Frequency Checking Ed. R. B. Oxrieder;  
Ama-Touring Editor, R. Gozen.

TI, NRH'S PROGRAM FOR IDA  
WEDNESDAY, MAY 18, 9-10 P.M. EST,  
TI, NRH, 9.70MC, HEREDIA, C.R.

MAIN STUDIO OF TGWA, GUATEMALA CITY

The DSW degree has been conferred upon G. Graham; Don Wright eligible to receive JUNE AMA-TOURING, send at least one item for it and stamp to R. Gozen, 1 Richfield Ave., Yonkers, New York, before June 1 . . . DEADLINE for June G. C. May 16; for JUNE Stop Press Sheet, May 28.

It is IMPERATIVE that all S. W. reports use one side page only; that lines be double-spaced; items be grouped by continents, and time used be stated. Items in order of importance are: NEW stations; exact frequencies, or changes; exact schedules, or addresses; identifying signals and unusual receptions. RUSH important items by fastest mail. . . . FOUR STAR items denote exceptional merit. EACH FIVE STAR ITEM PAYS CONTRIBUTOR \$1.00.

## EST) NORTH AND CENTRAL AMERICA (EST

The following stations give English announcements: HH3W (9.645), HRD (6.235), YVIRI (6.205), COCD (6.13), XBUZ (6.117), TG2X (5.94) (Larsen)

ALASKA Anchorage Radio Club, Inc., has requested permit for 175w xmt. to work on 3.492 and 6.425mc . . . WXA (9.93), heard calling Seattle on Mar. 16, at 11pm (RBO) (pm (Kernan))

BERMUDA ZFB (10.05), heard phoning WNB, and Queen of Bermuda at 7-BRIT. HONDURAS ZIK2 (10.6), now being heard Tues/Thurs/Sat 8:30 or 8:45 to 9pm (RBO)

CANADA Call CFRB (6.07), Toronto, now being used instead of CFRX. . . VE9HX (6.13), Halifax, reads S.W. news on Sundays, at 4:30 and 9:30 pm (GCIXC) . . . VE9RL (2.23), emergency station for Montreal Light, Heat & Power, Cons, power 350 watts, heard irreg. Reports verified (Graham)

COSTA RICA TIGPH2 (5.813), San Jose, has gone off the air - at least for the present (RBO); The "Hour of Costa Rica," in English, heard over TIPG (6.41), Sat. at 8pm (TIPG); NEW: TIRS, or TI2RS (7.445), "Radio Athenea," San Jose, operates 7-11pm. Signs-off with Ted Lewis' "Good-Night Melody" (\*\*RBO); TIWS, Puntarenas, still very unstable in frequency, hopping about between 5.73 and 6.65; TIXD, San Jose, will soon inaugurate a 500w S.W. relay on 11.92mc (\*\*Ev. Roberts)

CUBA CLA5 (14.95), heard testing and calling hams at 4pm (Herzog); CMA5 (15.505), heard relaying an NBC program at 11:30pm (Velasco) . . . CMA5 (17.26), Havana, heard testing with WQA and WQE, on Apr. 14, at 12:53pm (T. Smith); COCX, now in vicinity of 9.725mc; COCX has shifted to 11.74mc (RBO, CAM, Wright, Shaffar, Graham)

D.R. HILS (now 6.43), "La Voz de Hispaniola," Santiago City, back on the air again, is operating from approx. 5:40 to 7:10pm, and signs-off with "Indian Love Call" (\*RBO, Larsen); HI5P (6.565), "Ecos del Isabel de Torres," Puerto Plata, being heard early evenings (RBO); NEW: HI6H (6.6), Trujillo City, first noted on Mar. 27, signs-off at 10pm (\*\*RBO, Wright); HI7E, Trujillo City, has shifted to 6.763mc (RBO)

GREENLAND WLOXAB (14.368), Reindeer Point, often heard 9-10pm. Also has commercial sked on 12.865 and 17.31mc, irreg. Exped. will start for home around the last of July (\*Hadlock, Ambrosius, Shaffar, Eders)

GUATEMALA TGQA, Quezaltenango, now on 6.4, where it is buried under YV5RH, until that station signs-off (\*RBO, Velasco, T. Smith, Armantrout) . . . TG5 (7.1), owned by Juan Quillen and Julio Caballeros, P.O. Box 12, Guatemala City, heard irreg., verifies with a beautiful card showing the native quetzal bird (\*RBO, NNRC). . . Tues/Sat 10-11pm, following stations broadcast on national network program: TGQA, TGWA, TG2 and TG2X, as well as broadcast stations TGQ, TGW, TG1 and TGX (\*Shaw)

HAITI HH2S is back to 5.925mc again; occasionally has English

program from 9 to 9:30pm (\*RBO, Larsen, Eders)

