

## HEADQUARTERS

ISSUED WEEKLY..... 317 East 10th St.,.....\$2.00 PER YEAR

Erie Penna

--- -- We welcome the following new members:-- A.J.(Al) Bartholomew--  
Bradford New York.....Lew Hill--Maywood Illinois....Grant Batson--  
Westfield New York.

Remember RADEX can be purchased thru the NRC HQ for only \$1.40, so when placing your order, send it direct to HQ.

NOTICE TO ALL NEW YORK MEMBERS:--The Radex Club, meets on the last Friday of every month, usually at the home of George Nahas, 6637 Ovington Court, Brooklyn N.Y. (Several of the NRC members are also members of the Radex (Chapter) George Nahas, President, Robert Blanchard, Vice President and John DeRosa, Secretary,. To all you members that live in and around Brooklyn get in touch with John, George or Bob and make arrangements to attend their next meeting.)

Don't for-get the Membership Contest that "opens" November 1st and runs to November 30 1939, just one month. Many of the members have sent in their lists of friends and to all that have many of the bulletins will be mailed with this issue. So dont forget and send in your list as you might win that years subscription to the NRC.

AND thanks to all you members that answered the SOS on WJBK of last weeks.

Well last "Week End"these Erie boys, the heavy eaters went down to Buffalo and Williamsville N.Y.(Youse guys know who I mean when I say heavy eaters, Ed and Max.) We left Erie at 8:00 AM and stopped and paid a visit to Grant Batson-Westfield N.W.(And what a DX spot that Grant has, no noise, plenty of signals and how.)We arrived in Buffalo and paid a visit at My Mothers, arriving at Williamsville at 12:30 PM. Now you boys may think that you have had some swell dinners, well you should have been at this one, Mrs Kalmbach (Johns mother) is one swell cook, well to make a long meal short we had "chicken" fried and all the trimmings, we also had masked potatoes, they were masked with nice chicken gravy and how,. Those that attended were Ed Feichtner, Max Demuling, Ray Edge, Tom Carberry, Kay Thomson, John Klambach, Johns father and Mother, o yes I was there also. A grand time was had by all, and a day that will be with us many years to come.

NEXT Get-Gather will be held at Dick Cooper's-956 Orr Ave., Kittanning Penna, on November 11 and 12th, from dawn to dark, and dark to dawn. By the way I hear that "the Cleveland dears" will be there also.Hi

AS to the "picture" idea that was mentionin the last issue, many of the boys have sent in their pictures, now lets have a few more so that we can get these started at once. One set of 16 is almost ready for printing. If you members hurry up your pictures we can get two sets made up this time and that will give you 32 picture's to start with. All you have to do is send your picture's now, later you send for your order, the cost is 10 cents per 16 pictures, if you care for the "Album" send another 15 cents. We will except stamps for any order you want to send. So hurry those pictures in at once.

Winter is here, its snowing here in Erie today, so it locks like we might get some DX weather befor long. I hope.

ERNIE COOPER-Brooklyn N.Y. DX not so good lately. Maybe it's the 23 tube and look at it and will use a 7 tube Philco in the interim. Oct. 12 heard WKAT R7 using 260 watts. WJRD for a new one R6-8 bad fading. WSOC (RMED by CHCH who was testing. WPRA very poor at 3:28. XEL (?) doing nicely on 1150kc. WKAQ with a beautiful signal approaching R9 at times. WFOY at 4 R8. Also heard, but without enough data to report were WBIG WDAN WFOR WMP3. Reported WKEU who was R6 at 4:28. On 13th WOMI was R7 at 4:57. Heard that Spick on 1400 with hetrodyne behind him, probably from KHBC. Also heard faintly were KGFL and KWYO but no chance to report them. Veries this week were WSOC WFLA and KALE. WFLA sent an Ekko stamp on their card. I enjoyed that column "Crazy Ideas for Crazy People" wish CKMC up there in Cobalt would get the crazy idea of putting on a DX program for the NRC. On the 19th DX was good. A flock of Argentine stations on this AM. Heard LS2 on 1190 R4-7. LR6 on 370 R4-8 after WENR signed off. LR3 on 950 R4-8. LTI on 780 (5kw) R3-5 in Rosario, and LT3 on 1160 R3-4 in Rosario. Radex lists LT3 on 1080 but they changed frequencies with LT5 in Resistencia according to a letter from LT3 received this spring. Unidentified were the ones on 890 and 1010 kcs. I wonder if these were LR2 and LR4 on new frequencies as both are just 20 kc away from these frequencies. KTSW testing on 1370 at 3:15 and WINS testing at 1:07. Also tests from a Brooklyn station on 1400 at 2 AM. Someone on 1120 all AM.

