Hard Choices

JEFF BECK, "GETS US ALL IN THE END", EPIC..

With the 12" enjoying world class radio raves, top 10 airplay and solid requests, now it's just a case of picking the best depth tracks. Arthur Baker's tricks and Jeff's licks make "Gets Us All In The End" the easy office/programmer choice. After that, "Ambitious" gets the job done, and it's neat to hear the master's voice on "Get Workin'".

MOTLEY CRUE, "SMOKIN' IN THE BOYS ROOM",

ELEKTRA... Forget playing this record to appease their fans--you're gonna bang it because you love it. "Smokin' In The Boys Room" will probably be the biggest metal single since "Twisted", but urinal lot of trouble if you stall on making room for "Raise Your Hands To Rock", "Keep Your Eye On The Money" and the change of pace "Home Sweet Home".

AC/DC, "DANGER", ATLANTIC...

About 3 seconds in, you know you're definitely dealing with the industrial grade grind--and ain't it great that these bad boys of rock didn't give the old power ballad gambit half a thought. Analyze the Back Page and you'll find it long on class but cramped on crunch. So--put this chain gang to work on the power-chords-for-lunch bunch.

HEART, CAPITOL...

They've solidified their comeback with the required multi-format single success--as "What About Love" gains 10-7 in airplay and requests, replete with 15 increases and 35 builders this week alone...Now they also deserve back-track attention in accordance with their 15-million unit track record, and deliver the rock you need with "If Looks Could Kill", "Never" and "The Wolf".

HIGHWAY CHILE, "CHRISTINE", 21/ATCO...

Isn't it amazing what a hot new vocalist and a terrific song can do for a band? Yeah, you might have heard their previous work, but with the above changes and the new label affiliation, only the name remains the same. "Give me hypnotic hard rock" you scream? I scream "Christine"!!

SINGLE PICKS: ELTON JOHN, "ACT OF WAR", GEFHEN:

Far as we're concerned, Milla Jackson's work on this butt-kicker makes her the only female R&B crossover with the chops to challenge Tina on album radio. Killer track!...TINA TURNER, "WE DON'T NEED ANOTHER HERO", CAPITOL: We prefer her uptempo work too, but the media profile remains high and you'd be a fool to let CHR get a leg up on this midday masterpiece...TIL Tuesday, "LOOKING OVER MY SHOULDER", EPIC... 400,000 Lp's later you guys don't need a video jammed down your throat to get the picture, will you, do you? Especially when they carry on with what we feel is a much better song.

Chain Reaction

HUEY LEWIS, "THE POWER OF LOVE", CHRYSALIS...

100 out-of-the-box adds power Huey's latest to a #9 debut, thanks to 35 fast max mentions...KMET's Pam Edwards raves, "Just when we thought Huey could sit back, relax and reflect on his fame and fortune, he sneaks up and knocks us out with the song we'll remember the summer of '85 by. What a smash!!"...From WOVE's Greg Gillispie, "They're quickly proving themselves as the premier American band. You can't ask for a better summertime song than this"...WLOT's Rick Van Gil asks, "Isn't it great to have somebody like Huey around? No wild out-of-space haircut, none of mom's makeup on his face, no socks stuffed down his pants--just great happy rock and roll--and no burnout factor"...A huge winner on this week's instant capsule review, with over half of the 64 stations surveyed ranking it in the "classic" category.

PAT BENATAR, "INVINCIBLE", CHRYSALIS...

The new 12" may have been invisible a minute ago, but it sneaks in with 81 official adds and a #19 debut this week...9 start out with max play (XSHE, WLAV, KMET, WMMR, KICT), 21 more list it as "4"...WPDH's Pam Brooks sez, "I'm willing to bet that this new track will be bigger than anything on 'Tropico'. It grabs you from the opening beat and Pat's voice stays with you all the way through"...WBLM's Tom Wallace feels, "She sounds rejuvenated and rocking"...WROR's Bonnie Stacey calls it "Pat's best in a while"...And from WNEW's Amy Grosser, "Another strong track with mass appeal."

SCORPIONS, "WORLD WIDE LIVE", MERCURY...

Loved what WKQA's Amy Danman had to say. Scorpions may not win album cover of the year this time around, but this live collection of their greatest hits will take care of the core while you're pretending you're going after older demos... "Big City Nights" leads with 24 adds and a #77 song debut...There's also serious interest in "Still Loving You", "Hurricane" and "No One Like You". The Lp debuts at 45/46 Metro.

STING, "THE DREAM OF THE BLUE TURTLES", A&M

Six charted tracks fire up a #1 National album debut for Sting, and that's only the second time this year we've seen it happen. The single still reigns at #1, "Fortress Around Your Heart" at #41, "Shadows In The Rain" #74, "Love Is The Seventh Wave" #83, "Russians" #84, and "Black Seal" #85. Bob Bittens sez, "Sting covers all the bases from rock to reggae to jazz--sometimes all in the same song. What an incredible display of songwriting and musicianship"...From KBLE's Ron Sorenson, "Like Bruce Cockburn's 'Stealing Fire', this is a record where the lyric content is as important as the musical. A major statement from this generation of Bob Dylan/Mick Jagger"...From WKLT's Chuck Poet, "The songs are great and more personal than POTTICE material"...WBRU's Lara Murray adds, "In all, the album is as strong as expected and an affirmation of his place as one of rock's true frontiersmen."

JOHN PARR, "ST. ELMO'S FIRE", ATLANTIC...

The soundtrack's standout tune brings in another 33 adds--as a two-week total of 81 and ups from KYYS, WROR, KILQ and KZEN give John the week's strongest Song Index gain, 59-32...WFFX's Lex Staley says, "Nobody's phones this week compared to John's. What a powerhouse!!"...From WTSP's Mark Didie, "The Parr is a smash, proving he's no one-hit wonder"...Kevin Young, WCPZ adds, "The new song is a pleasant departure, demonstrating his ability to be more than just a regular rocker"...From Mark Devine, WRX1, "Although we're swimming in the sludge of multiple soundtrack-ltis, this is a standout"...And WKQQ's Rob Ellis notes, "Big crossover potential. Don't be late on this one"...Pam Brooks, WPDH, "Whether it's your interest in the film or your interest in the follow-up to a debut song that did exceptionally well, you're going to want to add 'St. Elmo's Fire'. It's just that good."

Chain Reaction

TIP A-HA, "TAKE ON ME", WB... It takes an amazing video to get top billing in our radio recommendations, but that's the naps on A-Ha. It's got to be the most creative and entertaining one I've seen this year--and as per the masterplan, see it several times and the song's gotcha. Watch, listen and be aware--because this act will soon explode. As noted by WRDU's Bob Walton, "Being initially exposed to the song and video simultaneously was a phenomenal one-two punch. The song is sheer summer pleasure, bouncy and full of spunk. The video is simply the best I've seen."

TIP LOVE JUSTICE, "SWEET SWEET BABY (I'M FALLING)", GEPFEN... The rock remix ups the drums and guitar--and when a great song gets better, we're happy to step up once again. Busting a ground breaking act is never easy--and we urge you to follow through on your initial enthusiasm and airplay on these talented trendsetters.

CARLY SIMON, "TIRED OF BEING BLONDE", EPIC... An excellent start here, with 20 adds and a #98 debut. WMA's Mark Chernoff feels this one is "Red hot, and better yet, totally unexpected"...Mark Devine, WRKI called it "A pleasant surprise. Initial reaction was great, especially from 25-34 females"...WCPT's Kevin Young added, "This is no powder puff effort by any means. She's rough and ready on this one. It's booky and easily accessible"...From WVCT's Phil Manicki, "Upper demo? You bet, with Carly. Yes, the voice that makes you want to do something illegal is back, and with 'Blonde', everyone will listen"...WOIZ's Rod Messick said, "Strong comeback"...Ditto WYDD's Dave Shedlock...WIMZ's Scott Paulson said, "Different but nice."

EURYTHMICS, "BALL AND CHAIN", RCA... They've earned the second cut and they're getting it--the new 12" adds 17 for a 22 station total, and with ups from K110, WHJY, and WHCN, they've got a #56 debut...WHCN's Bob Bittens raved about the "incredible use of stereo. Put it on a good car stereo, or better yet, listen in headphones--it's wild"...From WBRU's Lars Murray, "I've been chomping at the bit for 3 weeks to go deep on Eurythmics, and this week the leash was loosened. 'Ball And Chain' has plenty of grit and a great headphone bit at the end"...From Rick Van Gil, WJDT, "I've never been that big on the band, but this new album has me paying dues in their fan club. 'Ball And Chain' continue where 'Life' leaves off."

REM, "CAN'T GET THERE FROM HERE", IRS/MCA... The LP's 43-34 Back Page Jump represents the week's strongest underling--as "Can't Get There" falls 12 new, now on 63, and increased at 6, including WCCC, WOUR, KRQR, WRCH and K110...WMMR's Erin Riley says, "Hope you all read Rolling Stone's review. We agree with every word of it"...WAQX's Amy Dahman seconds, "It's been on a week and debuts at #15 retail, proving there's more to these Georgia guys than just the preconceived college popularity"...Larry Dunn, WLIR, adds, "Is the new REM album the most significant album this month, or what? Hugh phones on the single"...From WTOS' Kelly Grey, "The new LP is keeping our phones lit. If you're not on it, you're in the dark"...Already top 5 calls at KFMQ, WHFS, WBRU and WQBK...They deserve the depth, so also think "Driver 8".

SIGNIFICANT SONGS

RON JOVI, "IN AND OUT OF LOVE", MERCURY... His 71-51 Prime Move is that chart's second strongest gain behind John Parr, with 12 adds, and ups from WCCC, K110, KXZL and WHJY...Meanwhile, back at the Checklist, we find phones and sales up at WAQX, KXZL, WHJY and WYSP, with phones increasing at K110, WMDM and WPYX...And an overall building trend at K107, WCCC, KLAQ, WLLZ, KISS, WSKS and 3 more, with 16 maintaining and 18 considering...The LP also rebounds for double primers, 43-34 Nationally, 39-31 Metro.

TEARS FOR FEARS, "SHOUT", MERCURY... Their 25 play increases top that department--ditto the Most Requested with that amazing 4-1 move--thanks to response like "Monster phones" from WLVO's Lee Randall, "#1 sales and #3 calls" from Greg Gillispie at WQVE, and "A stranglehold on the phones" from WYNF's Ron Diaz...The new single gains 9-7, now max on 49, with the LP #7 in overall play, #9 Metro.

TALKING HEADS, "ROAD TO NOWHERE", SIRE/WB... The Heads gain 23-17 in National LP play, increasing 31-27 Metro, with the single still well out front 31-27...New on 10, now on 85, with increases reported at WSHE, WCCC, WIMZ, WPLR, WOUR, WRCH, KLPX, and 3 more...WLIR's Larry Dunn comments, "On the sales front, this is showing up as the #1 sales breakout. The phones keep burning, and the street keeps buzzing"...From WHCN's Bob Bittens, "The move toward the more melodic sound makes the latest album their most listenable yet"...From Bob Welch, WPYX, "The Heads' debut at #1 retail with top 5 phones to back it up. Obviously the listeners have no problem with this record's sound as demonstrated by these sales and phones"...Meanwhile, "And She Was" is also increasing nicely with 8 adds, increases at KAZY, WRCH, KZEW, and WHCN, and a 96-84 Underline.

HOWARD JONES, "LIFE IN ONE DAY", ELEKTRA... Ho-Jo's latest continues to show a solid growth curve--this week bringing in 8 more adds, including WTOT, WPYX, W1YY, WVCT, and KFMX, with increases at WCCC, WRCH and WDMA, and no decreases. Underlined 69-58 on the Song Index, with the LP steady at 26, up 35-34 Metro.

BRUCE SPRINGSTEEN, "STAND ON IT", COLUMBIA... KYYS and KOME start it off at a "5" emphasis--new action on 4 more and increases at KRQR and K110 make this Bruce 8 side the week's #3 Song Index Primer (74-60). Key calls on the case include KFOG, WLVO, WCKG, WLUP, C110 and DC1-1.

BRYAN FERRY, "SLAVE TO LOVE", WB... Isn't it great to see this critic's choice getting airplay to match the accolades? Bryan bags the week's #1 Metro-Prime Move, skating 37-22, while "Slave" serves up its 4th consecutive Primer 69-45-32-29. "Upper demo heaven" sez KBLE's Ron Sorenson, "He's retained the casual elegance we've come to associate with Roxy Music"...To Erin Riley, WMMR, "It's not just a personal fave, but also a very viable piece of music"...And Don Berns, CFNY notes, "Both the import and domestic LP selling extremely strong"...Increases in KRQR, WHJY, WSHE, CFNY, KLPX, K110, WRCH, and WMDM with new action at DC101, WLUP, KMET, WMMR, MRXL, and WUVA for 78 to date.

RATT, "LAY IT DOWN", ATLANTIC... When it comes to owning the phones, Ratt reigns with top 5 calls at WJCS, WYNF, W1YY, WCRF, WHJY, KISS, WAQX, WTUE, WLLZ and 9 more keeping it steady at #3 Most Requested. WTPA's Louie Torrie cites "Super first week sales. 'Lay It Down' is turning into a very active track"...Bob Welch points out that WPYX "is selective about the metal we play, and Ratt is definitely getting strong reaction--top 10 sales and requests"...From Ted Edwards, KGB, "In the hard rock is dead department, Ratt debuts at #1 in sales this week"...8 major play-ups (KLML, KLOS, WRCH and WQFM) and adds at WLAV and WIMZ fuel double album primers--25-21/25-19. Gaining in Songs 22-20, and flashing one of the week's strongest Checklists: 17 phones/sales Builders (WJCS, WQFM, KLML, WYNF, WTPA, WSKS); 8 phone Builders (WOIZ, C110, KATT, WHJY); 2 sales Builders, and 9 Builders overall (KZEW, WGBN, KISS, WPLR, WCCC), with 12 maintaining, 5 considering and none dropping.

BOB DYLAN, "EMPIRE BUREAUQUE", COLUMBIA... Bob connects with a triple--Underlines 20-18 in the National league, 17-15 Metro, 23-22 in Songs, generated play jumps at WPLR, XLPX, KFMQ, KRQR, and 3 more, and new air on 7, including K15W, WLUP, WIMZ, and WYFE... "Tight" takes in above-average spins on WTBO, KZEW, WMMR, KMET, WHCN, KRQR, KAZY, KBCD and 21 more, while "When The Night" moves 91-87: The Rockline exposure won't hurt either.

