NEW KIDS ON THE BLOCK

INSIDE TOP 40 by Dave Sholin

Those cries of "Please, no more ballads" are just as loud as they were before I left for vacation two weeks ago. While there is some relief being supplied from rockers headed up the chart, the top ten is dominated by the softer end of the musical spectrum. **GEORGE MICHAEL** continues to be the biggest of 'em all by a wide margin. His grip on number one is strong enough to expect him to stay on top for at least another week. In fact, you have to go back to April 15th to find an uptempo tune ("Get Outta My Dreams...") at number one. Are we headed for a mellow summer?

PRINCE LOVE & SEXY

Twice as many stations move **PRINCE** into the top twenty as his **HIT FACTOR** doubles from 28% to 56%. Jeff Jennings at Z95.5 in Detroit reports heavy phone action and top ten sales for the past three weeks, and says it's "just incredible." Big gains at WQGN 28-19, WHDQ 27-19, WYAV 23-16, WPST 22-16, WQIO 28-18, WQLK 27-19, KITY 20-14, KIIS 17-10, Y97 23-15, KPLZ 28-16, etc.

More conversions into the top twenty for **POISON**, who are helping fill the rock 'n' roll void. As expected, it shows up top ten in requests just about everywhere. Moves of five places or more at KPKY Pocatello 26-17, KGOT Anchorage 29-19, POWER 104 Houston 24-15, KCPX Salt Lake City 31-26, FM104 Modesto/Stockton 18-13, WXXQ Freeport 25-20, KKKL Grand Forks 25-19, WMMS Cleveland 31-22, WFMF Baton Rouge 28-22, 106X Florence 27-18, PRO/FM Providence 29-18, etc.

Looks like "Girlfriend" was just a warmup for **PEBBLES**. Rapid chart growth in all regions with a big **HIT FACTOR** increase of 12% to 24%. Debuts in the top twenty-five at Z104 Madison, WHHY Montgomery, Z103 Tallahassee, KOY/FM Phoenix, KIIK Davenport, Z100 New York, etc. Added at B104, WJET, Z95, WKLQ, LG73, KOZE, WDEK, WFBG, etc.

When **AL B. SURE!** became the **RECORD TO WATCH** April 15th, he only had 43 believers giving him a shot. This week he adds 34 stations to his total, putting him over 200 reports for the first time. Sean Lynch and Chet Buchanan take it 15-10 at Z100 Portland with other top ten rankings at Y108, KATD, KWXX, KMEL (#1), KITY, Z100 and HOT 103 New York, WTIC, WANS, WCGQ, WHKW, KMGX (#1), etc.

Stations continue to confirm that **BOZ SCAGGS** is a big favorite with adult females. Sunny Joe White and Jerry McKenna chart it top ten 11-8 at WXKS Boston, as does Bill Shannon K104 Erie, listing it 11-7. **HIT FACTOR** is up to 20% with top thirty debuts at WMJQ, WANS, KJEZ, KQAA, KAGO, Y108, WHHY, WMMY, PRO/FM, etc.

INXS NEW SENSATION

EW SENSATION KICK

INXS is in place to make it four in a row. Another 19 adds move them close to a total 30 reports. Scoring big at POWER 105 28-20, KQIX 27-18, KLBQ 30-22, Z104 25-16, WSPK 27-22, WXKS 31-25, WBBQ 25-20, WCAT 30-23, Y104 28-21, WLZ 22-16, Z95.5 26-20, KFBD 25-16, KKYS 30-23, KS104 16-11, KDON 23-17, KREO 27-19, KHSS 22-17, etc.

Another hot 'n' heavy entry in the Top 40 rock race is **DEF LEPPARD**. This fourth single from *Hysteria* is showing all the signs of being the biggest winner from that platinum LP. Debuts in the top thirty for Cathy Cruise WNVZ #27, Duff Damos WIFC #27, Bob Dickey WYHT #24, Scott Free KHSN #24, Bob Harlow and Gary Weinstein KATD #23, Clarence Barnes Z94 #23, Mark St. John and Barry Bridgeman WAVA #28, etc.

No chartbound stop for **BREATHE**, which is turning into a major winner everywhere it goes on. Top five at KMEL, KCPX, Z104, KTRS, WCIL, KFTZ, KFIV, KATD, with hot gains at KWSS 15-9, K100 26-18, KSLY 23-15, PRO/FM 12-5, WBNQ 31-24, etc. New on Y100, WLOL, BAM99, EAGLE 106, WKQB, Q102, WPFM, WIAL, KKYK, K-STAR, etc. Looks like it'll continue well into summer.

Few new artists score four hits off their debut albums, but it appears **RICHARD MARX** is joining **DEBBIE GIBSON** in that elite group. Charts top thirty at KCPX (#16), KBBZ, KXFM, KSLY, KEWB, WLLI, WLXR, WNCI, WKOR, KCIL, POWER 96, B94, KZFN, KMGZ, etc. Adds include POWER 96 Miami, Y108 Denver, B93/FM KCPW Kansas City, WGGZ Baton Rouge, 94Q Atlanta, WCIL Carbondale, 100KHI Ocean City, etc.

Positive picture developing on **CLIMIE FISHER**, taking a healthy 22-15 move for Tim Fox and Denise Lauren at WKTI Milwaukee. Also off to a great start at KBQ St. Louis debut #27, WLXR La Crosse 27-22, KEZY Anaheim 29-26, Z94 Boston 23-19, KIXY San Angelo 30-25, Y108 Denver debut #26, etc. Adds include KDWB, Q104, WNYZ, WLRW, KQAA, WMMY, Z100 Portland, KEWB, etc.

TRACY CHAPMAN

Jamie Hyatt at KSND Eugene was first to mention tremendous reaction to **TRACY CHAPMAN** after the very first play. He now charts it 19-12 with other hot action at LIVE 105 debut #19, KHSN 29-19, KOWL debut #19, WXKS debut #27, WNSL 30-23, WIQQ 28-24, etc. Added at 102QQ, KZEV, WLK1, WQUT, WBBQ, K104, KKTZ, POWER 92, KZZK, etc.

Initial West Coast success for **NIA PEEPLES** is spreading. **KMEL** San Francisco takes it top ten 13-10, and Keith Naftaly reports good callout along with huge sales and requests. Gains at POWER 106 18-14, HOT 103 27-21, KITY 26-21, POWER 99 debut #28, FM102 29-23, KMGX 21-15, KGGI 18-14, KKQV 38-22, etc.

KZZP Phoenix and **KRQ** Tucson keep **THE CONTOURS** at number one with new airplay now reported at KWSS San Jose, Q105 Tampa, Z104 Madison and B95 Fresno.

HIT FACTOR is up to 15% for **D.J. JAZZY JEFF & FRESH PRINCE**. Bob Case moves it to number one at Z93 Atlanta with other big gains at WNVZ 21-15, WANS 32-19, KWSS 33-25, KIIS debut #21, KS104 18-10, KZZP 8-3, KKFR 30-21, 93Q 17-13, B95 19-10, KMGX 25-18, KSTN 18-6, KATD debut #13, etc. No surprise to find this on top of the request pile with tremendous teen response, which can only get bigger as summer begins.

It's not Nostradamus shaking up the country, it's these records!

