System 90 puts Harris ahead in program automation

■ System 90 is a complete program automation control package, with many standard features that are usually considered optional in other systems.

■ All programming is handled from a single control console, which can be conveniently located up to 150 feet away from the system. The console also provides continuous display of important operating data.

■ Flexible design lets you expand as your needs expand . . . with additional consoles, memory expansion, source expansion, automatic memory load and a choice of clear text or numeric logging.

And there's lots more. For complete information about the dependable, easy to operate, competitively priced System 90, write Harris Corporation, Broadcast Equipment Division, 123 Hampshire Street, Quincy, Illinois 62301.
