## THE EDITOR'S PAGE

RECENT developments in radio, indicate that within a few years at the most, the old-time standard telegraph office, which has existed in every town of size for many years, will be a thing of the past. In its place a beam radio station, whose rotating loop taps this and that central point at will, linked with automatic transmission, will be in universal use. Already one company is undertaking this, using short waves, and in the study of the application of short waves to this work, much will be learned.

\* \* \*

Beam transmission is being used between Canada and Great Britain and between the latter country and Africa with great success. High speed automatic machinery capable of transmitting from one to two million words a day is working daily, with the precision of a telegraph sounder. A system somewhat similar to this is to be used in this country between cities of major importance, and in this development the day is almost past when a community will be isolated by a few wires down in a storm. A storm severe enough to rip down a beam transmission system will leave little of the community itself.

\* \* \*

There is a plan on foot, at the present time, which is being given serious consideration by the Federal Radio Commission which, it is believed, will clear up certain phases of broadcasting. This is the proposed establishment of "national stations," whose power rating will make it possible to hear them from nearly any part of the United States. One such is WENR at Chicago which fairly booms in on the Pacific Coast

as well as the Atlantic. These stations may be given certain special wave lengths which will be devoted to their exclusive use.

\* \* \*

It is to be hoped that this is a step toward the further elimination of useless stations. We have many such—stations which serve no public good and which are merely mouth-pieces for special products, interests or individuals. Radio is too big and too broad for that, and ought to be lifted out of the realm of personal whoopee into public utility. The advent of the high-powered stations, if they furnish a worthwhile service to the public, will automatically eliminate the unworthwhile stations, and the quicker the better. Even with the best instruments, many persons are compelled to listen to terrible programs because they have the misfortune to live close to one of these third-rate broadcasters, and cannot get out from under the blanket of the station's noise sufficiently to hear anything else.

\* \* \*

Greater strides in the development of radio than during any other year in the history of the industry will be portrayed at the Sixth Pacific Radio Show, to be held August 17 to 24 at the Civic Auditorium in San Francisco, according to officials of the Pacific Radio Trade Association, sponsors of the show.

Advances and refinements in radio design seen by dealers at Chicago will have their first public showing in America at the Pacific Radio Show here in August. The show, it is predicted, will again set a new attendance record and focus the attention of the radio world upon San Francisco.

# The RADIO TATTLER

By EARLE ENNIS

A DISCUSSION has started between two universities as to the exact time that broadcasting first began. There is no mystery or uncertainty in this, as we see it. It started centuries ago when the first pair of women forgathered and discussed the third to a fourth. Therefore, we may say with certainty that any four persons can form the nucleus of a good broadcasting unit.

\* \* \*

Radio engineers declare that broadcasting reached its greatest height in 1929. They are wrong. Broadcasting reached its highest peak during the brilliance of the French court. Gentlemen were always climbing in and out of windows. Ladies were continually galloping in and out of postern gates. Masks, long cloaks and dark highways added to a confusion of identities. Duels were fought on the slightest rumor that So-and-so said thus and such, whether he did or not. It was a great era.

\* \* \*

Broadcasting was developed to a high art during that period. It was considered good form to always have a bit of scandal on tap with which to regale anyone who hadn't heard it. In fact folks who knew no scandal were rated as dumb and received no official recognition. Scandal was the golden key which unlocked royal favor, and the most asthmatic microphone could whisper the most garish suggestion into a passing ear—and live in luxury afterward.

\* \* \*

It was during the good old chivalrous court days, when a gentleman never went abroad without his cake cutter, that broadcasting first showed a profit. There was no advertising. No sponsorship. Any little derogatory tidbit, euphoniously dubbed today "a dirty crack," passed for currency of the realm. People collected libellous fictions, as assiduously as people today collect antiques, made in our best modern factories. If they could hang something on a prime minister or a duke, the world was theirs for the asking.

\* \* \*

England stepped into the broadcast field during the reign of the Henrys—it doesn't matter which one, because they all did it. A lifted eyebrow, or a wave of the hand, traveled farther and did more damage than any 50,000-watt high-powered modern equip-

ment known to science. A snap of the fingers of a hunched shoulder—and off went a head. The only people today who lose their heads over broadcasting are advertising managers, and this because of the fundamental looseness of adjustment.

\* \* \*

When America started out to form a waterways congress and wound up by staging a revolution and establishing a government, later to be the plaything of a few Senators, gossip was recognized as the highest form of broadcasting yet developed. The transmission was done on various channels. The political broadcasters used one channel. The social broadcasters used another. Now and then one crossed the other and a fuse went out, but for the most part gossip and scandal functioned amazingly well, and without the aid of any special commission at Washington.

\* \* \*

The formation of political parties developed one branch of broadcasting until it became almost universal. When the Red Democrats staged a torchlight procession the Black Republicans collected bricks and waited by the alley. When the Republicans met in caucus, the Democrats robbed the hen roost for ammunition. What each said about the other kept alive broadcasting until even children cut their little sets in on the air and fought for wavelength space.

\* \* \*

In the meantime Horace Greeley and the other boys of the famous fourth estate were getting out newspapers. Broadcasting again. Then came the flock of "sin sprinklers," the magazines with a purpose, said purpose being to see how naked a woman could be in print and still stay on a cover. Broadcasting once more. The Sunday supplement, the movies, broadcasting for tired authors who liked to see how far their plots could be garbled for money, all contributed their small bit to the general pastime. Thus, step by step, not only America, but the entire world was prepared for the radio.

\* \* \*

Radio has only coördinated the whole field of broadcasting into one small box, which at the turn of dial can give us our choice of gossip, scandal, personal comment and what-not, which we group under the generic name

# MICROPHONE GOSSIP

Frank Castle, the sensational young pianist at KGO, who swings from Bach to Gershwin without batting an eyelash, was doing the two-a-day at an age when most boys are high-school students. Castle now smiles when he recalls his first experience behind the footlights. In an emergency he had been drafted to accompany a singer. After the ordeal was over the songster stepped up to the piano and within hearing of all asked Castle what he was playing. Much to the embarrassment of Castle he bellowed forth, "I have sung that song for twenty years, and never before have I heard it played like that!"

\* \* \*

Gwynfi Jones, popular tenor over stations of the ABC western network, worked in the mines as a boy in Wales. He is one of nine brothers, and seven of them sing.

