RADIO STATS

OUR RELATIVE CHARTING, AS SEEN BELOW, RESEMBLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL, (HEAVY AIRPLAY AT EVERY STATION WHICH REPORTED), AND THE WEIGHTED COUNT THAT A RECORDING HAS ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD—FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT. IT ADJUSTS FOR MARKET SIZE AND FOR HEAVY OR MODERATE AIRPLAY. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RADIO AIRPLAY FOR BOTH NEW AND ESTABLISHED RECORDINGS.

COMMENTS:

A while back, while deciding how to distribute our new WCOZ T-shirts, we to tossed around the idea of selling them and giving the money to a non-profit organization. Well, we set the idea into motion and decided to charge our listeners \$3.50 per shirt, and give the proceeds to NORML. The response has been so overwhelming that we're going to have to re-order.

COMMENTS:

Despite a short rain delay our free concert at Willowbrook Park in New Britain Conn. was a great success. Our thanks go out to WEA and Perry Cooper, Bill Beamish, Pat Rustici and Mike Shalett. Performing before over 6,000 enthusiastic fans were Larry Coryell, Scarlet Rivera and Tim Moore. Perry Cooper (Atlantic) dropped by the other day, whipped open his briefcase and on a Fairchild machine played us AC/DC on 8mm. My impression: imaginative clever and an attention grabber. Something to ponder for the future? ???

COMMENTS:

We were very proud and gratified by April-May ARB showing. Despite some problems with our signal during the rating period itself, we were #1 15-34 in New Haven/Hartford ADI. We showed general increases in other areas as well (e.g. Long Island). A pause for celebration, then back to creative worry.

Not to forget - John Griffin joined us as production ace and airperson a couple of months ago.

COMMENTS:
Greetings. The ARB was kind to us. The ZOO pulled #1 18-24 adults, #2 18-34 adults, and #2 12-24. Bob Shannon is our new morning ZOO pilot. Bob comes to us from WBCN, where he was P. D. Our brand new afternoon dude is Dave Lee Austin, masquerading as Dave Scott. He has been production director and DJ at WCCC and WLIR. We're real excited to have Bob & Dave with us. Here's our current lineup...
1-6 a. m. LG Richardson
6-10 a. m. Bob Shannon's Morning ZOO
10-2 p. m. Mark Christopher
2-6 p. m. Dave Lee Austin
6-10 p. m. Michael Brown
10-1 a. m. Mike Hedges MD
Part timers include Beverly Beesley, Jack Robinson, Jon Dillon, & Charlie Jones.
In conjunction with London Records, & the Moody Blues Caught Live album, the ZOO is giving away a deep sea fishing trip to the Gulf of Mexico. ZOO Safari's continued, with loads of 98 FM listeners trucking across the country to rock concerts. Recent Safaris have trekked to see Heart, Lynyrd Skynyrd, R. E. O. Speedwagon, & Dan Fogelberg. We're using a traveling custom lounge that has recently transported America and Zeppelin on their tours.
Our ZOO FREE SUNDAY concerts are still going. Mink DeVille on July 17, & American Tears on July 31.
ZOO GUITAR COURSE on the air each Wednesday nite at 1, with an early Sunday morning repeat. Satellite broadcasts on the ZOO from the East coast starring Bonnie Raitt, & Hall & Oates.
Hope to run into some Walrus buddies at the Billboard convention in August. I think I'm talking about "the future of radio" on a panel there.
Peaceful ways,
Ira Lipson, Zoologist

COMMENTS:

As evidenced by our playlist WRAS is returning to rock and roll as our major emphasis. Jazz, folk, R&B, country, classical, and bluegrass will continue to receive our wholehearted support but will be presented mainly thru special programs. We feel that this is the most effective means of presentation rather than a potpourri of sound at all hours of the day.

COMMENTS:

The July 4th weekend
was full tilt here at the Home
of the Buzzard: Friday night
was 8 hours of the best of the
live music, all the unreleased
tapes we've hoarded. On
Saturday we ran two live con-
certs, Clapton and Duke &
The Drivers; Sunday it was
Stills, Rod Stewart, and Pink
Floyd; and Monday it was
Boston and Al Stewart!! The
lunatics here teamed up with
the members of Rough Dia-
mond to play a rousing game
of wiffle ball prior to their
date at the Agora.

COMMENTS:

Harvey Wells is leaving us to join the air staff at WKQX. While we're sorry to see him go, we understand his priorities and wish him well. Until we can thoroughly check out our own staff and the outside world to find a replacement, we will do without a music director and have Seth Mason fill in his air shift. See the Jobs Section of this issue for a want ad.

Saturday July 9th was WXRT's Day at King Richard's Faire, a return to the fun and games of the Renaissance era. In addition to getting our listeners in cheap, we had our jocks crown the couple in the best period costumes the king & queen of the fair. The winners received a Renaissance library from ABC Records, WXRT-shirts, and passes to all the soundstage passes for the coming season.

COMMENTS:

Things are looking and sounding real good again here at The Fox. Some internal problems a couple of months ago led to our losing some key people including our program director (Armand Chianti), half of our music department (Trudy Fisher), and mid-day air-person (Shel Lustig). A new program director who pledged to maintain our "format" was hired. He then proceeded to "tighten up" the format, change the commercial policy and in general cause the spirit of the station to plummet to new lows.

Then came the recent turnaround (6/22/77). Our new P. D. was replaced, a couple of our very qualified part-timers were moved into full-time positions, and our ideas, philosophies and morale are once again in good shape. We plan to continue to provide the Chicago market with great progressive radio, as we have done now for nearly 3 years. Current line-up...

COMMENTS:
Great on-the-air inter-
view with the members of the
Geils Group, here in town for
the Frampton concert -
Magic Dick even played some
harmonica. Also - did live
remotes from the Frampton
concert at the Kingdome -
every hour reports starting
in the morning - covered
traffic, lines, backstage, etc.

COMMENTS:

We've finally had our
first staff departure - after
2-1/2 years - Shelley Morris-
son, 9-noon airperson, pro-
motion director, shower-guts
Frisbee champion, and head
camp counselor, will be mov-
ing to London to study, act,
write and eat. We'll miss her
... taking over as promotion
director, Patricia Silverman.
Moving up from part-time to
full-time airperson, Steve
Suplin (nee KMYR).

Seattle/Bellevue Continued KZAM-FM&AM

We've been busy - build-
ing a new facility, enjoying
our best ARB yet.
News is wrapped up in
energy politics - Alaskan
crude, hydro power, and in
poison disposal.
Come see us if you pass
through.

RETAIL STATS

OUR RELATIVE CHARTING, AS SEEN BELOW, RESEMBLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL (TOP 5 SALES AT EVERY REPORTING RETAILER); AND THE WEIGHTED COUNT THAT A RECORDING HAS ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD—FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT ON THE HITS. IT ADJUSTS FOR STORE CHAIN SIZE AND REPORTED POSITION IN THE TOP 15. A SINGLE WEIGHTING SYSTEM WHICH ADJUSTS FOR STORE CHAIN SIZE IS APPLIED TO THE BREAKOUT REPORTS. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RETAIL INTEREST FOR BOTH NEW AND ESTABLISHED RECORDINGS.

