AFRTS operates radio and television outlets & transmits its signal to over one million De-

partment of Defense personnel serving in more than 140 countries. Through military department broadcast services, AFRTS operates transmitters in about 20 countries, near major concentrations of U.S. forces overseas as well as in remote areas of Alaska, U.S. trusts, territories and possessions; aboard almost 400 Navy ships and submarines as closed-circuit facilities in over 200 isolated closed circuit systems and mini-TV sites. Most of the land-based stations are grouped into regional AFRTS networks to serve specified geographical areas, i.e., American Forces Network-Europe in Europe and Far East Network in the Pacific. AFRTS networks and independent stations overseas create their own individual radio and television program schedules from broadcast materials provided by the AFRTS Broadcast Center in Sun Valley, CA and from their own local productions. Domestic, Inmarsat and Intelsat satellite service is leased on a 24 hour-a-day basis, providing real-time stateside radio and TV to overseas locations.

Major Broadcast Television Locations: Belgium, Cuba (Guantanamo Bay), Diego Garcia, Germany, Greece, Honduras, Italy, Japan, Republic of Korea, Panama, Portugal, Turkey, Kwajalein Atoll & Puerto Rico.

Major Cable Television Locations: Alaska, Antarctica, Bermuda, Iceland, Japan, New Zealand, United Kingdom and Spain.

INDEPENDENT TELEVISION COMMISSION—33 Foley St., London, W1P 7LB. Phone: 71 255 3000. Fax: 71 306 7800. Telex: 24345. The Independent Television Commission was created by Parliament under the terms of the Broadcasting Act 1990 to license and regulate non-BBC television services including Ch. 3 (ITV), Ch. 4, the proposed Ch. 5, public teletext and a range of cable, local delivery and satellite services. They do not include services provided by the BBC or S4C. The ITC replaced the Independent Broadcasting Authority (IBA), responsible for the provision of independent television and radio services and the Cable Authority, responsible for the provision of cable services. Radio Authority now regulates independent radio services. In October 1991 the ITC awarded 16 new licenses for Ch. 3 (ITV) including a national breakfast-time license. The new Ch. 3 companies began their services on Jan. 1, 1993, at which point they, rather than the ITC, became responsible as broadcasters for their output. Ch. 4, at the time a wholly owned subsidiary of the ITC whose airtime was sold by the ITV contractors, has become a corporation and ITC licensee, responsible for selling its own advertising. The license for the proposed Ch. 5 will be advertised by early 1992 with the aim of a new service being launched in 1994. Licenses for Ch. 3 & Ch. 5 will be awarded by competitive tender to the highest bidder who fulfills certain quality criteria, except

in exceptional circumstances when the ITC may award a license to a lower bidder. The ITC will also license a number of other services in the following categories: Domestic satellite services using broadcasting frequencies allocated to the UK; non-domestic satellite services; licensable program services, including those program services delivered to cable systems on videotape; cable and local delivery service operations provided by cable and/or microwave (MVDS); additional services, or any form of telecommunications service that can be provided on the spare capacity of a television signal; public teletext, a text service carried on the spare capacity of Ch. 3 & Ch. 4. ITC staff will regulate all services through license conditions and through its various codes on program content, advertising, sponsorship and technical standards.

VIDEO WEEK

The weekly news service covering cable TV, subscription TV, satellite-to-home broadcasting, videocassettes, videodiscs, videogames, and home computer entertainment.

For information, call (202) 872-9200.

The concise, easy-to-digest, well-organized information service that allows you . . . in just minutes each week . . . to keep up with the latest, most accurate, relevant, indispensable information covering the entire telecommunications industry.

COMMON CARRIER WEEK

Common Carrier Week is *the* authoritative weekly news service for the telecommunications industry.

Each issue uncovers proposed regulation changes, looks at successful (and unsuccessful) business strategies, comments on new equipment and services, reports on what the decision-makers in the industry are up to, and provides the key intelligence that busy telecommunications executives *need*.

Common Carrier Week is presented in a way that makes the information you're looking for easy to find. There's a logic to each issue—you can scan the spot you're looking for and find your relevant information instantly.

Common Carrier Week will give *you* the advance intelligence to move quickly to make the management decisions that will help your business move ahead. Each week you'll receive hard-nosed business advice from the award-winning team of journalists who also keep the top leaders of the communications industry informed every day with Communications Daily.

For subscription information, call collect: (202) 872-9200.

Assignments Affecting Borders

Channel Allocations for Canada and Mexico

Allocations within 250 miles of Canadian and Mexican Borders are as agreed upon by U.S. and respective countries through exchange of diplomatic notes. Mexico reports VHF within 250 miles, UHF within 200 miles. Plus (+) and Minus (-) symbols designate offset carrier positions of channels. (L) indicates limited allocation under "Working Arrangement" of Canadian-U.S.A. Television Agreement of 1952 as modified.

