mainstream attention...The Fixx continues to stand up well at the Loop. The reaction is crossing all types of listeners...It was great speaking at the Loyola College Radio Conference. The enthusiasm and zeal was really infectious; and, there seemed to be some very lucid college radio programmers coming our way. In the Windy City, it was great to see: Judy Libow (I could look at Judy all week), Steve Leeds (sign 'em up), and John 'I want my MTV' Sykes...And finally, a happy birthday to the one, the only, the greatest, Marko. You're not a year older, you're a year more beautiful, babe."

WAPP, NEW YORK, NY M.D.-CHIP HOBART: "We had the honor of world premiering the new Led Zeppelin album 'Coda' last night, and I'm sure Danny Buch's 'Cease And Desist' will look great on the wall of the control room. Any particular frame preference, Danny? The album is incredible. I'll venture to say it will go double platinum, easily. On first listen we recommend 'Poor Poor Tom', 'Walter's Walk', 'We're Gonna Groove', and 'Wearing And Tearing'...The Night Ranger is a stone smash hit. I was taken by the album cover, so I threw it on and it jumped out at me--whoa!! Then I noticed that it was on the Front Page of the Hard Sheet and said 'Well, I can't go wrong with this one'...Finally went with the Payolas, and I'm so glad. We waited longer than we did on Joe Jackson and the Stray Cats. The Payolas are just different enough to sound really neat on album rockradio...I had the honor of meeting Frida at a listening party a couple of weeks ago at the WEA building. She's a wonderful lady. She's from one of the biggest selling groups of all time, and most of all, the marriage of her and Phil Collins has been perfect. Finally her record is getting some action, so it's in at WAPP...The Buck Dharma is doing well...The Adam Ant is getting calls from listeners in the 30's...Also continuing solid phones on Chuck Francour, 'Under The Boulevard Lights'...Also good calls: J. Geils, Hall and Oates building rather nicely, and Men At Work still hot as Australia in Januaryv."

 ATTENTION: The Thanksgiving week deadline for Radio Action and reports will be 8 PM, Tuesday, November 23rd and 3 PM, Wednesday, November 24th, E.S.T. Record Action reports will be taken only on Tuesday up until 8 PM.

WBCN, BOSTON, MA M.D.-MARC MILLER: "Let's hear it for the mighty J. Geils Band. Proving once again that they are among the best live bands in the world, they come out with 'Showtime'. There is not a clinker in the bunch, and the songs 'I'm Falling' and 'Stoop Down 39' will probably sound new to your audience because they were on Lps that did not initially sell well. So you really may want to bang these away, and don't miss 'Land Of A Thousand Dances'...I'd like to thank the Cheap Trick organization for a weekend of entertainment. As always, a pleasure...And now, Danny sez, 'It's good to see the Beat getting the recognition they deserve. We're still getting incredible phones on 'Save It For Later' and 'I Confess'... It's easy to say what Musical Youth has had such success in England with 'Pass The Dutchie', a great reggae crossing over along the lines of Rita Marley's 'One Draw'...Now back to Marc...'...We'd also like to thank Yoko Ono for calling to say, 'Hello'."

WABX, DETROIT, MI M.D.-GREG ST. JAMES: "It's been a while since we've talked. Lots of great things going on here. Musically, WABX has been involved in some great shows: Gary Numan, the Psychedelic Furs, which was sold out, and Paul Carrack with Noise To Go featuring Nick Lowe. We also got a chance to catch an unbelievable David Johansen show in Ann Arbor. This man should be famous!!...Some of the best stuff out of Detroit since the 427 is an Ep on local Trans City Records from Rhythm Method. The lead cuts are: 'Solidarity' and 'Broken Halo'. Call me if you'd like more info...'Dangerous X-posure', WABX's new music program, has been expanded to three hours, Sunday evening from nine to midnight. The show has killer ratings. It is the only show of its kind on commercial FM band during the rated hours...Until next time."

WDVE, PITTSBURGH, PA M.D.-RON NENNI: "The surprise of the week is the Night Ranger. It's not just a fly-by-night one-cut band. This album has depth. 'Don't Tell Me You Love Me' is a well crafted song that will pave the way. Brad Gillis on guitar, huh? He's also the guitarist that Ozzy picked up. And, by the way, Ozzy's new live album is driving them crazy. There is no question about it. The Ozzy/Sabbath fans are our most active listeners...We've been playing the B-side of the Pretenders import single for about a month now. 'My City Was Gone' has an infectious riff and we're glad to see it released domestically...Yea, J. Geils. Who cares about the corny album cover? 'Full House' seems to be beyond comparison, but 'Showtime' is bursting with the same energy that made 'Full House' a classic. 'Walls Come Tumblin' Down' and 'Sanctuary' lead, with a lot of other live option cuts...'This Time It Must Be Love' from the Donnie Iris album is the cut that could do it. We're gonna give it a shot...Saga, Coney Hatch, and Stray Cats are still the success stories over the past couple of months...Phil Collins made an impressive debut in sales at #9. Petty moves from 9-6, Benatar 5-2, and Adam Ant 17-12, which has also moved up in rotation this week...Thanks to Jon Scott for the conference call. I'll be looking forward to more in the future...From Howie Castle, to Bernie and Chip: Don't worry about the 'Lightweight-of-the-Week' award, 'cause Ed will once again walk away with the award...Last week's Rock Wars in Denver was the most exciting yet. All right, Bill!"

WMMS, CLEVELAND, OH M.D.-KID LEO: "No matter what, the worth of a band's metal is how a song sounds on the radio. You can play it on any system you want, but if it don't come over those car speakers, it ain't worth a damn. And 'Don't Tell Me You Love Me' by Night Ranger has got enough metal in it to be mined for a long time. Sounds fine on my brand new ride...Now, for the most part, we all know live albums are surrogates for greatest hits Lps except when you're talking about a band that knows when it's show-time! Break a leg, my ass. They'll break your back with their solid rock and soul attack. We've heard it for many years. Thing is, they don't get older; they get to be more the wise; they don't get wiser, they're the epitome of wise guys."

WGRO, BUFFALO, NY M.D.-BILL WESTON: "It's the Ant invasion in Buffalo. Adam Ant right now is as big as those huge 6 legged mutants in the old sci-fi flicks. MTV can be credited for starting this runaway snowball. Nearly top 10 sales with minimal airplay. 'Goody Two Shoes' goes right into heavy at 97ROCK... Added the Furs 'Love My Way'. The record satisfies a number of tastes, new wavers, balladeers, and mainstreamers...Are the Pretenders still the Pretenders? I feel a bit funny front-selling the band on the air. Will there be an album? W.B. is usually pretty good about notifying stations of upcoming releases with their notebook sheets. It makes our station sound really on top of things when we can give the specific day when we'll have the new blockbuster Lps from so and so. A hand delivery assures the album will get here on the right day. If the album is in the hands of the local rep in advance of the release date, it would allow us to promote it heavily with some degree of certainty as to when it would arrive and not look like schmucks if it didn't arrive on time through the mail or UPS. I believe it's better for all stations in the market to have the album on the same day with heavy prepromotion than scoring an exclusive every once in a while...(Hey, does anybody know where we can get the early Kinks Greatest Hits on Reprise?)."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Get a hold of the Payolas' new Canadian 45 'Soldier'. If 'Eyes Of A Stranger' is working well for you, this should be your next cut...Other than the Payolas song, the record that has me in its clutches the most is Golden Earring's 'Twilight Zone'. What an absolutely masterful record... Still looking for good things from Vandenberg and 'Burning Heart'...My guiltiest pleasure of the past few weeks has been Toto's 'Africa'. Love it...Just want to give some overdue thanks to Doctor Double J, David Leach, and Fred DiSipio for their help with the Pat Travers WYSP concert...Good meeting Drew Murray and seeing Linda Walker again, too...Congratulations to my favorite couple in the entire business (Linda Feder and Al Cafaro). Ain't love grand...And belated congratulations to Robyn Kravitz on her new position...That's enough schmoozing for one week."

KBPI, DENVER, CO M.D.-KAREN ALLEN: "I'm a believer. The Psychedelic Furs will work for us. We ran 'Love My Way' through our new music show once again. It had the most response of the evening, and all of it positive. I'm sure this record will build...I've also been enlightened on the subject of Frank Marino. Our on-air sound is softer these days, but 'Strange Dreams' is so melodic, it fits in quite well... Now, if I could bring to your attention the album by Shanghai. You might still have one somewhere. Please, please, get it out and listen to 'Talk To Me' again. It's the perfect song for the radio. And, yes, it pulls great phones. This song is not filler material, but a great rock and roll tune that grabs the listener...Also, I want to thank: Don Zucker at Polygram for bringing us together with Yoko Ono. Kathy Miller conducted an excellent informative interview with Yoko that we were proud to air."

KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON: "Sales: #1 Men At Work, #2 Pat Benatar, #3 Judas Priest, #4 Tom Petty, and #5 Supertramp...Requests: #1 Kiss, 'War Machine'; #2 Men At Work; #3 KGON Album; #4 Robert Plant, 'Far Post'; and, #5 Devo...Night Ranger's got the goods. Brad Gillis' guitar growls, and 'Don't Tell Me You Love Me' has a clean, exciting sound that jumps out of your speaker...Glad to see the interest in Vandenberg and Kiss, although we think the cuts are 'Wait' and 'War Machine', respectively... In these days of new musical directions, let's not get so eager to change that we forget the hard rock that relates to that kid in the streets. 17,000 Judas Priest fans proved that hard rock is alive and well in the Rose City last week. Coney Hatch did a short but entertaining set opening up more hoser rockers with a lot of potential. Judas Priest was the ultimate headbanger's delight. Visually, they were awesome. Rob Halford came by the station for happy hours, chose a winner in our Judas Priest 'screaming for vengeance' rock cycle giveaway, and even sang 'Happy Birthday' to Chris Burns, our afternoon man. Rob, it's great to see the 'Hellion' can still be a perfect gentleman. You're welcome on my show anytime. Once again, thanks to Columbia for the promotion and interview."

WKZL, WINSTON-SALEM, NC M.D.-CHUCK HOLLOWAY: "We are expanding our airstaff. Tapes and resumes to Tom Daniels, P.O. Box 11967, Winston-Salem, NC 27106...Adds this week: Henry Paul 'Hold On' (this is Outlaws country), and J. Geils 'I Do' from the party album of 1982...The Rock Wars feature was great. To do 4 in a market was just superb. I like the way you parallel the hour-by-hour songs. Denver looks like an interesting market."

RADIO ACTION CONTINUED

KQAK, SAN FRANCISCO, CA ASST. P.D.-BELLE NOLAN: "Adds this week include: Scandal, Psychedelic Furs, and Frank Marino...Speaking of CBS, Bob and I are looking forward to having a pre-Furs concert dinner with Rapp and Company. There's a great synthesizer line laced through the song 'Goodbye To You' from Scandal that really makes it outstanding, and that hook alone is worth the add...Psychedelic Furs is selling well in this market. They've always been the underground darlings here in the Bay Area, and 'Love My Way' should add a nice texture to the KQAK air sound. (A texture that's becoming more apparent on everyone's air lately, huh?)...Back in July when Frank Marino's Lp came out, I had the opportunity to interview him and spotlight his album on a new music show I produced on KRQR. He's a holdout from the old days of rock when artists explored their creativity through their music rather than their pocketbooks. He deserves this second chance. Not only that, but 'Strange Dreams' could possibly be the most unique sounding new song on the air, considering the modern rock revolution permeating radio these days...Considering a re-add on Taxxi based on the record be happenin'...Roger Lifeset: Considering how much heat you've given me over the years, the least I could have done was to give it back to you when you came to visit. You'll be happy to know that 'I'm freezing' is no longer a part of our vocabulary, but 'I'm broke because of our new wood stove' is. Roger, you're the best...Curious to know from the stations broadcasting the final Who show--Were you 'chosen' to present this nationwide broadcast before or after you plunked down the \$40,000 fee?...Bob and I wish everyone Happy Holidays. Eddie and I will be roasting the old bird in Scottsdale at the folks, 602-948-3363. Have you gotten our Christmas Party invite? We're still updating our mailing list, so send information please if you have not received regular mailings from us...P.S. Todd and Utopia were wonderful."

ATTENTION: The Thanksgiving week deadline for Radio Action and reports will be 8 PM, Tuesday, November 23rd and 3 PM, Wednesday, November 24th, E.S.T. Record Action reports will be taken only on Tuesday up until 8 PM.

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "There are few bands that I would travel a great distance to see, and even fewer that I need to see more than once or twice. Don't get me wrong, I love live music. I even prefer to see a band live than to hear them on record. It's just that with a local Agora, a Coliseum, and various small clubs within 10 minutes of my home, there's plenty of live music to keep me busy. However, there is one band that I'd go to see anytime that they come within 150 miles of Hartford. I'm talking about America's best live showmen--the J.Geils Band. Few programmers put out more energy and rarely does a live album come as close to putting that energy on vinyl as does 'Showtime'. You're right, Bill, this is much more than a live option album. It goes immediately into heavy here...I've been resisting the Adam Ant for weeks, despite pressure from the label and an army of indies trying to convince me to play it. It was my feeling that all the excitement was being created by an outstanding video of what was basically a mediocre song, and I had certain reservations about how the song would do on the radio without the visual reinforcement. I was also convinced that 'Goody Two Shoes' was strictly a teen song, since virtually all our requests were coming from very young kids. I had visions of Rick Springfield posters coming down and Adam Ant posters going up on bedroom walls of 12 year-old girls all across the country. So what convinced me to add Adam this week? Well, he played to a crowd of about 2,500 over 19 year-olds at the Hartford Agora the other night and his album is Top 10 saleswise. So who am I to deny him airplay?...Another band whose local sales figures are outstanding, but whose music is a bit too left of center for some, is the Psychedelic Furs. We added 'Love My Way' this week. I mean, if they're buying it, they must want to hear it, right?...Okay, kids, it's gross out your parents time. Ozzy is back with an album that will once and for all put Black Sabbath to rest as a has-been band, and establish Ozzy once and for all as the King of metal madness--just don't look at the cover art while you're eating."

WSYR, SYRACUSE/UTICA, NY M.D.-CHIP KNIGHT: "The hottest records in Syracuse are: Kiss, Phil Collins, Peter Gabriel, Tom Petty, and Saga...Kiss is out-distancing the pack by 5 to 1 on the phones...Great phones on: Joe Piscopo. I went to school with Joe, but he couldn't remember his own name then, so he probably doesn't remember mine now...My Birthday Bus to Rochester for the Gabriel show never touched the ground. May as well have been a birthday plane...Speaking of airlines, our own Big Mike gets the funniest award of the week for declaring the recently deceased Breshnev's eyebrows an international park."
P.D.-BERNIE KIMBLE: "Thanks to Harvey Leeds for straightening things out...Big thanks to: Jeff Criden for the Gabriel show...Watch for Blanket Of Secrecy to be re-released after the first of the year... Hello and thanks to: Tom Berry from SRO. Dinner was great, so was Kim Mitchell...To Frior: Elephant-robic award winner of the year. An eternal heavyweight."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "WCMF Adds This Week: Night Ranger, J.Geils Band, Psychedelic Furs, Pretenders 12", and Police 12"...It's been a pretty dull week, so I'll share some random thoughts with you...'It's Showtime' by the J.Geils Band is the perfect record for all your seasonal party needs... The Furs go in this week with 'Love My Way'...Who is Night Ranger and where have they been hiding this smokin' record? Good stuff...Peter Gabriel was spellbinding in concert last week. Don't miss him on tour...So football's back. Big deal. My girlfriend and I have been playing two-hand touch on Sundays anyway...Finally, best wishes for a pleasant Thanksgiving."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "I'm still so excited by the new Phil Collins album. I love it to death!! Starting to get the same kind of response to 'Thru These Walls' as we got on 'In The Air Tonight'...Phenomenal calls on Utopia's 'Hammer', possibly due to MTV play and 'Libertine'...The song 'What About Me' by Moving Pictures is fast becoming a monster record. Incredible phones from teens and women...Also very strong response to Saga's 'On The Loose'. Sales are picking up (18-14 this week), and I wouldn't be surprised if they hit Top 10 before Christmas...The biggest release this week is the J.Geils Band. Isn't it rewarding to see the success of such hard-working perfectionists. I'm thrilled with the 'Showtime' album...Steel Breeze's second single 'Who's Gonna Love You Tonight' should be a good followup single...The Pretenders single 'Chain Gang' is dynamite, and listener response is automatic... Richmond is hot tonight due to the biggest event in the State, UVA takes on Russia in basketball, and you'll see me half court on the sidelines rooting for Ralph...The WRXL Video Show will debut in December, but I need your help. Any and all videos are desperately needed and you may send them to my attention at: 7100 Bethlehem Road, Richmond, VA 23228."

