Gavin's Gab

Report on Janet: Recovery continues normally. She's slowly regaining her strength.

On the move: As noted on page one, the Gavin Report offices will move to larger quarters next week. We'll be in Suite 220 at this same street address. We're also adding new trunk lines, all of which will relay off from 392-7750. Move will take place Friday afternoon, Nov. 12, at which time I'll be in Florida - and you can't beat that for timing! It has been confirmed that NBC plans to terminate its News & Information service (NIS) to the network early in 1977. Credit Jack Thayer with having made a good try.

Pat Martin, PD of WSPT-Stevens Point, has produced a documentary half hour tape, built around the recent semi-hysteria that swept the country with the rumor that Paul McCartney was dead. Titled "Is Paul Dead?", the production contains interviews with Buzz Bennett, Dr. Henry Truby (sonograms expert), Carole Archer and Dr. Woody Bishop (Univ. of Wis., Stevens Pt.) Tape is available on request - no charge. Phone Pat 715-341-1300.

WFBC-Greenville created a "Monster Mansion" to raise money for Sertoma Charities - attracted over 19,000 people in nine days. Station is now campaigning to raise \$8,000 for the purchase of a baby elephant to replace the one that died recently at the city zoo.

Chuck Heaton, PD of KHQ-Spokane, writes that injured Gary Giorgi plans on being back at the station this week. I mistakenly promoted Gary to PD last week, a position that Chuck has held for ten years.

WHEB-Portsmouth - a rocker - pulled a surprise switch last week by presenting a Lawrence Welk Weekend. Prizes included 35 Lawrence Welk albums which winners might exchange for Jefferson Starship. Eight of the winners stayed with Welk.

Chip Douglas (Mosley) has moved from WLCS-Baton Rouge to KTGR-Columbia, where he is now music director.

WINE/FM-Danbury, Conn., plans to switch in January to a "contemporary AOR" format, and to be identified as I95. The AM will continue its present contemporary format. The FM can use extensive album service. They're also looking for a few part time jocks, too. Present lineup: Kevin Burland (PD), Bruce Owens, Jim Schultz, Peter Bush, J.J.Fink, Rick Lawrence.

King Wiggins, PD of KTRN-Wichita Falls, is looking to buy a good one to three hour syndicated show for weekends. He mentions one that features new albums and singles, along with artist interviews. Get in touch with him at P.O. Box 5005, Zip 76307, or phone 817-855-3555.

Joel Cole will leave his post as PD of KTLX-Pendleton later this month so that he can return to Portland and finish work for his degree. Station is looking for a PD/MD combo (EOE). Contact GM Jim Bowers, 503-276-1311 - "Pays better than average bucks for a market this size", writes Joel.

WTAE/FM (96 Kicks)-Pittsburgh, wants PD and full jock staff - live rock format - new studios! Letters, tapes, resumes to Ted Atkins, VP & GM, WTAE/AM-FM, 400 Ardmore Blvd., Pittsburgh, Pa. 15230. No calls! EOE. Start date in Jan. 1977.

Vicky & John Derrek (KNOX-Grand Forks) welcomed a new son on election day, Donovan Ian, 6lbs.9½ oz. Debbie & Curt Lundgren (WCCO/FM-Mpls.) greeted new baby Jonathan Daniel last Oct. 11, 7 lbs. 12 oz. In Houston, KRBE's Clay Gish will be married December 5, 4PM, at the Hyatt Regency Hotel.

Music calls: Jerry Browning, KLBK-Lubbock, Wednesdays 10-11AM, 3-5PM.
Steve O'Neil, KKIQ-Livermore, Mon. thru Fri., 11AM-2PM.
Sam Davis, WFOX-Gainesville, Thurs. & Fri., 10AM-noon.

Spokane Meeting

Spokane broke our record for attendance at a regional meeting, with a head count of 102 radio people taking part. We were especially pleased with the participation of several station managers, news directors and chief engineers. Our regional meetings continue to be fine open forums for improving interdepartmental communications within the various stations. One new discussion area, previously unexplored by other meetings, dealt with women in radio. There were more radio women here than at any previous regional, including Jo Interante, news director of KFRC-San Francisco. Jo brought along a taped presentation of the station's news style and concepts that rated applause. Other tapes gave samples from KUGN-Eugene, KRPL-Moscow, KBOZ-Bozeman, KGAL-Lebanon, KEX-Portland, KJR-Seattle and KVI/FM-Seattle. Bob Kanner, KFRC chief engineer, gave us an exposition on ways to improve co-operation between program and engineering departments, as well as on audio processing, with detailed questions and answers on the subject of studio insulation and acoustics. Eric Norberg gave a thoughtful presentation on the need for radio to support the Pulse Survey as a competitive balance against a possible Arbitron monopoly. Next stop, Cocoa Beach, Florida.

