Directory of Radio Stations in the United States and Canada

Key to the listings

Listed in this directory are all AM (amplitude modulation) and FM (frequency modulation) radio stations in the U.S., its territories and Canada. Information received as late as Dec. 1, 1976, has been included in the listings. The following is a sample listing with explanation of information keyed to the boldface numbers.

WOF—(1) Oct 8, 1946; (2) 1000 khz; 1 kw-D, 250 w-N, DA-D. (L-KQSL) (CP: 5 kw-U). (3) Box 100 (99999). (909) 555-1000. TWX 909-999-9999. (4) General Broadcasting Corp. (group owner; acq 7-20-69) (5) Net: ABC/E. Mountain State Network. Audio news: APR. Rep: Jones, Penn State. Format: MOR, C&W. Spec progs: Sp 3 hrs wkly. (6) John Jones, stn mgr; David Smith, chief engr. (7) Rates: \$14; 13.50; 14; 12.50.

WOF-FM—(1) October 1969; (8) 101.1 mhz; 3 kw. Ant 300 ft. Stereo. (9) Dups AM 50%. Format: C&W. (10) WOF-TV affil. (7) Rates: \$8 50; 7; 8.50; 7.

(1) Date station first went on air (regardless of subsequent ownership changes).

(2) Frequency in kilohertz; power and hours of operation. WOF operates with one kilowatt in daytime hours, 250 watts at night, and uses a directional antenna in daytime. Nighttime operation is limited to hours when dominant station KQSL is operating in daylight. WOF holds a construction permit for five kilowatts power day and night.

Operational abbreviations:

- | | |
|-----------------------------------------|----------------------------------------------------------------|
| CH—critical hours | DA-1—directional antenna day and night |
| CP—construction permit | DA-2—directional antenna with changing patterns, day and night |
| CR—Canadian restricted | DA-3—same as DA-2, with an additional pattern change |
| D—day | kw—kilowatt |
| DA-D—directional antenna daytime only | |
| DA-N—directional antenna nighttime only | |

- | | |
|---------------------------------|---------------------------|
| N—night | ST—shares time with . . . |
| SH—specified hours of operation | U—unlimited time |
| | w—watt |

(3) Address and zip code, telephone, Teletype Writer Exchange number.

(4) Licensee name and date of acquisition (if not original owner). If the licensee is a group owner—a company with several broadcast properties—it is so identified, as is a group owner of which the licensee is a subsidiary. Details on group owners are listed in section A.

(5) Network, audio news service, rep and programing. The WOF national affiliate is ABC Entertainment Network, regional is Mountain State. (Note: NBC has notified subscribers that its News and Information Service will be discontinued in mid-1977.) The station subscribes to an audio news feed from Associated Press Radio. Sales representatives are also listed—national rep first, then regional. The WOF program format is part middle-of-the-road, part country and western, with three hours weekly of special programing in Spanish.

(6) Personnel.

(7) Advertising rates. The prices the station charges for a 12-times-a-week, one-minute spot are shown for each of four day-parts:

6 a.m.-10 a.m.; 10 a.m.-3 p.m.; 3 p.m.-7 p.m.; 7 p.m.-midnight in that order. If a day-part is inapplicable, a dash(—) replaces the rate.

Co-owned FM. WOF-FM has the same ownership as WOF(AM), and the FM listing contains only information different from the AM. Co-owned AM and FM stations are always listed together, even when they have dissimilar call letters.

(8) Frequency in megahertz, effective radiated power, and antenna height above average terrain. WOF-FM broadcasts in stereo.

(9) Programing. WOF-FM duplicates WOF programs 50% of the time and has a C&W format.

(10) Co-owned TV. WOF-TV has the same licensee as WOF-AM-FM.

Listings for independent FM stations follow the format of AM station entries.

An asterisk (*) indicates noncommercial stations.

Canada

Note: Unless indicated as French (Fr), programming is in English on Canadian stations in all provinces except Quebec. In Quebec, programming is in French unless shown as English (Eng). Due to Canada's geographic expanse, several Canadian stations have affiliates on shortwave (sw) frequencies for domestic broadcasting. In all cases they duplicate the AM station programming 100%.

Policy

By law, the Voice of America, a part of the U.S. Information Agency, operates under the following directive: "The long-range interests of the United States are served by communicating directly with the peoples of the world by radio. To be effective, the Voice of America must win the attention and respect of listeners. These principles will govern VOA broadcasts:

"1. VOA will serve as a consistently reliable and authoritative source of news. VOA news will be accurate, objective and comprehensive.

"2. VOA will represent America, not any single seg-

ment of American society, and will therefore present a balanced and comprehensive projection of significant American thought and institutions.

"3. VOA will present the policies of the United States clearly and effectively, and will also present responsible discussion and opinion on these policies."

To implement this directive, these broadcasts present news and news-related items of American and world events, news analyses, commentaries, correspondents' reports, editorial roundups, and feature material such as documentaries, roundtable discussions, interviews and special events all of which provide overseas audiences with a balanced and accurate concept of the many facets of American life and clear information regarding U.S. policies.

Facilities

The Voice of America has a network of 113 transmitters, of which 41 are in the continental United States. These are short and medium wave stations ranging in power from 35 kw to 1,000 kw. The largest transmitter complex is at Greenville, N.C. There, 18 transmitters feed programs received via microwave from the Washington studios to audiences and relay stations abroad over 73 directional antennas. Total power at Greenville is 4,800 kw. Other domestic facilities are at Bethany, Ohio; Marathon, Fla. (MW); Delano and Dixon, both California.