WMJQ, ROCHESTER, NY ASST. P.D.-MICHAEL ISABELLA: "The J.Geils Band can 'do-wop' with the best of them, and the loud version of 'I Do' captures that trademark Geils party sound...Question of the week: Did Chrissie Hynde really find the same guys who grunted with Sam Cooke?...The Night Ranger is everything our fearless Editor says. Strong production and good hooks will propel this baby onto many a chart... MJQ was proud to help make the Aerosmith show a sellout. 'Lightning Strikes' is on the air and getting good response...Thanks to: Teddy Massaro for the opportunity to talk with Angry Anderson of Rose Tattoo... Thanks to: Jon and Doug at MusicVision for the Tom Petty goody and the conference call last week. As usual, it was very informative and I'm looking forward to Jeff Gelb's column next week."

WKLC, CHARLESTON/HUNTINGTON, WVA P.D.-NEIL LASHER: "Adds: Adam Ant, Kiss, Robert Plant Ep (Imp), Chilliwack, J.Geils Band, Spoons, Rose Tattoo, Pat Travers...Testing: Night Ranger, Members and Duran Duran...Top 5 retail: Men At Work for the 6th week in a row, Stray Cats, Don Henley, Pat Benatar and Hall & Oates."

WKDF, NASHVILLE, TN M.D.-DAVID HALL: "The Pretenders have once again topped themselves with 'Back On The Chain Gang'. This is easily their most commercially viable offering yet. It's especially good to get a fine Pretenders song in the wake of James 'Honeyman' Scott's death and Pete Farndon's departure and all the rumors that the band would break up. Hopefully, Chrissie Hynde and the new line-up will be able to reap the benefits of the ground work laid by 'Brass In Pocket', 'Talk Of The Town', and 'Message Of Love'. I'm looking forward to the album, which hopefully won't be long in coming, and to the tour...Linda Ronstadt rocked the Grand Ole Opry House here last night with a perfect show that displayed her incredible range. Now, her sense of maturity and confidence mean even better performances than on earlier tours. Asylum's Larry Braverman and Rhett Walker joined Smokey and myself for a pre-concert dinner with our contest winners and we all had a fabulous time...I'm getting a good street buzz on the new Tom Petty. Looks like he's definitely bouncing back from whatever disappointment 'Hard Promises' yielded...Based on requests, I'd also say that Pat Benatar's 'Shadows Of The Night' single will be her biggest yet...Next week's concert action includes: Joe Jackson and REO Speedwagon in Nashville. Can't wait to do some 'Steppin' Out' with Joe and then get into some 'Good Trouble' with REO!"

WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "The Petty is doing excellent with an awful lot of cuts: 'You Got Lucky', 'Finding Out' and 'Change Of Heart'...We decided to spread the Travers out with 'La La' and 'I'd Rather See You Dead'...Missing Persons continues to show some strength...J. Geils jumps onto our list--a great party record. This is what we're starting with: 'I Do', 'A Thousand Dances' and 'Centerfold'... J. Geils is a good party record for people that are getting crazy now that the NFL strike's over...Night Ranger sounds like a combination of Deep Purple and Loverboy, and helps fill a hard rock void we've got... We went with Henry Paul, our hometown boy, with 'Hold On'...Have you ever tasted a Vegemite? Some friends from Australia dropped a jar off last week. For some reason Australians love this stuff--but it tastes like a combination of vitamins and brake fluid. Down under, they spread it on bread and wash it down with Foster's Lager, which comes in quart cans that look like oil...Rock Wars takes a lot of reading, but it gives you an idea of what's happening in Denver. It takes a lot of effort on the part of the programmers and it takes up a lot of room in the sheet, but it's invaluable. It was handled very professionally this time."

WAPI-FM, BIRMINGHAM, AL M.D.-JOANNE PETERSON: "The Birch is in and 95ROCK continues to cook. 12+ 8.2 to 10.9 and #1 in 18-34...Adam Ant goes in this week. Sounds like a smash. It's already a favorite at home... J. Geils is always at their best live and 'Showtime' proves it. We're sticking with the single for now... Frida goes in too...As well as Kiss. We're interested in seeing what kind of reaction we'll get on this one. This week is a test...Top requests: Men At Work, 'Dirty Laundry', 'Rock The Casbah', Saga, and Adam Ant (before anybody in town every played it)...Sales: Men At Work muscled their way back to the top, Donald Fagen drops to #2 after 4 weeks at #1, #3 Dan Fogelberg, #4 Fleetwood Mac, and #5 Clash...Pleasant surprise of the week Joni Mitchell is #14 in sales first week."

WAQX, SYRACUSE, NY P.D.-ED LEVINE: "First off, I think there's a couple of songs that album radio, for the most part, have missed out on in a big way. Eddie Money's 'Shakin'' is a legitimate hit in this town. If you never dealt with that cut, check it out...Also 'Burning Heart' from Vandenberg has been steadily picking up phone requests. I think it's a slow burner that will do real well in the long run... 'Wind Him Up' from Saga--good follow-up to 'On The Loose'...We've been playing the import for several weeks and have been getting significant requests for 'Back On The Chain Gang' by the Pretenders...Rose Tattoo is gonna do real well 'cause it's got the AC/DC kind of sound, without using the negative image that AC/DC has to an incredibly large portion of our audience. We're using 'Juice On The Loose' because of the mature lyrical content...While I'm giving these comments, the Night Ranger tune 'Don't Tell Me You Love Me' is on the radio and sounds great. This is one new band that's gonna sell some records...For those of you who have had success with Henry Paul in the past, I strongly suggest 'Cold War' as the cut. It's what Henry Paul's fans expect out of him, while 'Night Line' and the single may make quite a few new fans for Henry...Also, we've gotten into 'Black Widow' from the Starship. Great riff on that one...This Adam Ant record doesn't seem to want to go away no matter how much we wish it would. Seriously, it seems like it's an important record for the short term...The Joni reaction has been mixed. Yes, there have been some upper demo female requests, but yesterday when it was played it got two negs, one from some burnout who wanted to hear Led Zeppelin and another who wanted to hear 'real' rock. We're keeping our fingers crossed...We are all anxiously awaiting the new Zeppelin record which I guarantee will break all existing records for first-day airplay...Once again, the Rock Wars feature made my lunch go a lot faster. May I suggest Buffalo next. I guarantee that would be entertaining."

WLRS, LOUISVILLE, KY M.D.-TERRY MEINERS: "Well, I don't know about you but since I listened to the new Ozzy album I'm certainly floating in a higher plane of consciousness. I'm pretty pissed off, too. After all the things I've done to promote my personal savior. Ozzy Osbourne, he goes and puts Buck McWilliams on the cover of the new record. You're the man, Ozz. Love your face babe. Pass the strawberry preserves, you carnivorous maniac...Smokers: Saga, Joe Jackson, and Men At Work...The Phil Collins is getting phenomenal phones... Thank you NBC, the Source and Dan Forth for bringing Don Pardo in for 24 hours of solid mirth. If you're a Source affiliate, you should take advantage of Dr. Don's pipes. Hearing him play Jeopardy with callers is a real hoot. He doesn't cost much: 50 bucks, a cot in the record library, 2 feet of rope, a case of Vitalis, and the latest issue of National Geographic."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "Nice package from the J. Geils Band. Pete Wolf has to be a class A entertainer with absolute control over his audience. Over the air, we'll assume that to be in control over our audience. When this record sells through, I can foresee the older Geils catalog picking up. The selection of songs are a smart move in this respect...We're on Rose Tattoo's 'Scarred For Life'. Had marginal success with previous albums and need a biting edge on our current list...Clash surprisingly comes in at the top of the retail list, Pat Benatar debuts #2 sales, Hall & Oates now up to top 5 sales, and most importantly, no negatives...Pretenders comes in this week as #1 requests, 'My City Was Gone' far out-numbering 'Chain Gang'...We are upping rotations on Supertramp, and opening up full time rotation to Adam Ant...Our phone response so far on Night Ranger is very strong...Looking forward to Ozzy and Led Zeppelin next week."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Hard to believe that everyone but the label knows about this Led Zeppelin album. Kind of makes you wonder why you should believe them when they say they really do have a record. Like Sky said last week, no need to try and pull the wool over our eyes because we just aren't stupid...J. Geils is an automatic this week. Personally, I would have added some different tunes, having seen the shows in Pine Knob this summer, but the ever-present J. Geils energy is definitely there...I remember listening to a cassette of Night Ranger about a month ago and recall being impressed with 3 or 4 tunes. It's nice to see Boardwalk coming through with another surprise this year...I am really surprised at how much I'm getting into this English Beat tune 'Save It For Later'. This reminds me of the Men At Work story in which all us music lovers were listening to it months before we actually played it. Speaking of Men At Work, I got a chance to see them over the weekend with Mental As Anything (a fine double bill) and it's apparent we'll be playing their albums for years. They did a few new tunes which were just as good, if not better, than anything on 'Business As Usual'...We also had the pleasure of hosting a sold-out Billy Squier and Nazareth show and we walked away with a feeling that success hasn't spoiled Billy Squier, it's just made him that much better. He is radio's kind of rocker...By the way, WIOT has been rocking now for an even 10 years and we're celebrating our birthday the whole month of December. Any artist phoners would sincerely be appreciated...Hope you can appreciate this one. What goes: Click. Is that it? Click. Is that it? Click. Is that it? Answer: Ray Charles playing Rubik's cube."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Adds: Taxi, Talk Talk, and Foghat...I'm still in love with Joni's album...Phil Collins and Night Ranger move up in rotation and doing nicely...I don't have any adjective-laden dissertation on any album or any personal attacks to make, so I'll can it here...Oh, by the way, have a happy and safe Turkey Day...And, before I forget, Bill Heltemes I promise I'll listen to Rose Tattoo so please send my grandmother home. Thanksgiving is Thursday, you know."

WYFE, ROCKFORD, IL ASST. P.D.-THE DOCTOR: "I'll be much briefer this week! First off, I thank Kevin Carroll at Capitol Records for bringing Billy Squier into the station so we could do a rather extensive interview. Even though Billy was supposed to be at a sound check, he gave me plenty of time to talk about what's happening and our audience just ate it up...Capitol also helped us out with a Missing Persons trivia quiz in which the winner got a free round trip ticket to anywhere in the continental U.S.A. by filling in the missing persons from the old TV shows Bonanza, Star Trek, The Brady Bunch, the original Mouseketeers, and the four Lennon sisters. Our winner chose Atlanta, GA as his destination, to visit his girlfriend... From our retail research Dan Fogelberg came out with solid 10's making it the record in Rockford this week. We added 'Missing You' from the album. It sounds like Dan is taking all the various works he has done and compiled it into this song. It is one of the records of the year. And the cross-over appeal that it has is astonishing...Henry Paul has come back real strong with 'Heat Of The Night' and Valerie Carter's help on the record sure doesn't hurt! Check it out. I think it's Henry's finest...Golden Earring's latest is still building for us as we up the rotation to medium. I think this one could be around for awhile... Adam Ant's 'Goody Two Shoes' has prompted us to do some heavy testing, all though we haven't officially added it yet...The calls are starting to pour in for the Police track 'I Burn For You'. I still think it's an excellent track that exemplifies just what the band should sound like...Top sales this week: Dan Fogelberg, Billy Squier, Pat Benatar, Men At Work, and Stray Cats...I'm gearing up for our staff meeting tonight. So, see you next week."

WILS-FM, LANSING, MI P.D.-LES COOK: "Record of the week: J. Geils 'Showtime'. Rousing renditions of Geils' classics that should bring Geils fans flocking into the stores. And for this area, we can program anything on the records. Our listeners want it bad...The Pretenders 'Chain Gang' is released in the U.S. now. We've had good phones on the import single--it works...Good album from Detroit-based Toby Redd. We'll start with the very topical 'Can't Get A Job'...The Riot live is hot. 'Swords and Tequila' smokes. Also check out 'Showdown'...Fashion 'You Only Left Your Picture' is different. We want to sound a little different though, so this should do fine in Lansing...We have been graced with the finest album every from the Henry Paul Band. We'll be holding onto this one for a while...Top 5 sales: Men At Work, Pat Benatar, Joe Jackson, Supertramp, and Phil Collins...The radio free Lansing top 15: Rhythm Method, English Beat, Thomas Dolby, ABC, Lene Lovich, Our Daughter's Wedding, Adam Ant, Psychedelic Furs, Wall of Voodoo, The Flirts, Altered Images, Oingo Boingo, Boomtown Rats, Material, and The Members...Rock Wars is great, I love it. Keep doing it."

WPYX, ALBANY, NY M.D.-BOB WELCH: "Adds: Riot, J. Geils, Pat Benatar, Pretenders, and Phil Collins...The Live Riot sounds great. We tried it out on our new music program and we've been getting requests for it ever since. So in it goes this week...The word for the new J. Geils album is 'h-o-t'. 'I Do' moves to power rotation this week, now that we've got the rest of the album to back it up...Phil Collins has put out a wonderfully diverse album full of great songs for any format. We expect this one to be a monster. Already good phones...Retail action: Benatar debuts at #3, Clash is still #1, and Saga moves #18 to #11. Missing Persons moves #10 to #8...For next week we're listening to Night Ranger, Kiss (I tried a couple of songs on the new music show last week and the requests for the new Kiss material haven't stopped yet), and Rough Trade...Finally, I think the cover of the new Ozzy record has turned me off of strawberry jam forever...Rock Wars was excellent. Keep doing it."

WLIR, LONG ISLAND, NY M.D.-ROSIE PISANI: "A few months ago, every cult, car stereo, and Third World briefcase was blasting the Human League's 'Don't You Want Me Baby'. Well, it could happen again with the League's new Motown inspired 'Mirror Man'...Noteworthy new music from: Siouxsie And The Banshees, APB, Combo Audio, and a new dance/pop tune from Yaz...Screamer Of The Week: Thomas Dolby's 'She Blinded Me With Science'...Heavy phone action on: Devo...And finally, take a look outside, new music is becoming the lifestyle of the 80's."

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND: "Bruce babe. Like, hey man, I gotta smokin' new track for you. We're talking hot double-halfway-back in the card file mutha of a tune. Everybody else is on it. And you're my Number One priority this week, babe. Last week, it was my laundry. Oh, by the way, didja hear Walter Mondale went trick-or-treating and nobody could figger out who he was? Back to this song. It's a cross between Dylan/Creedence/Pink Floyd/Devo and Clapton. Really! It's 'Drano Cocktail' by Flaming Tissues. You heard the test pressing? You don't like it at all? Doesn't fit format? C'mon babe, I could use the add. Who was there when you needed the 25-Lp giveaway, huh? And look, Philly's on it. Fargo's on it. They're gonna spend large bucks on promoting it, so do ya need to meet a car payment? You're my #1 priority. Last week you were 35 with a bullet. You'll play it? Great, man! Whaddaya mean you'll play it in cue? Wait...Hello? Ciao, babe."

WZXR, MEMPHIS, TN ASST. M.D.-ROBIN STERNS: "I'll be leaving Memphis to do Middays at KJQN in beautiful downtown Ogden, Utah. Tom Stein will be replacing me as M.D. and will be on the air 6-10PM. Aaron Jones moves up to 10PM-2AM, and Dave 'I'll-do-anything-for-a-hundred-dollars' Culp joins our full-time staff doing 2-6AM."

