Ranking Australians

Bill Pinnell, M.D. at 3KZ-Melbourne, notes that five of our top 20 singles on February 17th are by Australian artists: The Bee Gees, Andy Gibb, Samantha Sang and Little River Band. He also writes: "Not one American artist figures in the first six records...a rare occurrence these days!" "The Uncle Bob and Mr. Don Wakeup Service"

Don Mooring and P.D. Bob Kitzmiller do a morning show at WNUE-Fort Walton Beach, Fla., with the accent on humor, but they were funnier than they planned last Monday. It was minutes before the 9 AM newscast when Don, who had just left the control room failed to reappear. Bob waited, wondered, and finally had to cancel the newscast while everyone searched for Don. It didn't take long to find him--the lock on the John door had jammed. Prior to the next newscast, Don apologized for his absence: "Folks, I apologize for missing the news last hour...I guess I was just being privy with my information."

Some Offers

Bobby Rich, who moved recently to 99X-New York as P.D., is looking for an air talent and a newperson to supplement his staff. Applicants must have previous New York experience. Send tapes and resumes to 1440 Broadway - 10018, and no calls please.

In early January, Herb Hobler, president of Nassau Broadcasting, wrote a memo to the smokers among his employees. Below a copy of an article on the dangers of smoking, Herb made this offer: "To those who will quit totally and come into my office on April 1st and tell me you haven't smoked for three months, I will give \$50..." Between Nassau-owned WPST-Trenton and WHWH-Princeton, the offer initiated four firm pledges and three are still in the running. "First instance I've seen where the boss is willing to put some money where his mouth is," Tom Taylor, P.D. at WPST, wrote.

Changes

Vic Ives, P.D. at KSFO -San Francisco, has been named General Manager of Golden West's WCAR/FM-Detroit. Don Hofmann has been promoted to Program Director at KSFO.

Tom Ingstadt recently acquired KISD-Sioux Falls. A call-letter change to KKRC is pending FCC approval. This will be the only change at present, Tom said. He also owns KQDI-Great Falls, KKXL-Grand Forks, KOBC-Valley City, N.D., KBMW-Wahepton, Wa., and KWAD-Wadena.

KLXS/FM-Killeen, Tx., will be going 100,000 watts no later than June 1st. Program Director Stan Castles will shift the format to Top 40/Album-Rock, with "more and more emphasis on album play."

WKWK-AM and 50,000 watt FM in Wheeling, W.Va., are now simulcasting five hours a day. The FM changed formats from beautiful music to soft rock over the past year, according to Jim Roberts.

Promos and Benefits

WGAR-Cleveland is distributing five international cookbooks that contain coded facts in recipe numbers and foreign cuisine language. Participants must translate the five messages correctly, in order to be in the drawing for a microwave oven. Two bonus books featuring Early American Cooking and White House Cooking offer recipes from "Saddle of Venison with Bourbon" from early North Carolina to "Pedernales River Chili" from Lyndon and Lady Bird.

The "Golden Shovel" contest happens at WFLB-Fayetteville when the Ringling Bros.-Barnum & Bailey Circus comes to town every year. Listeners have already voted for their favorite jocks this year so March 7th and 8th, the first place winner, mid-day man John Braxton, will be ringmaster for a show. Morning-man Stanley B. Stewart won second place and will parade around the ring on an elephant. Finally, Third Place Winner Mike Monday (Mid.-6 AM) will take up the Golden Shovel--and follow the elephants.

WFLB celebrated its 30th birthday last Saturday with a disco dance at the Cumberland County Arena that attracted 10,000 people. The station played five hours of non-stop music originating from the Arena.

WFBC-Greenville's Annual Easter Egg Hunt always draws a crowd. The County Recreation Commission and participating merchants help the WFBC staff hide 5,000 plastic eggs in Springfield Park, then children aged 6-15 move in for the hunt. The eggs are filled with candy and a numbered ticket which puts the owner in the drawing for a ten-speed bike. Surplus eggs are later distributed among staff members who sprinkle the eggs on lawns in their neighborhoods on Easter Eve. Then every egg finder listens to WFBC for announcement of winning numbers.

In their Fifth Annual Leukemia Radiothon, held February 25th and 26th, WMAL-Washington raised \$100,223 in pledges. Out of the 75 stations participating in the national effort, WMAL will again rank number one in raising money, as it has the past four years.

Bill's Hawaii Highlights

Sunsets off Kaanapali Beach - whale watch sailing out of Lahaina, many "blows" but none close enough for pix - a green frog cocktail at the Rusty Harpoon (limit two to a customer) - rumaki and shrimp at Don the Beachcomber's - Whaler's Village with its museum artifacts from the old whaling days - driving to Hana along twisting mountain road through spectacular tropic and coastal scenery - luau on the beach - the Doxology sung in Hawaiian - hula dancers wearing Mother Hubbards instead of grass skirts ("Watch the hands", they say, but sometimes the scenery is better elsewhere.)

Greeted at Honolulu airport by Earl & Ellie McDaniel (he's GM of KGMB Radio), sailing on their boat that afternoon off Waikiki and under the bows of the Russian cruise ship in the harbor - taking the tiller on a tack to windward (a first for me!) - lunch with a group of radio people (Earl arranged it in my honor) - Ron Jacobs was sick in bed and couldn't come - Pat O'Day was there, as were Bernie Armstrong, Bill Thompson, Don Metzger, Bill Browning, Dave Donnelly, Don Rubbs, Don Weller and a dozen or so others whose names I've lost.

Orchids and banyan trees in Foster Botanical Garden - spectacular views from Earl's & Ellie's 34th floor apartment window - listening to Aku doing newscasts on K59 in his own inimitable style - lunch with Henry Schmetz, recently retired as manager of Long Drug Stores in Hawaii and 42 years ago best man at my wedding - deep sea fishing with four Canadians (no fish but good beer) - great visit with Ron Jacobs reminiscing about the old days at KPOI, KMEM, KHJ and KGB (he's now PD and morning man at KKUA, where he has boosted the audience shares impressively), and the excitement of building "The History of Rock & Roll" and the "Cruisin'" series.

Grand Finale a Saturday sail with Earl & Ellie and two of their friends, George & Ebbie.

Sailed far out to sea, then ran with the wind behind a red, white and blue spinnaker. Awards banquet that night put on by Ad Club at the Ilakai.

Hawaii is beautiful, as are its people, who really mean it when they say, "Aloha".

Albums of the Week
(reviewed by Ron Fell)

- "Earth"-Jefferson Starship (Grunt) The most anticipated album throughout the month of February has finally arrived. The distinctive vocals of Marty Balin and Grace Slick are the high point of any Starship album and "Earth" is no exception. The first single, COUNT ON ME, along with LOVE TOO GOOD, ALL NIGHT LONG, CRAZY FEELING, TAKE YOUR TIME and FIRE meet or exceed our expectations.
- "Lone Wolf"-Michael Murphey (Epic) Previous Murphey albums have been more acoustic while his past live performances have been more electric. "Lone Wolf's" strongest cuts show a little more electric energy than in past albums, making it more representative of the real Murphey. Sam Broussard's electric guitar and Mike Bott's drums make a big difference. PARADISE TONIGHT, NO MAN'S LAND, NOTHING IS YOUR OWN, LOWERS and ARROWS IN THE DARKNESS are all winners.
- "The Rutles"-The Rutles (Warner Bros.) Neil Innes and Eric Idle from Monty Python's Flying Circus have come out from under their rock long enough to give us one of the funniest packages of liner notes ever for an album. The album is actually the soundtrack from their mid-March TV special. "All You Need Is Cash" and the music is close enough to entertain all but the most serious Beatlemaniacs.