Albums of the Week
(reviewed by Ron Fell)

"Help Is On The Way"-Melissa Manchester (Arista) A nice balance of tunes which showcase Melissa in full flower. She writes some good tunes like HELP IS ON THE WAY and HEAD LINES and has the good sense to dip into her kit bag for a kinky version of Michael Frank's MONKEY SEE, MONKEY DO, and Steely Dan's DIRTY WORK. Help is on the way for Melissa's many fans as this album offers first aid for sore ears.

"All This and World War II"-Various Artists (20th) A curious album, the Lou Reizner production attempts to synthesize Lennon & McCartney music, as performed by some of today's top artists, with a documentary film on World War II. Although there are some real mismatches, like HEY JUDE by the Brothers Johnson and Keith Moon's WHEN I'M SIXTY-FOUR, the performances of Leo Sayer on LONG & WINDING ROAD and LET IT BE, Jeff Lynne's WITH A LITTLE HELP FROM MY FRIENDS, and Helen Reddy's FOOL ON THE HILL do justice to the originals. Wil Malone's arranging and conducting of the London Symphony and Royal Philharmonic Orchestras are extraordinary in that working with such diverse talents as Rod Stewart, Frankie Laine, Tina Turner and Helen Reddy on one single project must have aged Malone considerably.

I'll be most curious to see how Tina Turner's COME TOGETHER is matched to film footage of World War II and probably more important - how film of the 40's, music of the 60's and performances of the 70's come together.

Also recommended from the following LP's:

- "Endless Flight"-Leo Sayer (Warner Bros.) I HEAR THE LAUGHTER/MAGDALENA/REFLECTIONS
- "Hometown Boy Makes Good"-Elvin Bishop (Capricorn) SPEND SOME TIME/KEEP IT COOL/ONCE IN A LIFETIME
- "Brass Construction II"-Brass Construction (U.A.) THE MESSAGE/WHAT'S ON YOUR MIND
- "Life Is Just That"-Tom Chapin (Fantasy) MAGIC MAN/JUST ANOTHER STORY/REMEMBER
- "Night Shift"-Foghat (Bearsville) DRIVIN' WHEEL
- "Nadia's Theme"-Barry DeVorzon (Arista) WINTER SONG/ALL BY MYSELF
- "Any Way You Like It"-Thelma Houston (Tamla) DIFFERENTLY/DON'T LEAVE ME THIS WAY
- "Joie de Vivre"-Diana Marcovitz (Kama Sutra) THE DIVORCE
- "L.A. Sessions"-Brenda Lee (MCA) TAKIN' WHAT I CAN GET/SAVED
- "Sweet Release"-Gabriel (ABC) IN THE MIDDLE OF THE NIGHT/TOOK THE LOVE OF A WOMAN
- "Kenny Rogers"-Kenny Rogers (U.A.) LAURA/I WASN'T MAN ENOUGH/WHY DON'T WE GO SOMEWHERE & LOVE
- "Whopper Bopper Show Stopper"-Jr. Walker (Soul-Motown) WHOPPER BOPPER SHOW STOPPER
- "After The Lovin'"-Engelbert Humperdinck (MAM-Epic) LET'S REMEMBER THE GOOD TIMES/THIS IS WHAT YOU MEAN TO ME/LET ME HAPPEN TO YOU
- "Crash"-Billy Crash Craddock (ABC) DON JUAN

Bill Gavin's Personal Picks

- - - I especially like:

- WEEKEND IN NEW ENGLAND-Barry Manilow (Arista) The mellow voiced singer gives this Randy Edelman song a warmly sympathetic performance.
- IF I HAD MY WAY-Sherbet (MCA) The Australian group challenges the best in the U.S.A. in the fields of production and vocal excellence.

Gary Taylor's Personal Picks

- I CAN'T ASK FOR ANYMORE THAN YOU-Cliff Richard (Rocket) Now that the barrier has been broken we should see a broad acceptance for this follow up release.
- LEAVE THE KIDS ALONE-Widow Maker (United Artists) The lyric has a great deal of appeal to the younger audience. The Dylan approach to the vocal and acoustic guitar further enhance the record.

Also Possible

- BIG TOWNE, 2061-Paris (Capitol)
- SAVE IT FOR A RAINY DAY-Stephen Bishop (ABC)
- WHAT CAN I SAY-Boz Scaggs (Columbia)
- COLD OUTSIDE YOUR LOVE-Dalton & Dubarri (ABC)
- (WE DON'T WANT YOUR MONEY) WE WANT MINE-Crack The Sky (Lifesong)
- SATURDAY NIGHT-Earth, Wind & Fire (Columbia)
- TOGETHER-O.C. Smith (Caribou)
- IF NOT YOU-Dr. Hook (Capitol)
- IT SHOULD HAVE BEEN EASY-Patti Leatherwood (Epic)

Inside Progressive Radio
by George Meier, Editor of "Walrus"

Established Progressive Airplay

(In Order)

- Stevie Wonder
- Eric Clapton
- Boston
- Al Stewart
- Stills-Young Band
- Lynyrd Skynyrd
- Robert Palmer

Notes: The plateaus, as indicated, are fairly well defined. Stevie, Eric & Boston really dominate the air. Only a couple regional twists show up. Tom Waits, who didn't make this list, is very strong in the N.E. Just as J.J. Cale, also not seen, is very strong in the West. Interestingly the South is moving slowly on both Robin Trower and Robert Palmer.