COMMENTS:
It's interesting to have so many top-selling soundtracks at once. Most notably, Star Wars, The Sorcerer and New York, N.Y. The music on soundtracks has improved to the point where it stands on its own. On the other hand, many new rock, soul & jazz releases sound like what we used to expect from soundtracks - bland.

COMMENTS:

Columbus has been given the privilege to break that new hot band from Australia AC/DC. It seems that this is the only place in the entire world that has the potential to carry that out. It will be fortunate if they get no farther. There is enough garbage out now and we don't need anymore.

COMMENTS:

Sales were up 20% in June. It seems like a lot of excitement is being created in our market thru live performances. I would like to see more support from the labels in the form of in-store promotions coordinated with artist appearances. Let's get some artist support at the point of purchase and create even more sales and positive energy.

Walrus Inclusion Shtik... Thanks be to GRT Canada for turning us onto the Ian Thomas collection Lp's. Ian is just great!

The only drawback to his not being a huge success, as far as I can see, would be fear on the part of Neil Young America, Eagles, etc. etc. etc. "management gang" to surpass this gifted artist. His songs, and for the most part, their delivery are right there, and solid success, sales-wise.

Wake up you hit-seekers, get behind this guy and you'll get rich-er. Just leave some on the table for ol' Mother Earth.

Music is better than ever, with tons of pure art from Sweden, Finland, Poland, Australia, Canada, the Czech Republic and France. Thanks to Archie Patterson and John Salts.

COMMENTS:

Now that the price of Lp's are going up, the companies are cutting down on tickets to concerts and the promo Lp service has been quite erratic at times.

The only way to promote certain Lp's is by in-store play or by having store personnel "into" the music - don't forget the ones who do promote!

CONCERTIZING

WJUL/Lowell, Mass. - Rich Gingras
Artist(s): RAMSEY LEWIS
Place & Date: Boston City Hall Plaza - July 3
Ticket Price: Free concert put on by the city of Boston.
Attendance: About 4,000
Production Values: Good
Reviewer's Reaction: Reacting well to the beautiful weather and enthusiastic audience, Ramsey had everyone shakin' and tappin' to his unique style of funky jazz. Backed up by a strong, talented band, Ramsey performed tunes from his new album *Love Notes* as well as old favorites such as "Brazilica" and "Sun Goddess." Ramsey outdid his performance three weeks earlier at Paul's Mall. He never fails to please.

JIMMY'S MUSIC WORLD/New York, N. Y. - Jeff Teitelbaum
Artist(s): PINK FLOYD
Place & Date: Madison Square Garden
Ticket Price: \$10.00
Capacity: 20,000
Attendance: Full
Production Values: Good
Reviewer's Reaction: A group that must be seen to be fully appreciated!! Be prepared for the audio-visual show of a lifetime! They weave music into their films in a way that must be seen to be believed! They played cuts from *Animals*, *Wish You Were Here*, and *Dark Side of the Moon*. After two 15 minute standing ovations they played "Money" and "Us and Them" from *Dark Side*. . . the audience loved it!

PEACHES/Ft. Lauderdale, Fla. - Dave Flaherty
Artist(s): JUDAS PRIEST
Place & Date: Fox Theatre, Atlanta, Ga.
Type of Place: Auditorium
Attendance: Almost full
Production Values: Excellent
Reviewer's Reaction: Judas Priest have to be the most dynamic, aggressive, and talented hard rock band working today. While their performance was limited to only 25 minutes, this writer and many other people in the Fox Theatre were in awe. Whether it was the blistering guitar solos from Glenn Tipton & K. K. Downing, or the amazing vocal range of one Rob Halford, Judas Priest gave a brilliant performance of hard rock music and how it should be played. Other so called rock and roll bands or hard rock bands that have no talent and get undeserved radio exposure should listen to Judas Priest. Then these mediocre bands might learn something.

INNER SANGTUM/Austin, Texas - James Cooper
Artist(s): ALBERT LEE & THE 10-4THS;
 ASLEEP AT THE WHEEL
Place & Date: Armadillo World - July 4th
Type of Place: Old national guard armory
Ticket Price: \$5.00
Capacity: 1,500
Attendance: 1,000
Production Values: Excellent
Reviewer's Reaction: Great concert! Actually just a band put together for one show. A fantastic jam. Albert Lee, lead guitar & vocals (Emmylou Harris' Hot Band) - Guy Clark, rhythm & vocals - Floyd Domino, piano, Lucky Oceans, steel (Asleep At The Wheel) - Rodney Crowell, rhythm & vocals (Emmylou Harris' Hot Band) - Karen Brooks, rhythm & vocals (Lost Gonzo Band) - Mickey Rapheal, harmonica; Bea Spears, bass & vocals; Rex Ludwig, drums (Willie Nelson's Band). An incredible set of fantastic instrumental solos and beautiful vocal harmonies. Need I say more.

ACRN/Athens, Ohio - Larry Schuster
Artist(s): FRANK MARINO & MAHOGANY RUSH
Place & Date: Chippewa Lake Park - June 19
Type of Place: Once active amusement park
Ticket Price: Free, thanks to WKDD
Attendance: 20,000
Production Values: Good
Reviewer's Reaction: Production values could have been excellent but we've got to take off some points for the sound problems that delayed the start of the show. Frank Marino is Mahogany Rush and knows it. He also knows how to use his Hendrixized guitar in giving the crowd some great rock and roll in the form of "Talkin' 'Bout a Feeling," "A New Rock & Roll," "The Answer" and even "Johnny B. Goode." See 'em it's fun. Not Jimi but. . .

WIBA/Madison, Wisc. - Dave Benson
Artist(s): CHEAP TRICK
Place & Date: Stone Hearth - June 27
Type of Place: Big Bar
Ticket Price: \$3.00
Capacity: 1,000
Attendance: 1,001
Production Values: Fair
Reviewer's Reaction: Cheap Trick's return to Madison and The Hearth provided the band with an excellent opportunity to expose some of their new material to a loyal and loving audience. Whenever CT hits Madison it's a guaranteed "party."
 Continued above. . .

WIBA/Dave Benson - continued. . .
 The band sounded great, storming through most of the songs from their first album, pumping new life into arrangements of Dylan's "Please, Mrs. Henry" and Jeff Lyne's "Down on the Bay" and giving everyone a taste of songs from their second Epic Lp which is expected this fall. Cheap Trick has the talent, moxy and looks to blow you away - look for them when they come to your town.

STREET SIDE RECORDS/St. Louis, Mo. - Steve Ferzacca
Artist(s): BOZ SCAGGS; SOUTHSIDE JOHNNY
Place & Date: Mississippi River Festival - June 29
Type of Place: Festival site (tent, etc.)
Ticket Price: \$3.50 lawn seats - under the tent \$4.00, \$5.00, \$6.00

Attendance: 10,000
Production Values: Excellent
Reviewer's Reaction: Whether we like it or not rock and roll is not the devilish, body withering music once professed to be and if you don't believe it check out a Boz Scaggs show. Boz is probably the best example in the business of the type of concert that is becoming more and more the norm. The evening kicked off to a hot and humid beginning with the rockin' soul of Southside Johnny. This is one great group. Their mixture of rock and soul was a perfect lead in for Boz's show which to say the least was slick. Even though the Boz Scaggs act tends to be a bit like a Vegas atrocity Boz's spontaneity keeps you on your feet waiting to hear every tune no matter how many times you've heard them on the radio. The show included just about every tune on the *Silk Degrees* Lp mixed with songs from his not yet released Lp and older tunes for the old folks in the crowd. The concert was held at the Mississippi River Festival which is by far the best outdoor concert site in the country with fantastic sound and more than enough room to stretch out. Besides being a good look at what to expect from the future the evening with Southside Johnny and Boz Scaggs was a well spent one.