\* \* \*

The early morning S & W health exercises conducted by Hugh Barrett Dobbs, assisted by William H. Hancock, will, beginning June 15, become a feature of KPO and KFI, with the program originating in the studios of KPO.

For several years this activity has been a regular daily KPO feature, and its release by the Los Angeles station will be welcomed by the fans in general. Augmented by soloists of varied character the broadcast will be heard from 7 to 7:45 every morning, except Sunday, with "Dobbsie" and "Wee Willie" cavorting before the microphone with their comical patter and music to enliven the exercises.

\* \* \*

Georgie Stoll, violin virtuoso, now directing his "Rhythm Aces" orchestra over stations of the ABC western network, was playing the violin with masterful technique when he was six years old.

\* \* \*

Henry Starr has come back to Oakland, his home city, bearing the reputation of being "the hot spot of radio," which the home folk now back up, judging from letters sent to KGO.

Like the prophets of old, the popular pianist and "blues" singer had to win his first appreciable recognition elsewhere before they would accept him seriously at home. That gained in other parts, Starr finds himself in demand in Oakland, with plenty of radio contracts awaiting his signature, to say

nothing of the many professional engagements he is called upon to fill for California's millionaire colony in Hillsborough.

But KGO has claim on Henry Starr's services to the extent of three engagements a week. His latest assignment covers a series of Sunday evening programs, commencing at 5:45 o'clock.

\* \* \*

Agnes White, famous home economic expert whose work is recognized throughout the country, and who conducts a morning hour daily over KHJ, the Don Lee station in Los Angeles, under the title of "At Our House," has just been elected president of the Los Angeles Advertising Association, the woman's advertising club of Los Angeles, which is now entering its sixteenth year of service in California.

\* \* \*

Congratulations are now in order for Mynard Jones, for the popular KGO basso has entered the holy state of matrimony with Mary Groom, another KGO favorite singer.

Although both enjoy distinction as soloists, it is in their duet numbers that they have endeared themselves in the hearts of listeners.

\* \* \*

Dorothy Lewis, a favorite contralto over western airways, singing with the "Neapolitan Singers" mixed quartet and as a featured soloist over stations of the ABC western network, made her first radio appearance seven years ago over a Portland station. With her on the same program was a modest young tenor, Elbert Le Roy Bellows. Perhaps they were both a bit frightened at the blank-faced microphone. They were announced in turn and each went a different way to meet success as radio stars.

Strange coincidence is that they joined the staff of ABC together a few months ago and have appeared on many programs together since.

\* \* \*

Liborius Hauptmann, famous Viennese director, now directing the Pacific Salon Orchestra heard over stations of the ABC western network from the San Francisco studios at KYA, came to America as an electrical engineer. He found the director's baton easier to wield, and with his thorough training in music from boyhood became indispensable to American musical productions.

San Francisco, May 28, 1929.

Dear Sir:

It is with much interest that we perused the splendid letter by R. R. H., of San Mateo, California, dated May 8, 1929.

Many of us cannot cut out the NBC programs on the powerful local stations, and when there's the usual drivel of the RKO program—one has to look forward to an evening without decent programs. So far, we have not heard one picture star worth listening to, not even in the afternoon programs. Take their words down in shorthand, and what is there worthy of remembrance?

A friend closely associated with radio studios gave me one good pointer recently, however, which may help us to change conditions for the better, if we all pull together. She said "The reason for our having so much jazz, so many blue songs, dreadful saxophone solos and other ear-splitting broadcasts is this: The intelligentsia and the real music-lovers fail to write to the studios expressing their enjoyment of the good offerings. You would be surprised if you could see the letters which pour in—95 per cent are actually illiterate. The uneducated masses take the trouble to write their appreciation, the studios are guided by the generally expressed sentiments, and try to cater to the mob. If thinking people would write approbation or disapproval of the entertainments furnished as regularly as the morons write gushingly about the vulgar forms of music and clownery, we would soon notice a decided change."

What tiresome letters are read daily, fairly throbbing with ego-advertising . . . always that strong pull on the personal pronoun. Why cannot they write impersonally, if write they must? Why not describe something of the universal throb and hum rather than their own petty emotional reactions, wailed out by some sentimental broadcaster? I'm weary of hearing poetry dragged along by its lame feet—why not place it on a clockhand and let it whizz by? You can be emphatic, vocalize nicely—and yet put over poetry without difficulty. The women broadcast strongly with accent on the "MY"—"then I take MY" and I cream MY buttah, and I whip" and nauseam. But there is balm John D. Barry has something to denunciation, noun and verb to beguile. I wish some Glad-Rag Lady and other Machree to Timbuctoo for a ts on Parade go to up the radio tubes sincerely,

We have been notified by the chief of police of San Jose that a Majestic combination radio and phonograph, Model No. 181, Serial No. 18540, has been stolen by a man who has given his name as James Clark and by making a small deposit secured the delivery of the set. This is a warning to radio retailers who make delivery of radio sets on securing a small deposit from people they do not know.

Half-price tickets for the 1929 Radio Show will be distributed by radio retailers throughout Northern and Central California, so announced C. L. McWhorter, chairman of the show committee.

The East Bay Radio Retailers' Association will hold their second breakfast meeting at the Leamington Hotel Tuesday morning, June 25.

On June 20 the San Francisco radio retailers will hold their monthly breakfast meeting at the Bellevue Hotel. All radio men are invited.

N. E. Borch, interference investigator for the Pacific Radio Trade Association, advises that his bulletin service on radio interference will be in the mail to all radio dealers within the next few days. This bulletin will assist the radio retailers in locating trouble within the building where the set is installed, also many other subjects of interest to the trade.

W. E. Darden, president of the Pacific Radio Trade Association and vice-president of the Ernest Ingold, Inc., has just returned from a visit to the Atwater Kent factory. Bill has just assumed the vice-presidency of Ernest Ingold, Inc., after several years as Pacific Coast manager of the E. T. Cunningham, Inc.

George H. Curtiss, manager of the Pacific Radio Show, reports that the show committee has completed a great many arrangements for this year's show, which promises to be the biggest one in history.

# “SCIENTISTICS”

By MAX BEHR

C. FRANCIS JENKINS, one of the pioneers in the television field, has developed a new “scanner” which replaces the usual perforated disk which has been one of the drawbacks of the present apparatus. By means of a 7-inch drum he can now accomplish all that he was able to do with a 36-inch disk. This permits of a small light cathode and cuts down on current consumption. Jenkins believes, however, that both disk and drum are wrong in principle, and many other engineers concur.

