Issued Weekly
\$1.75 Per Year

We welcome the following new members:-H.E.Rebensdorf-Harvard Ill.
S.Raymond Lewis-Toledo Ohio....Evan Morrow-Detroit Mich...Willur Golson
% WJBO-Baton Rouge La...

The Radex Offer is still good,so lets see a few more NRC members order it through HQ,the years subscription is only \$1.40 a saving of 35 cents.Heres the list of members that have taken advantage of the Special offer:-William Stone-Toronto Ont..Bob Botzun-Reading Penna..E.A.Andres Buffalo N.Y...Ed Feichtner-Erie Penna...Max Demuling-Erie Penna... Harold Wagner-Erie Penna...Arthur Robb-Topeka Kan...Kermit Geary-Walnutport Penna...Clarence Reasch-Erie Penna...H.W.Criswell-Spring Grove Pa. Dick Cooper-Kittanning Penna...Your Editor.Several of you members wrote in and said that you would take up this special OFFER but have fail to do so,I can not say how long we will have this offer so please remit your money at once and make sure that you get in on time.

F.C.C.News:-New Station-WJHP Jacksonville Florida Metropolis Co.,1290 kc.,250 watts. Increase in power:-WPAX gets 250 watts.

A Letter from Mr. Wilbur Golson-Radio Station WJBO,Baton Rouge La.,(Quote) from his letter.Our new verie cards will bear the inscription that this station is 100 % NRC. Will send you newspaper clipping of the NRC-WJBO DX broadcast after your program on the third Sunday in this month.This station and yours truly are 100 % behind the NRC and I will try to make up in braodcasting for the members,what I lack in active DX listening and reporting.end(Members of the NRC heres one swell fellow and we should all help in what ever way we can to make this station appreciate the DXers and NRC members,they will broadcast the first (1st) and third (3rd) Sunday of each month from 2:00-4:00 AM EST.All late tips will be over WJBO at 3:30 AM each broadcast. There also will be a Special Dedication to all new members of the NRC twice each month,HQ will notify all new members on what evening their dedications will take place,with the time to listen in.)Thanks Wilbur OM for becoming a member of the NRC and hats off to you and WJBO.We shall all be listening to your Broadcasts from now on.

Through the IDA and Mr.Morrison-President,the NRC ran a small write up on the "SPATARI"--The New Radio Language in the November 7th.,issue in this weeks mail I received a copy of Prof.Carlo Spatari book on the New Radio Language,and its far beyond what I exspected.So if any of you members care to get this new "Spatari Language" you will find it exactly as represented,you may obtain information by writing to :-
"Spatari Language Foundation"
27-20 25th Avenue
Astoria N.Y.

Harold Wagner-Erie Pa. Says that ZNS is now on regular on 784 kc.,have been heard very good here of late.

Well at last HQ has caught up with all you boys reports,we did man-to get them all in this time if we did have to cut a few of them down, so now you may all start over fresh,and see if I will get so far behind again.But dont try and send in a page a piece,as then we would have something. A very nice verie arrived from KTKC which was heard on the 9th.

"Mr. Up Paul Knight"

Another week....another discussion about the 1150 kc., station. This time Harold Wagner, Arthur Robb and Nick Evangelista comes forward to say that they positively identified it as XEL (Editor Note: -From Art Robbs report dated Nov. 13 at 6:04am CST he heard a announcement in English and now from the other end of the country comes a report on the same Date from Nick Evangelista comes a report almost the same hour with the same announcement-location is Mexico City P.O.Box 9975, listeners were invited to write in and tell how they like the program.) Harold says he heard several announcements and requests for reports. Since XEC have verified reports on the same frequency. it remains evident that there are two stations on this frequency. What shall we do about XECL is another problem but it is also possible that there may be three Mexicans on that disputed channel. Let's consider it too tough a problem and give it up as a bad job.

