

THE GAVIN REPORT #1145
WEEKLY SUMMARY
(Associate Editor, Gary Taylor)

Smash of the Week: WHEN I NEED YOU-Leo Sayer (Warner Bros.) Current sales gains more than justify programmers' enthusiasm. This week there are 79 top ten listings with many more to come.

Sleeper of the Week: CALLING OCCUPANTS/SUB ROSA...-Klaatu (Capitol) The reaction could be caused by wishful thinking among the Beatle enthusiasts and clever promotion by radio.... however, the reason for this listing is that there is a strong positive reaction.

Hot: LIDO SHUFFLE-Boz Scaggs (Columbia) Station chart jumps are too impressive to ignore.

Top Tip: DANCING MAN-Q (Epic) The record looks very good, but will stations with "Q" call letter competitors play it?

Record to Watch: UNDERCOVER ANGEL-Alan O'Day (Pacific) Charts: WALG (11 from 20), WAIR (15 from 29), KVIC (16-requests), WISE (19), WBBQ (20-#1 requests), WAUG (22), K100 (28), KRIZ (28), WOHS (29), WGLF (30), etc.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

THE TONE IS SET AT THE TOP

Competent management in progressive radio has always been a problem. Right from the start the corporate people who had permitted the counterculture access to their airwaves did not understand the point of view of progressive radio. With several notable exceptions they had difficulty coping with the hippies in their halls.

Not to totally lean on management as the single source of agony in the old days, it must be remembered that many of the radio people at the early stations were pretty much amateurs who did not know the universal radio etiquette. Those media understandings which transcend format borders are often little communicated and yet seem chisled in stone.

Still, many of the stations which moved into progressive radio back in the late 1960's did so out of a desperation. They were very often on the financial ropes. That fact doesn't speak well for the competence of the management in the first place.

A sad result of this leadership deficiency was an unsettling series of mass firings, where whole staffs were axed sometimes in tumultuous meetings. People didn't talk to one another, they talked at each other.

Fortunately, we have passed through that stage, but competence on a management level remains a real problem. As long as the pattern which rewards a top AM salesman with the general managership of an FM station continues, it will breed this wasteful dynamic tension. More programming people should be placed in charge. A well programmed station does business.

Program Notes

As time goes by, a growing number of stations are showing interest in programming LP cuts. This applies not only to the progressive rock stations, who have traditionally leaned on albums as a main music source, but to many top 40 and A-C stations who have previously been programming singles almost exclusively.

The obvious problem about programming an album is that you can't program an album as such. Can't, that is, unless you play the whole album in one sweep. What stations program are album tracks. Whereas singles sales reports provide a fairly reliable guide to their comparative acceptance, album sales tell us little or nothing about which individual selections are most preferred by the listeners.

In most albums, one single selection will stand out from all the rest. Sometimes there will be two or three cuts with strong hit potential. Some music directors boast a high batting average in selecting top LP cuts through their ears alone. Many other programmers, however, prefer to rely on more objective data, such as phone requests, call outs, questionnaires, etc.

Our present Action Report forms provide space for correspondents to indicate which album cuts are receiving the greatest listener support. Too often, however, these Action Reports tell us only which new cuts have been added. From now on, we urge our correspondents to keep us advised as to (1) LP cuts that are receiving listener support, (2) new tracks added each week and (3) continuing airplay of other album selections.

If more space is needed than is provided on the front of the Action Report form, write on the reverse side. If it becomes necessary, we can revise the forms to accomodate your additional information.

Regional Meeting Notes

The Southern California Regional Radio Meeting, held last Sat.-Sun. in San Diego attracted 76 radio faithful, plus about an equal number of record friends for Saturday evening cocktails. Moderators Gerry Peterson (KCBQ) and Mark Blinoff (KMPC) were especially effective in sparking lively discussions. These free wheeling, unstructured rap sessions ranged over a wide variety of radio's concerns. We talked about contests & promos, problems with sales and engineering, need for more creativity, styles of news reporting, "alternative" radio on AM, audience rating services, personality radio, programming LP's, new trends and so on. We chose tapes from outside the Los Angeles-San Diego area, with representation from KCKC-San Bernardino, KUGN-Eugene, KFRC-San Francisco (news) and a special tape from KVIL-Dallas in which a helicopter newsman flew alongside a plane coming in to land with its wheels still retracted. An eyewitness account of a near tragedy - no one seriously hurt. We also enjoyed a film from - and about - B100 radio, San Diego.

Next regional meeting: San Antonio, El Tropicano Hotel, April 23-24. Moderators Lee Randall, Bill Mayne, Ric Libby. Also, Bill Young has promised to be there. It'll have to go some to top our Austin meeting last year, but if it even comes close it will be well worthwhile. So get those registrations in early - \$25 for radio, including Saturday lunch & cocktails, \$10 for local and regional record folks for cocktails only.

Albums of the Week
(reviewed by Ron Fell)

"Come In From The Rain"-Captain & Tennille (A&M) It seems that the time required to produce their television show has cut into the time the duo would normally have spent working on this album. Although lacking some of the flair of their previous efforts, they can still put out a good album while others, with time on their hands, struggle in the quicksand of mediocrity. Some of the album's high points are COME IN FROM THE RAIN, LET MAMA KNOW, CIRCLES and EASY EVIL.

"Dowdy Ferry Road"-England Dan & John Ford Coley (Big Tree) They found a successful formula with the last album, and the material on Dowdy Ferry Road continues the theme. Having had two hits with Parker McGee compositions, they have wisely included his WHERE DO I GO FROM HERE on this album. DOWDY FERRY ROAD, IT'S SAD TO BELONG, SOLDIER IN THE RAIN and FALLING STARS should all rate good airplay. With all the long cuts on albums today, it's refreshing to review one which has eight of its nine cuts running less than 3:30.

Special Programming: "Alex Haley Tells The Story of His Search For Roots" (Warner Bros.) A number of stations are already making use of this fascinating material as a part of their public service programming.