WMYK/WZAM-AM, ELIZABETH CITY/NORFOLK, VA M.D.-BILL SIMMONS: "Tom Petty is living up to his rave reviews with a Top 10 sales debut and hot phone action on a variety of cuts...Phil Collins also debuts strongly, Top 20 retail...Night Ranger was custom made for your basic album radio format. 'Don't Tell Me You Love Me' is the standout tune...Adam Ant gets stronger every day with increasing phone activity, mostly stimulated by MTV...And George Harrison is turning out to be a surprisingly strong record in this market. Good phone input, all positive."

WVCK, FLINT, MI P.D./M.D.-MARK MILLER: "Glad to report Top 5 phones and some sales on the new Kiss album. The band seems to be kicking back into gear quite nicely, thank you. 'I Love It Loud' has that chant feel to it, much like 'I Love Rock And Roll' or 'The Stroke'. It's a great song, and it deserves a few spins despite the band's so-called tarnished image. I mean, let's face it, these guys helped define the heavy metal genre and they can still put it off as well as almost anyone. I think this whole image controversy is getting a bit out of hand these days. Radio seems bent on pigeonholing bands into different categories, both stylistically and in terms of right or wrong image. We create those barriers ourselves, a listener couldn't care less. To them, a record is either good or bad. For what it is, the latest Kiss record is good and should not be denied...Great phone calls still coming in on: Donnie Iris, 'Parallel Times'. I still think that when all is said and done, 'if' there is a bona fide hit track on the album, this is the one. It's certainly worth a listen...And finally, just a few words about J.Geils. I've been fortunate enough to see and hear the recording of all three of their live albums, and 'Showtime' has got to be the best. The band got more sound quality on that outdoor stage than most bands can get in the studio. 'Showtime' is the state of the art live album."

WROQ, CHARLOTTE, NC M.D.-JACK DANIELS: "After just two weeks, Kiss is #1 requested with tremendous sales with only a light rotation. If you're a rock station and not playing this record, you're missing the boat. This band has salvaged their image. This is beyond the cult. Though it's heavy on the teens, there are significant 25+ calls...One of the best produced live albums I've heard this year is the J.Geils Band album. They have such a party image, they can get away with about anything...Look forward to meeting a lot of folks at the Abrams Convention in January."

KFMQ, LINCOLN, NB M.D.-BOB ROSEL: "Adds: Phil Collins, J.Geils Band, Utopia, Night Ranger and 38 Special 'Prisoners'...I would like to thank all the reps, artists, and degenerates who I have worked with over the past year, for making this year an enjoyable one. Have a great Thanksgiving. Special thank you's to Buddy Bengert for the Buddy bags, Feineigle for lunch, and Saga for a friendly visit and a great show...Tom went ga ga goo goo over Night Ranger. Sounds to me like the kind of music stars are made of...38 Special's 'Prisoners Of Rock And Roll' is generating a lot of interest from our listeners. The tune sounds great on the radio...We've decided to test the Frida record. It just may work here. We'll see...Still tops in sales in Lincoln is Men At Work...Also maintaining a good showing this week: Stray Cats, Bruce Springsteen, Dan Fogelberg and, finally, Pat Benatar...Still feel Jack Mack And The Heart Attack is a party Lp supreme and is starting to generate good phones here...And don't overlook the new Joni Mitchell Lp. Sales are picking up in Lincoln...We're also starting to get good phones and increased sales on The Fixx's 'Stand Or Fall'."

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "It goes without saying that the new live J.Geils album is a welcome addition to the airwaves around here. 'I Do' should show up as a strong single as time progresses. We also like 'Land Of A Thousand Dances', 'Love Stinks' and 'Just Can't Wait' are real strong songs too...The Tom Petty Lp gets better and better as we continue to play it on the air. 'You Got Lucky' is getting good initial reaction and we also like 'One Story Town' and expect to be using 'Deliver Me' and 'Change Of Heart'...'Lightning Strikes' by Aerosmith is coming on real strong as we anticipate their soldout appearance this Friday night in Portland. It should be a h-o-t show with Rose Tattoo and Pat Travers opening...The Phil Collins album is a true work of art. We're playing 'Thru The Walls' but one of my favorites in my home listening has turned out to be 'Like China'. This guy has a really unique style that is very refreshing on rock radio...I can't remember the last time we were playing as many cuts as we are currently from the Jefferson Starship. This is an album that really highlights some strong writing...Congratulations to a couple of new bands that have gone through the roof around here: I'm talking about Steel Breeze and Saga. They both have done exceptionally well with their debut Lp's and we will probably go on many more cuts on both before it's over...Men At Work are really coming into their own. 'Down Under' is on the way to being a huge song around here. You've got to give credit to bands like this who come across with their own sound and are commercially successful...Billy Idol's 'White Wedding' continues its strong growth pattern and is quickly becoming one of the hottest requested songs in the market...Under serious consideration around here is the Adam Ant album. The more we hear 'Goody Two Shoes' the more we believe it can go beyond the cultists."

ATTENTION: The Thanksgiving week deadline for Radio Action and reports will be 8 PM, Tuesday, November 23rd and 3 PM, Wednesday, November 24th, E.S.T. Record Action reports will be taken only on Tuesday up until 8 PM.

KFMH, MUSCATINE, IA P.D.-STEVE BRIDGES: "Adds: J.Geils Band, Night Ranger, 'Brimstone And Treacle' Soundtrack, Material, Tyzik, Earl Klug and Bob James...Very good product this week. Can't remember such good product coming out as we've had this Fall. The Moving Pictures album is doing very well. Requests are up...Springsteen is still garnering more appreciation every week. I didn't think that would happen. But then, I thought the football strike would be over quicker...Cuts to watch from J.Geils: 'I Do', 'Love Rap' and 'Land Of A Thousand Dances'...Good tunes too from the new Night Ranger album. They include: 'Don't Tell Me', 'Sing Me' and my favorite 'At Night'...Police's 'I Burn For You' is heavy on requests almost immediately. It's also created requests for their old product. A lot of Police oldies airing this week...The Material album is being given a try. Sounds very good...Also, for jazz lovers, Earl Klug and Bob James put out a very commercially viable product...We at KFMH wish to congratulate our music director Lisa Catalona for entering her 8th year here at this station. She is part of the reason that we've had a long tenure as an album outlet. We are entering our 10th year!"

WHFS, BETHESDA, MD P.D./M.D.-DAVID EINSTEIN: "Good time for women in music with new records by Grace Jones, the Pretenders, The Waitresses, Lené Lovich, Kate Bush, Toni Basil, Holly Vincent, and Siouxsie And The Banshees. It's encouraging to see these artists not only fronting bands, but actively developing their own styles, and garnering acceptances on their terms. AOR be damned!..New singles in and doing well here include: Musical Youth, Captain Sensible, Pylon, Fad Gagdet, Seagulls, Dexys Midnight Runners, and Heaven 17."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "Heaps of praise on Rock Wars. The expanded format giving a total market profile works to everybody's advantage. Denver sounds like a fine place to work and from the looks of things it's a great place to listen...About a dozen years ago a Chevy with MA plates and overloaded with slightly crazed loony musicians showed up at a more than slightly crazed gathering in Vermont, known as the Capitol Alternative Media Conference. Their rompin', stompin' performance was one of the wildest things that ever came down the pike. That concert is one of the standards I've measured every concert I've been to by since. This summer at Saratoga those bad boys from Boston proved that they have still got it in them and so do the grooves of the live album. My only wish is that there was another disc in the package...Tremendous amount of talk, especially on the phones about Talk Talk. Starting to see a very nice sales picture developing as well...Night Ranger definitely has what it takes. Pretty boy rock with just enough grit to make it translate nicely...Adam Ant continues to command attention. Looks to be the ant the roared."

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "Doo doo, doo doo, doo doo, doo doo. Do I love them, you bet I do. The best party record of the season. All live action! The J. Geils Band 'Showtime'...TOM PETTY AND THE HEARTBREAKERS SETTLE NFL WALKOUT! Petty ends controversy by enticing players and management to dance together, then agree...Is anybody out there playing Linda Ronstadt and liking it? We are! 'Get Closer' is right on...The English Beat are hanging tight. People will be requesting it more and more as their tour progresses eventually to this city by the Bay. And by all estimations, they are very good live...Wow. Has it been winter all of a sudden or what? Shiver! B-r-r-r-r-r-r-r."

WOBK, ALBANY, NY M.D.-LIN BREHMER: "Other than the major new adds from J. Geils and the domestic Pretenders, John Martyn's 'Gun Money' is the highlight of the week. His last album was a disaster. John Martyn sounds best when he croons or growls. His last album had him whimpering. He's an exceptional artist...I'd hate to admit that Plen is finally right about something, but we're getting requests for the Bar-bequed Iguana song...To Bob Clark: I couldn't agree with you more about the Blasters and the Fabulous Thunderbirds...Some of you new music stations should listen to an Ep from a Boston band called the Sex Execs. It's pretty darn good...Sky Daniels comments last week reminded me what I got into this business for in the first place--to see my name on the second page of the comment section. Remember a little cognitive dissidence is a dangerous thing."

KNAC, LONG BEACH, CA M.D.-MARY GODGES: "Join the Culture Club. One listen to 'Do You Really Want To Hurt Me' and you're a member...Don't be intimidated by Rough Trade..."
P.D.-JIMMY CHRISTOPHER: "To the Rapper at Columbia in New York City: It was great seeing you and Linda K. in the Apple. One thing, though, in your thanks for playing Translator, you forgot the first station to play the 12" back in June--105.5KNAC. We've also been on more than one cut...To Robyn Kravitz, at Arista, New York City: Sorry I missed you at the CMJ Progressive Media Convention...One reminder, KNAC is leading the way since Mid-October in daring to be different with 'Lies' by the Thompson Twins."

KBOS, TULARE/FRESNO, CA M.D.-SIMON JEFFRIES: "Hi everyone! It's real hot to be back here in minimum wage rock 'n' roll again! Since I'm busy, I'll make it real short and sweet. I'm doing the morning show, 6:00-10:00AM. So, giving me a hour for production, I'll be happy to accept calls from 11:00-2:00PM Monday through Wednesday. Our adds will be available on Tuesday after 12:00 Noon...Taking a quick inventory, we sure could use some new stuff from CBS, and overall back-up copies from everybody. We got a helluva signal so give us the albums and we'll shove them down their ears. Thanks!"

KTYD, SANTA BARBARA, CA M.D.-RICK WILLIAMS: "Adds: J.Geils Band, Donald Fagen, Waitresses, Frank Marino, Dream Syndicate, Pretenders 12" and Musical Youth 12"...J.Geils 'Showtime'--just can't seem to get it off my turntable. Finally, something to shout about--that is if you can stop dancing long enough to shout! This record is entertaining, informative, and fun! And 'I Do' believe it's high time 'Land Of A Thousand Dances' returned to the airwaves. Juke Joint Jimmy strikes again. One minor gripe: The sequency that splits up Peter Wolf's dynamite spoken intro to 'Love Stinks' on side one, and then puts the song itself on side two. Oh, well, it's still a great record...A note to album rock programmers who've had difficulty with Donald Fagen's record, try 'New Frontier' and ask yourself if you'd still be having problems with the record if the sleeve said Steely Dan instead of Donald Fagen! It took me until this week to finally come to grips with it and add this record, and the immediate positive response more than justifies it!"

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER/P.D.-MARK CHERNOFF: "We thought the San Francisco Rock Wars made very interesting reading; however, this week's Denver proved to be too much to absorb at once. Perhaps a two parter might have been better. On the other hand, as we've said before, the quality and quantity of shared album rock information in these pages, is invaluable! My only regret is that I never have time left for other types of reading, like good pornography!...This week our good friend, Gary Bonds, stopped by for an interview before an area concert and tomorrow WDHA is proud to present the legendary Greg Allman at a showcase club date...Extremely favorable reaction to last week's Peter Gabriel concert at the Capitol Theater in Passaic and remarkable audience reaction to Van Halen this week at the Meadowlands...Major re-add to hot rotation this week for 'Down Under' from Men At Work. Definitely a group to watch closely...After 20 weeks, 'Steppin Out' is understandably starting to burn. We're looking for another cut. How about 'Target' or 'TV Age', and for a change of pace, 'Slow Song'?...Sorry to say Utopia is not holding up in sales or calls...Adds this week: J.Geils Band, Squeeze Import, Jam, Frida, and Lp conversions for Golden Earring and Henry Paul...The J.Geils is the most live live album I've ever heard. It literally jumps out of the radio...Frida's 'Something Going On' has been in test for a few weeks and it has definitely grown on us and our listeners. It may be a one-hit-album but well deserving of programmers' attention at this point...The Jam is my favorite of this week's adds. It's a damn shame the group is coming apart just as they're about to really break in the U.S. with this release."

WCKO, FORT LAUDERDALE, FL M.D.-TRISH ANDERSON: "Adds: J.Geils Band, Duran Duran, Frank Marino, Psychedelic Furs and Pretenders... 'Showtime' has the unmistakable sound of the J.Geils Band; and with all the fantastic concerts in this area, South Florida is up for another great live album...Duran Duran tested extremely well with all age groups and we decided to let it work for us full time...After a 'strange dream' of my own, I knew Frank Marino was a good omen and a good add...Absolutely no negatives on the Psychedelic Furs 'Love My Way' when tested. We expect it to build nicely...The Pretenders is an unexpected but tasty change."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Ditto on Bill's comments on Night Ranger! The band has a real nice clean sound. It fills the need for every rock and roller's diet. Well-produced and besides that it sounds great on the radio. What more can you ask for? Yes, it does get reaction. We've already seen phone action on 'Don't Tell Me You Love Me'...P.D.-ARIN MICHAELS:-Regards from Arin to Mike Bone, our fashionable friend who has great taste in hot haute couture, even if he does live in Hoboken. P.S.: Your engagement party invitation is in the mail. We'll be serving swiss cheese enchiladas...M.D.-ROB ROMAN: I got to tell you, this world is definitely full of surprises. Last night we gave our audience a chance to hear something new. At midnight we feature albums from new artists and last night we told the folks we were going to play some music from a mystery artist. This in itself caused a reaction and built up some excitement! When midnight came around we rolled a few tracks from an album and asked for phone response. The hard rock rolled and the phones started ringing off the wall. Who was the artist that got such a strong response? KISS! Something must have gone wrong. Don't those listeners know that they're not supposed to like Kiss? Don't they know that Kiss is only for kids? But what are kids doing up at midnight? Just what's going on here anyway? Details later as they become available. Rockin Rob, KLAQ, Music News, El Paso."

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "The veritable suckah award (we don't give these out too often) goes to Night Ranger and 'Don't Tell Me You Love Me'. This is straight ahead, no bullshit rock and roll. Some of the sweetest guitar runs I've heard since Joe Walsh played with the James' gang...A live album with extra mileage has to be the new J.Geils Band collection. Great phones for 'I Do' and an especially strong cover of 'Land Of 1,000 Dances'...Couple of tasty cuts on the air this week: Fashion's 'You Only Left Your Picture' kept sounding better and better on the office turntable, so we'll give it a healthy shot... And finally succumbed to the marvelous hook line on the Psychedelic Furs 'Love My Way'...Since we're getting so close to the end of the year 'Best Of' awards time, we'd like to nominate Epic's Michael Moore for best-personal-album-deliver of the year. Michael cruised into KILO holding the new Ozzy Osbourne album, smiled, and a mouthful of strawberry jam oozed from between his lips and down his chin. I thought I wuz gonna die!...On a much more serious note, a heartfelt thanks to Polygram's Jim Sotet for setting up the best phone interview I've ever had the pleasure of doing. Last week, Yoko One phoned KILO and we chatted about everything from the John Lennon Memorial Park to her new album 'It's Alright'. The spontaniety of having Yoko on the air live, and her warm words left us all feeling very special."