KZEL/Eugene, Ore. - Stan Garrett
Artist(s): PABLO CRUISE
Place & Date: Lane County Fairgrounds
Type of Place: Auditorium
Ticket Price: \$5.00 & \$6.00
Capacity: 1,700
Attendance: SRO!!
Production Values: Good
Reviewer's Reaction: Pablo Cruise is just about ready to break into bigness. They're very professional, don't mess around and are one of the most complete 4-piece bands you'll ever see/hear. The crowd was enthusiasm-plus.

KZOK-102-1/2/Seattle, Wash. - Mavis Mackoff
Artist(s): PETER FRAMPTON
Place & Date: Kingdome - June 27
Type of Place: Multi-purpose facility, holds around 60,000+ depending on event
Ticket Price: \$10.00
Capacity: 60,000+
Attendance: Approx. 40,000
Production Values: Good
Reviewer's Reaction: Kingdome drawbacks aside - Frampton did manage (with the help of about 40,000 people) to come alive. Let's face it, besides being just another somewhat energetic talented performer - the small fragile guy has got an attracting force - something called charisma I believe. . . that draws that kind of a crowd (the Geils Band and Foghat were merely additions) and has them screaming and flailing their arms to every gesture or whatever they could make out from their seats. The giant video screen was helpful - nice to get a closer look at that famous open shirted bare-chested Goldilocks - but aside from the thousands sitting along side - it could have been a Midnight Special. The 3 story sound system, however, rendered a remarkably undistorted sound as Pete belted out all the biggies - at least a dozen - but to answer that famous question - did I feel like you did? Not quite, Pete, not quite.

KCSN/Northridge, Calif. - Kevin Stern
Artist(s): PETER FRAMPTON
Place & Date: Anaheim, Calif. - July 6
Type of Place: Baseball stadium
Ticket Price: \$9.50 & \$10.50; day of event \$12.50
Capacity: 55,000
Attendance: According to promoters 55,000 - however, there were many open seats
Production Values: Fair
Reviewer's Reaction: Concert was very disappointing for a long time Peter Frampton fan. Frampton seems to have fallen into the "Top 40" syndrome. Throughout the concert Frampton seemed to be star struck and playing for the teeny boppers in the audience. Reaction to this concert by Frampton fans and this writer was very disappointing which caused a large section of the crowd to leave well before the concert was over.

CONCERTIZING

KSUN/Rohnert Park, Calif. - Mark Anderson
Artist(s): ROBIN WILLIAMSON & HIS MERRY BAND
Place & Date: Inn of the Beginning, Cotati - 6/26
Type of Place: Club
Ticket Price: \$3, 50
Capacity: 200 seated
Attendance: 150
Production Values: Good
Reviewer's Reaction: Robin & His Merry Band (Sylvia Woods, Christopher Caswell, and Jerry McMullan) made themselves quite at home in the inn's intimate setting, performing 2 warmly received sets of Celtic-flavored folk music. Musically speaking, the band is excellent, fitting together like a jigsaw puzzle with all the pieces intact. Both sets featured selections from Robin's latest album, Journeys' Edge, including the thoughtful "Mythic Times," and "The Tune I Hear So Well." Bits and pieces of the concert were aired over KSUN after the concert, along with excerpts from an interview with Robin from earlier in the day.

KUSP-FM/Santa Cruz, Calif. - Lance Meagret
Artist(s): THE PERSUASIONS
Place & Date: The Backroom, Santa Cruz - June 22
Type of Place: Club
Ticket Price: \$5, 00
Capacity: 300
Attendance: Full
Production Values: Good
Reviewer's Reaction: Despite the lack of their lead singer Jerry Lawson, The Persuasions tore up the Backroom and our live radio audience with their non-stop a cappella genius. A big thank to them for their outrageous KUSP I. D. which we now feature on the hour! If you're lucky... they'll come to your town.

KFMC/Lincoln, Nebr. - Michael F. Zagar
Artist(s): STALLION
Production Values: Good
Reviewer's Reaction: Summertime seems to be the right time to get out of the halls and into the parks, but typical after a week of sunbats the day of the concert looked pretty bleak. Despite a constant threat of rain a good crowd of kite-flying music hungry Lincolnites showed up to hear Stallion's music. After two local bands primed the already anxious crowd, Stallion roared on stage aided by an excellent sound system, Stallion played a mixture of their music, album cuts and some new tunes. The music was as good as the setting - located in a heavily wooded area, out of town. Stallion's strong showing enhanced their Lincoln following.

WBSD-FM/Burlington, Wis. - Jeff Weis
Artist(s): CHARLIE; DOOBIE BROTHERS
Place & Date: Milwaukee Arena - July 7
Ticket Price: \$5, 30; \$6, 50; \$7, 50
Capacity: 9000
Attendance: 7500
Production Values: Excellent
Reviewer's Reaction: Sharply opened with "Turning To You" and continued to play material from their latest Up No Second Chance. These 67y guys from Britain are something to watch for in the future. (It was a surprise to see drummer Steve Gadd wearing suspenders and shorts.) The Doobies' music couldn't have been better. Starting off with "China Grove" and lifting the audience to their feet. The lighting and special effects were superb. Sammy Haxter (he's right up there with the Pages and Clapton) proved that he was not another ordinary guitarist. His solos made 7, 500 people go insane and at one point the crowd was so loud, you couldn't even hear Skunk. The Doobies, doing a 10 minute version of "Without Love" had the crowd dancing in the aisles. The Doobie came back for two encores that made this concert one of the best Milwaukee will see this year.

WKND/Woodstock, Ill. - Rick Rollins
Artist(s): BOB SCAGGS
Place & Date: Alpine Valley, Wis. - July 1
Type of Place: Outdoor music theatre
Ticket Price: \$10, 00 reserved and \$7, 00 general admission.
Capacity: 5200 seated, 20, 400 total
Production Values: Good
Reviewer's Reaction: Bob Scaggs opened the summer concert series at the New Alpine Valley outdoor music theatre. Seating and sound were good whether you were under the roof or under the stars. Bob had good rapport with the audience; he must have felt right at home, back in Wisconsin, where he played with Steve Miller in the 60's. Bob, dressed totally in white, was impressive as he showed his versatility, from singing to playing the guitar and electric piano. Most of the show consisted of songs from Bill Doggett, opening with a great rendition of "Lowdown" and "What Can I Say." He also did a few numbers from a new album he has been working on. Bob and his 11 piece back up group moved smoothly from the mellow "Heavenly Lights" to some Chicago style blues "Runnin' Round, Runnin' Blue" to the rockin' "Lido Shuffle" which led to 2 encores. It was a great show and looks like a good summer of music at Alpine Valley.