Chain Reaction

BRYAN ADAMS, "SUMMER OF '69"/"DIANA", A&M... Mr. Reckless free falls to a 29-25 song Underline as "Summer" heats up with new play at WIIY, WTUE, KLAQ, WRCN, and 4 more. Track #4 pulls play-ups at WYSP, WCMF, KMET, WSKS, KISS, KZAP, and 5 more, as the Lp grows 18-16 in National play. And don't miss out on the format exclusive import "Diana", which registered one of the week's major song moves, 80-67. Just added at WDVE, KOME, WTPA and KATT.

HELIX, "DEEP CUTS THE KNIFE", CAPITOL... These guys stand tall in the most improved department, as "Knife" cuts into 12 more including KISW, WDVE, KQRS, WLAV, WBAB, for a 74 station total. Priming 42-28 in Songs, the Lp nails the week's second biggest album Prime Move: 38-29/36-23, and radio testifies: Mark DiDia, WYSP, "Helix has come through a winner this week with both top 10 sales and phones"... James Norungolo, WUVA, "I put my money where my mouth is and moved up Helix this week"... So did KSHE, KLOL, WLLZ, WYSP, WFYV, KSRR and WMGM. Power play status ("5") at KISS, CILQ, WYSP, WQFM, KLOL, and KSRR.

COREY HART, "NEVER SURRENDER", EMI... Seven adds, including KATT, KLOL, WWCK and WSKS, hike the count to 79, with 13 now listing max, 19 more at "4"... Play-ups include WQFM, WCCC, WOUR, WRXL, and three more, as total point increases give the single a 25-24 underline.

RUSS BALLARD, "THE FIRE STILL BURNS", EMI... Three weeks out and the Checklist smokes: 33 building, 37 maintaining and none dropping... 11 adds make it 87 now playing and with ups from KLOL, KEZO, WEZX, KATT, KILO, and KRQR, we're looking at a 36-26 Song underline.

GEORGE THOROGOOD, "WILLIE AND THE HAND JIVE", EMI... Lonesome George goes the distance as track #3 primes across the board--36-28 National, 33-26 Metro, and 43-31 Songs... New on 5 (WCKG, WHCN, WRKI) now on 58, increased on KSHE, WYSP, WCCC, WTUE and 3 more, with 42 steadies and none dropping... "Hand Jive" is, in fact, the Lp's first single, so hammer it home before your competitor does.

BUILDERS

TAXXI, "STILL IN LOVE WITH YOU", MCA... More quality stations hop on in week number two: WEBN WHJY, KMOD, WYSP, KLAQ, KSJO, and 3 more, as 18 total nets a #91 debut... Majors already playing include WLLZ, WNEW, and KOME... Ken Anthony speaks for their many fans, "'Still In Love' could be the one that pushes them over the top. It's got a great hook and it's nicely produced"... Also check out "Lipstick".

SIMON TOWNSHEND, "BARRIERS", 21 RECORDS... We're with WPDH's Pam Brooks, "'Barriers' should be the song for his talent, and not just his name, to get noticed. It takes off where 'I'm The Answer' left off. Great lyrics, beat and Simon's unbeatable voice--a triple threat"... Come on folks, this record deserves better than 7 new and 14 on.

WEIRD AL, "DARE TO BE STUPID", ROCK 'N' ROLL/EPIC... Nothing daring about a drop in or three from our Boy Al. His goofball humor is the obvious antidote to too many recurrences and "classics", and if you can take a shot at Madonna in the process--what the hell. "Like A Surgeon" comes thru with an 84-78 move, as the Lp converts for a #50 National debut, #47 Metro entry. Next up, "I Want A New Duck".

DIRE STRAITS, "MONEY FOR NOTHING", WB... Obviously this is developing into a major adult reaction record, as evidenced by the mammoth top 5 phone mentions--27 total including WHJY, WIIY, WHCN, DC101, WDIZ, WEBN, WQFM, WYNF and KLOL, and the continuous playups--we count 24 more, that's the 2nd highest amount this week. "Money's" max play on 35, "4" emphasis at 22, underlined 12-11 in Songs, #2 Most Requested... WLVQ's Lee Randall is "Still getting massive phones", while Lex Staley, WFYV believes that "The Straits aren't a band that gets a lot of phone action, but the lyrics and guitar on 'Money' is getting the band the most phones they've ever gotten at this radio station"... Speaking of the lyrics, the single edit is making its way up the street, so pound with pride.

U2, "WIDE AWAKE IN AMERICA", ISLAND... That's the sitch here, as Bono and the boys wake and shake on all fronts: 17-15 National, 19-18 Metro, with "Sun" rising 24-23 in airplay, up 16-11 Most Requested, thanks to Top 5 Requests at WDVE, WHCN, WHJY, WAAF, WLIR and 4 more. "Love" tumbles up the Index, 95-90 with KLOL, CILQ, WPDH and WLIR figuring in the key calls list. Checklisting: Phones and sales up on 18 (WMMR, WDIZ, WIOT, WHJY, CILQ, WFYV); phones increasing on WLLZ, WYNF, KATT, KLOL, WBAB, and 4 more; Building sales at WYSP, WRDU, WAQX and WGIR with 11 overall builders, 16 maintaining and none dropping.

Y&T, "SUMMERTIME GIRLS", A&M... KISS' Tom Scheppeke screams, "Talk about hooks!! Don't wait 'til fall to add this. It could be the finest thing to hit the airwaves of 85!"... KFMX's Wes Nessman adds, "I believe it's the record they've been trying to make for a long, long time. I'm prepared to eat the record if it doesn't hit"... WAQX's Amy Dahlman agrees, "Looks like Y&T will finally get the attention they deserve. 'Summertime Girls' is so good that I expect Coppertone to be knockin' the doors down with every play"... KILO's Alan White sez, "Right on Target"... KSJO's Ken Anthony, "Hooky-good improvement"... Erin Riley, WMMR, "Easily their best"... Doug Podell, WLLZ, "Clean, straight metal that really works"... And Rob Ellis, WKQQ, "Their most commercial yet"... New on 11, including KRQR, KZEW, WAQX, KMOD, KOME, KISS, WLLZ, KXZL, and KILO.

TOM PETTY AND THE HEARTBREAKERS, "MAKE IT BETTER", MCA... Adds at KSRR, KSJO, KESI and WYDD, coupled with ups on WLUP, WSHE, KZEW, KRQR, WHJY, and 2 more, Prime Petty 17-13 on the Song Index, with the power play count now at 13, while 20 bang "Better" at a "4" emphasis. Dave Shedlock at WYDD feels, "It's the strongest song on the album, and the overall sound of the song could win the Heartbreakers a lot of new fans"... Factor in Tom's tour tonnage, and the crosstown airplay, and we think you'll agree it's a no sweat cinch.

KATRINA & THE WAVES, "RED WINE AND WHISKEY", CAPITOL... WSHE, KLPX and KGB catch the Wave, bringing Ted Edwards' turntable treat of the week's total count to 20, with KZEW increasing and WKDF, KEZO and WHFS giving "4" or "5" emphasis spins. "Wine" matures 98-88 Underlined, while the Lp ups 42-40 in National play, repeating at #44 Metro. Take it from Mark Devine, WRKI, "'Wine' sounds great and is starting to pull in the requests. This album is deep."

JOHN CAFFERTY AND THE BEAVER BROWN BAND, "C-I-T-Y", SCOTTI BROS/EPIC... The Checklist quizz kids' next pick-to-click cruises on the Song Index at #97, sparked by fresh air at KZEW, KOME, and WRUF, play hikes at WHJY and KILO, and majors KFOG, WYNF, KATT and KEZO among the now-playing. When a multi-platinum act like the Beavers deliver an album this strong, we say pay attention.

ARETHA FRANKLIN, "FREEWAY OF LOVE", ARISTA... The First Lady of Soul hustles 13 fast adds, paced by WBCN, WYDD, WZZO, WQBK, WIMZ, KBCO, WCPZ and WAQX, where Amy Dahlman postulated, "If you beat CHR to 'Would I Lie', there's no excuse for passing on the rock mix of 'Freeway'. It's gonna be a monster and what 25+er won't get into this tune?"... To Dave Shedlock, WYDD, "It seems to be a year of major comebacks, and the tradition should continue with Aretha's new 12". 'Freeway' brings the best of Motown sound into the 80's and the Clarence Clemons connection makes the record a natural"... Kevin Young, WCPZ, "If you think she's back, think again. She never left"... Mark Chernoff, WDHA, "Another lady that's being welcomed back. Give me roads like this anytime"... Peggy Apple, WQBK, "Aretha, Pat and Carly fit in perfectly for us."

DIRT ALERT!

SAN FRANCISCO'S KQCY UNVEILED

After months of industry speculation, KQCY (formerly KQAK) made its San Francisco debut Friday, June 21st. Targetting 25-44, "the City" showcases a wide spectrum music mix (5000+ tracks) that runs the gamut from rock (1955 to present) to occasional Folk, Blues and Jazz crossovers. "There's no way you can pigeonhole this" says Kate Hayes, who shares programming duties with San Francisco/LA vet Tom Yates. "We're not doing what anybody else is doing. We're playing music for an audience that has grown up on rock, aged 25-44, with some overlap on either side..." Is KQCY a modern progressive station? "If what had been known in the early days as progressive radio had been allowed to grow up and evolve with the audience, instead of constantly trying to move back the appeal to an 18-24 crowd, then this is what that approach would sound like. Each DJ has general programming guidelines, but no specific playlist. Each jock selects his/her own tunes..." Among the City's air staff are Damien Bragdon and Fred Gallardo (KLOS), Dan Carlisle (WNEW-fm), Alex Bennett (legend in residence), Dave McQueen (KQAK), and Andy Lea, Norman Davis, and Linda Fink.

CROSSTOWN TRAFFIC

Arista promo vet Randy Hock returns to the front lines after a 2½ year hiatus into the video field. Commenting on joining MCA in the newly created position of Director Album Promotion/Marketing, East Coast, Randy told Dr. Dirt, "I am as happy as anyone could be coming back into the record business after a rather trying situation in the wonderful world of video. I'm looking forward to renewing many old acquaintances and relationships with guys (and gals) I haven't talked to in AOR radio in the last 2 - 2½ years." Reach the Hocker at (212) 605-0634...MCA National AOR Promotion Director John Schoenberger adds, "Look for a complete expansion announcement shortly."

Chuck Oliner steps down from his promotion position at A&M Records to "concentrate on his air-shift". Chuck will announce future plans soon.

Bill McGathy Promotions have moved. You'll now find the Gentle Giant of rock 'n' roll at 148 West 28th Street, 5th Floor, NYC, NY 10001.

All the best promotion men have Chinese eyes...Al Twanmo has been relieved of his duties at Chrysalis and called with this to say, "As many of you know, Chrysalis Records and I have parted ways. I'm looking forward to getting back to a local, regional or national position with a label, having had great experiences in both the Southeast and Northeast. I'm willing to relocate and am also available for independent projects. Call me at (301) 871-7668, even if you just want to chat. Hope to see you on the streets real soon."

BIRCH BUSTERS

WZZO, Allentown equates their recent Birch success with a continual shift toward increased depth on core AOR artists. P.D. Gene Romano points out that while emphasizing dance flavored CHR cross-overs last Fall, Z-95 experienced erosion of men 18-34 to CHR competitor WQQQ. Since then, Gene and M.D. Rick Strauss have stressed "more AOR tracks over the past few months, especially in our recurrent category, and less of the CHR product that we had been dealing with". The results: WZZO doubled its share of men 18-34 since last Fall and finished #1 in every male demo in the April/May Birth Report:

Men 18 - 34	30.5	#1
Men 18 - 44	24.9	#1
Men 25 - 44	18.0	#1

The female numbers look hot, too, with Z 95 scoring #1 with women 18-44.

Just when you thought it was safe to turn on the kitchen light. . .Triggered by #1 Requests for Kip Adotta's "Big Cock Roach", Bill Wise and the WKLS crew staged the logical answer to Atlanta roach mania: the 96 Rock Run for the Roaches. On a Sunday afternoon in an Atlanta parking lot, radio roaches and roach spectators gathered to watch the most unusual event in racing history, a cock roach race. Roaches like Hopalong Bill, Harry Long Legs, and Spend-a-Bug put their antenna on the line, with KLS broadcasting the play by play live. Five seconds after the starting call "Ladies and Gentlemen, start your roaches" was given, it was all over with Harry Long Legs declared the fastest bug on six legs. Harry's owner, listener Renee Leach, won a year's free service from Orkin.

WCKG, Chicago spent the Memorial Day Weekend counting down the 500 Greatest Songs Of All Time. Many stations have featured mega-countdowns, but what made WCKG's Memorial Day 500 special was the inclusion of roots classics like the Surfari's "Wipe Out", Sly's "I Wanna Take You Higher", Jan and Dean's "Dead Man's Curve", Bob Dylan's "The Times They Are A Changin'", and "Hound Dog" from Elvis mixed in with more traditional oldies from the Stones, the Who, Police, Genesis, etc. Copies of the Memorial Day 500 were made available to listeners at the station and retail outlets in the area.

For the fifth year in a row, WRIF is providing the Motor City with free summertime concerts. "Continuing their long time commitment to supporting Detroit bands", the Riff rocks Wednesday nights at Freedom Hall with local talent and occasional national bands.

ROCKERS

On a day off in Memphis, Bryan Adams was talked into doing a parachute free fall, his first. The worst, of course, happened. Bryan's main chute didn't open at the ten second mark at an altitude level of 6,500 feet and had to be manually gathered in mid-fall. Fourteen seconds later, after 24 total seconds had elapsed, his emergency chute took over and Adams floated, rigid with fear, to earth. "I was never happier than when my feet touched the ground" he said, but he still can't bring himself to watch the footage of the entire sequence shot from the circling drop plane by a member of the road crew. The film aired on ABC's Good Morning America on Friday, June 21st.

Despite a bout with the flu, Tom Petty put on a stellar show at the Brendan Bryne Arena last Saturday night. Highlights included the psychedelized "Don't Come Around Here No More", complete with strobe lights and a 60's "heavy water" light show, and a rousing "Rebels" which showcased a killer three-piece horn section. T.P. knocked 'em dead in Philly, the night before with a rave-up cover of the Music Explosion's "Little Bit Of Soul". The Heartbreakers have never sounded better, and wait til you see the rave reaction opening act 'til tuesday gets.