Also recommended from the following LP's:

- "A Real Mother For Ya"-Johnny Guitar Watson (DJM) A REAL MOTHER.../NOTHING LEFT TO BE.../LOVER JONES
- "This Is The Way That I Feel"-Marie Osmond (Polydor) PLAY THE MUSIC LOUD/ALL HE DID WAS TELL ME LIES
- "They Said It Couldn't Be Done..."-The Dells (Mercury) RICH MAN, POOR MAN/GET ON DOWN
- "Natural Avenue"-John Lodge (London) NATURAL AVENUE/CARRY ME
- "In A Different Climate"-Mallard (Virgin Records) GREEN COYOTE/HARVEST
- "Home Is Where I Belong"-B.J. Thomas (Myrrh) WITHOUT A DOUBT/YOU WERE THERE.../DOWN ISN'T SO BAD
- "In Your Mind"-Bryan Ferry (Atlantic) HOW CAN I FIND SOME WAY TO TELL YOU/LOVE IS TOO MUCH TO TOUCH
- "Your Place Or Mine"-Gary Stewart (RCA) LEAH/RACHEL/I AIN'T LIVING LONG LIKE THIS
- "Gale Force"-Gale Force (Fantasy) WAITIN' FOR LOVE/TURN ON THE BLUE LIGHTS
- "Sunbear"-Sunbear (Soul Train) FANTASY/L.O.V.E.-LOVE
- "A Painting"-Neal Fox (RCA) BABE
- "NYCNYUSA"-Fatback Band (Polydor) LOVE STREET

Bill Gavin's Personal Picks

- - - I especially like:

YOU ARE ON MY MIND-Chicago (Columbia) Their faultless musicianship is enhanced by a variety of original sound concepts.

DOIN' EVERYTHING WITH YOU-Chuck Mangione (A&M) Relaxed Latin rhythm provides a comfortable backing for the Mangione trumpet.

CAPTURE YOUR HEART-Blue (Rocket) Group bounces merrily along with a danceable beat, a lightweight lyric, and enough repetition of the title to please even the youngest tenny bopper.

Gary Taylor's Personal Pick

ON THE BORDER-Al Stewart (Janus) What is there to say about a great piece of music other than that the song was highly visible as an album cut and hopefully it will be as well received as a single.

In Sacramento, the Easter Seals Telethon made good use of KCRA's radio personalities. Lee Kirk co-hosted the first 12 hours, with Dave Darin as MC for live cutaways outside the Sacramento Convention Center. Raised a record setting \$268,000. Also in Sac'to, KROY ran a walk-a-thon that brought in \$11,000; KRAK put on a CB Break at Sac State, and K108's "Mellow Beaver" lent a hand (or paw).

In Portsmouth, N.H., the Easter Seals telethon had a special number for WHEB radio, which pulled in \$7,000 to add to the grand total for the area.

A press release from KULF-Houston notes that the station's afternoon drive personality hosted the major portion of the Easter Seal Telethon, but failed to give us his name. Raised nearly \$200,000.

In Eugene, Oregon, KPNW's Ray Carnay and Lee Gordon engaged in a teeter-totter marathon, benefit of the Easter Seals campaign. Highest pledger received a fishing trip for two aboard Carnay's new 28 foot Rinell Cruiser.

In Topeka, KEWI listeners who respond to calls with the proper code word (changes hourly) receive prizes. Calls are made from lists of listeners who registered with various sponsors. Grand prize drawing - for a big stereo system - will be held April 17.

The sale of KOIN (AM/FM) to Gaylord Broadcasting was approved by the FCC on March 31. New call letters will be KYTE; new GM will be Tom Reddell, who comes from KOMA-Oklahoma City.

Music calls: to Dave Parr, WTVN-Columbus, anytime, 8:30AM to 5:30PM, except at lunch time, can take in person visits on Tuesdays....to Mark Laurence, 12ROCK, Bangor, Tues. & Wed. afternoons...to Rick Goulart, new music dir. at KVEC-San Luis Obispo, M-F, 1:30 to 2:30PM.

We learn with deep sadness of the death Wednesday of radio veteran Harvey Glascock. He was stricken with a heart attack while playing golf and never recovered consciousness. Harvey was responsible for the first big rating successes scored by Metromedia's WIP-Philadelphia and later WNEW-New York. He was one of the major speakers at the first Radio Program Conference, held in Chicago in 1966. He knew only one way to run a radio station: Go first class all the way. He was the owner of WMCF (FM) in Stuart, Florida. His funeral is scheduled for Friday, April 1, at 11AM. He was a gentelman and a credit to broadcasting. We will miss him.

The Little Old Lady giving away \$1 bills on the streets of Colorado Springs last week got lots of press coverage, but turned out to be part of a publicity stunt for KYSN. They're going to give away 1460 gallons of gasoline and 1460 bottles of Pepsi to the person who first guesses the correct number on one of those dollar bills.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay
(In Order)

Fleetwood Mac-----
 Jethro Tull
 Kinks
 Eagles
Pink Floyd-----
 Sea Level
 Atlanta Rhythm Section
 Bob Seger
 Marshall Tucker Band
 Peter Gabriel
 Nils Lofgren
 Jimmy Buffett

Notes: Fleetwood Mac, as well may be imagined, has established itself firmly at the top of the radio playlist. Regionally, the standard patterns apply. Jimmy Buffett and Sea Level are strongest in the South, while the Midwest remains Bob Seger's power base. Finally, Nils Lofgren is strong on both coasts, fair in the Midwest and desperate in the South.

New Progressive Airplay
(In Order)

The Band
Jesse Colin Young-----
 Bad Company
Jeff Beck-----
 Weather Report
 Emerson, Lake & Palmer
 Foreigner

Notes: These records divide themselves along the lines indicated. While the Bad Company LP appears to be less important, other information indicates otherwise. Several of its tracks, especially the title track, are getting extraordinary play. That is bound to propel this LP beyond the current leaders in the future.

Miscellaneous Information

Singles: The runaway favorite this week is the Graham Parker EP. It's getting airplay like an album. Also, Dave Mason and 10cc maintain strength.

Imports: Again, we have to report the same imports as we have for some time. 801 leads the way for the Hollies Live and the Streetwalkers' LP's.

Albums of the Week
(reviewed by Ron Fell)

"Sweet Forgiveness"-Bonnie Raitt (Warner Bros.) Songs of living, loving and leaving treated with the distinctive Raitt style. Running the gamut from Del Shannon's RUNAWAY (done in a blues beat) to Jackson Browne's MY OPENING FAREWELL, Ms. Raitt's selection of songs is as important to the album as are her peerless performances. LOUISE, TWO LIVES, SWEET FORGIVENESS and HOME are all worth the year and a half wait since her last album.