KARMA/Indianapolis, Ind. - Dave Curtis
Artist(s): BRAND X
Place & Date: Bogarts in Cincinnati - July 3
Type of Place: Club
Ticket Price: \$5, 00
Capacity: 3-400
Attendance: Near capacity
Production Values: Fair
Reviewer's Reaction: A bad mix and a too short set hampered Brand X's first area appearance. Admittedly the band's rhythm section is its mainstay but John Goodsall and Robin Lumley on guitar and keyboards were barely audible. End result: lots of heat but not much light. Still, Brand X on record is a formidable fusion band. One hopes that with so much time, effort and money going into a tour, the sound and production should be of top priority. With some minor changes, Brand X could have been incredible. Maybe next time...

WDR/Kalamazoo, Mich. - Valerie Elliott
Artist(s): AMERICA; POCO
Place & Date: Wings Stadium
Ticket Price: \$7, 50
Capacity: 7500
Attendance: 5800
Production Values: Good
Reviewer's Reaction: POCO opened to a warm reception from a usually tough to break crowd. They played a long set ranging material from the early days to concentrating on Indian Summer. Their enthusiasm and appreciation for the audience was very refreshing. America, going without Dan Peek, put on a similar culmination of their material. However, the enthusiasm was totally absent. Their stage show was loose to the point of offending the audience. It was obvious they weren't having a good time and would have preferred being somewhere else. This is understandable but to convey that, is a dip in the professional attitude one would imagine a group like America to have. Hopefully, once America readjusts from the loss of Peek - they will get their live act together.

KJZZ/Corpus Christi, Tex. - Jay Stevens
Artist(s): CLARK TERRY; FRANK ROSOLINO; SOB & MANY OTHERS; 17TH ANNUAL TEXAS JAZZ FESTIVAL
Place & Date: Municipal Auditorium - July 3
Type of Place: Arena
Ticket Price: Free
Capacity: 5000
Attendance: 3500
Production Values: Good
Reviewer's Reaction: The people of Corpus Christi got treated to over 6 hours of free, almost uninterrupted jazz. Music spanned all phases of the idiom from Dixieland - to jazz-rock. Three stages and C-101 air personalities Jay Stevens, Gary Fried, and Charlie Palmo kept things moving right along. Highlights included Sob, a Latin jazz-rock group from Houston led by Joe Gallardo, ace trombonist Frank Rosolino (the man responsible for the great trombone solo on Quincy Jones' "Bluesette"), and Clark Terry who brought the house down with a wild version of "Mumblers" to close out the show. Jazz is alive and well in South Texas!

WSM/Chattanooga, Tenn. - Don Mathisen
Artist(s): DARYL HALL & JOHN OATES; GENE COTTON
Place & Date: Memorial Auditorium, Chattanooga, Tenn. - June 28
Ticket Price: \$6, 00 advance; \$7, 00 day of show
Capacity: 5000
Attendance: 3/4 of capacity
Production Values: Excellent
Reviewer's Reaction: The music and showmanship of Daryl Hall & John Oates was superb. They captured Chattanooga with their energy and urban blue-eyed soul style. After the concert I taped responses for broadcast on WSM. "It was great! I loved it. Good. I thought it was outstanding. Fantastic... the cops were strict, but I liked Hall & Oates. I liked the drummer man... he was puttin' out. It was fine. But The Little River Band wasn't there." Originally, the bill was the Little River Band and Hall & Oates. L. R. B. cancelled the day before the show citing problems with equipment transportation. Gene Cotton, a singer songwriter from Nashville opened. His band was in California so he went out as a solo. His material was homey. Talking and singing about his two children and the problems of a six year old. Everyone enjoyed the evening of music.

CONCERTIZING

WRAS/Atlanta, Ga. - J. Carl Jackson
Artist(s): R. E. O. SPEEDWAGON; STARZ; JUDAS PRIEST
Place & Date: Fox Theater - Atlanta - July 3
Type of Place: Old movie theater - now concert hall
Capacity: 3600
Attendance: 3000
Production Values: Good
Reviewer's Reaction: R. E. O. Speedwagon demonstrated their appeal by driving the audience to their feet more than once. The crowd reaction to them was excellent. They are a professional and dynamic hard rockin' group. It's unfortunate that the other two opening acts were incredibly overloud.

WAAL-FM/Binghamton, N. Y. - Steve Becker
Artist(s): PEZBAND; FLEETWOOD MAC
Place & Date: Broome County Arena - June 27
Ticket Price: Reserved seating \$8.00 & \$9.00
Capacity: 6200 (scaled down from 7000 with no back of stage seating)
Attendance: Sold out
Production Values: Excellent
Reviewer's Reaction: The Pezband warmed up the audience receiving mild reaction from a hard core "Mac" following. Though a bit loud, the Pezband gave a polished and energized performance. However, this was far from their night to "steal" the show. In fact, I seriously doubt if anybody on this night could have topped Fleetwood Mac. From the opening "Say You Love Me," Fleetwood Mac routinely showed why they're the hottest act. Chris McVie's vocals shined on this number, as well as the other hits. She seems to be the playmaker of the group, keeping everyone in line. John McVie's bass was steady throughout the concert and Mick Fleetwood's drumming (the best I've heard from him) kept the songs lively and hot. Of course, the concert centered around the most recent additions to the group, Buckingham/Nicks. Lindsey is a terror on guitar, bringing the crowd to their feet on his solo in "I'm So Afraid" and belting out in fine voice on "Monday Morning," "Second Hand News" and excelling on Peter Green's "Oh Well." But the highlight of the evening was Stevie. Though the voice quivered and broke a couple of times, she stole the audience's heart (and mine). Her stage presence is captivating. By far the best concert in Binghamton for this year. (Sorry Bruce.)

WRNW/Westchester-NYC - Megless Griffin
Artist(s): PATTI SMITH GROUP
Place & Date: My Father's Place, Roslyn, Long Island, N. Y.
Type of Place: Club
Ticket Price: \$5.00
Capacity: 400?
Attendance: Sold out
Production Values: Fair
Reviewer's Reaction: Despite a consistent buzz and unnerving feedback, the Patti Smith Group did it well. As usual, tributes to the other rock 'n' roll crusaders were made by performances of their songs. Beatles, Stones, Lou Reed, The Who. Here is a group I ask you to consider... for depending on whether or not you do, they could, as Patti said... "end up at Madison Square.. or the Poconos..."! Radio Ethiopia.

WWUH/West Hartford, Conn. - Stu Lovejoy
Artist(s): JOHN KLEMMER; HERBIE HANCOCK V. S. O. P.
Place & Date: The Music Inn, Lenox, Mass. - 7/4
Type of Place: Outdoor amphitheatre type
Ticket Price: \$8.50 person
Capacity: 3000-2500
Attendance: 1500 approx.
Production Values: Good
Reviewer's Reaction: The Quintet of Hancock, Tony Williams, Wayne Shorter, Ron Carter, and Freddie Hubbard are a legend. Together they played some of the purest tightest, jazz I've ever heard. Herbie Hancock used only an acoustic piano. Nothing electric. John Klemmer and band played very strong, but slightly sloppy. "Touch" went over real nice with the crowd, on this nice sunny day in the Berkshires. All in all, a musically fulfilled day.