Hey, you! July 4th Deadline: When phoning in your chart next week, keep in mind that no comments will be taken on Wednesday, July 3rd. Deadline for all Radio and Record Action is Tuesday, July 2, 7 p.m. E.S.T.

SEVERAL OF THE TOP ENGLISH ROCK STARS, including The Who, Boy George, Phil Collins and Mick Jagger, are expected to pull double duty on July 13th, performing both in England and in America. With the Concord on standby, it is possible to make both shows - since when you leave Europe to go to America you actually arrive hours before you leave, at least according to the clock.

MARYL HALL AND JOHN OATES will do a one-nighter at Ellis Island for the Statue of Liberty. It'll be at Ellis Park on July 4th, and there's a special \$5.00 charge. The opening band will be announced shortly, but Hall & Oates are putting their money where their mouth is for the special benefit performance for the Statue of Liberty on the symbol's 100th anniversary.

WE HEAR THAT YOUNG STEVIE RAY VAUGHAN has been guaranteed at least 2 videos for his upcoming album "Sole To Sole." Stevie Ray is off to Badden, Germany for a one-nighter on July 5th with a follow-up in Hamburg the next day. On the 4th, he's taping a TV show that will go out throughout all of Germany and much of Europe...Vaughan had an SRO engagement at Red Rocks on June 19th. All 10,000 tickets went clean for promoter Barry Fey.

THE ROBERT PLANT TOUR is off and running. It began on June 10th in Vancouver, Canada and will run through the 5th of August when it culminates in New York City at Madison Square Garden. Plant plays the Philadelphia Spectrum on August 1st and 2nd, and the Nassau Coliseum on August 3rd.

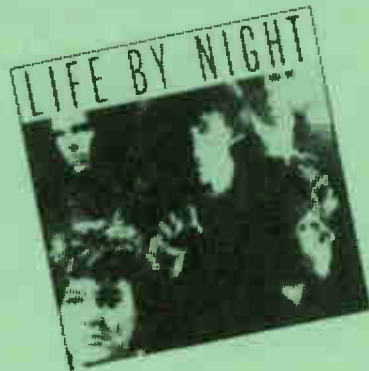

CAN'T SAY ENOUGH ABOUT what a great show Kenny Loggins and his super-band put on at Radio City Music Hall last Friday and Saturday, June 15th & 16th. Lou O'Neill Jr. reports, "Kenny came out and laid out every drop of energy and, before the set was over, I realized what a great performer he really was." Highlights in the set: His bone-chilling new single "Forever"; "I'm Alright"; "Footloose"; "Danny's Song." Loggins is sponsored by the Levi people and they're giving him tremendous tour support every stop along the way.

LOU O'NEILL JR. FLASHES FROM NEW YORK that he expects the Rolling Stones to materialize on the streets of Manhattan momentarily. The Stones were expected back this past weekend. Everything is going along smoothly in the band these days. They're talking nicely, and they say about 24 tracks are done. The band is now picking and choosing the best of them.

DIRT ALERT!

SENSATIONAL! SIZZLING! Without question, one of the best rock concerts of the year! So says Lou O'Neill Jr. about the 'til tuesday/Tom Petty & The Heartbreakers doubleheader last week for John Scher at the Jersey Arena in the Meadowlands. 'til tuesday performed their smash - "Voices Carry" - and drew a very strong response for an opening band. Yet, there was no denying it was the Heartbreakers and the man from Gainesville, FL the 16,000 rock fans were waiting for." Petty came right at them and opened with "American Girl" and, despite the fact he was nursing a bad flu bug and a very sore throat, he let it all hang out with one of the hardest driving nights of rock of the year. Some of the highlights of Petty's set included: "Don't Do Me Like That"; "I Need Your Love"; "Refugee"; "Make It Better Forget About Me"; and a great version of the song he and Dave Stewart co-wrote, "Don't Come Around Here No More." On "Don't Come Around Here No More", Petty's backdrop turned '60's shades of psychedelia and his two female singers added an awful lot. For the first time in history, Petty is utilizing a 3-piece horn section on stage, and it's giving him a more beefed-up sound. Backstage, Lou O'Neill Jr. spotted Brian Setzer, formerly of the Stray Cats, who happily told Lou that all his legal difficulties are over and he'll be ready to go into the studio momentarily to do a new album for EMI America. "All the songs are written," Brian laughed, "and only one's a rock-a-billy, so far."

HOT! U2 will play in Berlin Germany on July 3rd. Paul McGuinnis, the band's manager, is delighted that U2 is exploding everywhere they perform!! They're actually going to do it on the East Berlin side of the wall. Opening for the band will be R.E.M.

EURHYTHMICS' ANNIE LENNOX is preparing for her film debut in "Revolution." It's a new movie being directed by Hugh ("Chariots Of Fire") Hudson, and also stars Al Pacino, Nastassia Kinski and Donald Sutherland.

USA TODAY is doing a big cover story on Huey Lewis & The News. When one of the wags was asked why Huey Lewis is so popular with the ladies, the wise man simply said, "Because he's a real man's man, and the ladies realize that and covet him the more for it..."

HE MAY BE KNOWN AS A VERY SHY STAR, but Bob Dylan did Rockline last week and came off great!!!

KEVIN CRONIN AND GARY RICHRATH, of REO Speedwagon, dropped by Susan Blond's office last week at Epic Records to say hello, and ended up spending more than an hour there. As you know, Speedwagon's enjoying one of their biggest records in years.

WE UNDERSTAND BRUCE SPRINGSTEEN fulfills a life-long fantasy in the new video of "Glory Days": He actually plays major league baseball. And that's "Miami" Steve Van Zandt playing in the bar band up on the stage. Julianne Springsteen makes a cameo appearance during the last five or six seconds of the video. John Sayles did the video and he's also responsible for "I'm On Fire." Some of Sayles' cinematic credits include: "Baby It's You" and "Return Of The Secaucus Seven."

ATLANTIC RECORDS threw a great party for AC/DC last week at Cafe Mundo in NYC. The entire band was there to talk about their new album, which is about to be released. Malcolm Young told Lou O'Neill Jr. that the band is shooting 5 videos for the record, and that was the reason the party was located at Mundo - since Mundo was the site of the video shoot. Angus Young said, "The difference between this next record and our last is - this one is more straight out there, more straight-ahead rock 'n' roll. The first single might be 'Danger' or 'Shake Your Foundation', but I'm not really sure. We hope to do a U.S. tour in late August, and I can't wait to get back." Incidentally, Angus and Malcolm looked terrific, as does lead singer Brian Johnson. Word is that the initial orders for the AC/DC album, "Fly On The Wall", are over 500,000.

ROBERT PLANT will do a one-nighter at the Jersey Arena in the Meadowlands. Tickets were put on sale last week and we understand there was a good initial run at the boxoffice.

HOT! Long Island concert promoter Larry Vaughan will be presenting Squeeze - the original line-up of Squeeze - at the Nassau Coliseum on August 16th. Tickets are on sale right now. The album should be coming in the near future.

The Rock Report

JIMMY PAGE HAS RETURNED TO MUSIC in a big way this past year, but one of his most exciting projects has got to be his recent reunion with Paul Samwell-Smith, Chris Dreja, Jim McCarty and Jim Fiddler, better known as Box of Frogs, but who one time were The Yardbirds. Page joined them in the studio to cut some tracks that will hopefully appear on the second B.O.F. Lp due this September from Epic. In the meantime, Jimmy will embark on a July 4th tour with the Beach Boys and James Brown along with some other special guests.

IN OTHER PAGE NEWS, the ROCK REPORT has learned from several of its sources that Jimmy Page and Robert Plant appear to be working on a reunion of sorts.

ERIC MARTIN IS BACK WITH A NEW ALBUM for Capitol Records, due sometime late this summer. The Lp is being produced by the highly respected guitarist Danny Kortchmar and features Waddy Wachtel, Maxine Waters and a host of great L.A. session musicians. The album will also include a song written by Stan Lynch, drummer for Tom Petty and the Heartbreakers, as well as a couple cover songs like Manfred Mann's "Secrets In The Dark" and "Finders Keepers" by Chairman of the Board. Look for the first single July 31st.

"BILLY JOEL'S GREATEST HITS VOL. I & II" is the name of the piano man's upcoming release due any time now. Included in the double record set will be two previously unreleased tracks -- "You're Only Human (Second Wind)" and "The Night Is Still Young". The collection of songs spans Joel's career from 1973 to 1984 and features such greats as "Say Goodbye To Hollywood", "Only The Good Die Young", "It's Still Rock 'N Roll To Me", and "Tell Her About It". Accompanying the package is a video to one of the new tracks, "You're Only Human (Second Wind)", being directed by Richard Friedman.

THE COWARD BROTHERS ARE Elvis Costello and T- Bone Burnett and their first single is "The People's Limousine". The duo have been performing together since last year's American tour where they were co-billed. Meanwhile, "The Best Of Elvis Costello - The Man" has just been released on VHS via Palace Video and features 22 clips like "Watching Detectives", where clever movie footage has been inserted, as well as "Pump It Up", "Accidents Will Happen", "Everyday I Write The Book", and "Peace, Love And Understanding", among others. The retail price for the cassette is less than \$20.

JULY 24TH MARKS THE START of Culture Club's 1985 tour kicking off in Tel Aviv, Israel. The show then moves on to Greece, Japan and finally the U.S. But don't get too excited. The band is only playing three dates on our shores and the shows are already sold out. Singer Helen Terry will once again be joining the band as well as vocalist David Lasley. A third back-up singer is still to be announced. The American dates are as follows: August 17th at the Pacific Amphitheatre in Costa Mesa, California and August 20-21 at the Universal Amphitheatre in Studio City, California.

A FLOCK OF SEAGULLS RETURN after a period of silence with a new album currently being recorded at London's Battery Studios. Lead singer and keyboardist Mike Score has written well over fifty songs and the band, which now includes guitarist Bill Nelson (Be Bop Deluxe, Red Noise), are chosing the best tracks for the upcoming Jive/Arista record due sometime this fall.

FORMER EAGLE, GLENN FREY, EMBARKS on his solo tour this week when he plays a one off gig with Foreigner before joining Tina Turner as the opening act for her show. Frey, who already has two hit singles under his belt so far this year, is hoping for more with the release of his new album "Two Hearts". The album is due this summer on MCA. One of the tracks was written and produced by the team of Hank Wolinski and James Newton Howard.

News From Rock Over London

"JEFF BECK'S 'People Get Ready' will finally be released in the U.K. on June 24th after being held up by various legal problems. And, of course, that features a rather soulful sounding ROD STEWART on vocals. Jeff's new Lp 'Flash' should be out next month.

QUEEN'S ROGER TAYLOR has been displaying his producing skills again with a new song by FERGAL SHARKEY called 'Loving You'. Mr. Sharkey will continue to be in good company as his forthcoming Lp will be produced mostly by DAVE STEWART of EURYTHMICS and the video is being put together by the creme de la creme of video makers, GODLEY and CREME. Certainly Mr. Sharkey has impressed somebody in the music business!

HOWARD JONES' latest U.K. release is 'Life In One Day', a cut from his 'Dream Into Action' Lp. The B-Side, however, is a previously unissued song curiously titled 'Boom Boom Respite', and the 12" features 'Life In One Day' Parts I and II.

TOYAH'S followup to 'Don't Fall In Love' is called 'Soul Passing Through Soul'...THE DAMNED followup 'Grimly Fiendish' with 'The Shadow Of Love'...OMD release their sixth Lp titled 'Crush'...DEAD OR ALIVE have listed three tracks from their 'Youthquake' Lp as the single. The songs are: 'In Too Deep' b/w 'I'll Do Anything' and 'You Make Me Wanna'.

As far as this new STING Lp is concerned, we here in London feel that the track with AOR written all over it is undoubtedly 'Fortress Around Your Heart'.

Looking ahead to the world's biggest ever rock concert on JULY 13TH, ROL's special interview guest this week is Live Aid organizer, BOB GELDOF, and members of SPANDAU BALLET...PHIL OAKY and GIORGIO MORODER join forces once again to say 'Goodbye Bad Times', and we play a new U.K. release from the EURYTHMICS...We hear a couple of new things from BRYAN FERRY, and ex-Yaz member, VINCE CLARKE performs a duet with PAUL QUINN called 'One Day'...There will also be four new entries in the Top 5 including a new #1."

Question Of The Week

Do you agree with N.A.B. (National Association of Broadcasters) President, Eddie Fritts' proposal to record companies asking them to include lyric sheets with their product to help make stations aware of suggestive and/or violent lyrical content?...And, if the Moral Majority really knew what a lot of these songs were about, would this present a problem to rock radio?

GRAD HUNT, ELEKTRA: "To paraphrase Alan Freed: 'You can stop me, but you can't ever stop rock 'n' roll'. The emerging controversy over lyrics has the smell of a witch hunt. The ugly head of McCarthyism is rising like a Phoenix as the NAB begins to bend to pressure from a group of federal legislators and their wives who seemingly think that Prince singing about masturbation is of greater concern than public and private debt, nuclear disarmament hunger and housing (all small problems that they have absolutely no idea how to solve). Perhaps these people have never masturbated, but somehow I doubt it. Sure, we should send out lyric sheets with every song and I'm sure that radio won't mind the accompanying price list so that they can buy the records after reviewing the lyrical content. Songwriting is an artistic expression and should be censored like all forms of expression, i.e. the news. Don't feel paranoid but who is looking over your shoulder? So, I invite all my fellow corrupters of youth to repent and submit. Remember, if it weren't for free records, radio would be all news and we all know how uncensored that is!"

GREG GILLISPIE, WDVE: "I think including lyrics is a nice suggestion, but I'm not gonna take the time to sit and read them word for word to find out if a song is suitable for airplay! If I can't hear its meaning--meaning bad words or suggestive statements, etc.--while listening to it, then my audience certainly isn't going to hear it. If the Moral Majority knew exactly what was in these songs, we probably would have burnt all our records a long time ago!"

MARTY BENDER, WSKS: "It really doesn't take much intelligence to realize that this is merely a cosmetic attempt to pacify the segment of the population who seem to thrive on complacency and perceive life in subjective terms. I can only see programmers accepting this with an apathetic snicker and the eventual cost, again, being passed on to you know who!"

