DX NEWS

AUGUST 1, 1934

Once again we find that it is time to start on the next Bulletin which in this case happens to be the August Bulletin, and incidentally the last of the monthly Bulletins which are sent out during the summer time, beginning with the first Wednesday in September we will again resume the weekly schedule.

We wish to welcome several new members this month into our club and it is our sincere hope that they will find their membership in our club to be of great benefit to them. Those whom we wish to welcome are: O. R. Spitler, 4835 Thomas St., Chicago, Ill; Maynard Fischer, 83 Albany St., Buffalo, N.Y; and Harold Buttels, 17 Miller Ave., Aurora, Ill.

We want to take this opportunity to announce that we have recently appointed a new Vice-President for the club. We are certain that our selection will please everyone for we have selected none other than Joseph J. Becker, 415 S. 11th St., Hamilton, Ohio who is otherwise known as the "Hamilton Night Owl". We are quite fortunate in having quite a fine write up about Mr. Becker and we shall pass part of it on to you. He has been interested in DXing for four years and in that time has logged 835 stations. There are only 15 stations in the United States that he has not heard. One of the greatest thrills that he has ever experienced in DXing was the time that he picked up TJW Hamilton, Bermuda using $7\frac{1}{2}$ watts. We know that Mr. Becker will do his utmost to make the NRC one of the most outstanding DX Clubs in the World. Since writing this article we have learned that Mr. Becker's log is now 837 stations and that they are all verified excepting CMHI. This indeed is a very remarkable record and we want to congratulate you upon such a splendid record.

Our new CPC Chairman is certainly working hard to get his committee organized and if any of you are interested in serving on this committee, please get in touch with either Mr. Huber at 351 Main St., Greenville, Penna. or with us here at headquarters. Please do this immediately for we want to get everything in order as quickly as we possibly can.

Mr. Kinghorn our Cuban Representative sends us a list of DX programs that he has already arranged for next winter and we are listing them in our note-book in order that we will not overlook them as the time comes for us to give them publicity. This certainly is mighty fine work Mr. Kinghorn and please accept our sincerest congratulations on such a splendid start. We are also advised by Mr. Kinghorn that CMCW 960 kycs. has moved and their new address is Galiano y San Lazaro, Havana, Cuba.

We are in receipt of a card from John J. Barlow who lives in Berkeley, Calif. and he advises us that KRE Berkeley are now operating unlimited time from about 7 AM to Midnight and that KTRB Modesto, Calif. are operating from 6 AM to 7 PM. Both of the above times are P.S.T.

Howard Schlobohm, one of our Brooklyn members advises us that the call letters for the "High Fidelity Stations" are as follows: 1530 kycs WLXBS Waterbury, Conn; W9XEY Kansas City, Mo; 1550 kycs. W2XR Long Island City, N.Y; W6XAL Bakersfield, Cal. He also advises us that WMCA is heading a new broadcasting system known as the American Broadcasting System. Stations that are members of this new chain are WPRO, WTNJ, WPEN and WDEL as well as WCBM and WOL. WOR has secured permission to move their transmitter to Carteret, N. J. Thanks for this information Howard.

SINGLETONS HELD

Henry Allen - W2XAG. (WGY test) (Pa)
 Frank Busted - CJAT. (Br. Col)
 Paul Craven - 2KY. (NY)
 Stuart Garnett - KOTN (Ill)
 Bill Garrison - XEL, PFBI. (NY)
 Arnold Gerrard - LRS. (Ohio)
 Charles Huber - CJRC, CMBD, WDNC. (Pa)
 Ray Lewis - CMHJ, KFQD, KSUN, WAMC, VOWR, XFB, XFO, LMI, Cardiff Wales, LVI, FQN,
 HIH. (Ohio)
 Bob Rawstron - CHCK, KZRM, VE9CF, 1ZR, 2UW, 2XN, 3B0, 3KZ, 3LO, 4YA, 5KA, OKB,
 Athlone Ireland, Liepzig Ger., JOAK2, JOBK1, JOCK1, JOCK2,
 JOFK, JOJK, JQAK, LR4, LS9, TIRCA. (Mass.)
 Pat Reilley - CMCO, WSGN. (NY)
 Earl Roberts - CMCM, CMCB, CMJF, 2FC. (Ind.)
 Jack Thompson - XETB, 1YA, JOJK. (Pa)