WAAF/Worcester, Mass. - Ilvse Gottlieb
Artist(s): ORLEANS; POUSETTE-DART BAND; NILS LOFGREN; DUKE & THE DRIVERS; BOOKER T. & M. G. 'S; RCO ALLSTARS (Levon Helm, Paul Butterfield, Dr. John, Saturday Nite Live Horns)
Type of Place: Outdoor Fairgrounds
Ticket Price: \$8.00 in advance, \$12.00 day of show
Capacity: 20,000
Attendance: 20,000
Production Values: Good - excellent
Reviewer's Reaction: Supersession 77 was absolutely fantastic! In addition to very fine music and an incredibly well-behaved crowd, the weather couldn't have been beat! The day was special for several reasons: After this performance, John Hall left Orleans, and it was a reunion show for Duke & The Drivers and Booker T. (featuring Steve Cropper.) Two local based bands (Zonkeraz and The

WAAF/Ilvse Gottlieb Continued...
 Franconia Notch Band) also played, and received a very favorable response. The whole day (9 a.m. - 6 p.m.) featured superb performances by all the musicians participating... and who would have expected it before NOON? Part of the success of the show was due to the particular bands and the area of the show... New England music, all the way. We hope to do more of these shows, and if they're all as great as Supersession 77, we're in store for a great summer! Produced in association with WAAF.

WPDH-FM/Poughkeepsie, N. Y. - Ron Nenni
Artist(s): THE KINKS; NILS LOFGREN; PIERCE ARROW
Place & Date: Mid-Hudson Civic Center - July 1
Type of Place: Auditorium
Ticket Price: \$6.50; \$7.50
Capacity: 3000
Attendance: 2000
Production Values: Good
Reviewer's Reaction: Pierce Arrow is a group with a future. They have a relaxed, yet exciting stage presence. Experienced and confident musicians played a tight set featuring their debut album. Nils Lofgren, as everyone expected came to dance and played a helluva guitar. He has a very, very strong drummer but too bad the rest of the band wasn't really up to par. From "Keith Don't Go" to "I Came To Dance," Nils Lofgren is must see live. And of course, The Kinks got everybody going. Their set of old hits was, without a doubt, the high point of the show. Ray Davies was at his best!!!

WRPI/Troy, N. Y. - Bob Jones
Artist(s): HERBIE MANN; WOODY HERMAN; THAD JONES/MEL LEWIS; GEORGE SHEARING TRIO; SARAH VAUGHN; DIZZY GILLESPIE; COUNT BASIE; ELLA FITZGERALD
Place & Date: State Park, outdoors, Newport, R. I. July, 1, 2, 3
Ticket Price: \$10.00, \$12.00 per night
Production Values: Good
Reviewer's Reaction: Beautiful weather, near-perfect acoustics, and ocean front surroundings were part of the setting for some of the best jazz since the old Newport Jazz Festival days. Every performance over the 3 day festival was memorable and enjoyable, containing everything from standards to "The Wiz." Notably, Woody Herman and his Thundering Herd blew that great big band sound even though Woody was immobile due to an automobile accident. Sarah Vaughn delighted the crowd, and the First Lady of Swing, Ella, serenaded us with that lovely pure voice. The Basie Band, with economic and astute playing, demonstrated a lot of class. However, George Shearing stole my musical heart. His "orchestral" style was exciting and captivating, and yet it was a very emotional performance in his references to the old Newport Jazz Festival and the late great Errol Garner. Garner's presence was felt throughout the performance. Special thanks must go to Phoenix Productions and especially to Phyllis Adessi for not only returning jazz to Newport, but returning it with style.

WCUR/West Chester, Pa. - Rick Bohn
Artist(s): BOZ SCAAGS; SOUTHSIDE JOHNNY & THE ASBURY JUKES
Place & Date: Spectrum, Philadelphia - July 8
Type of Place: Sports arena
Ticket Price: \$5.50; \$6.50; \$7.50
Capacity: 17,000
Attendance: Sold out
Production Values: Sound - fair; Lights - excellent
Reviewer's Reaction: This was a well put together concert, featuring the best of both sides of each coast's "soul-rock" artists. From North Jersey, representing the East was Southside Johnny & The Jukes. After some initial sound problems, they got the crowd on their feet with their brassy (five horns) style. Featuring songs mostly from their two releases they earned a well-deserved encore and finished with the Sam Cooke classic, "Having a Party." Making his first stop on his summer tour, Boz Scaggs opened with "Lowdown" and he preceded to mix tunes from Silk Degrees with some of his older more guitar-oriented rockers like "Full Lock Power Slide" and "Dyna-Flo." Boz played more guitar this time around and I felt his band was much more versatile than the one he toured with last time, especially getting a great job out of his 19 year old lead guitarist. Boz also did preview a couple new songs from a soon to be released LP which sounded quite good. The lighting effects were excellent but even Boz acknowledged that at times the cavern, called the Spectrum, made it hard to get perfect sound.

WPRB-FM/Princeton, N. J. - George Korval
Artist(s): ORNETTE COLEMAN
Place & Date: Avery Fisher Hall, N. Y. C. - June 30
Type of Place: Concert hall
Ticket Price: \$8.50; \$7.50; \$6.50
Capacity: 2800
Attendance: 2900
Production Values: Good
Reviewer's Reaction: Ornette Coleman's first N. Y. C. appearance in a year - and first concert in over 4 years - was the highlight of the Newport- New York Jazz Festival. In the first half Ornette was reunited with his sidemen from the '60's, including Billy Higgins, Ed Blackwell, Don Cherry, Dewey Redman et al.; but rather than simply recreating the past (a la VSOP), Ornette wrote five new compositions for the occasion which showed why he continues to be an innovator. In part two Ornette introduced his new band, Prime Time, featuring his son on drums in addition to the personnel on his new Horizon LP. It's electric but thankfully it's not funk: Ornette maintains his musical standards and has more room to solo. This music promises to be quite influential, so let's hope the tape of the concert is released as a 2 LP set soon.

RATHER RIPPED/Tim Gray - continued...
 they play various psycho-classics such as "Pushing Too Hard," "Little Red Book" and The Kinks' "I Need You" they also have some originals including "I Want Her So Bad" and "Rock & Roll Is Dead." It's refreshing to see this music make a return to popularity since this is the 10th anniversary of the "Summer of Love". The band's stage control was strikingly professional as they went through some psychedelic classics leading up to a well put together medley of "In-a-Gadda-Da-Vida" mixed into "Interstellar Overdrive" and back to "Da-Vida." Crowd response was somewhat subdued at first but then developed well to dancing and several encores were demanded.