A MATTER OF COURTESY

Ed Davis, Operations Manager of WHBB and WTUN in Selma, Alabama, has written me about a past column dealing with PDs' annoyance at dealing with unsolicited applications. "What about the other side of the coin?" he asks. "Many of us will solicit applications, expect eager jocks to prepare and send tapes, resumes and cover letters—and then not bother to return so much as a form rejection letter or an acknowledgment of receipt. The only applicant who hears back is the one chosen for the job. In my early years, I found this treatment extremely rude and humiliating, and I swore to myself that when I got to the other side of the hiring desk, I wouldn't treat any applicant that way. Well, I'm here now, and I've kept that promise. If I've accomplished nothing else but making one applicant feel better that his application was worth responding to, it's been worth the effort."

A very good point, and I agree. At this

year's Gavin Seminar, Jhani Kaye of KOST/FM in Los Angeles related how the simple courtesy of responding to all applications helped him later in his career. An air talent who had received a reply from him (although not a job) later tipped him to an important personality, simply because of that little act of courtesy. When nobody seems inclined to make the effort to respond to an application, the person who does makes a real impression. That's the advantage that courtesy can confer. Also, it's just good manners.

Depending on his opinion of the tape and resume, Jhani sends three types of standard letters to applicants, expressing varying degrees of interest. He has hired from unsolicited applications, and so have I. Over the years, in fact, I'd guess I've hired more often from unsolicited than solicited applications.

For the air talent preparing an application, a few suggestions:

First and foremost, never send out your only tape of an aircheck. Over the years I've been told innumerable times by both neophytes and experienced air talent that an air talent had no tape to submit because it had been sent to another station and not returned.

Second, prepare your resume neatly. Generally, it's best to keep it to one page. List only relevant jobs—a grocery-checker job will just underscore your lack of radio experience. If you're just starting out, list education and radio internships. List two or three meaningful, radio-related references.

Third, it's a good idea to include a cover letter with your application, indicating why you would like to work at that particular station. But make sure to personalize it. A PD who receives an obvious form letter cannot be blamed for concluding that the applicant has no special interest in the station.

Finally, be neat and grammatical in both the cover letter and resume. Remember that the PD who reads them will know you only from what you send. If you submit messy or ungrammatical material, the PD will naturally get the impression that you are sloppy and/or ignorant. And that's not likely to give you an edge in getting the job! ●

NEW CALLS FOR WORZ

BEASLEY REED COMPLETES TAKEOVER OF '102 JAMS'

The formal acquisition of WORZ-Orlando by Miami-based Beasley Reed Broadcasting has resulted in new call letters for the former and an executive shuffle at the latter. The station, which dropped Classic Rock for Urban earlier this year, is now known as WJHM/102 JAMS. As previously announced, Duff Lindsey is PD, assisted by consultant Jerry Clifton.

Taking over as VP/GM is Greg Reed, who retains the same position at sister WPOW/POWER 96-Miami. WPOW PD Bill Tanner has been given the additional titles of VP/Programming and

Asst. GM, and will function as corporate programmer, assisting Lindsey and Clifton. In addition, Dave Donahue has been named Asst. GM for the Orlando station, as well as VP/Sales.

Said Tanner, "Building POWER 96 into the dominant Top 40 in South Florida has been the most fun of my career. I really appreciate Greg's confidence in giving me additional management responsibilities, which I take very seriously. It's great to be with such a people-oriented company. They never fail to let you know they appreciate your work."

After Modern Rocking in overnights for some months, KJQN-Ogden, UT, has jumped into the format full-time. The Top 40 station had been selling its nighttimes to Modern Music, Inc., composed of survivors of the legendary KCGL, which brought Alternative sounds to the Deseret basin until its untimely demise in late '86.

DO-GOODERS

A round-up of some of the less mercenary aspects of our industries:

•Dionne Warwick, who with her friends raised \$1.5 million for AIDS research with her recording of "That's What Friends Are For," will host an AIDS Benefit Weekend in Washington, DC, June 10-12th. Among the highlights of the weekend-long event will be a Sunday concert hosted by Whoopi Goldberg and featuring performances by Elton John, Gladys Knight, Mary Wilson, Rita Coolidge, Barry Manilow, Luther Vandross and, of course, Warwick herself.

•Elsewhere in the capital that weekend, an Animal Rights Music Festival at the National Mall will cater to a slightly different crowd. The B-52s will host the June 11th rally, with performances by Howard Jones, Guadalcanal Diary, Exene Cervenka of X, Natalie Merchant and Robert Buck from 10,000 Maniacs, as well as European rockers Lena Lovich and Nena Hagen, who contributed "Don't Kill The Animals" to the Animal Liberation album. Speakers include "Golden Girl" Rue McLanahan.

•On June 21st, Danny Goldberg of Gold Mountain Records and Bob Merlis of Warner Bros. Records will co-chair a symposium on "Blacklists, Graylists and Playlists--Repression in the Entertainment Industry." The conference at the Hollywood Roosevelt Hotel is sponsored by the ACLU and People For The American Way, with a host committee including Quincy Jones, Jane Fonda, John Landis, Norman Lear, Little Richard and the Smothers Brothers. For more information, call Petra De Long at (213) 551-1611.

•July 14th will see a salute to Joe Smith, President and CEO of Capitol Industries-EMI Inc. at the Century Plaza in Los Angeles. Proceeds will benefit the City of Hope National Medical Center's Music Industry Chapter, which Smith helped found in 1972.

•Rhino Records is releasing *The Best of Comic Relief 2*, recorded at the second annual fundraiser at L.A.'s Universal Amphitheatre last year. As with the first *Comic Relief* LP, \$2 from every sale will be donated to benefit America's homeless.

DELTA BLUES

Billy Gibbons, Dusty Hill and Frank Beard--better known as ZZ Top--present a special guitar to the Delta Blues Museum. The boys took part in a daylong celebration to kick off a million-dollar fundraising drive for the museum in Clarksdale, Mississippi, home of the legendary Muddy Waters. That guitar is carved out of the wood from Waters' home, with the artwork representing the Big Muddy's meandering course to the delta.

BADEAUX BOOSTED

Although *WE* printed the news two months ago, the Warner Bros. Official Press Release and Picture arrived only last week. So it must be true: Marylou Badeaux is the label's National Director of Black Music Marketing. A tireless and outspoken advocate for the format, she has been with the Black Music department since 1976. Said Senior VP/Black Music Marketing and Promotion Ernie Singleton: "Much of the continuity, coordinated effort and overall success of those years can be directly attributed to her hard work."

GAYLE FORCE SWEEPS INTO ISLAND

Say hello to Gayle Miller, the new Director of Alternative Marketing for Island Records. For the last year, Gayle has been with Concrete Marketing, responsible for such acts as Tracy Chapman, Guns And Roses and White Lion. Island VP/GM Bill Berger, who announced the appointment, said, "Gayle's background and experience make her the ideal person to head up Island's Alternative marketing department."