Overseas relay stations are at: Munich, Germany; Kavala and Rhodes, Greece; Tangier, Morocco; Monrovia, Liberia; Okinawa; Tinang and Poro, The Philippines; Woferton, England; Colombo, Sri Lanka; Bangkok, Thailand. These include short and medium wave transmitters, among which are three one-megawatt transmitters.

In addition to its network of fixed transmitters, the Voice has seven transportable transmitters. These are

VOA, Radio Free Europe, AFRTS

all 50 kw, six shortwave and one medium wave, designed to be moved quickly. The medium wave transportable transmitter is on Marathon Key, Fla., broadcasting Spanish language programs. The six shortwave transportables are in The Philippines, where they augment existing facilities in relaying Voice programs to Southeast Asia and the Far East. VOA's total power is now 23,010 kw.

Local Placement

Many VOA tapes, music recordings and script materials are furnished by U.S. Information Agency offices overseas for local distribution and broadcast. Other relays and rebroadcasts are made through arrangements with local broadcasters in West Europe, Africa, the Near East, South Asia, the Far East and Latin America. For example, VOA's Spanish-language correspondents feed of 90 minutes, Mondays-Fridays, is rebroadcast by more than 800 Latin American radio stations.

Jamming

USSR jamming of VOA vernacular language broadcasts to the USSR and East Europe began in 1948 and continued until 1963. Other East European countries began jamming in 1950. Except for Poland (which stopped jamming in 1956) and Bulgaria (which continued to jam until September 1974), Czechoslovakia, Hungary and Romania ceased jamming VOA broadcasts shortly after the USSR stopped. Coincident with the invasion of Czechoslovakia (Aug. 21, 1968), the Soviet Union resumed jamming of VOA's broadcasts in Armenian, Georgian, Russian and Ukrainian. When VOA broadcasts in Uzbek began in September 1972, jamming also was instituted on these programs. In September 1973 all Soviet jamming of VOA broadcasts again was stopped without explanation.

The People's Republic of China began jamming the VOA Chinese-language broadcasts in 1956. At the present time (September 1976) it is the only country continuously jamming VOA programs.

Radio Billings 1935-1975

Figures for the years 1935 through 1967 are net time sales by stations and networks after all frequency and promotional discounts but before deduction of commissions to agencies and representatives. Figures from 1969 on were computed under a new formula and represent total amounts paid by advertisers for the

use of broadcast facilities. They include commissions paid to advertising agencies and representatives and payments for broadcast time and programs, materials, facilities and services supplied by broadcast stations and networks in connection with the sale of time. Figures are based on FCC data.

* Prior to 1971, data reflects factory sales by U.S. manufacturers plus those products imported directly by distributors or dealers for resale. All import statistics are based on average value as published by the U. S. Department of Commerce, which is F.O.B., and therefore excludes U.S. import duties, freight charged from the foreign country to the U.S. and insurance.

¹1971 and years following data reflects products produced or purchased by U.S. manufacturers plus those products imported directly by distributors or dealers for resale. Import statistics are adjusted to U.S. factory values, including U.S. import duties, freight charged from the foreign country to the U.S. and insurance.

²Other imports reflect those products imported directly by distributors or dealers for resale.

RIKO

A MAJOR GROUP IN MAJOR MARKETS

NEW YORK CITY It's America's biggest market, headquarters for some of the world's largest companies, and home of RKO General's WOR-TV, Channel 9. WOR-TV is one of the leading sports stations in the country, featuring play-by-play telecasts of the N.Y. Mets, Knicks, Rangers, Nets and Islanders. With this line up, WOR-TV has carved out a special niche with millions of sports fans in the greater New York area.

LOS ANGELES America's second largest market, entertainment capital of the world, and home of RKO General's KHJ-TV, Channel 9—the country's pioneer feature film station. Every night, Southern California viewers enjoy Million Dollar Movie, the longest running prime-time motion picture showcase in Los Angeles, and other features programmed from one of the markets' most extensive lists of major films.

BOSTON America's sixth largest market, birthplace of the revolution, and home of RKO General's WNAC-TV, Channel 7. Besides bringing the popular CBS programs to Boston viewers, WNAC-TV involves itself in answering and communicating civic needs. WNAC-TV leads the way in public affairs programming through the regular production and broadcasting of newsworthy and noteworthy shows and editorials.

MEMPHIS America's 33rd TV market, gateway to the mid-south and home of RKO General's WHBQ-TV, Channel 13. In addition to ABC's strong prime-time program line-up, WHBQ-TV has Memphis' #1 News* shows at 6pm and 10pm. Eyewitness News gives the viewers more than just hard news. It involves its people, the community and the consumer with special features in all newscasts.

* Metro & ADI rating and share Nov. 1976 ARB. Subject to qualifications set forth by ARB.

RKO General stations are in four major markets—each with different tastes and needs. So all programming decisions are made locally, by local General Managers, to meet local needs. From market to market, our offerings vary from live sports, to major feature films, to top network programs, to outstanding local news, to award-winning editorials and public service programming.

At RKO General Television, we think of ourselves as a major group serving major markets. And we put the emphasis on *servicing*.
