Gavin's Gab

Happy New Year! We're glad to be back after a two weeks vacation. After a seven day Christmas cruise to Puerto Vallarta and Mazatlan aboard the good ship "Island Princess", I joined Janet in Scio, Oregon, where we spent the rest of the holiday season with our two daughters, Sally and Ann, and their families. Six grandchildren on hand, with only two missing: one in Trinidad, Ca., and the other in Italy.

The Hall Radio Report, listing the results of its "Men-of-the-Year" balloting, shows:

- Radio Executive - Harold Krelstein, Plough Broadcasting
- General Manager - Marty Greenburg, WLS-Chicago
- Sales Manager - Jim Kelly, WOR-New York
- Program Director - Julian Breen, Greater Media Group PD
- Association Executive - Miles David, Radio Advertising Bureau
- Syndication Program Executive - Jim Schulke, Schulke Radio Productions

Congratulations to the winners, and to Doug Hall himself, for his consistently interesting and informative weekly publication.

"Biggie" Nevins, Manager of Programming and Operations at KFI, announces the appointment of John Rook as Program Director for the station. John will handle the actual programming and air personnel, while "Biggie" will now have the time he needs for administration details and inter-departmental co-ordination. John Rook, as most of our readers are aware, formerly gained distinction as PD at ABC's KQV-Pittsburgh and WLS-Chicago. More recently he has been working independently as a radio program consultant for a number of stations. Rumors that KFI will now go the top 40 route should be completely discounted. It will continue as an adult station, but with more emphasis on discipline, organization and a contemporary sound.

For the information of any of our readers who may have tried to phone the home office of American Air Chex Magazine in Bath, Maine, their telephone service, interrupted briefly in December, is now being restored. Head man Craig Erickson announces that their services for 1977 will shift to a monthly release of the various market air checks, as opposed to the previous twice per month schedule. Address: P.O. Box 805, Bath, Maine 04530.

Just caught up with our old friend Bill Thompson, who used to be associated with the Smothers Bros. and more recently has been in the talent management end. But he's back in radio now, doing the morning show at KGU-Honolulu, where Bernie Armstrong is PD. Bill has been featuring comedy album tracks with great success (he says) and he can use all the funny LP's he can get - all sources.

In Tallahassee, Fla., WOMA (FM) switched format to adult contemporary on Jan. 3, while sister station WTNT (AM) went to modern country. John Stevens, PD of both stations says he needs a jock for afternoon drive.

KRLC-Lewiston, Idaho, challenged the other top 40 station to a "hit 'n miss smoker": three one minute rounds, contestants blindfolded, with a boxing glove on one hand and a rolled up newspaper in the other. When the other station declined, two men from the Lewis-Clark State College baseball team were substituted. Results: sore noses, sore elbows and nearly \$2,500 raised for the L.C.S.E. baseball team.

In Austin, KNOW's "Great Christmas Getaway" contest drew over 10,000 entries with prizes going to two couples, all in their mid-20's. PD Bill Mayne tells us that the two prizes were vacation trips, one to Vail, Colorado and one to Puerto Vallarta, Mexico.

In Philadelphia, WFIL's "Kissmas Concert" at the Philly Spectrum, featuring Kiss and Bob Seger, sold out with a full house of nearly 20,000. They raised over \$21,000 for the benefit of handicapped children.

Tom Kay, WJON-St. Cloud, now can take music calls Mon., Wed., Thurs., & Fri. from 10AM to noon and from 5 to 6 PM.

Music calls to King Wiggins, KTRN-Wichita Falls, Tx., Wed. only, 1 to 4 PM.

Too late for our "Jobs" section: WROV-Roanoke looking for an air personality. Contact Wayne Moss, Box 4005, Zip 24015. EOE. M/F.

Flash! Kevin Metheny moves (1/12) from WNOE-New Orleans to KDEO-San Diego. Station plans a switch to a top 40 format. Jeff Salgo is the program consultant. Revised air staff will be announced Jan. 14, we're told.

Bob Anthony returns to KREM-Spokane from KGW-Portland to take on the jobs of PD and music director. Bob, incidentally, also writes "Tower of Babble", a jock resource sheet, along with Tom Parker. They have a new address: East 1614 37th Ave., Spokane, Wn. 99203. Write for a free sample.

KREM-Spokane has two openings for air talent, one full time and one part time. Contact Bob Anthony, So. 4103 Regal (99203).

New lineup at KCRG-Cedar Rapids: Mike Weber, Duke Davis (music), Don Kelly (PD-ex KOIL), J.D. Michaels (KGGO-Des Moines), Catfish Casey.

New manager of WFOR-Hattiesburg is John Lyon, coming from WWUN-Jackson.