Warner Bros. Records put singer Christina Vierra on a pedestal to show the Boston-born singer how happy they are that she's signed with the label. Surrounding her, from left: Warner Bros. Chairman Mo Ostin, producer Brian Elliott, promotion rep Sue Emmer, VP/Product Management Clyde Bakkemo, VP/National Promotion Carol Hart, promo reps Rochelle Staab and Greg Lee, VP/Publicity Bob Merlis and promo reps Ed Nuhfer and Stu Cohen

NET DEBUTS PA PROGRAMMING 'FAMILY TALK' ON UNITED STATIONS

The United Stations Radio Networks debuted its first venture into public affairs programming May 22nd. "Family Talk from Covenant House," is co-produced by the nonprofit organization which for the last 20 years has dealt primarily with runaway and homeless children. The two-hour weekly call-in show is offered free of charge and with no

network commercial requirements. John McConnell, USRN's VP/News and Sports, said, "'Family Talk' was first brought to my attention through the efforts of one of our newscasters, Jim Cameron, who has been and continues to be the creative force behind the program. This show is highly produced both technically and conceptually, including contemporary music beds and pre-produced features. Each hour can stand alone, making it extremely flexible for programmers. In short, this is great radio."

INSIDE A/C

The top six dominate the rest of the chart. Hornsby & The Range may have taken "The Valley Road" to the top, but Boz Scaggs has high octane in his Vespa as he leads our airplay ranking with a whopping 233 reports.

Iglesias & Wonder are now HIT FACTORed by 85% of their 191 players, up from a 70% and 173 last week. New this week for WSKI, KRKO, KAAK, WWDE, WGOW, WKGW etc.

Sade has now scored 185 stations in a little over three weeks with a smokin' (not pokin') 61% HIT FACTOR an already HEAVY rotation for 18%. Another woman with one name, Cher, has moved 11 points on the chart the past two weeks. Now chering are WMT/FM, KWAV/FM, 3WM, WQTU, KFYE/FM, WAEB, KWEB, KYMN, WAJK, WMVQ/FM, WTWR, KHLT, WLAM and KKIQ.

Eric Carmen, once again a MOST ADDED with 37 new stations, is setting his sights on a single-digit future. New for WSNI, KEFM, KFMB, WEBC, WTIC/AM, KLSY, KLSQ, KLSS, etc.

Young Tracy Chapman's "Fast Car" is HIT FACTORing for 71% of its players and, if you're ready for this, 52 Top 40 stations with ears. Will wonders never cease? For those of you who wait to be forced on records by your Top 40 brethren and sisters, you've got about three weeks.

The duo of Climie & Fisher are now over 100 A/C stations with WGOL/FM, KRKO, WKMI, WZNY, KUIC, KMG, KUKI, KLOO, KWEB, KSTQ, KTYL and WEIR climbing on board.

The Deele are HIT FACTORing at 57% overall, but if you subtract this week's adds, the figure is 80%. New this week include KOST, WAHR, KFMB, WMTR, and HEAVY for B100, KCMJ/FM, WAFL, WJZM etc.

A healthy 62% HIT FACTOR allows the new Lanz & Speer, "Desert Rain," to debut at #34. Among the serious rotation commitments are those from KFOR, WSKY, KSKI, KKR, KLZS, KIZZ and WMMG.

Last week's RECORD TO WATCH, "Forever Yours" by Tony Terry, adds 16 stations to its profile, including KTID, WNAT, KDZA, WASK, WBLG, and KLOG. This one was an A/C pick on May 6th and is now even attracting attention at Urban & Top 40.

This week's RECORD TO WATCH, "Hands To Heaven," by Breathe, should be familiar by now. It has debuted on the Top 40 chart as it's cut through the ballad-weary resistance factor of the format. With 27 adds (many of them re-adds), Breathe is now CHARTBOUND again in A/C.

REVIEWS by Ron Fell & Diane Rufer

STEVE WINWOOD

Roll With It (Virgin)

One saxophone short of Junior Walker's "Shotgun," "Roll With It" fires up and out with a rock n' rollcall of Memphis Stax hooks.

STING

Fragile (A&M)

It's hardly a love song. Its lyric cries out against violence as the cure to territorial disputes. Accompanied by a blue moon and a blood-red sun on opposing horizons, the song's appropriately fragile arrangement speaks to the lack of humanity and compassion shown by the most desperate of men at war.

MOODY BLUES

I Know You're Out There Somewhere (Polydor/PolyGram)

Saddlebags brimming with memories, these cosmic cowboys or knights in white satin re-visit the days of future past in search of love's holy grail.

JOHNNY MATHIS

I'm On The Outside Looking In (Columbia)

Little Anthony & The Imperials' version of this song was a slowdance fave of the pre-Pepsi generation in '64, and Mr. Mathis' ballads like "Chances Are," "It's Not For Me To Say" and "The Twelfth Of Never" were the standards of the same dance form in 1957. This '80s version, produced by Bunetta & Chudacoff, returns the song and the singer in fine form.

DAVID BENOIT

DAVID BENOIT w/DAVID PACK

The Key To You (GRP)

The fusion of a delicate acoustic piano and an Ambrosian lead singer makes for an excellent A/C track. Benoit is a current hero in the light jazz format while David Pack's familiar voice with Ambrosia is unique.

PAUL CARRACK

When You Walk In The Room (Chrysalis)

This Jackie DeShannon song, a hit for The Searchers in the Fall of '64, gets a refreshing update from PC as the third single from his recent album.

THERE'S NO SUBSTITUTE FOR CREATIVITY

Once more, that favorite word of mine has sprung up—*synchronicity*. In the brief period of a couple of weeks, I had a conversation with my favorite researcher, Peter Mokover, received a letter from Gary Bryan at KUBE-Seattle and spoke to the Selkirk Group in Vancouver, and running through all these happenings was the synchronous thread of creativity.

Let's look at all three independently to see how they interact, and what lessons we can learn. When I spoke with Peter, it was in response to his interest in the upcoming BPME seminar in L.A., and whether or not he should attend. We then moved into a discussion of the role of research in the areas of marketing and promotion. It is Peter's contention that research is a tool that should be used as part of the creative process—but, as he stated, "There is no substitute for creativity."

What it is saying to me is twofold: First, when you are conducting internal research for your station, you might think very seriously about adding a few marketing/contesting questions to your array. In this way, you'll gain better insight into your listeners' attitude toward contesting in general. Do they like or dislike it? What prizes do they prefer? Cash? Trips? Cars? Concert tickets? For which artists?

Second, when you design a new contest or promotion, you can test its desirability/acceptability. In this way, you might just be able to predict the response rate, and re-think the program if the test group is less than excited by what you're planning.

This concept is hardly revolutionary. Product people do it all the time, and they further extend the market in which they try out the product and make any necessary adjustments before introducing it to the general public. What Peter is saying here is that research is important as a confirming tool, and as an indicator of potential opportunities which may exist in your marketplace.

A number of years ago, a station with which I worked offered its listeners a brand-new Mercedes 450. It sure sounded good on the air. After all, who wouldn't want a sumptuous \$39,000 (at the time) package of glistening Teutonic engineering? Answer: the audience. Response to the contest was lukewarm, and the station was disappointed.

So, in a subsequent research study,

they asked, "If the station was giving away a car, which one would you want to win?" Answer: a Corvette. And to make things even more painful, in those days a new Corvette cost about \$19,000. With a little research, the station could have had a more successful promotion at half the cost.

All too often we get trapped in our own creativity, or influence our thinking unfairly by inserting our own personal preferences in the process. We are here to try very hard to give the listener what he or she wants—not what we want.

