# TOP PRIORITY

## Alice In Chains, Alice in Chains, Columbia

AIC is one of the most important bands in rock radio. The self-titled album is in, and you'll find that listening to this record with the same set of expectations as you had when you first sampled "Grind" will yield the same basic beef. Sure, they haven't recreated "Down In a Hole," or "Rooster." Been there, done that. Alice in Chains have created a darker landscape both lyrically and musically, and seemingly shun the notion of follow-up merely for the radio play. They've earned the respect of millions of fans worldwide by pushing the envelope of rock to cause a stir without alienating. They've

cultivated a legion of fans who expect the art. WHMH's Dan Peterson says "This disc will be taking up our playlist, especially this weekend. 'God Am' is a great track, as are 'Again' and 'Heaven Beside You.' 'Grind' is still in really heavy rotation here." KLOS also made an early add out of "Sludge Factory."

## CURRENT ORIENTED ROCK

### Son Volt, "Drown," Warner Bros.

We went to NYC over the weekend, and caught this band at Tramps. We haven't seen a band this good in many months. When rootsy Missouri band Uncle Tupelo finally disintegrated (members went to this band, and Wilco), the rock world gained two incredibly powerful voices where they previously had one. "Drown" has been living on the hold button this week, and got plenty of nods from the hook jury. You'll have to pick this one up and listen closely. There's some magic within these grooves.

WAVF's Dave Rossi says "The Son Volt is one of the best records of the year. Those records like the ones from The Jayhawks and Wilco are all huge for us."

### Meat Loaf, "Amnesty is Granted," MCA

Since this track is actually a duet with Sammy Hagar (and the tune co-written by Hagar), you get the bennies of Meat Loaf's signature multiplatinum delivery and Hagar's upbeat Standing Hampton-esque rock energy. This track rocks harder than most of the last Van Halen singles. Kenny Aronoff fuels this one with monstrous drum power, and the results are all too available for viewing: A debut at 71\* on the COR chart, big spins at WRIF (15-20) and others, and more total spins than the new

Bush track has at this point.

### Dave Matthews Band, "Satellite," RCA

Third in a series of musically-active releases from this radio-friendly band that developed its following long before "What Would You Say." And in the same manner as did "Ants Marching," this one makes use of slightly unconventional instrumentation. Each odd part will send up flares, and signal that yet another Dave Matthews tune has come to the rescue to break the monotony. Of course, near-platinum sales on Under The Table and Dreaming can't hurt your chances here, either.

CURRENT ORIENTED  
ROCK

S E L E C T I O N S

BLIND MELON.  
"TOES ACROSS THE FLOOR."  
CAPITOL

The passing of Shannon Hoon came after label and band had already forecast this next single's release. At this juncture, it gives you another way to tribute the singer and to expose the direction this band was heading. Musically, it is active and even somewhat reckless. Vocally, it is signature Melon, and therefore a one-of-a-kind opportunity to close the door on this chapter.

OASIS.  
"WONDERWALL."  
EPIC

Before you push this one off to the lighter rockers, take a minute to ponder the fact that **WAXQ** added it this week. **Vinnie Marino** embellishes the add with this statement: "It's a great record. We will give it every possible chance to succeed here." This tune can be very large for this band, indeed.

AC/DC.  
"COVER YOU IN OIL."  
EASTWEST/EEG

With a move 94-89\* on the COR chart, AC/DC stay on the move in the wake of the Top 10 "Hard As A Rock," and further enamor COR to the straight-ahead signature sound. There's no denying AC/DC's effectiveness at scoring reaction points, and you'll find this one as lively and precocious as any other AC/DC track you own.

EVERCLEAR.  
"SANTA MONICA." CAPITOL

Already garnering big attention at Alternative, "Santa Monica" comes off as a PC opportunity to groove with a serious up-and-coming band. Raves are plentiful about this band's live show and undoubtable drawing power. This track debuts at 93\* this week.

GARBAGE "QUEER." ALMO

The follow-up to the brilliant first single "Vow" further identifies this band as an amazing mixture of sounds and colors. It is coming into COR with a debut at 98\*, following better than 1100 spins at Alternative, with serious phones and sales. The ground's been broken. **WARQ's Dave Stewart** notes "Top 5 phones after just two weeks."

SMILE.  
"ROCK ANTHEM FOR THE  
RETARDED TEENAGE  
HIPSTER POPULATION."  
ATLANTIC

With more of a Green Day feel than "Staring At The Sun," Smile come back with a message to the dualistically over-achieving underachievers - The new punk fans. The Alternative dudes and dudettes who have a clue and don't at the same time. The line "But now we try so hard to look like we don't try" says more to pinpoint the new hipster crowd than the footnoted pages of a sociological study could ever do.

THE CARS ANTHOLOGY.  
JUST WHAT I NEEDED, RHINO

With all of the quirky stylings that these new wave pop/rock Beantowners created, the results had similar features to what is currently found at COR and to some extent, Alternative. They fused a slightly off-beat musicality with pop song ideas and forms. Some of these tracks are library material already, and a few of these you've never heard.

"Surprisingly good, immediate response."

"Also in heavy, it sounds and reacts like an Alice in Chains record. They are a Top 5 core artist for the '90s."

**WXRA (B-20 PPW WKS-ON:3) PD Randy Scovil**

"Not the reception I would expect the new AIC to get."

**WGRX (M-28 PPW WKS-ON:3) PD Brian Beddow**

"I think that's one of the few records that is more of an artist than a song record. A little disappointed in how it's performing, but I still think it's very valid."

**WBZX (M-16 PPW WKS-ON:3) PD Hal Fish**

"People are very interested in the band, but I'm not sure they're looking at them on a song by song basis. I just think there may be a bit too much grit on this particular song to satisfy all the listeners."

**WKDF (N) MD Sheri Sexton**

"I like it, but I'm curious to hear the rest to see if it's all dark and grungy. We are looking for something that may be dark and melodic."

**WKQZ (M-19 PPW WKS-ON:3) MD Paul Osland**

"It's tailed off a bit, but it's still doing well and should pick up when the album comes out."

**WLZR (B-22 PPW WKS-ON:3) PD Keith Masters**

"I don't think that you can judge Alice In Chains by the same barometers that you judge other records. The sound is so intricate and at times so deep that feedback on first singles like this has to be taken with a tablespoon of salt. It's Alice In Chains, not some work project. This is a band that came along and changed our format. Don't get too critical."

**WRIF (B-28 PPW WKS-ON:3) APD/MD Mark Thompson**

"Building...great phones. Playing most of the album minus the fuck tracks."

**WRUF (N-12 PPW WKS-ON:3) PD Harry Guscott**

"Improving, although I was very much against it. I don't know if this is ever going to be a huge record. I have a hard time hearing the band. 15 or 16 spins later I know there's melody in there somewhere."

**WZTA (N-17 PPW WKS-ON:3) PD Gregg Steele**

"There are still negative scores but very unfamiliar."

**WZZO (B-23 PPW WKS-ON:3) PD Robin Lee**

"Good requests. Typical test scores — it's getting a 3 on a 1-5 scale."

**WAXQ (N-10 PPW WKS-ON:1) APD/MD Vinny Marino**

"Lots of curiosity calls...great record."

**WRUF (B-15 PPW WKS-ON:1) PD Harry Guscott**

"Very positive response...I have a lot of confidence for 'Mighty K.C.' It is the greatest track."

**WZTA (N) PD Gregg Steele**

"A local band. Definitely not a first listen. It had to grow on me."

### KILO (B-26 PPW WKS-ON:2) PD Rich Hawk

"Top 5 phones...I'm surprised."

### KIOZ (B-12 PPW WKS-ON:7) PD Greg Stevens

"I increased the spins on it. It seems to be becoming a pretty active daytime record. Morning show is taking an interest in it which will give even more active awareness with a whole different crowd of people."

### KRAD (B-29 PPW WKS-ON:5) PD/MD Jay Gleason

"Still steady, but phones have slowed a bit. No sense of burn yet."

### WAAF (B-29 PPW WKS-ON:2) PD Dave Douglas

"Has really started to gain some momentum."

### WAVF (M-28 PPW WKS-ON:5) PD Dave Rossi

"Seems like a lot of curiosity calls are starting to kick in. To me this is the make-it or break-it week for it."

### WHDQ (B-13 PPW WKS-ON:1) MD Guy Dark

"Instant reaction, from the first day we got phones. Heavy Lenny told me it would be automatic phones and he wasn't whistling 'Dixie.' Sounds good on the air."

### WHMH (M-32 PPW WKS-ON:8) MD Dan Peterson

"It's just maintaining. I think we have pretty much run our course with this one. It has been in the 30 spin range for a month. I think we beat them to death on this, and it's starting to burn."

### KIBZ (B-27 PPW WKS-ON:3) MD Paul Young

"Going strong. It seems that Blaze listeners have always liked them and this is another one holding up."

### KILO (M-12 PPW WKS-ON:10) PD Rich Hawk

"I wish I could say I saw something, but I'm seeing very little."

### KIOZ (N-24 PPW WKS-ON:5) PD Greg Stevens

"It is just starting to get noticed. I have confidence it will work for our station."

### KISS (B-11 PPW WKS-ON:4) APD/MD Kevin Vargas

"Unfamiliar, but the band continues to test well 25-29. It is just starting to develop since it took forever to slow down on 'And Fools Shine On.'"

### KQRC (N-17 PPW WKS-ON:3) PD Doug Sorensen

"Not an active record yet. I hoped it would be one by now. That band has a tendency to be more passive."

### KRAD (N-20 PPW WKS-ON:5) PD/MD Jay Gleason

"I had hoped it would've done better by now, just not seeing many phones on it."

### KRXQ (B-7 PPW WKS-ON:5) PD Curtiss Johnson

"Kind of taking a 'wait and see' approach on that."

### KRZZ (D WKS-ON:6) MD Greg Bergen

"We were getting more requests on another song we were playing...this is a little too aggressive. 'Twenty Faith' is working better."

### KSJO (N-7 PPW WKS-ON:4) PD Dana Jang

"Very happy...it's a rocking song."

### KUFO (N-9 PPW WKS-ON:5) PD Dave Numme

"Nothing much yet...still overshadowed by 'And Fools Shine On.'"

### WAAF (N-16 PPW WKS-ON:1) PD Dave Douglas

"Nothing yet. Low confidence."

### WDZR (M-18 PPW WKS-ON:3) PD Joe Bevilacqua

"Holding its own - we're going to test next week. Good mainstream rock track."

### WGRX (M-18 PPW WKS-ON:6) PD Brian Beddow

"We get some positive feedback. Not as good as the first one."

### WKLL (M-10 PPW WKS-ON:5) PD Jeff Gillis

"Haven't gotten any reaction and I don't suspect we're going to."

### WKQZ (B-24 PPW WKS-ON:4) MD Paul Osland

"It's doing pretty well, and sounds good on the air. They are going to be playing here with Ted Nugent at the end of the year, and that should help them."

### WLZR (N-11 PPW WKS-ON:9) PD Keith Masters

"Holding steady. Not gonna be 'And Fools Shine On,' and I think we all know that."

### WRIF (N) APD/MD Mark Thompson

"Perfect follow-up for a very high-testing song."

### WRUF (B-17 PPW WKS-ON:5) PD Harry Guscott

"Building phones...but no great story."

### WWBR (M-23 PPW WKS-ON:5) PD Walt Brown

"The potential is there, but will it get lost in the shuffle?"

### WXRA (N-8 PPW WKS-ON:2) PD Randy Scovil

"Like the way it sounds right now. Looking for good rock records and there aren't that many out there."

 "We haven't really begun to pound it. I will in the next week."  
**KQRC (B-6 PPW WKS-ON:1) PD Doug Sorensen**  
 "I think it will be a huge track for them. It will be massive, seeing that each track is very, very strong."  
**KSJO (N-5 PPW WKS-ON:1) PD Dana Jang**  
 "I think it will be consistent with the rest of the Bush tracks and it will do very well for them."  
**KUFO (N) PD Dave Numme**  
 "A very mass-appeal song. 'Come Down' has been the biggest track so far, so if this does better than 'Come Down,' it will be one of the biggest songs of the year. It will do very well."  
**WGRX (N) PD Brian Beddow**  
 "Definitely the fourth track, but I think it's pretty good. I feel better about 'Machine Head.'"

**WARQ (N) PD Dave Stewart**  
 "That is everybody in the station's favorite song for now. We think this could be the next 'Disarm' with the violins and everything. This is the first time I can say that by the fourth single I like every one better than the one before."  
**WBUZ (N) Co-PD/MD Matt Willauer**  
 "That's a real good tune, not a rocker, but it's just nice."  
**WKLL (N) PD Jeff Gillis**  
 "So different from the other in tempo and in how minimal it is, that I think it will pick up and do well. It probably stands the best shot of crossing over of all three."  
**WLZR (N-5 PPW WKS-ON:1) PD Keith Masters**  
 "I think this band could release 'Mary Had A Little Lamb' spoken word and make it a hit."

**CANDLEBOX "UNDERSTANDING" MAVERICK**

 Up: KISW, KRXQ, KUPD

**KIBZ (N) MD Paul Young**  
 "'Simple Lessons' had run its course and this is a good song. They are one of those bands that has always been with us and there is never any negative response."  
**KIOZ (N) PD Greg Stevens**  
 "This is the one if the project's going to work."  
**KISS (N) APD/MD Kevin Vargas**  
 "It has a shot. People want Candlebox to do well in San Antonio. It's more melodic. Could help the cause."  
**KQRC (N) PD Doug Sorensen**  
 "If it's not a huge hit the band has big problems."  
**KRAD (N) PD/MD Jay Gleason**  
 "It should do well. Maybe the first was too 'in your face,' and this should grow into a nice track."  
**KRXQ (N-14 PPW WKS-ON:2) PD Curtiss Johnson**  
 "I have pretty high hopes for it, though I don't think it's a 'Far Behind.' I'm hoping it will do pretty well."  
**KUPD (N-19 PPW WKS-ON:3) APD/MD J. J. Jeffries**  
 "Beginning to pick up. Kind of dry at first, but they have always been big here, so we expect that this should do well."  
**WRIF (N) APD/MD Mark Thompson**  
 "I still need to be convinced."

**WBUZ (N) Co-PD/MD Matt Willauer**  
 "Good tune. I don't know if it will do as well as 'Far Behind,' but should do more than 'Simple Lessons.'"  
**WBZX (N) PD Hal Fish**  
 "Not a fan of this album, but the more I listen to this particular track, the more I think it has a chance. Friendlier-sounding than 'Simple Lessons.'"  
**WDIZ (N) PD Mike Beck**  
 "If it falls to form, it will be huge in Orlando with rock fans."  
**WDZR (N) PD Joe Bevilacqua**  
 "Depth track. There is a show coming, too. 'Simple Lessons' did okay and Candlebox is a big retail item. They could be a core band. We're just giving people what they want to hear."  
**WHDQ (N) MD Guy Dark**  
 "I don't like it much myself, but I haven't listened enough. Like Green Day this isn't getting the response. 'Simple Lessons' got phones off the bat, but it's a bit early with the follow-up."  
**WLZR (N) WKS-ON:1) PD Keith Masters**  
 "Warming up to it."

### KRAD (B-17 PPW WKS-ON:5) PD/MD Jay Gleason

"Picking up steadily. We opened it up from 8 a.m. on. Getting decent response."

### KRXQ (B-23 PPW WKS-ON:4) PD Curtiss Johnson

"Doing OK in testing, but I was hoping it would test better. Kind of a mid-line performer for us."

### KSJO (N-10 PPW WKS-ON:4) PD Dana Jang

"Still a very active phone record."

### KUPD (B-35 PPW WKS-ON:6) APD/MD J. J. Jeffries

### WAAF (B-6 PPW WKS-ON:1) PD Dave Douglas

### WAXQ (B-38 PPW WKS-ON:7) APD/MD Vinny Marino

"Lots of good responses. It has been very positive on that."

### WDIZ (N) PD Mike Beck

"It's rock. I just think it's a good record for Florida. A dope smoking hard rock record, and we don't have many of those on the radio right now. Nice 7-mid flavor."

### WHMH (B-18 PPW WKS-ON:4) MD Dan Peterson

"It's still increasing. Still getting more and more calls - even from people who weren't normally into Pantera and COC."

### WKLL (B-20 PPW WKS-ON:6) PD Jeff Gillis

"Doing really well for us. The meat and potatoes record of the format right now — that and Ozzy."

### WLZR (B-8 PPW WKS-ON:2) PD Keith Masters

"It's pretty cool. Definitely some phones. Don't know is a home run, but a relevant record nonetheless. If you play Corrosion Of Conformity you should absolutely be playing this."

### WRIF (B-11 PPW WKS-ON:2) APD/MD Mark Thompson

"They're really waking up to it. We're not selling it as a project by members of COC and Pantera, so they're just now realizing how it is. Holding its own."

### WWBR (B-15 PPW WKS-ON:2) PD Walt Brown

"We have opened it up into afternoons now and once people find out who it is they're indeed interested in it. It will be around for a while."

### WLZR (B-7 PPW WKS-ON:6) PD Keith Masters

"Some decent response. Hard to test. Concerned a bit about tempo."

### WRUF (N-8 PPW WKS-ON:1) PD Harry Guscott

"Too early...kind of wimpy, but we can play it middays."

### WRXK (B-16 PPW WKS-ON:3) PD Greg Gillispie

"It's still doing well and we think it's a good one."

### WWBR (B-18 PPW WKS-ON:1) PD Walt Brown

"People are still calling asking what it is, since we never intro instrumentals...lots of phone inquiries."

### WHMH (M-22 PPW WKS-ON:4) MD Dan Peterson

"We're still playing around with this first track. Played it this morning and got a call from a 35 year-old man who loved the stuff."

### WRUF (N-18 PPW WKS-ON:8) PD Harry Guscott

"It is still unfamiliar. Adequate, nothing particularly outstanding on the phones."

### WRXK (B-16 PPW WKS-ON:3) PD Greg Gillispie

"Big phones and every time we play it we get four or five phone calls from guys in their upper 30's."

**"This is how it's supposed to work: Find a record you believe in, play it a lot and your listeners buy it. What a concept! I should listen to Mary more often."**

"It's a nice shift of gears. It's Lenny and it's a nice change of pace."

**WZZO (N) PD Robin Lee**

"I think it will do much better. I hated the other song."

**WKQZ (N) MD Paul Osland**

"This is a cool tune. The first got initial response and then tailed off. Even if it wasn't a huge hit it still sounds good on the air."

**X107 (N-14 PPW WKS-ON:3) PD Steve Blatter**

"I think if this Lenny Kravitz track doesn't work then nothing on the album will. I'm pretty confident about it."

**WBZX (N) PD Hal Fish**

"A whole different kind of track. Your not gonna see the abrasive reaction you saw out of the first one. Will take longer to develop. A nicer-sounding track."

**LOUD LUCY "TICKING" DGC**

"Just a good strong track. Geffen's always behind their baby bands so we'll give it a shot."

**WAAF (N-11 PPW) PD Dave Douglas**

"I think it's got all the markings of a hit record."

**WAXQ (N) APD/MD Vinny Marino**

"I'm a sucker for power pop and hooks and there's tons of that here."

**WRUF (N) PD Harry Guscott**

"I love that record. They've got a show in couple of weeks. A nice-sounding record."

**WDRZ (N) PD Joe Bevilacqua**

"I like the way it's constructed. The hook is cool. I don't know if it will work, but I'm giving it a shot. Sounds a lot like everything else out there."

**WHDQ (N) MD Guy Dark**

"Reminds me of Hum's 'Stars,' but better. It has that power ballad sound, not angry. Sounds awesome on the air. Takes a lot of confidence to launch a baby band now, but it's good. Geffen is smart to pre-work the band early with a demo and samplers and a fashion layout in Rolling Stone. Scored a perfect 10 on our new music survey."

**WLZR (N) PD Keith Masters**

"More of a local thing."

**WZZO (N) PD Robin Lee**

"I like it a lot. I like that it's kind of mainstream rock but it's new-sounding. Wish there was more stuff like that right now."

**WRUF (N-7 PPW WKS-ON:1) PD Harry Guscott**

"Medium confidence."