The FCC have decided that we DXers need a few more stations to log, hence a new station will soon be blasting forth 100 watt from Wallace Idaho. The new station will operate on 1420 kcs., and will use the customary 250 watts day power. Owners are Chester Howarth and Clarence Berger, the latter being affiliated with KGCI.

WCLS, Joliet Ill have changed owners. With the new arrangement comes news that they will install a new transmitter and a new site, and add a vertical antenna.

Amarillo Texas gets a new station to be operated on 1500 kcs. with 100 watts. The new enterprise is headed by C.S. Gooch, J. Linger Nunn, and Gilmore N. Nunn. How many NRCers remember J. LNunn when he was the owner of old WDAG. Incidentally WDAG was sold for the lowly sum of \$50.

A daytime station for Vancouver, Washington has received official approval so the Vancouver Radio Corp., will erect a station in that city to operate on 880 kcs with 250 watts days only.

Power jump for WHP, Harrisburg Pa and WBEO Marquette Mich are forthcoming. WHP will increase to 1 kw night and 5 kw days while WBEO will install new equipment and increase day power to 250 watts.

WTRY, Troy New York will not go on the air January 1 1939 as planned. Protests from WOKO WABY and WCSH have resulted in a rehearing of the original petition in which the FCC granted Col. Harry Wilder's Troy Broadcasting Company a license to build WTRY for operation on 950 kcs with 100 watts day only. It is expected that the rehearing will be only a formality and that WTRY will be on the air by March 1 1939.

Prairie Farmer Station WLS are now using their own transmitter. They had been sharing with WENR with whom they share time. The new xmtr is located to the southwest of Chicago and is a single tower affair. It is expected to enhance their coverage of Metropolitan Chicago. Several NRCers have reported hearing tests of the new unit.

GREAT MYSTERY .

Lady Customer: -"I sent my little boy for two pounds of plums and you only sent a pound and a half!"

Max Demuling: -"My scales are right, madam. Have you tried weighing your little boy?"

Port Richmond N.Y.

DX RELEASE--WTAR RADIO CORP.

WTAR always is happy to receive reports of reception and glad to issue verifications when proper proof is received. By "Proper Proof" we mean complying with our set policy which requires the listing of at least three programs, announcements or selections broadcasted over the station at the identified times as shown by our station log, two of which must be local presentations. These need not be in successive order, but we have determined this definite procedure to protect the legitimate DXers, who spend hours listening, from the "collector" who scan the program listings in a radio magazine, write a portion of them down as a report, perhaps adding a fictitious "5-R9", and mail them to the station for verification. We feel that in employing this method without variation, that although we refuse perhaps 30 % of the requests for veries, at the same time we render the hobby a service by making certain that when a WTAR verification is issued, the person to whom it is addressed has heard the station as reported. Return postage of 3¢ is requested (or 10¢ for an Ekko stamp if desired) and verifications usually are issued the same day they are received.

Lee Chadwick
DX Correspondent
WTAR Radio Corp. Norfolk Va.

L.P.O. REPORTS

Walter Snyder-Grand Rapids Mich. "Heres my first report of the season.

School work has been keeping me busy of late and my DXing activities have suffered a bit. Arose morning of 11th expecting to hear some new ones on frequency checks but to my surprise, no stations were checking except WMBS. (Third week this month on account of the election, Walt). Managed to pick up XEAC for a new station. They were on up to 3 AM and the announcer said they were using 5000 watts and that P.O. address was San Diego, Cal. Also heard WPAX on with a special test and they offered a 5 lb. box of Georgia pecans for the most distant report. Hope I was the only one to hear them. Hi. I sent a report to WHMA on Oct. 28th but so far no answer. Has anyone else obtained a verie from then?"