Also recommended from the following LP's:

- "City to City"-Gerry Rafferty (U.A.) THE ARK/BAKER STREET/CITY TO CITY/MATTIE'S RAG
 "First Fire" - First Fire (Tortoise) LOVE AT FIRST FIRE/GET YOUR HEAD OUT OF YOUR HEART/CHARMER
 "Not Shy"-Walter Egan (Columbia) SWEET SOUTH BREEZE/I WANNIT/MAGNET AND STEEL
 "Fotomaker"-Fotomaker (Atlantic) WHERE HAVE YOU BEEN ALL MY LIFE/TWO CAN MAKE IT WORK
 "Rock and Roll Music From The Planet Earth"-Country Joe McDonald (Fantasy) BRING BACK THE SIXTIES MAN/DARKSHIP/Y-O-U
 "One World"-John Martyn (Island) CERTAIN SURPRISE/DANCING
 "Double Fun"-Robert Palmer (Island) BEST OF BOTH WORLDS/EVERY KINDA PEOPLE
 "Emotion"-Samantha Sang (Private Stock) YOU KEEP ME DANCING/LIVING WITHOUT YOUR LOVE/BUT IF SHE MOVES YOU
 "Let's Get Together"-Detroit Emeralds (Westbound) LET'S GET TOGETHER/I CAN'T SEEM TO FORGET
 "Jimmie Mack"-Jimmie Mack (Big Tree) WAITING FOR TONIGHT/ALL I GOT LEFT

Inside Progressive Radio

(by George Meier, Editor of Walrus)

When it is your intention to listen to every album possible, boredom has to be a real part of your life. Most of what is issued - even in the good pile - has been done many times before. For example, Emmylou Harris' new album is in the favored pile, but its contents were prescribed before the needle touched the vinyl: well turned country rock with many of the same players playing their patented tasty licks. Then there is the beautiful Art Garfunkel album which xeroxes his last album yet, as in most copies, the resolution fades. To our benefit the big orchestrations which heaped sweetness on the sweetness last time were left off here. "Wonderful World", featuring the harmonized voices of Art and James Taylor and Paul Simon, is super.

What can cut through the boredom is the artist who makes a great leap. Journey, with their new album, does make such a leap. This LP should end their second bill status and launch them as headliners. It improves every aspect of their presentation. Ronnie Montrose makes a colossal alteration in persona. Previously he was responsible for pimple level hard rock rehashes. Here he demonstrates genuine skill as a guitarist, writer and musician in general. Maybe less commercial, but much more satisfying.

Another change, though not on such a grand scale, is that made by Al Green. He leaves the Willie Mitchell cocoon successfully.

Taking disco music beyond the merely functional level, Hamilton Bohannon raises the standards for others in the genre to be judged. Beyond great rhythm he is capable of enticing melodies, the stuff of which eternal songs are made.

Finally, Gordon Lightfoot's album slurs its way through some very good songs which did not seem to come alive as they should. That makes for mixed feelings.

Back to the pile

Gary Taylor's Personal Picks

DO YOU WANNA DANCE-Ramones (Sire) **New Wave, Punk?** This hardly qualifies for such a supposed "different" music form. I haven't heard a more basic, three chord, unimaginative arrangement since the early 60's. If anything, it is just primitive rock 'n roll.

TOWN WITHOUT PITY-Ronnie Montrose (Warner Bros.) His guitar work has matured considerably; he offers a technique and tonal quality in the upper register that is an earful treat. Gene Pitney himself would probably approve this instrumental offering.

Also Possible

COUNT ON ME-Jefferson Starship (Grunt)	THIS TIME I'M IN IT FOR LOVE-Player (RSO)
HOLD ON TO YOUR HINEY-Travis Wammack (Epic)	GOT TO GIVE IN TO LOVE-Clint Holmes (Private Stock)
WELL ALL RIGHT-Bobby Vee (U.A.)	NO ONE GAVE ME LOVE-Tom Jones (Epic)
SO SAD TO BREAK UP-Valentine (RCA)	ONE MORE NIGHT-Fran McKendree (Arista)
HIDE ME IN YOUR LOVE-Susie Allanson (W.B.)	MONA LISA-Alvarez (Epic/Cleveland Int'l.)

THE GAVIN REPORT #1193
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: EBONY EYES-Bob Welch (Capitol) This second release from the album appears to be as strong as its predecessor.

Sleeper of the Week: MORE THAN A WOMAN-Bee Gees (RSO-LP cut) Regardless of whether this is released as a single, airplay indicates it is more than just another LP cut.

Hot: OUR LOVE-Natalie Cole (Capitol) Our February 3 "Record to Watch" continues to grow.

Top Tip: SWEET TALKIN' WOMAN-Electric Light Orchestra (United Artists) The group's usual pattern of success is apparent once again.

Gavin's Gab

San Diego Blackout

An explosion in a San Diego generating plant caused a massive power failure Wednesday (3/8) at 3:10 PM that cut power to an estimated one million residents and left most radio stations off the air for the duration of the blackout--four hours. Following the event, three correspondents reported on how their stations fared.

KCBQ's Nina Reyes said KCBQ and KOGO were the only stations on the air in the vicinity. Their standby transmitter took over right after the power failure, so they were off the air for only 60 seconds. They immediately ran an emergency newscast and kept "right on top of it."

B100 (KFMB/FM) and KSON were both off the air for the length of the blackout. The power company repaired the damage and supplied power to the city by sections. This allowed the KFMB/AM transmitter to resume after 45 minutes, since the Santee area where it is located, received power long before Mt. Soledad in La Jolla where the FM tower stands. Lights came on after 45 minutes and all employees at B100 remained until regular closing time.

Ed Chandler at country KSON said they were down until after 7 PM and with the station "totally black," the office staff was allowed to leave early. Telephones couldn't ring, but the engineers, news staff and jocks who remained, continued picking up the receiver, answering the questions.

No injuries, looting or serious damage have been reported anywhere in the city and all three correspondents commented on how calm the city remained.

Changes

Johnny Thompson, P.D. at 92 KF/M-El Paso, reports the station's transmitter was moved "to the top of the mountain" last weekend and says the station will be on the air shortly. Johnny was impressed with the performance of the tower company, as he described the difficult job:

"...once you get up a really rough road to the bottom of the tramway, you then have a 15 minute ride up the side of the mountain in the cable car. They had to strap the transmitter with belts; it then went swinging in the breeze up the side of the mountain. I think that was the longest 15 minutes I've ever spent in my life, but the real treat was watching them unload it at the top."

Ron Reynolds, music director at KNBR-San Francisco, will take on additional duties as program director for KNBR's sister station, KYUU/FM.

Offer

Dick Downes at KGGO-Des Moines needs an innovative news director with good production skills and a creative approach to news. Lucrative position. Call Dick at 515-265-6181.

Sundries

WRFC-Athens, Ga., is celebrating its 30th birthday. They'd like to hear from former employees in order to tape for on-air tributes. Contact Gary Kirk at 404-549-6222.

The California Jam II, scheduled for March 18th at the Ontario Motor Speedway, will feature eight major artists and is expected to draw as large a crowd as Jam I which took place four years ago for 162,000 people. Rick Kymala at KFXM-San Bernardino said the concert provided impetus for a month-long series of album and ticket giveaways.

Benefits and Promotions

KEYN-AM/FM-Wichita participated in the National Leukemia Society Radiothon for 24 hours on February 25-26 and raised \$10,000 for the Kansas Chapter.

Marc Sommers at WNOE-New Orleans reports great success on their "Space Weekend" promotion which ran March 3-5. In addition to "Close Encounter..." and "Star Wars" sound tracks and T-shirts, they gave away War's "Galaxy" and the new Jefferson Starship Lp. There were call-ins every hour, and as Elton John's ROCKET MAN or David Bowie's SPACE ODDITY played, people won "Cosmic Cash." The promotion included many other space-oriented selections of music from years past.