**WRXK (N) PD Greg Gillispie**

"It's jangly, it's easy to sing to, and not difficult to dance to. I'd give it a 75, Dick."

**WWBR (B-18 PPW WKS-ON:1) PD Walt Brown**

### KRAD (N-14 PPW WKS-ON:3) PD/MD Jay Gleason

"Nothing on her yet. I would think we'd have a reaction by now, with just daytime play."

### KRXQ (N-23 PPW WKS-ON:3) PD Curtiss Johnson

"Somewhat of a polar record for us. Some pretty strong faves, but some negatives as well."

### KSJO (B-21 PPW WKS-ON:2) PD Dana Jang

"Still getting some phones for her...has library potential."

### WARQ (B-24 PPW WKS-ON:3) PD Dave Stewart

"Sounds really good on the air, and #6 phones this week, picking up quickly."

### WAVF (B-18 PPW WKS-ON:3) PD Dave Rossi

"Not seeing a lot yet - maybe one or two calls, that's it. Maybe because we're playing it so much."

### WGRX (N-17 PPW WKS-ON:1) PD Brian Beddow

"Good record to play because the 1-24's are so tuned in to all of that MTV exposure."

### WRUF (B-19 PPW WKS-ON:3) PD Harry Guscott

### KQRC (B-21 PPW WKS-ON:5) PD Doug Sorensen

"#1 male testing record."

### KRXQ (B-23 PPW WKS-ON:5) PD Curtiss Johnson

"Huge testing, again. Though 'Perry Mason' is a monster for my rock partisans, oddly enough the Alternative partisans who like the older Ozzy don't really care for this."

### KSJO (M-23 PPW WKS-ON:5) PD Dana Jang

"Not testing great yet. There are some positives in the upper-end."

### KUPD (M-31 PPW WKS-ON:5) APD/MD J. J. Jeffries

### WKQZ (B-21 PPW WKS-ON:5) MD Paul Osland

### WXRA (B-18 PPW WKS-ON:5) PD Randy Scovil

"The #1 selling album here."

### WZTA (B-16 PPW WKS-ON:5) PD Gregg Steele

## LEEDS MAKES RISING TIDE LEAP

Steve Leeds

**Steve Leeds** is exiting his VP/National Alternative & Video Promo post at **Island Records** to join **Daniel Glass** at **Rising Tide Entertainment**. There are no titles at Rising Tide, but Steve will handle promotion duties in an executive capacity at the newly-formed company. "I've been with Island for 4 1/2 years, and I'm leaving some really good friends behind, **John Barbis** and the whole Island team," commented Leeds, "and I'm reuniting with some old friends — **Doug Morris**, who I worked with when I started in the business at Atlantic, and **Daniel Glass**, who I've known for quite some time. This is a real opportunity to be involved in the start-up of this label. Start-ups have always been a passion of mine. From programming U-68, to Stiff Records U.S., to MTV Brazil and MTV Asia, I've always loved starting a project from the ground up. So, here we go."

## ATLANTIC GOES MULTIMEDIA

## DOUG'S EXCELLENT ADVENTURES IN BROADCASTING

Broadcast marketing veteran **Doug Harris** has announced plans for his second **Adventures in Broadcasting Promotion Directors School**, the world's only "boot camp" for radio marketing professionals, to be held in Stamford, Conn. at the Sheraton, April 26-28, 1996. The conference will focus specifically on the needs of radio promotion directors, providing integral tools and motivational speakers. Harris, Creative Director of **CRN International** and a former radio marketing consultant, orchestrated the first conference in Houston in 1993. "With the resources of CRN International behind me, I know we can produce a top notch seminar with quality speakers and substantial content," said Harris. "This conference illustrates the concentrated effort we're putting forward to improve the level of training available for today's broadcast marketing specialists." Speakers include Karen Tobin, VP/Marketing for Gannett Broadcasting, and Mike Burnett, author of "The Truth About Arbitron Ratings." Advance registration for the weekend is \$275, and a special hotel rate of \$75 per person is available.

## THAT'S "MR. FLASH" TO YOU

You all know that **MCA's David Fleischman** is the best of the best when it comes to promotion, but did you know that he spent his youth toiling away in the Memphis music scene, fronting the seminal rock band, **Flash & The Board of Directors**? When producer **Robert Gordon** recently began compiling his CD *It Came From Memphis* (Upstart Sounds), he included the track "Uptight Tonight," recorded by young Flash and his band. In the liner notes, Gordon explains, "...this song captures the cusp between youthful energy and mature talent. A double-time guitar solo, ya dig? And every time the drummer whacks the crash cymbal (sounds like a crash to me), I can see the drum kit swaying on its stand." Now that Flash is once again a recording artist, he's decided to set down some basic rules...

1. No morning shows
2. Limos (not town cars)
3. No blue M & M's
4. Air travel first class only
5. Air travel aisle seat only
6. No work scheduled before 10:30 a.m.
7. Only authorized photographers allowed photo-op (must be cleared in advance)
8. No interview over 1-hour in length
9. No more than 3 interviews per day
10. Will not sign CDs
11. Will not work on Jewish holidays, Muslim holidays or the usual Christian holidays
12. Will not perform acoustically on-air
13. Don't look at me
14. Don't talk to me
15. Don't even think of me
16. But please, please, please, please help me get a hit!

**Jimmy Page & Robert Plant** wrapped-up their sold-out 1995 world tour with a two-night grand finale at Madison Square Garden. The event was captured by photographer Frank Micelotta on a Nikon E2 digital camera. The images were immediately uploaded to the Atlantic Records web site

(<http://www.atlantic-records.com>) direct from the arena. The digital slide show will be available to view for the next several weeks.

## DOUG'S EXCELLENT ADVENTURES IN BROADCASTING

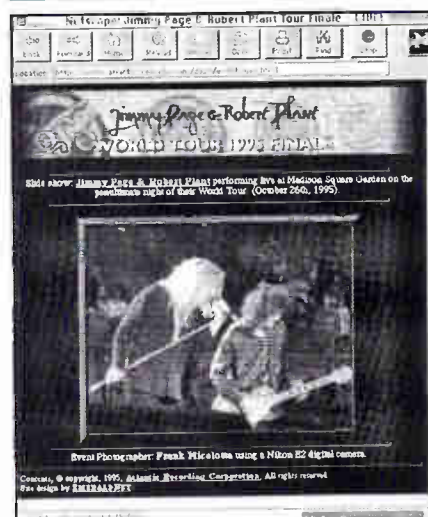

Broadcast marketing veteran **Doug Harris** has announced plans for his second *Adventures in Broadcasting Promotion Directors School*, the world's only "boot camp" for radio marketing professionals, to be held in Stamford, Conn. at the Sheraton, April 26-28, 1996. The conference will focus specifically on the needs of radio promotion directors, providing integral tools and motivational speakers. Harris, Creative Director of **CRN International** and a former radio marketing consultant, orchestrated the first conference in Houston in 1993. "With the resources of CRN International behind me, I know we can produce a top notch seminar with quality speakers and substantial content," said Harris. "This conference illustrates the concentrated effort we're putting forward to improve the level of training available for today's broadcast marketing specialists." Speakers include Karen Tobin, VP/Marketing for Gannett Broadcasting, and Mike Burnett, author of "The Truth About Arbitron Ratings." Advance registration for the weekend is \$275, and a special hotel rate of \$75 per person is available.

## THAT'S "MR. FLASH" TO YOU

You all know that **MCA's David Fleischman** is the best of the best when it comes to promotion, but did you know that he spent his youth toiling away in the Memphis music scene, fronting the seminal rock band, **Flash & The Board of Directors**? When producer **Robert Gordon** recently began compiling his CD *It Came From Memphis* (Upstart Sounds), he included the track "Uptight Tonight," recorded by young Flash and his band. In the liner notes, Gordon explains, "...this song captures the cusp between youthful energy and mature talent. A double-time guitar solo, ya dig? And every time the drummer whacks the crash cymbal (sounds like a crash to me), I can see the drum kit swaying on its stand." Now that Flash is once again a recording artist, he's decided to set down some basic rules...

1. No morning shows
2. Limos (not town cars)
3. No blue M & M's
4. Air travel first class only
5. Air travel aisle seat only
6. No work scheduled before 10:30 a.m.
7. Only authorized photographers allowed photo-op (must be cleared in advance)
8. No interview over 1-hour in length
9. No more than 3 interviews per day
10. Will not sign CDs
11. Will not work on Jewish holidays, Muslim holidays or the usual Christian holidays
12. Will not perform acoustically on-air
13. Don't look at me
14. Don't talk to me
15. Don't even think of me
16. But please, please, please, please help me get a hit!

**Jimmy Page & Robert Plant** wrapped-up their sold-out 1995 world tour with a two-night grand finale at Madison Square Garden. The event was captured by photographer Frank Micelotta on a Nikon E2 digital camera. The images were immediately uploaded to the Atlantic Records web site

(<http://www.atlantic-records.com>) direct from the arena. The digital slide show will be available to view for the next several weeks.

Greg Stevens, KIOZ:

"If there is a good new project that's sort of in the traditional rock vein maybe we should stop turning up our noses at it, and put it up out there and let the listeners decide if it's over or not. I think there may be a hunger among the audience for some plain old rock songs."

Greg Gillispie, WRXK:

"Big calls. Everytime we play it we get calls from four or five guys in their upper 30's."

"I think it is a good angst-driven record, fine for nighttime play."

### **KRAD (B-12 PPW WKS-ON:4) PD/MD Jay Gleason**

"Getting some good calls, starting in the daytime as well, spiking in daytimes when requested, though still mainly in nights."

### **KSJO (N-7 PPW WKS-ON:1) PD Dana Jang**

"Sounds really good in the context of the station."

### **WBZX (N) PD Hal Fish**

"My quirky add for the week."

### **WHMH (N-14 PPW WKS-ON:5) MD Dan Peterson**

"No 'Plowed,' but it's similar to 'Molly.' A solid song that should help sell a few more copies."

### **KRAD (M-20 PPW WKS-ON:7) PD/MD Jay Gleason**

"Steady calls, nothing spectacular. I don't know if it will make it into heavy or not."

### **WAAF (M-11 PPW WKS-ON:7) PD Dave Douglas**

"Not seeing huge positives on it, but it's still building."

- KIBZ (B-19 PPW WKS-ON:1) MD Paul Young**  
 "A little bit of build, nice song. We'll have to see how it holds its own. We'll see if they are a one-hit wonder or if they will get some legs."
- KILO (B-27 PPW WKS-ON:4) PD Rich Hawk**  
 "This overtook 'Tomorrow' this week. We're pretty much gonna go ahead and pound it."
- KIOZ (M-10 PPW WKS-ON:2) PD Greg Stevens**  
 "I don't think we've turned the corner yet on people even knowing that this is the same band. Need to continue to front-sell and talk about it. Both of the songs work for the station. If their success is songs that sounds like 'Tomorrow,' then 'Stoned' from Mall Rats is a much closer match."
- KISS (N-6 PPW WKS-ON:1) APD/MD Kevin Vargas**  
 "Not a factor yet, other than we needed a second track."
- KQRC (N-9 PPW WKS-ON:5) PD Doug Sorensen**  
 "'Tomorrow' is still very very strong."
- KRAD (B-23 PPW WKS-ON:2) PD/MD Jay Gleason**  
 "Starting to pick up nicely now. Getting better calls with 20+ times per week play."
- KRXQ (M-23 PPW WKS-ON:5) PD Curtiss Johnson**  
 "I don't hear this being as strong as the first track."
- KSJO (B-23 PPW WKS-ON:6) PD Dana Jang**

- KUPD (N) APD/MD J. J. Jeffries**  
 "Always a rocket tester. High energy, and a perfect tempo for our station."

- WDIZ (B-22 PPW WKS-ON:2) PD Mike Beck**  
 "Right in line with what 'Tomorrow' was doing, but I think it's a better record. The new Bad Company."
- WGRX (N) PD Brian Beddow**  
 "Good record. We played 'Stoned' for a little bit, and backed that off to bring this in. High confidence."
- WHDQ (N-13 PPW WKS-ON:1) MD Guy Dark**  
 "Still early, but I think it sounds really good. We were getting some requests for 'Israel's Son.'"
- WKDF (B-19 PPW WKS-ON:2) MD Sheri Sexton**  
 "The listeners seem to really like them. Opening for the Red Hot Chili Peppers doesn't hurt, either."
- WKLL (B-19 PPW WKS-ON:3) PD Jeff Gillis**  
 "Just starting to see some nice phone response. I suspect that it will continue. The riff is just really cool and infectious."
- WLZR (B-16 PPW WKS-ON:9) PD Keith Masters**  
 "Not another 'Tomorrow' but there's enough interest in the band and it's a decent enough song to do well with."
- WRIF (M-6 PPW WKS-ON:3) APD/MD Mark Thompson**  
 "Flatlining. Ringers. Lactate/D5W. One hundred CC's. 200 joules. Charging paddles. Clear!! You now have sinus rhythm."
- WRUF (B-10 PPW WKS-ON:2) PD Harry Guscott**  
 "Increased phones, confidence level extremely high, and a good researching record."
- WWBR (N-16 PPW WKS-ON:2) PD Walt Brown**  
 "Not much. Getting a lot of calls for 'Israel's Son' from the CD."
- WXRA (N-13 PPW WKS-ON:2) PD Randy Scovil**  
 "Confidence is medium for now, just because it's early. 'Tomorrow' is still driving the bus."
- WZTA (N-14 PPW WKS-ON:2) PD Gregg Steele**  
 "No research. I feel it's gonna develop just as slowly and ploddingly as 'Tomorrow' did, but it will be a major smash."
- X107 (B-32 PPW WKS-ON:7) PD Steve Blatter**  
 "I think this could work really well for them."

- WBUZ (N) Co-PD/MD Matt Willauer**  
 "We were on that a long time ago, when the album first came out. It was Buzz Brawl champ for a month the first time around. A proven winner, so that was not much to think about."
- WDZR (N-4 PPW) PD Joe Bevilacqua**  
 "This is a re-add, one that's been getting play since the LP came out. Now we are re-introducing it to the audience. 'More Human' continues to be the champ."

### KILO (B-30 PPW WKS-ON:3) PD Rich Hawk

"#1 requests again."

### KIOZ (B-25 PPW WKS-ON:3) PD Greg Stevens

"Huge marketwide, but only part of The Smashing Pumpkins overall audience listens to rock stations, so with two Alternatives in the market we're not seeing it as a tremendously active record."

### KISS (N-37 PPW WKS-ON:3) APD/MD Kevin Vargas

"The response so far has been favorable. It is kind of a weird song, so you wonder if they were a one-time act or not. The quality of the album is gonna keep it alive. It's possibly the best record release of the last quarter."

### KQRC (N-18 PPW WKS-ON:3) PD Doug Sorensen

"Top 5-testing record. Phones are huge, too. Another angry record."

### KRXQ (N) PD Curtiss Johnson

"A better Alternative record in this market, but no negs from the rock core."

### KRZZ (B-7 PPW WKS-ON:3) MD Greg Bergen

"Getting more phones, we thought it may be out of our realm but we put them in and it's picking up. If you are going to be playing anything adventurous you have to play this. We will be able to play this album for two years."

### KSJO (B-22 PPW WKS-ON:3) PD Dana Jang

"I think the whole album could be huge."

### WAAF (B-34 PPW WKS-ON:3) PD Dave Douglas

"Very huge. #1 retail. That's remarkable."

### WARQ (B-47 PPW WKS-ON:3) PD Dave Stewart

"#1 requests for the third week in a row. Don't feel pressed to add LP tracks yet."

### WAVF (B-13 PPW WKS-ON:3) PD Dave Rossi

"#1 requests again — has been since we put it on."

### WAXQ (B-38 PPW WKS-ON:3) APD/MD Vinny Marino

"Huge. Phones and testing. Everything."

### WBUZ (M-17 PPW WKS-ON:3) Co-PD/MD Matt Willauer

"They are just as hot as they ever were."

### WBZX (B-38 PPW WKS-ON:3) PD Hal Fish

"Came out of the box the #1-selling album in Columbus. Big requests."

### WDIZ (B-36 PPW WKS-ON:3) PD Mike Beck

"Doing great. I love that. Not doing quite as well as Candlebox, but given time..."

### WDRZ (M-34 PPW WKS-ON:3) PD Joe Bevilacqua

"Great record. #1 retail for a double record this week. This song is a smash."

### WGRX (B-19 PPW WKS-ON:3) PD Brian Beddow

"Hearing a lot about it. I'm moving it into heavy. Debuted at #1 retail."

### WHDQ (B-12 PPW WKS-ON:3) MD Guy Dark

"I'd say it's building, not doing as well with the requests like I expected. But maybe fans are listening to the album."

### WHMH (B-10 PPW WKS-ON:1) MD Dan Peterson

"We are too early to get any response, but it's The Pumpkins, and they will do fine."

### WKDF (B-28 PPW WKS-ON:2) MD Sheri Sexton

"The phones are completely nuts, the only song we're on, but easily #1 Most Requested."

### WKLL (B-28 PPW WKS-ON:3) PD Jeff Gillis

"The phones are hotter than a pistol for this one."

### WKQZ (M-15 PPW WKS-ON:2) MD Paul Osland

"Still doing pretty well — so far getting a lot of calls for 'Butterfly.' It's not selling hugely, because it's a double, according to the retailer. I mean it's selling, but not blowing out."

### WLZR (B-25 PPW WKS-ON:3) PD Keith Masters

"Seeing monster sales, seeing great response on the phones, and it's still early."

### WRIF (B-15 PPW WKS-ON:3) APD/MD Mark Thompson

"Building like a mofo. Phones, mass acceptance, getting a lot of comments about how great both CDs are."

### WRUF (B-15 PPW WKS-ON:3) PD Harry Guscott

"Young, but improving. Phones are mediocre."

### WWBR (B-30 PPW WKS-ON:3) PD Walt Brown

"#1 Most Requested song on the radio. Surprised at how well it's doing down here."

### WXRA (B-22 PPW WKS-ON:3) PD Randy Scovil

"Gigantic. One of the biggest things this year."

### WZTA (B-25 PPW WKS-ON:3) PD Gregg Steele

### WZZO (B-24 PPW WKS-ON:2) PD Robin Lee

"Very good responses. Good phones. Great for Halloween."

### X107 (B-37 PPW WKS-ON:3) PD Steve Blatter

## DOUG'S EXCELLENT ADVENTURES IN BROADCASTING

Broadcast marketing veteran **Doug Harris** has announced plans for his second *Adventures in Broadcasting Promotion Directors School*, the world's only "boot camp" for radio marketing professionals, to be held in Stamford, Conn. at the Sheraton, April 26-28, 1996. The conference will focus specifically on the needs of radio promotion directors, providing integral tools and motivational speakers. Harris, Creative Director of **CRN International** and a former radio marketing consultant, orchestrated the first conference in Houston in 1993. "With the resources of CRN International behind me, I know we can produce a top notch seminar with quality speakers and substantial content," said Harris. "This conference illustrates the concentrated effort we're putting forward to improve the level of training available for today's broadcast marketing specialists." Speakers include Karen Tobin, VP/Marketing for Gannett Broadcasting, and Mike Burnett, author of "The Truth About Arbitron Ratings." Advance registration for the weekend is \$275, and a special hotel rate of \$75 per person is available.

## THAT'S "MR. FLASH" TO YOU

You all know that **MCA's David Fleischman** is the best of the best when it comes to promotion, but did you know that he spent his youth toiling away in the Memphis music scene, fronting the seminal rock band, **Flash & The Board of Directors**? When producer **Robert Gordon** recently began compiling his CD *It Came From Memphis* (Upstart Sounds), he included the track "Uptight Tonight," recorded by young Flash and his band. In the liner notes, Gordon explains, "...this song captures the cusp between youthful energy and mature talent. A double-time guitar solo, ya dig? And every time the drummer whacks the crash cymbal (sounds like a crash to me), I can see the drum kit swaying on its stand." Now that Flash is once again a recording artist, he's decided to set down some basic rules...

