I. D. A. CHAPTERS

ALPHA (Toledo), running smoothly with a number of new membership prospects. Dec. 14th meeting held at home of Sidney Steele. Local dues, and plans for a local tip sheet were agreed upon. Jan. 4th meeting at home of Ray Lewis, with a good attendance. Reception fair.LR3 and KGU are best bets at present.

BETA (N.Y.C.). Dec.28th meeting held at home of Ed.Goss, 812 Prospect Place, Brooklyn, with a good sttendance. It was decided to hold meetings every three weeks at this same address, because of its central location. Principal discussion concerned plans for increasing the Chapt.membership. Next meeting was set for Jan. 18th.

DELTA (Mich). Jan. meeting held 9th at home of John DeMyer, with nine including some prospects present, for memberships, guests of Mr.Alf Debicki. DX conditions were discuss ed, and Mr. DeMyer displayed a fine group of new veri's. Next meeting was set for home of Miss M. Caniff. REGINA JUBILEE (Regina) climbs towards high ranking Chapt. position, with present enrollment of thirty active members. At meeting of Jan. 5th, re-election of officers approved Wm.Ansell as Chairman, and L. Westmoreland as Sec. An Executive committee, composed of Messrs. Dickenson, Hodges, Johnson, Ansell and Westmoreland was appointed. Local dues of 25¢ per month were agreed upon. It was decided that something must be done to save the Chapter Honor in the S.W.Contest with Calgary Foothills, as Regina seems to be lagging sadly behind.

RADIO GLOBE TROTTERS (Los Angeles although one of the younger Chapters, already has enrolled 19 members. Chapter meetings are held in the Studios of KFAC, prior to the regular weekly Broadcast period, sponsored by Director Wm.Ellis and Harry Jones.

GLOBE RADIO DX'ERS (Australia), proceed with plans for a large Australian IDA.Gen.Rep.A.Preece,61

Lipsom St., Adelaide, announces six months membership campaign with prizes.Rep's will be appointed for Victoria and Tasmania.All Australian IDA correspondence should be at Australian IDA-HQ by the 2nd, and last Tuesday of each month. Official logs of IDA members will be kept by Mr.Preece, and IDA Letterheads and Badges will also be available. Publicity will soon be started in each state by Mr. Preece

(Chapter Sec's. must NOTE: have Chapter reports in by 17th-Ed).

DELUXE SIX HOUR SCOOP TIP SERVICE The IDA may soon inaugurate something new in DX history, providing sufficient support is afforded.

DX SCOOP'ITEMS are often received here which would be of great value to enthusiastic dx'ers, Radio Colum nists, DX period announcers, and publishers, providing such inform-ation could be instantly released and sent to those individuals by the fastest possible air-mail service (Foreign service would include U.S.Airmail, plus first outgoing boat).

Such a service would be a heavy expense, as it would necessitate setting up special handling machinery, stenographic help in editing and addressing, and air-mail postage expenses. Such a service would take precedence task, at any time. over any other

We would be willing to undertake such a service, guaranteeing to get the data in the mail within six hours of its receipt, providing we could be assured of a sufficient number of people willing to pay a substantial fee for such a personalized Six Hour DX Service. Write at once if interested-Ed.)

RABAT IDA PROGRAMS HUGE SUCCESS Many members report the IDA Programs from Rabat, Morocco, Africa on Dec.18th and Jan.8th. Signals were quite strong with some reporting interference from KFSD. Although the music was mostly native, a lady announcer announced in English and French.

Other IDA Specials reported fair to good, were those from Hamburg, Turin, Lille, Marseilles and Stras-bourg. Exceedingly poor conditions made the other specials insudible.

Wm.Rank, Box 1, Route 1, Frostburg, Maryland, wishes to contact an IDA member wanting to sell a Short Wave Set at a not too large cost.

It is our sad duty to state that Murray Black, of Canon City, Colorado, has reported the recent and untimely demise of IDA State Mgr, Mr. Henri Mershon of Pueblo, Colorado. This is a great blow to us, and we wish to extend our heartfelt sympathy to the family of Mr. Mershon at this time.

Eugene Darlington, W2XAF, has kindly sent us a fine collection of foreign International Reply Coupons to be used for an award in some IDA Contest... In recognition of his contribution to Radio Transmission we are pleased to award an Honorary Life Membership in the IDA to Sr. Amando Cespedes Marin, of Heredia, Costa Rica... The future of the 2nd Dist.Circlette, rests with the members, if you want it continued, contact Wm.Ellis,1750 S.Longwood,Los Angeles,Calif...I suggest a "Calls Heard" Column for each Continent as soon as we get a larger GC (Moss-England) ...IITO good on IDA Special. Reports out to LR1, LR4, LS2, IIBA, 44A, Torun HJ1ABA.Copenhagen, Paris PTT, Moravska Ostrava, Brussels 2, Lyons la Doua, HIX, etc. (Walker-N.J.)... Marseilles verified on IDA Special. Fecamp, P.P., Bordeaux, Munich and Cologne being heard. Recent veri's, 3GI, 2GZ, LBH 2KO and 2UE (Gustafson-Ill) ... LRl verified in six weeks, and returned my IRC (Stansfield-England)...Best BCB veri's received this season are 3GI, 3YA, HJ3ABH, and reports out to PRFL, ZP9 and PRB9 (Base-Md)... Have just purchased a 1936 S.M. THE WORLD LISTENS IN

AKIFUSA SAITO IDA REP. IN JAPAN

Akifuse is the chief En gineer at transmitting Station JOGK in Jumemoto, Japan.

