MICHAEL ANTHONY

The facts and figures you ought to know about **CAPAC**, Canada's first performing right society.

Canada is one of only two countries in the world with two performing right organizations — and it's important that composers, lyricists, and publishers choose the right one.

One test, of course, is how well a performing right society does for its own members and the members of affiliated societies it also serves. Another test is whether it's prepared to share its facts and figures with the industry at large.

The figures in this ad talk for themselves. They demonstrate two things — (1) the benefits that result from the fact that CAPAC is the only performing right organization owned and run, in Canada, by its own members. And (2) that CAPAC is always prepared to back up its claims with complete information.

If you want to know more about CAPAC, and how we work with Canadian composers and publishers, all you have to do is ask. We welcome your interest.

	1968	1969	1970	1971	1972	1973
CAPAC licence fees & interest⁽¹⁾	\$5,242,000	\$5,849,000	\$6,163,000	\$6,418,000	\$7,032,000	\$8,055,000
Foreign income for CAPAC members	118,000	163,000	321,000	444,000	562,000	632,000
What CAPAC publishers received⁽²⁾	1,511,000	1,416,000	1,450,000	1,562,000	1,705,000	2,271,000
What CAPAC writers received	364,000	419,000	640,000	871,000	1,138,000	1,315,000
CAPAC's overhead (as % of receipts)	13.0%	13.9%	12.9%	12.8%	12.6%	14.3%

⁽¹⁾ Interest is income earned by the investment of CAPAC receipts, and later distributed. In 1973, interest distributed was \$519,992.

⁽²⁾ Includes payments for CAPAC publishers who also act as agents for foreign publishers.

The year 1974 saw the culmination of ten years of publication by RPM. It was a feeling of achievement that ten years of the Canadian music industry had been chronicled for the years to come.

It was the year that RPM came of age. We laid down our tarnished and battered shield and declared a truce with the industry. In fact, the industry was coming together and required much more from RPM. The crusade was over.

Along with our weekly report to the trade, RPM held three Communication meetings and the Juno Awards and introduced the first Who's Who in Canadian talent.

In 1974 we found new friends and, among them, many who had already realized the plight of Canadian culture. To them we passed on the tarnished and battered shield.

Patrons of Cancon came out of the woodwork. The industry was well fortified with all the ingredients that indicated progress was well on its way.

In 1974 we announced the Juno Awards would be going to national television and our industry affair had matured to the point where the consumer could now be entertained by Canada's finest performers.

It was also in 1974 when we introduced the RPM Canadian Music Industry Hall of Fame Awards with Harold Moon and George Taylor being the first to be honoured with this unique tribute.

The year 1975 will be an even greater challenge for RPM. We will be making even further innovations to enhance the industry. "There's no stopping those people at RPM!"

RPM is the hub of the music industry in Canada. Our dialogue is east to west - the length and breadth of our nation. We hear from programmers, producers, promoters, songwriters.....everyone listed in this Directory.....supplying input that makes ours an interesting and rewarding business.

This source book of information and listings should be the desk top companion of anyone and everyone who depends on music to make a living. Contained in the CMID are the names and addresses of those who make the Canadian music industry an exciting and highly valued source of income for hundreds and thousands of Canadians.

We would like to express our appreciation to those who have made it possible, and we would like to thank our many supporters over the years for making RPM what it is today.

1975 should be a record year for the Canadian music industry.

When does Quality count?

Quality counts when it comes to the music business. Because when it comes to the music business Quality Records Limited is Canada's number one wholly-owned Canadian company.

We're also number one in record manufacturing. Plus we have one of the most modern tape duplicating facilities in the country. And our fully automated custom service division can fill virtually any recording need.

Quality also counts when it comes to music publishing: with Shediac Music Publishing Limited (CAPAC) and Qualrec Music Publishing Limited (BMI).

And for Canadian talent trying to break into the record industry, Quality can count for coast to coast distribution and sales promotion.

Add it all up yourself. You'll discover when it comes to the music business Quality Records counts for a lot.

A NEW CANADIAN LOOK AT CAPITOL

There is fresh new growth in our wonderland.

The freshness is the result of restless searching for the seeds of real talent, seeds which can grow into hardy perennials.

The growth comes from the patient development of every aspect of that talent. The same careful cultivation that helped give Anne Murray and Edward Bear their place in the sun is lavished on every one of Capitol's Canadians.

Now it is getting on towards harvest time. Not every artist will come to full flower this year. But our gardeners are in this for keeps. That's why Canada's musical Garden of Eden will still be at Capitol next year ... and for years to come.

At Capitol Canada — we CARE for our talent.

Competition - It's Working!