1. No morning shows
2. Limos (not town cars)
3. No blue M & M's
4. Air travel first class only
5. Air travel aisle seat only
6. No work scheduled before 10:30 a.m.
7. Only authorized photographers allowed photo-op (must be cleared in advance)
8. No interview over 1-hour in length
9. No more than 3 interviews per day
10. Will not sign CDs
11. Will not work on Jewish holidays, Muslim holidays or the usual Christian holidays
12. Will not perform acoustically on-air
13. Don't look at me
14. Don't talk to me
15. Don't even think of me
16. But please, please, please, please help me get a hit!

**Jimmy Page & Robert Plant** wrapped-up their sold-out 1995 world tour with a two-night grand finale at Madison Square Garden. The event was captured by photographer Frank Micelotta on a Nikon E2 digital camera. The images were immediately uploaded to the Atlantic Records web site

(<http://www.atlantic-records.com>) direct from the arena. The digital slide show will be available to view for the next several weeks.

## CFOX Opens Up Shop

**CFOX/Vancouver**, BC have finally made their Foxwear available to the public. 99.3/the Fox's afternoon driver **Bill Courage** did the live broadcast thing on October 20th at the official grand opening of the Fox Rocks Shop, where t-shirts, mugs, etc. bearing the Fox logo will be sold. As part of the opening festivities, Virgin recording artist Brother Cane dropped by the retail store in the Surrey Place Mall to perform live to a mall

crowd of over 300 people... In other **CFOX** news, loyal station listener Courtney Simpson of Langley recently won the station's "Holy Crap Would I Ever Love To Win That Prize" contest so that she could spend 14 days Down Under. The contest was simple — Larry and Willy would announce a secret phrase of the day (every morning for the past 5 weeks) and listeners would fax in their home/work numbers, then the duo would randomly draw a fax and call the

lucky listener, who had to answer the phone using the secret phrase of the day whereupon they would instantly win 99.3 dollars and a CFOX t-shirt. All daily winners were entered into the grand prize drawing. Other fantasy prize choices included: a killer computer system, a 15 day East African safari or a trip to Germany with 'one Porsche, one autobahn and one week'. The contest attracted close to five thousand faxes from the station's listening audience.

## Radio Shifts:

To go along with his Music Director duties, **WKLQ/Grand Rapids' Dave Wellington** has officially been named as the station's Assistant Program Director therefore taking on those tasks as well. His call times are Wednesday and Thursday 2-5pm and Friday 2-4pm... **Don Bernstine** has been tapped to fill the Marketing Director position at **WYSP/Philadelphia**. Of the appointment, Ops Manager **Tim Sabean** said,

"We were looking for someone who could help increase WYSP's market presence. With Don's background, we felt he was just what we were looking for."... **Stephanie Lancaster** has joined the **Radio Network (WGRF-FM and WEDG-FM)** camp as an Account Executive. Lancaster, a former intern with the Network, rejoins the staff after a two year stint at WJET-FM in Erie, PA... Pittsburgh's New Rock Alternative 'The X' at **106.7** has received FCC approval of new call letters.

The use of **WXDX** will take place immediately... **Rock 106/WWCT/Peoria** has announced the naming of **Joe Calgario** as the station's Promotions Director. In addition to taking on the promotional duties, Calgario can be heard on air as he hosts an Alternative show on Sunday nights... New faces at **92.7 ZZR/W. Palm Beach, FL** include **Stev Soto** (formerly with KISS/San Antonio) and **Chris Van Zant** (ex of the Fox/Ocean City, MD). Listen for them on the weekends.

## 95X's Cars, Stars and Cash

**WAQX/Syracuse** — During the next 4 weeks 95X will be announcing a "Star Of The Day" every weekday morning at 7:25am during "Lytle in the Morning" — and when the star's liner is played later on in the same day the 17th caller will win \$95 cash and qualify to win a car. 95X gathered four cool cars (a 4 wheel drive '95 Isuzu Rodeo, a '95 Mazda Miata Convertible, a '95 Firebird Formula Convertible, and a '95 Mustang GT Convertible) for the contest. If that wasn't enough, the winner will be able to pick the star of their choice to deliver the car. If the said star isn't available the winner gets \$5,000 cash. Roger McCue will announce the winner on the air Friday, November 10th.

## The Loop — For Kids of All Ages

Effective November 5th, **WLUP/Chicago** brings KidsRadio back to the airwaves from 7-9am on Sundays. KidsRadio provides the little people of Chicago with a two hour program of news, celebrity interviews and music for and about children. The program is designed for children between the ages of 2 and 14 and their parents. "It's great to have KidsRadio back on its original home because it entertains the children of our community," commented Director of Programming **Matt Bisbee**. "Now The Loop is truly for kids of all ages."

As part of their cross-country tour in support of **Foma**, The Nixon's made a scheduled stop in Cincinnati. Here band members John Humphrey, Jesse Davis, Ricky Brooks and Zac Maloy share some space and quality time with Brad Hardin (WEBN), Sterling Schiessler (WAQZ), and Liz Healy (MCV).

Those in the KRZZ/Wichita listening area were treated to a recent showing by Zoo recording artist Matthew Sweet. Sweet stopped by the studios to do the on-air interview thing, as well as pose for this trade shot with morning co-host Slave Girl Suzanne and APD/MD Greg Bergen.

The Atlantic Records Special Events Dept took over NYC's Bryant Park for a performance from the Corrs. Those attending the show included: Eric Murphy (KDUK), Ken Benson (KKRZ), Danny Buch (Atlantic), Mike Schilliro (Atlantic), Monte Lipman (Atlantic), Jim Corr, Andrea Ganis (Atlantic), Jeff James (Atlantic), Lynne Oakes (Atlantic), Caroline Corr, Sharon Corr, Andrea Corr, and Linda Walsh (Atlantic).

Is Denver the most competitive Rock market? As if the sheer number of Rock signals in the Mile High City doesn't merit that distinction, the intensity of the radio rivalry index probably does. You've got KRFX, KBCO and the Peak goin' at it on the upper end, KTCL set to move their transmitter thirty miles closer in, and now the revamped KBPI and KNRX in an 18-34 street brawl. Of course, to hear it from KBPI PD Bob Richards, Tyson/McNeeley is more the read on that particular battle. Yeah, that's leading the witness, but Bob's a Jacor guy after all, and why not get this interview into character from the git go? At 'BPI for the past year and a half, Bob formerly programmed WUFX/Buffalo from the late '80s til early '90s, serving as John Hagar's MD at 96Rock before that.

## Why did you change?

**Bob:** We were looking for the best synergies between KRFX and KBPI, given what both stations were bringing to the table. Up to that point KRFX and KBPI had kind of locked arms and shared about 40% of their audiences to discourage anybody from coming in and doing a Rock format, per se. Unfortunately what we have been finding right along was that the Rock arena is changing and KBPI's audience had turned into what Randy Michaels aptly described as two cats in a bag. The two cats were composed of an audience who had long hair and wore AC/DC or Metallica t-shirts and went to those kinds of shows. On the other psychographic extreme was the Lollapalooza, pierced nipple kind of guy. Neither group like each other very much, and they certainly don't like each other's music very much. KBPI was trying to cater to both. We also had KTCL coming to the table with our joint sales agreement with them, and KRFX was in the mix as well. The mission was to grow the Jacor properties as big as we could without negatively positioning any of the other properties in a market where there are already seven Rock signals, if you count the Classic Rock. What we decided to do was take KBPI in a Current based Rock direction and be true to its call letters. KBPI has always been a Current based Rock station — it's just that for the first time in its history the current stuff we were playing didn't really match the library anymore. So we

decided to drop some of the library stuff. In fact, we sent a lot of it over to KRFX and hopefully sent some of the cume over there as well. In addition to enhancing the music on KRFX with some of this 'new' KBPI product, we gave them Steve Cooper, who had been a 'BPI staple on the air for years. Steve now does 6-10 at night. The Heavy Man, who had been doing afternoons on KBPI, is now doing a weekend shift at KRFX.

## Do you feel like it's 'mission accomplished' for KBPI?

**Bob:** It's coming along really well. I am pleased with the way the station sounds. Promotionally we've gone ahead and really switched gears a lot, to the point where KBPI is doing stuff like live bootlegs with Tripping Daisy, or recording the White Zombie show for playback when they come to town. We're sending our jocks out to the White Zombie shows for two days before they come to Denver to cover it. We're also doing the Toadies. I think that we are going to be able to do this format better than anybody could, whether it be Denver or anywhere else. We're making the statement that 'If it's rock n'roll in Denver, it's Jacor.'

**Can Denver really support six or seven Modern leaning Rock stations? And did it make sense to totally abandon the Aerosmiths and Van Halens of the world?**

Shauna Moran and Todd Little,  
Bob's right and left arms.

**Bob:** What we found in our perceptual was that Denver is five years ahead of the Alternative curve when it comes to the rest of the country. If you take a look at where KBCO was five years ago and where they are today and where the rest of the country is today with Alternative stations popping up all over the place and Triple A stations and what have you — clearly Denver is way out front. We are supporting literally six Alternative signals, plus a Classic Rock signal. That's incredible. Nowhere else is that happening. We had to acknowledge what was happening. Our music is very well researched and we were coming up with a much different set of scores than we would have gotten a year and a half ago when I first came here. For example, the Van Halen album did not test very well at all. Some of the new Ozzy and AC/DC stuff isn't testing well. The highest scores we were getting in our research kept getting lower and lower and lower and that was a result of one group being burned out on the other group's music. We really weren't a very focused radio station by the standards of 1995. We needed to acknowledge that and change it and get back to where we needed to go.

**Have you had to dramatically change your sales pitch with the new approach?**

**Bob:** No. All we did really was eliminate the library and the current stuff all stayed the same. The sales department hasn't had a tough time convincing the people on the street of that. 92X is kicking and screaming about what we did and how we did it because of them. That's simply not true. Any buyer with a brain has been able to see through that. I'm happy to report that there haven't been any major, in fact there have been no cancellations based on the formatic changes we have made.

**How has your median demo changed?**

**Bob:** We had a lot of 25-34s, now we're more of an 18-29 station. That median age has probably gone from 27 or 28 down to 25 or 26.

**How do you address your competitors' contention that they 'made' you change?**

**Bob:** I'd answer that a couple of ways. First of all, the reason that we made the change was to best serve KRFX and KBPI. The changes that Jacor made in Denver have nothing to do with what is in our opinion A) a POS radio station with a pea-shooter antennae, B) run by a loud-mouth from Los Angeles, C) whose biggest accomplishment to date was programming KNAC as it left the format. These changes were on the books long before they even put their airstaff in place. It just so happened that they came on in a format that was similar to what we had already been looking at. I think Bryan Schock does a masterful job of taking the measuring stick for success and shrinking it down to something that is smaller than his resume.

**Do you feel your signal advantage nullifies a number of Schock and Ryker's assertions?**

**Bob:** The signal is certainly part of it. You can't get them in Boulder. You can't get them in Fort Collins. You can barely get them in Denver. But I don't think that's the biggest issue. The biggest issue is really that we didn't even consider what they were doing when we made these changes. They just don't matter. We were doing what was best for our situation and our synergies.

**You are probably aware that 'YSP in Philadelphia this past Friday dropped their Classic Rock thing and they are now The Rock Station...**

**Bob:** Is Bryan Schock taking credit for that too?

**How is the Fox holding up library wise?**

**Bob:** The Fox is holding up very well. Certainly any station could use the kind of shot in the arm come-wise that it's going to get from KBPI making this move. I relate all this to what happened in Buffalo, where we took the Fox, which was a station very much like KBPI, and flipped it to an Edge format. If you take a look at the Classic Rock numbers there, John Hagar, who I respect tremendously, just had a huge book 25-54. If possible, you want to keep all of those listeners in the family and the kind of move we made will freshen up KRFX and accomplish that goal, despite what Bryan Schock says.

**You hear a lot about KBPI being a 25 year 'heritage' radio station. But in reality, 'BPI has been a lot of radio stations over that period.**

**Bob:** That's a very astute observation. Everybody else has just kind of said 'How can you do this?' KBPI has been all things to all people, true, but one thing that has remained constant about this station is that, with the exception of a couple of years, we've always played Current Rock music. That's all it's doing today, but in a further evolved version.

**When Great American put Bill Betts in that squeeze between KAZY and KRFX, he had no choice but to knee jerk the station around a little bit. At one point, he went from being a low-end Current driven radio station to serious flirting with Classic Rock in some dayparts. When you took over, did that make for much baggage?**

# The Hard Interview

Rog, half of the Dean and Rog morning show.

**Bob:** There was, and not just of the musical variety. It was a conflict of personalities as well. These guys had been in a war with each other forever, and I bring in Dean and Rog and Steve Cooper from 105.9 and still have Willie B. Hung and the Heavy Man here from 106.7/KAZY.

**Not a lot of love in that room. Did you have to be a real den mother to get it under control?**

**Bob:** Yeah, I did. These guys are professionals and it didn't take very long for them to get together and get on the same page. Dean and Rog for the first time found themselves two steps down the hall from Lewis and Floorwax in the morning. That was a big change for everybody. It certainly wasn't an easy thing but they are all professionals and they came around. Now it's to the point where no one's pointing the guns down the hall anymore. From a musical standpoint there was a lot of baggage there. Bill did what he needed to do to keep the radio station where he wanted it to be and that wasn't necessarily in the best interest of what Jacor wanted KBPI to be. Now we've re-imaged the station to lose the last of that old baggage. We've finally eliminated the 'K-man', which has been a logo staple of the station for years. We just call it 'BPI' now. It's got much more of a skateboard type look to it. We've changed the positioning statement from 'Rocks The Rockies' to the 'New Music Revolution' — which I'm sure Bryan Schock would love to take credit for because he thinks it's too close to his positioning statement. In reality it's a statement that Jacor uses at 'FLZ in Tampa and that's where it came from. We've really gone out of our way to refocus the radio station musically. And also to make it look different. We don't sound the way we used to and we certainly don't look the way we used to.

**What were the most noteworthy artist additions and deletions when making your change?**

**Bob:** There weren't really a lot of additions. The biggest change was the deletions. We took out the Van Halen, Aerosmith, Ozzy, Metallica, and Megadeth library that made KBPI KBPI

and rotated the currents that had already been in place a lot more. We did make a couple of additions — Alanis Morissette and Veruca Salt come to mind — but for the most part those were things that weren't far off from what we were doing anyway.

**You're not playing the new Ozzy at all?**

**Bob:** Not to this point. We really need to step lightly. We know that we have a whole new audience out there now. What we want to do is establish that audience for a few months then maybe go back and through smart research maybe reintroduce some of these acts and see which ones work and which ones don't. I think a couple of them will.

**With all the shared songs and artists, do you expect to see a format defection any time soon?**

**Bob:** It's going to be survival of the fittest. And the way to answer your question is really difficult because I really think that deregulation has a lot to do things. I believe that if deregulation were to happen tomorrow a couple of these people would sell off because that is what they are waiting for now. They are just kind of treading water right now. If deregulation doesn't happen for a couple of years they may try to tread water for that long. Certainly there are radio stations out there that are not paired up that need to be. The one that comes to mind immediately is KNRX. Their LMA blows up January 1st with KQKS. I don't think there's any way they can support that radio station for very long.

**Could you see Jacor buying them?**

**Bob:** That's a question for Randy Michaels. I don't know if I can answer that. Jack Evans has been very vocal about turning it Spanish and calling it the Power Burro - which I thought was brilliant.

**Hey, if the price is right, it's a clean two shares just sitting there.**

**Bob:** Whatever the purchase price, it would be worth it just to have Malcolm Ryker come over to work for Jacor.

**You guys made a move on him already, didn't you?**

**Bob:** I don't know if we could necessarily say that. We were certainly interested. To me, Malcolm is the brains in the organization. Bryan Schock has been quoted as saying he would never have come over from KNAC without Malcolm, and he is correct on that count. We feel Malcolm is the guy who's driving the bus and, in my opinion, without him Bryan Schock is a hobo looking for a ride somewhere. Malcolm does a wonderful job of production. He positions the station beautifully. He's great on the air. To me, he is the heart and soul of the radio station.

**And I'd assume you're impressed that Malcolm opted to stay with his buddy Bryan in the face of your interest. A Jacor pitch has to qualify as a fairly seductive and compelling conversation.**

**Bob:** I can tell you this, I have never personally spoken to Malcolm about coming to work for KBPI. I never have offered him a contract. I respect the work that he does. And what I respect even more is his loyalty to Bryan. Bryan is damn lucky to have him - he is just a gem.

Willie B. Hung, Kato Kaelin and Bob,  
at the KBPI Birthday Bash.  
This was Kato's first radio gig,  
a week after he left the stand.

**Those guys aren't shy about dissing you in the trades. How much of it do they do on air? How much do you do?**

**Bob:** We do none of it. We've never addressed them on the air. Never will we because we don't have to. This is what leads me to a comment I made earlier about my opinion that Schock is not one of the smartest guys to have the title P.D. A day after KBPI made its changes, Bryan, who has said in a number of different places that he feels like he has a lot of exclusive cume, goes on the air with a promo telling all of this exclusive cume that KBPI has changed. That promo was basically word for word what we were saying. I was just sitting back laughing my head off. That was the stupidest thing he could have done.

**What happened to KBCO?**

**Bob:** KBCO got away from what KBCO had always done. That was to be very local, be very Boulder, be very out-front. Unfortunately for KBCO, at the time that the Peak came on and stole a lot of their people the management and the musical thinkers that were in place didn't understand what was going on.

**You competed against the Peak for quite a while, you know the format as well as anyone. Do you think SBR will ultimately be successful in New York and secondarily in Miami with this?**

**Bob:** Again with Denver being five years ahead of the curve, it's tough to say what is going to happen in those markets. The Peak did a great job here in Denver, but I think that the Peak's day is coming to an end. I believe KBCO now is understanding what happened to them and is certainly catching up. With KTCL's transmitter move I have a feeling that they are going to also have an affect on the Peak. It doesn't take long for the competition to

figure out what happened to them after they get burned. That's what is beautiful about radio. It's a constant struggle.

**How obvious are the changes that KBCO has made? And how appropriate?**

**Bob:** They are blatantly obvious and extremely appropriate given the slide that they took and where they bottomed out. To me, they need to shift even a little more if they want to take on the Peak. They are still making some mistakes but you can tune into the radio station and at least know some of the music that they play today. The Peak is obviously very familiar, very Pop, very Alternative leaning, not very guitar driven I don't think - which is why KBPI can be as successful as it is playing the Stone Temple Pilots type stuff. It's an interesting market, no question about that.

**How much of the Peak's success in your mind is a function of personalities?**

**Bob:** Zero. I'll tell you why. Originally when we found out those guys were going over there we thought it might create some listener interest, but when we test those names they mean nothing in the market. Zero. That Pete McKay is doing mornings means squat.

**Is that because the format compels him into a background mode or is that a market where personalities don't mean much?**

**Bob:** No, I disagree with that. Lewis and Floorwax certainly, and Dean and Rog are huge personalities and test as such. The Peak is purely driven by the music and by its positioning. You can plug Larry Lowvoice in there and it wouldn't matter who it is.

**What would you consider the most personality driven radio station in the market?**

**Bob:** The Fox, followed very closely by KBPI. Which is why it was difficult to give up Steve Cooper and the Heavy Man. It was really a statement when those two went over to the Fox.

**How is Cooper relating to the change?**

**Bob:** I have been very impressed with Steve Cooper and his mindset about going there. He has just been a champ. He sounds happy to be there. Given where he is in his career, he is thrilled to be on a station like KRFX. It's a perfect fit for him. The challenge is for KBPI to replace guys like that with new personality guys. We were fortunate enough to go out and get the Whipping Boy, who started at KTCL, and then went on to KOME. We have him in afternoon drive.

**Are you basically all shored up as far as your staff is concerned?**

**Bob:** I still need a midday person. I've received literally hundreds of tapes that I am in the process of going through. We've got some pretty sharp part-time guys that I am considering. I hope to make a decision in the next couple of weeks on the middays.

**A key to success in that market is having a good relationship with Barry Fey. Bill Betts had the inside track since his wife**

Bob with the birthday cake his staff lovingly presented him on the occasion of his 35th a week ago.

**is Barry's right hand. You get along with Barry?**

**Bob:** Yeah. We're not buddies. Barry doesn't invite me to his parties, and I don't invite him to mine. That doesn't mean that I don't like Barry Fey and that I don't get along with him.