WYMX, AUGUSTA, GA M.D.-OWEN HOLMES: "Adds: J.Geils Band album, the Pretenders Ep, Rodway...The Pretenders 'Back On The Chain Gang' is definitely a song for radio to react to. Put it on the turntable and you'll see what I mean. The record exudes h-i-t...RCA is starting 1983 off early with a group called Rodway. Rodway has a Human League feel to it and a dynamite hook. It's unusual at this time of year for a new group such as Rodway to get any radio attention, but I think RCA and Rodway are exceptions to the rule...Sales: Beginning to see nice sales on the George Harrison, Chilliwack and Donnie Iris...Sales and requests are still being dominated by Men At Work. The Aussies jumped from 11 to 1 on our Tuesday Night Southeast album countdown...Personals: To Dave Dannheisser: Yes, the rumors are true and you have been hired as our one and only news caster...To Danny Buch: Shalom, and how the hell are you?...Finally, to Beth Rosengard--where is my postcard?...Happy Holidays from everyone at WYMX. We wish you early holidays!"

WMAD, MADISON, WI M.D.-DALE WOLTER: "In sales, Stray Cats takes over the #1 spot and I have a feeling that it's just the beginning! This is one very deep album...Men At Work resurges to #2 followed by Springsteen, Supertramp, Rush, Billy Squier and Tom Petty. In the same department, we're seeing satisfying movement on Missing Persons, Talk Talk, Vandenberg, Saga, and Adam Ant which moved to power this week...Adds: Billy Bremner was an inspiring choice as new guitarist for this Pretenders tune. Chris Thomas' production gives it that extra push into the classic category. It'll be played here for a long, long time...Regarding Night Ranger, I haven't seen so much positive audience reaction to a record in months! Absolutely no hesitation on this one...And at the risk of redundancy, please don't neglect the Spooner album--at least listen...To Clifford: The bet is still on. After two months it's flat city in Chi-town!"

ATTENTION: The Thanksgiving week deadline for Radio Action and reports will be 8 PM, Tuesday, November 23rd and 3 PM, Wednesday, November 24th, E.S.T. Record Action reports will be taken only on Tuesday up until 8 PM.

KBLE-FM, DES MOINES, IA P.D./M.D.-RON SORENSON: "Our favorite song of the week is 'Pass The Dutchie' by Musical Youth. This former #1 British single has a really happy feel to it. Musical Youth is a group of 11 to 15 year olds and their obvious enthusiasm is highly contagious...Next fave is 'Back On The Chain Gang' from the Pretenders. It's one of their more accessible tracks and should elicit considerable airplay...Talking about accessibility and Lene Lovich in the same sentence has certainly been a contradiction in terms in the past, but not with 'No Man's Land'. It's her most mainstream work to date with 'It's Only You', 'Walking Low', and 'Special Star' all quite playable...We added a couple of old records this week. Marc Almond's 'Tuesday In NY' is a 1980 European release that we have, courtesy of Celestial Harmonies, who also sent us an excellent fusion record from former Coliseum drummer John Heisman called 'A Night In The Sun', courtesy of Chris Cooke from After The Fire. We also added #80-F; their 1980 British release. I continue to claim that After The Fire is an outfit with considerable potential...Wish us a Happy Birthday. Nov. 15th was KBLE's 7th anniversary. From our humble beginnings serving 14,000 homes on the west side of Des Moines, we grew to over 100,000 homes served in Des Moines, Ames Marshall Town, and Council Bluffs. Most importantly, we're still having a good time doing it. A special thanks to our friends in the trade and at the record companies without whom it would not have been possible...Adds: J. Geils, Earl Klugh & Bob James, Spoons, Al DiMeola, Tony Carey, Lene Lovich, Waitresses, Andy Summers/Robert Fripp, Rubber Rodeo, Musical Youth, Pretenders, and the Marc Almond import."

KATT, OKLAHOMA CITY, OK M.D.-WARREN WILLIAMS: "Here in the Sunbelt, you'll find Men At Work everywhere. The album is red hot; followed by Stray Cats, who rocked this town in September and will, hopefully, stop back in the new year...Phil Collins is a music machine in a class all by himself in terms of quantity and, more importantly, quality...Ten years ago, the J.Geils Band set the standard for live albums with 'Full House'. Now, they've lived up to their own standards with 'Showtime'...Tom Petty must be feeling pretty good these days. What an album!...Congratulations to everyone at WNEW-FM on 15 great years. I grew up on 102.7. Everytime I hear a J.C. Penney's or a Roloids spot, I time warp back to suburban New York City!"

WFBQ, INDIANAPOLIS, IN M.D.-CAREY CARLSON: "The first of the FBQ95 'Thank Q' parties was a rousing success, even on a Monday night. Listeners from all over Indiana come decked out in Q-clothing. Indies' Roadmaster was hotter than ever on stage--and the best part, it was free to the good folks that made us #1 in the September/October Birch. Speaking of good folks, thanks to: Warner Brothers' Nancy Orlandella and Bob Meyers from Elektra who helped us out on Sunday Night's live talk show last week. Topics of discussion were: How does new music make it or not to a station playlist, trends, consultants--the whole gamut. Thanks again...Peter Gabriel plays the Indiana University Auditorium Sunday night. We're looking forward to that intoxicating rock shock. Thanks again, Nancy, for the tickets...Just want to comment on the Members album. 'Working Girl' went straight out-of-the-box, probably the first time at this station...We're looking strongly at: T-Bone Burnett's 'Diamonds'."

WHJY, PROVIDENCE, RI M.D.-JEFF RICCIO: "I could start off by saying that it's great to see that the rest of the world has finally noticed the J.Geils Band, but I trust my New England comrades expressed their joy over that when 'Love Stinks' caught on in 1980. For too many years, records were released by the J.Geils Band and received no airplay outside of New England. Their hard-driving live performance always seemed to be overshadowed by what people called 'lackluster' albums. But finally, the J.Geils Band perfected their studio sound at the same moment the Wolf/Justman writing team began to click and EMI Records started to promote the band. As a matter of fact, every album released on the EMI label reached the standard of success that so long eluded the band. Well, now they've released a live album on the label and the sky seems to be the limit. Geils concerts are legendary. So the combination of their stage performance with the promotion of the EMI Record label, promises to produce a fantastic event. Mind you, I've expressed the same amount of enthusiasm upon the release of 'Ladies Invited' and 'Hot Line', but this time it's different. The J.Geils Band is on a roll. 'Showtime' is busting at the seams with monumental rock and roll moments. From the opening introduction to the final bars of 'Land Of A Thousand Dances' that closes out Side Two, the excitement this band generates never ceases. Being a veteran participant of well over 40 Geils performances, I can attest to the fact that 'Showtime' is the ultimate representation of what these guys can do to a concert hall. God bless EMI Records, and God bless the J.Geils Band!"

CHEZ-FM, OTTAWA, CN M.D.-GREG TORRINGTON: "Adds: Canadian Berlin, The Blues Band, Golden Earring, Dexy's Midnight Runners...Berlin, yet another band with the name! These boys are from Toronto and had an album out 2 years ago when they were known as The Teddy Boys. A very promising new album...The Blues Band's 4th Lp called 'Brand Loyalty' is perhaps their strongest yet. This band of British blues rock veterans are still creating a rock sound that they pioneered back in the early 60's. Lead singer, Paul Jones, was the voice of Manfred Mann's 'Do Wah Ditty', and he's still got it! Check out 'Sure Feels Good' even if you have to find an import copy...On Golden Earring, we felt unanimous with everyone else when the 12" advance of 'Twilight Zone' came out. On top of that we are going on 'The Devil Made Me Do It', an equally fine radio track. Flip Wilson look out!...And we were very concerned that George Formby's influence on rock was being overlooked, especially since the demise of Herman's Hermits, that's why we've gone on Dexy's Midnight Runners. After a couple of listens, it's near impossible to get the melody out of your head...Even though we've got it out of top rotation now, the calls still come in for Trio's 'Da Da Da'. It has a quick burn-out factor, but give it a chance. It went to #1 on two very conservative family Top 40 stations in this market. They couldn't resist the demand...Speaking of demand, once again the hands-down overall favorite this week is 'Der Konnissar' by After The Fire. This looks like an instant crossover as well to the AM charts...Peter Gabriel stays high in sales since his concert two weeks ago...And Joe Jackson hasn't slowed down an iota since his show over a month ago. In fact, he's pretty well got the best selling album in town...Also way up top is ABC and CHEZ would certainly encourage that band to add Ottawa to their current tour. This was the first Canadian market to break ABC. Please don't forget us...The Spoons figure quite high as well in our charts and another Canadian band we've never stopped raving about is Rough Trade. Now that Boardwalk has issued 'For Those Who Think Young' you now have the opportunity to see why this band has gone mega platinum out here and could very well do the same thing in the U.S."

KQDS, DULUTH, MN M.D.-BRIAN TAYLOR: "Adds: J.Geils, Night Ranger, Henry Paul, The Fixx...What a time to take over as M.D. of this good ship! The Christmas rush is bringing in some great material. One of the best is Night Ranger. It's nice to hear metal with a melody...This week we've also added Henry Paul, J.Geils ('The Love Rap' is bringing instant phone response), and we've also seen the light of day on The Fixx...Also considering The Police and Rodway...Like to take this chance to thank all the great reps who've touched bases with me in my first couple of weeks. And for those who wonder about a change in policy--like the Soviet Union, expect no changes. So, look for some good things to come out of the Great White North...Benatar and Saga are in town tonight and Charlie Daniels comes in on Sunday. I'll let you know how it goes next week...Real hot this week: Pat Benatar, Billy Squier and Supertramp."

- WWCT, PEORIA, IL M.D.-JEFF MURPHY:** "Adds: Pretenders 45, Joe Piscopo 45, Riot, 'Brimstone And Treacle' Soundtrack, Night Ranger, Rocky Burnette, Blotto, Frank Marino (Re-add), J.Geils Band...Requests this week: Don Henley, still the most popular song in Peoria. Also, lots of first week phone action for Talk Talk...Stray Cats continue to be the largest selling album in the area. CSN right behind and the new Benatar rounds out the Top 3...We've been very pleased over the last couple of weeks to note some activity starting to crop up for the Frank Marino album. Hey, folks, this is good stuff! We added it many weeks ago and found it to be one of those rare tunes that sparked interest in the old 70's rock fans who are looking for that style on the radio again. We're happy to re-add 'Strange Dreams' this week and hope this time it'll become the success it deserves to be...Another Roger Lifeset project that we'll take on this week is Blotto. It goes into nighttime rotation and we'll let the Judas Priest/Iron Maiden/Def Leppard fans see themselves portrayed in song...We'll balance that with another novelty limited to daytime action--Piscopo's Frank Sinatra medley...Personally, we are a little upset with what happens at the end of side one and the beginning of side two on the live Geils album. Just as I got ready to spin the live version of 'Love Stinks', I realized EMI knifed the 'Love Rap' just as the tune begins! The very least they could do for us who still use turntables and who really don't want to risk using two copies of the album each time we play that tune and hear the gap in the middle, is to release a 12" with the two printed together...Moving along to a happier topic, the Pretenders tune is really dynamite! In fact, after just two plays as of this writing, we've already got a couple of female requests. I've always felt the Pretenders' music has something to offer ladies. Chrissie Hynde offers a view of life that isn't all makeup and dinner parties!"
- KBCO, BOULDER, CO M.D.-DOUG CLIFTON:** "Adds: J.Geils Band, Depeche Mode, Altered Images, Marshall Crenshaw, Passport, Shanghai (Re-add), Pretenders 45...Nice to see the Denver market covered by Rock Wars. With KIRO and KTCL getting signals into the market, that makes six album stations...Wall Of Voodoo is getting good phone reaction. 'Mexican Radio' is one of those songs that once you play it, it gets response... Thanks to Novo Combo for dropping by to say 'hello'. Enjoyed their show at Boulder Theater...Finally, congratulations to Michael Moore and his wife on their new baby girl, Molly Elizabeth."
- KKRQ, IOWA CITY, IA ASST. P.D.-TED BURTON JACOBSEN:** "Adds: Pretenders 45, Night Ranger...On the Pretenders 12", Chrissie is as full of life as ever! Her trademark vocals come through instantly on 'Chain Gang'. Now there's a little rocker on the way, thanks to Ray Davies. Can't wait to hear this kid's voice!...The Night Ranger record can't be denied. Simply put, a musically sound rock and roll effort. A joy to the ear...Scandal goes light to medium...Adam Ant is coming on real strong for us. It's a h-i-t! ...Also doing real well for us is Golden Earring."
- WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN:** "Adds: J.Geils Band, Rod Stewart, Scandal, Night Ranger, Henry Paul, Pretenders 45...To heavy: Pretenders, P-Furs, and Adam Ant...Based on the strength of MTV play and requests, Adam Ant moves to heavy this week...Same holds true for the Furs plus the song sounds great on the radio...For Thursday's Great American Smokeout, we set up a booth in a major area shopping mall and bought packs of cigarettes from listeners for 95 cents a pack. We'll be donating the same amount of money to the American Cancer Society as well...Just for fun, I count up our playlist and discover one third of it are artists that are just breaking or about to break. Not a bad amount of new music exposure and I'm sure the same holds true for all but the most dinosaur sounding album rockers. Considering that in 1979, the Knack was one of the biggest breaking album acts, I think we've come a long way...Along those lines, personal to Michael Plen: Take those lawnmower blades and give yourself a long-overdue haircut!"
- KEZO, OMAHA, NB M.D.-GREG GILLISPIE:** "Adds: Psychedelic Furs 'Love My Way', the J.Geils Band Lp...If Detroit Edison could've harnessed the energy from those 6 J.Geils parties at Pine Knob, they probably would not have had to turn on the nuclear power plant just off 175 for a year! But then on the other hand, everyone's power bills would probably go through the roof from listening to the new J.Geils album at full volume for days on end. Outside of the single, we'll use 'Land Of A Thousand Dances' in current rotation and live options on everything else...Omaha seems to be getting more and more into the new sounds and responded very favorably to the Psychedelic Furs 'Love My Way'. On our consumer guide last week, it scored a 62% positive response while Moving Pictures and Rose Tattoo scored 55% and 60% negative response...Billy Squier's concert appearance certainly did a number for his record sales, blowing him right into the #1 spot this week, followed very closely by Dan Fogelberg's hits, Pat Benatar, Men At Work, Tom Petty and the Stray Cats...Also, we're seeing a nice sales pattern on Saga. The last 4 weeks it has doubled or tripled in actual sales from the previous week...Adam Ant is still holding up as a h-o-t phone item for the women...The Fixx is starting to catch on a little more...And yes, Bill, you were right, Talk Talk could be another 'I Ran'...Golden Earring is maintaining nicely. Still a lot of curiosity calls on that one...I thoroughly enjoyed the Rock Wars this week although I thought KBCO's attitude was most interesting and most accurate. While the big boys in the city point fingers and call each other names, the boys in Boulder are content to sit by with a good-sounding radio station and a very loyal, growing audience!"
- WQDR, RALEIGH, NC P.D.-RON PHILLIPS:** "I have finally found the purest form of stress release: Mid Atlantic Championship Wrestling. Yes, Rick Flair was so sweet and Chuck gets thrown out for telling him so. What a hoot. Thanks to Mark Miller, Warren Hudson and Stan Gleason for a truly unique evening of entertainment. You definitely have a second career if promotion doesn't pan out...Musically, it pleases me to add a record by a band I've long admired--The English Beat. With the success of reggae flavored rock, such as Men At Work, I think it has a legitimate shot. We'll use 'She's Going' and take it from there..."
- M.D.-BOB WALTON:** "Okay, it's my turn to talk about records. I have long said that someday the Pretenders are going to put out an album that is going to stun the rock and roll world. 'Back On The Chain Gang' is very, very close. I can't play this record enough! In fact, words can't even describe how I feel about this record. It is a s-m-a-s-h! I only wish I had had access to the import...My other favorite record-of-the-week is by The Members. 'Working Girl' is hooks plus. And seeing that a good portion of our target demographic are working girls and men going out with working girls, this song is a natural... The J.Geils Band album is fantastic. I wish it had been a 2½ record set. It's as close to a Geils concert as you can get without buying a ticket. I strongly urge; however, that EMI put out 'Centerfold' on an Ep and let us in on the secret of how they got the performance to vinyl and to the record stores in only two months...Rock Wars was terrific! I feel as if I know the Denver market and it was nice to see a minimum of personal attacks. I think they've captured the spirit of competition, but I won't tell which station I want to work at...Oh yeh, I want to thank Bob Catania and Robby Vote for dropping by the radio station and not beating us up. It's nice to know that some national folks do not consider the Southeast a wasteland -- and, Bob Catania is so-o-o young, how does he do it?"
- KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES:** "Tilting personal research experience! Saw a New Orleans band with a great Zep-alike opening for Atlantic's new act, Zebra, also a heavy rocker. During the between-tape, Toni Basil came on. Those rock and rollers went fuckin' crazy. So I came back and put the record on-the-air, and the phones are now crazy, too...It would be interesting to have gone out of hearing in Mid-May, and come back now, and the future shock just keeps on comin'. Our part of it will soon be shocking a lot more monkeys...Coming soon: The earth-scorching machine raising our stick from 425 to 1250 feet, tower from 56 to 100 kilowatts. So Baton Rouge and a couple of New Orleans suburbs will finally have rock and roll without having to look for us on the cable. It just keeps gettin' wylder!"