KERMIT GEARY-Walnutport Penna. I haven't done any serious DX'ing yet this season. I have tried it several mornings in the last few weeks, but conditions were always poor---weak signals and heavy static. However, I have heard some DX coming through evenings: the Colombian on 870 kc., HCAC (I think) in Bogota, was very good several evenings last week (R 6-7), completely blanketing WENR; he signs off at 11 PM. I didnt take time to get a log on him yet; but I expect to be in the game strong very soon now. I'll try to send in some reports this year, as I expect to have more time on hand than I had last year. I might mention now, however, that my best veries last season were: HJLABF, 1240 kc.,; HJ3ABG "Radio Santa Fe", 1060 kc.,; HJ3CAI, 1160 kc.,; YVIRE, 1153 KC.,; PRE8; PRF3; PRG2; LRA; LS11 and 4YA. PRE8 was logged several evenings through KDKA. Good catches which failed to verify were: HJ3CAE, 1220 kc.,; KJ4DAC, 1360 kc.,; KJ7GAE, 1130 kc.,; LS3, 630 kc.,; PRB9; YVIRA, 1300 kc.,; YV5RQ; and CMHA, and do they hurt, hi. (Kermit OM send in your reports from the looks of your last years log, you would have been a big help to the boys. So lets hear from you this year. At least once a week hi. HMG)

ELWOOD BOROWSKI-Brooklyn N.Y. (So it was your report that came thru two weeks ago unsigned hi.) Warm weather spoiling DX. New-WBTH, XEB, ZNS. Veries in from CMQ, KFVD, KMAC, KMOX, KWSC CMKR, WAIM, WATL, WAIR, WBAP, WBZA, WDNC, WEDC, WHEC, WGNV, WIBX, WJR, WJIM, WJBW, WMBG, WQDM, WTBO, WSM WDEL, ZNS, . Oct. 26. -WSYB testing- ended at 1:32 AM; WGY ended test at 2:07 AM; WBAF carrier test at 2:10AM.

## Broadcast Band News

AL BARTHOLOMEW-Bradford N.Y. Have arose nearly every morn to DX since middle of September and can say I havent really found a decent morning yet. Most of the time even KFI or KNX is even audible. Static has reigned supreme every morn but havent thought much about that as it is usually noisy in October but signal strength is way below par. Have heard TP's just one morning this fall and that during September. Note in last bulletin that my pal Reilley is trying to give me the razz, He thinks that I have been inactive this fall and he has finally passed my mark.(Say Al ask Pat where his reports are if he's so active, they have failed to find their way into the bulletin.HMG) Gee! Harry I sure hate to dissappoint him but am afraid he will still have to keep plugging. Altho TP DX is still out I did step out on the October checks and garner a few that I passed up last season As a result a few have already come back. Veries in this fall: WCOV, WDAN, WCNC, WRAL, WING, WKST, WJHL, WJLS, WDSM for 1083 veries. Those still out are: WGAU, WNOE, WHLS, KWOC, KVSF, WGNC, WISE and WBTH. Quite a few catches but nothing very sensational except catching KVSF thru noise. No need of my entering S & E contest as I have only verified about 20 stations since last January 1st.