"The Way That I Feel"-Keith Sykes (Midsong) An album that impresses the first time around and then grows on you with repeated listens. A good voice, well written tunes and very commercial arrangements make this album a winner. JUST AS LONG AS YOU LOVE ME, THEY TAKE IT, SOUNDS LIKE A HIT, WHAT'S DIFFERENT ABOUT HER and a melancholy COAST OF MARSEILLES showcase an impressive artist.

"I Remember Patsy"-Loretta Lynn (MCA) This album is Loretta's tribute to her dear friend Patsy Cline, who died in a plane accident in 1963, and who, at the time of her death, was enjoying the same kind of success Loretta is having today. Working with the legendary Owen Bradley, Loretta has included memorable Patsy Cline tunes like CRAZY, SWEET DREAMS, I FALL TO PIECES, and Loretta's current hit, SHE'S GOT YOU. Despite the vintage nature of the tunes, the album's theme shows us how timeless the Patsy Cline style has become.

Also recommended from the following LP's:

- "White Shadows"-Tim Moore (Asylum) I GOT LOST TONIGHT/IN THE MIDDLE/LIGHT OF YOU
- "Snowbound Friend"-Hoyt Axton (MCA) YOU TAUGHT ME HOW TO CRY/PONCHO & LEFTY
- "One Night Stands"-Hank Williams, Jr. (W.B.) CALL ME/MOBILE BOOGIE
- "Let's Steal Away To The Hideaway"-Luther Ingram (Koko) LET'S STEAL.../I'M GONNA BE THE BEST...
- "Firefly"-Uriah Heep (W.B.) SYMPATHY/FIREFLY
- "Carole Bayer Sager"-Carole Bayer Sager (Elektra) DON'T WISH TOO HARD/YOU'RE MOVIN' OUT TODAY
- "I Caught Your Act"-The Hues Corp. (W.B.) TELEGRAM OF LOVE/WHAT YOU NEED IS LOVIN'/NATURAL FIND
- "Even In The Quietest Moments"-Supertramp (A&M) GIVE A LITTLE BIT/LOVER BOY
- "38 Special"-38 Special (A&M) LONG TIME GONE/GYPSY BELLE/JUST WANNA ROCK & ROLL
- "Now Do U Wanna Dance"-Graham Central Station (W.B.) NOW DO U.../LOVE & HAPPINESS/STOMPED, ...
- "Chuck Howard"-Chuck Howard (Cream) I DON'T WANT TO BE RIGHT/WILLIE'S SHADES

Bill Gavin's Personal Picks

- - - I especially like:

- LUCKENBACH, TEXAS-Waylon Jennings (RCA) Song's broad appeal should quickly generate public acceptance far beyond the boundaries of country music. When Willie Nelson joins in near the end, that's frosting on the cake.
- DREAMS-Fleetwood Mac (Warner Bros.) There has seldom been such programming consensus on a LP cut. And small wonder. Arrangement sounds ideal for the song's delicate texture.
- TUGBOAT ANNIE-Lori Jacobs (Neostat) Ordinarily I don't mention regional records that are not yet in national distribution. This entry, however, which comes out of Birmingham, Michigan, presents a singer with so much talent and lovely voice quality that it richly deserves a hearing by all programmers.

Gary Taylor's Personal Pick

MAINSTREET-Bob Seger (Capitol) After years of popularity in the Detroit area the artist is finally being accepted nationally. This second release, which was heavily played as an album cut, should certainly further that popularity.

Also Possible

MY WHEELS WON'T TURN-Bachman-Turner (Mercury) DREAM ON MELINDA-Robbin Thompson (Nemperor)
GIVE ME LOVE-Santana (Columbia) HOLLYWOOD-Rufus with Chaka Khan (ABC)
HELP! HELP! - The Keane Brothers (20th) I WANT TO MAKE YOU LOVE ME-Janis Ian (Columbia)

Texas Regional Radio Meeting

Schedule: Friday Evening - "A Night In Old San Antone" - a regular feature of the Fiesta. Not a part of our agenda, but worth coming in early enough to enjoy it.

Saturday - 8:30 AM. Registration. Complimentary coffee available
9:00 AM. Welcoming remarks- Ken Dowe, VP & Gen. Mgr. of KTSA.
First session. Moderator: Lee Randle, PD of KTSA.
12 noon. Lunch
2:00 PM. Second session. Moderator: Bill Mayne, PD of KNOW-Austin.
5:00 PM. Adjourn.
6:00 to 7:30. Cocktails and hors d'oeuvres.
Evening: Fiesta winds up with parade along the river.

Sunday - 9:30 AM. Complimentary coffee available.
10:00 AM. Third Session. Moderator: Ric Libby, PD of KENR-Houston.
1:00 PM. Adjourn.

It's a pleasure to announce that Wendell Mayes, Manager of KNOW-Austin, and Bill Young, PD of KILT-Houston have said they're planning to attend. As always, we urge all stations to send managers, engineers and sales people. Much of our discussion at last year's Austin meeting, as well as at all our other regional meetings, has dealt with interdepartmental relationships - co-operation vs. friction - in a radio station.

Registration checks should be made out to The Gavin Report and mailed to this office, together with the names and addresses of the persons registering. We'll send hotel room reservation cards, which are to be forwarded directly to the hotel. If you phone direct, tell 'em you're with us. Be sure to make hotel reservations now. It'll be Fiesta Week and all hotels will be full. Texas radio - traditionally the most exciting and innovative in the nation, gathers in San Antonio on April 23-24.

Coming up: Regional meeting in Philadelphia May 21 & 22.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Finding the Great Beyond

Real media people find great joy in station watching. It takes the ability to disassociate oneself from basic competitive pressures, but, once done, the eternal jockeying for market position can be a fascinating cerebral adventure. Something like watching an Americas' Cup yacht race.

Powered only by the wind, the racing pace can be almost leisurely. Unlike speedboat racing, there is time to contemplate the sea and race strategy as well.

