Beeline® Radio really covers the field

All four Beeline stations have broadcast the 49ers' home and away games to the California Inland Valleys and Western Nevada for 12 consecutive years. And the Giants' home and away games for 11 years. Other sports features carried by one or more of the Beeline stations include the World Series, the Indianapolis 500, the Rose Bowl, the Cotton Bowl, the Sugar Bowl, and the East-West All Star games. It is the same way with news coverage . . . Beeline stations have always emphasized news. It is no wonder that listeners who want sports and/or news in the California Inland Valleys and Western Nevada depend on Beeline Radio. This same top quality programming will keep your message before the 2.9 million consumers in this \$8.2 billion market.

STOP SWEAR POLLUTION

WGN Trafficopter Reports help keep Chicago's air clean. By spotting jam-ups before people get in them up to their bumpers. By suggesting alternate routes. By giving everyone on wheels an up-to-the-minute picture of the traffic situation—all during the morning and evening rush hours.

The WGN Trafficopter Reports help keep Chicagoans cool under the collar. One more reason why WGN is Chicago.

WHAT'S IN ^{NEW} A NAME?

New emphasis on the modern, mobile, aware sound of 1970 radio.

Old prestige and quality of Virginia's second oldest station — CBS in Roanoke.

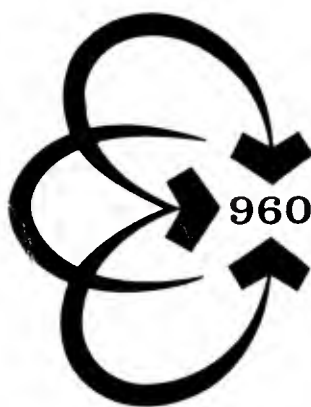

New studio facilities in one of Roanoke's most modern shopping areas.

Old power and technical "know how" — STILL on 960 full time with 5,000 watts and the sound of quality.

New staff expansion to facilitate specialized in-depth coverage of community concerns.

WDBJ (AM) has changed its name under new ownership to . . .

Radio-TV Station Employment

In this table, groupings of full-time staffs of radio and television stations have been made. Percentages of the total reporting stations employing a given number of people are shown. For example, 2.9% of all reporting television stations and 12.7% of all reporting AM radio stations employ full-time staffs of from one to five persons.

Figures in parentheses are cumulative to a given point on the chart. For example 7.5% of reporting television stations and 52.4% of reporting AM radio stations employ full-time staffs of 10 or less persons. Figures are derived from totals of 2,583 AM stations, 313 FM stations and 410 television stations.