My letter from Gary Bryan was about my column dealing with scavenger hunts. What disturbed him, he said, was my "over-analytical attitude towards promotions in general. I find it hard to believe that this is the same attitude with which you created so many of those great, aggressive RKO promotions which still inspire so many of us today. The bottom line reality may have changed somewhat, but the creative process remains the same...Sometimes you have to throw it against the wall to see if it sticks! ...Let's not discourage young broadcasters from taking risks, and perhaps trying something KIIS and Z100 haven't done yet!"

Gary, I hate to break your heart, but this is the same attitude I've held since I joined RKO back in the late '60s. I believe that if there is one common quality of all of the promotions we designed in those golden days of Top 40, it is that they were extremely well thought out, and met specific goals emanating from the PD or GM. Oh, we threw a lot of ideas against the wall, but only in brainstorming sessions. When it came time to put a promotion on the air, that promotion had to have already answered a lot of tough questions from demanding pros like Perry Ury, Bob Henabery and Bill Drake. Today, as stations have become commodities for major corporations who make extraordinary demands on management, we can ill afford to squander precious dollars mounting promotions or contests that have as their prime asset the fact that they "stuck to the wall."

It's a lot like acting. The great actors make it seem effortless. But the thought, study and research that goes into crafting a role is awesome. And so it is with us. You're right, Gary—you shouldn't look to

KIIS or Z100, but rather use your own intelligence and experience in the creative process. Make sure that what you finally come up with will meet your predetermined goals, while minimizing the risks. Remember the hallmark phrase of Thomas Edison, who told his staff at Menlo Park, "Create no product for which there is not already an audience." For us, that translates as, "Create no contest/promotion for which there is not already an audience."

How does all this tie into Canada? Well, I don't know if you're aware of the restrictions on our broadcasting brethren north of the border, but they are frightening. If you are in a certain format, like Country, you must dedicate a certain amount of money each year to support the development of Country music in your area. If you're A/C, you must broadcast a certain number of hours of Jazz per week. And AM and FM have differing cultural obligations.

The point here is that I was impressed by the solutions these broadcasters were coming up with to meet these governmentally imposed sanctions. They were not advocating legislative relief (although the subject did come up), but rather were regaling me with ways they were creatively solving their problems. And they were delighting themselves and their fellow Selkirk programmers with how well it was working in what seemed to be an impossible situation. They showed me that there is no substitute for creativity, and there is certainly no shortage of opportunity to display it in every aspect of our industry. ●

TEDDY PENDERGRASS

& THE HEALING POWER OF LOVE

BY BETTY HOLLARS

With "Joy" in his heart--and at the top of Urban playlists all over the country--Teddy Pendergrass has no time for self-pity.

Six years after the tragic automobile accident that left him paralyzed from the waist down, he would rather talk about his enduring talent for putting the language of love into musical form. The love songs on his five platinum albums before the accident were his appeal, his signature. In his "For The Ladies Only" midnight shows, he performed them with such charisma that one "lady" in the audience shot another as they battled for the towel Teddy used to wipe the sweat from his face.

During his five-week stay in the hospital, undergoing both physical and emotional therapy, he realized that, if he could still breathe, he could still sing. The result was his sixth platinum album, *Love Languages*. Teddy returned to live performance at Live Aid in 1985. Accompanied by Nick Ashford and Valerie Simpson, he took the audience by storm with a rendition of "Reach Out And Touch Somebody's Hand." He describes that move as a milestone in his life, to re-appear on a live stage and face his adoring public again.

The new album, *Joy*, is dedicated to his wife, dancer Karen Still, with the words: "Your 'Love Is The Power,'" which is also the title of one of the album's love songs--all classic Pendergrass.

I've been thinking about this album for a long time. It's about love of all kinds and all ways.

BETTY: How did you get your start in the music business?

TEDDY: Professionally, I started playing drums. I sang, too, but I had the urge to play drums when I was about twelve. As far as recording, Al Bell is the one responsible for my association with The Blue Notes. Once we started recording, Gamble and Huff took us on.

BH: What were your early touring days like?

TP: Those days were where you really find out if you want to be a singer. You're working club dates, bars and grills. Sometimes you do four shows a night, move on to the next town, four more shows. You find out just how bad you want to do this type of work. It wasn't always the way you dreamed it would be.

BH: This was mostly on the East Coast?

TP: Of course. My mother would have never let me go anywhere else. She would have had a fit.

BH: Did your mother approve of your career choice, or did she have other plans for you?

TP: She had to go with it because I didn't give her any alternatives. She approved of my singing in church, that's where she first heard me.

BH: Your new album is produced by the Calloway brothers, Reggie and Vincent. How did you link up with them?

TP: I met them through their manager--I happen to have the same management company. They suggested that I consider using them for this album. Judging from their previous successes, I was aware

of their projects with Natalie Cole, Levert, and Gladys Knight and the Pips. You check these things out, you know. You don't buy an apple sight unseen, you don't buy groceries sight unseen. I don't look at it personally. I check on it first.

BH: How did you choose the songs for this LP? I noticed Miles Jaye wrote two of the cuts, Reggie Calloway wrote two, and then the rest were written by various people.

TP: What I did was deal with the people I was already associated with. Miles Jaye was at that time signed to Top Priority Records, which is my record company. It was easy to work with him. I was used to him, it wasn't the first time working with him. I'm not saying that I wouldn't have used him without having worked with him, but it just made it easier. I called some people in California. A guy from Europe called me. I was getting songs from all over the country. I was trying to get the concept across and to explain what I was after. I wanted the kinds of songs that I was accustomed to doing. Also, there's a gentleman by the name of James S. Carter, who did some of the songs on the album. He works on a lot of the projects for Teddy Bear Enterprises, and writes for Top Priority Records.

BH: There seems to be a strong theme running through the album. "Through The Falling Rain (Love Story)," "Can We Be Lovers," "Love Is The Power"...

TP: They're all love songs--every last one of them--but different each in its own way. "Through The Falling Rain" is a very special kind of

BIO FEEDBACK

by RON FELL

ROBBIE ROBERTSON

He will star in a "Cinemax Sessions" special directed by Martin Scorsese. Also scheduled to appear in the hour-long show are Keith Richards, Peter Gabriel and U2.

THEN JERICO

Though unsigned and unreleased, the band scammed their way into a 1984 showcase at the New Music Seminar, billing themselves as "Britain's hottest new rock act." Their performance led to a brief bidding war won by London Records.

BOB DYLAN

His next album, *Down In The Groove*, will include a track with Eric Clapton on guitar and a track written and produced by the group Full Force.

NEIL YOUNG

He says he's going to record with Crosby, Stills and Nash again, but has chosen not to tour with them.

WEIRD AL YANKOVIC

Weird Al says he is so grateful that Michael Jackson approved the graphic concept of Al's *Even Worse* album and the re-write of lyrics for "Fat" that "I have offered to mow his lawn for the rest of my life."

COREY HART

Four years ago this week, Canadian Corey released his first single in the USA, "Sunglasses at Night."

PEBBLES

Her real name is Perri McKissack. When she was ten years old, her godfather nicknamed her after Fred and Wilma Flintstone's daughter.

CRYSTAL GAYLE & LORETTA LYNN

This September, sisters Crystal and Loretta will perform together for the first time in public when they co-headline in South Lake Tahoe and Atlantic City.