\* \* \*

The United States is at least three years ahead of Europe in radio, according to M. H. Aylesworth, president of the National Broadcasting Company, who has just returned from an inspection of European radio developments. Except in Great Britain, where radio has been developed under government supervision, the whole of Europe is wide open for development, he declares. France, with 40,000,000 listeners (potential) has few receiving sets and fewer transmitters, all low-powered. Unless Europe picks up in this respect it will shortly be getting most of its entertainment from America via the short-wave channels, Aylesworth believes.

\* \* \*

The flight of the Diesel plane of the Packard company from Detroit to Langley Field, Virginia, early this month, marks a milestone in aviation history. The motor burned furnace oil and used about 40 per cent less than a 200-horse-power gas engine, in full consumption. The new engine removes entirely the fire hazard common to gas engines, as it uses no electrical apparatus to fire the charge. This, of itself, makes it ideal for planes.

\* \* \*

The 50,000-watt powering of broadcast stations is adding more members. At the present time the following stations are using this power: WEAf, New York; WGY, Schenectady; WENR, Chicago; WLW, Cincinnati; KDKA, Pittsburgh; WTAM, Cleveland; WCFL, Chicago; WBAP, Fort Worth. KFI, Los Angeles, WOAI at San Antonio, Tex., and WFAA at Dallas have been granted this power, but have not yet installed. KPWF at Westminster, Calif., has also been granted a 50,000-watt transmitter, but will not use full capacity for the present.

Soviet Russia is going in for aviation. A Communist organization of 4,000,000 persons pledged to aviation activities, including chemistry, as vital assets to military development. The organization is sponsoring two speed flights this year—one to Central Asia and the other to Caucasia—distances of 5,000 and 3,000 miles, respectively. The organization is developing fast two-seaters and huge passenger planes which can be converted into giant troop carriers in time of war.

\* \* \*

Eastern engineers are working on a new type of steam-driven plane which is interesting scientists the world over. The cylinders are to be opposed and, because of the design, may be placed within the wings, with condensation radiators stream-lined to fit the wing curves. The thing is being worked out carefully.

\* \* \*

Algiers, long one of the slowest spots in the world, has suddenly gone mad over auto racing. It is not an unusual sight to see caids or governors with their suites sponsoring fast speed events, which are converted into national holidays by the public.

The three Signal Corps laboratories, which have been housed in separate buildings in Washington since the war, are to be moved to Fort Monmouth, New Jersey, and there centralized. They are the radio laboratory, that of the electrical branch, and meteorology. About twenty officers and men will go with them.

Congress is now attempting the most comprehensive survey of radio in its history. The work is being carried on under direction of the Senate Committee on Interstate Commerce, for the purpose of determining how far it will be practicable to form one commission to handle all forms of communication, both wire and wireless. The present law under which the radio commission operates will expire December 31, and Congress is seeking a basis either for a perpetuation of this body to the creation of a newer and larger one with increased powers. Hearings are to be held at which every phase of radio and wire communication will be gone into.

## Stop Overlapping of Locals

No matter what kind of radio set you have, a Station Isolator will improve it. If you have an Isolator you do not have to wait until late in the evening when all the locals are off, in order to hear distant stations. You can CUT RIGHT THROUGH the locals and hear up and down the Coast and further, at any time in the evening. The Station Isolator absolutely prevents overlapping of local stations. No matter how close you may be to the broadcast stations, you can hear your favorite station clearly, and without interference.

Reception is quieter with the Isolator. It increases the efficiency of the receiver and consequently the volume control can be turned lower, easing some of the strain on the tubes and usually improving the tone quality.

## Increase Your Daylight Range

If you are in the outlying districts, away from the immediate vicinity of the broadcasting stations, you can count on a substantial increase in your daytime receiving range when you add a Station Isolator to your radio. Good, strong daytime signals can be had on stations that are now too weak to enjoy in the daytime.

## One Model Works With All Sets

The Station Isolator will work with any standard receiving set. Full directions accompany it. It is so simple that anyone can install it in five minutes. It does not use a tube, and draws no power,—it connects between the antenna, ground, and the receiver,—and what a difference it makes!

## Brings In Those Weak Stations

The Station Isolator tremendously increases the efficiency of the receiver and as a result, brings the distant stations hundreds of miles closer. It brings the weak ones up to loud speaker volume and brings in some more weak ones from still further away that cannot be heard at all without it.

# the STARGAZER

By FREDERICK NORWOOD

WE NOTE with not unconcealed delight that Elsa Allen is to again be heard in Wagnerian numbers, early in August, in the famous Hollywood bowl, whose stargung dome has already reverberated with much that is excellent in the world of music. If again, as last year, these events can be networked, we can withhold our impatience at the inferior stuff of which we have so much, in anticipation for that. Eugene Goossens will be the guest conductor on that occasion.

Walter Damrosch, forecasting his educational concerts over the air for the new year, announces that the past season's work with high school and college students warrants a broader development of the symphonic programs and that he plans to give several complete symphonies. Such work as this grand old master is doing, along with that of the Curtis Institute and Atwater Kent, more than balances the wholesale commercial yammerings that clog the interim.

\* \* \*

Richard Crooks, eminent European tenor, contacted American headline writers this year on his visit to America when he was greeted by the announcement: "Crooks Here From Europe!" He was startled, to say the least, being accustomed to the use of his own front name. The one that polished him off, however, was "Women's Club Lists Crooks for Afternoon."

Now we have Yehudi Menuhin on the records now—undoubtedly fine productions from the mechanical standpoint, but open to criticism. A child prodigy, especially such a one as this, will be brought face to face, in later years, with the imperfections of his early offerings. The technical imperfections of a concert are forgotten in subsequent growths. But once reduced to rubber and sold into every home—how can Yehudi, great in all greatness in his highest later moments, face out these early records? This "canning" of music will prove most embarrassing to young artists in later years when they really reach their stride.

\* \* \*

One of our eminent musical critics calls attention to the fact that Wagner is no longer getting a "raw deal" since the radio has developed his productions. Formerly only certain "high spot" Wagnerian themes

could be found on the pie-plates of the phonograph. But radio has changed all that. Today we who love Wagner, not only get him over the air, but find the record makers yielding to the growing demand and essaying sections they never touched before. If, for nothing else, we may thank the radio for that.