WKQQ, LEXINGTON, KY ASST. P.D.-DAVE KRUSENKLAUS: "Before I get started with music, I need to send a belated thank you to Bill Heltimus of Atlantic Records for getting us our Graham Nash interview a couple of weeks ago. Without Bill, the interview would have never taken place. Bill, you're one of the hardest working record guys on the street...The new Tom Petty album is unquestionably one of my favorites of the year. We're getting calls on a wide range of cuts. You know it seems that the angrier Tom Petty is, the better the album! I also like the increasing emphasis on the keyboards...Night Ranger: Who are these guys? Where in the hell have they been? Obviously, they've been studying formula rock technique. I'm happy to say that we'll join the Midwestern avalanche and flow with this record out-of-the-box...Phil Collins' album: I hate the single but the album is very deep. We'll start with 'I Don't Care Anymore'...Frankly, I was a little afraid of the J.Geils single at first, but after hearing it a couple of times on the air, all my fears have been laid to rest. 'I Do' has great energy...I purposely waited for a couple of weeks on the George Harrison single because I wanted to be sure that it would sound as fresh on 12 listens as it did on the first. It did, so it's an add this week...There's something irritating to me about Carole Pope's voice on the Rough Trade record but the album still works for me. My song pick is 'All Touch'...The Police tune 'I Burn For You' tested great on Virgin Vinyl Night but I still have got problems with the long chant at the end...'Looking For A Stranger' from Pat Benatar is working on the phones. I think it's one of my favorite Pat Benatar tracks ever!...Having problems with Foghat and Henry Paul and it's an up-hill climb for Buck Dharma. We changed cuts to '5:35' and we'll see if that generates anything"

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "I didn't think it could be done! 'Showtime' captures all the excitement of a J.Geils concert on vinyl! From the moment you put the stylus down on the record until the end, the band doesn't let up. It hits you like a brick wall. Both performance and sound combine to make this J.Geils a 'must-have' package. And they further expose their rock and roll roots by recording the concert in Detroit...This is the week that we also went with Golden Earring. It's neat when a band can be absent from the charts for several years and then come up with a new contender that sounds as strong as 'Twilight Zone'...Within the last week, Pat Benatar started to click in with phones and sales...We're also seeing building phones for: Billy Idol and Tom Petty...Top Phones: Aerosmith, Men At Work, Don Henley, The Clash and Pat Benatar...Sales: Men At Work, Stray Cats, Dire Straits, Pat Benatar, Joe Jackson, Supertramp...Hots: Men At Work, Don Henley, Pat Benatar, Who, Joe Jackson, Billy Joel and The Clash...Adds: J.Geils Band, Golden Earring, and Saga...Also, before I close out these comments, I have the news that Bob Cox, ROCK 101's former morning man, will be our new P.D. replacing Bob Spence. Bob goes to bigger and better things in Charleston, WVa. Best of luck to both!"

WDEK, DEKALB, IL M.D.-JOAN WILLIAMS: "Adds: Material, The Jam, Golden Earring, Henry Paul, J.Geils Band, Culture Club...Jazz Adds: Earl Klugh/Bob James and Pretenders single...Re-Add: Steel Breeze...Hots: Supertramp, Fagen, Dire Straits, Spyro Gyra, Teddy, Starship, H/Oates, Gabriel, Collins, Mitchell, Winwood, Henley, Lindley, Jackson, ABC, and The Who...Mediums: Billy Joel, Rush, Kenny Loggins, M/Persons, Michael Rutherford, Santana, Ronstadt, Novo Combo, Shoes, Al Di Meola, Kim Carnes, Seagulls, F/Mac, Michael McDonald, Steve Douglas, and Fabulous Thunderbirds...The J.Geils album is a pleasure to listen to. A live Lp that's well produced without sounding over produced. The song 'Land Of A Thousand Dances' gets a great treatment from this band. Good stuff...The same goes for The Jam on their versions of 'Fever' and 'War'. Hope the rumors about them continue to go unsounded...Once again there are thanks to be given--this time to: David Freiburg, who went out of his way to phone in a live interview a few days before the Starship came to the area. Likewise, thanks to David and Craig Chaquico for the time they spent with us the night of the show. And, speaking of the show--the Starship continues to prove that they are pros with the performance they gave. We're looking forward to seeing them here again soon, no matter who co-presents the show or whose toes get stepped on!"

ATTENTION: The Thanksgiving week deadline for Radio Action and reports will be 8 PM, Tuesday, November 23rd and 3 PM, Wednesday, November 24th, E.S.T. Record Action reports will be taken only on Tuesday up until 8 PM.

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "Not too many adds this week to make up for all the heavies over the last two...The live J. Geils record is great, but why did they split up 'Love Rap' and 'Love Stinks'?...Waitresses fans will love their new Ep. Besides the classic 'Christmas Wrappin'', it also features the theme from 'Square Pegs'...Made room this week for Moving Pictures. We're using 'What About Me' during the day and 'Nothing To Do'. 'What About Me' always stimulates phone calls...Pat Benatar shot straight to the top this week, with Billy Joel, Rush, and Clash on her heels...Good moves by: Joe Jackson, Tom Petty, Dire Straits, and Little Steven...Thanks to Pat Travers and Angry Anderson of Rose Tattoo for stopping by...Incidentally, if you're not playing 'Burning Heart' by Vandenberg, do. I guarantee instant phones on that...Til next time."

WRCN, LONG ISLAND, NY P.D.-BARRY GRANT: "Anyone in this business who listened to WPLJ over the years would not be impressed. They really didn't have a serious challenge from other stations. Many moons ago I was offered the P.D. job at WPIX but turned it down, being content where I was and hearing awful stories about management there. PIX, as an album station, never sounded good. The much-talked about 'Elvis-to-Elvis' format was one of the worst sounding stations ever in a large market. So, finally, along comes WAPP, and now there definitely is a contest. If, and when, WAPP figures out a few more things they have the potential to do a number on WPLJ...I've been aware for quite a while that people don't understand ARB shares as they relate to market size. A number of top-management record promotion people have told me they don't know how it works. Simply, the larger the market with more signals, the smaller the individual station shares. A 6 share is great NY, LA, or Chicago, but a real loser in Madison, Wisconsin. We read about the phenomenal shares some album stations get, upper teens to low 20's. Look at where they are. The other thing to consider is how many stations with a good signal in the market are going the same format. What a luxury it is to be the only station of your kind in town!"

Modern Rock

We realize you've been Soft Cell/Human League/Flocked to death, but the fact of the matter is that Modern Rock music is taking an ever increasing mainstream playlist share. What's more, we're seeing more active audience response and stronger sales reaction on these records than on the majority of playlist staples. Programmers depend on us to help them find the music that will increase their audience share. That's the bottom line. That's why we run Checklists, ask questions, and, in short, compile the most complete weekly reports humanly possible. As we've seen many times, all it takes is one station to break a record, and there is really no short cut to stay on top of national radio airplay.

Now, it's time to focus more closely on Modern Rock. We're not out to compile the ultimate guide to New Music; other publications do a fine job of that. Our goal is to set-up systems that will enable us to continue to be first in finding those Modern Rock records most likely to meet with mass appeal success.

We'll start by tracking a weekly in-depth look at the four major breakout markets naturally; Boston, New York, L.A., and San Francisco with expanded coverage soon to come. We'll have trendsetting clubs and retail input, augmented with commercial and college radio from around the country. This week, we've got Boston pretty well wired to give you some idea what to expect. Look for more in coming weeks.

RETAIL

HARVARD COOP, BOBBY HALL:

TOP SELLERS: English Beat, Joe Jackson, Stray Cats, Missing Persons, Psychedelic Furs, Men At Work, Peter Gabriel, ABC, Elvis Costello, The Jam EP, Fripp/Summers, Roxy Music.
INCREASED SALES: Kate Bush, Wall Of Voodoo, Bauhaus, Mission Of Burma, A Flock Of Seagulls, Culture Club.
RECORD FUTURES: Utopia, George Harrison, Madness.
COMMENTS: The Seagulls are coming back much like Haircut 100 did. The combination of the new single and the video being shown in clubs and on MTV are responsible for the return... Kate Bush is an artist that we have to watch for, even though she's been around for a long time. She's got a huge following in Britain and Europe, and it's only a matter of time until she breaks here... Even though groups like ABC, Bauhaus, and Culture Club have new albums in The States, they have whole catalogs in Europe, and it's up to America to find these bands now.

STRAWBERRIES, CHRIS FERRIO:

TOP SELLERS: Marvin Gaye, Joni Mitchell, Pat Benatar, Men At Work, Stray Cats, Clash, Supertramp, Billy Joel, Phil Collins, Bruce Springsteen.
INCREASED SALES: Hall & Oates, English Beat, Devo, November Group, Mission Of Burma.
RECORD FUTURES: Trio, Culture Club.

ROCKET, HAYDEN CRILLEY AND FRED JEFFREY:

TOP SELLERS: Pat Benatar, Tom Petty, Men At Work, Phil Collins, Accept (Imp), Rubber Rodeo (local band on EAT Records), Gary Moore (Imp), Michael Shanker, Little Steven And The Disciples Of Soul, Stray Cats, Mission Of Burma, Talk Talk.
INCREASED SALES: Toni Basil, ABC 12", DOA Ep, Bad Brains 12", Talk Talk, Siouxsie And The Banshees.
RECORD FUTURES: Bananarama (The import "Shy Boy" is what's doing it), Trio 12", Der Kommissar Falco 12", The Dream Syndicate, Grace Jones, U2 (This keeps selling as an import. The January release should do well for us based on the continuing sales of the singles "Gloria" and "Celebration."), Robert Plant (Imp) 12", New Order Temptation, Modern English 45, The Wipers.

NEWBURY COMICS, TAMI HEIDE:

TOP SELLERS: Siouxsie And The Banshees (Imp), Bauhaus (Imp), Psychedelic Furs, November Group Ep, Mission Of Burma, Angry Samoans, The Dream Syndicate, Grace Jones, Comsat Angels, XTC "Wax Works", Pretenders 45, Bauhaus 45, Human League (Imp) 45, Discharge 45, Toni Basil, Culture Club 45, Japan 45, Robert Wyatt 45 (Imp), Dangerous Birds (local), Simple Minds (Imp) 45, Lene Lovich 45.
INCREASED SALES: Depeche Mode, Culture Club, Devo, Peter Gabriel, M.D.C., Jane & Jeff Hudson.
RECORD FUTURES: China Crisis.
COMMENTS: November Group: Danceable, well-produced and slick on record and live. Real Euro-rock appeal... Dream Syndicate: California group like Velvet Underground. Would be big if they would tour to support the Lp. I'm in love with the group... Culture Club: Didn't really like the group, but I found myself humming their songs. My favorite of the new British groups.. Devo: Clever American band. They knew how to do video's before it was the thing to do. "Peek-A-Boo" could be as big as "Whip It"... Bauhaus: The import is selling better than the domestic because it has an extra live record in it.

SPIT, ALBERT O.

CLUB HITS:

Clash 12", Devo, Peter Gabriel, Toni Basil, (The 6 Min. Mix), Yaz 12", Billy Idol, A Flock Of Seagulls, Men At Work, Adam Ant, Missing Persons.

NEW ACTION:

Musical Youth, Lene Lovich, Heaven 17's "Let Me Go", Culture Club, E.S.G., Marvin Gaye.

RECORD PICKS:

Fabulous Thunderbirds, Wall Of Voodoo, English Beat, The Dream Syndicate.

COMMENTS:

On their initial release they were likened to the Velvet Underground, but on this one The Dream Syndicate has transcended that...I saw Wall Of Voodoo last week for the 4th or 5th time, but this time they out-did themselves. They played to a sold out audience for the first time in Boston, and they took it from there. "Mexican Radio" seems like a smash. The album, on a whole, is much better than their former efforts...The domestic remix on Yaz is a hit, but it sure could have been done better. It doesn't sound that good, and the drop-out in the center is unnecessary...I hope the Musical Youth doesn't get treated like a novelty.

THE CHANNEL, HUGH MUNOZ

CLUB HITS:

The November Group, Peter Gabriel, Pylon 12", ABC, The Modern English, Thompson Twins, Duran Duran, Billy Idol, Lene Lovich 45, Gun Club, Toni Basil. Brian Brain, The The, Spandau Ballet.

NEW ACTION:

Brian Brain, Tears For Fears, Prince's "Let's Pretend We're Married".

RECORD PICKS:

This Brian Brain is the drummer from Public Image and his name is Martin Atkins.

COMMENTS:

This has a funky beat, and it's almost a rap song. The response has been really good even on mainstream nights...The Tears For Fears single called "Mad World" is more of a radio song than a club song. The melody and the song's structure haunt you forever...Right now the November Group is one of the best independent records to come out of Boston in some time. Out of five songs, four of them get great response on the dance floor.

Program Producers

CATHY LEHRFELD and DENISE OLIVER, ABC ROCK RADIO NETWORK (212-887-5962 and 5635): "Check out the November 24-29 edition of 'Rocknotes' for an interview Pat St. John did with Sting. 'This is nothing like E.T.' Sting warns America about 'Brimstone And Treacle'. He loved doing the flick and felt he was well cast as the young man in whom 'wickedness lurks in a new disguise'. Also, check out 'The Biscuit' in December. On December 5th, the Moody Blues are burnin'. On December 12th Triumph will be blazing across the airwaves. On December 19th it's Pat Travers and Johnny Van Zant firing up the Ritz and Rissmiller's, and on the 26th, it's year end highlights featuring scorchers from Quarterflash, Aldo Nova, Billy Squier, and Loverboy, among others...Happy Thanksgiving from all of us at the Rock Network."

JAY GOLDMAN, CLAYTON WEBSTER CORPORATION (314-726-0906): "Just a short note to wish all of you turkeys a Happy Thanksgiving, and also to our affiliates--you know who you are because you've got the most promotable flexible and unique features in the industry--Retrorock, Rarities, and The Sporting News Report...By the way, Retrorock, the week of 11/29, will feature the evolution of the Starship with such cuts as 'White Rabbit', 'Somebody To Love', 'Volunteers', 'Have You Seen The Stars Tonight', 'Miracles', 'Jane', and more... Rarities will highlight Joan Jett, Rick Springfield, Yes, Jimi Hendrix, and Becker and Fagen of Steely Dan...Sporting News Report centers around corruption in college recruiting and violence in hockey."

CINDY TOLLIN, GLOBAL SATELLITE NETWORK (213-344-5651): "I'm still recovering from my week in New York City and thanks to everyone who made it so memorable. I did, however, want to wake up long enough to say we had a ball on Monday night when Tom Petty and the Heartbreakers took over the Rockline studio. The guys were great on the phones, and Cameron Crowe and crew were also in the studio filming the whole thing for an upcoming movie on the band which should be out in early 1983. We even interviewed our Sweepstakes winner from WHCN in Hartford for the film--Do you think they got excited? Thanks again to Danny Bramson, Tony Dimitriadis, and, of course, Jon 'bowl your balls off' Scott, for an all around great evening of rock and roll fun! Also, a big welcome this week to our two newest Global Satellite Network affiliates KQRS and WPGU. (Thanks for hanging in there Sorensen). And now it's time for my nap."