New Progressive Airplay

(In Order)

- Electric Light Orchestra
- Led Zeppelin
- Elton John
- Phoebe Snow
- Bob Seger
- Joan Baez
- Thin Lizzy
- Lou Reed
- Kansas

Notes: Lots of rather distinct levels of radio acceptance reveal themselves this time. Of note in this list is the Bob Seger album. Bob, after years of superstar status in Detroit and little recognition elsewhere, seems to be generalizing his appeal. He still draws mostly from the M.W. but the N.E. and West are gaining. Also the initial strength of up and comer Thin Lizzy is something to watch, though their strength is mostly Northeastern. Otherwise, the leaders are leading everywhere.

Miscellaneous Information

- (1) While Robert Palmer is slow in the Southern radio scene, he is a hot, new item on a retail level, as he is all over the country.
- (2) ZZ Top's single remains strong, as reported before, while the new Leo Sayer has come on. The two dominate a 16 position list of singles.
- (3) Two new imports show strongly. Guitarist Steve Hillage blows everyone away. Dr. Feelgood's organic rock and roll demonstrated some power.

The following tracks fill the air:

- AC/DC-...TO THE TOP
- Joan Baez-O BROTHER/CARUSO/SWEETER FOR ME
- Black Sabbath-BACK STREET KIDS/IT'S ALRIGHT/R 'N R DOCTOR
- E.L.O.-LIVIN' THING/DO YA/TIGHT ROPE/SO FINE/ROCKARIA!
- James Gang-LOVE HURTS/FEELIN' ALRIGHT/I NEED LOVE
- Lost Gonzo Band-DEAD ARMADILLO
- Lou Reed-ROCK 'N ROLL HEART
- Stuff-FOOTS
- George Benson/Joe Farrell-FLUTE SONG
- Black Oak Arkansas-WHEN THE BAND WAS SINGIN'
- Guy Clark-TEXAS COOKIN'
- Johnny Cougar-CHESTNUT STREET REVISITED/AMERICAN DREAM
- Hot Tuna-IT'S SO EASY
- Led Zeppelin-STAIRWAY TO HEAVEN/WHOLE LOTTA LOVE/ROCK 'N ROLL/SONG REAMINS THE SAME/NO QUARTER
- Geoff Muldaur-SINCE I'VE BEEN WITH YOU
- Robbin Thompson-HIGHWAY 101
- Wendy Waldman-LIVING IS GOOD/MAIN REFRAIN

Inside Progressive Radio
by George Meier, Editor of "Walrus"

The Return of Block Programming

One of the ironic characteristics of any progressive movement, whether it's the movement by blacks for equality or the progressive music movement, is that it always does some searching of its roots. Alex Haley's book Roots and the black studies courses in most colleges are a manifestation of that wrinkle in human affairs. In progressive radio it is a return to limited use block programming which exemplifies the simultaneous forward and backward thrust of any progressive movement.

Block programming, long since dispensed with in radio, has returned but, with a modern twist. It is a twist worth noting.

In the old days everything was blocked just as T.V. is today. The blocks were interrelated only in subtle ways. A night on CBS might stack several situation comedies or back-to-back adventure programs. However, today's progressive radio blocks are integral parts of the station's image and sound. That is a significant advance.

While the format remains essentially a music format drawing on a disc jockey and records, it has grown to include such things as live radio concerts, telephone talk shows, prime-time news and public affairs programs and even old time radio serial type programs. The hook is that all of this activity is closely tied to the tastes of that segment of the potential audience which actually listens to progressive radio. It is all hip material.

Where block programming used to be merely interrelated, today it is completely integrated into a total radio sound.

More on live radio concerts next time.

Albums of the Week
(reviewed by Ron Fell)

- "Safe In Their Homes"-Hoodoo Rhythm Devils (World Records) A real sleeper, this album will surprise you. It's "hot rock" on both sides. If you are looking for crisp, lyrically intelligible vocals, and bravado guitar work set to driving beats then the boys might just have something for you in this album. Look for airplay on SAFE IN THEIR HOMES, Dylan's TANGLED UP IN BLUE, SAFECRACKER and GET SOMEBODY NEW. Cameo appearances by Steve Miller and the Pointer Sisters on YOU CAN'T FOOL ME make the cut interesting, but it is a credit to this nuevo-rock group that they shine most brightly on cuts wherein their own talents are showcased.
- "The Pretender"-Jackson Browne (Asylum) Browne sings with clarity and confidence, and although most Asylum solo artists are locked into a characteristic folk/acoustic rock style, none does it better than old J.B. Writing of his doubts and dreams with sensitivity, Browne at least equals his past albums. PRETENDER, THE FUSE, THE ONLY CHILD, and SLEEP'S DARK AND SILENT GATE are some of the best Browne material in recent years.
- "The Jacksons"-The Jacksons (Epic) Having bolted the Motown stable, the brothers have found greener pastures in the Gamble-Huff livery. It is a credit to Kenny Gamble and Leon Huff that this highly successful family has, in this their first album, been able to maintain their successful, and often imitated, sound, while maturing under Gamble & Huff guidance. SHOW YOU THE WAY TO GO and DREAMER best exemplify the point. THINK HAPPY, GOODTIMES, and BLUES AWAY are also good cuts.