Russ Martin phones from KYAL-Plano, Texas, that come this Sunday his call letters will be KXVI, with XVI the Roman numerals for 16 - for the station's 1600 dial position. Format changes from country to "adult top 40".

As always every year, the number of correspondents reporting in all formats is considerably below normal for this first issue after the holidays. We hope to have everybody back in the fold next week.

Eric Norberg, PD of KEX-Portland, comments on our listing of a jock opening at WXIL-Parkersburg,
 in which the PD stipulated: "Must be really sharp - no beginners". Writes Eric:
 "...Until recently, I, too, felt that virtually nobody could start in the business as a
 beginner and be really good right away. However, since coming to KEX my mind has been
 changed, with a vengeance! The day I arrived, "my" airshift on the station was being
 done by Doug Barry, an O.S.U. intern - and done very well (we have hired him for
 considerable summer relief both DJ and news, in the year and a half since). I then
 discovered that our evening personality, Bob Clarke, a really super talent, started here
 in 1973 - first radio job. Then I met an intern from HIGH SCHOOL locally who was here
 at that time, Francine Raften, one of the most poised and self-assured people I have
 ever met, and found she could do production like a pro. We sent her on to college with
 instructions to learn how to run a board, and she is now doing weekends and fill-ins
 for us regularly, while continuing her education.

"Since then, a young former used car salesman and truck driver named Nick Diamond has
 taught himself radio here at KEX in our production room, gotten a radio job in Bend, then
 after six months returned to be our weekend air personality, and he has just become our
 full-time traffic reporter. Cheryl Marshall, in our news department, a full-time newscaster
 (in afternoon drive) and field reporter, is in her first full-time radio job - after
 interning at KING in Seattle while in college there.

"The lesson to me was this: There is far more natural talent out there than I ever would
 have believed; and as far as I can tell, it is getting better all the time.

"It certainly is encouraging that new young talent of this outstanding caliber is coming
 up, though, and a special tip of my hat to educators such as Keith Allen at Portland
 Community College and Jay Loughrin at Rio Hondo College in Whittier, Ca., who are among
 the very important reasons why the new young talent is so good so often."

Albums of the Week
(reviewed by Ron Fell)

"What's Wrong With This Picture?"-Andrew Gold (Asylum) This may be the album which will propel Gold to the attention of many more radio programmers. He's spent the last few years backing up artists like Art Garfunkel and Linda Ronstadt, while playing a myriad of instruments with exceptional dexterity. While his solo album last year was a good start, this latest album is 24 karat Gold. Hot cuts include LONELY BOY, STAY, DO WAH DIDDY and LEARNING THE GAME. Discover Andrew Gold.

"Sailin'"-Kim Carnes (A&M) Her distinctive vocal quality, her sensitive writing and her decision to join forces with Jerry Wexler, Barry Beckett and the Muscle Shoals militia give this album, and the Kim Carnes career, deserved attention. LET YOUR LOVE COME EASY, THE BEST OF YOU, TUBIN' and ALL HE DID WAS TELL ME LIES are quality cuts.

Bill Gavin's Personal Picks

- - - I especially like:

GO YOUR OWN WAY-Fleetwood Mac (Warner Bros.) Top preferred pick among our correspondents.

Talented performer gives convincing reading of this good song.

YOU'RE MOVIN' OUT TODAY-Bette Midler (Atlantic) Haven't yet been able to understand all the words - don't know if I ever will - don't think it really matters. Production has a unique charm that transcends conventional requirements.

YOU KNOW LIKE I KNOW-Ozark Mountain Daredevils (A&M) If the pendulum of public taste is swinging again to softer & smoother sounds, as some say, this entry could find itself in the mainstream of the new hits.

THEME FROM "ROCKY"-Current (Playboy) This is the only one I've heard of the many versions of this theme from the super-movie. Seems probable that as many people will be exposed to the movie as there were to "Love Story" or "The Exorcist".

Gary Taylor's Personal Picks

LOVE TO THE WORLD-L.T.D. (A&M) If this record happens it will be, in part, due to the outstanding production by Larry and Fonce Mitchell.

WHERE CAN WE GO-Cate Brothers (Asylum) This has beaucoup airplay written all over it.

SAM-Olivia Newton-John (MCA) Olivia does this so well it sounds as if the composers wrote it just for her - maybe they did.

Also Possible

CENTER CITY-Fat Larry's Band (WMOT)

IT'S ALRIGHT-Black Sabbath (Warner Bros.)

THEME FROM KING KONG-Love Unlimited Orch. (20th)

FEELS LIKE HEAVEN-Easy Street (Polydor)

Inside Progressive Radio

(By George Meier, Editor of "Walrus")

Established Progressive Airplay

(In Order)

Joni Mitchell

Jackson Browne

Eagles

George Harrison

Stevie Wonder

Electric Light Orchestra

Bob Seger

Wings

Al Stewart

Notes: Heavy airplay is dominated by these nine albums. Regionally both Seger and Wings are significantly stronger in the Northeast and West. While George Harrison is strongest in the Northeast and Eagles is biggest in the West. Elton's LP, which doesn't appear here, is a powerhouse in the South only.