**Is 'BPI as actively involved with Barry's shows as in years past?**

**Bob:** Up to this point we didn't have to be. Bill Betts was literally doing only Fey concerts. If one of the other small promoters brought something to town they would have nothing to do with it. Additionally Bill Betts was not involved with any other lifestyle stuff like football games, baseball games or skiing or whatever. I came to town with the mindset that I would certainly work with Barry. He is no doubt the largest promoter in town, the state and probably in the west. But I also decided that I was going to work with some of the other guys, and that I was also going to do lifestyle stuff that makes sense for my audience. That was a point of contention with Barry when I first got here. Now a year and a half down the road I really think that Rob Busswell, who is pretty much Barry's right hand, understands where I'm coming from and I know where they are coming from. We've co-existed fairly peacefully.

**Your accessibility to record companies is something that frequently comes up in conversation. Is your having things pretty much on your own terms by design?**

**Bob:** I don't know if it's by design as much as it is my personality. I am paid by Jacor to sit in this chair and make decisions that will affect my ratings in a positive manner. To me, there are a number of things that programmers do that never will affect the bottom line ratings. To me, you are wasting your time if you are sitting in this chair doing some of those things.

**They are?**

**Bob:** They are answering the question of the week for the trades, talking with record guys about nonsensical things that really don't matter, listening to record companies who you know have acts that you are never going to play and are wasting your time with them about it. I have been a Music Director or a Program Director for damn near ten years. I've worked with a lot of record people and I can't think of one record person in all the years that I've been doing this job who when I left their market or they left my market, have continued a relationship with. That may be because of my attitude but bottom line is these guys want to be your best friend while they are here but that's not really the way it is. I will say this. I think that the reputation that I had coming into Denver was based on the way I was treated in Buffalo where the majority of record people I was dealing with were from New York City. They come to the table with a certain arrogance and mindset that just does not exist in Denver. It's been a lot better since I've moved here. The local people aren't cut-throat. They all hang out together. They talk amongst each other. They are friends, literally. That's been a lot better situation to deal with than when I was in Buffalo. I wouldn't say that I am necessarily inaccessible if you've got something that we need to discuss that matters to the radio station. But to pick up the phone every week because they want to have a relationship with me and talk about the latest Buffalo Bills game or whatever it's just not going to happen. I've got more important things to do.

**And even though you don't do the phone hang, you get pretty much what you want?**

**Bob:** With the exception of one current situation, I have never been in a situation or a position where I felt like there was something I wanted from the record labels and couldn't get. For example, Tripping Daisy is coming to town. I pick up the phone. I call my local guy and the next thing I know I have permission to record the band exclusively and play it back in the market. The same with White Zombie the next night. Ditto the Toadies.

**Are they responding to your ratings?**

**Bob:** You'd have to ask them that. I don't know what motivates them.

**Is it the power of the call letters?**

**Bob:** I think it probably has something to do with it, sure. But I have to tell you this — if my calls letters were KNRX I'd probably have a different mindset about achieving the goals that I want to achieve.

**In what sense?**

**Bob:** That I probably would have to do more ass kissing in that case.

**One of KNRX's contentions is that the 'cool people' in Denver recognize the fact that they were first on the dial with the style of music that you two more or less share now. And that they will try to somehow position you guys as followers or kind of corporate schmucks to the listeners.**

**Bob:** Let me ask you a question, Bill. You're a smart guy. Of all the radio corporations that you are in contact with and that you know about, which would you say is the least corporate of all of those?

Dean, the other half of the morning show, at his drive through proctology remote.

**Gosh, would that be Jacor?**

**Bob:** Thank you. If that is Bryan's m.o. and he thinks he is really going to be able to accomplish that he is sadly mistaken. He's making the first mistake in war — not knowing your enemy very well.

**What's going on with Frank Wood's 'Alice' AC?**

**Bob:** Ratings wise it seems to be doing okay. But I have to tell you as a Program Director and with all due respect to Chuck Finney, who I worked with in Buffalo and is kind of running the Secret programming department, I don't get it. What they are doing really depends on when you listen to them. I can't even begin to describe that radio station to you. They are holding their own in the ratings and that's the bottom line. That station is as far from any kind of conventional programming wisdom that you could get.

**Is there anybody in the market that is making some little moves that's worth noting in any format?**

**Bob:** With the market being 12% Hispanic, I can't wait to hear the giveaways and the positioning for the Power Burro. It could be a real ass kicker.

**Of all the Denver radio stations who spends the most on marketing themselves?**

**Bob:** My guess would be KRFX, followed closely if not equalled by the Peak.

**Where does the Peak concentrate their bucks?**

**Bob:** Huge TV campaigns.

**Where does KBPI concentrate its bucks?**

**Bob:** We haven't traditionally done a ton of marketing. We put up billboards and that kind of thing but we have not run a TV campaign since I've been here.

**Is it something that you feel that you need?**

**Bob:** Once all the pieces of the puzzle get put in place it certainly won't hurt us. We are looking at doing it in '96 but it doesn't make sense to do it right now today without everything in place, without a midday person.

**What's the co-pro situation like for the station? Have you been happy with your share of the action?**

**Bob:** It's not an issue. Again, referring to the Tripping Daisy and White Zombie situations, those are all neutral shows. But with what Randy Michaels and Tom Owens have given us to work with we can own anything we want. We pull up with two vehicles. We are smart enough to get the rights to record the shows. With some of the guerilla warfare tactics that Shawna Moran, my Promotions Director comes up with, we get all kinds of things done that otherwise wouldn't happen. Who says 'Presents' and who says 'Welcomes' doesn't matter anymore. We own anything that comes to town.

Bob's mentor Jack Evans.

# TRIPLE A

# ADULT ALTERNATIVE ALBUMS

**Tracy Chapman.** "New Beginning." Elektra/EEG A *New Beginning* and a beautiful crusade to preserve the earth's magnificence are the top priorities of this intriguing Tracy Chapman release. Fluid rhythmical rhymes with very worldly feels fill this wonderful CD from start to finish. Since the days of Tracy's "Fast Car" she has been undeservedly overlooked, but this *New Beginning* will definitely remedy that situation. Already at 22\* and with over 70 Triple A stations playing it, *New Beginning* is such a strong record that we expect to be watching its AAA chart progress well into the new year. In addition to the single, "Give Me One Reason," suggested tracks include: "Heaven's Here On Earth," "Smoke And Ashes," "The Rape Of The World" and "Tell It Like It Is."

# THE HOT CORNER

**Dave Matthews Band.** "Satellite." RCA "What Would You Say" to another cut from the Dave Matthews Band that will surely orbit around the top of the charts? Actually, "Satellite" is the last single to be released from the stellar *Under The Table & Dreaming*, which has now sold somewhere in the neighborhood of 3 million copies. Keeping true to Matthews form, this tune is very acoustic-driven and listener friendly. As an added bonus, a gift if you will, the band and our friends at RCA have included a "Christmas Song" on this CD single. Hard to believe, but it's almost that time of year again. So, start checking your lists — playlists that is — and round our the year with both of these Dave Matthews Band treats.

**Blue Mountain.** "Wink." RoadRunner Now we all know that this is an album — *not* a track — format (hey, I only run the singles chart so that the magazine has an even number of pages every week, so leave me alone). But sometimes, the labels like to suggest a particular song for airplay, and sometimes they'll even throw in a couple of rare, or previously unreleased, or acoustic versions just to let you know that they really do think that you are special people. Well, this is one of those times. The suggested track from *Dog Days* is "Wink," but there's also a couple of rare gems on this CDPro. Before Cary Hudson and Laurie Stirratt started Blue Mountain, they were members of a band called The Hilltops (along with John Stirratt of Wilco and Hank Sossaman). "Broke Down And Busted" by The Hilltops has been included on this EP. You'll also find "900 Miles," from Blue Mountain's 1993 self-released CD, a beautiful acoustic instrumental, "To A Toad," and "Mountain Girl," from the *Dog Days* CD.

## Rolling Stones

The Rolling Stones recorded a mostly acoustic gig in England earlier this year, and now we have the set called *Stripped* (Virgin). Bob Dylan's "Like A Rolling Stone" is the lead track, which seems somehow appropriate. This song does have some electric instruments in it, and gets the typical Stones treatment. When the full album arrives, you'll find many more interesting tracks, including gems like "Spider And The Fly," "Shine A Light," and "I'm Free."

## Nils Lofgren

Guitar-meister Nils Lofgren is back with a great collection of twisted pop music on *Damaged Goods* (Pure). From the first bluesy strains of "Damaged Goods," I knew this was going to be a good one! I suggest you start with the title track, which is a funny take on a love song, but there are many others to sample. "Alone," "Only Five Minutes" (with Branford Marsalis), "Black Books," and "In The Room," all caught my ear.

## Julian Cope

Julian Cope's new album, *20 Mothers* (American), may be the one to break him out of the "college radio" stigma. The first track, "Try, Try, Try" is as fine a pop song as he's ever written and may become an alternative hit. Beyond the single, you will find many weird, spacey, trippy tracks, as well as some real gems. Julian's wry writing style comes through on songs like "Wheelbarrow Men," "1995," "Adam & Ever Hit The Road," and "Senile Get."

## Bonnie Raitt

With "Rock Steady" moving, *Road Tested* (Capitol) 34-8 on the Constantine Top 60, Bonnie Raitt should be very pleased with the reception to her new live album. There are many wonderful performances on these two CDs to play with, including "Thing Called Love" with Bruce Hornsby, "Never Make Your Move Too Soon," with Ruth Brown, Charles Brown and Kim Wilson, and a great version of the Talking Heads' "Burning Down The House," as well as many of her favorites. Have fun with this one!

## Passengers

*Passengers* is a collaboration between Brian Eno and U2. *Soundtracks 1* (Island) is, as the name suggests, a collection of songs that they recorded for various films. Overall, the album is very cool, but not particularly radio friendly. Our favorite for airplay is "Your Blue Room," with Adam Clayton singing lead. It is the most song-like track on the album. Most of the rest of the tracks sound like they come off a soundtrack. However, the pairing is very intriguing, and I think our audience will be interested in checking it out.

## Tracy Chapman

Now that you've had a chance to spin "Give Me One Reason," for a while, it's time to consider depth tracks from **Tracy Chapman's** *New Beginnings* (Elektra/EEG). "Smoke And Ashes" will probably be the next single, and sounds like signature Chapman. We also like "Tell It Like It Is" and the title track. This is a beautiful album, and one that we can own, so take advantage of it.

## Alterna-singles

There are a few great alternative records that you shouldn't miss this week: **Poe** is the latest in Atlantic's roster of female alternative rockers. Her debut, *Hello*, is getting some attention around the country, and we just love the title track. It is like a cross between Everything But The Girl and Portishead. Check this one out... "Natural One" by **Folk Implosion** comes from the Kids OST (London), and is picking up steam at alternative. It gets a bit crunchy, but it has a great groove and will work as well as a cross-over record... A song that is working well at both progressive and alternative radio is "Queer" by **Garbage**. Again, it does get crunchy in the bridge, but it is a hit song, plain and simple.

# Brian Wilson and Van Dyke Parks Orange Crate Art

Album of the week: Brian Wilson and Van Dyke Parks' collaboration is the making of the Beach Boys' legendary Smile album. Although the initial sessions in 1966 failed to produce anything that they collaborated together—"Hence and Vitamins," "Surf's Up" and "California Girls"—the duo's collaboration has since become a cult classic. The album is a masterpiece of pop music.

## IF TRIPLE A IS OVER, WHY AM I STILL HERE?

I had planned on just keeping my mouth shut and sitting back and watching the various niches and co-charts and breakdowns and offshoots and everything else that the "experts" have deemed necessary for Triple A. That was my plan, until R&R officially declared the format a failure.

I didn't think that it was necessary for me to throw in my two cents because I know that the people who are successfully programming Triple A stations know the format and get the format, and they don't need me or anyone else reinventing or redefining it on a bimonthly basis for them. And I know that the labels that are selling truckloads of records as a result of Triple A airplay will continue to support the format. And I know that there are talented artists who wake up every morning thinking that life is great because Triple A stations keep playing a unique and eclectic mix of alternative music. And I know that our AAA charts are an accurate reflection of what is happening at the format and I have no plans to change them, break them down, join them together, or start running them backwards from #50 to #1 (although I am considering throwing in some subliminal messages).

I never thought that words like "diverse," "eclectic," "alternative," or "progressive," were bad words because that is exactly what Triple A stations are supposed to be. They're supposed to be different from other stations. The day all AAA stations start sounding exactly alike is the day the "failure" rubber stamp should be brought out. Hopefully, if the right PDs continue programming these stations — and don't listen to the ever-growing number of "experts," who are determined to compact this format into their own neat little package — Triple A will continue to succeed.

I've asked the Triple A community for their thoughts on the state of the format, and here's the responses we've received so far...

### Ned Horton, Tuned-In Broadcasting, WRLT/Nashville

The radio lemmings are now jumping to New Rock because that is an easy road map. AAA is a difficult format to execute, and to explain.

KBCO blinked, and other markets like Richmond are falling off the truck, but the rest of us are enjoying the unique status we have in our respective markets. WXRT, KTCZ, KINK, KMTT, KGSR, KFOG remain as shining examples of successful adult stations programming progressive music.

We started our venture in Alternative programming in February of 1987 as a "Modern Rocker." The evolution to a more adult approach began in 1990, and has done wonders for our ability to attract a great core of advertisers. We consistently out-bill our market share, and are very proud of our AAA "failure."

It's about the music.

### Ken Anthony, Zoo Entertainment

I've been watching the ongoing battle of words between the Gavin Report and R&R with great amusement! Let's call a spade a spade...most people I talk with on both the radio and record side of things call this format TRIPLE A...PERIOD! Congrats to you and Bill Hard for making your format name for this format synonymous with Kleenex and Xerox!

Aren't you all a little tired of having to peer timidly at your trade magazine format names whenever you're on the phone with said trade so as not to accidentally call the format by the wrong trade name?

Does the radio listening audience really know or care what you call this format? I think not. All they know is that they would like to listen to a radio station that treats them as intelligent music listeners. Isn't this the basis of the so-called Adult Alternative Album format anyway?

When was the last time the radio listening audience called your radio

station and complained about "that darn track chart that R&R has started up"? All they know is that they would like to hear "more" than one track by the same artist regurgitated over and over again...after all, isn't that what those "Top 40" stations do anyway?

Last time I looked, the purpose of Triple A was to deliver intelligent music-based entertainment product to a mature listening audience that attracted quality demographics and psychographics. Last time I looked, there were dozens of examples of this happening at several quality Triple A stations around the country... Would you consider this so-called format a "failure" as a result? The bigger question is... Is the failure of a format a Quantitative or Qualitative criteria?

Last time I looked, the purpose of record companies was to sell records. Last time I looked, artists like The Counting Crows, Sheryl Crow, Blues Traveler, The Dave Matthews Band, Melissa Etheridge, and Joan Osborne were selling boatloads of records with the so-called Triple A format as their base.

In addition, last time I looked, the HORDE Tour — the Triple A version of Lollapalooza — was doing a brisk business at the concert box office.

In summary... the "Triple A" format is NOT a failure; A tracks chart is a BAD idea because this "ain't a Top 40 format"; many Triple A radio stations are doing very good business, many record labels are selling lots of records from Triple A-based artists, and several of these artists are doing solid concert business.

Now...can I go back to work?...I'd suggest that Gavin and R&R do the same thing!

### Ian Taylor, WKVT/Brattleboro

Niche, niche, niche, niche, niche... sounds like a Monty Python routine.

I disagree with R&R's assessment of Triple A's demise — but then I

don't count because I'm not in a Top 50 market. It appears to me that around two-thirds of the radio stations in this country are NOT in a Top 50 market. Does that mean that two-thirds of this country's radio stations don't count? Damn! I HATE when that happens.

Questions to ask yourself:

1. Does what you do sell in your market?
2. Is anyone copying you in nearby markets?
3. Does your Sales Manager listen? Does he agree with you?
4. Does your Promotions person feel at ease with "the product"?

So, your product sells, people like it, your business isn't going under... Does it really matter what anybody else thinks?

What do you call this format? We here call it "Walnut." We were going to call it "Elvis," but somebody is already using that name.

My listeners are all that matter. They like it. They patronize our clients. It ain't broke so...

### Nancy Stein, Warner Bros.

One of my favorite things about this format is the ongoing controversy that has been around for the last two years since I've been involved. I think that stems from having a lot of interesting people involved with all kinds of ideas. But the truth of the matter is that we have survived and better yet, we have grown. This format never would have survived just playing eclectic, singer-songwriter and folk music. It's a fact of life — big time radio stations have to play the hits. This is still a format that plays music that no other format plays and supports some of the greatest artists out there. Great artists that are ignored by other radio formats. I am amazed that everyone is so threatened by the words "rock alternative." With the exception of a handful of records, the rock alternative format is playing the same current records as the "whatever you want to call it" format. Anyone who is really paying attention should know that. I am thrilled about the changes and hope we keep on changing because the downfall of some of the other formats was that they were too chicken shit to make changes. We are very fortunate to have people in this format who are very creative and are pioneers and won't ever be afraid of change — and I really believe that.

### Tom Gates, RoadRunner

There are radio stations that succeed and there are radio stations that fail, regardless of what format they fit into. I have a hard time believing that the better AAA stations — which are most often more aware of their market than anyone else — aren't going to continue to have a great impact in the future. There's nothing more evil than generalization. Period.

### Dennis Kitterman, KFMU/Steamboat-Vail

It astounds me that the success of one Adult Alternative station, in one market, with some very unique circumstances contributing to that success, can provoke wholesale abandonment of AAA. This is even more interesting to me, because I came from the Alternative side.

Don't get me wrong, Adult Alternative stations can have success, and the popularity of Modern Rock only helps to widen this narrow niche. Will Adult Alternative replace AAA as some of the trades predict? NO WAY! In fact, some of these stations that have abandoned Bonnie Raitt, Eric Clapton, The Grateful Dead, Van Morrison, etc., will only find someone else taking that piece of the pie.

While AAA and Adult Alternative do share some artists and some songs, the two formats are by no means a mirror of each other. It's OK for a AAA station to share artists with the competition. What really counts is the track that comes up right after the shared song. While a AAA can come back with something acoustic or Blues or Reggae or anything, an Alternative or Classic Rock station has to fall directly back into the mold defined by the format. AAA is much broader and has greater depth. The radio community has this great misconception that listeners buy into our little formatic categories. Very few people are going to only listen to alternative, or only listen to classic rock. Very few people are going to say, "I hate Blues. That station plays some Blues, so I'm not going to listen." People like variety and there are only two relevant categories the average listener is concerned with — "good" music and "bad" music.

What makes me laugh is to hear a consultant or PD with a background in other formats say, "For this format to survive, this must happen." A solid AAA will be eclectic, centrist, and a true reflection of the taste and values of the community. There is no way I can let some consultant from New York or Chicago tell me what will or won't work in Steamboat Springs and Vail. They are culturally worlds apart. The mistake is to generalize about a format where localization plays such a major role.

What this whole debate brings to focus, is that AAA is having some growing pains. It also illustrated that Adult Alternative is a viable format. Does this mean that AAA is doomed and every AAA will soon be Adult Alternative? NO! Does this mean that if a station forsakes AAA for an Adult Alternative approach, another station can start up a AAA that will undercut what the station has built? I would say count on it.

### Kid Leo, Columbia

My reaction to the publicity generated by the so-called "trade wars" is akin to the time honored position that my idol and mentor P.T. Barnum was known to take on many matters concerning publicity: "Just spell the name right." The only trouble is we don't have A name. To paraphrase Rodney Dangerfield; "We've got a million of 'em."

That is a problem. It is not, however, as big a problem as certain people trying to bury this format, fractionalize it, or mold it into a cookie cutter stencil. I suppose it would make too much sense to embrace and recruit every viable station as part of what could become a formidable and powerful alliance of radio stations geared toward the adult demo that have a current rock stance and a highly desirable psychographic spread.

The infighting (on many levels, I might add) is now visibly apparent to all. This from a fledgling format with too many names, far too many experts, not enough success stories and hardly a pot to piss in.

The ensuing publicity may just have the odd juxtaposition of making this format appear to be something big. BIG! There's a novel concept from what seems to be a world occupied by very small thinkers.