Also recommended from the following LP's:

- "Heat Treatment"-Graham Parker (Mercury) HEAT TREATMENT/POURIN' IT ALL OUT/SOMETHING YOU'RE GOING THROUGH
- "Photograph"-Melanie (Atlantic) CYCLONE/NICKEL SONG/GROUNDHOG DAY
- "Sound Of A Drum"-Ralph MacDonald (Marlin) SOUND OF A DRUM/JAM ON THE GROOVE
- "Pipe Dreams"-Gladys Knight & the Pips (Buddah) NOBODY BUT YOU/PIPE DREAMS/FIND A WAY
- "High Lonesome"-Charlie Daniels Band (Epic) BILLY THE KID/CAROLINA
- "Rex"-Rex (Columbia) STAY WITH ME/I CAN'T EXPLAIN
- "Unfinished Business"-Blackbyrds (Fantasy) TIME IS MOVIN' ON
- "Once Upon A Jukebox"-Stylistics (H&L) ONLY YOU
- "Let My Heart Be My Home"-Byron Keith Daugherty (Fantasy) SOMEBODY HELP ME/WOMAN FOR ALL SEASONS/CRY FOR MARY
- "Joyful Jukebox Music"-Jackson 5 (Motown) MAKE TONIGHT ALL MINE
- "Rock & Roll Over"-Kiss (Casablanca) SEE YOU IN YOUR DREAMS/TAKE ME
- "Frannie Golde"-Frannie Golde (Atlantic) STOP/ALL YOU NEED IS LOVE

Bill Gavin's Personal Picks

- - - I especially like:

- LOST WITHOUT YOUR LOVE-Bread (Elektra) David Gates is back and all's right with the world.
- TURN LOOSE OF MY LEG-Jim Stafford (Warner Bros.) Good naturedly spoofs a reversal of traditional sex roles. Good for a few laughs - maybe even a few sales.

Gary Taylor's Personal Picks

- EVERGREEN-Barbra Streisand (Columbia) The lady displays yet another talent as the writer of this delicate ballad which receives the always exceptional Streisand vocal interpretation.
- HAPPIER-Paul Anka (United Artists) A powerful tempo-oriented arrangement supports the lyrical poetry which is presented in true Anka fashion. It grows on you with repeated listens.

Gavin's Gab

Dave Morgan announced that, come December 1, WDFH, Metromedia's Chicago FM outlet, will change call letters to WMET. Adjacent station on the dial is WDAI, which conceivably could be confused with WDFH in the listener's ear.

Correction: Last week we listed Joe Krause as our reporter from WCZN-Flint. Not so. Joe is PD of WWCK in Flint, and Bill Lamb is still our WCZN correspondent.

WKYX-Paducah will co-sponsor the Leon Russell concert at Murray State University - running promo contests - prizes of albums, tickets and t-shirts.

Cary Paul, from WNOE-New Orleans, replaces Bob Goode as music director of WSAI-Cincinnati. Dave Diamond, formerly with KHJ and KLIIS in Los Angeles joins the WSAI air staff, announces PD E. Alvin Davis.

WFOM-Marietta is 30 years old this weekend (11/13). Anniversary celebration will bring back many former jocks at the station, including Mike E. Adams (WRKO), Big Hugh Baby (TV actor), Bill Huey (United Presbyterian Church Media Director), Pete Owen (Quad 4 Advertising), Jerry Crowe, Jack Jackson.

Southwestern Media, new owners of KBUZ (AM/FM)-Phoenix, will soon change call letters of the AM to KQXE, while the FM will be known as K104. The AM format will be adult contemporary - somewhat similar to that of WGAR-Cleveland. They'd appreciate record service from all sources - especially gold. FM format plans remain a secret. Lowell Homburger, from WKNX-Saginaw, is GM, and Phil Baykian, from WMJC, is PD. Mark James, from KBBC, will be joining the staff, and Jefferson Stone comes over from KUPD. Mark Otto comes in from Los Angeles to do the morning show. Record mailings should be addressed to 4513 East Thomas Road, Phoenix, Arizona 85018.

Bernie Armstrong, PD of KGU-Honolulu, announces a 13 week Friday night jazz show, starting tonight (Nov. 12). It'll run from 10PM to midnight and will feature jazz greats from the 50's to the present - Mulligan, Baker, Montgomery, Almeida, Weisberg and the like. No big bands, though. Bernie would welcome expanded service of jazz albums.