Dick Cooper-Kittanning Pa. "Still too much other work to get much DX in but managed to get a new antenna up and am all set to give it the works. Latest veries in are WHO WTMJ and WCAM. WCAM was heard with a recorded program untill 2 AM on Saturday morning. The Spick on 1580 or I think it's 1590 is located in Guines as I positively identified that much. Can't get exact call letters but think it to be CM9RT. Tnx to Ed Feichtner for the tip on WEAU, I have a report out to them. WKZO coming in down here during the daytime. How in the hack can I get KVGB to verify. Tell Pete Clarius I'd appreciate a line on how he gets KVGB verified. Hi. Picked up CMHI in Santa Clara on 1160 asking for reports. They signed at 1:05 so I didnt get much of a report. I have heard a station on 605 such as Harry Hawkins mentioned a week ago. Unless I'm sadly mistaken it's none other than FQN. They have a regular program each Saturday evening from 8 to 9 PM EST and it was about that time that I heard them. Suggest you look for them at that time. XEQ breaks through WOR occasionally but never well enough to copy. XEL heard on 1150 so I guess someone will have to pull in their ears. Hi.

Fred Burleigh-Meriden Conn. Was up one morning to hear PRG2 but they were-
not so hot that morning just a muddle with
KWJJ. Was up Sunday A.M. and the west coast sure was rolling in.XELO
was on 670kcs.about R7-8 The Spicks are still monopolizing the band dur-
ing the evening.Who is the one on 1580 kcs. Heard TIEP on 625kcs.Sunday
evening,they were right out in the clear and about R8 when they signed
at 9:15 P.M. EST.No sign of the TA's as yet but they are due to put in
an appearance at any time now.

Merlin Steen-Decorah Iowa.Just received the bulletin and it explains my
bewilderment on failing to hear the FCC checks.
However on Nov.9 I heard for new ones:KGIR KTKC and WTBO came in so str-
ong I took them for WCCO till they signed off,but to late for a report.
Also heard Cubans I figured must be CMBF on 1560: CMBQ 1320 and CHCK on
970.Hrd WQXR Q3/R5 eve of Nov.8.Following are some stations which operate
late Nov.9 WDAN KGIR KYSM WTBO WDAY WHO KTRI KGLO WSPD KGKY WOC KSCJ
WMT KEX KWFB CKLW and KWK, WICA conducted their FCC check Tues morning
as usual. Following are Radio stations that I have visited WCCO KSTP
WDGY WTCN KROC KATE KWLC KGLO KGCA WHO KSO KRNT WMT WHBF WIBA WOC WRJN
WKBH and KFJB.While in Chicago and Milwaukee didnt get a chance to do
any visiting. WMT and KRNT sign on 4:30 AM EST.KLRA sign at 7:15AM EST
with...KGCA is off the air,Just received news yesterday,expect FCC will
mention it soon.Heard WDEL one night faintly,who's the spick on 1005 kc
on eve of Nov.12 hrd Spick behind WOAI 11pm EST and behind WOW at 11:25
pm EST,could it be LS2 and CMBY. CBL heard here at noon any day.KVWC on
1500 kc will be a new station for Vernon Texas. Dubuque Iowa has applied
for permit to build a police Radio station.Latest veries:-WDZ WGES WCAZ
WLAC KVOA KTHS KTRI KFNF WMAQ WENR XEPN KARK and WHB

Joe Becker-Hamilton Ohio.KYCA Prescott Arizona is in courts. KINY is to
go on 1430kc 250 watts. WJHP new call for Jack-
sonville Fla.1290 kc 250 watts.No KSAM WDAN verie as yet.CMBF heard at
7:30 Nov.12th on 1560,also heard a cuban on 1580 kc but could not ident-
ify him.This morning I had some luck heard KARM KUTA and WGAN all new
ones for me.KUTA heard at 3am EST when they came on the air.They gave
WJBK a battle,but WJBK was the best, KARM heard at 3 AM giving their
resume of their days broadcast.WGAN heard this AM at 7:15 EST reception
pretty good.KARM signed off at 3:02, KRKD coming in usually strong.Boy
the old log is going up by lep and bounds Hi Hi.About 1178 in the old
log now,want to hit the 1200 mark by April 1st 1939.KFAC real strong
Cuban on 1020 kc,WATL on.The Cuban that I heard on Oct.30th on 1310 kc.,
was CMKE Manzanillo Cuba Mr.Joseph Sierra the English announcer said
said I was the first one to report their broadcast Mr.Sierra said please
include me amoung your friends.

