Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay
(In Order)

- Steve Miller Band
- Little Feat
- Heart
- Cat Stevens
- Dan Fogelberg
- Fleetwood Mac
- Bonnie Raitt
- 10cc
- Gregg Allman
- Supertramp
- Foreigner
- Dave Mason

Notes: As always, the plateau indicates significant clusters of airplay relative to other clusters. This listing shows that the process we spoke of last time has followed through. The guard has changed. Once dominant airplay LP's by Eagles, Fleetwood Mac, and Bonnie Raitt are now fading. They have been supplanted by the new guard LP's. Points of regional interest are:

- 1) 10cc gets much more play in the NE than anywhere else
- 2) Heart is very strong in the Midwest and West while they are moderately strong in the other areas.
- 3) Dan Fogelberg is markedly stronger in the South (his home base) and the West than in the NE and Midwest.

New Progressive Airplay
(In Order)

- Peter Frampton
- Neil Young
- Little River Band
- Joan Baez
- J. Geils Band
- Ted Nugent
- Leon & Mary Russell

Notes: As expected, initial airplay on Peter Frampton's LP is heavy. Neil Young also did well off a strong return album. Of course, the real news is the fine reception given to Little River Band. The single regional quirk is the strength of American Flyer in the South.

Singles & Imports

Singles: The Crosby, Stills & Nash single hit a 10 on the progressive Richter Scale. Doing well, but showing no signs of destruction was James Taylor's single. It will probably fade with the release of his new LP.

Imports: A quiet import scene has the Beatles' Hamburg LP by far the strongest. While a Genesis EP, the 801 and a Nektar album cluster in the background.

The following new tracks are finding favor. In order of preference they are:

1. Dan Fogelberg-PROMISES MADE
2. Little River Band-HELP IS ON IT'S WAY
3. American Flyer-FLYER
4. Dan Fogelberg-LOVE GONE BY
5. Dan Fogelberg-NETHERLANDS
6. Dan Fogelberg-ONCE UPON A TIME
7. Ted Nugent-CAT SCRATCH FEVER
8. American Flyer-SPIRIT OF A WOMAN
9. Crusaders-FREE AS THE WIND
10. Dan Fogelberg-LESSONS LEARNED
11. Dan Fogelberg-LOOSE ENDS
12. Ted Nugent-OUT OF CONTROL
13. Little River Band-DAYS ON THE ROAD
14. Crusaders-FEEL IT
15. Crusaders-NITECRAWLER

A resurvey of Walrus stations indicates that some changes in emphasis have taken place among established LP's:

- | | |
|--|---|
| Atlanta Rhythm Section-NEON NIGHTS/SO INTO YOU/HITCHIKERS HERO | Bad Company-LEAVING YOU/MORNING SUN |
| Fleetwood Mac-DREAMS/THE CHAIN/YOU MAKE LOVIN' FUN | Eagles-...FAST LANE/HOTEL CALIFORNIA/LAST RESORT |
| Kinks-JUKE BOX MUSIC/SLEEPWALKER | Foreigner-FEELS LIKE THE FIRST.../COLD AS ICE/STARRIDER |
| | Bob Seger-SUNBURST/NIGHT MOVES/R&R NEVER FORGETS |

Following is a verbatim quote from Jerry K. Green: "Sammy Allred was late to Luckenbach... Tourists keep stealing the road signs. He had planned to do his show there Wednesday, but Luckenbach is closed on Wednesdays, so he did it Tuesday. The only phone there is a party line, which we couldn't tie up for several hours for a full remote broadcast, so he had to call in whenever he could get the line. Several hundred people came, and stayed, with impromptu concerts by me and other area singers and writers. Waylon and Willie didn't come, but Willie's daughter, Lana, came...And it's true...out in Luckenbach, Texas, ain't nobody feelin' no pain."

Up in Gresham, Oregon, Claude Gray played a two night stand at Tony's Restaurant and Lounge, and all the folks there kept calling for "Vin Rose". Ric Elgin had him over at KRDR for an interview, reports Claude is a super guy.

Merle Haggard and Barbara Mandrell will present two shows at the West Palm Beach Auditorium on July 8, benefit for the Antioch Baptist Church Youth Training Center. Barry Grant, of "Country K" (WIRK/FM) will MC.

Bob Young has been so busy getting things reorganized after the fire at WMC-Memphis that he hasn't had time to write "thank you" notes to the many radio and record people for their help and their expressions of concern. So he asked us to mention it and to say that he'll get around to that letter writing as soon as he can.

WDAF is planning a picnic in Kansas City (Kansas), July 3, and around 10,000 people are expected. Station will broadcast live from the festivities. Next day they'll cover the Willie Nelson Picnic in Tulsa, but not broadcasting it.

Speaking of WHN, station went combo last Friday. Jocks are now running their own boards, something some of 'em haven't done for many years.

Albums of the Week
(reviewed by Ron Fell)

- "Time Race"-Pagliaro (Columbia of Canada) Kent Zimmerman, our resident Maple Leaf Musicologist, acquired this recent Canadian release and made it available to us for review. Certainly the best rock album this week, and for Pagliaro (a veteran Canadian recording artist) this is his most accessible album in terms of airplay. When and if you can get a copy I recommend LAST NIGHT, TIME RACE, TIED ON, FALL IN LOVE and a faithful recitation of Otis Redding and Steve Cropper's DOCK OF THE BAY.
- "Peter McCann"-Peter McCann (20th) The man who asks the musical question, DO YOU WANNA MAKE LOVE and who also wrote Jennifer Warnes' biggiee, RIGHT TIME OF THE NIGHT, doesn't have a one track mind after all. Just because his two most memorable compositions deal with the most personal of relationships doesn't mean he can't write of life in its more platonic state. SUICIDE AND VINE, EVERYBODY'S GOT TO HOLD ON TO SOMETHING, and SAVE ME YOUR LOVE, coupled with his aforementioned hits, showcase a fine composer of words and music.