WJMB-Brookhaven is preparing for its day-long promotion called "That's Entertainment" on March 18th. Randall Smith said the series of specials on movies and music will include two-hour tributes to both Elvis Presley and the Beatles. Through the cooperation of a local theater, WJMB is inviting listeners to a special showing of the Beatle's movie, "Help." Giveaways and interviews on the air will also highlight the day.

KAKC-Tulsa is giving away a rock concert to the local high school whose students send in the most index cards with the name of a nationally-known sponsor written on them. The station expects 10 to 15 million entries from all high schools within a 75-mile radius of Tulsa. In addition to a concert by the Atlanta Rhythm Section in early May, the winning school will receive \$1000.

Albums of the Week
(reviewed by Ron Fell)

"Champagne Jam"-Atlanta Rhythm Section (Polydor) It's time to pop the cork. ARS has finally made the kind of album everyone knew they were capable of making. The six member band from Doraville, Georgia (with roots in the old Classics IV and Roy Orbison's Candyman) has, on each of its six previous albums, shown flashes of brilliance. But Champagne Jam is celebratory in its consistency. The haunting quality of NORMAL LOVE and the current single IMAGINARY LOVER counter nicely rebel rockers like LARGE TIME, I'M NOT GONNA LET IT BOTHER ME TONIGHT and CHAMPAGNE JAM.

"Isla"-Mike Pinera (Capricorn) Pinera wrote RIDE CAPTAIN RIDE, while a member of Blues Image. Before that he was a member of Iron Butterfly for the recording of the "Live" album and "Metamorphosis". His guitar work is hot and his songs have plenty of structure and substance for this, his first solo venture. The airplay potential for cuts like IT'S YOU, ALONE WITH YOU, ISLA, FLY FLY AWAY and LADY DIVINE is immense. Must listen.

Also recommended from the following LP's:

- "Southern Winds"-Maria Muldaur (Warner Bros.) MY SISTERS AND BROTHERS/I CAN'T SAY NO/SAY YOU WILL/MAKE LOVE TO THE MUSIC

THE GAVIN REPORT #1194
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: IF I CAN'T HAVE YOU-Yvonne Elliman (RSO) The fourth single from the "Fever" album to become the "Smash". An unprecedented achievement.

Sleeper of the Week: MOVIN' OUT-Billy Joel (Columbia) An early trend is indicated by chart activity at: WPST (13), WICC (13), 99X (19), WZZD (27), WRKO (30), WKXX (30), and KDWB (30).

Hot: FEELS SO GOOD-Chuck Mangione (A&M) This instrumental looks very strong. Out of 113 correspondents playing it, 66 have it charted (see page 8).

Top Tip: FOOLING YOURSELF-Styx (A&M) The record's impressive development further demonstrates there is a place in contemporary radio for involved musical presentations.

Record to Watch: I'M GONNA TAKE CARE OF EVERYTHING-Rubicon (20th) Its strongest week yet with 95 reports, 45 of which show chart gains.

Top New Add: TWO DOORS DOWN-Dolly Parton (RCA) The single is more contemporary than the album cut, which could be one reason for the initial acceptance.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Our business is not overflowing with classy practitioners. Those that we have ought to be prized. One of them by the name of Smokey Robinson has released another lovely album. It is distinguished by fine songs, but, above all, it has that aura of quality which only an artist with supreme confidence in his craft can impart.

A few big artists also released or, in the case of Bob Dylan, trickled out albums.

Dylan issues four tracks of the soundtrack from his film, "Renaldo & Clara." Since the Rolling Thunder Revue was the backdrop for the film and since an album commemorating that has already been released, this is more of the same. Still, it has a vitality and it demonstrates that folk Dylan has made the musical transition into the rocky 70's.

Jefferson Starship issues an excellent album too. Talk about transitions, theirs has been a grand slam. This LP is elevated to stature by 3 or 4 dynamite songs. Most all of them are lead by the entrancing vocals of returnee Marty Balin.

Also notable is the Robert Gordon album which features Link Wray. Gordon fuses a genuine 1950's essence with an equally real 1970's vigor. He is quite a singer.

Finally, a classical LP bears mentioning. All of us like a good instrumental duel, "Dueling Banjos" aside, Itzhak Perlman and Pinchas Zuckerman go at it like a schoolyard game of one-on-one. Thier Duets For Two Violins is serious music which has contemporary exuberance partially because of the competitive spark.

Gavin's Gab

Hijacked

Monday afternoon (3/13), a United Airlines flight to Seattle was hijacked at San Francisco Airport and out of the 68 people aboard, one was a Seattle radio personality, Jack Morton (KVI). All passengers were allowed to disembark at Oakland Airport shortly after, and Jack called KVI. He was due on the air that afternoon at 3 PM and knew he wouldn't make it. FBI agents stood next to him when he made the call, ready to cancel it if he said too much.

The hijack story hit the front pages of several major newspapers the next day. The San Francisco "Chronicle" described Jack's experience in a follow-up feature on page two:

Jack Morton, a Seattle disc jockey for station KVI, told his station in a phone call from Oakland that he was sitting in the rear section of the aircraft when it veered to the right.

"I was in 25A, right near the stewardess, and I said it looks like we're going back to San Francisco," Morton said, his voice still trembling. "She said no and brought my lunch.

"Then another stewardess came back with a steward and said, 'yes, we are going back,' and took the trays away.

An attendant reached into his briefcase and took out a pair of handcuffs.

"I said, 'A nut?' and he said, 'Yeah.'"

Jack had just flown from Palm Springs where he had done a Saturday remote from the ball park there. (KVI is carrying eight Seattle Mariner spring training games.)

The hijacker surrendered while the plane was refueling in Denver, five hours later.

Changes

Dave Cook, news director at KHJ-Los Angeles, and his assistant, Bob Morrison, resigned their positions Monday (3/13) in mutual agreement with Tim Sullivan, general manager. Dave said, "...We've decided to seek positions with stations that place more importance on news." Tim stated: "Dave and Bob are the best and I wish them luck." The two will remain at KHJ for the next several weeks pending settlement of their plans.

Beau Matthews left 96KX-Denver March 15th. He can be reached at 303-832-1393.

Frank Felix has left KBPI/FM-Denver to assume the Operations Manager position at 96KX. Gary Stevens, president of Doubleday Broadcasting, said there will not be any format change at 96KX.

Dave Thompson, P.D. at KJWB-St. Paul, Mn., sent a copy of the most recent "Pulse" and they're ranked number two in total audience behind a dominant WCCO.

KCRS-Midland, Tx., went 24 hours last Friday (3/10) and to celebrate they gave away \$24 an hour plus an album every 15 minutes.

Promotions

KRBE-Houston is running a "Super Rock Getaway" contest, giving away \$100,000 worth of cash and prizes. Listeners call or send cards to register. The first prize, a \$7,000 truck, was given away March 15th.

WJDX-Jackson held a "Gala Extravaganza" March 18 at one of the city's largest convention centers, Primo's Northgate, climaxing their "So You Want to be Famous" contest. In late February, they decided to take an "everyday average person" and make him or her a local celebrity. They selected 400 entries and invited these people to the banquet, then out of the 400, chose a bankteller as winner. A billboard displaying her picture will be erected in Jackson. She'll be driven to and from the banquet in a chauffeur-driven limousine and will take an all-expense paid, four-day trip to star-studded Hollywood.

WISE-Asheville gave away a year's supply of pizza and beer to a 218 lb. football player in high school who guessed the correct combined weight of the nine "Big Wise" jocks. "We're a 'heavy' station," Ray Williams commented, adding they weighed 1537 lbs.

WCBM-Baltimore had a clown contest when the circus was in town last week. Listeners had to dress up as clowns and compete for a \$100 check which was painted on the side of an elephant. How they did it, we don't know, but the check was cashed at high noon in a downtown Baltimore bank by the winner.