Negro spirituals, which seem to have a fad just now along with the African entertainer influence, form the concluding portion of the programs of Roland Hayes. It would appear that Hayes, who is coming into his own as a premier singer, is gathering the supreme nerve to eschew on one program this unnecessary terminal which is a wholly racial concession to expectations. As he realizes that audiences are more and more accepting him as a true artist, he may arrive at the point where he can stand on this alone. This alone marks Hayes as one of the great ones.

San Francisco is making a desperate but worthy attempt to establish a conservatory of music which will some day be world famous. Here is something that merits instant, consistent and whole-hearted approval. It is habit with us to allow real conservatories to center in Europe and then send our native talent abroad for the foreign watermark. San Francisco is making a stride in the right direction. It is not a difficult task, for San Francisco's population is polyglot, and where Anglo-Saxon influence is not wholly predominant there lies the nucleus for musical appreciation.

Whatever may be the matter, John Philip Sousa's band concerts are not, musically speaking, what we expected. The introduction night was a big "event," but not musically. It was fine exploitation for General Motors, including the "cousins in Canada," but there was missing the precise conviction of Sousa's past performances. It may have been a band re-arrangement for the radio, or again it might have been that the free spirit of the outdoors, typified in the "Sousa swing" so familiar to every music lover, was curtailed by high power. Whatever the reason, we have heard better band concerts by lesser aggregations. Subsequent offerings cannot be said to have improved the situation much.

The complete program follows:  
Organ solo—Selections, "Samson".....Handel  
Hymn—I Know That My Redeemer Lives  
Chorus—Awake, the Trumpet's Lofty Sound  
Tenor solo—Total Eclipse  
Chorus—O First Created Beam  
Chorus—Then Shall They Know  
Chorus—Then 'Round About the Starry Throne  
Address—Twentieth Century Pioneers,  
Dr. Ralph W. Sockman

Contralto solo—Return, Return, O God of Hosts  
Chorus—To Dust His Glory They Would Tread  
Soprano solo—My Faith and Trust  
Chorus—To Man, God's Universal Law  
Questions and answers—Dr. Ralph W. Sockman  
Chorus—Near Jacob's God  
Chorus—Fixed in His Everlasting Seat  
Chorus—With Thunder Armed  
Chorus—Let Their Celestial Concerts All Unite  
Hymn—Soldier of Christ, Arise

Broadcast through KHQ and KPO, while stations KOMO and KGO will be heard between 12:15 and 1:30 o'clock.

1:30 to 2:30 and 3 to 4 p.m.—Sunday afternoon concert

Two members of the National Concert Orchestra—Rudy Pierce, trombonist, and A. Arriola, trumpeter—will be soloists for the Sunday afternoon concert. They will be heard in solos and in a duet during the first section of the program.

Charles Hart, conductor, has selected Auber's "Acteon Overture" as the initial orchestral number.

The first hour of the concert concludes with another French selection, Paulin's "Conte de Mai," and a half hour later the program will be resumed with Leutner's "Festival Overture." In the second portion Barbara Fanchard and Ethel Wakefield, sopranos, and Margaret O'Dea and Eva Gruninger Atkinson, contraltos, will contribute two groups of gospel hymns in quartet arrangements.

Significant orchestral music in this final hour also includes Amy Woodford-Finden's "Pagoda of Flowers Suite," Achron's "Hebrew Melody" and Weber's classic "Invitation to the Dance."

Broadcast through KHQ (1:30 to 2:30 p.m.), KFI (2 to 2:30 and 3 to 4 p.m.), and KOMO, KGW, KGO and KPO for the entire two hours.  
2:30 to 3 p.m.—Whittall Anglo Persians

Under Louis Katzman's direction they open the program with two delightful floral numbers from Henry K. Hadley's "Ballet of Flowers"—"Red Rose," a movement of richness and warmth, and "Marguerite," inspired by the simplicity of the white flowers.

"Song of the Bavou." Bloom's \$5000 Victor prize winner, another programmed selection, is a rhythmic and colorful musical picture of the threatened flooding of the Louisiana lowlands, in modern theme style.

In a rhythm especially arranged by Katzman, the "Valse des Fleurs" from Tchaikow-

sky's "Nutmacker Suite" will be interpreted also by the Whittall Anglo-Persians.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

4 to 4:30 p.m.—Great Moments in History  
Commemorating the 152nd anniversary of the adoption of the "Stars and Stripes," a radio dramalogue, "The American Flag," will be broadcast.

George Washington, John Paul Jones, Betsy Ross and other characters famous in history will be brought to life before the microphone during this "Great Moments in History" half hour. National Players will interpret the characters who designed and fashioned the Star Spangled Banner.

Broadcast through KHQ, KOMO, KGW and KPO.

5 to 5:45 p.m.—Atwater Kent program  
Grace Divine, young American contralto of the Metropolitan Opera Company, will be heard during the Atwater Kent program this evening.

Evelyn Smith, pianist, will accompany Miss Divine in two groups of ballads, including Del Piego's ever-lovely "Homing" and a Lily Strickland composition, "Lonesome Moonlight."

The Atwater Kent Orchestra, conducted by Josef Pasternack, will present five selections by Luigini, MacDowell, Dvorak, Herbert and Strauss in arrangements made by its noted director.

Following are the details:

Orchestra—March Russe.....Luigini  
Orchestra—To a Water Lily.....MacDowell  
Contralto solos—(a) Homing.....del Riego  
(b) Can't Yo' Heah Me

Callin', Caroline?.....Roma  
Orchestra—Humoresque.....Dvorak  
Orchestra—Al Fresco.....Herbert  
Contralto solos—(a) Carissima.....Penn  
(b) Lonesome Moonlight.....Strickland  
Orchestra—Selections, "The Chocolate Soldier".....Strauss

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

5:45 to 6:15 p.m.—Rapid Transit

Carried on an imaginary subway through New York City, listeners are enabled to see a cross-section of life among varied types of characters who inhabit the crowded metropolis. The ski's are interspersed with popular music, played by a dance band conducted by Enrique Madriguera.

Broadcast through KHQ, KOMO and KPO.