The great radio race moves with the same kind of ebb and flow. It provides both the people in the struggle and those on its periphery time to contemplate the day to day tactical decisions as well as the strategic decisions that need to be made.

It is precisely those who are able to draw themselves back, away from the nit picking daily chores, who become industry leaders. They are the visionaries who see the patterns which lead the rest of us into the future. They are people like Gordon McLendon and Bill Drake, Tom Donahue and Alan Shaw/Lee Abrams who see past the present to the next stage. Each one of these people, when viewed from current perspective, created such a natural aspect of our business that it seems as if anyone could have done it. The fact is that anyone didn't do it, these people did it. And the lesson to be learned is that we all profit by stepping back from the grind to massage the cerebellum. The future is in there.

Albums of the Week
(reviewed by Ron Fell)

"Elegant Gypsy"-Al DiMeola (Columbia) Recently a member of the dynamic Return to Forever ensemble, DiMeola has decided to concentrate on solo material. Good move. His brilliant guitar playing covers a myriad of styles, from flamenco on MEDITERRANEAN SUNDANCE to a transonic RACE WITH DEVIL ON SPANISH HIGHWAY. The dexterity shown by DeMeola in the 37 minutes of music could well become a barometer by which tomorrow's guitarists are compared.

"This Time It's For Real"-Southside Johnny & the Asbury Jukes (Epic) Johnny and the Jukes got it all on this one. The hot brass on THIS TIME IT'S FOR REAL will rock your socks off. CHECK MR. POPEYE (with the Coasters), FIRST NIGHT (with the Five Satins), and LITTLE GIRL SO FINE (with the Drifters) return us now to those thrilling days of yesteryear. I AIN'T GOT THE FEVER NO MORE and LOVE ON THE WRONG SIDE OF TOWN offer more of the "chopped and channeled" sound created in reverence by these apostles of a nearly archaic vocal style.

"Celebrate Me Home"-Kenny Loggins (Columbia) Kenny launches his second solo career and gets the "Bob James Treatment" meaning electric keyboards, subtle strings, and some of James' favorite session people like Eric Gale, Richard Tee, Ralph MacDonald and Patti Austin. It may seem incongruous on paper; a folk rocker matched with these session heavies from the non-rock world, but it comes off. Compromising without selling out, Loggins proves he can do a quality album without Jim Messina sitting in. LADY LUCK, WHY DO PEOPLE LIE, ENTER MY DREAM, DADDY'S BACK and the old chestnut YOU DON'T KNOW ME lead the way.

Also recommended from the following LP's:

"Mandre"-Mandre (Motown) KEEP TRYIN'/MONEY/SOLAR FLIGHT
 "Dicky Betts & Great Southern"-Dickey Betts & etc. (Arista) OUT TO GET ME/RUN GYPSY RUN
 "The Coon Elder Band featuring Brenda Patterson" (Mercury) I AIN'T NO COWBOY/WHAT DOES IT TAKE
 "About Love"-Tom T. Hall (Mercury) GOODBYE COWGIRL/ONE OF THE MYSTERIES OF LIFE
 "How's Tricks"-Jack Bruce Band (RSO) JOHNNY B '77/BABY JANE/OUTSIDERS
 "Short Trip to Space"-Tropea (Marlin) CAN'T HIDE LOVE/SHORT TRIP TO SPACE/YOU CAN'T HAVE IT ALL
 "Bumps & Bruises"-Joe Tex (Epic) WE HELD ON
 "Hollywood Stars"-Hollywood Stars (Arista) I NEED YOU TONIGHT/SUNRISE ON SUNSET/MAKE IT TO THE PARTY

Bill Gavin's Personal Picks

- - - I especially like:

- CRYSTAL BALL-Styx (A&M) After a quiet, relaxed opening, the production suddenly starts cooking. Interesting arrangement.
- EMMANUEL- Michel Colombier (A&M) The oboe takes the major responsibility for the slow, moody melody, joined later on by an eerie counterpoint from the moog. This Colombier composition would make a great theme for a great movie.
- GOING IN WITH MY EYES OPEN-David Soul (Private Stock) Just to show that the previous hit single was no fluke, Tony Macaulay has written and produced another song that sounds just right for the singer's style.
- FLAME-Steve Sperry (Mercury) His mother rejects his new wife, in spite of her son's pleading. But she's still welcome to visit the couple any time she changes her mind. (Frankly, I think that the new wife should have been consulted about that invitation.)

Gary Taylor's Personal Picks

- YOU AND ME-Alice Cooper (W.B.) "What we are is what we are". If ever a lyric was written about life as it really is, this is that lyric. No frills, no false illusions, just a realistic view of a love between two people.
- I JUST WANT TO BE YOUR EVERYTHING-Andy Gibb (RSO) Out of the box adds more or less confirm that a song written or sung by one of the Gibb brothers attracts immediate attention from programmers.

Also Possible

- YOU'RE ALL THAT I NEED-Ace (Anchor)
- DREAM SONG-Iguana (U.A.)
- I LIKE YOUR STYLE-Tony Wilson (Bearsville)
- CAN'T FIND MY WAY HOME-Blind Faith (RSO)
- JET AIRLINER-Steve Miller Band (Capitol)
- RUNAWAY-Gallagher & Lyle (A&M)

Gavin's Gab

Glad to learn that there will be an appreciation dinner honoring my good friend Lucky Cordell. It'll be held Friday evening, April 29, at Chicago's Hyatt Regency Hotel. Among the guests will be Ron Alexenburg, Lebaron Taylor, Russ Regan, Granny White, Bunky Shepherd, Ernie Leaner, - and I'll be there too. For further info, phone Paul Gallis 312-827-6414.

From Eugene, Richard Harker tells us that the KBDF Walkathon for the March of Dimes was a tremendous success, with 3300 walkers bringing in close to \$100,000 in pledges.

In Denver, KLZ held a "Great Skate" benefit for the Easter Seals campaign, with over 300 ice skaters being joined by members of the Colorado Rockies NHL Hockey team and by several KLZ air personalities. Raised over \$3,600.

From KPRC-San Francisco, we learn that RKO Radio Productions has just completed a fourteen hour documentary about the Beatles. It can be run continuously or in successive one hour segments. Included are interviews with each Beatle and some never before released Beatle music. Produced by KRFC's Dave Sholin, written by Laurie Kaye, narrated by John Mack Flanagan. KPRC will broadcast the feature this spring and will then release it this summer for syndication.