Correction

Last week in the regular "Changes" column we printed that J. Michael Pruett had become program director at WGAD-Gadsden, Al. Actually, Roger Gaither is still Program Director/Music Director at WGAD. Pruett moved from Q107-Muscle Shoals as morning man at WGAD.

KOUL-Corpus Christi's annual Johnny Rodriguez telethon for Cerebral Palsy raised over \$200,000. Willie Nelson, the Statler Brothers, Tom T. Hall and Charley Pride were only a few of the artists who appeared.

WPIK/WXRA-Alexandria, Va.'s, annual "Swim-in" for the Fairfax County YWCA raised over \$7,000 for the organization. "Shy Guy" Hamilton served as the honorary chairman and swam 301 laps of the pool for a distance of 4-1/2 miles. The event has raised \$31,000 for the YWCA over the past three years.

KERE-Denver will hold its fifth annual KERE Country Fair March 29th through April 1st at Cinderella City, one of the largest shopping malls in town. The Fair will include numerous contests, exhibits, giveaways and a series of free concerts by Zella Lehr, Roy Head, Jacky Ward, J.W. Ryles and Gary Stewart. Last year, with guest appearances by Charley Pride and Dave & Sugar, the Fair drew over 10,000 people.

For Easter, KRAM-Las Vegas is running a "Chicken Laying for Dollars" promotion. At remotes, they give out plastic eggs containing numbers that put the owners in the drawing for a grand prize trip. If stopped by spotters, people in cars that sport a KRAM bumper sticker are given eggs also.

Elsie Scott, whose son Gregg is operations manager for Plough Broadcasting, won the WFSR-Harlan, Ky., "D.J. for a Day" contest. The station sent her tape to Gregg. Contestants had to call-in and explain in 25 words or less why they wanted to be a D.J.

While the international motor show, Motion '78, took place in Toronto, CFGM ran the "Great CFGM Cover-up" contest. The winner received a mural painted on the sleeper cab of his rig, valued at \$1000.

KOTY-Kennewick, Wa., held a radio auction February 27th to raise funds for the local heart fund, raising \$1600 in ten hours.

KGRZ-Missoula co-hosted a practically sold-out Willie Nelson-Country Joe-Charlie Daniels Band concert with the University of Montana, March 11.

A Night For Wesley Rose

Sunday night, March 12, at the Opryland Hotel, Nashville, Bill Gavin joined some 500 music and radio people to honor publisher-producer Wesley Rose with a special tribute and "roast". Bill's comments follow.

Among the many roasters were Senator Baker, Mitch Miller (both of whom had only nice things to say), Archie Campbell, Chet Atkins, Eddy Arnold, Roy Acuff, Mike Shepherd, Rod O'Donnell and Bud Wendell. Frances Preston said she hated to cook, so she wouldn't roast Wesley but instead presented a tribute and a banquet of roses to Wesley's lovely wife, Margaret.

Among the many hilarious (and untrue) stories about Wes was one having to do with his reluctance to part with money. It seems that Wes had been mountain climbing when he slipped off a cliff and landed on a narrow ledge far below. When the rescue party called to him, he still remained silent and motionless. But when they called, "Wes, it's the Red Cross", he raised up weakly on one elbow and moaned, "I gave at the office".

It was a pleasure to greet many good friends again, including Connie B. Gay, Joe & Becky Talbot and their beautiful daughter, Jana, Jo Walker, exec. secretary of CMA and Lester Rose, Wesley's brother.

One of the stars of the show, I thought, was the elegant Opryland Hotel itself, artistically designed in the old colonial style so well preserved in Williamsburg, Va.

The roast was followed by a short show, which concluded fittingly with Mickey Newbury singing his unforgettable version of "Dixie".

Album of the Week
(reviewed by Ron Fell)

"Some Things Don't Come Easy"-England Dan & John Ford Coley (Big Tree) With the current single WE'LL NEVER HAVE TO SAY GOODBYE AGAIN (written by Jeffrie Comanor) doing so well on the rock and Adult Contemporary charts, much attention will focus on this album. Yet cuts like YOU CAN'T DANCE and Dave Loggins' LOVIN' SOMEBODY ON A RAINY NIGHT actually have more flare. And cuts like SOME THINGS DON'T COME EASY and IF THE WORLD RAN OUT OF LOVE TONIGHT further prove that a few selected artists can still produce a "pleasant" album that isn't boring.

Also recommended from the following LP's:

"Lines"-Charlie (Janus) SHE LOVES TO BE IN LOVE/LIFE SO CRUEL/L.A.DREAMER/NO STRANGERS IN PARADISE
 "Son of a Son of a Sailor"-Jimmy Buffett (ABC) SON OF A SON OF A SAILOR/THE LAST LINE/COAST OF MARSEILLES/COWBOY IN THE JUNGLE

 "Phonogenic Not Just Another Pretty Face"-Melanie (Midsong/MCA) KNOCK ON ME/LET IT BE ME
 "Lonely Hearts Club"-Billie Jo Spears (UA) LONELY HEARTS CLUB/THAT'S THE WAY IT IS/LOVER'S REUNION

Gary Taylor's Personal Picks

TWO DOORS DOWN-Dolly Parton (RCA) There has been a major musical overhaul between the album cut and the single, and this opened the door for contemporary radio to show its appreciation with a large number of immediate adds.

EXPRESSWAY TO YOUR HEART-Mike Finnigan (Columbia) The music syndrome of "mellow rock" has reached such proportions that many programmers must go to their gold file to find up tempo material. This release is a welcomed relief from "mellow"; it has its energetic moments, and while not being overly faithful to the original, it does it justice.

IT'S A HEARTACHE-Bonnie Tyler (RCA) That rough voice calls for a comparison with other singers, but comparisons would be meaningless. The singer and the song stand alone in their freshness.

BALTIMORE-Randy Newman (Warner Bros.) The distance between SHORT PEOPLE and BALTIMORE is miles wide. With this exceptional lyric, we're hearing the serious side of the singer/composer. Each line coldly paints a picture of life in a cement city.

Also Possible

STRANDED IN A LIMOUSINE-Paul Simon (Columbia) MAKE YOU FEEL LOVE AGAIN-Wet Willie (Epic)
 SKOKIAAN-Herb Alpert/Hugh Masekela (A&M) MAMA LET HIM PLAY-Doucette (Mushroom)
 DANCE ACROSS THE FLOOR-Jimmy "Bo" Horne (Sunshine)

Publisher's Memo

From time to time some of our newer correspondents have expressed curiosity about our system of record research, particularly with reference to the listings on our front page. Here's how it works:

All the information used to make up page one is supplied by weekly reports from close to 300 top 40 radio stations, which are also paid subscribers to The Gavin Report. We use no information sources outside of radio. The majority of our correspondents phone in their reports on Tuesdays and Wednesdays - at their own expense, by the way. Our research staff tabulates the records according to chart position at each station, plus phone request and call out response, with notations on demographic patterns where available.

Our front page Top Twenty reflects an average - a consensus - of local chart listings from our correspondents. Extent of airplay is not a determining factor. Our "Gaining In Several Markets" section might be regarded as a continuation of our Top Twenty, being derived from a consensus of correspondents' chart listings. Underlines here indicate best prospects for continued growth. Conversely, lack of an underline indicates lesser prospects for future gains and often indicates that the record has peaked at some stations. At the bottom of this column appears a "Gaining" section, listing records that are showing some positive listener response, but not enough to justify a "several markets" tag.

"Regional Sales and/or Requests" are mostly newer singles which are starting to "look good" in a few areas, but not yet enough to provide the degree of certainty required for a higher ranking. Here again the extent of airplay is not a factor. An underline here indicates especially strong reports from a few correspondents.

Our "Picks & Plays" section lists the dozen or so singles that have received the most "picks" or "adds" by our correspondents during the week. We have no arbitrary number of picks as a requirement for an automatic listing. The minimum number of these airplay reports may vary from week to week.