ELIMINATORS:

Charles Huber - Lewis' Stuttgart (Pa, Ohio)

POSSIBLE SINGLETONS:

As far as we know, there are a few changes since the last publication, but not enough to warrant publication of the list in the summer months, as the bulk of them are Mexicans, with only five U.S. changes. YV1BC, YV2BC and YV3BC have changed the "B" to an "R", making them YV1RC, etc. That places them all on the possible singleton list. With that we think we'll ask your indulgence on the list until possibly the next bulletin, as the contest has been naturally slow these months.

STATIONS ELIMINATED WHICH DO NOT REGULARLY APPEAR IN RADEX.

2BL, 2CH, 2CO, 2GB, 2SM, 2UE, 2YA, 3AR, 3YA, 4BC, 4QG, 5CK, 5CL, CX26, EQ7, EW7, JOAK1, P.P., SBH, VE9CB, W2XBF, W8XAR, W8XO, W9XA, Beromunster Swz., Fecamp Fr., Frankfurt, Stuttgart Ger., Turin Italy.

NOTES:

We are in receipt of a letter from Bob Rawstron in which he states that he has moved to Worcester Mass. Therefore, in the future we will list that as his address in the contest. However, all of his singletons as listed were received in New Hampshire. Hope you like your new home, Rusty, and that the DXing is as fine for you there as it was in N.H.

The September Radex will no doubt list many changes so we will likely have quite a bit of revising to do. That is one reason why we have held the possible singleton list over.

The above report has been submitted to us by Keith L. Freas, Chairman of Qualifications and we wish to compliment him on the fine job.

Good ol' C. G. Huber, our Advisor sends us the latest revised list of After-Midnight Monitoring Schedules, revised to July 9, 1934, and it gives us great pleasure to list the changes for you.

First Monday of each month.	First Tuesday of each month
2:20 - 2:40 delete WGAL 1310 kycs	4:30 - 4:50 delete WENC 1420 kycs.
4:10 - 4:30 " WMBG 1210 "	4:30 - 4:50 add WBNO 1200 "
4:10 - 4:30 add WBBL 1210 "	
5:50 - 6:10 change KFQD from 1230 to 780 kc	First Wednesday of each month
	2:10 - 2:30 add WPEN 1500 kycs.
First Thursday of each month	3:20 - 3:40 " WMBG 1210 "
4:40 - 5:00 delete WIAS 1310 kycs	3:20 - 3:40 delete WBBL 1210 "
5:00 - 5:20 " WODX 1410 "	4:00 - 4:20 add WQAN 880 "
	4:10 - 4:30 " WHEC 1430 "

First Wed. of each month (Cont.)

First Saturday of each month

4:20 - 4:40 add WSAZ 1196 kycs. 3:10 - 3:30 delete WDEV 550 kycs.
 4:30 - 4:50 " WGAL 1500 " 3:00 @ 3:20 change KTRH from 630
 to 1330 kycs

First Sunday of each month

4:20 - 4:40 change location of KRGV 1260 kycs to Weslaco, Texas

Mr. Huber also sends us the following information which he has received from the FRC which we are listing for you.

Applications granted:

 WORK, York, Penna. Spec. Exp. Auth. to change to 1320 kycs and increase
 power to 1000 watts.
 KGBX, Springfield, Mo. Exp. Auth. to change to 1230 kycs and increase
 power to 500 watts.
 WBAA, W.Lafayette, Ind. increase day power to 1000 watts.

FRC News (Continued)

KSO, Des Moines, Iowa, change location to site to be determined in Iowa; change frequency to 1320 kycs., and increase day power to 500 w. and night power to 250 watts.

KWCR, Cedar Rapids, Iowa, extension of Spec. Exp. Auth. to operate on 1430 kycs. with 250 watts for period beginning July 1 and ending not later than Jan. 1, 1935.

WSVS, Buffalo, N. Y., to remain silent for period ending not later 9/1/34

WJIM, Lansing, Mich. commencement date extended to July 15, 1934.