New Progressive Airplay

(In Order)

Atlanta Rhythm Section

Queen

Notes: This is a strange time of the year because so few LP's are issued in December. Beyond these two albums the new Chick Corea LP has started very well in the Midwest.

Miscellaneous Information

(1) Top imports include Tangerine Dream, The Who, 801, Mike Oldfield, Santana, and Barclay James Harvest.

(2) Some singles which are of interest in the progressive community are; Fleetwood Mac, 10CC, Bob Dylan, Queen, and J. Geils Band.

The following tracks are filling the air:

Steve Hillage-HURDY GURDY MAN/IT'S ALL TOO MUCH

Lucifer's Friend-FUGITIVE/MOONSHINE RIDER/NATURAL BORN MOVER

Wings-MAYBE I'M AMAZED/BAND ON THE RUN

Jethro Tull-RING OUT, SOLSTICE BELLS Tomita-MARS

On The Record

The FCC decision to investigate payola/plugola practices is to be commended. Comparatively rare as this sort of thing must be in radio and records relations, its existence at any level weakens public confidence in the broadcast medium and tends to bring discredit to the great majority of honest people who are involved in it.

Recent revelations of bribery, coercion, and illicit payoffs, both in government and business, have created a mood of cynical distrust among the American people toward many of our institutions. President-elect Carter's announced decision to eliminate conflict of interest in the federal government offers the encouraging prospect of improved ethical standards at top levels of power. Hopefully, this good example by our leaders will help to dissipate the Watergate mentality that has been undermining the structure of our society.

In the field of radio there are reports of negative payola: refusal to play a visiting concert artists's records unless certain favors are received. We've heard of only two stations where this contemptible practice is said to be rampant; there may be a few others, but certainly the evil is not widespread. This is not written with any desire to gloss over the greed and corruption that infect a few spots in our business, but only to seek a sensible perspective of the entire field, in which the vast majority of the radio-record relationship is healthy and straight ahead.

Inside Progressive Radio
(By George Meier, Editor of "Walrus")

VIEWING THE SCENERY I

It is unlikely that 1977 will see an expansion in progressive rock radio. Such expansion, at least anything substantial, is virtually impossible with the situation as it exists today. Remembering that progressive radio is a minority format, as opposed to a mass appeal format, it is easy to see that major markets cannot support more than two stations at a time, secondaries only one.

Since the last two years have seen the major markets fill up with progressive radio formats of all varieties, there seems to be no room for more. Further, an over-crowded dial inevitably means a leveling off. And it will also mean a dropping out of some stations. Where stations are not clearly defined as different from their competitors, reaching a different audience, they will shrivel on the vine of purposelessness. If effect, they must find a way not to compete, to carve out a different audience in order to survive.

That sorting out process is ongoing, sometimes on an unconscious level. It is going to be the major story in radio over the next several years. The under-current of change amplified by the ever increasing fractionalization of the audience. Ten years ago a major market was divided up by 5 or so AM stations. Today that same market will divide between 10 AM & FM stations, not to mention the 20 or 30 sleepers lying in waiting on the sidelines. Formats will continue to define themselves more and more narrowly. More next time.

Country A&R Sidelights

Producer Billy Sherrill, in a telephone interview on the KCKC-San Bernardino feature "Who's Calling?", was asked what he considered the biggest thrill in his professional career. He replied that it was reading in a Presbyterian church magazine an article by a pastor's wife, addressed to all other pastor's wives. The article consisted of the lyrics to "STAND BY YOUR MAN", which Billy had written and produced for Tammy Wynette.
 Billy's advice to aspiring song writers: Be honest with yourself. Don't send in a song unless you sincerely believe. Don't send ten or twenty songs - just one or two. They will be listened to.
 Commenting on the future of country music, Billy emphasized the need for broader demographics - the need to appeal to younger listeners as well as the middle and upper age levels. He deplored the rigidity with which some country music broadcasters cling to their "image" - said that some country stations put him to sleep - recalled the resistance to adding drums on the Grand Ole Opry, and the protests against using strings and/or vocal groups as backing for soloists.
 Thanks to Bob Mitchell for sending us the tape.