HAWAII Additional freq. of 10.09mc, licensed for use at Kahuku.  
HONDURAS HRN (5.87), comes on air on weekdays at 6:30am, and on Sun-  
days at 9am; signs-off at 10, or 10:30pm (\*Eders, Byrn)  
MARTINIQUE "Radio Martinique" announces that QSL cards are now avail-  
able (\*Reinhard)

MEXICO "Radio del Pueblo" (7.1), seems to be off for good (Velas-  
co); Phone xmtrs. XEBZ/XFBY, the latter in Vera Cruz, are testing on  
7.445mc. Irreg. (\*RBO); XEME, Merida, heard back on the air, on 8.56mc, on  
Mar. 29, only. Was probably testing a new xmtr. (Velasco); XEWV, Mexico  
D.F., is being heard on 15.16mc, irreg. in evenings (Velasco, Shaw, Her-  
zog, Larsen, Graham); XEYU on 9.602, HP5J on 9.604 and RAN on 9.6, can  
all be separated with a selective receiver (\*RBO)

NICARAGUA YNLGG using 6.537mc again (RBO); YNPR (8.58), broadcasts  
German programs irreg. to 11pm (Reinhard)

PANAMA V. Arrango of HP5A (11.7), Panama City, writes that all cor-  
rect reports, enclosing an IRC, sent direct to the station will be veri-  
fied (\*\*Shaffer); Veri gives sked of HP5B (6.033), as daily 11am-1pm,  
and 6-10pm. The mailing address is Apartado 910 (Armantrout)

ST. KITTS VP2LO (6.384), has been making aerial tests late Saturday  
nights and early Sunday mornings (\*Shaffer, Byrn, RBO)

U.S.A. O. Hungerford, VP3THE, arrived back in New York City, early  
in April, subsequent to a 600-mile trek across country to Georgetown  
(NBC) . . . Vice-Pres. Frank Mason, has been placed in charge of all NBC  
short-wave activities (NBC) . . . Mystery xmtr. heard Apr. 2, 10:45-11:40pm  
on 9.96mc. Announced "This is the West Coast calling and station RH in  
operation under a full signal power of 72 watts. We are operating on  
our assigned frequency of 10 megs. Played records (\*Larsen) . . . Sked  
of W1XAL: on 15.25mc, 1:30-3pm Mon. thru Fri. 11am-noon Sun; on 15.13,  
11am-noon Mon. thru Fri; on 11.79mc, 4:15-6:30pm Mon. thru Fri--6 to  
6:30pm Sat, and 1 to 6:30pm on Sun; 11.73mc, 9-11pm Mon. thru Fri; on  
6.04mc, 7-8:45pm Mon. thru Fri (\*RBO, Balbi, Herzog, T. Smith) . . . Spanish  
news over W2XE, now heard daily 5:45-6pm . . . New G. E. sked effective  
Apr. 24: over W2XAD, on 21.5mc, 7-11am to S.A.; on 15.33mc, 11:30am-5pm,  
to Europe, and 5-6pm to S.A.; on 9.55mc, 6:30-10pm to S. A. and over  
W2XAF (9.53), daily 3-5pm non-directional and 5-11pm to S.A. . . . IDA news  
notes heard over W2XAF/W2XAD Tuesdays, at 5:35pm EST (G. E.) . . . Sked  
for W9XF (6.1): daily ex. Sat. 10:05pm-1am, and Sat. mid-1am (W9XF) . . .

PANAIR 11-P, of the Pan American Airways, licensed to use 20w, on 2.986.  
. . . COMMERCIAL: KEI (9.49), heard almost nightly mid-1am (Herzog, Ker-  
nan); KLY (12.81), heard calling Empress of Britain GMBJ, Mar. 30, 12:10  
am; KMI (17.09), heard calling GMBJ and signing-off at 12:03am (Kernan)  
. . . TELEVISION: From Apr. 19 to May 19, W2XBS, RCA television xmtr. in  
Empire State Tower, will broadcast on Tues/Thurs 9-10pm; picture sig-  
nals on 46.5, and sound on 49.75 megs (\*NBC)

S O U T H A M E R I C A

ARGENTINA NEW: LRA (9.69), Buenos Aires, broadcasts nightly 7-9pm.  
Clock resembling Big Ben strikes at 7pm (8pm B.A. time). Send reports  
to LRA, "Palacio de Correos y Telegrafos," Buenos Aires (\*\*Velasco, Lar-  
sen, Wright, T. Smith, Shaffer, RBO)

BRAZIL PSH (10.22), broadcasting irregularly at present (RBO)

BRITISH GUIANA The B. G. Militia Band plays over VP3MR (6.075), every  
Sat., Second Sun, and Sunday evenings immediately following full moon,  
from 3:45-4:45pm and 7:15-9:15pm respectively.