DAVID HALL, WKDF: "Yes, I think it's a good idea. I've always wanted to see lyric sheets included, and not solely for the purpose of finding objectionable lyrics. It's always added to my enjoyment of any album...No, because I don't think any of them listen to rock radio!"

MARK DEVINE, WRKI: "Just as Programmers don't have time to listen to every song, they sure as hell don't have time to read every song. I think instead of going to all that trouble, there should be a label on the record that says, for example: 'Warning--The song 'She Goes Down Like An Anchor' may contain suggestive lyrics!"

FRED BRENNAN, WYFE: "It certainly can't hurt, but I think it's a part of a Programmer's responsibility to listen for questionable material."

JOHN HUTCHINSON, KLPX: "YES, I AGREE, so we can find the songs with the most suggestive lyrics and play the damn things...Who cares?"

RALPH TORTORA, WBAB: "No, because if anything was that dangerous, chances are we'd be warned by our local reps anyway...Not in this market!"

ALAN WHITE, KILO: "It would obviously make the issue clearer for programmers, but it should be left to the discretion of the artist whether or not they want to include lyrics. However, I have seen examples of lyrics that, once understood by me, have affected my opinion of the song or artist."

JIM JONES, KMOD: "I agree with Mr. Fritts on two points: 1) I don't find myself able to sit down and listen thoroughly a lot of the time and infrequently a song with questionable content may sneak by ... 2) Some of the songs' lyrics are not discernable and I still get calls from listeners wondering what in the world an artist is saying. It is a favor to the listener and it helps to be able to tell them the lyric!"

QUESTION CONTINUED

ROB ELLIS, WKQQ: "I personally don't have a problem with it and I would try not to let questionable lyrical content influence my decision on whether or not to add a record. Lyrical content sheets have their pros and cons."

LEX STALEY, WFYV: "Let's not take the gut feeling out of radio any more than it already is. We're not programming for the Moral Majority, we're programming for our audience so I don't care what they think!"

MATT EFFKEN, KFMQ: "It would be only useful as long as record companies also include the communist, satanic, sadomasochistic, mindrotting, backmasked lyrics that we all know are included on every album released in America today!"

RON DIAZ, WYNF: "Isn't there something more important to worry about these days?"

BOB KRANES, WBCN: "Being the Music Director at WBCN, an enclosed lyric sheet is not going to help me make a decision on a song. It's not going to make me any more aware of suggestive lyrics or whatever he's talking about. I believe that it's the MD's and PD's responsibility to be aware of content before a song is aired. We do listen to music. We don't need lyric sheets to bring anything to our attention."

DON BERNIS, CFNY: "Part one: No! and Yes! No, because lyrics that get submerged in music are not necessary for censorship to begin with (in other words, the 'Louie Louie' syndrome) and radio stations should be able to make their own decisions about questionable lyrics that obviously stand out. Yes, as a convenience to people who can't understand what is being sung and want to sing along, and to programmers who want to double check what is actually being sung by the mealy mouthed...Part two: Yes! and No! Yes, if they're strong enough in your area to cause potential problems with sponsors. And no, because each radio station should have the common sense and courage to do its own censoring and should not be swayed by anything other than responsibility to its listeners. After all, how many members of the so called 'Moral Majority' actually listen to rock radio?"

DANA JANG, KOMA: "Yes, I agree with the proposal. I think it would be good to have a written record of what is actually said in each song. I don't see any problems with the Moral Majority having access to song lyrics since the beauty of the English language is that it allows different interpretations for different people. Interpreting song lyrics is really getting into a grey area, that will offer differing points of view."

TOM STARR, WOUR: "I always appreciate artists and labels including lyrics sheets but mandating it against their prerogative is a step I certainly don't approve of. It would certainly give broadcasters less to fall back on in the event of a serious challenge, based upon lyric content."

RICK VAN GIL, WIOT: "Yes, as a shaper of young people's minds, we should be more aware of lyrical content."

MIKE KELLER, KQDS: "If the Program Director can't pick it out of the song by just listening, then what's the point? It doesn't matter to me one way or another."

DAVE SHEDLOCK, WYDD: "They should be mandatory only for the reason people like to read the lyrics, which unfortunately are sometimes buried in the mix!"

ED LEVINE, WAQX: "I think that the 'rock against porn' people and the fanatic faction of the anti-drunk drivers should all be put in the same room and forced to perform unsightly acts to Dee Snider, while humming 'This Land Is Your Land.'"

AMY DAHLMAN, WAQX: "Reading lyrics sheets, without Dr. Ruth to elaborate, is no way on the agenda. We'll wait for the movie."

BOB BITTENS, WHCN: "It won't change anything here. If the song is good, we don't worry about the lyrics. Good lyrics are an integral part of a good song. It may effect play in certain markets where radio has to be more careful about that sort of thing. Hartford's pretty hip. On the other hand, there are a lot of great songs that would be good to have lyrics to because they are so impossible to figure out! Making the proposal mandatory is the first step towards censorship, and a dangerous precedent."

BOB LINDEN, KESI: "I would be against government censorship and for a local sensitivity to the issue. I don't have the answer, but I do have a couple of questions involving a couple of songs we played last week here. For example, we've been playing 'Sex' by Berlin and a listener called last week and said she listens to the station with her 16 year old daughter and was offended by the (fuck me) lyric in the song. For our Classic Weekend, we played 'Walk On The Wild Side' by Lou Reed, and I received a letter from a listener who is very supportive of the station but questioned the lyrics (giving head) and how they might effect any young impressionable listeners. (Are you willing to publish this? If not, should I be willing to play it?) I've been listening to Lou Reed since Queens College at WNEW FM--has it taken 15 years to become obscene?"

DOUG PODELL, WLLZ: "I don't like censorship when it comes to lyrics, album covers, videos, fashion, etc. Radio is an entertainment medium and our job is to bring music to the public. All this censorship will only dilute rock 'n' roll. Those offended by this should tune-out!"

TOM SCHEPPKE, KISS: "Save a tree, use plastic sleeves."

BOB LINDER, WDHA: "I think, in the long run, lyrics are to everyone's advantage. In the short term, it will require more ambiguity for those artists who want airplay and wish to communicate something not in fashion. I don't agree with some of the song lyrics we play. I am extremely opposed to censorship."

DAVE KANE, WCMF: "If it'll make 'em happy and keep them off our backs, why not? First of all, the Moral Majority, which is neither, have no business sticking their righteous noses into rock and roll! We don't attempt to translate what certain bible passages mean; and besides what do they know about a rock and roll style or what it means to enjoy the music!"

RON SORENSON, KBLE: "Not if it's mandatory! Ask him to read the First Amendment to the Constitution...Yes, we'd be in deep shit!"

KEN ANTHONY, KSJO: "I don't agree that it's really necessary. The majority of the audience doesn't pay attention to lyrics anyway, unless you hit them over the head with it...There you're getting into freedom of speech. Music is like poetry -- a form of expression. People can choose to listen or not. There are more important issues than this particular one."

BOB CLARK, WTUE: "First of all, I do not think that mandatory regulations, restrictions, and other perfunctory and obtrusive rules ever really solve any given problem. I think it is a Music/Program Director's job to listen to a song before he puts it on-the-air, therefore, eliminating the need for word and lyric sheets. Personally, I think requiring such a move is simply passing the buck for not doing one's job. The record companies have a right in this country to release anything on vinyl they want to, just as radio has a right to play or not play anything they want to. I think that requiring lyric sheets would cause people to add or deny airplay to songs without even listening to them and gosh, wouldn't that be awful?!"

MARK DIDIA, WYSP: "Gimme a break! Whatever happened to the First Amendment?"

PEGGY APPLE, WQBK: "Yes, I do agree to enclose lyric sheets--not only for that reason, because it is fun to see exactly what the artist is saying...No way!"

DAN REED, WOXY: "I think most rock and roll lyrics can be taken whichever way by the audience it was intended for! As long as the lyrics do not fall into the realm of 'obscenity', I think the suggestiveness of them should be left to whoever's interested in deciphering them...It would help if R.E.M. would print lyric sheets with their records so I could understand what the hell he's talking about!"

JAMES NORUNGOLO, WUVA: "I don't agree for that purpose, although I do think it would be nice to see lyrics included."

PAUL SMOGRUE, WRXL: "It wouldn't hurt to include the lyrics, but I think most Programmers aren't going to go to the trouble of reading them...Maybe lyrics sheets would placate the conservative groups lobbying for them, but I don't think they'll do much good otherwise."

RUSS MOTTLA, WAAF: "'That's the silliest thing I've ever heard'--to quote Groucho!"

KAREN ANDERSEN SMALL, WGIR: "Yes, but that should not be a substitute for listening to the record yourself. A lyric sheet should be a backup...I don't think so. I think that within the Moral Majority there's a vocal minority. If the 'Moral Majority' got that upset, rock and roll would have been squelched in 1955!"

HAL BRANDT, WXKE: "No, I think that's a very negative way of putting it. I suggest lyric sheets for the positive elements...It hasn't in 30 years!"

JOHN GRAPPONE, WRCN: "Wouldn't be a bad idea, but as far as programming WRCN, Marc and I listen to how the word or words are used. I mean, we still play 'Who Are You' by The Who. We deal with each record individually. And we happen to l-o-v-e George Carlin, by the way...Who?!"

RICK LAMBERT, WJOL: "I wouldn't mind it, just for our own sake. As for it being mandatory, I'd question that... No."

MARK MILLER, WWCK: "I guess I agree with it in principal. I think the intentions are very good. But I also think if a programmer needs a lyric sheet to hear objectionable lyrics, number one, he shouldn't be a programmer -- and number two, chances are the lyrics are so obscure nobody's going to be offended by them anyway...I think they already know, but all of this controversy seems to be stirring the fires even more! It's really up to the programmer to use a good conscience in deciding what records he'll add or not add. Obviously, there does come a point where you have to draw the line. These things can only go just so far."

JULY 4th DEADLINE: When phoning in your chart next week, keep in mind no comments/charts will be taken on Wednesday, July 3rd. Holiday deadlines for Radio/Record Action are: 5PM Monday and 7PM Tuesday, E.S.T. Thank you!

Radio Action

WYFE, ROCKFORD, IL M.D.-FRED BRENNAN: It's great to finally discover, first hand, why AOR radio is now hesitant to go out on a limb for an unknown artist. Since adding Mr. Mister last week, I have never seen so much negativity from our fellow peers! Comments like 'it's a piece of shit', or the perennial smirk and 'Mr. Mister, ha ha, what an idiot!' Christ, the peer pressure alone is enough to keep us playing the Top 20 until doomsday! I'll tell you something: I like the record--it sounds good on-the-air and even with the light rotation, we've had some pretty good phone response. I don't care if only a handful of radio stations ever play it. It works for us! Isn't that what AOR is supposed to be about? So, let's keep the issue straight. I'm not defending Mr. Mister, specifically. I'm trying to make a point about a radio station that is finally taking a chance! Instead of shooting us down for making an individual choice, why not try and be a little supportive. Just because you pretend to have all the answers doesn't mean it won't work for us. Be positive, and show us some encouragement, at least for the act of trying! Who knows, the next obscure band in need of a break might be yours!"

WSKS, CINCINNATI, OH M.D.-MARTY BENDER: "Call the rock police. Have you or Madonna ever heard Rick Springfield's 'Crazy For You' from a few albums back?...Hidden hits on MCA: Dan Hartman from 'Fletch', and 'Lover's Moon' from Glenn Frey...I cringe when I think of all the Heart album sales that have been lost thus far on this pre-pre-pre-pre-pre-pre-release...Hey, Robert Palmer, where the hell are you going?... Why is Cincinnati on the cover of the Aretha Franklin 12"...Mucho, Motley royalties to Cub Koda... Speaking of Elektra, 'Alone Again' by Dokken remains our #1 record for three months...Is that Snips with AC/DC? If it isn't, whatever happened to..."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Thanks to Jeff Naumann and Bob Myers for the wonderful conversation. Thanks to Don Wasley for dropping by personally to play Armory Show personally. We're looking forward to the release of the record...Also, special thanks to Karen White Gilbert for bringing the band Red 7 by for an interview."

WDVE, PITTSBURGH, PA M.D.-GREG GILLISPIE: "A few weeks ago, I spoke of how it would take somebody well known, like Robert Plant, doing adventurous music to allow AOR to push the boundaries. And now comes Sting with one of the classiest albums of the year - one that you want to play more than just the single from - but you wonder how receptive your core audience will be to almost jazz-like music. The decision may be tough, but the results could be very rewarding. We're gonna go with 'Fortress' as the second cut, but in the long run, 'Shadows In The Rain' could be one that works extremely well...Tears For Fears were in town Saturday night and put on a tremendous show. Like so many of the neat bands of the 80's, I wouldn't consider any one member of the band to be a truly standout musician, but the overall feel and mood that they create with their music is absolutely hypnotic. Pittsburgh has obviously responded favorably to this band. This week the album is #1 in sales and 'Shout' jumps up to #3 in requests...The Bryan Adams import single is quite good and it would be worth your while to pick it up. Thanks to Bryan and Shullman's for our copy...Everybody at Chrysalis said that Ms. Benatar was gonna rock, and I guess they weren't lying. Let's see how long this one sticks around before the burnout comes...Huey Lewis And The News are quickly proving themselves as the premier American band. You can't ask for a better summertime song than this...When you get the Jeff Beck next week, I think you'll be astounded. He has certainly been able to utilize some great R&B roots on what is truly a straight ahead rock and roll record. Your obvious first choice will be 'Gets Us All In The End', and you'll surely get excited about 'Stop, Look And Listen' and 'Ecstasy', but you may wonder if they're just a little bit heavy on the R&B end. I guess we'll have to let the audience tell us on that one...Phone response on the Walsh continues to be strong... The same goes for U2, and the sales are really growing leaps and bounds...The Power Station 'Bang A Gong' jumps up to #2 requested this week...We'll give the Talking Heads 'And She Was' a shot. As I said last week, it seems to have a Beatles or Kinks-type musical phrasing."