Warren Routzahn-York Penna.Fri.Nov.11th I logged PRG2, Sun.13th I logged
KITE And Wed.Nov.16th I logged WHLS and KRBA all for new ones. My veries
received this week are:-WJR, WPG and WLAW. Fri.Nov.11 Rec.Good at times
and bad at other times.temp 38 weather cloudy-KSL-R7 @ 3:01 signing off.
PRG2 R5 @ 3:08 but faded considerable later, KFVD R6 @ 3:30 and carriers
on 1150 and 1330 kcs., Sun.Nov.13 Rec Good,Weather clear.KITE R8 @ 2:50
AM,KGLO R7 @ 3:00am and WCPO R7 @ 3:00 last two both signing off.Mon.Nov.
14 Rec.Good,Weather clear-42 degrees.Some strong Cuban I guess on 1370
kc from 2:30 untill after 3:30 but I got no calls. KFSD R4 @ 2:40am,sign
off.Other West Coasters coming in strong.Tues.15th.A buzzing noise and
it wore me down.(So you have turned out a cream puff)Wed 16th Good,
WFAM KRMD WHLS KFPL WGL KRBA and WFDF coming on air at 6:00am.Thus.17.
Good.WFOY WKAQ WAGF WMFO KFJM WCOC KGPU and WEW(Sorry had to cut)

(L.P.O. Reports Cont.)

Jos. T. Lippincott-Tufts College Mass. Please mention in the bulletin that a special dedication to the NRC etc will be transmitted by TIXD 800kc, TIRH 950kc and TI2XD 11.920 on Dec. 9 and 10 from 2:00-4:00am EST. Reports are especially desired on the BCB stations. Best morning TA by far is Radio Normandie 1411 heard nearly until 4:00am recently. Rekjavick on low wave (208kc) is very consistant nearly every evening till 6:00-6:10. Toulouse, and 913 fair in eve also 648, 749 etc. FQN Sat eves 7:30 or 8:00 till 9:00 (604 kc)

Ray Lewis-Toledo Ohio. In trust that befor the first of the year that Ill have garnered enough veries to put me over the 1200 mark, if all which are out for veri come through, well I'll make it as soon as they come in. Notice in my report that I've heard about 1215 stations yet have less than 1200 verified, The answer is that certain foreigners have not written, and most likely never will. So I'll have to black list about 15 stations in eight years of DX'ing. Seeing that they are all foreigners that isnt surprising.

H. E. Rebensdorf-Harvard Ill. Remember reading in the last bulletin where somebody asked, how many of the NRC had WCAL verified, well I have. (Hope I have the station right) as I am writing this in the shack and hav'nt the bulletin here. Hi (Ed Note I wonder how many has WCAL sister station verified KFMK.) Have did very little DXing this fall, did manage to get off reports to 3 that I had'nt verified yet, and got back two of them so far, WDAN has'nt answered report yet.

Mort Meehan-Elizabeth N.J. Who is the Spanisher on 1160 keys. He was coming in the other morning like the one on 1150 Heard the fellow on 1150kc announce as XE?L...but who is on 1160. Did a little broadcast band DX for the first time in years and was surprise to hear the Pacific coasters coming in so good.

Floyd Biss-Brittmount Minn. (From Floyds letter to the Treasure it seems as if he might be having some trouble in getting his lighting plant to work. Hi ED) To whale away the time I bought a 5 tube Crosby battery outfit, tuning it yesterday about 2 PM I bumped into CKPR on 580kc, thats the third time in the past few years that I've accidentally ran into them during the daytime on a new freq. Befor on 910 and 730kc,, they come in here so well, its surprising to hear such volumn on a freq with no stations close by. The other nite I heard a Spick on 1560kc but couldnt identeify them.