Albums of the Week
(reviewed by Ron Fell)

- "Sammy Hagar"-Sammy Hagar (Capitol) No time is wasted getting to the hottest cut RED, a selection that energized the entire album. Hagar, formerly with Montrose, also gives whole new life to Donovan's CATCH THE WIND and Patti Smith's FREE MONEY. John Carter's production work and Hagar's overwhelming vocals on LITTLE STAR/ECLIPSE and FILLMORE SHUFFLE (dedicated to Tom Donahue) should sell the album.
- "Dinner At The Ritz"-City Boy (Mercury) A classy presentation as befitting its title, City Boy will get lots of AOR and Rock attention with this album. The excellent vocal arrangements are mixed particularly well with the instrumental tracks. It's hard to tell what cuts will surface as the most popular, but the following could lead the way: MOMMA'S BOY, NARCISSUS, GOODBYE BLUE MONDAY and THE VIOLIN.
- "Arrival"-Abba (Atlantic) This group, well known and successful in Europe, doesn't really need an introduction in this country with numerous hit singles having preceded their "arrival". This album, however, is their most consistent. Besides their current DANCING QUEEN, listen to WHY DID IT HAVE TO BE ME, ARRIVAL, DUM DUM DIDDLE, MY LOVE, MY LIFE, and MONEY MONEY MONEY. Welcome Abba.
- "Parker McGee"-Parker McGee (Big Tree) Who is this guy? Besides writing his own current single I JUST CAN'T SAY NO TO YOU, he wrote the current Gene Cotton single YOU GOT ME RUNNIN' and a heavily played cut from a recent Seals & Crofts album GOODBYE OLD BUDDIES. His acoustic treatment of the above cuts and two others; BOY MEETS GIRL and TALKIN' 'BOUT LOVIN' YOU give us the answer: a songwriter/singer to be reckoned with.

Bill Gavin's Personal Picks

- - - I especially like:

- KONG-Dickie Goodman (Janus) The "Mr. Jaws" man does it again! Lotsa laughs in the cleverly excerpted bits from the hits in response to zany Dickie's interview with the ape.
- GET CRAZY WITH ME-Ray Stevens (Warner Bros.) It will be interesting to see if some of Ray's sophisticated lines register with a mass audience. I like the line: "The song of my life could be played on a quarter note!!" The Bach styled backing from the keyboard section adds brilliant color.
- BUT NOW I KNOW-Jean Gabin (Overseas Wax) Famous French actor, gives us a compelling recitation in the style of the great Charles Boyer. The instrumental track by itself is potent enough to sell the record. (The hit version in France is "Maintenant Je Sais".) Philosophy here reminds us of Sinatra's "It Was A Very Good Year", but it is subtly deeper.

Gary Taylor's Personal Picks

- LONG TIME-Boston (Epic) Many will be surprised that this was released as the single, but they will not be disappointed. It is the best rock record I've heard in weeks.
- LOST IN FRANCE-Bonnie Tyler (Chrysalis) The Spectorish production is enhanced by the European flavor of concertina, mandolin, guitar and chorus.

Also Possible

- CARNIVAL-Eric Clapton (RSO)
- I'LL CALL YOUR NAME-Little River Band (Harvest)
- OOH MY LOVE-The Rowans (Asylum)
- TRY IT ON-Exile (Atlantic)
- SAVE THE LAST DANCE FOR ME-John Davidson (20th)
- ARE YOU THERE (KING KONG THEME)-Andy Williams (Columbia)
- THIS SONG WILL LAST FOREVER-Lou Rawls (Phil.Int.)
- HOLD ON TO YOUR HINEY-Tony Joe White (20th)
- WHY DON'T YOU LOVE ME-Tom Jans (Columbia)
- FIFTEEN SHADES OF THE RAINBOW-Bobby Gosh (Capitol)
- IN A BROKEN DREAM-Python Lee Jackson w/Rod Stewart (Eurogram)

Gavin's Gab

Memo to record folks: Our number of incoming phone calls from correspondents has increased sharply, especially on Tuesdays. We would greatly appreciate your limiting your phone calls and in-person visits to Mondays only. This applies to calls directed to any member of our staff. We'd especially like to have the local and regional music people, who have been dropping in on Tuesdays, arrange their schedules so that you could come in on Mondays instead. We'll appreciate your co-operation in making Monday our music day at the Gavin office.

Also, many labels still have not changed their address plates for our record mailings. The old 2113 suite number routes these record packages to a different bank of elevators, and they don't reach us until a day later. Please change the plates to show Suite 220. Thanks.

We received several reports this week of late deliveries of our January 7 issue. I doubt if the fault this time lies with our San Francisco Post Office. But in any case, be sure to let us know whenever your Gavin Report fails to arrive on time.

My comment last week that I couldn't understand the lyrics of the new Bette Midler single, but that it probably didn't matter, brought a fast response in the form of a lead sheet, with all the lyrics. So now I'll have to say that these lyrics do matter; they're the cleverest I've heard (seen?) for a long while.