WNAM-Neenah, Wis., abandons publication of a weekly playlist in favor of a weekly newspaper, a four page "Musi-News". They request record companies to send them artist bios and pix, along with any current news items. Address Ron Ross, PD, at Radio Park, Neenah, Wis. 54956.

Barry Mayo, KALO-Little Rock, requests music calls Mon. thru Fri. from 3 to 5PM. Phone: 501-664-2525.

Staff at KRUX-Phoenix: PD Richard Ruiz (pronounced "Reese"), Jay Morgan, Barry Morgan, Greg Mills, K.C. Kennedy. Weekends: John Roberts, C.W. McMuffin, J.J. McCartney.

Record Company Personnel, Please Note

We have repeatedly asked you not to phone anyone in our office on Wednesdays, Thursdays, and Friday forenoons. In recent weeks our request has been increasingly disregarded. As a result, our incoming phone lines have often been completely tied up, and correspondents trying to phone in their reports have been unable to get through.

Our phone receptionists have been instructed that calls from record people are to be accepted only on Mondays, Tuesdays and afternoons on Fridays.

We appreciate the co-operation shown by most of you in respecting our wishes. We now ask the rest to please leave our phone lines free for the use of our correspondents during our busy mid-week days. If it is an urgent or personal call, please leave your name and number so that your call can be returned.

Inside Progressive Radio
(by George Meier, Editor of "Walrus")

Established Progressive Airplay

(In Order)
Stevie Wonder

Electric Light Orchestra
Boston
Elton John

Eric Clapton
Al Stewart
Led Zeppelin

Robert Palmer
Phoebe Snow
Rod Stewart
Stills-Young Band

Notes: What can be said about Stevie Wonder? He is indomitable. The other plateaus of airplay explain themselves as the pre-Christmas airplay list fills in like a rock & roll who's who. Boston's grip in the top 4 remains steady in the face of the "old" stars, and Robert Palmer's R&B keeps gaining. Again, Bob Seger, not listed, gets a boost from the Midwest.

New Progressive Airplay

(In Order)
Elvin Bishop

Jackson Browne
Dave Mason
Various Artists/World War II
Foghat

Melissa Manchester
Graham Parker
Frank Zappa
Michael Murphey

Notes: Significant differences in airplay are indicated by the lines. Only two of the LP's are newsworthy, the others are fairly predictable. All This & World War II is noteworthy as the project of the year. It gathers a cast of thousands around the classic music of the Beatles. It's sort of the Cleopatra of LP's. Also Graham Parker advances nicely with his second release. Regionally, Billy Preston does best in the South, and Leo Sayer has jumped out in the West.

Miscellaneous Information

- (1) George Harrison's single-with-a-message leads with The Band and ZZ Top following behind as the most important singles to progressive radio.
 - (2) The top import remains Steve Hillage followed by Santana, Barclay James Harvest and The Who.
- (Note: See page 13 for "...following tracks are filling the air...", compiled by George.)

Country Club, cont'd. from page 6

Service: KPUB-Pueblo requests service from Warner Bros., Elektra/Asylum, Columbia.
 WBRG-Lynchburg asks for service from Columbia.
 WKCQ-Saginaw wants Christmas music - old and new - all sources.
 WNAT-Natchez requests the Donna Fargo single from Warner Bros.
 KSON-San Diego asks for Christmas records - all sources.

Changes: Dennis Krotan from KNIX-Phoenix to KRKT-Albany, Ore. as 10 to 2 Air Talent.
 Dan Halyburton resigns as PD at WTCR-Ashland, Ky. Barry Chase promoted to replace him. Jerry Crabtree still handling music. Mike Fincham promoted to production director.
 Jerry Goodrich from WTCR-Ashland to WEET - Richmond, Va.
 Jack Diamond promoted to Operations Mgr. at WJTO-Bath, Me. The AM goes to a country format in December.

Penny Reeves, of the KBOX morning team of Peck and Penny, moves from Dallas to KVET-Austin, where she'll do both solo and duo roles on the air.

Penny's replacement at KBOX is Peggy Sears, a graduate from Ole Miss, who in 1971 was voted Miss Teenage Dallas. Listed among Peggy's multitude activities in school are: President of Tri Delta sorority, Dean's List, Varsity Cheer Leader, special events director for campus radio station WCBH. All this, and more, with a four year grade point average of 3.5. Looks as if KBOX has found itself a star. (Here's to more women in radio!)
 Ron Tatar tells us that WNAT-Natchez researched their charts for the past seven years and last Saturday night played nothing except number one records, except one. Prize went to listener first identifying that exception.

At KWMT- Ft. Dodge, Dale Eichor reports the first "Everything We Play" Weekend (11/20-21), with a twist. Prize winners will receive an entire hour's worth of the records played each hour.