### Todd Bisson, EMI

I am told there is some sort of controversy at the moment regarding the adult alternative format. I hear it's doomed not to achieve its pre-determined destiny as the "next alternative." Well, I'm here to say Bah to the nattering nabobs of negativism! I have been to the mountain, and I have seen the future. Alternative-style Cynicism and self-involved superficiality are growing to near alter-

native levels within this supposed "touchy-feely-I'm-okay-you're-okay" world. For instance, check out the rise of fashion fascism: At the Boulder Summit, an A3-er criticized me for wearing a Q101 shirt at an AAA gathering. I was told I did not belong as a result (I'm tellin' ya, we are on the way!). Another example: Atlantic artist Mary Karlsen (a card carrying adult-alterno type) was heard dissing a fellow format artist over the air for the sin of wearing non-AAA approved trousers (they were leather). Right on! Go girl! Nothing warm and fuzzy about that. Very alternative if you ask me. Mark my words, when the cover of the book over-takes the writing inside, 12+ 4 shares and Entertainment Weekly feature stories can't be far behind. The only flies in this ointment — great stations like WRLT and WRRX. Brilliant albums like Mike Scott's Bring 'Em All In that can get on 40 AAA stations (including KTCZ, KUPR, WXLE and KGSR) without drums! Really folks, you are going to have to insist on high-gloss production and "dumbed-down" lyricism for your on-air sound if you want to get anywhere in this biz.

### Michael Richter, WVRV/St. Louis

As you've requested, here are a few of my own observations on the "industry-driven brewhaha" that seems to be plaguing "Adult Contemporary Album Progressive Alternative AAA PAR A3 Rock" radio.

It may seem stupid to state the obvious, but to the average listener, we are a "rock station." So is KSHE, the Point, and KSD-FM. Most of the listeners know classic rock from modern rock and hard rock from lite rock, but all of the descriptions have one thing in common — rock. Sure, there is a description for Top 40 and Country (for the sake of argument), but we play rock.

We rock harder than some and not as hard as others. We play some classic rock, but not as much as others. We play some modern rock, but not as much as others. We do what we see as productive for our market. Slowly, but surely, we are seeing progress.

Where does the industry come into this? When the national people listen to what their local people tell them about "the River." When the national people hear the station and know that we aren't going to play everything they throw at us. When the local and national people understand that we are here trying to make a station perform within the confines of the market.

So what about a name? Call it "Sybil."

### David Fleischman, MCA

For the record, I was never contacted by R&R as to my opinions on the state of AAA as a format. Has the format failed? In my opinion, the answer is NO. I was asked about my feelings on a track chart, and I voiced my opinion that I was against having one, but if R&R felt they "had" to have one, it should run every two weeks and always listed after the album chart.

The fact that they now have a track chart is not that big a deal. That is their way of doing things (methodology if you will). You at The Hard Report have your methodology, just as Gavin, Album Network, The FMQB, and Hits have theirs. Nothing personal, but I can't imagine any programmer programming his or her station based on any one of your charts. (Charts! That's another debate of its own). Charts are just a part of the overall picture. We all know this, so I consider this whole debate as taking up way more energy than it deserves.

As to what to call the format — I personally couldn't care less. I just wish I didn't feel this need to be politically correct and use each publication's terminology when I'm talking to that publication.

I think a more important issue is this — we've all bought into SoundScan and BDS. Even though both are not 100% accurate, it's obvious that their information is certainly indicative of "reality in the marketplace." And it is unquestionably a better system than "the old days." One area that also needs to catch up to the times is this thing called "formats." In the rock arena, Rock Stations, Rock Alternative stations, Alternative/Modern Rock stations, and AAA/PAR/A3/APM/Adult Rock/Adult Alternative (there I go again) now share more music than ever and this makes me believe some sort of realignment in our thinking needs to take place in regard to formats. I'm currently in an anti-format mode. To me, you're all Rock stations with varying degrees of differences. For the most part, all I care about is if a station is playing my record, are they playing it enough and has it been played enough to have a meaningful effect in the marketplace, and if they are, is anything happening.

I hate to criticize without having answers, but when it comes to this "format" thing, I don't. But like SoundScan, BDS, charts and formats...I'm not perfect either.

## Mike Boberg, WVXU/Cincinnati

Is A3 dead? Not anymore so than Alternative. A local paper said it best in a headline, "Alternative To What?" Good question. The answer — "alternative" is no more. Call it "progressive," "modern rock," or whatever else you want to. The truth is it's becoming "MAIN-STREAM," i.e.: Top 40 crossover, AOR crossover, etc. etc.

A3 is THE TRUE outlet for "alternative music." Newsflash kids, I don't even read the charts every week. GASP!! Why not, you ask. Because I don't care what anyone else is playing, that's why. WVXU was playing "A3" music before there was an A3 format. We called it "Intelligent Alternative Pop" when we started it. Now we use A3, mainly because it's shorter, but that's it.

A3 has its roots in many areas, and thus every A3 station should take its own spin on the format. If you homogenize A3, like everything else before it, you lose sight of what the format is about. It's only when every A3 station has the same Top 10 releases on their charts that the format has died. As for now, it's just getting started.

## John Butler, Silvertone

I feel that the letter sent out by Erica Farber was not an indication that R&R thinks the format is over, but that the INDUSTRY thinks the format is over. In 1990, when the New Rock panel was about 30+ stations, the stations and we promo people were fighting to be heard by our GMs, Owners, and Executives to take New Rock seriously. That fight for respectability and viability went on for years and was the topic at every industry gathering for years until the format broke through. Can you imagine if back then we all stopped and said "Alternative's over...Too few signals...No sales other than large markets...Signal problems...etc.?" Think about it. I think that the stations themselves feel they are rock stations, but I feel the industry's question is not what to call the format. The question is, as Alternative becomes 18-24 and Rock succeeds at 18-34, who will be there to pick up the underserved audience as a result? And is this group of stations ready to play music more frequently and to make their own success stories as Alternative did oh so recently?

## Susanne White, Guardian

Getting down to the "issue" is always extremely difficult, yet imperative in my opinion, and the issue here is: The industry's general feeling about Triple A.

The facts about the format need to be researched and substantiated. We continue to have these blanket statements that the format doesn't sell records, that ALL the market shares are consistently bad or non-existent, that new artists are never broken on the format, etc.

Most of this is simply not true, but then never researched. I know from first hand experience that a good percentage of Triple A sales are not scanned. I also believe that market research does not always reflect the Triple A listener fairly. There still exists a strong need for education about Triple A, not only in the field, but industry wide.

Continue to educate, do more research and have more patience. Whadda ya think? Oh yeah, check out Joan Baez's soundscan!

## Michelle Clark, Michelle Clark Promotion

We know Triple A lives!!! You started it. There were only 35 stations and 2 charts 3 years ago when we became "Triple A indies." Now, there are over 120 stations and 11 charts. We represent indie labels and major labels. We work records from new artists and established artists. We work folk records to rock alternative records. All projects are different but most results are the same: the Triple A for-

mat can sell records and break artists — that's why we're still so successfully in business.

There was a time when we (the people within the Triple A community) didn't even want to give this format a name or a chart (that's why Gavin called it a "Grid" instead of a chart). We were all afraid of how titles would affect the diversity of the music and the stations from market to market. What works for one station may not work for another. That's the beauty of Triple A — it's different, original and true to the music (not the music *business*).

Who out there (besides R&R) doesn't call our format Triple A? All of our clients call it Triple A. Radio stations call it Triple A. Artists call it Triple A. Why would anyone think to call it anything else?

I've had my name all my life and so has Triple A.

## Zeb Norris, WXLE/Albany

An Open Letter to R&R:

Golly, imagine that! Another trade got P.O.d that you "borrowed" their format name (for a different format!) without permission! Who's a thunk? To paraphrase Claude Rains' character in *Casablanca*, "I am shocked... shocked to discover someone would be concerned about something as petty as a copyright!"

Seriously, this highly predictable conflict is just one of many problems with your Adult Alternative section. To wit; after I repeatedly voiced my concerns and objections to your decision at R&R to go to a tracks chart, I was told that nobody else objected. In fact, I was told that the labels were *all* in favor of the tracks chart. So, I did a little survey on my own, and lo and behold, NONE of the labels I spoke with were happy with the tracks chart!

What's the problem with a tracks chart you ask? Well, being an old fart, I remember the days when A.O.R. charts were actually Album charts! In those days, A.O.R. radio wasn't the cookie cutter crapola that it is now... in fact, it was sorta like Progressive is today! Then came Consultants, Research, and Tracks charts. In about a week, A.O.R. evolved into the lame Singles plus Library format it is today. I mean, honestly, what's "Album" Oriented about A.O.R. now?

So, there's my primary problem with a tracks chart. But wait there's more! Your Tracks chart at R&R looks an awful lot like the Alternative chart with fewer spins... which I feel is an unfair way of presenting the format that I and other programmers have put our blood, sweat and tears into for years. The Album chart, on the other hand, not only is more representative of what is actually happening with artist exposure at our format... IT ALSO SHOWS SIGNIFICANTLY MORE SPINS PER PROJECT! This is what the labels want to see... SIGNIFICANTLY MORE SPINS FOR THEIR ARTISTS! You are correct when you say that programmers are selecting one or two tracks to focus on... the thing is, the focus tracks vary from station to station! And that's the beauty of this format! I will fight every step of the way any effort by short-sighted nincompoops to homogenize this format!

Before I give myself a stroke, let me point out there IS a solution. First of all, return the Albums chart to its rightful place of prominence on R&R's back page, and print the tracks INSIDE your sheet. Then, call the format Adult Album Alternative." Note the use of the term "Album." Let me stress it one more time: THE ALBUM ORIENTATION OF OUR FORMAT IS KEY! Now, I know that this term is copyrighted by Bill Hard of The Hard Report, but I'll bet that if you asked him real nicely, he'd let you use it. Plus, it certainly doesn't hurt that everybody already calls the format "Triple A," now does it?

*Flying* Fish Records in Chicago is in a serious harmonica rut these days with new releases by Little Mike and the Tornados, Mark Hummel, and the latest by **Gary Primich, Mr. Freeze**, which is nothing short of mighty fine. Four of the 13 tracks are Primich penned, but it really doesn't matter because this CD just rips it up from start to finish, taking you from Chicago and Texas styles of blues to the Louisiana swamp to swing era ballroom. Primich obviously knows it all; he plays with such command that it's no won-

der he's been named best harp player in Austin five years running by the Music City Texas Poll. The groovin' instrumental "Mr. Freeze," along with the slower "I'm the One" are just excellent. "Dallas Texas" and "Easy Ridin' Mama" are acoustic, and you can even hear some banjo in there too. "Bad Poker Hand," "Route 90," "Dummy on Your Knee," and "Red Top" will just rip your ears back: they smoke. Of the 13 cuts, all but one or two will keep listeners very happy. This CD will come out near the top of the heap in 1995.

## Eddie Taylor Long Way From Home

Blind Pig Records  
by Paul Kenedy, Premiere Radio Network, L.A., CA.

*During* a 1977 tour of Japan, Fenton Robinson ran into visa problems and longtime Jimmy Reed accompanist **Eddie Taylor** stepped into the breach. The results are found on the Blind Pig Records release *Long Way From Home*. Taylor grew up in Mississippi, taught Jimmy Reed to play guitar and later was Reed's accompanist in Chicago, helping to define what's known as the "Jimmy Reed sound." Taylor also played a back-up role on classic recordings for Snooky Pryor, Elmore James, John Lee Hooker, and Big Walter Horton. *Long Way From Home* gave Taylor the opportunity to stretch out on his own. Backed

by a band including Chess-and-Chuck-Berry-drummer Odie Payne, Jr. and famous Aces players Louis and Dave Myers, Taylor swooped, soared, and stung, and proved that the legendary players were right to seek him out. He stepped out strong on his own tunes like "Bad Boy" and "There'll Be A Day," dusted off a Jimmy Jones jump style blues called "Hoy Hoy," as well as Robert Johnson's legendary "Crossroads" and a more obscure Jimmy Reed opus, "Signals of Love." *Long Way From Home* found Eddie Taylor just that, burning up in Japan during a concert that wasn't supposed to be and making it a memorable one for fans of the blues.

**Blues** harmonica legend **James Cotton** has been hand-picked by Disney CEO Michael Eisner to participate in the new Disney Institute's (Orlando, FL.) artist-in-residence program. Through this organization, artists and public figures from various walks of life conduct seminars, concerts, historical lectures and other presentations beginning in February, 1996, when the Institute opens. Cotton will play a special concert in advance of the opening on January 11, 1996, in Orlando. Disney is also giving away several hundred engraved Hohner Harmonicas in commemoration of Mr. Cotton's appearance. Other artists-in-residence at Disney include Walter Cronkite, Bill Walton, Stanley Turrentine and more... **Chip Schutzman**, House of Blues,

is not only a music programming director, but also the HOB's website writer. For a look at what's happening in the House of Blues empire, just access the website at <http://underground.net/HOB> and get acquainted with Chip's handiwork. For instance, a regular feature in the "blues news" section of the website is the weekly Top 20 blues list. The list is culled from various sources: mainly the tunes getting the most club play in the House of Blues venues, plus customer and listener requests and finally, playlists from selected stations. The top five songs on the Top 20 list for the week of Oct. 30 - Nov. 5 are: "Don't Tell Me About The Blues" (**Buddy Guy**), "Roll Of The Dice" (**Fabulous Thunderbirds**), "Big City" (**Luther Allison**), "New York City Blues" (**Dr. John**) and

"Moan" (**Robert Cray**)... In the film documentary, "Hail Hail Rock & Roll," both **Eric Clapton** and **Keith Richards** credit **Johnnie Johnson** with pioneering rock piano. When band member **Chuck Berry** combined his trademark guitar leads with Johnson's piano blues, they created an infectious groove that transformed popular music. Johnson's licks are behind each of Berry's hits, including: "Maybellene," "Oh Carol," "School Days," "Roll Over Beethoven," etc. On November 11, Johnson will perform in celebration of his new release, **Johnnie Be Back** (MusicMasters/BMG) at Buddy Guy's Legends in Chicago. For more information about the new release and other Johnson appearances, call Jane Blumenfeld or Aliza Rabinoff at (212) 447-0077.

## COVER PICK

### Whorgasm, Smothered (Royalty)

If Marilyn Manson's madness is derived from pop culture and the shallowness of TV programming, **Whorgasm** were born straight from the tube itself, not unlike Poltergeist. The spirit that drives this New York bred group is **Jimmy Harry**, who came to town surprisingly enough with the then unknown Ru Paul, in fact he actually wrote and co-produced the hit "Supermodel". More on the rock side of

things, **Harry** played guitar on tour with Bob Mould as well as becoming involved with many other avant garde collaborations. But with the help of Mould in releasing their first 7" **Whorgasm** was born, and now their delirious and turbulent world is finally coming to life. **Smothered** opens up strongly with "Drive", and while the programming gives it an industrial feel, the groove draws you with it's muscle and melody. "Scream Motherf\*\*ker" is a good chunky pick after a trip to production, and "Crash" is a great cruising tune whether you are on the road or just imagining an escape from the stress of work or school. "Sensatorium" is fused with shades of Ministry, but the non-stop pace is what will keep you hooked. With their sight set on creating music that both rocks and is ready for the year 2000, **Whorgasm** intend to be in your face for a while.

## TOP PICKS

### Slayer, *Live Intrusion* (American)

These three songs arrived as a peek at the power you will find inside the first full length live video from the reigning masters of metal. Arriving at radio while the video landed at retailers just in time for Halloween, **Slayer** show that their menacing touch just can't be matched in terms of power by any other band. The assault begins with their lightning paced version of "Witching Hour" and continues with live samples of "Dittohead" and the title track from their latest *Divine Intervention*. A **Slayer** concert is one of the most dangerous and exhilarating musical experiences in the world, and with 47 adds last week on the EP (we expect more this week) and a chart debut at #36 (plus top phones at **WEOS**, **WHJY**, **WTFX**, and **WTPA**), metal radio shows its devotion to a band that has proven that they will never weaken their attack. Look for **Slayer** to make a welcome *Intrusion* into our holiday season.

### Warzone/Cause For Alarm, Split EP (Victory)

This isn't music to sit and ponder to: The music featured from **Cause for Alarm** and **Warzone** was intended to produce an aggressive reaction. In other words, it's time to dive into the pit and get things moving. This eight song split single features music from both New York hard-core outfits, and they blast past you with a speed and spirit that will pass you up if you're not paying attention. The drums are at such a fast pace they could out-speed a bullet from a gun, and the restless rebellion of the lyrics will energize you. The two bands have already sparked some attention with 20 adds this week and spins showing up at **KZAK**, **WKKL**, **WKTA**, **WNHU**, **WPSU**, **WGR**, **WSUP**, **WVBR**, **XEQC**, and **WWSP**. So take this time to sample some of New York's finest with music from **Warzone** and **Cause For Alarm**.

Here is a warm and fuzzy group shot from Foundations Forum. The fuzzy part is probably their eyesight from huge intakes of beer, in fact, **WDBM's Dave Ciancio** has a spare Bud up his sleeve! Picture (L-R) are **WHUS' Ryan King**, **WNYO's Chris Kelly**, **MCA's Susan Greenwood**, and **Ciancio** (aka Space Ghost).

### KoRn, "Shoots & Ladders" (Epic)

Our favorite young band is not showing any signs of going away - even after a year since the release of their self titled debut. Although we know that this has been an album favorite, "Shoots and Ladders" (the song that **Jonathan** considers his baby), is the new focus track with a bewitching video to go along with it (if you attended Foundations Forum this year you may have seen it on the reels). Along with it is the non album "Sean Olson", which grinds out it's haunting tone with excruciating intensity. While they may be wishing for a break, **KoRn** continue to tour (right now with **Monster Magnet** and **311**), and the story continues to build with sales increasing each week along with nervous - but extremely reactive - play at commercial radio and MTV. As the rest of the world begins to see the light, it's time for us to continue to give our listeners what we know they want - more **KoRn**.

### Sharp 9, *Untimed* (MMS/Mausoleum)

This band may hail from Sweden, but you will swear that they are American bred with their dark, sludge grooves that soak their first domestic release, *Untimed*. The haunting vocals and abstract lyrics of **Jesper Starander** will cast a spell while the band weaves a dark, surreal, foundation that is both vaporous and steady. There are some stunning similarities to **Soundgarden** - both stylistically and vocally - but they do manage to carve out their own niche. *Untimed* has already pulled in 14 adds and saw airplay at **WTZR**, **WCDB**, **WCWP**, and **WNYO** this week. Their dark, fluid, and moody dirges will fill your head, so why not try out some new music from **Sharp 9**.

This cool shot was taken at a recent chance meeting at Concrete's New York offices. We'd be willing to bet that a good time was had by all. Pictured (L-R) are Concrete's **Russ Gerrior**, manager **Susan Silver**, **Alice in Chains' Jerry Cantrell**, **Motorhead's** one and only **Lemmy**, **Alice in Chains' Mike Inez**, and Concrete's **Bob Chiappardi**.