Art Robb-Topeka Kansas. The all-night Mexican on 1150 is XEL. I heard this frequently for the past 2 months and never heard any call but XEL from him although I grant his articulation is a bit fuzzy yesterday morning (the 13th) I heard an announcement in English at 6:04am CST. Call is xel: location is Mexico City: address is P.O. BOX 9975: listeners were invited to write in and tell how they like the program: and the program was being broadcast from the California Gardens. This last may have led some of the boys to think that it was Lower Calif. station. Knowing the nature of these Spicks I hesitate to say that there could not be an XEC or XECL operating on 1150 but I have yet to run onto anything other than XEL there. I remember about 6 years ago there was a Mex on about 1150 which nobody ever identify-sounded like XEAAR or thereabouts to me and practically every other combination of the alphabet to other listeners. WGAU at Athens has a clear channel at 6:00am CST on sundays mornings and can be heard in the midwest very good

(L.P.O. Reports Cont.)

Harry J. Wymer-Toledo Ohio. I received your letter and stickers. Every since I received the first issue of the bulletin I like it and its many tips. Befor that I only liked the 20 meters but now I have started to DX on the BCB. I have got veries from CFCO WGAR..CFCO sends a nice card, but WGAR sends a typed card. KHJ was heard Q5/8, CMBF Q5/7, CMCB Q5/7, CMCY CBL Q4/6, XERA Q4/7, CFCF Q5/8, CMCD Q5/8 KITE Q5/8 (Harry also sends a very nice 20 meter report in, thanks OM lets hear from you often Ed)

Nicholas Evangelista-West Hamberg Penna. Received your letter and the stickers and was very glad to hear from you. I do not have very much to report but I will report on what I do have, the following reports, Nov. 6 4YA R/3 at 5:05-5:30am I sent them a report. Tue Nov. 8 Radio Normandie R/8 from 2:00-2:20am I also sent them a report these two stations are of countries I have never heard. I sure was surprise at the signal Radio Normandie put through, very clear and slight fading, played and announced in English my latest veries are WIBV WGRM WCOV WGAN WFBA WCOA WJDX WHBI KSOQ WBZ WBZA KITE and at last KWYO so far have a station verified in all states but Montana. I see the DXers are sure having plenty of trouble on 1150 kc on that Spick station, I have heard the calls several times and I heard the calls and they said XECL of which I am positive so far I havent reported it, but I will one of these mornings, the reason I am so sure about the calls, an thats because I speak Italian and the Spanish Language is almost like Italian, and to remind you of one more station to report on Tue. Nov. 8th KIRO 4:15-4:30 am R/7. So untill the next report I will sign off.

Harold W. Criswell-Spring Grove Penna. My verie from KWOC state that they will be on the air Dec. 11th 2:00 AM EST. Nov. 8th up for FCC checks but was dissappointed althought WCLE and KMAC were heard on Sked. WTAL 4:23, WIL off 4:30, WJBW 4:30 DX program for all DXers, WLS testing no announcement heard. Nov. 9th election returns heard WHP KSO KOIL KNX WBZ WHO KMA WLAW WOW WKRC WOR WTMJ KPO KFI KGO KFKA KFWB WFBM WXYZ WIL WSAR WPG WEBC KSCJ WTAG WHK, WLS without election returns, graveyard channels full of stations. Nov 10th WLS, coast coming in strong KFI KNX KFVD KHJ KIRO KGB KGER KFAC KFWB KFBK all stronger than usual. Nov. 11th Coast coming in again strong WMBS on freq check. Nov. 13th Coast good again KGLO on till 3:00. KID at 3:00 coming in strong. Nov. 15 freq checks good nearly all heard up untill 5:00 when I went to work. Latest veries KRBA WHLS KPAB KRIC WJAC KWEW WGRM KITE WCAD WHEC KWOC none yet from WDAN. Cant get WPIC and WKST satisfactory in daytime as WTAR and WNEW come in too strong. Nov. 14th CM9RT coming in very strong between 6:00-7:00PM all Spanish (at least I guess it was them 1540 kc)