The "Top 40 Station Reports" listed on pages 7 & 8 provides significant research highlights of chart action and airplay on most of the page one listings, with the exception of records appearing in the Top Twenty for two weeks or longer.

Even since its inception almost twenty years ago, The Gavin Report has supported itself entirely and exclusively on subscription revenue. No advertising is solicited or accepted - a unique distinction in our business. Most of all, however, our survival and growth have been made possible by the loyalty and confidence of our correspondents. This growing legion of radio reporters has consistently upheld our standards of integrity and accuracy. Their list of names in each week's publication we regard as a radio honor roll.

In Memoriam

It is with deep sadness that we learn of the death of a dear friend, Alene McKinney. She had served as music director of KMPC-Los Angeles for almost fifteen years, until her retirement last January. Alene began her career in broadcasting 40 years ago as a staff pianist for KFAB-Lincoln, a station that has since moved to Omaha. During all her more recent years of auditioning and programming phonograph records, and even with the changing musical patterns brought about by the rock and roll explosion, she was able many times to distinguish herself and KMPC by being among the first to pick a new hit. Her warm, cheerful friendliness made her a prime favorite among the music and record people.

A memorial service in her honor was held Wednesday (14th) at Hiefer & Eyerick in Glendale. Funeral services were scheduled for her native city of Lincoln. Friends wishing to make charitable offerings in her memory are requested to mail donations to the Verdugo Hills Nurses Association, 135 South Maryland Avenue, Glendale, California 91205.

We will miss her.

THE GAVIN REPORT #1195
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: OUR LOVE-Natalie Cole (Capitol) Memphis (WHBQ), Atlanta (WQXI), Philadelphia (WZZD), New Haven (WAVZ) and Houston (KILT) were first to show the record's crossover potential.

Sleeper of the Week: LET'S ALL CHANT-Michael Zager Band (Private Stock) Advance information from the following correspondents may be indicative of further growth: WGTR (19), WKKY (19), WRFC (23), Y100 (24), WGNI (24), WBTR (24), 13Q (26), WQNZ (26), and KCBQ (28).

Hot: THE CLOSER I GET TO YOU-Roberta Flack & Donny Hathaway (Atlantic) Well accepted, particularly in the major markets.

Top Tip: IMAGINARY LOVER-Atlanta Rhythm Section (Polydor) From Top Prospect to Top Tip in one week indicates this is definitely more than just a Southern regional record.

Records to Watch: ON BROADWAY-George Benson (Warner Bros.) Starting in San Francisco (KFRC & KYA), Stockton and San Luis Obispo. On in Houston, Miami, Atlanta, Wilmington, Richmond, and sixteen other cities.

FANTASY-Earth, Wind & Fire (Columbia) The gains in the Northwest and Midwest demonstrate its broad acceptance.

Top New Add: YOU'RE THE ONE THAT I WANT-John Travolta & Olivia Newton-John (RSO) The title and the artists' names may be long, but the list of stations "out of the box" is longer.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay:

(In Order)

- Jackson Browne
- Little Feat
- Warren Zevon
- Eric Clapton
- Bob Weir
- Journey
- Billy Joel
- Robert Palmer
- Manfred Mann
- Sea Level

Notes: Through a period of depressed intensity where several records are getting moderate attention, it is reassuring to have some working theories upheld. For example, it is true that the Midwest tends to be conservative, that radio there is slower to play new names and slower to stop playing established artists. Hence, the Jackson Browne and Billy Joel, two LP's which have peaked elsewhere still thrive in the Midwest. Conversely, the NE and the West tend to be faster on the uptake. Hence, relatively new names like Warren Zevon and Bob Weir are strongest in those regions. Finally, Sea Level stays in the national top 10 by virtue of its strength in the South, naturally.

New Progressive Airplay:

(In Order)

- Jefferson Starship
- Atlanta Rhythm Section
- Fotomaker
- Walter Egan
- Outlaws
- John Martyn
- The Rutles

Notes: Starship propels itself onto the radio in a way that implies that it will dominate the charts next time. Atlanta Rhythm Section starts nicely too. But, their immediate strength grows out of their Southern home base. Fotomaker, also starts impressively especially for a new name. The rest of these new LP's follow normal patterns. Of special interest is The Rutles. It is hard to tell how an LP like this will go. Will it be a short term curiosity or will it take on a life of its own?

Singles & Imports:

Singles: Far and away the leading progressive single is the newly released Patti Smith record. Following it are the Tom Robinson Band, the Alan Clarke, the Atlanta Rhythm Section, Wings and Henry Gross, in that order.

Imports: Eno and Nick Lowe dominate import LP activity. Somewhere lurking in their shadows are Bill Bruford, Edgar Froese, and the Tyla Band.

The following new tracks are finding their way onto progressive radio air:

- | | |
|--|--|
| Jefferson Starship-LOVE TOO GOOD/ALL NIGHT | Van Halen-YOU REALLY GOT ME/RUNNIN' WITH THE DEVIL |
| LONG/RUNAWAY/COUNT ON ME/FIRE | Be Bop Deluxe-ELECTRICAL LANGUAGE |
| Manfred Mann's Earth Band-QUINN THE ESKIMO/
CALIFORNIA/CIRCLES | Robert Palmer-EVERY KIND OF PEOPLE/NIGHT PEOPLE/
YOU'RE GONNA GET WHAT'S COMING |
| Fotomaker-WHERE HAVE YOU BEEN ALL MY LIFE? | Tom Robinson Band-2-4-6-8 MOTORWAY |
| Little Feat-TIME LOVES A HERO/DIXIE CHICKEN/
FAT MAN IN A BATHTUB | Bob Dylan-ISIS/IT AIN'T ME BABE |
| Walter Egan-STAR IN THE DUST/HOT SUMMER | Robert Gordon-THE WAY I WALK/FIRE |
| NIGHTS/SWEET SOUTHERN BREEZE | Chick Corea-THE WOODS |
| | Hoodoo Rhythm Devils-WORKIN' IN A COALMINE |

Gavin's Gab

Promotions

KAKE-Wichita's Easter promotion involved raw eggs and \$500 in prize money. At Wichita's Towne East Square shopping center, KAKE staff, including morning host, Gene Rump, threw raw eggs from 46 feet above the floor of the center. In order to win, participants had to catch the eggs in tact. Enough were caught to make the winnings average \$18 per person. The losers ended up with egg on their faces.

KNOW-Austin is celebrating its 56th anniversary the weekend of March 24-26 with 56 hours of continuous music, free cake and punch and special interviews, with an expected 20-25 former KNOW jocks. As part of the festivities, the station recently held its 50th Annual Kite Flying Contest for a crowd of 7000. Five winners from the first contest, held in 1928, were present and one gentleman (78 years young) flew his kite again. There were trophies, ribbons and other prizes.

KEYS-Corpus Christi closed the two blocks of streets around the station last Saturday, hooked up a disco sound system on their roof and held a "Saturday Night Fever Street Dance" for 5500 people. There was a dance contest held on the mezzanine floor of the building where winners were crowned "King and Queen of the Disco." The entire event was broadcast, commercial free from 8 to 11:30 PM.

WLLL-Lynchburg held a "Werewolves of Lynchburg" write-in contest last week that required listeners to explain how they qualified as werewolves. Winners were picked up by the station and allowed to demonstrate their wolfish tendencies over the air, which could be considered a pain in the neck.

Benefits

Y100-Miami is sponsoring the Dade County Youth Fair, the "largest youth fair in the country," according to Colleen Cassidy. Over 400,000 have attended the ten-day affair since March 17th. Colleen said the "Studio 100 tent" is featuring the Sylvers, a disco show and an amusement arcade. The station also sponsored both the Miami and the Fort Lauderdale March of Dimes Super Walks on March 11th. An estimated 12,000 people walked part or all of the 20 mile distance. Three members of K.C. & the Sunshine Band walked the entire length. The Band also performed for the crowd.