7:15 to 6:45 p.m.—Studebaker Champions

Popular syncopated airs will be presented by the Studebaker Champions during their half hour's transcontinental broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

7:45 to 8 p.m.—"Enna Jettick Melodies"

Restful selections of the pastoral type will be heard by radio auditors tonight.

"June Brought the Roses," by Oppenshaw, will be the opening selection, presented by the quartet and ensemble, while "My Love Is Like a Red, Red Rose" has been chosen for the soprano solo. "Summer Days Are Glowing" is the day's hymn.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6:30 to 7 p.m.—"The Empire Builders"

Delving into the history of the territory which now is Glacier National Park, "The Empire Builders" program will reveal a striking bit of the early West to NBC listeners.

The "Old Pioneer" will be the master of ceremonies during the half hour, in which Indian songs will be heard in conjunction with the historical dramalogue.

Chief Two Guns White Calf will tell the Indian story through his interpreter, Chief Heavy Breat. "Dad" Packard will present the series of typical old-time songs and the Indian songs will be interpreted by Blackfeet Indians from Glacier National Park.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

7 to 8 p.m.—In Danceland

A dance band under the direction of Eddie Fitzpatrick will present the jazz hits of the day and NBC stars are scheduled for intermission novelties, featuring the "Melody Man."

Broadcast through KHQ, KOMO (7:30 to 8 p.m.), and KGW (7 to 7:30 p.m.).

8 to 9 p.m.—Rudy Seiger's Shell Symphonists

From musical comedy, oratorio, grand opera, symphony and light opera will come the selections which compose the program to be broadcast by Rudy Seiger's Shell Symphonists tonight.

Seiger, who chooses, directs and announces the numbers, has listed a group of melodies from Sigmund Romberg's latest musical comedy, "The New Moon," as the initial offering.

Complete details follow: Orchestra—Selections, "New Moon" Romberg Orchestra—Prelude, "Du Deluge" Saint-Saens Orchestra—Gold and Silver Lehar Orchestra—Selections, "Aida" Verdi Orchestra—My Lucky Star, "Follow Through" Henderson Orchestra—Suite, "A Day in Venice" Nevin Orchestra—Minuet, "G Minor Symphony" Mozart

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

9 to 9:30 p.m.—"Voice of Firestone"

Max Dolin and the 32-piece orchestra, Mynard Jones and the choristers, Easton Kent, the "Voice of Firestone," and the Firestone contralto will be heard.

Broadcast through KHQ, KOMO, KGW, KGO, KPO, KFI, KSL and KOA.

9:30 to 10 p.m.—Plantation Echoes

Clarence Hayes, once a show boat entertainer on the Mississippi, will be heard on this program with Ethel Wakefield, Bobbe Deane, Charles Marshall and other NBC artists, familiar to the radio audience. Judge Chandler is the host and master of ceremonies.

Broadcast through KGW, KSL and KOA.

10 to 11 p.m.—Slumber Hour

Two descriptive selections from "The Enchanted Lake" by Tchaikowsky will be heard during the colorful Slumber Hour program.

"Dance of the Swan" and "Dance Hongroise" are these numbers, while "Song Without Words" and the melodious Waldteufel "Pomone Waltz" are among the other favorites chosen.

Max Dolin, NBC musical director, will conduct the program, which is presented by a complete concert orchestra. Harold Spaulding, tenor, will offer two operatic numbers during the hour.

Broadcast through KSL and KOA.

## JENSEN DYNAMIC SPEAKERS PROVE POPULAR AT R. M. A. SHOW

Jensen speakers were exhibited as standard equipment in more than fifteen of the nation's leading sets at the R. M. A. Convention at Chicago, which focused its attention on acoustic problems, and especially on the developments perfected during the last few months by Peter L. Jensen, and now offered in the Jensen concert dynamic speaker.

This new model embodies a number of innovations in dynamic speaker design. Through the use of an especially prepared and treated material in the cone, and of a new wire made especially for winding on the movable coil, greater rigidity and strength are secured, and at the same time extraordinary lightness and freedom of motion in the actual sound reproducing mechanism.

The entire range of voice and musical frequencies is reproduced with an equal degree of brilliance. The base notes—as low as 30 cycles—are soft and musical, with an absolute elimination of the harsh effect, which was, perhaps, a just criticism of the earlier types of dynamic speakers.

This new Jensen concert dynamic is built in four types for operation from 110 volt AC, 110 volt DC, 220 volt DC and 6 volt DC current, and has the 10-inch cone. The standard model, with 8-inch cone, and the Auditorium, with a 12-inch cone, complete the Jensen line.

Jensen production for the coming season is estimated by company officials at well over the half-million mark, and this volume of production has enabled the company to make drastic reductions in the prices of this newest model. It is also to be offered in the Jensen imperial cabinet.

On the Pacific Coast, the home territory of the Jensen Company, officials confidently predict a radio season of unusual stability, with the public more and more critical as to tone quality, and more and more alert to the fact that no radio receiver can be better than the speaker which gives it voice.

Henry Wolff, Pacific Coast representative, has opened a demonstration office at 7 Front Street, San Francisco. Here a complete exhibit is maintained where the different models may be seen and heard. The factory at Oakland is going to be operated so that service can be given on the Pacific Coast in the same manner as last year, when Jensen won its reputation for prompt deliveries.

## TUESDAY Programs

# NBC

### National Broadcasting Company

10:30 to 11:30 a.m.—"Woman's Magazine of the Air"

Ann Holden's talks during the Kraft and Wedgewood features of the magazine will be devoted to the newest fruit preserves and the vitamin value of mayonnaise.

Music will be provided by the Arion Trio and soloists.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

2 to 3 p.m.—The Wanderers

Olive West, Bert Horton and Sam Hayes, the artistic travelers, will visit another picturesque by-way of foreign countries, bringing a description of the locality and an episode of their wanderings before the microphone. Gail Taylor, soprano, and Irving Kennedy, tenor, will present the musical selections.

Broadcast through KHQ, KOMO, KGW and KGO.

5 to 6 p.m.—Eveready Hour

A continuation of the dramatizations dealing with "The Potters" will be broadcast through a nation-wide network of NBC System stations.

"The Potters" are a typical American family, created by J. P. McEvoy, and are the principals in his stage comedy of the same name and also in his syndicated sketches based upon their humorous experiences.