Station KQXE in Phoenix recently editorialized on the air against the practice of some stations of increasing the speed at which they play their records. Called it "...grossly unfair to both the listener and the company that made the record."

At WLOF-Orlando there's an hourly caller contest they call the "Hot Box". Caller must answer three questions in 15 seconds. Each question gets harder as each prize gets bigger - ranging from T-shirts to a Bahamas vacation.

Kim Conrad, WXXX-Hattiesburg, Miss., wants it known that his station is cutting its playlist back from around 35 singles to only 25.

Mike Wrubel reports from KYMN-Northfield, Minn., that his station's radiothon for muscular dystrophy raised over \$1,600.

Sorry to learn that Boston radio veteran Bud (Dudley J.) Ballou suffered a massive stroke Tuesday (12th) and is now in critical condition in the intensive care unit of Leonard Morse Hospital. Bud was a well known personality on WMEX-Boston, having left there about six months ago to form his own advertising agency.

WHEB/FM-Portsmouth, N.H., has increased its power from 5,700 watts to 31,000 watts, with the very latest digital synthesizer transmitter.

We learned this week of three young men who might make welcome additions on some radio staffs. From KEX-Portland, Bob Swanson tells us of a "very talented, likeable and competent college intern" who has been working in the KEX newsroom and is now job hunting. His name is Bruce Pokarney - 503-636-6197.

Next comes Chris Moriarty, graduated with top honors from the Broadcast School being conducted by KEZY-Anaheim. He's highly recommended by our friend T.Michael Jordan, who airs his show 8 to midnight on KEZY.

Finally there's Kevin Gephart, currently at WIBU-Poynette, and looking around for wider opportunities. Phone: 608-742-6451.

Hot flash! As of May 30, the new morning man at KLIF-Dallas will be Charlie Van Dyke. Charlie's last day at KHJ-Los Angeles will be May 11. Then he'll take off on a vacation drive across the country, winding up with an exploration trip around Dallas, "to see if the city is still the way I remember it when I lived there before", he said. He expects to start at KLIF May 30th. He'll replace Charlie Brown who is moving back to Seattle.

Memo to Correspondents

Effective April 18, only those top 40 correspondents reports received between Monday morning and Wednesday at 3PM can be used in our research. Heretofore we have introduced the reports coming in after the 3PM Wednesday deadline into the following week's research. We find however that these late-in-the-week reports are based on the previous week's action and tend to retard the tempo of current record action. Those reports still arriving by Friday morning can still be listed in our Correspondents' Corner but will not be used in our research tabulations.

Deadline for A-C correspondents is Thursday noon. Any reports arriving after that time may be listed as "Late reports", provided that space is available.

Country correspondents are urged to get their reports to Janet before Thursday noon, if possible. However, she'll do her best to accomodate the late reports.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay
(In Order)

- Fleetwood Mac
- The Kinks
- Jethro Tull
- Emerson, Lake & Palmer
- Bad Company
- The Band
- Eagles
- Nils Lofgren
- Foreigner
- Peter Gabriel
- Pink Floyd
- Atlanta Rhythm Section
- Marshall Tucker Band
- Sea Level
- Jesse Colin Young

Notes: Our list is long this time because the third plateau slopes off in a gentle statistical curve. The only natural cut off point comes after Jesse Colin Young. This array of talent is a testament to the quality music which is around. Fleetwood Mac dominates even the number 2 positioned Kinks, but together they dominate the rest of the list. The only regional twist is that the Pousette-Dart Band is in the 4th airplay position in the Northeast while they are twentieth in the national list. That means their support beyond the home base is minimal.

New Progressive Airplay
(In Order)

- Les Dudek
- Supertramp
- Dickey Betts
- Walter Egan
- Steve Hunter

Notes: On the strength of one song "Old Judge Jones" Les Dudek powers his way onto progressive playlists. Supertramp has been building a reputation methodically for several LP's while Dickey Betts comes out of the Allman wreckage strongly. Walter Egan is a new name who does real well early. Finally, Steve Hunter is famous in progressive circles for a single, brilliant guitar solo on a live Lou Reed album. Bryan Ferry and Passport repeats in the South. Michael Stanley Band and Amazing Rhythm Aces start well in the Midwest and West respectively.

Singles & Imports

- (1) The top singles in order are the Dave Mason, Graham Parker, and the 10cc.
- (2) Our import list is still led by 801 with Klaus Schulze, Streetwalkers and the Hollies - "Live" following closely behind.

The following are the most significant new tracks to be added to progressive air in order of preference:

- | | |
|----------------------------------|------------------------------------|
| Les Dudek-OLD JUDGE JONES | Steve Hunter-8 MILES HIGH |
| Jesse Colin Young-WORKING | Jeff Beck/Jan Hammer-BLUE WIND |
| Jeff Beck/Jan Hammer-FREEWAY JAM | Emerson/Lake/Palmer-C'EST LA VIE |
| Emerson/Lake/Palmer-FANFARE... | Jesse Colin Young-HIGHER & HIGHER |
| Walter Egan-ONLY THE LUCKY | Jeff Beck/Jan Hammer-SHE'S A WOMAN |

Radio members present, besides President Dan McKinnon - KSON, were Walt Turner-WLL, Billy Parker-KVOO, Dale Eichor-KWMT, Ric Libby-KENR and Don Nelson-WIRE. Albums of the Week
(reviewed by Ron Fell)

"Time Loves A Hero"-Little Feat (W.B.) Slowly but surely, Little Feat's popularity has swollen over the years and we are now witness to their "coming out". Long a "critic's band", "Time Loves A Hero" is bound to introduce the boys to the masses. Pointing Little Feat in the right direction, Doobie Brothers producer Ted Templeman pilots a crew of really special musicians. TIMES LOVES A HERO, NEW DELHI FREIGHT TRAIN, HI ROLLER and a hot instrumental, DAY AT THE DOG RACES, should set the early pace.