It has been called to my attention that a printed program announcement of the upcoming Southeast radio meeting in Birmingham lists me as one of the participants. Not so. We had previously informed the organizers of the meeting that no one from this office would attend. We do, however, offer our best wishes for a successful get together.

In response to numerous queries about our plans for Regional Radio Conferences in 1977, we have tentatively selected six cities: Jackson, Miss., San Diego, Philadelphia, Kansas City, Denver, and Portland, Oregon. Meetings would be scheduled for the non-Arbitron months of March, June, and September. Registration fees would be \$25 for radio people, covering lunch, cocktails and all meeting sessions. Record people could register for the cocktail party only - \$10 per person. The fee increase over 1976 is the result of some very substantial deficits produced by last year's meetings.

We'd like to hear as soon as possible from our radio readers whether or not they'd want to attend any of the meetings, and which ones. We'd also welcome suggestions of alternate meeting locales. We'll be trying this year to cover areas that we missed in '76. Final determination of where and when will be controlled largely by your responses to this announcement. So please let us know your wishes.

The University of Toronto hockey team, playing a series of matches in China, became involved in a minor international "incident" recently in a Peking department store. The team was exchanging pins and trinkets with a group of Chinese fans. One of the Canadians, Alex Jeans, received a porcelain Mao badge and in exchange gave a CHUM button, which carried the Gemini imprint of twin nudes. To the team's great surprise, Chinese officials next day returned the CHUM button, calling it "pornographic". (Incidentally, the U.T. players won all five of their games with the Chinese.)

In Phoenix, the dial spots formerly occupied by KBUZ/AM & FM are now taken by KQXI (AM) and KIOG (FM). KQXE is a mass appeal personality format, while KIOG offers soft rock. Phil Baykian is PD; Lowell Humberger is manager.

"How To Become A Disc Jockey"-Part 3. Bruce Murdock, who is moving from KGW-Portland to KING-Seattle to take over the morning drive spot, began his radio career as a phone request operator at KGW, moved to KREM-Spokane to break in as a jock, went back to KGW for a regular air shift and moves on up from there.

Demographic profile: Phone logs at WAPE-Jacksonville show that the heavy calls for Rod Hart's C.B.Savage are 100% male - not one single female request.

When WSGA-Savannah recently ran a "Super Bowl Rock & Roll" battle, with one winner remaining in play until knocked off by a challenger; winner of 13 straight battles was BURNING LOVE-Elvis Presley - 5 or 6 years old. Coming in at #3 in the total competition was another Elvis entry-SUSPICIOUS MINDS.

Zip Code change: for Ken Rice, KAOK-Lake Charles, La. Drawer S - Zip: 70602.

Revised lineup for B100-San Diego: "Shotgun" Tom, Glen McCartney, Danny Wilde, (KINT), Gene Knight, Gary Kelly, Phil Flowers. Weekends: Chris Lance, "Dr. Boogie".

Music calls: Randy Marsh, WIRK-West Palm Beach, Wed. only, 3:30 to 5PM.

Gavin's Gab

Correction: I was misinformed last week about my name being listed in the printed program of the Southeast Radio Conference, held last week in Birmingham. I now have a copy of the program, and nowhere is my name mentioned. I apologize to the sponsors for my error.

In Wilmington, N.C., WHSL is switching its AM facility with an FM operation on March 1st, and is now to be WHSL/FM - a 100kw facility. Owners are the North Carolina Broadcasting Co., who also own WBT-Charlotte. Manager is Al Sellers. Address record mailings to Mike Grohman, P.O. Box 2025, Wilmington, N.C., 28401. Station particularly needs old hits.

WDAF-Kansas City will shortly switch to a country music format. Music director will be Ted Cramer, coming in from WWOK-Miami, where he has been PD. Ted was formerly PD at KCKN-Kansas City. WDAF is owned by Taft Broadcasting. Station is 5kw at 610kc, non-directional day & night.

New address: for WGST-Radio, 550 Pharr Road, N.E., Atlanta, Ga. 30305.

New phone number: for KFRC-San Francisco: 415-986-6100.

WNWZ, FM affiliate of WBBF-Rochester, N.Y., plans a switch from all news to an adult album format. New call letters applied for are WMJQ. It's be live, 92.5mhz with 50kw power. "Magic 92" will offer a maximum of eight commercial units per hour. Station urgently needs album service. Mail to Bob Savage, Zip: 14604. Staff: Doug James (WPST-Trenton), Tom Evans (WCHV-Charlottesville), Al Peterson, Terry Peyton, Cheryl Miller.

"Super opportunity" - for the right afternoon talk personality at KMOX-St. Louis, one of the highest rated stations in the U.S. Applicant need not be presently doing a telephone talk show; perhaps somebody with a background in news or as a jock would fill the bill. Phone Bob Osborne, 314-621-2345.