Light instrumental and dance music will supplement "The Potters'" episodes.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6 to 6:30 p.m.—Clicquot Club Eskimos

One of the first dance orchestras on the air, the Eskimos still are presenting their own interpretations under Harry Reser's leadership. A banjo solo by him will be one of tonight's headlines. The radio audience also will hear "Kewpie," a novelty fox-trot, "Alabama Snow," and a triumphant closing march, "On Duty."

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6:30 to 7 p.m.—C. A. Earl Orchestradians

The "Earl Girl" will be the guest artist during this transcontinental broadcast.

"Button Up Your Overcoat" and "Do Something" are selected as the "Earl Girl's" solos. "The Road to Mandalay" will be the first program number by the Orchestradians under Phil Spitalny's leadership. A special arrangement of Victor Herbert melodies will be the feature orchestration.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

7 to 8 p.m.—Radio-Keith-Orpheum Hour

Facing microphones instead of footlights, vaudeville stars of the Radio-Keith-Orpheum circuit will be heard through KHQ, KOMO, KGW, KGO, KPO and KFI.

8 to 9 p.m.—The Wayside Inn

Charles Hart, orchestral conductor, will direct a program of light classic music during the half hour in a modern wayside inn and the remaining 30 minutes will be given to another exciting episode in the lives of English knights and ladies, National Players, headed by Bernice Berwin and Bert Horton, will interpret these characters in the colorful

Boar's Head Tavern at the edge of Sherwood Forest. The scene is laid in England during the reign of Prince Charles. Irving Kennedy, Myron Niesley, Austin Mosher and Harry Stanton will sing during this period.

Broadcast through KHQ, KOMO and KGW. 10 to 11 p.m.—Spotlight Review

Various programs of past weeks are represented in the numbers to be heard. Artists familiar to NBC followers will step before the microphone to sing and play selections which proved most popular with listeners. Classics and light classic music, popular songs and dramatic skits may be presented. Both orchestral groups and vocal soloists and ensembles will participate.

Broadcast through KHQ, KGW (10:30 to 11 p.m.), KGO (10:15 to 11 p.m.), KPO and KFI.

11 to 12 midnight—Dance music by the Trocaderoans will be broadcast through KHQ, KGW and KPO.

# WEDNESDAY Programs

## NBC

### National Broadcasting Company

10:30 to 11:30 a.m.—"Woman's Magazine of the Air"

John D. Barry, columnist and critic, will be heard in another of his talks on "Correct Use of the English Language."

Bennie Walker, editor, will conduct the program and musical selections will add zest. The household hint of the morning will be by Helen Webster, speaking during the Fuller feature on "Decoration of the Dining Room."

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

12 to 1 p.m.—"Out of the West"

For the first time eastern listeners will hear the Happy Trio, a vocal group consisting of Barbara Blanchard, soprano, and Myron Niesley and Ben McLaughlin, tenors, and the NBC Balalaika Orchestra, a novel musical organization directed by Gregory Golubeff. Seven members of the National Players—Bernice Berwin, Ted Maxwell, Charles McAllister, Bobbe Deane, Bert Horton, Barry Hopkins and Harry de Lassaux—will be presented in two dramatic offerings. The National Concert Orchestra will also contribute selections.

Broadcast through KOMO and KGO.

3 to 4 p.m.—The Cabin Door

A banjo ensemble directed by Jerry Richard will contribute music during the hour and interpolations will be heard from Johnny O'Brien, harmonic player, and Clarence Hayes, "the Voice of the South." "The Cabin Door" dramalogue is presented by Phyllis Campbell, Jack Curtis, Clarence Hayes and Johnny O'Brien.

Broadcast through KHQ, KOMO, KGW and KGO.

5 to 5:30 p.m.—Land o' Health

A trip in the Breakfast Balloon, high over the Cheese Caves to Cheese Caves Country Club, is the adventure DA-RA-O has planned for his young friends of the radio during the Land o' Health broadcast through KGO, KPO and KFI.

5:30 to 6:30 p.m.—Palmolive Hour

Romance prevails in the majority of the seventeen selections to be played and sung during the Palmolive Hour.

"Climbing the Ladder of Love," the opening ensemble number, will be answered by "You Were Meant for Me," sung as a duet by Olive Palmer, soprano, and Paul Oliver, tenor.

Gustave Haenschen will conduct the Palmolive Orchestra in a variety of numbers, and the Revelers will contribute three songs.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6:30 to 7 p.m.—Stromberg-Carlson program

The half hour concert, presented by Stromberg-Carlson's own 18-piece orchestra under the direction of Victor Wagner in the NBC's Rochester, N. Y., studios, will include Lehar's "Seamstress Song," an interesting piece by the composer of "The Merry Widow," and the Saint-Saens' symphonic poem, "Danse Macabre," depicting the gloomy and grotesque spectacle of skeletons dancing on Hallowe'en while Death, the fiddler, plays.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

7:30 to 8 p.m.—NBC Balalaika Orchestra

Gregory Golubeff will conduct the NBC Balalaika Orchestra in a half hour of colorful music tonight through KHQ and KOMO.

8 to 8:30 p.m.—"Roads to Romance"

Jack and Ethyl, the Associated Motor Mates, will dramatize an Indian legend of Mt. Tacoma during the half hour broadcast tonight.

In the early days of the West, legend relates, there was a famed hunter, Loolowcan, who dared to desire all the wealth in the universe. Guided by his chosen spirit, "Tamanous," he took his son Ham and climbed Mt. Tacoma in search of Hiaqua shells, the Indian medium of exchange. A great cave yielded untold fortunes to the avaricious Indian, but the "Great Spirit" intervened and a striking climax to the legend is provided.

The adventure of Loolowcan and Ham and the planting of the first rhododendrons are incorporated in the continuity for radio dramatization.

Broadcast through KHQ, KOMO, KGW, KGO, KPO, KFI and KSL.

8:30 to 9 p.m.—The Hill Billy Boys

Ben McLaughlin, Charles Marshall and Johnny O'Brien will be on the air between 8:30 and 9 o'clock tonight.

The trio has a repertoire of amusing Kentucky mountain songs and other bits of folk lore which have come down as the "Hill Billys'" contribution to earlier American music.

Broadcast through KHQ and KPO.

10 to 11 p.m.—Cotton Blossom Minstrels

Cotton Blossom Minstrels will be heard by NBC System station auditors tonight when a group of staff artists present a weekly minstrel show for which Harry Stanton is interlocutor.