Call letters of WENC, Americus, Ga. have been changed to WCPC.

WHJB have been assigned as the call letters for the new station at Greensburg, Penna. on 620 kycs.

APPLICATIONS DISMISSED OR DENIED:

Construction permit to erect new station at Hammond, Ind. on 1360 kycs.

APPLICATIONS RECEIVED FOR C.P. TO ERECT NEW STATIONS:

	kcs. Bay Shore, N. Y.	1170 kcs. Muscatine, Iowa
	" Midland, Texas	1210 " Cheyenne, Wyo.
1310	" St. Paul, Minn.	1490 " Sacramento, Cal.
950	" Pittsfield, Mass.	1500 " Alameda, Calif.
1370	" El Dora, Texas	

Mr. Huber also sends us the following information regarding the first meeting of the newly organized Federal Communications Commission.

The Federal Communication Commission, created by an Act of Congress approved June 19, 1934, was organized on July 11, with all seven members present. Judge Eugene O. Sykes, appointed chairman by President Roosevelt, presided.

The Act creating the Commission, as an independent government agency, provides for the regulation of interstate and foreign communications by wire or radio and abolishes the Federal Radio Commission which was organized March 15, 1927.

The Commission named Paul D. P. Spearman, of Tremont, Miss., general counsel and Herbert L. Pettey, of Kansas City, Mo., secretary. Mr. Pettey was secretary of the Federal Radio Commission from March 31, 1933, until it was abolished.

The first meeting of the Commission they authorized that all licenses, regulation permits, etc., made or granted by the Federal Radio Commission were continued in effect until modified, terminated, superseded or repealed by the Commission or by operation of law.

The members of the Federal Communication Commission are Judge Eugene O. Sykes, Thad H. Brown, Paul Walker, Dr. Irvin Stewart, Norman Stanley Case, George Henry Payne and Hampson Gray.

Mr. Huber also sends us the following FCC (Federal Communications Commission) news which he has recently received and we are listing the same for you.

APPLICATIONS GRANTED:

KFWB, Hollywood, Cal., increase day power to 2500 watts.

KWFV, So. Hilo, Waiakea, T.H. completion date extended to Sept. 1, 1934.

WGCP, Newark, N.J. and KTRH, Houston, Tex. increase day power to 2500 w.

KLRA, Little Rock, Ark., increase day power to 2500 watts.

WGPC, Albany, Ga. granted license covering move of station to Albany, Ga., from Americus, Ga. We note that the call is WGPC not WCPC.

KOOS, Marshfield, Ore., change frequency from 1370 to 1200 kycs.

WPTF, Raleigh, N. C. extension of Spec. Exp. Auth. to operate until 8 p.m. PST until February 1, 1935.

FCC News (Continued)

operate

WBBM, Chicago, Ill. extension of Spec. Exp. Auth. sim. with KFAB 8/~~PM~~ to ~~X~~ ~~AM~~ Feb. 1, 1935.

KFAB, Lincoln, Neb. extension of Spec. Exp. Auth. operate with WBBM, and add night time hours 7:30 to 8:30 PM from 8/1/ to 9/30/34. and from 8:30 to 9:30 10/1 to 1/31/35.

KXA, Seattle, Wash. extension of Spec. Exp. Auth. to operate sim. with WJZ from local sunset to 10:00 PM P.S.T. using 250 watts for period ending February 1, 1935.

WRAX, Philadelphia, Pa. renewal of license on a temporary basis subject to condition that it may be cancelled at any time without advance notice or hearing when program tests are commenced at new location in conformity with permit granted Oct. 27, 1933. auth. Operation on 920 kycs.

WIS, Columbia, S. C. suspended grant to change frequency from 1010 to 560 kycs and increase power. Application designated for hearing because of protests.

APPLICATIONS DISMISSED OR DENIED:

H. E. Studebaker, Lewiston, Idaho CP to erect new station on 1420 kycs.

APPLICATIONS RECEIVED FOR CP TO ERECT NEW STATIONS:

1370 kcs. Glenn Falls, N.Y. 1500 kcs. Logan, Utah 1210 kcs. Provo, Utah

1420 " Chattanooga, Tenn. Winger and Thomas

1420 " Helena, Mont. WHM Broadcasting Co. (resubmitted)

1420 " Chattanooga, Tenn. Dudley J. Connolly

1200 " Lakeland, Fla. Lakeland Broadcasting Co.

1200 " Anderson, S. C. Carolina Radio, Inc.

We have an article here which advises us that Japan has finally decided to build more powerful stations. Application has been made to the Department of Communications for permission to increase the transmitting capacity of its Tokyo station from 10 KW to 150 KW. They also seek to increase the power of the Osaka station from 10 KW to 100 KW within the next two years. Stations at Niigata and Nagasaki will be enlarged during 1935-36 according to the present plans. Japan has more than 1,711,631 listeners who pay a license fee. Perhaps we here in the East will get a chance to hear the Japs now just like we have heard the Europeans during the past year.

We have another new member, who just joined the club today and we want to take this opportunity to welcome him as a member of our club. He is Frank E. Strom, 400 Fifth St., Brooklyn, N. Y. We certainly hope that you will find your membership in our club worthwhile.

Mr. Huber is in receipt of a letter from Mr. Harold F. Gross, General Manager of WJIM, the new station at Lansing, Mich. in which he advises C.G.H. that they expect to open their new station about August 15, and that they will be testing after mid-night starting August 10. They will greatly appreciate your reports. Here's your chance to get this new station. Don't miss this opportunity.

We are in receipt of a fine letter from Don Barnes of Grinnell, Iowa in which he advises us that both he and Bob Gorsuch of that city are arranging for a special treat for the DXers on the morning of December 16 in the form of an "IOWA ON THE AIR" series of broadcasts. The advise is that these programs will not be dedicated to any special clubs but will be for the benefit of all DXers in general. We have a list of stations that have already accepted the invitations to take part in this state-wide series of broadcasts, but owing to the fact that the broadcasts are still quite some time off we are holding them till later. Mr. Meakin sends us a few European schedules: Langenberg, Germany on the air 6:35 till 24:30; Prague, Cz. on at 6:15 till 23; both times Brit. Stand.T.

We just received a special delivery letter from Mr. Huber containing the latest news on the big Canadian shake up of broadcasting stations and it gives us great pleasure to list these changes for you and at the same time we want to thank Mr. Huber for sending us this information.

This fine list of Canadian stations reached Mr. Huber through the courtesy of the Canadian Radio Commission and we greatly appreciate their sending this fine list to our club.

Once again we wish to remind you of that stamp exchange which Mr. Ralph Schofield, 300 Evans Ave., Missoula, Mont. is conducting for the DXers. He informs us that he is now able to supply you with any foreign stamps that you may desire within a very short time.

Members paying their annual dues at this time will be given credit for a full year from the date of their expiration.

Don't forget the KDKX DX Club, until further notice this program is being broadcast Saturday nights from 11:00 to 11:30 PM., E.S.T. Joe Stokes will be very glad to receive your reports on this broadcast. He has informed us that severe electrical storms were responsible for many of us being unable to hear the program which was broadcast to Africa on April 15. We hope however they were heard on the Short Waves over there.

NATIONAL RADIO CLUB
603 W. MARKET STREET
YORK, PENNA.

Dear DXer:-

With this issue of the National Radio Club DX News your membership in our club expires, therefore please allow us to suggest that if you feel that our efforts have been worthwhile that you will kindly renew your membership in our club as soon as you possibly can in order that you will not miss any of the future issues of our DX News.

We hope that we have in some small way brought you a lot of happiness during the time we have served you and if you feel the same way our efforts have been justly rewarded, however as you undoubtedly realize, the expense of running such a club is very high and it is necessary to charge our membership fees in order to defray the cost of materials used, postage, stationary and anything which may be used to improve the club. Therefore may we suggest that you will renew your subscription or membership in our club immediately in order that you may help us to carry on the good work which we have started.

Thanking you for having been a member of our club and sincerely hoping that you will renew your membership and continue to be a member of our club, I beg to remain

DXingly yours

Robert H. Weaver
President