COLOMBIA Sked for HJLABP (9.618), Cartagena; weekdays 9am-1:30pm, and  
4:30-10pm, and Sun. 4:30-9pm; HJ2ABJ, Santa Marta, now on 4.76 (Larsen,  
RBO); Sked for HJ4ABE (6.145): relays HJ4ABK (1250kc), daily 9:30am-1-  
pm and 5 to 11:30pm. . . HJ4ABU (8.65), "University de Antioquia," Apar-  
tado Postal 217, Medellin, kW, operates weekdays 7-10pm (NNRC) . . .  
HJ6ABC (4.736) and HJ2ABJ (4.762), often phone after sign-off near 10  
pm (Larsen) . . . Sked for HJ6ABH (9.52), Armenia: daily 8-11am and 6-10  
pm (Armantrout) . . . Address for HJ7ABB, is P. O. Box 37, Bucaramanga (RBO)  
. . . An HJ3ABY (6.122), "La Voz de Colombia," Bogota, " is given on an of-  
ficial list of Colombian stations (NNRC)

EQUADOR HC2CW, Guayaquil, on 9.235mc, at present (Larsen, RBO, Velasco)

PERU "Radio Rancho Grande (12)," Trujillo, operates from approx.  
6 to 7:45pm (\*RBO) . . . OAX4J (9.34), "Sintonice Radio Internacional,"  
Casilla No. 1166, Lima, relaying OAX4I (1100kc), daily noon to midnight,

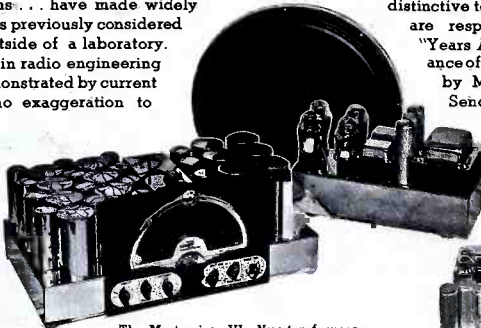

# Still "Years Ahead"

## RADIO BY McMURDO SILVER

**STARTLING** radio engineering achievements have characterized the work of McMurdo Silver for a quarter of a century. Year after year his radio receivers have won the acclaim of technical schools, engineering laboratories, radio distance receiving champions, leaders of scientific expeditions, and internationally famous musicians. . . have made widely accessible results previously considered unobtainable outside of a laboratory. This leadership in radio engineering is strikingly demonstrated by current models. It is no exaggeration to

say that no real conception of what radio offers today is possible until you have tested the 1938 masterpieces of this master engineer. Here is radio which, with uncanny "reach" goes to the earth's four corners to snare unique and unusual programs. . . music, sports, news, ships' messages. Thirty-six distinctive technical features are responsible for the "Years Ahead" performance of tomorrow's radio by McMurdo Silver. Send for details.

The 14-15—Super-sharp communication receiver of 14 tubes (15 with larger speaker) with tuned and staggered regenerative r. f. amplification on all wave bands.

The Masterpiece VI—New t. r. f. super-heterodyne and exclusive Multi-Band Circuit, employing 21 tubes on two 3132-in. chromium plated steel chassis.

The 19-17—Advanced 15 tube super-heterodyne circuit delivering functional efficiency of 17 tubes. Every coil and circuit individually shielded and chassis chrome plated throughout.

### Type 1B Pre-Amplifier Mixer —

of a 6F5, the two capable of being mixed and faded together by individual gain controls. The first with a 6J7 pentode yields 86 db. voltage gain with an input of 2 megohms permitting use of crystal or other low-level microphones plugged in directly through standard shielded jack and plug. The second channel serves for high-level microphone and phono-pick-up or radio receiver input and gives a voltage gain of 20 db. Operation is from any 105 to 125 volt, 25 to 60 cycle a.c. or d.c. power line. Hum is unmeasurable and the 1B may be used to drive following power amplifiers with no trouble on this score, with 20 to 50 foot separation through single conductor shielded microphone cable. Substantial steel shielding case is 7" long, 6" high and 3-1/2" deep. Shipped complete with 1 each tested Raytheon 6J7, 6F5 and 6F5. It will turn any good receiver into a complete P. A. System.

This pre-amplifier and electronic mixer (self powered, universal a.c.-d.c.) features two channels into the two triode sections

### New and Sensitive Dynamic Microphone

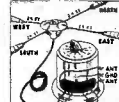

In America's best and most highly developed broadcasting stations, the dynamic microphone reigns practically supreme as the acme of microphone quality. So, in offering a microphone comparable in quality to the best receivers, we naturally selected the dynamic principle as the sound basis upon which to start development.

We are proud to offer at one and the same time not only a microphone directly comparable in quality to the costly units used in the finest broadcasts, but to provide through recent research greatly increased sensitivity, a combination of directional or non-directional characteristics in one single unit—and to be able to establish what is an extraordinarily low price for such a remarkable instrument.

The new McMurdo Silver 4A Dynamic Microphone is shown mounted upon its 7" high, no-tip-over steel desk stand, together with the shielded plug which terminates at the microphone, the 25-foot rubber-covered shielded microphone cable with which it is equipped. Both stand and cable plug unscrew for convenience. The stand thread is standard, so that the microphone itself may be quickly transferred to different stands as may be desired.