It didn't happen overnight. BMI Canada became activated as a Canadian performing right organization back in 1947. That year it didn't have a repertoire, it didn't even have an affiliated writer. What it did have was a purpose — a determination to disseminate and expose Canadian music, music few believed even existed.

BMI Canada thrived on the faults of a former monopoly situation. It provided what was needed — an open-door policy both for music creators and those who supported them, the users of music. An atmosphere was created where questions were asked and answers given.

It provided and still provides opportunities available nowhere else: workshops for young writers; songwriter sessions in every area of Canada where music creators can learn about their business; an avenue to the largest repertoire in the world, that administered by Broadcast Music, Inc.

BMI Canada's determination and dedication paid off. There must be reasons why it is the largest performing right organization in the country, serving more than 5,900 Canadian affiliated writers, composers and music publishers.

The Second Oldest Profession in the World

For years (the story goes) historians have tried to find out the meaning of square heel marks left in the sands of an ancient city that was dug up. It was only recently when the answer was revealed. It seems that the ladies of the night (of their time) cut the heel of one sandal to leave a mark in the sand wherever they wandered. Their customers could find them by following the marks of the heel left in the sand. As a result of these findings, advertising became the second oldest profession in the world.

You don't have to notch your sandal to become part of the growing trend to make your services or your product known. We can now offer you a wider audience than those ladies of ancient times. Be it information or hyperbole, the pages of RPM Weekly reach out to every aspect of the trade and the media. Record stores, rack jobbers, programmers, disc jockeys, juke box operators and many or most of the companies and individuals listed in this Directory will see and read your ad. The value of trade advertising is unsurpassed - if executed properly, and its readership can never be a statistic. It is the most valued of all intangibles.

We offer instant service and cooperation to get your ad into RPM and RPM out to the trade. There is nothing more effective or which has such a national impact on the trade as an ad in RPM.

We aren't here to pressure you into advertising, but why not test the marketing potential of RPM Weekly as your new innovative campaign to get to the trade. Next time you think of a mailing piece or a direct mailing to the trade - think of RPM as an alternative. One phone call to us with an ad reservation, or put the copy in our hands (even in its rough stages) and the next thing you'll see is the ad that has gone out to the trade of two countries. No setup to approve, no printing, folding, packaging, postage or mailing. We do it all, on a weekly basis.

We're here to provide a service to the industry. We package news, information and your pitch to the trade. Try RPM - it's consistent - it's reliable (since 1964) and it's read.

We're proud to be part of the second oldest profession in the world (if you believe the above story).

...one thing in common.

Each of Canada's favorite entertainers has his own unique style, but there's one thing these top performers have in common: Shure microphones. Consistent Gold Record winner Paul Anka and Juno award winners Ian Thomas, Edward Bear, and the Mercey Brothers all depend on Shure microphones . . . along with other international greats like the Rolling Stones, Led Zeppelin, Carpenters, The 5th Dimension, Charlie Rich, Loretta Lynn, Conway Twitty, Tom T. Hall, etc., etc., etc. For performers around town or around the world, Shure microphones sound great anywhere.

"LOVE WILL GET YOU"

Jayson's first single has had a warm reception from Canadian programmers. Being heard in every major market on over 60 stations, its becoming a monster. An October release is scheduled for his first album. "Listen in late October."

The people at Mushroom Records are honoured to present to you an incredible 2 record set by one of the worlds most renowned flautists. A 24 page booklet is included in this remarkable package. We wish to turn the world on to this beautiful man and his music. We bring you with pleasure, the amazing, PAUL HORN.

"A SPECIAL EDITION"

Mushrooming around the world

ALEXIS is one of the most dynamic female writer performers to be heard from in a long while. Her first album meeting with remarkable response, we could fill a scrapbook with outstanding reviews, but listen for yourself. Plug into ALEXIS, one of the "powerful people."

"DIRTY WORK" is SONGBIRD'S followup to their "I BELIEVE" single which attracted more than 90 stations. In the first week of release already 6 stations have picked it as a hit. The band has just completed their first album. Listen, SONGBIRD is not a band you will forget, leaping up the Canadian charts, soon the world.

HELLROARING RECORDS brings you **TEEN ANGEL & THE ROCKIN' REBELS**
Over 35,000 albums sold. Watch for their third album to be released soon. (WE'VE BEEN GREASED)

DON'T JUST LISTEN. MAKE IT HAPPEN.

Especially in Canada, you can't just cream a catalogue.

Commercials, in-store efforts, hard-nosed promotion and artist relations are a must.

A great distributor should do more than just promise, more than just listen. They should *make* it happen.

Polydor does more than listen—we make it.

ATTENTION D.J.'S

"The only difference between a flasher and a streaker is 4 years at college."