Ray Hammond, WLLB-Carrollton, Ga., requests his music calls before 2 PM, Eastern Time, please.
 CFGM-Toronto originates "Opry North" and syndicates it for 21 Canadian stations from Grand Falls, Newfoundland to Vancouver, British Columbia. Program is patterned after the WSM "Grand Old Opry", and packs the auditorium to its 1200 capacity for each show.

KCMX-Ashland, Ore., is now on a 24 hour schedule. Carl Shannon does the all night show for truckers - takes requests on CB Channel 6 as well as landline. Other station air staffers: Mel Tynam, Don Murray, Don Reed, with Jay Lacey weekends.

KLIX-Twin Falls, Idaho, looking for a complete list of West Coast record distributors. Thanksgiving week guests on Bob Mitchell's "Who's Calling" feature (noon to 1 PM daily on KCKC-San Bernardino) will be four members of the Country Music Hall of Fame: Roy Acuff on Monday, Kitty Wells Tuesday, Peewee King Wednesday, and for Thanksgiving Minnie Pearl.

WITL-Lansing thanks Sonny James, Narvel Felts and the Statler Bros. for the interviews they made available to Junior Blackwood for his all night show.

WTIB-Thibodaux announces an expansion of its playlist - more new artists featured - more album cuts played. They'd appreciate better album service - all sources.

Getting back to Bob Mitchell's "Who's Calling" feature, here's an interesting quote from one of his guests, Gordon Lightfoot:

"After you write as many songs as I've written, you start to get rid of some of the cliches and some of the hang ups that tend to make songs sound like every other song. The uniformity of the country music field is one of the things that disturbs me about it. There seems to be one overriding theme and that is the man leaving the woman or the woman leaving the man and they can't seem to remove themselves from that feeling. Whereas, I try to write about other things. My record of Edmund Fitzgerald is a result of attempting to write a topical song."

Bob makes this additional comment:

"Gordon's statement contained much truth, it is also true that most country songs with lyrics about the male/female encounter are hit songs. The subject matter deals with a reality that other music formats choose not to deal with very often. This head-on expose' of life makes country music relatable and increasingly popular."

Most controversial record in country music currently is C.B. SAVAGE by Rod Hart (Plantation label). Stations playing it report almost instant number one phone action, with heavy customer calls reported from record retailers. Stations not playing it have stated variously that they believe it would be offensive to some of their listeners. Two PD's told us that they didn't want to risk having some member of the gay community filing against their license.

Bill Gavin's Personal Picks

- - - I especially like:

- DANCING QUEEN-Abba (Atlantic) Unsophisticated musical structure is enhanced by a smooth performance from the talented group.
- YESTERDAY'S HERO-Bay City Rollers (Arista) High energy production interpolates exciting crowd noises in a strong professional effort.
- LOVE THEME FROM "A STAR IS BORN"-Barbra Streisand (Columbia) Her vocal artistry has always been tops, and in this song, she is supported by her own genius as a composer. Song is tastefully orchestrated to match the thrilling quality of her voice. (Note: This is the same side as the acetate that we received last week, titled "EVERGREEN", which Gary listed as his personal pick.)

Gary Taylor's Personal Pick

NIGHT MOVES-Bob Seger (Capitol) Some street talk lyrics wrapped up in a funky arrangement - I think he has one.

Also Possible

| BEAUTIFUL NOISE-Neil Diamond (Columbia) | BODY ENGLISH-King Floyd (Chimneyville) |
| RITA MAY-Bob Dylan (Columbia) | HEY BABY-Ringo Starr (Atlantic) |

Gavin's Gab

To our Correspondents: Because of the Thanksgiving holiday we urge all reporters to file their information before noon, Pacific Time, Wednesday, Nov. 24. Reports received after that deadline will not be available for our research in any format section. Correspondents in the Eastern and Central Time Zones can get through to Ron Fell in our office as early as 7:30AM Pacific Time. Also, we'll be swamped on Friday (26th) so please, no calls that day.

On page 9, our experiment in a separate listing for major markets simply didn't work. Taken as a whole, the new releases being exposed in our large cities seem conspicuous by their absence - at least, as compared with the far greater freedom to be found in many smaller markets. We have therefore reverted to our previous policy of listings selected stations according to the "news value" of their adds.

Stan Statham, from KHSL-TV in Chico, California, campaigned successfully on the Republican ticket for a seat in the California Assembly. He'll represent our 1st District.

Jeff Mathieu, formerly PD of WTAR-Providence, now handles production and a jock shift at WCAU/FM-Philadelphia.

In Austin, KNOW's "House of the Witches' Moon" raised over \$14,000 for the March of Dimes. Bill Mayne reports that this is the second successive year that his station has made the house available for charity, as an alternative to "Trick or Treat".

KPAM-Portland reports over 24,000 entries to its Elvis Presley promotion, in which the prizes were concert tickets, two LP's plus "something to play them on" - an \$800 stereo system. To enable the folks at Bob Hamilton's Radio Quarterly to keep current with all the format and personnel changes taking place, our readers are invited to phone Liz Darrig at the Hamilton office - 213-466-7073. Keep her informed of changes at your station.