KCMO-Kansas City has a unique morning gig available for someone who can qualify as a personality announcer/newscaster - someone who can work happily with the rest of the morning crew. No phones, please, and no tapes necessary. Applicants should address letters to General Mgr., Steve Shannon, KCMO-Radio, 125 East 31st St., Kansas City, Mo., 64108.

Congratulations to Jay Trachman on the first anniversary of his "Fruitbowl" publication, which is steadily increasing in circulation among radio people.

Steve Denton, of WBGW-Bowling Green, is trying to locate Kris Sigler. Anyone knowing Kris, please ask him to telephone Steve at 502-842-1636.

WMGK-Philadelphia has opening for an announcer with a "natural, pleasant voice and a third ticket" - EOE/M-F. Tapes & resumes to Dave Klahr, 2212 Walnut St., Philadelphia, Pa. 19103.

Jerry Boulding tells us that WVON-Chicago is involved in something called "semantic differentials" - a direction in the use of language which will enable the listeners more readily to identify with the jock. Announcers are too apt to unconsciously rely on certain phrases as automatic crutches. For example, the repeated use of "Hey, baby" or "Mama" would tend to exclude the male listener. (Editor's note: This kind of attitude research is a new area now being explored by a small but growing number of forward looking broadcasters.)

Congratulations to Benjamin Hill (CK101-Cocoa Beach) and his wife Wanda on the birth of a 9lb.6 1/2 oz. baby boy, Benjamin Hill III - "B.J. the D.J."

Congrats also to Mike Shannon (KGAL-Lebanon, Ore.), and his wife Katrice on the birth of son Gregory Lee on Jan. 6th - 8lbs. 8 oz.

Walt Disney World and WLOF-Orlando will team up to present a Valentine Party Feb. 11. Show will feature the Sylvers, Brass Construction and Rick Dees.

The fall ARB for Mpls./St. Paul shows perennial leader WCCO still far out in front, with the newly combined simulcasting of KDWB (AM/FM) coming in ahead of the rest in total audience, WAYL (AM/FM) rates #3, mainly in older demographics, while KSTP (AM) is #4 with a very good portion of the 18-34 audience.

Lineup at KPUG-Bellingham: Bob Cochran, Greg Clark, Jonathan Walker, Gary O'Day. Weekends: Gary O'Brien, Phil Wonder, Dave Carey.

Lineup at WGLF-Tallahassee: Bob Walker, PD (WOKY), Sandy Beach (WAPE), Charles Rowe, Scott Owens, Angie.

Lineup at KORD-Tri-Cities, Wash.: Randy Robbins, P.D., Larry Nelson, Lee Smith, Jon Donovan, music, Joan Major (KGMV), Monte Stevens. Music calls to Jon Donovan or Joan Major Mon-Fri. 2-5PM. 509-547-9793.

Lineup at KLWW-Cedar Rapids: Sam Lee, P.D. (KISN/WKLO), Spencer Davis (KSYN), John Stewart (KSO), Ron Thompson (KISN), Mike Judge.

Webster James, WMYR-Ft. Myers, 813-332-1410, 10AM to 12 noon.

In Providence, the Oct.-Nov. Arbitron shows WLKW leading in total audience, followed by WPRO/AM, with WPRO/FM picking up the third spot.

Total audience in Seattle: Oct.-Nov. book listed KOMO in the lead, followed by KIRO and then KVI/AM. Notable was the strong showing of KVI/FM in this, their first book under their new format, particularly strong 3PM to midnight.

Ted Atkins, GM of WTAE-Pittsburgh, announces a new FM rock operation there as of January 31. It'll be WXXK ("96 Kicks") with new studios and a new staff. PD is Bobby Christian (KXXK-Denver).

Staff so far: Randy Lane (KYKX), Jay Stone (KTLX-Denver), "Suitcase" Simpson (Pat Callahan from WCLG-Morgantown), Susie Barbour (WNAM-Neenah). Station has been automated, coming in the #2 rocker at night with the 18-34 group.

We understand that the chill factor around Columbus got so bad that the anti freeze was freezing in some radiators even while their cars were driving along the freeways.