Ray Edge-Buffalo N.Y. (A New Scott Phantom (19 tubes) Some guys gets all the breaks. Hi Ed) Sat down at the dials again this morning the 13th and here is the results, Static was so high that a lot of the low powered ones could not be heard, on 1290 KTRH Houston Q4-R7 at 1:40, 1260-WHIO Dayton Q5 R9 at 1:45, 1270-KVOR Colorado Springs Q4 R7 at 2:00, 1300-WEVD Q5 R9 at 1:50, 1350 KWK Q5 R9 at 2:05, 1370 WATL Q5 R8 at 2:30, 1050-KNX Q5 R9 at 2:35, 1130 KSL-Salt lake Q5 R8 at 2:40 1030 CKLW Windsor Q5 R9 at 2:45, 1250 WTEW Q5 R9 at 3:20, 1310 WEXL Q4 R7 at 3:25, on 1500 there was a good scramble and none of them could be copied, those carries were on again on 1150-1340-1400 and 1430. Heard and reported to KGO and XEAC on 980, they were on for two (2) hours with a midnight jamoree and their address is 4081 watts Bldg San Diego Calif. and promised to send a book of world predictions to the first 100 long distance reports. Also heard CMBF on their new freq.

(L.P.O. Reports)

Ed Feichtner-Erie Penna. I heard PRG2 KARM KFAM CMCX KPDM WPRA and WBHP for new calls. I finally logged PRG2 on the last AM despite the very heavy QRN and QRM from CKLW. I heard a Mex on 1370 Sunday AM between 2:00 and 3:00 couldnt get his call but he played American and Native music. Winter QRN has set in and it generally stays till spring Hi. Plenty of wind this week. Have any of you guys and idea what causes that terrible buzzing noise thats heard AM's. I received my verie from WALA in 17 days, for those who havent him and have a hard time to get him verified, the Chief Engineer is R.M. Cole. I heard WALA on regular program.

Joe Brauner-Williamsville N.Y. Looked over the DX field on the 9th but as usual it was like evening DXing, heard a lot of unusual stations but no real DX, the only "rare" one heard was WSNJ who dominated 1210 much of the morning. Finally logged PRG2 on Saturday morning, came in R3 to 4 at times during first half hour, very clear Sig, but also very weak. Nothing else new here.

Pat Reilley-Jamestown N.Y. Pat says that its been to noisy for much DX but did send in a few words. Caught YVIRF on 1120 today 11/18/38 and guess that they were on most of the night and sure packed a wallop. New veries this week were: -KPFA WIBC WDAN a nice card-KORE WHEB WMBH KOB and 37 reports still out yet. 21 reports are new calls and the rest are for the S & E contest. Neither one of the S.A.'s heard here to much KWJJ to bother as they were very good all last week, but no sign of them this week. Hi.

Max Demuling-Erie Penna. Heard KARM at sign off on Nov. 13th. Sent out reports to CBY on 960 kc., WKBW KRIS WBHP KGHF and PRG2. Veries received from WLAW KYSM KHBG WHAS WENR WKBW WDAN WBZA. Nov. 19 WSLI heard rather poorly. All is quite on the Western Front except Static. Hi

Bill Stone-Toronto Canada. PRG2 was heard here on November 11th, but no sign of CX26. Not much DXing being done here too much CPC work Hi. New veries received yesterday (11/16/38) KFRC and WJAR. (Bill OM we can excuse you from the looks of the DX Calendar. Hi)

Nick Evangelista-West Hamberg Pa. I sent a report last week about XECL in which I was correct, but on Sunday Nov. 13 at 5:45 AM EST heard XEL on 1150 kc. and they spoke in English and asked for reports, they came in about R/6. Heard the following on Nov. 12 WAPI KGGM KMLBKTAR KFVD. Nov. 13 XEAC and KID and heard WGAU as late as 7:50 AM. Late veries are: -WHBI WTAM KWNO