KALX-FM/Berkeley, Calif. - Tito Devine
Artist(s): COUNTRY PORN
Place & Date: The Boarding House - July 8
Attendance: 350
Reviewer's Reaction: Ever have the feeling that you've seen it all before? Such was the case with Chinga Chavin and his Country Porn Revue. It's not that Chavin's approach is not interesting but merely that what Country Porn presents is neither as fulfilling nor as well executed as an act like the Tubes or National Lampoon. Even Chinga's "Grand Ol' Ovary Show" is no match for the "Tubes World Tour." The two-act performance quickly loses its excitement as it becomes increasingly predictable so that by the end of the show, tunes like "Jailbait" and "Pin-Up Boy" make the band seem almost like a parody of itself. This is not to say that the band is a waste; just that they are in need of some effective re-working of some of their material. After all, how interesting is a toilet seat guitar once you have seen Fee Waybill's "Q" and Ian Hunter's iron cross axe? While certainly not dried up, Country Porn seems to be getting, dare I say, crusty.

KTYD-AM/FM/Santa Barbara, Calif. - Laurie Cobb
Artist(s): CAROLE BAYER SAGER
Place & Date: Roxy, Los Angeles
Type of Place: Showcase
Ticket Price: Promotion
Capacity: 300
Attendance: Full
Production Values: Excellent
Reviewer's Reaction: After continuous audience reaction to airplay on this lady's album, I had to experience her in person. Carole's sincerity poured over the audience in a wave of comfort and delight... she paced herself to please even the tuffest expectations from this star filled crowd in Hollywood. The highlight of the evening was surely the encore when Melissa Manchester joined Carole to sing one of the many songs they wrote together, "Home To Myself." This showcase revealed a subtle glow that's soon to blossom into a bright new career for Carole Bayer Sager!! How lucky we are. (I am also pleased to see a record company believe in their artist... smiles to Elektra!).

KEZY-FM/Anaheim, Calif. - Ron Burnstein/M. D.
Artist(s): LEON REDBONE
Place & Date: Golden Bear - May 25
Ticket Price: \$5.00
Capacity: 500
Attendance: Sold out
Production Values: Excellent +
Reviewer's Reaction: To say it was just another great concert is not enough. Leon (The Eccentric Gentlemen) Redbone controls the crowd with his own style of cool that only he can achieve. It was definitely a Leon crowd, with all of its members participating in the hilarity of Mr. Redbone's "yells" which contain the best combination of grunts, chirps, and other throat sounds that could only mean that Leon Redbone is in charge. It's about time more and more people are appreciating the quality and craftsmanship of a true performer, even though Leon is a quiet, almost shy fellow who talks to nobody (except maybe himself.) Considering the type of music he sings, which all were written early this century, Leon certainly couldn't be charged with plagiarism, since I sure can't think of any performer, past or present, who sings and performs with the type of class as Leon Redbone.

RATHER RIPPED/Berkeley, Calif. - Tim Gray
Artist(s): PSYCHOTIC PINEAPPLE
Place & Date: La Salamandra
Type of Place: Small club
Ticket Price: 99¢
Capacity: 100
Attendance: 100
Production Values: Good
Reviewer's Reaction: This newly activated band has come on as one of the hottest rock sensations to hit Berkeley in recent years. Their format touches on all levels of psychedelic rock rooted from the middle and late 60's. While

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

SPECIAL MENTION ALBUMS

(These records which, in our opinion, deserve special mention because they come closest to perfecting their musical genre regardless of progressive radio application.)

(None.)

STRONGLY MERITORIOUS

(We feel that these Lp's have an extra edge.)

(None.)

MERIT PLUS ALBUMS

(All Merit and Merit Plus Albums are recommended for serious progressive radio consideration, recognizing that not all of these recommendations are suitable for all stations. The Merit Plus Albums distinguish themselves with an extra vitality.)

The Clifton Chenier Band/CAJUN SWAMP MUSIC LIVE/Tomato TOM 2-7002 (Lawrence Welk would have apoplexy if he heard Clifton's accordion. Recorded at Montreux, the Lp has too much music to be absorbed, it should not have been a 2 record set. Single out the blues tracks and the rockers. Chenier adds some musical spice to life.)

The Dingoes/FIVE TIMES THE SUN/A&M SP 4636 (As that scraggly lead voice edges its way through Dingo melodies, they take on increasing value. Those tunes are real catchy in a very basic way. The rockers which open each side are camouflage.)

Roderick Falconer/VICTORY IN ROCK CITY/United Artists UA LA 777C (Falconer dropped the phony, sterilized approach moving his music back to the rudiments. His quality writing, even in his first Lp, did not and does not require the charade. This time form and content are matched. The lyrics should have been included.)

Carole King/SIMPLE THINGS/Capitol SMAS-11667 (There are no surprises here. Carole's Lp is essentially what it claims to be: a fairly down to earth representation of good songs. Simple Things doesn't ever get untracked from its goal.)

Lonnie Liston Smith/LIVE/RCA APL 1-2433 (Passable sound quality fades into the background as the energetic, joyful music of Lonnie Liston Smith surges forward. Forceful and musical, his live album captures the wholeness and unity which should be embodied in his studio Lps. Favored.)

Styx/THE GRAND ILLUSION/A&M SP-4637 (Producing a rather refined brand of power rock puts Styx in an enviable position. They deserve respect on a musical level while they get to push air with the best of them. Finally, their tunes deserve the effort.)

War/PLATINUM JAZZ/Blue Note BN-LA 690-J2 (As far as we can tell the first six tunes on this two record set are new while the rest are releases of old material. In any case, the music of War flows organically with fired rhythm and ear appealing melodies. Superior talents.)

MERIT ALBUMS

Average White Band & Ben E. King/BENNY AND US/Atlantic SD 19105 (A comfortable R&B album results from this creative union. Ben E. King becomes the dominant force as AWB supports him, so it is really his Lp. Well chosen material insures track-to-track quality.)

Blue/ANOTHER NIGHT TIME FLIGHT/MCA PIG-2290 (Mild rocking, smooth harmonies and nice songs should result in waving banners. Yet, Blue never quite gets there. Their Lp is solid on all levels but, it doesn't boil over the top. Indelible personality is the missing element.)

Tom Brash/KICKED BACK/ABC-Dot DO-2084 (Placed in a lightly rocking context, Tom finds his way into contemporary music. He can't really be called a country artist, since there isn't a pedal steel to be found on this Lp. Nice tunes and an easy going style satisfy.)

Burning Spear/DRY & HEAVY/Mango MLPG 941 (Though these melodies are good, the uniformity of the reggae rhythm requires more inspired tunes. Burning Spear is a legitimate voice of the struggle but, less effective in the larger world than a Marley has a chance to be.)

Buzz Cason/BUZZ/DJM DJLPA-3 (Professional, bland music leaves you with a mixture of feelings. While few mistakes are made the music feels anonymous. Your thirst isn't quenched. Another studio musician and another competent Lp.)

Richie Cole-Eric Kloss/BATTLE OF THE SAXES VOL. II/Muse MR 5082 (The battle setting is good for both of these players. It forces them to add attack to their music. Further, the competition seems to generate creativity as one really tries to out do the other. Look forward to volume II.)

Billy "Crash" Craddock/LIVE!/ABC Dot DO-2082 (Billy is a rockabilly soul. This live Lp captures his loose, raucous essence and the fun that it must be to see Crash work.)

MERIT ALBUMS CONTINUED

Driver/NO ACCIDENT/A&M SP 4645 (Driver delivers what its name implies, a powerful brand of rock and roll. They bring nothing new to the genre but, they do master it. No disappointments.)