TONY, TONI, TONE'

This Oakland-based trio doesn't include anyone named Tony. Brothers Dwayne and Raphael Wiggins and their cousin Timothy Christian make up the group.

WET WET WET

This band of Scotsmen took its name from a line in a Scritti Politti song, "Getting, Having and Holding."

CHICAGO

Their album, *19*, due in late June, will be their nineteenth in nineteen years, and their first album since 1981 not produced by David Foster.

HERBIE HANCOCK

He won an Oscar in 1987 for his score of the Dexter Gordon film, "Round Midnight." His most recent cinematic effort was scoring Dennis Hopper's controversial film "Colors."

KOOL & THE GANG

With the recent departure of J.T. (James Taylor), the group is now planning a Greatest Hits album, but will include three new songs with three yet-to-be-announced new members.

LARRY BOONE

A native of Florida, Larry moved to Nashville and made his first rent money substitute teaching and singing for tips at the Nashville Wax Museum.

GEORGE MICHAEL

He's set to be the opening act of the June 11th Freedomfest for Nelson Mandela's 70th birthday in London. George's long-awaited US tour will begin August 6 in Washington, D.C.

ROD STEWART

Before Mick Fleetwood and Peter Green formed Fleetwood Mac, they were in a band called Shotgun which included Rod Stewart as its vocalist.

NEW Releases

"TAKE ME FOR A RIDE"-THE WILD FLOWERS (SLASH/WARNER BROS.)

The Wild Flowers, another Southern band, play with a gilded edge that should rock Alternative radio. They're already hitching a ride on tour with the hot **Mighty Lemon Drops**. "Take Me For A Ride" has the raunch and roll attitude of label mates the **Del Fuegos**.

"BIRTHDAY"-THE SUGARCUBES (ELEKTRA)

The Sugarcubes are Iceland's proudest export (aside from long nights and a savage teenage alcohol problem). Face it, a band from Iceland is about as leftfield as it gets. However, if it weren't for hassles over their visa applications, The Cubes would already be nailing down their first American tour. There's been a big buzz already on this band. Major label commitment could easily take it to the next level. We shall see.

"OPEN ALL NIGHT"-GEORGIA SATELLITES (ELEKTRA)

Just under three minutes of hard rockin' boogie that's easier than pie to program. The last album took quite a few weeks before hitting its platinum stride. This time, radio won't get fooled again. Expect this one to go straight from the mailbox to the turntable.

"ROLL WITH IT"-STEVE WINWOOD (VIRGIN)

A sensational piece of thunder and lightning featuring **Steve Winwood** taking a basic rock stance. Included is some serious Hammond organ and a soulful vocal track. If the rest of this album is half this good, look out!

Toni Childs

UNION-TONI CHILDS (A&M)

As everyone seems to be noticing (especially our Album correspondents), there is a competitive bumper crop of new female artists recording with a flow of uninhibited ideology. Even with hot competition from the likes of **Tracy Chapman** and **Melissa Etheridge**, Toni has been raking in her share of airplay reports. I'm seeing action primarily on "Stop Your Fussin". As noted, this album is a collaboration with producer **David Tickle** and **David + David's David Ricketts**.

"PART OF THE MACHINE"-JETHRO TULL (CHRYSALIS)

It's rare these days when any kind of major retrospective is released without a newly minted centerpiece track to spur interest for those into airing currents. "Part Of The Machine," though recently recorded, sonically incorporates the spirit that Album Radio admires about **Jethro Tull**, now celebrating 20 years with a five-LP celebration release.

REUNION CONCERT-SIEGEL-SCHWALL BAND (ALLIGATOR)

Oldtimers remember **Siegel-Schwall** when, as a blues band, they mixed well with the acid rockers of the late sixties. Later they gained notoriety recording a blues symphony with conductor **Seiji Ozawa**. This reunion started with **WXRT's** invitation to celebrate the station's fifteenth birthday. Hey look! **Lin Brehmer** wrote the liner notes.

OVER THE EDGE-HURRICANE (ENIGMA)

By early estimates, **Hurricane** is shaping up to be the big story in hard rock n roll this year. This band has the look and the sound of what draws young dollars into the hard rock retail coffers. Judging by the long list of endorsements next to each band member's name, it looks like the chips are already stacked high with pressure mounting. Trax: "Over The Edge" and the perennial **Alice Cooper** classic, "I'm Eighteen."

"SOUND ALARM"-MICHAEL ANDERSON (A&M)

Hailing from Grand Rapids, **Michael Anderson** was charged up by Midwestern stalwarts like **Bob Seger** and **Mitch Ryder**. And like **Bruce Springsteen**, another **Ryder** fan and **Seger** contemporary, Anderson's voice has a ring of solitary moodiness. This week we saw a very respectable first week reception to this new artist.

THE INNOCENTS-ERASURE (SIRE/REPRISE)

I've always been confused by the tidal wave of singles and EPs **Erasure** regularly releases. The Innocents is the first complete LP of theirs that I've been able to get a serious grip on. **Vince Clarke**, of course, first turned heads as one half of **Yazoo**, later **Yaz**, with **Allison Moyet**. Since the split, Erasure has gained much momentum and are fast horning in on **Depeche Mode's** dance and radio turf. OMD producer **Stephen Hague** gives Erasure more album credibility, allowing them to concentrate their energy in three and four minute bites. Beautiful cover art, I might add. Trax: "A Little Respect," "Chains Of Love" and "Ship Of Fools."

"SLAM"-DAVID SANBORN (REPRISE)

"Slam" is a nasty piece of horn work. **Sanborn** uses his identifiable tone to kick up some mess and pin a few **VU** needles. If I were you, I'd turn it up.

Michelle-Shocked

THE TEXAS CAMPFIRE TAPES- MICHELLE-SHOCKED (MERCURY)

I was fortunate enough to catch **Michelle-Shocked's** act (opening for the great **Guy Clark**) and am now convinced that she will be a force to be reckoned with very soon. First featured in our 1987 Gavin New Talent Issue, this release was recorded over a campfire in **Kerrville, Texas**, on a Walkman recorder. It's all there--the crickets, the passing trucks and a unique talent in the rough. Expect a new studio album in August with **Pete Anderson (Dwight Yoakam)** producing.

RANDOM NOTES

from

HOLLYWOOD & VINE

Our favorite new product is the fake cellular phone. These ego items for the underprivileged are connected to nothing. You sit in your car, and when the guy in the next lane looks over, you hold the thing to your mouth and pretend to be calling Ahmet, Azoff or Clive. WZNY's John Patrick owns one, and the weird thing is that when we called him on it, he answered!

...

The water shortage and L.A.'s new restrictions *re* same have caused no end of problems around Hollywood Central. But we are complying with the law. In accordance with our mayor's suggestion, we only flush the toilet every three days (do your own jokes), and we've been drinking our Scotch without ice! We've ceased showering or bathing, and have found that has given us some sorely needed privacy. Finally, we don't water our lawn any more, and we're starting to like the looks of beige grass.

...