WFBC-Greenville will stage an "April Fool's Disco Dance" on April 1st, changing their frequency, 94.4. Proceeds will go to the City Recreation Commission which is trying to raise \$1000 for a current project. Kim Rogers also informs us their Easter Egg Hunt, held two weeks ago at Wolper Mountain State Park, was highly successful with over 6000 people participating. The station gave away four ten-speed bikes and hundreds of smaller prizes.

On April 1st, WJDX-Jackson will co-sponsor a "Zoo Day" with a well-known fast foods chain. Tickets have been sold and an estimated 50,000 people are expected at Jackson Zoo. An arts and crafts fair, a dunking booth with WJDX jocks and a special appearance by Kurt Kilpatrick will highlight the day. Kurt is part of the WJDX comedy morning team with Bob Burton. He's so well-liked locally, they're naming the orangutan that proceeds from the event will buy for the zoo, after one of Kurt's best-known voices "Red Wood." A plaque on the monkey's cage will make that fact know.

Country Club

When the weather finally hit 50 degrees last Monday (3/20), KSO-Des Moines welcomed the first "warm" day of the year with the "First Annual KSO 50 degree Party." They held a "kegger" for 1500 people at a local restaurant and consumed nine kegs of beer in a matter of hours.

WFSR-Harlan is running an "Untangle the Jangle" contest for a grand prize of a week's vacation in Florida. Eighteen country star voice tracks have been edited into promo sentences containing four tracks each. Sponsor's commercials give clues and are aired at the rate of one per hour. Listeners must identify the stars to take part in the drawing and while gift certificates are given away at the end of each week, the grand prize drawing will be in six weeks.

WXYQ-Stevens Point gave away real shamrocks on St. Patrick's Day and considered the move very successful, since the population is 80 percent Polish in Stevens Point.

WOOO-Orlando's "Money Machine" van supplied soft drinks to 1000 kids participating in the local March of Dimes walk-a-thon earlier this month.

Frank Boardman, who was news director at KENR-Houston at the time of his death a year ago, was posthumously awarded the "Frank Boardman Memorial Radio News Journalist Award" by the Texas Municipal Courts Association. Boardman's broadcast journalism career spanned almost four decades and he won many awards over the years. He was news director at KENR from 1971 to 1977.

Regional Meeting: The key speaker at our regional meeting in Seattle on April 1st & 2nd will be Bill Moyes, president of The Research Group, who so ably participated in the "Building Tomorrow's Audience" panel in Nashville. We hope to see many of you in Seattle.

Country Radio Seminar #9
"The Future of Our Country"

Nashville weather is extremely changeable. On Friday, 3/17, flurries covered the ground but melted the same day. Sunday saw 75 degree weather. The weather didn't affect the seminar, however, and attendance was higher than ever before. Tentative plans for next year include a move to a larger hotel.

Dr. Morris Massey's "Where You Are Now Is Where You Were Then" was a very effective video presentation exploring the development of prejudicial ideas and learned habits as they pass from generation to generation and their effect on communication. The CRS committee is thinking about renting the film to stations that might be interested in showing it at staff meetings or using it for a local community involvement promotion. If interested contact the seminar at Box 12617, Nashville, Tn., 37212.

Two all-round informative panels were "Engineering Your Future," with Eric Small and Ted Cramer, and the music research panel, moderated by Dan Halyburton.

Due to unforeseen circumstances, Ted Roscutti, AM & FM Audio Consultant, was unable to attend and discuss the future of AM Stereo. Ted Cramer read Roscutti's report and Eric Small answered pertinent questions from the audience. Eric Small discussed several new concepts to aid broadcasters, including his plans for a computerized programmer named Telesis.

More and more country programmers are using research. Several, including Dan Halyburton, outlined their research procedures. It was emphasized that in conducting call-out research, where telephone directory numbers are selected at random, asking the right questions is critical to obtaining meaningful responses, and that the questions be carefully worded so as to avoid influencing the answers. It was also pointed out that, properly used, call-out research can help to eliminate tuneout factors and to identify burnouts.

Highlights of every panel pointed to research as an important part of country radio's future. Incidentally, all the Gavin correspondents who attended are young, bright and beautiful.

Album of the Week
(reviewed by Ron Fell)

- "Meet Me At The Crux"-Dirk Hamilton (Elektra) Though his career may have been set back by the release of two mediocre albums in recent years, "CruX", if given a fair listen, will set the record straight. His pithy lyric and excellent arrangements portend great things to come. The album's high point is MOUTH FULL OF SUCK (a song about vampires, nothing more - nothing less) and the rest of side one - BILLBOARD ON THE MOON, ALL IN ALL, WELCOME TO TOYLAND and TELL A VISION TIME - make for great listening.
- "Every Time Two Fools Collide"-Kenny Rogers & Dottie West (U.A.) This could well be producer Larry Butler's finest hour. The blending of these two fine solo performers is made successful by picking perfect songs and arranging them with an aesthetic grace seldom heard in contemporary music. Their current single EVERY TIME TWO FOOLS COLLIDE, YOU AND ME, BEAUTIFUL LIES, WHY DON'T WE GO SOMEWHERE AND LOVE, BABY I'M A WANT YOU, ANYONE WHO ISN'T ME TONIGHT, and WE LOVE EACH OTHER showcase this new duo in fine style.
- "Pure Pop For New People"-Nick Lowe (Columbia) This guy is crazy. Lowe is to be credited, or blamed (as the case may be) for some of the more recent new wave material migrating here from England. And, after listening to this album it's hard to believe he's so closely associated with Elvis Costello when you consider the grim nature of Costello's music and then listen to Lowe's quaint and, at times, cute renderings. A fair sample of his genius can be heard on SO IT GOES, BREAKING GLASS, HEART OF THE CITY, ROLLER'S SHOW (give us a break, Nick) NO REASON and NUTTED BY REALITY.
- "New Day"-Airwaves (A&M) The trio is an amalgam of journeymen British rockers from bands like Deke Leonard and Dave Edmunds and this is their first try on their own. A casual tracking of LOVE STOP, SO HARD LIVING WITHOUT YOU, NOBODY IS, HIDEAWAY and GO GETTER will display tight harmonies and well recorded instrumentation. Don't overlook this album.

Gary Taylor's Personal Picks

FOLLOW YOU FOLLOW ME-Genesis (Atlantic) The group has salvaged an otherwise slow music week with their latest creation. The clever background material heightens the pleasure of listening to a polished vocal that could establish Genesis as a "pop" act.

YOU'RE THE ONE THAT I WANT-John Travolta & Olivia Newton-John (RSO) The past four weeks have been remarkable in the large number of programmers who have gone on new, untested product. They have jumped early on the England Dan, Jefferson Starship, Wings and this release from "Grease". This mention may be a little late, but it conforms with the seventy-eight stations that have already added the record.

Also Possible

DEACON BLUES-Steely Dan (ABC) **IN THE RIGHT DIRECTION-Dragon (Portrait)**
YOU GOT THAT RIGHT-Lynyrd Skynyrd (MCA) **GONE DEAD TRAIN-Nazareth (A&M)**
GIVE A LITTLE MORE-Robert John (Ariola) **WEST SIDE ENCOUNTER-Salsoul Orchestra (Salsoul)**

Comment

Close observers of page one may have noticed that the Paul Davis record has been dropped. This in itself is not unusual except that it had been on our front page since July 29, 1977, and was listed as "Gaining In Several Markets" since September 2nd--a total of 35 weeks. It matters little whether this establishes a record for longevity. It is noteworthy that this was potentially one of the most mass accepted records available, and its endurance here resulted from thorough research on the part of our correspondents (and the tenacity of the record company.)

