WE'RE BUILDING A STAR SYSTEM IN CANADA

The Juno Award adorning the cover of this year's Canadian Music Industry Directory is symbolic of what is happening in Canada now. We once published a promotional piece for RPM reading "We are now starting a star system in Canada." That is the spirit in which this directory was done. It is a chronicle of the people who are taking part in creating a star system in Canada. Canada's television industry couldn't do it. Canada's film industry hasn't done it, but the music industry is starting to create a sound that is being heard around the world.

We have had a music industry in Canada since the turn of the century, but it was only the beginning of this decade that saw a CANADIAN music industry emerge. Only now are there Canadian artists who can truly call themselves Canadian. They are working FROM Canada and entertaining and informing the world.

It's only a beginning, but there is hope that Canada can sustain a system of music production capable of creating "stars".

The future of the music industry in Canada lies in the hands of the programmers. They alone can make and break the industry.

This directory is dedicated to the people who tried. Those who succeeded need no further praise, but those who are still struggling (and many have been struggling for a decade) should be an inspiration to the rest of us.

Canada, the evolving music nation, should pay the greatest tribute to the pioneers of the music industry. The small group of individuals who said many years ago that it could be done....and they are doing it.

So they tried, and the industry is succeeding and others are succeeding and new faces come on the scene who "make it" but behind the scenes are the first people to try and many of them are still fighting and their's is the inspiration which made Canada's music heard around the world.

The world's a stage for Canadian music

At long last, Canadian music is being heard in other parts of the world. And if you're a composer, and your music is going to make international impact one of these days, you'd better talk to CAPAC.

CAPAC — The Composers, Authors and Publishers Association of Canada — exists to collect and distribute to its members the royalties due to them when their music is performed in public.

And through reciprocal arrangements with 32 different performing rights societies in nearly 100 different countries, CAPAC members are paid whether their music is played in Algeria or Australia, Britain or the United States, Switzerland or Sweden, Japan or Jamaica.

If you want to know more about how CAPAC works for Canadian composers — here at home or abroad — call Mary Butterill at Toronto 924-4427 or Michel Paré at Montreal 845-3139.

Capitol is Canadian Content!

No doubt about it, when it comes to Canadian sounds, Capitol has the best. Just take a look at our roster of artists, then go check the charts! There's Anne Murray who topped the RPM polls as Top Female Vocalist. She became the first Canadian female vocalist to receive a million seller award in both the U.S.A. and Canada. And Cashbox voted her as top new female vocalist in the singles category.

Then there's Gene MacLellan who wrote the million seller 'Snowbird'. Edward Bear, a group with smash hits to its credit. Pepper Tree, Aarons and Ackley, Tommy Graham, Pierre Lalonde, Bobby Curtola . . . everything from Rock to Pop to MOR to C&W.

A lot of good music has come from Canada. There's lots more still to come. On Capitol of course!

Berandol Music Limited

25 BC (Before Cancon)

We've got a catalogue of over 2500 songs by more than 500 Canadian writers and you can put a MAPL logo before almost any one of them.

That's right! We've been pro-Canadian for a long time, holding a strong belief in the quality of Canadian song writing that goes back to 1947.

A catalogue full of folksongs, ballads, country and western, fiddle tunes, rock, jazz and contemporary pop.

Here are just a few of the many Canadian song writers in our catalogue:

The Guess Who, Randy Bachman, 5 Man Electrical Band, The Mercey Brothers, Bobby Gimby, Andy DeJarlis, Graham Townshend, Stompin' Tom Connors, Bobby G. Griffith, Ray Griff, Dee Higgins, Stu Phillips, Orval Prophet, Arlene Gordon, Myrna Lorrie, Lou Snider, Ben Kerr, Brian Browne, Joe Probst, Warwick Webster, Wally Grieve.

If you want to add your song to our catalogue or record one that's already there call me now.

You know we're kind of knocked out with the reception we've been getting from program directors and music librarians at radio stations.

We do double-fold record jackets; We put sleeves on all our records; We take care about things like overall, consistent presentation and liner copy!

And.....we manufacture superb pressings; We've got STRONG product - featuring great artists!

Moreover, we try to keep in touch with radio stations on a regular basis - either by phone, correspondence or personally.

We kind of dig what we're doing.....because we believe our country is ready for a top quality M-O-R label.

After all, if we didn't feel this way, we wouldn't want to be the best!

We figure we're about 10th in line.

So - we work bloody hard!

Radio AM Broadcasting Regulations, pertaining to Canadian music

4. Section 12 of the said Regulations is revoked and the following substituted therefor:

"12. (1) At least 30% of the musical compositions broadcast by a station or network operator between the hours of 6.00 a.m. and 12 midnight shall be by a Canadian and shall be scheduled in a reasonable manner throughout such period.

(2) From January 18, 1971 to January 17, 1972, a musical composition shall be deemed to be by a Canadian if it fulfils at least one of the conditions set out in subsection (5).

(3) After January 18, 1972, a musical composition shall be deemed to be by a Canadian if it fulfils at least two of the conditions set out in subsection (5).

(4) After January 18, 1973, at least 5 per cent of the musical compositions broadcast by a station or network operator between 6.00 a.m. and 12 midnight shall fulfil the condition set out in either (b) or (c) of subsection (5).