JIM WALKER-Romney W.Va.10/11/39. WWSW on 2:30 AM. KPAB R6, KARM R3-4 3AM, XEDM R6 off 4am, WDSM on FCC checks 3:55-4:10, WHIS announced they would verify both cards and letters. 10/14/39 New veries KOVO signed by Gerald W. Peterson Chief Operatot, skedule is 9am-1AM EST. 10.15/39 Who was on 890 kc 3:30 faded out 4:00 AM also who was on 810 playing Sammy Kays Recordings, The one on 890 was relaying another station. Numbers in Spanish being given. Also another on 1490 think it was XECh. WPAY test 3:30/ KFH off after test 4:50/ WISE Ashville N.C. test till 6 AM/ WCAE test 7:30 experimental station on 1000 kcs, 1000 watts. WXEJ & XEM on at 3:10 both with same program. 10/16/30 WCLE test 4:45/ 4YA 4:30 this is a new one for me. My first from down under. KPDN on for test 5 AM. WWSW covering KPAB & WJBX with carrier tests at 5 AM. 10/16/39 CMJK on 1020 not 1290, CMKW on 1030 not 750, XEFO R7-8 at 7:30 PM on 935kc. 10/17/39 WISE on test 1:30 AM. WGRC on till 2AM. WWSW test new equipment. 10/20 KTSW on for test 3 AM. HEARD A STATION in Newport News Va on 1200 kcs., 3:10 AM very weak Call sounded like WJSE (Any dope). Thanks Ranny Hunt for XELO dope. 10/21/39 New verie in from WSKB Hrd this AM WEST test 2AM/WMSD 2AM/ WKRC 2AM/WKST testing new lkw xtr 2:10/WTRC off 2:25 after test. WTOC testing new xtr 2:15/WDEL off 2:39 after test/WLTH testing on 1400 at 2:45/XEDH on 1340 and asking for reports. WGRM testing from Greenwood Miss/10/26/39 New veries CMBQ and WGKV. Sked of WGKV is 6AM-12 PM/ KFAS signs on at 5:45 EST/XET now on the air with Hill billy music programs sign on about 5:30. QRA seems to be San Antonio Texas for XET. WNEL on 7AM, causes bad hetrodyn on KTRH/ WEBQ was R7 at 7:30 EST.

MERLIN STEEN-Decorah Iowa. Hows things in Erie ? OK here but no time to DX. Sent report to XET who is R5-7 in the evenings and AM's. WBHP verified my Mar. FCC report. When I get time I plan sending 20 questions to you, and to the members sending me 100% answers I'll send a snapshot of Little Brown Church in Vale, or the smallest Church in the world. Let me if this is OK. (Ok OM send them in) Can anyone tell me when WRJN, WCRW or WKZO test?

Broadcast Band News

STEVE MANN-Lakewood Ohio. Not much doing here. The times I've been up West coasters have been weak. Addly enough, though, XEMO in Lower California has been better than KPO and KFI and as KNX and KSL! Spicks have been coming through well in early evenings CMBQ is on 900 not as 910 as listed in Radex.

ARTHUR ROBB-Topeka Kansas. I am including twenty cents which I beleive is the amount necessary to purchase the photos mention in the last bulletin. Check me on this if I have sent the correct amount. The beautiful reproduction which accompanies this letter is a reasonable facsimile of the writer's appearance, allowing of course, for the limitations of modern photography. I would'nt mind if you return this specimen to me provided of course that it has'nt been mutilated or more probably appropriated by some worshiper of masculine beauty. I notice that Merlin Steen was trying to give you some dope on this cornhusking propensities. I beleive the enclosed clipping will give you the real low down on the cornhusking activity up in the Steen territory. ((Decorah Iowa.Oct.23(A.P.)--The starting bomb for the Winneshiek County cornhusking contest had incendiary tendencies.It set the cornfield afire. The blaze was stopped after two and a half acres had been burned over.)) Page:4 in the October 16 issue of the Bulletin headed "Crazy ideas by crazy people" was the cleverest thing you have ever published, dont you think.

-----  
 "VIS--VERIFIED INDIVIDUAL STATES"

This is a new Braodcast Band rating idea. If you have 48 states verified, your VIS is 48. Besides the U.S.divisions; provinces of Canada; divisions of Australia, ect each count as 1 VIS. If you have 48 staes (U.S.A.)Plus District of Columbia; Alaska; Hawaii;Puerto Rico, your VIS would be 52. Now we will list the countries most likely heard.