WGOW-Chattanooga is helping to put together a "Tele-Rama" in January for the March of Dimes. They need artists who'd perform for their expenses. Contact John Reed, 615-756-6141, or write Box 4704. Zip: 37405.

WBOW-Terre Haute, Indiana, is now being programmed by its own staff and requests record service, all sources. Music Director is Larry Joseph - Box 175. Zip: 47807. Phone 812-232-5034.

Music Calls: WGLF-Tallahassee - 904-224-1040 - 24 hours a day - taped reply gives list and adds - callers can leave messages on tape.

- KLIN-Lincoln, Nebraska, 10-11AM, Tuesdays.
- KLIV-San Jose, Ralph Koal, 11AM to 3PM, Fridays only.
- KBOW/KBOQ-Terre Haute, Indiana, 11-Noon, Mon. or 2:30 - 7PM Wednesdays.
- WBGW-Bowling Green, Steve Denton, Mon-Fri. 3:30-5:30PM.

Regional Meetings

Our radio meeting in Cocoa Beach last weekend concluded our 1976 series - Austin, Eau Claire, Monterey, Indianapolis, Spokane. Like all the others, the Cocoa Beach meeting produced frank, exciting, spontaneous exchanges of ideas and information. Especially illuminating were discussions of contests/promotions, programming-sales relationships and audio processing. One comment, which had not been heard in any of our previous meetings, deplored the current decline in recording quality now being reflected in many new singles releases.

I'm especially grateful to Benjamin Hill, CK101-Cocoa Beach and to Bill Early, formerly of WMEL-Melbourne and now at WMYR-Ft. Myers, for their help and encouragement. Robert Walker and Quincy McCoy drove up from Y100 in Miami, and Michael O'Shea came in from WFTL-Ft. Lauderdale, giving us good representation from South Florida. Bill Tanner couldn't get away, but sent a sampler tape from Y100 that rated enthusiastic applause from our group. Florida radio certainly ranks with the best in the nation.

We're planning to continue our regional meetings in 1977. This time we'll try to plan them at times that don't conflict with "the book". Altogether, during 1976, I've met with over 400 radio people, and have enjoyed it all very much.

Memo to Top 40 Correspondents: If you are not listed in our "Correspondents' Corner" this week, it is because your report was one of 23 received in our Friday morning mail, and there wasn't room to list them as "Late Reports", which we customarily do.

Country Club

Job: WSLR-Akron Looking for a mid-day air talent. Excellent pay. Contact Dick Lumenello - 216-535-6151.
Service: KHOS-Tucson would like a complete set of Hank Williams (Sr.) albums from MGM/Polydor.
 KOTY-Kennewick, Wn., is programming more album cuts - needs better album service from everybody.
 KTIB-Thibodaux, La., still needs the current Johnny Duncan single. They'd also appreciate better album service.
 John Dunaway, WPAP/FM-Panama City thanks all labels for improved record service.
Changes: Jeff Strong from KIKK-Houston to KHEY-El Paso - all night show.
Corrections: Last week's edition put Ron Tatar at WNAT-Natchez. Wrong. Ron is still at WWOK-Miami. Don Tiegiser is at WNAT.
 We also mis-titled the Vern Godin single as HOLDIN' ON. Correct title is HANGIN' ON.

Each year from 1926 to 1975 the Mississippi Power and Lite Company put up a big Christmas tree in Downtown Natchez. But last year inflation made the project too costly. So WNAT raised the necessary funds from listener contributions. Same story this year. The station raised over \$500 the first day.
 Two of the jocks at WEN-New York have single records on the market. Lee Arnold does TRUCKER'S CHRISTMAS (Kirshner label), while Larry Kenny and Don Imus (Don's at WNBC) team up as "Road Hog" and "Neon Cactus" to present PRESIDENTIAL DEBATE (Epic label).

Albums

(reviewed by Ron Fell)

"Thirty Three and a Third"-George Harrison (Dark Horse) Despite his rather self-indulgent single, THIS SONG, and an impotent TRUE LOVE, this album is otherwise up to speed. IT'S WHAT YOU VALUE, DEAR ONE and CRACKERBOX PALACE should get extended play, as should BEAUTIFUL GIRL and LEARNING HOW TO LOVE YOU.

"Hejira"-Joni Mitchell (Asylum) An already perceptive lyricist, Joni Mitchell traveled the breadth of this country and composed these tunes enroute. The result is a wordy and predictably eccentric musical diary. SONG FOR SHARON (8:30) and AMELIA (6:00), BLUE MOTEL ROOM (5:03) lead the way. Even without instrumental bridges, these tunes run long just to accomodate the boundless lyrics. Hejira is another milestone in the Mitchell musical trip.