(5) The following are the conditions referred to in subsection (2), (3) and (4):

- (a) the instrumentation or lyrics were principally performed by a Canadian;
- (b) the music was composed by a Canadian;
- (c) the lyrics were written by a Canadian; and
- (d) the live performance was wholly recorded in Canada.

(6) A mechanical reproduction of a musical composition that is deemed at any time to be by a Canadian continues to be so deemed thereafter.

(7) If a station operator is able to demonstrate to the satisfaction of the Commission that the application of this section would result in a significant reduction in

the quality and diversity of program service within the area normally served by his station, the Commission may vary the application of this section.

(8) For the purposes of this section, a person shall be deemed to be a Canadian if

- (a) he is a Canadian citizen;
- (b) he is a landed immigrant as defined in the Immigration Act; or
- (c) his ordinary place of residence was in Canada during the six months, immediately preceding his contribution to the musical composition in question."

5. The said Regulations are further amended by striking out the word "Board" wherever it occurs therein and by substituting therefor the word "Commission".

Chairman of the Maple Leaf System is Nevin Grant of CKOC Hamilton. Greg Haraldson of CKXL Calgary, has been appointed co-chairman for the next term.

THE RPM MAPL LOGO

When the 30% Canadian Content Ruling became law, through the efforts of the Canadian Radio-Television Commission (CRTC), RPM commissioned the art firm of MusicAd&ART to design a symbol that would easily distinguish Canadian records - in RPM Weekly.

The RPM MAPL logo was so successful that many record companies have written and asked permission to use the logo on record labels. Programmers, as well, requested permission for use of the logo in their library cataloging.

Blacked-in areas indicate:

- M-Music composed by a Canadian
- A-Artist featured is a Canadian
- P-Production wholly recorded in Canada
- L-Lyrics written by a Canadian

THE BIRTH OF AN INDUSTRY VOICE

February 1964 saw Canada's first weekly trade publication come into being in the form of a newsletter to the music industry. Now, after practically six months the NEW RPM becomes a part of the industry. Possibly this will be a landmark in the development of the music industry in Canada.

With the NEW RPM the industry has a sounding board for new ideas, a medium for promoting new names and new talent, and a market place to sell what may become a major export for Canada, music and talent. If there has ever been a time to introduce an industry trade weekly, this is it.

We have come this far with RPM to the surprise of many, and now go into an even bigger publication with the NEW RPM. We believe we have analysed fairly, our controversial stands and soapbox attitude have been the ingredients that have taken the industry to this point, and won over even the hardest of our early opposition.

In six months RPM has won the favour of the American industry and brought the spotlight on Canada's music. Many feel the last six months have been the most active in history.

STEP TWO. Now the NEW RPM is step two of the birth of an industry, and this is only the beginning. Every disc jockey, program director, record dealer, promotion man, record producer, musician, sound engineer, songwriter and trade organizer will benefit from the growth of this industry.....

YOU CAN TELL A COMPANY IS BIG WHEN IT TAKES FOUR COLOUR DIRECTORY ADS !

After deciding to take the inside back page for an ad in this year's directory, the next most difficult thing to do was to find a nice humble way to tell you how big we are.

After many many minutes of intense discussion, we came to the conclusion that we should look at what we had done in previous years to see if there was something we could use again. There wasn't. However, we did find a few interesting things, some of which we set forth here-under.

In 1967 (the year we were formed) we didn't have an ad at all. However, we did have a free listing from which we gather that our head office was in Montreal and we had a branch office in Toronto. Our product in the rest of Canada was handled by distributors. Our labels were Warner Bros., Reprise, Loma and Valiant (Valiant?).

We can't find our 1968 Directory and thus assume that either there wasn't one or that there wasn't enough said about Warner Bros. in it to keep it around.

In 1969 we burst into the act as Warner Bros.-Seven Arts with a full page ad which stated that we were making a big splash in Canadian talent. Our splashes were Joni Mitchell, The Kensington Market, Tom Northcott, Allan Bruce and Serge LaPrade (?). Our listing shows that we still had distributors and our labels were: New Syndrome, Reprise, Vogue and Warner Bros.

Last year we were once again Warner Bros. and said "A Directory ad is a waste of money. It doesn't sell records! But then, we couldn't pass up the opportunity to tell you we do." (Note the confidence that was starting to creep into our advertising). Our free listing shows our head office was in Montreal and we now had branches in Toronto, Winnipeg, Calgary, and Vancouver. Our labels were Atlantic, Atco, Cotillion, Embryo, Warner Bros., Reprise and Vogue (it's getting pretty good now eh?).

And now here we are in 1971 with a four colour inside back page ad. Our directory listing shows that our new name is Kinney Music of Canada, Ltd., our head office is in Toronto, and that we have branches in Montreal, Toronto, Winnipeg, Calgary and Vancouver. Our labels are Atlantic, Atco, Bearsville, Cotillion, Capricorn, Embryo, Elektra, Nonesuch, Reprise, Rolling Stones and Warner Bros. To really impress you we thought we would also list our artists, but if you don't know who they are, check the charts.