CANADA-	VENEZUELA-	COLOMBIA
Alberta	Zulia	La Goajira
British Columbia	Tachira	Magdalena
Manitoba	Merida	Bolivar
New Brunswick	Trujillo	Santander del Norte
Nova Scotia	Zamora	Santander
Ontario	Apure	Antioquia
Pr.Edw.Island	Portuguesa	Choco
Quebec	Cojedes	Boyaca
Yukon	Lara	Arauca
Dist.of Mack.	Falcon	Caldas
Dist.of Keew.	Yaracuy	Cundinamarca
Saskatchewan	Caraboro	Tolimas
AUSTRALIA-	Guarico	Value del Cauca
New South Wales	Aragua	Huila
Queensland	Distrito Federal	Cauca
Victoria	Miranda	Narino
West Australia	Anzoategui	Putumayo
Central Australia	Sucre	Caqueta
South Australia	Monagas	Meta
Northern Terr.	Bolivar	Vaupes
CUBA-	Terr.Amazonas	For Mexico you may use your
Pinar del Rio	Terr.Delta Amacuro	Radex for the divisions.
Habana	We will list all the "divisions" of all the countr-	
Matanzas	so that you members will have it easy to list your	
Santa Clara	VIS "Ratings"From the looks of the different mem-	
Camaguey	bers ending their ratings in, we will soon have them	
Oriente	all, from the NRC.The VIC will also be listed.

//////////////////////////////////// "AROUND THE WORLD WITH THE NRC" //////////////////////////////////////

Well, here we are back again after an off week. Last week your Editors just received two reports from members and that wont make a column, to have a short wave column we must have reports, so what say Boys. How about sitting down and making out a report and mailing it to me, it wont take long and you will be doing your bit to help the short wave column of the NRC which really depends on your help. So how about a report for the next issue, to you chaps that sent in reports thanks a million. (Ed)

The voice of the Assnt Short Wave Editor:-As all of you know I first got my Howard 430, I was high in its praise, so I feel its not only fair to state now that lately I have had trouble with the set, in fact I had \$5.50 of repairs. Now its working OK, but I had to get a new volume control replaced besides other adjustments. Best 73's Leo.

-----  
"REPORTERS FOR THIS ISSUE"

NOLPO # 16 Melvin Oliver-804 National Standard Bldg., Houston Texas  
NOLPO # 18 John DeRosa-661 Ovington, Ave., Brooklyn N.Y.  
NOLPO # 19 Remington Alfred-748 Little Grey St., London Ontario  
NOLPO # 28 James Walker-Box 206, Romney W.Va  
NOLPO # 29 C.J. "Mike" Fern-Box 107 Lihue, Kauai, Hawaii  
NOLPO # 30 Gilbert L. Harris-60 North Holden St., North Adams Mass  
NOLPO # 31 Fred Lisanti-1141-49th St., Brooklyn N.Y.  
NOLPO #(27) Stephen A. Mann-1281 Ramona Ave., Lakewood Ohio  
Leo Herz-723 California Terrace, Chicago Illinois

At this time we are more than glad to sigb three new NOLPO's to our already large group of NOLPO's and only hope they will continue to send in many fine reports like they did this week. Our three new NOLPO's are Number (29) Number (30) and Number (27). With these three live wires added to our list we should get lots more good tips.

""FLASHES""

The Swiss short wave stations will present a special program dedicated to the NRC and the IDA and the Cleveland Radio Club on November 15th exact details later as to time and transmitters to be used. This program arranged by our able CPC man Jack Gardner of Cleveland Ohio (#27)

11.782kc/s-Radio Luxembourg uses this freq irregular from 9-10 PM or 10-11:00 PM. (Alfred)

6/100kc/s-YUA-Belgrade heard with carrier on the air at 12:30 AM using 10 tone note, man announcer uses chimes also, signal fades very rapid gives what sounds like the News at 12:45 (#28)

""THE QUESTION BOX""

4.770kc/s-A station hrd testing playing recordings and talking to Frank Monday night, from 8:00 to 8:20 PM and said would test again on Thursday at the same time, does anyone know who it is, (Mel Oliver)

6.700kc/s-A station heard on this frequency at 6:25 AM had lots of chimes with man announcer spoke in a foreign language, who was IT. (James Walker)

15.170kc/s-A station heard here on this freq signing off at 1 AM. used chimes station not known here, can I get any help. (Fred Lisanti)