They're making a big fuss about the gangs in Hollywood of late. They're making a bigger fuss about them than the earthquake predicted by Nostradamus. Gangs have even pushed highrise fires and The Wave into the background. Our question is: Why? Gangs are cute. A number of them hang around our block, and all they do is sing off-key versions of "Gee, Officer Krupke" and other stuff from "West Side Story." Besides, how

threatened can you be by a group of young men led by Russ Tamblyn and Richard Beymer?

...

Our favorite new commercial is the one in which an actual ex-presidential candidate says, "Hi, this is George McGovern for Bic shavers." You may have missed it—we are NOT making this up. Can't there be some kind of law? How many laughs does Gorbachev need? After November, watch out for Mike Dukakis for Kraft Feta Cheese and Del Monte Greek Olives.

...

So Nancy and Ron have been governing these United States with the aid of their newspaper astrology columns. Why are we surprised? The record biz has been using this system for years. Is there any OTHER way to explain someone signing The Knack?

...

We keep reading about dogs sniffing for drugs. The L.A.P.D. allows them to do it regularly. Are our cops naive, or hasn't anyone told them that anyone living on MPS Chunk and Snausages might DESERVE some mind-altering substances?

...

Speaking with Kathy Shassere of

KHOZ in Harrison, Arkansas, recently, we learned that Boone County (where KHOZ is located) is a DRY COUNTY! This sounds like something out of Elliott Ness, but it's really true—in 1988! What this means is that poor Kathy has to take calls from Mike Martucci WHILE SOBER! The mind boggles.

...

Word has reached this column that one Rich Summers of K-STAR has used some of this column's material on his a.m. show WITHOUT acknowledgement or royalty payments. This is unacceptable, and Summers (the Joe Biden of Grand Junction) can expect to hear from our attorney, one Louie "Loophole" Romero.

...

Having assessed the veritable plethora of music and radio industry conventions, we've determined there must be some super profits in the "Whenja get in?" business. We'd have to be NUTS not to get into it. WE NEED MONEY and we're in the process of putting together the first annual Hollywood Column Conference/Enclave/Seminar. Details are under wraps, but we CAN tell you that venues are being considered, and venue next see this column, you'll be reading some modestly exciting news. We can say this: OUR convention will make those other meetings look as exciting as Billy Briss' brill!●

INSIDE ALBUM

LADIES' NIGHT

Recently, there have been trends in Album Radio that we hesitate to actually label as a trends. For example, the 1986-87 influx of blues and roots/rock-oriented music didn't behave like fashion trend. We now have artists like Robert Cray, Albert Collins, the T-Birds and Stevie Ray Vaughan who have joined the fold as strong and viable Album Radio airplay forces. Their subsequent releases will be auditioned with open ears and respect.

That's how many programmers are viewing the current boom in new female rock n roll artists. For reasons completely unknown and sociologically unanswerable, not only has 1988 been shaping up as a year for developing new talent on Album Radio, but it seems that a large percentage of that new talent is female, and we're not talking about music of the Tiffany or Debbie Gibson variety. We're talking about women who are, to borrow a phrase from *The Right Stuff*, "pushing the envelope" and expanding the musical complexion of Album Radio today. Believe me, I hate sounding so dramatic, but this is one exciting dance craze.

This week, we polled our Album Radio stalwarts with a slim list of examples (Tracy Chapman, Joan Jett and Melissa Etheridge) when a cool thing happened. Programmers responded by adding to the list. Aside from the aforementioned trio, here are some of the names that consistently popped up as examples of this startling phenomenon: Lita Ford, Joanna Dean, Joni Mitchell, the Divinyls, k.d. lang, Toni Childs, Face To Face, 10,000 Maniacs, Stealin Horses, Legal Weapon, Shona Laing, Carly Simon, Sade, Basia, Y Kant Tori Read, House Of Joy, Sinead O'Connor, Michelle-Shocked, Rossington, Longhouse, Everything But The Girl, Warlock and a few we're no doubt omitting.

Bear in mind we're talking Album Radio, a format that, since the turn of the '80s, has been a tough road for a female rocker to hoe.

RANDOM OBSERVATIONS.

Coincidentally, the new *Musician* magazine is running a banner story on Sinead O'Connor, Toni Childs and Tracy Chapman, three examples who span not only the globe, but three distinct styles. A lot of our radio minds had the same reaction. The common reaction was a positive feeling of challenge rather than resorting to excuses about quotas. Patty Martin of KSJO and Carter Alan of WBCN stressed that female content isn't necessarily a matter of quotas but quality. WBCN's Lisa Traxler cautioned that radio should be judicious by selecting the best. "Listeners can have trouble distinguishing vocalists who sound the same." Magic Mike of KLAQ admits to "Loving the challenge because, frankly, I like girls. I'd like to be playing more and I will." He noted examples of Y Kant Tori Read, Melissa Etheridge, Rossington and Legal Weapons as strong examples. Jim Kelly of KATP sees a challenge for the guys. "This may force men to sing about something else beside the usual fare. This is great. Eight months ago all we had was Suzanne Vega." Scott Murray sees it as a marketing edge for KVRE. "We have a large female audience. Joan Armatrading has always been one of our biggest artists." Jane Frederickson at KTCZ sees it as a "tool to balance our sound." Mike Marrone at WHTG was enthusiastic over Melissa Etheridge's live debut in New York. "Two standing ovations from an industry crowd is nothing to sneeze at. She's got the strongest voice I've heard since Ronstadt."

STILL MORE. Jody Peterson at WNCS is celebrating. She cites k.d. lang and Toni Childs as two of WNCS's strongest new artists. Doug Brown at KSEZ likes the

(By the way, all the above-mentioned groups put on incredible shows here in SF, as did Pierce Turner and the Mighty Lemon Drops.) The Sugarcubes enter the chart at #25. Look for them to tour in late summer. Check out their album—brilliant stuff. An artist that comes back with diamond life quality is Sade. Check her killer new release, *Stronger Than Pride*. A warm welcome to our latest new reporter from near my old stomping grounds: Chris Wheatley of WICB in Ithaca, NY. Have a good and SAFE Memorial Day weekend. Sgt. Pepper Knew My Father-VARIOUS ARTISTS (NME/Childline) This album features 13 Beatles covers performed by 12 different groups. The Three Wise Men bring their catchy mechanical hip hop power to the title track and its reprise. Sonic Youth takes you on a tour of strangeness with their version of "Within You Without You." A calm moment can be found in Michelle-Shocked's version of "Lovely Rita" and there's a pleasant jazz interpretation of "When I'm 64" by The Courtney Pine Quartet. The Wedding Present (a highly overlooked band in the U.S.) bring their wild speed pop guitar to "Getting Better." Profits from the sale of this record go to CHILDLINE, a free national telephone helpline for children in trouble and danger. Buy it and play it, it's worth it! Robert Barone

INSIDE COUNTRY

COUNTRY'S CARING WAYS. Trish Hennessey, MD at WAVV-Ft. Pierce, wrote to tell us about a special event the station is sponsoring. On August 7th, they'll be involved in a concert starring Kitty Wells and a celebrity auction, with proceeds going to a local organization called "The Hands Of Love." This organization aids families of seriously ill children with contributions of money, food and emotional support. Trish says the station needs help with celebrity items - hats, shirts, boots, handkerchiefs - they'd all be welcome. If you can help or need any more info on the event, call Trish at 407-461-1055.