Elvin Jones/TIME CAPSULE/Vanguard VSD 79389 (You expect drummer albums to be punchy but, you don't expect them to be musical too. Elvin has conjured a neat combination of the two. His very contemporary sound respects the avant garde without bogging the mind.)

The Bernie Leadon-Michael Georgiadis Band/NATURAL PROGRESSIONS/Eletra TE-1107 (Soft harmonizing and introspective songs seem like a natural marriage. This understated Glyn Johns production does not bowl you over but, it never lets you down either. Easy.)

Dave Matthews' Big Band/NIGHT FLIGHT/Muse MR 5098 (Matthews' smartly updates the big band by emphasizing the rhythm section and the soloists. A lesser use of ensemble playing in the horn section then results in a big band which sounds more like an enhanced combo. And they cook too.)

Christopher Morris Band/MCA 2282 (Christopher Morris' singing is a series of good intentions which he is not really able to carry off. His voice should be harmonized or doubled. All kinds of production jive manages to keep the band's music afloat but, that too runs the risk of wearing thin. Passable.)

Ann Peebles/IF THIS IS HEAVEN/HI HLP 6002 (The Ann Peebles - Willie Mitchell connection is marvelous. Always good songs and a solid production to bolster them. This Lp tends to be somewhat heavier handed on the strings than was necessary.)

Smokey Robinson/SOUNDTRACK - BIG TIME/Tamla T6-3551 (Smokey is always a delight. He engenders a warm feeling in his audience which is a rare occurrence. His music for this film comes in too degrees, hot or silky. The hot sauce spins through side one while the silky dominates two. The Big Time theme is notable.)

The Stranglers/IV RATTUS NOCTURNUS/A&M SP-4648 (Previously reviewed as an import. From their chosen name you know that they are toughs. Think of them as a culturally deprived Roxy Music. Their songs are good enough and they manage to sustain the attitude throughout. Merit.)

Townes Van Zandt/LIVE AT OLD QUARTER/Tomato TOM 2-7001 (The real Van Zandt talent is in his ability to weave a lyric. His singing and his melody writing are merely acceptable. Hence, his talking blues tends to be the form which uses his talents best. But you can't do that all of the time. Van Zandt requires your attention to be appreciated.)

The Tim Weisberg Band/TWB/United Artists UA LA 773-G (We have been arguing for years that Tim had to justify his flute sound to balance it properly with his rocking back up. Johnny Sandlin's clever production did just the opposite with the same or better effect. He lightened the back-up, opening up the rhythm to leave musical lanes available to the smooth Weisberg flute sound. A mellow step in the right direction. "Cascade" and "Mercy, Mercy, Mercy" stand out.)

Robbie & Linda Williams/SHENANDOAN MOUNTAIN/Symposium SYS 2007 (A folkie's delight. The Williams', who don't give in to electrification, are content to entertain in a lumpy acoustic style. Fine tunes, chosen and original, keep the album moving easily.)

O. V. Wright/INTO SOMETHING.../RE HLP 6001 (Supported by the tasty, understated Willie Mitchell style O.V. Wright does all right. Good songs help to make it seem easy - listen to the book in "Trying To Live My Life.")

Yes/GOING FOR THE ONE/Atlantic SD 19106 (The return of Rick Wakeman should put new enthusiasm into Yes fans. If the record doesn't take it out again. All of the busy sound they generate is compressed into the high midrange. Anderson's vocals are buried and the bottom end is deflated. Wakeman fills in every possible whole in the music giving it no chance to breath. Just the lack of dynamic range reduces the album to a superficial haze. It could have been so much better had it been mixed differently.)

SATISFACTORY ALBUMS

(Albums of acceptable quality, which, of themselves, require only secondary progressive radio consideration.)

Hall & Danielson/GENTLEMEN OF LEISURE/Flight FR 5001 (A warm natural setting is always appealing but, there is no way around the undeveloped writing of Hall & Danielson. The bulk of their songs are like immature first efforts which normally would never make it past a home tape recorder. A minority of two tunes are of recording quality and they are the Lp's first two tracks. They provide hope.)

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

UNDISTINGUISHED ALBUMS

(In our opinion, below standard Lps except where noted.)

Cain/STINGER/ASI 214 (Back in 1968 we heard lots of stuff like this. Most every element is weak. The writing especially and recording quality vie for weakest links. From the opening muddiness trouble is in the wind. Glimmers of hope come from "Gimme Some Lovin'" and "All I Need Is You.")

FRINGE ALBUMS

(Good albums which are not progressive, yet hold some interest for progressive audiences.)

Allspice/At-Home AH-401 (Classy. Beautifully mounted and presented, this Allspice Lp retains presence in spite of its bigness. Silky voices transmit a fine pop R&B message ala Wayne Henderson. He insures that there is an undercurrent of rhythm intensity always present.)

Babyface/ASI 213 (Faulty on a conceptual level. Half of the Lp is saccharine MOR music while the other half rocks. There is little relation between these two facets of Babyface. Therein lies the communications problem they make for themselves. Who are they?)

Bay City Rollers/IT'S A GAME/Arista AL 7004 (An appropriate title implies the reality of this production. The all out pop approach and the tactical advantages of the studio make B.C.R. sound good.)

Steve Caution/SINGS TOO!/Bareback BB 3334 (Though Steve Caution does not embarrass himself, this record represents the schlockier side of the music business. His voice, embellished with many overdubs, sings the provided tunes accurately and the production has only touches of childishness. It's competent. Still, this 16 year old super jockey ought to be left to the oval.)

Lesley Duncan/MAYBE IT'S LOST/MCA 2274 (An excellent pop singer when she has written good material, Lesley has always been close to real acceptability. The production context in which she operates is always a little too saccharine, too billowy. Folk-MOR.)

Honeytree/IN CONCERT/Myrrh MSB-6584 (Honeytree is a female John Denver who is infected with Christianity. Her music is light folksy stuff with a touch of country and it is not at all bad. Some proselytizing is unavoidable.)

Willis Jackson/IN THE ALLEY/Muse MR 5100 (In the annals of funky jazz Willis Jackson is a notable. As the liner notes rightly suggest, Willis is a rhythm and blues player, emphasize the blues, in a jazz context. Check into the title track, it could be played anytime.)

L. T. D./SOMETHING TO LOVE/A&M SP 4646 (You won't be transfixed by the songs which L. T. D. sings. Still, their music is enjoyable moving between a fairly smooth pop feel and funky rhythm feel. Deliberate and finished.)

Peter McCann/20th Century T-544 (The singer/songwriter, MOR formula-crossover city. A tenor, some decent songs, standard charts played with automation perfection and sweeteners added later are the elements of the formula. Here it is carried out flawlessly.)

Dorothy Moore/Malaco 6353 (Her album is too stultic but its underpinning is basic rhythm and blues. Tunes like "Love Me," "Make It Soon," "Old Time's Sake" and "Too Blind To See" start from the most basic launching pad before they reach overdone.)

Sonny Phillips/MY BLACK FLOWER/Muse MR 5118 (Funky or cool Sonny rarely establishes himself as the leader. Not that he can't, the title tune proves he is quite capable, but he doesn't go strongly to the front. The Lp is OK, though no discernable Phillips personality emerges.)