JOHN MCGHAN, ROLLING STONE MAGAZINE PRODUCTIONS, (212-350-1222): "My motto is 'talk when you have something worth saying'. Guest D.J. is bigger, healthier, and hotter than hell. Mike Weiss is handling all affiliate relations. New on Guest D.J.: WLS in Chicago, WCMF in Rochester, and Real Rock 103.5 WAPP in New York City...December Guest D.J.'s include: John Entwistle, Tommy Shaw of Styx, Warren Zevon, Peter Gabriel, and Joe Piscopo, with a killer performance. Shortly most stations will receive a special musical tribute to John Lennon, written and performed by Brant Mewborn from Rolling Stone Magazine, produced by Cindy Bullins. It's good--play it."

JOSEPH MIRABELLA, STARFLEET BLAIR (212-752-0400, Ext. 490): "Absolutely live, that's where it's all. Thanksgiving. Live with Linda. Starfleet does Dallas. Well, gang, you've got a taste of it on Saturday Night Live - now get ready for the entre. On Sunday night, December 12th, Starfleet serves the main course. I just saw the show in its entirety at Radio City Music Hall, and all I can say is tune in with Starfleet, the Source, and Kenny Loggins on Sunday night, December 12th, because we're coming to you live once again from Austin, TX. Yippi Aye Oh Ki A. The 'A' is for Austin...By the time you guys read this, we will have already broadcast absolutely live from Boston, the one, the only, The English Beat. Single station to start, later on The Source. Somebody's got to give radio new music worth hearing. We happen to like that job."

Question Of The Week

This week's Question is an A&R man's special. To save you guys, big bucks in T&E we asked our reporters to clue us in on who they feel are their markets hottest local bands.

DAVE BROWN, DC101: "DC Star. Hard rock band, lots of energy, and fills venues. They have a picture disc that's doing well. We've done some special things with them and they're real nice guys."

BRUCE WHEELER, KAZY: "A band called the White. They do a Led Zeppelin tribute and cover all their stuff. We book 'em at the Rainbow and they always sell it out and do very well in the other rock clubs in town."

CHIP KNIGHT, WSYR: "Alex Star! Call Bernie for details."

CAREY CARLSON, WFBQ: "I'd have to say Roadmaster. Their recent effort is on Rave On Records and is being worked very hard right now. They've been around for a long time and do a lot of their own material as well as cover tunes. They're a real good bar band. Do you remember them from Mercury Records?"

JON DILLON, KZEW: "Stevie Ray Vaughn And Double Trouble who are from Austin. He's into rockin', blues, boogie-woogie music. The Stones are trying to sign him to their label. His brother happens to be in the Fabulous Thunderbirds."

JEFF RICCIO, WHJY: "I would have to say for a lot of years it was a band called Beaver Brown. For some reason, they've stagnated in their progress of achieving anything concrete as far as a record deal goes. So I would have to say it's a band called Schemers. They have a kind of new-pop-sound."

MARK MILLER, WWCK: "I would say Art In America, but they are now signed to Pavillion Records to be distributed by Epic. Outside of that, there a couple of bands in Detroit that are doing quite well: The Look (who have a record out but are not signed to a major label) and Bittersweet Alley."

DOUG PODELL, WLLZ: "Rhythm Method. They are a modern music band similiar to the U2 group. They have just recently put out a 5-song, 12" Ep on Trans City Records, and in my opinion, it's the best local band project I've gotten my hands on in the past four years, both in Detroit and Minnesota. It's an excellent package."

GREG GILLISPIE, KEZO: "A band called Mainstreet is probably the best recording band in Omaha, because of their diversity of musical styles and their ability to write songs that sound like hits...Be on the lookout for a Z92 mini-album of local artists coming the first of the year."

LIN BREHMER, WQBK: "You may be sick of hearing about them already from this corner, but both Fear Of Strangers and Blotto have something very entertaining to offer. Fear Of Strangers is a fine pop band that you'll be hearing more from in the future. Blotto needs no introduction."

BUCK MCWILLIAMS, WIOT: "Hottest local bands here are Ebenezer and Shyster."

JOSE DIAZ, WBLM: "Bill Chinnock, Scott Folsom, and Katahdin, are the hottest local bands here in Portland. These are bands that have recently put out Lps on a local level and play locally with great success."

LES COOK, WILS FM: "We just got finished judging the 160 tapes down to 10 finalists for the 101FM Lansing Rock album. First ever of its kind in Lansing. Here are the 10 hottest bands in the area: Rich Kidz, Current, J.Carp And The Fins, Mark Bedecs The VI, The Generics, Rick Cook, Rene Ledesma, Jennifer Lewis And The Professionals, The Exclusives, and Toys."

GLORIA JOHNSON, KGON: "Mr. Nice Guy is a band with real good musicians and a real entertaining live show. They've produced a wonderful video and they're getting lots of requests generated for their song which is on the KGON album. Honorable mention goes to Map Of France and Sequel."

QUESTION CONTINUED

- DAVE KRUSENKLAUS, WKQQ: "There are two bands--one from Lexington called Lush Pile And The Carpets. They pack clubs here everytime they play and they also opened for Toto in Louisville this past summer. Another h-o-t band that's from Louisville who play locally a lot is an outfit called Another Mule. They are almost reminiscent of Little Feat. They are a great bar room dance band!"
- TOM STARR, WOUR: "At this point, it has to be 805. The whole musical spectrum is well represented: Out Of The Blue (swing/blues), Alex Alec Star And The New York Flyers (straight-ahead original rock), Mr. Ed (innovative progressive rock)."
- BOB BITTEHS, WHCN: "Fountainhead. Sort of a throwback to the Molly Hatchet/Lynyrd Skynyrd sound--hard Southern rock...Max Creek does a Grateful Dead-type show...Twisted Sister for heavy metal."
- BILL WESTON, WGRQ: "Hottest local bands: Ben Hatzel (straight ahead rock and roll. Just finished a session with George Thorogood's producer--unsigned), The Edge (Moser's always harping about them--a newer sound. Great front man named Terry Sullivan), just signed to Portrait with Sandy Pearlman slated to produce."
- DICK BASCOM, WQXM: "There is a band called Buster Brown that packs them in whenever they come to town. They do some originals and usually get good reaction to those as well as the cover tunes...Another local band called Hootchie has a large following. They're of the Yes school...And another band called Pizazz--a Chicago/horns rock outfit. They get a little funky at times but it's fun to listen to and watch!"
- MARC MILLER, WBCN: "A Gary Shane, November Group (electronic dance music), and Johnny Barnes."
- KID LEO, WMMS: "A band called System 56 that is maybe against the grain of what you would think Cleveland bands sound like. If you need a reference point, their influences are The Cars, Roxy Music, and the modern techno sound."
- MICHAEL ISABELLA, WMJQ: "That's easy--Buxx. They just came out with an album on Panther Records. If you need a copy, call me at 716-232-7550."
- DAVE KANE, WCMF: "The hottest local bands here are: Buxx and New Math. Buxx is pretty much rock and roll. New Math more modern. Both popular and good draws here."
- ILYSE GOTTLIEB, WRXL: "#1 band from this area is Snuff. #1 unsigned band is Robbin Thompson."
- DAN WALSTON, WIMZ: "The News. A 5-man band--half original, half old faves--featured on our last Homegrown album. They've won all our competitions...Candy creme And The Wet Dream--New Wave fronted by Candy. They have a single cut locally produced--won a lot of local band competitions in the area."
- KAREN ANDERSEN, WGIR FM: "There aren't any. They're all in Boston!"
- DUKE MEYER, WQMF: "Names. New wavish. But what makes them so-o-o popular is that they do everything--Doors, old Stones, etc., plus their original stuff is good."
- ERIC ARNUM, WAER: "805. They have a record which everybody should have played a couple of months back. They consistently draw hundreds of people throughout Central NY, featuring a progressive rock sound similar to some of the early English art rockers. On stage, they're as good or better than the record! They've been going for 5 years and are a well polished band."
- MICHELE ROBINSON SAYRE, KLOL: "Z-Rockn, Oz Knozz, Stevie Ray Vaughn, ZZ Tops."
- RON SORENSON, KBLE: "The Hawks, basically a studio band. They have their own recording facility located in a former chicken coup in Otho, Iowa and two fine Lp's for Columbia!"
- BRUCE BOND, WZZO: "Daddy Licks--they're a cross between Elvis Costello and Joe Jackson. They have their own 45. They've played in a couple of Philly and NY clubs. A couple of record companies are looking to sign them and I think WMMR and WYSP should play them now!"
- BILL SIMMONS, WMYK: "Elektra recording artist Snuff, is currently the hottest local band. The hottest unsigned band in the market is a band called Street Talk which is an off shoot of Snuff. They have just produced their own album called 'One For The Working Man'. It sounds surprisingly good for a locally produced effort."
- DALE WOLTER, WMAD: "A group called Spooner who have been around Madison for 4½ years and they sound not unlike a band out of Illinois called Shoes. Sort of power pop."
- BOB WELCH, WPYX: "Our hottest local band would have to be Visitor. Watch out for them."
- BOB HEYMANN, KQAK: "Aside from the obvious Starship, Journey, Greg Kihn, Huey Lewis And The News (established artists), the biggest local bands lacking national attention are: Romeo Void, Translator, Bonnie Hayes, Chrome Dinette, Mutants, The Edge, and Victim."
- TRISH ROBBINS, KTIM: "Our hottest local band is The Edge. They have already proven themselves on our airwaves and via vinyl they have pressed themselves. There are also a half a dozen other excellent bands in the Bay Area. Call me at 415-456-1510 and I will be happy to give them all a plug."
- JONAH CUMMINGS, KZAP: "Ian Shelter. They've made some changes in their personnel and taken Steel Breeze's place as top dog in Sacramento. They have a good following and always pack wherever they play."
- MIKE WOLF, WQFM: "Grey Star featuring Ruby Star, which many of you may remember from her days with Black Oak Arkansas...Also, hot right now are Bad Boy, Short Stuff, and Wally Cleaver...Watch for the 93QFM Hometown Album Project II, which is going to be the first double hometown release in rock and roll radio history."
- GARY CHASE, WAVA: "One group, DC Star. We are also putting together our WAVA Washington Rock album which will be including 10 groups of local interest. The final selection to be completed shortly."
- DAVID EINSTEIN, WHFS: "Tommy Keene has played locally with a band called Razz, and has also played with Susan Fellini and Tom Verlaine. The solo album on Avenue Records called 'Strange Alliance' and the management is Peter C. Leads, American Entertainment Management, NY, NY."
- DAVID HALL, WKDF: "The White Animals and Pigys. The White Animals rely on early 60's rock cover versions as well as original material, and they blend it all in their own distinctive style. They are building quite a name for themselves in the Southeast and other markets where they are beginning to move into...The Pigys, who get their name from the Beatles 'White Album', rely almost totally on their own material now. Occasionally, they will add a Beatles medley or some other favorite oldies. Neither band has a label yet, but hopefully will soon."
- SCOTT SEGRAVES, KSMB: "Kingdom! When we had the Rock To Riches talent search here, of the songs that got into the finalists judging, they had seven. Of the songs that the judges finally chose, three of the top 5, four of the top 7, five of the top 11 were by Kingdom. These were not local judges!"
- WARREN WILLIAMS, KATT: "As a matter of fact, we're sponsoring a 'Battle Of The Bands' this week. So we really don't know who is the hottest quite yet."
- PAUL LEMIEUX, WCOZ: "The Atlantics, The Outlets, and the Sex Execs."
- ROSALIE SMITH, KLRB: "Our hottest local band is Santa Cruz's Tao Chemical, a 7-member humorously political, social commentary vehicle with irresistible rhythm. They have dual lead vocalists--a man and a woman--with a lot to say and a charming way of saying it."

Record Action

RICH FITZGERALD, GEFLEN (213-278-9010): "I must lead with the Peter Gabriel story. 'Shock The Monkey' continues to garner heavy play and create major sales and requests. Play on the 'Shock' video on MTV is creating added momentum and Peter is on tour and is his masterful self. Gabriel is a must see! If you've played 'Shock' the past eleven weeks, then check out 'I Have The Touch'. It sounds great...Joni Mitchell's 'Wild Things Run Fast' is off to an amazing start. In support of all our radio believers, the album is retailing top 5 in many markets after the first week. This plus the word of mouth on this album warrants your consideration for play. 'You're So Square' leads, then 'Streetlight', 'Flat Tires', and others...Next in line and on your desk, Monday, November 22nd is Sammy Hagar's 12", 'Your Love Is Driving Me Crazy'. Produced by Keith Olsen, this is an automatic! The Lp, 'Three Lock Box', will be in your hands December 6th. More on that later...Have a great week and play ball!"

BILL MCGATHY, RCA (212-930-4095): "Let's talk about 'Image'. As astute programmers across the country bump Hall & Oates into heavy rotation (Surprise! Not only are there no negatives, but it's working), it seems that something we've been saying over and over again is absolutely true: sometimes those old image problems are only in your head. The album goes 6 ** in Billboard this week, which brings me to another artist: Rick Springfield. Album radio broke him and now have turned their back. Watch 'Live And Kicking', a television and radio event, Sunday, November 21 at 10 P.M. Rick will kick your ass... Caught two Starship dates last week in New Haven and New Jersey, and they are playing and singing better than they have in years. As the dust settles, the cut that seems to be motivating the active listeners is 'Black Widow'...Steel Breeze is on the road. Don't miss them when they come to your town. They are truly exciting live...Chilliwick is selling--Los Angeles, Pittsburgh, Tampa, etc. Have seen orders double, triple, and quadruple. 'Don't It Make You Feel Good'...And finally, it was great seeing everyone on the West Coast last week. San Francisco radio is happening again. Keep your eyes on that market."

LENNY BRONSTEIN, INDEPENDENT (213-450-6224): "It's tough being a record junkie in these days of cutbacks. How tough is it? I just spent \$450 at Tower for imports this week as well as over \$200 with Jem for more imports. And it was well worth it. My favorite album of the year with no competition in sight in Roxy Music. Vying for second place is the Missing Persons Lp and an import I just got tonight--Ultravox 'Quartet'. Last year's Ultravox yielded a song the equal of any Moody Blues classic--'The Voice'. In my professional and personal opinion, Ultravox is the most overlooked and ignored band of the 80's. I hope this one sees U.S. release and radio pays attention. As you may remember, last Nov./Dec. I raved about Human League and predicted 'Don't You Want Me' would hit #1 if released here. Well, they have a new 12" 'Mirror Man' which is super catchy. But the flipside has me in chills--'You Remind Me Of Gold'. Spend some bucks and find it. If you like the Heaven 17 12" on Arista, then you barely have a clue of how good the other half of the original Human League is. They have a wealth of import 12" discs and one superb Lp... L.A. has been blessed with some amazing discoveries via KROQ and a particular favorite of mine for 1982 is Simple Minds 'Promised You A Miracle', finally out in Lp import form. They are a modern music well-kept secret. They have at least 6 Lps and all are terrific. 'Miracle' is a definite AOR hit. Spring for the 12" at least...Canada's playlists include an English band Men Without Hats and a hot cut 'Living In China' for your space freaks...A new soundtrack from Edgar Froese of a Rainer Werner Fassbinder flick 'Kamikaze 1989' provides some of his most accessible and almost programmable tunes (versus his usual sidelong epics). ...And those of you who stuck with Flock of Seagulls and played 'I Ran' and 'Space Age Love Song', there's an import 12" with a new cut 'Windows' that'll whet your appetite for more...The B-Movie 45 and Felony 'The Fanatic' are KROQ currents eager to snatch your ears...Haircut 100's follow-up 45 was a smash in England but will take a couple of listens here...And Ultravox's Midge Ure has a 45 of an old Tom Rush tune 'No Regrets' that's quite tasty. Jem's inhouse label has the Bill Nelson Lp with a cut that you can make top 5. 'Flaming Desire' is a hit. No questions or hesitation on this one, especially if you played Be Bop Deluxe to death in the mid-70's...The Flirts 'Jukebox' and Wall Of Voodoo's 'Mexican Radio' are the infectious hip tunes to cross over from the adventurous to mass appeal in one quick step...Modern English is another instantly comfortable and obvious mass appeal tune...Next week, my favorite record, Berlin 'Sex'."