This superb microphone is only 3-13/16" long and 2-1/4" in diameter, and weighing but 1-1/2 lbs. has a frequency characteristic flat to 3 db. from 50 to 10,000 cycles—the full range of the best broadcast stations. Its "level" is unusually high, being only -52 db. and its output impedance is 50,000 ohms and materially reduces a.c. hum pick-up by the microphone or its cable and permits quite long microphone to amplifier cables—even up to a couple of hundred feet when necessary.

### New Selective-Directional Antenna

The SELECTIVE-DIRECTIONAL 9 is a positive means of locating weak signal strength and reducing noise and interference. It provides an extraordinary amount of local noise reduction—dependent wholly upon how far away from and high above local electrical noise sources one can erect its "X" flat-tops.

The SELECTIVE-DIRECTIONAL 9 gives nine different choices of directional doublet, single wire and V-aerials. One may select at the turn of the knob an East-West or North-South doublet, an East, West, or South single wire "L" antenna, or a South-East, South-West, North-West or North-East "V" aerial.

All are coupled to the receiver through a noise rejecting transmission line and perfected automatically self-selecting long and short wave antennas and set couplers. All soldered and ready to put up, erection requires only two crossing 60-foot spans in approximate "X" form on house top, open lot, or anywhere such spans can be conveniently found.

Kit includes 4 antennas and insulators, 4 stand-off insulators, lead-in insulator tube and 50-ft. of weather-proof lead-in cable.

MAIN STUDIO OF TGWA, GUATEMALA CITY

## EST) NORTH AND CENTRAL AMERICA (EST

The following stations give English announcements: HH3W (9.645), HRD (6.235), YVIRI (6.205), COCD (6.13), XEUZ (6.117), TG2X (5.94) (Larsen)

ALASKA Anchorage Radio Club, Inc., has requested permit for 175w intr. to work on 3.492 and 6.425mc . . . WXA (9.93), heard calling Seattle on Mar. 16, at 11pm (RBO) (pm (Kernan))

BERMUDA ZFB (10.05), heard phoning WNB, and Queen of Bermuda at 7-BRIT. HONDURAS ZIK2 (10.6), now being heard Tues/Thurs/Sat 8:30 or 8:45 to 9pm (RBO)

CANADA Call CFRB (6.07), Toronto, now being used instead of CFRX. . . VE9HX (6.13), Halifax, reads S.W. news on Sundays, at 4:30 and 9:30 pm (GCDXC) . . . VE9RL (2.23), emergency station for Montreal Light, Heat & Power, Cons, power 350 watts, heard irreg. Reports verified (Graham)

COSTA RICA TIGPH2 (5.813), San Jose, has gone off the air - at least for the present (RBO); The "Hour of Costa Rica," in English, heard over TIPG (6.41), Sat. at 8pm (TIPG); NEW: TIRS, or TI2RS (7.445), "Radio Athenea," San Jose, operates 7-11pm. Signs-off with Ted Lewis' "Good-Night Melody" (\*\*RBO); TIWS, Puntarenas, still very unstable in frequency, hopping about between 5.73 and 6.65; TIXD, San Jose, will soon inaugurate a 500w S.W. relay on 11.92mc (\*\*Ev. Roberts)

CUBA CLA5 (14.95), heard testing and calling hams at 4pm (Herzog); CMA5 (15.505), heard relaying an NBC program at 11:30pm (Velasco) . . . CMA5 (17.26), Havana, heard testing with WQA and WQE, on Apr. 14, at 12:53pm (T. Smith); COCC, now in vicinity of 9.725mc; COCX has shifted to 11.74mc (RBO, CAM, Wright, Shaffar, Graham)

D.R. HILS (now 6.43), "La Voz de Hispaniola," Santiago City, back on the air again, is operating from approx. 5:40 to 7:10pm, and signs-off with "Indian Love Call" (\*RBO, Larsen); HI5P (6.565), "Ecos del Isabel de Torres," Puerto Plata, being heard early evenings (RBO); NEW: HI6H (6.6), Trujillo City, first noted on Mar. 27, signs-off at 10pm (\*\*RBO, Wright); HI7E, Trujillo City, has shifted to 6.763mc (RBO)

GREENLAND WLOXAB (14.368), Reindeer Point, often heard 9-10pm. Also has commercial sked on 12.865 and 17.31mc, irreg. Exped. will start for home around the last of July (\*Hadlock, Ambrosius, Shaffar, Eders)

GUATEMALA TGQA, Quezaltenango, now on 6.4, where it is buried under YV5RE, until that station signs-off (\*RBO, Velasco, T. Smith, Armantrout) . . . TG5 (7.1), owned by Juan Quillen and Julio Caballeros, P.O. Box 12, Guatemala City, heard irreg., verifies with a beautiful card showing the native quezal bird (\*RBO, NNRC). . . Tues/Sat 10-11pm, following stations broadcast on national network program: TGQA, TGWA, TG2 and TG2X, as well as broadcast stations TGQ, TGW, TG1 and TGX (\*Shaw)