Hargus "Pig" Robbins/COUNTRY INSTRUMENTALIST OF THE YEAR/Elektra (Pig Robbins has been in the studio for so long that he has forgotten how to lead a band. Though well made you are always waiting for the vocalist to come in. It never happens.)

Ronnie Sessions/MCA 2285 (Unrefined, raucous rockabilly music spews from Ronnie Sessions. His exuberance and his ability to incorporate seemingly alien instruments, like the moog, endear him in spite of the production sloppiness.)

Stuff/MORE STUFF/Warner Bros. BS 3061 (More Stuff means more tracks. It is amazing that these fine studio players are incapable of stepping out. The same was true of Area Code 615 and is true for The Section. Glen Campbell may have been the last studio player to establish himself. Try "More Of Mine" and "Need Somebody.")

Clark Terry/THE GLOBETROTTER/Vanguard VSD 79393 (Living in the past. Clark's aggregate strides coolly into the setting sun. Their presentation is smooth and graceful however, exemplary of another age.)

Joe Venuti/IN MILAN/Vanguard VSD 79396 (Venuti's violin swings pretty good as his Italian accompanists do too. He doesn't develop the melancholy tone which is so attractive in Stephane Grappelli's playing.)

SPECIAL PROGRAMMING

(Spoken, poetry - comedy and extraneous musics.)

Barry Altschul/YOU CAN'T NAME YOUR OWN TUNE/Muse MR 5124 (Mostly spaced, sometimes strikingly intense [the title tune] and sometimes mocking ["Natal Chart" and "King Korn"]. Barry has gathered around him several of the acknowledged leaders in avant jazz for what sounds like a foray into our musical nerve ends.)

Maurice Andrieu/JOYRIDE II/RCA FRL 1-3504 (Andrieu, a trumpeter fuses baroque music and a finished jazz rhythm to come up with a sound on the classical side of Brubeck. It is typically French in concept especially if you think of The Swingle Singers.)

The Credibility Gap/THE BRONZE AGE OF RADIO/Waterhouse 1 (If this album merely gave us "Who's On First" it would be worth the time it takes to listen to the rest of the Lp. The balance is more an exercise in clever ideas than a barrel of laughs.)

Marcello Melis & Friends/THE NEW VILLAGE ON THE LEFT/Black Saint BSR 0012 (An interesting Lp. It juxtaposes jazz with an avant slant and primitive vocal harmonizing. The instrumental is spaced while the vocal sounds like a more guttural Irish folk music harmony. Strange, exotic stuff.)

Tete Montoliu/MUSIC FOR PERLA/Inner City IC 2021 (Montoliu's piano improvisations on side two are more expressions of a technical ability than of musical inspiration. Side one are piano pieces based on tin pan alley tunes which are treated more musically than technically. Worth a listen especially for the Jarrett-Corea fans. Write: 43 W. 61st St., New York, N. Y. 10023.)

Various Artists/A TRIBUTE TO LEADBELLY/Tomato TOM 2-7003 (This is a loving tribute to an immensely important figure in our musical past. Gathered for the honors are Arlo, Pete Seeger and Sonny and Brownie. The music is good and loose as it give us a peek at our roots.)

Various Artists/OLD AND NEW DREAMS/Black Saint BSR 0013 (Don Cherry, Dewey Redman, Charlie Haden and Eddie Blackwell are the various artists joined in this excursion. All musical descendants of Ornette Coleman, they move around the outside of the melody without ever straying off course. Haden's "Chairman Mao" is the most accessible melody. Available through New Music Dist. Service, 6 W. 95th St., NYC 10025.)

IMPORTS

(Our imports are provided with the help of Intergalactic Trading Co., Portland, Ore.; Jem Records, P. O. Box 362, South Plainfield, N. J. 07080 - (201) 753-6100.)

The Clash/CBS 82000 (Audacious and deliberately brat-tish, The Clash seems to have left themselves nothing to rail against in a second Lp. A sample of their titles conveys the message "I'm So Bored With the U. S. A.," "White Riot," "Hate & War" - that's on side one. In spite of the alienation its "Janie Jones" which has the superior melody. Merit.)

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

IMPORTS CONTINUED

Omega/ON TOUR/Bellaphon BBS 2527 (These journeymen rockers don't give away their Germanness through their music. They also fail to give you the chills with their songs. Adequacy is the watch word. Merit.)

Alan Stivell/BEFORE LANDING/Fontana 9286 999 BD (A Brittany ethnic, Alan Stivell attempts through his music to educate us about his country. Sung in Celtic tongue, you'll have to read the translation to keep up. He weaves contemporary folk tales about the past and the present. The language makes it a little esoteric. Special Programming.)

Michal Urbaniak's Fusion/SMILES AHEAD/MPS 68-165 (If there is a flaw in Urbaniak's formulation it is that his band only displays purposefulness when he is out front. The other players, including Urszula, are rarely able to transcend their technique, whereas Michal's solos sing. Merit.)

Various Artists/THE ROXY LONDON W.C. 2/EMI SHSP 4069 (This Lp is the London equivalent to the CBGB's album. The Lp tastes groups called Slaughter & The Dogs, The Unwanted, Wire, The Adverts, Buzzcocks, X-Ray Spex, Eater, and Johnny Moped. All of the music is raw street music made to be raw and tough to take and much of it is. Merit.)

The Vibrators/PURE MANIA/Epic EPC 82097 (New Wave opponents dismiss it as all bad just as its proponents tend to be less discerning than they should be. Inevitably it comes down to the tunes, it always does. Out of 15 songs The Vibrators need only "Baby Baby" to justify themselves. There are several more good tracks, though nothing else of that caliber. Merit.)

IMPORTS CONTINUED

Larry Coryell-Philip Catherine/TWIN-HOUSE/Atlantic ATL 50342 (Why is it that so much of the music which is recorded for art's sake is recorded in Europe? Here is a case in point. These lovely guitar duos, between two enormous talents, needed to be done in spite of any commercial consideration. At times they attain the spiritual level of the better piano improvisation Lps by Jarrett and Coryell. Special Programming.)

CONCEPTS

GONE ARE THE POLITICS OF THE 60'S

We have been watching the progress of the Gregg Allman Lp in the Radio Emphasis chart since its release. If any album might be able to measure the changing political winds as they have blown through album radio in the last few years, we felt that this Lp could.

Gregg's legal entanglements and marital involvements are little understood by the outside world but, in both cases they operate to the negative as regards his musical career. Especially, the drug business which had the potential to strip him of any and all hip media support forever. But, not today.

As of the last issue of Walrus, Gregg's album was still moving up the Emphasis chart in a gradual ascent. He had advanced 100 percentage points in four weeks to the eighth national airplay position. Of course, he was substantially (about 25%) stronger in the South than anywhere else but, had that region not been used in the calculation he would have dropped only a few positions.

The significance of these observations is the apparent absence of political revenge on a radio level. This may be the final evidence that the consciousness of the sixties no longer exists for it is hard to imagine this particular Gregg Allman album getting any greater airplay emphasis than it is currently.

Rock and roll is here to stay as the politics just fade away.