KISS, SAN ANTONIO, TX M.D.-TOM SCHEPPKE: "It's getting good and hot around here. We're warming up for some good numbers - ARB. How about these: Over 100 KISS listeners came to listen to the new Scorpions Lp. Thanks to PolyGram's Ted Mellancamp. Then, two nights later at the same club, Daddy's, another thousand rockers put the needle in the groove as KISS presented Mama's Boys. Plus, who knows how many thousands more were listening to the show's simulcast on KISS. Thanks again to Arista's Jeff Laufer. Mission accomplished...Speaking of Mama's Boys, don't stop after you put the 'Needle In The Groove'. Go for the newest 12", 'Letting Go'. This is another catchy tune from our Irish Whiskey boys. Check out the fine fiddle playing on this one. Yours truly is hooked on it...Talk about hooks, don't wait until fall to add Y&T's 'Summertime Girls'. This could be the finest thing to hit the waves of '85. Give me Y&T's Sum-sum-summertime girls...Rock steady, T-Bone."

KMET, LOS ANGELES, CA M.D.-PAM EDWARDS: "Just when we thought Huey Lewis could sit back, relax and reflect on his fame and fortune, he sneaks up and knocks us out with 'The Power Of Love' - receiving positive reactions from all camps. This will be a song you'll remember the summer of '85 by. What a smash!... Attention, all artists. You who have made KMET what it is for the past 17 years, are invited to attend our 'Dress To Impress' 17th birthday party on June 29th at the Hollywood Palladium. This will be a gala event and a chance to run into most of your friends from all aspects of the music biz. For details, invites, etc., call me A.S.A.P. at: 213-464-5638."

Katrina And The Waves, 'Red Wine And Whiskey' (my favorite turntable treat this week)...Huey Lewis And The News--mega!!...Pat Benatar, 'Invincible'...Motley Crue, 'Smokin' In The Boy's Room'--more phones than a telethon...Cock Robin, 'When Your Heart Is Weak'...Alison Moyet 'Love Resurrection'...Plus: multiple trax from the Scorpions' live album and a few ditties from Weird Al for the morning show, centering in on 'Yoda' and 'Duck'...Additional trax: Bon Jovi 'In And Out Of Love'...More stuff: George Thorogood and EMI, thanks for the custom tune, Mando...Michael, thanks for the card...In the 'hard rock is over' dept., Ratt debuts at #1 in sales this week...Jim McKeon--come again and visit soon...Labels--you're still not off the hook with CD's, send more soon...And last but not least, my question this week is, why do the AOR trades continue to feature WMS?"

WFYV, JACKSONVILLE, FL M.D.-LEX STALEY: "The town is raging to the new Talking Heads and seemed especially jazzed by 'And She Was', which I'm convinced will be the monster cut on the album...While Dire Straits isn't a band that gets a lot of phone action, the lyrics and guitar on 'Money For Nothing' is getting the band the most phones they've ever gotten at this radio station...However, nobody's phones this week compare to John Parr's 'St. Elmo's Fire'. What a powerhouse!...Motley Crue does a superb job with Brownsville's 'Smokin' In The Boy's Room'. I loved it as a kid and I like the new generation's version, too."

Without the Police, he seems to have loosened up. It sounds like he's having a great time, especially on that 'Shadows In The Rain' track. That one seems to be the favorite with the staff, besides the 12"...Huey Lewis has a killer! I haven't gone anywhere this week without someone asking about it. Is it part of a new Lp? Is it in the stores yet?--and that's not mentioning the questions we get on the phone...Carly Simon's got a winner with this new one! 'Tired Of Being Blonde' is no powder puff effort--not by any means. She's rough and ready on this one. It's hooky and easily accessible... The new John Parr is a pleasant departure demonstrating the ability for this artist to be more than just a regular rocker...Yours might not be the kind of AOR that sneaks in to Spanish Harlem every once in a while, but ours is. And that's why we do so well with those baby boomers. That's why the new Aretha Franklin goes in this week. If you think she's back, think again. She never left!...Thank you Linda Vitale for that help with the 'Willie And The Hand Jive' track. We really appreciate it!"

WHFS, BETHESDA, MD P.D.-DAVID EINSTEIN: "Seven year Chrysalis veteran, Al Twanmo, is on-the-loose and looking for a good home. Over the years we have enjoyed a good relationship with Al and hope to do business with him in the future. Call 301-871-7668."

It's a movie that was shot here last Fall and you'll see and hear our call-letters throughout the movie. Talk about visibility! It opens July 12th and stars Helen Slater (remember 'Supergirl'?)--so, go see it! And play the record. If you're looking deeper, try 'Silent Night'...Helix has come through a winner this week with both top 10 sales and phones...The John Parr is a smash, proving he's no one-hit wonder. And, as Matty Singer would say, 'It's got more hooks than a tackle box. Have a nice day'...Lock up your daughters, tie up your wife, get out the KY-jelly - Motley 'Fuckin' Crue is back and smokin'. Ready, willing and able to violate jailbait."

KSJO, SAN JOSE, CA M.D.-KEN ANTHONY: "Now that I'm back from vacation it's time for even more R&R. First off, I'm changing the days that I take music calls from Tuesday and Wednesday to Monday and Tuesday, 3:30 to 5:30PM - talk to me...Musically, the Bay Area leads the pack again with Huey Lewis And The News 'Power Of Love' and Y&T's 'Summertime Girls'. The Huey Lewis sounds like the smash of the summer. I heard the movie's great too...Another favorite is Taxxi's latest, 'Still In Love'. This could be the one that pushes them over the top. It's got a great hook and it's nicely produced...We're also quite impressed with the new songs from Mr. Mister and John Parr."

WLVO, COLUMBUS, OH M.D.-LEE RANDALL/ASST. M.D.-JO ROBINSON: "Oh God, this Sting record is mah-velous. Upper demos are calling like crazy. 'Fortress Around Your Heart' is a natural second track. We'll take recommendations for third, fourth, etc...Monster calls for Tears For Fears 'Shout'. Because of that and because it's a great record, it's into heavy this week. Thanks to Marty Mooney of PolyGram for letting us interview Curt Smith. Quite the English gentleman (Ha! Ha!)...Dire Straits' 'Money For Nothing' still getting massive phones...Huey Lewis And The News' song from 'Back To The Future' proves that the band is one of the predominant groups of the 80's. 'Power Of Love' goes into heavy this week."

WYDD, PITTSBURGH, PA M.D.-DAVE SHEDLOCK: "One listen has to tell you that Huey Lewis And The News have released one of the year's hottest tracks. It's already in our hot rotation...It seems to be a year of major comebacks and the tradition should continue with Aretha Franklin's new 12". 'Freeway Of Love' brings the best of the Motown sound into the 80's and the Clarence Clemons connection makes the record a natural... I like Tom Petty's 'Make It Better'. I feel it's the strongest song on the album, and the overall sound of the song could win the Heartbreakers a lot of new fans...There's quality product coming out of the Pittsburgh area right now. Billy Price And The KRB have released a new live album - watch for your copy on Antenna Records. The Lp is loaded with hot stuff including strong original material...Gino Vannelli pulled Top 10 phones for us this week. Lots of folks are still missing the boat on 'Black Cars'. Go back and give it another listen...If you're ready for something different, give DOA another listen. Early response to 'Spin Me Around' has been strong and positive."

WBCN, BOSTON, MA M.D.-BOB KRANES: "Due to the fact that we have just started our 7th Annual WBCN Rock & Roll Rumble with the finals at the Orpheum Theater on Friday, June 28, I'm numb, hung over, and very incoherent. If you have any questions regarding tickets, performers, coverage, etc., please feel free to give me a call at the station or call our Live Aid Concert line at 215-988-9799. It has constant updates as we get more information...In living with the Bryan Ferry Lp for a couple of weeks now, I've decided that it's not only just a personal fave, but also a very viable piece of music. Once it's got you, it's got you till the end of the song...Now come on! Is 'Summertime Girls' really a new Y&T song? If it is, I'm surprised...Another bopper from Lou Reed. This man exudes cool from every pore. 'I Love You Suzanne' did just great for us so 'Hot Hips' is easy. I may even buy one of those snappy scooters...Hope you all read Rolling Stone's review of R.E.M.'s 'Fables Of The Reconstruction'. We agree with every word here...Some excellent shows passed through Philadelphia last week. Tuesday, Tears For Fears played to a very exuberant audience at the Tower Theater. I was surprised to see how well everyone knew the first Lp. It became quite the sing-a-long. High point of the show was when Roland Orzabal and the sax player did 'I Believe' from the new Lp - smooth, very smooth. This is a powerful show. Don't miss it when they come to your town...The following Friday was Tom Petty, complete with two backup singers and a horn section. As expected, hit followed hit and the high point for this show was definitely 'Spike' - as cool as cool gets. Thanks to Freddie D. for the front row seats. I don't know how I kept from grabbing old Tom by the ankles...P.S.: Dear Beaver: Hear you're burning it at both ends."

CILQ, TORONTO, CN M.D.-JOHN DERRINGER: "Q-107 has just announced the winners of 'Homegrown Volume VII'. Of the twelve finalists, the three winners are: 1) Regatta ; 2) Secret Lives ; 3) Mach IV. First prize winner picks up over \$50,000 in prizes including a label deal with MCA, a video, and an opening spot for a major Toronto concert. This is the same contest that spawned Honeymoon Suite in 1983...After Ratt's 'Out Of The Cellar', I was looking forward to a let down, not a 'Lay It Down' - good tune!"

WYNF, TAMPA, ST. PETERSBURG, FL M.D.-RON DIAZ: "Shout, shout, these are the things I can do without... ahhhhh, forget it. The list would be too long. Incidentally, Tears For Fears has a stranglehold on the phones...Huey Lewis muscled right into a power rotation with another obvious smash...What a great video of 'Glory Days'. The Boss stars as a flame-throwing right hander. He's a natural...P.S. Marko: Daddy, I'm coming to get you in Cal. I know there's a new Rambo-type game being played by pseudo-macho types like you, Marko. It's called Crossfire, using guns loaded with paint pellets. Babineau, next time I see you, instead of painting the town red, I'm going to paint you red, Bubba - CROSSFIRE!...P.P.S.: The Motley Crue 'Smokin' remake is going to be huge."

WNEW-FM, NEW YORK, NY MUSIC COORDINATOR-AMY GROSSER: "Huey Lewis And The News have become a major force in album rock radio with the success of the 'Sports' Lp. Listeners have been drinking up any new Huey product available, as noted by 'Trouble In Paradise' and now 'Power Of Love' from the 'Back To The Future' soundtrack. This is no surprise to us. 'Power' is a strong track and we expect it to be highly requested... Pat Benatar's 'Invincible' is another strong track with mass appeal...I'm adventurously supporting A-HA's 'Take On Me'. Check out the video. Now that's a good video...It's good to hear material from artists versatile enough to step outside of their usual sound. Chrissie Hynde and UB40 doing 'I Got You Babe' is a refreshing track."

WCCC, HARTFORD, CT P.D.-DAVID GROSSMAN: "Dylan's 'Empire Burlesque' goes #15 to #3 retail this week. This album is so strong that it is rekindling requests for Dylan library tracks...John Parr proves he has multi demographic appeal with 'St. Elmo's Fire'. This will be the track that delivers John Parr to upper demos... Talking Heads 'Little Creatures' debuts #13 retail. Another dynamic effort from the Talking Heads. 'Road To Nowhere' slides into maximum rotation and 'And She Was' moves into artist file rotation."

WKQQ, LEXINGTON, KY M.D.-ROB ELLIS: "Who plays straight ahead rock and roll that's very mass appeal and doesn't have to release a ballad to get airplay? You've got it - Huey Lewis and the rockin' News. 'The Power Of Love' is killer! These guys can't miss...Throw a little gasoline on the turntable and drop a match on it. Two scorchers come up. Russ Ballard and John Parr...Ballard's 'The Fire Still Burns' has a long, hypnotic hook that you'll be singing in your car...John Parr's 'St. Elmo's Fire' has big crossover potential. Don't be late on this one...We're seeing immediate phones and strong sales on the Paul Hardcastle tune. Don't be shy on 'Nineteen'...Thanks to Denise George of A&M and Bill Heltemes of Atlantic for the Bryan Adams and Fiona shows in Cincinnati and Louisville...And more thanks to Al Stann from CBS and Shelley Mori of Epic for the developing artists seminar/cruise."

CFNY, TORONTO, CN M.D.-DON BERNS: "At the top of the list this week are the China Crisis and Bryan Ferry Lps. both receiving excellent airplay and SELLING, especially Bryan Ferry. Both the import and domestic Lp selling extremely strong...New Order has the #1 Lp in Toronto for three weeks now...Other hot Lps include Style Council. 'Walls Come Tumbling Down' is the import single and well worth checking out. It's strong for us. R.E.M.'s Lp and the Sting album make impressive debuts. The strength of the Sting is underscored by the fact that no one cut is getting emphasis play here. It's highly unusual for an album to get such immediate depth play at this radio station; a brilliant achievement even though A&M saw fit to pass us by for an interview...Toronto's hot singles include Paul Hardcastle (both the domestic and import versions are #1 this week). This is a stone cold smash...Harold Faltermeyer not only sounds great on alternative music stations, but is also working real well for us...Be aware that Depeche Mode's 'People Are People' was a smash for us nearly a year ago. Should do very well in the States and open the way for 'Shake The Disease' which has been one of our strongest imports for weeks...Ditto on Dead Or Alive 'You Spin Me Around'... Watch for the American release by Love And Rockets 'Ball Of Confusion', a super hot import success in Toronto...And if you don't think Gowan is a smash act across-the-board, check out the variety on his album. it's provided four hit tracks including 'Strange Animal'. Make sure to see him open for Tears For Fears... The live Earl Jive top requests of the week: #1) Dead Or Alive 'Lover Come Back'...Strongest upward mover: Depeche Mode 'Shake The Disease' (moves 29-2!)."

WTPA, MECHANICSBURG, PA P.D.-LOUIE TORRIE: "Our #1 request this week is the Sharks, winners of MTV's Basement Tapes competition. Hopefully, Shark and Elektra can put it together...Super first week sales for Ratt. 'Lay It Down' is turning into a very active track. Thanks to Bobbie Silver of PolyGram for bringing Jon Bon Jovi to our studios during a recent club appearance in town...Congrats to David Leach - welcome back to PolyGram."