HAITI HH2S is back to 5.925mc again; occasionally has English

program from 9 to 9:30pm (\*RBO, Larsen, Eders)  
HAWAII Additional freq. of 10.09mc, licensed for use at Kahuku.  
HONDURAS HRN (5.87), comes on air on weekdays at 6:30am, and on Sun-  
days at 9am; signs-off at 10, or 10:30pm (\*Eders, Byrn)  
MARTINIQUE "Radio Martinique" announces that QSL cards are now avail-  
able (\*Reinhard)

MEXICO "Radio del Pueblo" (7.1), seems to be off for good (Velas-  
co); Phone xmtrs. XEBZ/XFBY, the latter in Vera Cruz, are testing on  
7.445mc. irreg. (\*RBO); XEME, Merida, heard back on the air, on 8.56mc, on  
Mar. 29, only. Was probably testing a new xmtr. (Velasco); XEWV, Mexico  
D.F., is being heard on 15.16mc, irreg. in evenings (Velasco, Shaw, Her-  
zog, Larsen, Graham); XEYU on 9.602, HP5J on 9.604 and RAN on 9.6, can  
all be separated with a selective receiver (\*RBO)

NICARAGUA YNLGG using 6.537mc again (RBO); YNPR (8.58), broadcasts  
German programs irreg. to 11pm (Reinhard)

PANAMA V. Arrango of HP5A (11.7), Panama City, writes that all cor-  
rect reports, enclosing an IRC, sent direct to the station will be veri-  
fied (\*\*Shaffar); Veri gives sked of HP5B (6.033), as daily 11am-1pm,  
and 6-10pm. The mailing address is Apartado 910 (Armantrout)

ST. KITTS VP2LO (6.384), has been making aerial tests late Saturday  
nights and early Sunday mornings (\*Shaffar, Byrn, RBO)

U.S.A. O. Hungerford, VP3THE, arrived back in New York City, early  
in April, subsequent to a 600-mile trek across country to Georgetown  
(NBC). . . Vice-Pres. Frank Mason, has been placed in charge of all NBC  
short-wave activities (NBC). . . Mystery xmtr. heard Apr. 2, 10:45-11:40pm  
on 9.96mc. Announced "This is the West Coast calling and station RH in  
operation under a full signal power of 72 watts. We are operating on  
our assigned frequency of 10 megs. Played records (\*Larsen). . . Sked  
of WLXAL: on 15.25mc, 1:30-3pm Mon. thru Fri. 11am-noon Sun; on 15.13,  
11am-noon Mon. thru Fri; on 11.79mc, 4:15-6:30pm Mon. thru Fri--6 to  
6:30pm Sat, and 1 to 6:30pm on Sun; 11.73mc, 9-11pm Mon. thru Fri; on  
6.04mc, 7-8:45pm Mon. thru Fri (\*RBO, Balbi, Herzog, T. Smith) . . . Spanish  
news over W2XE, now heard daily 5:45-6pm . . . New G. E. sked effective  
Apr. 24: over W2XAD, on 21.5mc, 7-11am to S.A.; on 15.33mc, 11:30am-5pm,  
to Europe, and 5-6pm to S.A.; on 9.55mc, 6:30-10pm to S. A. and over  
W2XAF (9.53), daily 3-5pm non-directional and 5-11pm to S.A. . . IDA news  
notes heard over W2XAF/W2XAD Tuesdays, at 5:35pm EST (G. E.) . . . Sked  
for W9XF (6.1): daily ex. Sat. 10:05pm-1am, and Sat. mid-lam (W9XF). . .  
PANAIR 11-P, of the Pan American Airways, licensed to use 20w, on 2.986.  
. . . COMMERCIAL: KEI (9.49), heard almost nightly mid-lam (Herzog, Ker-  
nan); KLY (12.81), heard calling Empress of Britain GMBJ, Mar. 30, 12:10  
am; KMI (17.09), heard calling GMBJ and signing-off at 12:03am (Kernan)  
. . . TELEVISION: From Apr. 19 to May 19, W2XBS, RCA television xmtr. in  
Empire State Tower, will broadcast on Tues/Thurs 9-10pm; picture signals  
on 46.5, and sound on 49.75 megs (\*NBC)

S O U T H A M E R I C A

ARGENTINA NEW: LRA (9.69), Buenos Aires, broadcasts nightly 7-9pm.  
Clock resembling Big Ben strikes at 7pm (8pm B.A. time). Send reports  
to LRA, "Palacio de Correos y Telegrafos," Buenos Aires (\*\*Velasco, Lar-  
sen, Wright, T. Smith, Shaffar, RBO)

BRAZIL PSH (10.22), broadcasting irregularly at present (RBO)

BRITISH GUIANA The B. G. Militia Band plays over VP3MR (6.075), every  
Sat., Second Sun, and Sunday evenings immediately following full moon,  
from 3:45-4:45pm and 7:15-9:15pm respectively.