## F I L L I N G S

Make sure the **Whorgasm** (Royalty) Smothered album is on your add list for this week... **KoRn** (Epic/Immortal) bring the next installment from their self-titled debut disc to metal radio with the servicing of the "Shoots And Ladders" CD-pro. The disc, which goes for adds today - November 6th/7th - also features the non-LP track "Sean Olsen"... Next week's (November 13/14) add list should look something like this: **Catherine Wheel** (Mercury) "Little Muscle," **Bruce Dickinson** (CMC International) Live From Studio A; and **Saigon Kick** (CMC International) Devil in the Details... Did you know that **Slayer** (American) are currently recording an album of punk cover tunes? Yes, you read that right, punk cover tunes. Among the covers: Minor Threat's "I Don't Wanna Hear It," Adolescents' "Richie Hung Himself," and the Dead Kennedys' "Looking Forward To Death". The current working title of the disc is Selected And Exhumed, and word is a couple of new tracks will be found on the album as well... **Eyehategod** (Century Media) will begin mixing their new material (to be released on the Dope Sick album) at the end of November. The band have chosen producer **Billy Anderson** to lend them a hand. To borrow a quote from the **Century Media** update, and to share an interesting fact, during the recording of the album "vocalist Mike Williams was attempting to record the sound of glass breaking by smashing a bottle and accidentally cut his hand deeply. Williams grabbed a rag to soak up the blood flowing from his hand, which quickly saturated and began spilling onto the studio floor. The lights were kept dim, as they usually are during Eyehategod's vocal sessions, and when they were turned on once again, there on the floor was a pool of blood with the words 'Rise Pig Lucifer' scrawled in the middle (for which Williams claimed no involvement)." Hmmmm. ☹☹☹☹ Look for **Wicker Man** (Hollywood) to join the already in progress **Machine Head** (Roadrunner) and **Stuck Mojo** (Century Media) tour beginning November 21... Dates on the current **Nature** (Zoo) are: 11/7 in Cleveland, Ohio; 11/8 Detroit, Michigan; 11/10 Toledo, Ohio; 11/11 in Chicago, Illinois; 11/15 Philadelphia, PA; 11/16 in New London, Connecticut; and on 11/17 in Atlantic City, New Jersey... Make a note that **Monster Magnet** (A&M) are sharing the stage on the current **KoRn** (Epic/Immortal) and **311** (Capricorn) tour. Look for a combination of the three bands to stop in the likes of Syracuse, Toronto, Cleveland, Detroit, Philadelphia, Providence, Asbury Park, Atlanta, among other cities. P.S. You can see **311** on the MTV airwaves as their video for "Don't Stay Home" has been upped in rotation. P.S.S. The band has also been chosen to warm up the audience on the December/January leg of the upcoming **Lenny Kravitz** (Virgin) tour... **Skunk Anansie** (Epic) take Paranoid and Sunburnt to the road with shows booked through a December 6th stop in Houston, Texas... Want to catch **The Nixons** (MCA)

as they travel stateside? Be in Statesboro, Georgia on 11/8; Greenville, South Carolina on 11/9; Charlotte, North Carolina on 11/10; Fayetteville, North Carolina on 11/11; in Louisville, Kentucky on 11/14; in Atlanta, Georgia on 11/16; or in Jackson, Mississippi on 11/17. The band are on tour with **Maids Of Gravity** (Vernon Yard/Virgin)... **Shi-Had** (Noise) are back out on the road — this time with **Excel** (Malicious Vinyl). The duo blasted off November 5th (with a show in Corona, California) and will wander across the states and back. The final showing will be on December 19th in Los Angeles, California... **Into Another** (Hollywood) are currently on the road with **Shelter** (Roadrunner) — dates run until a November 21st stop in New Haven, Connecticut — but will hook up with **White Zombie** (Geffen) and the **Ramones** (Radioactive) on a tour running from November 27th to December 14th. In other **Into Another** news, the band recently lensed a video with director **Fred Stuhr** (Tool)... **Life Of Agony** (Roadrunner) has been tapped as the warm-up band for the upcoming **Anthrax** (Elektra/EEG) tour in support of Stomp 442. F.Y.I. **Paul DiBartolo** (ex of Spread Eagle) will be taking on some of the guitar playing chores in Anthrax while the band is on the road. ☹☹☹☹ In industrial happenings, **Skateboard Marketing** President **Munsey Ricci** announced the appointment of **Dustin Goldfarb** (of WCWP radio fame) as radio rep/assistant effective November 6th. Goldfarb's duties will include covering college radio and assisting in day to day activities of the company. If you're looking for **John LaRosa** at WRHU-FM call on Fridays during his call hours... For those of you who don't know about the **g/z/r** (TVT) contest, read this carefully. You can win one of ten autographed Fender jazz basses just by answering the two following questions — 1) What band was g/z/r founder **Geezer Butler** in previously? and 2) Name your two favorite songs off Plastic Planet — then fax or mail your entry to John, Gary or Doug at TVT Records. The fax number is (212) 979-6489... Another cool contest is in the works — the **Cathedral** (Earache) coolest display contest. The best display will win a Cathedral catalog, limited edition double gatefold 10" vinyl, an autographed 7", and a lithograph hand numbered and autographed by the original artist. ## on the cover

### Oasis, "Wonderwall," Epic

This tune almost feels bigger than the band. With a lush, somewhat orchestrated sound, Gallagher and Co. hit the proverbial nail on the head. Since their incredibly British sound lends easy comparison to rock's Royal forefathers, here we may actually have a tune that stands up to the challenge, earning a portion of the hype. This one certainly feels like a hit, and if you're through with 'Morning Glory,' 'Wonderwall's' an easy call to replace it. We know there are some success stories still brewing with the first track, but don't feel like you have to pull that one to expose the other. **WEQX's Ian Harrison** says "I think that's the best song on the record." **WEDG's Rich Wall** notes that "It still shares some of the gritty production quality of 'Morning Glory,' and it's a really cool song."

## choices

### David Bowie, "Strangers When We Meet," Virgin

If the first single off of Bowie's latest record left you a little speechless by virtue of its eclectic blast of modernist sonic architecture, this one might provoke the same reaction for different reasons. It's just that "Strangers When We Meet" is the most accessible track on *Outside*, and one which you should have no problem unveiling to the very same people who called the first one "too far-out." Bowie's a genius. This time, the genius is a little easier for the masses to understand. It was originally placed on the *Buddah of Suburbia* soundtrack, released four or five years ago in England. **WDST's Nic Harcourt** says "It's the only other single on the record, so for an adult-leaning station like ours it's a safe bet."

### Candlebox, "Understanding," Maverick

The next single from Candlebox is performing brilliantly at COR this week, too - a #1 Most Added level of brilliance. The Alternative community knows it needs to share this band out of the box, and this track makes more sense than most other options this week. #3 Most Added at Alternative. **KBIT's Al Scott** says "Candlebox is a great artist for

COR and Alternative, so I don't see a problem with playing any of their songs." **WQBK's Dan Binder** says "It's Candlebox - what else can you say? I think it will get a better response than 'Simple Lessons.'"

## "You Were Meant For Me"

The new single from the critically-acclaimed album  
Pieces of You

She will be featured on the TNT-produced

## F I L L I N G S

Make sure the **Whorgasm** (Royalty) Smothered album is on your add list for this week... **KoRn** (Epic/Immortal) bring the next installment from their self-titled debut disc to metal radio with the servicing of the "Shoots And Ladders" CD-pro. The disc, which goes for adds today - November 6th/7th - also features the non-LP track "Sean Olsen"... Next week's (November 13/14) add list should look something like this: **Catherine Wheel** (Mercury) "Little Muscle," **Bruce Dickinson** (CMC International) Live From Studio A; and **Saigon Kick** (CMC International) Devil in the Details... Did you know that **Slayer** (American) are currently recording an album of punk cover tunes? Yes, you read that right, punk cover tunes. Among the covers: Minor Threat's "I Don't Wanna Hear It," Adolescents' "Richie Hung Himself," and the Dead Kennedys' "Looking Forward To Death". The current working title of the disc is Selected And Exhumed, and word is a couple of new tracks will be found on the album as well... **Eyehategod** (Century Media) will begin mixing their new material (to be released on the Dope Sick album) at the end of November. The band have chosen producer **Billy Anderson** to lend them a hand. To borrow a quote from the **Century Media** update, and to share an interesting fact, during the recording of the album "vocalist Mike Williams was attempting to record the sound of glass breaking by smashing a bottle and accidentally cut his hand deeply. Williams grabbed a rag to soak up the blood flowing from his hand, which quickly saturated and began spilling onto the studio floor. The lights were kept dim, as they usually are during Eyehategod's vocal sessions, and when they were turned on once again, there on the floor was a pool of blood with the words 'Rise Pig Lucifer' scrawled in the middle (for which Williams claimed no involvement)." Hmmmm. ☹☹☹☹ Look for **Wicker Man** (Hollywood) to join the already in progress **Machine Head** (Roadrunner) and **Stuck Mojo** (Century Media) tour beginning November 21... Dates on the current **Nature** (Zoo) are: 11/7 in Cleveland, Ohio; 11/8 Detroit, Michigan; 11/10 Toledo, Ohio; 11/11 in Chicago, Illinois; 11/15 Philadelphia, PA; 11/16 in New London, Connecticut; and on 11/17 in Atlantic City, New Jersey... Make a note that **Monster Magnet** (A&M) are sharing the stage on the current **KoRn** (Epic/Immortal) and **311** (Capricorn) tour. Look for a combination of the three bands to stop in the likes of Syracuse, Toronto, Cleveland, Detroit, Philadelphia, Providence, Asbury Park, Atlanta, among other cities. P.S. You can see **311** on the MTV airwaves as their video for "Don't Stay Home" has been upped in rotation. P.S.S. The band has also been chosen to warm up the audience on the December/January leg of the upcoming **Lenny Kravitz** (Virgin) tour... **Skunk Anansie** (Epic) take Paranoid and Sunburnt to the road with shows booked through a December 6th stop in Houston, Texas... Want to catch **The Nixons** (MCA)

as they travel stateside? Be in Statesboro, Georgia on 11/8; Greenville, South Carolina on 11/9; Charlotte, North Carolina on 11/10; Fayetteville, North Carolina on 11/11; in Louisville, Kentucky on 11/14; in Atlanta, Georgia on 11/16; or in Jackson, Mississippi on 11/17. The band are on tour with **Maid of Gravity** (Vernon Yard/Virgin)... **Shi-Had** (Noise) are back out on the road — this time with **Excel** (Malicious Vinyl). The duo blasted off November 5th (with a show in Corona, California) and will wander across the states and back. The final showing will be on December 19th in Los Angeles, California... **Into Another** (Hollywood) are currently on the road with **Shelter** (Roadrunner) — dates run until a November 21st stop in New Haven, Connecticut — but will hook up with **White Zombie** (Geffen) and the **Ramones** (Radioactive) on a tour running from November 27th to December 14th. In other **Into Another** news, the band recently lensed a video with director **Fred Stuhr** (Tool)... **Life Of Agony** (Roadrunner) has been tapped as the warm-up band for the upcoming **Anthrax** (Elektra/EEG) tour in support of Stomp 442. F.Y.I. **Paul DiBartolo** (ex of Spread Eagle) will be taking on some of the guitar playing chores in Anthrax while the band is on the road. ☹☹☹☹ In industrial happenings, **Skateboard Marketing** President **Munsey Ricci** announced the appointment of **Dustin Goldfarb** (of WCWP radio fame) as radio rep/assistant effective November 6th. Goldfarb's duties will include covering college radio and assisting in day to day activities of the company. If you're looking for **John LaRosa** at WRHU-FM call on Fridays during his call hours... For those of you who don't know about the **g//z/r** (TVT) contest, read this carefully. You can win one of ten autographed Fender jazz basses just by answering the two following questions — 1) What band was **g//z/r** founder **Geezer Butler** in previously? and 2) Name your two favorite songs off Plastic Planet — then fax or mail your entry to John, Gary or Doug at TVT Records. The fax number is (212) 979-6489... Another cool contest is in the works — the **Cathedral** (Earache) coolest display contest. ## more choices

### Dave Matthews Band, "Satellite," RCA

This single from the band blends the musicality of 'Ants Marching' with a whole new tempo flavor. You will find this provocative and alluring, and a bet if you've shared their success to date. Vote for the familiarity, and the sales story.

### Passengers: Original Soundtracks 1, Island

The collaboration between Brian Eno and U2 on this record is an obvious exercise in defying the preordained constraints of U2's rock band imagistic needs. The music is flaring red with creative inspiration and freedom. These musical vignettes from the film world are getting some radio attention, particularly "Miss Sarajevo" (featuring a passionate Luciano

Pavarotti) which is on at **WFNX** and **WHTG**, and "Your Blue Room," on at **WBCN**.

### Loud Lucy, "Ticking," DGC

One of the new breed on Geffen is Loud Lucy, and this track is a cross-format, radio-friendly rocker. Definitely bears witness to your ears. It was snapped up handily at **COR**, and did some business here, too, with **KNDD** and **KNRK** picking up this week, and **KBBT** and **KOME** already in.

### Son Volt, "Drown," Warner Bros.

What a great band. This track has been living on our hold button for the week, and always seems to get some curiosity comments. They're great live, and if you've seen or heard Uncle Tupelo over the years, know that Son Volt continue the rootsy vigor inherent in Tupelo's legacy.

### Various Artists, Strange Days, Lightstorm/Epic

Strange Days have found us — again. They've never really left us...it's just that we have a soundtrack for 'em now. The tracks range from moody, atmospheric and trippy to jazzy, post new age, industrial and speed of light. Strange days, indeed. - JH

### Various Artists, Ain't Nuthin' But A She Thing, London/Polygram

The roster is eclectic from top to bottom and features some standout performances from some of our finest contemporary women artists. **Annie Lennox** expresses herself hauntingly as only she can for a song called "Mama"; **Luscious Jackson** tones down their pace a bit, but keep their infectious grooviness intact on "69 Année Erotique"; **Come** probably has the most rocking song on the compilation with "Cimarron," while **Patti Smith** and **Sinead O'Connor** emote as much pathos and affection as they can stand. - JH

### Poi Dog Pondering, Pomegranate, Bar/None

This band is so musical it is scary. From Susan Voelz's heartfelt violin to Leddie Garcia's manic percussion sounds to Frank Orrall's vocals, the textures here are endless. Check out "Complicated," the first single.

### Julian Cope, "Try, Try, Try," American

To say Julian Cope's an eccentric is an understatement. St. Julian would probably be one of the first in line sought by extraterrestrials. And on that note he's probably invented some type of device to contact 'em. But on a musical note he continues to find innovating fresh and novel ways to attract our attention, and this time's no different. Cope scores another perfectly crafted pop record. - JH

### Smackmelon, "Drum Solo Song," Relativity

I've gotten a couple of calls already, mostly curiosity calls." **WFNX's** **Laurie Gail** says "They're another one in a tradition of great Boston guitar bands. They've got great hooks, and have great energy live. We're proud to have them as one of our own."

## REPORT CARD

Please note that parentheses between station call letters and programmer's name are coded "N" for "Too New", "B" for Building, "M" for maintaining, and "D" for Dropping, along with that week's reported plays on the song in question.

### 7 MARY 3, "CUMBERSOME" MAMMOTH/AG

**WHTG (B-31 PPW WKS-ON:11) MD Rob Acampora**  
"It's now one of the Top 3 songs at the station. Still building. For the station, it is a certified hit."  
**KTEG (B-11 PPW) MD Julie Hoyt**  
"It's still picking up a few phones here and there. It has a pre-dominant sound over the airwaves. It's a very standout track, with a lot of integrity."  
**WEND (B-46 PPW WKS-ON:11) MD Kim Monroe**  
"It's at the top of its game. It's calling out with 21% tired, so it probably has a couple more weeks."  
**WCYY (N-11 PPW WKS-ON:1) MD Brian James**  
"It's too new."

**WEQX (B-17 PPW WKS-ON:10) MD Ian Harrison**  
"It's still building. I don't think it's burnt with us yet. Sales haven't been huge, but it's in and out of our Top 12 in phones."  
**WQBK (B-31 PPW WKS-ON:4) PD Dan Binder**  
"Big response, huge phones, doing very well."  
**WXWX (B-24 PPW) MD Caroline Henderson**  
"We've been on this for years now, it seems like. We love 7 Mary 3 here."  
**WZRH (B-17 PPW WKS-ON:11) MD Darren Gauthier**  
"Had an initial reaction. It's a solid record that's dependable."

### BLACK GRAPE, "IN THE NAME OF THE FATHER" RADIOACTIVE

**WHTG (N- 9 PPW WKS-ON:1) MD Rob Acampora**  
"There has been good initial interest. We've been pushing it as Shaun Ryder of the Happy Mondays' new incarnation. We're essentially promoting it as a continuation of the Happy Mondays' legacy. It really doesn't sound too different than that. They were big a few years ago, and that tie-in will catch their attention."  
**KBBT (B-30 PPW WKS-ON:2) MD Al Scott**  
"It'll be staying at The Beat for awhile. Both Alternative stations in the market are playing it."

**WBRU (B-16 PPW WKS-ON:1) MD Steph Hindley**  
"Getting some phones already. We put it in as the 'Screamer of the Week.' It's so different from anything we've got on the air right now."  
**WCYY (N-11 PPW WKS-ON:1) MD Brian James**  
"It's too new to tell."  
**WZRH (N- 8 PPW WKS-ON:1) MD Darren Gauthier**  
"It's my hope that this will be big. It's a record that Jack and I like, and definitely has potential."

### FOLK IMPLOSION, "NATURAL ONE" LONDON

**WEND (B-26 PPW WKS-ON:4) MD Kim Monroe**  
"This thing just flew up the chart. Exploded in call-out. This is a potential power record for us."  
**WZRH (B-36 PPW WKS-ON:4) MD Darren Gauthier**  
"An absolute fucking smash."  
**KBBT (B-42 PPW WKS-ON:3) MD Al Scott**  
"It's cool, and becoming a big ol' hit for us."  
**KTEG (B-20 PPW WKS-ON:1) MD Julie Hoyt**  
"That's an 'A.' It's so different. It's a real attention-grabber. It's so simple, with some strong-ass lyrics. I think within a week, the phones will increase. It's very refreshing."

**WBRU (B-29 PPW WKS-ON:5) MD Steph Hindley**  
"Probably one of our #1 hits right now. I might be most proud of that one. We're the only station in the market playing it right now."  
**WEQX (B-15 PPW WKS-ON:3) MD Ian Harrison**  
"This is definitely a great record for us. It adds a lot to our texture with us being so hippy rock-oriented. Definitely seeing good response."  
**WXWX (B-20 PPW WKS-ON:2) MD Caroline Henderson**  
"This one's going to Heavy. I love this record. Excellent phones - a Top 10 night request record."

**BLUR,  
"COUNTRY HOUSE"  
VIRGIN**

**WBRU (B-24 PPW WKS-ON:7) MD Steph Hindley**

"We're a station that does well with British pop. The album is selling really well."

**WZRH (B- 9 PPW WKS-ON:1) MD Darren Gauthier**

"Hopefully it will build. The album's wonderful. British pop has always had a sizable audience with us."

**WHTG (M-13 PPW WKS-ON:6) MD Rob Acampora**

"It's kind of sitting there. The band has done well here in the past."

**JAWBREAKER,  
"FIREMEN"  
DGC**

**KITS (B-21 PPW WKS-ON:12) AMD Aaron Axelsen**

"They're from San Francisco now, and we've continually supported their last two records. They have a really good street vibe. We played 'Fireman' 7 weeks before the record company officially released it, and it continues to test well. We're glad this band is getting noticed outside of San Francisco, and we're glad to support the band."

**WZRH (B-18 PPW WKS-ON:4) MD Darren Gauthier**

"A smash in my opinion,. Great song, killer hooks, a great rockin' punk record."

**KBBT (B-34 PPW WKS-ON:3) MD Al Scott**

"It sounds great on the air. Sales are doing okay, and with MTV, our audience is becoming more familiar with the song."

**WCYY (B-13 PPW WKS-ON:4) MD Brian James**

"It's starting to request for us now."

**WDST (B- 7 PPW WKS-ON:5) MD Nic Harcourt**

"Doing well for us at night, getting a few requests."

**WEDG (B-10 PPW WKS-ON:2) MD Rich Wall**

"A slammin' song."

**WQBK (B-34 PPW WKS-ON:2) PD Dan Binder**

"Too early to tell."

**WBRU (M-11 PPW WKS-ON:3) MD Steph Hindley**

"Not doing much yet, too early to tell."

**WHTG (M- 8 PPW WKS-ON:5) MD Rob Acampora**

"It's too early to tell, with mostly night play. Next 3 weeks should tell the tale."

**WXWX (M- 6 PPW WKS-ON:2) MD Caroline Henderson**

"It's a little new, getting a couple of requests. It's in light now."

**KMYZ (B-11 PPW WKS-ON:4) PD Paul Kriegler**

"I don't have a gauge on it yet. Night record."

**RUTH RUTH,  
"UNINVITED"  
AMERICAN**

**WEND (M-25 PPW WKS-ON:6) MD Kim Monroe**

"Familiarity is building well - 63%. There's still a story there - we're not done with it."