Also recommended from the following LP's:

- "We Must Believe in Magic"-Crystal Gayle (U.A.) GOING DOWN SLOW/BELIEVE IN MAGIC/DON'T IT MAKE MY BROWN EYES BLUE
- "Bobby Borchers"-Bobby Borchers (Playboy) THEY DON'T MAKE 'EM LIKE THEY USED TO/WHISPERS
- "Singin'"-Melissa Manchester (Arista) SAD EYES/A LOVE OF YOUR OWN
- "Steve Winwood"-Steve Winwood (Island) VACANT CHAIR/TIME IS RUNNING OUT
- "More Stuff"-Stuff (Warner Bros.) SUBWAY/AS
- "Sylvester"-Sylvester (Fantasy) OVER & OVER/NEVER TOO LATE
- "Nothin' But The Blues"-Johnny Winter (Blue Sky) TIRED OF TRYIN'/WALKING THROUGH THE PARK
- "The Rambler"-Johnny Cash (Columbia) AFTER THE BALL/NO EARTHLY GOOD/MY COWBOY'S LAST RIDE
- "Would You Dance To My Music"-Eddie Drennon (Casablanca) IF YOU REALLY DON'T LOVE ME/SOMEDAY SOMEWAY

Bill Gavin's Personal Picks

- - - I especially like:

- ARIANNE-Johnny Mathis (Columbia) A number of radio people have been so turned on by this beautiful ballad in an older album that it is now made available as a single. As a love lyric, it ranks with the finest poetry ever set to music.
- I CAN'T GET YOU OUTA MY MIND-Yvonne Elliman (RSO) Top notch production and arrangement make this side two minutes and thirty-five seconds of pleasant listening. However, the song concludes with an additional thirty seconds of interminable repetition, which strike me as not pleasant and not necessary.

Gary Taylor's Personal Picks

- NOBODY DOES IT BETTER-Carly Simon (Elektra) Lush strings complement the polished rhythm and brass work that surround a fine vocal with the perfect temperament and mood. Lyrics, courtesy of Carole Bayer Sager.
- LOVE'S BEEN KNOWN-The Big Wha-Koo (ABC) The misleading name of the group makes the quality of this release even more surprising.

Also Possible

- INDIAN SUMMER-Poco (ABC)
- ON THE RUN-Lake (Columbia)
- THE SOUND OF SUMMER-Starbreaker (Chrysalis)
- THE "STAR WARS STARS"-The Force (Lifesong)
- CLOSEST THING TO MY MIND-Jim Peterik (Epic)
- THE GREATEST LOVE OF ALL-George Benson (Arista)
- NOELLE'S THEME-Other Side of Midnight (20th)
- OOH MY CITY-Bobby Scott (Columbia)
- TOGETHER AND FREE-Climax Blues Band (Sire)
- THANK YOU BABY-Pakalameredith (Elektra)
- TOO HOT TO HANDLE-UFO (Chrysalis)

Gavin's Gab

One of our friends tells us of a musical selection she heard in a syndicated program. She called it "the most beautiful music I ever heard". It's called "Paris Is Burning" and it's played by the Paul Mariat Orchestra. Can anyone help us locate it?

John Sebastian and his crew at KDWB are very pleased with their audience shares in the Spring Arbitron. John thinks that his 9.4% share might be the highest share anywhere for a major market rocker.

Jack Phillips sends us a few pages from the Modesto spring Arbitron, showing that KFIV has taken the lead with the 18+ audience in their metro survey area.

Lots of excitement in Salinas, Calif. last Monday. A man stood on the roof of the seven story Monterey Savings and Loan building, threatening to jump. Firemen were on hand with their nets, police were trying to unscramble the traffic. Finally Johnny Morgan, PD of KDON went up and talked the guy down to the ground. When last seen he was walking away in the company of two large policemen.

New PD at WIFC-Wausau is Tom Kaye. He replaces Jim Owens, who was terminated abruptly this week. Jim can be reached at 715-842-9310. Sebastian Stone is still music director.

KMKF-Manhattan, Kansas, is giving away weekly mini-vacations. They're weekends in Kansas City, only 120 miles away. It includes tickets to a Royals baseball game, with lodging at a nice hotel. Thousands of entries so far - people signing up at one of the sponsor's stores.

WNCI-Columbus announces their "Great American Birthday Party" Part II for July 4. They'll have spotters in various city parks looking for folks displaying the NCI call letters. Said folks will receive all kinds of goodies as prizes. Was a big success last year.

KRZI-Waco is running a KRAZI tummy tanning contest. Object is to block out the station call letters on the tummy and then get a tan while the covered areas remain white, thus spelling out the call letters. (Anybody wanna be a judge?)

Bill Early has decided not to leave radio after all. In a couple of weeks he'll be moving from WMYR-Ft. Myers to take over as PD at WWKE-Ocala.

Music calls to: Jim Dunagan, KAST-Astoria, Wed. 2 to 6PM.

: Gary Cormier, WRUM-Rumford, Me., Mon., Tues., Thurs., 9AM to noon.

: Tom Nast, WBBF-Rochester, N.Y., Tues. & Fri., 3 to 5PM.

: Kip Wilson, KWEB-Rochester, Minn., Wed. & Thurs., 1 to 4PM, Fri. 3 to 4.

: Christie Lucas, KGGO-Des Moines, Mondays, 10AM to 2PM.

Regional Meetings

We've received a great deal of enthusiastic comment from those who attended the Denver meeting last weekend. Gary Taylor and Ron Fell report excellent jobs of moderating turned in by Alan Haig, Hal Moore and Hal Widsten. Also, Ken Palmer contributed some great background on Denver radio plus some shrewd observations about present trends.

Unfortunately, I wasn't able to attend. Last minute developments kept me at home. I'm sorry to have missed it. I understand that the sessions produced some extended discussions of the whole area of radio research, and that the Sunday session was so spirited that when the clock said time to stop, nobody wanted to leave.

Next meetings: Portland, Oregon, September 10 & 11.
Louisville, Kentucky, October 1 & 2.

Be sure to mark your calendars.

Note from Bill: Sorry to report that Janet will be away from the office for a while. The doctor thought that she had been working too hard and prescribed an extended rest. She didn't like the idea very much, but we decided that the doctor knows best. She sends her kindest regards to all her friends out there and hopes that her correspondents will be patient and understanding with her substitute's efforts to fill in during her absence. Cards or letters to her can be addressed to the office, and I'll see that she gets them.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Lots of new music to ramble about this week. Of the eighty plus LP's auditioned, several call attention to themselves.