15.340kc/s-A station heard on this freq with very odd music from 12 noon to 12:25 PM who was it (Gil Harris) Perhaps it was DJR with a program in Arabic (Ed) England, Germany and Italy have an Arabic program between 12 noon and 1 PM (ED)

""FLASHES FROM HERE AND THERES""

Through the Royal Italian Embassy in Washington, The Radio Manufacturer Association has received by cable the following complete revised schedule of the News Bulletins broadcast in English by short wave daily from Rome:- (Leo Herz)

11.810kc/s-2R0-4-	6:00 A.M. EST	9.630kc/s-2R0-3-	1:18 PM EST
17.820kc/s-2R0-8-	6:00 A.M. EST	9.670kc/s-2R0-9-	6:16 PM EST
11.810kc/s-2R0-4-	11:00 A.M. EST	9.630kc/s-2R0-3-	7:30 PM EST
15.300kc/s-2R0-6-	11:00 A.M. EST	11.810kc/s-2R0-4-	7:30 PM EST
11.810kc/s-2R0-4-	1:18 P.M. EST	15.300kc/s-2R0-6-	7:30 PM EST

One result of the war is that many of the European short wave announcers are totally ignoring kilocycles and in announcing future programs, are making the definite statement with no qualifications that we are on the 25, 31 or 19 meter wave band.

This should meet with the approval of the listening public of this country, many of whom are more or less bewildered by both the meter and kilocycles designation. There are only the 13, 16, 19, 25, 31 and 49 meter band, that would seem to be enough to ask the people to remember. If a listener knows that a station is on a certain band it is usually easy enough for him to fish around and find it. It is much simpler for the people to remember these major wave bands than it is to fog the issue with a lot of kilocycle figures. (Herz) (RME)

EDITOR:-Larry Lundberg-1020 Lowry Avenue North, Minneapolis Minnesota

Well fellows here are the latest standings in the SW contest & the ratings of the members, as they are sent to me, by all of you. If you find any errors please let me know so that I may remedy the error.

""SW CONTEST STANDINGS""

<u>MEMBER</u>	<u>VIC</u>	<u>MEMBER</u>	<u>VERIES</u>
Jack Siringer	45	Jack Siringer	105
Cliff Tavener	43	Cliff Tavener	73
Elmer Wokaty	40	Leo Herz	68
Stephen Mann	39	Mel Oliver	66
Leo Herz	35	Elmer Wokaty	64
E.H.Manning	32	E.H.Manning	59
J.H.DeRosa	22	Stephen Mann	54
Mel Oliver	20	L.Lunberg	47

F.Gmiemer	11	F.Gmierer	15
Cy Will	10	Cy Will	10
Nick Woytan	9	Nick Woytan	10
Bob Blanchard	7	Bob Blanchard	9

Jack Siringer seems to have a very fine lead in the verie contest while the other contestants are having a real scrap between themselves exchanging places for 2nd place. There is a quite a change in the VIC contest with the contestants changing hands OM Siringer jumped from 5th to first place. Nice going Jack OM!

""ATTENTION MEMBERS""

Your Editor has been nominated honorary President of Chapter # 16 of the State of Minnesota for the Spatari Radio Language League. Any member interested in this fine organization can become a member for 10 cents. If you will send 10 cents in coin I can send you a full fledged membership card. Here's your chance to thank Carlo Spatari for his fine interest in our SW contest by donating those fine prizes. ACT NOW

The German Short Wave Stations have cabled the following changes in the schedule of its broadcasts:-the station DXB is now operating on 9.610kc from 4:50-10:50 PM DJL has changed its operating hours from 4:50 to 8:00 PM, and DJB has shifted to a peroid from 8 to 9 AM. DJD's schedule is unchanged, and DJZ has been discontinued.(Herz)

STARTING with this issue we will print the LPO's reports every two weeks we have decided to do this as the news for the weekly bulletin has been very slim. We will still carry the Short Wave Column, the other two we weeks, by placing FLASHES and any news that you members want to place in the bulletin, like SOS's and so forth. So if you get late FLASHES or SOS news send it direct to headquarters.(We are just trying this planHi)