"Get It"-Dave Edmunds (Swan Song) As a singer, songwriter, producer and engineer, Edmunds has done it all in the past decade. His multimillion seller in 1971, I HEAR YOU KNOCKING, has stood as his most notorious recording to date. This new album, a compilation of ideas inspired by the likes of Chuck Berry, Bob Seger, Graham Parker and The Everly Brothers conveys an idea of the "time warp" Edmunds has chosen to work in. GET OUT OF DENVER, BACK TO SCHOOL DAYS, WHERE OR WHEN, JUJU MAN, GIT IT, and LITTLE DARLIN' all sparkle. The technical excellence Edmunds achieves is no accident; he's a consummate talent on both sides of the glass.

"Let It Flow"-Dave Mason (Columbia) Side one is probably his best single side of music since his days with Traffic. The album's special qualities lie in the very pleasant vocal harmonies, accompanied by a strong acoustic feel to the instrumental arrangements. Lyric highpoints occur on WE JUST DISAGREE and MYSTIC TRAVELER while LET IT GO, LET IT FLOW, TAKE THE TIME TO FIND, SPEND YOUR LIFE WITH ME and his current single, SO HIGH prove conclusively that Mason is back in the saddle again.

Also recommended from the following LP's:

- "Helicon"-The Four Seasons (W.B.) LET'S GET IT RIGHT/HELICON/DOWN THE HILL/RHAPSODY
- "No Second Chance"-Charlie (Janus) JOHNNY HOLD BACK/NO SECOND CHANCE
- "Indian Summer"-Poco (ABC) INDIAN SUMMER/DOWNFALL/STAY/GO ON & DANCE
- "Love Storm"-Tavares (Capitol) KEEP IN TOUCH/I WANNA SEE YOU SOON/THE GOINGS UPS & THE COMINGS DOWN
- "Full House"-Frankie Miller (Chrysalis) BE GOOD TO YOURSELF/DOODLE SONG/THIS LOVE OF MINE
- "Off The Record"-Sweet (Capitol) FEVER OF LOVE/STAIRWAY TO THE STARS/LIVE FOR TODAY
- "Richard Tate"-Richard Tate (ABC) FILL MY LIFE/CRAZY BABY/LONG MOUNTAIN ROAD/WATCH WHAT YOU DO
- "Renee Geyer"-Renee Geyer (Polydor) HEADING IN THE RIGHT DIRECTION/STARES & WHISPERS
- "Kiki Dee"-Kiki Dee (Rocket/MCA) STANDING ROOM ONLY/CHICAGO/NIGHT HOURS

- "Loving Is Why"-Sons of Champlin (Ariola) SAVED BY THE GRACE.../TIME WILL BRING YOU LOVE

Bill Gavin's Personal Picks

- - - I especially like:

THE LONG & WINDING ROAD-Melba Moore (Buddah) One of the better songs from the pens of Paul McCartney and John Lennon is elegantly styled by Ms. Moore. As she becomes increasingly involved in the lyric, the intensity of her performance opens the way for use of her incredibly high vocal register, which comes through as genuine, rather than as a contrived gimmick. Van McCoy has arranged the instrumental/vocal setting with taste and skill. A top quality production.

Gary Taylor is not making any picks this week.

Also Possible

BACK TOGETHER AGAIN-Daryl Hall & John Oates (RCA) SITUATION-Hodges, James and Smith (London)
JESSICA-Rick Springfield (Chelsea) WHAT DOES IT TAKE-The Coon Elder Band with Brenda Patterson (Mercury)

Gavin's Gab

WMID-Atlantic City is modifying its top 40 format in a new - and possibly unique - way. Use of call letters is cut to a minimum, with emphasis now on "Lucky 13". (Ties in with the new gambling image for the city). LP cuts are greatly expanded in music rotation. Listener irritation factor has been reduced by removing "clutter" from the air.

Kevin Fennessy, morning man at WAMS-Wilmington, wants to locate an old friend and colleague when they worked together at WPEN. His name is Dean Mercier, last heard from at WRNL-Richmond. Anyone knowing Mr. Mercier's whereabouts contact Kevin at the station, P.O.Box 3677, Zip - 19807. Phone: 302-654-8881.

New mailing address: KELP-Radio, P.O. Box 12920, El Paso, Texas 79912.

Funeral services for Bud Ballou, whose illness we reported last week, were held in Boston over the weekend and in New York on Monday.

WWRL-New York presented its "RL 16 Music Award" to the Spinners, on the occasion of the group's final show at the Westbury Music Fair.

When KDWB-Mpls./St. Paul announced its \$1,000 a day "Race To The Phone" contest, the phone company threatened to discontinue phone service to the station. So they tried running it out of various phone booths. The phone people got an injunction, which comes up for a hearing May 5th. Meanwhile, the compromise in effect now offers ten \$100 prizes per day.

At KHJ-Los Angeles, the talented (and pretty) Shana moves up from the all night show to take over the 10PM to 2AM spot.

WIZ/FM (Z93)-LaCrosse, Wis., a 100kw facility, is looking for a "clever, polished morning personality who can also act as the FM operations director. Contact Robert Lewin 608-782-1870. EOE/MF.

We always knew that WLS-Chicago put out a powerful signal, and for further confirmation comes a letter from Brenham, Texas, applying for an entry blank for the 30 new car giveaway that the station is currently running.

At CKCK-Regina, Royal Watson ran a "name game" weekend. Programmed all the songs he could find that had girls' names in them. Gals with the same name phoned in to win a prize.

Music calls to Peter Dean, KWEB-Rochester, Wed. & Thurs. 10AM to 1PM, Fri. 11 to noon.

Bob Roberts is proud of the \$14,000 that his station raised with its Skate-A-Thon for the Easter Seals fund. Looks as if KXLF-Butte outdid the results of the KLZ Skate-A-Thon in Denver.

Regional Meetings

Correspondents are urged not to wait too long in getting us their registrations for the upcoming meetings listed below. The hotels can't hold our block of rooms up to the dates we convene; they have to release the rooms at least a week before our meeting. In San Antonio, for instance, several who waited until this week to make their hotel room reservations found the entire city booked up because of Fiesta Week.