The name, Frampton, is on everyone's lips this week, with good reason. He had to follow a historic "Live" album and he manages to do it with a really steady, musical first side. The album's second side gets a little lumpy and uneven. That sets the pattern for several other top performers.

For Neil Young it is also a strong side one which carries his new album. It may be the best single side of music he has done in several years. With James Taylor it is a warm, melodious second side which brightens the day.

A somewhat different kind of Joan Baez emerges in her more strident delivery. The hootenanny is over, folks. And what she does to Time Magazine...

Some rock and roll specials are handed out by the marvelous singing team of Mary & Leon Russell. They've been to New Orleans. Likewise, Geils or J.Geils Band or whoever, turns out a hot rockin' mixture which is obviously steeped deeply in musical roots. Their influences are more the urban blues of the North.

Notable, too, on the rock and roll front, is a New Wave act called the Modern Lovers. Fronted by a rock and roll Walter Mitty named Jonathan Richman they are among a growing number of artists who are potentially the next generation of rock music. They get bad mouthed with the very put-downs which were used years ago against Elvis Presley and later against the Rolling Stones. These New Wave Groups might be the next threat to the established order, and the kids will love them.

For art's sake we must mention two further albums. Another two record set of Keith Jarrett's solo piano improvisations presents music from inside a man's soul. Possibly as inspiring is a two record set presented by jazzman Paul Horn. He has recorded his unearthly flute from inside the great Pyramid. Horn's most memorable work was his musical reaction as recorded inside the Taj Mahal.

KSJB-Jamestown, N.D., still needs the new George & Tammy single.

Hal Knight flashes from WPOR-Portland, Me., that "WPOR/FM has split. We are the new up-country sound on 15 AM." They need crossover albums from all labels: Eagles, Buffett, etc. Address: 562 Congress St., Zip 04101.

KMO-Tacoma "will gladly accept any and all oldies series releases" from all sources.

KTIB-Thibodaux pleased over improved CBS service. Still needs Jimmy Buffett single and album, also Engelbert single. They'd appreciate better service from Arista and UA. Ron Tatar reports from Miami that Bob Cole, all night man at WIOD (formerly at WWOK) will be moving to a similar time slot at KIKK/FM-Houston.

New lineup at WWKQ-Battle Creek: Bob Sherman, Mark Sheppard, Scott Allen, Julie Starr (who doubles in the traffic department).

Curt Quesnell the new PD at KKAAB-Aberdeen, S.D. He comes from WQPM-Princeton, Minn.

Christopher Stoney writes from KCMX-Ashland, Ore., "I could use some good inexpensive ideas on research."

Jerry Green writes from KVET-Austin: "Saw myself in the movie 'Outlaw Blues' last night, playing myself in a scene shot in the KVET control room, interviewing Peter Fonda and Susan St. James. Even got screen credits." Jerry says it was a world premier presentation - hopes all the out-of-town guests enjoyed Austin.

In 1976, the Georgia Association of Broadcasters awarded the "Promotion of the Year" prize to WLBB in Carrollton.(West Georgia) for the WLBB "Farmer's Market". This promo allows any non-commercial produce grower to set up tents or trucks to display - and sell - "farm fresh" produce. Located on the front lawn of the station studios, the event developed a carnival type atmosphere, "with many people stopping to shop or just to socialize." Ray Hammons writes: "Creates an unbelievable amount of goodwill and brings the staff a little closer to its audience."

Incidentally, Ray Hammons reports that CRAZY WORLD-Mac McAnnally (Ariola) is pulling #6 phones for WLBB.

Jim Brady tells us that the staff at WHK-Cleveland is delighted with the new Arbitron book, which, he says, shows WHK to be #1 in Cleveland, both in 18+ and 12+ demos.

As part of their participation in the local rodeo, KEED-Eugene, Ore., ran a "Hot Legs" contest, in which the Rodeo cowboys pulled up their jeans and displayed their hairy legs. During the Rodeo week visiting performers will be Don Gibson (Thurs.), Dickey Lee (Fri.) and Bobby G. Rice (Sat.).

From KWMT-Ft. Dodge, Dale Eichor reports that they're running a drawing to give away four reserved seat tickets to the Waylon Jennings/Jessi Colter concert, to be held July 16 at the Iowa State U. Coliseum in Ames.

A man from Rockford, Ill., with the improbable name of Steve Dingus, was able to open the WFMS plexiglass safe during the July 4 parade in Indianapolis. Dan Halyburton reports that the J.C.'s fireworks display from the roof of the Indiana National Bank was spectacular.

Don Rhea took his family on a camper vacation through Mississippi and Louisiana - enjoyed visiting several old mansions in Natchez. They were disappointed at the deterioration of Bourbon St. in New Orleans. So now he's back to his morning show and the music at KCKN-Kansas City.

Ted Cramer reports that WDAF will be presenting Jimmy Buffett at the Memorial Hall in Kansas City, Kansas, on July 23-24. They'll also be fronting the CBS/Worlds of Fun affair, with Johnny Paycheck, Johnny Duncan, Sonny James and Moe Bandy appearing on their live broadcast of the event.

Something new in Las Vegas: No, nobody broke the bank at Caesar's Palace, but at KRAM the program director was promoted to station manager. That's Bob Jackson, who had formerly worked with KLAC-Los Angeles and KNEW-Oakland. Mike Farrell will move into the PD spot - still handling music.

Don Tiegiser reports from WNAT-Natchez that the listener complaints about the Meri Wilson record have been heavy enough to compel dropping the record. Pat O'Neill reports the same situation at KOLM-Rochester, Minn.

WHN-New York is making plans for a live broadcast from Central Park of the upcoming concert by Tammy Wynette.

In Orlando, WHOO's prize giveaway of a Pontiac '77 Sunbird has drawn 26,100 entries.

Bob Shannon, at KYKR-Pt. Arthur, says he'd like to have a phone call from somebody at Dot Records. Valerie Parton, KPRB-Redmond, Ore., writes, "Hi to Wild Bill at KRKT - and thanks for the good wishes."

KGAY-Salem, Ore., celebrated the Fourth by "giving away the country" 35 Conway-Loretta LP's and 15 by Donna Fargo. Jeff Williams sez, "thanks to Gerry and Irene" for the help.