WAQX, SYRACUSE, NY M.D.-AMY DAHLMAN: "We've either gotten easy, or the product has reached a qualitative high. Seriously now, R.E.M., Y&T, Russ Ballard, Nils Lofgren, Bon Jovi, and Sting have the best work of their careers out right now. Check this out - R.E.M.'s 'Can't Get There From Here' has been on a week and debuts retail at #15, proving there's more to these Georgia guys than just the perceived college popularity... And what about Aretha? If you beat CHR to 'Would I Lie', there's no excuse for passing on the rock mix of 'Freeway'. It's gonna be a monster, and what 25+er won't get into this tune...Go to the movies and you'll find Lou Reed singin' to Jamie Lee's, 'Hot Hips'. Between Lou's shades and his Honda, you'll find one cool dude. 'Hips' picks up where 'Suzanne' left off...It's summer so don't forget the cruises-a-tunes. Burnin' down the lonesome road is Russ Ballard's 'Fire Still Burns'. This tune's hypnotic brooding is a natural for 'Miami Vice'. If you haven't heard the hook, you're playing it too low...And speaking of brooding, congrats to Sting for delivering a fine piece of artsmanship. The man is a true poet of our time...Scorps may not win album cover of the year this time around, but this live collection of greatest hits will take care of the core while you're pretending you're going to the older demos...Looks like Y&T will finally get the attention they deserve. 'Summertime Girls' is so good that I expect Coppertone to be knockin' the doors down with every play...Sales look like this: Talking Heads debuts at #10; Tears For Fears consistently continue to climb - this week unseating the Boss for the #2 spot; the Benny Mardones Ep moves #18 to #4; Dire Straits, Dylan, Ratt, and Thorogood all in the Top 10."

WLIR, LONG ISLAND, NY M.D.-LARRY "THE DUCK" DUNN: "For the Talking Heads doubters in the audience, get streetwise and spend time with the album. The single is perfect to start with and then go to 'And She Was'. On the sales front, this is showing up as the #1 sales Breakout. The phones keep burning and the street keeps buzzing. Get with it...I was thinking how long we've been playing the Tears For Fears album. Album Of The Year as far as I'm concerned! 'Shout' was a huge hit in England before 'Everybody Wants To Rule The World'. Don't let CHR beat you to the punch - go for it...What was once #1 in England could be huge in America. No doubt about it. Is the new R.E.M. album the most significant album this month or what? Huge phones on the single...Sting can certainly do no wrong. He finds talented musicians, writes great songs with great hooks, releases a magnificent album, tours, does major movie roles, and ends up on the cover of major publications. The perfect formula for success has paid off. Major sales and our #2 most requested song this week is 'Fortress'...Also, I don't know about you, but 'I Want A New Duck' is perfect for me. How about you?...Thanks for phoners from Paul Young and Annie Golden. Thanks also go to Joey Ramone for being a special guest DJ with Denis McNamara...Screamer Of The Week: Squeeze (import) 'Last Time Forever'."

WIOT, TOLEDO, OH M.D.-RICK VAN GIL: "Isn't it great to have someone like Huey Lewis around? No wild outer space haircut, none of Mom's makeup on his face, no socks stuffed down his pants, just great, happy rock 'n' roll. And the best thing about Huey is there's no burnout factor. 'The Power Of Love' goes right into heavy...Super sales on Howard Jones means we take another tune off 'Dream Into Action'. The album is #8 this week...The Sting record is fantastic. You would really have to search to find a better song than 'Fortress Around Your Heart'...I've never been that high on the Eurythmics, but this new album has me paying dues in their fan club. 'Love You Like A Ball And Chain' continues where 'Would I Lie To You' leaves off...It's great to have Pat Benatar back! 'Invincible' is 'incredible'."

KZEL, EUGENE, OR M.D.-VINCE MERTZ: "Last week our morning duo, Young and Wild, outdid themselves. The guys pulled off a 52-hour, on-the-air marathon to raise food for the hungry and needy of Eugene/Springfield. Now, when they finished, over 2500 cans of foods were donated to the needy. It's the ultimate in community involvement. You oughta consider doing this in your market...Tons of great music available. Thank God for little turtles. Sting already has one of the hottest items of the summer...Nils Lofgren makes me 'Flip'. The synthesizer on the single grabs you by the collar, slaps you around screaming in your face 'play me you fool'...Requests: Supertramp is at the top of the list, followed by Sting, Paul Young, Cafferty, and Dire Straits."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Sting covers all the bases from Rock, to Reggae, to Jazz, sometimes all in the same song. What an incredible display of songwriting and musicianship on 'Dream Of The Blue Turtles'. It sounds like nothing else on rock radio (except maybe, some of the adventurous Police stuff), but very few artists have as much credibility as Sting. Five cuts deep out-of-the-box...I love it when highly respectable rock musicians step out and do something innovative, something beyond the usual. Sting is one example, Robert Plant is another. If an unknown artist put out the kind of music that's on 'Shaken 'N' Stirred', we, at radio, might recognize its quality but it would hardly meet with the airplay success of Plant's album. It's a sad situation, but it's a reality. No doubt our listeners are just as guilty of this as us radio folks. How many of them would take the time to listen to a song like Sting's 'We Work The Black Seam', and Plant's 'Sixes And Sevens' if it didn't have a big name behind it? As a music freak caught up in the modern radio programming, I'm grateful when the 'automatics' deliver great records... Though I miss the frantic energetic production style of their last few albums, the move toward the more melodic sound makes the Talking Heads' latest album their most listenable yet...I totally agree with the Front Page comments on Huey Lewis. It goes immediately into power here...Incredible use of stereo on the new Eurythmics single. Put it on a good car stereo or better yet, listen with headphones - it's wild... Finally, can't wait until we can actually put the Jeff Beck on the air. I've been living with an advance cassette for a couple of weeks and no other guitarist comes close."

KILO, COLORADO SPRINGS, M.D.-ALAN WHITE: "Top 5 retail in Colorado Springs: Dire Straits, Tears For Fears, Robert Plant, U2 'Wide Awake', Phil Collins...Thanks to Michael Brannen of Atlantic for the Phil Collins show and setting everything up for our contest winners."

JULY 4th DEADLINE: When phoning in your chart next week, keep in mind no comments/charts will be taken on Wednesday, July 3rd. Holiday deadlines for Radio/Record Action are: 5PM Monday and 7PM Tuesday, E.S.T. Thank you!

WBLM, LEWISTON/PORTLAND, ME M.D.-TOM WALLACE: "The records seem to add themselves this week! Huey Lewis surprises no one and returns with another fabulous new tune. Can this guy do anything wrong? I'm really looking forward to Huey's work with my hero, Nick Lowe...Listeners are really into this new Sting record and who can blame them? For starters, we went with 'Shadows In The Rain' and 'Love Is The Seventh Wave'...The Talking Heads Lp is also generating some good calls and we've gone deeper on 'And She Was'. I like the basic just-the-band sound of this cut...Pat Benatar hit the air this week, too, with her new single. She sounds rejuvenated and rocking!"

WRKI, BRIDGEPORT, CT M.D.-MARK DEVINE: "A pleasant surprise this week was Carly Simon's record. Initial reaction was great, especially from 25 to 34 females...Katrina And The Waves' 'Red Wine And Whiskey' sounds great and is starting to pull in the requests. This album is deep!...And, although we are swimming in the sludge of multiple soundtrack-itis, John Parr's 'St. Elmo's Fire' is a standout!"

WRDU, RALEIGH, NC M.D.-BOB WALTON: "Those who never see my comments know I never get in line to join the chorus of raves and platitudes for the current big thing. Our airplay and resulting sales speak for themselves, but every once in a while I've just got to jump up and rave about a song or a band that simply blows my earplugs out. This year it's A-HA. Being initially exposed to the song and the video simultaneously was a phenomenal one-two punch. The song is sheer Summer pleasure--bouncy and full of spunk. The video is simply the best I've seen. Count me in as A-HA fanatic #1!...U2 debuts as the Top 10 rock 'n roll record in the area with virtually no airplay (til now)! Enough said...R.E.M. continues their assault as America's premier rock band of the 80's. We're starting with 'Driver 8' and 'Can't Get There From Here'...H-o-t phones for the Hooters, Jeff Beck, and Bob Dylan."

WPLR, NEW HAVEN, CT P.D.-NEAL MIRSKY: "Apologies to all for my being incommunicado this week, but we are in the midst of a move to our brand new facilities in nearby Hamden. By the time you read this, our new mailing address will be: WPLR, 1191 Dixwell Avenue, Hamden, CT 06514. Our new telephone number is: 203-287-9070."

WPYX, ALBANY, NY ASST. P.D./M.D.-BOB WELCH: "The big story: The Talking Heads debut at #1 retail, with phones to back it up--Top 5 this week! Obviously, the listeners have no problem with this record's sound, as demonstrated by the sales and phone figures...Although we're selective about the metal we play, Ratt's 'Lay It Down' is definitely getting strong reaction--Top 10 sales and requests...Russ Ballard's 'Voices' generated a lot of curiosity calls when we first played it and it's still lighting up the phones when we throw it in now. The same scenario seems to be developing with 'Fire Still Burns'. The audience wants to know who it is and they want to hear it often!"

WRXL, RICHMOND, VA M.D.-PAUL SMUGRUE: FROM P.D.-TOM EVANS: "Thanks to Eva Wood of A&M and Rick Miller of Atlantic for the tickets to Bryan Adams and Fiona. Mr. Adams was superb, as expected, and another 'world class' nice guy. As for Fiona--well, she's from Jersey and I'm from Jersey--This was her first show on the tour and the young lady proved she is in the big leagues! All in all, a show you need to catch!...FROM PAUL: "Tom's off to San Francisco for the Pollack Convention this week and on vacation the week after, so the next couple of weeks are going to have me running around going crazy. (Well, hobbling around, actually. I just got off my crutches last week!) Please have mercy! Music calls 1:00-3:00PM Wednesday thru Monday."

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-RICK STRAUSS: "This week's excitement is highlighted by a stunning Birch with 295 finishing #1 in every male demo, including men 25-54 and a first place finish with women 18-44. These latest results continue a trend that coincides with ZZO playing more AOR tracks over the past few months, especially in our recurrent category, and less of the CHR product that we had been dealing with...Thanks to George Thorogood and EMI for the customized version of 'Willie And The Hand Jive'...The Hooters still have the #1 sales position nailed down solid, where they've been since the album's release!"

WRCN, LONG ISLAND, NY ASST. P.D./M.D.-JOHN GRAPPONE: "It was billed as 'Superstar Saturday' as the WRCN listeners were treated to on-air appearances by Rick Derringer, Zebra, Joe Piscopo, Fiona, The Hooters, members of Foghat with their new band The Knee Tremblers, the Godfather Of Soul--James Brown, and Peppy Marchello. Also lending a hand were Mark Goodman of MTV, Tony Pigg and Jimmy Fink of WPLJ. The party extended into the week with a visit by members of Supertramp. Thanks to everyone who helped make it possible...I had a chance to visit the Windy City on Saturday and see the Cubs play St. Louis, check out the sights, and hear a new and promising rock and roll band called The Innocent. Thanks to: Richard Tufo and Richard Girod for a warm welcome to Chicago. And thank you, Billy...I'm off to San Francisco now...On a musical note, R.E.M. is superb, as well as The Translator!"

KLAQ, EL PASO, TX M.D.-PEPE LOPEZ: "Dear Blabby sez: Our Arin and Pepe were spotted in a local eatery recently alongside two of Warner Brother Records' best: The gregarious Jerry Barrett and the charming Kenny Puvogel! Rollicking laughter punctuated their conversation which centered largely on Japanese B-monster movies. Our festive foursome were last seen strolling arm-in-arm chanting 'mothra mothra', when not being seized by uncontrolled giggling. Now, time to answer a few letters...Dear Blabby, how come there are so many new records being released now? I barely have time to boogie anymore! Signed, 'a burned-out M.D.'. Dear B.O.: Weren't you the same bimbo that bitched about not having enough new stuff last Summer? Wise up, Breadhead. If you take those music calls religiously, you'll be able to separate the wheat from the chaff. A little use of the phrase 'no, not this week' coupled with plenty of on-air testing should do the trick!...Dear Blabby: Is it true that you are old, fat, ugly and senile? Signed 'Wondering, in Wyoming!' Dear mother-in-law: You didn't fool me! I recognized your handwriting! To answer your question: No, I am not senile. My mind is still as sharp and clear as the day I was born. So there!"

KATT, OKLAHOMA CITY, OK M.D.-SCOTT DOUGLAS: "Rock on!"

WDHA, NORTH JERSEY, NJ P.D.-MARK CHERNOFF: "Could I be falling in love with Carly Simon again? 'Tired Of Being Blonde' is red hot and better yet, totally unexpected! Now, will she come out and have lunch?...Another lady that's being welcomed back to R&R is Aretha Franklin with 'Freeway Of Love'. Give me roads like this anytime... Other performers of note this week include: Huey Lewis, Pat Benatar, John Parr, Lou Reed. And you thought there were a lot of soundtracks last year? Also, like The Fixx's 'A Letter To Both Sides' from 'Fletch'. All these tunes sure make my job easy...News of note: Thanks to Jim DeBalzo at CBS for bringing out hometown boy Joe Piscopo. One of my jocks went to West Essex High with him and they talked about how he was suspended from school eight times in one year!...Also, thanks to Sue DeBenedette for bringing Doogie and John Helliwell out from Supertramp. They said a tour is likely, possibly beginning in late October. Doogie didn't rule out working again with Roger Hodgson in the future. Roger's working on a second Lp right now...Special thanks to RCA's Dave Ross for putting together a live backstage interview for our AM sister, WMTR, with John Denver at the Meadowlands. John was amazed that we're able to microwave a signal back to our studios."

WHTF, YORK, PA M.D.-TIM DRAYER: "Special thanks to Biff Kennedy with CBS Epic. His help with the REO Speedwagon/ Cheap Trick concert extravaganza was a definite asset to help make our banner promotion a complete success...Hot cuts in Central PA this week: Hooters 'Blood From A Stone', 'Southberry Road'; and the Sting album, 'Dream Of The Blue Turtles'...I also like the Talking Heads single 'Road To Nowhere'. You've got to admit it's definitely different--but then, so are the Talking Heads!"