Charles Marshall will direct the "dark town" theatrical and Jerry and his Dixie Melodists will provide the instrumental music. The Southern Harmony Four, directed by Basil Wilson, and the following artists also will be heard: Bobbe Deane, "Bill" Royle, Harold Peary, Clarence Hayes, Irving Kennedy and Sylvano Dale, tap dancer.

Broadcast through KHQ, KFI and KSL.

11 to 12 midnight—Dance music by the Trocaderoans will be broadcast through KGO and KPO.

## PRESTON'S GROUND PULLS THEM OUT OF DEAD SPOTS

One of the greatest assets to good summer radio reception is the Preston Permanent Radio Ground installed according to simple instructions and connected to the antenna post of the receiver, immediate results are less static noises, increased volume, selectivity and distance with better tone quality.

Carl Richard, 1022 Macdonald Avenue, Richmond, Calif., sells everything musical. Commenting on the Preston Radio Grounds which he sells, Carl states that up at Tormey, Calif., where no radio set could be played in the daytime and no distance at night, after installing the Preston Ground, the set has been playing all day—every day—and as to distance, it just rolls in.

Many thousands of such testimonies are on file. Order your Preston Ground. Enjoy better radio reception.

10:30 to 11 a.m.—“Woman’s Magazine of the Air”

With Bennie Walker conducting the broadcast, Don Amaizo and Sara Treat will be heard this morning.

Ponce’s “Estrellita” will herald the arrival of the virtuoso, who will contribute an additional solo on the Amaizo period. Miss Treat will present another “household hints” talk.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

1:15 to 1:30 p.m.—The Magic of Speech

Miss Sutton, a playwright, actress and critic, touches upon the important items in diction and grammar during these Thursday talks, which are broadcast through KOMO and KGW.

3 to 4 p.m.—House of Myths

A dramatization of the Greek myth of Perseus will be presented during the House of Myths program broadcast through KHQ, KOMO, KGW and KGO.

6 to 6:30 p.m.—Halsey, Stuart program

News of the financial world and advice on making investments will be given by the “Old Counselor” in conjunction with musical selections by Andy Sanella and the orchestra when the weekly Halsey, Stuart program is broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6:30 to 7 p.m.—“Around the World with Libby”

Taking auditors on a musical tour through foreign lands, another in the series of programs entitled “Around the World with Libby” will be broadcast. Claude McArthur conducts the orchestra.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

7 to 7:30 p.m.—NBC Troubadours

One of the novelties of the program will be “Italian Salad,” in which the composer used musical terms for words. The Troubadours will also offer a favorite ballad, “One Fleeting Hour,” under Mynard Jones’ direction.

Marion Hunter and Doris Blaney, pianists, will assist the Troubadours. Their piano duets include Schubert’s “Marche Militaire” and Mayerle’s “Punch and Judy.”

Broadcast through KHQ and KGW.

7:30 to 8:30 p.m.—Standard Symphony Hour

Music of Paris, Vienna and Bohemia, Italy and the Riviera and Spain will be interpreted for listeners by the Standard Symphony Orchestra when the Standard Symphony Hour is broadcast.

KGO and KFI.

8:30 to 9:30 p.m.—Memory Lane

Billy Page, the juvenile star at the San Francisco studios; Eileen Piggott, Richard Le Grand, Bernice Berwin and Ben McLaughlin interpret the social elite of “Goshen Center,” whose activities have been followed more than two years by the radio audience.

Whether it is a church social or a town picnic, these characters, drawn from the typical mid-western town of the late nineties, provide a comic situation, dramatized by H. C. Connette.

A fifteen-minute musicale precedes and follows the “Memory Lane” episode.

Broadcast through KGW and KGO.

10 to 11 p.m.—Slumber Hour

Several compositions by the masterful Tchaikovsky will be interpreted by the NBC Concert Orchestra during the Slumber Hour program broadcast tonight.

Dolin, NBC musical director, will conduct.

Broadcast through KGO, KPO and KFI.

11 to 12 midnight—Dance music by the Trocaderoans will be broadcast through KGO and KPO.

**T**HIS is the way to get rid of that man-made "static" from motors, street cars, telephones, electrical appliances, etc. Plug in a Falck Claroceptor between your receiving set and the wall socket; it will block out those line interference noises and radio frequency disturbances. Also helps selectivity and distance amazingly! Thousands all over America are praising this splendid improvement. An absolute necessity to clear reception in some locations.

The Falck Claroceptor requires no changes in your set. Measures just 3½ x 5½ x 2½ inches. Tested, proved. Get one right away—only equipment of its kind. At radio parts dealers, or write to factory for new descriptive folder, FREE.

**National Broadcasting Company**

10:15 to 10:30 a.m.—Mary Hale Martin's Household Period

Mary Hale Martin's recipes and cooking hints will be broadcast this morning.

Her chat will be the third in a series of weekly household programs, during which musical divertisement is heard in addition to her suggestions for more successful cooking.

Broadcast through KHQ, KOMO, KGW, KGO, KPO, KFI and KSL.

10:30 to 11:30 a.m.—Woman's Magazine of the Air

Nutrition problems will be discussed by Ann Holden, domestic science expert, when the "Woman's Magazine of the Air" is broadcast.

Miss Holden's talks will be heard during the Kraft and Alpine features of the Magazine program, which will be conducted by Bennie Walker. A group of poems will be read by Bennie during the hour and there will be musical selections.

Broadcast through KGW, KGO, KPO and KFI during the full hour and through KHQ and KOMO between 10:30 and 11:10 a.m.

12 to 1 p.m.—Pacific Vagabonds

The Pacific Vagabonds will broadcast a program through KOMO, KGO and KFI.

5 to 5:30 p.m.—Interwoven Pair

Billy Jones and Ernest Hare, the Interwoven Pair, who have been touring the United States, will come before the microphone to broadcast another musical travogue.

Tijuana, Grand Canyon and other show places of America have been visited by the Interwoven Pair during the trek designed to prove the advantages of adopting the slogan, "See America first."

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6 to 6:30 p.m.—The Gossipers, a new weekly program (transcontinental) will be broadcast through KOMO, KGO and KPO.

6:30 to 7 p.m.—Half Hour with the Senate

Statesmen who play a leading part in governmental affairs will address the coast-to-coast audience of NBC system stations tonight through KHQ, KOMO, KGW, KGO and KPO.