Larry James, of WBT-Charlotte, takes us to task for having given the new Bobby Bare single an "Also Possible" rating. He calls the record "vulgar trash". Well - everyone to his own opinion. Mark Grady is the new PD of WOHS/FM-Shelby - also handling music.

Album of the Week
(reviewed by Ron Fell)

"It's A Game"-Bay City Rollers (Arista) They are about as "packaged" an act as we have today, but despite all the publicity hype and their adolescent fan frenzy they have a surprisingly strong adult appeal. Their fairly consistent chart appeal since 1974 is a credit not only to the lads but also to their manager, Tam Paton. This latest, although not teeming with hit singles, is yet another collection of cuts designed to nurture further the Rollers' amazing relationship with their disciples.

Also recommended from the following LP's:

 "Open Up Your Love"-The Whispers (Soul Train) MAKE IT WITH YOU/I FELL IN LOVE LAST NIGHT

Bill Gavin's Personal Picks

- - - I especially like:

FOR A WHILE-Mary MacGregor (Ariola America) Can't find a word to describe her vocal quality and singing style, but she has an appealing charm. (Too bad the producer didn't see fit to provide a more stylish backing.)
NIGHTTIME LOVE-Deardorff & Joseph (Arista) Imaginative arrangement dresses up a smooth performance.

Gary Taylor's Personal Pick

HELP IS ON ITS WAY-Little River Band (Harvest) The day could come when this group reaches a level of popularity worthy of their talents. This release might bring them closer.

Also Possible

SHE'S GOT THE TIME TO LOVE ME-Richard Tate (ABC) LITTLE DARLING (I NEED YOU)-Doobie Bros. (W.B.)
GOOD MORNING JUDGE-10cc (Mercury) SAILIN'-Kim Carnes (A&M)
ANOTHER NIGHT TIME FLIGHT-Blue (Rocket) GET UP AND GO-Pilot (Arista)
IT'S ONLY LOVE THAT GETS US THROUGH-David Stollak (Laurie)

Gavin's Gab

Jim Nettleton calls attention to the three book audience rating gains for WUSL (US1)-Philadelphia. They kicked off a new format last November - "a broad spectrum MOR, with a personality approach that doesn't irritate or dominate, but contributes".

Ted Atkins is proud of the audience growth chalked up by his FM operation WXXK (96X). He calls it "the new champion of Top 40 in Pittsburgh". Ted gives major credit to PD Bobby Christian and his staff.

KLWN-Lawrence, Kansas, is the first to report using a "Star Wars" promotion. They brought out a 700 seat theater for the film premier - had a hot air balloon in the air several nights, with remote pickups from staffers in the balloon - gave away miniature flying saucers. Helped take people's minds off the oppressive heat wave.

We were saddened to hear about the death of Bill Cheney of WKYX-Paducah, Ky. He died in a Louisville hospital of an internal disorder. He was only 29.

Jay Clark will move from WPRO-Providence to WTIC-Hartford as operations manager. Effective July 25.

WCLL (94FM)-Chillicothe, Ill., is using "Star Wars" as the name of its series of "battles" between various recording stars.

J.R. Greeley writes from KEWI-Topeka that they're looking for an experienced 1st phone jock to work nights and learn engineering. No calls. Tape and resume to him at KEWI, Box 4407, Topeka, Kansas, 66604. EOF.

Michael O'Shea is happy about the audience gains shown for WFTL-Ft. Lauderdale, where the station moved up from a 6.1 share last fall to an 8.4 this spring.

Music calls to Steve Sesterhenn, KFMD-Dubuque, Tues., Thurs. & Fri. - after 11AM.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay
(In Order)

Peter Frampton
Steve Miller
Heart

Dan Fogelberg
Cat Stevens
Little Feat

Neil Young
Allman Bros.
Fleetwood Mac

Notes: Through these plateaus of airplay many regional biases surface. The list and the regional differences offer no surprises.

- (1) Heart gains a significant portion of its 3rd position from the South as does Gregg Allman.
- (2) Little Feat gains strength as you move westward.
- (3) Finally, the Midwest runs true to form by holding back on The Wailers while both Foreigner and Ted Nugent gain airtime.

New Progressive Airplay
(In Order)

Crosby, Stills & Nash

Roger Daltrey
James Taylor
Alan Parsons Project

Notes: Of the mass of LP's coming out this list offers no surprises. Alan Parsons Project follows an introductory LP which was very successful on an FM radio level.

Singles & Imports

Singles: James Taylor's single shows up very strongly as his LP is just beginning to get around. Following it is a 45 by Ram Jam, Suzy & The Red Stripes, Ronnie Spector, and Crosby, Stills & Nash.

Imports: Interestingly, among the hottest imports are several EP's and 45's. The Genesis EP tops everything by far. Then, the Beatles and the 801 Live albums follow. Right after the LP's, come the Sex Pistols and The Stranglers' 45's.

These new tracks are filtering into progressive airplay in the following order of preference.

Bill Gavin's Personal Picks

- - - I especially like:

- C'EST LA VIE-Greg Lake (Atlantic) Discriminating programmers have been giving this exquisite album cut preferred airplay. As a single it is bound to reach a wider audience and should be well received everywhere. A quality production.
- SAIL AWAY-Sam Neely (Elektra) Simple, folk-styled ballad should appeal equally to A-C and country programmers with a better than even chance of finding top 40 acceptance.
- HEAVEN ON THE SEVENTH FLOOR-The Mighty Pope (Private Stock) An amusing account of what happened in the stalled elevator. Sounds like an instant phone ringer.
- TURN ON YOUR TV-Larry Groce (Warner Bros.) The junk food junkie gives us something more to chuckle about, with his humor including some pointed satire on TV silliness. The live audience sounds are of dubious value, but they detract nothing from a most effective performance.

Gary Taylor's Personal Picks

- COLD AS ICE-Foreigner (Atlantic) A record this outstanding doesn't come along very often. It's understandable why so many have played it from the album.
- ALONE AT LAST-Neil Sedaka (Elektra) The masterful lyric paints a beautiful picture that is enhanced by a superb George Martin arrangement.
- I FEEL LOVE-Donna Summer (Casablanca) I'm told this is German synthesized disco music. The hypnotic redundant rhythm track obviously is the reason for the record's popularity at the disco level.