**WCYY (B-25 PPW WKS-ON:6) MD Brian James**

"It's a big requester, and they're an awesome band. It's one of those songs that people don't just request, they talk about."

**KBBT (B-23 PPW WKS-ON:8) MD Al Scott**

"This is huge. It sounds like this will be a big active rock song, too."

**WBRU (B- 8 PPW WKS-ON:3) MD Steph Hindley**

"We're just now starting to get response to that. It's one of those songs that gets stuck in your head. It has some real potential."

**KTEG (M-13 PPW WKS-ON:4) MD Julie Hoyt**

"Not responding as much as we had hoped. I love that tune. I wonder if it gets overshadowed. We're giving it the good fight."

**WEQX (B-14 PPW WKS-ON:6) MD Ian Harrison**

"That's huge for us. We love them. Reacting hugely. There's 3 or 4 standout rock songs we have on right now, and that is one of them. I put that up there with Everclear. Really strong phones."

**WHTG (B-12 PPW WKS-ON:4) MD Rob Acampora**

"The spins are starting to increase. This has been Top 10 phones for the past month. They've done everything right so far, and now we're just looking forward to a show in the market."

**WQBK (B-12 PPW WKS-ON:1) PD Dan Binder**

"Too new yet."

**WZRH (B- 8 PPW WKS-ON:3) MD Darren Gauthier**

"We just loosened up the daypart, and we're still letting it prove itself."

**NO DOUBT,  
"JUST A GIRL"  
TRAUMA/INTERSCOPE**

**DMX (B-32 PPW WKS-ON:3) PD Dave Sloan**

"I think it's a unique song. I'm always looking for something that sticks out and grabs the listener's attention. After hearing as many Green Day and Pearl Jam songs as they do, you throw this one in, and they react. I think it's gonna do pretty well."

**KBBT (B-21 PPW WKS-ON:1) MD Al Scott**

"It has a rockin' sound. Too early to tell on it."

**WXWX (B-10 PPW WKS-ON:1) MD Caroline Henderson**

"We're getting good phones already."

**WHTG (N- 7 PPW WKS-ON:3) MD Rob Acampora**

"Not much to report - predominantly night play."

**POE,  
"TRIGGER HAPPY JACK"  
ATLANTIC**

**WZRH (B-20 PPW WKS-ON:4) MD Darren Gauthier**

"We were the first station to add it, and I believe in it big time. It's a different sounding record that will attract the same kind of people that were initially attracted to Alanis."

**DMX (B-17 PPW WKS-ON:2) PD Dave Sloan**

"A scary record, and it's done really well. That's one with lyrics that grab your attention. I'm always looking for things that grab you immediately."

**KBBT (B-23 PPW WKS-ON:3) MD Al Scott**

"That song is so awesome, and she rocks. I'd kiss her. Minimal reaction so far, but it's just starting."

**WEND (B-16 PPW WKS-ON:1) MD Kim Monroe**

"A lot of curiosity calls."

**RUSTED ROOTS,  
"ECSTASY"  
MERCURY**

**WHTG (B-16 PPW WKS-ON:4) MD Rob Acampora**

"We led the way on that. Started playing the tune on the strength of the tour stop with Joan Osborne. The reaction has totally been there. Rusted Root is among the top sellers in the market, and has been for the past 3 months. An amazing phenomenon."

**WEQX (B-18 PPW WKS-ON:4) MD Ian Harrison**

"Not as huge as 'Send Me On My Way' yet, but it's good. That's got our name written all over it. Still Top 5 phones this week."

**SELF,  
"CANNON"  
ZOO ENTERTAINMENT**

**DMX (B-15 PPW WKS-ON:5) PD Dave Sloan**

"I'm really surprised that this song hasn't made it yet. I hear it as a straight-ahead Alternative rocker. It's got a great vibe to it."

**WHTG (B-19 PPW WKS-ON:4) MD Rob Acampora**

"That has been in a halt mode, as far as spins go. Sales are medium. Reaction has been strong, and we'll continue to stand behind it."

**WCYY (N-14 PPW WKS-ON:2) MD Brian James**

"Too new to tell. It sounds great on the radio, though, and we're hoping for calls. It's a new record that stands out."

**KBBT (B-31 PPW WKS-ON:6) MD Al Scott**

"Talk about a rocker. Not bad for a bunch of snot-nosed brats. This is huge."

**WBRU (B-16 PPW WKS-ON:2) MD Steph Hindley**

"I don't doubt it will be a huge hit, not a lot of phones yet. I think it's a better song than 'Tomorrow.'"

**WEDG (B-17 PPW WKS-ON:2) MD Rich Wall**

"Excellent reaction, lots of calls, cool song."

**WEND (B-14 PPW WKS-ON:2) MD Kim Monroe**

"We just put that into call-out, and it's starting to request."

**WHTG (B-20 PPW WKS-ON:2) MD Rob Acampora**

"This is just starting to happen. A good follow-up that should have good life here."

**WQBK (B-15 PPW WKS-ON:1) PD Dan Binder**

"I think it's gonna do well for us. It is a great song. It's a night record right now."

**WXWX (B-13 PPW WKS-ON:2) MD Caroline Henderson**

"It's okay. It's no 'Israel's Son,' though."

**WCYY (N-11 PPW WKS-ON:1) MD Brian James**

"Too new."

**SONIC YOUTH,  
"DIAMOND SEA"  
DGC**
**WHTG (B-11 PPW WKS-ON:5) MD Rob Acampora**

"Top 10 phones since we added it. The band has a great fan base in this area. Not surprised at the reaction. It's selling really well."

**KBBT (B-21 PPW WKS-ON:3) MD Al Scott**

"The Northwest is big for Sonic Youth, and they have a show up here this week. It's large."

**DMX (B-12 PPW WKS-ON:1) PD Dave Sloan**

"That's typical of Sonic Youth (the way it's performing at radio nationally), they've got their audience. It's a slow ballad, but I think you get a little bit of credibility by playing the new Sonic Youth songs."

**TRIPPING DAISY,  
"PIRANHA"  
ISLAND**
**KBBT (B-26 PPW WKS-ON:3) MD Al Scott**

"This is a great song. Our audience loves Tripping Daisy."

**WBRU (B-17 PPW WKS-ON:6) MD Steph Hindley**

"They sell incredibly well in this market. The requests aren't happening, but we're confident with it."

**KTEG (B-21 PPW WKS-ON:1) MD Julie Hoyt**

"That's an 'A' for us, with 21 spins last week. It's pretty new. There's something about them, they've got their own identity. This song brings out the identity. It's the perfect combination between 'My Umbrella' and 'I Got A Girl.' It sounds damn good."

**WXWX (B-17 PPW WKS-ON:2) MD Caroline Henderson**

"Getting really good phone response. I love it."

**WEDG (B-16 PPW WKS-ON:4) MD Rich Wall**

"I love it - it reminds me of Sid-era Pink Floyd, The Bears, etc. It's a helluva lot better than 'I Got A Girl.'"

**WZRH (B-19 PPW WKS-ON:4) MD Darren Gauthier**

"Another great track from them. More great hooks - that's what we go for in the radio industry."

**WEND (B-17 PPW WKS-ON:5) MD Kim Monroe**

"Building nicely in familiarity, but not taking off like 'I Got A Girl' did."

**WEQX (B-13 PPW WKS-ON:3) MD Ian Harrison**

"We both love it, it sounds mint. It's not a standout song like the first Tripping Daisy single, but it's still early on that one. We're happy with the song."

**WQBK (B-12 PPW WKS-ON:5) PD Dan Binder**

"Medium phones, great record. Not as big as 'Girl' yet."

## more choices

### Haze, "Tom Dooley," Mutiny/Futurist

Hey, check this one out. It's the Kingston Trio tune. It's track 1, and there are a couple of alternate mixes on #4 and #5. It's a phat, sultry groove that brings up Bowie's "Fame" in a musical sense, and it has a sexy female vocal that doesn't sound like any other woman on the radio. Naaaassty!

### Alt, Altitude, Alt Records/Cooking Vinyl

Something **Nic Harcourt** at **WDST** brought to my attention is a quality recording from Tim Finn, Andy White and Hothouse Flowers' Liam O'Maonlai that is full of great music. A little on the easy side, but not out of the ballpark for us, either.

### Sharon Stoned, License to Confuse, Snoop Records

This nutty record features a guest appearance by Evan Dando, who cuts loose on "Special Plan," and will test the FCC's temperment if you spin this in a drive-time spot. It might make a snappy spin or two on the specialty show, or in the middle of the night.

### Menswear, "Daydreamer," London

With a bit of a Devo vibe, this track keeps a solid mid-tempo pace while providing a constant wave of C# minor guitar chords throughout. It's catchy, and already on at **KROQ, LIVE 105, Q101** and **WMMS**.

### FEAR, Have Another Beer with FEAR, FEAR/Sector 2

Lee Ving is still around, and making more loud music to break glass to. This entire record shows up as at least as relevant-sounding as any one of a number of virtual newcomers.

### Gem, "Hexed," Restless

It's getting spins all over, and was an add at **WMMS**, among others. It's Smithereens-ish, and loveable. Wear the ring proudly.

Hey, ghouls. The **Mortal Kombat** soundtrack was officially certified gold by the RIAA this week, as sales keep on pumpin' in. **Sister Machine Gun's** "Burn" is the track you can focus on from that soundtrack.... Are you gonna let rock radio break **Self**? I have to admit a bit of surprise to see that "Cannon" is at 48\* on the COR chart, and is in the high 70's on mine. Don't let it happen... **Ruth Ruth** will hit the road with **Everclear** for the month. Ruth Ruth's entire album is full of great rockin' tunes that you need to hear... **Scott Struber** has officially landed at **91X** as APD, and is enjoying the scene there. If you don't know by now, **Sandy Horowitz** is the PD at **KTEG**... A hearty "Welcome Back" to **WHTG's Bruce McDonald**, who's back on the job following surgery. **Rob "Skankin'" Acampora** filled in for da boss nicely during the interim... **Gary Schoenwetter's** taking a week of 'personal leave' from **WEQX**, but we know what's really up over there. More on that here next week... **Addicted to Noise** has the real deal on **The Smashing Pumpkins'** latest, and an on-site interview with **Billy Corgan** in Chicago. Also in November, a piece with **David Was** on the UFO invasion in Detroit. Pick up the magazine free of charge at [http://www.addict.com/ATN/...](http://www.addict.com/ATN/) Thanks to the folks at the **Philadelphia Music Conference** for the hospitality over the weekend, and it was good hanging with **Tom Gates** from **Roadrunner** and **Ed Pinka** from **Columbia**. Our panel even had a guy asking about the viability and future of the "chant phenomenon." I can't remember what our answer was... **Skinny Puppy's** final studio album **The Process** is scheduled for a February 20th release date... **Slayer** is working on an album of punk covers, tentatively titled **Selected and Exhumed**. some tunes bound for the record include **Minor Threat's** "I Don't Wanna Hear It," and **Dead Kennedy's** "Looking Forward to Death." Frontman **Tom Araya** goes off on the new punk thing: "Sure, punk's back in, but what do you consider punk? I wouldn't call **Green Day** and **Offspring** punk. We're talking about true punk here, like **Dead Kennedys**, **The Exploited**, **DI** or **Black Flag** - the guys who really had fucking attitude. They were up against a brick wall... **Julie Hoyt** at **KTEG** says they're looking for some bands for a 12/7 Christmas show, if you're interested... **Aaron** at **LIVE 105** tells me that the **Dubstar** track that they're listing at #4 this week is an import, and it's such a huge reaction record that people are leaving notes on the station van at remotes, thanking them for playing it... **Atlantic** recording artist **Jewel Kilcher** has been cast as Dorothy in the upcoming charity performance of "The Wizard of Oz in Concert," which will be held at New York City's Avery Fisher Hall in Lincoln Center on Sunday. The 21 year-old will perform alongside **Jackson Browne**, **Roger Daltrey** and others. Expect to see this on TNT on Thanksgiving Eve... In a recent interview in **Seconds Magazine**, **Rancid's Matt Freeman** was asked "If there is a Punk encyclopedia, what do you want it to say for Rancid?" He said "Formed in 1991, and still going in 2035. Have added wheelchairs and walkers to their stage show. Put out 65 records in 44 years. Lars has a receding mohawk."... The Swatch Music West Festival is calling for submissions from developing artists in Canada and around the world to showcase for independent and major record labels and industry professionals from Canada, America, Europe and Australia. It will be held May 2-5 in Vancouver, BC. Call Natacha Dobrovolsky at 604-684-9338...

**James Brown** has been charged with criminal domestic violence for allegedly assaulting his wife, Adrian, at their home in Aiken, South Carolina. Brown was released on bond and Mrs. Brown was treated and released at Aiken Regional Medical Center, which did not offer details of her injuries. Mrs. Brown filed a domestic violence charge last December claiming that her husband shoved her, but she dropped the charge three months later. Brown canceled a concert scheduled a few days after the incident at Kent State University in Ohio.

"Black Beauty," the last guitar **Jimi Hendrix** ever played, will go on display for one day at the London Music Show at Wembley Arena on December 3. The black Fender Stratocaster, said to be worth \$800,000, has been kept in a bank vault for the last 25 years. Hendrix played it at the Isle of Wight festival just before his death in 1970. Hendrix' girlfriend Monika Dannemann, who has had the guitar ever since, says Hendrix played the guitar in her apartment the night he died. "It was part of his soul and his spirit," she says. "I never touch the guitar unless it's necessary because I want everything of Jimi that he put in there to stay there."

**Hootie & The Blowfish's** "Cracked Rear View" has become one of the five top-selling debut albums of all time, with sales of over 10 million copies. It's the 29th album to sell that many copies, according to the Recording Industry Association of America. The band also now has one of the three best-selling albums in the 50-year history of its record label (Atlantic Records). "Cracked Rear View" look set to surpass sales of **AC/DC's** "Back In Black" album, and **Led Zeppelin's** debut, which has sold 11 million copies. **Elton John's** "Greatest Hits" album has now sold 13 million, making it the second biggest-selling greatest hits album in RIAA history, behind the 22-million-selling **Eagles** compilation album that came out in 1976.

Opera singer **Jessye Norman** has filed a \$3 million lawsuit in U.S. District Court against Classic CD magazine claiming that it portrayed her as "an uneducated and ill-spoken person" and made fun of her speech "to ridicule and caricature her and all persons of African-American background and descent." Norman objected to a paragraph in the magazine's November 1994 issue that said "it is still hard to envisage the grand, statuesque 49-year-old as the libidinous adolescent on stage stripping off the seven veils. This is the woman who got trapped in swing doors on her way to a concert and when advised to release herself by turning sideways replied: 'Honey, I ain't got no sideways!'"

**Ace Of Base** canceled a promotional tour of France because of recent terrorist attacks in the country. **Jonas Berggren** of the band told a Swedish newspaper that "we have canceled all promotion in France." The newspaper Expressen says France is an important market for the group, which sold 1.4 million copies of "The Sign" album in France. The new album, "The Bridge," has not been as well-received in the band's native Sweden.

Former **Blood, Sweat & Tears** lead singer **David Clayton-Thomas**, **Denny Doherty** of **The Mamas & The Papas**, **Steppenwolf** lead singer **John Kay**, the **Lovin' Spoonful's** **Zal Yanovsky**, and **Domenic Troiano**, a member of the **James Gang** and the **Guess Who** will be inducted into the Hall of Fame of the Canadian Academy of Recording Arts & Sciences on March 9. The artists will also be honored at the Juno Awards the next night. **Ronnie Hawkins** is to receive a special industry builder award.

Two Japanese rock musicians drowned after jumping into the Sumida River in Tokyo while their band was shooting a video. Police planned to question a record company publicity person who might have come up with the idea and was slightly injured in the jump.

**Chris DeBurgh** says he's tired of being known for his song "Lady In Red" and wants to write a new song to make everyone forget it. "I don't think it's the best song I've ever written by any means," DeBurgh says. The singer has been in the news in Britain in recent months because of an affair he's had with his family's 20-year-old former nanny. "It's certainly a song that has spawned a million headlines, especially in the last few weeks — 'Lady Sees Red' and that sort of thing. But in spite of everything I read in the papers about why I wrote it, when and for whom, I'm the only person who's ever going to know the true meaning of it all. There was just something about it, the way it was recorded, the rhythm of it — something that jumped off the record and hit people right between the eyes. They took it as a genuine outpouring of emotion and a lot of them immediately said to themselves 'This is our song.' I still perform it with as much passion as ever because when I look out into the audience I'm very aware of the fact that it means a lot to people for whom it is an all-time favorite."

A Los Angeles Superior Court judge has agreed to the dismissal of a class-action lawsuit filed against Ticketmaster in August of last year which claimed the company collected "unfair" service charges and had a "monopoly on the statewide sale and distribution" of tickets. Ticketmaster had filed a lawsuit against the plaintiff's attorneys for filing a groundless complaint. **Pearl Jam** had complained of Ticketmaster's policies last year, but a group called Consumers Against Unfair Ticketing, which had been helped by the band's publicist, recently disbanded.

**Jefferson Airplane** and **Hot Tuna** guitarist **Jorma Kaukonen** has released his first solo album in 11 years, a mostly-acoustic album called "The Land Of Heroes." The album starts off with "Re-Enlistment Blues," which Kaukonen says is about his days as a child in Washington, D.C. "I went to the movies and saw 'From Here To Eternity' after reading the book which my parents didn't want me to read because it dealt with the way really things were in war, people dying and having sex and getting drunk, which were not part of everyday reality for American kids in the 1960s. In the movie Merle Travis plays 'Re-Enlistment Blues' and I said 'to myself 'Someday I want to be able to play the guitar like that.'" Kaukonen will be touring with **Steve Morse**, **Manuel Barrueco** and **Kenny Burrell** as part of the Guitar Summit. He's also planning to tour in support of "The Land Of Heroes."

The producers of "Fried Green Tomatoes" are working on a film of "Blaze Of Glory," a story of the friendship of **Otis Redding** with his white manager, Phil Walden, now the head of Capricorn Records in Nashville. Zelma Redding says that since her husband died in a plane crash 28 years ago, she's been approached several times about a movie based on his life. "I'm so happy this is going to happen," she says. "Otis did so much for the music industry, and he was such a nice person." The screenwriter for the film will be Joe Eszterhas, who interviewed Redding hours before his 1967 death in a plane crash when he was a reporter for the Cleveland Plain Dealer. Eszterhas was also the screenwriter for "Basic Instinct."

The International Federation of the Phonographic Industry wants to change copyright laws because of concerns about the use of computers to download recorded music. It even wants European countries to ban people making their own private copies of recordings. "Without adequate intellectual property protection for rights holders, piracy on electronic networks could proliferate out of control, with catastrophic commercial and economic consequences," the group says. The IFPI says advanced technology will make it possible to track all copies of digital music transmissions and make people pay for their use.

**David Bowie, Pink Floyd, the Velvet Underground, the Shirelles, Jefferson Airplane, Little Willie John and Gladys Knight & The Pips** have been named to the Rock & Roll Hall of Fame and will be inducted at a New York ceremony in January. "I think it's a great list," says Hall of Fame director Dennis Barrie. "The fact that it goes from a Little Willie John to a Pink Floyd ... shows how vigorous the music has been over the years." The Rock & Roll Hall of Fame has attracted 175,000 visitors in its first two months. It plans to begin opening on Mondays later this month.

"Here And Now" is the title of a four-CD boxed set of Canadian music just released in Canada to help celebrate the 50th anniversary of the United Nations. The boxed set includes 65 tracks including songs by **Leonard Cohen** and **Ian & Sylvia**.

A Canadian retailer has agreed to donate a dollar from the sale of every copy of the "Help" charity album to benefit children in Bosnia. Music World will provide the money to the Pindoff Project, a Canadian Bosnian relief group started in 1993. The project, launched by the people who run Music World's parent company, has already raised over a million dollars and is constructing an orphanage for over 200 children and elderly people.

The 43-year-old player says he's influenced by the **Rolling Stones**, **Lou Reed**, **Bryan Ferry**, the **Black Crowes** and **AC/DC**. Vilas is the latest pro tennis player to launch a music career. Others have included **John McEnroe**, **Mats Wilander** and **Yannick Noah**.