COUNTRY CONGRATS AND WELCOMES. This week's Gavin congratulations go to Ed Chandler at KASE-Austin, who has been selected as one of 52 American deejays to be spotlighted on the "American Music Hour", the first radio program of American music to air in the People's Republic of China... Another station joins the Gavin Country Family of reporters - Dan Suden will be reporting to us every week from KJAM-Madison, South Dakota.

PROGRAMMERS ARE TALKING ABOUT... Dave Davis at WWRK-Elberton is getting great reaction to the "Younger Men" cut from K.T. Oslin's album... Daryl Webster at KASH-Anchorage reports the Ric Steel started pulling in lots of requests after only one play... Add Skip Davis at K92/FM-Destin to the growing number of programmers getting great reaction to the Earl Thomas Conley LP cut, "What I'd Say"... Ted Dailey at KORD-Tri-Cities has been pleasantly surprised at the reaction to Steve Wariner's "More Than Enough"... Kelly Thompson at KMDL-Kaplan says Louisiana folks are crazy about the "Joe Knows How To Live" cut on Eddy Raven's LP... Big John reports unbelievable requests on Reba's "Respect" at KGRT-Las Cruces. The album is also doing well in sales... Another cut from Reba's LP, "Everytime You Touch Her", is pulling in mega-requests for Jim Quinton at WCHK/FM-Canton... T.C. Webster at WGMR-State College, notes that "between Jimmie Dale Gilmore, Carrie Davis and Ric Steel, the independents have a lot of good product out now"... Tom Aldrich at KVDB-Sioux Center is

getting big requests from people wanting to dedicate the Ricky Skaggs single to their parents...

Talk to you next week.

REVIEWS

By Lisa Smith & Cyndi Hoelzle

THE JUDDS - *Give A Little Love* (RCA/Curb)

By far our Most Added record of the week, and one listen will tell you why. Wynonna and Naomi are at their Judd-best on this rockin' number, written by Paul Kennerley (Emmylou Harris' husband). The single is already slated to be included in their upcoming Greatest Hits album, and we don't think that was a risky decision.

HIGHWAY 101 - *(Do You Love Me) Just Say Yes* (Warner Bros.)

The first single from Highway's new album has got us dying for more. With songs like this, it's easy to see why the Academy Of Country Music's named them Group Of The Year. Paulette belts it out—who could turn her down?

STEVE WARINER - *I Should Be With You* (MCA)

Steve Wariner is one of those wonderful artists who consistently puts out quality product. This title track from his latest LP was written by Wariner and has an easy, flowing sound that's the perfect blend for any Country playlist.

TOM WOPAT - *Hey Little Sister* (Capitol)

More advice for little sisters, but instead of telling this one what not to do, Tom tells his sibling what she's got to do to keep her man. A certified rock 'n' roll song, complete with smokin' gee-tar solo.

INSIDE URBAN RADIO

PRINCE hastily makes it to the top. Heard that he and Michael Jackson sat down to break bread when MJ was in Minneapolis on his tour recently. Wonder if they talked about a duet. TEDDY PENDERGRASS garnered lots of comments from correspondents this week, in addition to being the Gavin cover guy. Looks like it could cross over in your town, too. RJ'S LATEST ARRIVAL is getting phone action, says Greg Beasley, KMJM-St. Louis. "Phones are ringing off the hook. TROOP is getting great response, too, and without a doubt will go top five. Moving well at our clubs." Alton Palmore, WQIC/FM-Meridian, raved about TROOP, too: "Triple funky summer sound!" So did Rick Stevens, WCKX-Columbus: "All demos, great momentum already for this new group."

BY ALL MEANS received many comments. Phillip David March, WJYL-Louisville, calls it "A good soulful ballad—a good choice for their debut release." Mad Hatter, WGOK-Mobile, was thinking along the same lines: "It has the words of a great ballad and should go right to the top." We had this review from Joe Bullard, WANM-Tallahassee: "A smorgasbord of Teddy, Keith Sweat and Terence Trent D'Arby all rolled into one." Melvin Jones, KRNB-Memphis, must have had the same thing for lunch Tuesday because he said: "GUY is really hot here. It has the feel of a Johnny Kemp and a Keith

Sweat, and should follow them right to the top—good song!"

Paul Brown, WVOI-Toledo, commented on our Certified, TERENCE TRENT D'ARBY: "He covers all demographics with 'Sign Your Name.' It's catchy and it's different enough to go all the way." Earl Boston, WFXM-Macon, turning in his last report before heading out to KMJM-St. Louis, had this to say: "JAMES BROWN is doing his best song of the century. Full Force lends a helping hand and JB makes the best of it." He also says home-grown REDDINGS are getting great phone calls from listeners.

Tony Wright, WJIZ-Albany, likes the MAC BAND. "Hot tune from Dallas-based group should do well here." Mike Archie, WHUR-Washington, likes three new releases: AL B. SURE!, LOOSE ENDS and NEW EDITION. About the new NEW EDITION, minus Bobby Brown, and plus Johnny Gill, he says. "Heard it the first shot out of the box. These are three nice summer grooves!" Jimmy Smith, KKDA-Dallas, likes NEW EDITION: "Already receiving phone calls. Stores here are out of the record as soon as they come in." His record to watch is THOMAS DOLBY. He's keeping an eye on it.

Our RTW this week is THE SYSTEM's new single from Eddie Murphy's new movie, "Coming To America." When the movie hits, keep watching this single. TYKA NELSON, Prince's tyke of a sister, gets this reaction

from Hozie Mack, WFXC-Durham: "Her sincere singing style comes through, and it's slowly but surely gaining momentum." GREGORY HINES drew a comment from Chris Clay, KQXL-Baton Rouge: "Sounds just like Luther Vandross, who produced it, and it's going to be BIG with adults as well as a great dance record."

Ciao for now, Betty

REVIEWS

By Betty Hollars and John Martinucci

SCRITTI POLITTI featuring ROGER - Boom! There She Was (Warner Bros.) The ultra-hip sound of Green Gartside's Scritti Politti makes a long-awaited return. This time, they have voice box assistance from the thrill seeker himself, Roger. Hot combo!

STEVE WINWOOD - Roll With It (Virgin) Steve Winwood is knocking on the R&B door, and we think you should hear his plea! Winwood is back to basics...R&B basics and it's sounding fine. Count on plenty of multi-format action of Winwood this week!

REBBIE JACKSON featuring MELLE-MEL - R U Tuff Enough (Columbia) If you saw this as an unlikely match-up, look again. Rebbie can knock heads and get tuff with the best of them. Melle-Mel lends a street smart rap to an already tuff lady. Check it out!

RICK JAMES featuring ROXANNE SHANTE - Loosey's Rap (Reprise) Rick leaves Hitsville USA for a new home at Reprise, and Roxanne Shante is there waiting for him. Is this the week of the rap duos?

GREGORY HINES - That Girl Wants To Dance With Me (Epic) Luther Vandross makes his formidable production impact by handling this first single for Gregory Hines' new album. Mid-tempo with a broad appeal, this shows us a new side to Hines' many talents.

FULL FORCE - Your Love Is So Def (Columbia) New direction for Full Force--and we mean NEW! These guys have been producing other acts, rubbing off their atypical style along the way. Full Force turn around and dish out a big helping of Def beat.