Also Possible

- HERE YOU COME AGAIN-Randy Bishop (A&M)
- A NEW WAY TO SAY I LOVE YOU-Driver (A&M)
- I GOT NO LIGHTS-Michael Katakis (A&M)
- IF I HAVE TO GO AWAY-Jigsaw (20th)
- WITH YOU-Kelly Garrett (RCA)
- YOU'RE THE ONLY ONE-Geils (Atlantic)
- HARD ROCK CAFE-Carole King (Capitol)
- MANHATTAN SKYLINE-John Miles (London)
- THAT'S ROCK 'N ROLL-Shaun Cassidy (W.Bros.)
- LOVE ME ONE MORE TIME-Karen Nelson & Billy T (Amherst)

Gavin's Gab

WFTL-Ft. Lauderdale conducted an unusual remote on the morning of Friday, June 24. The air team of John Lupton and Terry Gross originated their show from the base of the Eiffel Tower in Paris. Before the men left for Europe, PD Mike O'Shea brought in a French teacher to coach them on useful French phrases, such as "But officer, I'm a famous radio personality". To promote the broadcast, the station conducted an art contest. The winning picture was hand delivered to the Paris Louvre and was hung in the men's room. So the winner could say, "My work hung in the Louvre!" The whole thing was a joint promotion with an airline, publicizing its new non-stop flight to Paris.

Scott Christenson, of WEAQ-Eau Claire, calls attention to a problem with the phone company: When there's a long distance call that he's unable to answer, he makes a practice of returning the call collect. Many times these calls are refused, and sometimes later returned on the company's Watts line. The phone company objected to the large number of refusals and accused Scott of fraudulent use of the phone lines and tariff violations, saying that the collect calls were some sort of a signal system. Because of this problem, Scott says that he will no longer be able to return promo calls.

WXXX-Hattiesburg celebrates its 20th anniversary on the air next month. Kim Canard invites calls and greetings from the station's former air personnel. Phone 601-583-7618.

In Austin, KNOW has just completed a repeat of last year's free concert promos, held in conjunction with the city's Park & Recreation Dept. Alternating between Zilker Park and Northwest Park, there were eight concerts, performed by acts from the area's rich pool of talent. Union musicians were paid from their union's special fund.

Mel Phillips, recently PD of WNBC-New York (and before that KQV-Pittsburgh, 99X-New York & WRKO-Boston) has set up shop as a program consultant. He can be reached at 212-664-2313 (or 212-628-3357).

 : to Steve Sesterhenn, KFMD-Dubuque, Tu., Th., Fri., after 11AM.

KEWI-Topeka celebrating its 15th birthday Tues. July 19. Listeners register for the "Keewee Birthday Box". There'll be a drawing every hour for 15 hours to give away birthday presents to lucky listeners.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

The onset of summer has not slowed the output of albums in any discernible way. Of the 80 or so releases auditioned in the last couple of weeks the thrust of much of the good music is rock and roll. Johnny Winter accentuates the roots by laying into a feisty brand of Chicago style blues, with his friend Muddy Waters taking part. Burton Cummings (with the aid of Richard Perry) and Kiss (with the aid of Eddie Kramer) take slightly new approaches to their rock. Cummings hardens his sound and gains points for it, while Kiss soften their sound enough to legitimize themselves.

Two live rock LP's draw a sweet and sour response. Ritchie Blackmore's Rainbow delivers a surprisingly articulate, punchy rock and roll set to distinguish themselves, while Derringer doesn't seem to care. 1967 sonics, for which there is no excuse, ruin any interest their music might have engendered...talk about Muddy Waters.

On the more mellow side, super-trio Crosby, Stills & Nash make a delivery of their comfortable warmth. Even the weaker tunes are elevated by that almost holy harmonizing.

For more obscure tastes there is a fine folk album by the returning Jaime Brockett. Brockett is known for one song, which he'd like to put behind him, called "Titanic". It is a gem from his previous recording career. "North Mountain Velvet" is new and boasts superfine presentation and several inspired tunes.

Finally, we leave it to a black South African jazz player named Dollar Brand to generate possibly the single best tune of this batch of recordings. His 15 minute version of "Cape Town Fringe" is just plain joyful.

Jerry Green, KVET-Austin, took his family to Luckenbach last Sunday (17) to tape some beer commercials. Flipsville: In our July 8 issue we listed Ava Barber's THERE'S MORE LOVE WHERE THAT CAME FROM as "Also Possible". We were looking at the record upside down. Should have been the flip side, DON'T TAKE MY SUNSHINE.

To our Country Correspondents: Because of Janet's absence from the office it has been necessary to move our research deadline up to Thursday noon. Reports received after that time can be listed in the "Roundup" section but can't be used in the research tabulations. Incidentally, some of your phone reports will be taken by a new member of our staff, Lisa Smith, who already knows quite a lot about country music and is learning more.

Mary Catherine, much loved music director of WSM-Nashville, suffered serious injuries in an automobile accident Monday. She's in Baptist Hospital, Room 6207, 200 Church St., Nashville, Tenn. 37236. All her many friends wish her a speedy recovery.

A new station, KGRZ-Missoula, Mont., will go on the air for the first time about Aug. 15. They'd welcome calls from country artists. Call operations manager, Dan Sollom, 406-728-1450.

Correction: Last week we made Doug Lane PD of KERE-Denver. Not so. He's music director. He'll be leaving the station shortly and is available. Phone 303-757-6386.

Last week we announced that RCA had made a deal with MCA to release Jerry Reed's WESTBOUND AND DOWN as a single. Apparently this isn't the arrangement. Les Acree (WKDA-Nashville) received a rush copy of the single and tells us that it's a different cut from the soundtrack LP - EASTBOUND AND DOWN. Same tune - same lyrics - except for the compass reversal.

Late Flash! KXEL-Waterloo, Iowa, a 50kw, 24 hr. operation, needs a 1st ticket jock. Contact Chuck Anderson, 319-233-3371.

Albums of the Week

(reviewed by Ron Fell)

"Simple Things"-Carole King (Avatar/Capitol) A variety of lengths and tempos probably designed to please as many programmers as possible. Ms. King is so much more than a writer and with this new album she should further her image as a singer considerably. Her new backup band, Navarro, is refreshing, and they give her solid support throughout. TIME ALONE and SIMPLE THINGS are short and sweet but HOLD ON HARD ROCK and GOD ONLY KNOWS are more involved and thus reach beyond the silly 3:30 time barrier. With Carole's music, however, time should not be of the essence.