WBRU, PROVIDENCE, RI M.D.-LARS MURRAY: "Sting!! Many cuts!! A) 'Love Is The Seventh Wave' is great white reggae; B) 'Russians' - dark and haunting, here's to social consciousness; C) 'Fortress' - 'Wrapped Around My Finger'; D) 'Shadows' - great jazz touch on a Police tune. In all, the album is as strong as expected and an affirmation of his place as one of rock's true frontiersmen...I've been chomping at the bit for three weeks to go deep on Eurythmics, and this week, the leash was loosened. 'Ball And Chain' has plenty of grit and a great headphone bit at the end. More should come from this album, too...Huey Lewis does it again. Catchy? This song has tentacles. 'Power' will soon be in power...Carly Simon sounds great too. More next week on that...Quote of the week: Curt Smith, Tears For Fears - in Boston on stage - 'Those of you who are interested can stand up and dance. The rest of you just leave your guest passes'."

WKDF, NASHVILLE, TN M.D.-DAVID HALL: "One For The Sun 1985 is history and what a bash it was! In celebration of DKF's 15th anniversary, this one got so big we had to expand to two days. Some of the bigger names rocking the beach included Steppenwolf, Autograph, Van-Zant, Kim Mitchell, Dickie Betts, Charlie Daniels, Billy Chinnoke, Keel, Bobby Whitlock, and others. We drew about 10,000 listeners and grossed about \$115,000. So after expenses are paid, we'll still have a hefty chunk of change to contribute to the Cystic Fibrosis Fund, Operation CAN (Chemical Awareness In Nashville), and the Jay Lash Fund. Many thanks to all the bands and record labels who helped. We also drew more industry people from around the country this year. Some of the many I caught having too much fun were: Alan Wolmark, Michael Caplan, Dave Dannheisser, Jeff Cook, a former P.D. of ours Alan Sneed, and WIMZ's Kerry Lambert from Knoxville. Virtually, all of Nashville's local people, the best in the nation, were there too. It's certainly my favorite party of the year and I can't wait for the pictures to get back...Meanwhile, onto radio...Huey Lewis And The News have delivered a new song that's everything we could hope for. It goes immediately to hot and I'll vote for Huey for President in 1988...Motley Crue is back with a song we can all feel more comfortable playing than any previous release. And I'm here to tell you I've never seen a deluge of telephone response to equal the calls we've already gotten for 'Smokin' In The Boys Room'."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "I don't know about you but if Jon Scott didn't go over my biorhythms every week, I'd really be a mess. He's like, my guru man. This past week, Jon said I was 'critical physical' and I'll tell ya, my ears are physically exhausted from going through all of the great new releases... Heavy at home this past week were Sting, Gowan, Taxxi, and Talking Heads. It definitely keeps a guy busy. Big calls on the new live Scorpions and Tears For Fears 'Shout' and apparently Dokken's 'Alone Again' will probably test and pull phones forever...Retail reaction this week sees Ratt and the Talking Heads barging into the Top 15 and Kim Mitchell is over 100 pieces a week! Play Kim Mitchell's 'All We Are'!!!!... Finally, whoever's sending me those chain letters, knock it off, knucklehead. I mean it!! Now get outta here."

JULY 4th DEADLINE: When phoning in your chart next week, keep in mind no comments/charts will be taken on Wednesday, July 3rd. Holiday deadlines for Radio/Record Action are: 5PM Monday and 7PM Tuesday, E.S.T. Thank you!

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "Great to see everybody in agreement on the R.E.M. ...but, has anybody figured out what part of Michael Plen's anatomy that was in last week's ad?"

WQBK, ALBANY, NY M.D.-PEGGY APPLE: "Welcome to the Summer concert season in the Capital District! Tom Petty And The Heartbreakers gave us a rip-roaring night of tightly woven, good old American rock 'n' roll at Saratoga Performing Arts Center. Best tour I've seen him on! Thank you, Roman, for your company and your Jean Sheppard imitation...Speaking of great tunes, Tears For Fears gave us a very impressive and uncompromising concert in Poughkeepsie. 'Shout' is a Top 5 request item...Suzanne Vega captivated me in Woodstock with her openness and I'm hooked on the whole album, but especially on 'Marlene On The Wall'...This week's music includes new material from three classic female performers: Aretha, Pat and Carly. All three fit in perfectly for us!"

KRVV, VAIL, CO M.D.-KEVIN WALL/ASST. M.D.-MARO SELBY: "ADDS: Nils Lofgren 'Secrets', 'New'; Suzanne Vega 'Wall'; Sting 'Wave', 'Fortress'; Men At Work 'Snakes'; Carly Simon 'Tired'; Beach Boys 'Calling', 'Crack'... CONSIDERING: Simon Townshend...MOST REQUESTED: Dire Straits, Beach Boys, Sting, Bob Dylan, 'til tuesday... INCREASED PLAY: Bob Dylan, Beach Boys, Eurythmics, Sting, Men At Work...INCREASED SALES: Dire Straits, Tears For Fears."

KRIX, BROWNSVILLE, TX ASST. P.D./M.D.-ACE PALADINO: "ADDS: Bryan Adams 'Summer'; Huey Lewis 'Power'; Pat Benatar 'Invincible'; John Parr 'Fire'; U2 'Sunrises'; R.E.M. 'There'; Bon Jovi 'In'; Sting 'Fortress'; Scorpions 'Big', 'No', 'Rock', 'Still'...CONSIDERING: Y&T, Orphan, Style Council...MOST REQUESTED: Ratt, Sting, Dire Straits, Heart...INCREASED PLAY: Dire Straits, Corey Hart, Tears For Fears, George Thorogood, Russ Ballard...INCREASED SALES: Ratt, Dire Straits, Robert Plant, Bruce Springsteen...Whatta week! Yesterday, someone told me that I had the easiest job in the world and I removed her knees!...Thanks to Todd Galli and Phil Toulos for dropping by...I'm drowning in good music...By the way, Ratt rules--#1 sales and #1 phones!"

WWNV, CHARLOTTESVILLE, VA P.D./M.D.-JAY LOPEZ: "ADDS: Lou Reed 'Hot'; Aretha Franklin 'Freeway'; Carly Simon 'Tired'; Helix 'Deep'; Bon Jovi 'In'; John Parr 'Fire'; Weird Al 'Like'; Pat Benatar 'Invincible'; Huey Lewis 'Power'...CONSIDERING: None...MOST REQUESTED: Dire Straits, Robert Plant, Sting, 'til tuesday, John Cafferty... INCREASED PLAY: Bob Dylan, Paul Young, R.E.M. ...INCREASED SALES: Tom Petty, Supertramp, Dire Straits, Eurythmics...All of us here at WWNV were very disheartened to see a gentleman who's really been just excellent to deal with, relieved of his duties at Chrysalis Records--Mr. Al Twanmo. Al was here (before my time) when this radio station first got off the ground--and the folks who were here then had only good things to say about him. Al was honest, very helpful and dependable. He took care of us and we appreciate that! We wish Mr. Twanmo the very best. I, for one, am sure he will land on his feet and that some organization will be fortunate enough to get a man of his caliber. If you know Al, and have dealt with him, I'm sure he would love to hear from you. I have his number if you need it. Now is the time your friendship could mean a great deal!"

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Here's a lady that hangs tough! Pat Benatar's newest 'Invincible' should prove that she is just that. I'm willing to bet that hot on the heels of 'Tropico' this new track will be bigger than anything offered on that Lp. It grabs you from the opening beat and Pat's voice stays with you all the way through, great hooks and all. Get out and tour, Pat! We want to see you strut your stuff! Your audience is ready for you...So, John Parr comes up out of nowhere and impresses us all with 'Naughty Naughty' and now he's doing the title song to the much talked about film, 'St. Elmo's Fire'. Whether it's your interest in the film or your interest in the follow-up to a debut song that did exceptionally well, you're going to want to add 'St. Elmo's Fire'. It's just that good... 'The Confessor' got major phone action at PDH so we thought we'd give our listeners a taste of another side of Joe--'Rosewood Bitters' (Ah, Michael Stanley--where are you?), a very melodic upbeat selection, no heavy message like 'The Confessor' but Joe's still getting the point across about rocking and rolling and having fun...My buddy, Simon Townshend's back with a h-o-t one. 'Barriers' should be the song for his talent, and not just his name, to get noticed. It takes off where 'I'm The Answer' left off. Great lyrics, beat, and Simon's unbeatable voice; a true triple threat. You've got to give 'Barriers' a chance...Thanks to John Weston for another stellar night out on the town. As always, a pleasure to see Peggy Apple and we all got a rush from the energy known as Tears For Fears. Who would have believed months ago that they would have two h-i-t songs in a row?"

KBLE-FM, DES MOINES, IA P.D./M.D.-RON SORENSON: "ADDS: Sting 'Wave', 'Russians', 'Seam'; Talking Heads 'She', 'Creatures'; Weird Al 'Surgeon', 'Cable', 'Duck', 'Yoda'; Doug And The Slugs/Import 'Day'; Don Felder 'Got'; Tim Schmit 'Leaving'; Carly Simon 'Tired'; Huey Lewis 'Power'; Drama 'Paralyzed'; Godley and Creme 'Cry'; Pat Benatar 'Invincible'...INCREASED PLAY: Dire Straits, China Crisis, Style Council Suzanne Vega, Bryan Ferry, Men At Work, R.E.M. ...Getting ready to get out of town for Conclave X in Minneapolis (Hope to have seen you there), and have heard only snatches of the Sting. Still, he's five for five on the tracks I've heard. Like Bruce Cockburn's 'Stealing Fire', this is a record where the lyric content is as important as the musical. A major statement from this generation of Bob Dylan/Mick Jagger...On Bryan Ferry's 'Boys And Girls', he's retained the casual elegance we've come to associate with Roxy Music. This is upper demo heaven...How about those reconstructed fables? Methinks you'll need a bit of Rapid Eye Movement to follow this puppy up the chart...I think we should trot out the chestnut to describe the Talking Heads--the word is accessibility! From that perspective, it's certainly the best Talking Heads record yet. If these folks don't watch out, they'll find themselves in Honda commercials soon...We came up with one more rock and roll merger for you. How about Kim Carnes, Rod Stewart, Bonnie Tyler and Frankie Miller as the Raspberries?"

Favorites this week include Sting and The Explorers, both of which are strong efforts from Side 1, Cut 1, to the run out groove on Side 2. In both cases, it was difficult to decide which tracks NOT to add...The new Talking Heads album is the most accessible to date (even though the Heads have been a CHEZ favorite for years). They should receive the kind of commercial success the critics have been saying they're worthy of since day one...Montreal-based rocker Corey Hart did big things in both the U.S. and Canada with his debut album, 'First Offense', and his new one, 'The Boy In The Box', promises to cement his position as an album radio favorite. Expect the same sort of thing as we experienced from Bryan Adams this year. A solid performer and a great follow-up album...Honorable mentions this week go to: Nils Lofgren, Men At Work, R.E.M., and OMD. Good sounds just received from Beck and Stewart, Huey Lewis, Godley & Creme, and Russ Ballard. Greg will be back next week after a well-deserved couple of weeks off."

WWCT, PEORIA, IL M.D.-PHIL MANICKI: "ADDS: Huey Lewis And The News 'Power'; Pat Benatar 'Invincible'; Howard Jones 'Life'; R.E.M. You bet - with Carly Simon! Yes, the voice that makes you want to do something illegal is back. And with 'Tired Of Being Blonde' everyone will listen...About R.E.M., it's always been this good. How come it took so long for everyone to realize it?...If you want a definition of a happy song, give Howard Jones' 'Life In One Day' a spin...We recently asked our listeners what one band, if there is one, Dire Straits is talking about in 'Money For Nothing'. Responses varied from Culture Club and Duran Duran to ZZ Top and David Lee Roth. One thing's for sure, they love it. Third week in a row at the top of the request sheet."

WKLTV, TRAVERSE CITY, MI P.D.-CHUCK POET/ASST. Write it off to a case of audio ecstasy which in turn resulted in the total uselessness of my frontal lobe. In other words, I forgot. But somehow the world has continued to turn...To have a group of musicians of the caliber assembled for Sting's project, bring their wide spectrum of experiences and talents to bear so harmoniously, makes listening to it a joy from start to finish...Suzanne Vega is a class act that deserves your ear if you haven't already lent it. Her crystal clear vocals might be compared too often to Joni Mitchell; but her approach is so modest and light that she creates a style all her own. If you can't check her out for your playlist then check her out for yourselves...R.E.M. continues to build and deservedly so...And Simon Townshend is out to prove that a musician by any name, even a famous one, doesn't always sound the same. Sure, the sibling similarities are there, but Simon's tunes stand on their own without any props. And 'Barriers' really sounds good in the sunshine."

The show was over-sold, so many people in the audience tended to be pissed off. The show was good and deserved to be handled a little better than that...Also got a chance to listen to childhood hero Dick Biondi on WJMK and he sounded terrific, just as he did 20 years ago!"

 "They said it would never happen until hell froze over, well if you're down there, get out your snowshoes because KNAC has moved to a new studio. The new address is 100 Oceangate, P-70, Long Beach, CA 90802. We've also got 50 extra feet of stick, technically speaking, a 3-phase power to a one bay antenna. Okay, you local reps, come on by and see the hottest station in L.A....Meanwhile, Bob Dylan's 'Empire Burlesque' is a wonderful recording...Thanks again to the rhythm twins, Sly and Robbie. Tails you lose, heads you win...Talking Heads' 'Little Creatures' is the additive to make a spicy summer. 'Stay Up Late', 'The Lady Don't Mind', along with 'And She Was' are all leading us on the 'Road To Nowhere', and we don't mind... Translator's latest is their greatest. I'm hooked on 'Another American Night' and 'Come With Me' is sweet... R.E.M. is neat and more. We've gone on three tunes, 'Can't Get There From Here', 'Driver 8', and 'Green Grow The Russians'. Americana rules... 'The Dream Of The Blue Turtles' is a touching piece of mind from Sting. Aside from the obvious 'Set Them Free', listen to the moving 'Russians'. It demands your attention... Some quick last notes, Lonnie Mack, along with Huey Lewis And The News - are crashing the airwaves with their own blend of rock and roll. It's the taste that satisfies...In 1906 the quake shook San Francisco, in 1985 San Francisco shook off the KQAK. We're all so sorry to see you go...That's all from the West."