7 to 8 p.m.—Tales Never Told

Stories that are suggested in the words of familiar songs will be dramatized in the "Tales Never Told" period tonight.

A mixed quartet sings four numbers in the hour. Following each song, members of the National Players enact a dramatized version prepared by Ted Maxwell, under whose direction the program is produced.

Charles Hart conducts the orchestra which accompanies the singers and provides a musical background during the dramatic vignettes.

Broadcast through KGW and KHQ.

8 to 9 p.m.—RCA Hour

Melodies that range from the brilliance of Sir Edward German's "Torch Dance" to the simplicity of Ponce's "Estrellita" will be combined with an astronomical lecture by Henry M. Hyde to form the RCA "University of the Air" program.

- Complete details follow:  
 World of Music and Letters—

 Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

9 to 9:30 p.m.—Borden Dairy

The radio friends of Esmerelda, Silas and Charley will learn more of their amusing romance and a substantial musical program will be presented under the direction of Charles Hart.

"Kewpie Doll" is the first orchestra number scheduled and among the others is the laughable "Fall River Line," which the mixed quartet will sing.

Broadcast through KHQ, KOMO, KGW, KGO, KPO, KFI, KSL and KOA.

10 to 11 p.m.—Broadway Melodies

Margaret O'Dea, contralto; Ethel Wakefield, soprano; Edna May Hamilton, contralto, and John Warren, baritone, are among the NBC staff artists who will be heard in Broadway selections. Ranging from light classical to operatic motif, the songs will conjure memories of days long passed and bring to life again the heroines and heroes of a dozen years ago.

Broadcast through KFI, KSL and KOA.

11 to 12 midnight—Dance music by the Trocaderoans will be broadcast through KPO.

**THE RADIO TATTLER**

(Continued from Page 6)

of entertainment. As long as we must have all this personal stuff, nothing is nicer than to have it delivered in the home, neatly wrapped in kilowatts, and preserved in the sugar of our own picking. We know it is not new. It is just redressed and decorated.

\* \* \*

Not that we mean broadcasting is all gossip and scandal. Oh, dear no! Even the air is censored. Uncle Sam lays down certain limits which no one dare transgress. It was felt that with radio bringing in all the things that happen everywhere, it would never do if people went about telling the truth about everything. Gossip has to be filtered to be enjoyed, as everyone knows. Truth is a form of gossip that is not often broadcast. People tune it out and tune something else in, unless they are seeking truth. And how many of us are?

These universities are wasting time. Broadcasting is as old as the hills. It goes back to the Garden of Eden, where Eve mentioned casually one night that she knew where a darned nice apple grew. That was the first broadcast, and it got on the network of human affairs and before the evening was over the whole world heard it.

## SATURDAY Programs

# NBC

### National Broadcasting Company

3:15 to 3:30 p.m.—Universal Safety Series  
 "Safety on the High Seas" will be discussed by Joseph E. Shedy when he steps before the microphone as the speaker in the Universal Safety Series program, broadcast through KHQ, KOMO, KGW, KGO and KFI.

4 to 5 p.m.—The Cavalcade  
 The company of artists is directed by Hugo Mariani and the musical selections vary from popular to operatic compositions.

Broadcast through KOMO, KGW and KGO.  
 5 to 6 p.m.—General Electric Hour  
 A concert orchestra playing under the baton of Nathaniel Shilkret will present the General Electric Hour program to be broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6 to 7 p.m.—Lucky Strike Hour  
 New and old melodies, interpreted in the most modern dance rhythms of the present day, will be presented for a nation-wide audience by B. A. Rolfe and his Lucky Strike Dance Orchestra through KHQ, KOMO, KGW, KGO, KPO and KFI.

7 to 8 p.m.—Boys and Girls' 4-H Club  
 The 4-H Club is an organization for farm boys and girls between the ages of ten and twenty, developed by the Home Economics and Agricultural Extension Services of the State and Federal governments. About 700,000 boys and girls belong to the club.

Four club members from each state are attending the annual club camp gathering from which this program will be broadcast. During the hour Isabel Bevier, dean emeritus of home economics at the University of Illinois, will speak from Chicago. Dean A. R. Mann of the New York State College of Agriculture at Cornell University will deliver another address. The name of the principal speaker will be announced during the program.

Two achievement trophies—the Warburton trophy for girls and the Smith trophy for boys—will be awarded. Music by the United States Marine Band and soloists will complete the program. Dr. C. W. Warburton, director of extension work in the United States Department of Agriculture, will preside.

Broadcast through KHQ, KGO and KFI for the entire hour and through KGW from 7 to 7:30 p.m.

8 to 8:30 p.m.—Temple of the Air  
 Temple bells will ring out an invitation to listeners to hear music from the "Temple of the Air," and as the sound of the chimes fades away the ensemble will begin its first number—"If We Should Never Meet Again." Continuing the program, the string sextet will present a quaint and charming Komzak composition called "Fairy Tales."

"Farla," a waltz song by the Italian Arditi, will be the soprano's solo selection. Another solo will be offered by the baritone, who has chosen Keel's "Trade Winds."

Both male and mixed quartets will participate in the broadcast, in addition to the soloists and the instrumental group.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

9 to 10 p.m.—Golden Legends  
 "Streets of New York" is the title of the dramalogue to be presented during the broadcast tonight.

Edwin Whitney has prepared the 70-year-

old play for radio presentation by a picked cast of National Players. "Streets of New York" had its premier in the old Wallace Theater in New York. The plot deals with the financial panic of 1837 and the curtain rises to reveal a Nassau Street banking house over which Gideon Bloodgood, the banker, rules.

Broadcast through KGW and KGO.

10 to 11 p.m.—School Days  
 Professor Knicklebine and his unruly pupils who just will "speak pieces" and sing during their hours for lessons will be heard. "School Days," bringing memories of the days of the little gray slate and the hickory stick, will be heard through KOMO, KGO and KPO.

11 to 12 p.m.—Let's Dance  
 A twenty-piece dance band playing under the baton of Frank Ellis will be heard through KOMO, KGO and KPO.

THE thing that so many people like about Ce Co radio tubes is that they're not soft and mushy—nor, on the other hand, hard and metallic in the tone. They give you just a clear, round, natural quality that makes almost any set good. Noted for their long life.