"Max"-Rumcur (Mercury) British Pub-Rock veterans who've appeared in various configurations prior to synthesizing as Graham Parker's band. Rumour's attempt at a Parker-less album succeeds at all levels. MESS WITH LOVE, I WANNA MAKE HER LOVE ME, I'M SO GLAD, SOMETHIN'S GOIN' ON and DO NOTHING 'TILL YOU HEAR FROM ME (That's right, the old Ellington song) should spread the Rumour to everyone's benefit.

"Five Times The Sun"-The Dingoes (A&M) These guys come out from "Down Under" with some of the Best Australian rock and roll I've heard. The raspy voice of lead singer Broderick Smith gives the already good material a special quality. COME ON DOWN and SMOOTH SAILING are most convincing while SHINE A LIGHT, WAY OUT WEST, and WAITING FOR THE TIDE TO TURN follow close behind. Well done!

Also recommended from the following LP's:

- "Knnillsson"-Nilsson (RCA) ALL I THINK ABOUT IS YOU/WHO DONE IT/LEAN ON ME

Bill Gavin's Personal Picks

- - - I especially like:

WHEN IT COMES TO LOVE-The Mark & Clark Band (Columbia) Quiet beginning builds into a sophisticated series of key changes that support a compelling melody line. Super-sharp production.
TWO LIVES-Bonnie Raitt (Warner Bros.) Can building a new life mend a broken heart? Bonnie creates a plaintive ballad which says no.
OUTLAW BLUES-Bobby Ogden, alias Peter Fonda (Capitol) Be sure to read about the Lubbock experience in this week's "Gab" section. Song has a sort of unpretentious, primitive charm.
NO ONE CAN LOVE YOU MORE-Phyllis Hyman (Buddah) A laid back, jazz flavored offering which features the lovely voice of a singer who knows how to use it. Not produced with those musical cliches that are supposed to create hits, but just another example of a top quality recording that will probably go largely unheard, just because it doesn't have the chart numbers.

Gary Taylor's Personal Picks

SOMETHING BETTER-Chilliwack (Mushroom) A poetic lyric supported by an imaginative arrangement and fine musicianship with instrumentation reminiscent of the Moody Blues. The group has musically found "something better".
(FEELS SO GOOD) SLOW DANCING-John Travolta (Midsong) Certainly his fans will light up the request lines, however his presentation is mature and professional enough to have a much broader appeal than normally anticipated.
CAN'T YOU SEE-The Marshall Tucker Band (Capricorn) Waylon did it three albums back and it was very good. This live version from an older album has enough Georgia Boogie to attract airplay especially with the Southern stations.

Also Possible

JUNGLE LOVE-Steve Miller Band (Capitol)	BACK DOWN-Stephen Sinclair (United Artists)
DAYTIME FRIENDS-Kenny Rogers (U.A.)	CAT SCRATCH FEVER-Ted Nugent (Epic)
PUT A HOLD ON YOU-Berni Flint (EMI)	WHEN I THINK OF YOU-James and Michael (London)

Gavin's Gab

From twenty below to a hundred above! That's what many Midwest correspondents have been telling us about the temperature range from last winter's sub-zero blizzards to the scorching heat wave gripping so much of our country. Our sympathies go out to all the hot spots from probably the coolest city in the nation right now, where the trade winds and fog keep our San Francisco temperatures mostly below 70 degrees.

Many fascinating stories are emerging on incidents that occurred during New York City's recent power failure. The Hall Report tells about WMCA's putting on the air a request for a car battery to help keep its auxiliary generator going, and a passing motorist taking the battery out of his car and carrying it up the stairs to the 14th floor. Newsweek magazine headlined it "Night Of The Transistor" and credited all news WCBS and WINS with providing the greatest service of all the news media to the darkened city.

Midwest air staff jobs now available at KQWB-Fargo and WEBC-Duluth. They want "strong, smooth, experienced announcers". At KQWB call Wayne Hiller at 218-236-7900. At WEBC phone Jay Scott at 218-728-4484. There's also a "rare opening" at WEBC for a morning entertainer. "Super bucks for the right man."

When CK101 held its "Fun Festival" on July 4th, they anticipated an attendance of around 25,000 for the combination beauty contest, water ski show, rock hop and a fireworks show. Next day the Florida Highway Patrol released an estimate that 100,000 people jammed the causeways adjacent to the fireworks display.

Terrill Metheny, manager of KWIC-Beaumont, phoned to tell us that he is helping his morning man, Bob Raleigh, to find a better job in a bigger city. Bob was formerly with WPGC-Washington and KULF-Houston. Seems that Terrell persuaded his good friend Bob to come in to help raise the station's numbers in the current book, with the promise that, after he had made his impact on the ratings, he (Terrell) would help find him a better gig. He describes Bob as an "ideal employee".

Bill DeMore and some of his staff from KSEL-Lubbock were invited guests at the premier showing of the movie "Outlaw Blues". The movie people presented Bill with a recording of the movie's song of the same name, as sung by Peter Fonda. Next night, Bill aired the record fifteen minutes after the movie broke and again shortly thereafter.

Sales jobs: WTOC (AM/FM) needs salespersons to represent the two stations, one rock, one country. Good accounts lists. "Enthusiastic beginners will be considered." Call the radio manager, 912-232-0127.

KBIZ-Ottumwa, Ia. is looking for air talent with A-C experience. Call John Reardon, 515-682-4535. Chris Edmonds drops us a note from WNCI-Columbus to announce that the recent ARB shows his station as #1 in the 18 to 34 range in all day parts. WTVN shows the way in the 18+ and the 25-49 ranges, with WBNS/FM also strong in these demographics.

New lineup at KRIZ-Phoenix: Art Webb, Charlie Foxx, PD John Ball, Chuck Dean, Rick Diamond, Tim Roberts, "Silent Sam".

Music calls to Bobby Sherman, KUGN-Eugene, Mon.-Fri., 11AM-1PM.

New address: KCRA (& KCTC/FM), 2225 19th Street, Sacramento, CA 95818.