Albums of the Week
(reviewed by Ron Fell)

- "Evita"-Various Artists (MCA) Andrew Lloyd Webber and Tim Rice, the two who brought us "Jesus Christ Superstar" have taken the life story of Eva Peron, the dynamic second wife of Juan Peron, and set it to music. Julie Covington, as Eva, is particularly good on DON'T CRY FOR ME ARGENTINA while Barbara Dickson gives what I consider to be the opera's finest performance, as she portrays a deposed mistress in ANOTHER SUITCASE IN ANOTHER HALL. The album and opera have all the potential for the success that "Jesus Christ Superstar" had.
- "Tompall and His Outlaw Band"-Tompall Glaser (ABC) YOU CAN HAVE HER is a killer. Tompall's husky vocals and his super-tough "Outlaw Band" work smoothly. He works the "my-woman-done-me-wrong" blues as well as any desperado with a recording contract. The IT AIN'T FAIR MEDLEY, RELEASE ME, IT'LL BE HER and I JUST WANT TO HEAR THE MUSIC offer further laid back, yet convincing, music.
- "Visions"-Don Williams (ABC/Dot) Williams deals with similar subject matter as Tompall's but Williams' voice, a soft and supple instrument, gives a refreshing texture to the music. Most of Williams' music, even before this album, was delicate and to the point. "Visions" is no exception. TIME ON MY HANDS, MISSING YOU MISSING ME, SOME BROKEN HEARTS NEVER MEND, and I'M GETTING GOOD AT MISSING YOU all get a Don Williams treatment representative of the best in country crooning.

Also recommended from the following albums:

- "Big Wha-Koo"-Big Wha-Koo (ABC) WHISKEY VOICES/SAVE YOUR TEARS/AMNESTY
 "King Size"-B.B.King (ABC) DON'T YOU LIE TO ME/THE SAME LOVE THAT MADE ME LAUGH.../IT'S JUST A MATTER OF TIME
 "The Babys"-The Babys (Chrysalis) LOOKING FOR LOVE/OVER AND OVER/READ MY STARS
 "Ask Rufus"-Rufus Featuring Chaka Khan (ABC) HOLLYWOOD/MAGIC IN YOUR EYES/BETTER DAYS
 "Just Like a Recurring Dream"-Meisberg & Walters (Casablanca) JUST LIKE A RECURRING DREAM/HEY, THAT'S NO WAY TO SAY GOODBYE
 "Ojah Awake"-Osibisa (Island) THE COFFEE SONG/CHERRYFIELD
 "We Ain't Down Yet"-Woody's Friends (Cream) DEPORTEE/GOIN' DOWN THE ROAD
 "Pictures & Rhymes"-Jim Weatherly (ABC) REBEL KEEPS ON ROLLING/WHERE THE HOT WINDS BLOW
 "Breaking Through"-Isis (U.A.) LOVE LOVE LOVE/GET CRAZY
 "No Strings"-Ace (Anchor/ABC) YOU'RE ALL THAT I NEED/GLEAMING IN THE GLOOM/LET'S HANG ON
 "Indigo"-Indigo (Warner Bros.) FEEL'S RIGHT/STEP BY STEP
 "I Love To Love"-Tina Charles (Columbia) I LOVE TO LOVE/YOU SET MY HEART ON FIRE Pt. 1
 "Next"-Journey (Columbia) SPACEMAN/HERE WE ARE/NEXT

Here's one for Ripley's "Believe It Or Not" - John Dunaway writes from WPAP/FM-Panama City, Fla.: "Our midday talk show man, Marshall Smith, had just finished playing IN THE MOOD (Henhouse 5), when a man called and said the day before, while he was working in his yard with the radio on, his group of German Shepherds heard the song, went crazy, busted down the fence around his chicken house and killed ten of his twelve chickens. He said he had to give the other two away because he will not turn the station off while working and did not want to kill the other two. Phones have been very mixed on the record. Would like to know other people's reaction."

Maggard chatted with other CB'ers, while Barry reported back to the station. Contest for the best rooftop design for the Country K Convoy gave the winner a ride in the Cledus Maggard vehicle. Albums of the Week
(reviewed by Ron Fell)

"In Flight"-George Benson (Warner Bros.) This is NEW George Benson material, not repackaged or recycled as was that flood of vinyl last fall that followed his hit, THIS MASQUERADE. Benson's vocal style, frequently compared to Stevie Wonder, and his guitar playing, comparable to the late Wes Montgomery, make for a very pleasant overall sound. Claus Ogerman's orchestrations are both delicate and decorative while giving Benson an attractive backing for his music. Many formats will find airplay for cuts like NATURE BOY, THE WORLD IS A GHETTO, GONNA LOVE YOU MORE and THE WIND AND I setting the pace.

"Changes in Latitudes, Changes In Attitudes"-Jimmy Buffett (ABC) Jimmy seems to have recovered from his "Havana Daydreaming" malaise, an album where the songs ended and the melody lingered on. MARGARITAVILLE is pure joy as he and his Coral Reefer "rummys" chart a musical course through the seas of life. LANDFALL, IN THE SHELTER and TAMPICO TRAUMA are particularly good Buffett renderings while his performance on Steve Goodman's BANANA REPUBLICS is very appealing.