PENDERGRASS Cont. from page 28

love song, the kind that says, "No matter what happens, true love will win out." That's not just any old love song, it talks about different kinds of love. I've been thinking about this album for a long time. There's certain criteria here, too. It's about love of all kinds and all ways--different things about it. For instance, there's one on there called "This Is The Last Time" written by Gabriel Hardeman and Annette Hardeman. It's all about love and what happens as a result of an argument. It's very real. One goes back to the other and tells his lady, "I'm sorry, and these things happen, and it won't happen again."

BH: You're a businessman as well as a recording artist. You own Teddy Bear Enterprises and Top Priority Records. How did you go about starting you own business?

TP: I don't really think I'd applied myself to the business end of it as much as I have recently. Of course, I was out on the road a lot, touring and running around the country. It was really hard to be consistent and really take the time to run a business. I've slowed down enough now to devote more time to it. I've done the secretarial work, made the calls to book studio time, dictated some letters. I've even gotten out a couple of letters myself. Quite frankly, it felt good getting involved. That's not something I want to do every time, though--no way! I don't have that kind of resilience. I really enjoy the creative part of my life. I'm a creative person. The business side of it, yes, I love doing it. After doing secretarial work, I don't think I'm cut out for it. But it was enjoyable for a while.

BH: You have three children. What would you do if they told you they wanted to embark on a singing career?

TP: If they had real talent? I'd tell them to go ahead. I would also make them really aware of what they're doing. I would not talk them out of it. But only if they had real talent. I wouldn't let them go out there and make a bunch of noise. I'd line up the best technology and work with them, because you don't get anywhere without a lot of hard work. I'd definitely show them the ups and downs. Especially the downs--they know the ups!

BH: What would you do to throw them into a positive direction?

TP: To be realistic, I can't tell them how to do it. I can tell them how great they're doing, if they have the real talent. But I'd point out how

tough the competition is, how risky the business is. I can say "Yeah, you can do it," but there's a down side to it, too. The most positive I can get is to point out the other side of the coin. What I can do on the plus side is help with a record. I mean, I wouldn't want anybody else to do that. I would rather have a shot at it first!

BH: What does Teddy Pendergrass think of rap music?

TP: *(laughs)* I think it's a great art form. It's something that shows creativity. It takes a lot of interpretation as well as a lot of creative talent. But I'm by no means saying that I love it! I'm just giving you my thoughts. It shows them expressing themselves and it certainly gives their parents the opportunity to understand where the kids are coming from. I think this gives us the opportunity to communicate with our children on their level. That's important. Also, musically it's an art form that I think is fantastic! To be able to sit there and talk in rhythm like that, that's quite an art.

BH: Would you sign any rap groups to your label if they came to you?

TP: If they were very good, yes. I'd like to see them perform, listen to their material, and try to get some type of feel for them by watching them perform somewhere to let me know what about this artist I need to know.

BH: Because of the recent successes many duets have had lately, do you envision yourself doing them, too?

TP: I've done them before. I had one with Stephanie Mills. I also did one with Whitney Houston--her first record was with me. A lot of things would depend on who I would do another duet with. First would be the style of the person, someone I would be compatible with. There's a lot more that goes into it. Sade has a very nice style. Patti LaBelle is very good. It depends on the material, too. Once you find the material, you find the style you want. Same thing applies if an artist has a decision as to whether I would do it with them.

BH: So if a female vocalist came to you wanting to do a duet with you, how would you handle that?

TP: Of all, you'd see a smile going from one side of my face to the other! *(laughs)* A Dionne Warwick or an Aretha Franklin, Gladys Knight, or somebody that has a proven track record would really interest me. I think we could get really creative. There are a lot of ladies out there I'd love to work with--Angela Winbush is nice, Regina Belle, Meli'sa Morgan has a very nice voice, Miki Howard, I mentioned Sade. There are so many out there. I'd feel really good if anybody asked me, of course. ●

DAVE SHOLIN'S PERSONAL PICKS — SINGLES

STEVE WINWOOD - Roll With It (Virgin)

Whoa...it's back to the kitchen for some more rock 'n' soul stew. This is without question the best record I've heard so far this year! Certainly when we recollect this summer, we'll think of this song. This Winwood & Jennings collaboration is on a roll indeed.

ICEHOUSE - My Obsession (Chrysalis)

HOLY KOALA...they've done it again. Top 40's acceptance is no surprise to those who've been keeping a close ear on them over the past few years. Iva Davies and Robert Kretschmer have unlocked the combination that works.

TONY TERRY - Forever Yours (Epic)

It's been thirty years since The Diamonds, The Chantels, The Platters, The Penguins, The Five Satins and so many others gave the world dozens of ballads now affectionately called "doo-wop." Amazingly, the universal appeal of the style insures it will never disappear. In every decade since the Fifties, there've been songs that keep the tradition alive. This newest contribution is a charmer that won me over in about ten seconds.

DAN REED NETWORK - Get To You (Mercury/PolyGram)

Rock 'n' roll you can dance to, delivered by a band that knows how to blend varied musical influences very well...injected with a soulful energy that has become the groups trademark.

INSIDE ALBUM

Continued from page 37

acoustic base of Melissa Etheridge's aggressive sound. According to Ginger Havlat, four out of KBCO's five most requested songs are matriarchal acts like Melissa, Tracy, Toni and 10,000 Maniacs. Jack Alexander of KKAZ, our new reporter from Cheyenne, has recently added Shona Laing and Toni Childs. "I like the fact that there's now a choice." Jeff Damon at WMVY uses the music of Basia and Sade to attract the adult listeners in his market. Alan White at KILO cites the quality of rockers like Face To Face, Stealin Horses and Legal Weapon, finding a rock edge more suitable for KILO's airsound. Steve Cole at KSPN, the first person to alert us to Longhouse, is deep on Toni Childs.

PAT BENATAR. Inevitably Pat Benatar's name comes up. Tommy King at WAAW and JD at WONE both wonder who will dethrone Ms. Benatar? Well, whoever is attempting that feat should be aware that Pat Benatar's upcoming new album was produced by Keith Forsey and the song that I heard was among her best work. All of this is good news. Like the blues, female fury is an intriguing ingredient for Album Radio. With so many fierce competitors, there's bound to be some casualties and some criminal neglect. However, I'm willing to bet that the final outcome will be a string of developed female artists who will balance out Album Radio's reputation as a men's club. I also expect to see these same artists impacting the competing formats as well. Yet as with other forms of rock n roll, Album Radio carries the distinct advantage of having access to these artists first. After talking with the Gavin sample of reporters, I can say that a lot of radio ears are firmly on the case. KZ

GET TO YOU

DAN REED NETWORK'S NEW SINGLE HAS PEOPLE TALKING!

"Putting local bias aside, we believe in Dan's talent as an artist. 'Ritual' was big for us while at the same time 'Get To You' is pulling huge phones. The record is massive."

Chet Buchanan — KKRZ

"This guy is gonna be a superstar. Get on board now and start playing 'Get To You'. We're gonna jump on it out of the box."

Gary Bryan — KUBE

"Dan Reed is instantly likeable and a fun party person. Even if you'd never met him, you'd instantly know it from his music. In Seattle, people can't wait to hear his songs. I feel 'Get To You' will be bigger than 'Ritual' ... and that went to #1 here."

Casey Keating — KPLZ