Perhaps it's unfortunate that the radio community didn't play this release simultaneously because, where played, it was at least top ten. Spread out over seven months however, the absence of a national consensus at any one time impaired its qualifications of higher chart listings. The point of this comment is to commend the programming people for doing their homework. Had they not, that hit would have been lost months ago.

Gavin's Gab (cont'd. from pg. 11)

WNOE-New Orleans will sponsor a March of Dimes Pledgewalk on April 1st. Leif Garrett came to the station and helped sign up 4000 people. He was taken to several points around the city and encouraged pledges with autographs.

The KFXD-Boise basketball team won third place in a benefit for polio, the Immunization Action Tournament. After a 35 game, four year losing streak, the team was elated when handed the trophy by Governor John Evans of Idaho.

Requests & Changes

Starting the end of March, **KISD-Sioux Falls** will celebrate its 12th anniversary as a Top 40 station. In addition to playing old rock songs dating back to the station's debut as a Top 40 outlet in 1966, they've tied bits of songs into a promo of 12 and will run a contest asking listeners for the titles, artists and year, in the order played. Grand prize is a customized 1966 luxury car. Tom requests calls from artists and former KISD D.J.s for on-air greetings. Call him at 605-336-1230 and reverse the charges.

KKIQ-Livermore will celebrate their fourth anniversary next month. They also request calls from artists for on-air greetings.

Correction: Last week in our "Service" column we printed **WSJM-St. Joseph, Miss.** Actually, St. Joseph is located in Michigan and so is the typist who made the error. They still need singles and albums from Motown, Capitol, Arista and Private Stock.

THE GAVIN REPORT #1196
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: SWEET TALKIN' WOMAN-Electric Light Orchestra (U.A.) From its first appearance in late February the trend has been upward.

Sleeper of the Week: TOO MUCH, TOO LITTLE, TOO LATE-Johnny Mathis & Deniece Williams (Columbia)
The following turned up in this week's research: WFRC (5), KTEM (10), WFLB (13), WALG (17), WDRQ (21), KSLQ (22), WZZP (25), WTIC (25), WQXI (26), WVOV (26), WORC (28), WGAD (28), WANS (29), WLCY (30), WISE (30) and WQOK (30).

Hot: COUNT ON ME-Jefferson Starship (Grunt) Ranks number seven in comparative airplay while moving 30 to 23 in chart averages. Looks promising.

Top Tip: YOU'RE THE ONE THAT I WANT-John Travolta & Olivia Newton-John (RSO) Regardless of its newness, programmers' confidence dictates this listing.

Record to Watch: MOVIN' OUT-Billy Joel (Columbia) Here is a sampling of chart activity: WNBC (3), 99X (9), WFIL (17), WZZD (18), KRSP (24), KJR (24), WRKO (26) and 94Q (27). Other moves are listed on page 8.

Top New Add: EGO-Elton John (MCA) In spite of the fact that some major market correspondents express doubts about the record's hit potential, the artist's name value has attracted 65 new adds this week.

Midwest Conclave Meeting

The third annual Upper Midwest Communications Conclave will take place May 18-20 at the Radisson Inn Plymouth in Minneapolis and will feature panelists, moderators and participants with viewpoints on many areas of our industries. Topics for discussion will include radio sales and production, station research, workshops for programmers and record people and a session on engineering and legal aspects. Bill Gavin and Bob Wilson will be honored for their publications' contributions to the industries at luncheons on Friday and Saturday, respectively. The Conclave encourages radio people from smaller markets to attend because several panels will concern themselves particularly with the day-to-day operation of such stations. For details, contact the Conclave at Box 6303, Minneapolis - 55406 or call Dick Hansen at 612-721-2481 or Doug Lee at 612-544-4487.

Egg Hunts

Bob Kitzmiller, program director at WNUE-Fort Walton Beach, Fla., reports their sixth annual Easter Egg Hunt drew its largest turnout yet with 5000 people. The staff buried 4000 plastic eggs in the sand Easter morning and all were found. Some contained gift certificates for such prizes as bicycles and walkie-talkies. A day later, Bob was presented with an award of a highly unusual nature. The Clyde Beatty-Cole Brothers circus was in town for three days and as a promotion, invited Bob to participate in an elephant race. The trainers kicked-off the animals and they raced for 50 yards. Bob said, "I lost by half a trunk." That afternoon, circus people presented him with a box of elephant dung on the air.

KOFM-Oklahoma City brought the bunny to the kids in style last Saturday (3/25). During their Egg Hunt, the Easter bunny arrived and departed in a black limousine with police escort to the delight of 1000 children between the ages of three and 11. According to Music Director Chuck Morgan, "The kids braved the cold 40 degree temperature and the freezing wind off Lake Hefner to find over 6000 candied eggs." Some eggs were tagged for skateboards, bicycles and other prizes.

Spring

WTSN-Dover is running a Spring "Clean-Up" promotion using auto litter bags. People pick up the numbered bags at stores and listen to the station for winning numbers. Prizes consist of different appliances.

WQID-Biloxi is also into Spring cleaning. The jocks are washing cars for charity all up and down the Mississippi Coast from Pascagoula to Bay St. Louis, according to Program Director Bob Lima. To the music of CARWASH, the station broadcasts live reports from the scene, usually at gas station-car wash combinations. The "WQID Carwash" was so successful last year, they decided to make it a yearly event. The WQID jocks were not overly enthused.

Cops 'n' Jocks

KZUE-Oklahoma City jocks jumped right up when the local Fraternal Order of Police challenged them to a game of tackle football for Easter Seals March 25th. Pound for pound, the cops outweighed the jocks by 30 lbs. each and not only did the jocks lose 18-15, by the end of the game, six were visiting the hospital with an assortment of injuries. Barry Shannon said he had to have his knee drained. Consolation was the fact they raised \$1600 for the charity.

In another game, Dan Vallie reports the WCOS-Columbia, S.C., softball game with John Denver and his band last month ended in victory for WCOS, 5-1.

The KOY-Phoenix softball team, the "Marauders," will be in Los Angeles April 15-16. They'd like to line up some competition. Those interested should call Dan Armstrong at 602-258-8181.

Inside Progressive Radio (by George Meier, Editor of Walrus)

Increasingly, the really great music made, the artistic masterpieces, do not get played on the radio. If that is condemnation so be it. A potential case in point is the new Lou Reed album called Street Hassle. It isn't pretty and it is strewn with dirty words. But, at its best it is all of art that the three minute song form can handle. Reed, with or without, this musical statement is a very important character currently. It is his former group Velvet Underground which provides the philosophical as well as musical rooting for much of new wave music.

Talking about new wave, there is a collection of several artists of that persuasion on an LP called Stiffs Live. The humor is intended. Lead by Elvis Costello and Nick Lowe the album boasts consistent quality.

Kris Kristofferson, on the other hand, seems to have some quality control problems. While he can be a wizard writer, he also can fizzle enthusiasm with a lethargic presentation. He blows hot and cold.

There are some noticeably well drafted albums which bear mentioning without much discussion. Solid efforts by Maria Muldaur, Melanie, Jimmy Buffett and Atlanta Rhythm Section keep them favorably in mind.

Finally, two albums are notable for their creativity. Roberta Kelly's Gettin' The Spirit is the first disco gospel record and must be logged in the great music archives as such. And the pre-fab four make nothing less than a magic mark. The Rutles Forever or at least until next week.