Bob Botzum-Reading Penna. HJLABR and PRG2 were both heard last Sat. AM Nov. 12. For those Members who need WHEB, they will test in a week from today, sometime in the middle of the week at 2:00am I suggest looking during week of Nov. 20 to 27th. This dope received today in my verie. Signed by: -D.R. Stevens. Nov. 12 HJLABR heard with R/7 sig on 1400 kc from 1:50 to 2:04 AM EST Sign off. others heard are WBNO WAML WAPI KXYZ WIL WJBW WMBI WTOL WCOL. Some station behind XENT but couldnt identify. PRG2 heard till 3:31 AM. Nov. 13 Stations heard. KGLO KITE XEMO XELO KFRC WOW WCPO WIL KID testing, CKY WAPI. West coast good, KOH KYA KFVD KFVB. Nov. 14 WILM KTMS KEHE WLS Mex on 1370 heard very good signal from 2:20 to 3:30 AM EST. Nov. 16 WWSW WHIS WLLH KFDY KIDO KGKO. Tried for CKX but to much noise. (Sorry OM had to do lot of cutting this week guess we will have to add another four pages to the bulletin. HMG)

NOTICE

DONT FORGET that special NRC DX frolic over TIANRH Heredia, Costa Rica on Thanksgiving day Nov. 24, 1938 from 9:00-10:00pm EST. We request all of you to send in a report or at least a cards of thanks.

REPORTERS OF THE WEEK

Leo Herz-Chicago... Joe T. Lippincott-Tufts College Mass.... Harry Gordon Erie Penna... we are being to wonder where all the NRC short DXers are from our member ship of the past two years we have a great number of Short wave DXers in the club, but they fail to report we are wondering just why, heres a chance to get weekly report in our Short Wave section. So lets see how many reporters we can get this month, or should say coming month, to every NRC member that reports in December will receive 100 NRC stickers.

INCREASING YOUR VIC RATING WITH YOUR SW EDITOR

This is a new department originated by your editor in an effort to help out the beginners to verify and log as many different countries as possible.

Each week your editor will list 2 stations from 2 different countries for you to tune for and to send a report too. Your Editor is going to pick out stations that he has not as yet sent a report to, as I want to get in on this too. Lets start in on the South Americans. REPORT THESE STATIONS THIS WEEK. Increase your VIC ratings with your Editors help.

ARGENTINA

LRU "Radio El Mundo" Buenos Aires, 15.290 megs 7.5kw operating from 7:00am-9:00am EST. QRA: Calle Maipu 555, Buenos Aires Argentina South America. Theme song is without title. Identification signal is 4 vibraphone notes. Relays LRL, Argentina time is one hour ahead of EST. "Station identification sounds over the air as follows." Ellay-Airay-Uno" (LRL) ey (And) Ellay-Airay-Ue (LRU).

BRAZIL

PRF5-Rio de Janeiro: 9.501 megs. 60kw: ON the air daily except Sunday from 4:45pm-5:55pm EST. QRA-Compambia Radio Internacional do Brazil, Caixa Postal 709 Rio de Janeiro South America. Call letters over the air will sound as follows. "Pay-Airay-Effay Thinko."

Your Editor has not heard either of these stations but they can be heard so we are not only trying to increase our VIC ratings but at the same time are trying for stations that are not being heard every day. Lets all do some real DXing and join the fun.

FLASH FLASH

A new station was heard by your Editor on Nov. 12th from 7-7:30pm EST on 11.680 megs with Spanish music and spanish speaking. Call letters were given fast after each selection. News in Spanish was given from 7:10-7:20pm EST and sign off at 7:30. The last 3 letters were 2RO. I believe the station was XE2RO somewhere in Mexico as Mexico was heard mentioned several times. Can anyone help me out with this call.

VERIES DEPARTMENT

W9XTC-Lundberg.: This verie is indeed a fine one for anyones collection. W9XTC relays WTCN on 26.050 kc with 150 watts. They want reports especially from over sea listeners. Sked is from 10:00am-10:00pm EST. QRA Wesley Temple Bldg. Minneapolis Minnesota.