"Standing Up For Love"-The Three Degrees (Epic) For your dancing and listening pleasure these women have combined some disco-oriented cuts like STANDING UP FOR LOVE and PEOPLE WITH FEELING with some "supper club" style ballads like WHAT I DID FOR LOVE (from "A Chorus Line") and Boz Scaggs's WE'RE ALL ALONE. This album may make you forget the Supremes. For the most part, the cuts run 3:40 to 5:40 in length, but those who must play only short cuts will find the reprise of STANDING UP FOR LOVE (2:29) worthy of attention.

Bill Gavin's Personal Picks

- - - I especially like:

- I'M SCARED-Burton Cummings (Portrait) Just to show that his first success wasn't an accident, the talented singer follows it with this potent production. The lyric is strong stuff.
- GONNA FLY NOW-Bill Conti (U.A.) There are many other recordings of this theme from "Rocky", but this original from the sound track offers the advantage of being able to recall for each listener the many thrilling moments from this memorable movie.
- IN THE MOOD-Glen Miller Orchestra (Buddah) If the Henhouse 5 Plus Too can stir up all that excitement with this evergreen, why not the original version itself? While the recording quality is far below modern standards, it is still probably one of the four or five greatest arrangements ever written for a big band.

Gary Taylor's Personal Picks

- MAYBE I'M AMAZED-Paul McCartney & Wings (Capitol) A popular track from the Wings Over America album. As a single, it should find little resistance.
- BITE YOUR LIP (GET UP AND DANCE!)-Elton John (MCA/Rocket) This record cooks! In fact, if there is anything to fault it is too short. You may want to consider playing the album cut for your night audience.

Also Possible

- JUST ANOTHER STORY-Tom Chapin (Fantasy)
- I WROTE THIS SONG FOR YOU-John Valenti (Ariola)
- GIMME SOME TIME-Paul Harrison (RSO)
- HURRICANE JANE-Coyote McCloud (Mid. Int'l.)
- THERE'LL NEVER BE ANOTHER FOR ME-Big Ben Atkins (GRT)
- THE FIRST CUT IS THE DEEPEST-Rod Stewart (W.B.)
- HALF HEAVEN, HALF HEARTACHE-Straight (Atco)
- ROMEO-Mr. Big (Arista)
- N.Y., YOU GOT ME DANCING-Andrea True Connection (Buddah)

Gavin's Gab

What with the skyrocketing of coffee prices and the numerous attempts to organize coffee boycotts, WDXR held a "Paducah Coffee Party", modeled after the Boston Tea Party. Morning men Frank and John went the four blocks from their studios down to the Ohio River to dump the coffee overboard. But since the river was frozen over, and since the EPA frowns on dumping anyhow, they gave the coffee away. "Great response", writes Larry Weatherford.

Phil Stanley reports from WMAK-Nashville that they had a "Kong Gong" weekend. At the sound of the gong they gave away the Dickie Goodman single, plus some albums. They even broadcast an interview with Dickie himself.

KJCK (AM/FM) in Junction City, Kansas, is now housed in beautiful new studios, reports PD J.R. Greeley. When they held open house January 16 the temperature was something below zero, with a cold north wind increasing the chill factor. Nothing daunted, over 1,500 Junction City citizens turned out to inspect the new studios and equipment.

Air staff of KJCK/FM: John Zach, J.R. Greeley, Khris Favor, Rob Mackey, with Jason Roberts and Barry Waters on weekends.

Jonathan Little, music director of WISM-Madison, Wis., has produced a recording of Vince Guaraldi's "Linus & Lucy". The artist is Jim Gregory, a member of the University of Wisconsin School of Music faculty. Jim not only plays piano, but all the other instruments as well. Any of our correspondents who'd like a copy should write to Jonathan at Box 2058, Madison, Wis. 53101.

Mike Lucas is looking for a special kind of air personality to be the lighter half of his two man morning team at KRZI-Waco. He wants someone who is zany, original, creative, unconventional. Fine opportunity for the right man. Phone Mike at 817-772-0930.

WIGY-Bath, Maine, will soon move its frequency from 95.3 up to 106khz with an increase in power up to 50kw. Current tests indicate that they'll cover the whole state of Maine, plus parts of the other adjacent New England states. Sorry to learn that Bill St.James of KBCQ-Roswell, N.Mx., has been hospitalized for surgery and that he is likely to be there for some time. Cards and letters to him should be addressed in care of KBCQ, Box 670, Roswell, N.M. 88201.

Floyd Wright, at WHEB-Portsmouth, wanted to find out how his audience was reacting to the Henhouse 5 recording of "In The Mood", so he took a make-it-or-break-it vote: each caller who voted "Make it" received a free copy of the single; those who voted "Break it" were rewarded by hearing the record actually being smashed. Result: "We now have 26 smashed copies of the record" says Floyd. Negatives won out by a 2 to 1 margin.