Station PD C.C. Courtney and his staff at WNOE-New Orleans are very happy about their showing in the latest Arbitron book. This was Courtney's first book as PD. He does the morning show, followed by Ty Bell (WYLD/WTIX), Marc Sommers (WTIX), Steve Casey (KUPD), Dino (WHY), and Wanda Honey (KNOE) - and that's really her name. Kim Stephens and Mark Serpas handle the swing assignments.

Music calls: to Dave St. John, WONN-Lakeland, Fla., Wed. 2 to 6PM.

: to Kirk Hughes, WMPX-Midland, Mich., Mon.-Fri., 12:30 to 2PM.

THE GAVIN REPORT #1162
WEEKLY SUMMARY
(Associate Editor, Gary Taylor)

Smash of the Week: HANDY MAN-James Taylor (Columbia) Programmer preference for this release was apparent from the beginning. Our research shows it #3 in airplay.

Sleeper of the Week: STAR WARS THEME/CANTINA BAND-Meco (Millennium) The London Symphony version has a considerable lead in airplay and chart rankings. This more disco oriented version is pulling requests and sales as well.

Hot: TELEPHONE LINE-Electric Light Orchestra (United Artists) All indications point toward their biggest single yet.

Top Tip: ON AND ON-Stephen Bishop (ABC) Our June 10 "Sleeper" has had an upward movement for the past 7 weeks. Needless to say, a very consistent record.

Record to Watch: I'M DREAMING-Jennifer Warnes (Arista) Charting in San Angelo, Mpls./St. Paul, Fargo, Phoenix, and Daytona Beach.

On The Record

In past years some of the most successful top 40 stations have fit well into the category of "mass appeal" radio. They reached the teens with the top hits and attracted substantial shares of adults with personalities, a top quality news staff, entertaining promotions and contests and a thorough involvement in community affairs.

Today, in many cities, the picture is changing. The proliferation of FM signals now provides many new alternative choices for listener tune in. In the "old days" a mass appeal format (top 40) might hold a 40% (or more) share of audience. In more recent times audience surveys of major markets often show the number one station with less than a 10% share. In many cases the mass appeal station will no longer be on top. As each of the many specialized formats concentrate on a narrow demographic target, mass appeal proves less potent than class appeal. I doubt that a genuine mass appeal format can succeed in today's radio. True, there are those programmers who proudly boast of their station's wide ranging audience composition. And true, we have the massive adult audience shares enjoyed by KDKA, WSB, KMOX and WCCO. But these giants in their way are also specialized formats. They respond wisely and well to the needs and interests of their adult communities, but that's about all. Certainly they don't pretend to be all things to all people.

A top 40 station that has a long track record of a number one audience, developed through a mass appeal concept, probably has a heavy commitment to news and public service. Such program content offers much appeal to adult listeners but makes the station vulnerable to competition from an aggressive FM operation that offers more music and fewer commercials. On the other hand, the top 40 music content tends to build an image among adults that it's just a teen oriented station, and so most of the 25+ group give their listening choice to an adult appeal format.

While top 40 on AM radio can't be classed as "in trouble", it certainly faces many new difficulties, all growing out of the multiplying of specialized formats. AM top 40 these days has to run harder than ever just to stay in the race. The old rule of "Play the hits and get the ratings" no longer is that simple. Many top 40 operations have brought in highly paid consultants to refine their sound, to analyze the market and to make depth studies of the ARB's. Programmers are up to their necks in call out research, day parting, rotation frequencies and quarter hour maintenance - things that that 1960's PD had never heard of.

Naturally, regardless of format, AM radio's emphasis on news and public service can't be reduced overnight. These commitments are locked in with the FCC. Meanwhile, the FM competitor has probably gotten his license with few such promises and is free to play more music.

It's no longer enough for AM top 40's to play the "right" music. FM stereo can do that, too, and make it sound better. The trend these days seems to be for AM radio to personalize the air staff - to encourage the jocks to be individuals, not just high energy copies of the Real Don Steele. Restrictions against LP cuts are being loosened. Occasional flashes of courage shine out as a major market top 40 adds a new record "out of the box".

In general, AM top 40 radio has been trying to get away from its teenager image. It has pretty much abandoned the idea of being mass appeal and is aiming its program content at a narrower demographic target. As a result, AM top 40 radio now offers more in the way of entertainment, originality and showmanship. And that's good!

Inside Progressive Radio

(by George Meier, Editor of Walrus)

Established Progressive Airplay

(In Order)

- Crosby, Stills & Nash
- Peter Frampton
- Steve Miller Band
- Heart
- Dan Fogelberg
- James Taylor
- Geils
- Cat Stevens
- Neil Young
- Little River Band

Notes: A significant difference between AM and FM approaches to music is exemplified in the solid No. 1 airplay position of the C.S. & N. LP. Top 40 logic on airplay is to wait until a record is proven. Progressive logic is that the most important record you could play for your audience is a new record by an important group. Regional differences are significant only as regards Geils which is stronger in the N.E. than anywhere else.

New Progressive Airplay

(In Order)

- Steve Winwood
- Yes
- Strawbs
- Johnny Winter

Notes: Though these four new LP's run away with power play each region has a fifth wheel. In the Northeast it is Kiss, in the South and West it is Melissa Manchester, and in the Midwest it is Styx.

Singles & Imports

Imports: Both important imports are of the 7" variety. Genesis' EP is the strongest followed closely by the Sex Pistols. They represent the vanguard of English new wave music's incursion into the U.S.

Singles: The Doobie Brothers lead the singles, followed by Ram Jam and Suzy & The Red Stripes.

The following tracks are filtering into progressive airplay in the following order.

- | | |
|--|---|
| 1. Roger Daltrey-AVENGING ANNIE | 12. Steve Winwood-LUCK'S IN |

Album of the Week
(reviewed by Ron Feli)

"Terrapin Station"-Grateful Dead (Arista) A group who nearly a decade ago was hyphenated with the Jefferson Airplane as the epitome of San Francisco's Acid Rock, the Dead have long since transcended the now mythical boundary. The compositions on this album, written mostly by the playing members of the group and their long time friend Robert Hunter, exhibit flare and imagination above and beyond even their own high standards. The title cut TERRAPIN STATION which occupies all of side two is a thoroughly absorbing masterpiece which deserves to be played in its full unabridged 16 minute length. (The banding on this side is mostly cosmetic however as you will find out when trying to excerpt specific cuts). PASSENGER, SAMPSON & DELILAH and ESTIMATED PROPHET are significantly shorter but no less heroic.