SHORT WAVE NEWS

FG2	6.190	Guatemala City	January 22	3:00-4:00am	EST	(IDA)	
YSD	7.894	San Salvador	March 20	1:00-2:00am	EST	(IDA)	

((NOTE PLEASE)) Joe.T.Lippincott-sends in this information that TI2XD will also dedicate to the NRC.

((***) The West Indies Broadcasting Company, Radex and the Cleveland Radio Club will salute the National Radio Club over Short Wave Station HH2S on December 13th., This information was sent in By:-Arthur Parfitt-President Cleveland Radio Club.

SPECIAL NOTES

TI2XD may be heard on December 9 and 10th., so it will be wise to tune on both Dates.

((The above dates are all correct as its the Dates that has been sent in- to HQ by the said Radio Stations, the Dates from the CRC was sent in by Arthur Parfitt, the IDA programs were sent in by:-Herbert Tucker.))

The Asst SW Editor Corner

More Stations have Joined the Band Wagon. It did my heart good to note that a few more stations are verifying direct again. The new ones that have discontinued the "dime verie plan" are HIG-6.285 megs, HI2U-6.017 megs and YNLG-6.610 megs. This was a notice taken from the IDA.

Your Asst SW Editor-Leo Herz.

FREQUENCY CHANGES

EAJ43-Relaying Salamanca is now on 7.500 megs. No wonder we could not hear them on their old freq. of 10:370 megs. (Herz) (Your Editor again heard EAJ43 on 10.370 megs at 8:00pm EST relaying Salamanca and coming in R/8 QSA/4) (Maybe they have returned to their old freq.)

COBX Havana Cuba now on 9.220 instead of 9.200 (ISWC)

HVJ Vatican City is now on 9.550 instead of 5.980 megs (ISWC)

COCM Havana Cuba now on 9.830 from 9.860 megs. (ISWC)

RATINGS OF OUR MEMBERS

Leo Herz received 2 more ham veries to increase his ratings as follows:- VAC-5: VIC-55: and Veries 471. Keep up the fine work Leo OM.

New Stations To Look For

YDX Medan, Sumatra 8.090 megs. 500 watts relays NIROM weekdays from 10:30 pm-2:00am and sundays from 7:30-2:00am EST: From 8:30-10:30am they are heard on 5.175 megs (IDA)

2ZB Wellington N.Z. 6.960 megs. 200w from noon to 6:00am. They want reports (IDA)

XGXA is a new station in China on 6.980 megs with location unknown.

DONT FORGET THE NRC SPECIAL OVER TI4NRH-November 24th., Thanksgiving day. From 9:00 to 10:00 PM EST.

SHORT WAVE NEWS

STATION SKEDS

Radio Burma, Rangoon Burma operates simultaineously on 6.007 and 3.488
 megs on weekdays 7:15-10:00am and 10:00-11:00pm EST. Sundays 10:00-11:30
 pm. No call has as yet been assigned (Herz)

ZRD is testing on 30:75 from 7-9:00am EST and on 60 meters from noon to
 4:00pm EST. (Lundberg)

Cyrus Will-Editor

Amateur Hi-Lights

651 Brier St.,

Kenilworth Illinois

Still have little time for the DX here but by the next issue hope to be back at the Amateur Bands as well as SWBC and BCB.

QSL'S RECEIVED

Leo Herz-Chicago Ill. Reports the following FB veries received recently
K5AF a real VFB QSL, his freq 14.16 megs, and QRA:-
as given in last issue of this section. VK30I who uses 30w and a beam
Antenna: CX2CC, 100w VFB card and Uruguay now gives Leo 55 countries ver-
ified. Nice going OM.

Ken Miller-Chicago Ill. Sends in his first amateur report and I sure am
glad to receive it. Hope you will report often, Ken
and also some of you other boys, let me know what you are hearing on the
ham bands. Ken reports the following heard:
