--ELECTION RETURNS--

We have the returns of our election all counted and here are the 9 members that was elected. Joe Becker, Art Johnson, Bill Stone, Lawrence Lundberg, Warren Routzahn, Jack Horner, Herbert tucker, Art Brackbill and Richard Cooper. From the count of our ballots, we had 80 per cent returned to us. I want to thank each and every member for the prompted why they returned their ballots.

The boards first duties will be elected them selfs a Chairman, and to save time and get the board in operation, each one of you members on the board send in the NAME of your choise for the chairman on a seperate piece of paper at once, no other writing on this please. We want these for our records.

--SOS--

Harry Hawkins-Manchester N.H. Who can identify the Mexican station who broadcasted untill 1:50 EST on 1220 kc., giving popular American dance music and who has a slogan "La Voz de....." I would be very grateful to anyone if they can inform me who it was, as I have good materal for verification. To me it sounded like XEFV, but they are listed as on 1210 kc., (Harry did state the date but from his card I should say that it was on Monday morning April 4 1938, 100 stickers to the Dx'er that sends in the correct information on the above.)

--NEW STATIONS AND CALLS--

KGLU Safford Ariz 1420 kc., 100 W. WHLS Port Huron Mich. 1370 kc 250 W
KWJB Globe Ariz 1210 kc., 100 W. WHST New Castle Pa. 1250 kc 250 W
Bozeman Montana--1420 kc 100 watts, no call letters yet, the above information was sent in by Joe Becker-Hamilton Ohio.

--F.C.C. CHATTER--

New station for Gila Ariz was authorized, to operate on 1420 kc with 100 watts nights and 250 watts days, the cost of this new station will be approximately \$11,815--New daytime smalle for Rice Lake Wisc, using 1210 kc, received the go-ahead signal after establishing a need for the service proposed.--KAWN, A.W.Mills, Gallup N.M. granted day power boost from 100 to 250 watts, make change in equipment and install vertical radiator.--Daytime juice-jump for WBRE, Wilkesbarre Penn, recommended for Commish approval by Examiner John P. Bramhall.

Lets hear from you members as to the date that you want the GET-TO-GATHER meeting this year, it looks like we will have a very nice meeting as I have some mail here from several members already and some none members that are planning on to be here. Lets hear from you short wave members also, we will publish the bulletin twice a month if we can get the support.

--QUESTION BOX--

Your editor has been hearing some new stations and has not been able to identify them. Can anyone help me out. A spanish speaking station was heard on the 4th at 8:40 pm R/6 QSA/2-3. There was much CW QRM. There has also been heard a station on 9.150 megs. Can this be COCA. Also directly above COCQ there has been heard a spanish speaking station in the evenings. The announcements almost sound as if they were "Radio Ancionale" Can anyone help me out.

Amateur DX didn't drop off as much as was expected and although little time was spent Dx'ing a number of new stations were logged. Have received the first suggestion on improving the amateur section. Leo Herz makes the suggestion that every amateur listener should report QSL's received as soon as he gets them. In this way the other readers may know which amateur QSL. When reporting QSL's received mention exact frequency if given on the card. Other interesting remarks about the QSL which will be of general interest should be included. I will appreciate other suggestions. From QST I have the QRA of CN8AV heard here often on 10 and 20 meter phone. It is Jack Oemichen, Ville Darna, Rue Montaigne, Meknes French Morocco.