PUBLIC BROADCASTING REPORT

the *independent*, award-winning newsletter devoted entirely to coverage of public broadcasting . . .

“My staff is always hungriest to read Public Broadcasting Report for news of current and upcoming events in public broadcasting . . . more so than any other publication. In an industry where we often feel a part of an extended family, the Report provides information of our extended family in a very timely and accurate fashion. In short, keep up the good work with both hard facts and the nice news pieces about the family.”

Patricia Wente, General Manager
KWMU-FM, St. Louis, Missouri

A substantial number of leading public broadcasting executives read (and depend on!) *each* biweekly copy of **Public Broadcasting Report**. In just a few minutes per issue, they are able to keep up with the many events and changes taking place within public broadcasting.

FOCUSED PUBLIC BROADCASTING COVERAGE . . .

Each issue of **PBR** includes stories and short items about the latest developments in regulation, programming, funding and other issues. **PBR** also contains regular columns devoted to awards/grants and personnel changes.

In **Public Broadcasting Report**, you get *independent* reports on what's *really* happening. You discover where the money is, and what has to be done to get it and keep it. And you get coverage

on *all* public broadcasting fronts . . . from CPB and PBS to NPR and other network programming . . . from marketing innovations to new technology. You follow all the action . . . as it takes place!

PUBLIC BROADCASTING REPORT SAVES YOU TIME . . .

PBR is designed to be read quickly. It helps you spend less time gathering information and more time using what you've found. A "Summary-Index of News" appears on page 1 of each issue, and lists 6 or 8 of the most important topics covered in that issue, along with brief descriptions and the page numbers where those stories appear. Finding what you *need* to read is extremely easy. *And PBR serves as your personal "grapevine" for public broadcasting.* With **PBR**, you'll know what the public broadcasting movers and shakers are doing and saying . . . and where they're going.

... the information service for decision-makers who require comprehensive *weekly* reports on the telephone industry ...

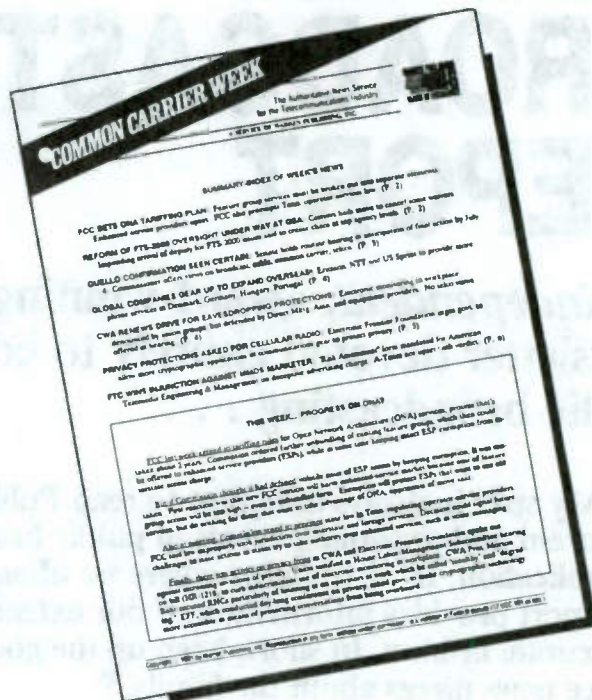

Common Carrier Week

Common Carrier Week is the authoritative *weekly* information service for the telephone industry. Each issue of CCW looks at the important news of the week, highlights trends, uncovers regulatory changes and legislative issues, summarizes important FCC filings, reports on what leading telecommunications decision-makers are up to, and looks at successful (and unsuccessful!) industry financial and business strategies.

Subscribers report that one of the things they like *best* about Common Carrier Week is its simple, clear,

logical organization. Unlike some other information services in the telecommunications field, CCW is organized so that the information you're looking for is *easy to find!*

Common Carrier Week has won *the Newsletter Publishers Association's first prize for investigative reporting for a Series covering fraud in the sale of cellular applications.*

You can count on us. Can we count on you?

Because more than ever before, our message deserves to be heard.

The Army National Guard makes up about one-half of our nation's combat forces. And we need men and women to help keep us strong—ready to protect our community and defend our country. We have been there during natural disasters, in the fight against drugs and in the protection of our environment.

It's a commitment that takes dedication. Guardmembers give at least two weeks a year and two days every month to the Guard—and to you. Could we have a minute of your time?

Run our spots whenever possible. And if you can't spare a minute, we'll settle for :30. Even :20.