Some common Japanese words are: To broadcast (honson suru). The broadcasting station (honson Kyoku The broadcasting Corp (honson Kyon kai). The Central b.c.St. (Chunou honson Kyoku).Good Morning (Ohayou Gozai Masu).Good Day(Kon Nichi Wa) Good Evening (Kon ban wa). Good Night (Oyasumi Nasai Mase). Good Bye (Sayonare).

I have reported to KNX and KPO this month. KNX heard 11:30-12:30 am J.S.T.KPO heard 12-12:30am.I am unable to hear KSL at present.

European reception is very bad. The following veri's were received this month: 7NT,Lille PTT, Prague, KSL, KZRM, Nice PTT and Breslau.

7NT sent a letter from the chief Engineer with the veri', from which I got important technical data.

> SANTIAGO DE CHILE REPORTS -Prof. Luis Hernandez-

American stations with no interesting programs have been heard in regular conditions this year. Europe has been heard on several waves, and has wonderful and artistic programs better than your powerful W2XAF.

My antenna is very short, under a corrugated iron roof,5 meters long and it catches noises.

A good Scott All-Wave costs here perhaps more than \$10,000 Chilean pesos.

On account of the conference of South American Broadcasters in Buenos Aires, all Chilean stations have changed Call letters, and wave length. The best station in Chile is CB-76, on 765kC, with lOkW. -In Buenos Aires there is the new 50kW LR1, Radio El Mundo. From Brazil, I hear Sao Paolo, Radio Faroupilla, on 600kC, with 25,000 watts.

EUROPE HEARD WELL IN MASSACHUSETTS -Warren Reichardt-

The only way to hear the European stations is to get up about 12:30lam EST. The only nights I don't get up are when the stations are coming through poor in the afternoons. TA reception seems to be the best here the first quarter, and the last quarter of the moon. All stations below 1100kC seem to come in better on an antenna less than 100 ft.long. The Radio News Antenna Traptenatuner is a big help in cut ting out interference. Up to date, I have 125 foreign BCB veri's (not including N.A., or C.A.) and have 52 reports out. South Americans are poor here, and not a Jap heard this season. Aussie reception only fair. 4IP,50 watter, in Ipswich, Australia heard Oct. 11, and 14th, best TP veri this season. As European best bets Mr. Reichardt includes Stuttgart, 574, best bet 1-2am...<u>Brussels I</u>, 620, Regular 1:45-2:15am, but QRM from KFRC...Lyons la Doua, 648, best bet 4:30-5:30pm, or 2-2:30am...Cologne, 658, best bet 1-2am Munich. 740,1-2:30am, best bet of Germans. Strasbourg, 859, 2-2:30am, good but some QRM from Mexican.... Toulouse, 913, good before 5pm only....Brus-sels II, 932, 1-3am, very good..Poste Parisien, 959, 3: 30-6pm, or 2:15-3:30 am, excellent... Algiers, 941, good from 2:10-2:30am... Torun, 986, testing 1-1:45am best Polish station .. Rennés, 1040, 1:30-3:30am, one of the best French stations....Bordeaux, 1077, 3:30-5pm, 1:45-3:30am, very good...Moravska Ostrava 12:30-1:30 am, best bet of Czechs... Normandie, 1113,1:45-4pm, very good...<u>Copenhag</u> en,1176,5-7pm, 1-1:40am, 2-2:45am, best until 2am....Nice PTT, 1185, 4:30-6pm, good bet ... Frankfurt, 1195 5-8pm, 12-3am, very good bet ... Klagenfurt, 1-2am, 4:30-5pm, very good volume...Radio Lyons 4-5pm, good.

SAN FRANCISCO CROSSES PACIFIC -George C. Sholin-

BCB stations heard here are 1YA, 3YA,KGU,KGMB, LQG,LR1,JOAK1-2,JOBK, JOCK-1,JOFK-GK-HK-IK-PK-XK.A veri' from CMQ, 500 watts, says they have changed to RROKC. The power is to be increased to 5kW soon. Their sked is 7am-lam EST. My two-tube set has gone into retirement. On it I have heard over fifty countries with nearly all verified on the SW'S. The new receiver is a Philco 116B.

Harry O. Jones, one of the popular DX News Announcers on KFAC's Thursday night llpm PST. DX Period in writing about his new PR-16 says.

"The noise level of the 16 is far less than any other receiver I have heard, and it has selectivity plus. I cannot understand its beautiful tone, with such selectivity as this receiver offers.Perhaps you would be interested in knowing that I have been able to send for the following veri's in the three weeks I have had the receiver-PMA.PLE.ETA.W3XAL.W2XE JVF.HAS3.W2XAD.DJQ..GSI.W1XAL.FYA.PCJ.DJB.GSF. 2RO.HVJ.JVH..VPD.GSE.HJ4ABA.DJD.GSD..PHI.CJRX.