COLOMBIA Sked for HJ1ABF (9.618), Cartagena; weekdays 9am-1:30pm, and  
4:30-10pm, and Sun. 4:30-9pm; HJ2ABJ, Santa Marta, now on 4.76 (Larsen,  
RBO); Sked for HJ4ABE (6.145): relays HJ4ABK (1250kc), daily 9:30am-1pm  
and 5 to 11:30pm. . . HJ4ABU (8.65), "University de Antioquia," Apar-  
tado Postal 217, Medellin, LkW, operates weekdays 7-10pm (NNRC) . . .  
HJ6ABC (4.736) and HJ2ABJ (4.762), often phone after sign-off near 10  
pm (Larsen) . . . Sked for HJ6ABH (9.52), Armenia: daily 8-11am and 6-10  
pm (Armantrout). . . Address for HJ7ABB, is P. O. Box 37, Bucaramanga (RBO)

-Glyde Criswell-

**RESUME:** Reception above 20mc has been very poor of late. **INDICATIONS FOR 5 METER DX:** via Sporadic E layer appear excellent for late April, and early May.

**NEW STATIONS:** W8KRZ, 150w, will relay WJR, Detroit, on 31.1, 34.6, 37.6, or 40.6mc; 1kw, for W.G.H. Finch, of N.Y.C., to work on 31.6, 35.6, 38.6, or 41mc; 500w, non-commercial broadcast station for Cleveland City Board of Education, to work on 41.5mc. . . The QRA for W8XUY (31.6), is Central States Broadcasting Co., Omaha, Neb; verifies promptly; W3XIR (41), came on air in February. Relays WCAU and is badly QRM'ed by W2XHG.

**NEW QSL CARD:** W6XKG, now has a QSL card, printed in two colors on a blue background. It is quite attractive. W6XKG is on 25.95mc, regularly.

**HEARD:** W8XOY (31.6), Box 830, Akron, Ohio, is the loudest, and newest station on this band. They request reports but no veri's have been issued as yet. . . W2XEW (31.6), Press Wireless, has been testing with tone signal daily from morning to night, and ruining reception of broadcast stations. Purpose unknown. . . A new station for commercial use has been testing for several weeks near 35mc, around 4pm. Call is reported to be HJ3A, Barranquilla, Colombia. It has been heard frequently as late as 6pm EST, working duplex. A woman talks frequently and only Spanish is used. . . WLXOC, a 15w Harvey rig atop a forest fire tower on Cape Cod, Mass., verified promptly by air-mail. . . W2XSO (37), White Plains, N.Y. Police, was heard testing with Car 6, recently.

**DATA:** Italo Martino advises WLXOU (39.7, may change to 40.3mc shortly) 15w, is testing almost daily, and appreciates reports which should be sent to 750 Main St., Hartford, Conn. . . The 2nd Signal Corps Station Commander requests listeners in the west to be on the look-out for WPV Governors Island, N.Y., testing on freqs. from 50 to 120mc. . . WLXMX, which causes so much QRM on 41, is a facsimile xmtr. atop Mt. Washington, N.H.

"I have been running 5 meter tests with Phoenix, Arizona, hams over a 40-50 mile path. Have heard 3 transceivers with only a 19-tube for transmission 45 miles across the mountains on my new Acorn Super."

(Clyde Criswell, Mission Ranch, Phoenix)

# BROADCAST BAND DX

"Have been able to verify all of the Bulgarian xmters. this season, and am particularly pleased with a veri' from "Radio Varna" (1275kc) ... This station is located on the edge of the Black Sea, and was logged between 12:05 and 12:30am EST, Stara Zagora was heard in A.M. and P.M. both, as was Sofia ... Melnik, Czechoslovakia, moved to 113kc, on April 10, Moravska-Ostrava, moved to 1205, and old Prague II was deleted. Fecamp, France, moved to 1411 kc, and Bergen, Norway, is now on the long-waves, on same frequency as Oslo, 260kc ... Veri' received from PRG2, Sao Paulo, Brazil, reports present freq. as 1040kc ... Veri' from TKXD, C.R., states station is putting 500w S.W. xmt. on 11.92mc's. ... Brazilians logged and reported to are: PRD2-PRI3-PRAS-PRE3-PRH9-PRB7-PRG9-PRE2-PRG3. Unidentified PR's heard on 566-1117-1130-1196-1305 and 1430kc. The one on 1196, may be PRE3, as I don't hear him on 1176 anymore. The one on 1130, signing off at 9pm EST, with the national anthem is the best received PR. ... Veri's received here during the past month: (LW) Kaunas-Moscow I-Minsk-Motala-Lahti--Oslo-Hilversum I, and (MW) Warsaw II-LT3-TXKD-TG1-PRG2-Stara Zagora-YVIRF-Varna-Stavanger--Naples-Sofia--Radio Lyons, and "Radio Nacional," Salamanca, Spain, now on 1285kc, and with relays being heard on 850, 1258 and 1467kc" (Evan Roberts, Danvers, Mass)

On Apr. 3, KHEC, heard here R8; on Apr. 4, LYA was heard, and on 10th, LYA was R6 at sign-off at 5:04am EST; 2YA was R7 on same morning, and heard unidentified station on 760kc (Rebensdorf-Harvard, Ill.)

The BCB TA's showed up for a few days during last part of March, and were quite strong in early evenings. Seemed like old times. Domestic reception is also better than early in season (Peters- N.S.)

CMBQ (680) verifies with a small but neat card. CMBL (710) verifies by letter. XEP (1160), Juarez, heard Mar. 20, at 4:07am EST, and reported to with new U. S. stamps enclosed, promptly verified ... KELO (670), Tijuana, heard on Mar. 27, at 3:10am. ... CMLJ (1160), Cienfuegos, heard on DX program, Mar. 10, verified with a beautiful scenic photo-card, which stated I sent 3rd furthest report. ... XET (690) heard Mar. 20, at 4am, verified promptly, with same card used by XETA. CMBY (970) heard on special dx program of Jan. 9, sent a

Very handsome modernistic card ... CMQ (600), at 3:30am on Mar. 12, was one of the most powerful signals ever heard on the BCB. On Mar. 25, at 8:15pm EST, A Spanish speaking station on 1350kc, said, "We now continue with our Empire program." Can anyone identify? (Shaffar-Iowa)  
DX has been very fair during the past 6 months, especially the Americans, Europeans and Easterns, but static has been bad. New veri's to hand are: LS11-LR1-Nurnberg-Monte Ceneri-Gleiwitz-Nurnberg-Florence-Nyireghyazer, Magyarovar-Linz-Warsaw 2-WABY-WMBO--WSJS--WPRA--KSLM-KWOS (first in NZ) and Singapore. The new stations in Rome (1222), Sofia (850), and VUL, Lahore (1086), are coming in well. Very few China stations are heard (Currie-N.Z.)

Latest veri's here are Klagenfurt, Austria, mailed two days before Hitler took over Austria, and ZNS (Lippincott-Mass.)

## E D I T O R I A L

WILL YOU sometime during the month of May, send us the name of one or more prospective members for the IDA? We will immediately forward sample copies of our publications and information on the club to each. This simple request will not cause you much trouble, and may be the means of giving us a banner month to finish an otherwise quite successful season.

## MEMBERS EXCHANGE CORNER

Hadley Wilcox, 623 West 140th Pl., Los Angeles, Calif. (will exchange QSL cards 100%) . . . Wm. Wheatley, 130-30 90th Ave., Richmond Hill, NY (wishes to exchange QSL cards) . . . Elwin T. Smith, Harrah, Wash. (wishes his friends to know he is now at "The Apple Orchard," 2208 Orange St., Dallas, Texas, for an indefinite stay.

## C H A P T E R S

ACC (Auto City Chapt. -Detroit): IDA Vice-Pres. and Dist. Director, John DeMyer, was an informal guest at the Chapt. meeting on April 19. . . J.R. Sedano, interpreter, employed by Chrysler, who has just returned from a trip to Mexico, spoke about the Mexican S.W. stations . . . The winners in ACC's recent dx contest follow: 1st- Morris Vanderhaeghe (230.9 points); 2nd- Harry Lueth (197.6), and 3rd- Dick Schoel (148). . . The very popular, "SWL Chatter-Box" program, sponsored by ACC, is now being held on Thursdays, at 10:45 p.m. EST, over W8XWJ (41).

BETA AND SOUTH JERSEY (N. Y. C., and Haddon Heights, N. Y.). An informal get-together of the members of Beta, and South Jersey, chapters, was held on April 30, Later Beta expects to repay the visit. Beta chapter ordinarily meets on alternate Saturday evenings at the home of Ed. Goss, 812 Prospect Place, Brooklyn. All dx'ers are welcome to these meetings.

DELTA (Lansing): The regular Delta meeting was conducted at the home of Alf. Debicki on April 5. A local ham, W8KSR, was a guest. . . The next meeting will be held at the

Above is a photograph showing the charter members of the "Windy City," Chicago Chapt. of I.D.A. . . This chapter meets on the 2nd Wednesday of each month, at the Central YMCA, 19 So. La Salle St., at 8pm . . . All dx'ers in the area welcome.

home of Howard Eck, of East Lansing  
FOREST CITY (London, Canada): The chapt. has elected officers, is meeting regularly, and plans to be well organized by next Fall. Information concerning meetings can be had from Jas. Pratt, 639 Lorne Ave.

REGINA JUBILEE (Regina): On Mar. 24, an impromptu surprise party was held for Mrs. Baird, who was leaving for Victoria . . . A regular business meeting was held the first Sun. in April. . . A social meeting will be held soon at Wm. Ansell's at which time plans will be laid for a proposed out-door get-together sometime in the summer.

WANTED: By George Williams of HP5J, Panama City, Panama, an inexpensive  
 30-watt CW and phone, amateur or broadcast transmitter.

## PRINTING A RADIO NEWSPAPER

## WOR RADIO PRINT

NEWARK  
Horse Radio Club

Newark, N. J., Thursday, Feb. 10, 1928

### RADIO OPENS VISUAL ERA

March of Facsimile Transmission  
Are Utilized by WOR Engineers  
New Home Radio Service

RADIO PRINT, first in the world, is being successfully demonstrated by WOR engineers each morning from 2:15-3 a.m. EST, over the station's channel of 710kc. The first facsimile broadcast conducted on Feb. 10, was directed primarily at a special facsimile receiver located in L. Bamberger's department store, in Newark, N. J. A two-column description of facsimile and its future possibilities entitled, "WOR RADIO PRINT", was transmitted, the finished product being neatly legible even to detail in a picture. The finished facsimile page is printed by the receiving mechanism upon a continuous ribbon of paper and may be torn from the receiver in desired lengths. The first broadcasts used a page four inches in width although ten or more inches are quite feasible. Facsimile receivers are neither expensive or complicated. At the present time a highly efficient receiver costs about \$125, but this price is expected to drop to \$35.00 or even less under mass production. Other xmtrs. including, WGN and KSD, are conducting facsimile tests on their regular channels, although eventually this new service will be radiated on the ultra-high frequencies.

Above: A facsimile receiver open, and closed.. Right: A reproduction of the first 'radio newspaper'!

Radio facsimile- the transmission of reading matter and pictures over the air, is being successfully demonstrated by WOR engineers each morning from 2:15-3 a.m. EST, over the station's channel of 710kc.

The first facsimile broadcast conducted on Feb. 10, was directed primarily at a special facsimile receiver located in L. Bamberger's department store, in Newark, N. J. A two-column description of facsimile and its future possibilities entitled, "WOR RADIO PRINT", was transmitted, the finished product being neatly legible even to detail in a picture.

The finished facsimile page is printed by the receiving mechanism upon a continuous ribbon of paper and may be torn from the receiver in desired lengths. The first broadcasts used a page four inches in width although ten or more inches are quite feasible.

Facsimile receivers are neither expensive or complicated. At the present time a highly efficient receiver costs about \$125, but this price is expected to drop to \$35.00 or even less under mass production.

Other xmtrs. including, WGN and KSD, are conducting facsimile tests on their regular channels, although eventually this new service will be radiated on the ultra-high frequencies.

### TI4NRH'S 10TH ANNIVERSARY CELEBRATIONS

Pioneer broadcaster TI4NRH (9.7), "The Voice of Costa Rica," which while using the call NRH, became world-famous with a power of but 7½ watts, and shares along with G5SW, PCJ, W8XK and W2XAF, the distinction of being one of the first five regular short-wave broadcasting stations in the world, will during the month of May, celebrate its 10th anniversary on the air, by broadcasting several gala programs dedicated to leading radio clubs and publications.

Senor Amando Cespedes Marin is Life Member No. 1, in the I. D. A., and upon this auspicious occasion, we offer our heartiest congratulations, and best wishes to our very good friend.

Those sending in reports (preferably by air-mail), enclosing a dime for handling, to Amando Cespedes Marin, TI4NRH, Heredia, Costa Rica, will receive a beautiful three-color lithographed diploma (14 X 18"), suitable for framing. These diplomas, at which we at IDA HQ have already had a peek are really very handsome and colorful.

The special broadcasts from TI4NRH, which will be transmitted nightly between 9 and 10 p.m. EST, will be dedicated to the following:

<p>MAY 3 SOCIETY OF WIRELESS PIONEERS MAY 18 INTERNATIONAL DX'ERS</p> <p>" 4 COMMEMORATION DAY of the first NRH broadcast on May 11, 1928.</p> <p>" 5 RADIO NEWS</p> <p>" 6 UNITED STATES OF AMERICA.</p> <p>" 7 CHICAGO S.W. RADIO CLUB.</p> <p>" 10 INTERNATIONAL S.W. CLUB.</p> <p>" 12 SHORT WAVE LEAGUE.</p> <p>" 13 N.Z. S.W. RADIO CLUBS.</p> <p>" 15 UNIVERSAL DX CLUB.</p> <p>" 16 KDKA</p>	<p style="text-align: right;">ALLIANCE.</p> <p>" 19 RSSL AND "ALL-WAVE RADIO".</p> <p>" 22 QUIXOTE RADIO CLUB.</p> <p>" 23 "RADIO GUIA".</p> <p>" 24 NEWARK NEWS RADIO CLUB.</p> <p>" 25 RADEX.</p> <p>" 26 GLOBE CIRCLERS DX CLUB.</p> <p>" 27 BRITISH SHORT-WAVE LEAGUE.</p> <p>" 29 A.R.R.L. AND "QST."</p> <p>" 30 RMA.</p> <p>" 31 WGY (W2XAF).</p>