Philadelphia	Hilton Hotel (10th & Packer)	May 21-22
Milwaukee	River Hilton	June 11-12
Denver	Mariott Hotel	June 25-26
Portland (Oregon)	Sheraton Hotel	September 10-11
Louisville	Galt House	October 1-2

The following applies to all the above meetings:

- Registration - radio only - \$25
- Three or more from one station - \$20 each
- Fee covers noon lunch and evening cocktails Saturday
- Sessions run 9 to noon and 2 to 5 on Saturday- 10 to 1 Sunday.
- Spouses for lunch or cocktails - \$10 for each event.
- Record folks for cocktails only Saturday evening - \$10 fee.

Correspondents are urged to call the meeting to the attention of management. While discussions naturally center around the program director, they involve all station personnel - sales, news, engineering, production. It's amazing how, at some stations, each department can be so isolated from the others - strange how little the program people know about the functions and problems of the sales department - and vice versa.

Send advance registration fees to The Gavin Report. We'll return hotel room reservation cards to be forwarded directly to the hotel. Some areas are about equally distant from two different meeting cities, so be sure to specify which one you intend to attend.

Next stop, Philadelphia, where our moderators will be Neil Rockoff (WHN Manager), Dean Tyler (WIP Program Director), and Ted Atkins (WTAE Manager). More details next week.

Gavin's Gab

Combined Communications has bought the radio properties belonging to Globe Communications (formerly Globetrotter), subject to FCC approval. The stations are WVON & WGCI-Chicago, WDEE-Detroit, WMGC & WDOK/FM-Cleveland.

In Portland, Oregon, KOIN's new owners, Gaylord Broadcasting, will shortly change the call letters to KYTE. Tom Reddell comes in from KOMA-Oklahoma City as station manager, while Mike Davis remains as operations manager. Job possibilities for "super air talent" says Mike.

In Los Angeles, KHJ PD Michael Spears announces that the replacement for Charlie Van Dyke will be Charlie Tuna, from KIIS. With Van Dyke headed for KLIF-Dallas, both Charlies return to the stations where they first gained fame.

KGU-Honolulu is running a promo called "The Land of UN". There's the UN bumper game, where any UNmarked bumper is a KGU bumper. Each listener is an UNofficial spotter and can phone the station at specified times. Jock spins an UNreal wheel with four positions: K, G, U, and 76. If listeners guess right they lose. If they're wrong they win a prize.

WHAS-Louisville is looking for a radio promotion person - "creative, well organized, with ability to generate ideas for contests and promotions, plus follow through". Also strong enough to handle a weekend airshift. Tape and resume to Jerry David Melloy, PD, WHAS-Radio, Box 1084, Louisville, Ky. 40201.

In Chattanooga, Merv Pilgrim tells us that WFLI plans a "Coon Huntin', Fox Chasin'" party for record promotion folks - a sort of "reverse payola" party. It starts Friday, May 6 at noon and will continue "until there are no survivors or Monday, whichever comes first". It'll be held at the Downtowner Motor Inn, with all the rooms around the pool being set aside for the function. For room reservations phone 615-266-7331.

WLCX-LaCrosse, Wis., will soon be celebrating a 30th birthday. They'd appreciate receiving promotional items, such as T-shirts, posters, records, etc.

Glad to hear that Steve York, of WAUG-Augusta, is feeling better after being hospitalized with a partially collapsed lung. He's getting out of Urban Medical Center in Marietta this Sunday (1st). He's grateful to the many record people whose calls brightened his stay - and also was cheered by Alice Cooper.

Marguerite & Gregg Albert (WDUZ-Green Bay) are the proud parents of 8lb. 6 oz. Timothy Gregory, born April 14.

Seems to be a trend toward doubling up on morning drive time with two man - or man & woman - teams. PD's interested in finding such a successful team should know about Dick and Ellen Stark, who do the morning thing at WOHN-Herndon, Va. They're husband and wife and would welcome an opportunity in a bigger station. Address: 1619 Becontree Lane, Reston, Va. 22090.

KTRF-Thief River Falls, Minn., is expanding its country music programming - would appreciate service of country singles and LP's.

Jim Ridings, News Director of WRJZ-Knoxville won the Outstanding Achievement Award from the Society of Professional Journalists. Jim's "Countdown '76", a year-end news summary was voted by the East Tennessee Chapter of Sigma Delta Chi to be the best entry.

KYA-San Francisco has reinstated its music line. For info on charts and adds, phone 415-397-7514.

Chris Martin, recently promoted to music director at KSDN-Aberdeen, Wn., can take music calls Mon. & Wed. after 3PM.

Music calls to Pat Martin, WSPT-Stevens Point, Wis., Tu., Wed., Th., 3 to 5PM.

The old Mark Twain dictum that nobody does anything about the weather is being challenged by KMPC-Los Angeles. For 24 hours beginning Monday noon, May 2, the station will combat the Great California Drought by presenting a "Waterthon" - asking listeners to phone in and pledge how much water they're going to save during the next 100 days. Record and movie stars will take incoming calls on 25 trunk lines. They'll be joined by Mayor Tom Bradley and other community leaders, and will even have Governor Brown on the phone. Maybe - they hope - even President Carter. Sonny Melendrez, who created the whole idea and is directing it as "anchor man", wrote new lyrics to Paul Simon's "50 Ways To Leave Your Lover", and it goes: "50 Ways To Save Your Water" (Turn off the hose, Mose,...Stop that leak, Zeke!) It has been recorded by Alan O'Day and will be the Waterthon Theme Song. The goal is a total pledge of 100,000,000 gallons to be saved. Sonny says they're going to phone some folks in San Francisco and Marin County, where the drought is hurting the most.

If the Waterthon is as successful as they hope, steps will be taken to do a special statewide special network broadcast. Interested stations should contact Sonny Melendrez at KMPC- 213-469-5341.

Albums of the Week
(reviewed by Ron Fell)

"Deceptive Bends"-10cc (Mercury) Despite the departure of half the group, the two remaining members Graham Gouldman and Eric Stewart, give a performance of full measure. They still create harmonies layered like Zsa Zsa Gabor's wedding cakes. Their electronically enhanced vocals still have the sparkle, and lyrically PEOPLE IN LOVE and MODERN MAN BLUES are as good as anything in their four previous albums. HONEYMOON WITH B TROOP, GOOD MORNING JUDGE, MARRIAGE BUREAU RENDEZ-VOUS and the three part FEEL THE BENEFIT will perpetuate the good name of 10cc.