Record Action

DANNY BUCH, ATLANTIC (212-484-7631): "DANGER: This Summer, radio is gonna rock! DANGER: Despite 'Madison Avenues' 25+ post baby boomer ban on hard rock and roll on-the-radio -- Radio will rock this Summer. DANGER: The active listeners, the trendsetters, the word of mouth 'dirtbags' who tell their friends 'what group is cool' and 'what radio station is happenin' and 'what radio station now sucks' have not disappeared. Yes, these 'dirtbags' we all know and love are still out there in force, despite what Madison Avenue is telling you and guess what -- These active word of mouters want rockin, loud, non-mediocre rebellious radio stations to blast on the beach and in their cars and everywhere else your coveted ARB diaries and sales \$\$'s come from. 'DANGER' is the debut 12" from AC/DC's forthcoming 'Fly On The Wall' album. The most DANGEROUS band in the world is back (with an AOR format-exclusive promo 12") and now is the time to tighten up your listeners with a lethal dose of rock and roll...Before I get off my soapbox, let's talk about the just-out-album from Ratt. 'Invasion Of Your Privacy'. The 1st promo 12" and just released '45 'Lay It Down' is drawing mammoth requests and huge sales. The album flew past Gold and is fast-breaking towards Platinum as you read this ink. Ratt has just begun their nationwide tour and will stay out until they're 'old and gray'. Ratt is, without a doubt, the 'most happenin' new rock 'n' roll band out there in the minds of your listeners. We know you're concerned about Madison Avenue and those big buck national spot buys, but your core and future core audience is begging for Ratt on-the-radio...enough preaching...John Parr's 'St. Elmo's Fire (Man In Motion)' is exploding as an all-around multi-demo hit. The soundtrack Lp is just out and features brand new material from Billy Squier, Fee Waybill, John Anderson and a debut from the hot rockin' Elefante...The Phil Collins tour continues with the next single/12"/video 'Don't Lose My Number' about to ship. Phil is currently on a 3-straight consecutive #1 single streak and will settle the 'Sussudio Controversy' on David Letterman this Monday night June 24th...Foreigner's 'Reaction To Action' and The Firm's 'Someone To Love' are receiving strong phones where in solid rotation... Just out on the road are Trash and Savatage--catch 'em live...Fiona is getting great response as opener on the Bryan Adams tour. You can't stop rock 'n' roll...And, by the way, who is Matt Bianco?"

MICHAEL PRINCE/PAUL BROWN, ATCO (212-484-6400): "Please be on the lookout for the initial 12" from Highway Chile ²⁸. The track is entitled 'Christine'. Highway Chile is signed to 21 Records, which will be distributed by Atco...We'd like to welcome Dick Kline and Fred Haayen aboard. This place is absolutely buzzing at the prospect of working with men whose track record is so strong in the business. Highway Chile is just the opening chapter. Please check out 'Christine'...The Voices Lp is on your desk now. Kindly take the time and check out two tracks: 'I Can't Read Your Mind' and the Marvin Gaye classic, 'That's The Way Love Is'. We're seeing great reaction on the part of people who have dared to be different and jumped on 'I Can See The Night'...Since you did, thanks for reading!"

JAY HART, ELEKTRA (312-595-6000): "Van who? Here comes the Crue! The stage is now set for Motley Crue's Lp, 'Theatre Of Pain'. And what a production it is. Let the show begin with a cover of Brownsville Station's 'Smokin' In The Boys Room'. Better than the original you say? I agree, and that's just Act I, Scene I. Check out 'Keep Your Eye On The Money', 'Louder Than Hell', 'Tonight', and 'Raise Your Hands To Rock'. This album will be the one that upon hearing a few years from now, will flash us back to the Summer of '85. It's guaranteed to go multi Platinum on cassette alone. This album will be on every boom box at the beach and in every cassette deck cruisin' the streets. Get the picture? The show's about to begin. Don't be late for Motley Crue's 'Theatre Of Pain'."

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "Well, now that the biggies are out of the way, let's talk new hits. Hits that will develop new careers which will benefit us all. The first is Cock Robin. This is the one that everybody likes but is waiting for room. FLASH! Besides 30+ stations adding this record in the last two weeks, KINK in Portland, who has been playing 'When Your Heart Is Weak' in heavy, is feeling response and we are selling albums at Music Millenium. If you're going to play new records, play the ones that work. This record will happen! Also, check out the video and you will clearly see a new s-m-a-s-h act... The second record I want to mention is Alison's. Okay, THIS IS THE ONE -- the one everybody says is a smash, and it is. The girl is for real, the music is the goods -- LET'S GO!"

JULY 4TH DEADLINE: When phoning in your chart next week, keep in mind no comments/charts will be taken on Wednesday, July 3rd. Holiday deadlines for Radio/Record Action are: 5PM Monday and 7PM Tuesday, E.S.T. Thank you!

BRUCE MOSER, COULD-BE-WILD PROMOTIONS (716-885-5200): "Well, it's not even Summer yet and hell has frozen over! Bruce Allen got married! The legend dies hard. Could be symbolic--Bryan Adams has his first #1 record during the same week Bruce Allen gets married. However, Bryan almost wasn't around to see it. He had a day off in Memphis and wanted some excitement. He went skydiving at 6500 feet and got his shoot tangled with his instructor. Luckily he was saved when the instructor untangled his shoot and they both landed safely, and lived happily ever after. All of it was captured on film and will be shown on David Letterman. Congrats to BA and BA on their claims to fame. 'Summer Of '69' is destined to become the Summer anthem of '85. Could be time to play B-sides: Get your hands on an import copy of 'Heaven' and play the B-side 'Diana'. Good news/bad news award also goes to Adams. Had a chance to see him perform for 20,000 people at Blossom in Cleveland. Hey, Bry--you've come a long way from those early Coffee Breaks. However, success has changed him; he's gone out and bought himself a new t-shirt!... 'Go For Soda' is still the most important song of the year. MADD wants to endorse this song as their Summer anthem. 'Go For Soda' is a smash and 'All We Are' may not carry as important a message, but a hit is a hit is a hit and 'All We Are' is a home run!"

RICHARD PACTER, PROMOTION IN MOTION (305-482-6629): "As expected, the world came in this week on Huey Lewis. 'Power Of Love' is a smash!...Right behind that is Pat Benatar's 'Invincible'. This artist is a key AOR image asset and should be utilized as such...The Fury album is mighty strong and quite deep. 'Keep On Dreamin'' is the obvious starting point, but after a few listens you'll be picking other tracks, too. Check it out...The sales on New Order's 'Low Life' far surpasses what the airplay would indicate. A lot of your station's core artists sounded a bit left of center initially. Keep your mind and your ears open...Special thanks to Michael, Rick and Kevin at WSHE for The Truth. 'Exception Of Love' mustn't get lost in the final shuffle. 'Playground' is another track from this album...If you need any extra copies of any of the above, pick up the phone and give me a shout. You'll be glad you did!"

JAMES BLONDE (THIS EPISODE IS DEDICATED TO MR. RECORDHEAD): "Promo's the game, Blonde's the name. I was just putting the finishing touches on a new Orphan record when my phone rang loud enough to rip the head off an elephant. 'Ease up on the volume, pal. I've got a hangover the size of Daryl Hall's ego. I was out all night with your friends from L.A.' ... 'Tough parts, Blonde. Listen up. You know that record I'm working on, the one with the hole in the middle?' ... 'C'mon, pal, they all got holes in the middle' ... 'No, I mean the hole in my tracking sheet. It's on-the-radio all over Canada except you know where. I can't even get a rep in there' ... 'Yeah, I know. They're tough. They add new records about as often as we get eclipses. But I got an 'in' there now. I know how to get close to the M.D.' ... 'Howzat?' ... 'Yuppie stuff--Cuisinarts, Mercedes keychains, Garfield soap, Doonesbury collection Springsteen records--you know, the usual' ... 'So, whaddya gonna do?' ... 'I found the perfect gift for his birthday' ... 'Yeah? What is it?' ... 'A Garfield phone that makes Spritzers and plays 'Born To Run' when it rains.' ... 'Geez, I don't know how you do it, Blonde.' ... 'Yeah, I know pal. That's what I'm here for!"

MICHAEL SCHNAPP, IMPORTANT (718-995-9200): "Too much for one human being to comprehend. Important Records is expanding and going in new directions. (We're not satisfied with North, South, East and West). Our Relativity record label is psyched up and geared to go with new signings and releases coming soon. Two hot new bands from England, Gene Loves Jezebel and The March Violets, and Holland sends us the talents of Xymox, so look forward to this vinyl invasion of our shores!...The Combat Records label is still happening with Metal Mayhem on tour, on vinyl, and soon to be on video. Axtion will rock you and Megadeth will shock you. Metal shops should take heed...Touring news: Savatage are touring nationally thru August and Exciter and Megadeth will also trek across this great land of ours. If that's not enough (and by golly that should be), Talas (featuring bassist extraordinaire Billy Sheehan) is touring with Yngwie Malmsteen all Summer...The Combat video will be out in July. It will be a 60 minute home video cassette, featuring live concert footage of Venom, Slayer and Exodus plus footage from their incredible Studio 54 gig. Do you think this may ever make MTV?...That's all folks. Remember, be IMPORTANT...P.S.: Congratulations to Corky Gumm of Sweet Pain for successfully invading L.A. and mixing his album."

BENNETT KAUFMAN, GOLD MOUNTAIN (213-469-2411): "The Textones 'Midnight Mission' continues its upward growth. This week another dozen stations came in including: WHJY, WQBK, KQRS, WXRT, WHEB, WZXY, KZOQ, KLYV. 'Midnight Mission' is perfect for your 25-35 demo. With over 70 AOR's now on the record, 'Midnight Mission' is moving quickly up all the charts. MTV added the video immediately upon receiving it...Keel has a strong second week with their new single 'Easier Said Than Done'. The song is very melodic without the heavy edge that 'The Right To Rock' had. New adds include: KUPD, WOWE, WFBQ, WRCN, and WNGZ. Keel headlined Expos for KLOL, Houston and WKDF, Nashville last week, where the reports back were spectacular. They begin a new tour with Accept and Helix mid-July...Many thanks to: Curtis and Val and the staff at KUPD for one helluva time on their famous journey down the Salt River. With a star-studded lineup and Val, Curtis, JB, Markoman, Naumann, Papale, and Sun Goddess Sobel, everyone had a terrific time. The only casualty was a large cooler full of brew that floated away down the stream!"

"Tales Of Terror"

RECORD ACTION CONTINUED

DEBRA OVERTURE/MICHAEL ABRAMSON, ROCKER DOCTOR PROMOTIONS (212-370-9041): "With the rash of Summer releases, it's like 'take-a-ticket-and-wait' on the add line! To make it easier, here're a few standouts for you to klick: New Order--'Low Life' is #1 on the CMJ charts. (Tip: School's out! Just born yuppies are home listening to your station!) Radio Caroline (via Lee Abrams) reports 'Perfect Kiss' is Northern Europe's most popular track and the video directed by Jonathan 'Stop Making Sense' Demme is on MTV. Not to be corny--but the perfect kiss would be if radio matched retail on this one. It's top sales in Cleveland, Houston, Kansas City, Chicago, Wichita (#3 at the Second Time Around shop), Atlanta, Hartford, Nashville, Minneapolis, and Fort Lauderdale. Just a P.S. to Dirge Alert last week on this quartet: 'Love Will Tear Us Apart', a Joy Division (a/k/a New Order) tune covered by Paul Young on his 'No Parlez' Lp is not on 'Low Life'. Undoubtedly, 'Perfect Kiss' was meant as the sleeper for AOR...If you wanted to play R.E.M., but hesitated, put your doubts to rest. 'Can't Get There From Here' is your best bet to hip your audience to the band. It's their fourth Lp and I'm seeing more believers this time...The Textones are holding a hit on their 'Midnight Mission'. KMET, KSRR, WNEW-FM, WCCC hopped on board--where are you?...Summer smash at the box office: 'St. Elmo's Fire'. Summer smash for radio: John Parr's theme 'Man In Motion' from the flick. The track and movie go hand-in-hand. There's something for everyone...About Gino Vannelli. You made 'Black Cars' (Lp and track) Breaker. Your audience is starting to feel your momentum as reported by retail, so now is the time to maintain your commitment...Cock Robin's 'When Your Heart Is Weak' may not hit you at first--but as far as second listens go--this one does it. Give it a spin...WMMR and WNEW-FM are spreading The Truth--'Exception Of Love' is the operative track...Concert News: Despite a bout with the flu, Tom Petty performed a damn good show ~~last~~ Saturday at the Meadowlands. I still think the two-hour set was too short, but he played all his hits (there's a lot of them from only five Lps), plus 'Southern Accents'. In my book, he's up there as America's namesake to rock and roll...Later, gator!"

JULY 4th DEADLINE: When phoning in your chart next week, keep in mind no comments/charts will be taken on Wednesday, July 3rd. Holiday deadlines for Radio/Record Action are: 5PM Monday and 7PM Tuesday, E.S.T. Thank you!

She'll also play a woman with telekinetic powers in NBC-TV's "Misfits Of Science" comedy series this fall....Louisiana Governor Edwin Edwards appears in Doug Kershaw's video for "My Toot-Toot." Edwards drives Kershaw down New Orleans' Bourbon Street in the clip, which also features David Carradine and Fats Domino....The Parachute Club have released a new video for "Rise Up," directed by band member Lorraine Segato....Bill Withers narrates his video for "Oh Yeah!," plays a variety of roles including that of a loving uncle and a concerned policeman patrolling Lovers Lane....Paul Hardcastle's "19" video has been recut, eliminating some of the network TV footage it contained. NBC objected to the use of its footage in an entertainment setting, and ABC objected to footage of late news anchor Frank Reynolds....Paul Young says he bought Tom Waits' "Swordfishtrombones" album after seeing Waits' video clip for "In The Neighborhood." Young's "Everytime You Go Away" video was produced by Fiona O'Mahoney and directed by Mick Morris....Phil Lynott and Gary Moore have completed an anti-war video for their new British single "Out In The Fields." The two wear British officers' mess uniforms, filmed against a variety of backdrops in Northern Ireland....Boston band Ball And Pivot traveled to Aruba to make a video of "Down," their local hit. The video was directed by Luis Aira. The group says that shooting the clip in Aruba stems from a concern about the economic state of Aruba since a huge Exxon refinery closed there.

INTERVIEWS

HOWARD JONES: "I've never ever recorded a song that I didn't totally believe in, and that goes for B-sides as well. Each song has to say something. The way that you dress it up is really the fun part of it, but the song has got to say something as far as I'm concerned. Even songs like "New Song" and "Things Can Only Get Better" have definite positive messages that I want to get through."

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron.