That's just a quickie from our sensational Radio Services:

- WWJ, a long time DJ favourite, is 28 pages of jokes and facts each week;
- Disc Jokies, a brand new service, is a 4 page weekly, packed full of WWJ's one-liners.

BOTH ARE DYNAMITE!

Cut down your prep. time; freshen up your material; SEND \$2 for a trial week's set and more information to:

CANADIAN MUSIC RULING

*Excerpt
Radio (AM) Broadcasting
Regulations - June 24th, 1970*

"12 (1) At least 30% of the musical compositions broadcast by a station or network operator between the hours of 6:00 a.m. and 12 midnight shall be by a Canadian and shall be scheduled in a reasonable manner throughout such period.

(2) From January 18, 1971 to January 17, 1972, a musical composition shall be deemed to be by a Canadian if it fulfils at least one of the conditions set out in subsection (5).

(3) After January 18, 1972, a musical composition shall be deemed to be by a Canadian if it fulfils at least two of the conditions set out in subsection (5).

(4) After January 18, 1973, at least 5 per cent of the musical compositions broadcast by a station or network operator between 6:00 a.m. and 12 midnight shall fulfil the condition set out in either (b) or (c) of subsection (5).

(5) The following are the conditions referred to in subsections (2), (3) and (4):

(a) the instrumentation or lyrics were principally performed by a Canadian;

(b) the music was composed by a Canadian;

(c) the lyrics were written by a Canadian; and

(d) the live performance was wholly recorded in Canada.

(6) A mechanical reproduction of a musical composition that is deemed at any time to be by a Canadian continues to be so deemed thereafter.

(7) If a station operator is able to demonstrate to the satisfaction of the Commission that the application of this section would result in a significant reduction in the quality and diversity of program service within the area normally served by his station, the Commission may vary the application of this section.

(8) For the purposes of this section, a person shall be deemed to be a Canadian if:

(a) he is a Canadian citizen;

(b) he is a landed immigrant as defined in the Immigration Act; or

(c) his ordinary place of residence was in Canada during the six months, immediately preceding his contribution to the musical composition in question."

THE RPM MAPL LOGO

With the advent of the 30% Canadian content ruling through the efforts of the Canadian Radio-Television Commission (CRTC), RPM commissioned Stan Klees, of Stan Klees Ltd., to design a symbol that would easily identify records having Canadian content. This logo was to be used exclusively in RPM Weekly.

-  Music
-  Production
-  Artist & Lyrics
-  Music & Lyrics
-  Music Production & Lyrics
-  Artist
-  Artist & Production
-  Production & Lyrics
-  Music, Artist & Lyrics
-  Music, Artist & Production
-  Lyrics
-  Music & Artist
-  Music & Production
-  Artist, Production & Lyrics
-  Music, Artist, Production & Lyrics

Blacked-in areas indicate:

M - Music composed by a Canadian

A - Artist featured is a Canadian

P - Production wholly recorded in Canada

L - Lyrics written by a Canadian

The RPM MAPL logo was so successful that many record companies requested permission to use the logo on record labels. Their organization, The Canadian Recording Industry Association, requested and received blanket permission for use of the logo on all

member's labels. Programmers also found the logo invaluable for cataloging Canadian singles and albums.

RPM WEEKLY

RPM Weekly has been published each week since February 24th, 1964 by RPM Music Publications Ltd - 6 Brentcliffe Road - Toronto, Ontario M4G 3Y2 - telephone (416) 425-0257 telex 06 22756 (RPMTOR).

The publisher of RPM is Walt Grealis, capably assisted by two editors - one a music editor concerned with music and record information - the other, our programming editor who compiles pertinent information regarding radio stations and programming.

RPM's staff along with other important information regarding our operation is listed each week in RPM on page 4.

It is our endeavour to cover the music and record activities in Canada on a national basis. Our weekly charts and playlists are based on national trends and information.

It should be noted that RPM Weekly is not in the same class as our very monied cousins - the dailies and weeklies. We are not staffed with roving reporters and photographers from coast to coast. It is therefore necessary to rely heavily on your communication with us whereby we can establish a liason with you and your operation.

RPM has never been sustained nor assisted by any grants, donations etc. Our revenue is derived principally from advertising and secondly from subscriptions. Our circulation is world-wide.

It is important to emphasize that we concentrate on Canadian music and Canadian news and that we are primarily interested in fostering a record and music industry in Canada.

From time to time we supplement our publishing activities with institutional happenings - such as our Communication series of industry meetings, held in Montreal, Toronto and Vancouver.

Each year we take a poll of our subscribers - the results of which are colminated with our Annual Juno Awards Presentations.

It is our desire to promote Canadian artists and Canadian music to Canadians - and throughout the world.