Also recommended from the following LP's:

- "The Tea Dance"-D.C. LaRue (Pyramid) DON'T KEEP IT IN THE SHADOWS/O BA BA/THE TEA DANCE
- "A Star Is Born"-Barbra Streisand & Kris Kristofferson (Columbia) WATCH CLOSELY NOW/EVERYTHING/LOST INSIDE OF YOU/I BELIEVE IN LOVE
- "Melba"-Melba Moore (Buddah) THE WAY YOU MAKE ME FEEL/LONG & WINDING ROAD/THE GREATEST FEELING
- "Capricorn Princess"-Esther Phillips (Kudu) MAGIC IN THE AIR/HAVEN'T GOT ANYTHING BETTER TO DO/HIGHER & HIGHER
- "The Roots of My Raising"-Merle Haggard (Capitol) GAMBLIN' POLKA DOT BLUES/COLORADO

Inside Progressive Radio

by George Meier, Editor of "Walrus"

Block Programming - Radio Concerts

At many of the major progressive radio stations, radio concerts have become an integral part of the programming. Some are done live, some live-on-tape. Some are done weekly, some on a more irregular basis. But, however they are done, they harken back to the days when every station had a studio band. They are quaint.

There are two ways of affecting these concerts, and both seem to be equally successful. Sometimes a station will arrange with a local club owner, a record company and the phone company to air an artist's set from the stage of the club. That provides the spontaneity and liveness of a club situation (even if it's taped) which a record by the artist rarely captures.

An alternative which brings more quality controlled sound into the event, but which tends to lose some spontaneity, is to do the live performance from a local recording studio. If the place is big enough, as is often true of the older studios, an audience of 20-50 people can help replace the club atmosphere. Still, it's a trade off - sound quality for spontaneity - because the studio situation is always a bit stiffer.

Once the phone lines are in place the radio concert is a relatively easy kind of special event. They have become so popular that record companies have, at times, offered tapes of live concerts done at one station to others. Further, a few companies have put together spontaneous networks of stations to broadcast an appearance of their artists. The Allman Brothers on New Year's Eve and, more recently, American ex-patriot Jesse Winchester, from Montreal are examples.

Indeed, some of the biggest name artists have done radio concerts. It is a winning concept all around. It is a great event for a station as well as a great promotion for a label.

Block programming is alive and well.

Bill Gavin's Personal Picks

- - - I especially like:

- HAIL! HAIL! ROCK & ROLL-Starland Vocal Band (Windsong) Brings back nostalgic memories of the late 50's. Group's impeccable vocal harmonies are a delight.
 MELODY (ARIA)-Doc Severinsen (Epic) The Charlie Calello arrangement utilizes voices to supplement Severinsen's mellow trumpet, first as harmonic background, then taking over the melody while the trumpet soars into an oblige. Sounds to me like another "LOVE IS BLUE".
 STAIRWAY TO HEAVEN-Led Zeppelin (Atlantic) For the past four years this album cut has been a consistent listener request favorite. With the current movie of their Madison Square Garden concert - "The Song Remains The Same" - listener interest in this feature song is likely to be rekindled. Label states: "Promotional EP", so I'm not certain yet if the single will be available for retail sale. Whatever - the musical merit of the side should rate widespread airplay wherever there's 7 minutes & 55 seconds of room in a show.

Gary Taylor's Personal Pick

YEAR OF THE CAT-Al Stewart (Janus) An exceptional release. Musically one of the best I've heard in some time.

Also Possible

- DON'T TAKE AWAY THE MUSIC-Crackers (Warner Br.) SUMMER SNOW-Blue Magic (WMOT)
 I NEED LOVE-James Gang (Atco) HERE IS WHERE YOUR LOVE BELONGS-Sons of Champlin (Ariola)

Gavin's Gab

The abbreviated format of this week's edition results from the Thanksgiving holiday. Lotsa turkey and other goodies, but no mail deliveries and no research. It also means that we'll be going to press a few hours later than usual on Friday. We're doing our best to clear the S.F. postal service on time and hope that this doesn't produce delivery delays for our readers.
 In order to minimize delays on this week's press day (Friday) we're omitting listings of late reports received in our Friday morning mail. These will be held over for the following week.
 At WEBC-Duluth, Sky Stewart highlighted an "Alice Cooper I Never Cry" weekend by giving away the world's largest hankie. It was made from two bedsheets sewn together, with the station's logo stitched in one corner.
 KANE-New Iberia is giving away "the car of the future". It's an electric car, covered with bumper stickers. It cruises traffic and gives away LP's to people in cars that carry bumper stickers. Promotion will wind up by giving away the car.
Music calls: Don Michaels, KSTT-Quad Cities, after 2PM.
 Allen Moos, KOOK-Billings, Mon. & Tues. only, after 3PM.
 These days, with all the Thanksgiving Day emphasis on good eating and drinking, we're apt to forget that the day was originally set aside in honor of our Pilgrim pioneers, so that we could pause and reflect upon our blessings. For my part, I'm grateful for the loyal and devoted colleagues in this office - for the affection shared with my children and grandchildren - for the support and confidence of our friends in radio and the music business - and most of all I'm thankful that Janet continues her recovery from a serious illness and that she will soon be back with us in the office again.