MIKE COOPER, IMPORTS (404-355-8686): "Highlight of new British releases is the single from Blancmange, a two-man electro-pop group. It's not their first release, but the single 'Living On The Ceiling' is their most successful. At the risk of categorizing, it is as accessible as Altered Images, Pete Shelley, etc., and is certainly the strongest new band doing this type of music. It's already entered the British top 20, very shortly after its release...Also of interest is a new single from The Undertones, 'Love Parade'. Not the crisp pop of earlier stuff, but now sounding a bit like (dare I say?) early Jefferson Starship...Other new U.K. singles of note include Heaven 17's 'Let Me Go' and 'Young Guns (Go For It)' by Wham! (Attempts to describe the previous two would probably be more confusing than worthwhile)...The new album from UB40 restores faith in the band, after a couple of weak singles. It's restrained reggae, but why they called the album 'UB44' is beyond me...Notable successes in the singles charts overseas include: Paul McCartney & Michael Jackson at #9 in the U.K. first week out, and 'Look Of Love' by ABC is now #4 in Canada, where Toronto's 'Start Telling The Truth' is #18, and The Headpins 'Don't It Make You Feel' is also doing well...In music news from overseas: The Jam split-up is now official. (You read it first here, most likely)...Malcolm McLaren puts out his own record, produced by Trevor Horn, with an Lp to come...New Human League single and Madness Lp about to be released in Britain...'I Don't Wanna Dance' by Eddy Grant has finally knocked Culture Club out of the #1 spot in the U.K....Congratulations to Sire for signing Men Without Hats, a Canadian electro-pop band, worldwide. There's no reason why 'Antarctica' can't be at least a club and college hit, even though it's over a year old...Sorry to hear about the cutback affecting Stiff's New York operations. Somehow, one of the most innovative record labels has managed to get unfairly lost in the U.S. shuffle...And, what do you mean you haven't listened to Depeche Mode's 'See You?'"

ALAN WOLMARK, ATLANTIC (212-484-6017): "Thanks for the nth year in a row to the buzzards of Cleveland for a great party. But gimme a break with this Akron stuff, okay, Leo? It's a tuff drive...The verdict is in and Phil Collins is hotter than hot. Question of the week: What's the cut? Answer: Why choose?... Henry Paul is also a front runner from the gates. Check out 'Heat of The Night', 'Hold On', and 'Cold War'...The add quality and airplay numbers are proving Frida to be the smash we've been trying to tell you it is. Frida is the 'something going on' and it's working in all types of markets...Don't miss Rose Tattoo when they hit town on the Aerosmith tour. Every show is a sell out and the kids love vocalist Angry Anderson. And records are selling around all dates, radio airplay, and MTV exposure. Check out 'We Can't Be Beaten' and 'Scarred For Life'...Also doing well with singles on the rise are Firefall and Poco...Also this week: John Martyn, Led Zeppelin, and Best of Foreigner...Don't get caught with your pants down as the CSN single 'Southern Cross' goes top 20. This one is an essential re-add. It's already re-happening at WPLJ, WEBN, WAPP, and lots more...Heavy rotation at home: Dexy, Collins, Gabriel (great concert), Straits, Duran, and Frida."

BRUCE MOSER, COULD BE WILD (716-885-5200): "Congratulations to Cindy Tollin and 'ROCKLINE' on the Tom Petty show, which was your best show to date...Jimmy Sotet has created quite a buzz on the soon-to-be-released Yoko Ono album by setting up over 30 station interviews with Yoko. Every station that did their interview was very excited and is waiting anxiously for the album. I heard a song from the album called 'Never Say Goodbye' which is by far Yoko's best solo effort...Personal to John Carter: That will teach you for going to an REO concert. P.S. Beware of bikers...Watch for The Blasters on MTV. This may be the big break they need. Remember what MTV did for the Stray Cats...The Psychedelic Furs were just added at WAPP. 'Love My Way' sounds great on the radio. Todd's production has given them a mass appeal radio song...Buck Dharma continues to spread. The retail and airplay are just beginning to kick in now that the BOC connection has been established. This album has depth. There's at least 5 tracks that are getting play. 'Born To Rock' and '5:35' lead the way, followed closely by 'That Summer Night' and 'All Tied Up'. The real sleeper on the album is 'Your Loving Heart', which is guaranteed to make sickies come out of the wall...The Berlin album went into heavy at WMMS this week. The cut 'Sex' is generating huge phone action. Don't be surprised to see Berlin signed to a major label in the next week or two...Most overlooked album: Little Steven And The Disciples Of Soul. 'Forever' ships as a single this week. Please listen to this song. It deserves to be on the radio...Rush and the Payolas turned in 3 sold-out shows at the Maple Leaf Gardens in Toronto. Don't miss a chance to see either of these bands live--they're great...Thanks to WMMS for their client party. It was a great time and it truly was a circus. A first-rate one at that, I might add."

JOEL WEBBER, INDEPENDENT (212-255-7408): "One of the few little pleasures I take in life is getting to tell you ostriches, 'I told you so'. But the case of Toni Basil will give me greater pleasure than usual. 'Mickey' now resides comfortably in the top 10, bound for #1 by all indications. The record is also #2 in the Rockpool dance club chart, and has started to make big moves on urban contemporary. Any record that can top both the singles chart and the dance club charts simultaneously, while crossing over urban, is a multi-format, multi-demographic H-I-T, and once again you folks have blown the opportunity to break a new record. The excuses that the record was 'too teen' don't hold any water; they don't let kids into clubs, for chrissakes. One of the only persons of influence in album radio to see the potential of the record was Bill Hard, and I thank him for having a pair of ears and reacting accordingly. There are other tracks on the Lp that are well within the structure of album radio, e.g. 'Nobody', so don't miss out on your second chance. At the risk of sounding like a candidate for rock and roll exorcism, please don't let other formats break new records for you, or you may find yourselves looking hard for a new audience...The Psychedelic Furs' record is making the kind of moves that indicate a hit record, so get with it. Don't forget December is the month where we all dig out our furs for the winter...Best video of the week: 'It's Raining' by Supertramp. Honorable mention: the long awaited Bill Nelson video...Get well soon Lisa Richards."

MICHAEL PLEN, I.R.S. (212-980-6699): "Is album radio developing an affinity for horns? Is the classic six string guitar falling prey to bubbling brass or better yet swishing synthesizers? When I see some of the biggest hits out there containing horns like 'Athena' by the Who, Men At Work's songs, Supertramp, 'Goody Two Shoes' by Adam Ant, and Phil Collins among others, it's a bullshit excuse when I hear a programmer say, 'I can't play the English Beat because they rely basically on horn arrangements.' All I can say is take that clarinet and shove it...Another sign the industry's heading towards the dumper is when Jem Records can fire Irwin Sirotta at a time when they're making a breakthrough with Bill Nelson. I've heard that record more places than I've ever heard any other recent release on Jem and you guys have really readied yourselves for failure now that no one will be working that record. The only thing I'm sorry about besides Irwin being out of work, is that Bill Nelson, a classic guitarist, will suffer. Who can it be next?...So, play 'Mexican Radio' already! About 20 markets around the country all agree that 'Mexican Radio' generates phones, phone calls, big phone calls, active phone calls--one of the biggest since 'Valley Girl', and it's not just appealing to beaners. That's another lame excuse. 'Mexican Radio' will work in any market. Put aside your stereotypes...And don't forget about 'Save It For Later' by the English Beat...Music that is great that I like: None. Culture Club (add it or die), Bauhaus (mind blowing), Al Di Meola (elegant), Fashion (trendy), Frida (abba-ba-ba-boom), Lene Lovich (blows Missing Persons away), the Members (join!!), Kate Bush (I must be dreaming), Psychedelic Furs (you should throw your love my way)...Personal to Neil Lasher, WKLC: Great comments...Lawn Mower Blade Eater award of the week goes to Bill Weston, WGRQ. Bill, the English Beat aren't all ska. There's rock in there. Just listen. Watch out for those biting iguanas, Bill. Chop, chop, chop."

JEB BRIEN, CHAMPION ENTERTAINMENT (212-765-8553): Big conversions and rotation jumps this week on 'H2O' will help pull our Index strength way up the chart. Big surprise adds for us last week: WMJQ and WAVA. Thanks to RCA's Larry Van Druff for his hard work on that one! To Leeroy Hansen. I appreciate your answering my call with an add. Hot #1 Lp at KBPI and two weeks in a row #1 at WNEW in our own back yard. Thanks to Pat Still and Tim Kelly for the promise and commitment; you guys are the best (you too, Sky!). I owe you. Thanks to Joe MacCabe for the nice words. You hit the nail on the head, Joe. People do love Hall & Oates. It just takes the right song and the right record people to get the ball rolling. Lp goes top 10 in trades this week, sales nearing 800,000...PASTA FOR BREAKFAST! I'm sure WMMR's new morning man John DiBella will be dishing out plenty of laughs and surprises for those of you in Philly. You should try his Sunday champagne and strawberry brunch some time. If Kendall wants to keep him happy, he just has to keep his face full!...To Lee Arnold: I'm sure glad you're with us on this one. I take my hat off to you. You always did have great ears, even before your haircut... 'H2O', sweat is your best bet! Late add today: KFOG...Ciao."

BURT STEIN/LARRY BRAVERMAN, ELEKTRA/ASYLUM (212-355-7610): "Don Henley's 'Dirty Laundry' is a monster and AOR leads the way. We thank you. But the surface has just been cracked on this album. To put 'I Can't Stand Still' in recurrent after exposing just one track is an injustice to your audience and an example of playing it safe. Don Henley is a new artist to many of your listeners who are first becoming familiar with this ex-Eagle through the success of 'Dirty Laundry'. Listeners now recognize the name and the music, so go ahead and research and test 'Nobody's Business', 'You Can't Hang Up', or 'I Can't Stand Still' 'cause these are all credible songs from one of the best albums of the year...Riot Live at \$4.98 with more music than many \$8.98 Lps is redic. This is the best rock and roll buy a consumer could ask for...David Lindley picks up new believers every week. Everyone had 'Mercury Blues' last summer and now as '82 ends, we've reached the 'Turning Point'. This track along with 'Ram-a-lamb-a Man' leads the way...Moving Pictures is not just a fluke from Down Under. Check out your CHR competition's playlist for the good comments many have made about this band...Good turkey to one and all and make sure to listen to the Ronstadt and Utopia video audio simulcast Thursday night...P.S. Burt Stein's personal fave: Berlin."

BOB LAUL, GENETIC (212-496-8326): "Despite the fact that there are many stations not playing 'Working Girl', there is, on a weekly basis, the ever growing contingency of Member-ship believers adding and playing 'Working Girl'. What this means is that this record is a slow builder at radio and retail. And remember where there is smoke, there's fire...Do you know all those records you didn't want to play that are now hits? Men At Work (now #1) and Joe Jackson (now top 15) just to name two. To quote John Cooper at WQBK, "Working Girl" is a smash'. Oh! What's that? The consultants are starting to say some very positive things about The Members. Gee. I wonder what's going on. Don't be the last!...Heavy at home: 'Starstruck' movie soundtrack featuring the Swingers and Jo Kennedy. See the movie for some great fun."

THOM O'HAIR, AUDIO INDEPENDENTS (415-864-0700): "The 7th annual West Coast IBS Convention took place in Culver City with close to 300 college radio people having a mini version of every great radio convention that's ever been held. Personally, after not being closely involved in college radio for the past few years, it was a great weekend of energy with radio types who look at what they can do, not can't do, with radio. From music to formats, college radio today is one of the few places on the dial left alive. A lot of sparks are flying and it's a sure thing that some of them will touch off an explosion...Kudos to Bill Sullivan and staff of KXLU for staging the confab. Great to see KCSB still alive, still crazy after all these years. Rachel Donohue was a great keynoter speaking of the history and the future of radio. A lot of today's mighty oaks were little acorns that grew in the fertile soil of college radio. And, C.F., everyone did understand when you spiff them -- they all just knew how tiring it is to be so heavy. Maybe next time...Audio Independents has a great line-up of independently produced programming short form, long form, you need it. A.I. can put you in touch with an indy who's producing it. From ZBS a space gumshoe thriller, 'Ruby' with production effects that will lift your listeners ears. And from those feathered fabricators of fractured features, the Ducks Breath Homeradio Company presents Mr. Science who's smarter than you are. He has a masters degree--in science. A male pulling 90-second perfect low budget morning feature. A catalogue and demo tape is yours for a phone call to A.I...It's Asilomar, not Afilomar and it's happening December 16th through 19th in Monterey. Ya know B.S., I agree. A camel is an uncomfortable animal to ride for long...Heavy home play: Pop-0-Pies 'Truckin'; '73's O'Hair."

BETH ROSENGARD, B.R.A.S.H. (213-462-4204): "How sweet it was to see Saga in the #1 position on the Airplay Index! 'On The Loose' is a confirmed winner and 'Wind Him Up' is not far behind, along with 'Waiting In The Wings', 'Time's Up', 'Amnesia', and 'The Interview'. Depth is the key to longevity these days and 'Worlds Apart' certainly has it...Buck Dharma's no slouch in that department either. Airplay at least four deep with '5:35', 'Born To Rock', 'All Tied Up', and 'That Summer Night'. Thanks to those who are letting their listeners know about Buck's BOC connection. When establishing the image of an artist, every bit of information that reinforces that artist's identity contributes to the link between song and performer that the consumer needs at his fingertips when he enters a record store to make a purchase. Please keep it up!...Meat-and-potatoes rock 'n' roll is what Vandenberg has sent us from the land of tulips and windmills. While it's great to see playlists expanding to accommodate so much 'nu' music, I'd hate to see album radio go to the 'nu' extreme. And I think the audience would too. The right balance between 'nu', 'new' and old is essential to the success of your format and Vandenberg offers a prime 'new' song for your airwaves with 'Burning Heart'...Adam Ant, on the other hand, demonstrates the quintessential 'nu' with 'Goody Two Shoes'. This song is an unqualified smash, and if you're worried about it's younger demo appeal, I know of at least two mid-20 year old programmers' wives who are wild about Mr. Ant. I'm also hearing about request action ranging from 12-30 in more and more markets each week...The Payolas continue to wrack up new airplay on 'Eyes Of A Stranger' each week, and it's time to look at some of the other excellent songs their album offers. Check out 'Romance' as well as Bill's favorite 'Some Old Song' and Rob Roman's pick 'Rockers'...There will be new studio material from The Blasters early next year, but meanwhile, their live mini Lp is pleasing enough to their fans to keep them in bullets on the sales charts each week...Finally, have a wonderful and joyous Thanksgiving."

MARK COOPER, ROBOX RECORDS (404-451-5997): "Good news all around! Last Tuesday (11/16) Robox Records' newest group Norman Nardini And The Tigers was featured in a one-hour concert on the USA Cable Network. The show was a killer presentation taped live in concert and produced by Denny Somach. If you have cable TV, tune in to a repeat of the 'Hot Spots' show this Wednesday the 24th, at 11 P.M. eastern time, on the USA Cable Network. The Nardini album will be out in January. Be ready to do the 'Reptile Rock'...Onto Ziggurat. We have picked up a good amount of airplay in the college markets on 'Melodic Scandal'. This is where 'The Zigs' made lots of noise with the first album. Watch this space for more news...Have a Happy Thanksgiving."

 ATTENTION: The Thanksgiving week deadline for Radio Action and reports will be 8 PM, Tuesday, November 23rd and 3 PM, Wednesday, November 24th, E.S.T. Record Action reports will be taken only on Tuesday up until 8 PM.