Also recommended from the following LP's:

- "Daytime Friends"-Kenny Rogers (U.A.) DAYTIME FRIENDS/LYING AGAIN/SWEET MUSIC MAN/AM I TOO LATE

- "Night Life"-Maxine Nightingale (U.A.) WILL YOU BE MY LOVER/LOVE HIT ME/DIDN'T I
- "The Two Of Us"-Marilyn McCoo & Billy Davis, Jr. (ABC) LOOK WHAT YOU'VE DONE TO MY HEART/NIGHT SONG/THE TWO OF US/HARD ROAD DOWN
- "Shake It Well"-The Dramatics (ABC) SHAKE IT WELL/YOU MAKE THE MUSIC
- "Master Grady Tate"-Grady Tate (ABC/Impulse) THE HUNGRY YEARS/I DON'T KNOW HOW TO LOOK FOR LOVE
- "Short Stories"-Statler Bros. (Mercury) THE REGULAR SATURDAY NIGHT SETBACK CARD GAME/THE STAR
- "The Buzzard of Love"-Simon Stokes (U.A.) EARTHQUAKE/ENDLESS SLEEP
- "Blue Water"-Blue Water (H&L) I'LL NEVER FIND ANOTHER YOU BABE/AS LONG AS WE DANCED TO THE MUSIC

- I WOULDN'T WANT TO BE LIKE YOU-Alan Parsons (Arista) I make no attempt to seek superlatives in support of his music - it speaks for itself.
- ONE OF THEM IS ME-Andrew Gold (Asylum) This about face from his previous sound further points out his versatility as a writer-performer.

Gavin's Gab

To our correspondents. Are you receiving our mailings on time? Recent reports indicate a growing number of delays. When widespread delays developed previously, we were able to correct the difficulties through the co-operation of local postal authorities. Now we need to know if they are falling down on the job. Please let us know - and keep letting us know - if your Gavin Report fails to reach you by Monday.

A number of correspondents have us on their mailing lists for printed playlists. Since we use only the information sent to us on our Action Report forms or called in by phone, the printed lists can't be used. (Ron Fell figured out that each station now mailing us its chart could save almost \$7 a year by not doing so.) We do, however, appreciate your station's news that you note under "Remarks" at the bottom of each report form.

As our correspondents are aware, we recently switched to a long, legal size report form. A few are still using the old, short forms. These are awkward to handle and they slow our research. Please use the long form, and please send us the original - not a photocopy.

The University of Nevada, Las Vegas, wants a manager for its new FM operation, which will debut Jan. 8. They'd like someone with a bachelor's degree in mass communication or related commercial experience. Should have some experience in developing and managing an FM station, with an understanding of general equipment maintenance. Job pays \$12,500 a year to start. Send resumes to Scott Lawrence, CSUN President, Univ. of Nevada, Las Vegas, 4505 Maryland Parkway, Las Vegas, Nevada, 89154.

Benjamin Hill is leaving his PD spot at WMGK (FM)-Des Moines to take over the PD job at WTIC/FM-Hartford. It was consultant Mike Joseph who previously had persuaded Ben to take the PD job at CK101-Cocoa Beach. Since Mike is presently consulting WTIC (AM/FM), it seems likely that he still thinks highly of Mr. Hill.

Sentry Insurance Co., owners of WSPT-Stevens Point, Wis. and WRJN-Racine, Wis., have completed arrangements for the purchase of two more Wisconsin stations, WBIZ (AM & FM) in Eau Claire. Previous owner Howard Bill made the sale for an announced \$567,500.

Brian Norton, PD of KOKK-Huron, wants to raise money for the National Muscular Dystrophy Assn. this fall by auctioning autographed copies of hit singles and albums. He hopes that some of the record companies can help him with the project.

Getting back to the subject of mail deliveries, a surprisingly large amount of our mail is still being addressed to our former office number in this building, 2113. The same is true of most of our records that are mailed. Please - correspondents and record companies - change our address plates to read Suite 220. Even parcels that come in via UPS become mis-routed to the wrong elevator bank and so reach us one day late.

Sandy Nehri phoned from WCRO-Johnstown to let us know that neither he nor his station had been washed away in last week's flood. They can't use their studios downtown - no power - but they've been broadcasting from their transmitter up on Prospect Hill, where they have one available power line. ABC network service was out for several days, but has now been restored. Sandy says that there has been considerable loss of life, and bodies are still being recovered. When the Tanneryville dam went out it completely destroyed the village, with almost 100 persons yet to be accounted for. The folks in Johnstown don't need any more extra food or clothing - they now have plenty. But if any stations want to start collecting for a relief fund, the money can be sent to The Salvation Army, c/o WCRO, 605 Main Street, Carnegie Bldg., Johnstown, Pa. 15901.

Don Hofmann, PD of KVI-Seattle, will soon be moving to San Francisco, where he'll be asst. PD at KSFO. Meanwhile, he's looking for his replacement at KVI. Good bucks and a fine opportunity with a class ownership, Golden West, waiting for the right person who combines both administrative and program skills (EOE). Resume to Don at KVI, Tower Bldg., Seattle, Wa. 98101.

The sale of KMED (AM)-Medford, Ore., to Northstar Broadcasting was announced last November, and FCC approval is anticipated very soon. PD Marvin Rhodes has decided that after the sale he'll stay with the parent company, Sierra Cascade Communications, either with the FM or at one of the television properties. He has asked us to pass along to the various promotion people his appreciation for their help and friendship.

R.C. Rogers writes from South Bend that he and the staff at WRBR are gratified at their audience growth shown in the latest Arbitron. They're only 90 miles from Chicago, and competing against WLS isn't the easiest of assignments. Rogers credits a fine staff, made up of Dick O'Day, Jason Foxx, Stan Wyle, Jack Reichart and Steve Cameron, and part timers Jeff Ryder, Chip Healy and Greg Richards. He also notes inspiration and encouragement from his GM, Vince Ford.