"Ol' Waylon"-Waylon Jennings (RCA) Waylon makes a quick recovery from his infamous "Waylon Live" album. Cruising through his current hit LUCKENBACK, TEXAS, Waylon accelerates right through the floorboards on THIS IS GETTING FUNNY and a MEDLEY OF ELVIS HITS (THAT'S ALL RIGHT & MY BABY LEFT ME) and visits LUCILLE and SWEET CAROLINE along the way. The eleven cuts will likely make "Ol' Waylon" one of the most heavily played albums of the year at the country level and re-establish the "Outlaws' Outlaw" with better progressive music stations.

"Midnight Light"-LeBlanc & Carr (Big Tree) Two of the big reasons so much good music comes out of Muscle Shoals, Alabama, are Lenny LeBlanc and Pete Carr. Their notoriety has come as instrumentalists, but their vocals on this album are surprisingly good. JOHNNY TOO BAD and SOMETHING ABOUT YOU lead off each side and prove their point. HOW DOES IT FEEL and STRONGER LOVE are other good cuts. FALLING on its own is also worth noting, but why is it these mellow acoustic harmony cuts appear on nearly every Big Tree album regardless of the artists involved?

Also recommended from the following LP's:

"Out of the Darkness"-Billy Vera (Midson) PRIVATE CLOWN/SOMETHING LIKE NOTHING../BIG LEGGED MAMA
 "Big Daddy's Place"-Wayne Henderson (ABC) KEEP ON KEEPIN' ON/REGGAE DISCO/FOOT STOMPIN' MUSIC
 "The Book of Invasions"-Horslips (DJM) TROUBLE/WARM SWEET BREATH OF LOVE
 "Reflections in Blue"-Bobby Blue Bland (ABC) SOUL OF A MAN/...ON A POOR MAN'S THRONE/IT'S ALL OVER
 "Captain's Fingers"-Lee Ritenour (Epic) CAPTAIN FINGERS/ISN'T SHE LOVELY
 "Stolen Time"-Lucy Simon (RCA) IF YOU EVER BELIEVED/I'VE BEEN THERE BEFORE
 "Powerhouse"-American Tears (Col.) SLOW TRAIN/CAN'T KEEP FROM CRYIN'/LAST CHANCE FOR LOVE
 "Magic"-T Connection (Dash) DO WHAT YOU WANNA DO/GOT TO SEE MY LADY

Bill Gavin's Personal Picks

- - - I especially like:

- KNOWING ME, KNOWING YOU-Abba (Atlantic) Has been well received from album play. Superb instrumental track supports another solid group performance.
- PEACE OF MIND-Boston (Epic) It's a little louder than I normally prefer, but the group's brilliant ensemble singing is a pleasure to hear at any level.
- LOOKS LIKE WE MADE IT-Barry Manilow (Arista) Another sparkling excerpt from the album. Harmony progressions of major and minor sevenths provide a feeling of tension and suspense, which happily matches the mood of the lyrics.
- PICKING UP THE PIECES OF MY LIFF-Mac Davis (Columbia) The song is such a personal excerpt from his own experience that the sincerity of the performance is unmistakable.
- IT WAS ALMOST LIKE A SONG-Ronnie Milsap (RCA) A gorgeous song, which Ronnie sings with understanding and skill. He is, of course, a top country music star, but the only thing detectably country about this side is the singer's name.

Gary Taylor's Personal Pick

DON'T TURN THE LIGHT OUT-Cliff Richard (Rocket) If sound alone were the criterion for a hit this would be a #1 record.

Also Possible

- | | |
|--|---|
| OLD JUDGE JONES-Les Dudek (Columbia) | SAVE ME-Merrilee Rush (United Artists) |
| ENJOY AND GET IT ON-ZZ Top (London) | WATER SIGN-Gary Wright (Warner Bros.) |
| COUNTRY GIRL-Justin Hayward (Deram) | IF YOU THINK YOU KNOW HOW TO LOVE ME-Smokie (RSO) |
| NOW THAT I'VE GOT YOU-Hamilton, Joe Frank & Dennison (Playboy) | IT'S SAD TO BELONG-England Dan & John Ford Coley (Big Tree) |

Inside Progressive Radio
(by George Meier, Editor of Walrus)

If You Can't Take The Heat Find A New Kitchen

We all know that nothing in mass media lasts forever. That even entrenched stations get knocked off eventually. But, the forces which converge to eventuate their loss of grip can work in many ways. As individual as each market seems to be, so are the problems which change fortunes.

Some progressive radio giants have recently fallen on bad times as a products of the pressures of competition. Notable are battles in Boston, Philadelphia, and the growing storm in San Francisco.

In each case the established station was and is faced with competition from a more conservative format, a tight playlist and stronger controls on air people. But, each situation is different. In one case, the station is faced with a head on fight for its media status as well as a contest with the more pop formula. By splitting the core progressive audience, even by capturing only a small share of that audience, the former giant can be forced under and the conservative format floats effortlessly to the top.

In other situations we might see two conservative formats in a contest which permits the older station to survive just a little longer.

While the big battle for a marketplace's number one position is grand it is the small interformat battles for a demographic position which keep the juices churning for progressive radio watchers these days.

Regional Meetings

Last Saturday and Sunday 68 radio people gathered in San Antonio to talk about their favorite subject. As always, when Texas broadcasters get together, the discussions were animated and filled with good ideas. Many Texas cities were represented: El Paso, Ft. Worth, Dallas, Galveston, Houston, Victoria, Weslaco, Odessa, Midland, Austin, San Antonio, Bryan, San Angelo, Nacogdoches, Temple, Tyler, Lubbock, San Antonio, Waco, Corpus Christi, as well as a delegation from Lake Charles, La. Sorry to say there was nobody from Luckenbach. Guess they were all waitin' for Waylon.

Now is the time to get those registrations in for our Philadelphia meeting, May 21-22. In answer to questions, there are no registration forms to fill out. Just send your \$25 fee to The Gavin Report in San Francisco and, if you need hotel accommodations, we'll send you a room reservation card, which you can forward directly to the Philadelphia Hilton at 10th & Packer Streets. Broadcasters in the Central States area should mark their calendars to set aside June 11 & 12 for our regional meeting in Milwaukee. Then, for the Rocky Mountain area, we'll get together in Denver June 25 & 26.