STEVE BRACK, BOARDWALK (213-656-2840): "Talk about excitement! Night Ranger is literally exploding coast to coast. Phones are lighting up for 'Don't Tell Me You Love Me'. And a video is in the works. Bill was on the money last week with the Hard Choice. This album is D-E-E-P. I recommend 'Sing Me Away' as the second rotation cut. Hailing from the Bay Area, Night Ranger is: Brad Gillis, on the bleeding lead guitar (he toured with Ozzy, but belongs in this band); Jack Blades sings lead vocals, writes, and plays bass (he was the leader of Rubicon); Fitz (formerly with Montrose and Gamma) plays all keyboards and arranges the tunes; Jeff Watson is the whiz kid speedster who plays incredibly fast lead guitar; and, Kelly Keagy writes and plays drums (formerly with Rubicon). These guys are here to stay!...Hope you've gotten a chance to catch Rough Trade on MTV this week. 'All Touch' is now a single and the video delivers Carole Pope's message perfectly. Watch this record take off--we've already gotten sizable reorders in the D.C. area thanks to the exposure on WHFS. Way to go, Einstein...In closing, let me say thanks to you believers out there. Boardwalk will deliver these two acts!"

MIKE BONE, ARISTA (212-489-7400): "Fashion continues to wrack up incredible credible adds coast-to-coast. Those in the know are adding 'You Only Left Your Picture' and Bernie Kimble is playing another track. Nice going lightweight. Fashion is the album to feature on your 'headphones only show' or hook up two sets of headphones in your Walkman, crawl in bed with your old lady and get down to the funky sound...The Flock Of Seagulls 'Space Age Love Song' is now a bone-i-fide Top40 smasher. Tricky Dick Palmese will close this one out next week. All you album rockers hang in there with the live 'Space Age Love Song' and the extended 'I Ran'. Those two items are just the right flavor to position our sound as commercial yet hip as hell. Big news on the Flock Of Seagulls camp coming up soon. Keep your eyes right here...The Members 'Working Girl' and 'Radio Dub' continue to generate great comments. If we could stop Tom Petty, J. Geils, et al from putting out albums, we may be able to convert comments to rotation. A tip of the camouflage cap to WMMS for joining the Member-ship...The Jerry Garcia tour is over. The 'Run For The Roses' album continues to crank out sales in all markets, particularly in tour markets...I said it before and I'll say it again, the Thompson Twins' album is going to knock your socks off. Guaranteed... Other things coming up from 6 W. 57th Street are: The Ministry Lp, the Starfighters' second album, and Heaven 17...Personals: Nice meeting some people this week on one of Jon Scott's conference calls particularly Joe Folger, Denise Russo and Doug Davis. I hope I didn't freak you out by raving about Fashion, Kiss, and Joni Mitchell...Congratulations to WXRT on their latest Birch numbers. Fuck Rena Rent-A-Record...Say big fellow, how about that Boy George? This guy looks like Brooke Shields on quaaludes. I love the record but bag that red lipstick, George. I think apricot is more your color...Speaking of Boy George, this week's off the wall song title is 'Feminine Deodorant Makes Me Sneeze' by the Pheromones out of Washington, D.C...Had the fortune (?) to have dinner with Bill Hard, Bill Bennett, Harvey 'My Man' Leeds, and Bill 'Steel Breeze' McGathy with a special surprise appearance by the late great Mike Pilot. The unanswered question of the night was 'What did the Steel Breeze album sell?' McGathy sithered away every time the question was asked."

RECORD ACTION CONTINUED

SEAN COAKLEY, ATCO (212-484-6400): "The Vandenberg story continues to develop with strong sales showing in San Jose, Portland and Milwaukee. On the airplay front, look at the majors coming in during the past two weeks. These Dutch boys are painting up a storm. You really ought to be on this one by now...More Zep indeed. Definition: 'Coda'. Noun. Something that serves to round out, conclude, or summarize and that has an interest of its own. Particular faves are 'Ozone Baby' and 'Poor Tom'...The new Marvin Gaye is orgasmic. I haven't felt this good since hearing David Lasley's 'Third Street'. Ain't music great! And to think we get to do this for a living."

JIM SOTET, POLYGRAM (212-399-7813): "First, thank you to everyone who had a chance to speak with Yoko Ono. The interviews I've heard so far were really inspiring. I only ask that when you receive your copy of Yoko's album, 'It's Alright', that you listen with an open mind and heart. This is really a wonderful record, and it deserves to be heard because Yoko has something to say to all of us...Now onto the Waitresses--'Square Pegs' is a hit TV show and a fine little song, but the music doesn't stop there. Last year we gave you Bob and Doug with Geddy Lee, this year it's the Waitresses with 'Christmas Wrapping'. And as an added goodie, the Ep is specially priced...I would also like to thank every programmer out there who ignored the pre-conceived image of Kiss and let their audience and the music do the talking. Please pay attention to this record. And for further input on the perception of 'Images', please re-read Gloria Johnson's comments...Hot at home: Neil Lasher, Prince, Rank And File, Material, The English Beat, and Culture Club. (Believe it or not, Ryback, I became a fan). Finally--it's alright (I see rainbows)."

ATTENTION: The Thanksgiving week deadline for Radio Action and reports will be 8 PM, Tuesday, November 23rd and 3 PM, Wednesday, November 24th, E.S.T. Record Action reports will be taken only on Tuesday up until 8 PM.

TUESDAY, NOVEMBER 23

TODAY IS A 5

After a hectic Monday, today is going to be energized, yet a tone of "mellowing out" is going to be pronounced. The moon in Aquarius is void-of-course from 11:30, EST until entering Pisces at 12:43 P.M., EST. Even though Pisces is a very adaptable, emotional sign, there is a strong energy from the 1st quarter moon exact at 3:06 P.M., EST with the moon at 2 degrees of Pisces and the sun at 2 degrees of Sagittarius. However, this is a personal brand of high energy that wants to care for personal things. Quite obviously this does not translate into a day that is very conducive to business. In addition we still are adjusting to the sun and mental Mercury now being in Sagittarius. You will be able to notice a lot of people who will want to stay in tonight. With all the drives for personal introspection, I think it is a perfect night for just that!

WEDNESDAY, NOVEMBER 24

TODAY IS A 7

The introversion of yesterday takes on new dimensions today. There is no void-of-course moon, and the emotion ruling moon in Pisces gets a super boost. At 9:19 A.M., EST mental Mercury and eccentric Uranus are joined at 5 degrees of Sagittarius. This gives the quick-tongued, innovative, sudden mentality. Since this angle dominates the entire day, expect the unexpected. Indeed, a lot of really good ideas can result. The strength of the moon in Pisces is its adaptability--something that will be a benefit today; whereas, it was a problem yesterday. With all the mental, creative juices at high tide, you can expect to easily translate this into an exciting evening. You can have an evening that is good for whatever is on your mind. Use it to your personal advantage!

THURSDAY, NOVEMBER 25

TODAY IS AN 8

Happy Thanksgiving! Today would have been a horrible work day, but so often the whole picture gets turned around when we have a holiday. An important factor is the very long void-of-course moon that begins at 2:31 P.M., EST and lasts until the moon enters Aries at 10:08 P.M., EST. It is well worth your effort to have the turkey done by 2:31 P.M., EST. After all, who wants a void turkey? Even in the West you should have time to "beat the clock". Because a void-of-course moon is so good for internal projects, this makes for a marvelous time to be with family and friends. In no way does a free-floating moon interfere with socializing. This mood prevails right through the evening hours. What would have been a "4" work day, gets totally turned around by this being Thanksgiving. I'll drink to that!

FRIDAY, NOVEMBER 26

TODAY IS AN 8

I don't care if you have a long weekend or are back at the office today--it's a fine one. The emotion ruling moon in Aries is fiery, aggressive, and quick to act. In addition this moon in Aries makes 4 easy 120 degree trine angles to the sun, Uranus, Mercury, and Venus. What this does is to set up a day where people feel good and as the day progresses, this feeling is continually re-inforced. No void-of-course moon so we are in good shape for purchases and decisions. What is so very pleasant about all of this is that this pattern continues right through the evening hours. Why not take advantage of whatever "strikes your fancy" and have some fun? Should you personally be depressed, get up and go out tonight. It will be fun.

SATURDAY, NOVEMBER 27 AND SUNDAY, NOVEMBER 28

SATURDAY IS AN 8 AND SUNDAY IS A 7

The very high ratings you are seeing may not seem to apply to you personally. But the general internal weather is so good, you would be a fool to hide out. Moon in Aries on Saturday is only part of the up-beat mood. At 6:24 A.M., EST, Saturday, the sun and freedom-loving Uranus are joined at 5 degrees of Sagittarius. People want to be "on-the-go". This is a feeling that DOING ANYTHING BEATS DOING NOTHING! The moon is void-of-course for 12 minutes. This begins Sunday at 3:20 A.M., EST ending when the moon enters earthy Taurus at 3:32 A.M., EST. Will this slow us down? NOT ONE BIT! A full moon is building that will be exact next Tuesday. The moon is the closest to earth, so you may find sleep a little more difficult, but it's a weekend. Enjoy yourself both evenings as we will get "paid back" next week, and that's all the incentive we need.

MONDAY, NOVEMBER 29

TODAY IS A 5

We continue on a pattern of rough beginnings to the week. A full moon will hit tomorrow night at 7:22 P.M., EST with the moon the closest to earth. The lunatics will be out in force--actually this was warming up as of yesterday. Faced with a work schedule this really aggravates things. At 5:33 A.M., EST restrictive Saturn enters Scorpio. I know that many of you will read in pop astrology junk that this will be a 2½ year bad cycle for Scorpio's. This is NOT true!!! Saturn will turn retrograde and re-enter Libra and will not begin its full 2½ year movement through Scorpio until 1983. No void-of-course moon in Taurus today. Be sure and set a sensible pace for yourself. Tonight is one that is best spent indoors, and notice how many people have restless sleep patterns.

THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

As reported, the new **LED ZEPPELIN** album is called "Coda", and will be out November 22nd. The album is dedicated to the band's late drummer, John Bonham, and was produced by Jimmy Paige. One song is a Bonham drum solo called "Bonzo's Montreaux". There's a live studio version of "I Can't Quit You Babe" from the first Led Zeppelin album which is the only previously released song appearing on "Coda". "Ozone Baby" is another song included, plus three songs recorded during the "In Through The Out Door" sessions that didn't make the album. "Coda" will include songs from the years: '69, '70, '72, and '78.

WEA Records is putting together a deal in the U.K. for American artists who don't get much airplay there. If you buy the artist's album, you also get the cassette--for free. Groups that are involved with this deal are: Journey "Escape", Linda Ronstadt "Get Closer", Chicago "16", and Michael McDonald's solo album.

CINEMA, the band composed of Chris Squier and Alan White, is working at Townhouse Studios with producer Trevor Horn. Look for their debut album sometime in March on Atlantic Records. In addition, Chris' wife, Nikki, has assembled a band composed of Ian Winters on drums, Tony Messenger on guitar, Graham Noone on keyboards, and Nigel McClaren on bass. The name of the band is Bageera, and they are currently writing and recording at Strawberry South Studios. No release or label affiliation has been announced yet, but there will be a cover of the classic, "Little Sister".

Sources have told the **Rock Report** that **ELVIS COSTELLO** is considering changing back to his real name, Declan McManus. Those same sources have also said that the proposed name change will apply to the U.K. only.

REO SPEEDWAGON will be doing a concert in Dortmund, Germany on December 18th and 19th. The concert will be taped for a European television show called, "Rock, Pop, Nacht". The show airs only twice a year, and is broadcast throughout Europe. Other possible acts that may be on the bill with REO, are: Asia, Journey, and A Flock Of Seagulls.

Cy Curnin, vocalist for **THE FIXX**, has recently told the **Rock Report** that the band's second album was started before they came to America for their first tour of the States. Cy said that 5 songs are completed, and The Fixx is playing them live on this tour. This week The Fixx is in Cleveland on the 23rd, Detroit on the 24th, Pittsburgh on the 25th, Washington, DC on the 26th, and Passiac on the 27th.

Lieberman Call

PORTLAND/SEATTLE--Joe Maita
(503-283-1293)

	SALES	POTENTIAL	
Psychedelic Furs	3	8	Contrary to popular opinion, there are indeed songs on this record that are somewhat listenable. Top 40 is certain to break this one. Going, going, gone. Activity building. If worked properly, we'll sell a few of them. In a class of their own.
English Beat	4	9	
Pat Travers	3	6	
Buck Dharma	4	8	
Moving Pictures	3	8	
Supertramp	8	10	

	% OF KEY ACCOUNTS	COVERAGE	
Scandal	80	L-M	Better than average reaction due to MTV. Good airplay, low cost, and quality music. Bound to do well with shops catering to the criminally insane. Lukewarm reaction for a lukewarm record. If Lionel Richie is the new Perry Como, then Collins would have to be this generation's Cat Stevens. (Say what?!).
Rose Tattoo	80	L-M	
Henry Paul	80	L-M	
Phil Collins	100	M-H	

"A band to watch is Men Without Hats...Top 10 sales: Men At Work, Tom Petty, Dire Straits, Stray Cats, Pat Benatar, CSN, Cougar, Supertramp, Fagen, Hall & Oates...Favorites: Fagen, Supertramp, Prince, Joni Mitchell, Chick Corea, Every Man's Band, Devo, Lene Lovich, Talk Talk."

DALLAS--David Nichols
(214-349-2520)

	SALES	POTENTIAL	
Psychedelic Furs	2	5	Still seeing only light action. Light sales in a few stores. Slow but steady movement. Selling where given in-store play. Nice record, but it'll take some time to spread the word. Good sell-through reported by all stores.
English Beat	2	4

Buck Dharma	3	6	
Moving Pictures	1	6	
Supertramp	6	10

Scandal	50	L	Quite tasty. Light response so far. Some interest due to play on "Heat". Solid record.

LIEBERMAN CALL CONTINUED

MINNEAPOLIS-Bruce Lowry
(612-887-5236)

40

	<u>SALES</u>	<u>POTENTIAL</u>	
Psychedelic Furs	6	7	Consistent top 30 seller. Concert this week put them in the top 15.
English Beat	4	7	Very steady now, but will need radio to survive Christmas.
Pat Travers	3	6	Decent early sales. Good coverage at retail.
Buck Dharma	4	7	After a slow start, some interest is developing.
Moving Pictures	2	6	Small reorders now. Needs some more airplay.
Supertramp	6	9	As expected, this will be one of the big Christmas records.
	<u>% OF KEY ACCOUNTS</u>	<u>COVERAGE</u>	
Scandal	60	L	Small initial orders, but airplay is commanding feature retail space.
Rose Tattoo	70	L	Each Lp is swelling this band's following. Remember AC/DC?
Henry Paul	85	L	Groundwork of earlier Lp ensures good coverage.
Phil Collins	100	L-M	Retail obviously expects another chart topper.

"Thanks to Bob Feineigle, Dan Denigris and the folks from KQRS for an enlightening evening of radio and retail discussions...This week's breakouts include: Prince, Pat Benatar, Psychedelic Furs, Phil Collins, Talk Talk, the XTC reissues, and surprisingly the Kiss cult has not gone away yet...Hot on the bar band circuit is Saga's 'On The Loose'."

KANSAS CITY-Vici Simmons

Scandal	50	L	We anticipate sales growing due to airplay and nice price.
Rose Tattoo	50	L	Light response to start.

Phil Collins	100	L	#1 breakout release. What a tasteful record.

"Pat Benatar is #1 in sales for the week...Other top 10 sellers include: Men At Work, Lionel Richie, Stray Cats, Joe Jackson, and Tom Petty."

Rose Tattoo	--	--	Ditto.
Henry Paul	90	L	Good response from the 45 airplay.

"My congratulations to WEA for sending out Phil Collins, Chic, Henry Paul, and Gloria Gaynor without cassettes. Way to go, boys."

CHICAGO-Tom O'Flynn

Rose Tattoo	25	L	Retail doesn't recognize this act yet.
Henry Paul	65	M	Advance airplay generated demand.
Phil Collins	99	M-H	#1 breakout Lp last week.

"Congratulations to all album stations in our area except WMET who pulled those nefarious franchise record rentals. Those of us who make a living selling records appreciate it and will remember when directing ad dollars."

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left..We list debuts with a small "d". That indicates that the lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. PLAYS PER DAY - This refers to the actual number of exposures an album gets between 6 AM and midnight on an average day of the reporting week.
2. PLAYS PER WEEK - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. AIRPLAY EMPHASIS - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-5 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