Country Club

Richard Holcomb, general manager at WTCR-Catlettsburg, Ky. has a limited number of copies of a Country Radio Seminar Air Check/Promotion album available. Designed and pressed by Shelby Singleton, the two-record set costs \$9.95 and contains air checks from 98 different country stations in all size markets. If interested, mail checks to Richard at WTCR, made payable to "Country Radio Seminar." (Radio Park Rd. - 41129)

A public controversy was aroused when Houston Police Chief, Harry Caldwell, announced in early February that his officers could no longer wear cowboy boots. He backed down after a storm of protests and allowed the men to wear boots at the Livestock Show and Rodeo February 25 through March 5. KENR took a poll at the Show: "Should the officers be permitted to wear boots?" A group was hired to tally the ballots and out of 66,715, 94.2 percent favored boots. Chief Caldwell says however, the force must "clean up their act" before they get their boots back. The crowd that participated in KEED-Eugene's Third Annual Easter Egg Hunt was more than triple the number that attended their previous Hunt. Last year, 300 showed up and this year, 1000 came. The plastic eggs, hidden throughout Eugene's Amazon Park, contained certificates for gifts ranging from hair dryers to stuffed animals.

KWMT-Fort Dodge, Iowa, observed Agriculture Day on March 20 by giving away copies of Cal Smith's I'M JUST A FARMER. Cards poured in from all over the state, making the drawing a very successful one.

WJVA-South Bend's version of bingo, the "Great American Music Game" is in full-swing. Instead of numbers, artists names are used. Listeners pick up cards at sponsor locations and when an artist is played, they cover the square. As soon as five squares are covered, the first call to the station wins a prize.

The WCOS-Columbia "Great '98 Gang" has been seen frequently driving a new telephone-equipped compact around the city. The Gang periodically calls the station and gives their location. The first person to approach the car, after hearing the whereabouts, receives a baseball, a hot dog and an apple pie. At the same time, they sign up for the grand prize drawing, the car.

KBUY-Amarillo's "Texas Stash" consists of \$3000 worth of stereo equipment. The station is giving it away, in parcels worth \$200 each, to numbered callers.

WFMS-Indianapolis' first St. Patrick's Day "Jello Jump" saw 1000 people jumping into 400 gallons of green jello for cash and prizes. Remember the song, "Great big gobs of gooey gooey..." well, it got great reactions in Indianapolis.

An inspiring story about a 24-year old blind air talent named Bill Deas at WCOS/FM-Columbia, appeared in the Columbia Record newspaper March 20th. The station sent us a copy of the article and some of the details about his experience are worth sharing. Mike uses a Braille typewriter to code the tapes to be played during his 2 to 6 AM shift so they can be easily identified. The staff helps by reading weather reports and ad copy to him so he can type them in Braille. Blind since the age of five months, he attended the University of South Carolina College of Journalism and has worked with several different stations in Sumter and Columbia. He's developing a personal style and most of his listeners don't know he's blind. "Now there's a word I hate--handicapped," he says. "If somebody asks about me, don't tell them 'he's handicapped,' say he's blind--that gets them by the first stigma."

Albums of the Week
(reviewed by Ron Fell)

"London Town"-Wings (Capitol) McCartney continues his migration from the rock music world into the mellow tropics of pop. Apparently the Band-on-the-Run-sound has been forsaken for more silly love songs. And, conspicuous in their absence are the two sides of his previous single, GIRLS' SCHOOL, and MULL OF KINTYRE. All this aside, no less than six cuts are of special merit: LONDON TOWN, CAFE ON THE LEFT BANK, I'VE HAD ENOUGH, WITH A LITTLE LUCK, DELIVER YOUR CHILDREN, DON'T LET IT BRING YOU DOWN.

"Trigger"-Trigger (Casablanca) Some of the real fun of wading through scores of new albums each week is finding a group like this, writing a complimentary review and then, six months later, saying we told you so. Trigger, a quartet of rockers I admit knowing nothing about, is spectacular. Try these cuts on for size and see if you don't agree: DON'T STOP YOUR LOVE, I THINK I'M READY, I'VE HEARD THAT LINE BEFORE, ROCKIN' CROSS THE U.S.A., and SHAKE IT UP.

"This Year's Model"-Elvis Costello (Columbia) If this Costello album had been released before "My Aim Is True", his impact would have been more pronounced by now. "This Year's Model" is more "produced", less "raw" and easier for American listeners to appreciate. We don't suggest that any one trying to get a handle on this new direction in music can marvel at Costello or other "new wavers" on their first encounter but a selective sampling of Mr. C's LIP SERVICE, PUMP IT UP, LITTLE TRIGGERS and THE BEAT can be most convincing.

"You Can Tune A Piano, But You Can't Tuna Fish"-REO Speedwagon (Epic) REO's strength has, in past albums, come from the Midwest, (St. Louis in particular) but the regional barrier should be torn to shreds with this set. ROLL WITH THE CHANGES, despite a minute and a half instrumental bridge, is the prime cut with RUNNIN' BLIND, BLAZIN' YOUR OWN TRAIL AGAIN, DO YOU KNOW WHERE YOUR WOMAN IS TONIGHT and THE UNIDENTIFIED FLYING TUNA TROT also warranting airplay.

Also recommended from the following LP's:

"Love Is The Stuff"-Henry Gross (Lifesong) ROCK 'N' ROLL I LOVE YOU/LOVE IS THE STUFF/ONLY THE BEAUTIFUL/CREEPING JENNY

"Magazine"-Heart (Mushroom) HEARTLESS/JUST THE WINE

"If That's The Way You Want It..."-Hot (Big Tree) ONE DAY AT A TIME/IF I'VE EVER NEEDED YOU/IF THAT'S THE WAY THAT YOU WANT IT/JUST BECAUSE YOU WANT IT DON'T MAKE IT YOURS

"Starting All Over Again"-Don Gibson (ABC) STARTING ALL OVER AGAIN/HERE COMES THE RAIN BABY/ THE FOOL/OH, LONESOME ME

"Back To Back"-Bad Boy (U.A.) IT'S ALL RIGHT/ACCIDENTAL/ROCK AND ROLL BLOOD

"Burning The Ballroom Down"-Amazing Rhythm Aces (ABC) ASHES OF LOVE/DELLA'S LONG BROWN HAIR

Publisher's Memo

Reader response to our recent memo has brought inquiries about other portions of our publication. We're happy to oblige.

Let's start out with "Correspondents' Corner", which begins on page 2. Rock correspondents are listed in approximately regional rotation, beginning with the Northeast and winding up in Canada. Our selection of the single record listed for each correspondent is determined by our judgement of its interest value. It would not be news, for instance, that any station is playing a Bee Gees record, but it would be significant if a station reported heavy phone response to a lesser known artist.

Because of widespread programmer interest in new adds on certain key stations, we list these on page 9 and omit them from "Correspondents' Corner". In this "New Adds" section, each station receives a full line, permitting the listing of from four to six picks.

The Adult Contemporary section, which begins on page 3, started out under the name of "Non-Rock Programming". With the incursion of rock music into adult programming, we created the title of "Adult Contemporary". Every week Ron Fell researches record action reports from over 100 A-C correspondents, about half of which come in by phone. Every record mentioned in a report is researched. The weekly average is well over 125 titles. Each mention receives a certain number of points, which are determined by chart position, airplay, and request action. Points are totaled, and the records go on the top 30 chart according to numerical rank. A listing in the "Correspondents' Preferred Picks" section requires a mention of 10% or more reporters. We list records from correspondents' reports by artist only, and our listings represent uncharted airplay unless otherwise designated. The "Action Sides" section represents those records making research gains and coming closest to the Top 30 in total point count.

The "Black Radio" section of page 4 started out in 1964 as the "Rhythm & Blues" section. But since no one could accurately explain what rhythm & blues actually meant, we changed the name. Kal Rudman helped us out with this section for several years by collecting correspondent data from a number of black stations in the East and South. These reports were combined with those gathered by this office, and we made up the page here according to the total points. When Kal decided to go into independent record promotion the section was edited by our Carole Tierney. When she left us in 1970, Betty Hollars took over, and has been doing the page ever since. Even though the number of our correspondents in black radio is comparatively limited, their reports are mostly from key markets and are very complete.

....Next week: Country Music and Album Programming.....