**Cher** joined **Michael Bolton** and **Montserrat Caballe** at a four-hour telethon in Stockholm, Sweden, marking the 50th anniversary of the United Nations. Money from the televised program went to the Save The Children Fund.

The **Fiji Mariners**, the latest group of **Col. Bruce Hampton**, will release a new album next spring (on Capricorn Records). The band has been touring with **Blues Traveler**.

A throat infection and heavy air pollution led **Celine Dion** to postpone a Paris concert until December 5. The concert was the last of a series of five shows at the Zenith in Paris which began on October 20.

The emergence of new countries in Eastern Europe means that entry into the Eurovision Song Contest won't be automatic any more. There are only 22 places in the annual contest, so competing countries will have to listen to entries from each country before deciding who will make the cut. The three-hour contest will be held in May in Norway, which won last year.

**Aerosmith** has been finishing work on a new album in Berkeley, California.

**Silverchair** lead singer **Daniel Johns** was hospitalized after he jumped into the audience at a concert and fell to the ground. Fans at the show failed to catch him as he dived during the last song of a concert in St. Kilda, Australia. The Herald Sun newspaper quoted a spokesman for the band's record company as saying that Johns was crushed by the crowd as security guards tried to reach him and fans tore his pants off. Johns was in and out of consciousness at the hospital for several hours but was released and another concert at the venue a couple of days later.

**Paul McCartney** says he's tired of feeling second-fiddle to **John Lennon** because he was actually more the adventuresome of the two. "The thing I find myself doing, which is a pity really, is trying to justify myself against John. And I hate to do that," McCartney says in an interview with the London Daily Express newspaper. "But there are certain people who think he was the **Beatles** and that's not true and John would be the first to tell you that. But you can't blame people for feeling that was because his death was such a hell of a tragedy." McCartney says there was a time when he was the only bachelor and Lennon, **George Harrison** and **Ringo Starr** were married and living in the suburbs. "They were very square," McCartney says. "When he made that album 'Two Virgins,' he was hopeless technically," McCartney adds. "I had to set up a couple of tape recorders and I showed him this whole system that I used."

Biographer James Spada claims in his book "Streisand: Her Life" that **Barbra Streisand** and **Elvis Presley** were lovers. Spada says he got the story from Streisand's longtime lover, Jon Peters, and a Presley associate who says Elvis bragged of spending several nights with Streisand in her hotel suite in Las Vegas in 1969.

**Madonna** is in London recording the soundtrack album for the film version of "Evita."

Andrew Lloyd Webber says there will be a major new London production of "Jesus Christ Superstar" at the Lyceum Theatre to mark the musical's 25th anniversary.

He's backed on the LP by a band that includes **Bob Margolin**, **James Wheeler** and **Carl "Sonny" Leyland**. Arnold's "Back Where I Belong" album last year marked his return to recording after two decades.

Guitarist **Mark Farner** says he's decided to take **Grand Funk Railroad** back on the road, following a reunion jam session with **Don Brewer** and **Mel Shacher**. Farner released three Christian albums and opened an alternative energy products store.

Authorities say **Vince Neil** of **Motley Crue** and a Malibu, California, neighbor are both victims and suspects in a two-day quarrel that apparently began with a dispute over parking. Sheriff's investigators say Neil kicked in Gregory Cassidy's front door after he found his Rolls-Royce vandalized. Both men placed each other under citizen's arrest after the incident. Police say Cassidy went to see Neil at his Pacific Coast Highway home when several of Neil's friends parked their cars in front of Cassidy's home. An argument followed, Cassidy allegedly tried to hit Neil, and Neil punched Cassidy in the face. The next day, Neil told police he heard glass shattering, found a rock had been thrown through the windshield of his Rolls-Royce, and saw Cassidy walking away from the car. Both men are facing charges of vandalism and have been ordered to appear in court early next month.

Oasis bassist **Paul 'Guigsy' McGuigan** ignored doctor's advice to rejoin the band for their current UK tour. He made his decision after temporary replacement **Scott McLeod** quit during Oasis' US tour. According to a spokesman, "Guigsy heard what was going on and said, 'Right, that's it, I'm coming back.'" Guigsy dropped out of Oasis duties in September after doctors told him he was suffering from nervous exhaustion and needed to rest. Elsewhere, Scott McLeod has changed his Manchester telephone number after a series of calls from the media. He has joined a new band **Saint Jack**, and recently told the Manchester Evening News, "I compared the two bands and preferred Saint Jack. I had a feeling that this was a good band. At the end of the day, that is why I wanted to come back." ... **Nirvana** are being sued for not fulfilling their 1994 tour commitments. Promoters **Marek Lieberberg Konzertagentur** are taking legal action against **Krist Novoselic, Dave Grohl** and **Courtney Love** (as representative of **Kurt Cobain's** estate.) The promoters say Nirvana should have rescheduled cancelled dates in Germany. The shows did not go ahead because of Kurt Cobain's hospitalisation in Rome. The company say they spent hundreds of thousands of dollars rearranging the gigs and advertising them. The company claim Cobain deliberately endangered the shows by acting in ways which were likely to cause him to be disabled from performing... **Therapy?** are to donate all artist's royalties from a cover version of **Husker Du's** 'Diane,' as well as some proceeds from t-shirts, to rape crisis charities. The song was written by **Grant Hart** for Husker Du's 'New Day Rising' album and is about a rape. Hart said the song was written against male power being used over women. Speaking to the New Musical Express, Therapy? frontman **Andy Cairns** said, "The song was originally recorded as a full Therapy?-ised version for a b-side, but it just sounded too much like the original. **Martin McCarrick** did the cello arrangements and it added a kind of sinister and moving edge to the song. A friend of mine, from Minneapolis, was gang raped when she was 14. We write to each other and when she found out that we were covering the song, it bore some relevance. We felt it would be a good idea to tie in with that and make people aware that there are people who need help." The track will be released as a single via A&M this week. Cairns also denied rumours Therapy? are to split... **Paul McCartney** has been talking to Q about recording backing tracks to **John Lennon** vocals. McCartney says he gave **Yoko Ono** a veto on the recordings. According to McCartney, he visited Yoko shortly after John Lennon was posthumously inducted into the Rock 'N' Roll Hall Of Fame, "She was there with **Sean** (John and Yoko's son). Because of the tragedy occurring, there's only so much stuff that Yoko has of John's and she played us a couple of tracks. There were two newies, on mono cassettes which he did at home, probably demoing up for what became the 'Double Fantasy' album. So I checked it out with Sean, because I didn't want him to have a problem with it. He said, 'Well, it'll be weird hearing a dead guy on lead vocal. But give it a try.' I said to them both 'If it doesn't work out, you can veto it.' When I told George and Ringo I'd agreed to that they were going, 'What? What if we love it?' It

didn't come to that, luckily." The song 'Free As A Bird' is being strongly tipped to become the UK Christmas number one. McCartney also reveals how **Ringo Starr** was once hospitalised, "When he got really heavy into drinking, in Monaco, he was once put on a life support system with seven other very nearly dead people in the room." Ringo himself said the three surviving **Beatles** had plans to record backing tracks to another of Lennon's songs, but didn't, "That's not how The Beatles worked. We didn't just do John songs or Paul songs. We needed a couple of George tracks, a couple of Paul's and my track to make it more real." 'Anthology Volume One', the first compilation of rare Beatles' material, will be released via EMI on November 21. The full track-listing: 'Free As A Bird'; Lennon, McCartney and Harrison's pre-Beatles skiffle group **The Quarrymen** covering Buddy Holly's 'That'll Be The Day' (from 1958); The Quarrymen performing a McCartney/Harrison song 'In Spite Of All The Danger'; a 1960 home recording 'Hallelujah, I Love Her So'; an early Lennon/McCartney song 'You'll Be Mine'; a McCartney instrumental 'Cayenne'; 'My Bonnie', recorded in Hamburg with **Tony Sheridan** singing; another Hamburg recording 'Ain't She Sweet' with Lennon on vocals; a McCartney/Harrison instrumental 'Cry For A Shadow' (Hamburg); 'Searchin'' from the Decca sessions; 'Three Cool Cats'; 'The Sheikh Of Araby' (both featuring Harrison on vocals); 'Like Dreamers Do' which was later a hit for The Apple Jacks; 'Hello Little Girl', the final Decca recording which was a hit for The Fourmost; a song recorded on the band's first visit to Abbey Road 'Bachasme Mucho'; 'Love Me Do' featuring **Pete Best** on drums; 'How Do You Do It', later unreleased version; a 1963 version of 'One After 909'; a BBC session cover of **Carl Perkins** 'Lend Me Your Comb'; 'I'll Get You' live at the London Palladium; 'I Saw Her Standing There' live on Swedish radio; 'Money'; 'You Really Got A Hold On Me'; a radio session version of 'Roll Over Beethoven'; 'She Loves You' live; 'Till There Was You', 'Twist And Shout' (both from the 1963 Royal Variety Show); 'I Want To Hold Your Hand'; 'This Boy' (both from a British comedy TV show 'Morecombe And Wise'; 'Moonlight Boy', a song featuring the comedians; 'All My Loving' from the Ed Sullivan Show, The Beatles' first US TV appearance; an alternate version of 'You Can't Do That'; an alternate version of 'And I Love Her'; and early version of 'A Hard Day's Night'; 'I Wanna Be Your Man'; 'Long Tall Sally'; 'Boys'; 'Shout'; two versions of 'I'll Be Back' (all from a 1964 TV special); a recently rediscovered George Harrison song 'You Know What To Do'; a demo track 'No Reply'; an alternative version of 'Mr Moonlight'; the previously unreleased 'Leave My Kitten Alone'; 'Eight Days A Week'; and alternate versions of 'Kansas City' and 'Hey Hey Hey'. Beatles' interviews are also featured... **Saint Etienne** return this week with a new single 'He's On The Phone'. The track also features on the band's new compilation 'Too Young To Die', released via Heavenly on November 13... The London Finsbury Park Rainbow, which played host to such artists as **Mott The Hoople, The Clash, and David Bowie** in the '70's, has been bought by the Brazilian Universal Church Of The Kingdom Of God. The Church will use it as their UK headquarters after failing in a bid to buy the London Brixton Academy.

The Rainbow has not been used as a live venue for many years... **David McAlmont** has apologised to collaborator **Bernard Butler**. In a New Musical Express interview, McAlmont implied Butler might be homophobic, but a statement says, "Having read my recent interview in the NME, I feel that certain comments I made with regard to my professional and personal relationship were vicious and thoughtless. Bernard is in no way homophobic, vain or inarticulate. I accept that I may well have been upset and consequently my remarks were very flippant. For this I am very sorry." He said the duo would continue to work together and release new material... **Sabres Of Paradise** have split. The band's **Andrew Weatherall** is working on a new project called **Bloodsugar** with **David Harrow**. Bloodsugar release a joint single with **Percy X** entitled '-3' via the small Scottish label Soma on November 6... **Jim Morrison's** remains could be removed from the Paris Pere Lachaise cemetery in July 2001, if authorities do not agree to renew a 30 year lease. Parisian officials are said to be unhappy about the damage **Doors'** fans cause to the graveyard. The three surviving Doors — **Ray Manzarek**, **Robbie Kreiger** and **John Densmore** — are campaigning for Morrison's remains to be left in Paris... 'Wibbling Rivalry', a 15-minute 7-inch single released via Fierce Panda and credited to **Oasis**, features interviews of **Noel** and **Liam Gallagher** when they would still be interviewed together. The words "verbal mayhem" are used on the sleeve to describe the contents... **Anthony Hopkins**, the Oscar-winning Welsh actor, makes his debut as a composer on a forthcoming film 'August'. A soundtrack album will be released next year... **Squeeze's** new album 'Ridiculous' will be released via A&M on November 13. The LP will feature the singles 'This Summer' and 'Electric Trains'... **Dodgy** refused to drink any French wine on a recent tour of the country. The band were making a gesture against French nuclear testing in the Pacific... **Johnny Waller**, the respected British rock journalist, died in a road accident in London on October 10. Waller managed **Mike Scott's** first band **Another Pretty Face** before moving into rock journalism with the former British weekly Sounds. He was heavily involved with setting up Fire Records. Spotting a gap in the market he set up SIN, a company which initially specialised in internationally syndicating rock interviews. He also wrote biographies of **Eurythmics**, **Phil Collins** and **Boris Becker**... **The Rolling Stones'** new live album 'Stripped' is released this week via Virgin. The 'Unplugged' - style album has been praised as one of the best Stones' live recordings in years. Elsewhere, **Eric Easton**, the Stones' first manager has died of cancer. He was 67. Easton arranged the band's first deal with Decca, and also promoted the

band. His relationship with the Stones ended in legal disputes. His son **Paul** said, "Dad was a very private man and I think he was unfairly treated in many of the books written about the Stones, although he was the businessman behind their success."... A dispute has broken out over whether **Ride** have sanctioned an "official" live bootleg. The Internet magazine Addicted To Noise says the band have approved the release of 'Live Light', recorded with a DAT last year. However, the band's UK record company Creation deny this and say they cannot be responsible if fans are unhappy with the releases' quality. Ride, currently working on a new album which should be in stores in February, have previously endorsed five bootlegs... The London Metropolitan Police have launched a campaign against drug use in nightclubs. SNAP, Say No And Phone, encourages people to come forward with information on dealers. Commander **John Grieves** said informers' identities would not be revealed. The raid was dismissed by many as a PR exercise because it attracted extensive TV coverage... **The Artist Formerly Known As Prince** has written a ballet called 'Kama Sutra' according to his dancer **Mayte**. Speaking to the New Musical Express, she said, "It's kind of explicit, but it depends on what you mean by explicit."... **Weknowwhereyoulive**, the band formed by former members of **The Wonder Stuff** and **Eat**, release their debut single 'Don't Be Too Honest' on November 13 via Hatched, Matched and Dispatched, the band's own label. They will tour the UK in support of the release... **Teenage Fanclub** release a new EP in December. The EP features reworked versions of 'Star Sign', '120 Minutes', 'Cup Of Tea' and 'Don't Look Back'... **Paul Weller** says the song 'Porcelain God' is partly about his own fallibility. Talking to Q, the former **Jam** frontman says, "It isn't as factual as me saying 'I'm a Porcelain God. There's lines where I'm disappointed in myself, 'cause I've let down my wife, but then there's other things that go on about something else. It's all over the shop: fractured, but it all makes sense to me. They're all really powerful images, 'Beware false prophets/Take a stand/My fortune cookie cracked up in my hand.' They're good poetry." Weller separated from his wife, former **Style Council** singer **D.C. Lee**, last year... **Echobelly** say they will not be signing to **Madonna's** label Maverick in the U.S. The band are reported to have turned down a one million pounds sterling offer. ## KEVIN VARGAS, KISS, SAN ANTONIO

Tell me which great work of poetry the following comes from: "Silence swimming in a pool of dreams - Beneath its depths the forgotten dreams - Above, the city of the evening star - Behind its walls, the grand bazaar - As she walks through its endless maze, cursing those who mistrust her ways - Please my friend no matter what she sees - Tell my lover come back to me." Not exactly "Party-till-ya-puke" potential for lyrics but it is the start of an emotional exploration into love, lust and temptation. Put together with an enhancing arrangement and you've got "The Bazaar" from **The Tea Party**. Let's play throwback and forget singles label hype and MTV. Track the disc sometime while puttering around your home world. You'll hear a lot of different themes, strong and emotion. You may not hear the same thing anyone else does but that's the beauty of "art." It's subject to interpretation. Mine is... the band has got something!

## GATHY FAULKNER, KISW, SEATTLE

If you checked out Kevin Vargas' comments regarding **Brother Cane**. I would like to second his sentiments. Brother Cane played in Seattle at Rkcn'dy. Not only do they have one of the best testing songs on KISW's playlist. I have never (I honestly mean NEVER) seen an audience explode when the band went into "And Fools Shine On." The intensity and credibility of this band should not be dismissed... As far as Seattle bands... **Foo Fighters** "Bad Me" and **Presidents of the United States of America** "Kitty" are welcomed additions to the playlist. Also glad to have the **Alice In Chains** album.

## LAURIE GAIL, WFNX, BOSTON

The WFNX studios are being trampled by artists coming through town, I'm still waiting for the dust to settle! **Urge Overkill** stopped by the studios and rocked our Halloween at Avalon, **Heather Nova** came by and played at the Paradise November 3, and **Julian Cope** made his first Boston appearance in 3 years here at the 'FNX studios and the night of November 3 at the Middle East as well! On Friday, November 3, we presented

**Green Day** A-Z; we played every official Green Day release and gave away Green Day CDs, t-shirts, and a trip to see Green Day in Tampa, Florida! Otherwise, our Fort Apache series hosted **Letters To Cleo** November 2, we've got **The Mighty Mighty Bosstones** November 9. We broadcast live from the infamous Fort Apache studios noon to one and invite 101 listeners to watch the show! Big Barbie thanks to Steve Tipp, Hannah Tipp, Andrew Govatsos, Giant, Michael Creamer, Mercury, Michael Idlis, Jim McNeil, and Gary Smith and the Fort Apache crew!

## CARTER ALAN, WBCN, BOSTON

Everyone of my jocks (and me too!) is raving about the new **Smashing Pumpkins** album. What an unbelievable progression for this band. The single continues to engage top requests while "1979" trails closely behind and "Thirty-three" somewhere beyond that. Oedipus has featured "Tonight, Tonight" and "Zero" on his Nocturnal Emissions show and I can't get over the nine-minute masterpiece "Porcelina of the Vast Oceans." This CD is a landmark step for the Chicago band. The live concert from Chicago, despite that embarrassing power failure, rocked solid and precise on the other standards and also the new material. I must confess that the Smashing Pumpkins had lost much of my respect as a live band, not because the members didn't play well, but because they didn't seem to give a shit on stage. At least that was the prevailing attitude at a gig in Fitchburg, MA in '94 and on the New England Lollapalooza date in Rhode Island when the band took anti-audience, major-attitude pills. So, maybe it was road-burn or something - every artist seems to go through it. Hell, deejays go through ruts and negative periods, too. Anyway, last week's broadcast laid all of those personal reservations to rest; now I'm looking forward to the '96 tour, I hope? Smashing Pumpkins has managed to achieve the status of taking rock music somewhere - to affect its course. In the music industry world of too many cookie-cutter bands, this is a rare and necessary occurrence if things are to remain fresh. Right now, as the year winds

down (and for some time to come) everybody in rock is eating the Pumpkin's dust. Also, it was an honor to see **Jewel** release a demo she recorded in our production studio during a recent visit. "Emily" is a bonus track included on the **You Were Meant For Me** pro-CD and will be used in the movie **The Crossing Guard**. Obviously, Production Director John Reilly and all of us are quite proud to have been able to lend our digital assistance.

## JOHN LENAC & JULIE BAHRE, KTOZ, SPRINGFIELD

Halloweeeeeeekend on Channel Z rocked! We gave away CD copies of the sing-along **Rocky Horror Picture Show** soundtrack, passes to the Hotel of Terror and tickets to the hippest, scariest Channel Z Halloween Bash. Let's do that Time Warp again and again. How many **Red Hot Chili Peppers** can you eat in **One Hot Minute**? That's what we wanted to find out this past Friday at Kendall McKenzies. Everyone in attendance witnessed some really funny faces from people competing for hotel rooms and tickets to see **Anthony, Flea, Chad** and **Dave** in Kansas City. **The Presidents of the U.S.A.** are still generating huge phones for us here... no burn at all. **Soul Asylum's** "String of Pearls" is still amazing listeners, as well as **Alanis Morissette**, **Smashing Pumpkins**, and the very groovie "No Doubt" single is lighting up the phones. That's all from the patch.

## THE TINK, WVUD, WILMINGTON

Why hello there! Well, our 3rd annual P.M.C. festivities are past. I'm told that my panel was well received (this is a third party story told to me). I guess having two moderator posts filled makes me a bone-a-fried conventioneer. The lovely Metal Brunch had such luminaries as the PRO PAIN String Strummers. Provided in part through the efforts of the lovely Metal Nurse Erin of WDBK. (Gee your hair smells terrific!) The total for my particular convention going is now up to four. Say like, I'm gettin' numdude/man/guy/whatever. My show count was once again high the past week. Excuse me, is that your thumb in my...huh!!!
